

D Emperor 3811

Chapter 3811: Gas Nine Silkworm

Everyone was dumbfounded and dumbfounded.

Lu Ming has actually mastered a three-thousand-year-old mystery technique. All along, Lu Ming still has a hole card.

How can a man with seven princes be so strong?

"Boy, what kind of ancient secrets are you from?"

Nine silkworms, staring at the land screaming.

"Great Kamikaze!"

Lu Ming said.

"Great Kamikaze!"

Nine Silkworm's eyes were fierce, staring at Landing Ming, and said, "Boy, give me the Great Divine Wind Technique, and then as long as you kneel to admit defeat, I can save you from abandoning this one!"

"Ha ha!"

Lu Ming sneered.

He can only sneer. This Nine Silkworm is probably used to being superior since childhood. Although his talent for cultivation is high, his IQ is really not high.

Seeing that he has used the Great Kamikaze technique, he is still so confident. How can he be confident if he looks like Lu Ming?

"Why are you laughing?"

Nine Silkworms felt Lu Ming's sarcasm, and his eyes were cold.

"Laughing? Laughing you too pretentiously, tell you, you are nothing in my eyes, understand?"

Lu Ming said.

"you wanna die!"

Nine silkworms shouted.

"It's this sentence again, can't you change the line? So, you want the Great Kamikaze, I will give you a chance, let's bet, how?"

Lu Ming said.

"What bet?"

The Nine Silkworms said.

"We are betting on whoever loses and who wins and whoever loses, we must hand over the three thousand ancient secrets to the winning person. If I lose, I will give you the Great Divine Wind Technique and join you. If you lose, you will give me the big fragmentation technique, how?"

Lu Ming said the purpose in his heart.

"I won't lose!"

The Nine Silkworms are still very confident.

"If you want to say that, then it will be boring. If you don't fight this battle, leave!"

Lu Ming turned to leave.

"Wait!"

The Nine Silkworm Master shouted, How could he let Lu Ming leave, Great Divine Wind Technique, he was determined to get it.

"Gamble?"

Lu Ming stopped and turned.

"Okay, I bet, whoever loses, will hand over three thousand ancient secrets!"

The Nine Silkworms said.

The people around were immediately excited.

Lu Ming and Nine Silkworms actually have to bet on the three thousand ancient secrets. In this way, the two will definitely fight hard. This battle will be very good-looking, and there will also be a collision of large ancient secrets. , Which is extremely rare.

boom!

Lu Ming and the Nine Silkworms stood on the battle platform, erupting a strong breath, the breath was like two smoke, colliding together.

Buzz!

Lu Ming waved his hand and continued to control the gravity beads. The gravity of the three gravity beads all exploded. The terrible gravity pressed against the nine silkworm Buddha.

The gravity of the three gravity beads exploded in full force, and the power was extremely terrifying. Even if the monarch artifact was enveloped, it would be crushed instantly.

Nine silkworms have also been greatly affected.

He was full of fighting power, using the big fragmentation technique as a frontier, breaking through gravity, and confronting Lu Ming.

Lu Ming also exhibited the Great Divine Wind Technique, with the Great Divine Wind Technique as the core, a variety of secret techniques, and the forbidden force as the twisting axis to attack the nine silkworms.

Boom!

The fierce confrontation between the two, the quasi-eye battle fierce dozens of moves.

Lu Ming's full combat power, combined with the Great Divine Wind Technique, finally blocked the attack of the Nine Silkworms. For a time, the two men's battle was evenly matched.

"It's awesome. I didn't expect Muyun's Great Kamikaze to actually reach this level, so terrible power!"

"This Muyun looks very young. Looking at the source of life, it seems that it is not more than 10,000 years old. At this age, it is so terrifying, it is a miracle!"

"This kind of talent is really amazing!"

Many people sighed.

Although the three-thousand-year-old mystery technique is rare, it will still be obtained by someone who is so large in the vast universe, but it is one thing to get it. Whether it can be cultivated and succeeded is another thing.

In fact, many people get the three thousand ancient mysteries, and spend their efforts to practice, but in the end, they end in failure, and eventually go back to practice the original secret.

Surgery is a good technique, but it also depends on the person who uses it.

However, what they did not know was that Lu Ming only practiced the Great Kamikaze technique for more than a year.

If you know, it is estimated to shock your eyes.

Lu Ming has practiced to this point for more than a year, and it broke out, which is not weaker than the Nine Silkworm Master's Great Fragmentation technique, which of course is related to his talent perception.

Ever since he merged the power of taboo and became the body of taboo, Lu Ming discovered that his perception is getting more and more terrifying.

It seems to be constantly improving.

It's no wonder that the taboo body can be called a taboo, and even the Tiangong is afraid, it is not without reason.

Lu Ming is now able to practice ordinary secret techniques, and he can succeed in any practice.

In addition to the environmental reasons, in the environment of strong winds, the practice of the Great Divine Wind technique complements each other and is faster. Therefore, Lu Ming has been practicing for more than a year, but his power is comparable to that of the nine silkworms.

The two men fought dozens of moves, both of which were equally divided, and the Nine Silkworms were agitated.

You know, his purpose here is to suppress Lu Ming strongly, countless people are watching it, even Ling Yuwei is watching, but now, he can't take Lu Ming.

He was so angry.

"Boy, let me die!"

The Nine Silkworms roared, and the offensive was even more violent.

It is a pity that he is unable to exert all his strength under the pressure of gravity, and he cannot defeat Lu Ming.

"Nine Silkworm Master, I heard that you have practiced the Great Fragmentation Technique for thousands of years. Is this power? It's ridiculous, and I said that I am a genius. , Three Thousand Great Ancient Secret Techniques, such a secret practice technique, you have to spend thousands of years to practice, which is really shameful!"

Lu Ming laughed.

"More than a year?"

Everyone who heard this was stunned at first, and then shook their heads. They did not believe at all.

For more than a year, can you practice Great Kamikaze to this level?

So possible?

"Nonsense!"

The Nine Silkworms roared, and he did not believe at all.

If Lu Ming practiced the Great Kamikaze to this level for more than a year, then what is he, spicy chicken? No, not even spicy chicken.

He couldn't accept it.

"It's sad that I don't want to accept the excellence of others because of my spicy chicken!"

Lu Ming said very narcissistically.

"Impossible, you never want to use this method to disturb the state of mind!"

The Nine Silkworms shouted.

Others also nodded, thinking that Lu Ming said this deliberately, with the purpose of disrupting the Nine Silkworm's state of mind, so that the Nine Silkworm could expose his flaws.

This point, they guessed right. Lu Ming really wanted the Nine Silkworms to show flaws, but what he said was also true. Of course, no one would believe it.

"Nine Silkworm, is this your fighting strength? What do you use to suppress me? If you go on like this, you will lose!"

Lu Ming continued.

"Ah, die for me!"

The Nine Silkworms shouted, and his state of mind was indeed a bit chaotic.

Chapter 3812: Start to play

First of all, Nine Silkworm's pre-confident appearance seemed to suppress Lu Ming, and it was enough to turn over his hands, but now, he can't fight for a long time, and he can't even get the upper hand.

He is in a hurry!

In addition, Lu Ming said that he practiced the Great Divine Wind Technique to such a point in one year. Although he didn't believe it, there is no doubt that Lu Ming's practice time of Great Divine Wind Technique is definitely shorter than him.

For him, it caused a trace of influence.

Therefore, his state of mind is already a bit chaotic, and he wants to suppress Lu Ming as soon as possible.

When the state of mind is chaotic, flaws will naturally appear.

The Nine Silkworms glowed all over, his eyebrows flew out of a jade sword, screamed out, and slashed towards the beads of gravity.

