

D Emperor 3831

Chapter 3831: Plan can't keep up with changes

In three months, Lu Ming had just touched a little doorway and was not very satisfied.

If he knew this idea by Nine Silkworm Master, he would be alive and dead.

The Nine Silkworms thought they were talents in the sky, but it took thousands of years to get started with the big fragmentation technique. Even if they only touched a little doorway, it took thousands of years to compare with Lu Ming's three months. Too far.

At this time, Lu Ming ended his practice, returned to the Blood Star, and saw Liu Guanshi and Li Guanshi again.

"Shepherd son, the one hundred and fifty kinds you want are here. What about your news about the blood **** fruit? Can you say it!"

A piece of jade symbol appeared in Li Guanshi's hand. With a wave of his hand, the jade symbol flew to Lu Ming.

Lu Ming reached over and took it, sweeping his consciousness.

Sure enough, one hundred and fifty secret techniques were recorded in the jade symbol, which he had never practiced.

Lu Ming showed a happy look, took out the map of the blood **** fruit tree, and handed it to Li Guanshi.

"This jade charm is the map leading to the blood **** fruit!"

Lu Ming handed over the map to Li Guanshi.

Li Guanshi and Liu Guanshi turned out to be Yufu, and they looked.

"In a panic?"

Both faces changed slightly.

They have also heard of the panic, where the emperor and above cannot enter, otherwise they will be attacked by the formation.

"Yes, I was inadvertently seen in the ruins of panic, but the blood **** fruit is of little use to me and cannot be picked, so I recorded the specific address and maximized the benefits! "

Lu Ming said.

"Haha, she really can do business!"

Li Guanshi smiled.

They still believe Lu Ming's argument.

Indeed, the blood **** fruit is of great use to those who practice blood, but it is not very useful to others, and once picked, the efficacy will quickly be lost. Instead, the address will be recorded and sold. Great value.

So Li Guanshi said Lu Ming would do business.

"Okay, the sale has been completed, leave now!"

Lu Ming clenched his fists, and then left here. After leaving Xuétianxing, he changed several positions in a row, and then left to panic.

After Lu Ming left, Li Guanshi and Liu Guanshi discussed.

"It shouldn't be too late. Blood God's fruit, you must immediately notify Master Xueming, the late changes, old Liu, you stay here and sit down, I will send the map to Master Xueming!"

Li Guanshi said, in the depths of his eyes, a flash of cunning color flashed away.

Whoever sends the news will definitely get the favor of **** eyes, so as to obtain greater benefits.

"This one..."

Liu Guanshi pondered.

"Relax, this credit comes from the two of us. I won't swallow it alone, old Liu, you won't believe me, but you!"

Li Guan accidentally faced the accident.

"I can trust you, of course, so let's do it. I will sit here and you can send the map!"

Liu Guanshi said.

"Okay, haha, I'm leaving now!" Li Guanshi was ecstatic and quickly got up and left to go to Xuemingtong.

"Hey!"

Watching Li Guanshi leave, Liu Guanshi sneered twice: "How much reward can you get even if you send a message to Xueming? It's better to sell this news, I believe there will be many people like it..."

Liu Guanshi's eyes flashed with greed, and then took out the fantasy **** jade and sent a few messages...

...

Lu Ming returned to the panicked place, merged with Ling Yuwei, and waited.

The two lurked in a dark place in a panicked place and observed quietly.

A few days later, a group of figures suddenly galloped from a distance and stopped outside the panic.

A total of nine people, headed by a young woman, behind him, eight people, there are middle-aged man, there are old people.

These people are all quasi-empires who are cultivated in the same way.

"Not bloody!"

Ling Yuwei whispered, Lu Ming frowned.

Instead of waiting for the blood, he waited for other people, but looking at the clothes of these people, they should also be the blood demon clan.

Do these people come here to risk treasure hunting?

After all, panic remains are also left by a large force, and some treasures are left in it, which is normal and normal. It will also attract many people to adventure treasure hunting.

Hey...

Suddenly, in another direction, a figure flew over. These figures were shrouded in blood, and the blood gathered, and there appeared one figure after another.

These people are clearly divided into several groups.

They are led by young men and women, and their cultivation bases are very advanced. The people they bring are all uniform emperors.

Several groups of people looked at each other, collided with each other, and a cold killing opportunity spread out.

"Blood Guardian, you also came because of the blood **** fruit!"

The woman who first appeared stared at a young man with a bad face.

"It seems that you also came because of the blood **** fruit. The old guy clearly said that he would only sell the news to me. Damn it, dare to lie to me!"

A young man snorted.

"That old guy said that it was only sold to me..."

Several other people also opened their mouths, their faces ugly.

They knew that they had been deceived and the people who sold the news to them were sold not only to them but to several people.

In the distance, Lu Ming and Ling Yuwei were dumbfounded.

Unexpectedly, the news of the blood **** fruit was leaked, without attracting blood, but attracting a group of other people.

"Xue Ming's men are traitors!"

Lu Ming and Ling Yuwei came to this conclusion and were speechless.

The plan really can't keep up with the changes.

Their plan was seamless, but unexpectedly, a traitor appeared in the blood Ming's men, leaking the news of the blood **** fruit.

It must be those two managers, Lu Ming secretly said.

"Let's go back to the blood **** fruit tree first. Before the blood light appears, we must not let these people get the blood **** fruit!"

Ling Yuwei secretly sent a message to Lu Ming.

"Okay, go back!"

Lu Ming nodded, and Ling Yuwei left quietly, returned to the planet where the blood **** fruit tree was planted, and lurked near the blood **** fruit tree.

Soon after the two lurked, there was blood in the distance and rushed over.

The number is at least about 100 people.

There are more people.

Lu Ming and Ling Yuwei are quite speechless.

How many people were sold to Xueming's men?

Hundreds of masters are divided into several groups of people, looking for them on this planet.

This is just an ordinary planet, and its volume is many times worse than that of the Dragon Mother Star. Moreover, people who practice blood, are very sensitive to the blood **** fruit, and they soon sense the location of the bleeding **** fruit.

The figure flashed, hundreds of people appeared in the area of the blood **** fruit tree.

Their eyes fell on the blood **** fruit tree, and the blood **** fruit above, all showing greedy light one by one, and some people even rushed to breathe.

Chapter 3832: Scramble

"Really blood-spirit fruit, haha, really blood-spirit fruit!"

Someone laughed ecstatically.

call out!

Suddenly, the blood flashed, and someone shot, directly at another group of people on the side.

However, the group of people, obviously clearly prepared, immediately launched a counterattack.

"Blood God Fruit is mine, die!"

"It's you who died, kill!"

At the scene, there was chaos and several groups of people were caught in a scuffle.

Those young men are obviously the arrogant characters of the blood demon clan, and their combat power is very powerful, and they are inseparable from each other.

Soon, people continued to fall, and within a few minutes, dozens of people were killed.

The remaining people, even more violently.

At this moment, another blood light flew from a distance, the blood light gathered, revealing the appearance of the people inside.

The first one is a young man wearing a tight **** robe and holding a **** paper fan.

The man appeared in the sky with more than a dozen old men, looking down on the people fighting in the air below, with a hint of sarcasm at the corner of his mouth.

The person in the war below also saw this person.

"It's a blood shortage!"

"He is here too!"

Many people exclaimed, their complexions changed greatly.

The blood shortage is an extremely terrifying arrogance among the blood demon clan.

Although Xiuwei is only a quasi-empire, he has been able to kill the **** emperor. Among the quasi-imperial celestial arrogance of the entire universe, he is a little famous.

Those who had originally fought, could not help but stop, staring cautiously at the blood shortage.

"Blood God Fruit, it's me, you guys, get out!"

A wave of blood lightly described by Blood Shortage, as if driving a group of men.

Those previous faces looked ugly.

"Blood shortage, you are like swallowing the blood of the **** fruit, your appetite is too big!" said a young woman.

"Good, we, but arrive before you!"

Another young man followed.

"I said, blood **** fruit, I want it, you can go away, you can go away, then stay forever!"

The blood desert was cold and indifferent, and there was a rueful color on his face.

"Blood shortage, don't be too domineering, so many of us may not be afraid of you!"

