

D Emperor 3731

Chapter 3731: Silver spear

In addition to Lu Ming, there was another person who was so powerful that he killed dozens of corpses in his hand.

This person is the **** emperor who has died.

Except for the two of them, the others are not so good. These corpses are not afraid of death, and their defense is extremely terrifying. Even the prospective emperor is somewhat invincible and can only barely protect himself.

Below the prospective emperor, only the murdered.

Even Lu Ming and the powerful Emperor of the Divine Emperor are useless, because there are too many corpses in the pit, and they rush out constantly, endlessly.

Hundreds of them were killed. Thousands of them rushed out of the pits.

"Retreat, retreat!"

Those quasi-imperial lords, or those below quasi-imperial lord, dare not stay at all, retreat madly, away from here.

Waiting for them to leave a full tens of thousands of miles away, those corpses did not chase.

The capital of the kingdom of heaven and the gods is immense and vast, and I don't know how many miles are wide.

Lu Ming did not stay, after killing some corpses, he also left far away.

"This pit is very wrong!"

"It appears abruptly in the capital of the Kingdom of Tianyue God, and there are so many corpses in it. What is the origin of these corpses, is it the people of the Kingdom of God?"

Lu Ming turned his thoughts.

This is very possible.

Before, he explored several magnificent buildings in succession, and found that none of the figures were seen, nor the remains of the corpses.

This is not normal.

Even if the people of the Kingdom of Heaven and the Gods are killed, there will always be corpses left.

But did not see it.

Could it be that the corpse in the pit is the man of the Kingdom of God of the Heaven and Earth?

But, how did the people of the Kingdom of the Gods of Heaven and Heaven ran into a pit and turned into vicious corpses?

Is it related to the skywalker in Tiangong?

Did the Sky Surveyor kill these people and refine them?

Probably!

Lu Ming felt chills when he thought about it. If the Sky Surveyor did it, the Sky Surveyor's method was really malicious.

Lu Ming thought while rushing towards the sky and headed deep into the kingdom of the **** of the heavens.

Roar...

Lu Ming was on the way, and suddenly heard a roar in front of him, accompanied by a fierce battle and a scream.

Lu Ming's face changed slightly.

Because of this roar, it resembles the sound of those corpses before.

However, Lu Ming had already moved away from the pit, how could there be a roar in front?

Is there more than one pit, there are still in front?

Lu Ming was curious, converged, and rushed towards the front. Soon afterwards, Lu Ming stared.

In front, in the middle of many buildings, a pit appeared abruptly, exuding a cold atmosphere, and in the pit, dry corpses rushed out constantly.

It was almost the same as Lu Ming encountered before.

Sure enough, there was more than one pit.

Many people were killed, others fled wildly, away from here.

Fortunately, after chasing for some distance, these corpses did not chase and returned to the pit one after another.

Lu Ming frowned, and left here with a heavy heart.

He walked a distance further, before and after he met other people, and he heard an amazing news from others.

Among the capitals of the Tianyue Kingdom, there are not many pits all over the country.

Up to now, at least more than a dozen have been found. In each pit, there are an alarming number of corpses.

"Sure enough, it's similar to what I guessed. Have all the people in the Kingdom of Heaven and the Gods been turned into corpses?"

Lu Ming frowned.

"If I guess right, this is a big battle!"

The voice of the bone demon sounded.

"Great array?"

"Yes, some people set up a big formation in the Kingdom of the God of Heaven and Earth, that kind of pit, spread all over the Kingdom of the God of Heaven, and then killed the people of the Kingdom of God in the Heaven and then threw them into those pits. Over time, , Will be refined into corpses, eternal life shall not be superborn, and suffer from purgatory!"

Bone Magic Road.

"What a ruthless means!"

Even with Lu Ming's heart, he felt cold in his heart.

This method is too poisonous.

Killing kills, which is normal in the cosmic universe, but after killing others, it turns people into corpses. This method is outrageous.

"Oh, this is obviously the means of the sky surveyor. It's too normal for Tiangong to do such a thing. It is more spicy than this, but others don't know it!"

"Or, even if you know, don't dare to say it!"

Bone Demon sneered and seemed very unhappy with Tiangong.

Lu Ming was silent for a while, then did not speak, and went on.

Slowly, everyone understood the rules, knowing that as long as they were not close to these pits, the cadavers inside would not rush out and there would be nothing wrong.

The crowd moved away from these pits while exploring the buildings.

However, more people go towards the depths of the kingdom of the kingdom of God.

Because, in these buildings outside, they did not get any precious treasures.

The capital of a country is naturally the most important royal palace, and only treasures and opportunities.

Lu Ming was very fast, and the magnificent buildings flew past. Soon after, he came to the center of the capital of the Kingdom of Gods in Tianyue.

This is where the palace is.

But here, a mess, many magnificent buildings have collapsed, potholes, obviously the traces of war.

"That is..."

Suddenly, Lu Ming saw that there was a collapsing building filled with glowing rays of light, which was particularly conspicuous in this dim environment.

"I want to eat, there are treasures, I want to eat..."

On the wrist, the ball also wriggled, and two big eyes emerged, looking in that direction, revealing greed.

"Where? Have magic weapon?"

Lu Ming's eyes flashed.

However, the radiant light was obvious. Lu Ming saw it, and others naturally saw it. Many people thought it was a treasure and flew in that direction.

"go!"

As Lu Ming moved, he also rushed in that direction.

It was a collapsed palace, and a spear was inserted on the ground of the palace.

This spear, silver and white all over the body, was constantly filled with the glow of light, far apart, and there was a burst of chill coming from it.

This chill was terrible. Many of the princes' eight heavy and nine heavy people shivered with agitation, and a layer of frost was covered on their bodies, and even the blood was frozen.

Only the Quasi-Emperor, resisting with divine power, can barely block it.

Lu Ming saw that there was a gap in the body of the lance, which was obviously after a war and was damaged.

Even so, this spear still has an inexplicable breath, vast and unfathomable.

Treasures are definitely top-notch treasures.

Even if it is incomplete, it is also a top-notch treasure and valuable.

"I want to eat, I want to eat..."

The ball couldn't bear it anymore, and it turned into a huge metal ball, exposing the mouth covered with fangs in a battle, snapping together, and showing deep desire in his eyes.

"I found this spear first, it's mine!"

Someone shouted, took the lead, and pounced on the spear.

Chapter 3732: God Emperor Fight

Someone took the lead and shot at the spear.

"Get out of here, this is mine!"

Someone screamed and rushed towards the spear as well, attacking the man in front by the way.

"court death!"

The man in front fought back.

At the same time, others also rushed towards the spear, centering on the spear, a scuffle broke out.

Lu Ming was about to start, seizing the spear in his hand, but at this time, a breath of terror spread out, and a figure appeared in the sky.

The **** emperor Qianlizong.

Then, other people who had left Lizong also appeared.

"Fuck me, this spear belongs to me!"

The youth of Qianlizong shouted.

"It's yours? A big tone!"

"You think you have a **** emperor when you leave, and we have too!"

Some people drank fearlessly.

"See how you rob me?"

Qian Lizong's young man snorted, and moved towards the spear.

And the Divine Emperor's breath erupted, his hands waved, a huge flame furnace condensed out, suppressed.

Puff puff!

Many people tremble physically, recede wildly, and cough up blood.

Some people who did not respond in time were directly hit by the furnace and turned to ashes.

"Do not control yourself!"

Qian Lizong's young man sneered, seeing that he would soon seize the spear in his hand, but at this time, a ray of light, beheading him at an alarming speed.

"Be careful!"

Qian Lizong's emperor's face changed wildly, and when he could not let it go, he made a move, a flame furnace, appeared in front of Qian Lizong's youth, and collided with the ray of rays.

boom!

A violent roar, the furnace of flames, blocked Xia Guang's attack, but the excitement was still very terrifying, such as a hurricane sweeping all over the place, the young man from Ganli Zong screamed, was blasted out, and was dried away Zong's others quickly caught it.

However, he was badly hit, his body was ragged, and although he was not dead, his breath was very weak.

Wow!

In the direction of Xia Guang's flight, a figure appeared.

An old man in a green robe.

Everyone recognized that this was a **** emperor of one of the forces.