He was very uncomfortable with the gravity of the gravity beads, he had to break the pressure of the gravity beads.

when!

Jade Sword chopped on the gravity bead and made a roar. Unfortunately, the gravity bead was indestructible and could not be broken at all. It was only back some distance, and gravity was still strong.

"It's now!"

Lu Ming's eyes flashed and caught the flaw of the Nine Silkworms.

Lu Ming's body suddenly changed, like a phantom, rushing to the Nine Silkworms, the speed suddenly increased.

Great Divine Wind, since it is related to wind, can not only increase Lu Ming's attack power, but also increase Lu Ming's speed.

咻咻咻!

Lu Ming suddenly appeared on the left side of the Nine Silkworms. His palm was like a sword, and he punctured 36 times in an instant, all blasting to the three flaws of the Nine Silkworms.

Everything happened between electro-optical flint and it was so fast that many people did not react.

The Nine Silkworm Master deserves to be a peerless demon. He reacted and instantly changed his figure, his legs were like a gust of wind, kicked out, and at the same time his palm was like a sword, slashing to Lu Ming's neck.

In this way, two of the three flaws disappeared and he made up for it.

However, there is one more!

puff!

Lu Ming's palm tip stabbed Nine Silkworm's chest.

The power of terror suddenly tore the defense of Nine Silkworms. His musculoskeletal was torn by the power of terror, and a blood hole appeared in his chest, which was translucent.

The Nine Silkworm screamed, his body receded in madness, and at the same time he operated the divine power, sealing the wound and trying to fight back.

But would Lu Ming give him such an opportunity?

One move to injure the Nine Silkworms and prevail. The result of the Nine Silkworms is already doomed.

咻咻咻...

Lu Ming's offensive is endless and his attacks are all over the sky.

bump! bump!

The Nine Silkworm Master was hit again and again. Rao was so amazing that he couldn't stop Lu Ming's attack. Several wounds appeared on his body.

In particular, Lu Ming swept his head with a stroke, almost bursting the head of the Nine Silkworms.

However, the Nine Silkworm Master was indeed powerful, and his physique mysteries were also practiced to an astonishing level. He stifled this trick, but although his head did not explode, it was also greatly affected.

The soul was greatly shaken, and he was in a daze for a while, with two eyes staring at Venus.

The Nine Silkworms knew what was going to happen, burst into a roar, launched an overlay attack, used both hands and legs, swept all directions, and wanted to push Lu Ming back.

But Lu Ming easily evaded his attack and appeared on the head of the Nine Silkworms. He kicked fiercely on the Nine Silkworms face and flew the Nine Silkworms out.

Nine Silkworm's body, like a broken sack, flew out of the battle platform, lay on the ground, and hummed for a long time before climbing up, looking at Lu Ming with murderous eyes.

"Nine Silkworms, you are defeated, hand over the big fragmentation technique!"

Lu Ming said.

"Hand over the Great Fragmentation, you don't think, kid, a disciple of Fengdu Jianpai in every district, dare to conquer my Great Fragmentation, I want you to die, not only you, I want you Fengdu Jianpai to be buried with him, I want to destroy your door!"

The Nine Silkworm screamed hysterically, a face with a twisted face was not ridiculous, and his eyes were full of crazy killing opportunities.

He was really going crazy, so angry.

He actually lost in Lu Ming's hands, he is difficult to accept.

You know, now there are countless people watching it through the fantasy **** jade, especially the fairy princess Ling Yuwei, it is also very likely to watch, he was ashamed but completely lost.

At the thought of this situation, he wished to unload Lu Ming eight and put Lu Mingling to death.

He hated, he hated Lu Ming why he should resist, why not obediently suppress him, obediently let him pretend to be b.

"Oh, this is the arrogance of the ranks of the top 100 of the quasi-empirical top 100, the ultimate demon of the silkworm family? Actually such a thing, it is not a word, and if you lose, you regret it directly!"

Lu Ming sneered.

"Shut up for me, you mean thing, shut up..."

The Nine Silkworms roared.

Lu Ming will naturally not shut up and continue: "You just said you would send someone to destroy me? Do you want to destroy Fengdu Jianpai? You, brothers and sisters of the entire universe, you see, this is what nine silkworms said, He wanted to rely on the Tian Silkworm Clan to destroy my Fengdu Sword School. If something happens to the Fengdu Sword School, it must have been done by the Tian Silkworm Clan. You must preach justice, and there is the Tiangong Palace, to preach justice..."

Lu Ming shouted.

Everyone looked at each other.

"Fuck things!"

Some of the strongest of the silkworm clan also watched through the fantasy **** jade.

Scolding nine silkworms, also scolding Lu Ming.

Nine silkworms were defeated, and they even talked nonsense. They repented in a large crowd and wanted to retaliate, which is really shameful.

Lu Ming said that since then, the Fengdu sword faction can't really have an accident. Once an accident occurs, it will depend on the Tianmian tribe.

Although the silkworm clan did not put Fengdu Sword School in their eyes, but they really wiped out the Fengdu Sword School, then their reputation will be stinky, who will cooperate with them in the future?

Not only that, the hostile race will use this as an excuse to make trouble for them.

As Lu Ming said, not only can the Tian Silkworm clan not move the Fengdu Sword School, but also prevent others from moving the Fengdu Sword School, or they will have to rely on them. .

No wonder some masters of the Tianmian tribe are going to scold their mother.

The Nine Silkworm Master also calmed down slowly, knowing that it was impossible to destroy the Fengdu Sword School, but it was possible to kill Lu Ming, as long as he secretly shot.

He was extremely cold in his heart, staring at the land with a fierce star, like a beast that ate people.

Lu Ming, he will kill!

Today, he is so embarrassing that he cannot be forgiven.

"Nine silkworms, haven't you handed over the big fragmentation technique yet? The celestial silkworm race is also considered a big race, and the arrogance that came out is just such an unbelievable person like you?"

Lu Ming forced him to stare at Nine Silkworm.

"I just don't pay, what can you do with me? How dare you do with me?"

The Nine Silkworm sneered. He simply succumbed to it. Anyway, he was ashamed. He didn't lose more, he just didn't pay.

He had worked hard to get the big fragmentation technique and gave it to Lu Ming? He may vomit blood.

Chapter 3813: If you don't pay, I will call you

Nine Silkworm arrogantly watched Landing Ming.

He is the peerless evildoer of the Tianmian clan. Now that he is in full view, he does not believe how Lu Ming dare to treat him.

"Fuck things!"

Many former strongmen of the silkworm clan scolded, and the nine silkworms really lost the face of the silkworm clan.

The remote and remote planet, the elven princess Ling Yuwei, the wandering spirit and others, also see all this in their eyes.

"The Nine Silkworms are really shameless, really shameless, such a thing, they actually want to pursue the young lady, really Toad wants to eat swan meat, compared with the Nine Silkworms, that Muyun is more pleasing to the eye!"

The wraith pursed his lips.

"Some people have a good background, but their character is not necessarily good!"

Ling Yuwei said.

The wraith nodded again and again.

Some people have a good background and have grown up spoiled since childhood. No matter what they want, no one will go against his wishes, so it will be the same when they grow up.

Even if the talent is amazing, but once he encounters setbacks, or encounters other people against his will, he can't stand it, and the mentally retarded face shows no doubt.

The Nine Silkworms is obviously such a person.

He was extremely talented since childhood and was vigorously nurtured by the sericulture. It can be said that the wind and the rain will be rainy and rainy, and he has also developed his self-confidence and free will.

In the face of a stronger race, he may converge a little, but in the face of those weaker races, his character is undoubtedly revealed.