"Yes, we joined forces to defeat the blood shortage first, and then come to fight for the blood god!"

At first, those people were slowly approaching, preparing to join forces to deal with the blood shortage.

There are no eternal enemies, only eternal interests.

Before, because of the blood **** fruit killing each other, now they faced a common enemy, they chose to join forces.

"Unrestrained, since you are looking for death, then I will fulfill you!"

The gruesome color on Xuehuang's face was thicker, and there was a thick blood glow on his body, and the paper fan in his hand made a clanging sound, which slowly turned into a blood sword.

call out!

The blood flashed, the blood shortage shot, and turned into a blood shadow, killing those people before.

"Shoot together!"

Someone roared before those people.

Suddenly, dozens of prospective emperors shot together, dozens of attacks, all rushed into the blood shortage.

Dozens of people shot together, the power is very amazing, wherever passed, the void was blown into nothingness.

However, the speed of the blood shortage is very fast, he keeps flashing, avoiding attacks one by one, and quickly approaching the other party.

As he approached a distance, Jianguang suddenly skyrocketed.

A **** sword light burst out at an astonishing speed.

Puff puff...

In the blink of an eye, twelve quasi-imperial masters were crossed by Jianguang, and even without screaming, they fell directly.

The horrible thing is that all those who have been struck by the blood, the body shriveled instantly, like a dead body.

咻咻咻...

After killing twelve quasi-imperial masters, the blood shortage continued to attack and Jianguang continued to explode. In the next moment, twelve quasi-imperial masters were killed.

Others were shocked in their hearts and didn't dare to stay at all and quickly retreated.

The blood shortage continued to attack, this time, he aimed at those young Tianjiao.

There are five young Tianjiao.

The five Tianjiao roared with full force and fought against the blood shortage.

Dangdang!

Boom!

A series of roars sounded, and at the next moment, the five young Tianjiao bodies retreated, and blood was spilled from each population.

In everyone's eyes, there is something incredible.

The five of them are all arrogant characters, otherwise it is impossible to be so young, they can reach the quasi-imperial level of cultivation, but the five of them are still not opponents of the blood shortage.

"The happiest you call, send you on the road!"

The cold and indifferent voice sounded, and then turned into a sword light, killing a young man.

The young man was frightened and backed wildly while shouting: "Come and help me!"

However, the other four people, where would they go to help him, all backed away, with their respective men, fled towards the distance.

Compared to the blood **** fruit, of course, his own life is more important.

"Ah, the blood shortage, the same blood demon clan, you can't kill me..."

The young man screamed in despair.

However, the blood shortage simply ignored him, the offensive kept on, and the sky was full of **** sword light.

puff!

In the end, the young man did not avoid it, was stabbed in the eyebrow with a sword, and saw his body, which quickly shrivelled, and his eyes were full of despair.

With just a few breaths, the young man became a corpse completely, extinct.

The body of the blood shortage has a strange red light flashing, with a blood red light flashing, and the breath is stronger.

"Hahaha, the blood **** fruit is mine. With the blood **** fruit, I will definitely be able to break through to the **** emperor realm!"

The gleaming glare in the eyes of the blood shortage.

The emperor, but a hurdle, is not so easy to cross.

In the vast universe, the number of prospective emperors is staggering, and many people are trapped in the prospective emperor level, making it difficult to break through.

Even many arrogant people have to sleep for a long time, and even some arrogant people can hardly break through their lives.

Once breakthrough, Shou Yuan and combat power will be greatly improved.

The blood shortage has also stayed for a long time at the quasi-imperial level. Only when it enters the Divine Emperor and is in the Honghuang Universe, can it really be regarded as the uppermost group of heavenly arrogance, and can it intersect with those real characters of the Honghuang Universe. .

The blood shortage showed greed and strode toward the blood **** fruit.

"It seems that we are going to shoot!"

Lu Ming said.

Blood Ming hasn't come yet, the blood **** fruit, naturally cannot fall on the hand of the blood shortage.

"You shot, or I shot?"

Ling Yuwei said.

"Xueming hasn't come yet, I'll do it, wait for it to come, you're not late!"

Lu Ming said.

After the two discussed, Lu Ming was about to shoot, but his eyes suddenly looked in another direction.

In that direction, there was a blood of light, which came quickly.

All of a sudden, it came near.

The blood shone, revealing a beautiful woman.

This woman, very enchanting, was wearing a **** Phoenix robe and was graceful.

"Blood God Fruit, can't give you!"

The beautiful woman smiled slightly and her voice was very nice.

Chapter 3833: Lu Ming shot

"Hey!"

Blood Sorrow sneered, looked at the woman up and down, said: "Beauty, see you are okay, I will not kill you, get out!"

"I am not ashamed, do you think you are my opponent?" The young woman, very confident, said that her figure changed drastically and turned into a **** phoenix.

This is the woman's body, a blood phoenix, she is not a master of the blood demon family.

Lu Ming and Ling Yuwei were speechless, how could even the masters outside the blood demon clan were attracted.

"Blood Phoenix..."

The face of the blood shortage has also changed.

The Phoenix family, but the horror horde of the Honghuang universe. Legend has it that countless years ago, the horde alongside the Shenlong clan only changed afterwards, resulting in a lot of weakening of the strength, but now it is still ranked 19th in the Honghuang Wanzu list , Terrifying.

"Now, do you roll or I roll?"

The blood phoenix spoke, and his voice was cold.

"Huh, what about the blood phoenix? Do you think I will be afraid of you?"

How can the Blood Shortage be reconciled to leave like this, the blood **** fruit is too great for him.

What if the other party is a blood phoenix?

It is not from the big clan, it must be strong, he is very confident in himself.

"Stubbornness!" The blood phoenix snorted coldly, flapping its wings, a layer of flame beating all over it, this layer of flame was blood red, like blood.

A terrible heat filled the sky.

boom!

The blood phoenix's wings were shaken, a terrible breath erupted, and the void continued to burst, and then a burst of **** flames, like a huge wave, rushed towards the blood shortage.

Faced with the attack of the blood phoenix, the blood shortage did not dare to have the slightest care. A long roar, a blood gas burst, and the sound of swordsound, resounded through the sky.

A huge **** sword light burst into the void, and the void was divided into two halves.

boom!

The sword light and the blood-colored flame collided together, and a shocking roar erupted

咻咻咻!

Hurry!

Bloody sword qi and **** flame erupted in all directions.

At this time, the sword light of the blood shortage suddenly changed, turned its direction, and killed towards the blood phoenix, the speed was extremely alarming.

However, the speed of the blood phoenix is even more amazing. One of its wings, like light and shadow, disappeared in the same place. The next moment, it appeared in the blood shortage **** spear, and its wings were like a sword, slashing towards the blood shortage.

With a bang, the two collided again.

This time, the figure of the blood shortage shook and retreated backwards. The second collision caused the blood shortage to fall.

Blood Phoenix, launched a fierce attack, the two played against more than ten moves in a row, blood shortage is not an opponent at all.

bump!

In the end, the blood shortage was swept by one of the wings of the blood phoenix, his body almost burst apart, and he continued to retreat continuously, and was hit hard.

"Remember me, go!"

The blood shortage roared and flew away into the distance, not daring to stay, and with some of the men he brought, he turned away.

The blood shortage retreated, leaving only the blood phoenix alone.

"Blood God Fruit!"

The blood phoenix looked at the blood **** fruit without any delay. With one flap of its wings, it flew at the blood **** fruit, opened its mouth, and swallowed the blood **** fruit.

But at this moment, a young man suddenly appeared in front of her.

This young man is naturally Lu Ming.

"Blood God Fruit, you can't take it, leave me!"

Lu Ming said.

"Want to stop me to see if you have this skill!"

The blood phoenix drank coldly, one wing, and two blood-colored light blades, slamming toward the landing.

boom!

Lu Ming waved his fist and banged it out, bursting into the void, entrapped the power of destruction, and bombarded on two **** light blades.

The **** light blade vibrated and burst directly.

Blood Phoenix pupil shrinks

The strength of her move just now, she is very clear, but she was actually defeated by Lu Ming, and Lu Ming, it is only the gods.

"I don't believe it. How powerful a **** is!"

The Fenghuang Phoenix was ruthless, and its wings flapped, like a storm, slashing towards Lu Ming.

