

D Emperor 4081

Chapter 4081: Tianjiao, the strongest demon

All the plants in the forest seem to come alive, turning into horrible monsters and killing the burly demons.

"Illusion, break me!"

The burly demons shouted, the claws pulled out, and the trees burst into pieces.

"An illusion, break it for me, I want to trap me, break it, break it!"

The burly demon roared madly, as if turned into a wild beast of wild hair, rammed into it, wherever it passed, rocks splashed, and huge pits were blasted out of the ground.

At this time, Lu Ming and Ling Yuwei had already left the forest and appeared on the other side. They were not affected by the phantom at all.

Lu Ming was surprised.

"This phantom array was laid by a master of formation on the side of Tiangong. It couldn't stop the demon for long. We hurried out of here and came with me."

Ling Yuwei hurriedly explained, and then flew in one direction.

Lu Ming followed.

Soon after, they had appeared hundreds of thousands of miles away and came to a secret place. At this time, the two people were relieved.

At this time, Lu Ming's injury was almost healed, and his body showed that he could no longer see the slightest wound.

Moreover, he found that his cultivation has improved a lot.

Before the battle with the burly devil, it was really very dangerous. Lu Ming was hit hard, life and death were threatened, and the potential was very exciting.

The potential in the cell is constantly being stimulated.

Now, his cultivation practice has already taken a big step, not far from God Emperor Wuzhong.

Although this battle is difficult, it is also very rewarding.

If you follow the step-by-step practice and want to have these gains, I don't know how much time it takes.

"Why are you here? Also, what's going on in this area, why didn't you meet the people in Tiangong and only meet the devil?"

Immediately, Lu Ming asked curiously.

There was a bunch of doubts in his mind.

"I came out this time to investigate the movement of the demon. Unexpectedly, I happened to meet you and was chased and killed by Luo's body. Luo's body is the name of the demon just now!"

"As for this area, the situation is very bad. Not only this area, but a large number of nearby areas, the situation is very bad, because, there is an extremely terrifying demon on the demon side!"

Ling Yuwei explained it, and seemed to think of something, her face was very dignified.

"Is an extremely scary demon more powerful than that Luo Zuo?"

Lu Ming asked.

"Yes, and not a little stronger, but a lot more powerful. That terrifying demon has the sixfold cultivation of the Divine Emperor. Moreover, he is a five-state monster and can fight across five levels in the Divine Emperor Realm! "

Ling Yuwei said.

"what?"

Lu Ming's face also changed a lot.

Divine Emperor Sixfold, able to fight across five levels, this combat power is terrifying, in the face of demons such as Luo Zuo, I am afraid that only the part of being killed in seconds.

Unexpectedly, there was such a terrifying existence among the demons.

"This demon should be the strongest one of the devil Tianjiao who participated in the war this time. There was no one. During this time, he swept through a large area. A large number of Tianjiao on the Tiangong side died in his hand and could not compete with it at all. !"

"The other demons are gathered around him, with him as the core, sweeping through a large area like a desolation, the Luo body is one of the strongest helpers around the demon." Ling Yuwei said.

"Isn't it said that the people in Tiangong have been killed in this large area?"

Lu Ming's face became more intense.

If this is the case, this time the Tiangong side is in danger.

"That's not there. There are still many survivors on the side of the Tiangong. This is thanks to a demon from the world's tortoise. That demon is cultivated to be strong, and the rune formation method is also very strong. Although it is not as good as that guy, But it's not much worse."

"During this time, it was due to the demon formation of the world turtle, and the survivors on this side of the Tiangong were able to survive and escape the demon's pursuit. The previous phantom array was also the world turtle. The demon laid it down, so that people in the Tiangong Palace can avoid the demon's pursuit!"

Lu Ming understood that the forest phantom before was laid by the monster of the world turtle.

Now, the survivors of the Tiangong are hiding in a formation under the monster of the world turtle, to avoid the devil's pursuit, but the situation is very critical, because this temporary planet is so big that it will be found sooner or later.

At that time, no one can contend with the strongest demon Tianjiao, and the Tiangong side will also be defeated.

"Now, most of the temporary planets are under the control of these demons, and the demons are chasing people in the Tiangong. It is very dangerous. Let's go back to the Tiangong's foothold first!" Ling Yuwei said.

Lu Ming nodded, no objection.

Now most of the temporary planets have been swept away by demons. There are almost no people in Tiangong. He is running alone and is very dangerous.

Because, besides the strongest demon, there is more than one demon such as Luo Zuo.

The two left here, converging, and carefully went in one direction, during which they met a team of demons.

This demon team does not have the terrible arrogance, but the two did not start.

Who knows if there is a horrible demon like Luo Zuo nearby, and if such a demon is attracted, it will be troublesome.

Even if the two of them joined forces, they could not beat the existence of Luo Zuo.

After bypassing that demon team, about two hours later, Lu Ming came to a plain rock area.

This area looks the same as other areas. There are messy rocks everywhere, and there are no creatures.

"It's here. It's covered with a large phantom array. It looks unremarkable. In fact, the people who survived in Tiangong are all inside!"

After finishing talking, Ling Yuwei took out two jade cards and gave one to Lu Ming.

Subsequently, the two flew towards the front, and the jade card in their hands showed a ray of glow, resonating with the formation. At the next moment, the void appeared waves, and their figures disappeared directly from the place. .

If there is no such jade card, you can not enter the phantom array, even if people fly through this area, you can not enter the phantom array.

I must say that this phantom array is very mysterious.

As soon as he entered the phantom, the scene in front of him changed.

Lu Ming glanced over and saw many figures.

There are raised rocks here, on the rocks, in twos and threes.

About five hundred people.

Lu Ming sank in his heart.

According to Ling Yuwei, most of the temporary planets of Tiangong and Tianjiao are gathered here.

In the Tiangong side, there are about 3,000 people participating in the war. Most of the temporary planets, on average, have about 1,500 people.

But now, there are only five hundred people.

Chapter 4082: The Art of Combat, Bunan

Of the 1,500 people, only about 500 were left. That is to say, there was a Tianjiao on the side of the Thousand Heavens Palace, which fell and died in the hands of the devil.

This is a huge loss, which is very unfavorable to the next battle on the Tiangong side.

The arrival of Lu Ming and Ling Yuwei immediately attracted the attention of many people.

"That... seems to be Muyun!"

"Yes, it is said that he is Ling Yuwei's fiancé. Unexpectedly, Ling Yuwei went out this time and brought him, I thought he died in the hands of the devil!"

"I heard that Muyun is extremely powerful, and I don't know if it can help us!"

"Can stronger than the demon? Hey!"

Many people sighed, and some were desperate in their eyes.

"Muyun!"

At this moment, a voice sounded, and a figure flew over, it was the fighting spirit Yuanwen.

"Brother Fight!"

Lu Ming greeted with a smile.

I haven't seen it for a while. The cultivation of the God of Fighting God has also been greatly improved. It has actually reached the peak of the triple emperor.

Want to come, he also has a lot of gains in the chemical tower.

With the fighting power of the God of Fighting God, the cultivation of the Triple Emperor God is enough to match the Eight Emperors of God Emperor and even defeat the other.

The two did not know each other, they felt quite sorry for each other.

"Brother, your cultivation behavior is one heavier than me, and walks in front of me again. I wanted to ask you to discuss it. It seems that it can only be done next time!"

Dou Shen Yuan Wen smiled, and his eyes were filled with powerful fighting spirit.

Although he was in danger, he was never discouraged and had a strong fighting spirit and fighting will.

Suddenly, Lu Ming's eyes looked forward.

Uh, uh...

In the void in front, there are several lights and shadows, which are constantly flashing, accompanied by the runes.

Those lights and shadows are clearly several figures.

With Lu Ming's eyesight, it is natural to see clearly, that are three figures, and Lu Ming feels that each of these three figures is extremely powerful.

Gives a feeling that is not weaker than Luo Zuo.

