

D Emperor 4071

Chapter 4071: Another demon awakening the blood of the ancestors

The two demons retreated after seeing Lu Ming.

The two of them, both of God's Second Emperor's Cultivation Acts, although they are geniuses, differed from Lu Ming by twofold, and they had no idea at all.

"Since you meet, do you want to leave?"

Lu Ming had no intention of letting go of the other party, not to mention that this time the two sides were fighting, it was an endless end, even if it wasn't, the other party's demon spirit blood could be worth a lot of merit.

Performing the Great Divine Wind technique, Lu Ming was shaped like a wind, and with a clatter, he quickly chased towards the two demons, and the distance between the two sides was shortened.

"cut!"

The two demons shot with all their strength and cut out a magic knife, but they were easily blocked by Lu Ming. Then, two fists blasted out, looking through the void, and bombarded the two demons Tianjiao.

The bodies of the two demons Tianjiao shattered apart, which was a major fragmentation technique.

In an instant, the two demon corpses were gone, and two drops of demon spirit blood flew out and were put away by Lu Ming.

"not bad!"

Lu Ming nodded with satisfaction.

These are all devil's arrogance, the potential is very strong, and the merit points that can be exchanged are definitely not less, and the more is the better.

Uh!

With a flash of figure, Lu Ming left here in search of a demon hunt.

However, for more than an hour, Lu Ming did not encounter a demon.

This is normal. This temporary planet has a very large area, and when they are added together, there are only about 7,000 people distributed on a planet. It is really too scattered. It is not so easy to meet a person.

And here, their speed is greatly suppressed, the flight speed is very slow, and the difficulty of meeting other people has increased a lot.

Lu Ming was very calm and continued to fly. At every distance, he would choose a conspicuous position and make a mark, so that after seeing Ling Yuwei, he would know which direction he was heading.

After a while, Lu Ming's eyes flashed.

In front, on a raised rock, stood a young man.

This young man is like a human race, wearing a black robe, standing against the wind, very handsome.

After seeing Lu Ming, he came directly to the landing Ming.

"demon..."

Lu Ming whispered that a round bead appeared in his hand.

At this time, Dingmozhu is shining brightly.

The magic ball responds, indicating that the other party is a demon.

But Lu Ming did not sense the existence of Mosha from this person, which made Lu Ming think of the prince Samoro of the eight snake demon kingdom.

This is a person who has awakened the blood of the devil's ancestor.

Seeing the magic ball in Lu Ming's hand, the young man in black robe stopped and sneered: "Is this what you call the magic ball, even if you find out what I can do, it's not going to die..."

Uh!

As soon as the voice of the young man in black robe fell, he was filled with a strong evil spirit, his body was like a lightning, and he rushed towards the landing.

"Demon Fire!"

There was a long roar, and a hot flame came out of the young man in black robe. This flame turned black and turned into an ugly monster, like a snake and a snake, and a tiger and a tiger.

Before he arrived, Lu Ming felt a scorching breath and a nasty smell.

This flame is not only hot, but also highly toxic.

boom!

Lu Ming shot it with a palm and cast a great kamikaze technique, and a gust of wind swept out, blocking this monster formed by the flame.

"Look at how many you block, the devil kills!"

The young man in black robe shouted, the spirit of Mosha was boiling, and a dozen monsters condensed out at once, rushing to Lu Ming from all directions.

To be honest, the strength of this demon is very good. The fourfold cultivation of the emperor has awakened the blood line of the devil's ancestor.

Ordinary Divine Emperor Qizhong faced him and was beheaded.

However, he met Lu Ming.

Lu Ming is also a four-level cultivation practice of the Divine Emperor. In the same battle of the same level, he and Lu Ming's combat power differed too much.

"Is this your full level? With your potential, it should be worth 60,000 meritorious service points, accepted!"

Lu Ming's indifferent voice sounded, and then Lu Ming's palm shook, and the terrifying energy erupted in all directions. Those monsters condensed by the flame instantly burst and dissipated.

The terrible force also bombarded the young black robe. The young black roar screamed, his bones were broken, and his body retreated backwards.

"Your combat power, your combat power..."

The demon youth roared, an incredible look.

He was at the same level as Lu Ming, but was crushed by Lu Ming. He knew that he had encountered the peerless demon of Tiangong.

He wanted to escape, it was too late.

Lu Ming's figure flashed by. The demon youth's body was torn apart and fell on the spot. When Lu Ming's figure appeared, there was already a drop of demon spirit blood in his hand.

"This drop of demon spirit blood is no worse than that of the prince of the eight-snake demon kingdom. It should be worth 60,000 merits!"

Lu Ming smiled.

The continuous encounter with several waves of demonic arrogance made Lu Ming feel a lot easier.

He judged that the two sides in this battle, whether it is the devil or the Tiangong side, the cultivation base will not be too high, not too exaggerated.

After all, the age of the war is less than 50,000 years old.

For 50,000 years, for Divine Sovereign, it was just blinking.

Not to mention the fact that for the emperor, some people just closed the door for more than 50,000 years.

Those who can cultivate to reach the God Emperor's Realm within 50,000 years are very few. They not only require powerful talents, but also require massive resources.

In fact, this time the Tiangong side is eligible to participate in the war, all from some top clan.

Most of them are from the top ten races, a few are from the top 100 races, as for the latter races, there are, but there are too few.

The higher the race of the Honghuang Wanzu list, the stronger the overall talent. There is also a reason, the more resources, so that we can have profound cultivation within 50,000 years.

However, after all, it is less than 50,000 years. Even if the talent is high and the resources are large, the cultivation will not be too exaggerated.

Lu Ming judged that there should be no Divine Emperor Realm for the people participating in the war this time.

Perhaps, whether the Divine Emperor has more than seven layers is an unknown.

Therefore, Lu Ming had a little bottom in his heart.

After collecting the demon spirit blood, Lu Ming left here and continued to search for the demon hunting.

In a flash, three days passed.

During this period, Lu Ming also met other people in Tiangong.

Some people in Tiangong invited Lu Ming to join forces, but Lu Ming refused.

Without him, the opponent's cultivation base is too low, and Lu Ming can't look down on it.

To join forces, at least they must have the same strength, at least they should not be much different, which is helpful to Lu Ming.

It is not helpful to Lu Ming, and it may drag on Lu Ming. Why should Lu Ming join forces with each other?

Chapter 4072: Twenty-five drops of demon spirit blood

During this period, Lu Ming encountered a total of 18 demonic Tianjiao, all of them were killed by Lu Ming, none of them were Lu Ming's opponents, all of them were killed by Lu Ming, and they got 18 drops of demon spirit blood.

On this day, Lu Ming was flying, and suddenly heard a violent roar from the front. Obviously, there was a war ahead.

Lu Ming flew over without hesitation.

After a while, Lu Ming finally saw what happened ahead.

In front, there is a canyon.

The great war happened at the mouth of the canyon.

In the canyon, there are five young people of different appearances, obviously from the major races of the Tiangong.

Outside the canyon, there are a group of demonic arrogances, seven of which are constantly attacking around the canyon.

The youths of the five heavenly palaces, relying on the canyon, can only barely resist it. Sooner or later.

"The highest is the God Emperor's Fivefold..."

Lu Ming's eyes moved, and he already felt that the highest among the demons was Divine Emperor Wuzhong, so he didn't hide his breath at all, so he flew directly.

The appearance of Lu Ming immediately alerted the demons and the people on both sides of the Temple.

With a lot of consciousness, Ming Ming swept over to the landing.

"It's from the Tiangong!"

At the beginning, the people on the other side of Tiangong saw that Lu Ming was also in Tiangong, and couldn't help being overjoyed. However, when Lu Ming was found to be only one person, and he was cultivated to have only four levels of Divine Emperor, he was suddenly disappointed.

A Lu Ming can't do anything at all, it is difficult to turn over, where can they be saved.

On the other side of the demon, there is a relaxed look.

