"Lu Ming, be careful!"

Feng Wu's face changed greatly, and Yuan Lang's cultivation practice reached the triple of the martial arts master, which was not comparable to that of the martial arts master. She was afraid that Lu Ming was not an opponent at all.

"Fire Dragon Fist!"

Lu Ming couldn't help but let out a punch.

bump!

Lu Ming's fist intersects Yuan Lang's claws, full of vigor, the two figures sway, and back three steps together.

This move is equally divided.

"Warrior triple, really powerful!"

Lu Ming flashed in his eyes, thinking in his heart.

In the warrior realm, the gap between each level is very large, and it is very difficult to cross. It is not comparable to the warrior realm.

Like before, when Lu Ming was in the sixth warrior, with the blessings of the three gods, the true energy of the dragon is twice as strong as the ordinary true energy. Coupled with the exquisite martial arts, he can cross three levels. World War I.

But in the martial arts world, it is impossible.

The power of the three Divine Veins blessings is still more obvious in the Warrior Realm, but in the Warrior Realm, the power of the Three Divine Veins Blessings seems to have little effect.

The main function of Divine Vein is in talents and potentials, not direct manifestation of power.

Therefore, now the two-level cultivation of Lu Ming Martial Artists, with his own ingenious power, can cross one level and fight against the martial artists at least one level, coupled with superb martial arts, suppress or even kill the triple warriors, not a problem, but touch By the fourth level of the martial artist, it was mysterious.

Of course, this is when Lu Ming's bloodline did not erupt.

The two retreated one by one, which surprised everyone around them.

The wind dance was overjoyed, he didn't expect that Lu Ming could actually tie you with Yuan Lang.

"How strong is Lu Ming? It must have been hiding his strength. Sister Muran asked me to protect him? I think he protected me!"

Feng Wu thought a little speechless.

Aside, the eyes of Yin Kai and others flashed in shock.

This Lu Ming, I have never heard of it before, where did it come out, actually has such a strong cultivation behavior?

Yuan Lang's eyes were extremely gloomy, flashing a strong murderous opportunity, and shouted: "Lu Ming, take another trick, Cang Ying's Eighteen Claws!"

!

Yuan Lang put his hands in his waist, and he suddenly wore a pair of metal gloves.

Immediately followed by a series of two claws, nine claws, nine claw shadows, and nine key points spread all over Lu Ming's body.

The sharp metal gloves pierced the air under the burst of true energy, and made a piercing roar.

"Yellow-level martial arts, but unfortunately you can't get home, but you can only break through the third level."

Lu Ming showed a sneer in the corner of his mouth, and then the long sword came out of the sheath, making the streamer swordsmanship.

!

Swords of light flashed through the air, and Lu Ming cut out twelve swords at once.

Ding! Ding! ...

The long sword and the metal glove continuously fought, and the two figures were staggered in the air.

Finally, the noise stopped suddenly, and the figure separated.

puff!

Suddenly, Yuan Lang's figure swayed, and a spit of blood spewed out.

Yuan Lang was defeated, and a wound appeared on his chest, penetrating through his bones. If it wasn't for the critical moment, Lu Ming received a force and he was dead.

"Now, you can get away."

Lu Ming glanced at Yuan Lang lightly, then raised his leg and walked forward.

Keng! Keng! ...

There was a series of sounds of weapons coming out of the sheath, and then a woman in white shouted: "Lu Ming, so many of us, and Brother Yin Kai, do you think you're gone?"

"Yin Kai, what do you want to do, do you want to stay with us?"

Feng Wu looked ugly.

Yin Kai looked at Landing Ming gloomily and didn't speak.

"You guys try, see if you can stay with me, but I dare to guarantee that the losses will be unbearable."

Lu Ming's hand-held long sword has a calm look, but contains a firm fighting will, and the cold voice makes people feel cold.

Yin Kai stared at the landing for a while, his eyes flashed, and he suddenly smiled and said, "Haha, they are all misunderstandings. Brother Lu Ming is really powerful. It really opened my eyes and hopes to make friends in the future."

"Sister Feng, let's go!"

Lu Ming didn't even look at Yin Kai, and turned away.

"Lu Ming, this time I carelessly, today's shame, next time, I will definitely double back."

Yuan Lang's cold voice came from behind.

"Next time? You better expect not to have another time."

Lu Ming's faint voice came out, and then the figure with Feng Wu disappeared among the mountains and forests.

"Senior Yin, just let them go?"

After Lu Ming and the two left, the woman in white asked Yin Kai.

"This Ming Lu is not weak, and now our main goal is to compete with the other three courts for the 500-point iron medal, and the manpower cannot be damaged!"

"When the trial is over, I have a way to deal with him, and I will make him regret it."

Seeing the direction in which Lu Ming and the two left, Yin Kai's eyes flashed in a row.

Kilometers away.

"Brother Lu Ming, this person Yin Kai has a narrow-minded mind. You offended him so much today, I am afraid he will not let you go easily behind."

Feng Wu said a little worried.

"He'd better not come to trouble me!"

Lu Ming smiled faintly, a Yin Kai, he did not mind.

The wind dances beautifully and continuously, although she has known Lu Ming for a while, she finds that she can't see Lu Ming completely.

Lu Ming was unfathomable in her feelings.

"Lu Ming, what are you going to do next?" Feng Wu asked.

"What should I do? Five hundred points iron card, I don't want to miss it."

Lu Ming's mouth was filled with an inexplicable smile.

Feng Wu glared and exclaimed: "Did you want to take the food?"

"What's wrong!"

Lu Ming smiled slightly, then climbed a big tree more than 20 meters high, and looked at Yin Kai and others in the distance.

He is going to follow Yin Kai to win an iron medal of 500 points.

"This person is interesting!"

Feng Wu looked at Lu Ming, climbed the tree, and sat on the branch.

The darkness dissipated, and a hint of fish belly appeared in the sky.

In the distance, Yin Kai and others extinguished the bonfire and started to head deep into the Yeye Mountains.

Lu Ming and Feng Wu followed behind.

Having traveled for more than twenty miles, Yin Kai and others stayed under a huge mountain.

Under the peak, there is a huge cave, which is dark and very infiltrating.

In front of the cave, a group of people have gathered.

There are more than one hundred people.

"Both the White Tiger Academy and the Qinglong Academy are here."

Feng Ming whispered to Lu Ming.

"Huh!" Lu Ming nodded.

"Lu Ming, if you get a shot later, you must be careful with a few people."

Feng Wu pointed to one of the young men wearing white robes, embroidered green wood at the cuffs, and a purple jade belt around his waist. He said, "This man is Duan Mujue, the strongest among the newcomers in Baihuyuan."

Later, he pointed to another young man wearing a green robe: "This man is called Huang Yu, and he is the first master of Qinglong's new disciple."

"Ok!"

Lu Ming yelled softly again.

This makes Feng Wu roll his eyes, which is too calm. Those few are extremely talented, and they are strong contenders for this year's rookie king.

Unexpectedly, Feng Wu's nose hummed slightly, and her small mouth slightly curled.

However, Lu Ming suddenly leaned on her ear and said, "You said so much, care so much about me?"

Unexpectedly, the wind dance was frightened, almost screamed, his face flushed, and stared at Lu Ming fiercely, said: "What are you talking about? Who cares about you, if not in Mulan For the sake of my sisters account, Im too lazy to care about you unless you save me!

"oh, I see!"

Lu Ming pouted, then looked forward.

call!

Feng Wu exhaled gently, but somehow his heart was beating.

After a while, a group of people came, and they were disciples of Xuanwuyuan.

All four courtyards are here.

Lu Ming and Feng Wu held their breath and looked at the front.

After a while, I saw the disciples of the fourth courtyard took out a silver-eyed rabbit and placed it at the entrance of the cave, while the disciples of the four courtyards all spread out and retreated to the neighborhood to hide.

At least there are more than fifty silver-eyed rabbits, all inside the silver-eyed rabbits are full of ecstasy.

The scent of the silver-eyed rabbit came out.

Sisi...

A moment later, I saw a giant lizard half a meter high and more than four meters long, covered in black scale armor.

This is the black armored monitor lizard, but obviously, this black armored monitor lizard is just an ordinary black armored monitor lizard, equivalent to a second-level double monster, not a second-level nine-fold mutant black armored monitor lizard.

As soon as the black armored lizard crawled out, he saw the silver-eyed rabbit outside. He hurried over and swallowed a silver-eyed rabbit in one bite, eating with relish.

Sisi..

At this time, another black armored lizard crawled out, which is also not a mutant black armored lizard.

Subsequently, several black armored lizards crawled out in succession, swallowing a dozen silver-eyed rabbits in a few shots.

