

D Emperor 4001

Chapter 4001: A scuffle

Dandan formed a large formation in front of him, and slashed his head towards the angels.

Those of the angelic family can only struggle to resist, and their speed is naturally greatly affected.

For such a delay, thousands of miles away, for Lu Ming, they just blinked.

In the blink of an eye, Lu Ming caught up with the angels.

And because he didn't deliberately stop the demon masters, those demon masters, with their distance, he quickly drew closer, only a few thousand miles left.

Thousands of miles are too close for them, and their attack power can also exert their peak power.

"All die to me!"

"kill!"

The demon of the Five Great Divine Emperors and Nine Heavys took the lead. The blades of the five demon swords slashed forward, not only aimed at Lu Ming, but also enveloped the angels.

For the demons, it doesn't matter whether Lu Ming and the angels have grudges.

For demons, as long as they are the creatures of the vast universe, they all deserve to be killed and killed.

Because, the creatures from the wilderness universe come in to hunt the devil.

Moreover, the devil hates the angel family even more.

Because the angel clan and the Tiangong are very close, the angel clan has always put a lot of effort to destroy the devil, and the hatred with the devil is also great.

Thousands of miles away, the attack power of Divine Emperor Jiuzhong's demon is completely at its peak, very terrifying.

Lu Ming took out the Ice Profound Stick directly!

No way, at this distance, Gale Bead is already difficult to resist the attack of Divine Emperor Ninefold Demon, only Bingxuan stick can.

boom!

Bingxuan stick swept out, blocking a demon blade.

At the same time, Ling Yuwei also used the **** elven king bow and shot an arrow to block a knife.

In the angel clan, the two ten-winged angels who had previously besieged Ling Yuwei also had to use a big killer, one to sacrifice the angel sword, and one basic angel crown to fight against the demon sword.

In addition, there is an angel who did not use the big killer, because this angel is an eight-winged angel and did not control the big killer, but this person's cultivation behavior is extremely powerful, reaching the seventh emperor of the Divine Emperor.

The eight-winged angel of the seven emperors of the Divine Emperor, by virtue of his own fighting power, can completely contend with the demon of the emperor of the Seventh Emperor.

The man cut out with a sword, blocking a demon sword.

The attacks of the five Divine Emperor Ninefold Demon were all blocked.

But in this way, the distance between the two sides is even closer.

A large number of demons rushed over, and the demon masters of the eight emperors of the gods also launched an offensive.

Nearly twenty demons of the Eight Emperors of the Divine Emperor launched an offensive, and the offensive was also terrifying, drowning Lu Ming and the Angel Clan.

In this way, Lu Ming and them, and the people of the angel family, could not get away if they wanted to go, and were stopped by the demons.

Fierce war broke out on both sides.

"kill!"

The five demon and ninth-level demons, extremely powerful, killed Lu Ming and angels.

"Damn!"

"Damn it!"

The roar of the angel clan, suffocated in his heart, was unexpected, not only did not solve Lu Ming, they were also pulled into the water by Lu Ming.

They were very angry, but they had no choice but to do so at this time, in order to protect themselves, they could only struggle to resist.

Lu Ming, Ling Yuwei, and two ten-winged angels, the seven-folded eight-winged angel of the Divine Emperor, five people can temporarily explode the fighting power of the nine-folded Divine Emperor, and block the five powerful emperors.

Dandan, Huaxue, and others from the Angel clan, fought fiercely with other demons.

Hua Xiu's cultivation practice is very dangerous in this kind of war, but fortunately there is help.

"This seal, here you are!"

Dandan took out a rune and affixed it to Huaxue. Huaxue was covered with runes. Whether it was power or speed, they all increased a bit, so that they could be protected.

And every day, runes appeared in every corner of the body. His whole person seemed to be the incarnation of runes, and kept flashing. Those demons could not touch him for a while.

However, those angels are not so lucky.

Among the angelic families, there are strengths and weaknesses.

Some strong ones can barely protect themselves, some are weak, and are directly killed by demons, and blood is scattered into the void.

For a time, at least seven or eight angels were killed.

This makes the Angels more angry.

However, even if they pulled the angels into the water, they still fell in the wind, not opponents.

Lu Ming's face was a little dignified, and it would be unfavorable for them to continue in this way.

Because, he, Ling Yuwei, and the two ten-winged angels of the angelic family, all can explode the power of God Emperor Jiuzhong in a short time, but they cannot support it for too long.

Continuing the war is very detrimental to them.

Lu Ming thought of this, and the angels also naturally thought of this.

"Rock Ford, they are nearby. Quickly send a message to them, let them hurry and come to support!"

A ten-winged angel roared and exploded with all his strength, blocking several demons and fighting for a chance to spread the news for one of the angels.

The angel seized the opportunity and spread the news.

"Dan Dan, wait a moment to get out, it's up to you!"

Lu Ming sent a voice to Dandan.

"Don't worry, I have already started preparations, do you still need to mention them?"

Dandan responded.

He was in formation all the time.

boom!

Lu Ming's forbidden power continuously poured into the Ice Profound Stick. The Ice Profound Stick broke out a terrifying power, a terrible cold current, and kept pouring out, freezing the void, so that all the demons around did not dare to approach .

Lu Ming took several tricks in succession with Bingxuan stick and a master of God Emperor Jiuzhong.

However, Lu Ming felt that the power of taboo was very expensive.

At most, you can use about five strokes.

"Boy, with the Divine Emperor's heavy cultivation, forcibly urge the big killer to explode the Divine Emperor Ninefold's power. I think you can use a few tricks, Devil's Claw!"

The demon of the Nine Heavy Divine Emperor, with a terrible look, killed like a tide, clawed out, and the void collapsed, like a hill-like claw, and grabbed Lu Ming, trying to catch Lu Ming to death.

Lu Ming held the thorn ice black stick and pulled out horizontally, smashing the void and colliding with the devil's claw.

There was another violent roar, and violent strength swept out. A seven-fold demon of the emperor, unable to dodge, turned his body directly into an ice block, and then was slammed by the strength behind him.

The other demons scared were far away, daring not to approach the battlefield of Lu Ming and the **** Emperor Ninefold Demon.

In fact, the other wars of the Nine Heavy Emperors, those demons and angels, also left far away and dared not come close.

The two sides fought a few more tricks. The situation, for Lu Ming and for the angels, is becoming more and more unfavorable.

"Dandan, are you okay!"

Lu Ming sent a voice to Dandan.

"Come on, come on, wait a while!"

Dandan responded and stepped up.

At this time, the sound of breaking the sky suddenly came from afar, and the bright and holy light illuminated Tianyu.

Some angels arrived.

Chapter 4002: Once and for all

Another group of angels arrived!

This group of angels has more than a dozen people, many of them masters.

Inside, there are also two who have the Nine Heavy Power of the Divine Emperor.

It is worthy of the top ten races, there are too many geniuses, and the number of participating in the assessment of the soldiers is also very large.

"Haha, the helper is here!"

Angels are overjoyed.

With this group of fresh troops joining, they have been saved.

"Come on, help us block these demons and help us rush out!"

The male ten-winged angel transmitted sound to those angelic families.

They did not intend to entangle with the demon at all, they planned to rush out first, leaving Lu Ming and others waiting to die here.

"Dare to overwhelm us, I will let you die miserably and become the food of the devil..."

These angels thought badly in their hearts.

But immediately, their complexion changed.

Because, from another direction, there is a strong evil spirit.

Over there, a group of demons actually killed over.

Obviously, the war here has alarmed the demons around.

"Damn!"

These angels were shocked.

"Quick, come and help us rush out!"

The male angel shouted.

At this time...

"All right!"

Dangdan shouted, and suddenly, endless runes came out, and at the foot of Lu Ming, Ling Yuwei, Hua Xue, a formation emerged.

As soon as this formation appeared, it was like a piece of clothing, attached to them.

Then, all around them suddenly appeared.

For example, around Lu Ming, dozens of Lu Ming suddenly appeared.

It looks exactly the same as Lu Ming, even the breath.

At the scene, suddenly dozens more Lu Ming appeared.

Ling Yuwei, Hua Xue, and Dan Dan are also the same. There are dozens more figures around them.

Uh, uh...

