

D Emperor 401

Chapter 401: Let's go together

This young man, wearing purple clothes and purple boots and a purple jade belt around his waist, even the battle sword, is purple. The whole person looks full of luxury.

"Zidong, the 19th ranked Zidong in Qianjiang waters!"

As soon as the young man came out, someone whispered.

Qianjiang Waters ranks 19th and is already the strongest of Jianfengyun.

Zidong is very proud, looking at Lu Ming with cold eyes, and exudes a strong breath on his body, saying:
"Lu Ming, although your combat strength is good, but it is too arrogant, but I can give you a chance, if you can pick me three The sword is not dead, I can consider spare your life!"

"Take you three swords and never die? Ha ha, it is really self-confidence. If you want to start, hurry up, I can give you a chance to shoot a sword. You better use all the tricks at the bottom of the box. After one trick, you don't have Opportunity."

Lu Ming said faintly.

Who is not crazy?

"Crazy, then die for me!"

Zidong's murderous opportunity burst out, and his body was filled with a strong purple light.

"Purple Sword Technique, a sword coming east!"

Zidong Changxiao screamed, the war sword came out of the sheath, and all of that, the sky was full of purple gas.

Immediately, in the purple qi, a purple sword light, like a fairy outside the sky, stabbed towards the landing.

The speed was so fast that a long trace appeared in the sky.

bump!

But Lu Ming greeted him.

Lu Ming's foot didn't show Kowloon's footsteps, it was just an ordinary foot, but it burst out with a powerful true energy and a trend of wind and fire.

When this foot went down, the purple sword light fell apart, and this foot directly kicked on Zidong's face.

In an instant, Zidong's face was deformed without even screaming. The whole person flew backwards, continuously broke seven or eight trees, and slid a deep trace on the ground, lying Beyond the kilometer, the whole body twitched continuously, and there was already a lot of outgassing and less air intake.

Hiss...

A cold breath sounded, and everyone watched the landing stunned.

This is too overbearing, directly kicking Zi Dong kicked half dead, what kind of combat power is this?

Heavenly Snake Master, Yan Fei looked for several people to swallow saliva, feeling cold sweat in his back, hands and feet shaking.

They couldn't help but wonder what would happen if Lu Ming kicked their feet on their faces.

Jian Fengyun was also in a daze for a while, then his eyes showed hope.

Lu Mingzhiqiang exceeded his expectations.

The young man in the blue robe in the waters of Qianjiang, as well as the five or six young people around him, his face dignified.

"I said, you only have the chance of a sword!"

Lu Ming glanced at Zidong lightly, and then did not look at him.

"Huh, it's just Wu Zong's eighth preparatory practice. Among us, at least six people are not weaker than you, and there are a few who can kill you!"

In the waters of the Qianjiang River, a young man snorted coldly, and a cold killer burst into his body.

"Oh? Who wouldn't be a gunner? That guy said the same thing just now. In the end, I couldn't even catch a foot. I see you Qianjiang waters can only shoot guns. It's all waste!"

Lu Ming looked at everyone in the Qianjiang water provocatively.

"Arrogance!"

"court death!"

Suddenly, the people in the Qianjiang waters were angry.

With that blue robe youth as the center, a strong breath erupted one by one.

A breath of air rises like a wolf smoke, terrifying.

"Let's talk nonsense, come on together, I'm too lazy to hit them one by one."

Lu Ming's mouth hung contemptuously, and said lightly.

"what?"

"you..."

The genius in Qianjiang's waters almost crooked.

Lu Ming actually wanted to challenge all the geniuses in Qianjiang waters by himself? This is Chiguo's insult, Chiguo's contempt.

However, Heavenly Snake Master, Yan Feixun and others were ecstatic and shouted: "Haha, Lu Ming, a fool, with a little fighting power, he went crazy, and dare to challenge all the geniuses in the Qianjiang waters? Really looking for his own death. !"

Jian Fengyun also changed his face and shouted, "Lu Ming, no, the top ten geniuses in the Qianjiang waters are all here. That blue-robed young man is Jiang Wantian, the number one in the Qianjiang waters. Don't care, you are still fast Break through."

Judging from Lu Ming's hands-on situation, Lu Ming is definitely stronger than him, reaching Wuzong Eightfold, and it is definitely the talent of the Three Wars. If Lu Ming breaks through, he may still be able to kill him, but it will challenge the Qianjiang waters. All geniuses, especially Jiang Wantian, are basically a dead end.

Lu Ming ignored the others and continued to scornfully: "Come on, I said, you can't go today. If you don't do it, let me do it!"

"Crazy ignorance, I will cut you!"

A ruthless young man roared and stepped out, a spear appeared in his hand, exhaling a breath of breath.

This is a genius in the early period of Wuzong's eightfold, and is definitely the talent of the three wars.

"dead!!

The ruthless youth was very direct, stabbed with one shot, and shot with a shocking shot.

"Good marksmanship!"

Lu Ming smiled faintly, the Zhenyao gun appeared in his hand, his arm shook, and the Zhenyao gun also burst out.

when!

The guns roared, and the spears of the two lances spiked together.

There was a roar, and there were ripples at the tips of the two guns.

"burst!"

Lu Ming whispered, and the violent surging true energy flowed out madly. At the same time, the wind and fire suddenly erupted.

Click!

The fourth-grade top-grade spear of a ruthless youth actually made a clicking sound and cracked the road.

Immediately, the ruthless youth screamed, his body flew out like a cannonball, and flew out hundreds of meters before stopping. There were several gunshot wounds on his body, and blood splattered in his mouth.

"As I said, you can only use guns and cannons. All you do is waste."

Lu Ming smiled contemptuously, and then the rifle flicked away and put away.

The town demon gun, according to the grade, should be the fourth level, but the material used is definitely the material of the fifth-level spirit soldier. It is extremely hard and can withstand Lu Ming's full explosion.

"Your lord really has some skills, then today you can't let you go, let's go and kill this person together!"

Jiang Wantian looked very dignified and said slowly.

Lu Ming's strength is so amazing that even he is not sure of his victory. He can only gather the strength of everyone in Qianjiang's waters to kill Lu Ming.

"I told you to shoot together, and I have to wait until now, well, the warm-up is over, and now I will send you on the road!"

Lu Ming smiled lightly.

"kill!"

"kill!"

Jiang Wantian was the first to drink, and his body breathed amazingly.

Lu Ming felt that Jiang Wantian was no weaker than You Feiyu.

But what about that?

In addition to Jiang Wantian, there are five other people who have also reached Wuzong Yazhong.

In addition, there are more than a dozen Wu Zong seven strong power.

With so many masters working together, the power is simply earth-shattering.

"go to hell!"

Sky Snake and others shouted in their hearts, while their bodies retreated, fearing they would be affected.

"Lu Ming, be careful!"

Jian Fengyun shouted.

He has the intention to rescue, but so many masters have shot together, and he has been injured, it is simply weak.

Chapter 402: Kill all

"dead!"

Nearly twenty geniuses of Wuzong's seventh weight and above, each of whom is a strong man who surpassed the talents of World War II, shot together, and the whole space was boiling, as if it was about to burst.

Jian Qi, Dao Mang, Boxing Power, Gun Mang, etc. merged together and drove towards the landing.

bump!

Lu Ming stepped heavily on the ground, his body retreated at a rapid speed, and he stepped back a thousand kilometers in an instant. Then he took a deep breath and his body suddenly rose.

"Heavenly palm!"

Lu Ming took a light drink and waved it. The aura between heaven and earth boiled instantaneously and was extracted. A huge palm print was formed and blasted toward Jiang Wantian and others.

The palm print hasn't arrived yet. The terrible angry machine has made it difficult for everyone to breathe.

The geniuses in the waters of Qianjiang, such as Jiang Wantian, suddenly changed color, because the power of this palm was too horrible.

"Not good, withstand, must withstand!"

Jiang Wantian shouted.

"Blazing waves!"

Jiang Wantian shouted, and with a palm shot, a torrential river formed, entraining the turbulent waves, and blasting towards the palm of heaven.

At the same time, all kinds of swords, punches, and explosive burst into the palm of heaven.

boom! boom! ...

With so many people joining forces, the power is indeed terrifying. Various attacks are blasting on the palm of the Heavenly Path, and they continue to roar. After each roar, the power of the palm of the Heavenly Path will be weaker.

When more than two dozen attacks have been consumed, the power of Heaven's Palm is scarce.

"Haha, block it!"

Someone in the Qianjiang waters laughed.

They believe that such a strong attack, Lu Ming can only erupt once at most.

"What's so happy? Second palm!"