What's more, in the face of Lu Ming's extremely spicy chicken in his heart, he was full of superiority, but he was defeated by Lu Ming in the end, he was difficult to accept, and his ugly face was undoubtedly revealed.

Lu Ming was all smirked by him.

"So, you don't plan to hand it over, well, if you don't, then I will pick it up myself!"

After Lu Ming finished his speech, he stepped out of the air and forced him towards the Nine Silkworms.

"Muyun, how dare you, I am the peerless arrogance of the Tian silkworm tribe, do you dare to move me?"

Nine silkworms shouted.

"There is nothing I dare not!"

Lu Ming sneered, his figure suddenly accelerated, like a phantom, and was killed towards the Nine Silkworms, and in an instant, he reached the top of the Nine Silkworms.

boom!

Lu Ming punched out with a fist, and his violent punch, like a storm, rushed towards the nine silkworms.

"you..."

Nine Silkworms was shocked, but Lu Ming did not dare to shoot him.

At a critical moment, he tried his best to resist.

However, just now he was seriously injured by Lu Ming. He was not Lu Ming's opponent at all. His attack was directly defeated by Lu Ming. Lu Ming's fist hit the face of Jiu silkworm severely.

what!

The Nine Silkworm screamed with a terrible cry. A handsome face was completely smashed, and his body flew out. The person in front hurried away.

The figure of the Nine Silkworms hadn't stopped yet, Lu Ming stepped out, and had already caught up with the Nine Silkworms and stepped him under his feet.

"Hand over the big fragmentation technique!"

Lu Ming said coldly.

"Come on, dogs, you dare to treat me like this, I want you to die, I want you not to die..."

Princess Nine Silkworm roared wildly.

He was completely crazy, his eyes red.

He dared Lu Ming to dare to hurt him at most, but not to move him. As long as he was allowed to escape, he would be mad at revenge.

As for handing over the big fragmentation, it is impossible!

"court death!"

Lu Ming's eyes were completely cold.

Do these nine silkworms think he really dare not touch him?

After the big deal is killed, leave Fengdu Jianpai and find a place to mix up a new identity. It will take the most effort and take some time.

Lu Ming was filled with a strong murderous opportunity.

In his hand, a spear condensed.

Puff!

Blood was splattering, and Lu Ming's spear directly pierced the two legs of Nine Silkworm, and nailed them to the ground.

The Nine Silkworm screamed, twitching all over.

Although reaching his level, even if his body is torn apart, he can recover, but the pain will not be reduced.

The people around took a breath.

This Muyun is really brave and dare to treat the Nine Silkworms like this.

Although the Nine Silkworms are shameless, they don't speak well. Lu Ming dealt with the Nine Silkworms, as he should have, and others have nothing to say.

But the Nine Silkworm Master is the ultimate evil of the silkworm clan. Are you afraid of the revenge of the silkworm clan afterwards?

Although the silkworms will not deal blatantly with the Fengdu sword faction, nor will they blatantly send someone to deal with Lu Ming, but it is not difficult to secretly send a master to kill Lu Ming, or pretend to be Lu Ming and practice the fire to die. .

It can only be said that Lu Ming's courage is very fat.

"Broken dogs, I want you to die, I want to kill you..."

The Nine Silkworm yelled wildly.

bump!

Lu Ming grabbed the head of Nine Silkworm directly and hit the ground fiercely.

The ground here is laid with a powerful formation, which is very hard.

But the head of the Nine Silkworms hit the ground, still smashing the ground into a big pit.

bump! bump! bump!

Lu Ming kept moving, grabbing the Nine Silkworm Master, hitting it constantly, and the ground thumped.

Many people feel pain in their teeth and feel cold in their hearts.

The Nine Silkworms couldn't bear to see it, and soon changed beyond recognition.

However, the Nine Silkworm still gritted his teeth, his eyes full of resentment.

"Stubborn, don't you really think I dare to kill you, since I don't hand it over, then send you on the road!"

Lu Ming was filled with cold murderous opportunities.

In his hand, once again condensed a spear, this time, Lu Ming shot at Dantian of the Nine Silkworms.

puff!

The spear pierced Dantian, and stabbed the star core of the nine silkworms.

Reaching the Quasi-Emperor, there are nine star rings around the star nucleus, and there is already a tendency to merge and change towards stars.

At the moment, he was hit by a long gun, and the star ring of Nine Silkworms shuddered, and the light was dimmed a lot.

Even his star core was violently vibrated, and a few clicks came out, and several cracks appeared in his star core.

The star nucleus was hit hard, the Nine Silkworms vomited blood violently, staring at the sound of incredible staring, the light of resentment in his eyes receded, and finally the color of fear appeared.

Lu Ming, actually want to abolish his star core.

Abolishing the star core is no different than killing him.

He did not expect 10,000, Lu Ming actually had this guts.

He is the peerless demon of the Tian Silkworm Clan, standing high above him, standing behind countless Tian Silkworm Clan strongmen, Lu Ming, a disciple of Fengdu Sword School, really dare to move him?

He didn't believe it before, but now he has to believe it, because Lu Ming really started, and the murderous chance he sent out made him chill.

At the moment, the scene was silent.

Obviously, everyone did not expect that Lu Ming was so bold and generous.

The head of the king, and others from the Fengdu sword faction, looked pale.

If Lu Ming really abolished or killed the Nine Silkworms, then they Fengdu Sword School, really pressured.

"Next shot, completely abolish your star core!"

Lu Ming said indifferently.

The cold killing, let the nine silkworms fall into the ice cellar.

He has no doubt that Lu Ming's next move will really abolish him.

"I'll pay, I will give you the big fragmentation technique..." The Nine Silkworm yelled in horror.

Chapter 3814: Elven Princess

The Nine Silkworm yelled in horror.

"Hand it over!"

Lu Ming stopped his hand.

The Nine Silkworms gritted their teeth, but in the end they were helpless and dared not to resist. They obediently surrendered the big fragmentation.

At his eyebrow, a piece of jade symbol flew out and was caught by Lu Ming in his hand.

Lu Mingling swept the knowledge and found that what was recorded in the jade was the Great Fragmentation.

Lu Ming was overjoyed and put it in the storage ring, many people looked at it with jealousy.

"get out!"

Lu Ming kicked the Nine Silkworm son out with one foot, and did not kill him.

After all, so many people watched the scene, and live broadcasted with Dream God Jade. If the Nine Silkworms were killed in public, I am afraid that they would provoke the old monsters of the Tianmian tribe to deal with him, but did not kill the Nine Silkworms, at least the old ones Monster, I am embarrassed to shoot.

Lu Ming is still lacking in strength and has some scruples in his actions. If he is strong enough, the nine silkworms will kill him. What can the Skyworms do?

"Damn damn..."

Nine Silkworms shouted crazy in his heart, his body seemed to be burned by the fire of anger, but he did not dare to stay in the slightest, run the remaining power, fled wildly, and left here.

"No one fights again?"

Lu Ming glanced around and continued to ask.

No one dared to answer.

Just kidding, even the Nine Silkworms, ranked 49th in the Top 100 Rankings, are defeated. Where else do others dare to go up to find abuse?

This time I came to the Tiehai star field group, which belonged to the strongest of the nine silkworms. The other stronger quasi-emperor Tianjiao was either the evil of the top ten races, or was practicing, or traveling, and no one came.

After a while, no one played.

"Since you haven't dared to fight, you guys will get out of here!"

Lu Ming snorted coldly, then turned and left.

The arrogance of the scene, each with an ugly face, was dying, but in the end no one dared to shoot, and finally left.

Soon after, Lu Ming returned to his place of residence. As soon as he returned to his place of residence, Lu Ming took out the jade symbol that recorded the Great Fragmentation technique and watched it.

One day later, Lu Ming's big fragmentation technique was completely in his mind.