"A divine emperor, a sneak attack on a junior, is too much!"

The **** emperor Qianli Zong said with a cold face.

"Aren't you going to deal with the people under the **** emperor too, that's not too much?"

The old man in green robe sneered.

"Humph!"

Qianli Zong God Emperor snorted coldly, did not speak, breath filled, looked the old man in Qingpao.

Everything speaks with strength, without strength, it is useless to say more.

The two **** emperors confronted each other, and the breath of terror, like a dozen-level storm, swept through all directions.

Others, who dare not come close at all, retreated far away.

The Divine Emperor shot, they knew that the spear was no longer theirs.

And God Emperor's Gun Treasure, that's looking for death.

"Trouble!"

Lu Ming frowned.

He was still one step late. Now the two emperors, he wants to get the spear under the hands of the two emperors, it is difficult.

He used all the means, and may be able to contend with one **** emperor, but the two **** emperors, he is certainly not an opponent, trying to **** the spear is also difficult.

"Wait for the opportunity, wait for them to lose both sides, maybe it is my chance!"

Lu Ming thought, without starting, lurking in the dark, waiting.

Uh!

The old man in the green robe took the lead, and his figure flashed, rushing towards the silver spear, at an alarming speed.

However, the **** emperor Qianli had guarded him for a long time. When the old man in the green robe moved, he also moved.

Buzz!

A huge furnace of flames suppresses toward the old man in Qingpao, and the empty voids continue to explode.

The old man in the green robe reeds and shoots with a palm. His palm becomes green-green, like a crystal jade, directly bombards the flame furnace.

when!

The deafening roar erupted, and the cyan and fiery red glow covered half of the sky, and the space was torn to a terrible crack.

The old man in the green robe withdrew, and the flame furnace was also defeated.

In the glow of the sky, the two continue to fight together. The horrible secret technique is duel. There is no one to stand on the large area centered on them.

The fierce fighting between the two, in a flash, is a hundred tricks.

At the time of the battle between the two, a figure approached the silver spear silently, like a ghost, and the speed was astonishing. When Lu Ming found out, this figure was close to the silver spear.

"Dare!"

"court death!"

Qianli Zongshen Emperor and Qingpao Old Man also found this person. The two screamed and shot at the same time. Two attacks attacked the ghost-like figure.

The ghost-like figure was a thin, middle-aged man in black robe, and also a figure of God Emperor Realm. When he was found, he looked somber, knowing that it was impossible to sneak the silver spear into his hands.

His figure flickered and retreated backward, avoiding the attack of the **** Emperor Qianli and the old man in Qingpao.

"kill!"

Qianli Zongshen Emperor and Qingpao Old Man will not easily let him go and continue to kill this person.

"Don't think I'm afraid of you!"

The black robe was dry and middle-aged, angry, and his body flickered, and his sharp blade flew out, killing the **** emperor Qianli Zong and the old man in green robe.

However, it is impossible for Qianli Zongshen Emperor and Qingpao Old Man to join hands and guard each other. After a few tricks, the three became a dogfight.

Lu Ming is speechless, the more the number of God Emperor fights, the more he shoots?

"That is?"

Suddenly, Lu Ming stared.

On the ground to the north of the silver spear, I didn't know when, there was a little more frost.

Hoarfrost has been spreading forward, very fast, and turned to the silver spear.

咻咻咻...

Immediately afterwards, a lot of silver-white rattan was rushed out from the ground, and each rattan exuded a hazy glow like moonlight.

Ice Moon Vine!

The first time Lu Ming thought of the Bing Yueteng tribe.

A total of nine rattans swept toward the silver spear, and wrapped the silver spear all at once.

"not good!"

Lu Ming was anxious.

"Damn!"

"stop!"

Qianli Zong God Emperor, Qingpao old man, black robe dry and middle-aged yelled at the same time, want to stop, three people attacked a move at the same time, but it was too late, one step slower.

Seeing that the silver spear is about to be taken away by the people of the Ice Moon Vine family.

At this time, the sudden change!

The silver spear suddenly burst into light, and a bright spear burst out.

The silver rattan wrapped around the spear broke apart directly.

With a scream, a figure was blasted out of the ground, an old silver robe, with a pale face and blood on the corner of his mouth.

Obviously, it was this person, a **** emperor of the Bing Yueteng clan, who secretly shot to grab the silver spear.

"what happened?"

"This spear actually has such power?"

Emperor Qianli Zong, the old man in Qingpao and others couldn't help but stop, looking at the silver spear in shock.

Chapter 3733: It's him

The silver spear exudes dazzling brilliance, a chill spreads in all directions, and a spear bursts into the sky, piercing the sky.

"I want to eat, I want to eat..."

The ball became even more anxious, with fiery and greedy eyes.

"Don't worry, there will be opportunities!"

Lu Mingan soothed the ball.

Now that a change has occurred, he may not have no chance.

"The old man would not believe it!"

The silver-robed old man of the Bingyuevine cried angrily, with anger in his eyes.

Just now, he approached quietly with a secret method. He thought that he could take the silver spear in one fell swoop, but he did not expect that the silver spear would burst out and hurt him.

He was furious and turned into an ontology.

It is a huge vine, silver-white all over the body, exuding moonlight, all the vines are waving, crystal clear, the vines are passing, and layers of ice crystals appear in the air.

This is the Ice Moon Vine family, a plant life, a powerful race in the wilderness universe.

咻咻咻...

Strips of silver rattan, intertwined like a skynet, enveloped toward the silver spear.

"Come on!"

"stop!"

Seeing that the old men of the Bingyuetu clan took action, the others couldn't sit still, and they also shot one after another, casting various secret techniques, grabbing the silver spear, and wanting to grab the silver spear in their hands.

However, the silver spear was shining brightly, bursting out bursts of guns, breaking the attack and fragmentation of these people.

"There is still a trace of warfare remaining on this spear. Without wiping out this trace of warfare, none of us can get it. It is better for us to join hands and wipe out the remaining warfare on this spear. "

Qianli Zong God Emperor proposed.

"Okay, I agree!"

"I have no opinion!"

The old man in the green robe and the middle-aged man in the black robe have no opinions.

The old man of the ice moon rattan nodded. Agree with this proposal.

"Divided into four directions, shot!"

The Emperor Qianli Zong shouted, appeared at the east of the silver spear, shot a divine glow, and rushed towards the silver spear.

At the same time, the **** emperor of the Bingyuetian clan, the old man in the blue robe, and the middle-aged man in the black robe appeared in the south, west, and north directions of the silver spear.

Boom!

Four roars sounded, and the silver spear burst out to attack Shen Xia, the four masters, and the ground rumbling and trembling.

With the silver spear as the center, the sky is so clear that even if it is far away, you can see it clearly.

"Try harder, or else someone will come!"

The Emperor Qianli Zong shouted, covered in flames, and exerted all his strength.

Such a big movement here can be seen by everyone who enters the kingdom of the Kingdom of God.

Now it's time for the four of them to fight, and when the others are coming, the chance that they want to grab the silver spear is even smaller.

Others naturally understand this truth, and they all put out their best.

Buzz!

Finally, with the efforts of four people, the silver spear buzzed and the guns on it began to dim, and the power became smaller and smaller.

"The spear seems to be flying out of the ground!"

In the distance, Lu Ming stared carefully. He found that the spear was shaking slightly, and what was originally inserted on the ground seemed to have a tendency to fly away from the ground.

Lu Ming played a twelve-point spirit, and once there was a chance, he would take a snatch.

Buzz...

The spear was shaking more and more. The **** Emperor Lizong, the God Emperor of the Bingyue Teng Clan, etc., all had their eyes wide open, and they secretly received a force to wait for an opportunity to fight.

Keng!

At this moment, the silver spear vibrated, suddenly detached from the ground, turned into a glory, and flew toward the south.

To the south, is the old man of the Bing Yueteng family.

His eyes suddenly gleamed, and stalks of vines waved out like a net, and he wanted to catch the silver spear.

However, the silver spear suddenly shone brightly and bombarded the large net composed of rattan. With a bang, the large net composed of rattan was penetrated through a hole. The silver spear passed by.

"good chance..."

In the distance, Lu Ming has been waiting for the opportunity.