At the next moment, dozens of their respective figures rushed out in all directions.

Those demons are ignorant.

Because dozens of figures are like real ones, even the breath is like real ones, and there is no real or fake body.

"kill!"

"Kill, kill!"

These demons can only be attacked indiscriminately, and they are scattered together under their attack.

However, there are always dozens of figures, rushing out.

As soon as these figures rushed out, they fled in all directions.

"Damn, you quickly chase those boys, these angels, give us!"

There is a demon of the Emperor Jiuzhong, who said to those who came behind.

The demons coming from behind scattered and chased them to Lu Ming.

The demons before then attacked the Angels with all their strength.

The former demons, but there are five masters of the **** emperor Jiuzhong, and now all are left to deal with the angels, so that the angels are more stressed.

Fortunately, the Angels have new reinforcements, but even so, for a time, they can only barely protect themselves, and the plan to rush out is ruined.

They almost vomited blood on the spot.

Originally their plan was to rush out and leave Lu Ming with them, but now, the situation is completely opposite.

It was them who were left, and it was Lu Ming who rushed out.

It can only be said that reality is very cruel.

They can only fight back desperately, fighting for their own lives, these, Lu Ming they are too lazy to ignore.

After they rushed out of the siege, the real bodies gathered together and flew in one direction.

There were a lot of masters in the group of demons coming from behind. There are three masters of God Emperor Jiuzhong.

There are fifteen people in the Eighth Divine Emperor, and nearly one hundred people under the Eighth Divine Emperor.

With so many numbers, the fakes were quickly solved, and then they drove over to their real bodies to the landing.

"It's endless!"

Lu Ming and Ling Yuwei's faces are very unsightly.

Obviously, the demon army of the eight-snake demon kingdom has been dispatched. This area is full of demon masters. It is not easy to get out.

"Unfortunately, my cultivation behavior is still too weak. If I can do better and break through to the Divine Emperor Double, I will not be afraid of these demons!"

Lu Ming thought.

Although he faced strong pressure and his potential was quickly stimulated, it was still not so easy to step into Divine Emperor's Double.

Both sides pursued their escape again, but the demon behind changed a batch.

"Let's go first, I will stay to stop them!"

Lu Ming spoke suddenly.

He intends to stay and fight with these demons to see if he can take the opportunity to rush into the Divine Emperor's Double.

But doing so is very dangerous. If he can't break through, he may stay here forever.

But if you don't do this, you will never be able to get rid of the devil, and you will be caught up when it's too dangerous.

"I stay too!"

Ling Yuwei said.

"To stay for a battle, then I will stay with you!"

Dandan's eyes turned, Road.

"I stay too!"

Hua Xue also said.

"Hua Xue, you go first and wait for us in front!"

Ling Yuwei shook her head.

"Good, Huaxue, you go first!"

Lu Ming also said.

To be honest, when Huaxue is there, they are even more unable to exhibit, but instead have to take care of her distractedly.

Hua Xue gritted his teeth and clenched his fists tightly.

However, she is also very clear in her heart that her strength is the weakest among the four. Staying here will indeed hinder her, which is even more unfavorable to Lu Ming and Ling Yuwei's performance.

She secretly hated that she was too weak.

Mingxiu is the highest, but his strength is the weakest, and others need to be distracted to take care of her.

"Hua Xue, go away, this is the order!"

Ling Yuwei said.

"Okay, then be careful, I inform the other elves, you must live!"

Huaxue gritted his teeth and continued to fly forward.

The three Lu Ming stopped, but turned to face the fiercely chasing demon.

"Dandan, you should still have the cards, use them all!"

Lu Ming said to Dan Dan.

This guy, Lu Ming knows too well, if he is not sure, he will take the initiative to stay?

"Hey, you really are this guy, or you know me!"

He smiled and stared at Lu Ming for a few moments.

Obviously, he has guessed Lu Ming's identity.

Then, in Dan Dan's hands, two bright red runes appeared.

"These two seals were made by me with great pains, and they are one-off!"

Dandan said with a painful face: "Now for you, used in your magical soldiers, it can make your magical soldiers awaken more of their power!"

"There is such a good thing!"

Lu Ming and Ling Yuwei have bright eyes.

Whether it is Bingxuan Cudgel or Ling Yuwei's **** elven king bow, they are extremely high-level treasures. Their power is far more than that, they are just lurking, and they need Lu Ming to inspire them.

However, the cultivation of Lu Ming and Ling Yuwei can only inspire a small amount of power, most of the power is lurking.

However, these two runes can inspire a little more power, which will definitely make the "Big Killer" powerful.

Chapter 4003: Fight back

Lu Ming and Ling Yuwei, without hesitation, placed the runes on their respective magical soldiers.

Once the Rune is placed on the Divine Soldier, it is like an ice cube. It melts directly and becomes a mass of Seal, covering the Divine Soldier.

Suddenly, Lu Ming felt that there was a force in the depth of Bingxuan stick.

Bingxuan stick really has a power, was inspired.

At the same time, Ling Yuwei's **** elven king bow is the same.

On the side, the face of Dandan looked painful, because this rune was one-time, and it was sold for sale, and it was worth a lot, but it was just gone.

He quickly calculated in his heart, how to recover losses from Lu Ming and Ling Yuwei afterwards.

At this time, those demons are already approaching.

"kill!"

"Kill, kill, kill!"

The screaming of the powerful demons, especially the three demons of the nine emperors, Jiuzhong, shot one after another. The three demon swords stretched through the void and slashed them to Lu Ming.

Buzz!

The ice Xuan stick in Lu Ming's hands, the violent shaking, the taboo force in Lu Ming's body, constantly input into the ice Xuan stick.

Bingxuan stick quickly grew bigger, and a stick blasted out.

However, Ling Yuwei's attack was faster than him. With an arrow, he pierced through the void and shot at one of the gods, Nine Heavy Demons.

Arrows collided with the demon's demon blade, and a roaring earth shattered. Then, the devil's blade shook violently, and the devil's ninth-level demon, the arm holding the blade violently, oozed blood.

His body was shocked, backed up again and again, and he walked back thousands of miles all the time, spitting blood at the mouth of the two demon eight heavy demons.

Ling Yuwei, one arrow wounded a master of the demon Jiuzhong.

"Really effective!"

Ling Yuwei was overjoyed.

The **** elven king bow was indeed inspired by a force. With the power of her own excitement, the attack power has exceeded the ordinary Divine Emperor Ninefold Demon.

At this moment, Lu Ming's attack has arrived.

The huge ice mysterious stick, pressing against the void, directly confronted the two demons of the Nine Heavy Emperors, and smashed the sword light cut by the two, and the bodies of both of them retreated backward.

In one move, he repelled the two demon masters of God Emperor Jiuzhong, and Lu Ming was also overjoyed.

"Slamming!"

Lu Ming sent a voice to Ling Yuwei, and then his body flew out. Bing Xuan stick blasted out in succession, three stick figures, crushing the void, and pressing on the demon strong.

Under the Ice Profound Stick, the void exploded continuously, and a terrifying chill came out.

Bingxuan stick has not fallen yet, the terrible chill has been covered.

Some weak demons were immediately covered with a layer of ice, and the emperor below seven-weight was directly frozen to death.

"Retreat, retreat!"

Some deities with eight emperors and seven emperors have shouted while resisting the terrible chill.

The three **** emperor Jiuzhong's demons shouted, and the spirit of Mosha burst out, struggling to make a cut.

Three huge blades of light broke through the chill and slashed on the Bingxuan stick.

Boom!

Three violent roars, Lu Ming's body shook, could not help but retreat, Bingxuan stick vibrated endlessly.

However, the three demons were not much better. Although they repelled Lu Ming, they themselves stepped back several steps.

And this is just Lu Ming's attack alone.

When Lu Ming shot, Ling Yuwei also shot, and the arrows aimed at one of the masters of God Emperor Jiuzhong.

When the demon confronted Lu Ming, a terrible arrow shot at the demon, and Lu Ming's attack was seamless.

The demon had just retreated, and Ling Yuwei's arrows had been shot.

Roar!

The demon roared loudly, resisting desperately.

However, he just had a match with Lu Ming, and his breath was not smooth. In an instant, he could not explode all the power to resist, and he could only mobilize 50% of the power.

