D Emperor 3841

Chapter 3841: Sit on the mountain

The people were stunned. They knew that this time, it was not Lu Ming who had kicked the iron plate, but the people of the Blood Skeleton Pirates Group.

"Go away!"

Blood Skeleton Pirates, the remaining four emperors, and several quasi-emperors, were shocked. They only reacted at this moment, and with a roar, they fled away.

They are really going to be scared to death. It’s too scary. The existence of the Divine Emperor’s duality was easily killed. Isn’t it a second kill to kill them?

"Want to go!"

Ling Yuwei's eyes are cold.

When she thought of the blood skeleton pirate group, she was upset and she was very strong.

At this moment, bow and arrow, a few arrows, flew out.

Several of the prospective emperors were directly penetrated by arrows, and fell on the spot, even if they were a strong power of the **** emperor, they were also penetrated by arrows and were killed in mid-air.

"These, leave it to me!"

Xiu Wuji grinned, the murderous cold, his figure soared into the sky, a few glimmers of light burst out of his hands, and flew to the existence of several **** emperors.

"Leave a live mouth!"

Lu Ming screamed, rising into the sky and rushing to the burly man who first spoke to them.

Ah!

Two screams came out in succession, and the other two emperors' heavy presence has been killed by Xiu Wuji.

At the beginning, with the strength of Ziyang State, you could kill the ordinary **** emperor's existence, and Ziyang State, among the quasi-imperial ranks of the Honghuang universe, was only a little famous, from the peerless demon on the list of top 100 quasi-empires. There is still a big gap.

The strength of Xiu Wuji is stronger than that of the eleventh-ranked **** man. It is the first time to kill the ordinary Divine Emperor. It is effortless to kill the Divine Emperor.

Even Ling Yuwei and Lu Ming, it is not difficult to kill the ordinary Divine Emperor Duo, as just proved.

The blood skeleton pirate group, only the burly man.

He fled frantically, blazing divine recklessness, and increased the speed to the fastest ever.

Unfortunately, Lu Ming still can't compare.

Under the blessing of Great Kamikaze, Lu Ming, like ghosts and ghosts, blinked a few times and caught up with the burly man.

"I fight with you!"

Seeing that the burly man could not escape, he simply stopped, screamed, and slashed toward the landing.

when!

Lu Ming banged out with a punch, hitting the sword, and with a click, the sword shattered directly.

The burly scream screamed, his arms burst apart and his body retreated.

"Forgive me, please forgive me!"

The burly man suddenly shouted and began to beg for mercy.

Seeing that he was about to be killed, the burly man was really scared to death, regardless of his dignity.

"Oh, leave a seedless, good luck!"

Lu Ming smiled in his heart, but his hands kept on. He punched the burly mountain with one punch. The burly man was directly hit hard and his breath was weak.

"Forgive..."

The burly man continued to yell.

"Now, what do I ask you, and what do you answer? Honestly, I can not kill you!"

Lu Ming stared at the burly Dahan Dao.

"Okay, okay, I said everything, I said everything!"

Cried the burly man.

The consequences of betraying the blood skeleton pirate group are very serious, but now, he can't control so much, and find a remote place to hide after the big deal.

"I asked you, how did you find me? Is it the power of the curse you said? Can you track the power of the curse?"

Lu Ming asked the first question, which is what he is most concerned about.

If the blood skeleton pirate group can track the cursed force, then he will continue to have trouble in the future.

"No, the power of the curse can't be traced. We just found you just before we met you. We couldn't find it if we didn't!"

The burly man answered quickly.

Upon hearing the words of the burly man, Lu Ming was relieved.

The other party was not able to track him, just the person who happened to meet the blood skeleton pirate group before.

It can only be said that his luck is not very good, the vast universe, the vast expanse, but here met the people of the blood skeleton pirate group.

"What do you guys of the blood skeleton pirate group do here?"

Lu Ming continued to ask.

"We are here to prepare to attack the black sand star of Ling Hengzong and grab some soul jade!"

The burly man answered.

"Just like you?"

Lu Ming expressed doubt.

"Of course not, we are just one of them. The real big army is still in the rear. Soon, the big army, the masters are like clouds, like me, it is nothing!"

The burly man replied, not forgetting to blow a wave of blood skeleton pirate groups, and secretly brought a hint of threat.

The meaning is very simple, that is, the large force of my blood skeleton pirate group will arrive immediately, the master is like a cloud, you should let me go quickly, otherwise it will not benefit you.

After that, the burly man looked at the landing crows with some anxiety.

"get out!"

Lu Ming waved his hand and let go of the burly man. The burly man ecstatically flew to the distance, and at the same time, his thoughts also revived.

Before, he had only one idea, that is to stabilize Lu Ming and save his life. As for whether he would be retaliated against by the blood skeleton pirate group later, he couldn't control it.

But now that Lu Ming let him go, his thinking changed again.

He thought, going back to the people with the blood skeleton pirate group, came to kill Lu Ming, Ling Yuwei, Xiu Wuji, and make up for it.

"Boy, just wait to die..."

A wisp of murderous opportunity flashed in the eyes of the burly man.

bump!

At this moment, an arrow pierced through the back of the burly man's head.

The big burly man's eyes were wide and full of unwillingness, and then he was cut off, and fell to the ground.

"I said I wouldn't do it, but I didn't say that others wouldn't do it!"

Lu Ming muttered.

Ling Yuwei and Xiu Wuji smiled faintly.

What I just shot was naturally Ling Yuwei.

They are all smart people. Lu Ming said that he wouldn't shoot, and they understood Lu Ming's meaning.

"It seems that the Blood Skeleton Pirates are about to attack the Black Sand Star. Let's sit on the hill and watch the tiger fight. Let's talk about the situation!"

Lu Ming said.

Both Ling Yuwei and Xiu Wuji nodded.

Perhaps, they can take advantage of the chaos to enter the middle-thousand world of Black Sand Star.

The three did not stay and quickly left here. Of course, the rumors about the three also spread quickly. However, the attention of people in this area was more attracted to the blood skeleton pirate group.

The three Lu Ming, can only be said to be three peerless demon, only travel here by accident, and the blood skeleton pirate group appeared here on a large scale, but it is related to their lives.

The three Lu Ming found a small city to live in, paying close attention to the situation of Black Sand Star.

The Blood Skeleton Pirates seemed to know that it was exposed, and accelerated their actions. Within a few days, they went straight to the black sand star and attacked the black sand star.

But soon after, a news came out that the Blood Skeleton Pirates retreated and was hit hard in the process of attacking Black Sand Star.

Chapter 3842: Evil Soul Realm

When the Blood Skull Pirates attacked Black Sand Star, they were hit hard.

Ling Hengzong had been prepared for a long time, ambushed a large number of masters in the Black Sand Star, and besieged the Blood Skeleton Pirate Group. The Blood Skeleton Pirate Group suffered heavy losses. It is said that dozens of God Emperors died, and they fled in embarrassment.

After hearing this news, Lu Ming, Ling Yuwei and Xiu Wuji secretly rejoiced that they did not act rashly. The strength of Ling Hengzong is still above their imagination.

The offensive will certainly not work, but they still have a chance.

That is Ling Hengzong itself. Every once in a while, a group of people will be recruited to enter the world of the Thousand Thousand Stars of Black Sand Star, hunting soul beasts and obtaining soul jade.

The next recruitment is said to be two years later.

For two years, for everyone, it was just a blink of an eye.

The three Lu Ming lived on this small planet, always paying attention to the news of Linghengzong and Heixingxing.

Lu Ming will not waste these two years in vain. He chose a secret place and practiced the big fragmentation wholeheartedly.

Ling Yuwei and Xiu Wuji also closed their doors and looked forward to bringing their combat power closer.

Exploring the things of Life Soul Heaven Court will certainly not be smooth sailing. Your own combat power is very important. It can be improved by one point.

In the process of Lu Ming's full understanding of the Great Fragmentation, time passed, and two years later passed.

It is naturally not so fast to improve the environment when you practice the Great Kamikaze, but it also makes the Great Fragmentation improve a lot. It is not too far from the entry. If you cooperate with Lu Ming to exert her full strength, you also have the strength A lot of improvement.