The disciples in the four courtyards were a little anxious, but it took them a few days to catch the silver-eyed rabbits. If they were eaten by these ordinary black armored lizards, they would not have a second chance.

Now that the trial is over, there are only two days left, and they have no time to catch so many silver-eyed rabbits.

Moreover, the disorientation that they carry is not enough.

at this time

Roar!

There was a huge roar in the cave, and then, there was a sound of banging in the cave, and the behemoth crawled out all the time.

This is also a black armored monitor lizard, but this black armored monitor lizard is ten times the size of other black armored monitor lizards, and its eyes are red.

On this black armored lizard's neck, an iron card hung, with two big letters written on it: five hundred.

Five hundred points iron card!

Everyone's eyes showed a hot light.

Roar!

The mutated black armor lizard saw a silver-eyed rabbit and gave a roar.

Sisi...

The other black armored monitor lizards seemed to be very afraid, and all of them backed away.

The mutant black armored lizard stepped forward alone, opened a big mouth of the blood basin, and in one bite, five or six silver-eyed rabbits were swallowed into the mouth.

After a few minutes, nearly forty silver-eyed rabbits were all swallowed into the stomach by the mutant black armored lizard.

The mutant black armor lizard made a roar, then turned around and slowly drilled into the cave.

Sisi...

At this time, the black armored lizards that had devoured the silver-eyed rabbit shook their heads and fell to the ground, and fell asleep.

The Ecstasy in the silver-eyed rabbit in their body played a role.

The disciples in the four courtyards did not rush into the cave, they were waiting for a medicinal attack.

The mutant black armor lizard is not so easy to handle.

After more than ten minutes, the disciples of the four courtyards rushed towards the cave.

"Shall we go in too?"

After a few more minutes, Feng Wu asked Lu Ming.

"It's me who goes in, you are waiting for me here."

Lu Ming nodded and said, "It may be very chaotic at that time. If I am alone, it will be easier to get out."

Feng Wu bit her lip, she knew that Lu Ming was telling the truth.

"Okay, then you have to be careful."

Wind dance road.

Lu Ming nodded, then moved, and rushed towards the cave.

Outside the cave, there were a group of disciples who were not high-cultivated, but no one stopped Lu Ming.

There are disciples in the four courtyards. Who will stop?

Lu Ming rushed into the cave smoothly.

In the cave, dark and dark, even if Lu Ming is a warrior in the martial arts realm, his eyesight is much stronger than ordinary people, but when he falls into his eyes, it is also dim.

Lu Ming condensed his breath and went in carefully.

But after walking a hundred meters, several crossroads appeared, and a black armored lizard's body was seen lying there.

This is a first-level black armored lizard. Lu Ming is not interested in absorbing its essence and blood, so he chose a fork to move on.

This is the old nest of the black armored lizard.

After Lu Ming walked a few hundred meters forward, there were several turnouts.

Lu Ming continued to choose the fork at random and walked inside.

On the way, Lu Ming saw the bodies of several black armored lizards.

Two secondary and one heavy, one secondary and two heavy, Lu Ming did not let go, all swallowed the sperm and blood.

Refine while walking.

Lu Ming's cultivation is rapidly improving.

Obviously, the number of disciples in the fourth court was dominant, and the bodies of the disciples in the fourth court were not found along the way.

Lu Ming went on like this for about 20 minutes, and swallowed three second-level black armor monitors and one second-level black armor monitor along the way. Double mid-term.

At this time, Lu Ming saw a faint light coming from the front.

Lu Ming took her steps lightly, and walked towards the light. When she walked in, she found that it was an opening. There was no one tall. Lu Ming walked to the edge of the cave and looked outside, slightly startled.

Outside the cave entrance, there is a huge underground cave, with a length and width of more than 100 meters, and a height of tens of meters.

On the stone walls around the cave, there are blocks of light shining weakly.

This is luminous stone ore. If the luminous components in these ores are extracted, it can be made into luminous stone and can be illuminated.

Through the light of the luminous stone ore, Lu Ming saw that there were many such openings on the walls around the cave, and some of them could vaguely see the figure.

Many people in the four courtyards lurked at these entrances.

Lu Ming's cave entrance is more than ten meters high from the cave floor.

In the middle of the cave, there was a behemoth lying there.

It is the mutant black armored lizard.

At this time, the black armored lizard had not fallen into a deep sleep, and there was a low roar, and from time to time, he opened a large mouth of the blood basin.

No wonder the disciples in the four courtyards didn't start, they were waiting for the mutant black armored lizard to fall asleep.

The mutant black armored lizard is a second-level nine-fold monster, which is equivalent to the strong of the warrior's nine-fold. The warrior under the four-fold of the warrior is absolutely dead if he is slapped.

Time passed slowly. After ten minutes, the eyelid of the mutant black armor lizard became heavier and he seemed to be asleep, but he was not completely asleep.

The resistance of the mutant black armored lizard is really horrible. After eating so many silver-eyed rabbits, it can still bear even now.

Uh!

At this moment, a figure slammed out of a hole and threw at the neck of the black armored lizard.

"Yin Kai!"

Lu Ming's eyes flashed, and this figure was actually Yin Kai.

Chapter 43: Snatch

Biquge , update the latest chapter of Emperor Long Dao as soon as possible!

Uh!

Yin Kai's speed is very fast. His bloodline is the fifth-level bloodline blue-winged nighthawk. His strength is speed. At this time, the bloodline erupts as fast as lightning.

No wonder the mutant black armor lizard has not completely slept, so he dare to take the shot.

Yin Kai flashed a few times, and reached the neck of the mutant black armored lizard. He stretched out his hand, grabbed the points iron card, and pulled hard. The iron chain that tied the points iron card was broken.

Roar!

The tearing force seemed to make the mutant black armored lizard react, and with a low growl, a giant claw grabbed towards Yin Kai.

Yin Kai's figure flashed suddenly, avoiding the claws of the black armored lizard.

Without catching one claw, the black armored lizard seemed to be more dizzy. After a low growl, he did not pursue again.

"Haha, the five hundred points are mine. This year's newcomer is none other than me."

Seeing that the black armored lizard did not pursue, Yin Kai was ecstatic, and almost burst into laughter.

"Yin Kai, put down the points iron card!"

At this time, there was a figure in the mouth around the cave.

They are all masters of the four courtyards, among them, Duanmu Jue, Topaz, Xie Hong, and the first masters of the other three courtyards.

"In my hands, you still want to take away and dream."

Yin Kai sneered, his hands waved, and a pair of blue wings flickered away faintly, wow, a gust of wind stirred, Yin Kai's figure actually jumped ten meters high from the sky, and flew towards a hole of ten meters high. go with.

Yin Kai had already planned well. With his bloodline advantage, he won the points iron medal, attracted the masters of the other three courtyards, and then jumped over a dozen meters high hole to escape.

Those caves are intricate, as long as he escapes into a cave, others don't want to chase him.

His idea is very good, but Lu Ming is just in this direction.

So Lu Ming didn't think about it. He jumped down and cut a sword towards Yin Kai.

"Lu Ming, it's you? Get out of here!"

Yin Kai saw Lu Ming appearing suddenly, yelled in shock and swept upward with a sword.

when!

The two swords intersect and burst into strength.

The four-layer cultivation of Yin Kai's martial arts is that the strength is not trivial. Lu Ming was lifted up with a strong rush, but Lu Ming was at a high level, and the strength was not weak. Yin Kai was directly hit and fell.

At this time, Duan Mujue, Huang Yu and others have arrived.

"Yin Kai, hand over an iron card for points, or you will be dead."

Duanmu drinks coldly, his eyes are full of murderous attacks, and powerful attacks directly pour out towards Yin Kai.

"Lu Ming, I will never die with you!"

Yin Kai shouted angrily.

"Save yourself before you talk!"

Lu Ming fell aside and smiled lightly.

"Hand over the iron points!"

Duan Mujue, Huang Yu, and Xie Hong are all cultivators of the four levels of martial arts, and there are some other masters of the three levels of martial arts masters.

All attacks are directed towards his hand holding the iron points. If he does not let go, his hand will be abandoned.

Helpless, he can only let go.

"Iron points are mine, get away!"

"Topaz, you dare to fight against my Duanmu family!"

Duanmu absolutely shouted continuously.

"Duanmu absolutely, scare me less with the Duanmu family, others are afraid of you Duanmu family, I am not afraid."

Topaz sneered.

Suddenly, there was a dogfight on the field. Everyone wanted to get the points iron card, fighting for it, the outburst of vitality, the point irons flew up and down in the real Qi, and for a time, no one could grab the hand.

Chant!

At this moment, suddenly, Lu Ming felt a subtle air-breaking sound coming from behind, and a strong force of energy attacked his back.

Someone attacked!

Uh! At a critical moment, Lu Ming twisted his body, avoiding the attack.