Fifty percent of the power can't stop Ling Yuwei's arrow.

Bump,

A series of explosions sounded, arrows broke through the demon's heavy defenses, and then passed through the demon's chest.

The demon screamed, and a bright hole in the front and back was blown out of his chest.

However, he was not dead yet, but he was also hit hard.

"it is good!"

Lu Ming and Dan Dan were overjoyed, scheming, and useful.

"carry on!"

Lu Ming spoke, urged Bingxuan stick, and blasted out again.

We must hurry up, because the runes given by Dandan don't take too long.

Boom...

Bingxuan stick turned into a few stick figures, and blasted down again.

"Block it!"

"Damn, block it!"

The remaining two Emperor Nine Heavy Demon roared and desperately attacked to resist, as well as those Emperor Eight Heavy and Seventh Emperor Demon, also broke out to attack and resist together.

And the devastated Emperor Nine Heavy Demon, hiding behind, did not dare to shoot at all, for fear of being shot by Ling Yuwei.

Another series of roars, the ice Xuan stick that Lu Ming roared, was blocked.

However, Ling Yuwei seized the opportunity and shot an arrow.

This arrow was aimed at another demon, Emperor Jiuzhong.

After resisting Lu Ming's attack, this demon Emperor Jiuzhong's demon also couldn't withstand Ling Yuwei's attack and was shot through the body with a single arrow, which was hit hard.

It must be said that the demon's vitality is very strong, especially Divine Emperor Jiuzhong, Ling Yuwei's arrow is terrible, and devastating energy erupts from the inside, and they have resisted hard.

However, the injuries are also very serious.

"go!"

The rest of the demons were trembling with fear. The only uninjured Emperor Jiuzhong Demon yelled and turned away.

They knew that they could not deal with Lu Ming and they continued to fight. They were all in danger. They first left here to join other demonic strongmen, and then came to kill Lu Ming and others.

"Want to go?"

Lu Ming stared at the cold light and performed the Great Kamikaze technique. His figure flashed and killed the demon.

Lu Ming will not miss the demon spirit blood on these demons. Now with such a good opportunity, will Lu Ming easily let go of the other party.

At the same time as the figure rushed out, Bingxuan stick transformed into three stick figures, rolling down.

Three stick figures can still maintain extremely strong attack power. If there are more stick figures, the attack power will be weakened.

Rumble!

The earth and the earth shook, the space exploded, and the ice Xuan stick pressed down with unmatched momentum.

"Heli, Heli!"

A demon of the Emperor Jiuzhong shouted, and all the demon gathered together and desperately.

The spirits of dozens of demons gathered together and turned into a dagger of the sky, slashing out, blocking the ice mystery stick.

However, Ling Yuwei shot again and shot an arrow at the last uninjured Emperor Ninefold Demon.

But this demon is more cunning. While he blocked Lu Ming's attack, he flickered and retreated behind several other demons.

Ling Yuwei's arrows penetrated three demon with eight emperors in a row and shot them, but was avoided by the demon with nine emperors.

Then, his demon wings fanned wildly, and actually gave up other demon, escaped alone.

Chapter 4004: The devil prince joins

The uninjured God Emperor Ninefold Demon actually gave up other demons and escaped alone.

He was fast, a few flashes, and ran out of a distance.

But at this time, a young man appeared in front of the demon.

If you are a high-level leader of the Eight Snake Demon Kingdom, those who have participated in the meeting of the Prince of Samoro Prince Samoro will definitely recognize at a glance that this young man is Samoro.

At this moment, Samoro turned into a human form, and even the devil's breath was extremely secret. It looked like a human race.

The demon of the Emperor Jiuzhong, although he has seen Samoro, has not seen the appearance of Samoro as a human race. Therefore, he did not know Samoro, and when he saw Samoro, he thought that Samoro was the creature of the vast universe. .

Suddenly, the demon Nine Heavy Demon roared: "Boy, get out of here!"

While speaking, he grabbed Samoro with one paw.

In the eyes of Samoro, Han Mang flashed, punching out with a punch, and hitting on the devil's claws.

boom!

With vigorous energy, the demon's face changed dramatically, his claws made a clicking sound, his bones broke, and his body receded crazy.

At this time, Ling Yuwei shot again and shot an arrow at the demon. This time, he could no longer avoid it and was directly penetrated by the arrow, and was hit hard.

Uh!

Samoro, like a phantom, rushed towards the demon, his claws like steel nails, caught the demon's celestial cover, and the demon fell on the spot.

On the other side, Lu Ming held Bingxuan stick, unstoppable, the shadow of the stick fell, and the demons exploded, and even a devastated Emperor Nine Heavy Demon also died in Lu Ming's hands.

Seeing this scene, Samoro flashed a murderous eye, and actually rushed towards the demons. The paw prints were like rainbows. Every time he caught, a demon was killed.

The third devastated demon also died in the hands of Samoro.

Under the siege of Lu Ming and others, the remaining demons were not opponents at all. They were almost wiped out. The remaining ones, who wanted to escape, were chased by Samoro and slain, all resolved.

call...

Lu Ming was relieved, and the crisis was finally lifted.

Lu Ming, Ling Yuwei, Dandan walked towards Samoro.

"This Xiongtai, thank you for your help!"

Lu Ming and others thanked with clenched fists.

"You're welcome, all from the wilderness universe. When you see the demon, you have to shoot!"

Samoro smiled, his eyes circling on Lu Ming and said, "The strength of several people is really amazing. You are the highest and you are the second emperor, a powerful demon, but you can't be defeated. It's really hard to believe if it's not what you saw!"

Samoro said this, but what he said was true.

He had arrived during the battle between them and the demon and hid in secret.

Finding Lu Ming and Ling Yuwei's attacking powers was simply amazing, and he was horrified, so he had to deal with Lu Ming's and temporarily changed his mind to solve the defeated demon.

The solution to those demons is to gain Lu Ming's trust.

As long as Lu Ming gains their trust, it is much easier to think about when to resolve Lu Ming and others.

"Xiongtai is polite, just luck!"

Lu Ming simply said politely.

"Under the wind, I don't know what you call it?"

Road to Samoro.

"Don't know us?"

Lu Ming's eyes flashed, and he was puzzled.

It is normal not to know him and Dandan, but it is rare to not know Ling Yuwei. After all, you can see the portrait of Ling Yuwei through the fantasy **** jade.

However, Lu Ming just flashed a doubt, and did not care too much.

After all, the Honghuang Universe is too large, and there are countless arrogances. It is normal for some people to practice the whole thing without asking about things outside the window.

Lu Ming, Ling Yuwei, Dan Dan, three people, reported their names.

"Three people, how about our cooperation, how to hunt the demons together, how?"

Road to Samoro.

The three Lu Ming showed their intentions.

Samoro shot just now, the strength is very strong.

What they saw was that Samoro's cultivation practice, although it was only Divine Emperor's Sixth Layer, but its combat power was amazingly strong, before confronting that Divine Emperor Jiuzhong's demon head-on, actually attacked that Divine Emperor Jiuzhong's demon.

This is its own real combat power, and it does not rely on foreign objects.

If Samoro joins and cooperates with them, then they can calm down a lot even if they encounter a demon.

"Lu Ming, this rumor, you should pay attention to it, I feel he is a little wrong!"

At this time, Bone Demon made a reminder.

"No, what's wrong?"

Lu Ming asked.

"I feel a trace of evil spirit from him. Although he hides deeply, there is still a leak. You can't feel it, but you can't hide my feelings!"

Bone Magic Road.

"Hidden Mosha Qi? Is it possible that he carries some kind of treasure and has Mosha Qi? Or some of the exercises he practiced can absorb Mosha Qi?"

Lu Ming said to the bone devil, his thoughts turned in his mind.

"I don't know about this, just pay attention to it yourself!"

Bone Magic Road.

Lu Ming nodded silently in his heart, but he did not doubt that Samoro was transformed into a demon. After all, in the wilderness universe, some treasures contain the gas of magic evil, or some strange mysterious techniques, which can absorb the gas of magic evil, It is also possible.

However, he was still vigilant in his heart, paying attention to Samoro.

"Okay, with Brother Liu joining, we will deal with the devil and it will be easier!"

