

D Emperor 3851

Chapter 3851: A pile of jade charms

"Swallow, swallow him for me!"

Lu Ming's Life Soul Yuan Stone Fragment Shi Ling shouted, very excited.

Lu Ming didn't immediately devour Life Soul Yuan Shi Shi Ling and glanced.

The fragments of Life Soul Primal Stone left by the Sect Master of Lingheng Sect are much smaller than Lu Ming's, which is about the same as the fragments of Life Soul Primal Stone that he had not merged with Murong Qiushui before.

It should be just a small piece.

As soon as his thoughts moved, Lu Ming collected the fragments of Life Soul Yuan Stone.

Facing Ling Yuwei and Xiu Wuji, he was very confident.

Now the ball can be shot, he cooperates with the ball, and the fighting power is completely above Xiu Wuji and Ling Yuwei.

Of course, Ling Yuwei and Xiu Wuji have terrible hole cards, but Lu Ming also has.

Gale bead is, at the critical moment, there is also a copper copper coffin.

After Lu Ming put away the fragments of Life Soul Yuan Stone, the eyes of the three people looked at the flying treasures in the sky, and their eyes were bright.

Uh, uh...

The three of them moved at the same time, rushing out and rushing towards the weapons.

Lu Ming first pounced on a spear.

Although, he is now a taboo body, and various secret techniques can be turned into mysterious runes, integrated into the cell, and the use of any weapon is the same.

However, he still has a special courage for the spear, so the first choice is the pike.

Lu Ming grabbed a fiery red spear, but the spear was slippery and flew out of Lu Ming's palm like a long snake under a flash.

"Want to leave? Leave me!"

Lu Ming drank lightly in his heart, his palm glowed, and immediately several secret techniques of trapped enemies appeared, trapping the fiery red spears.

The fiery red spear rushed from left to right and could not rush out.

Lu Ming exerted a strong force, and the taboo force covered the fiery red spear. The fiery red spear was originally covered with a light curtain. At this moment, this layer of light curtain was wiped out by the taboo force.

After it was wiped out, the spear stopped, and Lu Ming grabbed it and put it in the storage ring.

Then, Lu Ming rushed to the next weapon.

There were about a dozen weapons in this secret room, which were quickly searched by three people.

Lu Ming got a total of five magic soldiers, all of which were very high. Although they were not comparable to gravity beads, they were not trivial and valuable.

Ling Yuwei and Xiu Wuji were also very productive, and everyone smiled on their faces.

This trip, although a little unexpected, caused the accident of the Sect Master of Lingheng, but it was worth it.

The three looked at the secret room. There was no other passage in this secret room. Here, it was already at the end.

However, there are other secret rooms.

The three of them flickered and walked back to the largest chamber at the beginning.

At this moment, there are no such strange creatures. All the strange creatures have rushed out of the gate. Outside the gate, there are fierce shouts. Obviously, the strange creatures and the spirits are still fighting.

However, no one can rush in.

"Let's act separately!"

Repair Promise Road.

"it is good!"

"Move apart!"

Lu Ming and Ling Yuwei also nodded.

Now, the Sect Master of Lingheng has been removed by them. No one else comes in. They do not need to join together, act separately, and obtain their own opportunities. This is the most important thing.

The figure flashed, and the three chose a channel to rush in.

A moment later, Lu Ming passed through a passageway to the end of the passageway. At the end of the passageway, it was also a secret room.

However, this room was much smaller than the room where the **** soldiers were obtained before, and there were no treasures flying around. There were only a few miscellaneous boxes piled up there.

Lu Ming went over and opened a box at random, and found that there were some jade symbols inside.

Lu Ming picked up a jade charm and swept the spirit, revealing a trace of disappointment.

In the Jade Fu, what is recorded is only a technique of refining the Divine Pill, and it is not particularly advanced, which can be bought outside.

Lu Ming now focuses on cultivation, but does not have the time and energy to cultivate the way of pill cultivation.

In Xiaoqian World, Lu Ming is proficient in alchemy. However, the difference between Xiaoqin World's alchemy and the God of the Wild Universe is too far apart, and Lu Ming is too lazy to spend time to study it.

Next, Lu Ming picked up the rest of the jade symbols and looked at them one by one. Unfortunately, they were all about alchemy, which was of little use.

Lu Ming reluctantly put it away, seeing the opportunity to give it away.

After all, he still has family and friends, maybe someone can use it.

Then Lu Ming continued to look at the second box, which still contains some ways of refining the Divine Pill, and it was still put away.

The three boxes in a row are all jade symbols for refining Shendan. Starting from the fourth box, they are some jade symbols for refining Divine Weapon weapons. Like the way of alchemy, they are useless. Lu Ming has received them all in a storage ring.

The fifth, five or six boxes are almost the same...

However, when Lu Ming opened the seventh box, his eyes lit up.

There are also some jade symbols in this box, but these jade symbols record secret techniques.

A variety of secret techniques, a jade charm, records a secret technique.

The last few boxes, all recorded are various secret techniques, there are hundreds of kinds.

Lu Ming was overjoyed and finally had a great use for him.

But now there is no time to take a closer look. Lu Ming put it all away and waited for time to check it slowly.

After it was collected, the secret room was already empty. Lu Ming left the secret room, returned to the secret room outside, and then rushed to another passage.

Behind this passage, there is also a secret room. In this secret room, there are also several soldiers flying in the air.

Lu Ming was overjoyed, his figure flashed, and he packed up the magic soldiers one by one.

A total of six, plus the previous five, a total of eleven high-level magic soldiers.

Every magical soldier is worth a fortune, and if it is taken outside, it can be sold at a high price.

The treasure left by the heaven of fate really deserves its reputation.

This is just a treasure place. One can imagine that there are nine treasure soul palaces and the most important life soul heaven. How many treasures should there be?

Lu Ming left here and hurried to the next passage. Unfortunately, the secret room at the end of the passage was empty and there was nothing.

"Could it be that Ling Yuwei and Xiu Wuji were already in the lead?"

With a move in his heart, Lu Ming hurriedly left this channel and entered the next channel. Unfortunately, it was still the same, empty, and nothing.

Lu Ming estimated that it was really Ling Yuwei or Xiu Wuji, who was the first to get on board. After all, there are only a dozen channels here.

Suddenly, Lu Ming heard a roar from the middle channel.

Although they seemed to be far apart, they were still clearly captured by Lu Ming.

"Someone in this channel!"

Lu Ming thought, guessing who it was.

Suddenly, a figure flashed in another channel, Ling Yuwei.

Chapter 3852: Nine statues

In another passage, Ling Yuwei's figure appeared.

As soon as Ling Yuwei appeared, she also noticed that there was a fighting sound deep in the middle of the passage.

Lu Ming and Ling Yuwei glanced at each other and nodded silently, then they rushed toward the middle passage at the same time.

When they came to the end of the passage, they also found a secret room.

But this room is very large, and it is close to the outermost room.

In this chamber, there are nine steps, and on each step, there is a platform, and on each platform, there is a big seal floating.

The color of each big seal is different, red, cyan, white...

Each big seal is enveloped by a light mask.

Xiu Wuji, on one of the platforms, was constantly attacking the photomask outside Dayin, making a violent roar. The sound they heard just now was just like that.

As soon as Lu Ming and Ling Yuwei arrived, Xiu Wuji felt it.

"The big seal here, there should be clues leading to the Nine Great Soul Hall, but there is a prohibition guard, it is difficult for a person to break open, we need to join hands!"

The sound of Xiu Wuji came out.

Lu Ming and Ling Yuwei sneered.

Why didn't Xiu Wuji send a message to Lu Ming and Ling Yuwei and asked them to join forces?

At this moment, when Lu Ming and Ling Yuwei arrived, they were called together. Obviously, if possible, Xiu Wuji wanted to swallow.

"Try other big seals first!"

Ling Yuwei rushed directly to another big seal, and the arrow continued to shoot before the person arrived.

Bump bump bump...

Arrows hit the mask outside Dayin. The mask just shook violently, but it didn't break.

