

D Emperor 4131

Chapter 4131: Great Destruction

Lu Ming struck and killed nine ancient emperors with a heavy weight of ancient secrets, reached out his hand, and grabbed nine secret runes in his hands.

Without time to think about it, as soon as the nine mystical runes were caught in his hand, Lu Ming madly entered the power of taboos, and wiped out the wisdom in the mystic runes.

At the same time, Bingxuan stick kept on bombing out.

Uh, uh...

The stick shadow is densely covered in the void, terrifying, and it can jump to destroy the starry sky. The ordinary existence of the divine emperor cannot be resisted. It is pressed by the stick shadow and continuously explodes. Mystic rune.

All of these mysterious runes were captured by Lu Ming in his hand, constantly using the power of taboo to wipe out the spiritual wisdom inside.

"Boy, you are dead!"

The Divine Emperor's triple existence roared with anger, and desperately rushed to Lu Ming.

However, when the other party approached, Lu Ming performed the big move technique, and his body flashed in another place.

The Divine Emperor's triple existence continued to pursue Lu Ming, but Lu Ming flashed again and came to those masters of Divine Emperor's Heavy.

"No good, avoid!"

"Run away!"

The masters of the Divine Emperor were frightened and ran back.

They are all transformed by the ancient mysteries. They have experienced endless years and experienced hardships before they can be born with wisdom and transformation, and they do not want to die.

In fact, it was because they thought too much that Lu Ming had no intention of killing them.

He already had fifteen mystical runes in his hand, and he was trying his best to destroy the spiritual wisdom inside. No matter how many, he couldn't get it all at once.

He kept performing the big move technique, constantly flashing, avoiding the triple existence of the Divine Emperor, while destroying the spiritual wisdom in the mystic rune.

Finally, after several evasion, Lu Ming's eyes lit up.

Succeeded, the first nine mystic runes have been wiped out of spirit.

As soon as the spirit in the mystic rune was destroyed, Lu Ming immediately melted the nine mystic runes into nine cells, and then, among the nine cells, a powerful and pure energy immediately poured out into each one. In the cell, it is constantly transformed into a taboo force.

boom!

Lu Ming felt that all his body was shaking violently, and he was striking towards Emperor Bazhong.

"Somewhat worse, still worse..."

Lu Ming shouted in his heart, he could clearly feel that the bottleneck of Divine Emperor Bazhong was loose, as if it could be broken in the next moment, but it was still so little, so little...

"kill!"

At this moment, a roar, a palm print, very huge, rolling towards the landing song, full of destructive power.

It is the triple strong of the Divine Emperor.

"not good!"

Lu Ming felt a shock in his heart, and he quickly had to perform a big move to leave.

However, this time the other side was too close to him, and the move of the big move was not so smooth, just like being caught in the quagmire, a little slow.

However, after all, Lu Ming was successful, but only a little slow, Lu Ming was finally swept by a wave of destruction.

Lu Ming appeared thousands of miles away, his own body disappeared, was hit by the wiping force just now.

"It's a terrible power of destruction, but this guy is transformed by the great destruction?"

An idea came to Lu Ming.

The great destruction technique, in the three thousand ancient mysteries, ranks very high, and can be ranked in the top one hundred. Once the cultivation is successful, all hands are filled with destruction power, and the power is very scary.

However, Lu Ming is a taboo body. Even if he is destroyed by half of his body, it has little effect. Instead, he stimulates his potential. In his cells, there is a continuous potential to be stimulated, and his injury is recovering at an alarming rate.

After performing a major move, he performed several consecutive moves and opened the distance with the opponent to fight for recovery time.

"All right!"

Suddenly, Lu Ming was very happy, and the six secret runes left in his hand were all wiped away.

Lu Ming directly collected six mystical runes into six cells.

At the next moment, a force also emerged from each of these six cells, and Lu Ming immediately used this force to hit the realm.

boom!

This time, a roar came from Lu Ming's body, and then his breath rose rapidly.

Breakthrough!

Lu Ming's cultivation practice finally entered Divine Emperor Yae.

Stepping into Divine Emperor's Eightfold, Lu Ming's strength soared, and the power of taboos also improved a lot.

His body recovered even more amazingly. At the moment of the breakthrough, his destroyed half of the body recovered at a speed visible to the naked eye, and his body was restored in a few moments.

"This kid..."

Others, including the Divine Emperor's triple existence, were shocked and showed incredible expressions.

Then, there is the killing.

"Kill, you must kill this kid!"

The Divine Emperor's triple existence shouted in his heart, and once again rushed to Lu Ming frantically.

His speed is very amazing, wherever he passed, the void continuously bounced out, turned into a wave of destruction, and rushed to Lu Ming.

When Lu Ming hesitated to break through, he slowed so slowly, and now he wants to dodge, it is too late.

Only hardwired!

"Stop me!"

Lu Ming took out the ice Xuan stick and banged it out with a stick.

Entering the Divine Emperor's Eighth Layer, Lu Ming's combat power has been greatly improved, and the power of the Ice Profound Stick has become stronger.

boom!

The Ice Profound Stick and the power of destruction were heavily bombarded together, and a roar of earth and earth shattered. The collision of the void was completely reduced to chaos.

Then, Bing Xuan stick kept shaking, and Lu Ming's face changed. He felt a terrible force rushing towards him, and his body retreated backwards, which had been retreating tens of thousands of miles away.

Even so, there is still a force of destruction that bombards Lu Ming.

However, Lu Ming now has two layers of defense.

One layer is naturally the defense of the first-class sky armor.

However, the first-class Sky Armor had blocked the opponent's full-strength blow before it had no much defense, and the power of destruction was destroyed with one blow.

Another layer of defense is the defense inspired by the Grand Defense.

Defensive ability, in terms of defensive ability, can rank in the top three among the three thousand ancient secrets, and the defensive force is naturally very strong.

However, under the power of destruction, the defense of the Grand Defense was still penetrated.

However, after being blocked by the Ice Profound Stick and several defenses, the power of the Destructive Force has been greatly reduced, and the remaining power cannot be a heavy blow to Lu Ming.

Lu Ming just spit out blood and it didn't hurt.

"The Divine Emperor Triple is really powerful. Even if it breaks through the Divine Emperor's Eightfold, and then stimulates the power of the Ice Profound Stick, it is still not an opponent, but it has been able to barely resist some..."

A thought flashed in Lu Ming's heart.

It is much better than before there was no breakthrough.

In the Seventh Emperor of the Divine Emperor, even if he stimulated the Ice Profound Stick, it was difficult to counter the attack of the opponent.

Chapter 4132: Threatening Lu Ming, the Sheng family was destroyed

Lu Ming estimates that if he breaks through to Divine Emperor Jiuzhong, together with Bingxuan Cudgel, he is expected to be able to contend with an ordinary Divine Emperor triple.

"Go the best way..."

Lu Ming didn't hesitate. After being repelled by the opponent, he directly performed the big move technique and left.

Now the other party is only a triple existence of Divine Emperor, if two or more, he even becomes a problem.

Moreover, the full control of the Ice Profound Stick is also very expensive. In addition, he has just broken through and needs time to stabilize the state.

"Want to leave, die for me!"

The Divine Emperor's triple existence roared and chased crazy towards Landing.

However, he is good at destruction, not speed.

After Lu Ming's breakthrough to the Eighth Divine Emperor, and after the move of the big move, the speed has increased a lot, and the speed has slightly exceeded the other party.

As for those Divine Emperors below triple, they dare not chase Lu Ming.

In this way, the two chased and fled, and quickly went away.

Lu Ming continued to perform the big move technique, constantly changing his position, especially in the geographically complex area between the mountains, he could move directly behind a big mountain, blocking the other party's sight.

It takes a little time for the other party to capture Lu Ming's specific position. In this case, the distance between the two of them will only increase.

After a few hours, Lu Ming finally got rid of the other party.

But he didn't stop and continued to head north. Lu Ming flew a long way before Lu Ming found a place to hide, and then took out a lot of elf wooden hearts and began to absorb them.