Looking around, Lu Ming's eyes flashed coldly and said, "Yuan Lang, you are looking for death!"

It was Yuan Lang who attacked him.

"It's you who died. I didn't explode blood yesterday. See if you are my opponent this time?"

Yuan Lang's murderous way, then the blood flashed, the blood vein burst, and he slammed towards the landing.

!

The icy iron claws brought strong winds and caught the landing song.

More powerful than yesterday.

Lu Ming didn't talk nonsense with him, the streamer swordsmanship came out.

Instantly cut out dozens of sword lights.

when! when!

Continuous clashes sounded.

Upon confrontation, Yuan Lang's face changed, because he found that the bursting power on Lu Mingjian was stronger than yesterday.

Could it be that Lu Ming's cultivation practice broke through in less than a day?

Impossible, Yuan Lang vetoed this idea, it must be that Lu Ming hid his strength yesterday.

He retired from his heart.

However, Lu Ming Jianguang was shocked, Yuan Lang felt his arm numb, and took two steps back.

call out!

A brighter sword light burst into Yuan Lang's stomach.

"Lu Ming, don't kill..."

Yuan Lang shouted in horror.

"I said yesterday that there will be no second chance!"

Lu Ming said coldly, and then snapped Yuan Lang's neck, throwing Yuan Lang out.

The direction to throw out is precisely the battlefield where Duanmu Jue and others are competing for the points iron medal.

There, there were swords, swords, and swords, and if you were thrown out, it was definitely the end of the corpse.

"what!"

Yun Lang shouted in horror. He had a sword in Lu Ming's stomach, and he did not die. At this time, in order to live, he exploded all his strength.

A dazzling red light erupted from his body, and his claws were continuously pulled out.

"Go away!"

"Go to hell!"

Duanmu absolutely waited for others to scream and attacked one by one without hesitation.

Boom!

Almost instantly, Yuan Lang was divided into corpses, and flesh and blood were scattered.

But the desperate Yuan Lang also blocked them for a moment.

What Lu Ming wanted was that moment, without any hesitation, Lu Ming rushed out.

Dragon Snake step, broke out the strongest power, stepped out, almost surpassed seven feet.

Uh!

Lu Ming was like a flash of lightning, leaping from the top of the battlefield of Duan Mujue, Yin Kai and others, grabbed it smoothly, and grabbed the five hundred points iron card in his hand.

"Lu Ming, it's you again, give me the points iron card, I can spare you not to die!"

Yin Kai roared.

"Lu Ming, I know you. You dare to kill my disciples of the Duanmu family and hand over the points. I can plead with the elders of the family to relieve your guilt."

Duanmu absolutely shouted.

At the same time, one attack after another attacked the landing.

With so many masters, Lu Ming could hardly resist. He stepped out again and ran forward seven feet.

This direction is exactly the direction in which the mutant black armor lizard lies there.

At this time, Lu Ming was only about ten feet away from the black armored lizard.

In the rear, Duan Mujue, Yin Kai and others formed a siege and drove towards the landing.

"Lu Ming, you can't escape, just because of your delusion to win the points iron card, it is ridiculous, you will die today."

Yin Kai's eyes flickered with a thick murderous chance. If it wasn't for Lu Ming, he had already got the points iron plate and got away from it. Then this year's newcomer Wang is basically him.

But now, everything has turned into a bubble, everything is because of Lu Ming, he hated Lu Ming.

"Lu Ming, give me the points iron card, I can protect you from death."

Cried Topaz.

At the same time, they kept approaching Lu Ming, and Lu Ming kept retreating, only a few meters away from the mutant black armored lizard.

Chapter 44: Iron hand

Biquege , update the latest chapter of Emperor Long Dao as soon as possible!

At this point, the mutant black armored lizard has narrowed its eyes and is about to fall asleep.

Otherwise, they had such a fierce battle just now, it could not be indifferent.

There is no hole in this wall of the black armored lizard.

Here, there seems to be no way to go.

"Lu Ming, you have nowhere to go."

Duanmu Jue and others slowly approached, if not afraid of the black armored lizard, I am afraid they would have shot.

"Really? Are you so sure?"

At this point, Lu Ming actually smiled, how could he still laugh?

But immediately, Duan Mujue, Yin Kai and others understood.

Lu Ming suddenly turned around and rushed towards the mutant black armored lizard. Jianguang pierced the air and pierced the black armored lizard fiercely.

"Lu Ming, what do you want to do?"

"stop!"

"Shut up, you are looking for death!"

Duanmu absolutely waited for his face to change drastically and shouted.

However, Lu Mingjian kept shining and purring, and the long sword stabbed fiercely into the body of the mutant black armored lizard.

Roar!

The long sword pierced into the body, and the mutant black armor lizard was in pain, roaring, and his eyes suddenly opened.

"One more sword!"

Lu Ming pulled out his long sword, brought out a plume of blood, and then stabbed with another sword.

This time, the mutant black armored dragon was completely awake, making a furious roar, extending its huge claws, and grabbing Lu Ming.

The dragon snake walked, avoiding the attack of the black armored lizard, and then towards Duanmu Ju, Yin Kai and they ran over.

Roar!

The mutant black armor lizard roared and chased Lu Ming crazy.

"Lu Ming!"

Duan Mujue, Yin Kai and others roared, but helplessly, they could only turn around and run away.

Their strongest talented martial artist is fourfold, even if these people are combined, they are not enough to mutate the black armored lizard to kill.

"What are you running? Are you trying to kill me?"

Lu Ming's joking voice sounded, which made Duan Mujie and others almost vomit blood.

They secretly vowed that Lu Ming would not let go.

They were like birds of fright, and they no longer dared to stay in this cave, and ran into those caves one by one.

"Hahaha, goodbye!"

Lu Ming stomped heavily on the ground, his figure rose into the sky, directly fell in a ten-meter-high hole, and then ran quickly.

The crooked and cruel, ran for thousands of kilometers in a cave, before Lu Ming sat down to rest.

As soon as his thoughts moved, the points iron card appeared in Lu Ming's hands.

This point iron card is different from other point iron cards in dark gold and very hard.

There are two big gold characters on it: five hundred.

With these 500 points, plus the 124 points previously obtained, Lu Ming has a total of 624 points.

"Six hundred and twenty-four points, is it enough?"

Lu Ming thought secretly.

This is really hard to say, like Duan Mujie, Yin Kai and others, they have gathered so many people, some people only keep 10 points, and give them all the extra points, then their points are not easy to say, gather a Five or six hundred points is also possible.

"There are still two days left, maybe you can find the Duanmu family or Yin Kai to get some points."

Lu Ming smiled at the corner of his mouth.

At this moment, rapid footsteps sounded from behind, very fast, and in a blink of an eye, several figures appeared in front of Lu Ming's eyes.

"Duanmu absolutely!"

Lu Ming's eyes moved, and one of the three was actually Duan Mujue, and the two who followed him were genius disciples of the White Tiger Academy and the training practice of the warrior Triple.

"Lu Ming, you really are here. How do you escape now?"

Seeing Lu Ming, Duan Mu was not surprised, and said with a sneer.

"How did you find me?"

Lu Ming asked in surprise.

"Hey, let me tell you, my blood, but Wenling dog, in front of me, you can't escape."

Beside Duanmu, a young man with a short stature said.

"It turned out to be a dog nose!" Lu Ming suddenly.

"Lu Ming, I didn't go to you. You actually dared to **** my points. I am so brave. Now that you hand over the points, I can give you a happy heart."

Duanmu is a dead end.

Lu Ming pursed his lips and said, "Are you all Duanmu family so blindly confident? I really don't know how your Duanmu family became the first family of Baihuyuan."

"So you didn't give it? Then I will let you know how my Duanmu family became the first family of Baihuyuan, Flying Tiger Sword! Kill!"

After that, Duanmu absolutely rushed towards Lu Ming, his sword gas burst out, and there was a faint sound of tiger roar.

Keng!

Lu Ming draws his sword to fight.

when! when!

The two's long swords intersect.

In this cave, the terrain is narrow, and you can hardly use your body. You can only fight head-on, head-to-head.

After several swords intersecting in a row, Lu Ming felt a numb arm, and the body could not help but withdraw three steps.

And Duan Mujie's body just flickered slightly.

"Warrior quadruple, so strong, I can't compare with the current strength of the warrior quadruple!"

Lu Ming thought secretly.

"Your sword skills are good, but unfortunately the power is too weak, let's die! Flying tigers eat!"

Duanmu sneered, another sword slammed towards the landing.

Indistinctly, it seemed like a tiger, rushing towards the landing.

Flying tiger swordsmanship, yellow-grade top-grade swordsmanship, Duanmu has already practiced to the third level, and his moves are fierce and fast.