"The three of them, one from the angel clan, one from the demon clan, and one from the monster of the world turtle, they are all candidates for the universe's pride list, and they have reached the sixth level of the **** emperor. It is the strongest three of the remaining people in Tiangong, and each is not weaker than Na Luo's body!"

"They are practicing a combined strike technique recently, hoping to meet the devil's strongest arrogance and compete with the other side!"

Ling Yuwei explained.

"The art of joint strike, can really conquer the devil's strongest arrogance?"

Lu Ming expressed doubt.

The strength of these three people is similar to that of Na Luo's Corpse, and they are all candidates for the universe's Tianjiao list. They should be able to fight across 4 levels.

However, the devil, the strongest arrogant, can fight across five levels.

If they are the same, the combat power will differ by one level.

Even if the three are in one, it is impossible to compete with each other across one level.

"There is no way. This time, all the people who participated in the war were people under the age of 50,000, the highest cultivation, and the sixth level of the emperor. They were almost the highest cultivation this time, except for them. It is even more impossible to compete with the devil's strongest arrogance!

"And according to Dong Yuanqing, once he used the skill of combining strikes together, he could still use the power of three people to contend with the demon for dozens of tricks, so that others can take the opportunity to get out of it. Completely crushed!"

Ling Yuwei explained.

Dong Yuanqing is the name of the world monster tortoise.

"The three of them work together to deal with the devil's strongest arrogance, then, to the devil's other demon arrogance, such as the existence of the level of Luo Zuo, who will deal with it?"

Lu Ming immediately thought of this problem.

The two fighting God Yuanwen immediately looked ugly.

"no way!"

Dou Shen Yuan Wen shook his head.

They naturally thought of this problem.

But what is the solution?

Among the demons, the strongest arrogance is too strong. On the side of the Tiangong, no one can contend alone. Only by gathering many people can they struggle to struggle, but no one can deal with the second-class existence of the demons.

The Tiangong side is extremely difficult.

"Damn, it's a pity that my cultivation is too weak. If I have the six cultivations of the Divine Emperor, how could the devil be rampant!"

Fighting God Yuanwen gritted his teeth.

In the battle of the same level, he is not afraid of the strongest demon Tianjiao, but unfortunately, his cultivation base is too weak, which is three levels lower than the opponent.

At the same time, he looked at Lu Ming.

He knows Lu Ming's combat power well, and he is no weaker than him in the same level, but unfortunately, Lu Ming's cultivation ability is not enough.

On the side of Tiangong, the two of them at the same level and one battle can cross five levels, but Xiu is too weak to reverse the situation.

While they were chatting, the three top arrogances in the sky stopped, gathered together to discuss something, and then continued to practice the art of combined strike.

As they drilled, a turtle shell floated out in the air, filled with the ancient atmosphere of the wild.

At this time, Dong Yuanqing and the three men stopped training again. This time, a smile of satisfaction appeared on their faces, and they seemed to have made good progress.

Then, the three of them fell on three cliffs and meditated to adjust their interest.

Several people Lu Ming continued to chat.

In the process of chatting, Lu Ming's body is still recovering autonomously, approaching the peak state.

After about two hours...

At this time, a young man in white robe fell next to the candidate of the angelic tribe in the universe, whispering a few words.

Uh!

The angel clan candidate of the universe's arrogance list, with eyes like electricity, looked over to Landing Ming.

Lu Ming's eyes were like lightning, and he instantly felt it.

Lu Ming's eyes also looked over there.

"Bunan!"

Ling Yuwei's face changed slightly.

This Bunan is the name of the candidate of the angelic tribe in the universe, and it is also one of the people who just practiced the technique of joint strike with Dong Yuanqing, the existence of a six-level god.

Uh!

Bunan got up and stepped into the air, and appeared on top of Lu Ming, looking down on them, looking down at Lu Ming and others, a cold breath emanated, without concealing his bad intentions.

Many people's eyes have come to see it.

"I heard that Muyun once challenged Galbert, made a thousand-year covenant, and forged a beam with the angelic family. Many angelic people want to teach Muyun, Bajie Galbert!"

"Bunan is going to shoot too? Does he want to gamble Gabert?"

Many people talked about it.

"Muyun, I didn't expect you to live to the present. It's very good. I just wished it!"

Bunan coldly said.

"What do you want with me?"

Lu Ming said lightly, his face still calm.

"I used to owe Gabbert a favor, which must be paid back. Now, you kneel down to me, apologize to Gabbert in public, and then slap thirty palms in your hand. I will record it as a fantasy ***** jade , Sent to Gabbert, it would be considered a favor!"

Bunan's voice was cold and his tone was beyond doubt.

Chapter 4083: Twelve angels

Bunan's tone was unquestionable, his body was covered with a bright holy light, his eyes were like swords, and he stared at the land.

"Ha ha!"

Lu Ming sneered.

These angels always have a virtue, and they always put on a high profile, as if he is determined to be determined.

This was the case with Lafide and others before, and has now become the soul of his men.

And now, the virtue of Bunan is the same.

Really think you are awesome?

Lu Ming didn't bother to bother.

"The brain show is funny!"

Lu Ming pouted.

"Very well, I already knew that you wouldn't succumb so easily, so just hit you and succumb!"

Bunan spoke indifferently, and his voice was even colder.

Before the words fell, Bunan's eyebrows exuded a white brilliance, and a ray of cross light flew out of his eyebrows.

Holy Light of the Cross left Bunan's eyebrows and quickly grew larger, like a mountain, pressing against Lu Ming.

It's very domineering to talk about it.

"Angel family!"

Lu Ming's eyes were cold.

These angels are really lingering in spirit, and they must deal with him if they seize the opportunity.

This is how he challenged Gabbert, and offended him.

If you let the angels know that Rafid waits for dozens of days to die arrogantly on his hands, I don't know what kind of reaction it will be, and it will be crazy.

Lu Ming's body rushed back up and punched out.

Boom~!

A fist bombarded in the middle of the Holy Light of the Cross, an earth-shattering loud noise erupted, and the Holy Light of the Cross exploded into a ray of light and dissipated in the air.

Lu Ming shivered and took three consecutive steps back.

"Ok?"

Bu Nan Qing hummed, raised his eyebrows, looking a little surprised, surprised that Lu Ming could actually block him.

"Some strength, no wonder it's so arrogant, but with this strength, I want to be arrogant in front of me, far from it!"

Bunan's voice was colder.

Wow!

The holy light on him was more intense, and behind him, a pair of angel wings stretched out.

A total of six pairs, eleven angel wings!

This is a twelve-winged angel.

Among the angel family, the extremely rare twelve-winged angel.

The fighting power and talent of the Angels can generally be inferred from the number of their wings.

The eight-winged angel, in Divine Realm, can fight across two levels.

The ten-winged angel, in Divine Realm, can fight across three levels.

The twelve angels can fight across four levels.

In other words, as long as it is a twelve-winged angel, it is one of the candidates for the universe's arrogance list. In the future, it will have the opportunity to impact the universe's arrogance list.

Twelve wings, white as snow, holy light soaring into the sky, Bunan's breath rose to the apex, and there was a terrible pressure that squeezed towards the landing.

"If you don't kneel, then hit your knees!"

Bunan opened his mouth indifferently, reached out his hand, and the vast holy light turned into a cross holy light again, squeezing towards the landing.

This time the Holy Light of Cross is more powerful than the previous one.

The vast pressure, like the tide, rushed to Lu Ming.

Lu Ming's face was gloomy, the cells in his body were completely trembling, and all the secret techniques were launched, and his body glowed with gorgeous glow.

"Break me!"

Lu Ming screamed and banged out with a punch.

This punch, Lu Ming broke out with all his strength, pushing the fighting power to the peak.

boom!

The two terrifying forces slammed together, and the sky and the earth shook a bit, sending a violent shock.

Fortunately, there is a large array of guards here, otherwise it will cause terrible movements.

