

D Emperor 3821

Chapter 3821: Shards in hand

When he exhibited the Great Kamikaze technique in Lu Ming, Murong Qiushui finally couldn't resist it, and he coughed up blood after being attacked by Lu Ming.

"Great Divine Wind Technique, are you...Mu Yun?"

Murong Qiushui shouted.

The events of Muyun and Ling Yuwei are tumultuous. How can Murong Qiushui not know?

When I think of it again, Ling Yuwei suddenly appears here, and he is more certain that the person in front of him is Muyun.

The young Tianjiao, who can master the Great Wind Technique and has a relationship with Ling Yuwei, is not Muyun, but who can it be?

He naturally would not have imagined that the person in front of him was Lu Ming in the primitive spirit world.

The present Lu Ming is based on the technique of slashing three corpses. The present body he cut out is a pure taboo body. The source of life has undergone a fundamental change, and he cannot naturally recognize it.

"Send you on the road!"

Lu Ming spoke indifferently, wrapped in a violent wind, and rushed towards Murong Qiushui.

In the palm of the sky, it seems that a cosmic storm has blown across the vast sky.

Murong Qiushui was shrouded in endless wind, like a flat boat in the sea.

Murong Qiushui shouted, struggling hard to break through, but he was injured and it was more difficult to break through Lu Ming's attack.

Touch! Touch! ...

In the endless violent wind, the two met continuously. After a few strokes, Murong Qiushui was hit by Lu Ming again, and half of his body exploded and was hit hard.

"You never want to kill me!"

Murong Qiushui's eyes were blood red, and the divine power was burning, he was desperately, and finally, even the original **** body began to burn.

call out!

He turned into a bright blade of light, rushing towards the other side of the starry sky, trying to escape.

Under such desperation, he broke through the violent wind, and he was about to rush out.

However, Lu Ming's expression was very relaxed, with no change at all, and no rush to pursue.

Because there was no need to rush to chase, he had already released the ball.

call out!

In the starry sky, a moon-colored spear burst out and pierced Murong Qiushui.

The moonlight gun is extremely sharp, breaking through the void, sending out a horrible roar, entrapping the power of destruction, making Murong Qiushui shocked.

He united all the power and turned it into a flying knife, blocking him in front of him.

Keng!

Moonlight gun thorn, and the flying knife's knife thorn, stabbed together.

A dazzling light flashed up, and at the next moment, the blade of the flying knife shattered directly, the moon-colored lances kept on, stabbing Murong Qiushui and piercing his body.

Murong Qiushui's lower body was completely exploded and exploded, leaving only a head and chest that were still intact.

The injuries he suffered were extremely serious and extremely weak, and he had no strength to fight anymore.

The light of the moon flashed, and the silver spear formed by the ball emerged, and it became a round ball again, with a mouth full of fangs, staring at Murong Qiushui.

"Metal life? This is, this is... How did you get this metal life?"

Murong Qiushui stared at the ball utterly, in his eyes, it was incredible.

He recognized the ball.

At the beginning, Lu Ming combined with the ball to defeat him.

Although metal life looks very similar, he carefully sensed that he still recognized that this metal life was Lu Ming's.

Why did Lu Ming's metal life appear beside Muyun.

Muyun is Lu Ming?

Impossible, the origin of their lives is completely different, this can not be disguised, he will never be mistaken.

"This metal life originally belonged to me. Of course it was by my side. Why? How long has it been since you didn't know me!"

Lu Ming came out of the air, and while talking, his body shape and appearance began to change, turning into Lu Ming's original appearance.

Murong Qiushui saw Lu Ming's appearance, and his pupils contracted sharply.

"Lu Ming, you are Lu Ming, impossible, how could you be Lu Ming, your source of life, how could you change?"

Murong Qiushui shouted hysterically.

"Honghuang Universe is infinite, mystery is endless, how can you know that I have changed the origin of life with mystery, Murong Qiushui, I didn't kill you in the original divine world, now it's not too late to kill you!"

Lu Ming said indifferently, walking with the endless wind.

Lu Ming said this, Murong Qiushui really concluded that the person in front of him was Lu Ming.

As a result, he was even more difficult to accept.

He shouted hysterically: "No, it's impossible, it's impossible, I'm not willing..."

Lost in the hands of Mu Yun, who is famous in the world, he is still a little bit better, but in the hands of Lu Ming, he can hardly be reconciled.

During this time, he got a great chance, and he has been madly improved in all aspects. Compared with the previous year, he is much different.

He thought confidently before, if he met Lu Ming again, he could suppress Lu Ming with one finger.

Unfortunately, when he met Lu Ming, he was still not Lu Ming's opponent.

This hit him too much.

"Send you on the road!"

Lu Ming spoke indifferently, not nonsense, wrapped in endless gusts, and killed Murong Qiushui.

At this moment, Murong Qiushui has no counterattack at all, so he cannot escape Lu Ming's attack.

Unwillingly screamed, Murong Qiushui turned into ashes in the violent wind, and even the soul did not escape.

However, Lu Ming has a decent start, and Murong Qiushui's storage ring has been retained.

In addition, after Murong Qiushui turned to ashes, a white light flew to the distance under a flash.

"Life Soul Yuan Stone Fragment!"

Lu Ming saw at a glance that it was a piece of Life Soul Yuan Stone and wanted to escape from here.

Life Soul Primal Stone Fragment usually chooses the owner voluntarily, if it does not approve, it will escape.

But now, it can't help it.

"Ball..."

Lu Ming transmitted the sound to the ball. The ball's body flickered and appeared in front of the Life Soul Elementary Stone Fragment. The body wriggled into a large net, blocking the path of Life Soul Elementary Stone Fragment.

And Lu Ming, with his big hand, entrained the endless gust of wind, and grabbed the fragments of Life Soul Yuanshi.

Life Soul Primal Stone Fragment, which has no strength in itself, can't escape at all, and was caught by Lu Ming.

"Let me go, you can let me go..."

An old man emerged from the Life Soul Yuan Stone Fragment, which looks exactly like Lu Ming's Stone Soul of Life Soul Yuan Stone Fragment.

This is also Shi Ling.

But this stone spirit, with a look of horror on his face, seemed to know that he was going to be in trouble.

"Hahaha, great, great, let me swallow him, so that two pieces of life soul stone fragments can be merged together!"

The soul soul Yuan Shiling in Lu Ming shouted excitedly.

"Go!"

Lu Ming controlled the stone spirit with the power of taboo, and then released his life soul element stone fragments.

Lu Ming's Life Spirit Yuan Shi Shi Ling immediately rushed to the Shi Ling frantically, biting up.

Chapter 3822: Blood Demon Avatar and Blood God Fruit

The stone spirit of Murong Qiushui's Life Soul Yuan Stone Fragment struggled frantically, but was controlled by Lu Ming with taboo power, and he couldn't get rid of it. It was difficult to even resist.

Can't resist, can only be beaten passively, and soon after, Lu Ming's Shi Ling swallowed a bit and became weaker and weaker.

"You swallowed me, and sooner or later you will be swallowed by others!"

The Shi Ling shouted unwillingly, cursing Lu Ming's Life Soul Yuan Shi Shi Ling, but at the next moment, his cry came to an abrupt end, because he had been dispelled by Lu Ming's Life Soul Yuan Shi Shi Ling, Then absorbed frantically.

Shi Ling, who has absorbed Murong Qiushui's Life Soul Yuan Stone Fragment, and Lu Ming's Life Soul Yuan Stone Fragment Stone Spirit, glows all over the body, with a radiant glow, a stronger and stronger breath.

And that piece of life soul element stone was also fused with Lu Ming's piece. The piece of life soul element stone in Lu Ming was large in size and gleamed with fluorescence.

"How? You have swallowed another stone spirit, have you made any progress, or, do you know more about life and soul in the heavenly court?"

Lu Ming asked Shi Ling.