This is a real big fragmentation technique, and there is absolutely nothing wrong with it. Lu Ming has practiced the Great Kamikaze technique and it is easy to judge.

However, it is not so easy to succeed in cultivation.

With the talents of Nine Silkworms, it took thousands of years to achieve success.

Even if his talent goes against the sky, he will not be able to practice successfully in a short time. Of course, if there is an environment suitable for practicing the big fragmentation technique, it can greatly shorten the time.

Just like the practice of Great Kamikaze, in just over a year, there has been little success.

Lu Ming wanted to start practicing immediately, but this place is no longer suitable.

"The Nine Silkworms were so miserable that I was abused, and they were also taken by me. I am afraid they will get revenge!"

Lu Ming thought.

Nine Silkworms, he was not afraid. He was afraid that the Nine Silkworms would bring the masters of the Celestial Clan to come and deal with him in secret.

Therefore, he planned to leave the Fengdu Jianpai first, and when Tiangong had the news of recruiting Tianbing soldiers, he would return to the Fengdu Jianpai and participate in the name of the Fengdu Jianpai disciples.

Thinking of this, Lu Ming wanted to leave immediately, but at this moment, Lu Ming's eyes flashed and looked in one direction.

The void in that direction fluctuated like a wave of water, and then a figure emerged.

Even in Lu Ming's mind, there was a brief lack of attention.

Because this is a woman, and a beautiful and amazing woman.

The woman has long sleeves and a long green dress, like an elf of all things.

This woman is really an elf. From her pointed ears, you can see that it is very similar to the wraiths I saw some time ago.

The wraith is already beautiful, but compared with this woman, it is overshadowed.

If the spirit is standing with the woman, the eyes of others must be on the woman, ignoring the spirit.

The woman walked in the air and walked towards Landing.

Lu Ming narrowed his eyes slightly and stared at the woman without speaking.

"You are Muyun?"

The elven beautiful woman stands 100 meters in front of Lu Ming and asks. The voice is very nice. It makes people feel like a spring breeze. Even a person with an upset mood will be quiet when he hears this voice.

"Princess Elf?"

Lu Ming nodded silently, then asked back.

With such a temperament, Lu Ming speculates that the other party is the fairy princess Ling Yuwei.

"Not bad!"

Ling Yuwei nodded and looked at Lu Ming carefully, as if to see Lu Ming through.

Unfortunately, she couldn't do what she wanted, and Lu Ming seemed to be surrounded by mist in her eyes, unfathomable.

"You look for me, really want me to marry you?"

Lu Ming asked.

To be honest, when he first heard that the Elven Princess wanted to marry him, his first reaction was that the Elven Princess was ugly, otherwise why would he take the initiative to find someone to get married?

He didn't know that he was wrong until Tianjiao of all races envied and jealously asked him to challenge him.

When he saw the other person's true face, he knew that he was wrong.

Characters such as fairy princesses, talents, looks, and life experience are all top-level. I am afraid that those who pursue it can line up around Fengduxing.

So, he is more curious, Elven Princess, why should he marry him?

Fancy his talent? Still fulfill the marriage contract?

Anyway, Lu Ming did not believe it.

"I've made the wandering spirit tell you clearly!" Ling Yuwei, the elven princess said.

"You Ling said, are you going to perform the marriage contract with me? For such a reason, do you think I will believe? Why did you go to fulfill the marriage contract? Come now?"

Lu Ming said, his tone was full of doubts.

"I haven't seen you before, but in the resource covenant, I've seen you shot. The talent is very high, and it deserves me. Is this reason?"

Ling Yuwei said.

A pair of bright eyes like autumn water, blinked and blinked, as if they could speak.

If other men heard Ling Yuwei say this, the vanity would explode, and the excited ones would not be autonomous. I am afraid they would agree without thinking anything.

Don't promise to be a fool!

Lu Ming is obviously not a fool, but he just doesn't agree.

"Honghuang Universe, countless arrogances, wickedness like clouds, innumerable talents, I am afraid that you are not the only ones pursuing you. You said, deceiving children is almost the same!"

Lu Ming said lightly.

There is no such thing as a pie in the sky. What's more, this is not a pie anymore, but a gold drop and a gold mountain and a silver mountain. There is obviously something wrong.

If it is because of his charm, he still believes a little.

"You are really smart!"

Ling Yuwei sighed and said, "Tell you the truth, my father wants me to marry an angel clan, and to marry the angel clan, to enhance the elven clan's influence in the universe, but the angel clan's pride, Character is not good, I am not willing!"

"But the angelic family is very different, and it is difficult to refuse, but as long as I am married, and I am married to a person who is married by the finger, the messenger that day, there is nothing to say!"

Chapter 3815: There are also Life Soul Elemental Stone Fragments

"Oh?"

Lu Ming oh, Ling Yuwei said this reason, but it is somewhat credible, and can be justified.

"Of course, I am married to you, not a true marriage, but a fake marriage. After all, there is no relationship between us, what do you think?"

Ling Yuwei said.

how do you feel? Of course it was rejected!

Really married Lu Ming did not agree, but also fake marriage? Can he agree?

Moreover, when Ling Yuwei was promised, he would offend the angel of the angel family, and the fool would agree.

"You can think about it. Although we are a fake marriage, it is because we don't know and don't understand. With the deepening of understanding in the future, it can't become true!"

Ling Yuwei's eyes are like water, as if it were a deep pool of water.

For ordinary men, it is absolutely difficult to refuse such a condition. Even Lu Ming's heart beat fiercely.

Ling Yuwei's charm is not just about talking.

"Sorry, I already have a sweetheart, please come back!"

Lu Ming said.

"You... have a sweetheart? Really?"

Ling Yuwei's eyes, like the autumn water, froze for a moment.

Lu Ming has a fiancée like her, and will love other people? Will she be rejected by others?

The more she looked at Lu Ming, the more difficult it was to see through Lu Ming.

It is a miracle that such a small Fengdu sword faction can appear such a character.

At the same time, Ling Yuwei felt his self-confidence and was hit for the first time.

She took the initiative to marry a man, and the two still had a marriage contract, the other party would actually refuse her, at this time she never thought of it.

Her self-confidence is still very strong, so last time, she just sent a wanderer to spread the word.

Unexpectedly, Lu Ming directly refused, and later defeated the Tianjiao of all the ethnic groups who came to challenge, and showed her terrifying strength and talent.

In her view, even if it was a fake marriage, but she gave the other party hope that no one could refuse.

But in person, he was still rejected.

She is anxious!

"You really don't agree?"

Ling Yuwei couldn't help but asked again.

"Of course, I say it again, I have a sweetheart, and, promised you, and offend the angelic pride, not cost-effective!"

Lu Ming refused again.

He didn't say that he had a wife, that's because he is now the 'Muyun' of the Fengdu sword faction. Muyun doesn't have a wife. In that way, he will help.

As for sweethearts, it's easy to say, who doesn't have many sweethearts?

"you..."

Ling Yuwei was a little angry, and scratched Lu Ming's eyes vigorously, turning his eyes a few times, and said again: "Well, I tell you the truth, I want to marry you, avoiding angelic arrogance is one aspect, there is another aspect, It's because of the Soul Primal Stone Fragment!"

"what?"

After hearing the fragments of Life Soul Yuanshi, Lu Ming's pupils shrank suddenly, his body burst into a powerful breath, and there was a killing opportunity.

Stimulated by Lu Ming's murder, Ling Yuwei was startled and retreated instinctively.

"Do you have Life Soul Yuan Stone Fragment?"

Lu Ming asked, staring at Ling Yuwei, and his muscles tremble slightly, preparing for a war.

"Yes, I have fragments of Life Soul Yuan Stone!"