"I am not an opponent of power, then use speed!"

Lu Ming's spirit is highly concentrated, completely immersed in the streamer swordsmanship.

Uh...

Sword lights flashed out one after another, piercing the key point of Duanmu Jue.

The speed is very fast, a lot faster than Duanmu.

Duanmu can only give up the attack and try his best to resist Lu Ming's sword light.

"What's the use of your swordsmanship? The power is not good, you can't get the sword when I fight!"

The water of Duanmu Juejian's long sword dance can't splash in, and Lu Ming's long sword keeps intersecting.

A powerful qi burst out continuously, bombarding Lu Ming.

"Really? Then faster?"

At this moment, Lu Ming's mouth showed a smile, Jianguang moved, the sword technique was actually faster than before, Jianguang was like river water, and he continued to pour out to Duanmu.

Just now, the streamer swordsmanship actually broke through.

Before, his streamer swordsmanship had been stuck at the fourth level, and there was no breakthrough.

Just now, in the battle with Duanmu Jue, the streamer sword technique broke through to the fifth level in one fell swoop and became fascinated.

Duan Mujie's face changed a lot. Just now, he could barely resist it. Now, he found that he couldn't resist it at all.

Uh!

Lu Ming's Jianguang broke through his defense directly and cut to his chest.

"Back, back, back!"

Duanmu was terrified and backed crazy.

But still a step late, poof, Lu Ming's Jianguang left a deep blood stain directly on his chest.

Duanmu was absolutely cold and sweaty. If it weren't for him to step back, he is now dead.

"Go up, go together, kill him!"

Duanmu absolutely roared.

"kill!"

Together with Duan Mujue, the other two young men killed Lu Ming.

The three swords of the spirit soldiers burst out with a powerful sword spirit.

Chapter 45: Kill Duanmu Jue

"It's good!" Lu Ming faced the three men's teamwork, instead, he smiled, his body retreated, and he rushed toward the three like a wind.

"court death!"

"Go to hell!"

The three of them drank coldly, and each exhibited their unique tricks. The long sword burst out of the sword, chopped through the air, and made a piercing shriek.

Sword Qi enveloped Lu Ming's whole body.

At this moment, Lu Ming's blood flashed, and his blood burst, and then his body twisted, avoiding the blades of the three men. As for Jian Qi, he ignored it.

"Dead!"

Duanmu Jue's eyes showed a cold killing opportunity, especially Duanmu Jue's smile was triumphant, as if the five hundred points iron card had fallen into his hands.

But at the next moment, his face changed.

Because he felt that Jian Qi fell on Lu Ming's body, as if he were chopping into the endless abyss.

In an instant, his hair was exploding, and a cold murderous opportunity enveloped him.

"Rewind, rewind!"

He shouted.

But everything was too late, and a sword light appeared like a fairy outside the sky, piercing his throat.

Blood spattered, Duanmu absolutely screamed like a beast, and his hands covered his throat, constantly receding.

But without taking a few steps back, he fell to the ground.

Lu Ming pierced Duanmu Ju with a sword, pulled the sword homeopathically, and cut off the throat of another young man.

In an instant, Lu Ming took advantage of the strange characteristics of his bloodline to successfully kill two masters.

Only the last person is left.

The last youth died, almost scared and backed wildly.

But how can he be as fast as Lu Ming? Lu Ming caught up in a few steps, and after a few strokes, he stepped into Duanmu's footsteps.

Duanmu absolutely three people, all killed by Lu Ming.

"This time, there were no injuries, much better than last time."

Lu Ming felt his body and thought to himself.

The sword energy of the three Duanmu Jue was swallowed by Lu Ming's blood veins, and the remaining 50% was resisted by his body protection Qi, so Lu Ming did not suffer any injuries.

Of course, this is related to the repair of Duanmu Jue.

Duan Mujie's cultivation practice is the fourfold of the martial arts master, which is only two levels higher than Lu Ming. If it is three levels higher than Lu Ming, or even four or five levels, the result is different. Although it can also devour 50% of its attack power, The remaining 50% was enough to kill Lu Ming seriously.

"Look at this Duanmu Jue, how many points iron found."

Lu Ming searched on Duan Mujie's body, but he didn't even have an iron medal, let alone an integral iron medal, not even one or two silver medals.

"What's going on? How could Duanmu Jue not even have an integral iron card? No, it's a storage ring!"

Suddenly Lu Ming's eyes lit up and looked at Duan Mujie's fingers, and he saw a ring.

After taking off the ring, Lu Ming sank into the ring.

The next moment, a space appeared in Lu Ming's mind.

This space is not large, about one side of the volume, far too far from the Supreme Temple.

This is the space inside the storage ring.

In this space, there is a pile of iron cards, a stack of silver tickets, and some clothes.

Lu Ming did not count, and then found a stack of points on the other two people, together with the storage ring, all received in the Supreme Temple, and then swallowed the blood of the three people, flashed in shape, and left Here.

It didn't take long for me to see the exit of the cave. There were still a large number of people there, but Yin Kai, Huang Yu and others had not yet come out. Lu Ming rushed out and flew up a nearby tree.

He didn't go to Fengwu first. He planned to refine the blood of the three people of Duanmu Jue first, count the harvest, and then go to Fengwu.

Sitting cross-legged between the branches of the big tree, Lu Ming began to refine.

One martial artist has four folds, two martial artists have three folds, and the energy essence contained in the essence blood is extremely huge. It is definitely not comparable to one or two tiers of martial arts. Lu Ming's cultivation is rapidly improving.

The mid-term peak of the warrior's second stage, the late stage of the warrior's second stage, and finally, when all the blood was refined, Lu Ming made a breakthrough and entered the warrior triple.

But the bloodline level has not been promoted.

Three blood-red chakras are extremely deep on the bloodbite of the Spirit Eater, obviously reaching the limit, but they have not been promoted to the fourth bloodline.

"Does my bloodline only reach the third level?"

Lu Ming frowned.

"No matter, I will continue to devour the essence and blood in the future, I will not believe that I can not be promoted."

Later, Lu Ming took out Duan Mujie's storage ring and began to count it.

The sum of the points of the two young martial arts triplets is 130 cents.

But the most is Duan Mujue, which actually reached 520 in terror.

Sure enough, there were so many people gathered around Duanmu Jue, and the points on him were absolutely terrifying, actually exceeding five hundred points.

This time, Lu Ming's points reached twelve two hundred and twenty-four.

Such points, the first place is stable? Lu Ming does not believe that others can exceed this score.

In addition, there are more than 80,000 two silver tickets in Duanmu's storage ring, which is really a windfall.

Duanmu is definitely a genius of the Duanmu family, and his fortune is amazing.

Not to mention anything else, just a storage ring, it started with at least one hundred thousand two silver, and there is no market price, now it is cheaper Lu Ming.

After taking a good inventory, Lu Ming shook his figure and came to the place where he had made an appointment with Feng Wu.

"Lu Ming, are you out? How is the situation?"

As soon as Feng Wu saw Lu Ming, she quickly asked.

"very good!"

Lu Ming smiled slightly.

Feng Wu's beautiful eyes lit up and said, "Lu Ming, did the five hundred points iron card fall into your hands?"

"Of course, otherwise wouldn't I have run in vain?"

Lu Ming smiled, full of confidence.

"You guys, really got an iron medal of 500 points. It seems that Yin Kai and Duan Mujue all made wedding dresses for you!"

Feng Wu sighed and watched the landing song, his eyes were full of surprise.

"Let's go!"

The two turned around and left here, disappearing into the mountains and forests.

Soon, two days passed by, and twenty days of trial time arrived.

Many people gathered outside the Yeye Mountains.

Xie Kuang and other elders in the four courtyards, as well as several elders in silver robe, and deacon who are responsible for counting the scores of the iron courts.

In addition to these people, many young people have gathered.

These young people are old disciples in the four courtyards.

Every year, new disciples are paid more attention, because the newcomer represents the future, and it also represents infinite possibilities.

"In your opinion, how many people will be qualified this year?"

The elders in the four courtyards are at the forefront, and the elders in the Baihu courtyard ask the other three.

The elder Chuan Gong of the Baihuyuan is a middle-aged man of short stature, named Duanmujin, who is from the Duanmu family.

Chapter 46: Who is the newcomer king?

Biquge , update the latest chapter of Emperor Long Dao as soon as possible!

"The total score is 13,000. In theory, 1,300 people are qualified, but in reality, it is impossible for so many people to pass."

The elder Chuan-kung of the Qinglong Academy said: "There will definitely be some iron scores that have not been found, and there will be some people who have higher scores and some who have not scored very high, so I estimate that there can be 500 Its good to be qualified."

"I estimate that there are about 500 people."

Xie Kuang nodded.