Shi Ling hiccuped and looked contented, saying, "I know some things, Life Soul Heaven Court, I am afraid that it has not disappeared, and it is still floating in the vast universe. In addition, there are nine lives under Life Soul Heaven Court. I am afraid that the Soul Palace has not been destroyed. If you can find the Life Soul Heavenly Court and the Nine Great Soul Halls, you will reap endless treasures!"

"What? Life Soul Heaven Court and the nine Great Life Soul Halls are still there?" Lu Ming was taken aback.

Isn't Life Soul Heaven Court destroyed by Heaven Palace?

"Specifically, I don't know. It may be that the ruins are still there. The masters of Life Soul Heaven Court have all fallen, not necessarily!"

Life soul Yuan Shishi Lingdao.

Lu Ming nodded, it was possible.

Life Soul Heaven Court is the enemy of Heaven Palace. How can Heaven Palace stay Soul Heaven Court to stay in the world? If so, how to maintain the dominance of Heaven Palace.

In Lu Ming's heart, something was hot.

If Life Soul Heaven Court still has nine Life Soul Halls, it is really still floating in the universe, if it can be found, it is definitely a chance of Heaven.

Because, if it is controlled by the Tiangong, it will absolutely not be allowed to float in the universe.

Floating in the universe means that it is not controlled by the Tiangong.

"Then do you know, where is Life Soul Heaven Court or Nine Great Life Soul Hall?"

Lu Ming asked.

"do not know!"

Shi Ling's answer was very simple, disappointing Lu Ming.

Lu Ming put away the fragments of Life Soul Yuan Stone, did not stay here, flicked away, and left here.

A few days later, Lu Ming came to a remote planet and waited.

Because this is where he and Ling Yuwei agreed to meet.

Sure enough, soon after, Ling Yuwei came out of the air like a fairy in the painting.

"How? Was it successful?"

Ling Yuwei asked with a smile, in fact, seeing Lu Ming appear here, she knew that Lu Ming succeeded.

Lu Ming nodded and said, "Murong Qiushui's Life Soul Primal Stone Fragment has been merged with me, and when you get the next Life Soul Primal Stone Fragment, it will be yours!"

"no problem!"

Ling Yuwei smiled and then looked forward to asking: "Do you get any news from the Murong Qiushui's Life Soul Yuanshi Fragment? News about Life Soul Heavenly Court?"

"hardly..."

Lu Ming did not hide it, and told Shi Ling what he told him.

Ling Yuwei was also disappointed.

"Next, let's find the blood of the blood demon clan!"

Ling Yuwei said.

"By now, you should talk about, how do we deal with blood? You should have a plan? Do you still rely on beauty?"

Lu Ming asked.

"Of course not!"

Ling Yuwei shook her head and said: "I have been studying blood for a long time, blood is much more difficult to deal with than Murong Qiushui. It is definitely not possible to rely on the beauty plan, because this person is a cultivator and has little interest in women. ."

"Moreover, this man's combat power is very powerful. Although he is only a quasi-imperialist, he ranks eleventh in the list of top 100 quasi-empires. Even the quasi-imperial evils of many top ten races are lost to his hands. !"

"Eleventh in the list of top 100 quasi-empires!"

Lu Ming's eyes were also slightly fixed.

He played against the Nine Silkworms, and knew the terrible situation of the Nine Silkworms, but the Nine Silkworms were only ranked 49th in the Top 100.

And Xue Ming, on the list of top 100 quasi-empires, ranked eleven, which is definitely among the quasi-empires in the universe, standing at the pinnacle of existence, and most of the combat power is extremely terrible.

As far as Lu Ming knows, Ling Yuwei, ranked 16th in the Top 100 of Prospective Emperors, is alone in the fight. I am afraid he is not a **** opponent. This is also the reason why Ling Yuwei has not started.

Now, with the help of Lu Ming, she decided to start.

"Yes, but the bloodiest thing is not his strength, but the person's caution!"

"The blood demon avatar practiced by this person can produce multiple avatars. Those who are usually active outside, or encounter anything, are his avatars in action, and treasures such as life soul stone fragments must be blood. Ming's body carries, even if he kills his avatar, he will not get the Life Soul Yuan Stone Fragment!"

Ling Yuwei explained.

Lu Ming frowned, as he said, this blood is indeed very difficult to deal with, far from Murong Qiushui's.

"You must have a plan, just say it!"

Lu Ming said.

"I do have a plan. The first step of the plan is to introduce the main body of Heming, and we want to introduce the main body of Heming. At present, we have only one way, that is, rely on the blood **** fruit!"

Ling Yuwei said.

"Blood God Fruit?"

"Yes, the blood demon **** body practiced by blood wise is a very powerful physique, and the blood **** fruit has an extremely amazing effect on the cultivation of blood demon **** body. In fact, the blood **** fruit is for **** people. , Have extremely powerful effects."

"However, the blood **** fruit has a characteristic, that is, it should be taken out and taken within a short time, otherwise the medicine of the blood **** fruit will be quickly dispensed. Will be dispatched, because even if you use the avatar to get the blood **** fruit, it will not be absorbed in a short time, you need the body to absorb the refining!"

Ling Yuwei said.

"So, you already have news of the blood **** fruit?"

Lu Ming said.

"Yes, after many investigations, I do have news of the blood **** fruit!"

Ling Yuwei nodded.

"However, have you ever thought about a question, even if we have news of the blood **** fruit, and the place where the blood **** fruit is located, but with the two of us, can we deal with the blood Ming? As long as the blood Ming comes with several levels A higher **** emperor, we are looking for our own way!"

Lu Ming said.

Yes, these days of arrogant evildoers are not alone, they have a huge race behind them.

As long as Xueming brought a group of masters with them, they could not move their hands at all.

Chapter 3823: Golem

If Xue Ming brought a group of masters, with the two of them, it would not help.

Unless Ling Yuwei also brings a group of elven masters, then their plans and life soul stone will be exposed.

"So, it's about the next step, the most important thing!"

"I have refined a secret treasure over the years, plus my special physique, I can remove the whole blood **** fruit tree without letting the energy of the blood **** fruit disappear, and then move the blood **** fruit tree to a god. Where the imperial realm cannot enter, then, even if Xueming can bring people, he can only bring quasi-imperial-level characters. The quasi-imperial-level characters are definitely not a problem for us!"

Ling Yuwei also talked about her next plan.

Lu Ming had to marvel at the fact that Ling Yuwei's plan was so thorough that every step was counted, which was seamless.

It can be seen that Ling Yuwei has been planning for a long time to deal with Xueming.

This woman is terrible.

Lu Ming secretly admonished himself that he must be careful when cooperating with this woman. If one is inadvertent, he will be swallowed by the other party and there will be no scum left.

"Where is the blood **** fruit? Also, where are you going to transplant the blood **** fruit tree?"

Lu Ming asked.

"Blood God Fruit, in the Blood Shadow Demon Land, and transplanting, the best position is the Pan God's Relic, the Pan God's Relic, is a relic left by a powerful force in an ancient period, in this relic, Leaving a very powerful formation, the existence of the God Emperor level or above can not enter, otherwise it will be attacked by the Great Formation, and the God Emperor enters below, it will be fine!"

Ling Yuwei said.

Lu Ming nodded.

In fact, many forces will have a similar formation. The strong who reach a certain level of practice cannot enter, only the weak can enter. This is also the protection of their own forces.

What if the strong man enters and suddenly attacks from within?

Lu Ming chatted with Ling Yuwei for a while, and then Lu Ming passed the plan in his mind and found that the plan was indeed feasible.

It is difficult for Xueming to resist the temptation of blood **** fruit, and the body will come out to seize the blood **** fruit, and that is their chance.

"Okay, the plan is set, let's go to the Blood Shadow Demon Land and transplant the blood **** fruit tree!"

Lu Ming said.

Next, the two set off and headed towards the Blood Demon.

The Blood Shadow Demon Land is not very far from the territory controlled by the Blood Demon Clan, but it is a long distance away from the territory controlled by the Dobby.

Even if there were wormholes, there were some sections that were not connected by wormholes. It took them half a month to get to the blood shadow.

The Blood Shadow Demon Ground is a very special place.

In the starry sky, there are a lot of continents suspended, these continents, the number is amazing, it is hard to see the end.