Ling Yu Wei Jiao drank and shot the strongest arrow, but unfortunately, still did not break open.

It seems that what Xiu Wuji said is true, it is really difficult to break alone, unless a hole card is used.

However, the card is too much for itself, so it is not suitable for use at this time.

"Let's do it together. If there are really clues about the nine Great Soul Palaces, naturally we share them together. To explore the Ming Soul Palace later, we also need to join forces!"

Repair Promise Road.

Ling Yuwei nodded somberly and went towards Xiu Wuji's platform.

Lu Ming also embarked on the platform where Xiu Wuji was located, and the three people surrounded the seal.

This respect promised to be blue, like blue crystal, very beautiful.

Dayin is suspended. They can even see through the mask to see the dense lines engraved on the bottom of the Dayin. These lines are intertwined, like a map.

Lu Ming and Ling Yuwei's eyes lit up.

Does this big seal really have clues to the Nine Great Soul Palace? At the bottom of the Great Seal is the map leading to the Nine Great Soul Palace?

Nine statues of the Great Seal, corresponding to the Nine Great Soul Palace?

The more you think, the more likely you are.

"Shoot!"

Ling Yuwei said something impatient.

Then the three of them shot at the same time, and the light of the gods burst into a terrible attack, attacking on the mask.

The mask shook violently, but did not break open.

However, they can clearly feel that as they attack, the energy on the mask is constantly being consumed, and the power is also weakening.

As long as it can continue to weaken for a period of time, it will definitely break open.

The three offensives continued uninterruptedly for half an hour, and the mask had become dim and dull.

Click!

Eventually, the reticle sounded the cracking of porcelain, and then with a click, it exploded and dissipated into light spots.

The trio's eyes flashed almost at the same time, and they grabbed at the blue seal.

However, when they caught Dayin at the same time, they caught an empty space.

This big seal, like a ghost image, can be seen but not grasped.

The trio's complexion suddenly looked a little ugly.

"fake?"

Ling Yuwei frowned.

"It seems that it is really a fake, just a ray of projection, not an entity!"

Lu Ming said.

"There are nine seals in total, not necessarily all fake. Let's go to the next one!"

Repair Promise is recommended.

"Yes, but let's say in advance, no one wants to swallow Da Yin alone, otherwise, don't blame me for being welcome!"

Ling Yuwei said.

"This nature!"

Lu Ming and Xiu Wu nodded.

Then the three came to the next platform and saw a fiery red seal, which was also covered by a light mask.

The three still attacked together, and it took half an hour to break through the mask, but Dayin was still not a physical entity, but a ray of projection.

At this time, the three people's faces were a bit ugly.

Are the nine seals, all phantoms, not entities?

The three of them are naturally unwilling. If they don't open all of them, how can they be reconciled?

However, two large seals have been broken in succession, and the three people are very expensive and need to be restored.

Fortunately, Lu Ming, the taboo body is distributed in sixty trillion cells, as long as the taboo power is still there, he will be hard to get tired.

However, he also has to pretend to look like, so he also took out a few magical pill to swallow, anyway, in the cell, he also had to store potential.

Ling Yuwei and Xiu Wuji also took out the Shendan and refining and refining.

A few hours later, Ling Yuwei and Xiu Wuji returned to their peak state, and Lu Ming also pretended to get up.

The three continued to attack the mask outside the next Dayin, but after the attack, it was still a ghost.

The three were unwilling to continue their attack.

The fourth seal is still a ghost image.

The three recovered again and continued to attack.

However, when they broke through the fifth big seal, they finally had a major harvest.

The fifth seal is a snow-white seal. This one is not a virtual image but a physical one.

The three were ecstatic.

Xiu Wuji took the lead to hold the big seal in his hand and carefully examined it.

The surface of the big seal is engraved with snow-white patterns, the most important thing is the place, covered with mysterious lines, intertwined, like a map.

"Enter the divine power and see!"

Ling Yuwei said quite expectantly.

Xiu Wu nodded his head, and the divine power was input into the snow-white seal. Suddenly, the seal printed, especially the lines at the bottom of the seal, crept up, flew out of the bottom of the seal, floated in the air, and then combined in a mysterious pattern. Together, they finally formed a map.

"Really a map!"

The eyes of all three were bright, and my heart was overjoyed.

"If I read correctly, this map should be the map that leads to the Bingxuanming Soul Palace!"

Xiu Wuji Road, it is hard to hide the excitement on his face.

"This big seal will be left in my custody temporarily, how? Reassure, I can swear with the source of life, I will never swallow it alone!"

Repair Promise Road.

Lu Ming and Ling Yuwei pondered for a while and nodded.

Anyway, they have written down the map.

Xiu Wuji took out a storage ring and put the snow white seal on it.

Then they continued to attack the remaining Dain.

It is a pity that when they left the four big seals, all of them broke, and there was no gain.

The remaining four seals are all ghost images.

Chapter 3853: Matrix

In the end, of the nine seals, only one is real and exists, and the other eight are all ghost images.

"It seems that there is only one clue to the Life Soul Hall, and the other eight Life Soul Halls need to obtain clues through other channels!"

Lu Ming said.

"Even if there is only one clue, it's worth it. As long as there are treasures left in the Bingxuanming Soul Palace, they are absolutely amazing. It's definitely not comparable here!"

Xiu Wuji Road, eyes fiery.

"Let's go to see other channels, if there are treasures, if not, we will leave here as soon as possible to explore the Ice Xuanming Soul Palace!"

Ling Yuwei said.

Immediately, they explored other channels, but these channels were almost explored by them, and there was not much gain.

Immediately, they left here.

As soon as I walked out of the gate, I found there were few living people outside.

There were corpses everywhere, all masters of the Ling Hengzong.

And the remaining masters of Linghengzong, it is estimated that they have fought with other strange creatures to other places.

However, there are a lot of storage rings left in the ground, and the three will naturally not miss it. After a flash, the storage rings here are put away and then flew towards the exit.

After flying a distance!

what!

A scream rang out, and the three saw that there was a middle-aged man who was torn apart by a strange group of people.

However, those strange creatures did not seem to see the three Lu Ming, rushed past them.

The three of them knew that this was a credit to the fragments of Life Soul Yuanshi.

They speed up.

Along the way, we can see those strange creatures attacking others from time to time.

This world has become purgatory.

"Why haven't they been attacked by those strange creatures?"

"There must be treasures on them, which can deter those strange creatures!"

"Grab it so we can live!"

Not far away, a group of people flew by.

These people, with blood stains on their bodies, all carry injuries.

There are fifteen in number. They also came in to hunt down the soul beasts before, but they were attacked by strange creatures. There were originally twenty people, and only fifteen people died.

During the flight, Lu Ming and the three people were found, and they were not attacked by strange creatures. They immediately guessed that Lu Ming was mostly carrying some kind of treasure to deter strange creatures.

There is a short distance from the exit here.

Now, this evil spirit world is full of strange creatures. With their power, it is difficult to reach the exit successfully.

But if there is Lu Ming's treasure, it will be very easy to reach the exit.

At this point in their thoughts, they flashed a cold murder in their hearts, and flew towards the three immediately, blocking the way of Lu Ming.

"You guys, what do you mean?"

Ling Yuwei frowned.

"What do you mean? Do you have any treasures that deter those strange creatures? Give them all!"

A red-skinned man shouted.

"Yes, we have treasures that deter weird creatures, but you can't have them. Hurry up and leave me. If you don't, I don't mind leaving you behind!"

This time speaking, it was Xiu Wuji.

The Shura tribe, originally a race to kill, these people dared to strike his attention, it was simply to death.

"Hehehe, a quasi-emperor in every district, the tone is not small, I want to see, how do you leave us!"

The red-skinned man drank coldly. He was holding a blood-red battle axe, and an axe was cut towards Xiu Wuji's head.

This red-skinned man, with the emperor's emphasis on cultivation, no wonder he did not put Xiu Wuji in his eyes.

However, his axe was only half cut and then stopped.

Because, in Xiu Wuji's hands, a ray of black light burst out, and the latter came first, and had already penetrated through the eyebrows of the red-skinned man.

