

D Emperor 3771

Chapter 3771: Not enough pressure

Lu Ming exploded in full force, and every cell in the whole body trembles, and the forbidden power in each cell is intertwined with each other.

The forces in the sixty trillion cells are connected together.

At the same time, the mysterious techniques in the cells also converge and disappear.

Boom!

Lu Ming waved his fist, and suddenly a dense fist shadow appeared around his body, blasting towards Nie XIII's spear.

The violent roar, resounding through the sky, the two fierce battle.

However, in the absence of gravity beads, Lu Ming's combat power is ultimately a bit worse than the Shenhua class, not an opponent.

When the two met, Lu Ming was completely suppressed, the fist shadow was crushed, and a long gun stabbed Lu Ming.

puff!

Blood was splattering, and Lu Ming's body was penetrated by a gun shadow, and his body retreated.

However, Lu Ming's injured body recovered quickly, and had no effect on his combat effectiveness.

"It works, but not enough!"

Lu Ming felt that Nie XIII was able to give him some oppression and stimulate his potential, but it was not enough. He always felt a little worse and could not help him to break through the sixfold of Shenjun.

"kill!"

Nie Thirteen Changxiao did not relax because he had the upper hand, killing thirteen shots and shaking, attacking like a mad, and continuing to kill Lu Ming.

Lu Ming continued to fight, and after a few strokes, he was hit again.

Nie XIII's attack speed and power are too strong, and Lu Ming can't fully defend.

His cultivation practice is that, after all, he is a five-level god, and is too far away from the prospective emperor, not to mention, Nie XIII itself is a kind of arrogance of the evil level.

"Muyun, this kid, is finally going to lose!"

"Hopefully he was killed by Nie XIII!"

Han Feng and Qi Ping hated Lu Ming very much. At this moment, Lu Ming saw that Lu Ming was completely in the downwind. He was overjoyed and hoped that Lu Ming would die under Nie XIII's thirteen shots.

Even some others thought Lu Ming was going to lose.

If Lu Ming still has a hole card, why not show it?

By the time your injuries are overwhelmed, it will be too late, and no one will do so.

But Lu Ming would do it.

The two confronted each other, and Lu Ming was injured several times, but still did not help him break through.

"Not enough, the pressure is still not enough, it can't cause a fatal threat to me, because I know in my heart that I still don't use the hole card, so the pressure is not enough, and I can't stimulate too much potential, help me break through in one fell swoop!"

"If you want to break through, you still have to look at Ziyangzhou and Fengpeng, then I don't need to continue to test!"

Lu Ming's thoughts turned, and the power of taboo continuously poured into the gravity beads on his left wrist.

Lu Ming had a ball on his right wrist.

On the left hand wrist, there are gravity beads.

When gravity beads are not in use, they look very ordinary, just like twelve ordinary stone beads.

Buzz!

Two of the gravitational beads exuded a dim light, then flew out, and suddenly became larger. A terrifying gravity burst out, covering the entire battle platform.

The gravity of the two gravity beads is already amazing. Even the strongest of God Emperor Realm must be greatly affected.

And with the improvement of Lu Mingxiu, the gravity of the two gravity beads will also increase accordingly.

Sure enough, Nie Thirteen was also greatly influenced by seeing.

Encased in gravity, the spear in his hand became heavy like a mountain, and it became more difficult to run and slowed down a lot.

Even his own body became extremely heavy, and he had to use some of his divine power to resist the pressure of gravity. In this way, his attack power naturally weakened a lot.

"kill!"

Lu Ming shouted, took the opportunity to launch an offensive, punched and punched, and successively attacked dozens of punches, each punch strength, has the power to penetrate the void and explode the planet.

More than a dozen punches drove towards Nie Thirteen.

drink!

At a critical moment, Nie XIII exhaled and violently waved his spear, blasting dozens of guns, and bombarded with Lu Ming's fist.

The two attacked again and collided continuously.

This time, both of them were back slightly.

Nie Thirteen's toughness blocked Lu Ming's attack.

Nie XIII's combat power has really reached the level of God Emperor. Even under the envelope of gravity beads, he can still block Lu Ming's attack.

At the ruins of the Kingdom of Tianyue, Lu Ming had many battles with the real emperor, especially with the emperor of the locust clan. The war was the most fierce. Lu Ming cooperated with the gravity beads to fight the opponent.

However, in the Tianyue Divine Kingdom and Lu Ming, it was the **** emperor of the locust family.

After all, the locust tribe is a large tribe. The combat power of the locust tribe emperor is also stronger than that of ordinary races.

Nie XIII, however, only achieved the fighting power of ordinary **** emperors, so it was still worse than Lu Ming's full attack.

Therefore, he retreated farther, Lu Ming retreated even less.

bump!

After Lu Ming stabilized his body, he stepped on his feet and continued to kill Nie XIII.

Nie XIII refused to be defeated and tried his best to fight back.

This time, the battle between the two was really intense.

Constant attacks, full of energy, and in a flash are dozens of moves.

However, Nie Xian was still a little weaker, and slowly fell into the wind and was suppressed by Lu Ming.

"This..."

The people around there are a little ignorant.

They suspected that Lu Ming still had no cards to use. Unexpectedly, they did.

After all, the treasure is also a part of itself.

Like the vastness before, or Nie XIII, that useless treasure?

The vast bows and arrows, Nie XIII's spear, are top treasures, top artifacts.

They didn't know what to say, they could only look at it numbly.

Hey...

Suddenly, Nie Thirteen changed strength, and several guns broke through the air, thrusting at the gravity beads.

Obviously, he wanted to destroy the gravity beads.

If Lu Ming does not have gravity beads, he is definitely not his opponent.

Seeing Nie XIII's behavior, Lu Ming did not stop, and there was a sneer in the corner of his mouth.

Destruction of gravity beads? is it possible?

Gravity beads do not know what material is cast, they are indestructible and cannot be destroyed at all.

Before, it was not that the Emperor had thought about this method, but in the end they all failed.

Dangdang...

Several consecutive guns hit the gravity beads and made the sound of gold and iron. However, the gravity beads were only blown out and not destroyed. Under the control of Lu Ming, they flew back.

However, Nie Xian, who was distracted by the gravity bead, was accidentally hit by Lu Ming's fist.

puff!

Nie Thirteen's body shook violently, a spit of blood spewed out, and his body retreated.

Such an opportunity, Lu Ming will not miss, flying forward, the combat power bombarded like a storm.

Nie Xian tried his best to resist a few strokes, but when he was just hit, his blood was not smooth, his combat strength was weaker, and he was no longer Lu Ming's opponent. He was also swept by Lu Ming's fist and almost knocked his body into a hole.

"I surrender!"

In the end, Nie XIII called out.

Chapter 3772: Will it be third?

In the end, Nie XIII admitted.

He knew that if he continued to fight, it would be impossible to win, but he would suffer more serious injuries.

He sighed in his heart and looked at Lu Ming's gaze, full of surprise.

He didn't expect that this time when he came to the Tiehai star field group, he would encounter a demon like Lu Ming.

Divine monarch fivefold, actually defeated him?

Are there such characters in the top ten races?

Or is it only in the Tiangong?

He was not sure because he had never encountered it before.

With Nie XIII's defeat, Lu Ming did not continue to attack, flew back, and his breath lurked.

"Great!"

Nie Shisan looked at Landing Ming, even if he praised, it was a cool look: "Unexpectedly, in this Tiehai star field group, you actually encounter a natural pride like yours, your current cultivation is weaker, as time, When you cultivate for improvement, you will surely be included in the list of the universe's arrogance!"

"Is the universe proud?"

Lu Ming grunted.

He has heard of the universe's arrogance list.

It is said that this list has exhausted the vastness of the universe, and a hundred worldly arrogance.

The vast universe, countless races, countless forces, and countless creatures, there are only one hundred people who can be listed on the universe's arrogance list. This gold content is undoubtedly full.

Each of them is a worldly evil and a legend. In the future, it is very likely to become the overlord of the universe.

Moreover, the universe arrogance list will be changed from time to time. Once there is a change, it will be announced through the fantasy **** jade.