There is blood in the endless continent, which envelopes this area and looks hazy.

Blood Shadow Demon Land, legend has it that in the distant past, it was a huge planet. This planet is not an ordinary planet. It is similar to the Dragon Mother Star. Although it is not as good as the Dragon Mother Star, it is almost the same.

In the wilderness universe, there are various forms of celestial bodies that can breed souls.

All kinds of small thousand world, middle thousand world.

There are mountains suspended in the universe, Hubo islands suspended in the universe, continents suspended in the universe, and so on.

Of course, the most celestial body is still the planet.

There are many types of planets, such as a life planet that can breed life, a resource planet that can mine ores, or a planet that can plant magic medicine, and some barren planets.

The life planet is also divided into three, six, and nine.

Most of the planets Lu Ming has seen are the most common.

There are also higher planets and super planets.

The highest level is the parent star of each race, which was bred from the beginning of the universe and was born with primitive gods, such as the dragon star.

The blood shadow magic land, at the beginning, is a super planet, and a super war broke out later. This super planet was exploded, and then the blood shadow magic land was formed.

"Legends, among the blood shadow demon land, a powerful existence fell, the blood was scattered, and the blood gas was endless years before the blood shadow demon land was formed, and due to these blood gas reasons, many evil creatures were bred in it, Wait a minute, be careful!"

Ling Yuwei reminded.

Lu Ming nodded, and the two flew into the blood shadow demon ground like two rainbow lights.

As soon as he entered the blood shadow demon land, those blood mists rushed towards the two, with strong corrosiveness.

Lu Ming, of course, does not need to operate the divine power, his skin is a powerful defense, blocking the corrosion of these blood mists.

"Kill kill..."

In addition, there was a roar of roar in the blood mist, which was like a magic sound, shaking people's souls.

People with weak mental wills will be affected by this magic sound, and thus become crazy and get into the magic.

However, Lu Ming and Ling Yuwei are very human, and their will is firm. For them, this magic sound is nothing to them, and it is easily blocked.

Ling Yuwei took out a map and looked at it.

There are thousands of continents floating here. Without a map, I want to find a blood **** fruit tree, such as a needle in a haystack.

The two flew in one direction.

Quack...

Suddenly, a strange cry came, and then a large group of Scarlet Birds rushed out of a continent and rushed to Lu Ming, both of whom had countless blood.

"I come!"

Ling Yu Wei Jiao drank, and in her hand, some time, a long green bow appeared.

As soon as Ling Yuwei pulled the bow string, an emerald green arrow condensed out.

Buzz!

Unlocking the bowstring, the emerald green arrows flew out like a lightning.

A startling scene appeared, and the emerald green arrows flew out, splitting constantly.

One point two, two points four, four points eight, eight points sixteen...

The speed of division is very fast.

A breath, the sky is full of emerald green arrows.

When the arrows approached those strange birds, the sky was full of arrows. I don't know how many.

Puff puff...

The sky-wide scarlet bird was hit by arrows, pierced by arrows, and landed on the mainland.

In just an instant, the densely packed scarlet birds were killed.

"Great tool!"

Lu Ming exclaimed in his heart.

This kind of archery is really amazing.

This is just Ling Yuwei's random shot, if you take it seriously, I don't know how powerful it will be.

Ranked 16th in the list of the top 100 quasi-empires, the celestial daughter on the pearl list is definitely a figure in the universe. Although Lu Ming is a taboo body, he dare not underestimate these evils.

The strange bird was killed and the two went on.

Next, the two will be attacked by strange creatures from time to time.

However, these creatures are not very strong and were easily killed by the two.

The two took turns, and quickly leaped hundreds of lands.

Chapter 3824: Stubborn

The two continued to fly towards the location of the blood **** fruit tree.

Boom!

Suddenly, not far ahead, roar came.

There was a burst of divine light, followed by a strange roar.

In front, there is a group of people, dressed in blood-colored robes, who are rounding up a group of blood-colored tiger-like creatures.

And this group of scarlet tigers is surrounded by a blood red flower.

"Hurry up to kill these beasts, you can't let these beasts, destroy the blood demon flower!"

A young man wearing a **** robe and embroidering a golden skull gave orders.

Most tiger-like creatures are mostly three to sixfold princes, and these blood-robed men are all seven-fold princes and more powerful. Under attack, all tiger-shaped creatures are killed. .

The young man was overjoyed to pick the blood demon flower.

"Let's go!"

Ling Yuwei said, not wanting to cause trouble, but wanted to go around.

"Stop them!"

Before the two flew far, a cold voice sounded from the blood-robed young man.

Uh, uh...

The figure flashed, and dozens of blood-robed men surrounded Lu Ming.

The blood-robed young man came over, staring at Ling Yuwei with a dead eye, completely ignoring Lu Ming.

"Hahaha, I didn't expect that in such a place, I could meet such a beauty. God really likes me, hahaha!"

The blood-robed youth laughed, and the evil light flashed in his eyes.

Ling Yuwei's complexion gloomed down.

Lu Ming smiled bitterly, it seems that this guy is in love with Ling Yuwei.

"roll!"

Ling Yuwei drank coldly.

Seen by the look of the blood-robed youth, she was uncomfortable.

"Yeah, the temper is not small, but I like it!"

"You guys, kill the kid, take this chick under control, and leave it to me!"

The blood-robed youth gave orders.

"Boy, die for me!"

An old man with eight princes, holding a sharp sword, stabbed Lu Ming with a sword.

Jian Guang was sharp and took Lu Ming's eyebrows straight. He wanted to kill Lu Ming with a blow.

But an ordinary **** monarch, he really didn't put Lu Ming's eyesight.

bump!

Lu Ming came first and kicked out. He kicked it accurately on the old man's face. The old man screamed, his body flew out like a broken sack, and his face was completely deformed.

Ok?

Everyone else was shocked.

Unexpectedly, Lu Ming's strength is so strong, he defeated a powerful monarch with one stroke.

"Hello courage, those who dare to hit me, shot together, and scrapped this kid for me!"

Blood robe youth roared.

Boom!

A dozen blood-robed men, filled with a strong breath, slammed towards the landing.

These people, there are seven princes, eight princes and nine princes, and even two quasi-imperial characters.

Lu Ming's eyes were cold, and his heart was filled with murderous opportunities.

Since these people do not know life and death, he does not mind sending these people on the road.

But Lu Ming hadn't shot yet, Ling Yuwei had already shot, saw Ling Yuwei's hands, suddenly flew an arrow.

This arrow seems to be spiritual, like a lightning, flying in the air.

Puff puff....

Blood was splattering, and more than a dozen blood-robed men, including the blood-bubble youth, also hit arrows.

Some people have arrows in their chests, some people have arrows in their shoulders, and the blood-robed young man has arrows in one eye.

However, these people were not dead, obviously Ling Yuwei's men were merciful.

A dozen blood-robed men looked at Ling Yuwei in horror.

Ling Yuwei's strength is too horrible. More than a dozen masters, including two prospective emperors, were suddenly injured.

"Get out of here?"

Ling Yuwei drank coldly.

Blood robe youth and others quickly ran away.

"You don't kill them?"

Lu Ming said.

"There is no deep hatred, give them a chance, if there is next time, I will not be merciful!"

Ling Yuwei said.

Lu Ming shook his head slightly.

This Ling Yuwei is still the temper of the big race lady. It is estimated that not many things have been experienced.

If you change to Lu Ming, he will not be merciless since he has started, so as to avoid future troubles.

However, Lu Ming will not deliberately chase.

Next, the two went on.

In this way, after a few days, they finally approached their destination.

In front, there is a huge continent, the blood mist of this continent is more dense than other places, and the birth of the soul is also more powerful.

The two converged and escaped those creatures and came to a valley.

Deep in the valley, the blood was filled with blood, and the situation inside could not be seen clearly.

"Blood God fruit tree, it should be deep in this valley, let's go in!"

Ling Yuwei said.

Lu Ming nodded and stepped into the valley side by side with Ling Yuwei.