Lu Ming waved his fist and collided with each other's wings.

Bump!

After a few roars, the blood phoenix body retreated sharply, feeling the pain from the wings, and the bones were torn apart.

"hateful!"

The blood phoenix was cruel, and a few feathers on her tail flew out.

This is a phoenix feather, a total of eight, like the eight-handed sword, stab Lu Ming, the power is very scary.

However, Lu Ming's current cultivation practice has reached the eighth level of Divine Monarch, and the combat power is really amazing. A random blow can explode terror.

Lu Ming just blasted out with one punch. The terrible punching power, like the stormy waves, sweeping through everything, the attack formed by the eight Phoenix feathers, was directly blown out.

With a snap, Lu Ming's figure fell on the back of Blood Phoenix.

"Give me down, give me down!"

The blood phoenix roared and struggled frantically.

She was ridden by Lu Ming on her back, which was a shame and humiliation. She burst into flames all over her body and wanted to burn Lu Ming to death.

However, Lu Ming was a taboo body, whether she burned it, did not threaten Lu Ming at all.

"Since you like to attack with feathers, then I will strip your feathers!"

Lu Ming sneered, reached out, grabbed a feather on the back of Blood Phoenix, and pulled it out.

"You... you damn..."

Blood Phoenix screamed wildly.

"Phoenix feather, but it's a good thing, worth collecting, continue!"

Lu Ming was too lazy to ignore the blood phoenix, put it away just now, and then continued to pull one.

"Ahhh, stop, stop me..."

Blood Phoenix roared.

Lu Ming continues!

"Stop, I leave, can't I leave, can't I stop the blood **** fruit?"

Blood Phoenix shouted and flew away.

Seeing the blood phoenix leave, Lu Ming left the other party's back.

The blood phoenix flew to a distance and stopped, screaming screamingly, said: "Boy, I will remember you!"

After finishing speaking, a flashing body left here.

Lu Ming smiled faintly and ignored it and returned to Ling Yuwei.

"Come, it should be bloody!"

Ling Yuwei suddenly said, looking up at the sky.

In the starry sky, a blood-red blood cloud rolled towards this side, even if they were far apart, they could feel the breath of terror.

"Xue Ming has just appeared, and generally does not mobilize the body, most of them are avatars, wait a minute for me to get rid of his avatar!"

Ling Yuwei said.

The reason is that Ling Yuwei shot, because Ling Yuwei could seal off the breath of his life soul fragments, but Lu Ming couldn't, once he went out, he would be sensed by the other party.

Only after the **** body came out was Lu Ming's shot.

The blood cloud in the starry sky is very fast, and the whole starry sky is rumbling and exploding.

On this planet, the people who just fled, including the blood shortage, sensed it, and their faces changed greatly.

"It's blood, blood is here!"

Someone exclaimed.

Chapter 3834: Blood avatar

In the blood demon clan, someone exclaimed and sighed.

They knew that the blood was coming, and the blood **** fruit would definitely not have their share.

Xue Ming, in the list of the top 100 quasi-empires, but the terror of ranking eleven.

Although the list of the top 100 quasi-empires is not precious, and many Tianjiao may be missed, everything that can be ranked is absolutely terrible.

In a flash, Xue Ming entered the sky above the planet.

As soon as Xue Ming came over the planet, he discovered where the blood **** fruit was.

A flash of blood flashed and a burly figure appeared over the blood **** fruit.

This is Xue Ming, he is very burly, he is more than two meters tall, his face is wide-mouthed, and there is always fierce air between his eyes.

bump!

He stepped out, very decisively, and stepped directly towards the blood **** fruit.

But at this time, Ling Yuwei had shot, turned into a green glow, flashed out, appeared in front of the blood.

Of course, Ling Yuwei has changed her appearance, so that blood can't recognize it.

As for the origin of life, Xue Ming has not seen Ling Yuwei, and naturally does not know the origin of life of Ling Yuwei.

Blood Ming frowned slightly when he saw someone appearing, "Elf race? The blood **** fruit seems useless to the elf race, but you appear here. Is this blood **** fruit related to you?"

Xue Ming's mind was very sharp, and he immediately saw that he was tired.

"Regardless of whether it is related to me or not, this blood **** fruit, you can't take it away!"

Ling Yuwei said.

"In this panicked place, the emperor can't enter. There is nothing that can stop me in the world. Not many. Do you have this confidence?"

Blood Ming Road, the fierce air in his eyes is more intense.

"How do you know if you don't try?"

Ling Yuwei said.

"Try? Then try your life!"

Blood Ming cold drink.

At the next moment, Xue Ming shot directly, and his blood was in the sky. He was enveloped in it by blood gas, carrying a terrifying momentum and killing Ling Yuwei.

With one shot, the void vanished, terrifying.

This is the power of blood and blood. The list of the top 100 quasi-empires is much stronger than that of the Nine Silkworms. Such characters can easily kill ordinary **** emperors.

Buzz!

Ling Yuwei took out the war bow, bent the bow and made arrows, several arrows flew out, and collided with the blood attack, blocking the blood attack.

"Huh? Can block my attack, a little strength, but still far away!"

Xue Ming opened his mouth indifferently, he was so angry, his blood burst, and the whole person approached Ling Yuwei quickly.

However, Ling Yuwei would naturally not let him approach, she quickly backed away, opened the distance from Xueming, and the arrows continued to fly towards Xueming.

A **** sword appeared in Xueming's hands, chopped out continuously, struck Ling Yuwei's arrow.

"Is this really Xueming's avatar?"

In the distance, Lu Ming watched secretly, and was shocked.

This blood, the fighting power revealed, has been extremely terrifying, and definitely surpassed the previous blood phoenix.

Moreover, it looks just like normal life, and it's simply not seen as an avatar.

Of course, Lu Ming can also see that Ling Yuwei did not exert his full strength.

Ling Yuwei shot with all her strength, the fighting power is very amazing, I am afraid that it is still on the avatar of Xueming.

However, the purpose of Ling Yuwei is to evacuate this avatar. Before the appearance of Xueming's real body, it is not appropriate to expose too strong a strength. In case blood Ming's body is afraid to appear, it will be troublesome.

Therefore, Ling Yuwei and Xueming fought for a while, pretending to be invincible, and fell to the disadvantage.

"Xue Ming, you are awesome!"

Ling Yuwei deliberately refused to say a word, then turned around and left.

"Want to leave? Leave me!"

Xue Ming drank angrily, his face was murderous, and chased towards Ling Yuwei.

The two chased and fled, disappearing here in an instant.

Lu Ming didn't move, he was hiding in the dark, waiting quietly.

Sure enough, it didn't take long for another figure to appear in the air.

Another blood!

This person, regardless of body shape, appearance and temperament are exactly the same as Xueming.

However, it should not be the previous one, because if the previous one breaks away from Ling Yuwei's control and returns to this place, Ling Yuwei will definitely send him a message.

Moreover, this person appeared from another direction.

The new Xueming, the Eagle Gu Wolf looked around, and looked around, and finally his eyes fell on the blood **** fruit, and then slowly stepped out, toward the blood **** fruit.

Lu Ming's eyes flickered, but he still did not move.

Because, he is not sure whether this 'blood light' is the blood's avatar or his body.

He intends to continue to test.

Blood Ming slowly walked towards the blood **** fruit, and soon came to the edge of the blood **** fruit, reaching for the blood **** fruit and grabbing.

However, when he was about to catch the blood **** fruit, he stopped, then stretched his hand back, glanced at the surrounding circle again, revealing a trace of doubt, and then looked at the sky.

The sky was filled with water waves, then a figure flashed, and another blood appeared.

The third blood!

The blood was standing high in the sky, and his eyes glanced around him. He hummed and flew towards the blood **** fruit. A blood light and a roll rolled up the blood **** fruit and flew directly into his mouth.

"This is the body!"

Lu Ming's eyes flashed.

However, he didn't shoot immediately. It was only a good time for Xueming to start refining the blood **** fruit. He sent a message to Ling Yuwei.

After swallowing the blood-god fruit, the blood-stained man sat cross-legged on the ground, covered with blood, and began to refine it.

At this moment, Lu Ming moved, his figure flashed like a phantom, rushing towards the blood.