"Hahaha, another guy from Tiangong is here!"

"It just happened to be our ration!"

"This time, you must have a good time!"

The seven demons are proud, laughing.

However, they soon couldn't laugh because after seeing them, instead of escaping, they continued to rush towards them.

This is either stupidity or strength.

Those who can enter the Divine Emperor Realm within the age of 50,000 will never be stupid.

"This person has the fourfold cultivation practices of the emperor, and the combat power is not expected to be weak. You stop these people in the canyon, this kid, hand me!"

Among the demons, the Divine Emperor's five-fold Tianjiao Road.

After that, a demon wing behind him turned into a gust of wind and drove towards the landing.

Uh...

The devil's claws were constantly pulled out and slammed toward the landing. The power was very amazing. Each claw was sharper than the Divine Soldier.

"Are you able to fight across three levels? Finally came across a decent point again!"

Lu Ming was not surprised but rejoiced.

Very few are able to fight across three levels.

Of the eighteen demons he killed, only three had such a talent.

Now it is the fourth.

boom!

Lu Ming banged out with a punch, collided with the palm of the demon Tianjiao, and burst into a loud thunder, the demon's body exploded, and his claws broke several.

"A very strong body, these demonic ways of cultivation are also strange!"

A thought flashed in Lu Ming's mind.

The demon's cultivation method is completely different from the Honghuang Universe.

Among the demons, most of the flesh are extremely powerful.

They can continuously strengthen the flesh through special methods, so that the flesh can be continuously transformed and evolved.

The more weird the demon is, the more terrible the strength may be.

Most of the arrogance among demons is this.

There is another kind of devil arrogance, that is, the awakening of the blood line of the demon ancestor. The original sparse ordinary devil, once the awakening of the blood line of the demon ancestor, the strength will become extremely powerful and terrible.

Most of the devil Tianjiao Lu Ming encountered followed these two paths. Of course, the blood of the ancestors of the awakening was very rare. Only one of the 18 demons that Lu Ming hunted.

"So strong?"

The devil Tianjiao was shocked.

In one move, he was repulsed and injured by Lu Ming. But he was able to fight across three levels of monsters, can Lu Ming cross four levels?

"Kill, just kill this kid and eat him, my talent will be stronger!"

The demon roared, his body swelled continuously, and the fingertips of his fingers actually had bones extending out of it. These bones, like a bone knife, were extremely sharp.

Each finger is like a bone knife.

Uh, uh...

The demon attacked Lu Ming frantically, and his fingers continued to grab out, trying to tear Lu Ming apart.

"Zhanzi Jue!" Lu Ming's heart moved, and the Zhanzi Jue triggered success.

Just now, Lu Ming didn't trigger the war character tactics, otherwise, he could kill the opponent in seconds.

And now, Lu Ming directly triggered the six-fold combat power of the Zhanzi Juice.

During the period of cultivation of the chemical tower, Lu Ming also practiced the war character formula. With the help of the original **** sound, the war character formula is now six times as powerful. Lu Ming has been able to trigger 100% success.

After triggering the war character tactics, Lu Ming's combat power skyrocketed.

boom!

A punch came out, the void shook, Lu Ming's fist collided with the opponent's claws.

Click, click...

The opponent's claws exploded in an instant, and the terrifying fist kept bombarding the demon's body. The demon's body was torn apart, and Lu Ming rushed past, holding the opponent's demon spirit blood in his hand .

"This..."

Not far away, the natural arrogance on both sides of the canyon froze.

Among the demons, the God Emperor's five-fold existence, but the strongest of the seven demons, was unexpectedly solved by Lu Ming a few times.

At this moment, Tianjiao on both sides, the mood came a 180 degree turn.

The Tiangong side was ecstatic, and the Devil side was shocked.

"Rewind!"

"go!"

The remaining six demons, Tianjiao, are very simple and retreat directly back, wanting to retreat.

The strongest of them were solved by Lu Ming with a few strokes. When they went up, there was only one way to go. They dare to stay.

"Don't let them go!"

"kill!"

In the canyon, the arrogance of the five celestial palaces shouted, and the morale was like rainbow.

However, Lu Ming has the fastest speed. After performing the Great Kamikaze, his speed is very amazing. I saw a phantom flashing away, and Lu Ming has caught up with the six demons.

The six demons were so frightened that they couldn't escape, and could only turn around to resist and attack Lu Ming with all their might.

"Great Sword Art!"

Lu Ming thought, a dark magic sword emerged from his fingers.

A total of six!

The six magic swords flashed away, and the bodies of the six demons Tianjiao were stiff there. Then a bloodstain appeared on their eyebrows, and the bloodstain became bigger and more obvious. Finally, the puff broke into two halves, There is no breath at all.

Lu Ming grabbed a volley in his palm and grabbed six drops of demon spirit blood in his hand.

In this way, Lu Ming has received a total of 25 drops of demon spirit blood.

Lu Ming estimates that these 25 drops of demonic spirit blood can be exchanged for at least 200,000 merit points.

Chapter 4073: Top demon demon

Not every devil Tianjiao is worth so many merits.

Devil Tianjiao also has strengths and weaknesses, and has different potentials.

Some demons are arrogant, but they are better at the same level, some can fight across one level, and some can cross two levels...

Some of the devil Tianjiao beheaded by Lu Ming are only superior at the same level, and some can only fight across one level. These demon Tianjiao have very limited merits for redemption.

"Is this solved?"

"Good strength!"

The arrogance of the five heavenly palaces also stopped, revealing a look of amazement, especially seeing Lu Ming get seven drops of demon spirit blood all at once, even more envious and jealous.

Some people are itchy and even want to take a snatch, but thinking about Lu Ming's strength and feeling chilly, where dare to play Lu Ming's idea?

"This Xiongtai, how are we cooperating?"

"Yeah, hunt the demons together, and be more confident!"

Tianjiao Road on the side of the two Tiangong.

Lu Ming's strength is extremely strong. If he can cooperate with Lu Ming, in this dangerous battle, he will have a greater grasp of survival.

At a critical moment, Lu Ming can also be launched as a shield.

Lu Ming smiled faintly. How could he not know the thoughts of these people?

"Not interested in!"

Lu Ming said lightly and turned to leave.

"Hey, hey, some strength, yes, yes, I like it!"

At this time, a cold voice sounded.

At the same time as the voice fell, a figure suddenly appeared in the sky.

The figure of the devil!

The demon, covered with blue scales, was very strong, but coordinated, well-proportioned, and not bulky.

The most striking thing is a single horn above his head, like a blue machete, straight through the sky.

For the first time, a demon with a horn on his head was seen for the first time.

His eyes, full of hot light, stared at the land.

Lu Ming also looked at the person, his eyes narrowed slightly.

Instinctively, Lu Ming felt that this demon was very powerful, which made him feel like facing a strong enemy.

In the five temples of Tiangong, the pupils contracted and slowly backed away, wanting to leave here and leave this demon.

"Since I met and want to go, let's solve some of your little fish first..."

The voice hasn't fallen yet, and the unicorn figure has disappeared from its place.

Lu Ming only saw a cyan knife shadow flashing, and at the next moment, a series of screams rang out from the heavenly arrogance of those five heavenly palaces

After a breath, the light and shadow flashed, and the figure of the unicorn reappeared. However, the celestial princes of the five heavenly palaces had all their heads pierced, and a translucent hole appeared.

"It tastes good, but unfortunately, it's not enough..."

The unicorn demon chucked its mouth, and from his fangs, he could see a mass of objects in white paste, which was clearly the brain.

Five Tiangong Tianjiao, the brain has been hollowed out by the unicorn demon.

Bare his mouth, the unicorn demon looked at Lu Ming's eyes, and he was full of expectations: "Your strength is good, it will definitely be more delicious, hehehehe!"

"Your demon spirit blood is also good, I want it!"

Lu Ming said lightly, his body was full of radiance, and the power of taboo spread all over his body.