At this time, Lu Ming, Ling Yuwei and Xiu Wuji went out of the border and headed towards Heixingxing together.

Black sand star, evil spirit city, crowd of people, very lively.

The Zhongqian World is known as Evil Soul Realm, so the city built next to Evil Soul Realm is called Evil Soul City.

Entering the Evil Soul Realm to hunt and kill the soul beasts, the soul jade obtained can leave 30% of itself. This is a great temptation and naturally attracts many people to come.

At the registration point, there was a long line.

"I tell you that Evil Soul Realm is not a safe place. Without certain strength, it is very dangerous to enter. Therefore, it is best to enter the cultivation of the seven or more gods in order to gain something!"

"However, if you have confidence in yourself, you must go in, and we will not stop you, you will be at your own risk!"

At the registration counter, a strong man shouted loudly.

Some practitioners were too weak, hesitated and chose to give up.

However, more people choose to continue.

"Repair your name, register it, and line up in the square inside..."

The strong man continued to shout.

Registering one by one, the speed is very fast.

Soon, it was Lu Ming's turn, and they naturally fabricated a pseudonym at random. Anyway, the people of Hengzong Sect did not investigate.

After registering, Lu Ming came to a square in the back and waited quietly.

About a few hours later, there were already thousands of people on the square.

"You guys, go with us first!"

At this time, a team of people came, one by one, with a strong breath, master of Ling Hengzong.

Lu Ming and others, following the master of Ling Hengzong, left Evil Soul City and headed north of Evil Soul City, and soon came to a huge canyon.

"A lot of masters!"

Lu Ming secretly sensed that there were many masters ambushing around the canyon. Among them there were many characters from God Emperor Realm, knowing that they were all masters of Linghengzong.

Walking into the valley, when they reached the depths of the valley, they saw a huge vortex.

Lu Ming, Ling Yuwei, Xiu Wuji's eyes flashed.

This is the entrance to the evil spirit realm, is this evil spirit realm the target they are looking for? Is it the treasure land left by Life Soul Heavenly Court?

"go in!"

An old man of Linghengzong announced.

Uh, uh...

Thousands of hands turned into a rainbow of light, and rushed towards the vortex. Lu Ming and the three people mixed in the crowd, and rushed into the vortex, disappeared.

At the next moment, Lu Ming and others came to a strange world.

This world is dark, and there is a blood moon in the sky, scattered with **** light.

Between heaven and earth, it is filled with peculiar energy. This energy is not divine energy, but like soul energy.

"Go, look for the soul beast!"

"Hurry up, not every soul beast contains soul jade, you need to take luck!"

Many people flew towards the distance.

Of course, most of these people are in groups of three to five.

There are still some people who have no action.

Because these people have not yet formed a team.

In the evil spirit world, forming a team to hunt and kill soul beasts and obtain soul jade is much more efficient than fighting alone.

"This man, let's team up!"

"Come with me, I am the Emperor of God!"

The rest of the people also started to form a team.

Of course, some people in the Divine Realm are very good at team formation, and many people have joined in, and soon a team was pulled up to discuss the way of distribution.

"Three, are you interested in teaming up together?"

At this moment, a bald old man came over and glanced at Lu Ming and smiled.

This bald old man, without concealing his breath, reveals the spirit of the emperor.

"Not interested in!"

Ling Yuwei refused directly.

The expression on the face of the bald old man slightly stiffened and said: "Three, I think your cultivation behavior has not yet reached the Divine Emperor. In the evil spirit world, it is not safe. There are also a few God Emperor-level soul beasts. Without the protection of the God Emperor-level strong, I am afraid you can't do anything!"

The bald old man thinks that Lu Ming and the three people are younger generations who come out from a certain force and do not understand the risks outside.

"No, the three of us are strong enough, so please take it easy!"

Xiu Wuji waved his hand and smiled.

"Huh, it's true that the newborn calf is not afraid of tigers, so don't regret it when you are in danger!"

The bald old man snorted coldly, waved his sleeves, returned to his team, and led the people away.

"How about, what are your plans next?"

Ling Yuwei looked at Lu Ming and Xiu Wuji.

"I have no plan!"

Lu Ming spread his hands.

"There is no plan for now, let's go around in this world first!"

Repair Promise Road.

Subsequently, the three chose a direction at random and flew away.

The Evil Soul Realm is a world of thousands and thousands. The territory is very vast. Compared to the world of small ones, I do not know how many times it is larger or how many times it is to be stable.

After the three men flew a distance, they gradually disappeared.

Rumble!

Suddenly, the ground shook, the ground burst, and a few giant tentacles stretched out, sweeping towards the three.

"Soul Beast!"

"Prospective Emperor!"

The three moved.

call out!

Lu Ming shot, a sword light condensed on his fingertips, and the sword light flashed out, and several tentacles were cut into two pieces.

Then Jianguang changed direction and cut towards the ground.

Chapter 3843: Soul Tide

Lu Ming cut off the ground with a sword, and directly cut the ground out of a deep pit hundreds of miles long. I don't know how deep.

Underground, there was a scream, blue blood splatter, and a huge octopus-like soul beast, split in half by a sword, and fell to the spot.

Ok?

Lu Ming's eyes moved, and he stretched his hand to grab the sky, and below him, an egg-sized crystal was caught by Lu Ming in his hand.

The crystal is crystal clear, like a blue crystal.

"Is this Soul Jade?"

Lu Ming murmured.

This is a good thing, Lu Ming put it away.

Next, they continued to move forward, and from time to time they would be attacked by Soul Beasts. However, the strength of these Soul Beasts is not very high. Most of them are under the Divine Emperor. , They did not pose a threat to them, they were easily solved.

After a few hours, they had no idea how far they had traveled.

Suddenly, there was a glare of light ahead, a dozen figures, and they hurried toward the landing.

All of a sudden, Lu Ming and them came to surround them.

"These guys..."

Lu Ming's three eyes flashed and recognized these people.

These people, like them, just came in from outside to hunt down the soul beast.

One of them, they also knew that it was the bald old man who had previously invited Lu Ming to form a team, but they were rejected by Lu Ming.

"Haha, really these kids!"

"Our luck is good!"

These people surrounded Lu Ming and laughed, and their expressions were playful and relaxed.

"What do you want to do?"

Ling Yuwei frowned slightly, coldly.

"Nothing, just asking for the storage ring on your body, and the treasure that hides you in the sea of knowledge, hand it over!"

The bald man said with greed.

He concluded that the three Lu Ming were just some young disciples who came out and experienced them. Such people are generally very rich.

In fact, before he invited Lu Ming to form a team, he had the idea of solving Lu Ming halfway, but he didn't expect to be rejected.

But they were very lucky, and they met Lu Ming again here. He took the shot without hesitation.

"Are you sure you want to rob us?"

Ling Yuwei asked again.

"Nonsense, hurry up and hand it over, I might spare you a life!"

The bald old man shouted.

"I am afraid that even if we hand over all the treasures, you will not let us go!"

Lu Ming interjected.

"Hey!"

It seemed that Lu Ming was in the middle of it, and the bald old man sneered twice, revealing a stern look, and said: "Since you have guessed it, then I will tell you, meet us, and if you are out of luck, cooperate well. , And can keep you a whole body!"

He did not let Lu Ming's plans go.

Lu Ming They, since they are disciples from the big forces, then naturally they are going to kill people and kill their mouths. They robbed them instead of killing them and waiting for revenge?

how is this possible?

"I don't know what to do!"

At this moment, Lu Ming, Ling Yuwei, Xiu Wuji, three people, at the same time flashed a murderous eye.

They have long seen that among the group of bald-headed elders, the Divine Emperor has only two people, and the others are below the Divine Emperor. This kind of combat power is vulnerable to Lu Ming in their eyes.

Such a strength, actually dare to deal with them, is it not know what is life and death?

Roar roar...

Just when Lu Ming was about to start, a loud roar suddenly sounded around him.

Rumble!

At the same time, with the roar of the ground, it seems that thousands of troops are coming to this side.

The speed is very fast, the sound seems to be quite far, but immediately, they are very close.

Between heaven and earth, a piece of black pressure.