"According to past experience, probably this number, but I am curious, who will be the newcomer king this year?"

Xuanwuyuan's Taoist elders said a question later.

"It goes without saying that this year's newcomer Wang must be the genius of my Duanmu family."

Duan Mujin smiled and seemed very confident.

"Duanmujin, are you too confident? I am topaz in the Qinglong Academy. I am very talented. I am awakened by the level 5 bloodline, and it has reached the fourth level of the martial arts. It is in no way worse than Duanmu. Nothing."

The elder Taoist of Qinglongyuan.

"Xie Hong of my Xuanwu Academy, although she is a woman, but her talent is not bad. Perhaps, the newcomer king is Xie Hong of my Xuanwu Academy!"

Xuanwuyuan preached the elders.

"I don't think so. Yin Kai from my Suzakuin is not too bad. This time, my Suzakurin will surely win the new king."

Xie Kuang said.

Duan Mujin patted his fat belly and said to himself: "Although Huang Yu and others are good, they are still better than Duan Muju. Also, Xie Kuang, you Suzakuin haven't got the newcomer king in eight years. , This time is also impossible, you dont have to dream."

Xie Kuang's face sank, and said: "Duanmu fat man, what do you mean? Look down on my Suzakuin or what?"

"Yes, I just look down on you Suzakuin. What's the matter with your Suzakusaku, and you want to seize the rookie king? It's impossible. If you don't agree, how about we gamble?"

Duan Mujin revealed a mocking look, said.

"Damn, bet on bets, I'm still afraid you won't succeed, Duanmu fat man, say, how do you want to bet?"

Xie Kuang said.

Duanmu Jin's eyes flashed, revealing a smile of excitement, said: "So, just bet on which of the White Tiger House or Suzaku House won the rookie king, and the bet is 30 pieces of spirit crystals, how?"

"What? Thirty Spirit Crystals?"

Xie Kuang was taken aback.

The spirit crystal, which contains incomparably pure aura, is condensed from the heavens and the earth, and is extremely precious. Only warriors above the Grand Martial Master can be used for cultivation.

On the market, a piece of spirit crystal can sell ten thousand or two silver.

Thirty pieces of spirit crystals are equivalent to thirty thousand two hundred silver.

A bet, just thirty pieces of spirit crystals, is really a gamble.

"Why? Xie Kuang, don't you dare to gamble thirty pieces of Lingjing?" Duan Mujin gave a contemptuous smile.

"hateful!"

Xie Kuang gritted his teeth and said, "Duan Mujin, I bet, no one wants to be fooled by then."

"I'm still afraid that you're not paying!" Duan Mujin sneered.

"A disciple came out."

At this time, the elder Taoist of Qinglong Academy.

Sure enough, from the Ye Ye Mountain, a few young people came out.

"It's a disciple of Suzakuin. It came out very quickly, but I don't know how many points I got?"

Duan Mujin smiled contemptuously.

Xie Kuang sullen his face, then looked at several young men and said, "How many points do you get, take it out and check it out."

"No, not much!"

A young man's face turned a little red, and he finally took out two iron cards with one point, while the others didn't have one. Obviously, all of them got the two points.

"Hahaha, a few talents are divided into two, you Suzakuin have a great harvest."

Duan Mujin laughed.

The elders in the other two houses also smiled.

The four courtyards are fiercely competitive with each other. The worse the other courtyards, the happier they are naturally.

Xie Kuang's face was extremely gloomy.

Since these young people came out, there are more and more young people coming out, of course, very few can get very qualified.

Only one out of ten people.

Those who failed to pass the test were downcast one by one, while those who passed the test were elated.

The qualified number is naturally the temporary advantage of Baihuyuan, ranking first.

Qinglongyuan ranked second and Xuanwuyuan ranked third.

Suzakuin, like in recent years, ranked last.

This made Duan Mujin smile more cheerfully.

Xie Kuang's face is getting ugly.

"Look, Xie Hong is out."

Suddenly someone shouted.

Xie Hong, the first master of Xuanwuyuan, walked out of the Yeye Mountains.

But Xie Hong's face was not good-looking, and he looked a little gloomy.

"Hey, it seems that Xie Hong's nephew's score is not very satisfactory."

Seeing Xie Hong's expression, Duan Mujin smiled.

The elder Chuan Kung of Xuanwuyuan's face was sinking.

Five hundred and nine.

Finally, Xie Hong's score was 509 points.

"Five hundred and nine points is already pretty good, but without that five hundred points iron card, it is difficult to get the first place with this score."

Qinglongyuan preached the elders.

"That's not necessarily. If no one gets the five-hundred points iron medal this time, Honger's five hundred and nine points may get the first place."

The elders of Xuanwuyuan's preaching were unwilling.

"This time, an iron card with five hundred points was won."

Xie Hong said suddenly.

"What? Who got the five hundred points iron medal?"

The four elders of Gong Gong were surprised and asked quickly.

Whoever gets the five-hundred points iron medal may be the first place, they naturally pay attention.

Xie Hong shook his head without answering.

Although Lu Ming was able to go back, Duan Mujue, Yin Kai, Huang Yu and others all followed Lu Ming's full efforts. A few days later, she didn't know who the five hundred points iron card fell in.

The eyes of several elders who passed the power flashed, hoping that the five hundred points iron medal would be in the hands of their geniuses.

And the old disciples nearby also had a lot of discussions, all guessing who would be the first.

"Yin Kai is out."

"And topaz."

Someone called.

Xie Kuang jumped in his heart and hurried to see it.

I saw that Yin Kai and Huang Yu took a group of people and walked out of the mountains and forests.

"Yin Kai, let's count it first!"

Huang Yu looked at Yin Kaidao.

Yin Kai's face was very gloomy. With a wave of his hand, there was a pile of points.

Although storage rings are precious and rare, Yin Kai still has some geniuses of their level.

Four hundred and ninety-six points.

Yin Kai's score is 496, which is less than Xie Hong.

"Haha, Xie Kuang, it seems that your 30 pieces of spirit crystals have been defeated. Yin Kai has less points than Xie Hong, and it is impossible to get the first place."

Duan Mujin laughed.

"Duanmujin, don't be too happy. Yin Kai can't win, but Duanmu may not be the first."

Xie Kuang said.

"Really? I'm invincible anyway. Even if Duanmu is not the first, I won't lose anyway."

Duanmu Jin sneered.

At this time, Yin Kai's complexion was also ugly.

"Lu Ming, I hope your five hundred points iron card has been taken away by Duanmu."

Yin Kai shouted.

He would rather Duanmu get the first place than Lu Ming.

At this time, Lu Ming and Feng Wu came out of the Ye Ye Mountains. ?

Chapter 47: Counting points

Biquege , update the latest chapter of Emperor Long Dao as soon as possible!

Lu Ming and Feng Wu walked out and did not attract anyone's attention. The elders in the four courtyards, as well as those old disciples, just glanced at will and skipped it.

Three of the four courtyards had already come out on their first day, and they wanted to see Duan Mujue.

But a small number of people's eyes fell on Lu Ming all at once.

Those are the people who have participated in the 500-point iron medal competition before.

Especially Yin Kai, his eyes gloomy.

"Lu Ming, you are not dead? Did Duanmu never find you?"

Yin Kai stared at Lu Ming and said.

Yep?

Yin Kai's words made everyone stunned.

Listening to Yin Kai's tone, could this young man named Lu Ming fail to be the No. 1 character?

"Why? I'm not dead, are you disappointed?" Lu Ming's mouth showed a sneering smile.

"Lu Ming, since Duanmu never found you, it seems that the 500-point iron card is still on you?"

Aside, Huang Yu asked in a deep voice.

"what?"

Huang Yu's remarks shocked the audience.

Suddenly looked at the landing sound.

This is especially true of the four elders in the four courtyards.

Who is this Lu Ming? Haven't heard of it, the five hundred points iron card will actually be on him? how can that be?

Many people have unbelievable expressions.

"Of course, last time, didn't you see it with your own eyes?"

Lu Ming smiled slightly, then moved his hand, and a purple gold iron card appeared in his hand.

It was the iron card with five hundred points.

In an instant, all eyes of the audience gathered on the points iron card in Lu Ming's hands.

Is it really an iron medal with five hundred points? Who is this Lu Ming? I can actually get an iron medal of 500 points. Is this the newcomer king this time?

After a shocking look at Landing Ming, there was a lot of discussion with each other.

"Hahaha, good, good, Lu Ming, good kind."

Xie Kuang reacted and laughed.

He is happy.

Originally seeing Yin Kai only had more than 400 points, he thought that this time Suzakuin had no chance with the new king.

At that time, it may not only lose 30 pieces of crystal to Duanmujin, but also be mocked by Duanmujin.

