

D Emperor 4151

Chapter 4151: Hard to move

Ye Yu asked others to come over and help him block those futon-like creatures. He could free his hands and deal with Lu Ming with all his strength.

Now, the creatures transformed by the large group of futons pounced on them. He could hardly free his hands and attack Lu Ming with all his strength. If he couldn't do his best, he couldn't break Lu Ming's first-class sky armor.

He needs to go all out in order to break through the defense of the first-class sky armor.

"go!"

"Shoot!"

The core disciples of the Celestial Clan and Celestial Masters rushed towards the landing Ming.

In the process of rushing out, their bodies all emit gorgeous glow.

They are wearing very high-level armor, similar to the first-class sky armor, and their defensive strength is amazing. This is their confidence. Otherwise, they will not dare to rush into the face of so many futonized creatures. .

At the same time, a piece of weapons appeared in their hands, and these weapons exuded powerful fluctuations, all of which were great weapons.

Uh, uh...

Before the person arrived, he flew out after a series of attacks, and flew to the creatures transformed by the futons around Ye Yu, blocking those creatures, and in this way, Ye Yu released his hand.

"Muyun!"

There was cold light in Ye Yu's eyes, looking at Lu Ming.

At this moment, Lu Ming performed the Great Kamikaze technique, and his figure kept flashing, avoiding the attack of a futon creature and continuing to run forward.

"kill!"

Ye Yu shouted, her blond hair fluttered, and a silver spear swept out, blasting out several Putuan spirits, and he stepped on it like a flash of lightning, chasing towards the landing Ming.

And the core disciples of the Celestial Clan and Tiangong figures have rushed, so many people have shot together, attacking the futon creatures constantly, and blocking all the futon creatures rushing to Ye Yu. In this way, the speed of Ye Yu will be After a huge increase, Lu Ming caught up with him a few times.

call out!

The silver spear pierced the void, like a silver lightning bolt, piercing Lu Ming.

Because Lu Ming had to deal with those futon creatures, and the speed of the silver spear was too fast, it was difficult to avoid for a while, and he was stabbed directly.

Keng!

The sound of the intersection of gold and iron sounded, and the mask formed by the first armor of the soldiers was constantly oscillating. Lu Ming was pushed forward by a strong force, and in front, there were several futon creatures, rushing towards Lu Ming.

Lu Ming quickly pulled out the power inside the gale of wind, blocking the few futon creatures.

At this moment, Lu Ming felt that his first-class sky armor was almost exhausted.

"A strong attack is completely comparable to Divine Emperor's triple..."

Lu Ming secretly shocked.

This Ye Yu, really powerful, after using the big weapon, the attack power is completely comparable to a real Divine Emperor triple.

It is stronger than Lu Ming's full urge to urge Bingxuan stick.

"Boy, die for me!"

A savage murderous chance flashed in Ye Yu's eyes, and a silver spear pierced Lu Ming again.

The first spear broke the defense of Lu Ming's first-class warrior armor, and the second move killed Lu Ming.

This is his plan.

Although Lu Ming's talent is strong, if he can conquer, it will have a great effect on him.

But he can see that with Lu Ming's heart, he can't subdue at all. Since he can't subdue, he can't use it for him, and he has offended him, then this kind of person can't stay and must be removed.

call out!

The silver spear pierced the landing head again.

Danger!

At this moment, Lu Ming felt a deep threat.

The other party's attack reached the Divine Emperor's triple, which is extremely terrible. If he is hit, he is very dangerous even if he is extremely powerful.

Divine Emperor's triple attack was enough to wipe out all his cells.

At this time, Lu Ming had only two options.

One is to resist Ye Yu's attack with Ice Profound Stick.

However, even if Lu Ming urged the Ice Profound Stick, the combat power was still inferior to that of Ye Yu. Even if he could block it, he would be injured and blasted.

If it is okay in other places, the key here is that there are all kinds of futon creatures. These futon creatures are very scary one by one. If he is flying and surrounded by futon creatures, he will be more passive and dangerous.

Another method is to use the move technique to leave.

But Lu Ming was not sure.

This place is full of strong pressure, can't even fly, can it be moved?

But at this time, how do you know if you don't try?

Lu Ming decided that the two plans should be carried out together.

While urging the ice mythical stick, he performed the big move technique.

While performing the big move technique, he certainly felt that the surroundings were filled with strong pressure, as if he were in a quagmire, and there were powerful forces pulling him around.

But what makes Lu Ming happy is that this kind of power does not completely fix Lu Ming. Lu Ming feels that there is still a little space.

"Leave me!"

Lu Ming roared in his heart, simply gave up urging the ice Xuan stick, and used all the power to urge the big move.

In the end, Lu Ming seemed to be breaking away from the pulling force around him, and his figure disappeared directly from the place.

When Lu Ming's body disappeared from the original place, Ye Yu's spear happened to stab at the place where Lu Ming had just stood.

As soon as Lu Ming disappeared, Ye Yu's spear pierced an empty, terrifying spirit, and pierced the creature transformed by a futon in front of him into a hole.

The creature shuddered a few times, then dissipated directly, and turned into a futon again, and fell to the ground.

It seems that such futon creatures are not completely incapable of being defeated, but are too difficult.

Ye Yu's move just now was almost at its peak, and it was only defeated by one move.

"hateful!"

Ye Yu roared inwardly, and looked forward.

A hundred meters away, Lu Ming's figure emerged.

That's right, Lu Ming used the big move technique, but only moved a hundred meters away.

Originally, in other places, Lu Ming used the big move technique, which can move at least thousands of miles away, but the pressure here is too strong. When Lu Ming performed the big move technique, although he broke free of the pulling force, but After all, he was greatly affected, and his power was greatly reduced, and he only moved a hundred meters away.

But Lu Ming was overjoyed.

This place is nowhere else. It is full of thousands of futonized creatures. It is not easy to go ten meters, let alone a hundred meters.