In the air and on the ground, there are countless giant beasts flying and crumbling.

Soul beasts are all soul beasts.

There are all directions, and some of them are constantly drilling out of the ground.

"Beast tide, beast tide!"

In the ranks of the bald old men, someone shouted in fright.

The same is true of other people, their faces are pale and terrified, and their faces are covered with fear.

The Soul Beast Tide, they have also heard that the Soul Beasts of the Soul Soul Realm united to avenge their attacks by these invaders.

However, animal tides rarely occur and are generally not encountered.

Unexpectedly, they are now encountered by them.

"Looking at the number, it should be a small beast tide. Chong, we join forces and strike in one direction, there may not be a way to live!"

The bald old man shouted.

At this time, they no longer care about Lu Ming, they are naturally more important than treasures.

More than a dozen of them united and rushed towards the rear, because the soul beast in the rear looks less.

"kill!"

The bald old man shouted, waved his palms, and the terrible palm prints, like rows of mountains and seas, hurled towards the soul beasts.

Another strong man with a heavy emperor's weight also shot with all his strength.

More than a dozen masters below the Divine Emperor also shot with all their strength, so many attacks gathered together, and for a time the momentum was like a rainbow.

Bump...

Many soul beasts burst directly and were killed here.

The bald old man and others were ecstatic, so that they could rush out.

"Just work hard, continue..."

The bald old man shouted, wanting to inspire everyone, rushed out in a hurry.

But before he finished speaking, he got stuck.

Because, several roars of roar came from the sky, and several behemoths stepped out of the air, rushing towards the bald old man and others.

God Emperor, all are God Emperor Soul Beasts, a total of five.

The five god-level soul beasts roared, glowing all over, and five gorgeous rainbows, killing the bald old man and others.

"Block it!"

The bald old man shouted and tried his best to make a big handprint of divine light.

Another strong man with a heavy emperor also made every effort to cut a sword.

Others also tried their best to cooperate with the two emperors and look forward to blocking the blow.

boom!

The attacks of both sides collided together, the world roared, and the attacks of the bald old man and others were directly defeated.

A few of them were weaker, screamed that their bodies exploded, and they were all destroyed.

Even if the cultivation was stronger, although he didn't die, he was also hit hard. He coughed up his blood and suffocated his breath.

The bald old man and another strong emperor of the emperor were also shaken, and the corners of his mouth overflowed with blood.

In the face of the five soul emperors, they are not opponents at all.

However, what made them even more desperate was that there were terrible roars from all sides.

Then, a terrible breath rose up, and every breath was the breath of the Divine Realm.

In all directions, there are god-level soul beasts. There are more than one soul beast in each direction, and there are four or five in each direction.

They are surrounded!

The bald old man and others were desperate, and they were dead.

Chapter 3844: Full of regret

The bald old man and others are desperate. Faced with so many powerful soul beasts, they are dead and there is no possibility of survival.

Roar..

The Soul Beast yelled, some Soul Beasts, they called to the landing, they killed in the past, a terrible attack, and they hung to the landing.

Keng!

Lu Ming condensed a sword light in his hand, and emitted the sound of sword sound, sweeping out, a crescent-colored sword light sweeping all directions, all the attacks of the soul beast were broken.

"kill!"

Xiu Wuji drank coldly, his palms waved, and dark rays of light burst out. Suddenly, at least dozens of soul beasts died in Xiu Wuji's hands.

Killed so many Soul Beasts at once, and succeeded in attracting the attention of those Soul Beasts of God Emperor Realm.

Karma!

With a strange cry, a blue giant bird with two heads flew towards Landing Ming, and a blue beam of light spewed out of his mouth, bombarding Landing Ming.

The attack of the Divine Emperor Realm Soul Beast is naturally not trivial, much stronger than that of the Divine Emperor.

However, the ordinary Divine Emperor's emphasis is really not in the eyes of Lu Ming and others.

Ling Yuwei's palm condensed a battle bow, bent the bow and made an arrow, one arrow was shot, and an arrow rushed upwards, directly breaking through the attack of the two-headed monster bird, the arrow kept on, pierced through the head of the two-headed monster bird Pass by.

With a bang, the head of the two-headed monster bird burst and fell to the spot.

The bald old man and others were stunned, their eyes rounded.

A Soul Beast of God Emperor Realm was actually killed by a single arrow. What kind of combat power is this?

This kind of combat power is too terrifying. The bald old man concluded that the combat power of the two-headed monster just now is definitely not weaker than him. If the arrow just pointed at him, then he...

Thinking of this, the bald old man shivered with agitation, but felt bald.

Roar roar...

Seeing that a Soul Beast of the Shenhuang Realm was killed, the remaining Soul Beasts of the Shenhuang Realm were furious, and they all roared. At least there were more than ten wild beasts of the Shenhuang Realm, rushing towards the landing three people. Instead, he left the bald old man and others aside.

"Let's fight, fight, the best of both defeats, we can take the opportunity to rush out!"

The bald old man and others thought viciously.

More than ten Soul Beasts of God Emperor Realm took action together, the power was extremely terrifying, the big explosion occurred in the void, and they were all terrorist attacks in all directions, slamming towards Lu Ming, Ling Yuwei and Xiu Wuji.

"court death!"

Lu Ming and others, with cold light in their eyes, shot at the same time.

Lu Ming triggered five times the fighting power of the war character tactics, rushed forward, and rushed towards several Soul Beasts of God Emperor Realm, and his fists blasted out continuously. .

The attack of these soul beasts was directly torn by Lu Ming’s fist strength, which kept bombarding on several soul beasts, several soul beasts wailed, and their bodies were penetrated by fist strength, thus tearing apart, Fall on the spot.

Several pieces of soul jade were caught in Lu Ming's hands.

On the other side, Ling Yuwei shoots several arrows in a row, killing several God Emperor Soul Beasts.

And Xiu Wuji has easily solved several God Emperor Soul Beasts.

More than ten God Emperor Soul Beasts were all killed in an instant.

The bald old man and others, their eyes almost exploded, and they could swallow a few goose eggs with their mouths open.

Shocked, incredible, incredible...

Write on their faces.

That's the existence of the Divine Emperor Realm. It is so easy to be killed, as simple as killing chickens and slaughtering sheep.

They simply thought they were dreaming.

The evil spirits, three people, are all peerless evil spirits, all are peerless perverts.

Then, they felt chills in their hearts, and the chills blew up.

Before, they actually want to rob these three evils, want to kill these three evils?

Seeking death, they are all looking for death.

The soul beasts around them saw the killing of more than ten Soul Beasts in the Divine Realm.

Roar...

Then, the remaining soul beasts roared, and then the remaining soul beasts all turned around and ran away, actually ran away directly.

These soul beasts also have a high level of intelligence, knowing that they cannot be Lu Ming's opponents, and naturally evacuated.

All of a sudden, there is no left for all soul beasts.

"Go, go!"

Seeing that the wild beast had evacuated, the bald old man and others, wherever they dare to stay, immediately wanted to sneak away.

"Where are you going?"

Ling Yuwei sullenly, a cold voice came out.

The bald old man and others immediately shuddered, stopped quickly, and immediately dared not move.

Just kidding, Lu Ming used the method they just made, but they saw it clearly. Even if they escaped, they couldn't escape, only a dead end.

Their faces were extremely ugly, and with fear, they watched Landing Ming three people.

"Three adults, just because we have eyes and no beads, which made us blind, we also asked three adults to spare us!"

A smile uglier than crying was squeezed from the bald old man's face, and the trio greeted the landing, saluting again and again.

"Just want to kill us, now we are forgiven you, it is too naive!"

Ling Yuwei said indifferently that he would shoot and kill these people.

"Wait!"

Lu Ming yelled, and Ling Yuwei stopped and looked at Lu Ming, somewhat puzzled.

Is Lu Ming's heart softened and he wants to let these people go?

"This person can be killed, but others can stay, just help us find the way!"

Lu Ming explained.

Ling Yuwei and Xiu Wuji's eyes lit up.

Yeah, by their own search, when do you want to find it?

Find more people to find together, it will be much faster.

As for the bald old man, it is the culprit. Naturally, he should not be let go.