But many people's faces also changed, fearing that the large array here would be broken by the aftermath of the two men's battle, attracting demons.

In addition, many people were even more shocked in their hearts, shocked by Lu Ming's combat power.

In the eyes of many people, there are incredible colors.

Lu Ming, dare to confront Bunan head-on, and such a terrible wave can erupt.

This means that Lu Ming's strength is also very amazing, and will not be crushed by one side, and can form a short-term resistance.

Uh!

A figure retreated backwards, it was Lu Ming.

He smashed the ground into a big pit, his face pale, and a spit of blood spewed out.

Bunan's combat strength is really not weaker than the demon Tianjiao Luo's body. Although Lu Ming blocked it, he was still injured.

However, everyone was even more shocked.

Resisting Bunan's move, but only slightly injured, Lu Ming's combat power greatly exceeded everyone's imagination.

This is definitely among the top fighting forces in the Tianjiao side of the Tiangong.

"Ok?"

Bunan's brow furrowed, a flash of murderous light flashed in his eyes.

He used all his strength, and actually did not let Lu Ming kneel, but only caused Lu Ming to be slightly injured, which made him very dissatisfied.

He is a twelve-winged angel in the angel family. What is his identity?

"You are looking for death!"

An indifferent voice came out, and Bunan shot again. This time, a white feather flew out of him and turned into a holy light sword. The sword light rushed into the night and slammed toward the landing.

The power of this blow is even more amazing.

call out!

At this moment, an arrow shot out, very fast, like a hole in the void, and in a flash, it hit the Holy Light Sword.

boom!

The earth-shattering explosion came out, and the arrows exploded, but the Holy Light Excalibur also shook violently, the light dimmed a lot.

At the same time, Lu Ming rose into the sky and broke out with one blow.

There was another roar, Lu Ming's body flew back and smashed to the ground, but the Holy Light Excalibur also burst apart.

"Ling Yuwei, do you want to intervene?"

Bunan's face was more gloomy, and he looked coldly at Ling Yuwei.

"What do you say?" Ling Yuwei opened the battle bow, and an arrow continued to gather out, aiming at Bunan.

At the same time, Lu Ming's body was shrouded in gorgeous glow, and he was fighting for the night.

Uh!

Fighting God Yuanwen also condensed a battle halberd in his hand. The battle halberd refers to Bunan, and its meaning is self-evident.

The figure flashed, and the arrogance of several fighting saints also came to the fighting **** Yuanwen, staring at Bunan.

"Fighting Saint Clan, you also have to take action, well, very well, then solve all of you at once!"

Bunan said coldly, killing intently as a knife.

The breath on his body was more powerful, with a cross sword, suspended in the air, a total of twelve.

"Wait a minute, Bunan!"

With a light drink, a seemingly honest young man came into the air. This young man is the natural pride of the world's turtle family, Dong Yuanqing.

"Now our common enemy is the demon. The demon has not yet killed us. Can we kill ourselves and lose our strength."

Dongyuan Qingdao.

"Kill a few wastes, it will not affect our strength, rest assured."

Bunan Road.

"Oh, then try it!"

Lu Ming sneered.

"court death!"

Bunan's eyes were cold, and the sword rushed into the night.

"Wait!"

A figure, which appeared in front of Bunan, was the top demon of the Mozu.

Chapter 4084: The devil killed

The top demon, one of the candidates of the Devil Race's universe, was blocked in front of Bunan and blocked Bunan's shot.

"You can't do it. If the movement caused is too great, it breaks through the limits of the formation and attracts demons. We will all die. If you want to find yourself, don't pull us!"

Demon Tianjiao said coldly, covered in devil qi, and obviously wanted to stop Bunan from continuing.

He didn't want to help Lu Ming.

It's just that Lu Ming's hands with Bunan could cause very bad consequences.

First, the fighting power of Lu Ming and Ling Yuwei are very amazing. On the side of the Tiangong, they are definitely the top fighting power. If they die in the hands of Bunan, they will undoubtedly weaken the fighting power of the Tiangong side.

Secondly, the fighting power of the two was too strong, and Bunan couldn't do a spike.

If you can't kill in seconds, the war between the two sides will be very fierce. If the wave breaks through the limits of the array and attracts demons, then they are all dangerous.

Based on these two days, the Demon Clan's arrogance will stop.

Similarly, Dong Yuanqing is also the same idea.

Bunan's face was gloomy, but with the demon Tianjiao and Dong Yuanqing intervening, he must have been unable to move Lu Ming, and he didn't even know the previous two points, he was also terrified.

When he shot before, Lu Ming didn't expect Lu Ming to be so difficult to deal with.

Now that there are steps down, he will naturally go down the steps.

"Hum, Muyun, this time looking at the face of Brother Dongyuan and Brother Ni, I will spare you for the time being, and I will let you pay the price after finishing this battle with the devil!"

Bunan coldly said.

Ha ha!

Lu Ming smiled disdainfully.

Bunan thought he was awesome, but it was nothing more than to cultivate two levels higher than him. Now, Lu Ming's cultivation practice is also close to Divine Emperor's Fivefold. I believe that it will take a short time before he can break through to Divine Emperor's Fivefold.

Once Lu Ming breaks through the Divine Emperor's fivefold, then the fighting power between them will be completely reversed.

At that time, who will pay the price?

Seeing Lu Ming's disdainful smile, Bunan's eyes flashed in a murderous manner, and his chest fluctuated.

He really wanted to start immediately, killing Lu Ming with one stroke, but unfortunately, he couldn't do it.

With a sullen face, Bunan turned and walked back to the rock to adjust his breath.

The Demon's Tianjiao was expressionless and left.

Dong Yuanqing smiled kindly to Lu Ming and turned away.

"Muyun's strength has actually reached this point, even Bunan couldn't help him!"

"Yeah, I remember when he and Ling Yuwei were in full swing. Cultivate as a talented King Realm. You can only compete with those Quasi-Emperors. So fast, his strength has already been able to succeed in the Gods Realm. Great!"

"This is absolutely amazing. I didn't pay much attention to him at the beginning, thinking that he can only play awe-inspiring in Shenjun Realm. I didn't expect that his strength would surpass me so quickly!"

Many people talked in secret and marveled at Lu Ming's strength.

The main reason is that Lu Ming's rise time is too short.

At the beginning, the incidents of Lu Ming and Ling Yuwei were in full swing. Many quasi-imperial level arrogance went to the Tiehai Star Field to challenge Lu Ming, which attracted many people's attention.

But how long has it been since then? Lu Ming has grown to this step.

It's amazing.

At the same time, they also thought of Ling Yuwei, and Ling Yuwei's speed of raising was equally astonishing.

If they grow up at this rate, there is a great chance that they will truly enter the universe's arrogance list in the future.

Hearing everyone's comments, Bunan felt even more upset.

As if, it was Lu Ming who foiled him.

Lu Ming stepped on him and raised his reputation.

"Bunan, adjust his mindset, and he will practice the art of combined strikes later. This is related to our own lives. As long as we defeat the demon, after going out, Muyun, aren't you still kneading?"

The devil's arrogance sent a message to Bunan.

Bunan took a deep breath before slowly calming himself down.

After a period of time, Dong Yuanqing, Bunan and Demon Tianjiao continued to practice the combined attack technique.

The technique of combined strikes is very mysterious. It is a mysterious technique in the world of the turtle family. It is not so good to practice and requires constant practice to become familiar with.

In an instant, Lu Ming came to this place for three days.

During these three days, the Tiangong side will continue to send people out to investigate the situation outside.

However, there were more people sent and fewer people returned.

Obviously, it is very dangerous to go out to investigate, and those who go out to investigate are mostly fierce.

Especially on the third day, eight people were sent, but none of them came back.

This makes everyone's heart very heavy, has a bad hunch, there is a feeling of mountains and rain coming to the wind, the heavy pressure, the pressure everyone can't breathe.

Rumble!

Suddenly, the world and earth shook violently, as if the whole world was shaking violently.