Here, it is enough to move out 100 meters.

"Damn, shock together, don't let that kid run away!"

Ye Yu roared, with the masters of the Celestial Clan and the core disciples of the Celestial Masters, desperately rushed towards the landing Ming.

So many of them joined forces and it was very fast.

However, they hadn't rushed out of the 100-meter, Lu Ming again performed a large-scale removal technique, disappeared from the original place, and appeared again within 100 meters when it appeared again.

"Hundred meters, okay, that stone wall is mine!"

Lu Ming's eyes were fierce, he continued to perform the large shifting technique, and he walked for another hundred meters, constantly approaching the stone wall.

Chapter 4152: White jade statue

Lu Ming kept getting closer to the stone wall. Those futon creatures could not hit Lu Ming at all. Lu Ming kept avoiding him. His speed was much faster than that of Ye Yu and others.

This makes Ye Yu and others very anxious.

"Muyun, that stone wall is mine. If you dare to move, I promise, I will make your end miserable, I promise..."

Ye Yu shouted.

Lu Ming scoffed, simply didn't bother to ignore it, and continued to walk towards the stone wall.

From the outermost edge to the stone wall, there is at least a distance of tens of thousands of meters. The distance is not short. Lu Ming moved ten times in a row and moved a distance of about a kilometer, and then took a long breath.

Too much power.

Although it is possible to perform the big move technique here, each time it takes a lot of power, it consumes more than the outside.

After moving for ten times in a row, Lu Ming felt that his power was being consumed quickly. In this way, he might not be able to reach the stone wall, and the power in his body would be exhausted.

"Dai Yuan Dan!"

With a move in Lu Ming's heart, a longan-sized Shendan appeared in his hand. The Shendan became blue and full of the fragrance of plants and trees.

This immortality contains incomparably pure and rich life essence. In the vast universe, the value of each one is very high. Sometimes, it can't be bought with money.

This was exchanged by Lu Ming from the Palace of Merit Exchange in Tiangong.

Because the elf wooden heart in his hand is almost used up, the last time Lu Ming exchanged some secrets and ancient secrets in the Hall of Merit Exchange, he also exchanged a batch of various magic pill.

The most of them are the same as Elf Muxin, which supplements the vitality of life.

Dayuan Pill is one of the top types of pill, which contains rich life essence and is extremely pure. It can quickly absorb and transform, and it has a better effect than Elven Muxin.

When the mouth opened, Dayuan Dan was sucked into Lu Ming's mouth, and pure life essence gas poured into Lu Ming's body, quickly transforming into the power of taboo, supplementing Lu Ming's power, Lu Ming continued to carry out the Da Nuo technique, toward that piece The stone wall is close.

Seeing Lu Ming keep getting close to the stone wall, Ye Yu's heart burst into anger, his eyes were terrible, and he stared at Naruto.

"Quick, give me the full charge, full charge..."

Ye Yu roared, struggling forward, and the core disciples of Tianjiao and Tiangong big figures of other Tianren races. The speed was also very fast, but it was still worse than Lu Minglai.

In this way, every time it moved, it was close to the stone wall 100 meters. When the strength was not enough, it was supplemented with the New Year's Day. After a while, Lu Ming finally approached the stone wall.

Within a kilometer of the stone wall, those futon creatures stopped and did not continue to attack Lu Ming.

In this way, Lu Ming was very relaxed, and finally did not need to continue to perform the big move technique, stepped out, and ran with all his strength, and the kilometer was almost instantaneous.

"Get me!"

As soon as he came under the stone wall, Lu Ming took out a high-level storage ring, facing the stone wall, running the taboo power. Suddenly, a force enveloped the stone wall. With a hum, the entire stone wall disappeared directly and was lost. Put it in the storage ring.

"Successful!"

Lu Ming was happy.

He was originally worried that this stone wall was not easy to close. He didn't expect to succeed so easily.

"Ok?"

At the next moment, Lu Ming froze slightly, looking forward.

It turned out that after the stone wall, there is no cave.

Lu Ming did not see the situation behind the stone wall because she was blocked by the stone wall.

At this moment, the first thing that comes into view is a road, a road paved by white jade.

On both sides of the road, there are nine statues.

A total of eighteen statues, beast-shaped or human-shaped, come to life.

At the end of the road, there is a chair with a person sitting on it.

No, to be precise, it is not a person, it is also a statue.

This statue is almost as tall as ordinary people. It looks like it was carved out of a beautiful piece of jade.

In the hands of this beautiful jade statue, a black stone was suspended.

Yes, it looks like a black stone randomly picked up in a mountainous area.

Ordinary, can't see the slightest abnormality.

But I don't know why, Lu Ming felt that this black stone was very extraordinary.

"Do you want to get it?"

Lu Ming had a thought in his mind.

"Boy, give me the stone wall!"

Behind, Ye Yu leads, and rushes madly, but there is still a distance.

"Try it!"

Lu Ming made a decision.

Because the location of the white jade statue in front is the most central of this dojo. The most central thing is generally the best.

Although Lu Ming didn't know what the black stone in the statue was, he got it first.

Lu Ming stepped forward and walked along the white jade road.

In the process of going out, Lu Ming was very cautious, and his spirit was highly concentrated, paying attention to the eighteen statues on both sides.

Who knows if the statues on both sides will suddenly move and attack him?

He has not experienced such a thing.

But soon, Lu Ming knew he was worried.

Passing through several statues in a row, there is no abnormality. Those statues are dead, not puppets, or anything else. It seems to be just a simple statue, motionless.

Lu Ming speeded up, and soon, Lu Ming was about to cross the last two statues and came to the white jade statue sitting on the chair.

At this moment, Lu Ming felt a force enveloping him.

Lu Ming was furious in his heart, and his face changed greatly.

Because this force gives people the feeling of being old and high above the earth, as if it is the whole universe.