Unexpectedly, Ling Yuwei nodded directly and admitted.

"No wonder you are going to marry me. Your real purpose is Life Soul Primal Stone Fragment. Want to kill me and take away Life Soul Primal Stone Fragment from me while I am not prepared?"

Lu Ming said coldly, and a murderous opportunity appeared on his body.

"you are wrong!"

Ling Yuwei said.

"I'm wrong?"

Lu Ming asked back.

"Yes, you are wrong. Do you think that the owner of Life Soul Yuan Stone Fragment will fight each other as soon as they meet? Want to **** the opponent Life Soul Yuan Stone Fragment?" Ling Yuwei said.

"Is not it?"

Lu Ming asked again.

That's how the Spirit of Life Soul Primal Stone Fragment told him. The owner of Life Soul Primal Stone Fragment is destined to be an enemy. When he meets, he will inevitably separate a life and death and take away the opponent's Life Soul Primal Stone Fragment.

When all the fragments of Life Soul Yuanshi are gathered together, you can get a great chance to become the hegemon of the universe.

This can be learned from the original Murong Qiushui.

When Murong Qiushui saw him, he would shoot him to kill him, and take away his life soul element stone fragments.

"Of course not, in fact, the owner of Life Soul Yuan Stone Fragment does not necessarily have to be killed or killed, it is possible to cooperate!"

Ling Yuwei said.

"Cooperation?"

"Yes, did you hear the news from Shi Ling?"

Ling Yuwei said.

"Yes, does Shi Ling say it is false?"

Lu Ming said.

"Some are true, but some are false. Stone spirits are selfish. As long as they arouse all the debris, they swallow all the stone spirits, and they can become very powerful and become a complete life spirit. Instigate all masters of Life Soul Elemental Stone Fragments to fight each other!"

"If you don't believe it, you can ask Life Soul Yuan Shi Shi Ling!"

Ling Yuwei said.

In Lu Ming's eyes, a cold light flashed.

The old fellow Shi Ling, from seeing him at the beginning, felt that the old fellow was very cunning. At first, he pretended to be ignorant of Ling Ling, and Lu Ming had not been fully convinced of it.

"Old man, get me out!"

Lu Ming secretly gave a cold drink to Life Spirit Yuan Shi Shi Ling.

Life Soul Elemental Stone fragments are also carried on the body now.

"The past body", practice various divine powers, and the best is to practice with the dragon clan's mother star, and the "now body" must be roaming in the universe. These treasures are carried on the body to have the opportunity to discover secrets.

A flash of light flashed, and Life Soul Yuan Shi Ling appeared.

"Lu...Mu Yun, don't listen to the girl talking nonsense, she lied to you, what I said is true, you have to believe me!"

Life Soul Yuan Shi Shi Ling shouted as if he had been aggrieved by Tianda.

"After I got the fragments of Life Soul Yuanshi, I was fooled by Shi Ling at the beginning. Finally, I checked a lot of information before I found some information. If you don't believe me, I can show some of the information for you. Fake it!"

Ling Yuwei said, a very confident expression.

"Old guy, tell the truth..."

Lu Ming stared coldly at Life Soul Yuan Shi Shi Ling.

"What I said is true!"

Shi Ling called again.

"You can tell the truth to me now. It's still too late. If I know you are lying, I will kill you. You should know that I can do it now..."

Lu Ming's eyes flashed cold and cold.

Life Soul Yuan Shi Ling Ling Ji Ling shivered, and his eyes were gurgling, and after a while, he cried again: "Actually, actually, I said a little lie, the possession of Life Soul Yuan Shi fragment It is true that they can cooperate, but I'm not wrong about one thing. The more fragments I get, the more fusion I get, the more benefits I get. I haven't lied about this!"

Chapter 3816: The force that can compete with the Tiangong, the Soul of Heaven

After Shi Ling finished speaking, he looked nervously at Lu Ming, fearing Lu Ming would shoot him.

He has always followed Lu Ming, knowing Lu Ming's horror, the power of taboo, can absolutely wipe out him.

"This old guy..."

The cold light flashed in Lu Ming's eyes. This old guy was lying and cheating him.

"One thing, he did not make a mistake. The more fragments of Life Soul Yuanshi gathered, the more benefits they can get, but not necessarily..."

Ling Yuwei said.

"Look, I'm not wrong!"

Shi Ling seized the opportunity and cried.

"Get me back!"

Lu Ming shouted, Life Soul Yuan Shi Shi Ling quickly flashed back, and returned to Life Soul Yuan Shi fragment.

"It seems that you know very little about Life Soul Yuanshi!"

Ling Yuwei said.

"It's really rare, you know a lot? Then what do you mean, Life Soul Yuanshi? Is it really as amazing as Shi Ling said?"

Lu Ming said.

"At this point, Shi Ling didn't lie to you, Life Soul Yuanshi, the origin is indeed amazing, and even more amazing than he said, do you know Life Soul Heavenly Court?"

Ling Yuwei asked back.

"Life Soul Heaven Court? What's the relationship with Heaven Palace?"

Lu Ming asked doubtfully.

Tiangong knew that he was not listening at all.

"You should know that the Honghuang Universe is divided into two eras in total. The first era is a group of primitive gods bred for the beginning of God and the beginning of heaven and earth. They are extremely powerful and rule the Honghuang Universe!"

"The second era is the Tiangong era, the end of the Shishen era. The Tiangong eradicated the primitive deities, thus ending the Shishen era and opening the Tiangong era. These two eras were ruled by primitive deities and Tiangong!"

"In these two eras, primitive gods and heavenly palaces are supreme, but in fact, in this process, there are also some terrorist forces that can even challenge the authority of both!"

"Ming Soul Heavenly Court is a terrorist force that emerged in the early days of the Tiangong era. This force is hostile to the Heavenly Palace and is extremely powerful!"

Ling Yuwei, said a lot in one breath.

Lu Ming's eyes widened in shock.

This is really unexpected.

He always thought that Tiangong is supreme, and no force can match it. Even the powerful top ten races must be honest in front of Tiangong.

As strong as a dragon, it is not easy to be destroyed.

In history, there were forces that could challenge the authority of the Tiangong, known as the heavenly court. From this name, it can be seen how magnificent this is!

"Historically, such a powerful force has appeared?"

Lu Ming muttered to himself, and Wu Zi was shocked.

"It's normal. In all powerful races, there are such records. In history, there have been forces that challenged the authority of the Heavenly Palace. There are more than one Life Soul Heaven Court. You know, at the beginning, there were nine Heavenly Palaces, and now, There are only five major palaces left, so you can know how terrible those forces are!"

Ling Yuwei said.

In Lu Ming's heart, he shook hard again.

Unexpectedly, there were nine in the beginning, and now there are only five.

Where did those four seats go? Was it destroyed?

Only a powerful race like the elven race knew these secrets. Lu Ming had never heard of them before.

It seems that the Honghuang Universe has hidden secrets, more than he thought, but he has never been able to touch it before.

"What about the Life Soul Heaven Court? Was it destroyed by the Heaven Palace?"

Lu Ming asked.

"Hard to say!"

Ling Yuwei frowned, saying: "The information I found is also very limited, and it does not specify whether the Life Soul Heavenly Court was destroyed by the Heavenly Palace, but the Life Soul Heavenly Court did indeed disappear. The Life Soul Yuanshi, one of the treasures, was shattered, so many people speculated that the Life Soul Heaven Court should have been destroyed by the Heavenly Palace!"

"One of the four great treasures of Life Soul Heaven Court?"

Lu Ming grabbed the point.

"Yes, legend, there are four great treasures in Life and Soul Heavenly Court. Each one has the power of crying ghosts and ghosts. As long as you get one, you can become the overlord of the universe!"