The energy of Elf Muxin poured into his body, while restoring his injuries, and at the same time solidifying his cultivation.

It took another few hours for Lu Ming's condition to return to its peak.

He felt energetic and in an unprecedented state.

He has been completely stabilized in the eighth level of the Divine Emperor, which has never been stronger.

"First Class Warframe has not fully recovered, leave here first..."

Lu Ming flickered and left here.

In a place, you can not stay too long, otherwise it is easy to be found by the ancient witch temple.

Lu Ming kept changing his position and slowly headed north.

After a period of time, the defense of the first-class soldiers finally recovered.

Ok?

Suddenly, Lu Ming felt the void in front of him and produced subtle fluctuations.

Lu Ming did not hesitate to perform the big move technique, a flash, and backed away for thousands of miles.

Uh, uh, uh!

The piece of void that Lu Ming sensed just now was torn apart, and a dozen figures appeared there.

With a strong breath, Putian covered the land.

One Divine Emperor is triple, and the others are all Divine Emperors.

It seems that the ancient witch shrine is well-studied and knows that Divine Emperor's first act of death is in front of Lu Ming, so this time no Emperor Emperor of the First Emperor came, and all of them were sent by Divine Emperor more than twice.

"Don't let him run away!"

The group of people saw Lu Ming, shouted, and chased to Landing Ming one after another.

Lu Ming's body flashed sharply, and he was about to retreat, but he immediately became alert because the space behind him also produced violent fluctuations.

Lu Ming didn't want to, and moved directly to the right.

Sure enough, a dozen figures appeared in the rear.

The one headed is also the triple existence of Divine Emperor, and the other is the dual of Divine Emperor.

Two masters of the triple emperor have appeared before and after, and they are not known by Lu Ming.

Obviously, in order to deal with Lu Ming, the other party sent a lot of masters.

The strong men in the front and back chase to the landing naming together.

Lu Ming directly performed the big move technique, moved a distance of tens of thousands of miles, wanted to move again, and suddenly changed his face.

Not far from him, the space suddenly exploded, and a huge fist yelled toward the landing, filled with terrifying destructive power.

"It's that guy, devastation!"

As soon as Lu Ming felt a move, there was no slight pause in the movement. Bing Xuan stick was caught by him long ago. At this moment, Bing Xuan stick was urged with all his strength.

boom!

Bing Xuan stick bombarded a huge fist, and a violent roar erupted. Bing Xuan stick shook endlessly and quickly shrank.

There is still a powerful power of destruction, rushing to Lu Ming.

However, the first-class sky armor has been urged.

The powerful destructive force bombarded the mask radiated by the armor of the first-class soldiers. The mask shook violently, but it was finally blocked.

The first-class sky armor can withstand the full blow of a trio of Divine Emperor.

This time, although the opponent attacked with all his strength, he was blocked by Bingxuan stick for most of his strength. The remaining power naturally cannot break the first-class sky armor, and there is still a lot of energy left in the first-level sky armor.

This level of attack, the first class of armor, can also block many moves.

Lu Ming finally breathed a sigh of relief.

All kinds of big killers cooperated, facing the triple existence of Divine Emperor, Lu Ming finally did not have such a terrible blow, and could already barely contend.

At least, the grasp of getting out is much greater.

With the help of this force, Lu Ming quickly retreated, and then moved out, and appeared again thousands of miles away.

Lu Ming had just stood there, and a burly figure appeared, which was exactly that devastation.

"Boy, if you want her to die, just keep running!"

The Great Destruction was cold, and he held a man in his hand.

Lu Ming's figure, a sudden meal, burst into the cold murderous eyes.

Because the woman in the hands of the Great Destruction is a woman!

Shengqiao!

That's right, it was Shengqiao who was carrying the catastrophe.

At this moment, Shengqiao's face was full of resentment, madness, despair and sadness.

"Ancient Witch Temple, I curse you, I curse you..."

Shengqiao shouted insanely, his eyes fierce.

"To shut up!"

The Great Destruction Technique drank coldly, bursting out a force in his hand. Suddenly, Shengqiao's body softened as if he had no strength.

"What did you do to him?"

Lu Ming drank coldly.

"Nothing? Boy, just grab your hand and catch it. This little girl can still live. Otherwise, the next moment will be her death. I know you have a lot of relationships, so you can bear to watch her die?"

Mass destruction coldly.

"Muyun, leave me alone, go, go!"

Shengqiao shouted again at the moment.

"Shengqiao, what's going on?"

Lu Ming shouted.

"Dead, all dead, these beasts of the ancient Wu Temple, destroyed the Sheng family, just because you stayed in Shengqiao for a while, then destroyed the Sheng family, grandpa died, everyone else died!"

Shengqiao shouted, like a crazy man.

Lu Ming was shocked in his heart, and the killing in his eyes was stronger.

He had no friendship with Sheng Family, but just because he stayed in Sheng Family for a while, the Ancient Witch Temple destroyed Sheng Family and took Sheng Bridge to threaten him again, unforgivably.

The killing in Lu Ming's heart was extremely strong.

Chapter 4133: Revenge for me

"Shengqiao, I'm sorry, I'm tired of you."

Lu Ming said.

"Now that this is late, Muyun, I have only one request now, please avenge the Sheng family, and let the beasts of the ancient Wu Temple pay the price!"

Shengqiao shouted.

Saying no regrets in my heart is false.

If you can choose again, Shengqiao will choose to return to Sheng's home without Lu Ming.

But regret is useless now, she only has one idea, that is revenge.

But she is no longer possible herself, she can only pin her hope on Lu Ming.

"Relax, I promise you, I will do my utmost to make the ancient Wu Temple pay!"

Lu Ming made a promise.

The Sheng family, all because of him, became like this, causing a disaster.

Shengqiao had been kind to help him, but it turned out to be this way.

There are gratuities and revenge. This is Lu Ming's life rule.

Hearing Lu Ming's promise, Shengqiao's eyes finally showed a trace of comfort.

"Boy, if you hear that, hurry and stop, otherwise I will kill this girl immediately!"

The great destruction technique was cold, and the power of destruction spread out in the palm of your hand. An area on Shengqiao's body immediately turned gray, and the power of life was dissipating.

"stop!"

Lu Ming shouted.

"Muyun, go away, don't mind me!"

Shengqiao shouted.

At this moment, other masters have come.

But instead of approaching, they exerted strength, blocked the void, and frozen the space.

Because they are well aware of the power of the big move.

As soon as they approached, Lu Ming performed a big shifting technique, which could directly pass them.

Only by blocking the void can Lu Ming be blocked.

"Boy, just catch without a hand..."

The Great Destroyer opened again, and his eyes showed a terrible murderous opportunity.

"Okay, I surrender..."

At this moment, Lu Ming said suddenly.

"No, Muyun, don't surrender..."

Shengqiao shouted.

"Little girl, shut up..."

The mass destruction technique was cold, and a force was input into Shengqiao, making it difficult for her to speak.

At this time, Lu Ming moved.

His figure flashed, and his figure disappeared directly from the original place. The next moment, he appeared above the head of the mass destruction.

boom!

Bingxuan stick shot with all his strength and blasted towards the devastation.

The catastrophe was a little stunned. Obviously, Lu Ming just said to surrender, and he shot directly the next moment.

So stunned, he missed the opportunity. Although he shot in time, he could not mobilize his strength to the peak.

boom!

He shot with a palm, with a hand of destruction, bombarded on the ice Xuan stick.

Because the devastation was in haste and did not mobilize all the strength, he and Lu Ming had a trick and suddenly retreated.

He grabbed Shengqiao's hand and relaxed.

"good chance!"

As soon as Lu Ming's eyes lit up, he reached out and grabbed towards Shengqiao.

Lu Ming suddenly shot, just want to rescue Shengqiao.

"Muyun, go quickly, remember what you promised me..."

At this time, Sheng Qiao gave Lu Ming a serious look, her body suddenly burst out of a ray of glow.

"Don't..."