Unmatched and extremely powerful.

This force suddenly pressed on Lu Ming.

"Block it!"

Lu Ming shouted, the power of taboo broke out, covering the whole body, resisting the force outside.

Strange to say, that strength felt terrible, but the strength was not very strong. It was supported by Lu Ming's taboo force and steadily supported.

Then, that force suddenly weakened. The next moment, that force disappeared directly, disappearing without a trace.

Lu Ming stepped out and stepped over the area where the eighteen statues were located, less than 500 meters away from the white jade statue.

At a distance of 500 meters, even under such circumstances, Lu Ming only needs a few steps.

Lu Ming stepped out and was already 100 meters away, approaching the white jade statue.

At this time, Ye Yu and others finally crossed the range of those futon creatures and came to that white jade road.

"Rush!"

Without hesitation, they rushed directly towards this white jade road.

They saw that Lu Ming had nothing at all. Naturally, they were relieved and rushed to the landing with the fastest speed, but when they stepped into the white jade road, the statues suddenly moved.

Chapter 4153: A black stone

Wow, wow!

There are two humanoid statues, armed with swords, and huge swords, and slashed directly towards Ye Yu and others.

"what happened?"

"Be careful!"

Ye Yu and others were frightened and quickly resisted.

Ye Yu was very strong. The silver spear in his hand stabbed out like a lightning and collided with one of the war knives.

boom!

With a loud roar, the statue's war knife was blocked, but the spear in Ye Yu's hand also shook violently, and he stepped back several steps before he stood firm.

Ye Yu is blocked, but others, but not so strong.

Several Tianren clan's Tianjiao teamed up and used a big killer to bombard the statue's war sword. Then, several Tianren clan snorted and flew out like a shell.

The big killer in their hands hit themselves and made a loud noise.

Fortunately, they all wore very high-level armor to block these attacks, otherwise they would be seriously injured if they didn't die.

It is not just two humanoid statues that attacked.

There were also several beast-shaped statues, which also launched an offensive. The claws, which were as big as a small mountain bag, were shot towards the core disciples of the Celestial Clan and the Celestial King.

These statues have amazing fighting power, and all of them have the triple attack power of Divine Emperor. In this, no one except Ye Yu can block it, even if they urge the big killer.

Bang Bang Bang...

The core disciples of Tianjiao Tianjiao and Tiangong big figures, like bodies in sandbags, were blown out and flew out of Baiyu Road.

Fortunately, they all wore armor that could withstand the triple attack of the Divine Emperor, which only blocked the statue's attack, but suffered a slight injury, which was not a big deal.

Only Ye Yu alone can block the attacks of these statues.

"Damn, do not want to stop me!"

Ye Yu shouted, and his body was shrouded in a strange power. His figure suddenly changed, flashing continuously in the air, avoiding some of the statues' attacks.

Of course, he didn't completely avoid it, and some attacks attacked him, blocked by his full strength.

He sprinted forward, and one statue was avoided by him. Finally, he rushed through sixteen statues and came to the last two statues.

Buzz!

At this moment, a force rushed to Ye Yu. This force was grand and ancient, which made Ye Yu's complexion change and quickly resisted.

boom!

At the next moment, this force bombarded Ye Yu. Ye Yu was shocked, and a spit of blood spewed out. His body retreated, and he was directly blasted out of the white jade road, and fell to the ground. His suit, the light was dim, obviously The energy has been exhausted.

"Damn, how is it possible?"

Ye Yu roared in his heart, his face was extremely ugly.

He couldn't figure out why Lu Ming could pass.

When Lu Ming passed just now, the statues were the same as the stones, and they didn't move. Why did they go to attack them when they passed.

What is the last force?

The last force, grand and ancient, was unfathomable. He couldn't resist it and was directly bombarded, but how did Lu Ming pass?

Lu Ming's strength is clearly inferior to him. How can he pass?

Ye Yu couldn't figure it out.

In fact, Lu Ming couldn't figure it out. He had seen Ye Yu rushing to the end and was preparing for a battle with the other party. He didn't expect the other party to be blasted directly.

There was a force in the last two statues, but when he resisted it, that force disappeared, and Ye Yu was stronger than him. How did he get blasted?

Can't figure it out, but it's a good thing.

Lu Ming smiled and turned to continue to the white jade statue sitting on the chair, leaving only the ugly face of Ye Yu and others.

"Recovered in place, the kid must come out later, and when he comes out, it is his death."

Ye Yu said coldly, the killing in his eyes was extremely rich.

He had already engraved Lu Ming on the list of must-have.

However, now he dared not continue on the white jade road. The energy of his suit had been exhausted and could not stop the attacks of the statues.

It can only be restored first, and the same is true of everyone else.

Fortunately, there is a buffer zone between futon creatures and Baiyu Road. In this area, it is safe and they can recover with peace of mind.

When Ye Yu and others were fully recovered, Lu Ming had come to the white jade statue sitting on the chair.

Lu Ming is very cautious and observes carefully. Without any hasty shots, who knows whether this white jade statue will break out, or what kind of terrorist attack it contains.

This statue, about the size of an ordinary person, is a middle-aged man with a crown on his head, which is lifelike and full of majesty.

Looking at the statue alone, you know that the statue itself is definitely a righteous world.

"This is the core of the main dojo, is this statue himself the master of the ancient ancient court?"

Lu Ming had a thought in his heart. This thought had just surfaced. Lu Ming was shocked himself, and his heart was beating violently.

If it is true, then it is amazing.

The ancient ancient court, but dare to challenge the existence of the Tiangong, the owner of the ancient ancient court is absolutely a terrible unimaginable powerful person, the real supreme overlord of the wilderness universe.

If such treasures are left behind, it is hard to imagine.

Lu Ming's gaze could not help looking at the black stone in the palm of the Baiyu statue.