Ling Yuwei said.

"Look, I'm right, as long as you gather the Soul Primal Stone Fragments, you can become the overlord of the universe!"

Life Soul Yuan Shi Shi Ling seized the opportunity and cried.

"To shut up!"

Lu Ming drank coldly with his spirit, and Shi Ling shut his mouth obediently.

"There is also a legend that the remaining three treasures are in the lost Life Soul Sky Court, and in addition to the three great treasures, there are countless other precious treasures. In countless years, there are countless powerful people, If you want to trace the whereabouts of Life Soul Heavenly Court, it is a pity that they have not succeeded!"

"But I found out that the fragments of Life Soul Yuanshi may contain clues to Life Soul Heaven Court!"

Ling Yuwei said.

"There are clues about Life Soul Sky Court in Life Soul Yuan Stone Fragment? Then just ask Stone Spirit not to be it!"

Lu Ming said.

"No, Shi Ling doesn't know!"

Ling Yuwei shook her head.

"This girl is right, I really don't know, besides, Life Soul Yuanshi was smashed, and I am also lack of memory, and I don't even know!"

Shouted Shi Ling.

"It's time to say it, I said it all, how about it? Let's cooperate?"

Ling Yuwei said.

"Cooperate? How do you cooperate?"

Lu Ming asked.

"You and I are married, and you don't need to get married. Just let the outside world know that we are in contact, and then we join forces to hunt other owners of Life Soul Yuan Shi, seize their Life Soul Yuan Shi, and look for Life Soul Heaven Court Treasure!"

Ling Yuwei said.

"Isn't it just cooperation? Why do you want to seize other people's soulstone fragments?"

Lu Ming said.

"Yes, cooperation is possible, but others, will not work well with you. In addition, Life Soul Primal Stone Fragment can be said to be a credential for Life Soul Heavenly Court. Even, with the Soul Primal Stone Fragment, you can get a powerful force!"

"As for the specifics, I don't know. I need to explore by myself!"

"If we cooperate, I will tell you all the information about Life Soul Heaven Court, I will tell you!"

Ling Yuwei said.

Lu Ming's eyes flickered, and to be honest, he was very emotional.

Life Soul Heavenly Court, that is a force that can compete with Heavenly Palace. If you find the treasure left by Life Soul Heavenly Court, how amazing is it?

In particular, the three great treasures are treasures that make countless people jealous.

And the condition is just pretending to interact with Ling Yuwei, and this condition is not unacceptable.

After all, his current identity is Muyun.

In the future, Xie Nianqing and Qiuyue will not be heard.

And pretending to interact with such a beauty is also a matter of enjoyment.

In addition, he had originally planned to leave here first, and he could just leave with Ling Yuwei to explore the matter of Ming Soul Heavenly Court, and he would kill two birds with one stone.

It was so pleasant to decide!

Lu Ming made a decision.

Chapter 3817: Cooperation

"Okay, I can promise you, but I have something very curious. You really have life soul stone fragments, why can't I sense it?"

Lu Ming asked curiously.

People with fragments of Life Soul Yuan Stone can sense each other when they are close to each other at a certain distance.

When I first saw Murong Qiushui, I felt it easily.

But after talking so much to Ling Yuwei, none of Ling Yuwei's body felt that there were fragments of life soul stone.

"My physique is special, it can completely seal off the breath of Life Soul Yuan Stone Fragment, and I am also the owner of Life Soul Yuan Stone Fragment, which can not be sensed in a short time!"

Ling Yuwei explained.

Lu Ming's pupil narrowed slightly.

Ling Yuwei, was able to seal the breath of the fragments of Life Soul Yuanshi, which could not be sensed by others, which shocked Lu Ming, because according to Life Soul Yuanshi Shiling, there is no way to achieve this, any seal Means, can block others' prying eyes, but the same as the owner of life soul element stone fragments, it is easy to sense.

Ling Yuwei was able to seal it so that he could not feel it.

If Lu Ming really promised to marry Ling Yuwei, I am afraid that without realizing it, Ling Yuwei will take away the soul soul stone fragments.

Lu Ming even guessed that Ling Yuwei was going to marry him in the first place. It was a purpose to avoid the angel arrogance of the angel clan. It may not be that he did not intend to marry and secretly seized life soul stone fragments.

It is estimated that Lu Ming's amazing talent and combat power were seen later, and Lu Ming has not agreed to her request, so she told the truth.

Moreover, there is also an advantage, Ling Yuwei can sense others, others can't sense her, she can sway close to the owner of other Life Soul Yuanshi fragments, other people will not guard against her, and then suddenly start to seize Life Soul Yuanshi fragments.

It's simply unpredictable!

"Then our cooperation, the first step, what should we do?"

Lu Ming continued to ask.

"The first step, of course, is to work together to capture more Life Soul Primal Stone Fragments. Only by gathering more Life Soul Primal Stone Fragments can we get more clues!"

Ling Yuwei said.

"Then you know, besides you and me, who owns the Soul Primal Stone Shard?"

Lu Ming asked.

"I know one!"

Ling Yuwei turned his eyes and said, "This person is a wicked demon of the blood demon clan, bloody!"

"Blood Demon Race!"

Lu Ming moved.

The Blood Demon Clan is also an extremely powerful race. It ranks 55th in the Hundred Thousand Clan List. It is said that the Blood Demon Clan is also closely related to the top ten race blood clan.

"How about you, do you have any news about the owners of the Shard of Lifestone?"

Ling Yuwei asked Lu Ming.

"I also have one!"

Lu Ming said, what he said was naturally Murong Qiushui.

"Do you really know?"

Ling Yuwei was very surprised. Just now, she just asked casually and did not report any hope.

Because under normal circumstances, the owners of Life Soul Elemental Stone Fragments come together, and they will definitely fight fiercely until one side falls.

Very few want to be in peace.

"This person is called Murong Qiushui, do you know?"

Lu Ming said.

"Murong Qiushui? Which race did you hear?"

Ling Yuwei frowned.

"This person exhibits a primitive **** body with multiple arms..."

Immediately, Lu Ming described the image of Murong Qiushui.

"Is it the Murong family in the Doubi tribe, most likely!"

Ling Yuwei said, her eyes glowed with dazzling light.

"I met him in a special world. I don't know if he has returned to Murong Family!"

Lu Ming was a little uncertain.

In the original spirit world, Murong Qiushui followed the masters of that world and entered a deeper world. I don't know if Murong Qiushui has come out now.

Thinking of this, Lu Ming thought of pantheon again. At first, pantheon also entered that deeper world to practice. I don't know how it is now.

With the talents of all gods, it is estimated that the current cultivation practice is probably terrifying.

Lu Ming looked forward to seeing the gods.

"We can go to see it first. The blood blood of the blood demon clan is not easy to deal with. Let's go to Murong Qiushui first and then blood blood. How?"

Ling Yuwei said.

"Okay, I have no opinion!"

Lu Ming nodded.

That Murong Qiushui wholeheartedly wanted to kill him, if you can take this opportunity to solve Murong Qiushui, it is not bad.

The two discussed and set off.

After leaving, Lu Ming sent a message to the head of the king with the fantasy **** jade, telling the other party that he had something to do. He first left Fengdu Jianpai for a period of time. If the recruitment of Tianbing began in Tiangong, send him a message.

Ling Yuwei is an elven princess, and she knows much more than Lu Ming.

On the way, Ling Yuwei led the way and led Lu Ming towards the Murong family of the Doubi tribe.

On the way, Lu Ming learned more information about Life Soul Heaven Court and other secrets from Ling Yuwei.

At the same time, the two discussed the next plan.

The plan to deal with Murong Qiushui is very simple, that is, beauty plan!