Roar roar...

Suddenly, there were roaring roars from all directions, and the ground also gave a rumbling vibration, as if there were thousands of troops, rushing towards them.

Countless monsters rushed towards them.

In the sky, a group of blood-robed people appeared.

Lu Ming glanced at the blood-blooded youth before.

"Give me death, two miscellaneous pieces!"

Those blood-bubbled youths, showing their terrible colors, were as cold as a sword.

Ling Yuwei's complexion suddenly became gloomy.

Obviously, these monsters were drawn by blood-bubbling youths and others. The purpose is to use the power of the monsters to kill Lu Ming and others.

"court death!"

Ling Yuwei drank coldly.

She spared each other's life, the other party actually came to kill her, let her take the chance.

Buzz!

The emerald green longbow reappeared, bent the bow and arrow, and the arrows shot out, turning into countless emerald green arrows. Suddenly, huge monsters were killed by the arrows.

In the blink of an eye, thousands of powerful monsters were killed.

"So strong!"

In the sky, those blood robe people's faces all changed, shocked by Ling Yuwei's strength.

However, they are not afraid, because this time, there was a **** emperor-level strongman who followed.

Uh!

At this time, Lu Ming rose into the sky and rushed towards the blood robe youth and others.

"A prince who is sevenfold, dare to come up, find death, and kill him!"

The blood-robed youth drank coldly.

Immediately, a prospective emperor stepped out, turned into a sword light, and killed Lu Ming.

In their view, Ling Yuwei is a quasi-imperial level of cultivation, and the threat is great, but Lu Ming is only the sevenfold of the Divine Monarch. How much threat can it have?

A prospective emperor is more than enough.

boom!

Lu Ming banged out with a punch and aimed at the opponent's sword light.

When Jianguang and Lu Ming's fists collided together, Jianguang directly collapsed, fisting, and crushing towards the other party. This quasi-imperial blood-robed man, even without screaming, was in Lu. Ming's fist was crushed, and it burst apart, and all forms were destroyed.

"This... how is this possible?"

The blood-robed youth, as well as other blood-robed men, could not help but widen their eyes.

Divine King is sevenfold, and he kills a prospective emperor in one move.

This is a wicked demon.

Chapter 3825: Completely destroyed and found

boom!

Lu Ming stepped into the sky, at the same height as the blood-robed youth and others, stepped forward and headed toward the blood-robed youth.

These people, he will stay here today.

"Boy, do you know who I am? I am the young master of the Blood Skeleton Pirates, you dare to kill us, you are waiting for our endless revenge!"

Blood robe youth shouted.

"It turned out to be a blood skeleton pirate group!"

Lu Ming moved.

He knew this pirate group.

The vast universe is too vast. In the vast sky, the ground is full of opportunities.

This naturally gave birth to countless interstellar pirates, as well as countless interstellar pirates.

But most of the interstellar pirates are of average strength, which is not a concern.

However, among all the interstellar pirate groups, there are some extremely terrifying.

These are the ten famous interstellar pirate groups. The Blood Caverns Interstellar Pirate Group is one of the top ten interstellar pirate groups.

The top ten interstellar pirate groups are extremely terrifying in strength, comparable to some powerful races on the Hungry Peoples List.

It turned out that the people in front of me were from one of the top ten interstellar pirate groups. No wonder they were so bold and cruel.

But Lu Ming will be afraid?

Of course he would not be afraid, he continued to step forward and the sky was violent.

The blood robe youth's pupils contracted sharply, a face twisted and shouted: "Kill me this shit!"

boom!

Next to the blood-robed young man, an old man stepped out, and the vast breath, like the sea like a sea, squeezed towards the landing.

At the same time, a sharp sword light burst out, piercing the void and piercing Lu Ming's eyebrows.

This old man, awe-inspiring existence.

This is where the blood-robed youth's confidence lies.

However, this is just the weight of the ordinary Divine Emperor, Lu Ming did not care at all.

Lu Ming triggered a five-fold combat power of Zhanzi Jue, and punched out.

Fisting like a mountain, destroying and withering, and vanishing the void, it is extremely violent.

As soon as the opponent's Jianguang touched Lu Ming's fist, it shook violently, and then burst with a touch.

The old man's face changed wildly, his hands shook rapidly, and between his blood, a stronger sword light burst out, hitting Lu Ming's fist, with a bang, the old man's figure was violent, and he quickly backed away, his body Shivering, a trace of blood spilled from the corner of the mouth.

"This...this is impossible?"

The blood-robed young man, his eyes squinting round, shouted inconceivably.

Lu Ming, actually injured a **** emperor with a boxing, and the gods are just sevenfold. How is this possible? He is unbelievable.

But he had to believe the facts.

"kill!"

Lu Ming shouted and his fists burst out.

A punch fist pierced the void, killing the people of the Blood Skeleton Pirates.

The fist burst, the void exploded, and the speed was very amazing. Many people in the blood skeleton pirate group did not react, and they turned into ashes under the fist.

Lu Ming didn't leave his hand at all. When he shot, he planned to leave these people completely.

After the fists of the sky, only three people survived.

The strong men of the two emperors, with blood robe youths, retreated quickly.

However, the two emperors of the same weight joined forces to resist Lu Ming's attack and were also injured.

"Hurry up, this demon, go away!"

A great man in God's Realm shouted, his voice trembling, with a look of horror.

However, at the beginning of his words, an arrow shot through the void and shot at the person.

puff!

The person didn't even react, so he was pierced by the arrow and destroyed the soul in the sea.

The shot was of course Ling Yuwei, who shot and killed a **** emperor with one arrow.

"go!"

There is still an old man in the Divine Realm, shouting in horror, and the young man with a blood robe quickly retreats.

However, Lu Ming waved his hand, three gravity beads flew out, and the powerful pressure enveloped the void.

what!

The blood-bubble youth couldn't resist such a terrible gravity, and was exploded by the pressure of gravity, and fell to the spot.

The old man in the Divine Realm also vomited blood and was hit hard.

The gravity of the three gravity beads burst out together, which is really terrifying.

"Ah, you killed the young master, my blood skull pirate group will definitely retaliate, you just wait, your end will be very miserable..."

The old blood robe shouted in despair.

Uh!

Lu Ming appeared like a ghost, and appeared in front of the old man. He punched out with a punch. The old man screamed, his body torn apart, and fell to the spot.

The masters of the Blood Skeleton Pirates were wiped out by both Lu Ming and Ling Yuwei.

Lu Ming stood high in the sky and looked away. He found that all the monsters before had been killed by Ling Yuwei.

Lu Ming was shocked in his heart that Ling Yuwei deserved to be the 16th place on the list of the top 100 quasi-empires. His fighting power was extremely horrible.

If Lu Ming does not rely on the ball now, even with all his effort, I am afraid that he is not Ling Yuwei's opponent.

"Let's go in!"

Ling Yuwei said.

Lu Ming nodded silently, the two flew towards the valley.

This valley is very large, very wide and very deep, and the blood mist is very dense.

The two converged, with a high concentration of attention, carefully watching around.

The blood here is so rich that the two are afraid to breed very powerful monsters.

However, the two of them traveled a distance, and none of the monsters saw it. The valley was very quiet.

It's too quiet.

"Something wrong, it's too quiet, there is no trace of wind, and no monster exists!"

Lu Ming frowned.

"It's not just true. The monsters that were drawn by the Blood Skull Star Pirates attacked us, but when they hit the mouth of the valley, they stopped. They seemed very scared and didn't dare to enter the valley."

Ling Yuwei said.

"It seems that this valley is not simple!"

Lu Ming said.

"It's almost time. When I see the blood **** fruit tree, I'll make a quick decision and remove the blood **** fruit seal as quickly as possible!"

Ling Yuwei said, frowning slightly.

However, the spiritual consciousness is extremely sharp, and the sense of danger is also very sensitive.

Ling Yuwei, like Lu Ming, also has a bad feeling.

However, they have already come here, and they are about to arrive, there is no reason to fight back.

The two went on.

Suddenly, there was a strong scent of medicine in front.