But now that Lu Ming has earned 500 points, the newcomer Wang has hope.

"Lu Ming, this is Lu Ming, so many masters of my Duanmu family, did not kill this Lu Ming?"

Duan Mujin's heart was the most shocking. He looked at the landing song inconceivably, and recovered after half a sneer. He sneered: "Xie Kuang, what are you proud of, maybe this Lu Ming just went bad luck and got an iron medal of 500 points?" , And the other iron cards didn't get much at all. Do you think you won by relying on an iron card with only five hundred points?"

"After the inventory, it is natural to know!" Xie Kuang said.

"Lu Ming, although you got an iron medal of 500 points, do you think you can win me? Look good."

At this time, Huang Yu said coldly, then he turned around and waved his hand, and a large pile of iron cards landed on the counting table.

"so much?"

Many people stared at each other and looked at the number. This topaz has more iron cards than Xie Hong's.

Seven hundred and six points.

In the end, Topaz scored a terrifying 706.

Sisi...

The sound of inhaling cold breathed.

"Topaz actually got 706 points, which is terrifying!"

"There is no five hundred points iron card, actually reached this score, now who can ask the rookie king, it is hard to say."

"Yes, this Lu Ming, who was not well-known before, is certainly not a big disciple. Not many people will help him collect points. He wants to get more than two hundred points by himself. It is difficult."

All around, there was a wave of discussion.

"Okay! Okay!"

The elder Chuanong of Qinglongyuan laughed happily.

"Hey!"

Duanmu Jinfa sneered and said, "Xie Kuang, I said you were too happy. What if you got an iron medal with 500 points? If you have good luck and get it by a waste, he will still not get the newcomer king. of."

"Humph, let's talk after we count."

Xie Kuang sneered, but in fact, his heart was gone.

The situation of the newly-introduced disciples at Suzakuin still has some sense in his heart, but he really hasn't heard of Lu Ming's name.

Lu Ming looked at all of this lightly, and his face was very calm. With a faint smile on the corner of his mouth, he walked to the counter and looked at Huang Yu, saying, "Since you want to see it, then look good."

With a wave of hands, a la la la, a large pile of iron cards appeared on the counter.

Looking at the volume, it seems more than the topaz.

"This... so much?"

Everyone's eyes widened at once, almost biting their tongues, all staring at the scoreboard on the counting platform.

Even the wind dance is the same. She has always been with Lu Ming, but she never expected that Lu Ming actually won so many points.

When was it obtained?

"This uncle, please take a count!"

Lu Ming reminded the deacon who counted the points.

Because this deacon was still stunned there.

After Lu Ming reminded, this deacon reacted.

Seven hundred and twenty-four points, plus five hundred points iron, a total of one thousand two hundred and twenty-four points, this is Lu Ming's total score.

In the last two days, Lu Ming did not look for the points iron card, but has been practicing and consolidating his cultivation.

One thousand and two hundred and twenty-four points, this number makes everyone open their mouths and stunned there for a long time.

This is too scary, even if there is no iron card with five hundred points, Lu Ming's score is also on top of topaz.

The newcomer king, the newcomer king was born, this point, there is no suspense.

"How is it possible? How is this possible? I have mobilized hundreds of people from the Qinglong Academy with more than seven hundred points, and promised to pay a lot of money to buy from some people. How could Lu Ming get so many points."

Huang Yu looked at all this in disbelief and roared inwardly.

"Damn it!" Yin Kai squeezed his fist tightly, full of unwillingness.

"Hahaha, Duanmujin, I told you long ago, and wait until the count is over, and you see, the situation is clear now!"

Xie Kuang was so excited, he laughed, holding his beard with one hand.

When he looked at Lu Ming, he suddenly felt that Lu Ming was so cute.

"Xie Kuang, Lu Ming!"

Duanmu Jinya's teeth clattered and his face was ugly.

"Also, Duan Mujin, that bet thirty spirit crystals, hurry and get it!"

Xie Kuang said.

"What are you in a hurry? Now that the people haven't come out completely, and the Duanmu of my Duanmu family hasn't come out yet, how do you know that Lu Ming won."

Duanmu Jin said unwillingly, he hoped that Duanmu could create miracles.

"Elder, Elder Jin, no good!"

At this moment, a few screams suddenly came from the Ye Ye Mountain Range, and a dozen figures hurried out.

These dozen people are all young geniuses of the Duanmu family.

"What's the matter? Being in such a hurry, as a member of the Duanmu family, a disciple of the Xuanyuan Jian School, you should calm down when you encounter things. Do you understand?"

Duan Mujin's face sank and he shouted loudly, then asked, "What about Duan Muju? Why didn't you come out with you?"

Chapter 48: Duanmujia pressing step by step

Biquege , update the latest chapter of Emperor Long Dao as soon as possible!

"Elder Jin, it's not good, Duanmu absolutely, he is dead."

A young man of Duanmu's family said in a panic.

"Wh... what?"

Duanmujin's pupils suddenly widened and his face changed greatly, exclaiming in silence.

Where can I remain calm.

The faces of other people on the field also changed dramatically.

Even the elder Chuan Gong's face in the other three courtyards changed slightly, and Xie Kuang's face showed a hint of joy.

Duanmu is absolutely dead? How did you die?

Among them, Yin Kai, Huang Yu and others looked at Lu Ming involuntarily.

Where did Lu Ming get so many points? With him alone hunting monsters and beasts, absolutely not so much, is it Duanmujue?

"Say, how did Duanmu die?"

Duan Mujin's face sullenly cried.

"It was sealed with a sword." A youth said.

"A sword shuts the throat? Who killed?"

Duan Mujin asked out with a cold murder.

"I don't know. When we found the trace of Duan Mujie, Duan Mujie was already dead. Those who died with him, there are two martial disciples of the two martial arts masters at Baihuyuan."

"What? Don't know who it is?"

The murder in Duanmu Jin's eyes flickered, and then suddenly turned around to look at Lu Ming and said, "Lu Ming, said, was Duanmu definitely the one you killed?"

"Duanmujin, what do you mean?"

Lu Ming hadn't answered yet, and Xie Kuang stood up with a change of face.

Lu Ming smiled slightly and said, "Elder Duanmu, which one of your eyes saw me killing Duanmu Ju? And you also heard that Duan Muju was followed by two masters of the triple master, you thought I killed him?"

As soon as this statement came out, many people showed their thoughts.

Yeah, with Lu Ming, Duanmu Jue and the two master master triple masters?

impossible!

Duanmujin sneered and said, "How do you explain that you have so many points in your hand? I've concluded that you must have used any mean means to kill Duanmu absolutely, a mean and shameless person, now I will You're abolished."

bump!

Then, Duan Mujin stepped out, and a huge breath rose from his body, like a mountain, pressing toward the landing.

This pressure was too strong. Lu Ming felt like he was hit by a mountain. His body was shocked, and he retreated back, almost spitting out blood.

"Duanmujin, what are you doing?"

Xie frantically roared, stepped forward and stood in front of Lu Ming, also a strong breath sputtered out, blocking Duanmujin's breath.

"Xie Kuang, you get out of here."

Duanmujin shouted.

"Duanmu fat man, do you think your brains are full of fat? Xuanyuan Jianzong trial has always been the winner. Is there a rule that explains the reason for the points iron card? Have you lived on your dog?"

Lu Ming was not the loser, at this time anger started from the heart, and he yelled.

"This..."

The others on the field opened their mouths one by one.

This Lu Ming was also too courageous, and it was so bold to actually criticize Duan Mujin in public.

Sure enough, Duanmu Jinqi trembles, raising his arms tremblingly, pointing at the landing, and saying, "Little beast, what... what do you say?"

"It turns out that the ears are back, so he really lives on the dog."

Lu Ming pouted.

"I killed you, little beast."

Duan Mujin's eyes were red, and his palm slammed forward.

"Stop me!"

Xie Kuang punched directly and blocked Duanmujin's palm.

boom!

The wind screamed and the two retreated together.

"Xie Kuang, get away, or kill you together."

Duanmujin shouted.

"I'm afraid you don't have this ability."

Xie Kuang did not let it go.

boom!

At this moment, a strong pressure suddenly pressed down in the sky. This pressure was as unfathomable as the sea. Xie Kuang and Duan Mujin were shocked and could not move at all.

"Elder Yinpao!"

The two were shocked.

In the sky, an old man hovered there, with an unpleasant look in his eyes, shouting: "The two of you, the elders who passed on the merits, killed and killed in front of so many disciples, what is it like? Let the younger disciples read your jokes? ?"

"Elder Wang, but this Lu Ming used despicable means to kill Duanmu Jue and others, must be punished, I propose to revoke his qualification for the first place."

Duan Mujin clenched his fists towards the silver-robed elder in the sky.