Lu Ming was shocked that Shengqiao would burn himself and destroy himself.

"Take me, you can't escape, you go quickly, remember, avenge me..."

In the process of Sheng Qiao's speech, her body began to destroy itself, turning into a ray of light rain and dissipating in the air.

"hateful..."

The big destruction technique roared, slammed with a violent force, and surging towards the landing, everything was destroyed.

Shengqiao's body, under the power of destruction, was completely dissipated into light and rain.

boom!

Lu Ming came out with an ice scepter, blocking the opponent's ruined land, and his body retreated.

"Stop him, he is going to run away!"

The big destruction shouted and drove crazy towards the landing.

At the same time, the triple existence of the other three Divine Emperors also killed the landing, and two terrible attacks, from two different directions, killed Lu Ming.

At this moment, Lu Ming's whole hair stood upright.

The masters of the Three Great Divine Emperors and Triple Masters shot together. The power is too terrifying, and there is a fatal crisis for Lu Ming.

"Put it together!"

At this moment, Lu Ming's eyes showed a fierce color.

Faced with such a situation, without desperation, it certainly will not work.

Lu Ming left the strong wind beads, the right hand Bingxuan stick.

call!

First of all, a strong gale burst out in the gale of wind, which turned into a wind blade and rushed to the catastrophe.

Then Bingxuan stick also blasted out, blasting towards the mass destruction.

Two attacks, blasting into the mass destruction together.

As for the triple attack of the other two Divine Emperors, he can no longer take care of it, and can only rely on the first-class sky armor and the big defense.

And...ball!

The ball is also coming in with Lu Ming. After all, the ball is only the cultivation of God Emperor Jiuzhong Peak.

The ball turned into a layer of armor covering Lu Ming's body.

Boom...

A series of roars broke out.

Lu Ming's attack and the attack of the Mass Destruction first collided together, igniting a wave of sky.

Just after the two's attacks collided together, the attacks of the two powerful triple gods also fell on Lu Ming.

The two masters joined forces in a single blow, which was too strong. The first-class warrior armor had already consumed some of its energy. Now it is directly attacked by the two Divine Emperor triple masters, and it directly penetrates the defense.

Then, it will be the turn of the grand defense and ball defense.

Even so, Lu Ming was injured and his body flew towards the front like a meteorite.

In front of it is the Destruction.

The collision between Mass Destruction and Lu Ming originally had the upper hand. Originally, Lu Ming was supposed to be able to fly, but Lu Ming was blasted by the two masters behind him and ran directly towards him.

This devastation was caught off guard and was hit by Lu Ming in a direct, involuntary retreat.

"Die to me!"

When he reacted and wanted to kill Lu Ming, Lu Ming had seized the opportunity and performed the big move technique, which disappeared from the spot all of a sudden. .

This is Lu Ming's escape route.

Several other directions were blocked, and even the major removal technique could not be removed.

Only the space on the side of the catastrophe is not blocked, so Lu Ming will spare no effort at all costs to hit the side of the catastrophe.

Finally, Lu Ming rushed out.

But Lu Ming also paid a great price.

The first-class sky armor is completely useless for the time being, the energy is completely exhausted, and it has also been hit hard.

In addition, at the same time urge the Ice Profound Stick and Gale Bead, as well as the first-class warrior armor, and at the same time urge several kinds of ancient secrets, which is very expensive for him.

There is not much left of his taboo power.

But finally broke out of the siege.

As soon as he broke out of the siege, Lu Ming kept on moving and moved towards the front.

Chapter 4134: Ye Yu's Order

"Chasing, don't let him escape!"

"This kid must die!"

Mass destruction and other people roared and chased toward Landing Ming.

In particular, the mass destruction technique is even more irritable, and I wish I could crush Lu Ming.

Last time, Lu Ming fled in his hands.

This time, the three major law protectors shot together. They thought they could block Lu Ming and make Lu Ming escape.

But in the end, Lu Ming still escaped the encirclement, and escaped from his direction.

This is simply a shame.

If he didn't kill Lu Ming himself, he would become a laughing stock.

The three masters of the Three Divine Emperors, the fastest, chasing towards the landing quickly.

Lu Ming continued to perform the big move technique, a flash, just miles away, at an alarming speed.

In particular, the big move can be moved directly, ignoring the obstacles in front of him, Lu Ming keeps moving, and with the help of obstacles such as mountains, it can delay the opponent's time.

In this case, the distance between them is slowly pulled apart.

After several hours, Lu Ming finally threw away the other party.

Then Lu Ming continued to fly towards the north, while flying, while restoring the consumed taboo power.

Lu Ming now naturally has no idea of killing the ancient witch temple to avenge Shengqiao and others.

With his current strength, he killed himself in the past, that is to say, he is still trying to improve his strength first.

As for revenge for Shengqiao and others, Lu Ming will do his best.

Of course, if Ming knows that he is invincible, Lu Ming will not go to death.

Mass destruction and other people couldn't contain their anger, but in the end they had no choice but to return to the Ancient Witch Temple and return to life.

...

The ancient witch shrine, sitting above the hall of deliberations, sits with nearly forty figures.

These forty figures are all above the protection of the ancient witch temple, and the cultivation base is the lowest, all of them are triple emperors.

There are a total of thirty-six guardians in the Ancient Witch Temple, all of which are powerful generations.

"That kid is very cunning, and this time he was run away by the other party!"

Mass destruction is very depressed, and his face is ugly.

"Now, where did that kid go?"

At the top, an old man in white robe asked.

Facing this old man, the Great Destruction technique looked very respectful and said, "The lord of the palace, that kid has been going north. It should be the site that wants to go to the Great Witch Temple. It should be close to the Great Witch Temple now. We want to pursue it again. It's too late!"

"The Great Witch Temple? If the kid really surrendered to the Great Witch Temple, it is very unfavorable to our next plan. It seems that to deal with the kid, I can only use their own people, pass me orders, and let those outside the world Come see me!"

The old man in white robe, the master of the ancient Wu Temple, gave orders.

"Yes!"

Immediately, a guardian left the hall.

The people in the hall waited quietly.

Soon afterwards, the leaving protector went back and forth, but he did not come alone, and some others followed.

If Lu Ming is here, he will be surprised.

Because these people are actually the arrogance of the Celestial Clan and the Celestial Palace.

Those headed by Ye Yu.

"Yao Yu!"

The master of the ancient witch temple saw Ye Yu and others, but instead of shouting and killing, he smiled and clenched his fists.

"Ye Yu has seen the Hall Master!"

Ye Yu also clenched his fists.

Others followed their clenched fists.

"I don't know what happened when the lord asked me to wait."

Ye Yu continued.

"If you want to ask Mr. Ye Yu for help, it is one of the conditions for our cooperation!"

The ancient witch temple is the main way.

"Oh, what's the matter, but anyway, since we want to cooperate, what do you have, I will definitely do my best."

Ye Yudao.

"I want you to kill someone!"

The eyes of the master of the ancient witch temple flashed a cold light, and then waved his hand, a figure of a person appeared in the air. This figure is naturally Lu Ming.

"It's him!"

Ye Yu's eyes flickered.

"Master Ye Yu, this man also came in from the outside world, should you know?"

The master of the ancient witch temple.

"Of course, we come in together."

Ye Yudao.

As soon as this statement came out, the atmosphere of the hall suddenly changed and became a bit cold.

A few cold breaths fell on Ye Yu and others.

Around Ye Yu, some people's faces suddenly became dignified, and there was a light in their bodies, and they were ready to shoot at any time.

However, Ye Yu still looked as usual and smiled lightly: "Although we came in together, this kid didn't know what to do and he was not along the way with us. If there is a chance, he will make him die hard."

"Oh? This is the best. This kid has killed many people in our ancient Wu Temple. Now we are heading all the way north. We can't find him anymore. I hope you can take action to solve this kid."

The ancient witch temple said.

"This is easy to handle. I just have the contact information for the kid, but I can send him a voice and order him to stop somewhere, and I will send someone to kill him!"

Ye Yudao.