Hearing Lu Ming's words, the others showed a happy look and quickly pulled away from the bald man.

The bald old man's face was ugly and he was dying. At this moment, he was full of remorse. He knew that Lu Ming was so evil, he would never provoke Lu Ming.

However, there is no regret medicine for time, and regret is useless.

But he was absolutely unwilling to let him die.

A trace of fierce color flashed in the eyes of the bald old man, and he rushed in one direction, exactly the direction of his team.

In an instant, he rushed into this group of people, grabbed two hands in a row, grabbed a few people, and threw them at the landing trio, and himself, exerting the speed to the extreme, rushing in one direction.

"court death!"

Lu Ming spoke indifferently, cast the Great Divine Wind Technique, and in a flash, he caught up with the bald old man, and another flash, already appeared in front of the bald old man.

what!

The bald old man shouted in fright, and then shot desperately. The big handprint of Shenguang in World War I blasted Lu Ming.

boom!

Lu Ming burst out with a punch, and the big handprint of Shenguang who was fully bombarded by the bald old man collapsed directly, and his fists kept bombarding the old man. The bald old man screamed, his body was torn apart, and even the soul was burst.

"Is this the gap? The Divine King is only eightfold, what kind of evil is this?" This is the bald old man, the last thought.

Chapter 3845: Sovereign of the Lingheng Sect

Lu Ming struck and killed the bald old man, leaving the rest of them dared not to move at all, and their scared faces were pale.

A hands-on, more embodies the gap between them.

The three Lu Ming are too evil.

They panicked at the three people who landed, and waited at a loss for their destiny.

They don’t know how the three Lu Ming will deal with them!

"Now, there is something for you to do!"

Lu Ming glanced at everyone, with an unquestionable tone of voice.

"Despite the command, the knife will come and go, and will never quit!"

"Yes, despite the instructions, we must do it properly!"

The people nodded their heads one by one, and agreed with their mouths, hoping to take out their hearts and show them to Lu Ming.

At the moment of life and death, there is nothing that does not agree, no matter what conditions Lu Ming opens, they must gritt their teeth and agree.

"I let you in the evil spirit world, help me find some special places, for example, some special buildings, some strange places, etc..."

Lu Ming ordered.

"Okay, guaranteed to complete the task!"

Those people didn't expect Lu Ming to let them do such a simple thing, nodded quickly, for fear that Lu Ming's displeasure would be caused by a slow step.

"Of course, there is one more step to do before letting you go..."

Then, Lu Mings commanded the dance and formed a rune, and then flew towards these people.

These people were frightened and wanted to dodge, but they dared not to watch the runes, flew into their bodies, and disappeared.

"This is the Soul Breaking Prohibition. If you dare to run away privately, I will move your heart, and you will have to destroy your soul, and there is no place for burial. Well, you go, what news, give me a voice!"

Lu Ming waved his hand casually.

Those people sighed in their hearts and could only help Lu Ming with their heart and soul.

Originally, some people really had that thought. When they left Lu Ming, they fled, but now they dare not.

The crowd clenched their fists into a rainbow of light and left here.

"What rune ban did you just have? How did I look so simple?"

Ling Yuwei asked curiously, she had a profound attainment with the ban rune, and naturally saw what.

"Fake, no matter what the Soul Breakdown is, it scares them!"

Lu Ming smiled.

"Pastor is so wise, admire it!"

Repair Promise Road.

"It's just a subtotal, but we can still use this plan next time and find more people to help us!"

Lu Ming said.

"Good, it's faster than the three of us looking for!"

Ling Yuwei and Xiu Wuji, naturally agree.

Next, they began to act, as long as they met those who came in to hunt the soul beast, they directly took them down, pretended to put a ban, and let these people help them find special buildings or locations.

Soon after, they found more than two hundred people and helped them find them.

More than two hundred people are scattered in all directions, and the efficiency is naturally much faster than that of the three of them.

It didn't take long for them to receive the news and discover.

They rushed over according to the news and found a dilapidated palace, went in and found it again, and found nothing.

After that, news came in succession, and there were some discoveries.

However, when Lu Ming went to investigate, they found nothing.

This made the three wonder if this Zhong Qian World is a treasure land left by the Soul of Heaven.

"There is news again, to the north!"

Lu Ming received another message.

"Go and see!"

The three of them were reluctant to give up easily and flew towards the north.

The three of them are extremely fast, with large teleportation engraved on their bodies, flying directly through the air, and a few flashes, spanning a distance of hundreds of millions of miles.

A majestic mountain appeared in front of them.

At the foot of the mountain, there is an ancient bluestone road. At the end of the ancient road, there is a huge stone gate leading to the middle of the mountain.

Upon arriving here, Lu Ming and the three of them immediately gave birth to induction.

Accurately speaking, it was their fragments of life soul stone, which were induced and tremble slightly, and there was light on them.

"It's here, it's here, it must be related to Life Soul Heaven Court!"

Shi Ling, the Soul Primal Stone Fragment, cried and was very excited.

Ling Yuwei and Xiu Wuji's eyes also light up.

Obviously, they both sensed at the same time.

"Yes, this is the world, it really is the treasure land left by the Soul of Heaven. In this mountain, there must be treasures, and even there are clues leading to the Nine Great Soul Palace!"

Xiu Wuji's eyes shined.

"Let's go in!"

Ling Yuwei also blinked.

The three flew forward and came to the Qingshi Ancient Road, intending to pass the Qingshi Ancient Road.

Buzz!

Suddenly, dense runes appeared on the ground, and a large array emerged, covering Lu Ming with three people.

"Hahaha, wait 30 million years here, and finally I waited!"

A loud laugh came out, and then a figure appeared in the air.

This is a middle-aged man who looks forty years old, has a burly figure, and has a bright look between his eyes.

A huge breath came out of this person, like a sea like an abyss, unfathomable.

Lu Ming, Ling Yuwei, Xiu Wuji and their faces changed greatly.

Someone here!

Bump...

The middle-aged man walks in the air, and every step makes the void continue to vibrate.

The large array below also responded as the middle-aged man stepped, and the light was more radiant.

call out!

Ling Yuwei directly bowed the arrow and shot an arrow, trying to break open.

However, a large burst of light shone, and there was a lot of divine light that enveloped the arrow. The arrow, like the mud sinking into the sea, disappeared without a trace.

"Don't worry about it, I have to admit that your attacking power is very strong, but in my large formation, you can't get out!"

Middle-aged man sneered.

"You laid this big formation?"

Ling Yuwei asked.

"I said, it's my big formation!"

Middle-aged Dahan Road.

"who are you?"

Lu Ming asked.

"It’s okay to tell you, Linghengzong, I created it!"

The middle-aged man smiled.

"Are you the Sect Master of Lingheng Sect?"

Ling Yuwei exclaimed.

Unexpectedly, the other party was actually the head of the Lingheng Sect.

"Where did the Life Soul Primal Stone fragment come from?"

Lu Ming then asked.

That's right, this middle-aged big man also has fragments of life soul stone. This point, when the middle-aged big man appeared, Lu Ming and three people felt it.

This is what makes them even more shocked.

Here, a middle-aged big man suddenly ran out, set up a large formation here, trapped them, and there were fragments of Life Soul Yuan Stone on his body.

Inside, it seems very complicated.

"My life soul stone fragments naturally came from me!"

The middle-aged man, the Sect Master of Lingheng, said with a smile.

Chapter 3846: The Sixth Warlord

"You got it yourself? As far as I know, Life Soul Yuan Stone Fragment will only choose the young Tianjiao..."

Ling Yuwei said.

Life Soul Primal Stone Fragment will only choose the young Tianjiao, and it is the kind of demon-like Tianjiao.

Whether it is Lu Ming, Ling Yuwei, Xiu Wuji, or the previous blood, Murong Qiushui, are the top evils of the Honghuang universe.

Life Soul Elemental Stone Fragment, how could you choose a person of this grade?

"Everyone is young!"

Sect Master Lingheng said lightly.

Lu Ming, Ling Yuwei, Xiu Wuji shocked, this sentence reminded them at once, they had been ignoring a problem before.