The sky is shaking and the earth is roaring.

Everyone's face changed greatly.

"what happened?"

"Did the demon find it here?"

There was a cry of exclamation.

Click!

Suddenly, the sky cracked the sound of porcelain, and then a gap opened in the sky.

As soon as this gap appeared, it quickly expanded.

Uh, uh, uh!

From the gap, a figure appeared.

demon!

All are demons!

Densely packed, the number is at least a thousand.

"The devil is here!"

"That's Eugene, Demon Evil Eugene!"

Someone exclaimed, his face pale.

The demon headed by the demon was very eye-catching.

Because of this demon, he looks very similar to the human race.

He is burly, wearing a red armor, with long red hair, flying in the wind, like a flame beating.

In his hand, there is a magic knife.

This magic knife is not the same as other magic knives. It is reddish in fire, and there is magic fire jumping on it.

Eugene, the name, Lu Ming has heard it more than once during this time.

It is because of this Eugene that the balance of power between the demon and the Tiangong is broken, allowing the demon to completely occupy the dominant role.

This person is the strongest arrogance of the demon participating in the battle this time, the cultivation of Divine Emperor Liuzhong, a peerless demon who can fight across five levels.

On the side of Tiangong, there is a mess.

"The miscellaneous and victory of killing the Heavenly Palace will belong to us!"

The magic knife in Eugene's hand waved.

"Kill, kill the debris of Guangtian Temple!"

"kill!"

The other demons roared, screaming like lightning, and rushed to the people on the side of the Temple.

The speed is very fast, the body has not rushed, and a terrible attack has been overwhelmed towards the people on the side of the Tiangong.

"Fight with them!"

"Death to fight!"

Fighting God Yuanwen and other fighting clan shouted and fought back.

This also led to other people in Tiangong, and also broke out with all their strength to counter the demon.

Chapter 4085: Fight the corpse again

The people on the Tiangong side can only counterattack. This is all the case. You can't just sit back and die.

Rumble!

The attacks of the two sides collided together in the air, and the terrifying strength swept through all directions, tearing the earth and the void, and the large array covering this area was also raged by the violent strength, and the tears were broken.

After a wave of confrontation, the two sides collided together.

Suddenly, the screams fluctuated with each other, and at the moment of collision, many people had fallen.

There is no doubt that the Tiangong side is completely down.

And in the first time of fighting, Eugene's eyes looked at the three people of Dongyuan Qingbunan.

I saw three people from Dong Yuanqing, who stepped on Xuanmiao's pace. The three people's figures kept flashing and formed a mysterious trajectory.

Uh!

A divine light burst out from among them, killing two demons Tianjiao in succession, bringing a **** emperor sixfold, the demon top demon capable of fighting across four levels, spitting blood and violently retreating his body.

"The art of combining strikes? Interesting!"

Eugene showed a hint of curiosity, and stepped out, violent breath, like a volcanic eruption.

No one else dared to get close to Eugene, including demons.

"You give way to deal with other people, these three people, let me deal with it!"

Eugene said coldly, rushing directly to the three of Dong Yuanqing.

Uh!

The magic knife in his hand grew sharply, and the knife slashed out towards the three people of Dong Yuanqing, with a powerful momentum.

It's terrible. With such power, the ordinary Divine Emperor Jiu Zhong, who can't withstand a blow in front of him, will be beheaded by a large block.

This is based on his own strength, not to inspire the outbreak of the big killer, and the magic knife in Eugene's hand, but also he condensed out with the evil spirit.

"It's Eugene, block it!"

Dong Yuanqing roared, three great geniuses, fully operated the combined attack technique, struggling for a blow.

Splendid divine light filled the sky, and there appeared a wild ancient turtle shell.

boom!

The fiery red magic knife was chopped on the ancient turtle shell, and a violent shock erupted.

Click!

The tortoise shell continued to vibrate, and finally made a clicking sound, covered with dense cracks, and with a final touch, it burst apart.

However, the magic knife was also blocked.

The three of Dong Yuanqing were not surprised.

Because they finally blocked Eugene's attack.

"Effectively, the combined attack technique can block his attack!"

"Great!"

All three of Dong Yuanqing breathed a sigh of relief. Before playing Eugene, they were not sure.

Now, I finally feel a little bit.

"Retreat, everyone, retreat to the east valley, our queen!"

Subsequently, Dong Yuanqing shouted.

"retreat!"

"Go away!"

The people on the Tiangong side shouted and wanted to retreat towards the east.

However, the demons would not allow them to retreat.

"Kill!"

"Don't miss one, these are delicious!"

"I swallowed two a few days ago and it was so delicious!"

Many demons are arrogant, yelling, rushing to kill, unstoppable.

In particular, there are a few demons among them, which are too strong, and they are all of the level of Dong Yuanqing and Bunan.

Among them, Luo Zuo last battle with Lu Ming is among them.

These demons are unstoppable and unmatched.

puff!

The arrogance of a heavenly palace was grabbed and exploded by Luo's body, and red and white objects were scattered.

Then he stepped out and stepped on a Tiangong Tianjiao.

His gaze was very fierce, glancing around, and then fell on Lu Ming.

"Boy, last time you ran, this time, see where are you going?"

Luo Zuo roared, very excited, burly body rushed towards the landing.

bump!

Lu Ming banged out with a fist, knocking a four-layered demon, Tianjiao, torn apart and fell to the spot.

"It's just right, I'll see you again!"

Lu Ming's eyes were like electricity, without any fear, and he rushed towards Luo Zuo directly.

Like two meteorite, the two collided heavily.

boom!

The earth-shaking roar sounded, and Lu Ming's figure retreated, but Luo's offensive was also blocked.

"Muyun has shot and wants to fight Luo Corps!"

"We rewind!"

In this area, Tianjiao's Tianjiao saw Lu Ming blocking Luo's corpse. They were overjoyed, cast a grateful glance at Lu Ming, and then rushed to the east.

"Kill, kill, kill!~"

Luo corpse roared, his eyes full of fierce killings, rushed to Lu Ming, the huge devil claws, like a hill grabbed down.

Lu Ming Changxiao, all covered with gorgeous glow, pushed the fighting power to the top and fought against Luo Zuo.

Lu Ming was looking for Luo Corps to fight, not because he had a kind heart to save others. He wanted to use Luo Corp's oppressive force to stimulate his potential, so that he could quickly step into Divine Emperor's Fivefold.

The situation on the Tiangong side is getting more and more critical, completely defeating the devil.

In this way, the confrontation on the Tiangong side will really be defeated.

His lips are cold and his teeth are cold, and Tiangong is dead. He is also dangerous.

He has a strong sense of crisis, and he must break through quickly. Only when he breaks into the five levels of the Emperor, he can be considered as a kind of self-protection, otherwise, it will be very dangerous.

He must use the strength of Luo Zuo to let himself break through the five gods of Shenhua as soon as possible.

Lu Ming and Luo Corps broke out a fierce battle, the two fought fiercely, very tragic.

Like the last time, Lu Ming was still not an opponent, and was completely pressed to fight. After more than a dozen strokes, he took his hands and flesh and blood.

"Muyun!"

Not far away, Ling Yuwei appeared worried, and wanted to draw a bow to help Lu Ming.

"Don't mind me, let me do it myself!"

Lu Ming sent a voice to Ling Yuwei, his eyes were so firm, he continued to fight Luo Zuo.

Ling Yuwei could only draw a bow and shoot at another terrifying demon Tianjiao, blocking the man.

"court death!"

Another devil, Tianjiao, exists at the same level as Luo's body, staring at Ling Yuwei and killing Ling Yuwei.

However, Ling Yuwei quickly backed away, keeping the other party away, and continued to shoot with a bow.

Ling Yuwei is a long-range attack, and the greatest power can only erupt when the distance is increased.

Moreover, she is very fast, and the demon can't catch up with her in a short time. In this way, this powerful demon, in a short time, is restrained by Ling Yuwei.