"Oh, Duan Mujin, or that sentence, which eye of you saw me killing Duan Mu Jue and others by vile means, why did you say he didn't live on the dog?"

Anyway, the Duanmu family is already a mortal enemy. Lu Ming does not have the slightest suspicion. He can say whatever he wants, and he just scolds him.

And he concluded that neither Elder Yinpao nor Xie Kuang would make him anything wrong.

"Bold, brazen! You have no respect!"

Duan Mujin shouted, trembling with fat flesh.

In my heart, I wish I could slap Lu Ming into a puree.

"Duanmujin, what's your name? If you want to be accountable, just say that thirty crystals will make you spitting blood like this, slandering a newly-introduced genius disciple. This is the first time I have seen such a person."

Xie Kuang seized the opportunity and said ironically.

"you guys..."

Duanmu Jinqi almost vomited blood, his chest swelled rapidly, and a fat face turned red.

Nearby, everyone else looked dumbfounded.

Even geniuses like Topaz and Xie Hong have a different look at Landing Ming.

Their identities are very unusual, but even they do not dare to scold a Duanmujia elder in public.

This Lu Ming is almost lawless.

Taking a few deep breaths, Duanmujin barely eased over and took a fist towards Elder Yinpao, saying: "Elder Wang, this Lu Ming, I dare to conclude that he must have obtained so many points by virtuous means. If you let him in this way, I won the first place. I am afraid that other new disciples will not be convinced. I propose to try his strength. If his strength is passable, then I will admit his ranking of first place."

"No, Elder Wang, since ancient times, newcomers have tried to rank based on their scores. As for how to get the iron points, there is never any limit."

Xie Kuang quickly said.

Duan Mujin sneered and said, "Xie Kuang, don't forget, the strength of the newcomer king in the past is well-recognized. Even if you have good luck, your strength is not trivial, but this Lu Ming, where he came from? What is the skill?"

The words are full of contempt.

"Oh?"

Elder Yinpao thought for a while and said, "Duanmujin, how do you want to test?"

"It's simple, Duan Mutao, you come out."

Duan Mujin waved his hand.

Immediately, among the old disciples, a young man emerged.

Duan Mujin pointed at this young man and said, "This time, among the newly-introduced disciples, the strongest is the four-level cultivation practice of the martial arts master, and Duan Mutao's cultivation practice is also the fourfold of the martial arts division. I will admit Lu Mings first place, otherwise, I propose to cancel Lu Mings first place."

Xie Kuang's face changed and said, "I object. This Duan Mutao has been introductory for three years. Although he has been trained as a four-tier martial artist, he has been practicing martial arts for three years. Where is the new introductory disciple comparable? This battle is unfair. ."

"Why? Just say that without strength, the rookie king is not so easy to take."

Duan Mujin sneered.

"Okay, I agreed."

Suddenly, Lu Ming spoke.

Chapter 49: Sword without eyes

Biquge , update the latest chapter of Emperor Long Dao as soon as possible!

Lu Ming stepped out with a faint smile on his face.

Xie Kuang's face changed again and said, "Lu Ming, don't be impulsive."

This time, Suzakuin rarely won a newcomer king, and his reputation will definitely rise in the future. Zongmen will also tilt the resources of Suzakuin accordingly. He cannot watch Landing Ming lose his ranking because of his impulsiveness.

Lu Ming smiled and said to Xie Kuang: "Elder Xie, anyway, a disciple of a Duanmu family, who has been practicing for a few more years, what can I do?"

Then to Duanmu Jindao: "Duanmujin, I agreed."

"it is good!"

Seeing Lu Ming agree, Duan Mujin showed his ecstasy and clenched his fists to Elder Yinpao: "Elder Wang, Lu Ming himself has agreed, please permit."

Elder Wang nodded and said, "Okay, since this is the case, then do as you wish."

"Thank you Elder Wang!"

Duanmu Jin forced Anna to live the ecstasy in her heart and looked at Duanmutao, saying: "Duanmutao, do you understand? Lu Ming is a newcomer's candidate, very talented. Wait a moment, you have to do your best, you know? "

"Understood, Elder Kim rest assured."

Duan Mutao's mouth was covered with a greasy smile, and he looked at Lu Ming and said, "Lu Ming, you can still confess your defeat now. Wait a minute, and the sword is blind, hurting you. Don't blame me for not reminding you. "

Duanmujin backed up a dozen meters and said, "Duanmutao, despite your action, my Xuanyuanjian sent the newcomer king to ask for real materials, not waste by luck."

"You have no chance now."

Duan Mutao grinned abruptly, suddenly his figure moved, his long sword came out of the sheath, and he slammed toward the landing.

Uh! Uh!

The sword was swaying in the middle of the sword, and nine sword flowers suddenly appeared. Each sword flower resembled a plum blossom, covering Lu Ming's whole body.

"This is Huang level's high-grade martial arts, Tianmei swordsmanship, and Duan Mutao's hard work for several years, and he has cultivated it to the fourth level."

The eyes of the elders of the Chuanlong Academy Chuan Gong said.

"Yes, this is not very good for Duan Mutao, and his understanding of martial arts is quite good. It is rare to be able to cultivate the yellow-level high-grade martial arts to this point in a few years. Duan Mujin let Duan Mutao shoot, and it is really a good abacus. I'm afraid that none of these newcomers are Duan Mutao's opponents."

Xuanwuyuan's Taoist elders.

"mean!"

Xie Kuang clenched his fists, his eyes showing worry.

"Hey!"

Duan Mujin sneered.

But at this time, Lu Ming's face also sneered, his body motionless, only listening to the sound of Keng, a sword light burst out like lightning.

Quick, too fast, the first came first, and immediately approached Duan Mutao's face door. The cold sword edge made Duan Mutao feel cold.

Retreat!

Without any hesitation, Duan Mutao retreated crazy, and the sword flower disappeared without a trace.

The smile on Duan Mujin's face froze.

"Quick sword, this is also the Huangpin's top grade swordsmanship."

The expression of the elder Gong Qingyuan's face changed.

"Yes, this is the Huangguang top grade swordsmanship streamer swordsmanship. I estimate that Lu Ming has at least cultivated it to the fourth level, or even the fifth level."

Xuanwuyuan's Taoist elders said a flash of glory in his eyes.

Xie Kuang is ecstatic.

Lu Ming was just getting started, but did not expect martial arts to be so high.

"Duan Mutao, this is your martial arts for several years of hard work? Only after a few years of hard work, at this level, is it out of the way.

Lu Ming said with a smile.

"Damn, take another trick."

Duan Mutao shouted, his figure swayed, and actually brought out a phantom of the road, attacking the landing.

In the sword body, a powerful sword gas burst out.

He chopped out seven or eight swords in a row and slashed toward the landing.

What if the sword is fast? He wants to control Lu Ming with a strong true pressure.

"Not playing with you."

Lu Ming whispered in his mouth, and the sword suddenly chopped out.

Chant!

A sharper sword spirit than Duan Mutao swept through.

Lu Ming broke through the triple of martial arts, and the quality of Qi is already above Duan Mutao.

With a few pops, Duan Mutao's sword gas was defeated, and then Lu Ming's left hand punched out.

Flame Dragon Boxing.

This punch directly hit Dan Tian of Duan Mutao.

Duan Mutao screamed, his figure flew backwards, and fell heavily on the ground, his face pale, and heaved blood.

Quiet!

The audience fell into silence.

Two strokes, only two strokes were used before and after. Lu Ming defeated Duan Mutao. Is such a combat strength still a new entry disciple?

"My cyclone, my cultivation behavior, Lu Ming, did you abolish my cultivation behavior?"

Duan Mutao screamed mournfully.

The punch just now, powerful punch, has destroyed the cyclone in Duanmutao Dan Tan.

boom!

"Lu Ming!" Duan Mujin broke out with a cold killing opportunity, so he rushed to Lu Ming.

But Xie Kuang stepped out and stopped in front of Duanmujin.

"Xie Kuang, get out of here. I want to abolish this little beast and learn from the door. It is such a heavy hand, and the character is so low that I should kill it."

Duanmujin shouted.

"Duan Mujin, start with his hands, the sword has no eyes, but this is Duan Mutao's own words, I can control the power without killing him, it's already very good, even if you don't thank me, I also say that my character is low, I think its you who have low character!"

Lu Ming shouted.

"Little beast, die!"

Duanmu Jin couldn't bear it anymore, and his face was suffocated with pig liver color, and he almost suffered an internal injury.

"All right!"

Elder Yinpao waved a powerful force, and Xie Kuang and Duan Mujin both retreated.

"Elder Wang, you have to decide for Duan Mutao."

Duanmujin cried.