Yes, Life Soul Yuan Stone Fragment will choose the young demon, but who stipulates that it is the demon of this era? The demon of the previous era, too.

Maybe, some fragments of Life Soul Yuanshi have been born long ago, and they were chosen in the wicked arrogance long ago, and those wicked arrogances are now not too small and have become middle-aged and old. It is normal.

For example, the Sect Master of Lingheng Sect in front of him may be a demon evil pride when he was young, so he only got the fragments of Life Soul Yuan Stone.

The hearts of the three Lu Ming sank.

If it is the kind of wickedness, how many realms should his cultivation practice reach in the past years?

Isn't it just that they can fight?

"Hahaha, if I say this, you believe it? It's ridiculous to see your expression!"

Sect Master Ling Heng laughed, and said after a while: "You are right, the soul soul stone fragment will only choose the evil spirit Tianjiao, and I am not, the life soul stone fragment in my body, I was a young man Tianjiao has seized it, and I have tried my best to finally control the piece of Life Soul Primal Stone, knowing that this is the secret of Life Treasure's treasure!"

"So 30 million years ago, Ling Hengzong was founded here to take control of the world, but unfortunately, this mountain, that is, the Soul Heaven Court left a treasure, and only a piece of Life Soul Yuan Stone, It is impossible to get in, so I set up a large formation here, waiting here, waiting for the master of the Soul Shard to come!"

"This class is 30 million years, and finally I have waited. I didn't expect it to be three, ha ha ha, this time I can finally enter the treasure land of the soul soul heaven, the treasure in the treasure land of the soul soul heaven, is Mine, there are even nine soul palaces..."

Sect Master Lingheng laughed, and the more he laughed, the more excited, the more laughed, the brighter his eyes.

Three came at once, really beyond his expectations.

Lu Ming, Ling Yuwei, Xiu Wuji's faces are extremely gloomy.

The doubts in their hearts were finally answered.

They finally knew why the impoverished country like the sand layer star field would be occupied by forces. It was the Sect Master of Lingheng Sect. It was created here deliberately for the purpose of controlling the evil spirit realm in the hands.

In the past, other people thought that Ling Hengzong was for the soul jade of the evil spirit world. Now Lu Ming understands that the enemy is for the treasure land left by the soul of the heavenly court.

The other party created the Lingheng Sect here and occupied the evil spirit world. The Lingheng Sect Master has found this mountain long ago, but unfortunately he can't enter, so he will set up a large formation here and wait here.

As for every once in a while, people will be recruited to the evil spirit world to hunt and kill the soul beasts. Now it seems that they are all traps.

The purpose is to attract the master of the Soul Primal Stone Fragment.

Life Soul Primal Stone Fragment is in control. If you want to find the treasure land of Life Soul Heavenly Court, you will surely mix into Evil Soul Realm, and then look for the treasure land of Life Soul Heavenly Court, just like Lu Ming.

The Sect Master of Lingheng Sect, who counts everything as hell, stands here and waits for the rabbit.

Lu Ming and they were fooled unknowingly.

This kind of guy who has lived for a long time has an unusual and terrible mind.

"The reason why I tell you is to make you understand, now, hand over the fragments of life soul element stone on your body, I can give you a happy!"

Sect Master Ling Heng shouted, he was very confident.

He has confident capital.

He has seen that Lu Ming and his three are the highest in the quasi-imperial realm.

And he is already the existence of Divine Emperor Liu Zhong, even if the three Lu Ming are in evil spirits, they cannot be his opponents.

"It seems that there is a tough battle to be fought today!"

Xiu Wuji whispered.

"Let's go together, let's break through this formation first!"

Ling Yuwei said.

The three nodded and communicated with each other to reach a consensus.

Uh!

The three shot at the same time and attacked to the left.

In the blink of an eye, Lu Ming triggered a five-fold combat power of Zhanzi Jue, and at the same time he exhibited Great Kamikaze.

Boom!

Lu Ming shot with all his strength and banged out with a fist, a terrible punch, with a terrifying hurricane, hurling forward.

The void is constantly exploding, and everything is going to shatter. However, the formation around it is filled with radiant brilliance, countless gods of light, and flocks to Lu Ming's fist.

Rumble!

The sound of the explosion rang through the sky, and Lu Ming's fist was canceled out.

At the same time, Ling Yuwei and Xiu Wuji also launched an attack, almost using their full strength, terribly terrifying, even a powerful double hero of the Divine Emperor would be bombarded, but useless, their attack was also offset by a large array .

"Awesome, really awesome, I have to say that the three of you, with this practice, can have such a combat capability, which really frightens me, but you are still too weak to get out of my Today, your results are doomed!"

The Sect Master Ling Heng sneered, his body glowed, his divine power surged, and he was in control.

"Attacks gather!"

Ling Yu Wei Jiao drank. Behind her, a towering tree appeared. Endless green light poured into her body. She held a huge war bow and pulled the bow string. Endless energy gathered to form an emerald green arrow.

call out!

The emerald green arrow, ten meters long, flew out and pierced the void into a terrible mark.

"Great Kamikaze, Great Fragmentation..."

Lu Ming did his utmost to make a punch, which contained the power of Great Kamikaze and Great Fragmentation.

The two ancient mysteries converge to form a devastating force, wrapped in emerald green arrows, and blast forward.

"The light of Shura!"

Xiu Wu polarized into three heads and six arms, and the eyebrows of his three heads all opened a vertical eye, and each vertical eye burst out with a black light.

These three rays of light merge into one, and are also wrapped in emerald green arrows.

The attack of the three people gathered together and collided with the divine light formed by the large array.

Rumble!

The roaring sky erupted, the energy was overflowing, the arrow was like a broken bamboo, and the power of the large array was constantly broken.

Sect Master Lingheng's face suddenly changed.

Obviously, Lu Ming's attack was beyond his expectations.

"It's such a horror, it hasn't even entered the Divine Emperor, it's so horrible, absolutely can't let go!"

"Press me!"

Sect Master Lingheng shouted loudly, and his hands slammed down.

Chapter 3847: Elven King Bow

The Sect Master Lingheng pressed his hands downwards, and the majestic power poured into the large formation. The light of the large formation was more vast, and he continued to suppress the attack of the three people who landed.

The attack of Lu Ming and the three people, the continuous vibration, and the energy was consumed rapidly again.

"Come again!"

Ling Yu Wei Jiao drank, her mouthful of blood was sprayed on the war bow in her hand, letting the war bow emit an amazing wave, and a green arrow with blood red condensed out.

"Ball!"

Lu Ming's heart moved and summoned the ball to help.

The ball wriggled sharply and turned into an armor covering Lu Ming's body. At the same time, in Lu Ming's hand, a silver spear appeared.

Buzz!

The spear shook, and a gorgeous silver spear pierced.

Behind Xiu Wuji, a king of 99 heads with 99 heads and 999 arms appeared, and the brows of 99 heads all burst out of the light.

This time, the attack is even more terrifying.

Especially the silver spear transformed by the ball is even more terrible.

The ball shot with all its strength, but it can kill the God Emperor's fourfold, and the attacking power is amazing.

This time, the attack of the three people was like a broken bamboo, constantly breaking through the large array of divine light, the large array of divine light, and constant explosions. Finally, a channel was suddenly blasted out.

"go!"

Lu Ming shouted, and his body turned into a rainbow of light. From this passage, he rushed past and left the range of the large array.

The speed of Ling Yuwei and Xiu Wuji is also very fast, and they have also turned into rainbow lights, one flickering, also leaving the scope of the large array and appearing outside the large array.

The two glanced at Lu Ming, and they were shocked. Unexpectedly, Lu Ming actually had such a hole card.

boom!

At this time, a terrifying pressure hit the three Lu Ming, and Lu Ming's three bodies retreated, blocking the pressure.

He is the Sect Master of Lingheng Sect. He appeared in the sky above Lu Ming's head, releasing huge pressure.

"What a powerful metal life!"

Ling Heng Sect Master stared at the ball on Lu Ming's body, his eyes flashed with a shock, and greed.

"Huh, even if you can break through the formation, what's the use? Think you can escape my palm?"

Sect Master Lingheng sneered, he is still very confident.