Ling Yuwei nodded and smiled.

Lu Ming and Dan Dan did not object.

"Then let's merge with Huaxue first!"

Ling Yuwei said.

Immediately, they flew in the direction of Hua Xue's departure.

On the way, Samoro's gaze swept away from the ice Xuan stick in Lu Ming's hand and the elven king's bow in Ling Yuwei's hand from time to time, with a trace of fear.

The reason why he hasn't shot yet is that he is afraid of Lu Ming and Ling Yuwei.

After all, he just saw the power of the two magical soldiers just now.

Yes, Lu Ming and Ling Yuwei haven't put away the two magic soldiers. They don't want to put it away, but they can't put it away now.

Because, the above runes have not disappeared.

The rune given by Dandan has a time limit. When the time is up, it will not disappear, and the rune has not disappeared. Lu Ming and they cannot put away the magic soldiers.

But there is no urging in the hand, but it does not consume power, and it does not hinder.

Lu Ming and Ling Yuwei were flying while recovering the power they had previously lost.

Soon after, they were in front and found Hua Xue who was anxiously waiting.

After seeing that Lu Ming was okay, Hua Xue was overjoyed.

"Princess, I have sent news to the other people of the elven clan, but they are far away from us. It is not easy to come over and meet!"

Huaxue Road.

Chapter 4005: Suddenly

Ling Yuwei nodded and said, "It's okay, we're just walking around in the Eight Snake Mountain Range, and don't go deep into the Eight Snake Mountain Range. Be vigilant and should be able to cope with it. Anyway, the demon spirit blood we have now should be enough for us to pass the assessment!"

In their hands, there are three demon spirit blood of the nine emperors, and there are more than a dozen emperor eightfold, and dozens of seven emperor sevenfold demon spirit blood, which should be enough for them to pass the assessment.

Next, they just have to be more careful, hunt more demons, and get more merits. If the situation is wrong, they will not force it.

The crowd left here and went in another direction.

After a while, the runes on Bingxuan Stick and Elven King Bow finally faded and slowly disappeared.

The rune power given by Dandan finally disappeared.

Lu Ming and Ling Yuwei put the two magic soldiers into the sea of knowledge.

At this moment, a sharp luster flashed in Samoro's eyes.

"Brother..."

Samoro called Lu Ming and his body approached the landing.

"what's up..."

Lu Ming just asked aloud.

Suddenly, Samoro shot, sharp claws, and grabbed Tianlinggai who landed.

The air is roaring, the power is terrifying, the space is constantly exploding in the hands of Samoro.

Such a short distance, it is absolutely difficult for ordinary people to avoid.

However, because Lu Ming had maintained a trace of vigilance against Samoro before, at the moment Samo shot, Lu Ming reacted and raised his hand for a block, blocking Samo's claws.

However, the power of Samoro's claws is very amazing. Even if Lu Ming used his full strength at the critical moment, he could not stop the attack of Samoro. Lu Ming's palm directly burst.

Ok?

Seeing that Lu Ming could actually block his sudden blow, Samoro's eyes were cold, and the other hand slapped out with a palm, hitting on Lu Ming's chest.

boom!

Lu Ming's chest was penetrated directly, and a transparent hole appeared before and after, which was terrible.

Lu Ming's body also retreated backward, breaking a dozen large trees.

Ling Yuwei, Dan Dan and Hua Xue all stunned and widened their eyes.

"Retreat!"

Lu Ming roared, Ling Yuwei, Dan Dan, Hua Xue instinctively retreated backward, and opened the distance with Samoro.

"Unexpectedly, you have been alert to me all the time and have to say that you are too careful!"

Samoro looked at Lu Ming with some surprises. Obviously, he didn't expect him to hit Lu Ming with a sudden blow.

Lu Ming spit out a few mouthfuls of blood in a row. He was seriously injured. The devastating energy in his body and the constant impact. If he changed into an ordinary person, he would definitely not survive.

However, Lu Ming now, each cell can exist alone, as long as he does not destroy all his cells at once, he can recover, as long as enough energy is stored in the cells.

"Liufeng, why did you deal with Muyun?"

Ling Yuwei shouted, and the **** elven king bow appeared, aiming at Samoro.

"Do you want to swallow the blood of the demon spirit alone?"

Drink it every day.

"Hahaha, do you think I want your demon spirit blood? Tell you the truth, I want your life!"

Samoro chuckled, a look like Zhizhu was holding.

Indeed, now he has full confidence in killing the four Lu Ming.

Dandan and Huaxue, he did not mind at all.

His main fears are Lu Ming and Ling Yuwei. However, just now, the runes on Lu Ming and Ling Yuwei's soldiers have disappeared, and their power has weakened a bit. He has no worries.

In addition, he suddenly shot, hit Lu Ming hard.

Yes, in his opinion, although he did not kill Lu Ming, Lu Ming had been hit hard, dying seriously, and no longer had the power to fight. There was only Ling Yuwei left, and he didn't care about it at all.

Therefore, he has a good time and is not in a hurry.

"We don't seem to know, no injustice, no hatred, since you are not for the demon spirit blood, why should we kill us?"

Lu Ming asked.

"The reason for killing you is very simple, because...I am a demon!"

Samoro spoke coldly, and his body was filled with a strong evil spirit.

This time, Ling Yuwei, Dan Dan, Hua Xue were all stunned. Obviously, Samoro's answer was beyond their expectations.

Lu Ming is slightly better, because before, there was doubt.

"Demon, he really is a demon, no wonder the bone demon feels that there is an evil spirit in him, and no wonder he doesn't know Ling Yuwei..."

Lu Ming's thoughts changed sharply, and suddenly shouted, "Be careful!"

Because at this time, Samoro shot again, instead of killing Lu Ming, but killing Ling Yuwei.

He was very fast, rushed towards Ling Yuwei, and grabbed Ling Yuwei with his claws.

However, Ling Yuwei was already guarded, and the madness poured into the **** elven king bow, and an arrow condensed out and shot at Samoro.

boom!

Arrows accurately hit Samoro's claws, and a violent roar erupted.

However, Samoro's strength is extremely strong, confronting head-to-head, the arrows shot by Ling Yuwei, violent shaking, and then shattered.

Samoro, however, still has the power, sharp claws, caught Ling Yuwei, let Ling Yuwei's body retreat.

"You can't escape, die!"

Samoro drank coldly, and the gas of Mosha was extremely strong. His claws actually turned into gritty devil's claws and caught Ling Yuwei.

But this time...

boom!

A huge stick figure blasted the space and slammed toward Samoro, with incredible power.

This kind of attack has already created a crisis for him. He had to stop the attack on Ling Yuwei and turned back to grab two claws continuously.

Boom!

Two claws caught on the stick figure, and a violent roar broke out, and the stick figure was blasted out.

"You can still have such a strong attack!"

Samoro showed a shocked look, watching Landing Ming.

What I just shot was naturally Lu Ming.

"What? Are you surprised? You didn't kill me just now, and now you have no chance!"

Lu Ming said.

Samoro was not only surprised but also shocked.

He knew that he had the power to attack Lu Ming before. Lu Ming didn't die, which surprised him, but Lu Ming was definitely hit hard, and the injury was very serious. The average person, with 10% of the combat power, could never play 10%.

But Lu Ming's attack just now definitely possessed the Divine Emperor Nine Heavy Attack Power.

how can that be?

Immediately, a gruesome murderous opportunity appeared on his face, saying: "What if you can exert the strongest fighting power? It's the same to die, kill!"

Samoro screamed loudly, struck like Lu Ming, and struck Lu Ming, grabbing a paw in the sky, and grabbing a mountain-sized claw towards Lu Ming.

But on the other side, Ling Yuwei also shot, with an arrow, breaking the void, and shot at Samoro.

In the other hand of Samoro, a demon sword appeared, and the sword was cut out, blocking Ling Yuwei's arrow and attacking Lu Ming.

Chapter 4006: Buddhism and Fighting Saints

Facing the attack of Samoro, Lu Mingsi was not afraid, and urged Bingxuan stick to blast out.

Bingxuan stick, like a mountain, slammed into Samoro.

The two collided again, and Lu Ming felt the violent vibration of Bing Xuan stick, a powerful force, rushed from the top of Bing Xuan stick, Lu Ming body shocked, backed up again and again.