When they came into the ancient world, they were headed by Ye Yu, so Ye Yu had all the contact information for easy deployment, and naturally there was Lu Ming.

Immediately, Ye Yu sent a message to Lu Ming with his dream magic jade.

It probably means letting Lu Ming stay somewhere and report his position to him, waiting for them to join Lu Ming and act together.

After the news came out, they waited.

At the moment, Lu Ming was flying fast, and he also sensed the news from Dream Shenyu.

"Ye Yu, huh, or in such a commanded tone, the Celestial Clan really stands above him?"

Lu Ming smiled lightly, as if he didn't see it, and continued to fly.

He was too lazy to bother about Ye Yu and the others, and how comfortable he was.

Isn't it easy to expose the fact that he can integrate into the runes of secret arts with multiplayer?

And he was very unhappy with the people like Ye Yu, so he didn't bother to bother.

In the ancient witch temple, Ye Yu and others waited quietly for the first time, with a confident expression on their faces.

But gradually, the confident expression on his face disappeared, revealing a trace of anger.

Lu Ming didn't reply to his news, and he was very bold.

"Yao Yu, how is it going? Did the other party return?"

Seeing Ye Yu's face, the lord of the Ancient Witch Temple asked.

"Not yet, maybe the other party hasn't seen my message yet. I'll ask one more time, forgive him for not having the courage to not return my message!"

Ye Yu said, and then sent another message, continue to wait.

After half an hour...

Ye Yu's face was extremely gloomy, and there were constant killings in his eyes.

Did not return!

Damn it!

Ye Yu roared inwardly.

He sent two messages in a row, but Lu Ming still didn't reply. Is this ignoring him?

"It seems that the other party is not afraid of you at all!"

The lord of the ancient witch temple smiled faintly.

Chapter 4135: Double chase

Hearing the words of the Lord of the Ancient Wu Temple, Ye Yu's face was even more ugly.

"Perhaps he hasn't seen it yet, I'll post another one!"

Ye Yu sent another message to Lu Ming, and at the same time he shouted in his heart: "Boy, if you don't return, I don't care if you don't see it or whatever, I want you to die without burial..."

Another half an hour.

Ye Yu's complexion was already black.

Still not returned.

Still not returned!

"Haha, Master Ye Yu, it seems that the other party does not give you a face. Are you really the leader of the outside world entering the ancient world this time?"

The ancient witch temple shouted, with a hint of sarcasm in his voice.

"Master, where is the kid now, and where is it? I will send someone to catch up, and I will make the kid regret..."

Ye Yusen said coldly.

"Oh? Do you want to send someone to kill him?"

The ancient witch temple is the main way.

"Not bad!"

Ye Yu answered coldly.

The ancient Wu Temple shone a few times, and did not say Lu Ming's current strength, nor did he say that he had sent a number of Divine Emperors' triple existence, and did not win Lu Ming.

Instead, he directly told Ye Yu about Lu Ming's approximate location and the direction of travel.

Lu Ming is about to enter the territory of the Great Wizard Temple.

The ancient witch shrine and the big witch shrine are dead rivals. Once they meet, it is an endless situation. If Lu Ming enters the territory of the big witch shrine, they will not be able to send people to continue to kill Lu Ming.

"The kid is very powerful and was originally a good partner, but he has killed many masters in my temple. There is no room for relaxation, only to take your head to honor the masters of my temple!"

The lord of the ancient witch temple whispered in his heart.

"Yale, you take a few people to take the head of Muyun to meet me. The Great Witch Temple doesn't know that we have taken refuge in the Ancient Witch Temple. It should not deal with you..."

Ye Yu ordered.

"Yes!"

Suddenly, a young man of the Celestial Clan, with several masters of the Celestial Clan, left the hall and disappeared here.

"Master Ye Yu, I'm waiting for your good news, but if it doesn't work, don't force it, the matter after half a year is more important..."

The master of the ancient witch temple.

"Relax, I won't miss your major events. By then, I will definitely get all the benefits you want, but you promise me my conditions, don't regret it!"

Ye Yudao.

"Relax, you just want the ancient secret technique. We just need to distribute some spiritual marks to take away with you, without hurting you..."

The master of the ancient witch temple laughed.

"That's good, then leave first!"

Ye Yudao.

Having finished speaking, Ye Yu took the man of the Celestial Clan and left.

As soon as the Celestial Clan left, the catastrophe said: "The Lord of the Palace, the people of the Yeyu School, I'm afraid I can't take the kid at all. Why don't you tell him the strength of Muyun? Let him send a stronger presence?"

"Our most important goal is Dagu Daochang. The life and death of Muyun is the second. This time, we need to rely on Ye Yu and others. Now it is not appropriate to have more trouble and consume too much power!"

"When the matter of the Great Ancient Dojo is over, then solve the Muyun!"

The ancient witch temple is the main way.

"If you are afraid, if the Great Wu Temple cooperates with that Muyun, then Muyun's strength is not trivial. I think if Ye Yu and others encounter that Muyun in the Dagu Daochang, they are not sure to win the opponent."

Daoist worries.

"Your concerns are not unreasonable, so, you two, one is good at tracking and one is good at assassination, sneaking into the territory of the Great Witch Temple to see if there is a chance to assassinate that Muyun!"

The master of the ancient witch temple ordered.

"Yes!"

Immediately, two middle-aged men in black robes stood up and took orders, and then left the hall.

This concludes a meeting!

...

After another two days of rush, Lu Ming finally entered the territory of the Great Witch Temple.

Entering the territory of the Great Witch Temple, Lu Ming remained cautious and did not relax his vigilance.

Because, like the ancient witch temple, the ruler of the big witch temple is also the existence of the ancient ancient secret art.

The master of the ancient witch shrine will shout and kill as soon as he sees it, maybe even the people of the big witch shrine.

Lu Ming continued to travel north, and after a few more days, Lu Ming came to a secret mountain and entered the mountain, retreat to practice and stabilize the state.

In a blink of an eye, another five days passed.

Rumble!

Suddenly, Lu Ming felt the ground shaking violently, and even the mountain peaks were shaking violently.

Was found!

A cold light flashed in Lu Ming's eyes.

As soon as his figure flashed, he left the mountain and appeared outside.

"It's them!"

As soon as he left the mountain, Lu Ming saw four figures.

These four people are not the people of the ancient world, but are actually four human races.

"Muyun, you really are here!"

Headed by a young man of heaven and earth, he has blonde hair, a tall nose bridge, and is full of coldness and pride.

This young man is Yer.

"How did you find me? What are you doing with me?"

Lu Ming was a little surprised. He didn't expect to find him not from the Wujin Temple, but from the Celestial Clan.

"I ask you, Master Ye Yu sends you a message, why don't you return?"

Yell said.

"Why should I go back?"

Lu Ming asked back.

"You... you are a big injustice, do you know what your identity is? Do you know what I am a human race? What is your identity? It's your pleasure that Master Yu tells you, do you understand?"

Yer shouted, his voice was very cold.

"Oh, don't understand, please do it, don't disturb my cultivation."

Lu Ming said lightly.

"Boy, you are dead!"

Another young man of the Celestial Clan drank coldly, shaped like a streamer, and sang to the landing.

He was covered with a peculiar ray of light, holding a long slender sword in his hand, a sword piercing Lu Ming's eyebrows, very sharp and amazingly fast.

When Lu Ming's eyes were cold, the war of words was triggered six times as much combat power, and when the palm of his hand was caught in the sky, a dark magic sword appeared, and the same sword stabbed.

With the sound of Keng, the two's attacks collided together, bursting out with dazzling brilliance and violent energy, sweeping all directions.

Then, the long sword in that Celestial Clan's hand shook violently, and the body retreated backwards, backing dozens of steps in a row, his face pale, and a ray of blood spilled from the corners of his mouth.

"Your strength... how is it possible?"

The young man of the Celestial Clan roared with incredible expression.

In one move, he was repulsed by Lu Ming and suffered some injuries.

"Good strength, weird strength..."