The red-skinned man, his eyes squinting round, fell completely.

"what?"

The other 14 people were all shocked.

Unexpectedly, a **** emperor was actually killed by a quasi emperor so easily.

"This **** devil, take a shot together!"

The others shouted, and the remaining fourteen people shot together, a dozen attacks, and drowned toward the landing three.

Among them, there is a double existence of God Emperor, the attack is the most terrifying.

"court death!"

Lu Ming's eyes were cold, and the ball turned into a silver spear.

The rifle swept across and broke through the heavy attacks, killing him with a double shot.

Unbelievably fast, like a silver-white electric light, sweeping through the void.

puff!

The powerful double hero of the Divine Emperor was directly killed and penetrated his eyebrows.

At the same time, Xiu Wuji and Ling Yuwei shot, and the rest of them were simply vulnerable.

In a flash, only a few people were killed.

"Run away!"

The rest were scared and screamed and fled.

"Now I want to go, late!"

Xiu Wuji drank coldly, and the killer was cold, and a vertical eye appeared in his eyebrows, bursting out of the light of Shura.

The remaining few were swept away by Shura's light and died directly.

"A bunch of things that don't have long eyes!"

Repair Promise cold channel.

Lu Ming and Ling Yuwei did not speak, and the three continued to fly towards the exit.

Next, there was no accident. Soon, the three came to the exit.

At the exit, many people flew toward the exit with a panic.

Lu Ming mixed with the crowd and flew out of the exit.

Outside the exit, there are people of the Lingheng Sect guarding, but at this moment the Lingheng Sect has been in chaos for a long time.

No one ignored Lu Ming.

The trio easily left the scope of Linghengzong.

On a remote planet, the three stopped and began to study the large printed map.

Starry sky maps are very complex, and often require the help of other starry sky maps and comparative analysis to get a specific location.

After studying for a while, the three finally found a specific location.

"Actually in Devil's Star Realm!"

Ling Yuwei frowned.

"Magic Star Realm? Where?"

Lu Ming asked.

"Magic Star Realm is a special star field, close to the Demon Race, very chaotic, filled with countless forces of large and small, attacking each other, and even many interstellar pirate groups, all have dens in it!"

Ling Yuwei explained.

"Near the Demon Race, does the Demon Race ignore?"

Lu Ming asked.

Mozu, but one of the top ten races, is extremely powerful.

On the edge of the Demon Race, there is such a chaotic star field. Does the Devil Race not care?

"It is said that the Mozu deliberately ignored it and left it for the show, because Mozu often has genius characters to go to the Devil Star Realm to experience. Obviously, the Mozu is to use the Devil Star Realm as a training place for the Devil's Tianjiao. Now!"

Ling Yuwei said.

The Demon Race, like the Shura Race, is also very devouring, and it is very cruel to practice. It has to undergo various terrible trials.

Chapter 3854: Who is the leaker

"Then let's go!"

Ling Yuwei said.

The address was confirmed, the three of them did not delay, and headed towards the Devilish Star Field.

The Devil Star Zone is very far away from this place. Even if there is a wormhole, it will take a few months.

A few months later, the three finally arrived in the Devil's Star Realm.

"kill!"

As soon as they entered the Devil's Star Realm for a distance, they heard a fierce shout.

In the starry sky, the two groups of people were violently fighting together, and from time to time someone was beheaded.

These people, human races, and other races all have one thing in common. Those who practice are all magic skills.

The whole body is full of magical energy, and the atmosphere is very tyrannical. Among them, there are many masters of God Realm.

Lu Ming and three people evaded from afar.

The Demon Star Zone is full of chaos and fighting. Sometimes, you don't need a reason at all. They are still less troublesome.

According to the map, at the entrance of Bingxuan Mingshen Palace, at the center of the devil's star field, three people have to cross more than half of the devil's star field.

However, the three of them were very low-key and walked in remote places, but did not encounter any danger. A few days later, they approached their destination in a panic.

Their destination is a life planet called Ice Magic Star.

But they were dumbfounded as they approached the ice demon star.

Ice demon star, fierce battle is happening.

Ice devil star filled the dazzling brilliance, that is to open a large array.

Defend a large formation, forming a huge light mask, covering the entire planet.

On the outside of the planet, there are dense powerhouses.

And the strong, Jing Wei is distinct, divided into many different forces, attacking around the ice magic star.

A lot of forces are joining forces to attack the Ice Demon Star.

The three Lu Ming were speechless.

How is this going? Their luck is also too bad, just happened to encounter many forces in the Devil Star Zone to attack the Ice Devil Star?

This is too coincident!

"I say it again, I Bing Mozong, there is no entrance to Bingxuan Ming Soul Hall, we don't know!"

Inside the ice demon star, there was a roar.

"Huh, is there any, let's just search for it!"

Outside the ice demon star, there are strong people humming.

"Let you search, does my ice devil still exist? I'm afraid the ice devil will be destroyed by you!"

Inside the ice demon star, the previous voice sounded again.

"Huh, you have no choice, if you want to keep the ice devil, you can only destroy it with the ice devil!"

There is a strong voice cold outside.

In the distance, Lu Ming and the three were stunned, completely ignorant.

what's the situation?

How do these people know the news of Bingxuan Mingshen Palace?

And also know that Ice Demon Star has an entrance to Bingxuanming Soul Palace?

How can this be?

News, only the three of them know.

Some of them leaked the news!

Lu Ming and the three people suddenly gleamed brightly in their eyes and looked at each other.

"Who leaked the news?"

Ling Yuwei's eyes glanced at Xiu Wuji and Lu Ming, his eyes flashing coldly.

"Are you suspicious of me? What reason do I have to leak the news?"

Xiu Wuji said calmly.

"Then who knows? Who knows your ulterior motives, I have long felt that you are not right!"

Ling Yuwei sneered, her breath became cold.

Relatively speaking, Ling Yuwei believes in Lu Ming more.

Because Lu Ming took the initiative to find and take the initiative to request cooperation.

But Xiu Wuji appeared halfway, unpredictable, and very deep-minded.

Lu Ming's eyes also looked towards Xiu Wuji, and the cold light flashed continuously.

"In this way, you don't believe me!"

Xiu Wuji sneered.

Lu Ming and Ling Yuwei did not speak. Obviously, they did not believe in Xiu Wuji.

However, between Lu Ming and Ling Yuwei, they are not completely trusted.

Ling Yuwei felt that it was not Lu Ming who leaked the news.

Lu Ming also felt that it was not impossible for Ling Yuwei to leak the news.

Among several people, anyone is possible.

But what is the purpose of the leak?

What benefit does so many people know about Bingxuan Mingshen Palace?

Looking at the situation, it is clear that many people in the Messy Star Realm know about it, because some of these people are terrible in strength, and even some are not under the Sect Master of Lingheng Sect.

So many masters have entered the Bingxuan Life Soul Hall, want to seize treasures, the difficulty increases, what benefit does the leaker have?

Lu Ming couldn't figure it out anyway, he knew that the leaker was definitely not him.

"Bing Mozong, toast without eating fine wine, then destroy it, everyone, let's go all out together, first extinguish Bing Mozong, and then look for the entrance of Bingxuan Mingshou Temple!"

Outside, someone shouted.

"Okay, let's go together!"

"Don't hide yourself!"

A cold drink came out.

Then, a terrifying breath rose up, and then, a terrible attack blasted towards the ice demon star.

Attacking densely, I do not know how many attacks hit the ice demon star.

Half of them are the existence of God Emperor Realm.

"Start the battle with all your strength!"

"Stop it!"

Within the ice demon star, there is a roar, all over the huge planet, all the ice demon sect disciples are in full control of the formation.

The Star Array launched with all its strength, exuding a radiant brilliance.

However, when the outside attacks landed on the large array, a large array of tremors shattered, and there were dense cracks on it. The next moment, they broke apart directly.

bump! bump! ...

On the ice demon star, countless people of the ice demon sect, the body exploded directly, and the form and spirit were destroyed.

"Retreat, retreat..."

Inside the ice demon star, someone shouted and called on the rest to retreat.