The black stone looks very ordinary, and it is no different from a stone randomly picked by the roadside, but if this statue is really the master of the ancient ancient court, then this black stone is absolutely extraordinary.

"Is there any danger, how to get it? Bone Demon, do you feel any danger?"

Lu Ming sent a voice to the bone demon.

"This...I don't know very well..."

Bone Devil Branches support us.

"You don't know?"

Lu Ming was even more shocked.

Bone Demon has always been mysterious, and has always claimed to be the ancestor of 'Magic Dao'.

"I really don't know, this statue may be stronger than my heyday, I don't know it is normal!"

Bone Magic Road.

Lu Ming was even more shocked. This was the first time the bone demon said that others were stronger than his heyday. Is this statue really the master of the ancient shrine?

At this moment, the mutation suddenly emerged.

Lu Ming found that the white jade statue's eyes seemed to show two white lights, and these two white lights rotated like two vortices.

Then, Lu Ming felt his brain sink, and his eyes fell into darkness, but this darkness did not last long, and the light reappeared in front of his eyes.

Then, Lu Ming felt that his place had changed.

He stood in a void, and there was a halo around the void, flying constantly, and these halos were constantly changing.

Sometimes it becomes a tiger, sometimes it becomes a sword, sometimes it is flames and snow and so on.

Chapter 4154: Okogami stone

Lu Ming looked at the changing halo around him, his eyes widened in shock.

He feels that these auras are all made by the three thousand ancient secrets. He now controls a variety of ancient secrets, and he is very keen on the ancient secrets, and can easily capture the ancient secrets. Breath.

Lu Mingling swept the knowledge and found that these auras were exactly three thousand.

Lu Ming couldn't help but stretch out his hand, trying to catch a halo in his hand, but it was empty, the halo flowing through his fingers.

Lu Ming showed a disappointed look. These auras are not entities, they are all illusory.

"These are illusory marks, you can't catch them, you can't take them..."

At this moment, a sound rang, not far from Lu Ming.

Lu Ming was shocked and quickly looked around, and found a figure in front of him. He was attracted by the halo just now, and he didn't find this figure at all.

To Lu Ming's surprise, this figure looks exactly like the white jade statue before it.

"Are you... Lord of the Ancient God Court?"

Lu Ming couldn't help but blurt out.

However, this figure shook his head and said: "I am not the master of the ancient ancient court. To be precise, I am the spirituality of the white jade statue you saw before."

"However, the white jade statue you saw was indeed carved after the master of the ancient ancient court."

"It turns out so!"

Lu Ming finally understood.

To be precise, the white jade statue is indeed the master of the ancient ancient court, but the figure in front of him is not the master of the ancient ancient court, but the spirituality of the statue itself.

"Senior, where am I?"

Lu Ming asked again.

"It's inside the body of the white jade statue. To be precise, these are all false. It's not your body that comes in, but your consciousness. Just now, I pulled your consciousness in."

Bai Yu's tonal spirituality.

Lu Ming thought suddenly, and then asked: "Senior, you pull my consciousness in, what is the so-called thing?"

"It's very simple, pass on the ancient stone to you."

The spirit of the white jade statue.

"Big Ancient God Stone? What is it? The black stone outside?"

Lu Ming suddenly thought of the black stone in the hand of the white jade statue outside, subconsciously blurted out.

"Black stones? Hey, that is the ancient ancient stone, one of the most precious treasures in the entire universe. Do you know where the ancient three thousand ancient mysteries come from? It is from the ancient ancient stone. Come to feel."

The spirit of the white jade statue.

what?

Lu Ming was trembling in his heart, like turning over the river and the sea.

The three thousand ancient secrets of the ancient ancient court are actually from the ancient ancient stone, which is completely different from his previous imagination.

He used to think that the three thousand ancient secrets were masters of the ancient ancient court, and they were created out of nothing. Now it seems that this is not the case at all.

"Senior, you mean, the ancient ancient stone contains three thousand ancient secrets?"

Lu Ming said, his heartbeat accelerated.

If the ancient ancient **** stone contains three thousand ancient ancient secrets, then did he get it?

Wouldn't it be possible to gather the three thousand ancient secrets all at once.

"No!"

The other party shook his head and said, "There is no ancient secret in the ancient ancient stone."

"Isn't there a kind of ancient ancient secret? Senior, don't you say that the three thousand ancient ancient secret is from the ancient ancient stone?"

Lu Ming showed a trace of disappointment.

"The three thousand ancient mysteries do come from the ancient ancient stone, but it does not mean that the three ancient ancient mysteries contain three thousand ancient ancient stones. In fact, the ancient ancient stone contains all possibilities."

"The ancient ancient stone is so unpredictable and mysterious that its origins are unknown, as if it contains all the avenues of the universe. Others can understand their own secrets and avenues through the ancient ancient stone..."

"At that time, the master of the ancient ancient **** court accidentally obtained the ancient ancient stone. Through the ancient ancient stone, he realized a variety of ancient ancient secrets. The ancient ancient secrets came from here!"

The spirituality of the white jade statue explained.

Lu Ming understood that the ancient ancient secret art was realized through the ancient ancient stone, and it was not originally contained in the ancient ancient stone.

"At that time, the master of the ancient ancient court was talented and unparalleled. After he got the ancient ancient stone, he learned from the ancient ancient stone three thousand kinds of mysteries. These three thousand kinds of mysteries are collectively called three thousand great Ancient mystery, after which he created the ancient ancient shrine, inherited the three thousand ancient mysteries and carried forward it."

The spirituality of the white jade statue explained.

"Senior, do you mean that from the ancient ancient stone, what can be understood is the ancient ancient secret technique, there are more than three thousand kinds?"

Lu Ming asked.

"Yes, in theory, the ancient ancient stone has infinite possibilities, and it can understand countless secrets from it, it depends on personal talent!"