To be honest, Lu Ming was also surprised.

This young man of the Celestial Cultivation is cultivated in God Emperor Jiuzhong, but cultivation did not surprise Lu Ming.

Lu Ming was surprised by the fighting strength of the other side striding over.

Chapter 4136: Powerful Celestial

What surprised Lu Ming most was the opponent's ability to fight across the ranks.

Lu Ming judged that in Divine Emperor Realm, he was able to fight across four and a half levels.

In the Divine Emperor Realm, those who can fight across four and a half levels are not many in the entire wilderness universe, each of which is a top-level demon, and is destined to be able to enter the universe's arrogant list in the future.

Among the people Lu is now in contact with, they are fighting God Yuanwen, as well as Ling Yuwei and the ball.

It can be seen how scarce there is such a combat power.

Lu Ming, the youth of the Tianren tribe, has the impression that he is a very ordinary member among the dozens of youth of the Tianren tribe.

Unexpectedly, the other party actually has such a combat capability.

Do the dozen or so youths who entered the ancient world this time have the fighting power to cross four and a half levels?

That would be terrifying.

"This kid..."

Yell and others looked at Landing with some surprise.

They clearly remember that when they first entered the ancient world, Lu Mingcai's Seventh Emperor's cultivation practice now reached the Eighth Emperor.

"Mu Yun, do you dare to fight back, be invincible, be bold, and shoot together to kill him!"

Yer shouted, and a strong breath erupted from him, screaming at the landing.

The other two also shot at the same time.

The geniuses of the four Celestial Races shot together, and the power was shocking.

Each combat power has definitely reached the level of Divine Emperor Realm.

Lu Ming's eyes were cold, every cell in his body was trembling, and a gorgeous glow was filled, and the Great Divine Wind Technique, the Great Fragmentation Technique, etc., burst out together.

Boom...

Lu Ming doubled his fists in succession, blasting a dozen punches in a row, confronting the geniuses of the four Celestial Clan.

The roar continued, and the violent energy swept through all directions like a tornado, and then a few figures retreated backward.

Four people in Yer.

"you..."

The four Yers were shocked to see the landing sound, and their hearts were ups and downs, and it was difficult to calm down.

Unknown, Lu Ming was even more shocked.

"It really is....the worst one can fight across four and a half levels, then Yayle can actually fight across five levels..."

Of the four youths of the Celestial Clan, three of them can fight across four and a half levels. Nayer can actually fight across five levels.

Horror, absolute horror!

Is this the talent of the Celestial Clan? No wonder the Celestial Clan can rule the endless years of the Honghuang Universe.

Now it seems that the strength of Tiangong is still unfathomable on Lu Ming's imagination.

In Divine Emperor Realm, being able to fight across four levels is one of the candidates in the universe's arrogance list, and has the potential to impact the Divine Lord Realm.

Those who can fight across four and a half levels will have a much greater chance of breaking through the main realm of God.

And this time the Tianjiao Tianjiao, who entered the ancient world, is definitely not the whole of the Tianren clan, it is probably only a part.

It's just a part, it's so scary, so we can see how terrible the Tiangong is.

After the accumulation of endless years, how much of the main realm of God exists?

The strength of Tiangong, which is exposed to others, is probably just the tip of the iceberg.

Lu Ming's heart was even heavier.

Moreover, the power exerted by the opponent is extremely strange, not any kind of divine power, but the power is terrifying and extremely powerful.

"Kill him with a big killer!"

Yell yelled, his eyebrows flew out of a war sword, a golden war sword, and the sword gleamed into the sky.

The other three youths of the Celestial Clan also used big killers.

They all concealed powerful killing weapons one by one. They were used at this moment, and their combat power was even more terrifying. They wanted to kill Lu Ming with one stroke.

"This weapon..."

Lu Ming's eyes narrowed slightly, and he found that the four killers used by the Celestial Clan were completely different from the magic soldiers used by all races in the Honghuang Universe.

The refining principle is completely different!

This is no wonder, after all, the power they control is also different from the various divine powers controlled, and the weapons used are also different.

The appearance looks the same, but the principles contained therein are different.

It feels like it is not the cultivation system of the vast universe.

However, Lu Ming was not afraid.

Buzz!

His palm vibrated, and the ice xuan stick stretched out, and the stick was like a mountain, slamming toward the masters of the four Celestial Clan.

Boom!

Four huge stick figures collided with the masters of the four Celestial Clan, and four earth-shaking roars broke out.

Then, the four figures retreated backward, smashing several mountain peaks, and blood spewed in their mouths.

This time, the masters of the four Celestial Clan were hit hard.

This is Lu Ming's mercy, otherwise, the four of them have been killed by Lu Ming.

"But so, bypass you this time, get out!"

Lu Ming said coldly.

He still has some concerns.

After all, the opponent is the arrogance of the Celestial Clan, and the Celestial Clan is the ruler of the Celestial Palace. After all, he is in the Celestial Palace. If he kills the four Celestial Celestial Celestial Celestial Celestials, the Celestial Clan will definitely know.

After all, Ye Yu sent these four Tianren Clan Tianjiao to him.

If he really killed these four people, and then left the ancient world and returned to the Tiangong, I am afraid that the other party would not let him go, when he had not seen Qiuyue, he could only run away in advance.

Therefore, he did not kill each other.

"Muyun, you are bold..."

"Dare you hurt us, you are looking for death, do you know?"

"Damn **** thing!"

The four Celestial Youth roared, their eyes squinted round, and one looked forward to Lu Ming.

They are the Celestial Clan, the ruler of the vast universe, who stands above them, who dares to rebel against them?

They go out and even the big men of the top ten races are polite to them.

In addition to being a Celestial Clan, how dare people of other races take action against them?

But now, Lu Ming dares to hurt them, but dare to tell them to roll?

Does it make sense!

"Don't get away, then send you on the road, don't think I dare!"

Lu Ming said coldly, his eyes were filled with cold murder.

He is a bit scrupulous and can make concessions, but if the other party has to get in the way, he can only solve the other party when he can't make it.

Scruples, there are limits!

"You..." The faces of the four Yells changed greatly, and the murderous emanation from Lu Ming's body made them chill.

After the confrontation just now, they could feel that Lu Ming's true combat power could really leave them behind.

If Lu Ming went crazy, they would be in danger.

How can they easily take risks?

In a moment, they made a decision in their hearts.

"Muyun, you wait for me, Master Ye Yu won't let you go, let's go!"

Yer left a word viciously, and then took three Celestial Clan, turned around and left.

"This is the Celestial Clan? It's just that!"

Lu Ming murmured.

Chapter 4137: The Great Witch Shrine

In the past, in Lu Ming's mind, the Celestials were mysterious and unpredictable, standing high above them, overlooking the beings.

Now it seems that this is no different than ordinary people.

Perhaps it is used to being high, and the mentality is not as good as the arrogance of ordinary races.

Whenever you encounter setbacks, when you encounter others disobeying them, you will be hysterical and lose your mind.

This kind of person, besides being more talented, has nothing terrible.

In the mind of Lu Ming, the Celestials have made a big change.

After Yell and others left, Lu Ming also planned to leave, and when he was thinking about it, Lu Ming exhibited the big move technique, and his figure disappeared from the place, but the next moment, he emerged from dozens of miles away.

He used the big move technique, which can move at least tens of thousands of miles, how could it only appear tens of miles away?

Lu Ming's face changed.

"Space is blocked!"

In Lu Ming's heart, a thought flashed through.

At this moment, there was a terrible sword light above Lu Ming's head, and he spurred towards the landing, the speed was astonishingly fast.

Fortunately, Lu Ming's reaction was fast enough. When he felt that the space was blocked, he subconsciously inspired the first-class soldier's armor, and a layer of light covered him.

Keng!

The sword light, stabbed on the mask ignited by the armor of the first class soldier, made a harsh sound.

The light mask kept shaking, and a terrible sword burst forth, cutting the void into fierce cracks.

Lu Ming felt that the sword tip of the sword light was madly stab in it. Slowly, there was a gap in the mask, and a tip of the sword penetrated into the mask.