In this way, the pressure on the Tiangong side is slightly less, allowing more people to rush to the east.

On the east side, there is a canyon. There, Dong Yuanqing has already set up his formation.

Even so, the fighting is still extremely tragic, and there are people falling from the side of the Tiangong.

In an instant, Lu Ming has resisted dozens of Luo's corpses.

He was badly injured, his body was ragged, his bones were broken, his flesh was flying, and he couldn't bear to watch.

In the sky, the most important battle is the battle between Dong Yuanqing and Eugene.

At the moment, the four also confronted dozens of moves.

At this time, the three people of Dong Yuanqing had completely lost to each other and were losing ground.

Chapter 4086: A full retreat is just one step away

The three of Dong Yuanqing confronted Eugene with dozens of moves. This is already their limit. This is still based on the technique of combined strikes. Only then will they have such a record. Otherwise, they will be defeated and destroyed.

Even so, they are still losing ground.

Fortunately, the rest of the Tiangong side almost rushed into the valley.

"We also retreat!"

Dong Yuanqing sent a message to Bunan.

boom!

They condensed a turtle shell again, blocking Eugene's knife. The turtle shell shattered and violently rushed towards them. Their bodies shook and their faces pale.

However, they also used this power to retreat into the valley and rush towards the east valley.

"Want to leave? Leave me all!"

Eugene drank coldly, and Daoguang slashed again.

"Muyun, rewind!"

Aside, Ling Yuwei drank and shot with an arrow.

This arrow shot at Luo Zuo.

Lu Ming, while Luo Zuo resisted Ling Yuwei's arrows, retreated, and rushed to the east valley.

In fact, he is very close to the east valley.

In the fight with Luo Corps just now, Lu Ming approached the east valley intentionally or unintentionally.

He was looking for Luo Zhe to fight, in order to stimulate his potential, so that he can break through, but not to find death, will naturally leave a way for him to stay.

Ling Yuwei, who has been walking around, is even closer to the east valley.

Therefore, Lu Ming and Ling Yuwei moved into the valley as soon as they were in shape.

As soon as he rushed into the valley, the environment of heaven and earth changed suddenly, completely changed his appearance.

This is a phantom array.

Even if the demons rushed in, they could not find their tracks.

Then, the jade charm on them glowed, and Lu Ming felt a force that enveloped him.

Lu Ming did not resist, letting that force pull him.

The next moment, his figure disappeared directly from the place, and then Lu Ming found himself appearing underground.

In battle!

In the phantom formation, there is a free formation that allows them to enter the underground, and underground, there is a passage leading to the front.

Ling Yuwei is beside him.

In addition, there are other people in Tiangong.

"Go, go forward!"

Some people in the Tiangong shouted, and then they hurried forward along the passageway. When the passageway reached the end, another formation appeared.

They stepped into the formation, flashed in shape, and left again. At the next moment, they appeared on the ground, but they were far away from the area just now.

There is more than one place to hide in Tiangong.

In the past, Dong Yuanqing was in this wide area, laying arrays in several different places as a hiding place.

They just moved to another hiding place now.

Someone keeps appearing beside them.

However, the three of Dong Yuanqing have never been seen.

The hearts of the people were raised.

The three of Dong Yuanqing are the strongest among them, but they can't shoot. If so, this time, the Tiangong is really over.

Fortunately, shortly after, the void flashed and three more figures appeared.

These three people are Dong Yuanqing, Bunan and the Demon Tianjiao.

The three of them were pale, their breath was weak, and there was blood flowing from the corners of their mouths, obviously all injured.

However, after all, he survived.

"Brother Dong Yuan, have you got rid of those demons? Don't know if the demons will chase you?"

Someone asked, quite worried, afraid of the devil chasing along the route they came over.

"Relax, the following formation will be destroyed automatically. They can't catch up. They can't find us in a short time. The injured friend can take a good rest!"

Dongyuan Qingdao.

Everyone was relieved.

However, when their eyes glanced, their hearts became more heavy.

Only about three hundred people can come here.

Before, there were 500 people.

In other words, in the previous battle, about two hundred people were killed by demons on the Tiangong side.

The strength of Tiangong is getting weaker and weaker.

In this way, the situation is becoming more and more unfavorable to them.

"You guys, let's take a good rest first!" Dongyuan Qingdao said, he found a place, crossed his knees, swallowed a few magic pills, and began to heal.

Others have also found places to sit down and meditate.

In this battle, everyone was more or less injured and needed rest.

Lu Ming also found a place casually, sitting cross-legged, urging the power of taboo, his injury quickly recovered.

In the previous battle, Lu Ming was seriously injured and was no weaker than the last time he killed Luo Zuo. Of course, the inspired potential was also amazing.

...

They were hiding places before.

Rumble!

The ground continued to shake, and a large number of demons stood in the void, leveling the valley to the east.

"Damn!"

"Running for the kid again. The next time I catch him, I will peel him and cramp."

Luo Corpus roared.

Other demons are not happy.

Eugene stood in the void, his eyes cold as a sword.

"This temporary planet is so big, to see where they can run, subpoena, and conduct a full search, we must find out the people in Tiangong."

Eugene ordered.

In this temporary planet, Eugene is the strongest arrogant and the most powerful, and other demons naturally follow Eugene's orders.

Thousands of demons, regrouped in batches, searched the people in Tiangong on a large scale.

...

Two days passed in an instant.

In the new hiding place, after two days, most people's injuries are almost okay.

Lu Ming's injury has also been healed. The state not only returned to its peak state, but also improved to a higher level, reaching the limit of the Divine Emperor's fourfold.

"No breakthrough, unfortunately!"

Lu Ming was a little depressed.

He originally wanted to take this opportunity to make a breakthrough in one fell swoop and rushed into the Divine Emperor's fivefold.

Originally, there was also a chance, but unfortunately, the potential stored in his cells was not enough, and he had all been stimulated, which made it difficult for him to continue to break through after reaching the fourfold limit of the Divine Emperor.

Lu Ming could only sigh silently, and then honestly took out the elf wooden heart, began to absorb it, and re-stored his potential.

Time passed day by day, and it was another five days in a flash.

These five days, the devil has not found them, which gave them a chance to breathe.

After these five days, almost everyone's injuries were healed.

Lu Ming also re-stored 100% of the potential in the cells.

The price is that it consumes nine thousand elfen wooden hearts.

There were not more than 50,000 elf wooden hearts originally obtained from the elfen tribe, and only about half remained.

"The potential is saved to 100%, but unfortunately, one step is needed to break through the five points of the Divine Emperor, and the last step..."

Lu Mingsi thought, then, his eyes looked in one direction.

That direction is the direction of the angel clan's arrogance, where Bunan is.

Lu Ming's eyes flashed!

Chapter 4087: Lu Ming fights against Bunan

Lu Ming was only a touch away and was able to break through the five gods.

This thread seems to be separated by a single line. If it is a step-by-step practice, it may take a long time, but if there is enough pressure to continuously stimulate the potential, I am afraid that it will soon be able to break through.

There is no demon here, only the people in Tiangong can fight.

But there are only three people on Tiangong's side who can bring him enough pressure.

One is Dong Yuanqing, the other is the Peerless Demon of the Demon Race, and the third is Bunan.

However, Dong Yuanqing and Demon Clan have no injustice with him, and even if they consult with each other, the other party has no intention of killing him, and it does not inspire much potential.

Bunan is more appropriate.

Lu Ming moved his mind to challenge Bunan, wanting to use the strength of the other party to help him step into the Divine Emperor's Five Layers.

However, when his eyes swept over Dong Yuanqing and the demons, he could only dispel the idea.

If he really fights with Bunan, the movement will be very shocking, I am afraid that it will spread out and attract demons.

Dong Yuanqing and Demon Sin will definitely not let them fight, and will stop them.

Lu Ming thought for a moment, and could only temporarily press this thought to practice silently.

Buzz!

Suddenly, a tremor came from the earth.