With Lu Ming's current strength, it is much worse than the Tianjiao on the universe's Tianjiao list.

However, Lu Ming's ability to leapfrog is too strong, and when he improves to improve, he will definitely be able to be included in it. It can be said that Nie XIII's remarks are extremely high.

"Thank you!"

Lu Ming smiled slightly.

In this battle, Lu Mingsheng.

"Hahaha..."

The head of Wang couldn't help laughing, very cheerfully.

Lu Ming was able to defeat Nie XIII, which was completely beyond his expectations.

In this way, can Lu Ming defeat Hao Han?

Even if he can't beat, Lu Ming can at least be ranked fourth, because no one is Lu Ming's opponent except these few people.

Lu Ming can achieve at least five victories.

One victory is two hundred points, and five victory is one thousand points.

Fengdu Jianpai, can reach the number one?

Needless to say, the top ten has already stabilized.

Can it reach sixth, or fifth...

No need to think about the first, it is definitely impossible, because the gap is too big, but even if it rushes to the sixth and fifth, it is also extremely amazing. It has created the history of the Fengdu sword faction and can obtain many precious resources.

Not only the head of the king, Fengdu Jianpai sent others, but also smiles all over his face.

Only one person is different, that is Qiping, and his face is somber.

Han Feng's teeth were all broken.

Lu Ming withdrew from the battle and the others continued the game.

No surprises, such as Ziyangzhou, Fengpeng and Hao Han, all won.

Wei Ban in the Black Blood Palace was defeated.

After a lap, a new lap begins.

This time, Haohan and Nie XIII met, and the two were considered to be almost the same. A war was naturally fierce and fierce.

The two men have the same fighting power, and they have been mad, and they have been fighting for hundreds of moves.

In the end, it was Nie Thirteen who was a little stronger, and thirteen shots broke Hao Han's defense, winning a little trick and winning.

This made the eyes of Fengdu Jianpai people brighter.

Lu Ming defeated Nie XIII, and Nie XIII defeated Hao Han.

Does that mean that Lu Ming can also defeat Hao Han.

In this case, Lu Mingke can rush to the third place.

Third place, but there is an additional two hundred points reward, plus six victory points, Fengdu sword faction points...

It's exciting to think about it.

After the battle between Hao Han and Nie XIII, another game passed and it was Lu Ming's turn to play.

This time, Lu Ming confronted Wei Ban of the Black Blood Palace.

Wei Jin's face was ugly to die.

Before that, Wei Ban also boasted about Haikou in front of the Lord of the Black Blood Palace and others, saying that the people who wanted to resolve Lu Ming and Fengdu Jian School had a confident look.

But who knows, Lu Ming broke out behind him, showing his strength, far exceeding him.

At this moment, what should he do when facing Lu Ming?

To admit defeat directly, isn't that just hitting yourself in the face?

Do not admit defeat? Waiting for being abused?

Wei Ban said he was too difficult.

Isn't it just being invited to a small iron sea star domain group to help the Black Blood Hall race, how can it be encountered such a thing?

"Are you not on stage yet?"

Lu Ming stood on the battle platform, looking down on Wei Ban.

"I..."

In Wei Jin's heart, ten thousand Cao Nima passed by, and it finally turned into a sentence: "I admit defeat!"

Is it okay not to admit defeat?

Up abused? Isn't that even worse?

After finishing talking, Wei Ban lowered his head and dared not look at the people in the Black Blood Palace, mainly because of what he said before, which was too full, and now his face was crackled, making him feel hot.

The Lord of the Black Blood Palace and others, whose faces are somber, are dying.

Originally, the Black Blood Palace had always been able to suppress the Fengdu Sword School, but it was obvious that this time, the Black Blood Palace was completely suppressed by the Fengdu Sword School.

All this is entirely because of one person, Lu Ming!

"Is this person a disciple of Fengdu Jianpai? Or foreign aid?"

The Lord of the Black Blood Palace was worried.

If it is foreign aid, if it is a disciple of the Fengdu sword faction, it will be terrifying.

Growing up in the future, where can there be a place for the Black Blood Palace.

Lu Ming won the victory with ease, and returned to his seat.

It has won four games and there are four games left.

The remaining four games included Ziyangzhou and Fengpeng, as well as vastness.

Soon after, Lu Ming's fifth game came, this time, Lu Ming's opponent was Hao Han.

Hao Han's combat power is similar to that of Nie XIII, and as soon as he started, Hao Han took a defensive posture, obviously wanting to exhaust Lu Ming's divine power and then defeat Lu Ming.

Unfortunately, his abacus was wrong.

The power of taboo covers 60 trillion cells, and it is long flowing. Although it can't compare with the amount of words, it can store a lot of divine power, but it is not so easy to run out.

In the end, after a fierce battle between the two, Lu Ming defeated Hao Han.

In this way, Lu Ming has basically locked the top three.

After this peak matchup, the scene was quickly ignited.

Because, in the eyes of everyone, the real pinnacle finally came.

Ziyangzhou, against Fengpeng.

The two finally met.

Although, there are still several laps from the end.

But in the eyes of everyone, this is the final decisive battle.

Ziyangzhou and Fengpeng, who wins, is the champion this time, this time the first.

On the contrary, the loser will be the second.

No extra words, the war between the two broke out.

Chapter 3773: You must not be merciful

Ziyang Prefecture and Feng Peng launched a pinnacle showdown.

One shot is to go all out.

Fengpeng turned into the spirit of the wind, and Ziyangzhou was almost completely transformed into a purple sun.

From the war to the peak moment, Ziyang Prefecture came from a distant starry sky with a beam of purple light, unpredictable.

With this light, he suddenly prevailed and suppressed Feng Peng.

"Zi Qi Dong Lai Jue!"

Some senior figures exclaimed, recognizing this terrible means of attack.

In the end, Feng Peng and Ziyang Prefecture battled more than two hundred moves. Ziyang Prefecture defeated Feng Peng with Ziqidong.

"The top three rankings are out!"

"First, Ziyang Prefecture, second Fengpeng, third Muyun..."

Although there are still three laps in the game, it is not over yet, but everyone has already ranked everyone out.

No one would think that Lu Ming could beat Ziyangzhou and Feng Peng. Lu Ming should have done his best before and there should be no cards.

Many forces have already begun to silently estimate their scores, and when the game is over, how to choose a resource planet.

The same is true of Wang Zhangmen. In his heart, he silently estimated that this time, what kind of ranking can Fengdu Sword School get?

fifth!

The heart of the king's head beat hard a few times.

Fifth place, this is a place he did not dare to dream about.

After the Resource Covenant, eighteen forces selected resource planets according to their ranking.

In the first place, you can pick three resource planets first. After the first place picks three, it is the second place to pick three resource planets...

So turn down.

The higher the ranking, the better the planet with the best resources. Naturally, the higher the ranking, the better the resources.

The latter is ranked. After the previous forces are selected, where is the good resource planet behind?

The fifth place, the resource planet that can be selected, is already very good.

Wang Zhangmen's mind has begun to think about how to choose the planet.

Among the different minds of everyone, the fifth lap began.

In this round of competition, there is nothing else to see, the most exciting is Lu Ming.

In this battle, Muyun faced Ziyang Prefecture.

Lu Ming, directly against the strongest person.

"Finally, I have to match up. I don't know how many moves Muyun can fight against Ziyang Prefecture?"

"It's hard to say, according to the strength shown by the two before, Ziyang Prefecture can almost crush Muyun, which is difficult to resist!"

"Yes, one can kill the Emperor, and one can only contend. The gap is indeed huge!"

"So, there is no suspense in this battle?"

"This one..."

Someone stopped talking because Lu Ming was really unpredictable.

It is also because it is unpredictable that everyone is more interested, because it is full of uncertainty.

"You don't admit defeat?"

Ziyangzhou stared at Landing Ming and asked seriously.

"Why do you admit defeat? I am looking forward to this battle!"

Lu Ming smiled, and the fighting spirit was strong.

"In this way, do you still have a hole card?"

Ziyangzhou asked, he was also full of war.

Tianjiao is fearless to challenge.