But it was also the limit. After all, Jianguang didn't pierce the defense of the mask. Instead, it was a powerful force that smashed Lu Minghong towards the ground and smashed the ground out of a big pit.

Lu Ming spit out a few sips of blood, worked hard, left from the spot, staring cautiously at the sky.

A figure appeared in the sky, a thin, middle-aged man, holding a slender long sword in his hand.

It was this long sword that stabbed him just now.

"What a terrible swordsmanship, good sharp swordsmanship, the Divine Emperor's triple cultivation, but the attack power is stronger than the great destruction..."

Lu Ming looked very dignified.

In front of him, this thin, middle-aged man was astonishingly powerful.

Previously, the Great Destroyer had a full blow, and it did not break through the defense of the first-class sky armor, and was blocked.

But just now, the opponent's sword almost penetrated the defense of the first-class soldier's armor, and a piece of the sword tip successfully pierced the defense of the first-tier soldier's armor.

If the strength is stronger, Lu Ming is in danger.

This person's attack power almost reached the triple limit of Divine Emperor.

Then Lu Ming glanced in another direction.

Because in another direction, Lu Ming saw another middle-aged man.

It is also a black robe. Unlike the previous man, this person's body, including the face, is completely enveloped in the black robe. He can't see clearly, but it still gives Lu Ming a terrible feeling.

Divine Emperor Triple!

Lu Ming instinctively felt that this second person also absolutely possessed the triple cultivation of Divine Emperor.

The second person, standing in the distance, seemed to block Lu Ming's retreat.

"Ancient Witch Temple?"

Lu Ming said coldly.

"Not bad!"

The thin, middle-aged, middle-aged man holding a long sword coldly said, stepping in the sky, every step out, his breath will be stronger, and his sword will be stronger.

He is gathering!

The reason why he didn't launch an attack immediately is to gather momentum and wait for the momentum to gather to the peak, he can launch a strong blow.

Uh!

Lu Ming once again performed the big move technique and moved away in another direction.

Facing such a master, he had to escape.

Just now the first-class Sky Warrior has blocked the opponent's one move, and the energy is almost exhausted. It can no longer resist the second move.

Next, it's up to him.

However, Lu Ming's figure still appeared dozens of miles away.

The space over there was also blocked.

"You can't escape, we arrived before. The reason why we didn't do it immediately is to block the space. We know that you have control of the big move, but the big move also has weaknesses. As long as the space is blocked, you can't go away. !"

The thin middle-aged said coldly, and when he spoke, his momentum became stronger.

Lu Ming's face was dignified, he held Gale Bead in his left hand and Bingxuan Cudgel in his right hand.

Up to now, it is only desperate.

Rumble!

Suddenly there was a violent roar in the sky, and the world was shaking wildly.

It wasn't the thin middle-aged shot. It wasn't another person who was completely covered in black robes. Of course, it wasn't Lu Ming.

The vibration came from another direction, and there was a fierce vibration in that direction, and a crack appeared in the void.

Through the rift, you can vaguely see several figures outside.

It was those figures that were bombarding the void, and the void that was blocked around was about to be blown away.

"The Great Witch Temple..."

The face of the thin, middle-aged man changed, and he could not continue to gather together. The swords of others became one, turned into a sharp sword light, and assassinated the landing.

It seemed that he was very concerned about the figures outside, and wanted to kill Lu Ming before the figures came in.

Jianguang was too fast and sharp, and the power was terrifying.

Lu Ming did not hesitate, two kinds of big killer, urged with all his strength.

Inside the gale beads, a terrifying gale rushed out, turned into a wind blade, and flew towards the thin and middle-aged.

At the same time, Bingxuan Cudgel suddenly became larger, and with the pressure of Taishan crushing, he smashed towards the other party.

boom!

puff!

The sharp sword light first collided with the Gale Wind Blade. At first, a roar erupted, followed by a clear sound. Jian Guang successfully pierced the Gale Wind Blade, continued to pierce Lu Ming, and then pierced. Above the ice black stick.

At this moment, where the tip of the sword collided with the ice xuan stick, hundreds of thousands of swords burst forth.

Buzz!

The violent vibration of Bingxuan stick, buzzing non-stop, powerful force, backed Lu Ming back suddenly.

In the course of the retreat, there was still a small sword qi, which fell on Lu Ming, and Lu Ming had a dense sword wound, blood flowing.

In the previous move, although Lu Ming blocked Jianguang's main attack, there were still some scattered attacks that fell on his body, leaving him covered with wounds.

Lu Ming flew out dozens of miles away and hit a piece of void, which was like an invisible wall, and was shocked by Lu Ming's collision.

That is the blocked void.

On the other side, Jian Guang squeezed, and the thin, middle-aged man showed his figure, with a hint of surprise in his eyes.

It seems that he didn't expect him to gather momentum and actually did not kill Lu Ming.

At this moment, the sky exploded with a bang, like broken glass, and then several figures rushed in.

Chapter 4138: Cooperation, Great Ancient Dojo

The void that had been attacked before shattered like glass, and several figures rushed in.

Uh!

As soon as a few figures rushed in, there was a blade of light, which struck the thin, middle-aged man with incredible power.

The thin middle-aged man can only raise his sword to resist.

With a loud bang, the thin, middle-aged man shivered and retreated continuously.

"This is the site of my Great Witch Temple. Your ancient Witch Temple dared to come here, really looking for death..."

A big-faced man with a beard, holding a dark sword, grinned and rushed towards the thin, middle-aged man, revealing a strong fighting will.

"go!"

The thin, middle-aged man glanced at Lu Ming, revealing a cold light, and then a jade sign appeared in his hand. With a click, he shattered the jade sign. Immediately, an invisible force enveloped him, his figure, It disappeared directly from the place.

At the same time, another figure, always wrapped in a black robe, disappeared from the same place.

The masters of the two ancient witch shrines are gone without a trace.

"Let's go fast..."

The bearded man sneered twice, then looked at Lu Ming.

There were two others who came with Luohu Huhan, an old man and a middle-aged woman, but the breath was unpredictable. Lu Ming judged that they should all be the top figures of Divine Emperor Triple.

Lu Ming showed the color of alert, the two big killers in his hand, ready to shoot at any time.

From the words of the people just now, we can see that the people in front of us are the strong men of the Great Witch Temple.

The Great Witch Temple, like the Ancient Witch Temple, is also controlled by the Great Ancient Mystery Technique.

As soon as Lu Ming sees the ancient secret art of the ancient witch temple, he shouts and kills. There is no guarantee that the masters of the ancient witch temple will do the same.

Although, the other party saved him just now, but he should not be taken lightly.

"You are Muyun?"

The bearded man looked at Lu Ming and asked.

"How do you know my name?"

Lu Ming said.

"During this time, the Ancient Witch Temple was trying to kill you, but it was a big move, how can we not know?"

The bearded man smiled.

Lu Ming knew.

The Great Witch Temple and the Ancient Witch Temple are two rivals. They are fighting each other for endless years. How can they not have their own people in each other's territory?

It is not surprising that the Great Witch Temple knew what happened in the Ancient Witch Temple.

"Why do you save me?"

Lu Ming asked again.

"Simple, we want to cooperate with you!"

Bearded Daohan Road.

"Find me to cooperate? Your ancient secrets, don't you call me when you see me? Will you find me to cooperate?"

Lu Ming expressed doubt.

"Yes, it used to be like this. Are you from Tiangong? Tiangong has a great enmity with the ancient world. We wouldn't let you go, but now the situation has changed..."

Bearded Daohan Road.

"A change? What change?"

Lu Ming asked, still did not believe the other party.

"We need your help, so we can turn the enemy into a friend."

Bearded Daohan Road.

"You need my help, why should I believe you?"

Lu Ming said.

Of course, Lu Ming will not easily believe the other party. If the other party only said this deliberately, the purpose is to let him relax his vigilance and then wait for the opportunity to kill him, wouldn't he be wronged?