A faint voice sounded, and the second mark of the Heavenly Dao formed, and continued to bombard.

"Ah? Why?"

The masters of Qianjiang waters were desperate, and then they exploded their strength to eat/milk and attacked.

boom!

Once again, it intersects with the seal of heaven.

But this time the second palm print has not been cancelled. In the sky, the third palm print is formed again and snapped.

"Do not!"

Jiang Wantian and others shouted in horror, showing the look of despair.

boom!

The third palm print was snapped and they could no longer resist it.

Some masters of Wuzong Qizhong have cracked bodies and were bombarded on the ground with their palms. They died instantly.

Several masters of Wuzong's eightfold heavy vomiting blood also fell to the ground and were seriously injured.

"kill!"

Lu Ming didn't give them any chance. With a wave of his hand, he condensed dozens of lances and shot them out.

puff! puff! ...

Jiang Wanchun and others were all pierced by a spear and nailed to the ground.

During a few breathing hours, Qianjiang's top 20 geniuses were all killed.

At the scene, the rest looked at this scene in shock.

"Oh my God, how could this be? How could this be?"

Among the people in the Qianjiang waters, Li Qiushui and Jiang Chun were staring in horror, and their eyes were incredible.

Lu Ming, actually killed the top 20 geniuses in Qianjiang waters in one fell swoop. How is this possible?

They were sweating and trembling with cold sweat.

The son of Tianshe, Yanfeixun and others were similar to those of Liqiu Shui, and their scared courage was almost broken.

"Don't the two of you always want to shoot me? Now, give you a chance to shoot!"

Lu Ming's eyes turned to Li Qiushui and Jiang Chun.

"me..."

thump!

I have been away from Qiushui for a long time and couldn't say a word. Suddenly, he fell down on his knees and made a miserable cry: "Lu Ming, no, Brother Lu, no, Lord Lu, I have no eyes and no eyes on Mount Tai. , You are a real dragon in the sky, and I, just a poor reptile, please forgive me!"

thump!

Li Qiushui's words just fell, another kneeling sounded, but it was Jiang Chun.

Jiang Chun is even more exaggerated, it is simply a five-body cast, shouting: "Lu Shaoxia, please beg me to forgive me, my family has eighty mothers, and a daughter-in-law who hasn't passed the door, they will rely on me in the future, as long as you spare After me, I can be a bull and a horse."

The screaming is so sad that it makes people cry.

Lu Ming was a little stunned. He had been running around for so long. Such a wonderful work was still the first one to see.

The warriors are all arrogant, even if they are afraid of death, they will not be shamelessly begging for mercy.

"Lu Ming, don't listen to them. As far as I know, Jiang Chun doesn't have an 80-year-old mother, or a wife who hasn't passed by, and the good-looking girl he has ruined is not a minority!"

Sword Fengyun shouted.

"Sword name, you... why are you hurting me?"

Jiang Chun shouted.

"So much nonsense!"

Lu Ming said coldly, then waved his hand, and two guns flew out. Before Qiushui and Jiang Chun could not react, they were nailed to the ground.

"Run away, run away!"

There are dozens of young people left in the Qianjiang waters, and they are desperately running at this time.

Lu Ming glanced and did not pursue.

Most of the young people in Qianjiang's waters have no injustice with him. Lu Ming is not a killer, nor will he kill him.

"go!"

At this time, the Snake Master and others quickly ran in one direction.

Lu Ming looked coldly in the past, and then stepped out one step, his figure flashed, and when he appeared again, he had already reached him in front of Tianshe.

"Lu Ming, what do you want to do? I know you are from the raging empire. If you dare to move me, my family will surely calm down your raging empire!"

Sky Snake's face was scared pale, and he shouted.

"As long as you are all dead, who can know me?"

Lu Ming smiled lightly and didn't care. Then he looked at Jianfengyun and said, "Brother Jian, it's better to do this. These people will give you a solution."

They wanted to kill Jianfengyun and gave it to Jianfengyun to solve it.

"Okay, exactly what I want!"

Jian Fengyun flew over and looked at Tian Snake Master coldly.

"Wei Tianshe, die!"

Jian Fengyun drank coldly, the war sword came out of the sheath, and the powerful sword gas pressed towards the Heavenly Snake Master.

"Jianfengyun, don't think I'm afraid of you. Today, I will see, who are you and me?"

Seeing that he couldn't escape, the Heavenly Serpent Son was out.

"Ten Thousand Snake Swordsmanship!"

call out! call out! ...

The dense sword energy suddenly shot from the hands of the Heavenly Snake Master, and the sword energy was like a poisonous snake, killing towards the sword.

"A sword rises!"

Sword Fengyun whispered, and then a sword light suddenly emerged, piercing the void, and all the sword qi issued by Sky Snake was defeated by a sword.

"Two swords are bloody!"

call out!

Jian Fengyun united with each other, Jianguang flashed away.

Boom!

There was a sudden burst of blood in the snake's throat.

A sword broke!

"Jianfengyun, you..."

The Sky Snake screamed, and he died in anger.

"Run away!"

Yan Feixun was shocked, almost scared, and turned to run.

call out!

The sword flashed, and Yan Feixun's head flew high.

Immediately, the sword light flashed continuously, and the remaining people in the Yundi Mountain all died under the sword Fengyun's sword.

"Traitor, there is no need to live in the world."

Sword Fengyun whispered, the war sword shook, the blood on the war sword flew out, and then the war sword returned to the sheath.

Chapter 403: Longxue area

Lu Ming nodded secretly, Jian Fengyun's cultivation practice has reached the peak of Wuzong Seventh Level, and only one line away from Wuzong Eighth Level. In the Yundi Mountain Range, it is indeed far ahead, much stronger than the second-placed Snake Master. .

Of course, except him.

"Brother Lu, this time, thank you for your rescue, otherwise, I will die in the hands of these mean villains."

Jian Fengyun came over and thanked Lu Ming with his fists.

"Brother Jian does not have to be polite. These people have hatred against me. Even without this, I will kill them."

Lu Ming smiled slightly.

Jian Fengyun sighed in his heart. It was only then that Lu Ming's cultivation practice actually rose to a point where he couldn't reach it. It was really amazing.

He was sure that when Lu Ming first entered the ancient battlefield of Dongming, he was definitely not so strong, otherwise he wouldn't let off the Snake Master.

After pondering for a while, Jian Fengyun said: "Brother Lu, are you going to Longxue?"

"Not bad!"

Lu Ming nodded his forehead.

"That's right, we had to rush to Longxue, and we didn't expect to meet the people who were in the Qianjiang waters halfway, and the Tianshe actually surrendered to the Qianjiang waters, and dozens of them did not surrender, and they were killed."

Jian Fengyun gritted his teeth.

"Brother Lu, why don't we go together?"

Immediately, Jian Fengyun's voice changed.

"Good!" Lu Ming nodded.

Immediately, the two rose into the sky and flew in the direction of the Dragon's Cave.

Near the evening, they came to a strange place.

In the high sky, you can see that in front of you, huge mountains lie on the ground like real dragons.

It's really like a real dragon. Indistinctly, you can distinguish the dragon head and the dragon tail.

"This is where the Dragon Cave is located. It is said that the real Dragon Cave is deep in this area. Around the Dragon Cave, the vast area is affected by the Dragon Cave, which makes the mountains all form dragons, and there are many elixir and countless treasures!"

"However, it is said that this area is usually shrouded in inscriptions and cannot be found at all. It is impossible to enter. I didn't expect it to be opened now."

Jian Fengyun whispered, his eyes bright.

"Haha, that means our group of people are lucky, let's go!"

After speaking, Lu Ming flew forward and flew forward.

"Ok?"

When he flew into the Longxue area, he was a little surprised.

Because he feels that the heaven and earth aura here is more intense and strange. It is obviously only a line apart, but the heaven and earth aura is completely different.

Moreover, Lu Ming felt that the dragon-shaped real qi in his body accelerated its operation.

If you can practice here, Lu Ming's cultivation speed is faster than other places.

A little deep in thought, the two went on.

Soon, night came.

When the two guarded against the ghost, they found that there was no ghost at all.

everything is normal.

"Did the ghost enter in the Longxue area?"

Jian Fengyun guessed that Lu Ming nodded, only for this reason.

But this is a good thing and saves trouble.

The two fell on a mountain and meditated with their eyes closed.

Jian Fengyun had some injuries, but it was time for luck to heal.

There was no speech overnight. In the early morning of the next day, the two continued to set off and headed deep into the area.

Uh! Uh! ...

Suddenly, the sound of breaking the sky rang ahead.