In the process of rushing out, the three gravity beads flew out, and the powerful gravity suddenly covered the two bloods in it.

While engulfed in gravity, Lu Ming punched out.

In this punch, Lu Ming directly launched the Zhanzi Jue five times the combat power.

boom!

A huge punching force penetrated through the void and blew towards the body of Xueming. Everything that the punching force passed, all went out.

However, Xue Ming's avatar responded very quickly. At the same time Lu Ming shot, he also moved. His body flickered and appeared in front of Lu Ming. The blood burst out, and a **** knife burst into the land. Going away, they collided with Lu Ming's fist and burst into a violent roar.

However, Lu Ming did not continue to attack, but his body flashed, bypassing Xueming's avatar, and appeared on the other side of Xueming's body.

He had long expected that Xueming's avatar would be blocked, and he had no intention of fighting with Xueming's avatar. His goal was always Xueming's body.

boom!

Lu Ming burst out another punch. In this punch, Lu Ming had already exhibited the Great Kamikaze technique.

Lu Ming broke a punch and wanted to win the blood.

But at this moment, the blood of the blood **** fruit was being refined, and his eyes suddenly opened. In his eyes, two scarlet swords burst out, breaking through the sky and slashing to Lu Ming.

Chapter 3835: Bloody fighting power

In Xue Ming's eyes, two scarlet swords burst into Lu Ming.

At the same time, Xue Ming let out a long roar, like the sky thundering, the blood glow on his body exploded, and the blood gas burst into a dazzling blood-colored awn, slashing towards Lu Ming.

boom! boom! boom!

Several horrible roars erupted in succession, and the knife light burst out in Xue Ming's eyes. They were defeated by Lu Ming in one fell swoop, and finally collided with Xue Ming's blood-stained sword, bursting out dozens of waves of energy, rushing in all directions.

Uh!

Lu Ming's body shuddered and drifted back uncontrollably.

And Xueming's knife light was also defeated, and the powerful force also pushed Xueming backwards and back.

"Great Divine Wind Technique, you are Muyun!"

Xue Ming stood firm, blood flashed in his eyes, and watched Landing with shock.

"You've got it!"

Lu Ming said lightly.

"Muyun, you are stronger than the legend, it seems that everyone underestimates you!"

Blood Ming said coldly.

While speaking, his avatar went silently behind Lu Ming, and the body of Xueming, blocking Lu Ming's way forward and backward.

"Have you not refined the blood **** fruit before?"

Lu Ming asked back.

If you are refining and training the blood **** fruit, it is impossible to react so quickly.

"Do you think I'm really so cheated? Good news, the news of the blood **** fruit will come to the door? Or is it specially sent to my men, and the first time I heard it, I felt cheated!"

Blood Ming sneered a few times.

"But you are still here!"

Lu Ming said.

"Since there is really a blood **** fruit, and I am still in a panic, why don't I come? I want to see who the **** is, and dare to count me in the panic!"

Bloody Dao said that his tone was full of strong self-confidence.

Yes, even if he knew that there was fraud, he still came, just because it was a place of panic.

The Divine Emperor cannot enter. Under the Divine Emperor, Xueming has strong self-confidence. The entire quasi-imperial class can be stronger than him, only a handful, and even fewer can kill him.

This is his confidence!

"Now, I finally know why you count me, Life Soul Primal Stone Fragment, you have Life Soul Primal Stone Fragment, but I am surprised that we have not seen it, how do you know that I have Life Soul Primal Stone Fragment? of?"

Xue Mingdao, blood-red eyes, and staring staring at him, flashing the light of greed.

Lu Ming wanted his Life Soul Yuan Stone Fragment, why didn't he want Lu Ming's Life Soul Yuan Stone Fragment?

"Hand over the Life Soul Yuan Stone Fragment, I can tell you!"

Lu Ming smiled faintly.

"Hahaha, do you think you can deal with me, Muyun, and hit your head on my head, the biggest mistake you have ever made!"

Blood Ming smiled, his breath was even more amazing.

boom!

The violent blood gas rose into the sky, and the whole blood seemed to be shrouded in a layer of blood gas armor.

In his hand, a blood-red long knife appeared, which was two meters long. The knife was full of gas and horror.

At the same time, Xueming's avatar also raised the breath to the apex.

Uh! Uh!

Blood Ming's body and avatar moved at the same time, brandishing the sword, and slamming toward the landing. Two swords cut through the space and cut to Lu Ming.

Daomang passed by, the world roared, and the void exploded just like the end.

Lu Ming raised the breath to the apex, the Great Divine Wind technique was exerted with all his strength, the whole person was wrapped in a layer of gang wind, his fists were constantly blasting out, and the sky was full of fist marks, fighting against the blood.

The starry sky shook, and the two collided a dozen strokes instantly.

During the fierce battle, Lu Ming secretly panicked.

This blood, the strength is really terrible, Lu Ming almost used all his strength, still just tied with the blood war.

You know, Lu Ming has now broken through the Shenjun Yazhong.

If Lu Ming is still in the Seventh Level of Divine Monarch, he is definitely not a **** opponent.

Xue Ming, in the list of the top 100 quasi-imperial emperors, is only ranked eleven, and the combat power is so strong.

How strong are those evil spirits in the top ten, and even the top three?

Perhaps someone really can fight him at the same level.

The taboo body, known as taboo, is synonymous with invincibility.

But the vast universe is not that no one can confront it.

In fact, Lu Ming was shocked, and Xue Ming was even more shocked.

He never imagined that Muyun's strength was so strong that he could confront him, and it is no wonder that he dared to seize his life soul stone fragments.

"kill!"

Blood Ming shouted, and the offensive was even more violent. The blood on his body became more and more intense. When the concentration reached its peak, a figure suddenly rushed out of the body of Xue Ming.

This is an avatar, bloody, and another avatar appears.

After a fierce battle, Lu Ming found that the blood power of Xueming's avatar was weaker than that of Xueming's body, but not much weaker. At least there were eight layers of blood's power.

This is extremely terrifying. An avatar has eight levels of power. What about the avatars?

The combat power of each avatar is the pinnacle of existence in the quasi-imperial level of the Honghuang universe. The power of multiple avatars is extremely amazing.

Now, the two avatars and the blood body joined forces to launch a crazy attack on Lu Ming.

For a time, even Lu Ming felt great pressure.

The two engaged in a fierce battle, and dozens of moves were immediately involved.

At this moment, Xue Ming's body suddenly shook his body, and his breath was momentarily confused.

Although Lu Ming was surprised, how could he miss such an opportunity, regardless of the attacks of the two avatars, he went all the way towards the **** body.

Although the body of Xueming reacted quickly, it was still a step behind and was hit by Lu Ming.

bump!

Blood's body flew out, and a spit of blood spewed out.

However, Lu Ming was also chopped off by two blood Ming avatars, and there were two stab wounds on his body. He almost chopped him apart. Lu Ming flew aside, and the cells continued to use strength to repair his injury. .

call out!

At this moment, there was a green arrow in the distance, shooting towards the body of the blood.

Arrows pierced the void, faster than lightning, powerful terror, long void, spanned in an instant, aimed at the **** eyebrows.

At this moment, Xue Ming was just injured by Lu Ming, and this arrow was too fast. As soon as Xue Ming was approaching, he came to lose.

"Stop it for me!" Xue Ming yelled, and the one closest to him rushed out directly, rushing towards the arrow.

bump!

The arrow hit the avatar accurately, and the bang of the avatar exploded and dissipated into energy.

At the moment when the avatar was defeated, Xue Ming's body shook again and he coughed up blood.

Obviously, the avatar was defeated, and the **** body would also be greatly affected.

Not far away, light and shadow flashed, and Ling Yuwei's figure appeared.

Xue Ming's body, staring at Ling Yuwei, shouting: "You were the one who killed me before, and who are you? In the universe, there are not many emperors who can kill me."

Ling Yuwei did not answer, but her appearance began to change.

Before, she changed her appearance. At this moment, she restored her original appearance.

Chapter 3836: Siege blood

Seeing Ling Yuwei's true appearance, Xueming's pupils suddenly widened and exclaimed: "Elven Princess Ling Yuwei, are you?"