"Here it is, it is really the blood **** fruit!"

Ling Yuwei's eyes lit up, revealing surprise.

Lu Ming also saw that, not far from the front, there was a small tree about one meter high, with red blood all over his body and blood.

Between the branches of the little tree, there is a fist-sized fruit hanging there.

The fruit is formed by the condensation of endless blood, exuding a rich blood light. In the blood light, it seems that there is a figure sitting cross-legged.

It is amazing that there is no **** smell, but the smell of medicine.

Chapter 3826: Start sealing

This is the blood **** fruit tree and blood **** fruit.

"Began to act, I will seal, you protect the Fa for me!"

Ling Yuwei whispered to Lu Ming.

"rest assured!"

Lu Ming nodded and the two stepped towards the blood **** fruit tree.

But just then...

Rustle...

On the ground, a rustling voice suddenly came out, and then, two eyeballs larger than the water tank emerged, and blood was red.

Immediately afterwards, a giant figure emerged.

This is a big snake, his pupils are blood red, and his eyes are staring at Ling Ming and Ling Yuwei.

Sisisi...

The serpent screamed and swam towards Landing Ming and Ling Yuwei. The snake letter was like a red sword, stabbing towards Ling Yuwei, and a snake tail, like a soft whip, pulled towards Lu Ming.

The breath is very violent and terrifying.

Divine Emperor Double!

As soon as the serpent shot, they felt that this serpent was the double existence of the **** emperor.

call out!

Ling Yuwei shot, a green arrow, burst out, collided with the blood-red snake letter, blocking the attack of the snake letter.

Lu Ming directly sacrificed three gravity beads. The powerful gravity enveloped the snake, making the snake's speed weaker. Lu Ming punched two consecutive times and bombarded the snake's tail. Suddenly, he felt a force of terror. When Ming Ming rushed to the landing, Lu Ming's body retreated.

"Good strength!"

Lu Ming was shocked.

He did not have to deal with the double existence of the Divine Emperor. In the Gale, he once had to deal with the double existence of the Divine Emperor. When there is no ball and big Divine Wind, he can communicate with the ordinary God The Emperor's Second Confrontation.

However, he was repulsed just now.

The fighting power of this serpent is very terrible, the power is amazing, far stronger than the ordinary God Emperor.

"This serpent should be a monster guarding the fruit tree of the blood god. Its strength is amazing, and we need to join forces!"

Ling Yuwei said.

"Shoot together!"

Lu Ming said, and went directly to the snake.

The powerful gravity envelops the snake, causing the snake's speed to drop. At the same time, Lu Ming exhibited the Great Divine Wind Technique, wrapped in a violent wind, and the speed increased suddenly.

Lu Ming has already exhibited the Great Kamikaze technique, and his palm is wrapped with terrifying cutting power.

But when Lu Ming's palm was cut on the snake's neck, he encountered great resistance. The palm ran across, but just cut the snake's skin, and a trace of blood oozed out, but the snake was not seriously injured.

While Lu Ming shot, Ling Yuwei also shot.

"Elven King Bow!"

Ling Yu Wei Jiao drank, her body glowed, and a huge battle bow emerged.

This war bow is larger than any war bow Ling Yuwei had cast before.

This is her original secret technique.

Buzz!

The bowstring vibrated, and a hundred-meter-long arrow burst out, piercing the snake's head.

puff!

The arrows shot by Ling Yuwei were amazingly powerful. They actually directly broke the defense of the serpent, and the arrows broke into the body. However, they only penetrated half a meter, and the rest was blocked.

"Seal Arrow!"

Ling Yuwei shot an arrow, followed by another arrow.

But the second arrow is not the same as the first arrow. After the second arrow is shot, it is scattered directly into hundreds of arrows, and dense runes appear on each arrow.

Bang Bang Bang!

Hundreds of arrows, all shot at the snake, just like ordinary wooden arrows shot on the stone, making the sound of blunt tapping, without a single arrow, breaking the defense of the snake.

And all the arrows exploded, but the above runes, like countless bugs, climbed onto the body of the serpent.

In an instant, the snake was covered in countless runes.

Sisisi...

The snake roared and struggled, but the body's movements became slower and slower.

"Is this what Ling Yuwei said about the power of the seal?"

Lu Ming moved.

Ling Yuwei said that her physique is special, with a powerful sealing power, and even the breath of the soul stone fragments can be sealed. With a secret treasure, it can seal the blood of the fruit of the blood god, and this should be the power of this seal. Well, it's really mysterious.

The snake's speed becomes very slow under the dual action of gravity and seal.

Lu Ming and Ling Yuwei will naturally not miss this opportunity.

boom!

Lu Ming shot suddenly, the palm of his hand was like a sharply rotating sword, stab at the snake's eye.

The eyes are the weakness of the serpent.

At the same time, Ling Yuwei's arrow also shot at the snake's other eye.

There was no accident, both of them hit.

The snake's eyes exploded directly, and blood spattered.

Sisisi...

The serpent twisted his body frantically, violently whipped, but did not hit Lu Ming and Ling Yuwei.

Uh! Uh!

Lu Ming and Ling Yuwei flashed, and continued to shoot, attacking one after another, constantly attacking the snake's eye socket, and the terrifying destructive force rushed in from the snake's eye socket, breaking through the snake's body, turning its brain, completely destroy.

The serpent struggled for a while, and then slowly stopped, and finally collapsed to the ground, without any breath.

Huh!

Lu Ming and Ling Yuwei were relieved.

This snake is very difficult to deal with. It has amazing strength and even stronger defense. Fortunately, the two joined forces to win this snake. Alone, I am afraid it is not so easy to succeed.

Of course, Lu Ming has the ball, if the ball is shot, it will naturally be able to kill the snake easily, but now Lu Ming does not want to easily expose the strength of the ball.

Moreover, Lu Ming did not want to let the ball shot when it was not necessary.

In the Gale Gale, the ball swallowed an entire star-like metal ore. The energy is too strong. Although the ball has evolved into the Divine Emperor Double, the star has not been completely refined.

During this time, the ball has been quietly refining, let him shot, will interfere with him.

Lu Ming walked over and kicked the snake's body to the side, then looked around, protecting Ling Yuwei.

Ling Yuwei did not delay, came to the blood **** fruit tree, and then took out a jade bottle.

This jade bottle is the secret treasure that Ling Yuwei spent great efforts to create. With the power of her seal, it can protect the blood and the fruit.

Without her sealing power, this secret technique alone is useless.

Ling Yuwei placed the jade bottle on the edge of the blood **** fruit tree, and then her body was filled with strange brilliance.

Lu Ming seemed to see that countless small runes surfaced on the surface of Ling Yuwei's body, and then crawled along the palm of Ling Yuwei towards the fruit tree of the blood god.

Soon, the blood **** fruit tree was covered with small runes.

Uh...

Ling Yuwei's hands continue to pinch the seal, control more runes, and climb to the blood **** fruit tree.

In particular, the blood **** fruit is given special attention.

At this moment, the sudden change happened!

Chapter 3827: Scary python

Just as Ling Yuwei tried his best to seal the blood **** fruit tree and transplanted the blood **** fruit tree, the mutation suddenly occurred.

In the depths of the gorge, suddenly a rich blood gas emerged, which condensed into blood pythons and swallowed towards Ling Yuwei.

These blood pythons are not real pythons or monsters bred by blood, but only blood.

Lu Ming's face changed.

At this moment, Ling Yuwei can't be disturbed at a critical moment, otherwise, don't say that the blood **** fruit tree can't seal successfully, if it causes shock, the energy of those runes can destroy the blood **** fruit tree.

Lu Ming appeared in front of those blood pythons, performing the Great Kamikaze technique, shooting with both palms in a row. Suddenly, the wind raged, and the terrible strong wind rushed towards those blood pythons.

A series of explosions sounded, and those blood pythons were blocked.

However, between blood tumbling, blood pythons condensed out and rushed to Lu Ming, more in number.

Lu Ming used the beads of gravity to fight with all his strength, but his blood became more and more intense, and there were more and more blood pythons condensed, and his power became stronger.