His original position was on the east side, but he kept paying attention that when the silver spear was off the ground, Lu Ming judged that the silver spear was going south.

So, at the moment the silver spear flew out, Lu Ming flew southward.

The God Emperor of the Ice Moon Vine family, although not blocking the silver spear, hindered it a little.

For a moment, it's enough!

Lu Ming has arrived in the south, appearing in front of the silver spear.

call out!

The silver spear rushed to Lu Ming at an alarming speed.

At the same time, Emperor Qianli, Emperor Qingpao and others also discovered Lu Ming.

"It's him!"

Qian Li Zong Shen Huang shocked.

But the old man in Qingpao and others showed a trace of disdain and no worries.

In their view, a prince with five heavyweights in Luming District also wanted to get his finger on a silver spear. I am afraid he would be killed by a silver spear.

If they were to change to another emperor, they would be anxious.

"coming!"

Lu Ming's spirit is also highly concentrated, triggering a five-fold combat power, ready to go all out.

To be honest, he was not sure, and could only do his best.

In a blink of an eye, the silver spear was approaching.

"I want to eat, I want to eat..."

The ball yelled and rushed straight out. The body swelled sharply, widening its mouth and swallowing the silver spear.

Then, its body continued to agitate, it seemed that the silver spear was impacting inside, but it couldn't rush out.

Lu Ming, Qian Lizong God Emperor, Bingyue Teng God Emperor, Qingpao Old Man and others, looked dumbfounded.

The silver spear was actually caught by the ball.

"Ball, go!"

Lu Ming quickly reacted, yelled, the ball reacted quickly, and rushed to Lu Ming immediately, but he could no longer be turned into a bracelet, he could only shrink into a ball, was caught by Lu Ming in his hand, and turned away.

"Boy, stop for me!"

"It's so bold, the old man's treasure dared to **** it, to death!"

"Leave me!"

The ice moon vine **** emperor, the old man in the green robe and others roared and chased to the landing.

Among the few people, only Emperor Lizong knew Lu Ming's combat power, but he hesitated a little and chased after him.

Lu Ming's combat power is at most equivalent to him. With so many people here, Lu Ming will definitely lose.

Lu Ming stretched the speed to the extreme, flying forward, breaking the void, faster than the streamer.

"Shoot, stop him for the emperor!"

"Stop the small debris, it's rewarding!"

The ice moon vine **** emperor, the old man in the green robe and others shouted, let those far away quasi emperors, Shenjun Jiuzhong and other masters shot, blocking Lu Ming.

"Boy, stop!"

"The treasure of the Divine Emperor is also dared to snatch, to death!"

Those masters under the emperor rushed to Lu Ming.

Although they didn't know what method Lu Ming used and took down the silver spear, Lu Ming's cultivation practice was only the fivefold of Divine Monarch, and they didn't even take it seriously.

Chapter 3734: Be struck by thunder

In an instant, at least dozens of prospective emperors rushed to Lu Ming.

These people scrambled to attack Lu Ming, wanting to take Lu Ming first.

Although there are four Divine Emperors, treasures such as silver spears are worthless, but they can be rewarded by the Divine Emperor, which also makes them heart-stirring.

"These people, look for death!"

Qianli Zong God Emperor shook his head, but he knew Lu Ming's combat power, every quasi-Emperor, dare to block Lu Ming, not to find death?

However, he did not remind!

Anyway, among these people, there are no people who have left the line.

In fact, even if there are people who are away from the clan, they dare not stop Lu Ming.

"kill!"

Lu Ming shouted, punched his fists, punching through the world, crushing toward the front, the compressed air exploded continuously.

"This power..."

"Not good, retreat!"

These quasi-empires who attacked Lu Ming suddenly found that they were wrong. Lu Ming's attack power was almost abnormal.

But it was too late.

Fisting strength passed by, and these Quasi-Emperor's attacks collapsed instantaneously, and the **** force continued to blast forward.

bump! bump! Touch~!

Explosions sounded, and these prospective emperors burst apart one by one and were killed by Lu Ming.

Twenty prospective emperors were instantly killed by Lu Ming, and Lu Ming passed by.

However, these quasi-empires slightly hindered Lu Ming a little, and reduced his speed a bit.

The God Emperor of the Bingyue Teng Clan is the fastest and quickly approaches Lu Ming.

"Boy, stay with me!"

The ice moon rattan **** emperor drank coldly, and several rattan sticks, such as the arrow of the off-string, shot at Lu Ming and wanted to entrap Lu Ming.

Boom!

Lu Ming turned around and punched continuously. The secret technique in his fist broke out and bombarded on several rattan sticks.

The rattan rattled and flew back, and Lu Ming's figure also retreated. He felt a terrible chill, covering his whole body, and a layer of frost had spread on his arm.

The forbidden power in the cells burst out, driving away the chill.

"The strength of this kid..."

The ice moon rattan emperor was shocked, but he never thought that Lu Ming could actually block his blow.

The old man in green robe and the middle-aged man in black robe are very shocked.

"This kid is extremely evil, and his strength is not weaker than me. Let's do it together. Don't let him escape!"

Qianli Zong God Emperor shouted, reminding others to chase down to Ming Ming at full speed.

The ice moon rattan emperor, the green robe elder and others were even more shocked.

Qian Li Zong Shen Huang actually said that Lu Ming's strength is not weaker than him?

how can that be?

But at the moment, they couldn't help thinking, they broke out and chased to the landing.

咻咻咻...

One attack after another, crossed the void and slammed into Lu Ming.

The four Divine Emperors teamed up, the power is really amazing, covering all directions.

"Break me!"

Lu Ming shouted, and the string of stone beads was sacrificed, and the two stone beads were suspended, and the strong gravity enveloped the front.

The attacks of the four emperors, when they rushed into the area covered by gravity, were pressed by strong gravity, the speed slowed down, and the direction also changed a little. They bombarded downward, bombarded on the ground, and the buildings on the ground were constantly Burst and burst.

"Gravity type treasure!"

"Good gravity is another treasure!"

The ice moon rattan emperor, the old man in the green robe and others, his eyes were bright again, revealing the greed.

咻咻咻...

Their speed is extremely fast, and they are approaching Lu Ming quickly.

A stronger attack attacked Lu Ming.

This time, although their attack was also affected by gravity, it only weakened part of its power, and it still hit Lu Ming.

Lu Ming can only fight with all his strength.

Boom!

Lu Ming fought back with all his strength, but this was the attack of the four great emperors, not one, he could not completely block it.

His left rib was hit, two ribs were broken, blood flowed.

His abdomen was swept by a rattan, bringing a large chunk of flesh and blood, and the terrible cold, freezing his internal organs.

Fortunately, Lu Ming's internal organs are no longer his key, otherwise, his strength will definitely be greatly affected.

Even so, Lu Ming retreated wildly and coughed up blood.

With his current cultivation practices and gravity stone beads, he can barely compete with a **** emperor.

But in the face of the four emperors, he is not an opponent at all.

"Trouble!"

Lu Ming gritted his teeth and flew forward.

At the same time, every cell has a powerful force pouring out to repair his injury.

"kill!"

The four great emperors continue to attack.

Although Lu Ming tried his best to evade, he was hit and his injuries worsened.

"That is..."

Suddenly, Lu Ming saw a huge pit on the ground in front of him.

Lu Ming's eyes lit up.

There are a lot of corpses in that pit, which is very dangerous.

But now for Lu Ming, it is a good opportunity.

I rushed in, maybe I could find a chance to get rid of the four **** emperors.

Lu Ming didn't hesitate, he would rush towards the pit.

at this time...

Sigh!

In the sky, a huge lightning, as thick as the waist, slammed toward the landing.

"Nima..."

Lu Ming really wanted to yell and swear, it was really not a one-off.

With a bang, lightning struck Lu Ming directly, and Lu Ming's body smashed heavily on the ground, smashing a huge building.

However, the moment Lu Ming hit the ground, his eyes caught sight, and there were still a few lightning bolts, blasting out towards the **** Emperor Qianli, the God Emperor Bingyuetian.

"It turned out not to be against me alone!"

Lu Ming turned his thoughts.

He felt a sharp pain all over his body, and the lightning power was so amazing that he almost split him into coke.

Energy continued to flow from his body to repair his injury.

Boom!