Yes, beauty plan!

As long as they came to the site of Murong Family, Ling Yuwei took the initiative to show up.

With Ling Yuwei's fame, once it appeared, it would definitely cause a sensation, and countless young Tianjiao wanted to meet.

If Murong Qiushui has returned to Murong's family, he will definitely visit him when he hears Ling Yuwei appear.

At that time, Lu Ming appeared.

As soon as Lu Ming showed up, Murong Qiushui would definitely feel the fragments of life soul stone on Lu Ming's body, and then Lu Ming would lead Murong Qiushui away, and then deal with Murong Qiushui.

The multi-armed tribe is also a large tribe, belonging to the race of the Honghuang Wanzu list, ranking more than 5,000.

The Doubi tribe is mainly composed of several big families, and Murong Family is one of them.

Although the Dobby tribe is much weaker than the Elven tribe, it is impossible for Ling Yuwei to take the Rongshi of the Murong Qiushui's life and soul fragments with bright and upright power.

The Honghuang Universe also has rules.

There is no reason for a strong race. A strong and overbearing deal with a weak race must be jointly protested by other races, and even punished by Tiangong.

Of course, the weak race provokes the strong race, and that is to find a way out.

However, it is of course impossible to send someone to the door like a powerful race who has seen the treasures of a weak race.

Therefore, even if Ling Yuwei's identity is not simple, he still has to rely on himself if he wants to get Life Soul Yuan Stone Fragment.

Also, how precious is the Fragment of Life Soul Yuanshi, who dares to expose it easily?

How dare you borrow someone's hand?

After a period of time, Lu Ming came to the Murong family's control.

After coming here, Ling Yuwei deliberately appeared to buy the magic medicine, and it really caused a sensation immediately.

The news of Ling Yuwei's appearance soon spread to the entire Dobian tribe. The arrogance of countless Dobby tribes went to visit Ling Yuwei and wanted to meet Ling Yuwei.

What if you can win the heart of beauty?

Chapter 3818: Was misunderstood

Divine Arm Star, Divine Arm Villa, elegant and chic, is said to be the place where a predecessor of the Doubi tribe was repaired. After that, the powerful person fell behind, and Divine Arm Villa became a scenic spot.

Many arrogant geniuses of the Dobian tribe will come here to admire the demeanor left by their predecessors, and there will be huge gatherings that will also be held here.

This time, a number of top-level Tianjiao from the Dobby tribe came forward to invite the elf princess Ling Yuwei to gather at the Shenbi Mountain Villa. Ling Yuwei readily agreed that the Dobby tribe's Tianjiao was ecstatic.

According to rumors, Ling Yuwei is cold and arrogant, and generally does not accept the invitations of others. This time, he accepted the invitation of the Tianjiao of the Doubi, which naturally made them ecstatic.

For a time, a large number of multi-armed clan Tianjiao came towards the Divine Arm Star.

It is said that many Tianjiao's Tianjiao are retreating, and they have temporarily ended their retreat and rushed to the Divine Arm Star to take advantage of Ling Yuwei.

Not only that, some arrogances of other races, traveling in the territory of the Dobby tribe, rushed to the Divine Arm Star after hearing the news.

Therefore, on this day, Shenbi Mountain Villa gathered a lot of Tianjiao, not only the multi-armed tribes, but also other races.

Lu Ming naturally blended into the Shenbiao Mountain Villa as the arrogant identity of other races.

"In other words, have you seen the fairy princess Ling Yuwei?"

On the edge of Lu Ming, some young people began to talk.

"I have seen portraits in the fantasy **** jade. That is really a peerless goddess. It is said that I am more beautiful and more temperament than the fantasy **** jade. The key is that the talent is high!"

"Indeed, there are so many magnificent daughters of the heavenly universe who can make it into the pearl list. It is conceivable that we can never see it in our identity on weekdays. I did not expect to see the face today!"

"If I could marry the fairy princess, that would be great!"

"Don't you dream, on your own? Don't **** and take photos of your own virtue, it's almost the same as me!"

"What are you talking about? You rotten sweet potato is a fool's dream!"

There was a lot of noise at the scene, and many people gathered to discuss, and the look of expectation appeared in their eyes.

"I heard that Elf Gong was mainly married to a man named Muyun, but was also rejected by that Muyun. Have you heard?"

"I heard, hum, that Muyun is just a disciple of a small force. It is almost arrogant. If I see him, I want him to know why Hua'er is so red."

Suddenly, someone talked about Lu Ming.

Suddenly, angry flames appeared in each eye, as if Lu Ming was their father's enemy.

Lu Ming smiled bitterly!

He began to wonder if it was wrong to cooperate with the elven princess.

Lu Ming muttered a few words and glanced around, but Lu Ming was disappointed that he did not see the trace of Murong Qiushui.

"The elven princess is here!"

Suddenly, someone exclaimed, his voice trembling.

In the sky, a figure came out of the air, it was Ling Yuwei.

"What a nice view!"

Many people showed a **** likeness, their eyes rounded.

Immediately, the most prestigious heavenly arrogance of several Dobbians rose into the sky to greet Ling Yuwei, and greeted Ling Yuwei into a pavilion, which was naturally filled with fine wine and food.

"Princess Yuwei, I heard that you are going to marry Muyun?"

Immediately, someone asked.

"Yes, I have a marriage contract with Muyun!"

Ling Yuwei whispered.

"What if there is a marriage contract, then Muyun is arrogant and arrogant, and no one is in sight. In my opinion, this marriage contract is not fulfilled. With such characters as Princess Yuwei, how can Muyun deserve it?"

A young man with four arms said with an arrogant look, what he meant by words, he was worthy of Ling Yuwei.

However, he hinted that Ling Yuwei did not hear it directly.

"Yes, if there is a chance, I must suppress that Muyun and exhale Princess Yuwei!"

Another Tianjiao spoke.

Then, there was a burst of emotion.

Ling Yuwei responded a little absent-mindedly. She kept looking at Lu Ming. She was asking about the news about Murong Qiushui.

However, the arrogance and 100% attention on the edge were all on Ling Yuwei. Ling Yuwei's every move, they all saw in their eyes.

Ling Yuwei went up and down twice and went to 'peek' Lu Ming, they naturally found out.

"Could Princess Yuwei have seen this little white face?"

"Impossible, absolutely impossible!"

These people began to make up their own brains.

Lu Ming saw Ling Yuwei looking at him, he naturally wanted to respond and shook his head slightly.

"Wo Nest, what does this mean?"

Others looked in their eyes and couldn't help thinking.

The speed of brain supplements suddenly increased.

Did Ling Yuwei and Lu Ming frown, and Ling Yuwei fell in love with Lu Ming and hinted to Lu Ming, but Lu Ming shook his head and refused?

Heart hurts!

Many days of arrogance, I feel so painful.

They did their best to show their best side, but Ling Yuwei didn't even look at them.

Lu Ming, sitting there without saying a word, has frequently received Ling Yuwei's attention. Why?

Is it because they look good?

Can it be eaten as a meal?

Unhappy, these days are arrogant, jealous.

When they saw Ling Yuwei looking at Lu Ming again, many people exploded completely.

"It's a rare gathering today. Princess Yuwei is here. Why don't we discuss it to help the wine?"

A young man got up and said.

"Good, okay!"

"It is good!"

Many people responded.

Then a young man with four arms looked directly at Lu Ming.

"This brother, I think you are extraordinary, why don't we discuss it?"

Four arms youth road.

"Challenge me the first one?"

Lu Ming stunned.

However, the breath of the four-armed youth is clearly locked in him, and there will be no mistakes.

He sat here well, why did this person stare at him?

Is it because of Ling Yuwei.