Lu Ming gradually became a little bit powerless.

At this time, the blood **** fruit tree still did not seal successfully.

Lu Ming can only grit his teeth to resist and urge the fighting to the extreme.

As long as Ling Yuwei's seal is delayed, they can immediately quit here.

In a blink of an eye, several minutes passed.

At that moment, those blood pythons, those blood energies, suddenly shrunk, gathered towards the depths of the valley, and disappeared without a trace.

Roar!

Suddenly, a deep roar came from the valley, and then, a terrible attraction suddenly burst out, acting on Lu Ming.

"not good!"

Lu Ming's face changed a lot. Because of this attraction, it was really terrifying. Lu Ming couldn't hold his body, and he flew towards the depths of the valley.

"Ball!"

Lu Ming made a move in his heart and gave the ball a sound.

At this time, he can only disturb the ball.

On the wrist, the ball swiftly squirmed into a silver spear. Lu Ming screamed, and one shot stabbed deep into the valley. A moon-colored gun burst into the deep valley, but it was like a rock sinking into the sea. No splash at all.

Lu Ming still flew towards the valley along that powerful force.

The ball exploded in full force and wanted to rush out, but it was useless at all. This attraction is really terrible.

Uh!

Lu Ming's body was unsteady, and he flew directly into the valley.

At this time, Lu Ming aimed that Ling Yuwei had successfully sealed the blood **** fruit tree, and put the blood **** fruit tree into the jade bottle.

Ling Yuwei saw that Lu Ming was attracted by the valley, and her face was panic-stricken. She sipped and shot an arrow at the valley with all her strength, but it was still like a rock sinking into the sea, without causing the slightest waves.

This is the last time Lu Ming saw Ling Yuwei. At the next moment, he flew into the depths of the valley, his eyes blocked by the thick blood.

Through the thick blood, it reached the end of the valley.

However, on the cliff at the end of the valley, there was a cave. The powerful attraction came from this cave, and Lu Ming flew into the cave uncontrollably.

At the next moment, the attraction disappeared and Lu Ming found that he was already in a huge grotto.

Lu Ming immediately guarded carefully.

"That is..."

Suddenly, Lu Ming stared.

Because in the front, I saw a huge python.

This python actually has a pair of thorns, but on top of it, it has a pair of dragon horns.

Very strange, Lu Ming has not seen such a python before.

The python is very huge, its body rolled up, like a mountain, with huge eyes, staring and landing.

"A strong body, a strong blood energy, every prince, there is such a strong blood energy, it is really rare, I refined you, it must be a big supplement!"

The huge python opened his mouth, greedy in his eyes.

"Did you **** me in?"

Lu Ming stared at the python and asked.

"Anyone but me? Boy, be my nutrient!"

A huge python, with a big mouth open and a burst of blood, spewed from the mouth of the python.

No, this is not blood gas, this is a kind of blood flame, blood flame, the temperature is astonishingly high, and before approaching Lu Ming, Lu Ming feels a terrifying temperature, coming towards him.

This temperature gave Lu Ming an extremely dangerous feeling.

Lu Ming didn't hesitate, his body retreated.

"In front of me, I still want to retreat, it's really naive, press me!"

The python spoke coldly, and then a terrible pressure was exerted on Lu Ming, and Lu Ming could hardly move.

This python is terrifyingly powerful, and I don't know what realm exists.

Buzz!

The ball turned into a silver-white spear, bursting out with a dazzling gun, wanting to break through this pressure.

"Curious metal life, interesting, wait for later to study!"

The python looked at the ball and showed curiosity, but when it saw its head slightly deviated, the ball detached from Lu Ming, flew out, and hit the wall on the side without moving.

With the current practice of the ball, it explodes with all its strength, and can kill the four powerful players of the ordinary **** emperor, but in front of this python, there is no slight counterattack.

Huh...

The flame of blood instantly enveloped Lu Ming. Lu Ming felt a terrifying high temperature, and the power of destruction was poured into Lu Ming's body, and Lu Ming was to be burned and refined.

How could Lu Ming be reconciled, all the cells in his body shuddered, the forbidden power exploded with all its strength, resisting the erosion of the blood flame.

"this is..."

The python's eyeballs suddenly widened, revealing incredible colors, and then ecstasy.

"The power of taboo, this is the power of taboo, this is actually a taboo body, hahaha, my luck is so good, this ray of taboo power is mine!"

The python actually recognized the power of taboo, and his eyes exuded a blazing flame and greed.

The flame of blood in its mouth was more intense, and it madly rushed towards the landing.

"Even if you get the power of taboo, it is impossible to merge, and the power of taboo, can anyone fuse!"

Lu Ming Changxiao.

"You are right, the power of taboo is indeed not everyone can be integrated, even if I am not sure, but how about that? I will refine you into my puppet, let you continue to grow in the future Can be a weapon in my hands, ha ha ha!"

"I was lucky that I was not dead, and I came back to life. In the future, I must revenge, ha ha ha!"

The python laughed, excited.

Lu Ming's heart kept sinking.

This python is really terrifying, and I don't know what it is.

According to legend, this blood shadow demon land was born of a powerful existence of scattered blood. Is this python the original scary existence of scattered blood?

Chapter 3828: Arms outstretched in a copper coffin

The flame of blood enveloped Lu Ming, burning continuously.

From the inside out, every place is shrouded in flames of blood.

Lu Ming resisted with his taboo force, so that Lu Ming's potential stored deep in the cell was all excited at once.

Lu Ming felt that in every cell, powerful energy emerged, and his stored potential was completely consumed in one fell swoop.

boom!

Under the burst of this potential, Lu Ming's breath suddenly rose.

Breakthrough!

Under the pressure of this terrifying blood flame, Lu Ming's potential exploded all at once.

Lu Ming's cultivation practice also made a sudden breakthrough from Divine King Sevenfold to Divine King Eightfold, which greatly increased his strength.

It is a pity that this python is too strong, and it is not a breakthrough that can be solved.

Even if Lu Ming broke into the eighth level of Divine Monarch, he could not move at all, and could only contend with a little more time.

"Breakthrough? Awesome, awesome, is this a taboo body? And under the danger, it stimulates the potential, and breaks through cultivation, good, hahaha!"

The python laughed, and the greed in his eyes grew stronger.

He couldn't wait to get Lu Ming in his hands.

"No way, I can only rely on the copper copper coffin!"

Lu Ming turned his thoughts.

Less than a last resort, Lu Ming really didn't want to move the copper copper coffin, because as his cultivation improved, he felt the evil and danger of the copper copper coffin more and more.

This thing is a double-edged sword. If you are not careful, you will die yourself.

But now, he has to use it.

Even if you really kill yourself, this python can't be cheap.

When the thoughts moved, the copper copper coffin emerged.

"this is..."

The eyes of the python stared at the copper copper coffin.

Taking his cultivation as an example, his spiritual consciousness was also extremely sharp, and instinctively felt that the copper copper coffin was terrible.

So, the python shot directly, and his tail exploded into space, drawing towards the copper and copper coffin.

Click!

A sound of metal friction sounded, and the lid of the copper copper coffin opened a gap.

Lu Ming was taken aback. This was not his attempt to open the copper copper coffin. This was the lid of the copper copper coffin, which he opened.

It was just a crack, and there was a terrifying anger that filled out.

When Lu Ming was still very weak, in the face of this prosperity machine, he only felt terrified, irresistible and difficult to resist.

Now, Lu Ming does not know how many times he is stronger than before, but in the face of this power, it is still such an irresistible, difficult to resist, terrifying feeling.

The python's pupils contracted sharply, revealing fear.

Click!

The sound of metal friction continued to sound.

The coffin cover of the copper copper coffin was opened more.

boom!

A more terrifying gas machine erupted, and it was astonishing, as if there was a terrifying creature in the copper and copper coffin that would break out of the coffin.

The flame of blood on Lu Ming's body was washed by this breath and disappeared without a trace.

Lu Ming's body suddenly returned to normal.