Ziyang Prefecture's remarks shocked other people's hearts. Does Lu Ming really have a hole card?

"No!"

Lu Ming shook his head very simply and said, "There is no hole card. The strength I showed before is my peak combat strength!"

It is not a decisive battle between life and death, there is nothing to deny, and after a while, others will also know where his limits are.

"Then you dare to do it with me?"

Ziyang Prefecture is curious.

"I'm about to break through, you know!"

Lu Ming smiled.

"You want to use me as a stepping stone to your breakthrough!"

Ziyangzhou's eyes burst out with a brilliant brilliance, and the whole person was enveloped in it by the purple divine light.

Anyone who is used as a stepping stone will not be happy, especially his arrogance.

Others are also dumbfounded.

Lu Ming actually wants to use Ziyangzhou as a stepping stone to break through, so bold, this is playing with fire.

"Misunderstood, it didn't mean to use you as a stepping stone, just because you are strong and can bring a lot of pressure to me, others can't do it!"

Lu Ming said very straightforwardly. On the side, those Tianjiao who had played against Lu Ming face flushed for a while.

Lu Ming's remarks were too shocking. Can't they even put pressure on Lu Ming?

"You know, you are playing with fire, I will not be merciless!"

Ziyang State Road.

"You must not be merciful!"

Lu Ming smiled.

"Then, let's get started!"

At this time, the Tianhong leader announced.

boom!

Lu Ming took the lead and faced Ziyangzhou, he did not dare to carelessly.

Five times the fighting strength of the word of war, trigger!

Gravity beads, urge!

Suddenly, Lu Ming used the strongest fighting power, and the whole person turned into a shadow, rushing towards Ziyang Prefecture.

Boom!

In the blink of an eye, Lu Ming blasted hundreds of fists, hundreds of fists penetrated into the void, and they were rushing towards Ziyang State.

The body of Ziyangzhou was also filled with bright radiance, covered with purple divine light.

"Ziyang Shenquan!"

Ziyangzhou drinks lightly, and also punches out. His punching strength is not the same as Lu Ming, but a round of purple sun.

Ziyang was in the sky, and in an instant, nine rounds of purple sun blew toward the landing.

In nine rounds of Ziyang, Lu Ming's **** force continued to collapse.

Nine rounds of Ziyang still have residual energy, and continue to roll towards Landing Ming.

Buzz!

At this time, the powerful gravity was suddenly depressed, and the nine rounds of Ziyang were pressed by the powerful gravity, shaking for a while, like a residual fire in the wind, blown by the wind and quickly extinguished.

At the same time, the strong gravity also enveloped Ziyangzhou.

"Gravity? This gravity can't trap me!"

The governor of Ziyang screamed, his arms shook, his purple gas surged, and he fought fiercely against the explosion of gravity, sending out a sneering figure, and even Mars came out.

Uh!

Ziyangzhou broke through the pressure of gravity and rushed towards Lu Ming, his fists swayed out, and a purple sun pressed against Lu Ming.

This purple sun is extremely scary. If it is shot in the star sky, it is like a real star. The temperature is astonishingly high. Not only that, but also the terrible penetration.

However, Lu Ming was not afraid, stepped on his feet, his body also rushed out, waved his fists, and burst out violently.

Bang Bang Bang...

There is no extra fancy, the fierce attacks collide together, producing a terrible explosion.

In an instant, the two played dozens of moves.

In terms of combat power, Ziyang State is indeed above Lu Ming, but Lu Ming oppresses Ziyang State with a bead of gravity. Like everyone else, Ziyang State needs to divide a lot of divine power against gravity, so for a time, he can't help Lu Naruto.

The two men fought fiercely.

bump!

Ziyangzhou suddenly changed his fist into a finger, pointed out with one finger, the speed suddenly increased suddenly, clicked on Lu Ming's shoulder, pierced Lu Ming's shoulder through a blood hole.

However, Lu Ming's strength was not affected in the slightest, and he took the opportunity to punch on the chest of Ziyangzhou.

Chapter 3774: Approaching breakthrough

Lu Ming bombarded Ziyang Prefecture's chest with a punch, but Purple Yangzhou was covered with purple glow. These glows are not simply furnishings, but also have powerful body protection effects.

Zizizi...

Lu Ming's fist was violently rubbed against the purple glow, extremely harsh.

But in the end, Lu Ming broke through the purple ray of light and punched his fist accurately on Ziyangzhou's chest.

bump!

A blood hole was exploded in Ziyangzhou's chest, and blood was flowing.

However, his defensive strength is really amazing. Lu Ming's punch only hurt his muscles and not his heart.

Both figures retreated at the same time.

"Awesome, play-for-play, this time in the resource covenant, you are the first to hurt me. In order to show respect, I will use my full strength!"

Ziyangzhou spoke, her eyes flashed purple, and her fighting spirit was burning.

Before, he had no injuries in the battle with Feng Peng.

Because Feng Peng did not dare to use this type of play instead of injury, but Lu Ming didn't care. He now has this 'battered' physique, and the chance of being beaten in the future is estimated to be many.

He is used to it, and he can improve his cultivation anyway.

He thought in his own heart that others wouldn't even get this kind of opportunity. If they could get it, it would be crying and crying for abuse.

In this way, Lu Ming felt much more comfortable.

"Come on, your purple qi is here, don't hide it!"

Lu Ming shouted, looking forward to it.

"Purple Air Comes East!"

There was a long whine in Ziyangzhou, and the steps were even singularly slow. He reached for the void and caught it, the endless void, and suddenly a purple gas flew over, and he didn't know where it came from, so mysterious.

This purple gas was caught in Ziyangzhou's hands and turned into a long sword.

Uh!

Ziyangzhou waved a long sword and a purple sword spirit, and slashed towards the landing.

Lu Ming's eyes revealed a dignified color, and at the same time madly urged various secret techniques in the cells.

Under the harmony of the taboo power, these mysteries all condense and turn into two groups of brilliance.

These two groups of brilliance are a combination of various defense and attack secrets, and this step can only be achieved under the influence of the taboo force.

boom!

Lu Ming banged out with a punch, and with purple sword gas, banged together.

At this moment, Lu Mingming clearly heard a crackling crackle in the light group in his hand, which was the sound of many mysteries being exploded.

Lu Ming felt a powerful and sharp force bombarding his fist.

His body shook and he could not help but retreat backwards, and at the same time there was fiery pain in his fist.

When Lu Ming looked at it, he found a deep wound on his fist, straight through the bones and blood flowing.

Under his strong resilience, the wound healed quickly.

But Lu Ming was still shocked, Ziyang Prefecture, so strong offensive power.

He had just condensed all kinds of defensive secrets and attack secrets in the light group just now, but they were still broken and wounded him.

"Good, come again!"

Ziyangzhou was surprised when Lu Ming took over his sword. Chang Xiao screamed that the long sword transformed by the purple qi in his hand actually changed into two purple streams of air and wrapped his fists.

His figure flashed, and he quickly rushed to Lu Ming, his fists swayed continuously.

Another is "Ziyang Shenquan", round by round the purple sun condenses out.

But this time, Ziyang Shenquan, with the blessing of Ziqi Donglai Jue, greatly increased its power.

boom!

A round of purple sun pressed against Lu Ming, and Lu Ming struggled to fight, but the purple sun was too powerful, and Lu Ming was directly flew out.

The glow of the purple sun was like a steel needle stuck on Lu Ming's body, and it was still the kind of extremely hot steel needle. Lu Ming's body was covered with thin blood beads, and immediately evaporated.

Bursts of pain spread throughout the body.

Before he could react, Ziyang's offensive came again.

Several consecutive rounds of purple sun pressed against Lu Ming.

Under the purple sun, Lu Ming seemed extremely small under the purple sun.

Lu Ming Changxiao, without fear, tried his best to confront.

However, Ziyang Prefecture exhibited Ziqi Donglai Jue to raise its combat power to the top, which has completely surpassed Lu Ming.

Even if Lu Ming tried his best, it was difficult to fight, his figure kept receding, and his body was red with blood.

This is still Lu Ming's vitality is extremely tenacious, the defense and resilience are very amazing, for other people, has been defeated.