Not far away, there were four violent roars, and the four people, Li Zongshen and the Emperor, were thrown back by lightning.

"kill!"

In the distance, there was a roar, and then a giant appeared.

It was the octopus creature before, and he came here.

He was filled with lightning, and the air around him was full of lightning.

Some lightnings, like tentacles, swept through. Many of them below the emperor were caught in the lightning and brought into his mouth.

The screams kept ringing.

"Go away!"

The existence below the emperor shouted in fright and fled desperately.

But there are many people who are caught and swallowed by octopus creatures.

However, these people, the octopus creatures are just incidental, his eyes have been staring at the four people such as Qian Li Zong Shen Huang, rushing towards them.

As for Lu Ming, it is estimated that a prince is fivefold, and it is estimated that he has been split into coke by one stroke, so he is too lazy to ignore it.

Uh!

The octopus creature flew over the sky above Lu Ming's head, waving with his tentacles, towards the Qianli Zong God Emperor, Bing Yueteng Clan God Emperor, Qingpao Old Man, and Black Robe Dry Middle-aged Four killed.

Chapter 3735: Lord of the Tianyue Kingdom

The octopus spirits are slain towards the Emperor Qianli Zong, the God Emperor of the Ice Moon Vine Clan, waving their tentacles. Each tentacle is as huge as a mountain, covered with suction cups. Teeth, gruesome and terrible.

The most amazing thing is that there is still a terrifying lightning in the tentacle.

The eight tentacles were entwined towards Ganli Zongshen God Emperor and others, and the space collapsed directly under the tentacles, killing the Ganli Zongshen God Emperor at an alarming rate.

The four can only fight against each other, exerting their full strength, and each against two tentacles.

After a few roars, the four people retreated suddenly, their faces pale, and their breath was a little confused.

"No, this guy has eaten a lot of people, and his strength is stronger than when he just got out of trouble!"

The emperor of the ice moon vine clan looks ugly.

They all played with this octopus and knew the strength of the octopus. When the octopus spirits just got out of trouble, their strength was definitely not so strong. Obviously, this time, they have recovered some.

咻咻咻...

Before they could recover, the octopus creatures were killing them again, and the four could only fight against them.

Taking advantage of this opportunity, Lu Ming quickly ran towards the distance with the help of the cover of the building, and soon came to a secret place, and then healed the wound with all his strength.

The most urgent task is to recover all the injuries before they can be self-protective.

In the cell, energy continued to diffuse, and Lu Ming's injury was waving quickly.

The battle between the octopus and the four great emperors is more intense.

The four great emperors teamed up and were not opponents of octopus creatures. They were completely crushed and even injured.

In the end, the four masters had to gather together to fight the enemy.

Five masters battle, terrible energy burst, bombarded constantly on the ground, a large number of buildings were bombed, and gravel splashed.

At this moment, the octopus creature suddenly stopped, eight tentacles were not attacking, and looked down somewhere below.

This is a once-in-a-lifetime opportunity for the four emperors of the departed Emperor Zong, who quickly backed away, distanced themselves from the octopus creatures, and then took out a large amount of Divine Pills to swallow and begin full recovery.

They were puzzled in their eyes and did not understand why the octopus creatures stopped suddenly.

At this time, the attention of the octopus creatures seemed to be completely attracted to somewhere below, completely ignoring the dry emperor god, the ice moon vine **** emperor, the green robe elder, and the black robe dry middle-aged four.

"It turns out that it's not dead yet. It's a wonderful method. It turned out that my soul was sealed!"

"Oh, I want to use this method to avoid the sky, but "Sky" can't be violated. Skynet is sparse and leak-proof. I wasn't discovered by me today. Now, let's get you on the road!"

The indifferent voice spit out from the mouth of the octopus.

Then, he eight tentacles, waving quickly.

Zizizi...

The thunder and lightning in the sky converged in the air, and finally, the endless thunder and lightning turned into a thunder spear.

The thunderbolt spear was huge and huge, with the tip of the spear pointing downward and assassinating somewhere on the ground.

Boom!

Before the thunderbolt spears stabbed, the terrible strength set off the surrounding buildings and leveled the ground.

Seeing that the thunderbolt spear is about to stab somewhere.

Suddenly, dense runes appeared on the ground, exuding a brilliant brilliance, and a large burst emerged.

boom!

Thunderbolt spears, stabbing fiercely on the large array, the continuous vibration of the large array, the continuous buzzing of the ground, a huge crack appeared.

Eventually, the Thunderbolt spear was blocked.

"Huh, a big formation, how can you stop me and break me!"

The octopus creatures shouted, and endless thunder and lightning emerged from the body, condensing into a thunder ball in the air.

"Ning, Ning, Ning!"

The octopus creatures roared continuously, exerting their full strength, and the divine power was continuously injected into the thunder ball. The power of the thunder and lightning in the thunder ball continued to compress, coagulate, and finally compress to the extreme, and then fell towards the large array below.

This time the octopus was attacked with power, the power was simply earth-shattering, and it was several times stronger than the thunder spear before.

On the ground, the light of that large array became even brighter. Then, a figure emerged from the center of the large array.

This is a middle-aged man, with a burly figure, dressed in a Chinese suit, wearing a crown, and domineering and leaking.

"Tiangong is tyrannical and will soon be destroyed!"

The middle-aged man wearing the crown roared, waving his hands in a row, reaching for a finger, the ray of light was even brighter, and finally a scepter was formed, which bombarded the thunder ball.

boom!

The earth-shattering explosion sounded, the thunder and lightning filled the sky, and the energy swept through all directions.

The horrible fluctuations can be clearly felt even by Lu Ming, who is very far apart.

Click!

In the end, the large formation was difficult to resist the attack of the thunderball, and the sound of porcelain cracking was made, and there were cracks on it, and then the sound of explosion continued.

The large formation was broken.

The burly middle-aged man wearing a crown suspended in the air, exuding a vast breath.

"The God of the Kingdom of God of the Heavens and the Kingdoms is a great injustice, even if you use evil methods to refine yourself into a spirit demon, it is useless today.

Octopus was cold and waved eight tentacles, killing the burly middle-aged.

Lord of the Kingdom of God

Lu Ming, Qian Li Zong Shen Huang and others were very surprised.

This burly middle-aged is actually the sovereign of the Kingdom of God in the sky.

I originally thought that the ruler of the Kingdom of God of the Heavens and Heavens had fallen long ago, but I never expected to be alive.

However, listening to the meaning of the octopus creatures, is that the lord of the Kingdom of the God of the Heavens has sealed himself, and he has refined himself into a soul demon with evil methods.

The so-called soul demon is a way to save the soul in order to preserve the soul.

Refining one's soul into a spirit demon with evil methods can be kept for a long time, but it will pay a huge price and be in constant pain and suffering.

Many people will not choose to become soul demon even if they die.

"The sky patrol who helped the abuser did not kill you back then, but I will kill you today!"

The lord of Tianyue God Kingdom shouted, radiating black light all over his body, rising into the sky and killing the octopus creature.

The octopus creatures were fearless and waved their tentacles, killing the lord of the Kingdom of the God of Heaven, and the two fought fiercely together.

In a blink of an eye, the two sides fought dozens of moves, and the thunder and black light filled the sky.

Fortunately, Lu Ming, at this moment, the Emperor Qianli Zong, the God Emperor of the Bingyue Teng Clan were shocked.

Sky Surveyor!

They finally know the identity of the octopus creature, and they are actually the skywalkers in the palace.

They trembled in their hearts, and their faces were cold and sweaty.

They actually had a war with the sky surveyor before, if the celestial blame came down...

They shivered tremblingly, and dared not think about it.

Now, they can only look forward to the ruler of the Kingdom of God of Heaven and Earth, and can destroy the octopus creatures.

It is a pity that things are contrary to wishes. As the war continues, the Kingdom of God of the Kingdom of Heaven and Earth slowly begins to fall.

Chapter 3736: Horror cards

"Different soul demon, also want to fight against me, not self-control..."

Octopus creatures screamed and fought madly.

The octopus creature also has a characteristic, that is, its super recovery ability.

Even if his tentacles were cut off, he could grow back in a short time, so his attack, incomparable rage, disregard of defense, and Lu Ming's style of play were somewhat similar.