The python, the scared pupil contracted, retreated backward, and shouted: "What is it in your coffin? What the **** is it?"

However, before the python retreated far enough, the mutation occurred.

In the copper and copper coffin, an arm suddenly stretched out.

This arm, covered with green scales, looks scary and scary.

At first, the arm was the size of a normal person's arm, but when it was extended, it suddenly grew larger.

And, on the arm, there was an iron chain wrapped around it, one end wrapped around the arm and the other extended into the copper coffin.

Dangdang!

The iron chain vibrated, the arm soared, the fingertips of the finger, covered with sharp purple armor, grabbed towards the python, but before it arrived, a force of terror had pressed against the python.

Roar!

The python roared, and the whole grotto shook. The momentum was soaring, and a terrifying breath erupted, causing Lu Ming to tremble a few times in his heart.

Horrible, extremely terrible, the cultivation of this python is probably already above the Divine Emperor.

The potential of the python erupted. Its tail, like a spear, pierced the scaled claws as if it could penetrate everything.

However, this seems to be able to pierce through all tails, but does not pierce the palms covered with scales, and pierces on the palms, but just makes a "dong" sound, and then there is no movement.

Instead, he grasped the tail of the python with a palm, which made the python terrified, and twisted hard, and a ray of divine light was sprayed from his mouth, slamming into the scaled arm.

This blow, incomparably horrible, is placed outside, and can explode large stars and destroy countless planets.

But it fell on the arm covered with scales, but it was of no use at all, and not even a single scale was shot down.

The scaled arm, holding the python's tail, shook slightly.

Click, click...

It was like shaking a leather whip, the whole body of the python was shaking, the bone made a clicking sound, and it broke into dozens.

The huge body of the python collapsed and it didn't work hard. It really looked like a soft whip.

The scaled arm suddenly grew larger, grabbed the entire python, and then retracted it towards the copper and copper coffin.

"No, no, no, what is this copper coffin? Why are there primitive gods alive...don't..."

The python roared in horror, and there was a constant overflow of light on his body, trying to break away the scaled arms, but it was useless.

With a breath, the arms covered with scales retracted into the copper copper coffin, and the python was naturally caught.

With a clatter, the coffin lid of the copper and copper coffin closed automatically, and the terrifying gas machine disappeared without a trace.

Lu Ming was stunned, his eyes rounded, and he couldn't react after a while.

Because of all this, what happened is too sudden, too unbelievable.

After a while, Lu Ming slowly calmed down, but his heart turned over.

"Is it true that the last roar of the python? The living primitive deity? Was the arm with scales just now belonged to the primitive deity? In the copper and copper coffin, is there really a primitive deity buried?"

"But, why is there a chain on the arm, as if locked..."

Lu Ming's thoughts fluttered, and his imagination joined together.

There are too many questions to figure out.

If it is a living primitive deity, why hide in a copper coffin?

Moreover, why are they locked by chains?

Why did you take down the python just now? And did not shoot him?

Many questions, Lu Ming couldn't figure it out, but he couldn't open the copper copper coffin to ask clearly. The existence inside was too horrible. It was a blessing that he hadn't shot him. If he was not happy to give him a slap, would he? Not wronged?

Chapter 3829: I'll sell the news

After thinking about the question about the copper and copper coffin for a while, Lu Ming still shook his head and shook his head out of the head. Since he couldn't figure it out, he was too lazy to think about it.

Let's talk about it later, to improve, at least, the crisis just now has been lifted, isn't it?

What's more, Lu Ming's cultivation practice has also made a breakthrough.

Lu Ming feels himself, feels that his body is full of powerful energy, and is full of endless power. He can break the void with every move.

This time, it was really a blessing due to misfortune. Cultivating into the eighth level of Divine Monarch, Lu Ming's combat power has improved a lot.

Before, he faced Ling Yuwei alone, and he was a little bit unsure and unsure. Now, he feels full of energy.

"However, just a moment ago, the potential stored in the cells was exhausted all at once and needs to be replenished!"

Thinking of this, Lu Ming did not rush out, but took out a bone bead and began to absorb it.

Anyway, this kind of bone beads, the energy is very pure, and the speed of absorption and refining is very fast.

In two days, Lu Ming refined two bone beads.

However, with the improvement of cultivation, the potential of cells can be stored more, and the two bone beads only store 50% of the potential.

Fifty percent of the potential was enough for the time being. Lu Ming did not continue to refine and ended his cultivation. He turned around in this grotto, but unfortunately nothing was found, and Lu Ming left here.

When Lu Ming returned to the location of the blood **** fruit before, he found no trace of Ling Yuwei.

"Don't Ling Yuwei deal with Xueming alone?"

Lu Ming reveals a pondering look.

He had no doubt that he had been swallowed by that python before, it was Ling Yuwei's scheme.

Ling Yuwei is mostly unaware, because killing Lu Ming with that python has no benefit to Ling Yuwei. But Lu Ming has two pieces of Life Soul Primal Stone, and lost Lu Ming's Life Soul Primal Stone Fragment, Ling Yuwei How to find the treasure of Life Soul Heaven Court?

Lu Ming estimates that Ling Yuwei is mostly unaware.

Lu Ming walked out of the valley. To Lu Ming's surprise, Lu Ming saw a figure just after he came out of the valley.

It's Ling Yuwei!

"Muyun, you're fine!"

Seeing Lu Ming, Ling Yuwei showed her joy and flew over quickly.

"Why? You care so much about me? Won't you be true to me?"

Lu Ming made a joke, after Lu Ming said, he wished to slap his mouth, this mouth, always can not control nonsense.

"What are you talking about, I'm just worried about Life Soul Yuan Shi fragments, don't think about it!"

Ling Yuwei gave Lu Ming a white look and sneered.

"That's good!"

Lu Ming said quickly.

"What do you mean?" Ling Yuwei glared.

"It's not interesting, by the way, the news of the fruit tree of the blood god, how did you get it?"

Lu Ming quickly changed the subject.

"Naturally I sent someone to inquire!" Ling Yuwei said.

"It seems that someone wants to pit you..."

Lu Ming said.

"Muyun, deep in your valley, what happened?"

Ling Yuwei asked.

"Inside, there is a terrible existence..."

Lu Ming talked about the python in the deep valley. Of course, the copper and copper coffin was ignored by him. He just said that he escaped by luck.

Ling Yuwei didn't believe it was because of luck, but he didn't ask much if he knew it was Lu Ming's secret.

Ling Yuwei's complexion gloomed down.

Indeed, someone wants to pit her.

Does the person who knows the news of the blood **** fruit tree know that there is a terrible existence deep in the valley?

Now that I know, why not tell her.

If there is no Lu Ming this time, she came alone, and the consequences are unbearable.

"Well, it seems that someone around me has moved his heart, and it seems that going back to rectify!"

Ling Yuwei said coldly, cold light flashed in her eyes.

Lu Ming didn't say more, this was Ling Yuwei's private matter, as for how Ling Yuwei would rectify it later, he was too lazy to bother to manage.

This time their goal has been achieved, the blood **** fruit tree has succeeded, the next step is to transplant, and then lead blood to go.

Immediately, they left the blood shadow demon land and left toward the panic.

After more than ten days, they came to the outskirts of the Panic Relic.

The panic relics are actually a galaxy. In the long past, they were the core territory of a powerful force. But later, this force perished, but their territory was left behind.

This galaxy has a very powerful formation. Even for a long time in the past, the power is still amazingly powerful, which hinders the existence of the God Emperor above.

Entering the existence above the emperor will affect the whole formation and attack it.

Below the emperor, it will not.

Here is the best place to deal with blood.

The two flashed into the panic, and after a while, the two stopped on a planet.

"Here it is, here has gone through the war, the blood of the strong has been spilled, the blood is rich, and the blood **** fruit tree is just transplanted."

Ling Yuwei said.

Lu Ming nodded, naturally no opinion.

Next, Ling Yuwei started to remove the blood **** fruit tree from the jade bottle, then lifted the seal and planted it in a **** basin.

Afterwards, they took out a piece of jade and recorded the route leading to it, forming a star map.