Although he has never seen Ling Yuwei in reality, he still saw Ling Yuwei's appearance in the fantasy **** jade, which he naturally recognized at a glance.

"It's me!"

Ling Yuwei nodded.

Lu Ming moved in his heart. It seems that the blood avatar of Ling Yuwei himself had been killed by Ling Yuwei, so before the blood Ming was in a war, his body would suddenly tremble.

It was the avatar that was killed and repulsed.

"Ling Yuwei, I don't understand. Why are you here to kill me? Are you really married to Muyun?"

Xue Ming asked.

The spread of the universe spread, saying that Ling Yuwei was going to marry Mu Yun.

Xueming thought that Ling Yuwei was here to help Lu Ming and seize his life soul Yuanshi fragments.

"I'm here, naturally for your life soul stone fragments!"

Ling Yuwei smiled.

Xue Ming's pupil shrank suddenly and said, "Ling Yuwei, it turns out that you also have Life Soul Yuan Stone Fragment. It seems that this blood **** fruit is the bureau that you have laid down, and it specifically led me out, but, you think, with the two of you, Can you really win me?"

Even in the face of Lu Ming and Ling Yuwei, Xue Ming is still confident.

Even if he is not enemies, he can escape.

After all, Ling Yuwei ranks lower than him in the top 100 list of prospective emperors.

Moreover, he also has blood demon avatar.

In the mind of blood, it has been calculated quickly.

Calculate how to escape, and then mobilize the masters of the blood demon clan to kill Lu Ming and Ling Yuwei.

However, Ling Yuwei and Lu Ming will no longer talk nonsense with him.

Uh! Uh!

The two moved at the same time and killed towards Xueming.

"Ling Yuwei, that avatar, let you deal with it first, **** body, I'll be entangled!"

Lu Ming sent a message to Ling Yuwei that his offensive, like a storm, pressed against the **** body.

Lu Ming raised his combat power to the extreme. Not only did he perform the Great Kamikaze technique, but even the Great Fragmentation technique that had just touched the doorway was also exhibited.

In addition, the three gravity beads also exploded with full force. The powerful gravity enveloped the blood main body and the avatar in it. Even the blood power of the blood would be greatly affected.

"Blood Demon God Body, immortal forever!"

The body of Xue Ming shouted, and his body seemed to be completely transformed into blood, and swelled up sharply into a huge blood demon ten meters high.

Roar!

Blood Ming held a ten-meter-long blood knife and waved it out. The sky-striking sword skyrocketed and cut to Lu Ming.

Lu Ming bombarded the Bloody Daoman with a punch, and a terrifying roar erupted. The terrifying energy penetrated the void, and the planet under their feet exploded in an instant.

The terrible strength struck the universe starry sky with a fierce crack, spreading for thousands of miles.

The two figures retreated quickly.

But this time, Xue Ming retreated farther.

In their peak state, Lu Ming is no longer weaker than Xue Ming, not to mention, now that Xue Ming has been injured, he is naturally not Lu Ming's opponent.

As soon as Lu Ming retreated, he exhibited the Great Kamikaze technique, which was very fast, and in a flash, he appeared in front of Xue Ming and continued his terrorist offensive.

On the other side, Ling Yuwei also shot. Behind her, a towering tree appeared. It was too tall, rising into the starry sky. Massive green light flew into Ling Yuwei's body, causing Ling Yuwei's breath to skyrocket. To the extreme.

Ling Yuwei, holding a huge war bow, endless green light, converged into an arrow.

call out!

Arrows flew out and shot at Xueming doppelganger.

Where the arrow passes, the universe starry sky seems to be divided into two halves.

Xue Ming's avatar was Chang Xiao, and the human sword became one, turned into a tens of thousands of meters long **** sword light, slashed towards Ling Yuwei, and bombarded with emerald green arrows.

boom!

With a loud roar, a large hole was exploded in the cosmic starry sky, and the figure suddenly retreated.

It's a blood avatar!

At this moment, Xue Ming's body had a dim light, and on his body, he was covered with runes, which was the power of Ling Yuwei's seal.

call out!

Ling Yuwei opened the bow for the second time, and another arrow flew to the blood Ming doppelganger.

Xueming's avatar struggled violently, but he was sealed and useless.

puff!

The arrow passed by, piercing Xueming's body, and then Xueming's avatar directly exploded and turned into energy.

Xue Ming's body was once again repulsed, coughing up blood and screaming in shock: "Ling Yuwei, why are you so powerful?"

His doppelganger, however, has eight layers of combat power in his body, but now, Ling Yuwei's two arrows have exploded. This kind of combat power is probably stronger than his body.

Ling Yuwei, isn't he ranked 16th in the list of top 100 quasi-emperors, is he weaker than him?

But the fighting power just now is obviously stronger than him.

Lu Ming's eyes also flashed.

He also saw that Ling Yuwei's combat power was stronger than expected. I am afraid that even if she could beat Xueming alone, everyone outside would look down upon her.

No wonder she used to dare to figure out her blood before.

The reason why he pulled him, I am afraid that one person could not leave the blood Ming, afraid that the blood Ming escaped, pull a master, grasp a little bigger.

However, Lu Ming was only slightly surprised, the speed of the attack, but did not pause at all.

Taking advantage of Xueming's backlash, Lu Ming seized the opportunity and hit Xueming with another move, and Xueming's body flew out.

"go!"

Xueming just stabilized his figure, and thought about it, he flew away into the distance.

He knew that under the cooperation of Lu Ming and Ling Yuwei, he was not an opponent at all. If he continued like this, he would have to stay here.

"Muyun, you press him with a bead of gravity, slow down his speed, the main attack, give it to me!"

Ling Yuwei sent a message to Lu Ming, and at the same time, he bent his bow and arrow, and another arrow flew out.

The speed of the arrows was too fast, and he hurried towards the blood.

The arrows were scattered in the air and turned into hundreds of arrows, covering the blood from all directions.

During this process, Lu Ming performed the Great Kamikaze technique, which kept blinking, approaching the blood, and the powerful gravity of the gravity beads enveloped the blood, slowing the speed of the blood.

Then, the sky arrows flew toward the blood Ming.

Seeing that it could not be avoided, Xue Ming shouted, the sword light soared, and several hundred knives were cut out in an instant, constantly colliding with the arrows.

However, although he blocked the arrow, his body was full of runes.

The power of Ling Yuwei's seal is to seal the blood.

Blood Ming roared, bursting out with all his strength, countless **** brilliances, stabbed from his body like a sword, trying to wipe out the power of the seal.

But Lu Ming will not give him such an opportunity.

Boom...

Lu Ming's double fists waved continuously, hitting hundreds of punches, hundreds of punches, bombarded on Xueming's body, and wiped out all the blood that he burst out, and at the same time, Xueming's blood heaved was not only vomiting.

"kill!"

Ling Yuwei seized the opportunity and shot a horrible arrow.

Chapter 3837: Xiuluo, Xiu Wuji

In the last arrow, Ling Yuwei used all her strength.

The dreaded arrow instantly pierced the void and shot at the blood.

In such a situation, Xue Ming could not escape.

Therefore, he can only do his utmost to improve his defense and improve his chances of survival.

puff!

Xue Ming was shot by an arrow. At the critical moment, he avoided the head of the arrow, but his chest was still pierced by the arrow. The powerful force of the arrow, with the blood, flew millions of miles. Of the void.

This time, although Xue Ming was not killed on the spot, he suffered a heavy and heavy blow, and his breath was extremely weak.

His body has been destroyed by the destructive power of arrows, and it will take at least a month to recover.

Now, Lu Ming and Ling Yuwei will naturally not give Xueming a month.

The two chased towards the blood at the fastest speed, and one flashed, approaching the blood alliance, and the attack arrived first before the person arrived.

They did not give Xueming a chance to breathe, fearing that Mingming would spread the news with a dream of magic.

After all, manipulating the fantasy **** jade also requires divine power and takes time.

As long as he is not given this time, he will not be able to send news.

But at this moment, the change suddenly occurred.

Just when Lu Ming and Ling Yuwei were not far from Xue Ming, a figure suddenly appeared behind Xue Ming.

This is a young man, dressed in a black robe and burly.

The most special thing is the appearance of this person. This person has three heads and six arms.

The expression of each head is different, with anger, murder, and joy.