"Good strength!"

Lu Ming's face was solemn.

The talent of this Samoro is very high. Among the demons, it is definitely the top demon.

The cultivation of Divine Emperor Liuzhong, but the combat power, can suppress the general Divine Emperor Jiuzhong, but Lu Ming felt that Samoro could not fight across four levels. The strength of the same level of the first battle should not be as good as Yin Jiuling Candidates for such an astronomical list.

However, it is stronger than crossing three levels.

It should be between three levels and four levels.

This kind of strength is completely above Lu Ming and Ling Yuwei now, even if they have the power to explode.

The key is, Lu Ming, they can not persist for too long.

"Even if you can explode with all your strength, you will die!"

Samoro replied, the devil's knife in the left hand, and the devil's claw in the right hand, and shot against Lu Ming and Ling Yuwei at the same time.

The offensive is like a frenzy, launching a stormy attack.

With his cleverness, he naturally knew that Lu Ming and Ling Yuwei relied solely on Divine Soldiers in order to erupt the Divine Emperor Nine Heavy Power.

However, this will certainly not last long, so he must continue to attack, when the two manpower is exhausted, it is when he wins.

Boom!

The two sides confronted a few more tricks in a row, and Lu Ming and Ling Yuwei's complexions were pale.

Their power of damage is too great.

Before fighting with a group of demons and urging the mass killers continuously, the wear and tear at that time had not been fully recovered.

"Hahaha, die for me!"

Samoro also sensed it, showing a greasy smile.

"The one who died your grandpa, bit me..."

As soon as he roared, his hands suddenly pushed out, and in the void, a huge formation emerged.

Then, a huge crocodile emerged from the formation, rushed to Samoro, and opened his mouth to bite.

However, the demon sword in Samoro's hand came across, and a crocodile exploded.

Once Lu Ming, Ling Yuwei and Samoro met, they began to form a battle. Unfortunately, the time for the formation was still too short, but the power was already amazing. It could barely have some impact on Samoro and reduce Lu. The pressure of Ming and Ling Yuwei.

Lu Ming and Ling Yuwei killed him again.

The two sides fought two more moves. The taboo power in Lu Ming's body was almost exhausted.

At this moment, he was constantly forcing out his potential, which only barely resisted Samoro.

However, Lu Ming and the three of them were still in the disadvantage and lost to Samoro.

Seeing that the situation is getting worse for Lu Ming and them, Lu Ming is ready to take out the copper and copper coffin and fight for it.

At this time, a strong sound of breaking the air came from a distance.

someone is coming!

And there were more than one group of people, and the sound of breaking the air came from both directions.

Moreover, the number is still quite large.

The people coming from both directions are extremely fast, approaching here quickly.

Samoro's face changed slightly. He couldn't figure out if the coming person was a demon or a creature in the wilderness universe. The evil spirit of his body quickly converged. The devil's knife in his hand disappeared, and the palm of his hand turned into a normal person.

At the next moment, the two groups appeared not far away.

Lu Ming, Ling Yuwei and others saw their eyes brightly.

Because both people are not demons, but the creatures of the vast universe.

"That's a Buddha!"

Lu Ming's eyes flashed.

One of them was wearing a white gown with a golden light above his head.

This is obviously a Buddhist among the top ten races.

The Buddha is a very peculiar race.

In fact, there are very few real Buddhists. There is only one real Buddhist in this group.

One is about two meters tall, covered with golden yellow, like gold pouring, he has no hair, there is a round of Buddha's light on his head, his hands are folded together, and the treasure is solemn.

This is the real Buddha.

As for the others, they are all from the races of the Honghuang Universe. Because of their affinity with the Buddha, they are devoted to the Buddhism and practice the Dharma.

Slowly, these spirits who practiced Dharma are also known as the Buddhism.

Another group of people is not trivial, because it is also from the top ten races.

One of the top ten races.

One of them, Lu Ming also knew that it was the wicked evil spirit of the Fighting Saint Clan and the God of Fighting God.

The battle of saints and buddhists is coming, and the battle between Lu Ming and others and Samoro can't help but stop.

"It's the fairy princess Ling Yuwei!"

"And Muyun!"

"Who is that young man, how did they fight together, is it to fight for the spirit blood of the demon?"

The people fighting the Holy Clan and the Buddhist clan secretly talked about it, and did not interfere.

"Everyone, this man is demonized, and he will kill him together!"

Lu Ming shouted.

There is a group of helpers, there is no reason to let go, without the help of power.

As soon as this remark came out, the faces of the fighting saints and buddhas all changed, revealing a bad look, staring at Samoro.

However, Samoro's face was always calm and said, "You guys, he is framed. He wants to use your power to deal with me. I am also from the wilderness universe. Do you think I am like a demon?"

Those who fight against the Holy Clan and the Buddha clan shook their heads.

The bloodline of the ancestors of the awakening of Samoro is very special, and it can hide the evil spirit very deeply.

These people of the Buddhism and the Fighting Saint Clan are not bone demons, and they can't feel the evil spirit of Samoro lurking.

Therefore, they naturally do not believe that Samoro will be demonized.

Seeing this scene, Samoro sneered in his heart and said in his mouth: "You, Muyun, Ling Yuwei and others want to seize the demon spirit blood in me, it is really abominable, I will not give up this account, I hope you will not interfere. !"

After all, Samoro killed the past directly to the landing.

Although he didn't use the evil spirit, his combat power was also very amazing, and he possessed the power of Divine Emperor Nine Heavy in one move.

Lu Ming and Ling Yuwei, Dandan, can only resist.

However, at the moment, Lu Ming and Ling Yuwei were very attrited, and the power to control the Divine Soldier had become somewhat weak. They confronted one move, and they backed off again and again, unable to stop Samoro.

"Everyone, this person is really a demon, and he just used the devil's trick just now, don't let it go!"

"This person is insidious and cunning, and when we are dealt with, we will definitely deal with you. We will join forces to kill him!"

Huaxue was very anxious and shouted to the Buddha and the Lord of Fighting War.

"Amitabha!"

Among the Buddhism, the real Buddhism, who chanted the Buddha's horn, not only did not take action, but took the Buddhism person back, and backed away for a distance, making it clear that the two did not help each other.

Those who fight against the Lord of the War will turn their attention to the God of Fighting God.

Chapter 4007: Fighting God Yuan Wen shot

The people of the Fighting Saint Clan turned their attention to the Fighting God Yuanwen, and obviously, among the Fighting Saint Clan, the Fighting God Yuanwen prevailed.

"Hey!"

Dou Shen Yuan Wen laughed a few times, and suddenly, a purple-golden halberd appeared in his hand, and a strong breath came out.

bump!

Fighting God Yuanwen stepped out in one step, and the purple-golden battle halberd quickly grew larger and came out in one stroke.

The target of his attack was actually Samoro!

The purple-golden battle halberd cut through the void, and the power exploded, actually reaching the Divine Emperor Ninth Level.

It has to be said that the strength of Dou Shen Yuan Wen is amazing. At this time, his cultivation behavior is only the pinnacle of Divine Emperor's weight, and the sacrifice of a large-scale killer, which directly reached Divine Emperor Jiu Zhong, was terrifying.

It's not that the killer of Dou Shen Yuan Wen is more advanced and mysterious than Bingxuan Cudgel. It can only be said that this purple-gold war halberd is an ancestral war halberd of Dou San Sheng Clan, which is more in line with Dou Shen Yuan Wen.

Samoro's face changed, a palm burst out, and a huge palm formed, blocking the attack of the purple-golden halberd.

"This Xiongtai, what do you mean? We seem to have no injustice or hatred?"

Samoro froze and asked.

"We are innocent, but you want to kill Muyun, I disagree, because he is my opponent, only I can kill him, you can't!"

The fighting **** Yuanwen battle halberd pointed to Samoro, a cold expression on his face.

On the edge, Lu Ming was speechless.

And Samoro, ugly face is dying.

Unexpectedly, the reason why Dou Shen Yuan Wen shot him was actually like this.

"You are looking for opponents, I will be your opponent, but today, this Muyun, I must kill!"

Road to Samoro.

"you?"