"The great ancient secrets learned by one person are strong and weak, some are extremely strong, some are just like the three thousand ancient secrets."

The spirit of the white jade statue.

Lu Ming felt himself breathing heavily.

This is even more precious than the three thousand ancient secrets in it. As long as the talent is enough, there are infinite possibilities.

This is amazing!

Such a treasure is truly one of the top treasures in the universe.

Now, such a treasure is about to fall on his hand, even with Lu Ming's heart, he can't help but feel a little excited.

Lu Ming barely stabilized his mind and said, "Senior, I want to know, why did you teach me the ancient **** stone, and there are more than one person outside?"

With Lu Ming's wisdom, how could he not know that the other party intentionally chose him.

Therefore, when he entered the White Jade Road, the statues on both sides did not move. As soon as the last force appeared, Lu Ming resisted a little and disappeared.

But when Ye Yu and others entered, they were attacked by the statue, and finally Ye Yu was also blasted away.

Such an obvious difference can't be seen by a fool.

"The people outside are all in the Tiangong Temple. The Tiangong Temple destroyed the ancient ancient court. This hatred is not common. Will I choose them to help the enemy?"

White jade statue's spiritual face coldly said.

"Then I am also a person in Tiangong!"

Lu Ming said.

"You are a person in a false Tiangong, a taboo body, and Tiangong is born to be dead, how could it be a person in Tiangong, you entered the Tiangong deliberately, you have to say, your courage is really great, hey!"

The spirit of the white jade statue.

Lu Ming felt a shock and couldn't help stepping back, staring at the other party, "How do you know?"

"I know it's normal, because the master of the ancient ancient court was also a taboo body. I just sensed it when you entered this neighborhood!"

The spirit of the white jade statue.

Lu Ming dumbfounded.

Unexpectedly, the master of the ancient ancient court was actually a taboo body.

Chapter 4155: Return home

The master of the ancient ancient court is actually a taboo body, which is far beyond Lu Ming's expectations.

"No wonder, it is no wonder that the master of the ancient ancient court can comprehend three thousand ancient ancient secrets. It turned out to be a taboo body. It is generally useless to comprehend so many ancient ancient secrets. Only the taboo body is the only one. More is good, the more secret techniques of enlightenment, the better..."

Lu Ming's thoughts changed sharply, and many unimaginable places were figured out.

"Senior, did the master of the ancient ancient court really fall?"

Lu Ming asked again.

"Good, dead, dead dead, no longer resurrected!"

The spirit of the white jade statue.

Lu Ming's eyes were extremely dignified.

The master of the ancient ancient court, cultivated to reach a state of unpredictability, plus a taboo body, control the three thousand ancient secrets, such existence, actually died.

Then, how terrifying the person who can kill him can be imagined.

Obviously, the master of the ancient ancient court died in Tiangong.

What is the origin of Tiangong and why is it so powerful?

"Senior, how did the ancient ancient court and the Tiangong war break out, and how did the war go?"

"Also, the taboo body, why are born born and Tiangong against each other?"

Lu Ming repeatedly asked several questions.

He has always heard that Taboo Body and Tiangong are rivals, and sooner or later they will go to the opposite, but they just don't know why.

"I don't know very well. After all, I'm just the spirituality of the birth of a statue, and when I was born, the ancient ancient court has been destroyed."

The other person shook his head.

Lu Ming was disappointed.

The doubts in my heart are still not answered.

"Senior, the ancient ancient stone is so precious, just stay here. Are you afraid of being forcibly broken into and taken away by the powerful presence of Tiangong?"

Lu Ming asked again.

The ancient ancient stone is definitely the core treasure of the ancient ancient court. The heavenly palace must want to get it, but the ancient world is under the control of the heavenly palace. Are you afraid of being taken away by the other party?

"Relax, the presence below the Divine Lord of the Temple will come in, and you don't want to take it away. If you are above the Divine Lord, you won't be able to enter at all. There is a guard outside the ancient world, and you will forcibly break the formation. The ancient world will destroy itself, and I will take it with me. The ancient ancient stone escapes into the vast dark universe void and floats towards the endless distance, the other party can't get it."

"Okay, basically all the questions you should have said, let me send you back!"

After the spirituality of the white jade statue is finished, Lu Ming feels a flower in his eyes. He has left the void over there, and his consciousness has returned to his body.

"Huh, that big ancient stone is already in my mind, but this is..."

As soon as Lu Ming came out, he felt something was wrong.

He felt that there was an extra thing in the sea, and he felt it carefully. It turned out to be the black stone, the ancient ancient stone.

However, on the palm of the white jade statue, the black stone is still there.

"No, the white jade statue is not real, but a phantom!"

Lu Ming's eyes flashed and he saw his eyebrows.

The white jade statue is only a phantom, not real, but if you don't look carefully, you can't see it at all.

If it were not for Lu Ming to discover that he knew there was a large ancient **** stone in the sea, he would not easily see it.

Then, his body was covered with a force, and his body disappeared directly in place.

Gone!

Ye Yu et al. watched Landing Ming disappear in front of them.

bump!

A fiery anger exploded from Ye Yu's heart, and his eyes were red.

He had planned to block Lu Ming here, but now Lu Ming has disappeared directly, disappeared from under his eyelids, letting his plan fail again.

"Damn, damn, hurry up to recover, we kill back..."

Ye Yu roared.

But there is no way. Now that their energy has not recovered, they dare not retreat. If they retreat now, they are not opponents of those futon creatures.

Despite being angry and unwilling, he could only wait.

At this time, Lu Ming has appeared in another place.

"This is a dojo below..."

Lu Ming glanced and found that he had returned to the dojo they had just entered.

A smile flickered at the corner of Lu Ming's mouth, and he understood why the white jade statue would get a ghost image of a big ancient **** stone in his hand. This was to protect him.