"Hey, I still want to kill me. I have the courage. Unfortunately, your cultivation base is lower. Kill!"

As the killing word fell, the figure of the young unicorn disappeared from the same place.

This time, Lu Ming saw how the opponent shot. The opponent took the one-horn as the core. The whole body seemed to turn into a magic knife, and it penetrated towards the landing Mingdong with amazing speed.

The unicorn on the head of the unicorn demon seems to be a sharp blade that can split the world.

The terrifying power made Lu Ming dare not care.

"Great Demon Sword Art, Slash!"

Lu Ming's palm was held in the void, and a magic sword was formed. Lu Ming held the sword with both hands and cut it out. This sword was accurately cut on the unicorn of the unicorn demon.

when!

A sound of gold and iron clashes sounded, and the two of them collided into the land, bursting out an invisible energy, sweeping all directions, wherever they passed, those huge rocks exploded and turned into ashes.

Uh!

Uh!

The two figures retreated backward.

It was Lu Ming and the one-horned demon. The two retreated a hundred miles at the same time, standing in the sky and facing each other.

"Good strength, this guy can fight across four levels in Divine Realm!"

Lu Ming frowned slightly, but his eyes flashed with excitement.

The cultivation of this one-horned demon has reached the five levels of Divine Emperor, but the terrifying power of terror can completely fight across four levels and can compete with the existence of Divine Emperor Jiuzhong.

This is a peerless demon comparable to the candidate of the universe's arrogance list.

Lu Ming has encountered this level of demons for the first time since entering the war.

In fact, this is Lu Ming's first encounter with such a demon since he hunted the demon.

This level of demonic arrogance has endless potential, and the demon spirit blood that can be exchanged is absolutely amazing.

Lu Ming was a little shocked, but the unicorn demon was even more shocked.

Lu Ming can actually contend with him. Lu Ming's practice is weaker than him.

Does it mean that Lu Ming can fight across five levels?

This kind of demon, even in the demonic race, is rare, and now he is actually touched by one.

"Very good, very good, this kind of character kills and eats, it will definitely help my evolution, kill!"

The unicorn devil's eyes were even more terrible, and the evil spirits continued to erupt. The one-horned horn above his head flashed a magical light, and then it became longer and longer, several times longer than before.

Uh!

The unicorn demon, once again with the unicorn as the front, like a poison dragon drill, came to the landing and slammed, faster than before.

Lu Mingsi was fearless, holding a magic sword and waving it up.

when!

The two collided again, the body shook and retreated, but after retreating, the two rushed together again.

when! when! when! ...

The two are very fast, constantly colliding, and immediately confronted a dozen moves.

To tell the truth, the combat power of this young unicorn is really strong. The one-horned man is very terrifying. Even if he is a weapon, he must be cut off.

It broke out with all its strength, and the masters of the ordinary Divine Emperor Jiuzhong would be beheaded by him after a long battle.

Within 50,000 years of age, there is not much of the entire wilderness universe that can achieve this achievement.

However, that's it.

He was out of luck and met Lu Ming.

"It seems that this is your ultimate strength, but unfortunately, this is not my limit!"

Lu Ming whispered, with a bang, a stronger force erupted from him.

A gorgeous glow emerged from Lu Ming, which was the result of all secret techniques being urged.

All mysteries are urged, combined with the power of taboos, combined with the ancient mysteries, so that Lu Ming's combat power is raised to the top.

Chapter 4074: King-level character?

When Lu Ming raised his combat power to the top, he was able to kill the enemy across five and a half levels.

boom!

Lu Ming seemed to be transformed into a beam of light, rushing past and colliding with the young unicorn demon.

A trembling roar sounded, and then a figure retreated.

This retreating figure was naturally a young unicorn demon. He retreated hundreds of miles, his burly body trembling, and a spit of blood spewed out, revealing incredible colors in his eyes.

Click!

Immediately after, his single horn made a cracking sound like porcelain, and a few cracks appeared on it.

"how is this possible?"

The unicorn was shocked.

Demon cultivation is different from the wilderness universe, and there is no source divine factor or source secret technique. His one-horned character is brought by the gods, and after continuous refining by the day after tomorrow, it is infinitely powerful and extremely strong.

However, at the moment, Lu Ming was cracked, and Lu Ming's cultivation behavior was still one level lower than him. He had never encountered it.

"kill!"

The indifferent voice sounded, Lu Ming did not want to give him a chance to breathe, spanning hundreds of miles in an instant, killing the young unicorn demon and attacking with all his might.

The unicorn demon youth resisted with all his strength, but in Divine Emperor Realm, the combat power differed by half a level, then it would form a crushing situation.

Every time the two collided, the body of the young unicorn demon would retreat, and blood spurted from his mouth, and the injury on his body would increase by one point.

In a blink of an eye, the two made ten moves.

Suddenly, the young unicorn demon screamed. The horn on his head was covered with dozens of fissures, and the last bang burst into pieces.

The most important unicorn was shattered, the unicorn demon youth was like a deflated ball, and it instantly slammed, the breath weakened sharply, and the combat power was also drastically reduced.

"Get on the road!"

Lu Ming's indifferent voice sounded, and his palm was like a knife, passing by.

Blood splattered, and the head of the young unicorn demon flew high and fell directly.

Lu Ming grabbed the palm and grabbed the demon spirit blood of the demon in his hand.

Buzz!

The demon spirit blood of this demon actually trembles continually, exuding intense energy fluctuations.

Among all the demonic spirit blood obtained by Lu Ming, this drop of demonic spirit blood is the most special and the most eye-catching.

The quality is even above the demon spirit blood of the devil in the Divine Emperor Realm.

Lu Ming was quite hot.

This drop of demon spirit blood, the merits that can be exchanged are absolutely amazing.

Because the potential of this demon is so amazing, in Divine Emperor Realm, it is possible to fight across four levels, and in the vast universe, this is comparable to the demon of the candidate level of the universe's arrogance list.

This kind of demon, only with enough time, will be able to become a hegemon of the universe, a famous powerhouse.

Such a strong potential is of course valuable.

Such a demon, Lu Ming hopes to come a dozen, of course, the other party's cultivation behavior, it is best not to be too high.

Genius of this level, Lu Ming, the fifth emperor, can still cope with it. If a six emperor comes, Lu Ming can only escape.

Collecting the demon spirit blood, Lu Ming came to the geniuses in those five heavenly palaces, waved his hands, collected the five people's storage rings, and began to investigate.

After a while, Lu Ming showed disappointment.

There are a few drops of demon spirit blood in the storage rings of these people, but the quality is very poor. Obviously, the devil hunting is not a strong demon.

However, it is better than nothing, and Lu Ming puts them all away politely.

Later, Lu Ming left here.

The time flickered, and a few more days passed.

In the past few days, Lu Ming has discovered a strange phenomenon, that is, he rarely encounters demons or people in Tiangong.

"Strange, aren't people on both sides in this area, or are they hiding?"

Lu Ming muttered.

Unable to figure it out, Lu Ming was too lazy to bother to continue to fly in the direction of Ling Yuwei.

"Bloody smell..."

Suddenly, Lu Ming heard a strong **** smell coming from one direction.

Lu Ming's eyes flicked, his breath converged, and he landed on the ground, then walked along the ground in that direction.

Soon after, Lu Ming discovered a corpse, which is a white jade god, apparently from the arrogance of Honghuang universe.

The white jade **** died very badly, and five holes appeared in his head. Lu Ming knew at a glance that it was caught by the devil's claws.

However, the **** smell that Lu Ming smelled was definitely not from this white jade **** statue, because it was too rich.

Lu Ming went on and found several corpses.

These corpses are not only the arrogance of the vast universe, but also the demons.

Lu Ming checked it and found that the demon spirit blood of the demon corpse had been taken away.

Lu Ming continued to move forward, and then found more and more corpses.

After a while, Lu Ming found no less than fifty corpses, both Tiangong and demons.