After all, there are too many masters coming this time. Their planetary defense has been attacked and they are unable to fight anymore.

"Huh, just gave you the opportunity just now, you don't leave, now you want to leave, late!"

"I wasted my power and wanted to go, all died for me!"

The masters of the devilish star field outside are extremely tyrannical, and they are attacking all night long, attacking one after another, and slamming into the ice devil star.

Boom...

At this moment, the ice demon star has been reduced to purgatory, regardless of the level of cultivation, under the terrible power, continuous explosions have turned into fly ash.

This mad bombing lasted for a while.

Originally, the vigorous Ice Magic Star has completely become purgatory.

Countless creatures were wiped out.

There are not many remaining creatures.

"Rush!"

Then, the forces outside rushed to the ice demon star, looking for the entrance of the ice soul palace.

This time, the news about Bingxuan Mingshen Palace suddenly spread in the Demon Star Realm, which really shocked countless masters in the Devil Star Realm.

The size and power of the entire Devil Star Zone were alarmed and rushed to the Ice Devil Star.

Those are the nine Great Halls of Life and Soul under the Court of Life and Soul. The attraction is too great.

Life Soul Heaven Court, but it was able to compete with the Heaven Palace, how many treasures will there be the nine Great Life Soul Palaces left under his command?

Chapter 3855: The entrance to the star core

The ice magic star is completely caught in blood and fire.

There are at least dozens of powerful and evil forces in the Devil Star Realm, raging on the Ice Demon Star, as the name suggests, looking for the entrance of the Bingxuan Ming Soul Palace, it is actually burning and looting.

The remaining people of the Ice Demon Sect, the escaped escape, the killed and killed, a powerful force, suddenly disappeared.

This is the Devil Star Realm, the destruction of forces, happening all the time.

Even these powerful evil forces are still fighting each other on the ice devil.

"kill!"

"Go to death, get me out of the ice demon star!"

"It's you who are dying!"

On the ice demon star, fighting continued, shouting to kill Zhentian, Shenxia magic light, illuminating the dark starry sky.

"what should we do?"

Ling Yuwei spoke.

"Wait, only wait, act by chance!"

Lu Ming said.

The powerful forces of the Devil Star Realm have gathered together. There are too many masters. Some masters are no longer able to cope with them. They have rushed into the market hurriedly. There is only one way to go.

boom!

Suddenly, a violent roar came from the ice demon star, and the magma soared into the sky.

Someone was fighting fiercely, smashing an area of the ice demon star, the rubble splashed, and the magma washed into the starry sky.

Bing Moxing, although Bing Mozong had deployed formations on the mountains and rivers before, they could not withstand the raging attacks of so many masters. Bing Moxing finally could not bear it.

boom! boom!

In other areas, big explosions continue to occur, and the scene is terrible.

"No entrance to Bingxuanming Soul Palace!"

"Then the Ice Demon Star is exploded, and I don't believe it. Where can I hide the entrance of Bingxuan Ming Soul Palace?"

"Good, even if it is hidden in the core of the planet, you have to find it!"

Throughout the ice demon star, there are constant roars, all leaders of the major forces, and a terrifying presence of strength.

With the sound of these strong men, the ice magic star, the vibration is more intense.

Before, it was just the aftermath of some people fighting, bombardment on the Ice Demon Star, but now, many strong men, actively began to attack the Ice Demon Star.

The Ice Demon Star is just an ordinary life planet. Even if the Ice Demon Sect lays a formation, it is useless and keeps breaking apart.

boom!

Finally, with a tremendous roar, the ice demon star exploded completely and looked from a distance, like a firework.

The dense voice quickly retreated, avoiding the impact of the starburst.

However, the weak creatures that originally existed on the ice demon star had already disappeared at the moment when the ice demon star exploded.

In an instant, I don't know how many creatures fell, and the number is at least tens of billions.

Lu Ming sighed that this kind of war is really terrible. This devilish star field is really chaotic.

In fact, in general, wars throughout the vast universe will not affect this life planet, most of the meteorite, desolate planet, or resource planet.

It is rare to explode such a life planet, because there are too many living creatures on the life planet, and the killing caused by the explosion is too heavy.

Moreover, on the planet of life, there is generally a powerful planetary array, and some aftermaths are difficult to extinguish.

And some horrible wars of existence will also be restrained, or flying into the vast starry sky wars, which is also considered a wild universe, an unwritten rule.

Of course, there are some genocide wars, but you can't take care of that much, and it is still common to blow up the life planet.

Of course, some higher life planets and super life planets are difficult to explode, after all, they are very stable.

Not to mention the mother star, such as the dragon star mother star, after experiencing the dragon clan annihilation battle, it is still immortal!

Slowly, the ice demon star exploded into gravel and flew into the vast sky, but at the location of the ice demon star, a stone gate appeared.

The stone gate is very tall, at least extremely high, suspended in the starry sky.

Many were dumbfounded, and then overjoyed.

Entrance of Bingxuanming Soul Palace!

This is mostly the entrance of Bingxuanming Soul Palace, which is actually a stone door, which is actually hidden in the core of Bingxuxing.

Just now the ice magic star was exploded, and this stone door only appeared.

Lu Ming, Ling Yuwei, Xiu Wuji three people, also a little stunned.

This scene also exceeded their expectations.

If they come alone to find, it is really not easy to find.

The first is how to conceal the attention of Bing Mozong.

Second, unless you have searched the surface of the Ice Demon Sect, otherwise, you may not actually think of looking for the core of the Ice Demon Star.

In that way, a lot of time will be wasted.

Although I don't know who leaked the news, it saves a lot of time.

"Open him!"

Uh, uh...

In an instant, at least hundreds of figures rushed towards the stone gate.

Boom...

These people bombarded the stone gate, but the stone gate shook violently, but showed no signs of opening, as steady as Mount Tai.

"Bombard from the other side!"

Someone appeared on the back of the stone gate.

In fact, Shimen looks similar from both sides, and looks the same.

Boom!

These people attacked from the back, still useless and still unable to open.

"You make way!"

Someone shouted and stepped out.

This person's breath is particularly terrifying, and his momentum is like a smoke, penetrating into the deep sky.

"It's the patriarch of the magic crocodile!"

Someone exclaimed and recognized the person.

This is an old man with a burly figure. He is very famous in the Devil Star Realm, but it is the master of one of the great terrorist forces, the seven emperors.

The Seventh Emperor of the Divine Emperor, has been standing on the top of the Star Field.

There is not much of the whole Random Star Field.

"Haha, the magic crocodile, even you have appeared, and I will join in the excitement!"

There was another long laugh, and a figure appeared. This figure, shrouded in magic mist, could not see the specific appearance.

But the breath is particularly terrifying, not weaker than the patriarch of the Mogu, and is a top-notch existence.

Immediately afterwards, seven or eight figures appeared in a row, with terrifying breath.

These people, the lowest cultivation base, are all the six emperors of the Divine Emperor, which is extremely terrible. It can be said that the most terrifying people in the Devil Star Realm have arrived.

"Hum, Bingxuan Mingshou Temple, destined to belong to my blood skeleton pirate group!"

A voice of indifference and tyranny came, and then, the void was rippled, and a large group of people suddenly appeared in the side of the void.

These people's breath is very terrible, especially the one headed, the breath is more terrifying, and it is also a terrible existence of the devil's clan patriarch level, and the seven emperor's cultivation practices.

"It's the blood skeleton pirate group!"

The people in the Devil's Star Realm suddenly plumped, very dignified.

The Blood Skeleton Pirate Group has terrifying strength. The forces are distributed throughout the universe. There is also a branch of the Blood Skeleton Pirate Group.

The people in front of them are the strongest of the blood skull pirate group in the Devil's Star Division.

"A blood skull pirate group again!"

In the distance, Lu Ming was speechless. How could he get to the Blood Skull Pirates?

Chapter 3856: Xiu Wuji's strange behavior

Since killing the young master of the Blood Skeleton Pirates, wherever he goes, he can meet the people of the Blood Skeleton Pirates. He has the inexplicable curse power on him.