"Muyun is about to lose, he finally has a hard time, not Ziyangzhou's opponent!"

"After all, the difference in combat power is too great. Ziyang Prefecture has raised its combat power to the top, and it can already kill ordinary gods!"

"Muyun has only five gods after all!"

Many people talked, and some sighed.

Lu Ming's combat power had to marvel at them and admire them.

Therefore, it is a pity that some people secretly, if Lu Ming is stronger, he may really be able to defeat Ziyangzhou.

But now, it is not enough.

Of course, this is a good thing for Han Feng and Qi Ping.

They clenched their fists nervously, their eyes fixed on the battle platform, praying in their hearts, praying that Ziyang could kill Lu Ming.

At least Lu Ming must be abolished.

Because Lu Ming's combat power has already made them panic.

It's a pity that what they want to see has been delayed.

Lu Ming's tenacity, strong metamorphosis.

He clearly fell into the downwind, was completely crushed and beaten, his body was red with blood, and his injury was getting worse, but he insisted on it.

"Do you want to fight again? If you fight again, you may be irreversibly traumatized, which will be detrimental to your future practice!"

Ziyangzhou spoke.

He was not a narrow-minded person. Although he envied Lu Ming's combat power, he was not jealous. He didn't want to see Lu Ming's arrogance abandoned in his hands. It was a pity.

"Do you have this strength? It's not enough to beat me, and I want to hit me hard, it's a little bit worse, ha ha ha!"

Lu Ming laughed and deliberately excited Ziyang Prefecture.

"Humph!"

Ziyangzhou snorted coldly, urged Ziqi Donglaijue and Ziyang Shenquan to the extreme, and suddenly nine rounds of the sun condensed out and pressed against Lu Ming.

"come on!"

In Lu Ming's eyes, a bright and anticipating glory burst forth.

Soon!

He was about to break through. After the war just now, the potential in his body was constantly stimulated. He felt that it was not far from the breakthrough of the sixth level of Divine Monarch.

Only a slight difference, he can break through.

Faced with this violent blow from Ziyangzhou, he showed a mad look. Instead of evading, he took the initiative to rush towards the nine rounds of the sun.

"What is he doing?"

"Death!"

Many people stood up from their seats in shock.

Han Feng and Qi Ping are ecstatic.

Lu Ming was already seriously injured. At the moment, facing Ziyangzhou's full blow, he did not dodge, but he rushed forward and was likely to die under this blow.

Chapter 3775: Breakthrough, Divine King Sixfold

In the eyes of shock, surprise, expectation, worry, and ecstasy, Lu Ming collided with nine rounds of purple sun.

Boom...

A series of explosions sounded, and the sky of purple glow completely submerged Lu Ming.

"How's it going?"

Everyone's eyes were on the battle platform, wanting to see Lu Ming's situation through the purple glow.

Uh!

At the next moment, a figure flew out of the purple glow and smashed heavily on the battle platform.

"It's Lu Ming!"

Everyone was shocked in their hearts, and their eyes stared at it momentarily, not knowing Lu Ming's life and death.

"Not dead, still breath!"

Someone called.

"However, his injury is very serious!"

"It seems that Lu Ming is still defeated!"

This flying figure is indeed Lu Ming, and his injury is indeed very heavy, but it is far less serious than others think.

His injury was recovering quickly, and his fighting power remained at its peak.

Moreover, his potential was inspired.

His bottleneck was broken.

boom!

A strong breath broke out in him, and a beam of divine light enveloped Lu Ming.

This is his potential stored in the cell in advance was stimulated, his injury healed at an alarming rate.

His breath is getting stronger and stronger.

Divine King Sixfold, broke through!

"what?"

Everyone on the scene stood up from their seats, their eyes squinting round, all unbelievable.

Lu Ming, actually in the war, after being injured, broke through?

This is the Divine Monarch Realm, can we also use this method to break through?

Many people feel that their thinking is about to explode and can't keep up with the rhythm.

"Impossible, this is impossible!"

"Fake, fake!"

The most exciting thing was that Han Feng and Qi Ping were both, and the two shouted hysterically, as if they were going crazy.

The head of Wang, Han Ziling and others, with their mouths wide open, were completely dumbfounded.

Breaking through in the war, in the lower realm, or below the **** realm, it is okay, very common, and many demon arrogance can be done.

But in the Divine Monarchy, there were very few breakthroughs in the war, and almost none.

The breakthrough of the Divine Monarch Realm is not a children's play. Who has not accumulated enough after a long period of accumulation, but also has to specifically choose time to retreat, and only after a long time of trial can they break through?

Lu Ming's breakthrough, too, was a play, but he just succeeded.

"How can it be?"

Ziyangzhou was also unbelievable. The purple glow all over him shivered, showing how shaking his heart was.

Previously, Lu Ming said that he would use his power to force himself to push the limits. He thought it was ridiculous and thought it was just Lu Ming's arrogance.

Unexpectedly, Lu Ming succeeded.

He actually became Lu Ming's stepping stone, Lu Ming stepped on his breakthrough and cultivated behavior.

Rao is a good character in Ziyangzhou, and there is also a cold light in his eyes at the moment.

"How about a breakthrough? Still defeating you, Zi Qidong comes to know, come again!"

Governor Ziyang Xiao Xiao, stepping on his feet, his hands condensed the mysterious imprint.

call out!

Outside the sky, another purple air flow flew.

Ziyang Prefecture can actually attract a purple qi.

The gathering of purple qi makes the purple light in Ziyangzhou more intense.

He stepped on the foot and waved his fist. Ziyang was in the air and squeezed towards the landing.

"Come well!"

Lu Ming Changxiao, he has just broken the sixth level of the Divine Monarch, his strength has skyrocketed, and he feels that he has a lot of power to use.

He rushed forward and banged out with a punch.

boom!

The Big Bang of the Void, the violent punch, collided with the purple sun, and burst into a thunderous roar, the strength is like a storm, sweeping all directions.

bump!

This time, a round of purple sun was exploded by Lu Ming.

Lu Ming's figure just shook slightly.

Ziyangzhou's complexion changed, his power burst, and Ziyang's fist burst continuously, a total of nine rounds of purple sun, pressing against Lu Ming.

Countless purple rays of light pierced Lu Ming like a sword.

However, Lu Ming manipulated the gravity beads and exploded into a powerful gravity.

With Lu Mingxiu's improvement, even with the same two gravity beads, the power of gravity is stronger than before.

Under the pressure of gravity, even the battle platform vibrated slightly, as if it could not bear the force of gravity and fell from the sky.

The purple rays of light like swords shattered under the weight of gravity, and even the nine rounds of the purple sun shook and their power was reduced a lot.

boom! boom! boom! ...

Lu Ming rushed up and punched continuously.

The improvement of the cultivation base is also the improvement of the overall combat power.

The power of taboo is more intense, so as to urge various secret techniques, the power is naturally stronger.

Lu Ming instantly blasted hundreds of punches to fight against the purple sun.

Boom...

The continuous roar sounded, the purple sun exploded continuously, round by round, and finally, nine rounds of the sun were all defeated by Lu Ming.

Lu Ming continued to rush towards Ziyang Prefecture.

Ziyangzhou's complexion changed a lot. He didn't expect that Lu Ming just improved his cultivation ability, and his combat power actually improved so much.

However, he was not afraid, and with a sip, purple qi burst, round by round of the purple sun, and condensed out again.

The two of them fought their best in a fierce battle, which was extremely fierce. It was a peak matchup, and it was even more fierce than the previous battle between Ziyang and Fengpeng.

In a flash, it was dozens of tricks.

With the war, Lu Ming's realm became more and more stable, the power penetrated the whole body, and the power of the shot was getting stronger and stronger.

boom! boom! ...

Lu Ming fists in succession, defeats several rounds of the purple sun, and rushes to Ziyangzhou, and punches out with a terrible punch, which penetrates Ziyangzhou's body protector, Ziqi, and the force of violent bombardment in Ziyangzhou. Body.

puff!

Ziyangzhou coughed up blood, his body retreated, and a big hole was blown out of his body, almost pierced through.

Ziyangzhou looked pale.