As soon as this person appeared, he started to work on Xueming. With six arms, six different attacking methods appeared and blew towards Xueming.

"Sura..."

Xue Ming shouted unwillingly, his body burst open directly, and even his soul didn't escape, and was destroyed.

A generation of wicked evildoers fell like this.

As soon as Xue Ming fell, a white light burst out of his body.

Life Soul Elemental Shard!

Lu Ming and Ling Yuwei can see at a glance that this is the Soul Primal Stone Fragment, the blood Ming's Soul Primal Stone Fragment.

The young man with three heads and six arms stretched out his hand and grabbed it, and grabbed the blood-stained soul stone fragments in his hand.

"Release Life Soul Yuan Stone Fragment!"

"No, there are fragments of Life Soul Yuan Stone in this person!"

Lu Ming and Ling Yuwei exclaimed.

Because at this moment, the two of them also felt that the young man with three heads and six arms was not only holding the blood soul fragment of life soul element, but also had a piece of life soul element stone in his body.

This is also a Tianjiao selected by the Soul Primal Stone Fragment.

call out!

boom!

Without any hesitation, Ling Yuwei and Lu Ming shot.

An arrow, and a punch, penetrated the void and drove towards the person.

The man's three heads showed various expressions.

There is murder, there is anger, there is disdain!

His six arms simultaneously pinched different seals and made six different attacks, colliding with Lu Ming and Ling Yuwei's attacks.

A series of roars sounded, and the young man with three heads and six arms actually blocked Lu Ming and Ling Yuwei's attacks, but his body was repelled.

Lu Ming and Ling Yuwei were shocked in their hearts. This man's strong combat power actually blocked the two's attacks with his own strength.

There is no doubt that this person's cultivation practice is also quasi-imperial, and above the emperor, it is impossible to enter.

However, the offensive of Lu Ming and Ling Yuwei did not stay in the slightest. One move missed, and the second move followed.

Behind Ling Yuwei, there appeared a towering big tree, with immense green brilliance, which did not enter Ling Yuwei's body, and then turned into a green arrow.

Lu Ming, in the use of taboo power, great kamikaze technique, etc., showed his peak and made a move.

Two more horrible attacks than before, slammed into the young man with three heads and six arms.

A young man with three heads and six arms, and three faces, showing dignified colors at the same time.

He sipped softly. The six arms didn't pinch the Yin Ju alone, but cooperated with each other, pinched the Yin Ju with each other, and then a huge figure appeared in the sky.

This is a horrible figure with 99 heads and 999 arms.

The figure of 9999 arms suddenly joined forces and pressed downward, turning into a huge palm, pressed against the attacks of Lu Ming and Ling Yuwei.

boom!

A terrible explosion happened, and it was terrifying, and it covered hundreds of millions of stars. If there are stars here, they would definitely be exploded into ashes.

In the end, the huge figure with ninety-nine heads and nine hundred and ninety-nine arms, with the power of terror, burst with a bang.

However, Lu Ming and Ling Yuwei's attacks were also blocked.

The young man only stepped back some distance, his breath was slightly unstable, and he was not injured.

Lu Ming and Ling Yuwei were really shocked.

Just now, the two almost shot with all their strength, showing the strongest attack, but they were blocked by the young man with three heads and six arms.

This is incredible. Now, how terrifying Lu Ming and Ling Yuwei join hands, even if it is bloody, it is a dead end, but this young man in front of him can stop him.

There are few quasi-imperial class arrogances in the entire universe that can do this.

"Don't fight first!"

At this moment, the young man with three heads and six arms suddenly shouted.

Lu Ming and Ling Yuwei did not rush to attack.

"Who are you, the Shura?"

Ling Yuwei stared at the youth.

There is no doubt that this young man is from the Shura tribe, because the image of three heads and six arms is the only Shura tribe.

"Xu Wuji!"

One of the young people's heads smiled lightly and spoke, while the other two heads did not speak.

"Xiu Wuji? There is no such name in the list of top 100 quasi-empires!"

Ling Yuwei said.

In order to repair Promise's combat power, he can definitely rank in the top ten in the list of the top 100 quasi-empires.

However, there is no such person's name on the list of the top 100 prospective emperors.

"Do you believe in the list of the top 100 quasi-empires? All are amateurish and boring people. There are no top ten races or Tiangong. I don't know how many people have been missed and not included!"

Xiu Wuji smiled faintly.

Lu Ming and Ling Yuwei nodded secretly.

Indeed, the list of the top 100 quasi-empires is not like the top list of the universe. That is the top ten races, and the participation of the Tiangong, and the gold content is full.

Even if there is something missing, it is rare.

And the list of the top 100 quasi-empires, there must be a lot of horrible arrogance secretly, not ranked.

This is like repairing Wuji.

"Cultivation Promise, hand over the fragments of Life Soul Yuan Stone, you alone are not our opponents!"

Ling Yuwei opened her mouth and seemed very domineering.

"Ling Yuwei, you don't have to scare me. You have dealt with Xueming before. I saw it clearly, and I just tried it out. The two of you joined together, maybe you can win me, but I am determined to go, and you stay at all. Can't stop me!"

Xiu Wuji smiled faintly.

Chapter 3838: The main heavenly court and the nine halls of life and soul

Xiu Wuji is very confident, but Lu Ming and Ling Yuwei's faces are a bit gloomy.

They knew clearly that Xiu Wuji was right. The two of them joined forces and might be able to suppress Xiu Wuji, but the other side made a breakthrough, and they didn't necessarily stop each other.

"Unfortunately, the ball is not here!"

Lu Ming sighed secretly.

In the panic relics, the **** emperor and above cannot enter, so the ball did not follow up, and stayed outside the panic relics.

If there is a ball in the ball, even if repairing Promise is no longer strong, it can not be the opponent of the ball.

"Huh, Xiu Wuji, do you think I don't have a hole card? If I don't hesitate to pay some price, I will definitely be able to leave you!"

Ling Yuwei said coldly.

"I know you have a hole card, but if you have a hole card, will I not?"

Xiu Wuji still chuckled and appeared very confident.

Ling Yuwei's face is even more gloomy. She has the bottom card. Will Xiu Wuji be?

It's hard to say, she was a little uncertain about repairing Promise.

"I want to know, why are you here?"

Ling Yuwei asked.

"It's very simple, you stared at Xueming, and I also stared at Xueming early, but Xueming is very cautious, and the body has been hiding, I have never had the opportunity to do it!"

"Fortunately, you guys showed up. After I saw the blood light manifested, I knew that my opportunity came, so I kept following the blood light secretly, and came to this panicked place, I wanted to wait for the blood light to refine. When the blood **** fruit was shot, I didn't expect that you shot a step faster than me, but it saved me some effort!"

Xiu Wuji explained with a smile, then, Xiu Wuji's voice turned and said, "I know you want this life soul element stone, and I will also give you this life soul element stone fragment, but, I have a condition!"

"Do you want to give us this piece of life soul stone?"

Ling Yuwei's eyes flashed, very unexpected.

Lu Ming was also surprised.

"Good, absolutely true!" Xiu Wuji nodded.

"What are your conditions?"

Ling Yuwei asked.

"It's very simple. Let's join hands and look for the remains of the Soul of Heaven!"

Repair Promise Road.

"Are you going to join us?"

In Lu Ming's and Ling Yuwei's eyes, there was a deep suspense, obviously they did not believe in Xiu Wuji.

"Ming Soul Heavenly Court is not a trivial matter. It is too difficult and dangerous to explore by one person. Only when many people join forces together can we have the greatest assurance. How can we join hands together and get the treasure to share equally?"

"After all, I can't take you, you can't take me, and to explore separately, it will only do more with less, and when combined, it will do more with less. This is of great benefit to the three of us!"

Repair Promise Road.

Ling Yuwei and Lu Ming also thought about it.

I have to say that Xiu Wuji's argument makes sense.

However, it is impossible for the two to believe Xiu Wuji so easily. This Xiu Wuji gave them a profound and unpredictable feeling.

"How do you want to join forces?"

Ling Yuwei continued to ask.

"I know you don't believe me. First of all, I will give you this piece of Life Soul Yuan Stone to show my sincerity. In addition, I also know a big news about Life Soul Heaven Court, I can tell you!"