Once approached by the blood skeleton pirate group, it will be sensed by the other party.

Before, he had searched on his body again, and he didn't find the cursing power, and he didn't know where to hide it.

It seems that looking for opportunities, well, I've searched from beginning to end.

The person headed by the blood skeleton pirate group is also a terrifying existence of the seven emperors of God, he stepped out and walked towards the stone door.

"Let's join together to open the stone door. When we reach the Bingxuanming Soul Palace, let's seize the opportunity by our own ability!"

The devil crocodile clan chief said.

"Join together? Each seizes the opportunity to seize the opportunity? Are you also worthy? Tell you, leave me immediately, this Bingxuanming soul palace, belongs to my blood skeleton pirate group!"

The presence of the Seventh Emperor of the Blood Skeleton Pirates froze.

"what?"

"Your blood skeleton pirate group wants to swallow alone?"

Many people's faces changed, and some people screamed.

"It seems your mind is not stupid? Get out!"

The master of the blood skeleton pirate sneered, very powerful and overbearing.

"Oh, your blood-skeleton pirate group is indeed strong, but in the Devil Star Realm, you are just a branch. It is ridiculous to want to threaten all of us!"

The devil crocodile clan chief said.

"Good, and, do you dare to come from the masters of the Blood Skeleton Pirates Group? If you dare to come, I don't mind spreading the news. The vast universe wants to destroy the powerful race of your Blood Skull Pirates Group. I don't know how many!"

Another master also sneered.

The top gangsters of Devil Star Domain are all fierce characters, how could they be easily threatened.

The people of the Blood Skull Pirates dare to threaten them, and they directly threaten to go back.

The strength of your blood skull pirate group is strong, but the strong people at the headquarters do not dare to rush to the Devil Star Zone at once. As long as they dare to come, they leak the news, and a large number of races will immediately kill the blood Skeleton Pirates.

The Blood Skeleton Pirates, notorious, do not know how much power they have offended, nor how many forces want to destroy them.

It's just that they are usually scattered and constantly shifting and can't find their headquarters.

"Humph!"

The Seventh Powerful Emperor of the Blood Skeleton Pirates snorted coldly, his eyes gleaming coldly, but in the end he didn't continue to speak.

The strong of their blood skull pirate group headquarters did not dare to come here, because here is close to the demon, if the devil sent a few masters out, then their blood skull pirate group, only the annihilated part.

"Join together, your blood skull pirate team will not join hands, then you!"

The devil crocodile tribal chief said, and then screamed into a devil crocodile tens of thousands of meters long, covered with black scale armor, demon qi rushed to the night.

Uh!

His tail was drawn towards the stone gate like a flash of lightning, the power was terrifying, and the whole starry sky was shaking.

Boom...

Some other masters of the Sixth Emperor and Seventh Emperor of the Divine Emperor also shot at the same time, and a terrifying attack slammed into the Stone Gate.

With so many masters shooting together, the power can be shocking, can explode the starry sky, and destroy countless planets.

In the end, these attacks all fell on the stone gate.

However, Shimen still only vibrated and showed no signs of opening.

"Come again!"

The crocodile patriarch shouted and continued to attack.

Others followed suit. This time, even some of the top fighters of the Blood Skull Pirates also took action, but it was still useless. The stone gate was as steady as Mount Tai and immobile.

The masters shot continuously and bombarded for a moment, but still did not break open.

"Damn!"

Some people roared, and eventually, these people stopped.

"Damn, can't this stone door break?"

"Is there a formation above?"

Some people are angry.

However, they did some research, but they looked blank and clueless.

In the distance, Lu Ming and three people watched from afar.

At this time, Xiu Wuji's eyes turned a few times, and suddenly flew towards the direction of the stone gate, the speed was astonishingly fast.

After Lu Ming and Ling Yuwei reacted, Xiu Wuji had already flown far away.

"Damn, what does this guy want to do?"

Lu Ming and Ling Yuwei were shocked, and Lu Ming wanted to chase it, but he was scrupulous.

Because the strong man in front of the blood skeleton pirate group, but stayed there, he chases over, most of them will be found by the blood skeleton pirate group.

Ling Yuwei saw that Lu Ming did not chase past or follow.

She alone is not Xiu Wuji's opponent.

After such a delay, Xiu Wuji had already flown far away, close to the stone gate.

No one stopped Xiu Wuji, in fact, there were many people near the Shimen, many people were studying, and those strong people were too lazy to control, anyway, the Shimen could not open.

Soon, Xiu Wuji came under the stone gate, at this time, he took out the snow-white seal.

As soon as the snow-white seal was taken out, it immediately exuded a brilliant brilliance, and the endless runes shone, exuding powerful fluctuations.

Then, Dayin flew out and grew up sharply.

Buzz!

The stone door also started to vibrate, and it seemed to resonate with Da Yin.

This scene attracted everyone's attention.

Many powerful beings have their eyes on Xiu Wuji and their eyes light up.

Suddenly, the great seal flew towards the stone gate, and flew directly into the stone gate, disappeared.

Click!

The stone gate vibrated and then separated towards the sides.

Stone door, about to open!

Many people's eyes light up.

"Unexpectedly, that great seal is the key to open the stone door. This repair is infinite, and has never been mentioned to us!"

Ling Yuwei gritted her teeth.

"I am afraid that the leaked information is also Xiu Wuji. I just don't know what Xiu Wuji leaked. What is the purpose of attracting so many experts?"

Lu Ming said.

By now it is obvious that they have all been repaired by Wuji Promise, and the one who leaked the information must be Xiu Wuji.

Rumble!

After a moment, the stone door opened completely.

Huh...

As soon as the stone gate opened, there was a burst of cold wind blowing inside. Through the stone gate, you can clearly see that there is a snow-white world inside.

Very strange feeling.

The stone gate is suspended in the air, and there are voids on both sides, but as soon as the stone gate opens, it leads to a strange world.

This is a door to space.

Uh!

Xiu Wuji responded quickly. The stone door just opened. He rushed directly into the stone door and disappeared.

"Rush in!"

"Rush!"

Others also reacted and rushed towards the Shimen.

Several top strongmen, the fastest, rushed into the stone gate as soon as their figure flashed.

Later, other people also rushed into the stone gate, but within a minute, everyone in the starry sky rushed into the starry sky and disappeared.

Click!

When everyone rushed into the stone gate, the stone gate, slowly, was about to close.

"not good!"

"We go in too!"

Lu Ming and Ling Yuwei changed their faces and rushed towards the stone gate at the fastest speed.

Chapter 3857: Underestimate the consequences of Lu Ming

Lu Ming and Ling Yuwei's speed is very fast, flying through the sky, and immediately rushed under the stone gate, and finally rushed into the stone gate before the stone gate closed.

When the two of them rushed into the stone gate, the stone gate clicked and closed completely, then quickly became illusory, became transparent, and finally completely disappeared from the void as if never appeared.

Huh...

The cold wind roared, and the cold was biting!

After Lu Ming and Ling Yuwei rushed across the stone gate, they came to a world of ice and snow.

Looking around, the white cape was not visible at a glance.

"Is the Bingxuanming Soul Palace a snow and ice world?"

Lu Ming whispered.

Uh!

Suddenly, there were several figures flying in the distance, and hurried away. They were the people of the devilish star field.

"Let's go and see!"

Lu Ming said.

Subsequently, the two followed the previous ones and flew in that direction.

Crossing several snow-capped mountains, they saw that on a mountain, several palaces were built.

boom!

In those palaces, there was a fierce roar, the magic light rushed into the night, and several figures rushed out, in a fierce battle.

Immediately afterwards, someone screamed and was beheaded here, blood stained the snow.

The rest are still fighting.

Lu Ming and Ling Yuwei glanced at each other and flew over directly.

Because these people, the cultivation base is not very high, they are all the existence of God Emperor.

As soon as Lu Ming and Ling Yuwei approached, they were discovered by several people in the war.

"Huh, every god, I want to join in the fun and find death!"

One of them was wearing a black robe, and a brave man embroidered with a tiger on his robe snorted. The magic knife was shaken, and two swords were slashed to the landing.