At this moment, with the cooperation of gravity beads, Lu Ming has surpassed Ziyang Prefecture in combat power.

Previously, Lu Ming was unable to contend with an ordinary **** emperor and master master without the help of gravity beads, but now, after Lu Ming breaks through the sixth level of the **** king, even if there is no gravity bead, he can contend with an ordinary **** emperor. , Plus gravity beads, he can kill such a **** emperor.

His fighting power has already surpassed Ziyangzhou.

Of course, if the fighting strength exceeds one point, it may not be possible to win in many cases.

In actual confrontation, it also depends on playing on the spot, experience in wars, etc.

However, how many of the younger generation can compare with Lu Ming in the experience of war?

Except for Emperor Jianyi, who was killed all the way from the small world, the combat experience can be compared with it. The great arrogance of these great tribes such as Honghuang Universe can't be compared with Lu Ming.

Moreover, Lu Ming has a very strong talent for fighting, not to mention, there is also a word of war.

The word of war strategy can not only improve the combat effectiveness, the deeper the understanding, but also the combat talent.

Chapter 3776: It's annoying to rank too high

Therefore, under the circumstances that Lu Ming's combat power is higher than that of Ziyang Prefecture, it is impossible for Ziyang Prefecture to defeat Lu Ming against the trend, but it is completely suppressed by Lu Ming.

Lu Ming succeeded, and the offensive was like a violent storm, endless, and he was rushing towards Ziyang Prefecture one by one.

Ziyang Prefecture was injured and fell into the downwind. For a time, only the strength of parry, but no strength to fight back.

"This... situation..."

The big brothers of the various forces around looked at each other, and this scene was completely beyond their expectations.

Lu Ming, actually defeated!

Previously, Lu Ming fell completely into the disadvantage. Almost everyone believed that Lu Ming was about to lose. He was not an opponent of Ziyang Prefecture. The loss was too low.

Unexpectedly, Lu Ming was able to make a breakthrough in the war, reversing it in one fell swoop, and now has the absolute upper hand.

This battle, with many twists and turns, has made these big brothers who have seen big winds and waves all have ups and downs and are difficult to calm down.

Han Feng, Qi Ping, was pale, his lips were shaking, as if in a dream.

The head of the king, as well as the Fengdu sword faction, on the contrary, was so excited that he could not hold himself.

If Lu Ming defeated Ziyangzhou, then defeat Feng Peng.

Eight consecutive victories, one thousand six hundred points.

The first place, an extra reward of six hundred points, is the total score of the Fengdu sword faction, can it be up to four thousand, then how many can be ranked?

The top three?

Think about it, the people of Fengdu Jianpai are all excited.

"There is such a hero in the world!"

Han Ziling sighed, and her eyes were splendid, like a spring of water.

Ziyang Prefecture, reluctantly insisted on more than a dozen moves, and finally could not resist, Lu Ming flew out, almost flew out of the battle platform.

"Do you need to fight again?"

Lu Ming came step by step and did not continue to attack.

He has a good impression of Ziyangzhou, and this person also helped him to break through the cultivation practice, and he will not be forced to be too strong.

"you win!"

In the end, Governor Ziyang sighed.

During his heyday, he was not Lu Ming's opponent. At the moment, he was injured and continued to fight. It didn't make much sense. He simply conceded defeat.

Ziyang Prefecture's defeat also means that Lu Ming won.

call!

Many people exhaled for a long time, still with a deep shock in their eyes.

Before this result, no one really expected.

Ever since Ziyang State defeated Feng Peng, everyone thought that Ziyang State took the first place. Unexpectedly, the game was not completely over yet. Lu Ming rose against the trend and defeated Ziyang State, changing the situation.

In the next competition, everyone felt dull and still immersed in the battle between Lu Ming and Ziyangzhou.

Soon, the seventh lap began.

This time, Lu Ming met Feng Peng.

Everyone raised interest and looked forward to a wonderful matchup.

Feng Peng will naturally not easily concede defeat and start a fierce confrontation with Lu Ming.

Feng Peng took the roaming way and wanted to exhaust Lu Ming's power. Unfortunately, choosing the wrong opponent at most only caused some trouble for Lu Mingduo.

In the end, the two sides fought fiercely for fifty or sixty moves, and Feng Peng eventually lost to Lu Ming and was bombed by Lu Ming on the battle platform.

Lu Ming, seven straight.

The rest of the battle is almost the same as everyone guessed, and nothing has changed.

The final battle was even more boring, and there was no strong duel.

The remaining Tianjiao faced Lu Ming and admitted directly.

Others faced with Feng Peng and Ziyang Prefecture, but also directly admit defeat.

Nothing was stirred up.

When the last battle ended, this resource covenant was completely over.

Lu Ming took the first position with a dark horse, winning eight games in a row, helping Fengdu Jianpai to win eight straight games and earning 1,600 points.

There is also a first place award of six hundred points.

Ziyang Prefecture won the second place and rewarded 400 points.

Feng Peng won the third place and rewarded two hundred points.

The game is all over, and then it's time to count the scores.

The head of the king walked past with excitement. In the envious eyes of other major forces, eighteen forces began to rule the score.

In the end, Tianhongjiao won the first place without accident, with the total score first.

After all, the overall strength of Tianhongjiao is too strong, and this is based on the overall score. It is difficult to reverse it by yourself.

The second overall score is Li Chuan family.

Then came the third place, Fengdu Jianpai.

Yes, yes, this time, Fengdu Jianpai ranked third in total.

The elders of Wang Zhangmen and Fengdu Jianpai and other disciples of Fengdu Jianpai shivered with excitement.

And Han Feng, a few people of Qi Ping, shivered uncomfortably.

Of course, there is also a person in the Black Blood Palace, who gritted his teeth one by one, and envied and jealous of Fengdu Sword School.

This time, the Black Blood Palace scored ninth and entered the top ten. It was originally an excellent result. It is a matter of celebration, but compared with the Fengdu Jianpai, the gap is too big. Where else are they? Congratulations?

After the total score is counted, we start to select resource planets.

First of all, the first place is Tianhongjiao. At one time, only three can be selected.

"This selection of purple gold bronze star, blood tear grass star, blood soul flower star!"

Master Tianhong chose three planets.

Others' faces were calm and not too unexpected.

These three resource planets are one of the three best three planets in the iron sea star domain group.

Why is it one?

After all, the Tiehai star field group is so large and has unlimited territory. It has countless resource planets. There are more than three good resource planets.

But there is no doubt that these three resource planets are definitely the most valuable and most suitable for Tianhong teaching.

After Tian Hongjiao's selection, it was Lichuan's family.

The owner of Lichuan World chose three resource planets, and then it was the turn of Fengdu Sword Master Wang.

However, the head of the king did not speak because he was entangled.

Fengdu Jianpai, when did it rank so advanced? In the third place, there are too many good resource planets before him.

In the past, these resource planets were all his dreams, and he could not get them in dreams.

Now, there are so many in front of him at once, really don't know how to choose.

I want this, and I want that.

Can't bear either.

"Hey, the rankings are too high, so annoying!"

Wan Zhang could not help but sigh.

He wasn't showing off, but he couldn't help himself because he was really entangled.

But in the ears of other power masters, that is the display of Chiguo.

Especially the master of the Black Blood Palace, the envious eyes will be prominent.

"Damn the king bastard, isn't it good luck to get a peerless arrogance? Such a bragging, how can this be reasonable, how can this be reasonable!"

The Lord of the Black Blood Hall shouted in his heart, and did not find his face twisted by jealousy.

At this moment, the head of Wang also seemed to find the pair of people around him who couldn't wait to swallow his eyes. He realized that he was high-profile.

Chapter 3777: Elves, fiancée?

The head of the king quickly converged and chose three resource planets.

After the selection, the head of Wang, the elder disciple of Fengdu Jianpai, had a smile on his face like a flower.

Nothing else, with these three resource planets, they will be very rich in the future for a long time, and the strength of everyone will also be greatly improved, and the strength of the sect will naturally increase.

The key is that with good resources, more Tianjiao disciples can be recruited.

People are very realistic. If you have resources, someone will naturally join you and someone will turn to you.