With his strength, he can control the overall situation.

"Kneel me down!"

The patriarch of the Lingheng Sect slammed out with a huge palm print and pressed down on the landing trio, like a majestic mountain.

Rumble!

Under the pressure of palms, the void collapsed and the scene was amazing.

The three Lu Ming tried their best to resist, but they couldn't stop it at all. With the palm prints, the three of them retreated.

Lu Ming was better. The armor transformed by the ball resisted, but he felt that the blood was tumbling, and there was a trace of blood at the corner of his mouth.

But Ling Yuwei and Xiu Wuji were also hit hard and vomited blood.

After all, the gap between them is so great.

The opponent just took a slap in the palm and let them be hit hard. If they tried their best, they would definitely be able to extinguish them.

"In the face of absolute strength, no matter how genius it is, it is unbearable, and obediently hand over your life soul stone fragments, as well as, hand over the physique mysteries you practiced, the three thousand ancient mysteries. Right!"

The sect of the Lingheng Sect, the greed in his eyes is more intense.

The reason why he didn't hit the killer and immediately killed the three Lu Ming was because he took a fancy to the various secrets and treasures controlled by the three.

Lu Ming, in particular, most attracted the attention of Sect Master Lingheng.

The divine monarchs are eightfold, but the combat strength is strong against the sky. It is completely at the same level as Ling Yuwei and Xiu Wuji.

Moreover, he has two kinds of three thousand ancient secrets in his body, he must get it.

Although the legend of the Three Thousand Ancient Mystery Techniques is very difficult to practice, how do you know if you haven’t?

Moreover, even if he fails to cultivate himself, some people are interested and can be sold for high prices.

This is why he didn't go all out.

Lu Ming's face was gloomy, and he quickly pondered the countermeasures in his mind.

Ling Heng Sect Master is too strong. Even with the help of the ball, it is definitely not the opponent of the opponent. If the opponent kills, he and the ball will die.

Today, he has only two cards.

One is the strong wind beads.

The gale of the gale contains horrible gale. With his current understanding of the Great Divine Wind Technique, he will surely elicit a part of gale, but he is not sure how strong he can deal with the Lingheng Sect Master.

Another one is to venture open the copper copper coffin.

He didn't want to expose too much in front of Ling Yuwei and Xiu Wuji. After all, he didn't trust Ling Yuwei and Xiu Wuji very much. He needed to keep a hole card.

But now in the face of the life and death crisis, I can't take care of these.

Let's get the Lingheng Sect Master first.

"Do you think we are really determined?"

Just as Lu Ming hesitated, a cold voice rang from Ling Yuwei.

At this moment, the huge war bow in Ling Yuwei's hand disappeared, and it was replaced by a small war bow.

This war bow is not big, it is only more than one meter long, and it looks very old. The most attractive thing is that there is a pool of blood on it.

This blood stain looks as if it was alive, as if it had just been sprinkled with blood, but there was a terrible breath machine, which came out.

Lu Ming and Xiu Wuji showed dignified colors on their faces.

The blood on this battle bow is definitely a terrible existence left on it.

"Let you try, the elven king bow is amazing!"

Ling Yuwei spoke, and then bowed suddenly.

Buzz!

For a moment, it seemed that the whole world shook.

Then, as if all the energy between heaven and earth was converging towards the war bow.

A **** arrow, condensed out, aimed at the Sect Master of Lingheng Sect.

"this is..."

The pupil of Ling Heng Zong Suddenly contracted, feeling that his body was covered with hair and hair, and he felt a great horror that enveloped him.

"Retreat, retreat..."

The Sect Master Lingheng did not hesitate, and his body retreated.

call out!

Ling Yuwei let go, and the **** arrow flew out.

Quick, it's too fast, and it's almost time for the Sect Master of Lingheng Sect, too late to dodge.

In an instant, the arrow appeared in front of the Sect Master of Lingheng Sect.

The Sect Master of Lingheng Screamed loudly, and the Six Emperors of the Divine Emperor's cultivation behavior completely broke out.

The terrifying divine power, like a row of mountains and seas, erupted from the body of the Lingzong Sect Master, like a sun explosion, and the whole world of China and the world shook violently.

"Hengtian Finger!"

The Sect Master Lingheng pointed out with one finger, a gray finger, very huge, pointed forward, and collided with the arrow shot by Ling Yuwei.

A blast that seemed to be falling apart, terrifying energy, swept all directions.

bump!

In the end, the finger attacked by Sect Master Lingheng was actually pierced by arrows, and the terrible arrows kept on shooting.

At the next moment, blood was splattering, and the body of the Ling Heng Sect Master was penetrated by a arrow through a blood hole.

Chapter 3848: The show cards

The Sect Master of Lingheng Sect was directly pierced by arrows, screamed, and his body retreated backward.

A huge blood hole appeared in his chest, and the power of destruction on the arrow was constantly destroying his body and eroding his vitality.

The breath of the Sect Master of Lingheng Sect suddenly became very weak.

"You seek death, I want you to die without a burial place!"

Sect Master Lingheng roared angrily, but he did not dare to stay, his body retreated, and left here at an alarming speed.

puff!

At this moment, Ling Yuwei's body shook, a spit of blood spewed, and his face was white.

"Are you OK!"

Lu Ming looked at Ling Yuwei and asked.

"I'm okay, just that arrow just consumed too much and can be recovered soon!"

Ling Yuwei nodded, if she had a deep sweep of Xiu Wuji, she put away the **** elven king bow, took out a divine pill like a small tree, swallowed it, and immediately, a word came out of her. The strong volatility of the stock quickly restored the breath.

Aside, Xiu Wuji's gaze swept around Lu Ming, with an inexplicable smile on his face, and no words.

After a while, Ling Yuwei's breath calmed down. Obviously, she had recovered a lot.

"Let's go quickly, the Sovereign Sovereign of the Lingheng Sect, I'm afraid I won't stop easily!"

Repair Promise Road.

"go!"

Lu Ming, Ling Yuwei and Xiu Wuji walked along the Qingshi Ancient Road towards the stone gate under the mountain.

However, when they set foot on the ancient Qingshi Road, there was a figure on both sides of the ancient Qingshi Road.

These figures are not entities, they are illusory, like an illusion, the eyes are full of ghosts and fires, and they are all staring at the three people.

There are 108 phantoms on both sides of Qingshi Ancient Road.

kill!

kill! kill!

These phantoms shouted in unison, rushed into the night, and rushed towards the landing trio. Their palms condensed various weapons. They looked illusory, but they waved, powerful and terrifying, and directly broke the space. .

At the same moment, there were at least twenty attacks that rushed to Lu Ming.

Lu Ming performed the Great Kamikaze technique, and his body flashed rapidly, avoiding fifteen attacks at once, but the remaining attacks were beyond Lu Ming's ability and could only be hard-wired.

call out! call out! call out! ...

Lu Ming stabbed eight guns in a row, and eight moon-colored guns burst out, and the remaining eight attacks were also blocked.

Blocking this wave of attacks, Lu Ming's figure flashed, and the moonlight spear kept piercing.

Those phantoms were stabbed in succession and their bodies burst apart.

However, these phantoms burst and reunited, but it was a little darker than before.

"Energy is constantly weakening, it is not difficult to deal with!"

With a move in his heart, Lu Ming continued to attack, and in the moonlight spear, he merged into the big fragmentation technique.

bump! bump! ...

More than a dozen ghosts were smashed at once. This time, the power of the Great Fragmentation was launched. These ghosts shattered into countless pieces, some of which were reluctantly condensed, some, but no longer condensed, completely disappear.

Lu Ming's spirit was shocked, the offensive was even more violent, and the continuous ghost was completely wiped out.

In a short time, there were more than thirty ghost images, which were wiped out by Lu Ming.

However, Lu Ming has such a speed because of the relationship between the ball and the ball. He and the ball cooperate to have such a record.

Xiu Wuji and Ling Yuwei did not have such a record, and the speed of destroying the phantom was much slower.

Lu Ming wiped out thirty, and the two of them added together, only twenty were wiped out.

There are more than fifty left, Lu Ming and they are much faster.