This person is very powerful. Among the few people in the melee, the combat strength is the highest and the most domineering.

Daoguang was very fast, and immediately saw Lu Ming and Ling Yuwei.

Humph!

Ling Yuwei snorted coldly, waved her hands, and two arrows burst out, blocking the two swords.

The big man embroidered with a tiger in a robe was stunned for a moment. He did not expect Ling Yuwei to be so powerful that he could block his blow.

He is about to continue to shoot, but Ling Yuwei has not given him a chance.

Ling Yuwei condensed a long bow in his hand, pulled a bowstring, and an arrow flew out, and flew towards the big man embroidered with a tiger in his robe.

The speed of the arrows is extremely amazing, penetrating the void, like falling meteors.

"not good!"

The big man's face changed wildly, feeling the power of this dreadful arrow.

He backed away frantically, and his magic path was continuously cut out.

But it's useless, and the Divine Emperor is so important that it can't stop Ling Yuwei's blow.

puff!

Arrows flew past, the robe embroidered with tigers, was pierced through the eyebrows, and fell on the spot.

Sisisi...

The remaining few people looked at Ling Yuwei with terrified eyes.

They did not expect that Ling Yuwei, the quasi-empire, had such a terrible combat power that he killed a powerful **** emperor in a single second.

They were secretly afraid, but fortunately it was not them who had just shot, otherwise, they would die.

The rest of the dogfights stopped in unison and looked at Ling Yuwei cautiously.

"You guys, get me off!"

Ling Yuwei was cold and very domineering.

"Chick, this place was discovered by us. You are letting us go now, it is too domineering!"

Someone spoke, and the gleam of gleam in his eyes flashed.

These people are all masters of Demon Star Realm. They can survive in Devil Star Realm and get very good. They are all bold, deep-minded, and hard-working people.

Will not be easily scared away by Ling Yuwei.

"You don't want to roll, then I only have to personally let you roll!"

Ling Yuwei said coldly, stepping out, the battle bow in his hand, radiating a brilliant light.

However, those people suddenly moved, their bodies scattered, and they constantly changed their positions in the air.

They have just decided to join forces through the voice.

Before, they were enemies and fought each other, but in the face of the common enemy Ling Yuwei, they chose to join forces.

"Humph, don't think that you can avoid my bow and arrow!"

Ling Yuwei snorted, and another arrow flew out.

Her arrows can lock the opponent, and no matter how the other party dodges, she avoids Ling Yuwei's arrows.

"not good!"

The man was shocked and frightened, and the next moment, he was penetrated by arrows.

However, at the moment when Ling Yuwei shot the arrow, there were two masters of the demon star field, his eyes lit up, flashing through the cold killing opportunity.

"Catch that kid!"

The two masters pounced on the landing at the same time.

Lu Ming, it is just the Divine Monarch's Eightfold. It must be nowhere near as strong. As long as they win Lu Ming, they can use Lu Ming to threaten Ling Yuwei.

In a flash, they came up with this trick.

Unfortunately, they underestimated Lu Ming.

"Take me a soft persimmon!"

Lu Ming's mouth twitched slightly, revealing a sneer, his arms shuddered, his power exploded, and a few punches burst out.

boom! boom!

Two terrifying punches penetrated the void and rolled towards the masters of the two Demon Stars.

"what!"

"Damn, how is that possible!"

The two masters of the Devil's Star Realm uttered an incredible scream, with deep fear in their voices.

As soon as Lu Ming shot, they felt it. Lu Ming's fighting power was terrifying.

How can a **** monarch have such terrifying power.

Then, their bodies were annihilated by punches and fell directly.

The rest, there is a person in the Devil Star Realm, seeing this scene, almost scared.

"Demons, two evils, go away!"

He roared in his heart, and fled wildly.

But how could Ling Yuwei let him escape, and an arrow flew past, solving this person.

In this area, only Lu Ming and Ling Yuwei are left.

The two stepped out and flew towards the palace above the snowy mountains.

This palace is kept intact. The gates of the palace are all open.

But quietly, no sound at all.

The two stepped into the palace and found that everything in the palace was complete.

Tables, chairs, etc. are readily available.

And it can be seen that very high-grade materials are used.

However, the two of them carefully sensed, but found that these materials are no longer spiritual and become waste.

Think about it too, life soul heaven is the powerful force in the early days of the Tiangong era, and it is very far away from now.

Unless it is a very high-level magic weapon and sealed with a seal, it is difficult to preserve it intact, and spiritual loss is normal.

The two swept around and walked towards a corridor behind the main hall.

Soon, came to a backyard.

But here, Lu Ming and Ling Yuwei were thrilled.

Because there are some creatures in the backyard, all races, but all these creatures are turned into corpses.

Yes, like a skeleton, it seemed to be spirited, and was all taken away.

Chapter 3858: Blood Skeleton Siege

All the creatures, about a hundred people, were taken away from their spirits and turned into corpses.

Obviously, these people are the residents of this palace.

These corpses were blocked by ice, so they did not rot away.

However, Lu Ming and Ling Yuwei took a closer look and found that these people had no slight wounds.

There was no trace of fighting at the scene. It seemed that these creatures were taken away by a terrifying existence in an instant.

The two observed it and found nothing, and continued walking towards it, and found some rooms.

When they walked into the room, their eyes shrank again.

In the room, there was a human being who was sitting on the table drinking tea, still maintaining the posture of drinking tea, but his body had become a corpse.

Same as those in the backyard.

Then, they watched several rooms in a row and saw similar problems.

It is as if these creatures were unknowingly drawn away from their spirits.

"What happened then?"

"Could it be that there was a terrible existence at that time, and it suddenly came to draw the spirits of these creatures away?"

The two guessed.

Because, in this palace, there is no trace of fighting.

Everything is complete.

If it is said that the strong man of the Heavenly Palace killed the door and killed the people of the Life Soul Heavenly Court, how could it remain so complete, there should be traces of fighting.

Unless the person who shot is too strong, so strong that no one has the slightest resistance.

Can't figure it out!

The two couldn't figure it out, only to suppress the doubts in their hearts and continue to investigate.

But after a big turn, there was no gain.

Here, although what kind of magic pills, what kind of magic medicine, and refining materials have been preserved, they have not been taken away, but the time has passed for too long, and the spirituality has been lost and has no effect.

Even the storage rings of the souls collapsed because of the long past.

"This palace, in the Bingxuan Mingshou Temple, should be nothing. It is relatively low-level, and there are no high-level treasures, and all the materials are not sealed. If it is some high-level places, some treasures should be sealed and should be intact. Saved!"

Ling Yuwei said.

It seems to be comforting myself.

If this were all the case, wouldn't they just walk in vain?

The two left here, proceeding in one direction.

However, after the two flew for a distance, Lu Ming frowned, looking in one direction.

In the distant sky, there were two big men, looking coldly at Lu Ming and Ling Yuwei. After seeing Lu Ming discovering them, they flashed and left.

"Who is it?"

Ling Yuwei said.

"I don't know, but it's definitely not good intentions, let's be careful!"

Lu Ming said.

Immediately, the two changed their positions and flew in the other direction.

However, it didn't take long for Lu Ming to be followed again. He glanced in one direction, saw several figures, and looked at him from afar.

After being discovered by Lu Ming, these people flashed away.

"Is it the blood skull pirate group?"

Lu Ming's heart moved, his face dignified.

This is very possible.

After all, the forces of Demon Star Realm didn't know him, only the people of Blood Skeleton Pirate Corps had hatred against him, and he killed the Master of Blood Skeleton Pirate Corps. People can sense it.

Could it be that the people of the Blood Skeleton Pirates found him. Because of the small number of people, they dared not start, waiting for the masters of the Blood Skeleton Pirates?

Thinking of this, Lu Ming was shocked.

"No, we are stared at, we must quickly get rid of these people!"

Lu Ming said.

"go!"

Ling Yuwei said.

Immediately, the two kept changing their positions, and even used some blindfolding methods.

after an hour!

suddenly...

Buzz...