Dou Shen Yuan Wen's eyes showed contempt, and said: "You can't do it, you're still far away!"

Samoro almost vomited blood.

He was despised, but he awakened the devil Tianjiao, the bloodline of the demon ancestor, the most talented Tianjiao in the history of the Eight Snake Mountains. He was so underestimated by the fighting **** Yuanwen. He wanted to vomit blood and his eyes were very cold.

He was thinking about how to solve Lu Ming and Ling Yuwei, and then solve the God of Fighting God.

In his mind, the death sentence has been sentenced to the fighting **** Yuanwen.

Lu Ming and Ling Yuwei did not speak, and they recovered quickly.

"Go away. If you don't, you can only hit you!"

Fighting God Yuanwen is powerful and overbearing.

"court death!"

Samoro roared and shouted suddenly, flashing in shape, killing the God of Fighting Yuanwen.

boom!

Dou Shen Yuan Wen swallowed like a tiger, and the halberd force split, and he made a move with Samoro. However, Dou Shen Yuan Wen was not an opponent.

Samoro hurried to catch up, wanting to go all out and kill the fighting **** Yuanwen.

"With the cultivation of Divine Emperor Liuzhong, I will meet you in my Yuanwen son!"

Among the fighting clan, a burly young man came out step by step, his breath was vigorous, his whole body shone with a red golden glow, waving a spear, and piercing Samoro.

boom!

The two made a match, and their bodies shook, and they both retreated at the same time.

Obviously, the Tianjiao, who is fighting against the Holy Clan, is also extremely powerful. He is cultivated in the sixth level of the Divine Emperor, but his combat power is not weaker than Samoro.

"It's now!"

At this time, Lu Ming and Ling Yuwei shot at the same time.

call out!

Ling Yuwei erupted in her final power, shot a tremendous arrow, penetrated the void, and shot at Samoro.

The arrows uttered a horrible roar, tearing everything as if everything could not be hindered.

At the same time, Lu Ming waved the Ice Profound Stick, and also input the final power into the Ice Profound Stick, sending out the strongest blow. The huge stick figure was like a mountain, pressing against Samoro.

The timing of the two was very good. It happened that Samoro and the Tianjiao of the fighting clan had a match. When they retreated, the two shot.

The purpose of the two shots is not to kill Samoro.

The two knew that even if they attacked suddenly, it would be difficult to kill Samoro. Their purpose was to force the other to reveal their true identity.

In the face of life and death, it is difficult to hide again.

Sure enough, Samoro's pupils contracted sharply, his hair covered upside down, and a sense of crisis erupted from his heart.

Roar!

At a critical moment, Samoro roared, rushing out of a full of evil spirits, and at the same time, his body changed drastically.

A pair of demon wings stretched out, and at the same time, his body grew bigger and became wide-mouthed.

Samoro completely reveals the demon form.

Because only in the form of the devil is his strongest form.

Facing a crisis, he subconsciously turned into a demon form to avoid the crisis.

Turning into the form of a demon, Samoro roared, and the devil's claws grabbed out. First, the arrow shot by Ling Yuwei was defeated, and then blocked the attack of Bingxuan stick.

"Die to me!"

Samoro roared and killed Xiang Luming and Ling Yuwei.

Lu Ming and Ling Yuwei flew back quickly.

When they attacked a move, they quickly retreated, but the speed is not as good as Samoro.

However, they have something to do.

When they shot, they had already negotiated a retreat.

"Get up!"

After a sip, a large array emerged, and then the large array condensed a tortoise shell and blocked it in front of Samoro.

boom!

Samoro grabbed a claw on the turtle shell and made a piercing sound. There were dense cracks on the turtle shell, but he finally blocked Samoro's attack.

That's enough.

Because, fighting God Yuanwen and others have already reflected it.

"Demon, really a demon!"

"This person's breath is so strong that Divine Emperor Liuzhong has such a fighting power and is a peerless arrogance among demons!"

"Can't let him go!"

There was a loud roar.

The fighting **** Yuanwen and the Tianshengjiao, the fighting holy clan just shot, responded the fastest and shot directly. A purple-gold war halberd and a golden spear pierced Samoro.

Faced with the attack of the two, Samoro could not continue to attack Lu Ming and could only turn back to resist.

At this time, other people also reacted and shot.

Including Buddhist people.

"Amitabha, the demon, the poor monk is overtaking for you!"

The real Buddha family, covered with golden radiance, and the radiance of the Buddha's light above his head, was shot with one palm, and a huge golden palm print was shot towards Samoro. The power was very amazing.

At the same time, the other members of the Fighting Holy Clan and the Buddha clan also shot, all kinds of attacks, slammed toward Samoro.

"hateful!"

Samoro roared, and the Demon Blade appeared, chopping out continuously, blocking all attacks.

However, besieged by so many people, several of them are very powerful, not much weaker than him.

For example, the Tianjiao, who holds a spear in the Fighting Saint Clan, and the real Buddha clan, are very powerful, not weaker than him, and killing so many people, Samoro can't eat it. Although he blocked the attack, But myself, I have stepped back and forth.

Chapter 4008: Sacrificial ceremony

Samoro was attacked by so many people and retreated one after another, while Lu Ming, Ling Yuwei, Dan Dan and others quietly walked around behind the Douhan Shengzu and Buddhism, where they recovered while watching the drama.

Samoro's spitting blood, the killing in his eyes, almost turned into substance.

"kill!"

Attacks by the Dou Shen Yuan Wen and others fell like a storm to Samoro.

Samoro is definitely the ultimate evil among the demons. If he can get his demonic spirit blood, he can definitely exchange a lot of merit.

The calculation method of Tiangong meritorious service is related to two aspects.

One is the level of cultivation. The higher the cultivation level is, the more merits the demon spirit blood exchanges.

There is another potential.

The greater the potential of demons, the more merits they will exchange.

The greater the potential, the more meritorious value and no cap.

Samoro is only the sixth heavyweight of the emperor, and its combat power is so powerful, it is almost close to the candidate of the cosmic sky pride list of the Honghuang universe.

The potential of this existence is also extremely amazing, and the merits of the exchange can be imagined.

They naturally shot with all their strength and wanted to win Samoro.

Samoro also shot with all his strength, the spirit of Mosha blasted into the sky, the wings of the demon were like **** swords, cut off the void, the sword of the devil in the right hand, and the claw of the devil in the left hand, rebelled the void.

Boom!

The two sides fought for more than ten moves in a row. After all, Samoro was still invincible. He was blasted out, broke a hill, and coughed up blood.

"You wait for me, you will all die!"

Samoro roared angrily, the devil's wings flickered continuously, and turned into a magic light, rushing towards the distance, the speed was amazing.

"Want to leave, stay!"

"kill!"

Fighting God Yuanwen and others shouted, a battle halberd, a spear, a golden Chancan Buddha handprint, and a golden Chanchan scepter, tearing the void and killing Samoro.

what!

With a scream, blood was scattered in the void, and in front, quieted down.

Fighting God Yuanwen and others chased past, but immediately returned without success. Apparently, although Samoro was injured, he also fled.

Then, the eyes of Dou Shen Yuan Wen looked at Lu Ming, showing a strong fighting intention.

"Thank you for your help!"

Lu Ming clenched his fists.

"Don't thank me, in the vast universe, I rarely meet an opponent, but I don't want you to die like this!"

Dou Shen Yuan Wen grinned.

On the side, the people fighting the Holy Clan and the Buddha clan were very surprised.

What do you mean by Dou Shen Yuan Wen?

Can Lu Ming compete with Dou Shen Yuan Wen?

Is it him?

They couldn't help but think of the mysterious demon who had battled with the fighting **** Yuanwen in Yinkeng Magic Mountain.

At the beginning, Lu Ming was easy-going. They didn't know Lu Ming's true face at all. They always thought it was a mysterious arrogance.

Is it Muyun in front of you?

However, judging from Lu Ming's action, it is really possible.

Lu Ming just urged the big killer, and actually exerted the fighting power of Divine Emperor Jiuzhong, not weaker than Dou Shen Yuan Wen. Thinking of this, the color of surprise in their eyes was even stronger.

"Anyway, you saved me once, I promise, I will let you once again!"

Lu Ming said.