In this way, in the eyes of Ye Yu and others, Lu Ming did not take the black stone away. After leaving this place, the people in Tiangong naturally did not know that he took the black stone, which is the ancient ancient stone.

If the people in Tiangong knew that he had taken the ancient ancient stone, it would be very dangerous. Needless to say, he could keep the ancient ancient stone, even if his life was lost, I am afraid he could not keep it.

Then, Lu Ming glanced around, and saw many people rummaging through the mountains and fields.

They are all masters of the divine realm of the ancient world.

These people had been looted by Lu Ming before, and the feelings and imprints on their hands were all in Lu Ming's hands, and now they can only search through the mountains and fields, and search for what was missed before.

Lu Ming smiled and didn't embarrass these people anymore. He retreated directly, returned outside, and returned to the Great Wu Temple.

He found that those first-class soldiers had also returned.

When these first-class soldiers saw Lu Ming coming out, they all showed unexpected colors.

Before, they saw that Ye Yu and others were going after Lu Ming, and they all felt that Lu Ming was more aggressive than others.

Unexpectedly, it was unexpected to be able to return safely inside.

He greeted the master of the Great Witch Temple and others, Lu Ming sat cross-legged in a place and waited quietly.

They didn't wait long, and the masters of the Divine Emperor Realm in the ancient world also retreated from the ancient ancient dojo.

After seeing Lu Ming, these people in the ancient world showed complex colors in their eyes.

There is resentment, fear, anger...

"The Lord of the Temple, this kid, robbed us of our impressions and imprints in the Great Ancient Dojo, and asked the Lord of the Temple to make the decision for us!"

An old man bowed to the master of the Great Witch Temple and called out miserable.

This old man is exactly that side.

"what happened?"

The owner of the Great Witch Temple frowned.

"The boy from the alien world, the Muyun, didn't get any sentiments and imprints on his own, but took away our sentiments and imprints."

Fang He cried and looked sad.

The master of the Great Witch Temple frowned slightly and looked at Lu Ming.

"It was they who wanted to **** me first, but they were not strong enough and I was snatched back!"

Lu Ming said lightly.

"Fang He, is this the case?"

The master of the Great Wu Temple looked at Fang He.

"me..."

Fang and Zhizhiwuwu were speechless for a while. After a while, his eyes turned: "They, you are the one to take the initiative..."

Fang He pointed to some others.

Those people were indeed robbed by Lu Ming.

Chapter 4156: Surprise of the Great Witch Temple

Lu Ming smiled faintly and said, "When you see me in the ancient world, you will **** the feelings and imprints I have gotten. I can't believe you, but you must start with the first one. Why? No?"

"You...you... make sense!"

Fang Hezhi landed, and his body was trembling. It was angry.

"All right!"

The master of the Great Wu Temple shouted a bit coldly, and said: "I already know this matter, so be it, you have to **** the gains of others first, and then be robbed by others. It is because your strength is not good enough to blame others. ."

"Master!"

Fang He would like to say more.

"enough!"

The master of the Great Witch Temple frowned and his voice became cold, revealing a hint of displeasure.

As far as the Great Witch Temple is concerned, as long as the result is up, as for the process, they are too lazy to care.

As long as they get the impression and imprint left by the powerful ancient **** court, it is enough. As for who gets it and what kind of process they are, they are too lazy to manage it.

They were too lazy to care whether Lu Ming took away other people's feelings and marks, or whether other people took away Lu Ming's feelings and marks.

To put it bluntly, everything depends on the ability to eat.

Who gets it, who they reward.

Seeing that the main lord of the Great Witch Shrine showed displeasure, Fang He did not dare to speak, and could only swallow the bitter fruit into his stomach.

"Okay, now everyone is out. Let's leave here first and then look at your gains."

The Great Witch Shrine is the main word, with a look of anxiety and expectation in his eyes.

The insights and imprints in the ancient ancient dojo are too important for them.

A group of people left here and returned to the main hall of the Great Wizard Temple.

"You take the harvest, I will reward you according to the previous conditions..."

The main shrine of the Great Witch Temple.

After that, he glanced at the audience.

Those in the ancient world looked ugly. For a long time, only a few people came up with several impressions and imprints.

This made the Master of the Great Witch Temple and other masters surprised. Was the harvest of these people really robbed by Lu Ming?

They could not help expecting Lu Ming's gains, secretly hoping for big gains, otherwise, these gains would be too miserable.

Then, those first-class soldiers also took out their gains.

The harvest of these first-class soldiers was very good, so that the people of the Great Wu Temple finally showed a smile on their faces.

"According to the agreement, an enlightenment or imprint of a great ancient secret, exchange a great ancient secret, and this is for you."

The master of the Great Witch Temple took out a jade box, and as soon as the jade box was opened, each light mass flew out, and flew towards the first-class sky soldiers.

These light groups are the spiritual imprints of the masters of the Great Wu Temple, and each light group is a kind of ancient secret.

These light groups are similar to those inherited when the young people in Xiwu City received the witchcraft heritage, and they are all spiritual imprints.

In the end, only Lu Ming was left.

Everyone's eyes fell on Lu Ming. This time Lu Ming snatched the perception and imprint of other ancient world masters. The harvest should not be bad.

Lu Ming waved his hand and took out the impressions and marks he got. Of course, the stone wall obtained in the main dojo was not taken out.

The main reason is that the stone wall is too big. Take it out. It can't be put here.

Even so, the eyes of the master of the Great Wu Temple and others are all bright.

They were also satisfied with this kind of harvest, full of feelings and imprints of hundreds of ancient mysteries.

"Not bad, let's check and check!"

The master of the Great Witch Temple.

Lu Ming took out a bunch and still had to check it, because many of them might be duplicates.

Although the repeated ones are also useful to them, the condition of them and Lu Ming is a kind of mysterious enlightenment and imprint, which can be exchanged for a great ancient mystery, and several kinds of enlightenment and imprint of the same mystery, it is still a secret Surgery.