Repair Promise Road.

"Oh? Give me the soulstone fragments first!"

Ling Yuwei reached out.

Unexpectedly, Xiu Wuji smiled slightly, waved his hand directly, and threw the soul stone fragment into Ling Yuwei without any hesitation.

Ling Yuwei took a roll of divine power, and this piece of Life Soul Yuan Stone was wrapped in it, and her spirit was swept away, and she found that there was nothing strange, and she was quite surprised.

A dense rune appeared on Ling Yuwei's palm. With the power of the seal, the fragments of Life Soul Yuan Stone were sealed, and then they were put away.

According to the agreement, this piece of Life Soul Yuan Stone belongs to Ling Yuwei.

"What is the big news you said?"

After Lingyuwei put away the fragments of Life Soul Yuanshi, she was quite relieved about Xiu Wuji and asked another question.

"Through my soul stone fragment spirit, I know a place that is probably left by the soul heaven!"

Repair Promise Road.

"Life Soul Heaven Court stayed!"

Lu Ming and Ling Yuwei were shocked.

Until now, apart from getting a few pieces of Life Soul Yuanshi, they have no other clues about Life Soul Heavenly Court. This person is inevitably excited when he hears such news.

"The main heaven of the Soul Heaven Court is mysterious and unpredictable, and I don't know where to float in the universe, and there are nine Great Soul Halls below the Soul Heaven Court, which is also difficult to find traces!"

"However, in addition to the main heaven and the nine Great Soul Palaces, there are still some other treasures left by My Soul Heavenly Court. My stone spirit told me that it is such a treasure. In this treasure, there may be nine Great Soul Palaces. Clues!"

"So, I want to find you to cooperate to explore this treasure land together, and then continue to explore the nine life soul heaven, and even the final life soul heaven!"

Xiu Wuji breathed out the news he knew.

Lu Ming and Ling Yuwei's eyes flickered, obviously moved.

The treasure left by Life Soul Heaven Court is definitely not trivial, and will certainly have a chance.

The point is, you may also find the news of the Nine Great Soul Palace.

As the nine Great Soul Halls under the command of the Soul Soul Heaven Court, there is absolutely an opportunity to shock the heavens. If it is spread, the entire universe will be shocked.

It's strange that the two didn't want to move.

"I know that the two of you don't believe me, but what I said is true, I can swear by the origin of life!"

Immediately, Xiu Wuji issued a vow with the origin of life, saying that he said the treasure of the soul of the heavenly court is true and true, and the sentence is true.

"Okay, I promise to cooperate with you, Muyun, what do you say?"

Ling Yuwei nodded, then looked at Lu Ming.

"Since you want to cooperate, of course together!"

Lu Ming also nodded.

"It is good!"

Xiu Wuxi was very pleased and said, "I said that the treasure of Life Soul Heaven is in the Hengsha Xingyu Group. The sand layer star domain is not too late. We better leave early!"

The three discussed a few words and set off immediately.

However, they were afraid that the masters of the gods' realm would be brought out by Xueming to stay outside the panic relics, so they chose a remote direction and left the panic relics.

After leaving the panic, he made an excuse, secretly left for a while, merged with the ball, and then returned to the team, the three headed towards the Hengsha Xingyu group.

The Hengsha Star Field Group is a larger star field group than the Tiehai Star Field Group. There are many star fields here, and it is also full of forces of all sizes. It is very chaotic.

However, the sand star field they are going to is located in the barren land of the Hengsha star field group, which is very remote. According to the information they searched, it is not occupied by any forces.

But when they arrived, they were dumbfounded.

The most central area of the sand star field has been occupied by a powerful force, and has occupied it for a long time.

Chapter 3839: Power of curse

Lu Ming, Ling Yuwei, Xiu Wuji looked at each other.

According to the information they checked, the star zone in the sand layer is located in a wasteland, the cultivation environment is not good, and it has not been fancy by a certain force.

But now, the sand layer star field has been occupied by a sect called Linghengzong, and only the surrounding area is not occupied.

The entrance to the treasure land left by the soul soul heaven court that Lu Ming wants them to go to is the core place in the star field of the sand layer.

After further inquiries, the planet where the entrance they are going to was sent was guarded by the Ling Heng Sect, with the **** emperor and strong men sitting in the town, rock-solid, and with their power, it was almost impossible to force into it.

The three were speechless.

It seems that it is not so easy to get the chance of Life Soul Heavenly Court.

The three discussed, and planned to stay near the sand layer star field, while inquiring about the news, while acting against the plane.

Golden Sand Star, a planet outside the sand star field, this planet, relatively speaking, is relatively lively, and it is a place of commerce. In the star city of Shacheng, it is very prosperous, there are creatures from all over the place, people are coming and going, very lively.

As soon as the three entered a city, they smelled a strong scent.

The direction of the fragrance is not far in front.

The three of them were curious and walked over there, and they saw a row of tables and chairs on an open space, already full of people.

These people ate barbecue while drinking.

The rich scent came from the barbecue, and the smell of the scent made people's index fingers move.

"Several guest officials, do you want to eat barbecue? The roasted desert flame bird meat here is well-known. It is called the first food of Hengsha Xingyu Group and attracts countless guests!"

As soon as the three people walked in, a small second person greeted him.

"Yes, we are here to eat barbecue. Give us some plates!"

Ling Yuwei was very courageous and sat down at an empty table at random. Lu Ming and Xiu Wuji also sat down.

Soon, three large pots of roasted meat were served, and each pot of roasted meat had a weight of more than ten pounds. In addition, there were three jars of wine.

Lu Ming grabbed a bite, and it was full of fragrance, and the entrance melted. It was a rare delicacy on the earth. No wonder it attracted so many people to come.

Ling Yuwei and Xiu Wuji also ate it unkindly.

The three of them erect their ears while eating, listening to the comments of the people around them.

"You have heard of it, and Ling Hengzong will soon recruit people into the Golden Sand Star to hunt down the soul beast inside!"

Someone spoke.

Upon hearing Ling Hengzong and Jin Shaxing, Lu Ming and the others raised their ears and listened confidently.

"I have also heard that this Eternal Sect, is really lucky, and actually occupied the black sand star. This black sand star was just an ordinary planet before. Who can think that the black sand star actually comes with a Chinese world. , Which contains a lot of soul beasts, killing soul beasts, you can get soul jade, soul jade is a good thing, it can enhance the strength of the soul, and even the strength of the enlightenment of the source secret!"

"No, Ling Heng Zong relied on this, but made a fortune, but Ling Heng Zong is also polite. He recruits people to hunt and kill soul beasts. He can get 30% of his soul jade. I must sign up this time. !"

"I also need to go!"

Around them, a sound came into Lu Ming, Ling Yuwei and Xiu Wuji's ears, the three looked at each other, and they all saw the color of surprise from each other's eyes.

The Thousand Worlds attached to Black Sand Star?

Could it be the treasure land left by Life Soul Heaven?

Ling Hengzong, to recruit people into this world to hunt and kill soul beasts, this is their opportunity.

The three decided immediately that they would sign up and join in.

What worries them is, if this world is really a treasure land left by Life Soul Heavenly Court, will the opportunity there be long searched by the people of Linghengzong?

However, since you have arrived here, you must go in and see, otherwise you will not be reconciled.

Ok?

At this moment, Lu Ming frowned, and he noticed a few glances in the left direction, glancing at him all the time.

Eyes are killing!

Lu Mingling was so keen that the other party's eyes contained a murderous opportunity, and he was clearly captured by him.

"Not only on the left, but also behind!"

Lu Ming felt that the hair on his back skin was raised, which was a natural reaction after being stared at with murderous eyes.

At this time, Ling Yuwei and Xiu Wuji also felt it.

The reason they feel slower is that those killings are mainly directed against Lu Ming, they are only incidental, so they feel slower.

咻咻咻...

Suddenly, hundreds of people flew from one direction. These people, when they came here, showed a strong murderous opportunity and glanced at the audience.

Those who ate barbecues were frightened and walked one by one, and in a blink of an eye, those who ate barbecues left no one left.

The rest were all the same group of people, all of whom had murderous intentions against Lu Ming.

Lu Ming frowned, these people, he didn't even know, why would he kill him?