There are also potholes on the ground. Obviously, there has been a fierce battle.

Apart from these corpses, there is no one living.

Lu Ming was surprised, but did not expect that there will be so many demons and Tianjiao in Tiangong, and there will be a fierce battle.

"There are bloodstains extending westward..."

Lu Ming reveals the color of thought, pondering for a moment, and heading west.

After traveling thousands of miles, suddenly, Lu Ming's eyes flashed in one direction, looking in one direction, and he was wrapped in kamikaze. This was a sign of the great kamikaze technique.

Be ready to fight at any time.

In that direction, Xianguang flashed, and then a dozen figures appeared.

"People in Tiangong!"

At a glance at these people, Lu Ming relaxed a little, because, these people are all from the Temple of Heaven.

A dozen people in Tiangong also saw Lu Ming.

"You are...Mu Yun!"

Among them, a burly young man wearing a war armor spoke quite loudly and recognized Lu Ming.

"It turned out to be the brother of the fighting clan!"

Lu Ming nodded to the young man, then glanced at the others.

He is a little curious, because these people are from different races, not all are fighting saints.

In addition to the fighting saints, there are Buddha, blood, soul, demon, etc.

"Muyun, you can't continue to move forward, and then go forward, it's the devil's territory!"

The young man of the fighting clan youth.

"In front of the devil's site? Is the site divided here?"

Lu Ming was even more surprised.

"Yes, there is a lot of demon Tianjiao in the front area, and the Tianjiao in our Tiangong, the area in the east, is headed by the Buddha's peerless Tianjiao and Luotian!

"It is dangerous for you to act alone. It is better to join us and gather together to compete with the demon, because there is also a demon king character in the area in front!"

The youth of fighting saints.

"King-level character?"

Lu Ming was even more surprised.

Chapter 4075: The duel between regional kings

"Why don't you walk with us and say as you walk!"

The youth of fighting saints.

Lu Ming pondered a little and nodded.

Hearing the young people of the Fighting Saints said that in the eastern area, there are a lot of Tianjiao's arrogance, perhaps, Ling Yuwei may also be there.

In addition, Lu Ming was quite curious and wanted to make things clear.

Lu Ming followed a dozen people and headed east.

On the way, the young men of the fighting saints also told things to Lu Ming again.

The demons and the pride on both sides of the Tiangong entered this temporary planet, and they were all scattered, and then scattered to every corner and every area of this temporary planet.

At first, it was very chaotic, hunting each other.

But among these arrogances, there are strengths and weaknesses.

In the nearby wide area, there is a demon Tianjiao, the strength is extremely amazing, and the Tianjiao on the side of the Tiangong, such as digging for objects, is unmatched.

At the beginning, Tiangong lost a lot of manpower.

This devil Tianjiao is called the king of this area.

The arrogant king of this area is high above.

Until the back, an extremely terrifying demon appeared in the side of the Tiangong, and the Tianjiao battle with the demon ended with a tie.

The horrible evildoer on the side of Tiangong is a young Tianjiao from the Buddha.

Since then, the Tianjiao of the Tiangong in this area has gathered next to the young Tianjiao of the Buddhist tribe, led by this Tianjiao, because in this area, no one except this person can contend with the devil Tianjiao.

And the demons in this area naturally gather around the horrible demon.

In this way, this area has formed a two-region king, led by each other.

"In the past few days, almost every day, there will be a fight between the two sides, and the two regional kings will also fight once a day for six consecutive days. Both regional kings will end in a tie, and the others will A lot has fallen!"

The young man of the fighting sage explained.

Lu Ming thought of the many corpses he had seen before, including demons and Tiangong. Now I think that it should be that both sides have experienced a big battle and each has their own losses.

"How about the fighting power of the two regional kings?"

Lu Ming asked.

He is more concerned about this.

Those who can become regional kings are obviously at the pinnacle of this battle. Compared with such characters, we can know what level they are in this battle.

"The two regional kings of Demon and Tiangong are all in the five levels of the **** emperor, but they are all world-class arrogants who can fight across four levels. !"

The young man of the fighting sage explained, awe in his eyes.

"Is this the standard?"

Lu Ming exposed a strange color in his eyes.

Is this the strength of the regional king? This level of Tianjiao, he killed one not long ago.

That unicorn demon youth is the existence of this level.

"It seems that my strength is among the best in this battle!"

Lu Ming was relieved a little.

Soon after, Lu Ming and them came to a strange area.

This area is full of raised rocks, very sharp, like a sword.

On each raised rock, there is a young man.

Some sit cross-legged and some look into the distance.

Here is the atmosphere of Tiangong's arrogance in this area.

Lu Ming glanced and found that there were nearly one hundred people in the Tiangong Tianjiao gathering here.

"On the top of the highest rock, there is Luo Tian, the monstrous demon of the Buddha!"

The young men of the fighting saints pointed to the highest rock road.

Lu Ming looked over and saw a young man sitting on the rock.

The bald head, the skin becomes golden yellow, and there is a Buddhist light on the top of the head.

This is a pure Buddha.

This is the hero of the Buddha, Luo Tian.

At this moment, Luo Tian closed his eyes, the treasure was solemn, and he was shrouded in Buddha's light.

Lu Ming glanced a few times, then looked away and began to look for Ling Yuwei. Unfortunately, there was no figure of Ling Yuwei in these people.

Obviously, Ling Yuwei is not in this area.

"I hope nothing happens!"

Lu Ming sighed.

Although he met Ling Yuwei and compared Oolong, especially with an inexplicable marriage contract, after all, the two had been together for so long and experienced many things together. At this moment, Lu Ming will inevitably worry about Ling Yuwei's safety.

However, Ling Yuwei's strength is very strong, and her cultivation base is already at the fourth limit of the Divine Emperor. She may break through the Divine Emperor's fivefold at any time, and Ling Yuwei's combat power is extremely powerful.

If it is a battle of the same level, the general cosmic Tianjiao list candidates are probably not Ling Yuwei's opponents.

As long as you don't encounter the devil Tianjiao of the level of the regional king, Ling Yuwei should be more than self-protected.

Lu Ming intends to hunt a wave of demons here.

After all, the devil Tianjiao in this area has gathered around the demon area king, and he in this province looks for it.

After a few chats with the youths of the Douhan Saint Clan, Lu Mingfei landed on an unmanned rock, sat cross-legged, and waited.

"The demon struck!"

Lu Ming hadn't sat down for a long time, and suddenly a roar came.

Boom!

The Tiangong Tianjiao on the rocks stood up one after another, exuding a strong breath and preparing for the war.

"Sure enough, for six days in a row, these demons will fight against us, today is the seventh day!"

"They thought we would be afraid of them, and today they will not keep the piece of armor they killed!"

"Kill the devil!"

The Tianjiao shouted on the side of the Tiangong, and the fighting was high.

They feared the other's regional king, but the regional king was blocked by Luo Tian, and they were not afraid.

Lu Ming stood on a rock and looked away.

In the distance, a large group of demons flew over.

These demons stretched their wings one by one, and the spirit of the evil spirit rushed into the sky, roaring like thunder, and rushed towards this side.

"Miscellaneous killing the sky palace!"

The devil is arrogant and roars.

Among them, a demon caught Lu Ming's attention.

The demon was covered with blue scales, but one of his right arms was fiery red, and there were fierce bone spurs on his arm.

"Luotian, come out in a battle and cut you today!"

The red demon in his right arm shouted, killing thoughts like a tide.

This is the king of the demon area, named Sadao.

"Amitabha, since the donor wants to go on the road, the poor monk will fulfill you!"

Luo Tian walked in the sky, the Buddha's light became stronger and stronger, and every step stepped out, a golden lotus appeared at the foot.

His speed was very fast, and within a few steps, he was close to the saber.

A sound of Buddha sounded, and in the sky suddenly appeared a huge and incomparable golden statue of Buddha, with a palm slamming toward the saber.