"Hahaha, you let me do it once? A big tone, I'm afraid you have no such opportunity!"

Fighting God Yuanwen laughed, and then said: "Now is not a good time to fight, Muyun, I hope you can become a heavenly soldier, we are in the heavenly palace, divided high and low!"

"Just what I want!"

Lu Ming said.

"Yuanwen son, this place should not stay for a long time. The demon demon fled just now. I am afraid that a large number of demons will be recruited. Leave this place first!"

The genius of a fighting sage clan said to the fighting **** Yuanwen.

At this moment, those of the Buddhism have already started and left here.

"Muyun, let's go together!"

Dou Shen Yuan Wen looked at Lu Ming.

In Lu Ming's eyes, there was a trace of gratitude.

Obviously, Dou Shen Yuan Wen saw that Lu Ming and Ling Yuwei had not fully recovered. If they met a demon, it would be very dangerous, so they invited them to go together.

In addition to being belligerent, this character is good.

Lu Ming will not refuse, and they immediately leave here with Dou Shen Yuan Wen.

After a period of time, when Lu Ming and Ling Yuwei's condition restored the peak of the Dao, the two sides separated.

Lu Ming, Ling Yuwei, Dan Dan, and Hua Xue went in the other direction.

Because they received the news, there were other elven people who hurried over and they had to meet with each other in the past.

Soon, Lu Ming and the elf clan converged. This group of elf clan, a total of more than a dozen people, are all young people, and are the top arrogance in the elf clan.

"I have seen the princess, I have seen the pony!"

They saluted Ling Yuwei and Lu Ming.

Lu Ming obtained the seeds of the holy tree for the elven tribes. This is a great favor for the elven tribes. Most elven tribes recognized Lu Ming and the relationship between Lu Ming and Ling Yuwei.

"You... don't call it that now!"

Ling Yuwei's face was flushed. Although she was beautiful, she was embarrassed.

Lu Ming also coughed a few times, feeling a headache, and quickly digressed.

After a while, they left here and continued to hunt the devil, but they no longer went deep into the Eight Snake Mountain Range, they just turned around.

...

In a valley, there are a large number of demon masters, but at the moment, these demon masters are silent and dare not come out.

Because, deep in the valley, Samoro was angry.

Samoro was indeed angry and mad, and his whole murder was about to be reduced to substance.

Although his injury was healed, he was getting more and more angry.

"Muyun, Ling Yuwei, and the people of the vast universe, I want you to die, die..."

Samoro snarled and his face was terrible.

"Prince, what shall we do next? The people of the Honghuang Universe are too scattered, and it is difficult to hunt, and during this time, the people of the Honghuang Universe are smart and not easy to be fooled. It is more difficult to hunt them. !"

A demon minister reported.

"Hunting is difficult, then let them take the initiative to die!"

Road to Samoro.

"Volunteer to die?"

The demon ministers below are all suspicious, not knowing what to do.

"I have found out clearly that the souls of these vast universes are here to get our demon spirit blood, then we will use the demon spirit blood to attract them!"

"During this time, we have retrieved a large amount of demonic spirit blood from the creatures of the wilderness universe, and there is news that we will hold a sacrificial ceremony at the highest peak in the north, Shenxia Peak, in a month!"

"At that time, those creatures in the vast universe will naturally go towards Shenxia Peak!"

Road to Samoro.

"What if...the people of the vast universe don't go?"

Someone asked.

"No, I won't go all of them, but there must be a large part of them. Well, go prepare!"

Samoro gave the order.

Chapter 4009: Breakthrough Divine Emperor Double

In a blink of an eye, five days have passed, and Lu Ming has been hunting demons in the periphery, but has not encountered danger.

At this time, several elves who went out to investigate the news returned.

"Did you find any news?"

Ling Yuwei asked.

"There is a major news that the devil will perform a ritual ceremony in the northern Shenxia Peak after 25 days!"

An elf said.

"Sacrifice ceremony?"

Lu Ming showed his doubts.

"Sacrifice rituals are a tradition of demons. For example, if a large number of demons are killed in war, the demons will take out the blood of these demons and hold sacrifice ceremonies. In the legend of demons, this will allow those demons who died in war to reincarnate !"

The elven clan said proudly.

"In this way, there will be a lot of demon spirit blood in Shenxia Peak!"

Lu Ming whispered.

Other people's eyes also shone brightly.

In the Eight Snake Mountains, there are three ways to obtain demonic spirit blood.

The first, of course, is to hunt demons and obtain demonic spirit blood.

But this kind of efficiency is the slowest.

The second is to **** the demonic spirit blood of other people in the Honghuang Universe. In this way, the speed will be much faster.

The third is to hunt down demons.

But the prerequisite is that a war broke out on both sides.

For example, during this time, the demon layout hunted a large number of wilderness universe creatures. In this way, the demonic spirit blood obtained by those wilderness universe creatures would return to the demons.

Hunting demons at this time, the most demon spirit blood obtained.

The demon's sacrificial ritual at Shenxia Peak is obviously the blood of the demon spirits snatched back from the side of the cosmic creatures in the wilderness, and gathered together to perform the sacrificial ritual.

There is no doubt that this time Shenxia Peak will gather a lot of demonic spirit blood. If it can be obtained, it will be a huge harvest.

"However, I am afraid that there are many traps!"

Lu Ming said again.

"Then, shall we go?"

Ling Yuwei said.

Ling Yuwei, as well as the arrogance of other elven races, are not stupid.

The devil chose to perform the sacrificial ritual at this time, most of them were ambushing, deliberately attracting people from the Honghuang universe.

"I guess there will still be many people who will go to the vast universe!"

Lu Ming said.

The major races in the Honghuang Universe, especially those in the top ranks, have many masters, and there are not few arrogances fighting across several levels.

Some older people are not weak in cultivation. These people may not be afraid of demons.

Knowing that there are so many demons and spirit blood, these people may not be able to bear it.

"Then shall we go?"

Ling Yuwei said, she watched Lu Ming completely, Lu Ming went, he went.

"Whether to go or not depends on the situation!"

Lu Ming said.

"It depends?"

Everyone was puzzled.

"Not bad!"

Lu Ming nodded and said, "Your cultivation base should be about to break through the Divine Emperor triple?"

Lu Ming's eyes looked at Ling Yuwei, and he could feel that Ling Yuwei's cultivation behavior was infinitely close to Divine Emperor Triple.

"Yes, my cultivation base is about to reach the Emperor Triple, and after that battle, I feel that it is possible to break through at any time!"

Ling Yuwei nodded.

"My practice is about to break through, so I said, it depends on the situation!"

"If we can break through within twenty-five days, we can go, if there is no breakthrough, we will not go!"

Lu Ming said.

If there is no breakthrough in their cultivation practice, even if they control the big killer, they can only compete with the existence of a **** emperor Jiuzhong. The key is that they can't compete with a few moves, and they will be exhausted.

That went to Shenxia Peak, and did not have the strength to compete for the demon spirit blood, but instead acted to die.

However, if they were able to break through, and their combat power soared, they would not be able to go there for a while, and they might have a chance.

"Okay, then. Break through now!"

Ling Yuwei nodded.

Immediately, they found a secret place to live and began to retreat and practice.

In a cave, Lu Ming closed himself inside.

With a wave of his hand, the ball flew out and floated in the air.

He said this for another reason, because he felt the ball was also breaking through.

"Eat, I want to eat!"

The ball opened its mouth, whispering non-stop, about to break through, the ball needs a lot of energy.

Lu Ming took out a bunch of magic weapons and threw them to the ball, which was swallowed by the ball, and then the balloon was immersed.

After appeasing the ball, Lu Ming also began to practice.

After a series of battles, stimulated by huge pressure and crisis, Lu Ming's cultivation practice is advancing by leaps and bounds, especially the battle with Samoro. It is very difficult. Lu Ming pressed himself to the extreme, and his potential was also inspired to the extreme.

When he recovered, he found that he was very close to the Divine Emperor.

"I must break through within 25 days, no, within 20 days..."

Lu Ming whispered, giving himself a strong pressure.

Buzz...

His whole body was shaking, and under this pressure, Lu Ming began to try to impact the realm of Divine Emperor.

A trace of potential in the cell is constantly stimulated.

Time passes quickly!