"The two of us, who will reveal the news to Xueming?"

Ling Yuwei said.

"I'm going!"

Lu Ming said.

Ling Yuwei nodded and gave Yu Ming to Lu Ming.

The two divided the work, Lu Ming went to leak the news, and Ling Yuwei, guarded here.

Lu Ming did not stay, leaving the panic relics and heading towards the territory of the blood demon clan.

Blood Star, the blood demon clan, a relatively famous planet, full of energy, very prosperous.

The most important thing is that this planet is controlled by blood.

Ling Yuwei had long heard about the details of Xueming, and the news of Xueshenguo naturally had to be leaked to Xueming's descendants, so as to reach Xueming as quickly as possible.

Lu Ming walked into the biggest store of Blood Sky Star.

This store is definitely a **** heir.

"This son, can I help you?"

A young woman wearing a blood-red robe came over.

Lu Mingling swept her mind and saw that this young woman, who had the cultivation of Divine Monarch Realm, had to sigh that the Blood Demon Clan deserved to be a clan and had strong strength. Even an ordinary shop clerk who looked at the store had the cultivation of Divine Monarch Realm .

"I'll sell something, sell a message!"

Lu Ming said.

"Sell a message?"

The young woman was stunned for a while, there were many who came to buy treasures, or sold treasures, but she came to sell news, but she heard it for the first time.

"Sorry son, we are here, don't buy news..."

The young woman said.

"Don't hurry to refuse, my news, Xueming will definitely be very interested!"

Lu Ming smiled.

Chapter 3830: Practice Great Fragmentation

Lu Ming smiled and secretly whispered to the young female clerk: "It is news about the blood **** fruit, can you buy it?"

The young woman's body shivered, and a flash of light flashed in her eyes.

She is also a person who cultivates the blood channel, and naturally knows how important the blood **** fruit is for the people who cultivate the blood channel.

However, the blood **** fruit is so rare that it belongs to the kind that cannot be bought with money.

At the same time, she is also very clear that her top master, Xue Ming, and the blood demon **** body she is practicing are also very eager for the blood **** fruit. If Xue Ming knows the news of the blood **** fruit, she will definitely buy it at all costs.

And if she knows the news of the blood **** fruit, she will definitely be rewarded by blood Ming, and her status will soar in the future, it is not impossible.

At the thought of this, the young woman's body shook with excitement.

"Son, this is a big deal. Wait a minute. I will ask the steward to discuss with you!"

The young woman said.

"Please do it!"

Lu Ming smiled.

The young woman left quickly, and soon after, the young woman came with two people.

One is a white-haired elderly, and the other is a chubby middle-aged man.

"Son, these two are our two stewards, Liu Guanshi and Li Guanshi!"

The young woman pointed to Landing Ming and introduced it.

"This son, you said, do you have news about the blood **** fruit?"

Liu Guanshi, the old man with white hair and thin skin, quietly sent a message to Lu Ming.

The blood **** fruit is too important to spread out, otherwise it will cause a sensation.

However, his voice trembles slightly, showing his inner excitement.

"Not bad!"

Lu Ming nodded.

"Let's talk in detail!"

Liu Guanshi used a "please" gesture. After a while, Lu Ming, Liu Guanshi and Li Guanshi were in a room.

"How do you call him?"

Li Guanshi asked, a chubby face full of friendly smiles.

"Shepherd!"

Lu Ming said.

"It turned out to be the shepherd son, may I ask the shepherd son, you said you have news of the blood **** fruit, but is it true?"

Li Guanshi asked, with a pair of small eyes, looking forward to seeing Landing Ming.

"It's true, I can swear by the origin of life!"

Lu Ming said.

Immediately issued a vow with the origin of life, stating that the news about the blood **** fruit is true.

Li Guanshi and Liu Guanshi's eyes were brighter, and they dared to swear on the source of life, most of them were true.

"Mr. Muzi, you said before that you want to sell this news. You can make a price!"

Li Guanshi continued.

"I don't need treasures or **** crystals, I need mysteries!"

Lu Ming said his purpose.

The reason why he came to leak news about the blood **** fruit is for this.

If the news is leaked in vain, it is better to make the best use of it and maximize its value.

"Need a secret technique?"

Both Li Guanshi and Liu Guanshi were shocked.

Selling secret techniques is rare.

"What secret technique do you need?"

Liu Guanshi asked.

Lu Ming took out a jade rune and said, "This jade rune contains the names of five hundred and fifty mysteries. I do not need these five hundred and fifty mysteries except for the five hundred and fifty. In addition, any other secret technique can be used. I need one hundred and fifty kinds!"

The five hundred and fifty secret techniques in the Jade Fu are all controlled by Lu Ming. If you want to exchange secret techniques, you will certainly have to do it yourself.

"150 secret techniques!"

Liu Guanshi and Li Guanshi were taken aback.

I am very curious in my heart. Lu Ming alone, what do you want so many secret techniques?

But this is Lu Ming's secret, and they are embarrassed to ask.

The two took Yufu and looked closely.

After watching for a while, both of them looked embarrassed.

"Shepherd son, to be honest, in addition to these five hundred and fifty secret techniques, I want one hundred and fifty kinds that are not there, but it is not so easy, it takes a short period of time!"

Liu Guanshi is a bit embarrassed.

It is not difficult for them to come up with 150 kinds of common secret techniques. The difficulty is that there are many secret techniques that have been repeated with Lu Ming.

"how long will it take!"

Lu Ming asked.

"Three months!"

Liu Guanshi and Li Guanshi discussed and gave an answer.

"Okay, then I will wait three months, and after three months, I will come again!"

After Lu Ming finished speaking, he got up and clenched his fists, and strode away.

Watching Lu Ming leave, Liu Guanshi and Li Guanshi glanced at each other and pondered.

"This person actually has news of the blood **** fruit. The blood son knows that it will definitely be ecstatic. We will all have rewards. But, this one hundred and fifty kinds of secret techniques, it is not easy to get together, you said, do we want to send Man, secretly solve this man, take away the news of the blood **** fruit?"

Liu Guanshi said that in his tiny eyes, there were repeated chills.

"inappropriate!"

Li Guanshi said, his chubby face shone with wisdom.

"This person dared to come alone. He must be confident. Most of them have left their backs. Even if we do, we may not be able to win the news of the blood **** fruit!"

"In addition, most of this person is answered. If we kill this person, his companion will surely guess that it is our hands. Once the news is leaked, it will greatly damage our reputation. Who will dare to talk to us in the future?" Doing business? Because of 150 secret techniques, the gains are not worth the money!"

Li Guanshi continued.

Hearing this, Li Guanshi silently nodded and said, "It makes sense, then let's proceed to prepare 150 secret techniques as soon as possible!"

In the conversation between Li Guanshi and Liu Guanshi, Lu Ming naturally did not know that he had left the blood star long ago, changing his position all the way, and then came to a remote planet.

A message was sent to Ling Yuwei, let Ling Yuwei wait a few months, and then Lu Ming began to practice retreat.

For three months, Lu Ming did not want to waste, and began to practice the big fragmentation technique.

If he can successfully practice the Great Fragmentation, his combat power will undoubtedly be further improved.

The three thousand ancient secret techniques are very difficult to practice.

Lu Ming had the Great Kamikaze skill ahead and had some experience, but it was still very difficult to practice.

For several days in a row, Lu Ming didn't feel any way.

Time passes day by day, ten days, twenty days, one month...

In a flash, it was three months.

After three months, Lu Ming finally touched a little doorway.

bump!

Lu Ming slapped and slapped on a black iron stone the size of a water tank.

When Lu Ming moved his palm away, it clicked, and the fragments of black iron stone became small stones of fist size, very neat and the same size.

"It's far from getting started!"

Lu Ming sighed.

Although he had touched a little doorway in the big fragmentation technique, he was still far from getting started.

If you get started, with a palm down, the black iron stone is not broken into a fist-sized stone, but broken into ashes.

However, even if I only touched a little doorway and cooperated with Lu Ming's attack, I could still slightly increase the attack power.