In front, a young man in Xuanyi hurriedly ran.

Behind, there are dozens of figures in rapid pursuit.

"Xiao Haoyu, you can't escape, just die?"

In the rear, someone shouted.

"Everyone with you is dead. What's the point of you being secretive?"

A sneer sounded.

In front, the Xuanyi youth said nothing, and flew with all his strength.

"It is the strongest person in the Gufeng Mountain area, Xiao Haoyu. I once had a relationship with this person!"

Jian Fengyun whispered.

Lu Ming glanced and stood in the air, not intending to intervene.

Lu Ming is not a great person, and will cause unnecessary trouble for someone he doesn't know.

Lu Ming did not move, and Jian Fengyun naturally did not move.

Xiao Haoyu glanced at Lu Ming and continued to run forward.

But Lu Ming they do not intervene, it does not mean that others do not seek things.

Uh! Uh! ...

The figure flashed, and seven or eight figures surrounded Lu Ming.

"Xiao Haoyu, die for me!"

call out!

Among that group of people, a horrible blade of man, instantaneously shattering the void, slashing towards Xiao Haoyu, incredibly fast.

Xiao Haoyu roared and tried his best to resist, but the blown mouth vomited blood. At the next moment, he was also surrounded by the group.

"Everyone, what are you doing? We don't seem to have hatred!"

Jian Fengyun changed his face slightly.

"What are you doing? Robbery, you two, hand over the storage ring, and hand over the storage ring, you might consider killing you!"

Among those who surrounded them, there was a young man with a skinny monkey sneered.

"The two brothers, don't listen to their words. They are people from a barren region and belong to a large region. Even if you hand over a storage ring, they will still kill you!"

Not far away, Xiao Haoyu shouted.

"Wild area!"

Jian Fengyun heard his face changed.

The barren area, like the Qianjiang water area, is a large area.

Among them, the higher empire sits.

"Oh, Xiao Haoyu, what's the use of calling so loud? Do you think they can die without handing over the storage ring?"

An extremely burly figure, about two meters two or three feet full, with tangled muscles, sneered like a young giant.

"roll!"

Suddenly, a faint voice sounded.

The voice is not loud, but full of coldness.

The voice came from Lu Ming.

The youth in the barren region was slightly stunned, and then someone suddenly changed color and said coldly: "Boy, what are you saying?"

"I told you to roll, don't you understand the human language? Give you three breathing time, don't roll after three breaths, then don't roll."

Lu Ming's voice is still in a hurry, but the coldness is even heavier.

"Boy, you are dead, I will crush your bones now!"

Surrounding Lu Ming, there were eight strong young men. At this time, they made a big step forward and punched Lu Ming with a punch.

bump!

At the next moment, this strong young man was kicked by Lu Ming and flew thousands of kilometers away.

"You...bold, dare to fight back, kill him together!"

Seven other people roared together and attacked the landing.

bump! bump! ...

Immediately, seven roars sounded, and each of the seven young men was kicked by Lu Ming, flying out thousands of kilometers one by one, vomiting blood in a big mouth, and his body almost burst apart.

The faces of the young people who surrounded Xiao Haoyu changed greatly.

Even the unusually burly young man's face dimmed.

Among the eight young men just now, there were Wu Zong Qizhong geniuses, but they were still kicked by Lu Ming.

Lu Ming's strength is shocking.

"This time when I'm showing great kindness and spare your life, I'm not happy!"

Lu Ming scolded.

"Boy, I have some strength, let me meet you, as long as you can beat me, I will turn around and leave!"

The unusually burly young man appeared in front of Lu Ming.

Chapter 404: Dead body

"This brother is careful, this man is the strongest in the barren region. Wu Zong's cultivation in the middle of the eighth layer surpassed the talents of the three wars and was extremely powerful!"

Xiao Haoyu shouted.

"Hey, now I know, it's too late, Great Fist!"

The burly youth shouted and punched out.

The punch shook the whole world, as if a continuous mountain range roared towards the landing.

Moreover, a huge mountain was suspended above the head of the burly young man, and five silver chakras shone incomparably.

The outbreak of blood, makes this punch stronger.

"Nine Dragons!"

Lu Ming directly exhibited in Kowloon.

boom!

Punch together with one punch.

Then everyone saw that the punch of the burly young man collapsed instantaneously, and his muscles like steel quickly shook.

bump!

At the next moment, his body was like a deflated ball, and he flew backwards, flying all the way away for three kilometers, before he barely stopped and opened his mouth, blood spewing in his mouth.

"Go, go!"

The burly young man shouted, dared not to stop at all, and ran away.

Others in the barren area were almost scared, like a buttocks blazing, jumping a few kilometers, and went away in a blink of an eye.

Suddenly, there was no one left in the wild area.

Lu Ming did not pursue, these people, just give a lesson.

"Two, thank you for helping each other, hey? You are the sword!"

At this time, Xiao Haoyu flew over, carefully looked at Jian Fengyun, his eyes flashed, and he seemed to recognize Jian Fengyun.

"Brother Xiao, don't come unharmed for several years!"

Jian Fengyun smiled.

"Brother Jian, it's really you. I just didn't recognize it at once, don't you know who this is?"

Xiao Haoyu looked at Lu Ming, his eyes full of shock.

You can defeat the strongest in the barbarous area casually. This kind of strength, even among all the geniuses who entered the ancient battlefield of Dongming this time, can be ranked at the top.

Xiao Haoyu speculated that Lu Ming might be a genius from a super area.

"This is Brother Lu Ming and Lu, but my peerless arrogance in the Yundi Mountain area!"

Jian Fengyun introduced Xiao Haoyu, unconsciously, with a proud color in his tone.

"What? Brother Lu is the arrogance of your Yundi Mountain Range?"

Xiao Haoyu exclaimed, something unbelievable.

"Why? Brother Xiao doesn't believe it, there is nothing to deceive."

Jianfengyundao.

Lu Ming smiled and said, "Here is indeed the person of Yundi Mountain."

"I didn't expect Yundi Mountain Range to be able to get out of Brother Lu's arrogance, which is really eye-opening!"

Xiao Haoyu exclaimed.

"Hello, Xiao Haoyu, what do you mean by this? It seems that we, Yundi Mountain, can't show such characters as Brother Lu?"

Jian Fengyun's eyes glared.

"Brother Jian misunderstood, I don't mean that!"

Xiao Haoyu smiled bitterly and said quickly.

Then he quickly began to cross the topic and said: "Brother Lu, Jian brother, are you going to Longxue?"

"Not bad!"

Lu Ming nodded.

"Why don't we go together?"

Xiao Haoyu said.

Lu Ming did not object, Lu Ming did not object, and Jian Fengyun naturally would not object.

Lu Ming naturally has his thoughts.

Xiao Haoyu is the strongest person in a region. His talent and combat strength are not weaker than Jianfengyun. Joining the Emperor Heavenly Guardian is almost no problem.

In the future, Lu Ming didn't know anyone, but now he has more friends, only good, no harm.

The three went together.

On the way, Lu Ming also knew why Xiao Haoyu was chased and killed by the people in the barren area.

The reason is that now the powerful in all major regions are chasing down the masters of those small regions, especially the strongest in those small regions, all hope to join the Emperor Tianshenwei, kill these people, those large regions The competition will be smaller, and perhaps more people can join the Emperor Heavenly Guardian.

"It seems that the later it is, the more chaotic it will be!"

Jian Fengyun sighed.

It's only a little more than a month now, and those big areas have begun to hunt the masters of small areas. I really don't know what will happen in the later stage.

This is the purpose of the Emperor Tianshen Palace. Only by withstanding many crises and tests can we become the Emperor Heavenly Guardian.

The three of them went all the way, but the speed was not very fast. They all flew at low altitude, while flying, searching for the elixir.

The Longxue area has given birth to a lot of natural resources.

However, along the way, the three did not have much to gain. In many places, they saw pits. Obviously, other people have already taken the lead and evacuated the elixir.

This area is really very wide. The three men flew tens of thousands of miles, but they have not yet reached the place where the real dragon's cave is located.

"Look, there are corpses there!"

Jian Fengyun suddenly shouted.

Lu Ming and Xiao Haoyu also saw a large number of corpses lying in a valley below.

"Go and see!"

The three of them flew down, and at first glance their faces changed.

In the valley, no fewer than one hundred corpses were all dead. The most amazing thing is that all of these corpses became dry corpses.

It seems that all the essence of blood gas has been absorbed.

"What a weird way of death, is it a weird monster?"

Xiao Haoyu gasped, frowning.