Eighteen forces choose one by one.

There are a lot of resource planets, which can't be selected all at once, but some top resource planets are limited. It's their turn to be ranked lower. Where are the top resource stars, only some general ones remain.

After the eighteen forces chose one round, the second round of selection started from Tianhongjiao.

In this round of selection, each force selects three resource planets in one round, and waits until all the resource planets behind are selected.

It has been two days since all resource planets were selected.

Then, eighteen forces signed an agreement to allocate resource stars.

The resource covenant was laid down by the emissaries of the palace, and all forces must abide by it.

After the agreement comes into effect, the major forces will be allocated and mined according to the previously selected resource planet. If there is a violation, they will be jointly attacked by other forces.

It is only until the beginning of the new resource covenant that the major forces secretly send people to plunder the resources of other resource planets. In fact, this is also a game method that the major forces all default on.

After everything was arranged, Lu Ming followed Wang Zhangmen and returned to Fengdu Sword School.

He did not find that in the area where Tianhong taught, there was always a gaze staring at him, blinking uncertainly.

This look is the man who was wearing a white robe and wearing a white hat, and even the Tianhong leader respected him respectfully.

After returning to the Fengdu sword faction, Fengdu sword faction shook up and down after learning the results of this time, and everyone was shocked by Lu Ming's record.

When the Fengdu sword faction learned that Lu Ming was a disciple of the Fengdu sword faction, it was even more shocked.

Many people were unbelievable. They secretly investigated Lu Ming's identity. Upon investigation, they found out that the Fengdu Jianpai did indeed have this person, Muyun, who was indeed the Fengdu Jianpao, just Usually too low-key, too uncommunicative, like to practice alone, there are few people who have really seen him.

In this way, Fengdu Jianpai fry up and down, everyone praised.

Of course, many praise Lu Ming, but more praise the king's head.

The head of the king secretly cultivated Lu Ming's awe-inspiring arrogance.

After hearing this, the head of the king stunned for a while, and then admitted cheeky.

Of course, to congratulate Lu Ming, it was actually a stumped person, and there were more. Lu Ming received a bit of a scalp, but after a few days, Lu Ming was very annoyed. Out.

In fact, he is really retreating.

At the beginning, many of the secret techniques he had obtained had not yet been completed.

The Resource Covenant has ended. It is just a matter of time to complete the remaining secret techniques.

Time flies, a year later, Lu Ming finally cultivated all the remaining secrets in his hands, and turned them into secret runes, which were integrated into the cells.

As a result, there are as many as five hundred and fifty kinds of secret techniques controlled by Lu Ming.

After refining various secrets, Lu Ming took out a piece of white bone beads and began refining.

Before Lu Ming broke through the sixth level of the Divine Monarch, the energy stored in the cells consumed more than half of it, already less than 50%.

The energy of the bone beads is extremely pure, and even the emperor's eyes are red, one can imagine.

It is very easy to absorb, and it is constantly integrated into Lu Ming's cells and transformed into Lu Ming's potential.

Within a day, the energy of one bone bead was completely absorbed by Lu Ming. Lu Ming was about to take out another one and continue to absorb it. At this time, someone came.

It's the king.

He brought a young woman to Lu Ming's residence.

When Lu Ming saw Wang's head, he was a little surprised.

Because the young woman walked ahead, Wang Zhangmen vaguely trailed the woman by half a step, and she looked respectful.

"What a pretty woman!"

Lu Ming looked at the young woman's eyes.

Young woman, looking around eighteen, with a long emerald green dress, fair skin, delicate facial features, very beautiful.

Among all the women Lu Ming has seen, she is the top, after Qiuyue, Xie Nianqing and others.

The most special is the ears of women.

Her ears are pointed, and this is different from the human race. It looks no different from the human race elsewhere.

"Elf race!"

Lu Ming moved.

The ear-piercing, the most famous is the elves who rank 36 in the Honghuang Wanzu list.

No. 36 on the Honghuang Wanzu list is undoubtedly a terrifying top clan. It is not as strong as 99 Ziyang clan.

No wonder Wang's head is so respectful to this girl.

"Wandering girl, this is Muyun!"

Wang Zhang's chief said that Landing Ming introduced.

"I know, I have seen it!"

The elven woman opened her mouth, her voice was crisp and nice, and then looked at Lu Ming carefully and said, "Mu Yun, come with me, my lady is waiting for you!"

"Miss your family?"

Lu Ming was slightly surprised.

And the other party said that he had seen him, but why did Lu Ming never see him?

Is it in the resource covenant, after all, the resource covenant, there are many people watching the war, it has been normal to see him.

"Yes, let me tell you the great news. You are my fiancé of my young lady. Now go see my young lady with me, and then return to the elven race to get married!"

Wraith Road.

"Wh... what?"

Lu Ming's voice rose suddenly, his eyes suddenly widened, and his face was incredible.

What's happening here?

When did he become someone's fiancé?

And the other party is still an elven race, what's going on? Is it the 'Muyun'?

Lu Ming thought of the person who was his substitute, Fengdu Jianpai, the real Muyun.

But according to the news provided by Fengdu Jianpai, that Muyun is a complete waste, how could there be a fiancée of the elven clan?

And the other party's identity does not seem low, how is this possible?

Conspiracy is definitely a conspiracy!

Aside, Wang Zhang's door was also gaping, completely ignorant, obviously do not know what is going on?

"Why? Are you unwilling?"

Wraith frowned.

"This...wandering girl, are you mistaken? I am just an ordinary disciple of Fengdu Jianpai. How could it be worthy of your lady? Please make sure to investigate it!"

Lu Ming bitterly persuaded.

Chapter 3778: Refused

The wandering brow frowned, glared, and said, "Are you called Muyun? Are you a disciple of Fengdu Jianpai?"

"This... yes!"

Lu Ming can only admit that he dared to scalp.

"That's not enough, you and my lady are married by fingertips. You may not have memory, but your parents must have memory!"

Wraith Road.

"That... I'm alone now. I have never heard my parents mention it before, wandering girl. After all, there are many people with the same name and surname. I think you must have made a mistake!"

Lu Ming defended.

In exchange for others, an elven elder lady suddenly came to the door and wanted to marry him. She must laugh.

The elves, in the wilderness universe, are notoriously beautiful races.

Handsome men, beautiful women.

You can see this wandering spirit.

But Lu Ming can't do it. He already has a wife's room. How can he marry someone else?

He can never agree.

"You... what's the matter with you? My young lady is going to marry you. That's the blessing you have made in ten lifetimes, no, one hundred lifetimes and one thousand lifetimes!"

"Do you know who my girl is? My girl is named Ling Yuwei, but it is one of the twenty pearls recognized by the Honghuang Universe. You actually pushed three and four. Do you know how many people are pursuing my girl? It's all starry, do you know?"

Wandering's eyes widened and he screamed angrily.

A disciple of the Fengdu Jianpai, her young lady would marry her, and she actually pushed three obstacles and four reluctances. What a reluctance.

If he hadn't seen Lu Ming shot, and had some talent, he had already slapped on Lu Ming's face.

Nevertheless, Lu Ming thought she was worthy of her family?

I don't know what her young lady thinks. Although Mu Yun's talents are amazing, she is not without the existence of the gods in the pursuit of her young lady. Why choose this kid?

Is it really because of the marriage contract?

"Twenty Pearls of the Universe, Ling Yuwei..."

Lu Ming dumbfounded.

Ling Yuwei's name, of course, he knew.

There is a fantasy **** jade. In these vast universes, how can he not know the exuberant arrogance of the magnificent and magnificent?

The world is proud of the Honghuang Universe List.

The twenty pearls in the Honghuang Pearl List are all leaders of the younger generation in the Honghuang Universe. Every one of them will cause a sensation. The most talented hero, he has seen it several times.

Ling Yuwei, the princess of the elven race, has an extraordinary style, unparalleled appearance, and is also extremely talented in cultivation.

The Honghuang Universe Pearl List lists only 20 pearls.

Therefore, it is not possible to be on the list of pearls if they are beautiful.