The overlord of the kingdom of heaven and the gods lost their opponents and retreated.

"not good!"

Qian Lizong God Emperor, Bingyue Teng God Emperor and others, looked very unsightly.

They secretly discussed whether or not to help the **** of the kingdom of the **** of the sky and kill the octopus.

However, after knowing that the octopus creatures were the sky surveyors, they shuddered.

It's a big sin to shoot the sky surveyor. If he didn't kill the octopus soul after he shot, and he ran away, the consequences would be disastrous. At that time, it's not their own suffering. The forces behind them, the race behind them, must follow. Suffering, if one is bad, it will wipe out the clan.

Their faces showed struggling colors.

At this time, another change occurred.

"Do you think I haven't prepared for so many years, come out for me!"

The lord of Tianyue Divine Kingdom shouted, his body exudes strange fluctuations, pervading all directions.

Roar roar...

At the next moment, a roar came out, not from one direction, but from different directions in the kingdom of the Kingdom of God.

"That is..."

Many people are thrilled.

Because they saw that in the pits of the Kingdom Kingdom of the God of Heaven and Earth, there were constantly those kinds of corpses flying out of those pits.

There are at least dozens of pits in the kingdom of the Kingdom of Gods of Heaven and Heaven. In each pit, a large number of corpses flew out, and in the end they were endless and dense, like infinite locusts appearing in the air.

These corpses, with their eyes red and irritated, were mostly killed towards the octopus creatures.

However, there are also some people who are going to kill the emperor Qianli Zong, the God Emperor of the Bingyue Teng Clan, and others under the **** emperor.

In short, these corpses will attack all creatures that can be sensed.

"Damn!"

"what!"

Suddenly, some of the princes' heavy and heavy people were torn by the corpses and fell to the spot.

Many people shocked outwards, but there were too many corpses, all of them were corpses, densely packed, covering the entire kingdom of the Kingdom of God.

Everyone is difficult to escape.

Uh, uh...

The dense corpses rushed to the octopus creatures.

"The **** of the kingdom of heaven and the gods, destroy me..."

The octopus roared, and the thunder broke out. Hundreds of thunders were bombarded like hundreds of long snakes. All of a sudden, hundreds of corpses turned to ashes under the thunder.

However, there are too many corpses, dense and inexhaustible, killing hundreds of corpses, and hundreds of others rushing over, some rushing to the body of the octopus, the body bursts directly, the

power of terror, After tearing the body protection power of the octopus creature, he left a wound on his body. Even if the octopus creature's resilience is amazing, under so many attacks, it is difficult to recover completely.

"Exterminate me, exterminate..."

Octopus spirit eight tentacles wave continuously, dense lightning flashes, burst out constantly, and those corpses are killed from afar.

But don't forget, there is still a lord of the Kingdom of God.

The celestial kingdom of the God of Heaven and Virginity was transformed into a soul demon, and its combat power was only a little worse than that of the octopus. Was cut off.

The situation is completely reversed.

Now, the octopus creatures are completely down, losing to the lord of the Kingdom of God of Heaven and Earth, and in a bad situation, they are losing ground.

Others are even worse.

Those under the **** emperor were killed by a large group of dry corpses, and the screams continued together.

"Misunderstanding, misunderstanding, we are not in the same group as the Sky Surveyor, we just passed by accident!"

"Sovereign Lord Tian Yue, please stop!"

Many people shouted and were terrified.

However, the God of the Kingdom of God of the Kingdom of Heaven and Earth was unmoved and his eyes were indifferent.

He naturally knew that these people were not with the Sky Surveyor, and not with the Heavenly Palace.

However, he was very clear that these people came here to seek the treasures of the Kingdom of God of Heaven and Earth, which in his view, should be killed.

Therefore, he deliberately let these corpses kill everyone.

Lu Ming was naturally chased by the corpse.

Boom!

Lu Ming rushed from left to right and kept on punching, and after one punch, a mummy was killed.

But there are too many corpses, and there is no way to kill them. As soon as some corpses are close to Lu Ming, they explode directly. The power of this kind of corpse explosion is extremely amazing, even if the fighting power of the octopus is injured, let alone Lu Ming.

The devastating force hit Lu Ming, and a wound appeared on Lu Ming, even the bones were cracked.

However, Lu Ming's recovery ability is dozens of times to hundreds of times better than that of octopus creatures. He recovers quickly and always maintains his peak combat power.

But the situation of others is not as good as Lu Ming.

Needless to say, those under the emperor's death, heavy casualties, and the fall of a large area, there are no more left at this time.

Even for those ***** emperors, the situation is precarious.

At this moment, in addition to the octopus creatures and the lord of the Kingdom of the God of Heaven and Earth, there is also the breath of the Nine Dao God Emperor Realm.

Eight forces, nine ***** emperors, because the ice moon vine family has two ***** emperors, all appeared.

Before, these ***** emperors were either too far away or hiding in the dark, at this time, they were forced out.

They were besieged by a large number of ***** emperors, and they were also scarred.

what!

There was a scream, the black middle-aged man in a black robe was blasted by the power of two corpses, his body was blown out of a big hole, and he was hit hard.

Immediately afterwards, a corpse rushed past, grabbing the black robe's thin and middle-aged body with his claws as a weapon, and tore the black-robe's middle-aged body in half.

The black robe, a thin, middle-aged soul, escaped in panic, but a corpse exploded, and the power of destruction swept his soul into it.

With a cry of screams, this black robe was thin and middle-aged, and fell completely.

The fall of a ***** emperor made other ***** emperors more frightened.

"Punch, rush out!"

"We get together and rush out!"

Qianli Zong God Emperor and others shouted, wanting to gather together, gather the power of everyone, and kill together.

"Want to leave, don't even think about it, today everyone is buried here!"

The gleaming light flashed in the eyes of the God of the Kingdom of God of the Kingdom of Heaven and Earth. Under his control, many corpse battles did not fight and exploded directly.

Boom!

The corpses around the **** emperor exploded in succession.

Suddenly, thousands of corpses exploded, forming a terrifying energy that swept through the gods.

"Do not..."

"Damn, **** it!"

"I'm not reconciled!"

There was a loud roar, and then there was no sound at all.

Chapter 3737: shocked

The energy of destruction swept through, and in the end, the voices of the emperors were all quiet.

died!

The remaining God Emperor died suddenly and cleanly, and no one survived.

As for the Emperor of the Divine Emperor, there was no suspense, and all of them were killed.

Of course, there is still one person who is not dead, that is naturally Lu Ming.

With his strong vitality, he survived stubbornly, but he was also hit hard, and his whole body was ragged.

"What should I do, if I go on like this, I can't resist even if my vitality is strong!"

Lu Ming was anxious.

"Relax, leave it to me, only corpses, I can get it!"

Bone Demon's voice sounded, and then he saw that in Lu Ming's eyebrows, a black light kept flying out.

This is the bone demon shooting, these black lights, formed a rune, did not fall to the ground.

Soon, with Lu Ming as the center, a large array appeared.

A bizarre scene happened. When the corpses appeared around the large array, they showed a confused color, as if they could not see Lu Ming, wandering around.

"Really useful!"

Lu Ming's eyes lit up, and then said: "Senior Bone Demon, there is such a good way, why didn't you use it early?"

"Anyway, you can't die anymore. Being beaten can still stimulate your potential and improve your cultivation. Why should I shoot so early?"

Bone Demon answered.

Lu Ming: ...

The situation on Lu Ming's side was also discovered by the sovereign of the Kingdom of God of the God of Heaven and Earth.

"Ok?"

The God of the Kingdom of Tianyue Divine Kingdom was cold, revealing a hint of curiosity, carefully looked at Lu Ming a few eyes, his eyes lit up, exposing a ray of hot flame.

"Resolve this Sky Surveyor first!"

The God of the Kingdom of the God of Heaven and Virginity turned his attention to the octopus creature.

At this time, the octopus was ragged, and there were only three tentacles left. There were blood holes in his body, and his breath was getting weaker and weaker.

"Sky Surveyor, you will definitely die today!"

"You don't even dream about dreaming. At that time, your skywalkers refined my people from the Kingdom of the Gods of the Heavens into corpses, which made them tortured and tormented forever. But for many years, after my continuous efforts, these corpses Control in your hands, use these corpses to send you on the road today, and also your retribution!"