Lu Ming frowned.

It was really strange to be sucked out of the blood essence.

Like the Jiulong blood vein, it is only engulfing the essence blood and the power of the blood vein. Ordinary blood, the Jiulong blood vein will not be swallowed.

Afterwards, the three men continued to move forward, but not far away, they saw another corpse, and similarly, they all became corpses.

"That's the people in the barbaric region!"

Xiao Haoyu exclaimed.

Some of these bodies were extraordinarily burly, and according to their clothes, they knew that they were people in a barbaric area.

"Even the strongest in the barren region is dead!"

Jian Fengyun said in a deep voice.

Among the many corpses, there is one that is particularly burly, and according to its dress, it is the strongest person in the barbaric area that was previously run by Lu Ming.

"This area is so evil, how did they die?"

Jianfengyundao.

Jian Fengyun and Xiao Haoyu both looked dignified.

It was terrible that even the strongest in the barren region died in this place.

"Let's leave here!"

Lu Ming said.

Jian Fengyun and Xiao Haoyu nodded.

Immediately, the three rose into the sky and left the place.

But hundreds of miles away, they saw dozens of corpses again. The method of death was exactly the same as before.

"I always feel that there will be big things happening in this trip to Dragon's Cave!"

Xiao Haoyu said in a deep voice.

Then there was silence.

Soon, the three men traveled thousands of miles.

"There... there are so many people, what are they doing?"

Suddenly, Jian Fengyun said.

Not far from the right side, there is a huge cliff wall. Under the cliff wall, you can see and gather a lot of people.

"Look at it in the past!"

Lu Ming said.

The three flew past.

"Then... a strong sword!"

As they approached, the three saw that on the cliff, there was a hundred-meter-long sword mark. On the sword mark, there was a mysterious sword.

Chapter 405: Super area

Uh!

The three men fell under the cliff.

Under the cliff, more than twenty people have gathered, and these twenty people are in different positions and separated from each other.

Some people sit cross-legged and seem to understand something.

Some people looked at the sword marks on the cliff wall seriously.

Here, I can see more carefully. On the huge cliff wall, a slanted sword mark, which is more than 100 meters long, is deeply on the cliff wall, full of ancient atmosphere. I don't know how long it has been circulating.

A mysterious sword of mystery came out.

Lu Ming stared at the sword mark carefully.

Suddenly, that sword mark enlarged sharply in Lu Ming's eyes, and finally, the whole world changed.

Heaven and earth turned into a battlefield, shouting to kill Zhentian.

Suddenly, a sword light came from a distance, vast and boundless, unable to describe the magnificence of this sword, the sword light came out, and the sky broke apart.

Jianguang was getting closer and closer to Lu Ming, and contained a peerless murderous opportunity.

"what!"

Lu Ming shouted, and his figure retreated backward.

As the environment between heaven and earth changed, Lu Ming found that he was still under the cliff and took three steps back, leaving three footprints on the ground.

call!

Lu Ming took a breath. The sword just now seemed to face death.

Around him, someone looked at him and turned his head, not surprised.

"Brother Lu, are you okay!"

Jian Fengyun looked to Lu Ming.

"It's okay!"

Lu Ming shook his head.

"Brother Lu is really a great master. He could be quiet in that sword for half an hour, and when he woke up, he only took three steps back. I was only ten minutes ago. I almost vomited blood when I woke up!"

Xiao Haoyu laughed.

"Unfortunately, Brother Lu did not repair the sword, otherwise, he would definitely become a peerless swordsman!"

Jianfengyundao.

"Half an hour?"

Lu Ming was very surprised. Just now, he just felt a moment passed.

Unexpectedly, half an hour has passed.

"Brother Lu, Brother Xiao and I intend to stay here and understand the swordsmanship here. I am afraid we cannot go to Longxue with Brother Lu!"

Jianfeng Yun looked at Landing slightly apologetically.

"Why, this sword intention, I am afraid that it is left by a peerless swordsman. For sword repairers, it is a great opportunity. If I am a sword repairer, I am afraid that I will also stay practicing!"

Lu Ming smiled.

All are martial arts people, he understands Jian Fengyun their thoughts.

This sword mark is too tempting for the sword repairer to resist. If he can grasp a trace, it will be endlessly useful.

Compared to Longxue, this is more real for them.

For Lu Ming, it is better for them to stay here with Jian Fengyun, and Lu Ming is able to open the Dragon Cave alone.

"I hope Brother Lu will gain a lot in Longxue!"

Jian Fengyun, Xiao Haoyu all clenched fists.

"There will be a date!"

Lu Ming clenched his fists, and then turned into a rainbow of light, rising into the sky and disappearing here.

Next, instead of slowing down to search for elixir, Lu Ming flew quickly.

On the way, Lu Ming saw several fights, but ignored them, and flew by.

"That is?"

Half a day later, a magnificent mountain range appeared in front of me.

This mountain range, at least thousands of miles long, is meandering and lying on the ground.

Lu Ming was barely able to see the outline of this mountain range in the high air hundreds of miles away.

From a distance, this mountain range really looks like a real dragon.

Five dragon claws, scales formed by various rocks on the body, and two dragon horns on the dragon head.

Its shape is really exactly the same as the legendary real dragon.

"This is the legendary Dragon Mountain, Dragon Cave, here!"

Lu Ming's eyes lit up, and quickly headed towards Longshan's dragon head.

As we approached, I discovered that this mountain range was really too majestic, and the high place went straight into the clouds.

When Lu Ming came to the position of the dragon head, he found that a lot of people had arrived, and at a glance, there were no fewer than two thousand people.

More than two thousand people are distributed around a lake, which is very wide.

Above the lake is the dragon head of Longshan.

The faucet is open, revealing a dark cave. At this time, a strange thing is happening.

The water in the lake, from bottom to top, forms a water column, which continuously flies into Longkou.

It looks like a real dragon is absorbing water.

This is the dragon's vision of absorbing water.

Legend has it that the real dragon's lair is right underneath the lake. As long as the lake water dries up, the real dragon's lair will be revealed.

On all sides of the lake, thousands of people are waiting.

Lu Ming fell and mixed with the crowd.

"Brother Fang, why are you few in the Liushuiwan area?"

Beside, someone is chatting.

"Alas, everyone else is dead and hunted by people in large areas, how about you, there are not many people?"

"Don't mention, we also came across a large area, and we shot without asking. The strongest in our area were killed. Instead, we, the weak, escaped, but the people in the larger area behind Dead, I saw their bodies, the blood was drained, it was terrifying!"

"What? Did you also see the corpse that had been drained with blood? We also saw it."

Lu Ming's expression moved, and it seemed that the thing that was sucked out of blood was not only in the area he passed through, but also in other areas.

Over time, there are more and more people here.

Half a day later, there are no fewer than 3,000 people here.

The water on the lake is also missing.

Uh! Uh! ...

Just then, the sound of breaking the sky sounded.

Dozens of young men and women came from the sky.

These dozens of people, each person's breath is extremely terrifying, and have a common feature, the man is very handsome, the woman is beautiful and charming.

"People from the Phoenix Lake area are here!"

Someone exclaimed.

"It's over. I didn't expect even the geniuses in the Phoenix Lake area to come. Does Dragon's Cave still have our share?"

Someone sighed.

Lu Ming was also moved.

He naturally heard of the Phoenix Lake area, which is stronger than a large area like the Qianjiang River and is called a super area.

Of the large regions in general, only one high empire sits.

In the super area, there will be at least two higher empires, or even three or four higher empires.

Very powerful, genius gathered.

According to legend, there are three higher empire, middle empire and lower empire in the Phoenix Lake area. There are thousands of them, which is many times stronger than the Yundi Mountain area.

"Look, the one wearing the Phoenix clothes is the strongest person in the Phoenix Lake area. The first genius, Huang Chixuan, is said to be the talent of the Four Wars.

"What? The talent of the four wars? Wu Zong's eighth peak, so horrible?"

"Of course, that is the strongest person in the super area, which is a peerless evil!"

Lu Ming also looked at it. Sure enough, among all the people at Phoenix Lake, he saw a young man with a face like a crown jade wearing a Phoenix robe.

He is Huang Chixuan.

It's just that his eyes look very cold and proud.

Not only him, but the other people in Phoenix Lake were similar, with a cold and proud look on his face, staying in the air not far from Lu Ming.

Chapter 406: Incomparably overbearing

Uh! Uh! ...

Just then, there was another sound of breaking the sky in the distance, attracting everyone's attention.

"That's the genius in the Red Flame Mountains, and the people in the Red Flame Mountains are here."