"I think, wait a minute to check the inventory!"

At this time, Lu Ming said.

"Wait?"

The master of the Great Witch Temple and others showed a surprised look.

"Yes, because I still have some impressions and imprints left by the ancient ancient court, but the volume is too large. I can't put it here, why not go outside and check it?"

Lu Ming said.

Can't put it down?

The main lord of the Great Wu Temple looked at each other.

To be honest, the area of this hall is not small anymore. Even if a small mountain bag can be put down, Lu Ming can't put anything down here.

But it was only a surprise. The Great Witch Temple said: "Take it out and check it!"

A group of people came outside the hall.

Outside the main hall, there is a spacious square. Everyone looked at Lu Ming curiously and wanted to see what Lu Ming had gotten. He needed to go outside and check.

Lu Ming's face was calm, the ancient well was waveless, with a wave of his hand, rumbling, the ground shaking, a huge stone wall appeared above the square.

"this is..."

At the scene, when everyone saw the stone wall, their eyes widened.

On the stone wall, all kinds of feelings and imprints left by the powerful ancient **** courts came into their eyes.

The main lord of the Great Witch Temple, as well as other powerful players of the Great Witch Temple, could not help breathing thickly, his eyes rolled round, and he stared at the scratches on the stone wall.

"The enlightenment and imprint left by the ancient ancient court strong are all the enlightenment and imprint left by the ancient ancient court strong!"

A guardian in the Great Witch Temple screamed, unable to control his emotions.

"My God, so many, there must be thousands of ancient secrets!"

"Too much, really too much!"

"Sent!"

The other guardians of the Great Witch Temple are also discussed.

These dharma protectors are all three powerful superpowers of the Divine Emperor. They usually have deep ambitions and do not show their emotions, but now, they can hardly restrain their emotions.

In particular, some dharma protectors were even more excited to see the ancient secrets corresponding to him above.

They are all ancient mysteries, and cultivation is very different from other creatures. They can directly absorb the feelings and imprints left by these ancient ancient court powerfals. As long as they absorb these feelings and imprints, their cultivation behavior will advance by leaps and bounds.

The other first-class sky soldiers, as well as those strong in the Divine Emperor Realm of the ancient world, were also dumbfounded.

Lu Ming's harvest is beyond their imagination.

Especially the Fanghe, his eyes showed deep fear.

Lu Ming can have such a big harvest, the combat power can be imagined.

Without strength, how can there be gains?

call!

The master of the Great Witch Temple exhaled a long breath, always with a look of surprise in his eyes, and said: "Brother Muyun, you are...have received the impression and imprint of the main dojo?"

"Yes, the inspiration and imprint of the main dojo are all taken by me, all above this stone wall!"

Lu Ming said.

Chapter 4157: Ancient Witch Temple is anxious

"Hahaha, good, good, great!"

The master of the Great Wu Temple shouted loudly, extremely excited and cheerful.

The other masters of the Great Wizard Temple were all ecstatic.

"Haha, with these feelings and imprints, the strength of our Great Wu Temple will definitely increase, and it will not be difficult to destroy the ancient Wu Temple!"

"Yes, the ancient world will be our world."

Those masters of the Great Witch Temple laughed, they looked forward to it, and looked forward to the destruction of the ancient Wu Temple, the unification of the ancient world.

"Master, let's check!"

Lu Ming spoke, interrupting the yy of these guys.

"Ah, haha, Brother Muyun smiled, mainly because your gains are amazing!"

The Great Witch Temple smiled awkwardly, and then sent someone to start counting and checking.

Soon after, they were all checked out.

More than 1,300.

Lu Ming received a total of more than 1,300 kinds of ancient ancient secrets and impressions, which can be exchanged for more than 1,300 ancient secrets.

Lu Ming's heart also became hot.

With so many ancient secrets, how many merit points can be exchanged for the Tiangong?

Of course, these great ancient secrets cannot all be exchanged for merit points. After all, Tiangong itself already has more than 1,000 great ancient secrets. As long as they overlap with those, they cannot be exchanged.

But it is impossible to overlap all of them, as long as half of them are amazing.

In addition, even if it is not possible to redeem merit points, Lu Ming can keep his own practice.

The ancient secret technique, Lu Ming is more beneficial.

"This... Brother Muyun, you have too many ancient secrets. There are no more than 1,300 kinds of secrets in our Great Witch Temple..."

The main wizard of the Great Witch Temple has been supporting me for a long time, some embarrassed said.

"No more than 1,300?"

Lu Ming frowned.

"Yes, all the ancient ancient secrets of our Great Witch Temple add up to more than 800 kinds. In fact, the Ancient Witch Temple is similar to us!"

The main shrine of the Great Witch Temple.

Lu Ming understood.

The Great Witch Temple and the Ancient Witch Temple are mainly ruled by the ancient secret art, and there are not too many ancient secret arts on both sides.

Previous masters of the Ancient Wu Temple said that the Ancient Wu Temple has a total of 800 ancient secrets.

In fact, the Great Witch Temple is similar, and there are dozens of other types. It is the spiritual imprints left behind by the ancient great mysteries that fell during the battle with the Ancient Witch Temple.

Lu Ming frowned, feeling a little unhappy.

"Brother Muyun, the remaining ones, we can exchange them with other things, whatever you need, though."

The main shrine of the Great Witch Temple.

"Then the rest of me will be converted into ordinary secret art, which is the ordinary witchcraft you said, how?"

Lu Ming said.

"of course can!"

The Lord of the Great Witch Temple readily agreed.

There are more creatures transformed by ordinary secret techniques, which can meet Lu Ming's requirements.

Immediately, the Great Witch Temple paid for Lu Ming's spiritual imprint of more than 800 major ancient secrets, as well as tens of thousands of common secret spiritual marks.

Lu Ming accepted it with satisfaction.