Chapter 4076: Qi Ju Huo Du

The Buddha statue is tens of thousands of feet, and a golden palm, like a hill, is pressed down toward the saber.

"This is another trick, can't I change something? Break me!"

Sadao grinned and rose to the sky, his fiery red right arm banged out with a punch.

boom!

There was a tremendous loud noise, and the golden palm exploded directly. Not only that, but even the huge Buddha statue also exploded and dissipated into energy.

Uh!

Sadao's demon wings flew like a flash of lightning, rushing towards Luo Tian, the right arm became brighter red, and a flame burst out, allowing the whole arm to condense like magma.

Luo Tian's eyebrows glow, and a golden band of light emerges. This is an extremely pure Buddha's light, and it is also Luo Tian's original secret technique.

Luo Tian's original secret technique has cut off six chains.

This is extremely astonishing and terrifying, but the Divine Emperor's five weights can cut off the six chains, very few.

The shackles of the mystery of the source, the more behind, the more difficult to cut, each one is a cut, but each cut, the strength will be greatly improved.

Generally speaking, only the characters of the main realm of God can cut off all the nine chains of the original secret technique.

Pure Buddha light, wrapped around Luo Tian's hands, Luo Tian stepped out, waved and shot.

boom!

Luo Tian's palm collided with Sadao's right arm, as if the two planets collided. The red and golden light covered the whole sky.

A circle of horrible energy, like waves of water, hit all directions, and no one dared to stand on the ground.

The two collided in a single stroke, both of them were swaying, evenly divided.

Then, the second move of the two collided again.

Boom!

The speed of the two is very fast, and in a flash, they confronted a dozen tricks.

It can be seen that the fighting power of the two men, between Bozhong and Zhong, is difficult to distinguish between victory and defeat.

Lu Ming glanced at it, and his heart was counted.

It is similar to that described by the young people of the Fighting Saint Clan. Both men's cultivation practices are in the fivefold of the Divine Emperor, but their fighting power is comparable to that of the Divine Emperor.

But that's it. It's almost the same as the one-horned demon that Lu Ming had beheaded before.

"Kill!"

"kill!"

At this time, the demon and the other people in the Tiangong were also fighting together. In an instant, blood flashed out, the screaming sounded, and some people had fallen.

"Boy, die for me!"

An ugly demon youth waved his magic knife, stared at Lu Ming, and slammed towards the landing.

This ugly demon has a fourfold cultivation practice of the emperor. To be honest, it is already very good to have this cultivation practice within 50,000 years old.

There is no doubt that this ugly demon is also a demon figure.

However, in Lu Ming's eyes, it is not enough to see.

puff!

Lu Ming cast a great magic sword technique, the sword light flashed, the demon Tianjiao was split in half, Lu Ming's figure flashed by, the demon spirit blood of this ugly demon was caught by Lu Ming in his hand.

As soon as his thoughts moved, he collected this drop of demon spirit blood, and Lu Ming continued to kill other demons.

The result is destined!

None of these demons are Lu Ming's enemies.

The magic sword is vertical and horizontal. Every sword has been cut, and a demon was killed by Lu Ming.

"So strong?"

Tianjiao of other Tiangong couldn't help but widen his eyes, revealing incredible colors.

They had seen Lu Ming before, but they didn't care too much. They thought Lu Ming was just an ordinary arrogance. Unexpectedly, Lu Ming's combat power was so strong that he could kill these demonic arrogances like chopping melons and vegetables.

This is a peerless evil!

Other demons were even more frightened, and they dared not compete with Lu Ming. When they saw Lu Ming, they stepped back.

This scene also attracted the attention of the two regional kings.

"But I, boy, wait for me to solve this bald head, then go kill you!"

Sadao snarled with anger and looked like a knife, wishing Lu Ming would unload eight pieces.

"Your opponent is me, Foguang shines!"

Luo Tian took a light drink, the sky was full of Buddha's light, and turned into different weapons.

He saw Lu Ming so brave, and also showed joy.

As long as Lu Ming solved the other demons, and waited for the people on the side of the Tiangong to free their hands to attack the saber together, it would be possible to kill the saber in one fell swoop.

Lu Ming's performance surprised him.

"You? Do you think I come to fight with you every day, is it idle? Now that the seven days have come, let me die, the seven must be poisonous and explosive!"

The saber attacked several moves in a row, and then his right arm shook suddenly, a mysterious force spread out.

At this moment, Luo Tian's body suddenly shook.

Immediately afterwards, red stripes appeared in Luotian, and a disgusting smell emanated from Luotian.

puff!

Luo Tian vomited blood in a big mouth, and his breath fell sharply.

"Poison, when did you... the poison that fell on me?"

Luo Tian shouted in shock, constantly exploding Buddha's light, trying to purify the poison, but it was useless, and the effect was minimal.

"With your strength, you want to poison you positively with a poison. It is very difficult. I have no signs of this kind of poison. In the process of dealing with you, I penetrated into your body bit by bit. among!"

"These seven days, I will fight you once every day. After seven days, the seven unique fire poisons have finally succeeded!"

Sadao sneered.

Luo Tian looked pale.

He finally understood why Sadao had to fight him every day for these seven days.

At first, he didn't think much about it. After all, the two of them were endless, and it was normal for the devil to fight them every day.

Unexpectedly, when Sadao actually played against him, he secretly poisoned him.

And this poison takes seven days to activate.

"Fuck me!"

Sadao's eyes were all dire, and he punched Luo Tian's chest with a punch. Luo Tian screamed, and his body flew out, breaking dozens of huge rocks.

Luo Tian is not dead yet. The pure body of the Buddha family is known as the immortality of Vajra, but even so, Luo Tian was also hit hard, his chest was almost pierced, his heart shattered, and his breath was extremely weak.

"what happened?"

At this moment, Tiangong's arrogance was pale.

Luo Tianming is clearly inseparable from Sa Dao, but now, he is defeated instantly.

All this happened too suddenly.

The key is, Luo Tian defeated, who else can compete with Sadao?

Muyun?

Although Muyun is strong, but its combat power is still a bit different from that of regional kings like Sadao and Luotian?

Finished!

The celestial arrogance of the Tiangong shives.

Unexpectedly, the battle situation changed so quickly.

"Great, hahaha, great!"

Contrary to the people in Tiangong, the remaining arrogance on the demon's side was ecstatic.

"Bald head, I won't kill you for the time being, I want to let watch, how do I kill the people in your heavenly palace!"

Sadao spoke indifferently, then, his figure flashed and rushed towards the landing.

Chapter 4077: The power of great bondage

Sadao rushed towards Landing Ming. His right arm, red as fire and condensed like magma, had not arrived yet. The hot and furious breath had already rushed towards Landing Ming madly.

In the face of this breath, even ordinary masters of the Eightfold Super Lord of Gods can't bear it, avoiding its edge.

However, Lu Ming's face was always calm, and even a hint of anticipation appeared.

Because, there is another drop worth of demon spirit blood to be obtained.

"Fuck me!"

Seeing Lu Ming shining, the saber showed a terrible color, and the red right arm slammed past the landing with a punch.

In the process of blasting, his fist actually grew sharply, like a small hill, screaming towards the landing, the terrifying momentum made all the other arrogances of the Tiangong horribly disturbed.

"Muyun, rewind!"

Someone shouted.

Others sighed in their hearts, believing that Lu Ming would be seriously injured without dying under this punch.

Many people are already preparing to escape.

At this time, Lu Ming shot, and the same punch.

His fists are no different from ordinary fists, except that they emit a brilliant glow.

boom!

The fists of the two were heavily bombarded together, and in an instant, the sky was violently shaken, and a circle of energy rippled across all directions.

And the following scene was more than everyone expected.

Lu Ming, standing in the void, did not move at all, as steady as a **** mountain.

Everyone thought Lu Ming must be blasted, or even burst, but none of this happened.