"Another super area, where is our share!"

"And the strongest in the Red Flame Mountains area, extraordinary steps are here!"

As soon as these people arrived, there was another exclamation.

Even the geniuses in the Phoenix Lake area frowned.

"Hahaha, Huang Chixuan, I didn't expect even you to arrive!"

The genius in the Chiyan Mountain area stopped on the other side of the lake, and some distance from the people in the Phoenix Lake area. Among them, a young man with long red hair laughed.

"Extraordinary steps, you can come, I will naturally come!"

Huang Chixuan sneered.

"Haha, it's really lively, then add us!"

With a loud laugh, dozens of rainbow lights came quickly in the sky.

The rainbow light dissipated, revealing dozens of young figures, stopped on the other side of the lake.

"It's from the Yangquan Valley area!"

"Super area Yangquan Valley!"

Some people are already desperate.

The super regions came one after another, and the strongest of them were among them.

The arrival of the Yangquan Valley area was extraordinary, and Huang Chixuan's face sank.

This lake, the north is the dragon head of Longshan.

The three super-regions stopped in the east, south, and west directions of the lake, obviously, they were a bit afraid of each other.

Next, there were people coming one after another, but no one could attract the attention of the three super regions.

Half an hour later, a young man wearing a gray robe and embracing a long sword appeared silently over the lake.

The young man, with ordinary appearance, wearing a gray robe, looked very old, but stood quietly in the void.

But Huang Chixuan, Bu extraordinary, and the strongest person in Yangquan Valley area, Sun Chu, his face changed as soon as he saw this person.

"Abandoned Ancient City, Xuan Feng!"

Huang Chixuan said solemnly.

This remark caused a lot of noise.

"What? Barren city? Is this person from the barren city?"

"According to legend, the ancient city of wasteland is extremely mysterious, and few people are born, but as long as it is born, it is a peerless evil, and this person is a person in the ancient city of the wasteland, then it is terrifying."

"It seems that Longxue is very attractive to these peerless evils!"

"There was a good show this time!"

Everyone talked about it, but the ancient city of Xuanfeng still embraced the war sword without saying a word, and didn't even move his expression.

Several people in Huang Chixuan glanced at Xuan Feng with a little fear, and said nothing.

Next, the number of people increased, and soon it reached 4,000.

At a glance, the small lake was full of people all around.

Huang Chixuan's eyes swept away, revealing a trace of disgust, and said coldly: "Some wastes, but also want to touch the treasure in the dragon's cave, is really whimsical, not self-control."

Many people's faces changed, but no one dared say anything about the strength of the Phoenix Lake area and Huang Chixuan.

"Huh, what a waste!"

Huang Chixuan snorted, then said to Bu Fanfan, Sun Chu said: "Bu Feifan, Sun Chu, it is better to do this, before entering the Longxue, clean up these obstruction garbage, what do you think?"

"it is good!"

"I have this intention!"

With extraordinary steps, both Sun Chu nodded.

Others' faces changed dramatically.

"People in large areas can stay and fly to the sky. As for the trash in those small areas, hurry up and leave me, don't get in the way!"

Huang Chixuan's eyes were like electricity, he glanced around and shouted loudly.

Upon hearing this, the masters of those large areas were relieved and flew into the sky, pulling away from the people of small areas.

The rest are people from small areas.

People in small areas are ugly, you look at me, I look at you, but no one left.

Who wants to leave easily?

"It seems that you are not going away, are you?"

Huang Chixuan's eyes cooled.

"Huang Chi Xuan, you are too overbearing. Dragon's Cave is a land of no owner. Anyone can come to get a chance. Why do you want to be occupied by you? I am not convinced. So many of us are not necessarily afraid. you guys!"

"Not bad!"

Someone shouted.

"Oh? Doesn't it seem to stop?"

Huang Chixuan sneered, then looked at Bu Fanfan, Sun Chu, and said, "The two, you and me, each occupy one direction. So, each of us cleans one direction, see which one cleans faster, how? kind?"

"Okay, something interesting!"

"Just what I want!"

Bu Feifan and Sun Chu both laughed.

"Then... let's get started!"

Uh!

As soon as Huang Chixuan's voice fell, his figure flashed like lightning.

what!

A screaming cry came out, and everyone saw that a young man was caught in the heart by Huang Chixuan.

The young man shouted in despair, and finally lost his breath.

"One rubbish, so much talk, die!"

Huang Chixuan sneered.

"Who doesn't get away, the next moment is death!"

The cold voice came from Huang Chixuan's mouth.

"Damn, it's so deceiving, we unite, we may not be afraid of them!"

A tall young man shouted, a strong breath filled his body.

Wuzong Seventh Peak, this is a genius not weaker than Jianfengyun, most likely the strongest in a small area.

"Then die together!"

Huang Chixuan sneered, his figure looted towards the young man.

"kill!"

The young man yelled and cut out an amazing sword.

But the next moment--

Boom!

Huang Chixuan's claws seemed to be able to pierce through everything. The paws grabbed and the blade was broken, and then, like the previous one, he was pierced through the heart with one claw.

The strongest person in a small area, die!

"A waste, dare to yell and find death!"

There was a red light flashing on Huang Chixuan's paws, and no drop of blood was stained.

Others were terrified, too strong, and were not opponents at all. The strongest in a small area was killed in one move, and the gap was too great.

"The three who don't breathe away, kill without amnesty!"

Huang Chixuan's eyes were cold, glancing around.

Uh! Uh! ...

Those masters of Phoenix Lake flashed in shape and burst into a powerful breath.

"Go, let's go!"

Finally, someone shouted and retreated unwillingly.

"Let's go too!"

Helpless, people in small areas have retreated.

The other two directions are almost the same. After being killed by several masters, they retreated helplessly.

After a few breaths, only people from large areas in the sky remained.

Of course, Xuan Feng had been holding his sword for a long time without moving.

Huang Chixuan and others would naturally not touch him.

Suddenly, people in small areas walked away.

No, there is only one person left, that is Lu Ming.

Lu Ming was originally on the east side of the small lake. Here, Phoenix Lake is in charge.

At this time, he stood there alone, very conspicuous.

Phoenix Lake, Chiyen Mountain Range, Yangquan Valley, and those geniuses from those large areas, looked to Lu Ming with all their eyes.

Chapter 407: Battle of Phoenix Chi Xuan

"Hahaha, Huang Chixuan, there are people on your side, it seems that you lost!"

Bu extraordinary extraordinary laugh.

"It seems that the deterrent power of Phoenix Lake is just so-so!"

Sun Chu also sighed.

Huang Chixuan's complexion suddenly turned gloomy, and then, with a murderous look, he looked at Lu Ming.

"Boy, I told you to go, didn't you hear?"

Huang Chixuan grumbled.

Lu Ming glanced at Huang Chixuan and smiled faintly, saying: "I told you to roll, will you roll?"

"Tell me to go? Boy, you have lost heart and are crazy, you have this qualification?"

Huang Chixuan sneered!

"That's not it, you told me to roll? Which green onion do you count, do you have this qualification?"

Lu Ming smiled lightly.

"Hahaha!"

Bu Feifan laughed arrogantly, and he laughed incomparably, saying, "Huang Chi Xuan, it seems that your Phoenix Lake's deterrent is really different? Or, is your deterrent?"

If Bu Fanfan, Huang Chixuan grievously gritted his teeth, but he was totally unsure of Bu Fanfan, and could only turn his anger into Ling Xian's killing chance, and Lu Ming's killing chance.

"Boy, now, even if you kneel down and beg me, you can't get away, you will pay for your own words and deeds, I will make you worse than life!"

Huang Chixuan was very gloomy.

"Nonsense, don't whisper there, get started, hurry!"

Lu Ming scolded.

This concession was extraordinary, Sun Chu and them, and the geniuses of those big areas were shocked for a while.

This is where the stunned head who came out, dare to talk to Huang Chixuan, this is simply the death of Chiguo Guo.

"Good, good, good, good!"

Huang Chixuan even said three good words, his voice was extremely dark, and his body was horrified.

"Brother Huang, to deal with such garbage, why don't you take action in person, let me deal with him, more than enough!"

At this time, in the Phoenix Lake area, a triangle-eyed youth came out and shouted.

"This guy seized the opportunity to shoot Brother Huang's ass."

Some people whisper in the Phoenix Lake area.

The voice reached the ears of the young triangle eyes, he smiled, he did not care.

"No, I'll do it myself. I will make him regret saying every word just now."

Huang Chixuan waved his hand, causing the triangle-eyed youth to step back.

The triangle-eyed youth sighed helplessly, but unfortunately this opportunity.