Elder Wang frowned, saying: "Duan Mujin is enough, the two are fighting each other, the sword is blind, and injuries are inevitable, don't get rid of it."

The elders in silver robe responsible for their supervision did not belong to one of the four courtyards, but were sent by the patriarch directly for fairness and not to favor one.

He was also very happy to see Lu Ming's talented strength.

After all, the Xuanyuan Sword School has one more genius.

But Duan Mujin wanted to kill Lu Ming for his own selfish desires, which made him unhappy.

"This battle has also proved Lu Ming's strength. Now people are almost out. I announced that the first name is Lu Ming." Elder Wang announced directly.

"Damn it!"

Duan Mujin's face was extremely ugly, he knew it was impossible to deal with Lu Ming today.

"Lu Ming, when do you think you can be arrogant? Offended my Duanmu family, it didn't end well." Duanmujin shouted in his heart.

Not far away, Huang Yu, Xie Hong and others looked at Lu Ming, full of complex colors.

Lu Ming's strength exceeded their expectations, and they concluded that Duanmu was absolutely dead in Lu Ming's hands.

They secretly rejoiced in their hearts that they did not catch Lu Ming in the Ye Ye Mountains, otherwise they would be the ones who died.

"Duanmujin, thirty spirit crystals, bring it."

At this time, Xie Kuang walked to Duan Mujin and sneered.

"Giggle!"

Duanmujin's teeth clattered, but all eyes were on him. He couldn't be fooled. He took out 30 pieces of spirit crystal with heartache and gave it to Xie Kuang.

"Haha," Xie Kuang laughed heartily.

After a while, the time had come and Elder Wang began to announce his ranking.

"Second place, topaz, third place, Xie Hong."

The rankings are announced one by one.

Feng Wu won the 22nd place with 131 points.

After the announcement of the ranking, Elder Wang continued: "Okay, this year's new entry discipleship trial, at this end, your disciples who have received awards, when they return to Zongmen and apply for the Zongmen identity jade card, will be awarded together. It's all gone."

Elder Wang waved his hand.

Chapter 50: Awards

Biquge, update the latest chapter of Emperor Long Dao as soon as possible!

Suzakuin, the martial arts arena, all the new disciples gathered this time.

Above, in addition to the elder Xie Kuang, who passed the merits, there were several other elders, and even a silver robe elder from the Suzakuin.

Every elder has a smile on his face.

"Now issue your identity jade card. This identity jade card contains not only your basic information, but also Zongmen contribution points. When you need to use Zongmen contribution points, you can directly use this jade card to trade. ."

A jade card appeared in the hands of the elder Yinpao, and then said: "This time, although the overall performance of my Suzakuin was not very good, but Lu Ming won the newcomer king of the four courts, you know, my Suzakuin has already in eight years, no one has won the newcomer king. This is the honor of my Suzakuin, so this time, the first place not only has the five thousand contribution points rewarded by itself, but a condensed fruit, my Suzakuin also adds two thousand contributions. Click, Lu Ming, come and receive your reward."

As soon as this remark came out, a pair of eyes at the scene looked at Lu Ming.

Full of envy, jealous look, and so on.

Among them, Yin Kai's eyes were extremely cold, and he kept turning, not knowing what idea he was playing.

Lu Ming stepped forward and took the identity jade card, as well as a jade box.

Lu Ming's mind sank into the identity jade card, and he found a line of words appearing on the jade card.

Lu Ming, fifteen years old, from Fenghuo City, is a bronze-level disciple of Xuanyuanjian School Suzakuin.

Residence, one room in 29 courtyards.

Contribution points: seven thousand.

The information inside is very comprehensive, and even the residence has been marked.

In that jade box, it is Ning Ling Guo.

"Thank you Elder!"

Lu Ming clenched his fists and saluted, then retreated.

Next, it was the others who received the identity jade card.

After receiving it, they dispersed.

Lu Ming headed towards Zhuque Peak.

Zhuque Peak is very majestic, soaring into the sky, and very broad.

On the peak, ancient trees become forests, and birds scent and flowers, like a fairyland on earth.

On the mountainside, there are chic courtyards, which are all dormitory of the disciples of Suzakuin.

"It's so rich in heaven and earth aura. This heaven and earth aura is several times stronger than the handy disciple area. No wonder everyone wants to be a bronze disciple."

"It is said that the silver-level disciples, as well as some elders and yard masters, live close to the top of the mountain, where the spirit of heaven and earth is stronger than here."

Lu Ming thought while walking.

These courtyards are marked with numbers on the doors.

Soon, Lu Ming found 29 courtyards.

The courtyard is quite wide, and there is a courtyard inside, which is convenient for practicing martial arts, and there are three other rooms.

The room in the middle reads room number one.

Another room is the second and third rooms.

Lu Ming walked directly into Room 1.

The room is very simple, with only one bed and one table.

On the table, there is a booklet that introduces some basic conditions of Xuanyuan Jianzong, and of course, also introduces some conditions of the scorching empire.

Lu Ming glanced at random, then put away.

At this time, footsteps sounded outside, and Lu Ming walked out of the door.

A teenager, fifteen or sixteen years old, with a burly and sturdy body, thick eyebrows and big eyes, carrying a large sword wider than his slap on his back, walked in.

As soon as he saw Lu Ming, he was shocked, and then he was overjoyed and said, "Brother Lu Ming, are you also assigned to the 29 courtyard? Haha, great, then we will be roommates in the future."

The burly boy laughed.

Lu Ming smiled slightly and said, "This brother is polite, don't know how to call it?"

"My name is Pang Shi, a hunter in Fuhai City."

The burly youth quickly and enthusiastically introduced it.

After a brief introduction, Lu Ming learned that Pang Shi was originally the son of an Orion in Fuhai City. Due to his natural divine power, and when he was 14 years old, he awakened his bloodline, so his family sent him to Xuanyuanjian School to participate in the assessment, Not only succeeded, but also became a bronze disciple in one fell swoop.

Looking at this Orion boy, Lu Ming felt that his talent might not be easy. Otherwise, an ordinary Orion boy would not have passed the test so easily and had completed the trial.

"Brother Lu Ming will be asked to be more enlightened in the future, my person is stupid."

Pang Shi touched his head and said.

"Please ask him to enlighten you? I think you will follow me afterwards."

At this time, a handsome young man in a green robe walked into the courtyard.

The teenager was fair-skinned, his eyes narrow and long, his eyes narrowed slightly, his figure was tall and thin, and there was an unabashed color between his eyebrows.

After the young man in the green robe walked in, he looked at Landing Ming and sneered: "Lu Ming, you remember, my name is Huachi. Although you got the newcomer king, this is nothing at all? Now you have just entered the Xuanyuan sword Its just that, after a year, I can surpass you."

"Flower idiot? What a strange name." Pang Shi directly ignored the other content, a little surprised.

All of a sudden, Qingpao's face froze and shouted: "You big man, idiot, what are you talking about? My name is Huachi, Huachi, not a nympho."

"It's still an idiot, Brother Lu Ming, isn't it?"

Pang Shi touched his head and asked a little puzzled.

Lu Ming Renjun couldn't help but smiled: "Pang Shi, you are right, I also heard it was a nympho."

"You... you two country gangsters, it's useless to rely on your mouth. You'll wait to see it well. It won't take long for me, the name of Huachi, to be named Xuanyuan Sword School, and even the entire scorching empire."

Hua Chi showed strong self-confidence in his eyes, and then snorted coldly, ignoring Lu Ming and Pang Shi, and walked into Room 2.

Lu Ming smiled, said to Pang Shi, and returned to the room.

After returning to the room, Lu Ming began to practice the War Dragon.

Since breaking through the martial arts realm, Lu Ming has engulfed his blood and cultivated soaring all the way. Now the foundation is a bit vain, and the true energy is full of impurities.

We must stop and take the time to consolidate and condense.

Unstable foundations are a big problem and will affect future practice.

In the back, the cultivation base will even stop, making it difficult to improve.

It is useless even if there is a blood bite of the spirit eater.

The real trick of running the dragon, the cyclones in Dantian kept spinning, forming tiny dragon-shaped true qi, swimming in the meridians, shuttle, and constantly refine the impurities in the true qi.

After three hours, Lu Ming opened his eyes.

"If you go on like this, there should be another ten days or so, and cultivation can be fully consolidated, and then, it is the second layer of the true dragon war."

"In the martial arts realm, my advantage is weakening. Only by training the dragon dragon skill to the second level, my strength can be greatly improved."

"Three of the most important materials in the second layer of War Dragon's True Secrets have been collected. Only the blood smokystones are missing. After two days, go to the Contribution Hall to see if there are blood smokystones in the Contribution Hall."

Lu Ming kept thinking.

Thinking about the course of this trial, summing up your own shortcomings, and then planning the direction of future practice.