Lu Ming and three of them tried their best. The ghosts were wiped out one by one. Soon, there were more than a dozen left.

at this time...

Buzz! Buzz! Buzz! ...

The Quartet was empty and violently shaken, like a wave of water, with waves.

Then, one figure after another appeared suddenly.

The dense figure, covering the four sides of the sky, enveloped it, with a strong breath, shaking the world.

One of them was the Lingzong Sect Master who had been injured and escaped. Needless to say, these people he brought were all masters of the Lingheng Sect. Among them, the existence of Divine Emperor Realm is not rare.

"Kill me the three beasts!"

The Sect Master Lingheng roared, staring at the trio, and burst into flames in his eyes, as if to burn the trio.

"Rush in!"

Lu Ming shouted, the silver spear swept across the thousand troops, and suddenly six phantoms were bounced out.

Ling Yuwei and Xiu Wuji also shot out with all their strength, extinguished several ghost images, and headed towards the stone gate under the mountain.

Coming here, the life soul stone fragments in their body reacted more violently. They had a feeling that with the life soul stone fragments, they could open this stone door, and only by entering this stone door would there be a turnaround.

Otherwise, with so many masters in Linghengzong, they are very dangerous.

Even though, they all have a hole card.

They are fast, and they are near the stone gate in a blink of an eye.

"kill!"

Ling Hengzong's master shouted, killing Chongxiao, especially the existence of several God Emperor Realms, very fast, like a few streamers, rushed to Lu Ming.

However, they did not rush forward along the ancient Qingshi Road, they rushed to Lu Ming from the side.

However, when they approached the mountain, their bodies suddenly froze, their faces showing horror, and then their bodies touched directly into a cloud of ashes.

Both form and spirit are extinguished, and the smoke disappears.

Others saw this scene, almost scared, and some people who were also striking forward, exploded in divine power, and stopped their bodies stiffly.

Seeing this scene, the three Lu Ming were also shocked. Fortunately, they took the Qingshi Ancient Road from the beginning. It is not unreasonable to leave this road here.

In addition to the Qingshi Ancient Road, the surrounding of this mountain is full of horrific murderous opportunities.

"Rush in from that ancient stone road to kill them!"

The Sect Master Lingheng shouted.

The people of the Lingheng Sect immediately changed their direction and rushed to Lu Ming along the Qingshi Ancient Road. There was nothing at all, and there was no such phantom obstruction.

But at the moment, Lu Ming and others have come under the Shimen.

As soon as they came under the stone gate, the fragments of life soul stone in their body, trembling more intensely, flew directly out of their bodies, and then flew out a beam of light, and flew towards the stone gate.

Lu Ming glanced.

It was found that Ling Yuwei's Life Soul Primal Stone Fragment was about the same size as his Life Soul Primal Stone Fragment.

It should be formed by the piece that fuse blood.

Surprisingly, the fragments of Xiu Wuji's Life Soul Yuan Stone are larger than those of Lu Ming or Ling Yuwei.

I am afraid that there are several pieces of Life Soul Primal Stone fragments in order to have such a volume.

The three beams of light fell on the stone door, and the stone door immediately vibrated, showing a bright brilliance, and then with a click, they separated towards the sides.

Chapter 3849: The battle to enter the treasure

The stone door was opened!

Huh...

After the stone door was opened, a burst of cold wind blew out immediately.

Moreover, inside the stone gate, weird roars roared, as if numerous innocent souls were roaring, and when people heard it, there was a feeling of horror.

"That is..."

At the next moment, Lu Ming, Ling Yuwei and Xiu Wuji's faces changed wildly.

Because they saw, in the depths of the stone gate, there were countless figures rushing out towards the outside.

These figures look the same as the ghost images they encountered before, but they are more solid and more terrifying, and they emit strange noises one by one and rushed here, very fast.

"Trouble!"

Lu Ming and his three men looked somber.

There are people of Ling Hengzong behind, and there are so many strange creatures in front.

"You can only do it!"

All three are peerless evils, and naturally it is impossible to give up easily. Even in the face of desperation, we must fight together.

Three people are preparing to fight hard, but an accident happened.

The fragments of their Life Soul Yuan Stones appeared on top of their heads respectively, and a layer of light was scattered to cover them.

Those strange creatures rushed past them, as if they didn't see them, ignored their existence, and rushed directly to the masters of Ling Hengzong.

These strange creatures gave out horrifying roars and kept on fighting. Suddenly, the master of Ling Hengzong was torn.

"Block it!"

Ling Hengzong's master shouted, and a powerful Divine Emperor shot, blocking these strange creatures.

However, these strange creatures also have the existence of many powerful Divine Emperor Realms. The unstoppable culling, the people of the Ling Hengzong Sect, fell completely downwind and were surrounded by strange creatures.

The scary thing is, inside the stone gate, I don't know how many strange creatures are still rushing out.

"Run away!"

Someone in the Ling Hengzong shouted, panicked, and turned away, but these strange creatures chased wildly from behind, looking like an endless one.

However, the Sect Master of the Lingheng Sect had not been attacked, and there was also a piece of Life Soul Elemental Stone suspended in his body, which sprinkled with a radiance. Those strange creatures did not attack him.

"Kill..."

The Sect Master Lingheng struggled to attack and wanted to destroy those strange creatures. However, although he was powerful, he had destroyed some strange creatures, but there were too many strange creatures, and he couldn't kill them at all.

"go!"

At this moment, the three Lu Ming rushed towards the inside of the stone gate.

It seems that here, life soul element stone fragments are their amulet.

The three rushed into the stone gate and found that the space inside was very spacious, a huge underground chamber.

There are many same passages around the chamber, and in each passage, the strange creature rushes out.

"Stop me!"

Seeing that Lu Ming and three people rushed into the stone gate, the Sect Master of Lingheng shouted, alone, and rushed into the stone gate, looking at Lu Ming's eyes, filled with cold and murderous opportunities.

Before, he was penetrated by Ling Yuwei with a single arrow, and he was seriously injured, but now he has stabilized. Although he is not in the heyday, he still retains a strong combat strength.

"Chick, the arrow before you should cost you a lot. I don't believe you can shoot the second arrow!"

The Ling Heng Sect Master stared at Ling Yuwei with a terrible complexion.

He was very scheming, and it was easy to figure out the pettyness.

Ling Yuwei's previous arrow relied on the power of the **** war bow, but Ling Yuwei's skill was only high, it was only a quasi-empire, and it was absolutely possible to shoot that arrow, and it was almost impossible to shoot the second. arrow.

Therefore, he had the confidence to chase in.

Ling Yuwei looked a little ugly.

She really can't shoot the second arrow. If you use it forcibly, the consequences will be very serious, and it will probably destroy her foundation.

"Don't disperse the three of us, walk along a passage!"

Ling Yuwei passed on the voice.

"go!"

Lu Ming, Xiu Wuji nodded, struggling toward one of the passages.

"Want to leave, leave me!"

Sect Master Lingheng saw Lu Ming and his three people leaving, thinking that Lu Ming and three people really had no cards, and struggling to chase the past.

The passage is very deep and there are still many strange creatures. Fortunately, these strange creatures do not attack them, so they are unobstructed and fast.

However, the Sect Master of Lingheng Sect is still fast approaching.

"kill!"

The Sect Master Lingheng shouted, pointing out several fingers in a row, several fingers, and killed three people at the landing.

He still had some scruples, and he didn't dare to be too close, so he tried Lu Ming and the others.

Faced with Lu Ming, Ling Yuwei and Xiu Wuji, these three terrifying demon, he really felt a little bit bottomless.

Ling Yuwei has such a horrible hole card, what about Lu Ming and Xiu Wuji?

Therefore, he intends to test at a distance, if not right, he can also escape quickly.

Buzz!

Lu Ming brandished a silver spear and pierced the dazzling spear.

Ling Yuwei and Xiu Wuji also tried their best to block the finger of Ling Heng Sect Master.

With the help of the fingers of the Ling Heng Sect Master, they rushed forward at a faster rate.

After a while, the passage reached the end, which was also a secret room.

咻咻咻...

In the secret room, there are no such strange creatures, but there is a stream of light, flying constantly.