"Hahaha!"

The God of the Kingdom of the God of Heaven and Heaven laughed, manipulated more corpses, rushed towards the octopus creature, and then exploded.

In all directions, all are destructive energy, sweeping octopus creatures.

Bang Bang Bang...

The body of the octopus creature exploded continuously, flesh and blood flew, and with an unwilling roar, the body of the octopus creature exploded completely.

Tianyue Shenguo Shenguo rushed past, grabbed the palm, and held the soul of the octopus soul in his hand.

A small octopus struggled and roared in the hands of the God of the Kingdom of God.

"Those who violate the Tiangong, you will never be born..."

The octopus creature roared.

"Tiangong is tyrannical. One day, there will be those who will overthrow the Tiangong. Now, let me go on the road first!"

The God of the Kingdom of the Kingdom of Heaven and Virgin opened coldly and squeezed hard, and the soul of the octopus creature was exploded and the soul was scattered.

At the next moment, the eyes of the Lord of the Kingdom of Tianyue God looked at Lu Ming, and the greed in his eyes became stronger.

"No, this guy will deal with me!"

Lu Ming tightened his mind and asked the bone demon if there was any way.

"My big formation can confuse those corpses, but can't deal with this person. You want to get out, only rush out!"

Bone Magic Road.

Lu Ming was speechless. If he could rush out, he would have rushed out.

At this moment, the figure of the lord of Tianyue God Kingdom moved, and in a flash, appeared not far from Lu Ming.

"A strong body, a strong blood, and a good body, which can accommodate my soul demon body..."

The lord of Tianyue God Kingdom murmured to himself, and the greed in his eyes became stronger.

Uh!

He rushed straight to the landing.

"Come on!"

Lu Ming shouted with all his strength, and his fists continued to explode.

At the same time, the two stone beads flew out and pressed towards the God of the Kingdom of God.

boom! Gravity pervades the sky, covering the body of the God of the Kingdom of God.

"Gravity beads, originally fell on you, but I am the soul demon body, gravity is useless to me!"

The lord of Tianyue God Kingdom sneered, without being affected by gravity, and continued to pounce on Lu Ming, colliding with Lu Ming's fist.

Bump!

The two met a few tricks, Lu Ming felt a violent force coming, he was shocked, and was blasted away hundreds of miles away.

Fly directly out of the range of the bone magic cloth formation.

The strength of the God of the Kingdom of the God of Heaven and Virginity is very strong, far above the strong power of ordinary God Emperor.

In the case where the gravity beads did not play a role, Lu Ming was not an opponent of an ordinary Divine Emperor's heavyweight, and was naturally even more invincible against the God of the Kingdom of God.

As soon as they left the range of the formation, the corpses rushed towards the landing, and some exploded directly.

Lu Ming was blown out again by the force of the corpse explosion.

"Damn, it seems that you can only use a copper copper coffin!"

Lu Ming was helpless.

The copper and copper coffin was also carried by him, just in case he needed it from time to time.

Now facing such a situation, Lu Ming has no better way than using a copper copper coffin.

As soon as his thoughts moved, the copper copper coffin appeared in his hand, and Lu Ming had just opened it.

But when Lu Ming took out the copper copper coffin, the Lord of the Kingdom of the God of Heaven and Heaven had already rushed towards him, the speed was extremely amazing, like a glimmer of light.

Lu Ming hadn't responded yet. The body of the God of the Kingdom of Tianyue God rushed into Lu Ming's body, and then quickly rushed towards the land of Ming Ming.

"Haha, boy, destroy your soul, your body is mine!"

The God of the Kingdom of God of Heaven and Vigorous laughed excitedly.

He refined himself into the body of the soul demon, and he was tortured by inhumans and suffered all the time.

However, the soul demon's body is much stronger than the ordinary soul, and the evil spirit is much stronger, and he can't do it because he doesn't have such a strong body for him.

But Lu Ming's body is different.

In the past, he looked in the eyes. He dared to conclude that Lu Ming's body was fully capable of him.

Once Lu Ming's flesh was taken away, his soul demon body slowly turned back to his normal soul body, and he no longer had to suffer that kind of torture.

Moreover, with such a powerful physical body as Lu Ming, coupled with his cultivation experience, he is confident that he can return to the cultivation practice at the peak, even one step closer.

He was so happy that he didn't expect that this time he would have such a chance to send him such a treasure.

He can't wait to rush into Lu Ming's sea of knowledge, trying to wipe out Lu Ming's soul.

But when Lu Ming ran into the sea, he was dumbfounded.

In Lu Ming's knowledge of the sea, there is no soul at all.

Empty, how can there be Lu Ming's soul?

He saw a black skull, but that was definitely not Lu Ming's soul.

Chapter 3738: Is he worthy?

"How is it possible, without a soul, how did you survive?"

"Damn it's impossible, boy, where did you hide your soul? Come out, come out for me!"

The Lord of the Kingdom of the God of Heaven and Earth shouted, and some hysterics rose.

Can't destroy Lu Ming's soul, he can't take away Lu Ming's flesh.

I was very excited just now, and now a plate of cold water poured on his head.

"It turned out that I wanted to seize me and destroy my soul, ha ha!"

Lu Ming turned a thought in his heart.

How is it possible to destroy his soul?

His current soul is distributed among sixty trillion cells, and if he wants to destroy his soul, all his cells must be wiped out.

"Boy, what about your soul, what about your soul, come out fast, otherwise, I will let you go out of shape, and even the flesh can't be kept..."

The lord of Tianyue God Kingdom shouted wildly.

"Are you willing to?"

Lu Ming responded lightly.

"you you..."

The main body of Tianyue Divine Kingdom shivered, but he was really reluctant.

He finally came across such a good physical body, he was reluctant to 10,000.

Once Lu Ming's body is destroyed, he can't take it away. He must continue to endure endless torture. This kind of torture is enough. He doesn't want to wait all day.

"I will destroy this skeleton first..."

The lord of Tianyue Divine Kingdom roared and killed towards the bone demon.

But the bone demon's body flickered and disappeared, leaving the God of the Kingdom of God of Heaven and Earth emptied.

"Senior Bone Demon, is there any way to destroy this person?"

Seeing the appearance of the God of the Kingdom of Tianyue God, Lu Ming was not in a hurry. He concluded that the Lord of the Kingdom of God of the Heavenly Kingdom would definitely not kill him easily, and he discussed with the bone demon.

"This guy doesn't get into your body, but he can't deal with him, but he just wants to die and has to run into your body, I have to say your luck is really good!"

"Quick, immediately urge your forbidden power, block the body so that he cannot escape, and then use the forbidden power to wipe out him!"

Bone Magic Road.

"The power of taboo actually has this effect?"

Lu Ming was surprised, but without much thought, he immediately urged the power of taboo. The power of taboo in each cell was intertwined with each other, blocking his body.

"The power of taboo, the power of the vast universe, this guy refined himself into a soul demon, entered your body, and was just restrained by the power of taboo, and wiped him out!" Bone Demon said excitedly.

The dialogue between the two of them is naturally inaudible to the sovereign of the Kingdom of God of the Kingdom of God.

"Then send him on the road!"

The cold light flashed in Lu Ming's eyes, and then countless taboo powers, like a snake, rushed towards the God of the Kingdom of God.

He also felt it when the taboo force approached the lord of the kingdom of the God of Heaven and Earth.

"Boy, if you want to resist, just rely on your cultivation behavior, find death, break me!"

The Lord of the Heavenly Kingdom of God Kingdom slammed out, wanting to break up the power of taboo, but when it slammed out, it was useless, the power of taboo was not affected, and continued to wrap around him.

"Damn, what's going on?"

The face of the God of the Kingdom of the God of Heaven and Heaven finally changed, and he bombarded with all his strength, trying to disperse the power of taboo, but still useless.

"hateful!"

The God of the Kingdom of God of Heaven and Earth was shocked and rushed in one direction, but all directions were all taboo power. He rushed into the power of taboo, like entering the quagmire, was blocked, the movement was very slow, and gradually stopped Down.

Moreover, when his body was touched by the forbidden force, he made a sneering noise and bursts of smoke.