Everyone was shocked, they ended their cultivation, and their divine power exploded, concentrating on alert, thinking that it was the demon that had been killed.

However, instead of seeing the demon, they saw a ray of glow.

In the distance, there was a beam of light rising from the sky, and actually passed through the formation they had laid down and passed in.

The beam of light is black and white.

It seemed that a white dragon and a black dragon were entangled and circled upwards.

"This is the place where the map of forged land is hidden, the map of forged land is coming!"

Someone exclaimed.

On this temporary planet, the 'master' level of the Celestial Palace and the Demon existed, and they each set up a land of fortune.

But the hidden is very secret, if there is no map, it can not be found.

The maps of the two fortunes are hidden in one place. Only when the killing of the two sides reaches a certain time and the number of people who have fallen down reaches a certain number will they appear in the world.

The black and white beams of light represent the maps of the two fortunes.

And, not far from them.

Looking at the distance, it should be on the half of the planet close to them.

Do you want to grab the map?

Everyone looked at each other for a while and hesitated.

The black and white beams of light are so obvious that they have all seen it, and the devil must have seen it.

The devil will definitely go, they leave here to grab the map, they will definitely meet the demon, can they be the opponent of the demon?

Going, not looking for your own way?

However, now that they have fallen into full disadvantage, they are completely passive, chased and killed by demons all day long, and they can be said to be their last chance.

The role of the land of fortune is to let the backward side have a chance to make a comeback, so that the battle situation is full of suspense.

If you don't **** it, but let the devil **** the map and get the fortune of the land of fortune, then the strong is stronger and the weak is weaker. There is really no chance for that palace.

Waiting for them, only defeated.

"Do you want to fight it?"

"I think it's a fight, otherwise, we are defeated, and the result is already doomed. We are hiding here and will be found by the other party sooner or later. We are waiting for death!"

"Yes, I feel like I have to fight for it. I would rather die in battle than wait here."

"That's it!"

Many people's fighting intentions were inspired and decided to fight together.

In the end, everyone looked at Dong Yuanqing, Bunan and the demon of the Demon Race.

The three of them are the strongest among the crowd. If the three of them are unwilling to go, then they will have little chance to go.

"I think it must be a fight, but it can't be impulsive. In case the devil waits for us to hook, I think it's necessary to send someone out to check the situation before making a decision. What do you think?"

Dongyuan Qingdao, after finishing his speech, looked at Bunan and Demon Sin.

"I have no opinion!"

"Neither do I have an opinion!"

The evil spirits of Bunan and Demon nodded.

"Okay, now send someone out to investigate the devil!"

Dong Yuanqing nodded, and immediately nodded and went out to investigate the situation.

Although the few people who were ordered were reluctant, they had no choice but to leave here to inquire about the situation.

Everyone waited quietly.

Soon after, someone returned.

No traces of demons were found in the area around Yandao. The demons should all be heading in the direction of the black and white beams of light to grab the map.

After hearing this news, the crowd began to discuss whether to grab the map.

When the event came to a close, everyone hesitated again.

After all, their strength and the demons are too far apart, and to compete with the demons for the map, it is very likely that the map will not be obtained and will be completely destroyed by the demons.

It was a matter of life and death, and everyone began to hesitate again.

Uh!

At this time, Lu Ming stepped into the air and exuded a strong breath.

boom!

Lu Ming banged out with a punch, a punch penetrated the void, and banged towards Bunan.

Suddenly, everyone was stunned. I don't know why Lu Ming suddenly shot Bunan.

Bunan was also a little stunned, but after all, he was a peerless demon, and he responded quickly. Zhangkou screamed, spurring a white sword light from his mouth and slamming his fist against landing.

boom!

With a violent roar, Lu Ming's fist strength was dispersed by Jianguang split.

"Boy, you are looking for death!"

Subsequently, Bunan roared, a terrible breath erupted, twelve wings were stretched out, and the holy light rose into the sky, illuminating Tianyu.

"Will you just play tricks, see what you do!"

Lu Ming's body shape kept improving, and his fighting power was raised to the extreme. His body was covered with gorgeous glow. His fists continued to blast out, and a terrible punching force continually blasted toward Bunan.

"court death!"

Bunan shouted, his palms were held in the void, a cross holy sword condensed out, an angel's wings fluttered, he turned into a holy light, and rushed towards the landing Ming.

Boom...

The two clashed together, fierce confrontation together.

All of this happened so suddenly that many talents woke up like a dream.

"What's so crazy about Muyun, why did you suddenly find the Battle of Bunan?"

"I don't know, I suddenly attacked, neurosis!"

"You are dying yourself, and Bunan will definitely not let him go this time!"

"Don't he want to die in the hands of the devil and want to die in the hands of Bunan? But it would be too miserable to die in the hands of the devil but become food for the other party!"

Many people talked about each other and could not understand Lu Ming's ideas.

The evil spirits of Dong Yuanqing and the Demon Clan are also somewhat stunned.

The war broke out so suddenly that they wanted to stop it, it was too late.

Chapter 4088: Battle of Bunan

The evil spirits of Dongyuanqing and Demon Race are too late to stop, and now, the two do not mean to stop.

Because the demon obviously went to the place of black and white beams of light to grab the map, even if they make a big noise here, they will not attract the demon.

Moreover, in their view, Lu Ming was too self-disciplined, and apparently not as powerful as Bunan, but he also actively attacked Bunan, which was his own act of seeking death.

However, Lu Ming is also a good combat force, they plan to rescue Lu Ming when Lu Ming is half dead.

Ling Yuwei was also a little stunned at first, and Lu Ming suddenly attacked Bunan, which came too suddenly.

However, after getting along this time, he still knows Lu Ming quite well.

He knew that Lu Ming would not attack Bunan for no reason, for sure.

Therefore, she secretly operates the divine power, as long as she stops Lu Ming, she will stop.

At the same time, Lu Ming can be rescued when Lu Ming is in danger.

Boom...

The battle between Lu Ming and Bunan was very fierce, and in a flash, the two confronted a dozen moves.

Bunan's combat strength is indeed very strong, not at all weaker than that of the demonic Luo's corpse. As soon as he played, Lu Ming fell in the wind.

However, during this time his cultivation base has been raised to the four peaks of the Divine Emperor, and his strength has been slightly improved. The situation is better than when he faced Luo Corps before.

After more than a dozen moves, Lu Ming retreated, feeling that every muscle in his body was trembling violently, and bursting tears came.

"Not enough, not enough, come again!"

Lu Ming shouted and took the initiative to kill Bunan.

The man has not yet arrived, the great magic sword technique has been cast out, a dozen magic swords, screaming towards Bunan.

At the same time, Lu Ming drove the Great Divine Wind Technique and the Great Fragmentation Technique to the extreme, continuously punching, and punching like a meteor, smashing towards Bunan.

"Angel Excalibur!"

Bunan yelled, the holy light on his body was more intense, a dozen white feathers flew out, and turned into twelve white Excaliburs, smashed through the air, as if splitting the sky in half.

Twelve angel swords bear the brunt, colliding with more than a dozen magic swords, bursting into earth-shaking roar.

More than a dozen magic swords collapsed directly, but only resisted a breath.

Afterwards, the Angel Sword collided with Lu Ming's fist.

The terrifying energy, like a wave of water, rushed in all directions in a circle. It was amazing. The people around them quickly backed away and distanced them, fearing they would be caught in.

The rock on the ground exploded, the void was torn, and the world was shaking violently.

The formation that covered this area also continued to shake, and strong energy penetrated beyond the large formation.

If there are demons around, you will definitely be attracted by the movement here.

This is also the reason why Lu Ming did not do it before.

After a series of roars, Lu Ming's figure collapsed again.

This time, Lu Ming was injured. He was pierced through the chest with a sword light, and a fierce wound appeared.

"Yes, I feel..."

Lu Ming whispered that he felt that all the cells in his body were trembling. The potential in the cells was constantly being stimulated, and his injury was recovering quickly.