The void shuddered, and Lu Ming's space in front of them suddenly shuddered, and a large group of figures suddenly appeared.

At least hundreds of people blocked Lu Ming's way forward.

"Blood Skeleton Pirates!"

Lu Ming's face changed.

These people appear to be people of the blood skeleton pirate group.

Headed by a big man with a long face and whiskers, it was the former Seventh Master of the Blood Skeleton Pirates.

In addition, there are several masters of Divine Emperor Liuzhong, all of which are terrifying.

He was really discovered by the people of the Blood Skull Pirates.

The bearded man, with his eyes like two swords, pierced Lu Ming, full of tyranny.

"Boy, it seems that you killed the young master of my blood skull pirate group, so brave, but dare to appear here, well, very good..."

In the eyes of Qiuxu Han, the tyrannical atmosphere is heavier, and the atmosphere of terror makes the atmosphere between heaven and earth depressed.

"Go, you go first!"

Lu Ming voiced Ling Yuwei.

Faced with so many masters, even if Ling Yuwei stays, it won't play a big role, it is better to let Ling Yuwei leave first.

"Let's go together!" Ling Yuwei said.

The two retreated at the same time and flew back quickly.

"I still want to go!"

"Stay!"

Blood Skeleton Pirates, a few masters, rushed towards Landing Ming and they were separated by a long distance, and they condensed a few big hands, and they arrested Landing Ming and the two.

Of course, these people are not the strongest.

Lu Ming and Ling Yuwei, after all, have not yet arrived at the prospective emperor. They don't think that they need to send out the six and seven people.

In fact, the three of these shots are all threefold existences of God Emperor.

In their view, the triple cultivation of the Divine Emperor is enough.

"Elven Arrow!"

Behind Ling Yuwei, a towering tree appeared, and a magnificent green air flow poured into her body, and her body radiated a dazzling brilliance, and several brilliant arrows rose into the sky.

Boom!

The arrows and the huge palm collided together, and a violent roar erupted. Ling Yuwei's face turned white, her body quickly retreated, and a spit of blood spewed out.

Touch~!

Lu Ming stepped out, the ball had been transformed into armor and enveloped him.

He held a silver spear in his hand.

The lance was shocked, and several consecutive shots were pierced. The three moon-colored guns penetrated the void and pierced the masters of the three blood skeleton pirate groups.

It's almost to the extreme, like the moon's light, unpredictable.

"not good!"

The three masters of the Blood Skeleton Pirates, the triple master, changed their complexion, felt the horror of this gun, and wanted to retreat, it was too late.

In fact, when they killed Lu Ming and Ling Yuwei, they didn't even think about retreating. The quasi-empire and Shenjun Yae need them to retreat?

At this time, regret is too late.

"you dare..."

The whisker roared.

Puff...

The moonlight flashed, and the three masters of the three blood skeleton pirate group God Emperor Triple fell.

"Damn..."

"This kid!"

The people of the Blood Skull Pirates Group were shocked and shouted at the same time, killing Xiang Mingming and Ling Yuwei.

This time, the existence of real terror shot.

Chapter 3859: in danger

This time, the Blood Skeleton Pirates dispatched the terrible powerhouse. Several **** emperors' six-fold existence took action. Several terrifying attacks, covering the sky and the sun, bombarded landing Ming and Ling Yuwei.

The void collapses, the world shakes, and the existence of Shenhuang Sixfold is too terrifying to destroy the starry sky.

Not to mention that the Divine King is eightfold, the prospective Emperor, even the Divine Emperor, must be killed by a large blockbuster.

Lu Ming and Ling Yuwei's faces are extremely dignified.

Each of these existences is equivalent to the level of the previous Sect Master of Lingheng.

"Elven King Bow!"

Ling Yuwei directly took out the **** elven king's bow, and all the strength was poured into the elven king's bow. With a loud sound, a terrible arrow flew out of the air, as if from the endless years ago. Elf king, open the bow and break the sky.

The power of this arrow is too terrifying. The appearance of a six-folded king of the Blood Skeleton Pirates changed greatly, and with a scream, the palms were continuously drawn out, and the two black skeleton palms were caught towards the arrow. Grab this arrow.

The attacks of the two collided immediately.

boom!

There was a terrifying roar, the two stalemated, but the time of the stalemate, only a few breaths, the black skull palms were penetrated, and the arrows flew past, shooting at the master of the blood skeleton pirate group.

what!

The blood skeleton screamed, the body was directly pierced, and his body retreated backward, coughing up blood, and was hit hard.

This person has deep fear in his eyes.

It was just a prospective emperor, but he was able to seriously hurt him with a single arrow, and even made him feel the threat of death. The shock in his heart can be imagined.

Other masters who killed Lu Ming and Ling Yuwei were also shocked.

"It's the **** war bow, but such weapons, with her cultivation practices, are displayed, it must be reluctant!"

"Yes, I don't believe that he can play a second time, killing him in one go!"

The remaining two powerful and powerful figures of the six emperors, and what kind of characters, immediately saw the greasiness and sharp eyes. Instead of retreating, they rushed to Lu Ming and Ling Yuwei at a more amazing speed. The attack exudes even more amazing fluctuations.

Huh...

At this time, a round ball appeared in Lu Ming's hands.

It's gale!

Lu Ming exerted the Great Divine Wind technique to draw a force inside the gale of wind.

Immediately, this force turned into a hurricane of terror, swept forward, and involved the masters of the six kings of the two blood pirate groups.

The terrible gale, the terrifying cutting power, and the terrible heat, attacked the two masters insanely.

Zizizi...

The weird voice spread throughout the audience, accompanied by the anger of the two masters.

At the next moment, the two figures retreated sharply, looking at Landing with frightened expression.

There were dense wounds on them, terrible and terrible.

With their cultivation practices, they were also injured by the energy in the gale beads.

The three masters of the Six Kings of the Blood Skeleton Pirates, Six Masters, were injured by Lu Ming and Ling Yuwei at the moment of the shot, so if they were seen by others, I am afraid they would shock their chin.

"go!"

Taking advantage of this opportunity, Lu Ming sent a message to Ling Yuwei, and the two turned into two rainbow lights and retreated backward.

Divine Emperor Liuzhong's existence is too strong. Even if they used all their strength and used a horrible big killer, they still couldn't kill each other, they could only hurt the other.

If the other party continues to attack, most of them want to threaten, or go the best way.

"Damn.. Come on, let's go together and leave them!"

The bearded big man of the Blood Skull Pirates roared, a violent and cold killer, as if he could freeze the void.

Qiu Xuhan, who hadn't shot before, was thinking that to deal with Lu Ming and Ling Yuwei, he didn't need him at all.

Here, there are three ***** emperors and sixfolds.

He couldn't even dream of it. The masters of the three Divine Emperors and Six Heavy Forces were all injured, and at this time, he had to shoot himself.

boom!

A dark skull claw, huge and crushing the void, grabbed Landing Ming and Ling Yuwei.

It is really terrible. The existence of the Seventh Divine Emperor is ten times more terrible than the Sixth Emperor of the Three Divine Emperors.

The dark skull claws directly caught the gale pulled by Lu Ming.

The terrible roar sounded. These strong winds were directly caught and collapsed. Although the dark claws were weakened part of their strength, they still drove towards Landing Ming and Ling Yuwei.

Before the claws arrived, Lu Ming and Ling Yuwei felt the terrible crisis coming, and the two of them were covered with sweat.

If they are caught this time, the two will definitely have only one way to die.

"Fight!"

Ling Yuwei showed a fierce color, continued to pick up the **** elven king bow, his body strength, continuously poured into the elven king bow, an arrow condensed out.

It's impossible to catch it, she has to fight hard.

Unfortunately, Ling Yuwei's strength is too low after all, and the **** elven king bow is too advanced. Shooting an arrow is already Ling Yuwei's limit.

So, when she wanted to pull away the second arrow, her body shook, her mouth spit out blood, and her face was pale like snow.

The arrows that have just condensed to half have also collapsed and disappeared.

"Blow me up!"