"Because, the Ancient Wu Temple has already cooperated with people outside you. Think about it. At the beginning, your companions came to you, but why didn't the ancient Wu Temple people attack them, but only attack you?"

Bearded Daohan Road.

Lu Ming was shocked.

He said the companion, naturally refers to the former Yell and others.

Indeed, why don't the people of the Ancient Witch Temple kill Yell and others, but let the other person leave?

Could it be that the Terran Race really cooperated with the Ancient Witch Temple.

Then, Lu Ming thought that Ye Yu sent him three messages in a row, let him stay in a certain place, and gave him a specific address, he was still strange before, Ye Yu did not wait to see him, how could he suddenly pass him News, let him wait somewhere?

Now think about it, if the Celestials really cooperate with the Ancient Wu Temple, they can figure it out.

This may be what the Ancient Witch Temple asked Ye Yu to do.

"How do you cooperate with me? What should I do?"

Lu Ming asked.

"In Dagu World, there is a place called Dagu Daochang!"

Bearded Daohan Road.

"The Great Ancient Dojo?"

Lu Ming showed his doubts.

"You came in from the outside, you should have an understanding of the history of the ancient world. In the long past, the ancient world is the core world controlled by the ancient ancient court, and all the ancient ancient secrets are the ancient ancient court. Created by the strong."

"The Great Ancient Dojo is the place where the powerful of the Great Ancient God Court preached. The younger disciples of the Great Ancient Divine Court listened to it in the Great Ancient Dojo. At the same time, the Great Ancient Dojo was also the place where the powerful of the Great Ancient God Court realized the Tao."

"Inside, there are enlightenment enlightenment, imprint of enlightenment, etc. left by countless great ancient **** court strongmen!"

"We need you to enter the ancient ancient dojo, bring out the enlightenment of enlightenment, enlightenment of enlightenment and so on, and give it to us. If we have the enlightenment of enlightenment and enlightenment of enlightenment, we will be able to make rapid progress..."

The bearded man briefly introduced it.

Lu Ming probably understood.

In the ancient ancient dojo, there are powerful people from the ancient ancient courts who understand the impressions and imprints left by various ancient ancient secrets.

If these great ancient mysteries can get the corresponding feelings and imprints left by the powerful ones, cultivation behavior will advance by leaps and bounds.

An analogy, such as the Great Destruction, has gained the impression and imprint left by the powerful characters in the Great Ancient Dojo to understand the Great Destruction. That is the supreme treasure for the transformed Destruction, which can help its repair is by leaps and bounds.

Dagu Shenting, at that time it was known as a huge force capable of competing with Tiangong. The top masters in it were absolutely unimaginable. Their insights and imprints left by the enlightenment of Dagū's mysteries were definitely not trivial.

"My cultivation base is the realm of talented gods and goddesses. Your Great Witch Temple is stronger than me. It should be everywhere. Why don't you go in and want to cooperate with me?"

Lu Ming asked the question in his heart.

"Because we are both ancient ancient secrets and ordinary secrets, and ancient ancient secrets and ordinary secrets are created by the powerful of ancient ancient court, in their view, we are just a tool, the tool is in What is the status of the master?"

Bearded smiled.

Lu Ming moved.

The other party said it well. The Great Ancient Secrets and Common Secrets were created by masters of Great Ancient Divine Court, and indeed it is like a tool.

It's like they build various weapons, but they are actually tools.

How high can the tool be in the eyes of the owner?

"So, can't you go to the Great Ancient Dojo?"

Lu Ming flashed, asking.

"Yes, you are smart!"

The bearded man nodded.

Chapter 4139: Meet again

The bearded man nodded and admitted Lu Ming's guess.

"The Great Ancient Dojo has a special prohibition placed by the powerful ancient ancient court. We, the ancient ancient secrets and ordinary secrets, cannot enter."

"Originally, there were many flesh and blood creatures in the ancient world. We were looking for them, but you came in!"

"Your combat strength is very strong, surpassing the other flesh and blood creatures in this world, so we will put the target on you. As far as we know, the ancient Wu Temple has cooperated with a group of people outside you, then My Great Wu Temple, of course, has to find someone to cooperate with, otherwise it will definitely compete with the Ancient Wu Temple!"

The bearded man explained.

"Since the Ancient Wu Temple is looking for someone to cooperate, why do you want to kill me when you see me?"

Lu Ming said.

"This? It should be that you met the ancient Wu Temple too early. At that time, the other party did not plan to cooperate with you. Later, you killed many masters in the ancient Wu Temple. If you want to cooperate again, it is impossible!"

Bearded.

Lu Ming was quite speechless.

He knew in his heart that it was probably true.

"How about, it is impossible for you to cooperate with the Ancient Wu Temple, please cooperate with our Great Wu Temple, let's mention it. As long as you bring us enough impressions and imprints of the powerful ancient court, we must also Will try to meet your requirements."

Bearded.

"If I want the ancient secrets, can you give them?"

Lu Mingdao, at the same time, was ready to shoot, fearing that if the other party listened to his request, he would get angry and shoot him.

However, he thought too much!

"Haha, as long as the Great Ancient Secrets, this simple, we can give you the same number of Great Ancient Secrets according to your sentiment and imprint..."

Bearded Daohan Road.

"Can you give the ancient secrets without causing harm to yourself?"

Lu Ming was surprised.

"Of course not, we can separate a spiritual seal every once in the process of cultivation. The spiritual seal contains all the cultivation methods of a certain ancient mystery, which we pass to the ancient The rest of the world's creatures have adopted this method..."

"Of course, we are not prepared ourselves, and forcibly stripping the spiritual imprint will still cause some damage."

Bearded Daohan Road.

It turns out so!

Lu Ming thought that when he was in Xiwu City, the youths of Xiwu City accepted the mysterious inheritance. Those inherited secrets are a group of spiritual imprints, which should be stripped out of the ordinary practice of these transformed secrets.

"Okay, I promised you!"

Lu Ming thought for a moment, nodded and agreed to cooperate with the other party.

Although the spiritual imprint is obtained, it can not be directly melted into the cell like the mystic rune. You need to enlighten yourself and understand.

And still can't get the energy in the mystic rune to improve cultivation.

But this is also impossible. There are too many strong players in the Ancient Wu Temple and the Great Wu Temple. If he works against the other party, don't say that he will get the mystic rune again. I am afraid that he will be pursued all the way to the end. Two said.

It is already very good to be able to obtain the ancient secrets contained in the spiritual imprint.

After all, the original intention they came in was to obtain the ancient ancient secret technique, which they could keep or copy out and exchange for merit points in Tiangong.

Many benefits!

"Okay, haha, in order to be able to trust each other, we can swear on the origin of life..."

The bearded big man is overjoyed and immediately swears on the origin of life, and sincerely cooperates with Lu Ming.

Subsequently, Lu Ming also made a vow.

So that both parties can rest assured.

After taking the oath, Lu Ming immediately set off with the other party, facing the Great Wu Temple.

As long as you go to the Great Wu Temple, you are not afraid of revenge from the Ancient Wu Temple.

After a period of time, Lu Ming and others with a beard came to the Great Wu Temple.

"Muyun, I will introduce some people to meet you!"

Bearded Daohan Road.

"some people?"

Lu Ming was puzzled.

Who should introduce him to the bearded man?

People who entered Dagu Dojo with him?

Soon after, Lu Ming saw a group of people in a palace.

"It's you?"

Lu Ming was quite surprised.

This group of people, just like him, are all first-class soldiers in Tiangong.

This time the people who came in Tiangong are mainly divided into three parts.

One part is the arrogance of the youth of the Celestial Clan.

One part is the core children of Tiangong.

There is also a part of Heavenly Soldiers like Lu Ming. They are the top demon among the Heavenly Soldiers, and all are first-class Heavenly Soldiers.

"Muyun!"

The first-class soldiers were also surprised when they saw Lu Ming.

"I heard that Ye Yu and others have already collaborated with the Ancient Witch Temple, how could you appear in the Great Witch Temple?"