One day, two days, three days...

Soon, ten days passed.

boom!

At this time, the ball suddenly burst into a strong breath.

The ball broke through, and Xiuwei reached the five levels of Divine Emperor.

The ball reached the fifth level of the Divine Emperor. With the power of the ball, it can definitely kill the existence of the ordinary Divine Emperor Seventh Level, and it can definitely become a big help for Lu Ming.

"Balls have broken through, I have to speed it up, fast, fast, I feel the bottleneck is touched!"

Lu Ming whispered and continued to practice.

Soon, the eighteenth day, arrived.

Suddenly, Lu Ming opened his eyes, and his eyes seemed to have the sun, moon, and stars appearing. Then, a strong breath emerged from him.

This breath rose sharply, and finally leaped into another realm.

Lu Ming showed a happy look!

Breakthrough!

Finally breaking through to the Divine Emperor's Double, Lu Ming felt the power of taboo in his body and skyrocketed.

And, it hasn't reached its peak because it has just broken through and it's not solid yet.

Lu Ming took out a lot of spirit wood hearts and began to absorb them.

Another day later, Lu Ming's breath finally stabilized.

"With my current strength, it should be much easier to control the Ice Profound Stick!"

Lu Ming felt the vigorous power in his body and smiled, at the same time, he also showed his self-confidence.

If he now controls Bingxuan stick and uses Bingxuan stick to explode only the power of Divine Emperor Jiuzhong, he should be able to use a lot of tricks, at least dozens of tricks, not just a few tricks like before.

Of course, Lu Ming can also explode with all his strength. Then, the power of Ice Profound Stick will increase greatly, which exceeds the power of ordinary Divine Emperor Jiu Zhong.

But in general, Lu Ming's combat power has greatly increased.

Chapter 4010: Gathering at Shenxia Peak

"However, Bingxuan stick can be used less, or less!"

Lu Ming warned himself in this way.

Bingxuan stick is a foreign object after all.

Transitional reliance on foreign objects will create a feeling of dependence on foreign objects, and you will lose your aggressiveness, which will be very unfavorable for future practice.

Lu Ming decided that after completing this assessment, he could not use Bingxuan stick as much as possible.

"Lu Ming, you have broken through, too!"

The ball flew over with a pleased look.

"Take it!"

As soon as Lu Ming looked at the ball, he knew what he was paying attention to. He took out a large amount of magic weapon and threw it to the ball.

The ball opened with a big mouth, swallowed all in one bite, and then showed the color of satisfaction, turned into a bracelet, carried on Lu Ming's wrist, Lu Ming broke through the barrier.

As soon as he broke through the barrier, he saw Ling Yuwei standing in the void, with a strong breath constantly filling her body. Behind her, a towering tree towered into the sky.

The elves of the elven clan guarded around carefully, protecting Ling Yuwei.

Triple Emperor!

Lu Ming felt a little bit, and knew that Ling Yuwei's cultivation practice had indeed broken through and entered Divine Emperor Triple.

For a long time, Ling Yuwei's breath calmed down, and the vision of the towering tree also converged and disappeared.

"Congratulations!"

Lu Ming stepped up into the air and smiled.

"Tongxi, it seems that you have also made a breakthrough. This trip to Shenxia Peak is a must!"

Ling Yuwei smiled.

"No such demons have attracted demons. It seems that the strongest among the demons is really not nearby. We are heading to Shenxia Peak. We, the pedestrians, cannot go all!"

Lu Ming said.

Ling Yuwei nodded.

Finally, it was decided that Lu Ming, Ling Yuwei and Dan Dan would go, and the others would stay here.

It is conceivable that Shenxia Peak is very dangerous, and a fierce war will definitely break out at that time. The strength is not enough. If you go, you will die.

Lu Ming and Ling Yuwei's cultivation practice, both breakthroughs, greatly increased their combat power, and Dan Dan's formation is extremely mysterious, and may come in handy by then.

After the decision was made, the three immediately set off and rushed towards Shenxia Peak.

Along the way, they really did not encounter any powerful demons, not to mention the demon of Divine Emperor Jiuzhong, even the demon of Divine Emperor Yazhong, did not encounter a few, and occasionally encountered some demons, the strength is very weak, was Lu Ming They solve it easily.

So, there was no obstruction along the way, the three of them were very fast, and it took only three days to come to Shenxia Peak.

There is a day before the sacrificial ceremony of the devil begins.

In front, a tall and majestic peak stands between heaven and earth.

Far away, you can see that there is a demon figure flashing on the mountain.

The three Lu Ming stopped in the distance.

Nearby, they discovered other creatures from the wilderness universe.

For example, the Buddhism and the blood race are very powerful races.

Each of these races has gathered more than 100 people and observed them in the distance.

No one shot for the time being, apparently waiting for the opportunity.

In a day's time, it was a flash.

This is the hidden universe of the wilderness creatures, watching Shenxia Peak from afar.

At this time, they saw that a lot of demons appeared on the top of Shenxia Peak, around an altar, and then a demon took out a huge crystal coffin and placed it on the altar.

Many people's eyes burst into light. There is no doubt that inside the crystal coffin is the demon spirit blood.

Devil, it's time to start the sacrificial ceremony.

However, no one has shot yet, all are waiting for someone else to take action.

"The sacrificial ritual will take seven days and seven nights. After the sacrificial ritual is over, those demon spirit blood will dissipate. We are not in a hurry!"

Lu Ming voiced Ling Yuwei and Dan Dan.

Others are holding the same ideas as him.

In a flash, two days passed.

Finally, someone couldn't help it.

A team rushed towards Shenxia Peak.

"That's... the genocide!"

Lu Ming and others looked at him.

This team comes from a terrifying and powerful race, a genocide.

The World Extinguishing Clan, ranked 11th on the Honghuang Wanzu List, is the second-largest race in existence, and it is very powerful.

There are more than a hundred people in the World of Destruction, and the speed is very fast. In a flash, it will soon reach the top of the mountain.

"kill!"

In Shenxia Peak, a demon was suddenly killed. This demon is composed of dozens of **** emperors nine heavy, dozens of **** emperors eight heavy, and hundreds of **** emperors seven heavy demon, the strength is very powerful.

The demons and the people of the annihilating family fought together, the world of killing roared, and the sun and moon were dark.

However, the World Extinguishers soon fell into a disadvantage.

Although there are some terrible characters in the world of annihilation, they can cross several levels of battles, and there are also peerless monsters with big killers. The nine-fold power of the Divine Emperor is not small, but after all, the number is less than the demons. Several corpses were found, and the people of the World Extinguished Family retreated.

Those demons did not pursue.

Soon, the annihilated people disappeared in the forest.

"Obviously, there are a lot of demons in Shenxia Peak. Just now, it was just one of them!"

Lu Ming said.

"Well, they want to lead everyone out, and then they will be swept away!"

Once and for all.

"Let's hide, don't act rashly, those powerful races will definitely be intolerable!"

Lu Ming said.

The three of them, hiding in a secret place, observe in secret.

Lu Ming guessed well, just one day later, those powerful races could not be suppressed, led by the top ten races, combined with other races, intending to gather together, and attack Shen Xiafeng together, after getting the demon spirit blood, the major The forces are divided equally according to merit.

Soon, there were people from more than fifty races who gathered together.

There are thousands of people in 50 races.

Uh! Uh! Uh! ...

These people started, flashing in the mountains and rushing towards Shenxia Peak.

When these people approached the place where Shenxia Peak was three hundred miles, they all evacuated and rushed to the top of Shenxia Peak.

"kill!"

Inside Shenxia Peak, an indifferent voice came out, and then the dense demons rushed out of Shenxia Peak and rushed to the major race powers of the vast universe.

The armies of the two sides collided fiercely and a fierce battle broke out.

When the two sides add up, there are tens of thousands of strong men participating in the war, and the power is shocking.

"A lot of masters, there are nearly two hundred deities and nine demons!"

Lu Ming and others showed dignified colors.

So many **** emperor Jiuzhong's demons, who shot together, are absolutely terrifying, even with their current fighting power, they can only escape.

The major races of the Honghuang universe obviously didn't expect that there would be so many powerful demons among the demons. When they met, they suffered a big loss, and some people were constantly torn by demons.