"Damn, what power is this?"

The lord of the Kingdom of God of the Heavens and Heavens shouted in horror.

"Tianyue Kingdom Lord, since you should have died long ago, you shouldn't stay in the world. Now send you on the road, that's what you deserve!"

Lu Ming's indifferent voice sounded, and at the same time he continued to control the power of taboos, flocking to the Kingdom of God of the Kingdom of God.

"Fart, I can't help it, I can't help the sky, the palace can't destroy me. How can a ant in a godly realm in your area destroy me?"

The lord of Tianyue Divine Kingdom shouted, and his whole body shone with a mysterious brilliance, like a magic weapon, rushing in one direction, trying to break the taboo force.

He was not reconciled, he was the sovereign of the Kingdom of God of the Heavens and the Kingdom of God, a big brother.

During his heyday, don't talk about the **** king, even the peak emperor, he can slap to death.

Won't he be willing to be killed by a man of God's Realm in Luming District?

However, he is too far away from the peak period now, the physical body is not there, he can only refine his soul into a soul demon, gouyan can't breathe, there is not much power left, at this moment he is trapped in Lu Ming's body, wrapped in taboo power, Just rush out.

嗤嗤...

He is a taboo force in all directions. He seems to be in a world of taboo power. The taboo power falls on him, causing a plume of green smoke to come out of his body, just like ice blocks encountering flames, being constantly Of corrosion.

Ah...

The Lord of the Kingdom of God of Heaven and Virginity stepped back in horror. After a while, his soul demon body became much dimmer and became unreal, shaking like a candlelight.

He screamed, truly frightened, and felt the end.

"Boy, let me go, let me go, I am the Kingdom Lord of the Kingdom of God of Heaven and Earth, but it surpassed the existence of the Divine Emperor. As long as you let me go, I will stay by your side to assist you in pointing you and let you surpass God in the future. The emperor, becoming a party hegemon, even if it reaches my former state, it is not impossible!"

The Lord of Tianyue God Kingdom shouted, he was really afraid, began to beg for mercy, and began to lure Lu Ming.

"Are you pointing him? Are you qualified?"

Bone Demon appeared silently not far from the Kingdom of God of the Kingdom of Tianyue, and looked at the Kingdom of God of the Kingdom of God with a slight sarcasm.

"Your cultivation practice in the heyday is only a little more than that of the God Emperor. You dare to point him. Even the old man is not qualified to point him. Do you know what is the power to attack you?"

Bone Demon continued.

"What? What is it? Why is there such power?"

The Lord of the Kingdom of the God of the Heavens shouted.

"Because this is the power of taboo!"

Bone Magic Road.

"what?"

The body of the God of the Kingdom of the God of Heaven and Earth shook wildly, and there was deep horror in his eyes.

In his status, although he has not seen the power of taboo, he has naturally heard of it.

Lu Ming's power is actually the power of taboo, then, then it is the legendary taboo body, the legendary man against the sky.

This kind of character has infinite potential, and as long as he is given time, it can become a terrifying existence for the entire universe and a trembling existence in the heavenly palace.

He just wanted to talk about this kind of person?

Like the demon said, is he worthy?

Once this kind of character grows up, it is an invincible character.

The heart of the God of the Kingdom of the God of Heaven and Earth has been sinking.

The taboo body can never be revealed. Today, he is dead.

Chapter 3739: Treasure Land

"It's okay, okay, I didn't expect that in my lifetime, I can still see a taboo body. There is no regret in this life!"

In the end, the lord of Tianyue Divine Kingdom sighed and gave up struggling.

Even if he lived in the world, he was tortured and fell, which is a kind of relief.

Moreover, it is also an honor to die in the hands of a taboo body.

"Boy, the forbidden body, is the man destined to go against the sky, and the enemy of the Heavenly Palace. Since that is the case, I will help you..."

Tianyue God Kingdom Kingdom Road, then, a message passed into Lu Ming's ears.

"Haha, I hope that the taboo's physical fitness will grow and make the Tiangong tremble. I can't take revenge..."

The lord of Tianyue Divine Kingdom sighed, and then his body broke through and broke apart, greeted the power of taboo under his own initiative. Under the power of taboo, he disappeared and disappeared completely.

Lu Ming was a little stunned, but he didn't expect that the Lord of the Kingdom of God of Heaven and Heaven knew that he was a taboo body, and he gave up his resistance directly.

Perhaps, the Lord of the Kingdom of Tianyue Divine Kingdom had a big revenge with Tiangong, and he couldn't avenge his revenge, so he pinned his hope on him. Before his death, he also told Lu Ming a treasure trove in the Kingdom of Tianyue Divine Kingdom.

After the **** of the kingdom of heaven and the gods fell behind, the corpses had no control, and they naturally dispersed, and returned to each pit, disappearing.

Between heaven and earth, calm was restored, and there was no sound.

call...

Lu Ming breathed a sigh of relief, then sat cross-legged and recovered with all his strength.

His resilience was amazing, and it didn't take long to recover completely.

Even, he felt that Xiuwei had improved a bit, and it was not far from Shenjun Liuzhong.

"Jiang Lebang, what a pity..."

Lu Ming glanced around and sighed slightly.

The kingdom of heaven and the kingdom of God is quiet, there is no sound, obviously, no one survives.

Jiang Lebang, most of the time when the corpse raged, fell.

Jiang Lebang's people are good. If possible, Lu Ming will rescue him, but at that time, Lu Ming was unable to protect himself, and he did not know where Jiang Lebang was.

Uh!

Lu Ming's body flickered, flashing in the capital of the Kingdom of the God of Heaven and Earth, and storage rings appeared in Lu Ming's hands.

It was those masters who left it before. Of course, not everyone has a storage ring left. Those corpses blew up before, and the destruction power was amazing. Some storage rings were rolled in and I am afraid they also burst.

The storage ring explodes, and the contents will enter the dark void.

However, Lu Ming made a round in the Kingdom of the God of Heaven and Earth, and still had a lot of gains. He got hundreds of storage rings.

This trip, these storage rings alone, are a big gain.

"Treasure of the Kingdom of the God of Heaven..."

At this moment, Lu Ming thought about the news that the Lord of the Kingdom of Heaven and Virgin had told him before.

The Lord of the Kingdom of Tianyue God Kingdom told him the location of a treasure trove and the method of opening.

Do you want to go!

Lu Ming hesitated.

To be honest, he was very emotional. The treasure land of the Kingdom of God of the Heavens and Heavens was absolutely amazing.

However, the God of the Kingdom of the God of Heaven and Heaven, would he really tell him so kindly?

You know, the landlord of Tianyue God Kingdom was killed by Lu Ming. Will he tell his enemies?

Although it is said that Lu Ming is destined to be the opponent of the Tiangong Temple, and the Kingdom of the Heavenly Virtue is destroyed by the Heavenly Palace. It is also a **** enmity to help Lu Ming grow. In the future, he can deal with the Heavenly Palace.

However, Lu Ming has no idea!

"Put it together!"

After thinking for a while, Lu Ming gritted his teeth and prepared to fight.

He was still moved, mainly because of the practice behind him. The resources he needed were absolutely amazing. He didn't want to miss such a good opportunity.

Perhaps, the sovereign of the Kingdom of God of Heaven and Earth really wanted to use his hand to deal with the Temple of Heaven.

Determined, Lu Ming stepped out and headed deeper into the kingdom of heaven and the gods.

Without any obstruction, unimpeded, Lu Ming is very fast. Soon after, he came to a dilapidated palace.

This palace is very vast and can't be seen at a glance, but most of it is collapsed. The ground is pitted and recessed. Obviously, it has experienced a war.

Lu Ming recalled the news that the Lord of the Kingdom of Tianyue told him. He glanced around and then headed towards one of the collapsed palaces.

boom!

Lu Ming waved his hand, and his strength rolled wildly. Large blocks of stones and bricks were lifted off, revealing a clean floor.

Lu Ming looked at the floor for a while, then pressed his palm against one of the tiles, entered a forbidden force, turned slightly to the left, and clicked, the tiles were turned.

"Really!"

Lu Ming's eyes flashed.

At present, all of this is exactly the same as that of the Kingdom of God of the Kingdom of God.

Lu Ming turned the bricks, first turning three times to the left, then three times to the right.