Lu Ming didn't move, but was a saber. His figure trembled, and he stepped back a few steps in a row.

"This... how is this possible?"

Everyone's eyes widened, including Luo Tian, who had been seriously injured.

Lu Ming, was able to retreat his knife with a boxing punch, this record, but even Luo Tian did not do it.

"It's a very strong fighting force. Yes, the fighting **** Yuanwen said that the strength of Muyun's battle at the same level is not weaker than him. It seems to be true. Muyun now has four levels of cultivation, which spans five levels. ..."

The young man of the fighting sage clan changed his mind, revealing amazement.

"Boy, you..."

Sadao himself was also shocked.

Lu Ming's cultivation practice was one heavier than him, but when he fought just now, he felt that Lu Ming's power was endless and full of destruction.

His arm felt numb for a while, as if torn apart.

"Your strength, but that's it, it's my turn now..."

Lu Ming spoke indifferently, his body was shocked, and his body burst out with a gorgeous glow, which is a manifestation of inspiring his strength to the peak.

With a clatter, Lu Ming's figure disappeared directly from the original place. The next moment, he had come to the front of the saber, and his fists were continuously blasted.

Boom...

The sky was violently shaken, dozens of punches, like a row of mountains and seas, pressed towards the saber.

The power of terror made the muscles of the saber tighten, and a chill came from the bottom of his heart. He actually had a feeling of numbness in his scalp.

"I don't believe it. Even if he can cross five levels of war, he can't suppress me and blow me up..."

The saber roared, and the fiery red right arm was a little thicker, and there were lines of mysterious lines on it, exuding the breath, which was even more terrifying.

In the same way, his right arm slammed out, striking dozens of fists in an instant, and Lu Ming's fist strength, constantly banging.

A series of big explosions sounded, dazzling, deafening, and the other demons and the arrogance of the Tiangong on the side, did not see the battle between the two.

Who can win?

Everyone's heart is raised, because the winner is about the issue of survival on both sides.

But the next moment, they have the answer.

In the roar, a figure retreated, crashing several huge rocks.

It's a saber!

He is now very miserable, with several fist marks on his body, especially his fiery red arm, with dense cracks on it.

The spitting blood of the saber is extremely slack.

He looked at Lu Ming's eyes, full of fear, and then turned around and ran away, daring not to fight again.

However, in the course of his confrontation with Lu Ming just now, Lu Ming has been hit hard. Even the strongest right arm is about to break apart, and he can't show any strength at all.

How could he get away in front of Lu Ming's eyes.

Lu Ming was wrapped in kamikaze. After a few flashes, he caught up with the saber.

"Let's die together!"

The saber's eyes couldn't escape, revealing a frantic color. His cracked arm glowed with dazzling red light, and a terrifying breath erupted, as if a volcano was about to erupt.

Sadao, this is to explode this fiery red right arm.

This fiery red right arm is the basis for the survival of the saber. It is born with it. After the acquired training, the power is infinite, just like the unicorn of the previous unicorn demon.

This kind of natural born comes with extraordinary power. Once it explodes, the power is shocking.

Sadao knows he can't escape, and intends to explode his right arm and pull Lu Ming to die together.

But will Lu Ming make him do it?

"Great bondage!"

Lu Ming took a sip and pressed with both hands.

Buzz!

An invisible force suddenly appeared around the saber. This force was like a python, entangled with the saber, and at the same time, there was a spike in the body of the 'python', which penetrated into the saber. In the body of the sword, both his flesh and the evil spirit should be bound.

Three Thousand Ancient Mysteries, Great Bondage!

This was exchanged by Lu Ming from the Merit Exchange Hall. In the chemical tower, it has been cultivated to Dacheng, and has not been officially used in the war.

It's just right to use it now.

Being hit by a big bondage, Sadao's body suddenly stiffened.

"kill!"

An indifferent voice sounded, Lu Ming's figure flashed, a magic sword rose into the sky, and flashed away.

Then, the head of the saber flew high.

Another demon, Tianjiao, who is comparable to the candidate of the universe's Tianjiao list, was beheaded by Lu Ming.

As soon as he grasped the palm, the evil spirit blood of Sadao was caught by Lu Ming in his hand.

Sadao's demon spirit blood is also very extraordinary, no worse than the demon spirit blood of the previous unicorn demon youth, Lu Ming took out a new jade bottle and put this drop of demon spirit blood.

"Is this solved?"

The people around were a little dazed.

This battle with Luo Tian for seven days, and finally defeated Luo Tian's demon demon, was so easily killed, they suddenly seemed like a dream.

"Go away!"

The remaining demons shouted and turned to escape.

At this time, the arrogance of the Tiangong Temple was like a dream.

"Don't let them escape!"

"Kill!"

The Tianjiao's Tianjiao roared, and they all went towards the Devil's Tianjiao.

Slamming the water dogs, they will not let go.

Lu Ming also rushed out and hunted the devil.

Chapter 4078: The pattern is broken

Lu Ming had killed some demons before, and the rest of the demons were not much. At the moment, they were chased and killed by Lu Ming and Tianjiao's Tianjiao. The result of these demons was already doomed.

None of the remaining demons escaped, and finally died in the hands of Lu Ming and others.

Among them, most of them died in Lu Ming's hands.

No way, Lu Ming's speed is too fast, and the combat power is strong. There is no united enemy on the demon's side. Kill it, of course, fast.

All Tianjiao in Tiangong had a smile on their faces.

This is a great victory.

Nearly one hundred demons were killed here.

You know, the total number of demons participating in the war is only about 4,000. Now, hundreds of them have been killed at once. This is an important victory, especially among the top demon like the saber. This battle , And even have an impact on the overall situation.

This time the competition, they and the devil, but endless.

Either you die or I die. They kill so many demons in one performance, and they are naturally happy.

These people thanked Lu Ming one after another.

Luo Tian also flew over, barely stabilized his injury, and thanked Lu Ming.

"You're welcome, this time our common enemy is the devil, and when I see the demon, I naturally have to take action!"

Lu Ming smiled.

"correct!"

With that, Lu Ming's voice changed, and then he waved his hand to engrave a peculiar pattern in the air.

This pattern is the one he agreed with Ling Yuwei.

Moreover, the patterns of the two of them are still different, for easy identification.

According to this pattern, they can know each other's movements.

"You guys, I would like to ask, have you seen this picture near you?"

Lu Ming asked.

Everyone looked carefully, and many people shook their heads.

"I've seen this pattern before, it was carved on some rocks!"

Luo Tian looked at it and nodded.

Lu Ming was delighted and said, "Master Luotian, where have you seen this picture?"

"On the west side, about half a million miles away from this place, in a raised rock..."

Luo Tian said the location in detail.

Lu Ming jotted down carefully and then said goodbye, preparing to leave.

Anyway, the demons in this area have almost been killed. These people in Tiangong are temporarily in no danger. He does not need to stay.

Immediately, Luo Tian and others retained and wanted to act with Lu Ming, Lu Ming refused.

Among these people, only Luo Tian's strength is not bad and can help him. Others' strength is too general. Lu Ming doesn't want to bring a bunch of oil bottles.

He moves more easily by himself.

After leaving, Lu Ming left in the west.

On this temporary planet, their speed is severely suppressed, at a distance of more than half a million, in the wilderness universe, it can be reached in a blink of an eye, but here, it still takes some time.

A day later, Lu Ming finally came to this area and saw a large stretch of rock.

Lu Mingling sent out his consciousness and began to search.

Soon after, Lu Ming's eyes lit up and his figure flashed, appearing over a rock.

There is a pattern on this rock.

That's right, this is indeed carved by Ling Yuwei, others can't understand it, just thought it was a simple pattern, but Lu Ming could see Ling Yuwei's whereabouts.

After glancing at the pattern, Lu Ming flashed and continued to go west.

After a while, Lu Ming really saw another pattern.

After recognizing it, Lu Ming went on.

In this way, three days passed.