Lu Ming shouted, and pulled the strong wind inside the Great Kamikaze to the extreme. There was another terrible strong wind. The strong wind beads swept out of his hand and rolled towards the Qiuhan.

boom!

Qiusu Han, like a **** mountain, with a tyrannical atmosphere on his body, opened the road with black skull claws, and rushed past, defeating the strong gale.

After all, Lu Ming's Great Divine Wind skill is still a little bit worse. He cannot cause stronger gale from the gale beads, and cannot cause devastating damage to the bearded man.

After breaking through the strong wind, Qiu Xuhan's figure quickly approached Lu Ming and Ling Yuwei.

"Two juniors, can force me to shoot in person, it is really amazing, but it is still tender, now, take the initiative to hand over the treasure in your hands, I can leave you a whole body!"

Qiu Dahan said coldly, his eyes staring at the strong wind beads in Landing Ming's hand and the elven king's bow in Ling Yuwei's hand, revealing a hot and greedy glory.

These two treasures made him very hot.

Lu Ming and Ling Yuwei, only Divine King Yae and Quasi-Emperor, can exert such power. How much power can they exert on him?

"How to do?"

At this moment, Lu Ming and Ling Yuwei, their thoughts changed sharply, thinking about countermeasures.

Both of them are the kind of people who will not give up easily. Even in the face of desperation, they will not give up easily. As long as there is a chance, they must let go.

However, at this moment, other masters of the Blood Skeleton Pirates also gathered around, including the existence of the three Divine Emperors.

The two fell into a fatal crisis.

Chapter 3860: No response this time

"Go, you go first!"

At this time, Lu Ming heard Ling Yuwei.

Lu Ming thought of a countermeasure, that is the copper copper coffin.

This is the only hole card that Lu Ming can let go.

But every time when using the copper and copper coffin, Lu Ming was frightened, not knowing what unexpected things would happen.

Therefore, before using the copper copper coffin, it is best to let Ling Yuwei leave first, so as to avoid any accidents.

"Let me go first? Then you..."

Ling Yuwei was startled.

"Relax, if you leave, I have a way to leave!"

Lu Ming said.

Ling Yuwei's eyes flashed.

She guessed whether Lu Ming had any terrible hole cards and it was not easy to play in front of her.

"Well, let me go first, be careful yourself!"

In the end, Ling Yuwei nodded, then turned into a green light, and hurried away towards the rear.

"Want to leave, leave me!"

Qiu Xuhan shouted, a terrible breath broke out, and strong pressure enveloped the whole space. The whole space seemed to suddenly become a solid, causing Ling Yuwei's speed to plummet.

At the same time, Qiu Xuhan had to shoot Ling Yuwei.

Just then, the copper copper coffin appeared in Lu Ming's hands.

Click!

Lu Ming suddenly pushed the copper copper coffin. The copper copper coffin made a clicking sound and was opened with a crack.

Immediately, an extremely terrible gas machine came out.

As soon as Qixu felt the breath machine, his whole body was tense, and a horrified scream was made. If the mouse met the cat, he retreated backward.

"what is this?"

Qiu Xuhan stared in horror at the copper copper coffin in Ming Ming's hands, his eyes full of horror.

Just now, he seemed to feel a terrifying existence staring at him in the copper and copper coffin, as if in front of this existence, he was a ant, and he could blow him to death in one breath.

Therefore, he subconsciously retreated backward.

And after such a delay, Ling Yuwei disappeared without a trace.

Uh!

Carrying a copper copper coffin, Lu Ming also chose a direction and flew away quickly.

"Strange, the copper and copper coffin has nothing to do!"

While flying, Lu Ming was surprised.

In the past, every time he opened the copper and copper coffin, he would have strong power to destroy the enemy, but this time, except for the terrible Qi machine, there was no attack in the copper and copper coffin.

At this time, Qiuxuhan, as well as other members of the Blood Skull Pirate Group, also found something strange.

"No movement?"

Qiu Xu Han was doubtful.

Only the air machine emits, there is no other movement, is it fake?

All these are blind eyes?

"Chasing, don't let him run away!"

Qiuxu Hanhan gave the order and rushed out to chase after landing.

Others chased Landing Ming.

Lu Ming's cultivation base is, after all, he is only super heavy, and his speed is far inferior to those of the blood skeleton pirate group.

Soon, the distance between the two sides was narrowed.

However, the people of the Blood Skull Pirates Group did not dare to be too close to Lu Ming.

Because they are afraid of the copper copper coffin.

Just now, the gas machine radiated from the copper and copper coffin was really terrible. It made them tremble with fear and fear that some terrible attack would break out.

In this way, Lu Ming fled quickly, and the people of the Blood Skeleton Pirates had been chasing behind, unconsciously, flying a long distance.

"Huh, there has been no response for so long, is it really an illusion?"

The face of Qiuxu Han showed a look of surprise.

"You, catch up and try!"

Qiu Xuhan looked at an old man in sackcloth, and said with command.

The old man's face changed greatly.

Qiu Dahan did not dare to go up, but told him to go up, and made it clear that he was going to explore the way.

If there is danger, he is the one who died, not the big bearded man.

He was reluctant to a hundred, but he had to listen to the orders of the great man.

In the blood skeleton pirate group, the level is very strict.

The superior gave the order. If the following people don't listen, the superior can directly kill it.

Although he has the five emperors of the Divine Emperor's cultivation practice, but in the face of the Emperor Seventh Emperor's Qiu Xihan, only the part of being killed in seconds.

"Don't you go?"

Qiuxu Han's eyes were cold, and a flash of murderous opportunity flashed through.

"Go, I will go!"

The old man in linen quickly hurriedly rushed to Lu Ming.

"Boy, let me die!"

The old man in Mai snarled roaringly and swiftly flew towards the landing. Of course, he was very careful and at least added a dozen layers of defense to himself.

In addition, although he called loudly, he was actually very careful. He didn't dare to approach Lu Ming at all, but slowly reduced the distance between him and Lu Ming.

Suddenly, a strong breath broke out in the copper and copper coffin.

what!

The old man in linen shouted, like a frightened rabbit, who jumped up directly, receding backwards, his face pale, and he felt palpitations.

But this time, only the breath was filled in the copper and copper coffin, and besides, there was no movement.

"There is still no response. It seems that it is not the case. The copper and copper coffins will react. I can't rely too much on the copper and copper coffins in the future!"

Lu Ming's thoughts turned sharply, and his speed did not decrease, and he continued to fly.

"Really waste!"

Qiu Dahan glanced coldly at the old man in the linen clothes and scolded, but he did not dare to approach himself.

"Damn, what is this copper coffin?"

Qiu Dahan shouted in his heart.

But when he left, he was not reconciled.

Not to mention the treasure in Lu Ming's hands, Lu Ming alone was the real murderer who killed the young master of the Blood Skeleton Pirates, he could not let it go.

Otherwise, the leader of the Blood Skeleton Pirates knew that he let Lu Ming go, and his end would be miserable.

Therefore, Qiuxu Hanhan took the people and still followed Lu Ming behind him.

In this way, another two hours passed.

"It's been so long, and there's no response. This kid is mostly bluffing, mostly blindfolded, and wants to confuse me!"

Qiuxu Han thought, the tyrannical color in his eyes became more and more intense.

He was thinking about whether to take the risk.

"If you can't go on like this, you must not hide the other party for too long.

Lu Ming's thoughts also changed sharply.

If this goes on, it will definitely not work. After a long time, the other party will definitely take risks.

The copper and copper coffin does not show its power, but by his own strength, it is definitely not the opponent of the other party, only a dead end.

"That is..."

Suddenly, Lu Ming's eyes moved.

In front, there is a snowy mountain.

Looking from afar, the white piece of nothing can't see the end at a glance.

Even though they were far apart, there was a terrible chill that permeated.

With Lu Ming's current physical qualities, he felt that his whole body of blood was frozen and frozen. Only by exerting the power of taboo can he stop this chill.

"It's a terrible chill, a distance away, it's so terrible, the depth of this snowy mountain is definitely more amazing, maybe you can use this to get rid of the blood skeleton pirate group of people!"

Lu Ming moved.