At the same time, this potential will also turn into his cultivation.

He felt that the five-fold bottleneck of Divine Emperor was about to loosen.

He seemed to have seen God Emperor Wuzhong waving to him.

Just one step away!

Lu Ming felt that he was only one step away, and he could completely enter the Divine Emperor's Fivefold.

"Bunan, do you have this strength? This is the twelve-winged angel of the angel family? This is not as famous as meeting!"

Lu Ming shouted.

"Go to death, I'm going to smash you corpses!"

Bunan screamed, the killing was extremely strong.

As a twelve-winged angel of the angelic family, and he is two times taller than Lu Ming, he can continue to fight and make many moves, but he can't help Lu Ming. This is a huge shame for him.

He has decided to kill Lu Ming no matter what.

It doesn't matter who blocks it.

"The King of Angels!"

Bunan shouted, the holy light rose into the sky, and a huge figure emerged from him at the next moment.

This is an angel figure, but this figure is very tall, with twelve angel wings behind it, but these twelve angel wings are not white, but golden.

At the same time, the angel had a crown on his head.

This is the phantom of the king of angels.

boom!

As soon as the king of angels Xu Ying came out, there was a terrible breath, like a volcanic eruption.

The King of Angels, Shadow, holding an angel sword, slammed toward the landing.

Rumble!

The sky and earth exploded, and the void collapsed under the angel sword. Lu Ming felt a terrible pressure, pressing towards him.

His muscles suddenly tightened.

"Muyun!"

Ling Yuwei exclaimed, showing concern.

Because Bunan's move is so terrifying, even if she is separated by a distance, she can feel amazing power.

In her hand, a battle bow appeared, ready to save at any time.

"Don't do it, let me do it myself!"

In Ling Yuwei's ear, Lu Ming's voice came, and her movement stopped suddenly.

"Come on, come on, use this trick to help me break through!"

Lu Ming's eyes showed a beam of excitement.

Before this trick, Lu Ming felt extremely strong pressure. Under the strong pressure, the potential in Lu Ming's cells was constantly stimulated.

"The strongest move!"

Lu Ming roared, and all the power exploded in an instant, and the whole person turned into a gorgeous group of light, rising into the sky, and rushed to the sword cut by the king of angels.

boom!

At the next moment, the two attacked and collided heavily.

This time, it really seemed like the two planets collided, and the terrifying strength swept out. Wherever they passed, the void collapsed into a chaos and darkness.

"Retreat!" "Rewind!"

The people around were originally far enough away, but now, they found that it was not far enough. The terrifying energy quickly rolled towards them, and everyone retreated again.

"Look, look, Muyun can't bear it!"

Someone shouted.

Everyone saw that Lu Ming's mass of light shook violently, and then with a loud crash, he smashed it towards the ground.

Like a meteor, it hit the ground heavily, the ground continued to vibrate, the gravel splashed, and the gravel carried the waves, sweeping all directions.

"How's it going?"

Everyone stared in that direction.

Soon, the gravel was scattered, and a huge deep pit appeared on the ground, dark and unpredictable.

"Huh, under my trick, Muyun, there is only one way to die!"

Bunan spoke indifferently, he stood in the void, and the huge angel king, the virtual shadow, still appeared behind him.

Chapter 4089: Breakthrough, God Emperor Five

"Muyun, dead?"

Everyone was a little dazed when they heard Bunan.

Such a powerful demon was just killed by Bunan?

"This Muyun is really just looking for his own death. Although he is obviously not as powerful as Bunan, he still actively seeks him to fight, and he will die!"

"Yes, it really deserves this, which is the end of self-restraint."

Some people talked loudly, obviously to please Bunan.

"Muyun!"

Ling Yuwei grabbed the battle bow tightly in her hand and stared at the big pit.

Although she knew that Lu Ming had a purpose, she still couldn't help worrying about seeing this scene.

In the sky, the evil spirits of Dong Yuanqing and Demon Clan shook their heads too, which is a pity.

However, I don't know why, deep in their hearts, they seemed relieved.

Lu Ming's combat power is too strong, the Divine Emperor is only fourfold, the combat power is so amazing, it is simply incredible, and brought them great pressure.

Lu Ming's current cultivation practice is only twofold lower than them. If Lu Ming's cultivation practice catches up and surpasses them, it will be sooner or later.

If they can survive this level alive, Lu Ming will become their strongest competitor in the future.

At this moment, Lu Ming died in the hands of Bunan, and they would have lost one enemy.

"Anyway, this Muyun has good combat power, but it also plays a crucial role in this battle with the demon. If you want to win on the Tiangong side, you still need to get the fortune of the fortune."

The evil spirits of the Demon Race secretly said.

But at the next moment, his eyes suddenly glared, revealing a shocked look, and looked at the big pit smashed by Lu Ming.

Because at this moment, a strong breath suddenly broke out in the big pit.

And, as soon as this breath appeared, he quickly climbed up, and soon rushed to the peak of Shenhuang's fourfold.

then...

boom!

A more terrifying atmosphere erupted, and it actually broke the limit of the Divine Emperor's fourfold and reached the Divine Emperor's fivefold.

Breakthrough!

At this moment, all three characters popped up in everyone's mind.

Lu Ming actually broke through!

Just now, everyone thought that Lu Ming was killed by Bunan's unique trick, and he has completely fallen. Unexpectedly, instead of falling, Lu Ming broke through instead.

How is this going?

Being hit hard, not only is it okay, but the cultivation base has also broken through, what kind of evil is this?

Many people feel that their minds are stunned.

Bunan's eyes were red and turned blood red, which was caused by anger.

The killing on him was more intense, and his face was completely twisted together.

Dare to love, he used the strongest move. Instead of killing Lu Ming, he became the help of Lu Ming and helped him break through?

Unbearable! Unbearable!

Bunan felt like he was going to be angry, and the fire of jealousy was burning.

"Want to break through, impossible, dead, dead, you shit, let me die!"

Bunan roared wildly like a mad beast.

Uh!

He shot with all his strength, his palm volleyed towards the big pit, and suddenly, the angel sword in the hand of the king of angels, Xu Ying, also slashed down at the big pit.

This sword was shot under the anger of Bunan and was extremely powerful.

He wanted to completely kill Lu Ming before Lu Ming had completely broken through.

At this moment, he had no regard for the war with the demon. At this moment, in his heart, there was only one purpose, that is, to kill Lu Ming.

Not killing Lu Ming, this matter will become his heart demon, always with him, hindering his future cultivation.

"Bunan, stop it!"

Ling Yuwei shouted and shot an arrow with all her strength.

An arrow burst out of the air at an astonishing speed, hitting the angel sword of the phantom king of the angel.

With a loud bang, Ling Yuwei's arrows exploded, but the angel sword of the King of Shadows continued to be cut.

Ling Yuwei's combat power is still far behind that of Bunan. Although it offsets the power of the Excalibur, it cannot completely block the attack of the Excalibur.

The huge angel sword continued to cut down to the big pit where Landing Ming was. With a bang, it was cut above the big pit. A huge crack was cut through the ground, and the crack quickly spread to the distance.

But at this time, in the big pit, a gorgeous punch struck into the sky, hitting the angel sword, and in a terrifying explosion, both the punch and the angel sword broke apart.

At the next moment, a figure soared from the big pit, stood in the air, and was covered with gorgeous glow in the whole body. It looked extraordinary.

The people in the Xiaguang are naturally Lu Ming.

In the battle with Bunan, Lu Ming finally inspired his potential, broke the bottleneck in one fell swoop, and cultivated into the five realms of the Divine Emperor, and his combat power surged.

"The battle was not full of joy, now, let's fight with you again!"

Lu Ming stepped out, every step stepped out, the void was roaring.

Stepping out a few steps in a row, it is already close to Bunan.

boom!

A punch blasted towards Bunan, violent punch, penetrated the void, and rolled down towards Bunan, the power was extremely strong.