In the past three days, for a period of time, Lu Ming occasionally encountered Tiangong or Devil's Tianjiao, but as he went further back, the Tiangong or Devil Tianjiao he met became less and less.

In the last whole day, he did not encounter a heavenly palace or a devil's arrogance.

"What's going on? Did the Tiangong and the Devil's Tianjiao leave in this area?"

Lu Ming frowned.

Moreover, from half a day ago, the pattern left by Ling Yuwei was broken.

Somehow it broke, he searched for a long time, but did not find the next picture.

"What's going on? Is Ling Yuwei suddenly in danger?"

Lu Ming showed a trace of worry.

This can only be the case, otherwise, she will definitely continue to engrave the pattern.

Only when there is a sudden danger, a crisis, and no time to engrave the pattern, the pattern will be broken.

Moreover, in this area, Lu Ming did not meet a Tiangong or a demon, even more strange.

Lu Ming thought for a while, and continued to search westward.

As Lu Ming passed through a canyon, suddenly, there was a flash of magical gas in the canyon. A figure rushed out of the canyon, and in a blink of an eye, surrounded Lu Ming in the middle.

It's a demon!

There are more than a dozen demons, staring one by one with a terrible sight.

"It's a man in Tiangong, and there are fish in the net!"

"A prince with four princes, yes, it's a big fish!"

"Slaughter him!"

A dozen demons roared, and then rushed towards the landing Ming together.

The strength of these demons is good, and there is even a deity Tianjiao, which is a five-fold deity, but there is no such thing as a saber. Lu Ming did not care about it at all.

"Just right!"

In Lu Ming's eyes, the cold light flashes continuously, the Great Kamikaze and the Great Demon Sword are used together.

Suddenly, Jian Qi rushed towards him, blood flashed, and one by one the demons were killed.

Regardless of the cultivation, in Lu Ming's hands, the end is the same, that is, being slashed with a sword.

"Run away!"

"This guy is so scary, **** it!"

The remaining demons, terrified, turned and wanted to escape.

But will Lu Ming let them escape?

After a few breaths, the three demons fell to the ground like mud, seriously injured.

As for other demons, they have been completely killed by Lu Ming.

"I ask you, what's going on in this area? Why didn't you see the people in Tiangong?"

Lu Ming asked coldly.

"If you want to kill, kill, don't want to know a little news from our mouth!"

A demon roared.

"Really, then get you on the road first."

Lu Ming spoke indifferently, flicking his fingers, and flicking his fingers out, piercing the eyebrows of the demon, and the demon fell directly.

"Now, which of you two said?"

Lu Ming said.

"Oh, kill if you want to kill. Anyway, what we say is a dead end!"

"Not bad!"

Although there was horror in the eyes of the two demons, they still shook their heads firmly.

They knew very well that this time the contest between the Tiangong and the devil was nothing other than that it was truly endless.

It can only be ended if one side is completely defeated.

As for 80% of people surrendering, that would hardly happen.

If they surrender, the devil will not let them go after leaving.

Therefore, they are very clear that even if they say, Lu Ming will certainly not let them go.

Chapter 4079: A horrible devil Tianjiao

The two demons were very hard-mouthed, and would rather die, and finally Lu Ming had no way to solve the two demons directly, and took away the demon spirit blood.

However, Lu Ming even more determined that something must have happened in this area.

Lu Ming just wanted to leave, but stopped immediately.

Because he suddenly felt a terrible sense of crisis, coming from all directions.

Yes, from all directions.

He couldn't actually judge from which direction this sense of crisis came.

This sense of crisis made Lu Ming's muscles tight all over, and his hair was automatically erected.

What makes him feel this way is definitely a terrible enemy.

Near this, a terrible enemy appeared.

"where is it?"

Lu Ming's spirit is highly concentrated, and his spiritual consciousness spreads over a large area, watching all the slight movements around him.

Rumble!

Suddenly, Lu Ming's ears moved, he heard the rumbling sound, although it was very subtle, but how sharp was his spiritual consciousness, and there were no less than ten kinds of secret techniques about ears, which were still accurately captured by him .

underground!

Uh!

Without hesitation, Lu Ming rose to the sky.

At the moment when Lu Ming rushed up, a devil claw came out of the ground, the gravel splashed, and the devil clawed towards the landing Ming.

However, one step later, the devil's claws grabbed from Lu Ming's feet and brought a terrible storm.

"The reaction was quick, but you think, can you escape from my hand?"

A cruel and tyrannical voice sounded, and then a burst of touch from the ground burst, and a tall demon rushed out of the ground.

Lu Ming was condescending, his eyes swept, and his pupils shrank slightly.

This is a demon, but this demon is very different from the demon Lu Ming encountered before. This demon is extremely tall and burly, at least ten meters high.

His whole body was full of raised muscles and bone spurs, which came out of his body.

His pair of devil's claws are huge and fierce, and his nails are as sharp as knives.

bump!

This demon, with his feet kicking on the ground, his burly body soared into the sky, bringing up a violent energy, and the speed was astonishingly fast. In a blink of an eye, he appeared above Lu Ming's head and stepped towards the landing Ming. .

This speed is almost like a teleport.

boom!

In an instant, Lu Ming had triggered the six-fold combat power of the war character tactics. The Great Kamikaze and Great Fragmentation operations came out, and a punch hit upward. The fist collided with the foot of the burly demon.

"Good strength!"

At the moment of the collision, Lu Ming felt a tremor all over his body, as if hit by a huge, incomparably high planet. His body felt like a shell and fell towards the ground.

With a loud bang, Lu Ming's body hit the ground heavily and smashed the ground out of a big pit.

puff!

Lu Ming spit out blood and felt numb.

"Sixth Emperor, the fighting power that can cross four levels!"

In Lu Ming's mind, such a message emerged.

Yes, the demon that appeared, the strength is simply amazing, mainly because the cultivation is too high, reaching the sixth level of the Divine Emperor, plus the ability to fight across four levels, the total combat power is completely above Lu Ming Too.

"It's not bad, it can take me a trick without dying. It seems that you are in Tiangong, and it must be a top character. Very good. Killing you is also a big loss for Tiangong!"

The burly demon showed a terrible color, and the wings of the demon turned into a gust of wind, dive down to the landing sound.

The huge devil's claws exploded into space and grabbed Lu Ming.

Fast, just as fast as amazing.

With a loud roar, Lu Ming shook the cells all over his body, trembling at the same time, and all the mysteries were activated, turning into a gorgeous glow, reflecting Lu Ming as immortal.

boom!

Lu Ming broke out with all his strength and punched.

This punch collided with the claws of the burly demon.

With a trembling roar, Lu Ming's body thundered, and the body was like a meteorite again, falling down towards the ground. Lu Ming's feet stepped on the ground, and the whole person bent down, but he didn't dare to have the slightest Stopped, his feet suddenly exerted force, and his body moved sideways.

boom!

In the air, the burly demon stepped on the place where Lu Ming had just stood.

The devil's foot is also covered with bone spurs and claws, and its power is very amazing, directly stepping out of the ground into an unfathomable giant pit.

The violent strength swept through, and Lu Ming broke out with a slap, before breaking the strength.

"A little strength, but not enough!"

The burly demon roared, and a huge demon wing rushed towards the landing, and the claws continued to pull out.

Lu Ming erupted with all his strength to resist, and his fists continued to bombard, and each fist will show his strength to the extreme.

At the same time, the Great Demon Sword Technique also came out and turned into a magic sword, slashing towards the other side.

The speed of the two shots is very fast, and the power is amazing.

However, even if Lu Ming urged the fighting power to its peak, it is still not the opponent of this demon.

Lu Ming urged the fighting power to its peak, and could only kill enemies across five and a half levels, or was half a level weaker than the opponent.

In Divine Emperor Realm, half a level can become a crushing trend.

Just like Lu Ming dealt with the unicorn demon youth and saber.