Uh, uh, uh!

These figures flashed and surrounded Lu Ming and the others.

"Boy, you are so brave to dare to kill our young master. Today you are out of luck. We were hit by us and we will let you die very badly!"

A burly big man stared at the landing sound, between eyes opening and closing, very terrible.

"Your young master? Which one? I think you are the wrong person!"

Lu Ming said.

"Acknowledge the wrong person? Ha ha, tell you, we are the blood skeleton pirate group!"

The burly Dahan Road.

"It turned out to be a blood skeleton pirate group!"

Lu Ming suddenly realized.

He remembered that when he and Ling Yuwei went to the blood shadow to transplant the blood **** fruit tree, he encountered the blood skeleton pirate group. Among them, the young man headed himself claimed to be the young master of the blood skeleton pirate group.

At that time, the young master of the Blood Skeleton Pirate Group led monsters to kill them, and was finally killed by Lu Ming, destroying all the people in the Blood Skull Pirate Group.

However, at that time, the blood skeleton pirate group was not completely destroyed by him? Is it still alive?

"Boy, don't think that if you killed the young master of my blood skeleton pirate group, you can know it without knowing it. I tell you that my young master has a cursing power. Who killed him, the cursing power, It will fall on whoever you are, even if you escape to the end of the world, you can't escape our palm!"

The burly man sneered.

Lu Ming suddenly realized.

It turned out that there was no surviving, but that the cursing power of the young master fell on him. The person of the blood skeleton pirate group recognized him from this cursing power.

But how could he not feel the cursing power at all?

It seems that there is time, so check your body.

"Boy, understand now, dare to kill the people of our blood skeleton pirate group, and dare to sway around everywhere, the value is to find death, shot, kill them!"

The burly man ordered.

Chapter 3840: Peerless

The burly big man ordered, suddenly, the people around the blood skeleton pirate group yelled.

"kill!"

"This kid is mine!"

"That chick is mine!"

In the eyes of the blood skeleton pirate group, the gleaming glory flashed all kinds of weapons, killing three Lu Ming.

As long as Lu Ming kills three people, he will definitely get the reward of the leader of the blood skeleton pirate group.

One by one screamed at Lu Ming three people, just like Lu Ming three people, is the lamb to be slaughtered, let anyone slaughter.

In the eyes of these people, the three Lu Ming are indeed lambs to be slaughtered. Their cultivation practices are all under the **** emperor, and the number of blood skeleton pirate groups on the scene is more than one hundred.

Among these people, there are more than thirty people with quasi-imperial status.

Others are the presence of Shenjun Jiuzhong and Shenjun Yazhong. So many people join forces to kill Lu Ming and three people, don't be too easy.

But in fact, Lu Ming and his three people are not only lambs to be slaughtered, but tigers who can choose people to eat.

call out!

Lu Ming shot, and he condensed a long sword at his fingertips. The long sword vibrated and flew out of the sword light.

Quick, too fast, so fast that many people did not respond.

Puff puff!

Blood was splattering, and in an instant, there were dozens of blood skeleton pirates who were stabbed in the eye by Jianguang and fell directly to the ground, falling to the spot.

These people, whether they are the Quasi-Emperor, the Divine Monarch or the Eighth, are the same. No one can block Lu Ming's sword light.

At the same time, Ling Yuwei and Xiu Wuji also shot.

Ling Yuwei's jade finger flicked, and a line of emerald green arrows flew out. Like Lu Ming's sword light, each arrow can take the life of the blood skeleton pirate group.

In Xiu Wuji's eyes, there was a plume of dark gloom, and a glimmer of gloom was a large number of blood skeleton pirate members were killed.

In a blink of an eye, there were only a dozen survivors of more than a hundred blood skeleton pirates.

The rest of them froze.

Around them, those who watched in the distance were also stunned.

So many masters were killed in a blink of an eye.

The three Lu Ming, the cultivation base is not the Divine Emperor, are under the Divine Emperor.

evildoer!

A thought flashed in everyone's heart.

These three people must be peerless evildoers, otherwise, the strength cannot be so amazing.

"You...find to death!"

At this moment, the burly man reacted and gave out a hysterical roar, a terrible breath erupted from him.

Emperor!

The cultivation of this burly man is the most important thing for God Emperor.

At the same time, several other members of the Blood Skeleton Pirate Group also erupted into a powerful atmosphere, all of which were cultivation practices of the Divine Emperor Realm.

There are four masters with one emperor.

Not only that, but in the distance, a few powerful breaths burst out, and then several figures came out of the air.

These people are obviously also members of the Blood Skeleton Pirate Group, and they are stronger, reaching the Divine Emperor Double.

Obviously, these people have a higher status, so they just stayed in the distance just now, and had no plans to intervene.

But when they saw that Lu Ming and three people killed hundreds of blood skeleton pirate groups in an instant, they couldn't sit still and killed them one after another.

A total of three divine emperors are doubled, and four powerful emperors with one emperor surrounded Lu Ming.

"It's over, those three young men and women. When it's over, they actually provoke the blood skeleton pirate group!"

"The blood skull pirate group, one of the top ten pirate groups, is extremely terrifying, but how can the blood skull pirate group appear here?"

"Is it because of Black Sand Star?"

In the distance, many people talked in secret and were shocked.

The blood skull pirate group, one of the top ten pirate groups, is well-known in the universe.

Such a terrifying pirate group, as a matter of principle, is populated by the richer star fields. How come they come to such a backcountry as a sand star field?

The only explanation is the Soul Jade of Black Sand Star!

"Let's do it together, quick battle and quick decision, to solve these people, we quickly leave here!"

Ling Yuwei said.

"Just move the muscles, that guy, give it to me!"

Xiu Wuji smiled ruthlessly, his figure flashed suddenly, and he was slaying towards a fat old man.

This fat old man is one of the three masters of the two emperors in the blood skeleton pirate group.

Many people were taken aback.

As soon as Xiu Wuji shot, everyone saw that Xiu Wuji's cultivation behavior was the prospective emperor.

A prospective emperor, dare to kill a double emperor?

There is something wrong with the brain, or is it dead?

However, they were even more surprised at the back.

Lu Ming, and Ling Yuwei, also moved one after another, one after another to kill a **** emperor.

boom!

Lu Ming triggered the five-fold combat power of Zhanzi Juice, and at the same time exhibited the Great Divine Wind Technique, a terrifying fist, and rolled towards a powerful double king.

Lu Ming's shot, the power of terror, made the powerful face of the Divine Emperor's double change wildly.

He roared, took out a giant hammer, tried his best, and slammed down to the landing.

Boom! Boom! Boom!

There were several violent roars in a row, and this master of the double **** of the emperor, his body violently shook, retreated backward, and a spit of blood spurted out.

There were several cracks in the sledgehammer in his hand.

"impossible!"

Divine Emperor's double strongman, turning his heart over the river, almost thought he was dreaming.

By fighting with Lu Ming, he clearly felt that Lu Ming's cultivation behavior was only the eighth level of Divine Monarch.

A supernatural prince confronted him head-on, and a face wounded him. How could this be possible?

Crazy, this world, crazy!

However, Lu Ming would not give him a chance to sigh, the power of terror broke out, and he was killed at the other side. At the same time, the gravity beads on Lu Ming's wrist glowed, and a strong gravity enveloped the other side.

Lu Ming did not sacrifice the gravity beads, mainly because others were afraid to recognize them.

However, without sacrifice, with Lu Ming's attack, a powerful gravity can also erupt.

Pressed by the gravity of the gravity beads, the opponent's body trembles, and Lu Ming has rushed past. The violent force tears the opponent's defense. The opponent screams, and the body is torn apart, falling on the spot.

On the other side!

An emerald green arrow traversed the void, and a powerful double hero of the emperor was penetrated and extinct.

Xiu Wuji's side is even simpler. The fat old man was caught by Xiu Wuji and torn in half, even his soul was put away by Xiu Wuji.

"This..."

The people around were completely silly and ignorant.

What did they see?

The young men who fell below the three emperors killed the three powerful emperors with a thunderous thunder.

Not only can we fight across the big realm, but also after crossing the big realm?

Evil evil, peerless evil, otherwise, how can there be such a powerful fighting force?