Click!

The ground shook slightly, then cracked, and an underground cave appeared.

Lu Ming jumped without hesitation.

About a kilometer down all the way to the bottom, a passage extends forward, and the walls of the passage are inlaid with luminous stones, which illuminate the passage quite brightly.

Lu Ming stepped forward, his muscles tense, ready to fight at any time.

He will not completely believe in the Kingdom of Heaven.

However, along the way, there is no slight difference.

"Is there no danger?"

Lu Ming thought.

But he still won't let his guard down and move on.

Another walk away.

suddenly...

call out!

A sharp vigor, from the left direction, assassination towards the landing, the speed is amazing.

Needless to say, Lu Ming also knows that the power of this attack is terrifying. If he is hit, he will definitely be injured.

Without thinking about it, it was almost a conditioned reflex. Lu Ming's backhand slashed out, and in his palm, various attack mysteries broke out.

when!

Lu Ming's palm was chopped on a bronze war spear, making a violent roar, and then a figure retreated backward.

Lu Ming also felt a numb palm.

"This is... a puppet!"

Lu Ming's eyes moved.

He discovered that it was a sergeant who was covered with iron armor, holding a bronze spear, but without any vital energy. Lu Ming knew at a glance that this was a puppet, not a soul.

bump!

After the armored puppet stood in shape, his footsteps struck, the ground roared, and his burly body rushed towards the landing again. The bronze spear pierced the void and pierced Lu Ming's eyebrows.

At the same time, the walls on both sides actually wriggled, and several armored puppets emerged from the wall. Each armored puppet held a bronze spear and pierced Lu Ming.

The horrible roaring sound was extremely harsh, and a sharp spear pierced Lu Ming's vital points.

"Nima, the master of the Tianyue Kingdom, it really is not so kind!"

Lu Ming cursed in his heart, but the offensive did not stop, and he immediately attacked a dozen moves.

Chapter 3740: Brave and invincible

Dangdang...

A series of roars sounded, bronze war spears shook, and five or six armored puppets were blasted out, but the body did not shatter.

"A very strong attack power is stronger than that of ordinary quasi-empire, and his body is extremely hard!"

A thought flashed in Lu Ming's heart.

The next moment, he frowned.

Because, on the surrounding walls, no matter in front of him or on the wall behind him, there were continuous armored puppets coming out, and in the blink of an eye, dozens of iron-armed puppets appeared before and after.

"Puppet controlled by the formation!"

Lu Ming's heart moved, and then his body moved, bursting toward the front of the channel.

At the same time, Lu Ming triggered a five-fold combat power.

As Lu Ming rushed out, the iron puppet in front of him waved a bronze spear and spurred Lu Ming.

Lu Ming reached out and grabbed a bronze spear, shaking it violently, and the terrifying power poured into the bronze spear. The bronze spear shook violently, and the palm of the iron puppet was cracked and could not help releasing After the bronze spear, his body retreated backwards, and he flew several other armored puppets.

Lu Ming held the bronze spear and turned around, and the spear burst out.

Lu Ming's power is so amazing, in particular, it triggered the war word tactics five times the combat power, and can easily kill the semi-imperial power.

With a creak, a harsh voice sounded, and the bronze spear directly pierced an iron puppet, and then the bronze spear shook violently, and the power of terror broke out. The iron puppet was torn apart.

Finally killed an iron puppet.

The attack power of this armored puppet is only a little stronger than that of ordinary quasi-empire, but it is very difficult to deal with, the defense is amazing, and it is difficult to kill.

With Lu Ming's current combat power, he can kill the prospective emperor with one punch, but to deal with this iron puppet, Lu Ming used almost all of his power.

Killing an iron puppet, Lu Ming threw the bronze spear out of his hand, pierced both iron puppets, and flew out in a string.

Lu Ming continued to rush forward, bombarding the body of an armored puppet with a punch. The body of the armored puppet thundered, and a big explosion occurred, exploding a transparent hole.

Bang Bang Bang...

Lu Ming was brave and invincible, struggling forward, a respected armored puppet was blown by him, shattered and shattered.

However, the iron puppets here are so amazing that they constantly emerge from the walls.

The speed of Lu Ming's killing has not yet emerged. The number of iron armor puppets in front and behind is increasing.

Before and after are iron armor puppets. By this time, Lu Ming had no retreat and could only strike forward, killing a **** road.

However, there were too many puppets in the armor. After a long battle, Lu Ming was injured and stabbed by the bronze spear.

However, this injury, he did not put it in his eyes at all, can not affect his combat ability at all.

Lu Ming urged the gravity beads, and two gravity beads emerged.

This time, the gravity beads played a major role. The body of the iron armor puppets was already very heavy. When pressed by the gravity beads, the body of many iron armor puppets shivered and their movements became much slower.

Lu Ming rushed by, rushing away these armored puppets and moving forward quickly.

In an instant, rushed out tens of thousands of meters.

At this moment, facing a bronze spear, screaming towards the landing, the speed and power were several times stronger than those puppets before.

"Attack of God Realm..."

Lu Ming's face changed drastically, and he quickly waved his fist to resist.

With a loud bang, Lu Ming felt a powerful force pouring in. His figure could not help but retreat.

However, the bronze spear was also blocked by him and kept shaking.

In front, a burly iron puppet appeared. This puppet was taller than the previous puppet, giving a strong sense of oppression.

The attack on Shenhuang Realm, Lu Ming determined 100%, that this is an attack on Shenhuang Realm.

"Ma eggs, the Lord Tianyue's goods, I really don't feel good about it!"

Lu Ming cursed in his heart.

There are so many puppets here, and there is an absolute crisis. Let Lu Ming come over and want to pit him.

Not allowing Lu Ming to think too much, the armored puppet of God's Realm, brandishing a bronze spear, slammed towards the landing.

"Press me!"

Lu Ming controls the gravity beads, and the powerful gravity presses on the bronze puppet.

However, the armored puppets in the Divine Realm are too strong. Although they have been greatly affected, they still maintain a strong combat power. The speed is amazing. The bronze spear broke through the gravity and pierced Lu Ming.

when!

The two made another move, Lu Ming backed away, and the bronze puppet also backed away.

bump! bump!

At this time, the sound of heavy footsteps came from behind, Lu Ming glanced at his face, and his face changed again.

Because, there is a huge bronze puppet behind him, step by step, the sound of heavy footsteps is from this puppet.

This puppet is as tall as the puppet of the **** emperor realm, and other iron armor puppets have given way to this bronze puppet.

Another bronze puppet in the God Realm.

Lu Ming's face was ugly and he was going to die.

咻咻!

Two iron armor puppets in God Realm before and after, shot at the same time, and a bronze spear pierced Lu Ming.

Lu Ming flickered, struggling to dodge and fight back at the same time.

However, the bronze spear smashed into the air, the speed was extremely alarming, following Lu Ming.

puff!

Lu Ming blocked an iron puppet's attack, but didn't block the other, his abdomen was pierced and blood was flowing.

The iron armor puppet that pierced Lu Ming was about to explode, tearing Lu Ming's body, but Lu Ming rushed toward the iron armor puppet regardless of his injury and punched.

boom!

Lu Ming bombarded the armored puppet with a punch, blasted him out, and lost the opportunity to continue the attack.

"You have to break through!"

Lu Ming gritted his teeth and faced the armored puppets of the two Divine Emperor Realms, he was absolutely invincible.

Lu Ming struggling hard, rushing towards the depths of the passage.

But would that iron armor puppet allow him to pass through and brandish a bronze spear to kill him?

This time, Lu Ming didn't evade. Ren Bronze spear pierced his body with no gun handle, and he had rushed to the iron armor puppet, hitting the iron armor puppet with a punch like the previous one.

The armored puppet's body is extremely hard, and Lu Ming can't break through the opponent's defense with one blow, but just dents his chest and flew backwards.

Lu Ming took the opportunity to pass by.

Behind them, the armored puppets of the two Divine Emperor Realms hurried to the landing.

However, their speed, not as fast as Lu Ming, was slowly pulled away by Lu Ming.

But what made Lu Ming vomit blood was how far he had not ran out. In front, two tall iron puppets appeared, and at a glance, they knew that they were iron puppets of the God Realm.