The Honghuang Universe has countless creatures and countless beautiful looks, but if you want to be on the list of pearls, you must not only look beautiful, but also have a terrifying talent for spiritual practice.

Therefore, the pearls on the Honghuang Pearl List not only look beautiful, but also all are unique arrogances. Some are still the arrogance on the Honghuang Universe List.

Lu Ming never thought that such a beautiful girl would actually find him married?

On the side, Wang Zhangmen's head was also dumbfounded.

"This feast is too sudden, but I am blessed to suffer!"

Lu Ming sighed.

Seeing Lu Ming and Wang Zhangmen's appearance of dementia, the spirit wandered with pride and said, "Now you know that you have been blessed for several lifetimes, okay, now follow me, of course, with my family It's impossible to marry you as a lady, so you need to go into trouble. Do you understand? Let's go!"

After You Ling finished speaking, she would leave when she turned around. She was sure that Lu Ming would follow her after hearing Ling Yuwei's name.

In the vast universe, few men can refuse this condition.

Unfortunately, Lu Ming refused, so he stood still.

The wandering walked a few steps, and found that Lu Ming didn't keep up, stopped and turned around, looking at the landing in a strange way and said, "You, don't you keep up?"

"I think you should have made a mistake. My parents have never mentioned it before!"

Lu Ming said it seriously.

"You... you are a fool, stupid pig, are you a man?"

The wraith is anxious.

She originally thought that the mission of this trip would be very simple, just to inform it, and to Lu Ming, Lu Ming still not followed her back?

She never thought that Lu Ming actually refused? It's just a lump of elm.

"You can call me stupid, but you can't doubt if I am a man. Do you want to check it?"

Lu Ming said.

"You...you...shameless, hum, I'm too lazy to care about you!"

Youling's flushed face rose, and she stomped her feet and turned away.

"Brother Mu, this is a great opportunity, how can you refuse it!"

It was a pity that the head of the king shouted.

Lu Ming is now also a disciple of Fengdu Jianpai. If Lu Ming is married to the elven princess Ling Yuwei, then Fengdu Jianpai will take the elven tribe. In the future, in the Tiehai star field group, which force? Dare to fight against them?

Lu Ming frowned and said, "Wang's head, I want to know, the details of that 'Muyun', did you find out why he has an extra fiancé and is still a princess of the elven tribe?"

"This...I don't know!"

The head of the king is completely puzzled.

The original Muyun was just a discreet disciple of the Fengdu Sword faction. The talent was average and extremely low-key. The Fengdu sword faction did not have a reputation. How could it be related to the elven princess who is high above?

Fengyun Jianpai's Muyun, and the elven princess Ling Yuwei, that is entirely the difference between earthworms and Shenlong.

Do these two have a marriage contract?

They didn't believe it.

"Master Wang, I hope you will send someone to check the details of the "Muyun" carefully and see if the bottom is true, if it is fake..."

The cold light flashed in Lu Ming's eyes.

If it is a fake, the princess of the elven eldest marriage will marry him, there must be conspiracy.

"Okay, I'll send someone again and check it carefully!"

The head of Wang calmed down and felt something was wrong.

Soon, the head of Wang left, Lu Ming frowned and thought.

He always felt that this matter was not that simple, but there was no clue. After thinking for a while, he couldn't get a reason. He could only give up and continue to practice.

The secret technique in his hand has been completed, he put more energy on the war character and taboo power.

It is worth mentioning that after such a long period of comprehension, as well as the previous series of battles in the Resource Covenant, his comprehension of the war character tactics finally broke through.

He has been able to trigger the warfare tactics six times the combat power, but the probability is not high, only about one-third of the probability.

Chapter 3779: This is real

The tactics of war, the source of war, the more difficult it is to cultivate to the back, the greater the difficulty of comprehension.

It has been a long time since he cultivated the warfare tactics five times to 100% success rate. During this time, he did not give up his comprehension of warfare tactics. .

It took a long time to practice to break through.

Of course, you need to continue to deepen your understanding in order to increase the success rate of triggering.

Six times the fighting power is more difficult than before.

Lu Ming didn't wait too long. After about seven days, the head of Wang came again.

"Master Wang, how is the investigation going?"

Lu Ming asked.

"This one..."

Wang Zhangmen's face looked a little weird and said, "Mr. Yunyun, we didn't investigate clearly before, it was my mistake!"

Lu Ming raised a bad hunch in his heart, saying: "Wang Zhang, what do you mean by this?"

"I mean, Muyun, and the fairy princess, really have a marriage contract!"

The head of the king said that when he said this, he even felt incredible.

Lu Ming was stunned.

"This is the case. Although there were few people in Muyun before, but after some investigation, we still found clues. Muyun had an old housekeeper who knew everything about Muyun, but his father After his death, the old housekeeper also left Muyun and moved to another place to live. We also spent a lot of time to find the old housekeeper!"

The king said.

Lu Ming frowned. He knew that the reason why Wang Zhangmen did not bring the old housekeeper was because he was afraid that he was not a real Mumu.

Wang Zhangmen continued: "According to the old housekeeper, when Muyun was not born, Muyun's father once saved a person, and later confirmed that that person is now the grandfather of the elven princess Ling Yuwei, also It was the elder patriarch of the year!"

"At that time, there was a major disturbance in the elven clan. The elven clan chief was fleeing and was seriously injured and dying. Fortunately, the father of Muyun rescued him. Muyun is not yet born. During pregnancy, the elf patriarch married Muyun's father in order to repay Muyun's father and made a marriage contract!"

"Really?"

Lu Ming was dumbfounded and thought he was dreaming.

Just find someone to replace your identity, there are so many things.

"At this time, it should be true, the elf clan was in turmoil, and the universe is known!"

"Later, the elf patriarch took care of the wounds and summoned elven clan masters to kill him back and suppress the rebellion. However, because he was too injured, the secret injury occurred, and he did not live for many years before falling!"

"He fell behind, and now the elven patriarch succeeds, that is, Ling Yuwei's father, but at this time, something happened!"

The head of the king continued.

"Elf clan, don't you recognize it?"

Lu Ming guessed.

"Yes, after Ling Yuwei was born, he showed a terrible talent. He was unparalleled in talents and unparalleled in style. However, Mu Yun's talent is mediocre, which is very different from Ling Yuwei!"

"And, when Muyun was young, his parents both passed away. After the death of Muyun's parents, he completely broke off contact with the elven clan, and the old housekeeper also left. This matter has never been the case. After all, there are not many people who know, I didn't expect..."

The head of the king's head is a little complicated.

Lu Ming stunned, dumbfounded, dumbfounded.

Such a **** thing can also be encountered by him.

He just wanted to find someone to replace his identity casually, and now the elven princess came out.

"Have you ever seen that Lu Ming?"

Lu Ming asked.

He is worried about this problem. If the elven people have seen MUYUN, then as soon as they meet, they will know that he is fake. It is easy to judge based on the breath of life.

"It should not be. According to the old housekeeper, after MUYUN was born, he has never seen an elven person!"

The king said.

Lu Ming secretly breathed a sigh of relief.

But think about it too. After the elder clan elders suppressed the elf clan rebellion, the old injuries fell within a few years. In addition to the elven clan elders and other elven clans, they simply looked down on MUYUN and his father.

After all, the gap between the two sides is too big.

The elven people are normal even if they don't see MUYUN.

But now, why did the other party suddenly come to him?

"Brother MUYUN, I estimate that it is likely that your performance in the resource covenant was seen by the fairy princess. I got the news that when the resource covenant, a big elf clan came here, and Tianhong Jiao received it!"

"Maybe it was the fairy princess who saw your talent and was impressed by your talent and heroism, so she accepted the marriage contract, which is also an opportunity for you..."

Wang Zhangdao said, of course, he wanted Lu Ming to agree to this marriage contract.

"I am me, not the "MUYUN" of the Fengdu sword faction, this is impossible!"

Lu Ming directly refused.

Wang Zhang was speechless and couldn't figure it out. Lu Ming faced this temptation and refused.

Instead, it was him, who agreed long ago.

Wang Zhang left, Lu Ming frowned and thought.

Do you want to leave?