Lu Ming asked curiously.

Didn't these people always act with the Celestial Clan?

At the beginning, only he left the team and acted alone.

But now, Ye Yu and others collaborated with the Ancient Wuwu Temple, but these Heavenly Soldiers appeared in the Great Wuwu Temple, which made Lu Ming curious.

"Hey, with Ye Yu and them, there is a dangerous job for me to take advantage of, it is good for them to get it, how to cooperate in this way?"

"Good, so we simply left. Although their status is high, they can't use us as slaves!"

"Muyun, you still have a vision. I knew I had left earlier!"

After more than thirty days of soldiers and complaints, Lu Ming quickly figured out the reason.

Lu Ming smiled in his heart.

These first-class soldiers, in their respective races or in the wilderness universe, are top demon, almost all of them are candidates for the universe's arrogance list, and they are also arrogant, but in front of Ye Yu and others, But they were used as tools, and they did not get the slightest benefit. They were naturally unhappy, and they parted ways, which is also something that was expected.

Lu Ming and them greeted each other, then left, and then followed the beard of the big beard, went to meet some high-level of the Great Wu Temple, such as the Lord of the Great Wu Temple.

The two sides exchanged a few words about the conditions of cooperation between the two sides, and then exchanged some details. After reaching an agreement, Lu Ming stayed in the Great Wu Temple.

Anyway, there are still half a year to enter the Dagu Daochang. Lu Ming is idle and idle, simply practicing with peace of mind.

Now Lu Ming has too many secret techniques to practice.

Twenty kinds of great ancient secrets have been newly acquired. Although the mysterious runes are integrated into the cells, the fire is only the introductory stage, and you need to constantly learn and practice to increase the power.

In addition, Lu Ming still has 15,000 common secret techniques to practice.

Lu Ming thought about it for a while. Those ancient secrets will not be practiced for the time being. It is not too late to return to the Heavenly Palace and enter the cultivation tower for cultivation.

First enlighten some ordinary secrets, and turn them into secret runes to melt into the cells. Then, it can also slightly enhance some of his strength.

Chapter 4140: Seven Dojos

Lu Ming took out a common secret technique and began to enlighten it. It didn't take long for this common secret technique to succeed in enlightenment, turned into a mysterious rune, and merged into a cell.

Of course, this is just cultivation to entry, not cultivation to Dacheng.

In fact, Lu Ming did not plan to practice to Dacheng, first practice to entry, and turn it into a mysterious rune into the cell, wait for the future to build the tower, and then improve it.

The first kind of cultivation is successful, come up with the second kind...

In this way, Lu Ming devoted himself to the secret technique, the time passed quickly, half a year, and soon passed.

At this time, Lu Ming they started.

Lu Ming, there are more than thirty first-class soldiers.

In addition to them, there is a large group of creatures.

These creatures are those flesh and blood creatures of the ancient world, and there are hundreds of people.

These are all the existence of the Divine Emperor Realm, and they are very old. They are masters under the control of the Great Witch Temple.

Lu Ming's eyes swept, and he sensed it carefully.

He found that most of these creatures were divine emperor's single existence, divine emperor's double, very few, and as far as the divine emperor's triple, none.

Also, under the rule of the Great Witch Temple, would the Great Witch Temple allow these creatures to be born so powerful?

If such a powerful existence is born, it will most likely affect the rule of the Great Witch Temple, and proper control is necessary.

Of course, this is just Lu Ming's conjecture, perhaps for other reasons.

Lu Ming and others looked at them, and these creatures also looked at Lu Ming and more than thirty first-class soldiers.

Then, they were shocked and incredible.

"This breath... this does not seem to be the breath of the ancient world..."

"Yes, this should be the breath of the outside world. They are not from the ancient world, but from the outside..."

There was a cry of exclamation, and everyone was shocked to watch the landing sing them, staring at them.

However, they are just curious.

As Shengqiao said, these ordinary flesh-and-blood creatures have long forgotten the enmity between Tiangong and the ancient ancient court, and they naturally have no killing heart against Lu Ming.

"Okay, you guessed right. They did come from the outside world. This time, we cooperated with our Great Witch Temple and entered the ancient ancient dojo to compete for the enlightenment and imprint left by the powerful ancient ancient court. You must also cooperate with each other. !"

A majestic voice rang out, and then a group of people approached.

This pedestrian is naturally the strong man of the Great Witch Temple, and the bearded man who brought Lu Ming to him was also among them.

But he stood relatively backward, and the middlemost one was an old man with white beard fluttering, which looked extraordinary and immoral.

"See Lord Lord!"

Hundreds of gods and emperors in the ancient world bowed to salute at the same time.

Lu Ming also recognized that this person is the master of the Great Witch Temple.

"You guys, come with me now and go to the entrance of Dagu Dojo!"

The main temple of the Great Sorcerer's Temple said with a group of people drifting away.

Lu Ming and others followed.

Everyone went to the depths of the Great Wu Temple, and finally came to a huge platform deep in the Great Wu Temple.

On this platform, there is a huge stone gate.

The stone door is closed and looks very old.

"This is the entrance to the Great Ancient Dojo. I have one Great Wu Temple and one Ancient Wu Temple, all of which can lead to the Great Ancient Dojo."

"It's not yet time to open it. Before it's time to open, let me tell you about the general situation in Dagu Daochang!"

"In Dagu Dojo, there are a total of seven dojos. They are all places where the powerful of the ancient shrines preach. Each dojo has the enlightenment and imprint left by the powerful existence of the ancient shrines. It is very precious!"

"But there is one dojo, which is the main dojo. That is where the ancient ancient court can preach, and the impressions and imprints left behind are also the most precious, and at the same time, the ancient witch temple is the most wanted to snatch!"

"As for the specific situation, I am not very clear, I want you to go in and investigate!"

The main lord of the Great Witch Temple briefly introduced the situation in the ancient ancient dojo, and then everyone waited quietly.

Three days later...

Buzz!

Suddenly, the stone door gave a slight shock, and a ray of light filled the simple stone door.

Then, the Shimen shook more and more fiercely, and the brilliance above became more and more shining.

The eyes of the man of the Great Witch Temple brightened.

Dagu Daochang has been closed and never opened since the quaint wars of ancient times.

After all the ancient ancient secrets were born with wisdom and wisdom, after they were transformed, they tried to get in but could not enter.

Now, is it finally open?

After about two hours...

Click!

The stone door made a clicking sound, covered with a layer of divine light, then, the stone door slowly opened from the middle, exposing a gorgeous inside.

Yes, it's gorgeous, and I can't see the world behind the stone gate.

After a while, the stone door opened completely.

"Everyone, there is still a ban on this stone gate. I can't get in here. You can go in and go!"

The main shrine of the Great Witch Temple.

"go!"

The creatures of the ancient world are the most active. Someone has already rushed out into the stone gate.

Without a trace of obstacles, it disappeared directly into the stone gate.

Then everyone started to act and rushed to the stone gate.

Lu Ming and others also rushed into the stone gate and disappeared.

At the next moment, Lu Ming found himself on a flat ground.

"What a high mountain!"

Lu Ming looked forward and saw a towering peak in front of him.

This mountain peak rises into the clouds. From a distance, you can still see many buildings and palaces on the mountain.

"Is this one of the dojos?"

Lu Ming moved.

There are seven dojos in Dagu dojo, which should be one of them.

Uh, uh...

Those creatures of the ancient world rushed toward the mountain peaks and toward the palaces.

This mountain is not only a dojo, but also the place where the ancient ancient courts can live. Any place may leave an impression or a mark.

Especially those palaces.

"You guys, let's act separately!"

Lu Ming said a word to the other first-class soldiers, and then rushed towards the mountain, towards one of the palaces.

"This guy is really proud."

There is an unhappy saying.

"He doesn't cooperate with us, we are too lazy to cooperate with him, go!"

Another Heavenly Path.

Thirty or so sky soldiers were divided into five or six small teams and flew all over the mountain.

Lu Ming was fast, and after a few breaths, he landed in front of a palace.