"Boy, you have sharp teeth and a sharp mouth. I want to see. What do you do?"

Uh!

As soon as the voice fell, Huang Chixuan's figure moved, like lightning, and it was incredible. He immediately came to Lu Ming and grabbed Lu Ming with a claw.

But he was fast, and Lu Ming was not slow. Just at the moment when Huang Chixuan moved, Zhen Zhen's gun appeared in his hand, and a shot was spurted into Huang Chixuan's palm.

"Want to block me? Break me!"

Huang Chixuan drank coldly, sharp claws erupted from his claws, and crowed down towards the landing crows.

boom!

The spear and the claws boomed together, making a violent roar.

An amazing wave swept through, and Lu Ming and Huang Chixuan retreated backward at the same time.

Retreat one hundred meters each and stand in the void.

"What? That kid could actually block Huang Chixuan's move, and it looks evenly divided!"

"How is it possible? Can this kid fight against Huang Chixuan?"

"Impossible! This kid might have good combat power, but when it comes to fighting with Huang Chixuan, it is impossible. If I read right, Huang Chixuan didn't use much power at all just now, and that kid is probably already It took eight or nine points of strength."

"Yes, it should be like this!"

The geniuses in those big areas have a lot of talk.

"Boy, I have some strength. No wonder it is so arrogant, but if you think that you can fight against me on that basis, then you are very wrong, then I will let you know how terrible my true strength is! "

Huang Chixuan said coldly.

A slight movement of his arms, a pair of spirit soldier gloves, brought in his hand, at the same time, a strong breath rushed out, a fiery red bird, condensed out of the head of Huang Chixuan.

This big bird is fiery red with a red flame burning, especially its tail, like the legendary Phoenix tail.

The phoenix bird is said to have a different species of true phoenix blood, which is extremely powerful.

On the Phoenix Bird, there are six silver chakras shining with extremely bright light.

King-level sixth-level blood.

The outbreak of blood, made Huang Chixuan's breath reach its peak.

"Flying Phoenix Claw!"

Huang Chixuan's figure moved, and his claws came out.

Sigh!

As the claws of the real phoenix caught in the air, there were traces of space, as if they were torn apart.

This claw also contains a perfect fire, which is more than several times stronger than before.

boom!

Lu Ming also exploded a second bloodline, and at the same time stabbed a gun, the wind and fire merged and formed a thick gun.

boom!

There was a trembling roar, and this time, the two retreated.

This move is equally divided.

"How is it possible? Die for me!"

Huang Chixuan roared, and his two claws were continuously pulled out, and the space was all exploded. It was really terrifying. Every claw was pulled out, and the space was trembling violently.

Lu Ming, armed with a spear, was not afraid, but confronted Huang Chixuan.

boom! boom!

Vigor swept across the world, and the storm stirred.

Uh!

A clawed mang, escaped by Lu Ming, flew thousands of meters away, and grabbed a mountain.

With a roar, the mountain burst and turned into a gravel splash, terrifying.

call out!

A gun flew out, directly piercing an unpredictable deep hole with a diameter of ten meters on the ground.

"Rewind!"

All around, the horrors of those who watched the battle were retreating rapidly, for fear of being affected.

boom! boom! ...

The two played a dozen tricks in a row, making it difficult to split the outcome.

"Phoenix wings cut!"

At this time, Huang Chixuan roared, his breath was boiling, his arms shook, and a tweet sounded, and on Huang Chixuan's arms, a pair of Phoenix wings vaguely condensed.

Ya!

Huang Chixuan waved his hand out, and the wings of the Phoenix resembled a heavenly sword, slamming down towards the landing.

Powerful, it's a lot stronger than the display of the flying claws.

"Dead!"

Huang Chixuan grinned.

"Look who is dying, Jiulong Tiantian!"

Lu Ming stepped out and Long Yin sounded.

Suddenly, the dragon and phoenix between heaven and earth seemed to have returned to the age of ancient beast battle.

boom!

Phoenix Wings and Jiulong slammed together.

The space, like cloth, shook violently, and the violent energy went out in all directions.

Those who watched the battle retreated crazy.

Only three people stood motionless in the air.

They are Bu Fanfan, Sun Chu, and Xuan Feng.

The three men filled with a strong breath, resisting the radiant energy.

After the roar, Lu Ming and Huang Chixuan flew back again.

It is equally divided.

It has to be said that Huang Chixuan is indeed very powerful. Wu Zong's eighth peak's cultivation base, the talent of the four wars, and his strength are enough to kill an ordinary half-step king.

Lu Mingxiu is in the early stage of Wuzong's Eighth Layer and can only draw a tie with him.

Lu Ming estimates that even with the display of the heavenly palm, it may not be able to win the Huang Chixuan.

Because with Lu Ming's flesh becoming stronger, the power of Jiulong's first step in the sky has been infinitely close to the heavenly palm.

Chapter 408: Enter the Dragon's Cave and fight

"who are you?"

Huang Chixuan Changxiao.

Lu Ming was just surprised, but Huang Chixuan, he was so shocked.

Lu Ming could even draw a tie with him. He even suspected that Lu Ming was also the strongest in a super area.

Not only Huang Chixuan, but the people watching the battle, also stunned in shock.

They originally thought that Lu Ming could never be an opponent of Huang Chixuan.

But the fact, like a slap, slapped their faces fiercely.

Lu Ming is not only powerful, but also not weaker than Huang Chixuan. He is a genius at the same level as Huang Chixuan.

They almost shocked their chin.

Bu Feifan, Sun Chu, and even Xuan Feng, who had never had any expression, looked at Lu Ming, and his face was dignified.

Obviously, Lu Ming's strength has attracted their attention.

Especially the young man with triangular eyes in the area of Phoenix Lake was cold and sweating, and his body was trembling with fear.

Just now, he also wanted to deal with Lu Ming. If he really did, he wouldn't know how to die.

At the thought of this, he was scared.

"Who am I? You are not qualified to know!"

Lu Ming sneered.

"Pretend to be mysterious, watch me cut you!"

Huang Chixuan shouted, his arms waved, and the phoenix spread its wings, bringing a gust of wind, and the hot breath filled the world.

Rumble!

At that moment, there was a rumbling noise in that lake, and Longkou's Longkou seemed to suddenly increase its suction power, and the water in the lake frantically poured back towards Longkou.

There was not much water in the lake, and at this time, it quickly bottomed out.

"Ah? Look, the bottom of the lake is empty."

Someone exclaimed.

"It's really empty, wonderful, the bottom of the lake is empty, why is there lake water?"

"Wonderful, so wonderful, Dragon's Cave, this is the Dragon's Cave, where the real dragon lives!"

Some people close to the lake exclaimed.

"Now, if you are lucky, spare your life today!"

Huang Chixuan's eyes flashed, staring at Ming Yin coldly.

"Forgive me for life? I'm not afraid of flashing my tongue when I talk big words, who kills who is not necessarily?"

Lu Ming smiled contemptuously.

Huang Chixuan's face was gloomy, and he really wanted to fight Lu Ming, but he was afraid to miss Longxue.

Finally sneered, said: "Boy, let's wait and see!"

After all, he took the people of Phoenix Lake and flew towards the lake.

Lu Ming smiled faintly and flew towards the lake.

His mind is similar to that of Huang Chixuan. If the two of them are in a life-and-death battle, it will be difficult to distinguish the winners and losers in a short period of time, so that they missed Longxue.

Fly in, Lu Ming secretly wondered.

At this time, the water in the lake was getting less and less, exposing a huge dark cave underneath.

That's right, this lake is not a lake at all, but the mouth of a huge cave. The previous lake water was only suspended at the mouth of the cave, looking like a lake.

When the lake water was drained, it revealed its true appearance.

In just a dozen breaths, the water in the lake was completely drained, and the huge cave was completely exposed.

The diameter of the cave is at least a few thousand meters wide. Underneath, a piece of black paint, with everyone's eyesight, can only see a distance of one or two kilometers, and even below, it can't be seen.

The cave does not know how deep it is, it seems to lead to the abyss of hell.

"Rush!"

Someone moved and flew towards the cave.

There is nothing wrong with it.

Someone took the lead, and others swarmed in naturally.

The three super regions add up to more than 100 people, but these more than 100 people are all very scary geniuses. Presumably, the weaker ones did not follow.

Otherwise, in a super area, there cannot be so few people.

Even the Yundi Mountain area has 98 people.

Those with the largest number are those from large areas, which add up to no fewer than 500 people.

More than six hundred people flew together towards the huge cave.

Lu Ming did not hesitate, rushed down with the crowd.