No, these are not streamers, but treasures.

There are swords, swords, spears, mirrors...

Each treasure exudes amazing fluctuations.

Absolutely rare and precious treasures, all of which are above the Imperial Divine Soldier.

Lu Ming and his three people showed a brilliant light in their eyes.

This is especially true of the Lingheng Sect Master, with greedy greed bursting out of his eyes.

"You three little beasts, all die for me!"

The Sect Master of Lingheng shouted, killing thoughts like a tide.

He was spurred by these treasures to the top of his heart.

In his view, these treasures are his.

This is just one of the passages, other passages, are there treasures?

If he got these treasures, where would his strength expand?

How many resources can I redeem? In the future, it is not impossible to break above the Divine Emperor.

He suppressed the scruples in his heart, and rushed to the landing three people Ming Ming, the offensive was like a frenzy, one finger pointing, piercing the void, attacking the key point of the three Lu Ming.

Faced with the attack of the Lingzong Sect Master, Lu Ming and the three could only fight back with all their might.

Lu Ming's guns were united and turned into a dazzling lance, which pierced the Sect Master of Lingheng, but the Sect Master of Lingheng pointed out with his fingertips above the silver spear. The spear vibrated endlessly, Lu Ming stepped back, feeling Shaking all over, several bones were broken.

On the other side, Ling Yuwei and Xiu Wuji also coughed up blood and retreated.

Although the Ling Heng Sect Master was injured by Ling Yuwei before, his strength was affected by some things, and he was not in the peak state.

However, after all, the Sect Master of Lingheng Sect is the existence of Divine Emperor Liu Zhong, and his strength is too terrifying.

Chapter 3850: Beheading the Sect Master

"kill!"

Seeing that one blow wounded three people Lu Ming, the Sect Master of Lingheng Sect had a great fighting intention, and the atmosphere was even more terrifying.

His left hand is his palm and his right hand is his finger, and he uses a horrible secret technique.

Palm prints and finger strength alternate, crushing Lu Ming and others.

With this move, he used 70% of his strength.

He didn't dare to attack with full force at once, leaving a part of his strength as a defense, afraid that Ling Yuwei would come back with such a horrible trick.

But even the seven-story power is not something Lu Ming and his three can contend with.

With the defense of the ball, Lu Ming may not die, but he will also be hit hard.

Xiu Wuji and Ling Yuwei are afraid to die immediately.

"You two, what is your hole card, don't you use it quickly?"

Ling Yuwei shouted to Lu Ming and Xiu Wuji.

"bring it on!"

The fierce glory flashed in Xiu Wuji's eyes, and suddenly a broken sword appeared in his hand.

Only the hilt is missing, and the tip of the sword is missing.

The sword body was dark, but it exuded a terrible air.

As if, a horrible existence was hidden in the sword.

"cut!"

Xiu Wudi drank so much, all the power of his body poured into the broken sword, and then struggling to cut out a sword.

Roar!

Suddenly a terrible roar came out, and suddenly a figure appeared in the broken sword.

This figure is a King Shura with 99 heads and 999 arms.

"kill!"

King Shura shouted, and his huge body was packed in the secret room. He held the sword of Shura, and he slashed towards the Sect Master of Lingheng Sect.

The pupil of the Ling Heng Sect Master contracted sharply, feeling a terrible murderous opportunity.

As if this sword could kill him.

Moreover, he was completely locked by this killing opportunity, avoiding inevitable, and only hard-wired.

"Damn!"

The Sect Master Lingheng shouted in his heart.

Sure enough, there are still cards, and these monsters still have cards.

Now, there is only one way before him, that is to block it.

He believed that Xiu Wuji could only issue one move, but could not issue a second move.

As long as the blow can be blocked, he will win.

Around his body, a few magic soldiers emerged, exuding brilliant brilliance and rushing towards King Shura.

At the same time, he exhibited the strongest secret technique, blasted a trick, a finger condensed out, and clicked out.

Boom!

The continuous roar erupted, and several pieces of magical soldiers shot by the Sect Master Lingheng were directly split into two halves by the Shura sword, followed by his condensed fingers with secret techniques, as well.

"not good!"

Sect Master Lingheng's face changed greatly.

This Shura sword is too scary, even more powerful than the arrow that Ling Yuwei shot before.

what!

The Sect Master of Lingheng Screamed insanely, boiled with divine power, and defended with all his strength.

But at the moment when the war sword was cut off, the Sect Master Lingheng screamed, his body retreated, and hit the wall of the chamber.

The walls here are unusually hard and have not been crushed, just the bang of the crash.

Sect Master Ling Heng coughed up blood, and his face was abnormally pale.

A sword wound appeared on his body, extending from his shoulder, along his chest, to his waist.

That arrow almost cut him diagonally.

The horrible power of the Shura sword destroyed all the organs in his body and even affected his soul.

In his Dantian field, the burning star was dim.

With this move, he was more injured than the arrow that Ling Yuwei had shot before.

"Damn little debris, you didn't kill me, it's you who died..."

The Sect Master Lingheng roared, and the killing thoughts were strong.

He swears in his heart that he wants the three Lu Ming to survive, not to die, to suffer the most painful torture in the world.

But the next voice made him enter the ice cellar, his body chilling.

"Really? I haven't attacked yet!"

Lu Ming's indifferent voice sounded, and a ball appeared in his palm.

Gale bead!

Then, Lu Ming exhibited the Great Divine Wind technique, and inside the gale wind beads, a terrible gale wind was suddenly pulled by Lu Ming.

Huh!

The violent and hot gale wind, as if turned into a gale dragon, issued a horrible roar and rolled towards the Sect Master of Lingheng Sect.

Sect Master Lingheng was just injured by Xiu Wuji, and the timing of Lu Ming's timing was seamless. He had no time to dodge and was swept in by the strong wind at once.

Puff puff...

The terrible strong wind suddenly cut the body of the Ling Heng Sect Master into dense wounds, and every wound had a terrible high temperature.

The body of the Ling Heng Sect Master was filled with flames.

"what!"

The Sect Master of Lingheng screamed. Although he used all his might to resist it, he couldn't stop it.

The gale of the gale is very terrifying, but it is left by an existence that can destroy the galaxy. The power is really amazing.

The strong wind directly broke the spiritual power of the Sect Master of Lingheng Sect and broke into his physical body.

His body, under the condition of his own eyes, was continuously cut open, and was continuously burned to ashes.

With just a few breaths, the flesh of the Sect Master of Lingheng Sect could not hold on, and turned into ashes.

His soul emerged and wanted to rush out, but he found that his soul was more fragile.

"Ah, I'm not willing, I'm not!"

The Sect Master of Lingheng Screamed out in anger and unwillingness.

It is thought that he has always calculated his talents and arranged for tens of millions of years. Here he waits for the controller of Life Soul Yuan Stone Fragment to come to seize more Life Soul Yuan Stone Fragments and devour the treasures of Life Soul Heaven Court.

Everything went very smoothly, people, he really waited.

But as a result, the few people who waited were too evil and terrible.

With his cultivation practice, he was not at all enemies.

He is not reconciled!

But the result has been destined, the next moment, his soul, also in the strong wind, disappeared.

The Sect Master of Lingheng Sect, this figure who can be regarded as an owl, came to an end with the continuous blow of three peerless evils.

However, the piece of life soul stone left by the Sect Master of Lingheng Sect was not destroyed.

In fact, although the gale is terrible, it can never destroy the life soul stone fragments, and even the slightest damage can not be left.

Lu Ming reached out and grabbed volley, grabbed this piece of life soul element stone in his hand.

Xiu Wuji took a long breath and stepped back several steps in a row. His breath was weak and his face was pale.

He quickly put away the broken sword.

Obviously, like the arrow that Ling Yuwei shot before, after Xiu Wuji cut this sword, the loss is also very huge, causing a great load on itself.

He glanced at the fragment of Life Soul Yuan Stone in Lu Ming's hand. Without making a sound, he took out a Divine Pill, swallowed it, and began to recover.

Ling Yuwei also looked at the fragment of Life Soul Yuan Stone in Lu Ming's hand, a complex color flashed in her eyes, and finally there was no opening.