Lu Ming was so clever and immediately thought of the 'eyebrow teasing' with Ling Yuwei, who was probably jealous of these people.

Of course, Lu Ming is not afraid of things.

"Since this Xiongtai is going to discuss, let's discuss it!"

Lu Ming got up and stepped out. The two rose into the sky and stood in the sky. Then, the breath burst out.

The cultivation practice of the four-armed youth is that of the Seventh King of Divine Monarch, which is the same level as Lu Ming.

Lu Ming has never concealed his breath. He just saw that Lu Ming was the sevenfold **** of the gods before he challenged Lu Ming.

"You and I are at the same level. I'm going to see what you have skills, can take me a few strokes, remember, practitioners are not ordinary people, not just look good, looks only skin, it is useless to us!"

The young man with four arms said proudly. Then, the light of the **** burst out, and four swords appeared on his four arms.

"Shoot!"

Lu Ming said lightly.

He is really not interested in a person with seven levels of princes. During the first battle at the same level, he has walked all the way, and he has not met many capable people.

Not to mention, he is now a taboo body.

Chapter 3820: Murong Qiushui

According to Murong Qiushui, Lu Ming left early to avoid him, but is it so easy to avoid him?

Obviously impossible!

"You stay here, I have something to do, I have to leave first!"

Murong Qiushui ordered several young men who came with him, and then came to Ling Yuwei, confessed to Ling Yuwei, and left in a hurry.

"To succeed, next, it's up to Muyun!"

Seeing Murong Qiushui leave, Ling Yuwei was overjoyed.

...

At the beginning, Murong Qiushui did not go in the direction of Lu Ming, because that was too obvious. As soon as Lu Ming left, he went in the direction of the landing of Landing Ming, which will inevitably make people think.

After he moved away from Shenbi Mountain Villa, he showed full speed and chased away in the direction of landing.

Lu Ming's speed is not fast. After he left, he directly flew out of the Divine Arm Star and flew towards the universe starry sky.

At his current speed, even if he didn't fly at full strength, it was amazingly fast, constantly moving through the cosmic sky, and soon left the Divine Arm Star far away.

"Who?"

Suddenly, Lu Ming stopped and stared at the void in front.

"It's a person who can get the fragments of Life Soul Yuanshi, and Spiritual Awareness is really keen!"

A cold voice came out, then, Lu Ming stared at the void just now, and waves appeared, and a figure emerged.

This figure is Murong Qiushui.

After repeated chasing, he was finally overtaken by Lu Ming.

"You finally came!"

Lu Ming said lightly, Murong Qiushui came, he didn't need to pretend.

"Of course I'm coming, we don't have to hide it anymore, hand over the fragments of Life Soul Yuan Shi from you, I can let you live a life and spare your life!"

Murong Qiu coldly said.

"I hand over the Fragment of Life Soul Yuan Shi, will you bypass me? Ha ha, you are not afraid that I will reveal the disappearance of Life Soul Yuan Shi?"

Lu Ming smiled faintly.

Murong Qiushui burst into a cold killer's eyes, sneered: "It seems you are not stupid!"

He said to let Lu Ming go, just to talk casually, he naturally would not let Lu Ming go.

He snatched Lu Ming's Life Soul Yuanshi fragments, and let Lu Ming go again. Lu Ming will surely leak the news of Life Soul Yuanshi, how could he possibly let Lu Ming go.

"If you want to kill me, it depends on whether you can do it!"

Lu Ming said.

"Huh, do you think that you can compete with me by your god's sevenfold cultivation? It's really naive!"

Murong Qiushui sneered, and as soon as his words fell, a knife flashed in his hand.

It was a flying knife. It was amazingly fast, and pierced Lu Ming's eyebrows.

Quasi-Emperor!

As soon as he shot, Lu Ming felt that Murong Qiushui's cultivation practice had already reached the level of a quasi-empire.

In the original divine world, Murong Qiushui's cultivation practice, in the end, just broke through the weight of Divine Monarch.

It was only a few years since he actually reached the quasi-emperor state.

It is conceivable that Murong Qiushui also got a great chance during this time.

In fact, what can be recognized by Life Soul Yuanshi Fragment are all terrifying talents and great chances, all geniuses among geniuses, and one of hundreds of millions.

The speed of the flying knife was extremely amazing, and Lu Ming was approaching in an instant.

when!

At a critical moment, Lu Ming burst out with a punch, blocking the attack of the Flying Sword, the two exploded with a shocking roar, and then Lu Ming retreated.

He felt a blood stain on his fist.

What an amazing attack!

Lu Ming felt that the power of Murong Qiushui's knife just now was close to the attack power of the broken knife.

"Can you take me a knife? Yes, it is a person who can be recognized by Life Soul Meteorite Shards. It seems that you have hidden strength before!"

Murong Qiushui was very surprised to see Lu Ming catch him.

With Lu Ming's previous performance, this knife can't bear.

"Use all your power, otherwise, you will have no chance to show it in the future!"

Lu Ming said.

"No chance to show it? Haha, don't you want to kill me?"

Murong Qiushui laughed.

Although Lu Ming's strength is good, he didn't use his full strength just now. Lu Ming thought he could kill him? too naive.

boom!

Murong Qiushui's body exploded with a strong breath, and at the same time, his original secret technique was displayed.

His original secret technique is still a set of flying knives.

However, compared with the original, Murong Qiushui's original secret technique, the power does not know how much stronger, has cut the three chains.

At the same time, he turned into a primitive **** body, a huge multi-armed primitive **** with nine arms.

"Die to me!"

Murong Qiushui shouted, nine flying knives, smashed the sky and killed Lu Ming, the power was extremely terrifying.

This person's combat power is so powerful and amazing that it is not much worse than the Nine Silkworms of the Celestial Clan.

This is also his confidence, not to mention that Lu Ming is just a **** prince sevenfold, even if Lu Ming is also a prospective emperor, he is also sure to kill Lu Ming.

Lu Ming's eyes narrowed slightly, instantly triggering a five-fold combat power of Zhanzi Jue. The cells all over the body and the continuous tremor stimulated all the power.

Boom!

Lu Ming's continuous boxing fist, terrifying boxing power, burst out, constantly blasting towards Murong Qiushui's flying knife.

In every collision, there was a big explosion in the starry sky. The terrible strength and the blades, the distance of hundreds of millions of miles across the starry sky, and numerous meteorites, the big explosion occurred.

call out!

With a knife, split a huge resource planet into two halves.

boom!

A terrible fist struck a star and directly struck a transparent channel between the star and almost exploded the star.

In the blink of an eye, the two men fought more than fifty moves, and did not distinguish between victory and defeat.

I have to say that Murong Qiushui's combat power is really powerful. With his combat power, he is close to the Nine Silkworms. Even if he is placed on the list of the top 100 quasi-empires, he can be ranked in more than fifty.

However, Murong Qiushui was even more shocked.

With his fighting power, Lu Ming couldn't take it.

Before Lu Ming, how much power was hidden, it was too scary.

With such fighting power as Lu Ming, why did he seem to be afraid of him before and left in a hurry?

"No, I'm lucky, this person deliberately led me out!"

With a flash of light, Murong Qiushui guessed Lu Ming's purpose.

"You brought me out deliberately, are you sure you can deal with me?"

Murong Qiushui screamed, raising the fighting power to the top.

A whole set of flying knives, fused together, turned into a huge flying knife.

call out!

The huge flying knife flew towards Lu Ming, terrible.

"Great Kamikaze!"

With a move in his heart, Lu Ming exhibited the Great Kamikaze technique, and also raised his combat power to the top level.

A loud roar, a huge flying knife, shattered directly, Murong Qiushui vomited blood and flew out.