However, this identity was obtained by him with great effort, and it was really suitable. Not many people have seen him and went to other places, and he may not be able to find such a suitable identity.

Without a suitable identity, it is difficult to become a heavenly soldier.

Lu Ming is really a headache.

"It doesn't matter, as long as I don't want it, then Ling Yuwei, can Ba Wang's bow fail?"

Lu Ming figured it out and decided to be bothered to continue to practice with peace of mind.

However, there are no impenetrable walls in the world, and this matter was still spread out, and it spread to Fengdu Sword School up and down at an alarming rate.

Countless disciples of Fengdu Sword School knew that they were envious, jealous, and hateful to Lu Ming.

When they knew that Lu Ming actually rejected the elven princess, they even shocked their eyes and insulted Lu Ming silly.

Some people even thump their chests and want to replace Lu Ming.

Especially after Qi Ping knew this news, he was almost jealous.

"Cang Tian is unfair, Cang Tian is unfair, Mu Yun, how can you have such good luck?"

Qi Ping shouted in his heart, he had seen Ling Yuwei's appearance in the dream space, and he was shocked.

Such a proud daughter of heaven was actually Mu Yun's fiancée, and the fire of jealousy was about to burn himself up.

However, when he heard Lu Ming refused, he was ecstatic, and accused Lu Ming of being an idiot, a fool. Such an opportunity would be rejected.

"I heard that pursuing Ling Yuwei's arrogance, line up to be able to spare Fengduxing a circle, the kid from Muyun, actually had a marriage contract with Ling Yuwei, hehe..."

Qi Ping's eyes turned and he sneered a few times.

Chapter 3780: All ancestors come home

Qi Ping showed a conspiracy smile, and then took out the fantasy **** jade and sent a message in the fantasy **** jade.

It was the news that Lu Ming and Ling Yuwei had a marriage contract. Moreover, it was clear that Lu Ming rejected Ling Yuwei.

As soon as this news came out, it exploded the vast universe.

Countless days of arrogance have exploded.

Standing high, Ling Yuwei, the princess of the magnificent elves, actually had a marriage contract?

And the object is actually a disciple of an ordinary cosmic force. Many people have not even heard of Fengdu Jianpai.

This is simply putting chicken and phoenix together.

The key is that the elf princess Ling Yuwei is also planning to marry this person.

More importantly, this kid named Muyun also refused, refused...

Countless days of arrogance seemed to have been hit hard, and it felt so painful, and then his eyes looked bright.

"That Muyun, I don't know the blessings I have cultivated for several lifetimes, I actually have a marriage contract with Princess Yuwei, and, actually, I refused. Doesn't it matter, who he thought he was?"

"Damn, where is the Fengdu sword faction? I'm going to find him!"

"I'm going to scrap that kid!"

Many people shouted and spoke in the fantasy space.

They are struggling to pursue Ling Yuwei, but Ling Yuwei birds do not bird them, but Muyun.

Ling Yuwei took the initiative to marry Mu Yun, but he actually refused Ling Yuwei, so what is their comparison? Spicy chicken?

This is a great blow to their self-esteem.

In their view, Lu Ming was hitting their faces.

Therefore, countless Tianjiao made a speech, to kill Fengdu sword sent here, to Lu Ming good-looking.

At the same time, these Tianjiao also hold a kind of thought, they want to step on Lu Ming under their feet, let Ling Yuwei look, who is a genius?

It is the one who deserves her Ling Yuwei.

For a time, many Tianjiao inquired about the location of the Fengdu sword faction and inquired about this person.

In the Fengdu sword faction, Qi Ping saw the news in the dream space and smiled proudly.

"Lu Ming, this time, how do you die?"

Qi Ping sneered, he thought for a while, and then sent a message in Dream Space.

Of course, the name of his dream space is naturally not the real name, otherwise he would not dare to issue it.

In the fantasy space, he mentioned that Lu Ming's combat strength is not weak, and he defeated the Ziyang state of the Ziyang clan by virtue of the six levels of Divine Monarch.

The reason why he heard this news, but not to raise Lu Ming, to help Lu Ming fame.

His purpose is to let the Tianjiao of all ethnic groups know Lu Ming's combat power, and then come to some stronger geniuses, not some useless, but not Lu Ming's opponents.

When this news came out, it caused a big shock.

Ziyang Prefecture, anyway, is also the arrogance of the top 100 races. In the field of the quasi-imperial class, it is very famous in the entire wilderness universe.

And Lu Ming, who is only the sixth heavy god, can actually defeat Ziyangzhou?

Do not believe!

After seeing this news, Tianjiao couldn't believe it at all.

"Oh, a disciple in a horned corner, actually said that he defeated Ziyangzhou by virtue of Shenjun Sixfold, which is ridiculous!"

"Tianda's joke, I guess it's the news that Muyun told people to want to scare us away, but it's just too ignorant. The Divine King is sixfold and can defeat Ziyangzhou. Or the hero of Tiangong?"

"Big talk, don't be afraid to flash your tongue, stupid!"

Below the message sent by Qi Ping, a bunch of people replied. Of course, they all scolded Qi Ping and ridiculed him.

Qi Ping was also dumbfounded when he saw it, but didn't expect it to be the result.

"Huh, no matter, as long as there is a master to destroy Muyun's guy!"

Qi Ping sneered.

During this process, Ziyang Prefecture has never come forward to defend itself.

Presumably, he lost to the hands of a six-folded prince, and he didn't have a face to say much.

Lu Ming did not expect that it would cause such a big wave.

It was half a month after he saw the news of Dream Space.

At this time, Dream Space had already exploded, and many Tianjiao had already set off to find Lu Ming.

"Wo Nest, who leaked the news?"

Lu Ming was furious.

At this moment, Lu Ming's complexion changed, and he looked away.

Boom...

In the distance, a strong breath rose up, like a gust of wind, permeating towards this side.

Then, one figure after another appeared in the sky.

All are young men, dozens of people, coming here at a very fast speed.

Soon after, dozens of masters surrounded Lu Ming where he lived.

Lu Ming frowned, stepped out, and came outside the courtyard.

Dozens of eyes fell on Lu Ming.

"You are Muyun?"

A sturdy young man stared at the land and asked.

"Not bad!"

Lu Ming nodded and glanced around, not seeing the Fengdu sword faction, nor Wang Wangmen and others.

In his expectation, the men of the king and the Fengdu sword faction did not dare to appear.

Obviously, most of his location was also informed by Fengdu Jianpai.

These dare to pursue Ling Yuwei, who are qualified to pursue Ling Yuwei's arrogance, almost all come from the big clan on the Honghuang Wanzu list.

It doesn't have to be an identity status. How can one be qualified to pursue Ling Yuwei?

So these arrogances, the Fengdu sword faction did not dare to offend. They can do the same without help. It's already pretty good.

After hearing Lu Ming's confession, these days of arrogance, a fire will burst out in each eye, and a cold breath will fall on Lu Ming, his eyes sharp as a sword, as if to see Lu Ming through.

"Sure enough, it's just the sixfold god!"

"Such a person, in the Fengdu Sword School in every district, may be regarded as a genius, but if it is placed in the Honghuang Universe, it is nothing. How can it be worthy of Princess Yuwei!"

"What's even more abominable is that he actually rejected Princess Yuwei. What is he thinking of himself? A spicy chicken!"

"It's ridiculous to actually find someone in Fantasy Space and beat Ziyangzhou. This is the result of ignorance!"

Unhappy, the sound of jealousy sounded.

Lu Ming was not pleasant to hear. What happened to me and Ling Yuwei?

"I still have to practice, you have nothing else, please leave!"

Lu Ming said lightly.

"Oh, now, this kid is still pretending to be x, this is ridiculous!"

Someone sneered.

"How? Who did this person hand over to?"

Someone looks at others.

"Every **** is sixfold, we can suppress him with just one person, but kill the chicken with a slaughter knife, I can do it. You use the magical **** jade to suppress the picture of this kid and synchronize it into the fantasy space. Well, let everyone see the kid's joke."

A young man with two noses stepped out and made his debut. This man, with his eightfold cultivation practices, is the arrogance of the multi-nosed tribe in the vast universe.