The cave is too big, and everyone flew down at least 10,000 meters away. At this time, the cave did not go down vertically, but became obliquely down.

boom! boom!

Suddenly, a war broke out on the wall on the side of the cave.

"Fuck me, ambergris is mine."

"Who said it was yours? Obviously I discovered it first."

Keng! Keng!

The sound of Jin Tie's fighting sounded.

what!

At the next moment, there was a scream and one person was killed.

Lu Ming pointed his eyes and saw a young man picking a green grass from the cave wall.

"Ambergris, really ambergris."

Lu Ming's eyes lit up.

Ambergris, according to legend, is a drip of a real dragon. It is a kind of spirit grass that grows after a long time. It has a real dragon flavor and is extremely precious.

It seems that there is really a real dragon inhabiting here in the long past.

"There are also here!"

Someone exclaimed.

"its mine."

"For death, you also want to get ambergris."

The war broke out and the fighting began.

what! what! ...

Suddenly, screaming at each other ups and downs.

Huang Chixuan's figure flashed continuously, and five or six young masters were instantly arrested by his heart.

"A bunch of rubbish, also want to get ambergris, die for me!"

Huang Chixuan said coldly.

"Go, everyone who sees ambergris, take it all!"

Huang Chixuan ordered the master of Phoenix Lake.

"Yes!"

Suddenly, dozens of masters at Phoenix Lake spread out and flew all over the cave.

This is true not only of people in Phoenix Lake, Yangquan Valley, and Chiyan Mountains.

"hateful!"

Experts from some large areas roared.

Before entering Longxue, the reason why Huang Chixuan let people from large areas enter was that they were afraid that people from large areas would join forces.

After all, in every large area, there are geniuses of Wuzong's eighth level and above. Once they join forces, they are also a terrible force.

But now that they have entered the Dragon's Cave, everyone is thinking about treasure hunting, and they are independent. Where can they join forces? Huang Chixuan and others are naturally unscrupulous.

In the cave, grabbing treasure, fighting, screaming, rang from time to time.

"Two strains of ambergris!"

Lu Ming saw two green grasses on the stone wall of a cave, which is exactly ambergris.

As soon as his figure moved, he rushed over, and some others saw it, but he didn't dare to rob him.

Lu Ming waved his hands away and collected the two ambergris.

Continue to fly along the cave walls.

"dead!"

In front, a genius of Phoenix Lake beheaded a young man with a sword, and he was ecstatic to pick an ambergris on the wall.

Uh!

Lu Ming rushed straight over, took a roll, picked the ambergris, and put it away.

"you..."

The young man at Phoenix Lake was angry, but after seeing Lu Ming, he immediately suffocated the following words.

Unwilling to retreat.

After more than ten minutes, the crowd flew tens of thousands of meters, and in front of them, three holes suddenly appeared.

The cave is split.

Uh! Uh!

Everyone randomly chose an opening and flew in. There were a hundred or dozens of people in each opening.

At least one hundred people were killed in this fight along the way.

There are more than 600 people, and about 500 people have dropped sharply.

Lu Ming chose a cave on the left and flew along the stone wall.

"Wait, that is, Dragon's Blood Flower?"

Suddenly, Lu Ming saw a bright red spirit flower in a stone wall pit.

Chapter 409: Hit him in the face

In the pit, a piece of bright red flowers grows. These flowers are actually shaped like dragons, like a small dragon soaring, lifelike.

This is the dragon's blood flower, and it is said that the blood of the real dragon can only be grown out of it, which is many times more precious than the ambergris.

Lu Ming was overjoyed, and with these dragon blood flowers, Lu Ming's true dragon trick is estimated to be able to go further.

laugh!

Suddenly, a sharp and violent force slammed toward the landing.

It is Huang Chixuan.

At this moment, his eyes were cold, and he cut towards Huang Ming with his wings.

"Nine Dragons!"

Lu Ming did not hesitate and stepped out.

bump!

Huang Chixuan flew out, while Lu Ming hit the wall.

Uh! Uh!

Lu Ming moved his hands together and picked a dozen dragon's blood flowers into the Supreme Temple.

Humph!

Seeing Lu Ming put away the Dragon's Blood Flower, Huang Chixuan snorted coldly and turned away.

A cold light flashed in Lu Ming's eyes, and a wisp of murderous opportunity appeared in the corner of his mouth.

Next, continue along the cave.

This cave is still very wide, and it is definitely the place where the real dragon enters and exits.

Suddenly, there was a loud noise ahead.

"Here, a bone is embedded!"

"This...is this a keel?"

"Haha, it's mine!"

"court death!"

Suddenly, roars and shouts came.

"keel?"

Lu Ming jumped in his heart and flew away in that direction.

If it were really a dragon bone, the value would be horrible. I don't know how much more expensive it is than ambergris and dragon's blood.

"Phoenix Lake, Huang Chixuan, you mean! Ah...!"

Before Lu Ming arrived, he heard an angry roar and a scream.

Lu Ming turned into a flash of lightning, which instantly crossed a few miles.

On a wall in front, a skeleton the size of a water tank is embedded in the stone wall.

The bones are as crystal-clear as jade, full of sacred gas, and exude a terrible essence wave.

Huang Chixuan, with five or six masters of Phoenix Lake, killed and killed a dozen or so young people from other regions.

"Haha, the keel is mine!"

Huang Chixuan laughed.

Reach out to grab the keel and pull it out, but the keel is still.

"So tight? Come again!"

Huang Chixuan was about to explode his full strength when pulling out the keel.

boom!

Lu Ming arrived and kicked instinctively.

Jiulong is walking!

"Damn!"

Huang Chixuan was shocked, quickly abandoned the keel, and cast his wings.

Other young people at Phoenix Lake also used their tricks to resist Lu Ming's attack.

boom!

Huang Chixuan's body swayed slightly, and he was a pale master, almost spitting out blood.

But Lu Ming's body also retreated backward.

In addition to Huang Chixuan, the other six people at Phoenix Lake are all Wu Zong's eightfold cultivation practices, and they are all talents of the Three Wars.

Together, they are extremely powerful.

"Boy, it's you again, the keel is mine. Do you want to fight for it? Find death!"

Huang Chixuan roared.

"Your? This is Dragon Cave, when will it be yours?"

Lu Ming sneered.

"Okay, since you are looking for death, then I will fulfill you, shoot together, and kill him."

Huang Chixuan shouted.

Immediately, Phoenix Wings came out violently.

The other six Phoenix Lake masters also exhibited tricks to land on the landing.

"Heavenly palm!"

Lu Ming blasted out with a palm, and a huge palm print formed, blasting towards everyone at Phoenix Lake.

boom!

A huge roar, shaking in the dragon's cave, full of energy.

However, the surroundings of the Dragon Cave are extremely hard. With their strength to destroy the mountains, they fell on the cave walls and could only shoot down some stones.

bump!

The seal of Heaven's Palm was broken down, and Huang Chixuan and other people's bodies just flicked slightly, and they continued to kill Lu Ming.

"Boy, you must die today!"

Huang Chixuan's eyes looked good.

"Many bullies and fewer people, right? I'm still afraid that you won't succeed, Dandan (egg/egg), smash me!"

Lu Ming patted the stone egg hanging on the hair.

Dandan, this is Lu Ming's random name for Shi Dan.

Immediately, the stone egg shuddered slightly, turned around dizzily, and turned into the size of a human head, and rushed towards a master at Phoenix Lake.

"Crush me!"

The master of Phoenix Lake grabbed it with a claw, and the claw was shocking.

But he froze the next moment, ignoring the claws completely, and rushed past, then popped up, and directly hit the bridge of the Phoenix Lake master's nose.

bump!

Click!

At this moment, the sound of the smash was severe, and the sound of bone fracture immediately sounded.

Immediately, it was a scream of sorrow.

Lu Ming found that the really miserable, nose bridge and nose piece completely collapsed in, the bones shattered, and the flesh and blood were blurry. He really didn't even know him/her.

Uh!

As soon as he flew back, he jumped up and down in front of Lu Ming, as if he was excited.

Huang Chixuan and others looked dazed.

"Damn, what are you using? It's a sneak attack, mean!"

Huang Chixuan roared.

"Despicable? Huang Chixuan, you scum actually told me despicable, you don't deserve it."

Lu Ming drank coldly.

"Damn, kill!"

Huang Chixuan roared.

"Dandan, smash it!"

Lu Ming said.

Dandan jumped up excitedly, whizzed around, and flew forward again.

"Stop it, smash it!"

Huang Chixuan shouted and hit the strongest blow.