The power of this punch made Bunan tight all over, giving him a strong sense of crisis.

"cut!"

He shouted, and the angel sword in the hands of King Angel of the Angels slashed to the landing.

boom!

The earth-shattering boom rang.

This time, Lu Ming didn't move, but the Angel Sword shook violently, as if the light had dimmed.

Bunan's body shook, and he stepped back a few steps.

"how is this possible?"

Bunan shouted incredulously.

"However, suppress you!"

Lu Ming shouted and his fists burst out.

The double fist contains the power of various mysteries, and also has the power of the Great Kamikaze and Great Fragmentation.

Bunan shouted, madly controlling the shadow of the king of angels, fighting Lu Ming with all his strength.

boom! boom! boom! ...

In this world, there were constant roars, and in an instant, there were ten roars, and at the last touch, the angel sword in the hands of the King of Angels, Shadow, burst apart.

Lu Ming rushed by, struggling hard to break through the head of the Angel King, and then the entire King of Angels phantom shattered.

The king of angels, the virtual shadow exploded, and Bunan was bitten back, screaming, coughing up blood, and flew out.

Uh!

Lu Ming followed, punched out and punched Bunan in the face.

Bunan screamed terribly, hitting the ground heavily, hitting a huge pit that was bigger than Lu Ming's before.

Bunan lay in the huge pit, vomiting blood violently, twitching all over, and a face swollen into a pig's head.

Lu Ming stepped out and wanted to fall towards the pit, his eyes filled with murderous opportunities.

"Muyun, stop it!"

"you dare!"

Several other angelic tribes drank arrogantly, but after seeing Lu Ming's cold eyes, they were trembling with fear, and they dare not step forward.

Chapter 4090: Bunan yields

"Muyun, please be merciful!"

At this time, Dong Yuanqing shouted.

"Yes, we will fight against the devil later. Bunan is an important combat force. Please spare him!"

The demon of the demons also persuaded.

There was also a deep shock in their eyes.

Today's scene is really beyond their expectations.

Now they finally understand why Lu Ming suddenly started his hands on Bunan.

It is estimated that Lu Ming felt that he was about to break through, so he would help Lu Ming's opponent with the help of Bunan's pressure to help him break through.

Many peerless evildoers have such experiences. For example, they themselves have done such things.

However, that was when the cultivation base was still relatively low. It has been difficult since stepping into Divine Monarch Realm.

The higher the cultivation level, the harder it is to break through.

Not to mention God Emperor Realm.

Lu Ming, in the God Emperor Realm, can actually break through the pressure of the other party in the war, which is really amazing.

Upon a breakthrough, Liuli completely reversed the suppression of Bunan and showed a terrifying combat power.

Such combat power has already exceeded them, so their tone of voice to Lu Ming also had to become cautious.

"It's okay if I let him go, please beg for mercy and apologize!"

Lu Ming looked coldly at Bunan below.

The first time he met with Bunan, the other party would have to deal with him, and he also had to kneel down to apologize to Gabbert and confess his mistake. He had to record it with Dream God Jade. If Lu Ming himself was strong enough, and Ling Yuwei would help. In addition, Bunan also feared that the war would attract demons, and things would definitely not end so easily.

Lu Ming is not such a good talker.

Whenever there is a chance, he will naturally get revenge.

"I want to apologize, impossible!"

Bunan roared with a terrible face.

Who is he? He is a candidate of the angelic clan, the twelve-winged angel, and a candidate of the cosmic clan list. Among the angel clan, his talent is almost not weaker than that of Gabbert.

Unless he is younger than Gabbert, there is still a big gap in cultivation, and his status will not be worse than that of Gabbert.

It is already a shame to lose to Lu Ming in his identity, and now he still needs to apologize to Lu Ming for confession. How is it possible?

What's wrong with him?

"Impossible? Well, since you have the strength to fear death, then I will fulfill you!"

Lu Ming spoke indifferently, his palms were held in the void, and a magic sword came out. The cold killing was cold and frost-like.

"You dare, Muyun, I am the twelve-winged angel of the angel clan, the pillar of the angel clan, you dare to kill me, you are looking for death, the angel clan will never let you go."

Bunan shouted, he expected Lu Ming not to kill him.

Fortunately for other angels, the twelve-winged angels are very small, extremely rare, and every one grows up, it is also very small.

The twelve-winged angels have the opportunity to impact the realm of God. Once they reach the realm of God, they are the top masters in the universe, and they are extremely important to a large race.

Many powerful races on the Honghuang Wanzu list have no God Realm. Once a certain race gives birth to a God Realm, the status of this race in the Honghuang Universe will rise linearly, and the weight of speech in the Tiangong will increase. Being able to obtain massive resources for this race can play a vital role in the development of a race.

It can be seen that the importance of a powerful person in the divine realm, and at the same time, it also reveals the importance of a person who has the opportunity to impact the divine realm.

If such an important person is killed by Lu Ming, the Angels will definitely take revenge.

Therefore, Bunan has no fear!

In fact, many people at the scene thought so, thinking Lu Ming was afraid to kill Bunan.

"I'll talk about things later. Now that you don't apologize, I'm not comfortable now. This is more important."

Lu Ming's face showed a terrible color, and he smiled a little, and his body was like a lightning flashing towards Bunan, and the magic sword in his hand was screaming out.

puff!

Blood splattered three feet away. When Lu Ming rushed out of the big pit again, he already had a head in his hand.

It is the head of Bunan.

"No....no, no..."

This time, Bunan really shouted in horror.

Bunan is still not dead. For example, he and other figures have cut off their heads, and naturally they will not die, but only seriously injured.

"No? Don't you say I dare not kill you?"

Lu Ming's voice was even colder. He grabbed Bunan's head. With a little effort, Bunan's head would burst, and the soul living in it would be instantly annihilated.

Bunan was almost scared to death.

From Lu Ming's voice and Lu Ming's expression, he could feel that Lu Ming really dared to kill him.

This is a crazy person who can do everything.

He has a feeling that as long as he hardens his mouth, Lu Ming will shatter his head without hesitation.

Around, other people looked at each other, seeing horror from each other's eyes.

They did not expect that Lu Ming was so courageous.

Even the twelve-winged angels of the angelic family dare to kill, and many people's fear of Lu Ming has deepened a little.

"Okay, I apologize, I admit my mistake!"

Bunan yelled and finally gave in.

"What's wrong with you?"

Lu Ming said lightly.

"I shouldn't intervene in the matter between you and Gabbert. I shouldn't have no one in my eyes. In the future, whenever I meet you, I take the initiative to retreat."

Bunan yelled.

In order to survive, he is also out.

"Humph, spare your life this time!"

Lu Ming snorted and waved his hand. Bunan's head flew out, towards his body, butted with his neck, and quickly bonded together.

Huh...

Bunan gasped, his face pale, and his eyes were horrified.

Lu Ming didn't dare to kill Bunan.

He does have some scruples about angels, but he hasn't dared to do so yet.

The main reason is that this time the battle with the devil is not over, and Bunan is still used.

After three days of training, the three men of Bunan Dongyuanqing helped a lot at the critical moment.

Because Lu Ming is now able to break through to the Divine Emperor's Five Realms, but I am afraid that one person is not the opponent of Eugene.

It also needs the assistance of others.

Taking this into account, Lu Ming spared Bunan's life.

"Everyone, the devil has already set off for a long time, and it is not too late. We should start now. If it is too late, both maps will be taken away by the demon, then we will be really powerless."

Lu Ming said, the voice spread throughout the audience.

"Yes, it's time to leave. Now that the shepherd brother has made a breakthrough, and the combat power has exploded, it is our luck in the Tiangong, and he has a greater grasp of the devil."

Dongyuan Qingdao.

Hearing Dong Yuanqing's words, many people also showed joy on their faces.

Yes, Lu Ming's combat power has surged, and his ability is better than that of Bunan. It can be said that he is the first master on the Tiangong side. This is a happy event for everyone.