This demon will not be too difficult to deal with Lu Ming.

In an instant, the two met a dozen tricks.

puff!

Lu Ming's body was still caught by the opponent's devil's claws. A large piece of flesh and blood was caught. The violent energy drove Lu Ming thousands of miles away. I don't know how many huge rocks it broke.

Lu Ming vomited blood violently, and his body was almost split into two pieces.

In each of his cells, the potential was stimulated by madness, and it constantly emerged, turning into Lu Ming's power, and his body was recovering quickly.

If it weren't for his extremely strong vitality, the move just now would have killed him half a life.

call!

The attack of the burly demon arrived again, apparently did not want to give Lu Ming a chance to breathe.

In fact, his heart was also difficult to calm down, and Lu Ming's combat power shocked him.

If Lu Ming breaks through a level to cultivate his behavior, it is not Lu Ming who is crushed, but him.

Therefore, he had to fight for Lu Ming to kill him completely.

"come on!"

Lu Ming's eyes showed a frantic color, and his figure continued to fight back, rushing towards the burly demon.

Great bondage!

Lu Ming exerted a large-scale **** technique, and the invisible power, like a python, wrapped the burly demon, and a thorn-like force penetrated into the demon's body, and his body and Mosha Qi is bound.

"Give me!"

The burly devil laughed wildly. The burly body was actually a little more burly. With a bang, the intangible energy wrapped around him was actually stretched out.

Chapter 4080: Team up against the enemy

The strength of the burly demon is very amazing. It actually broke the shackles of the big bondage, and the huge devil claws continuously pulled out, and they caught Lu Ming.

Lu Ming mobilized all the forces after he exhibited the big **** technique, launched the strongest attack, and the claws of the burly demon blasted together.

The continuous roar sounded, and the two immediately confronted more than ten moves.

Lu Ming felt his arms numb, his bones groaned with difficulty, and his figure retreated suddenly.

After all, there is still a big gap in strength, even if relying on the big shackles, it is difficult to make up.

The great bondage, although mysterious, also needs to be repaired to support it. After all, his cultivation base is still lower, and it is difficult to exert the full power of the big bondage, which can't trap the burly demon.

"There are other tricks, use them all, I will make you feel desperate!"

The eyes of the burly demon were even more terrible, and his figure kept on. When Lu Ming retreated, he continued to kill the landing, sharp devil claws, and grabbed the head of the landing.

Lu Ming resisted with a fist, but the other claw of the burly demon changed its direction and grabbed Lu Ming from below.

puff!

Lu Ming was caught again, three ribs flew out, flesh and blood flew, and the injury was more serious.

This is Lu Ming. In the case of another person, he has been killed with so many different strengths.

Just like the unicorn demons and sabers before, when facing Lu Ming, they were killed by Lu Ming without supporting for too long.

However, Lu Ming's vitality is too tenacious, and has contended with the opponent's so many moves, has not been killed.

"go!"

At the moment of Lu Ming's sudden retreat, the Great Kamikaze technique worked at full strength, a flash of lightning, and he retreated towards the back. He understood that he was not the opponent's opponent, and he took the best course of action.

Continue to fight, there is no chance of winning, so why continue to fight?

"Want to leave, in my hands, this is extravagant hope!"

The burly devil sneered, his wings flapped rapidly, his body was more than ten meters tall, but his speed was surprisingly fast. After the injury, Lu Ming was not as fast as the burly demon. Seeing, the distance between the two sides was getting closer again.

"Dead!"

The burly demon launched a stormy offensive. A pair of devil claws instantly grabbed dozens of times, but there were claw marks everywhere in the air.

But at this moment, on the side of Lu Ming, there was a fierce sound of breaking the sky, and then, a green arrow suddenly appeared, shooting the eyebrows of the burly demon.

Fast, fast, amazing, and amazingly powerful.

Faced with this arrow, even the burly demons did not dare to carelessly, and their hearts were filled with a sense of crisis.

He had to stop the attack on Lu Ming, and the devil's claws snapped back.

Keng!

The sharp devil's claws caught on the emerald green arrows, and the sound of gold and iron clashes erupted, and Mars was shooting all over.

Buzz!

The emerald green arrows kept shaking, and finally collapsed. However, the attack of the burly demon was also blocked. Taking this opportunity, Lu Ming quickly opened the distance with the burly demon.

"Muyun, follow me!"

Not far away, a slim figure appeared, not Ling Yuwei, who could it be?

Lu Ming was very surprised. Unexpectedly, he struggled to find Ling Yuwei, but now Ling Yuwei appeared suddenly.

And he found that Ling Yuwei's cultivation base had broken through.

Before entering this temporary planet, Ling Yuwei's combat power was the peak of Divine Emperor's fourfold, and now, Ling Yuwei has reached Divine Emperor's fivefold.

After obtaining the opportunity of the Holy Seed Mother Tree, Ling Yuwei completed her conversion, and her talent and combat power have improved a lot.

In the battle of the same level, Ling Yuwei's combat power is stronger than that of the general cosmic list. Lu Ming estimates that Ling Yuwei's full shot is able to fight across four and a half levels.

Ling Yuwei, the **** emperor's five heavyweights, is not weaker than he is now, so the burly demon that was forced by the arrow just quickly resisted.

It would be absolutely impossible before she broke through.

At this moment, without time to think about it, Lu Ming flashed towards Ling Yuwei.

"Come with me!"

Ling Yuwei said with a landing sound, and rushed in one direction.

"Want to leave, you two, leave me!"

The burly devil roared and chased to Landing Ming and Ling Yuwei.

The speed of the burly devil is extremely fast, and they are quickly shortening their distance with Lu Ming.

call out!

When the distance between the two sides is getting closer, Ling Yuwei turns around with a single arrow.

What she is using now is naturally not the **** elven king bow, because here, it is suppressed and cannot be used. She uses her original secret technique.

Arrows cut through the sky like a ray of light, shooting at the eyebrows of the burly demon.

Faced with Ling Yuwei's attack, the burly devil had to fight against it.

Although Ling Yuwei's combat strength is still somewhat different from that of him, he can't just ignore it.

He waved his hand to resist, blocking Ling Yuwei's arrows, but his figure was still blocked for a while, and the speed became slower, while Lu Ming and Ling Yuwei took the opportunity to pull the distance apart.

Lu Ming took the opportunity to recover fully.

Every cell in the whole body was trembling slightly, and the potential in each cell kept pouring out to repair his injury.

The original incomplete body is recovering quickly, recovering at a rate visible to the naked eye.

Even the burly devil was surprised.

"This monster..."

The burly devil growled in his heart, and he was more determined to kill Lu Ming.

He chased towards Landing Ming and Ling Yuwei more crazily, but when their distance was closer again, Ling Yuwei turned back with another arrow.

Arrow Road, the best is the long-range attack.

If it is other people, at such a long distance, the power of attack will definitely weaken, but Ling Yuwei's arrows can maintain the peak power.

This is the advantage of a remote attacker.

Being blocked by Ling Yuwei's arrows, Lu Ming and Ling Yuwei took the opportunity to pull the distance apart.

In this way, they chased and fled, flying a long distance.

After a period of time, Lu Ming's injury has improved a lot, and it is not far from returning to its peak state. ?

At this time, a forest appeared in front of them.

Yes, it is really a forest.

Lu Ming was surprised.

Because this temporary planet was made by the strong 'master' class on both sides temporarily grabbing the dark universe ground rocks, here are all bare rocks, how can there be any forest?

Before, Lu Ming did not see a grass.

"Enter the forest!"

After seeing the forest, Ling Yuwei's eyes lit up and sent a voice to Lu Ming.

Lu Ming had no doubt about him, and together with Ling Yuwei, rushed into the forest.

They just rushed into the forest, and the burly demon also rushed into the forest.

But when the burly demon rushed into the forest, Lu Ming and Ling Yuwei disappeared, but in all directions, the trees came alive and killed the burly demon.