Others are similar.

But it's useless, ignoring these attacks completely and passing by.

bump!

Another young man at Phoenix Lake was smashed in the face.

Suddenly, the sound of broken bones and a scream of screaming sounded.

This young man has also stepped in the footsteps of the previous one.

The bridge of the nose, nose, and mouth are all sunken and unrecognizable.

Although he didn't die, he couldn't play much of his combat power.

Hiss...

The remaining Phoenix Lake youth took a breath and looked at the miserable appearance of the two youths, feeling their teeth trembling and their backs chilling.

"Next, who are you going to?"

Lu Ming looked around.

"Damn, this stone egg is not afraid of energy attacks, use weapons!"

Huang Chixuan shouted.

"Really? Then you, Huang Chixuan!"

Lu Ming pointed at Huang Chixuan.

Uh!

Dandan flew out directly.

"Get away from me!"

Huang Chixuan, wearing spirit soldier gloves, grabbed his claws towards Dandan.

Seeing that Dandan was about to be caught, Dandan popped up, changed his direction and smashed towards Huang Chixuan.

"what!"

Huang Chixuan roared, his body quickly backed away.

His hands were desperately protecting his face, but he was still a step late.

bump!

Accurately hit the face.

A scream was accompanied by a roar.

Huang Chixuan waved his claws continuously, and at the moment when Dan Dan hit him, he also continuously bombarded Dan Dan.

bump!

Dan Dan was shot and flew out, changed direction halfway, flew back to Lu Ming's side, bounced back and forth, seemed a little unhappy.

Lu Ming looked towards Huang Chixuan.

Although Huang Chixuan was hit, it was not as miserable as others, but it was also uncomfortable.

His nose was completely crooked, several teeth were lost, and blood was flowing.

That embarrassment.

Huang Chixuan roared repeatedly.

Someone never passed by, stunned.

Huang Chixuan, they were repaired so miserably?

Chapter 410: Keel in hand

"What's it called? Go on, heaven palm!"

Lu Ming blasted out with a palm, and the palm of Heaven's Way blasted forward.

At the same time, Dandan followed the palm of Heavenly Dao and rushed forward.

The faces of Huang Chixuan and others were green.

While resisting the palm of heaven's palm while preventing it from happening, how can you fight this?

"You block the palm print!"

Huang Chixuan shouted.

He really didn't dare to be distracted, otherwise he would be hit by dandan.

boom!

The other masters of Phoenix Lake joined forces to resist the palm print, while Huang Chixuan stared at Dandan.

The palm roared, the master of Phoenix Lake lacked Huang Chixuan, and could not stop Lu Ming's palm power, and all of them were shocked, coughing up blood.

At the same time, Dandan also rushed in and smashed towards Huang Chixuan.

Huang Chixuan was even worse this time. Although he tried hard to resist, he was still smashed. This time, his teeth were smashed, his mouth was crooked and his nose collapsed.

The original handsome face suddenly became a pile of dogs/feces.

"Live...live...!"

Huang Chixuan shouted, but because of his mouth full of air, he wanted to call me, and finally it became "living".

Uh!

Dandan flew back and jumped up and down on Lu Ming's shoulder.

Lu Ming felt that this guy was very excited.

"Join (walk)...Quickly (walk)..."

Huang Chixuan's roar filled with air leaks, now he can no longer care about any keel, and staying again, he is afraid of being killed by the stone egg.

With a roar, the person with Phoenix Lake turned and ran.

However, don't mention the suffocation in your heart.

"Haha! Walk slowly, don't send!"

Lu Ming laughed.

Huang Chixuan and others almost spit out blood.

In the distance, other people saw this scene, only to see that their eyelids jumped, and secretly warned themselves not to provoke Lu Ming, this ruthless man.

Lu Ming came to the stone wall and looked at the keel.

The keel is as white as jade, crystal clear, one side is embedded in the stone wall, and one end is exposed.

The exposed one is about the thickness of a water tank and one meter long.

I can clearly feel that there is surging essence in the bones.

"This may really be a keel, otherwise, I don't know how many years have passed, and it still contains a strong spirit!"

Lu Ming's eyes sparkled.

With this dragon bone, his true dragon tactics may be able to move forward a few steps.

Immediately, Lu Ming hugged the keel with both hands and pulled out hard.

Click!

The stone wall made a clicking sound, but it was not pulled out.

"Come again!"

Lu Ming snorted, his muscles swelled, and his physical strength exploded to the extreme.

Lu Ming stepped on the wall with his feet and hugged the keel with both hands, struggling.

bump! bump!

The stone wall under Lu Ming's feet burst, but the keel also loosened and was slowly pulled out.

At the last touch, the entire keel was pulled out.

This is a three-meter-long bone as thick as a water tank, but the thinner it gets.

"This seems to be a phalanx!"

Lu Ming looked curiously.

It looks very much like a phalanx of a real dragon.

"Great harvest, really great harvest!"

Lu Ming grinned and put a phalanx into the Supreme Temple.

Not far away, others looked enviously, but no one dared to step forward to fight, joking, did not see even the genius of Phoenix Lake being beaten so miserably?

After collecting the keel, Lu Ming went on.

Along the way, no precious treasures were encountered.

After about a dozen miles, there was light coming in front.

"That's a huge underground cave, that's where the real dragon lives!"

"Rush, rush!"

Suddenly, everyone's hearts became hot and rushed towards the light.

Uh!

Lu Ming rushed out of the cave and appeared in a vast underground cave.

This underground cave is really too wide. It is more than ten miles long and several thousand meters high. The walls of the cave are inlaid with luminous stones, which illuminate the cave.

Uh! Uh!

The sound of breaking the air continued to sound.

At this time, Lu Ming noticed that there were two huge holes in the surrounding walls, one figure flying in each.

It is an extraordinary step in the Red Flame Mountains area, and Sun Chu and others in the Yangquan Valley area.

Previously divided into three forks, they entered the other two forks, which turned out to be here.

"This is the ultimate habitat of the true dragon, absolutely supreme!"

"Hey, there is a jade bed, so big!"

After the noise, most people flew towards the middle of the underground cave.

Because there is a huge jade bed with a length and width of about 100 meters, which is amazing.

"You ants, get away!"

boom!

A fiery breath erupted, and a breath of terror erupted from Bu Fei's body, chopped out with a knife, and a huge flame was swept across. A dozen young people were suddenly killed by him.

"Come on, avoid people in the super area!"

People in those big areas were frightened and evaded.

"Haha, kill!"

Bu Feifan laughed, leading the way, the blaze of flames, no one was his enemy.

On the other side, Sun Chu also rushed very fast.

Keng!

A sword of light turned across, Xuan Feng stepped on the sword, and the people around him avoided it.

"Sleepy (roll) away!"

Huang Chixuan yelled with a leak in his mouth and rushed forward with the people of Phoenix Lake.

Almost everyone's goal is that jade bed.

"Ah! What is that? A scale, that is a dragon scale?"

Someone exclaimed.

In the center of the jade bed, there is a scale. This scale is very special. It actually has three kinds of light. It has the size of a water tank and a powerful dragon breath.

This is definitely Dragon Scale.

The scales of a real dragon are absolutely supreme.

"Kill, it's mine!"

Sun Chu shouted.

"Sun Chu, the beauty you think, the dragon scale is mine!"

The extraordinary roar.

boom! boom! ...

Immediately, the war broke out, as long as the people who rushed forward were caught in the war.

Screaming again and again, almost just a moment, hundreds of people were killed, **** smell, the body covered the ground.

boom!

Sun Chu, Bu Fanfan, Xuan Feng, Huang Chixuan, the four strong men, fighting together, no one wants the other to get dragon scales.

Lu Ming did not move. His eyes were not on the jade bed, but on the depths of the cave.

The cave has stone walls on three sides, and there are luminous stones on the walls.

Only in that direction, it was dark, not a stone wall, it seemed to be empty, and there were plumes of black mist.

As soon as Lu Ming entered here, he felt abnormal agitation in the blood vessels of Jiulong, and seemed to be very eager for that direction.

Yes, very eager!

What's the direction?

Lu Ming was very curious.

"Ignore it for now, let's **** the dragon scales."

Immediately, Lu Ming moved towards the dragon scale.

"Boy, stop thinking!"

"Stop me!"

Just before approaching Dragon Scale, two terrifying attacks drove towards the landing.

A phoenix wing, a flaming sword.

Huang Chixuan and Bu Fanfan shot him.

The attacks of the two were terrifying. Lu Ming couldn't ignore them. He could only resist them with all his strength, and his body could not help being blocked.