Both Lu Ming and the Great Wu Temple got what they wanted, and they were all happy.

"You guys, I'm waiting for the feast tonight, and I won't get drunk!"

The main shrine of the Great Witch Temple.

"Thank you, Lord!"

The crowd clenched their fists and then dispersed.

...

On the other side, after the energy of the battle suits such as Ye Yu and others recovered, they rushed towards the back to fight the futon creatures.

So many masters joined together, and they quickly crossed the range of futon creatures, returned along the same path, and returned to the ancient Wu Temple.

"What? The Great Sorcerer's Temple has received the impression and imprint left by more than a thousand ancient ancient court powerfals in the main dojo?"

When the master of the ancient witch temple and other powerful people heard the news, they were shocked and some people shouted directly.

"No, the people of the Great Witch Temple will get those feelings and imprints, and they will definitely increase their strength. When the time comes, they will completely overwhelm our ancient Wu Temple, and in this way, we will be destroyed!"

"Can't sit still!"

The master guardians of the Great Witch Temple shouted.

"Master, what should we do now?"

Someone asked the owner of the ancient Wu Temple.

"Kill, kill the Great Witch Temple. Until now, only the decisive battle with the Great Witch Temple can't be dragged on any longer. The longer the time, the more unfavorable to us!"

The master of the ancient witch temple made a decision.

Although they also have some gains this time, they are not as good as the Great Wu Temple's harvest. After absorbing those feelings and imprints, the Great Wu Temple's people will definitely make more progress than them. By then, they will be completely passive.

Rather than waiting to die, it is better to let go and maybe defeat the Great Witch Temple and unify the ancient world.

"Submit my order, immediately summon all the masters of the ancient Wu Temple, and kill the Great Wu Temple, there must be no mistake!"

The Lord of the Ancient Wu Temple gave orders.

"Yes!"

Immediately, the masters under the ancient Wu Temple took command, and then dispersed to call the masters of the Ancient Wu Temple.

"Ye Yu, your reward, I will give you this!"

The lord of the ancient witch shrine took out some spiritual imprints of the ancient mysteries and gave them to Ye Yu.

"Ye Yu, what do you plan to do next?"

Asked the owner of the ancient witch temple.

"I plan to take a look with you!"

Ye Yu said, a cold killer flashed in his eyes.

He will never let Lu Ming go. He wants to go to the Great Wu Temple with the people of the Ancient Wu Temple, just to find a chance to kill Lu Ming.

He was extremely miserable for Lu Ming to die, otherwise, his anger could not be extinguished.

"That's good!"

The lord of the ancient Wu Temple shook his face.

He was very clear in his heart that although the cultivation practices of these people were not very good, all of them were peerless evils and terrible.

Mainly because they still have various treasures on their body. Once they break out, the combat power will be even more amazing. Although they are not as triple as the Divine Emperor, they are also an extraordinary combat power. effect.

The efficiency of the ancient witch temple is very fast. Soon after, almost all the armies are assembled.

No matter what is being closed or doing, all are dispatched.

Eight hundred ancient mysteries, tens of thousands of common mysteries, and other powerful creatures of the ancient world, as long as they are under the rule of the ancient witch temple, all gather and kill the big witch temple.

At this moment, the Great Witch Temple is still in the sea of joy.

That night, a grand banquet was held in the Great Wu Temple, and Lu Ming and others attended.

After the banquet, Lu Ming and others returned to their places of residence.

After returning to his place of residence, Lu Ming sat cross-legged, and a light group appeared in his hand, which was a spiritual imprint of a great ancient secret.

Lu Ming put this group of spiritual imprints in his hand, and the spirit penetrated into it, and immediately a message appeared in Lu Ming's mind.

This message is exactly a kind of cultivation method of the ancient secrets.

Chapter 4158: Duel between mysteries

Lu Ming carefully realized that from this group of spiritual imprints, he remembered the ancient secrets in his mind.

A moment later, this group of spiritual imprints in his hand burst into burst, like a group of fireworks.

Lu Ming's face was calm, because this was the ancient mystery contained in the spiritual imprint, which he had expected in his mind.

Then, Lu Ming took out a spiritual mark and began to realize.

Only the ones in your mind are the most insurable, and then you can exchange them with Tiangong, just make a copy.

In this way, Lu Ming remembered all kinds of ancient mysteries in his mind. He could remember several kinds in one hour. The speed was very fast. Sixty or seventy kinds could be remembered in one day.

A few days later, Lu Ming had memorized hundreds of kinds.

Boom! Boom! ...

On this day, Lu Ming was remembering the ancient secrets, and suddenly heard a violent roar.

When Lu Ming heard it, he knew it was the sound of a war drum.

"The drums of war are ringing, there is a war broke out, is it the people of the ancient witch temple?"

Lu Ming moved.

Ancient Wu Temple will attack, he had expected before.

After all, he received too many impressions and imprints left by the ancient ancient temple strongman, which will break the balance of strength on both sides of the ancient witch temple and ancient witch temple. He estimates that the ancient witch temple will not sit still.

In fact, the people of the Great Wu Temple also expected this scene. In the past two days, all the masters of the Great Wu Temple have been called up and ready to fight.

However, it is impossible for the people of the Great Witch Temple to take the initiative to attack. After all, the longer the time, the better for them.

They naturally will not take the initiative to attack.

But if the Ancient Witch Temple is killed, then it can only be a battle.

"Go out and see!"

The ancient Wu Temple was killed, and Lu Ming naturally had no thoughts to continue his cultivation. He left the place where he lived and rose into the sky. Then he saw a large number of powerful people gather in the sky and rushed out of the Great Wu Temple.

All are powerful in the Great Wizard Temple.

The energy is roaring, the sky is boiling.

The powerful players of the Great Witch Temple shot together, and there were too many masters.

The powerhouse of Divine Emperor Realm alone exceeds 1,000.

The powerful persons transformed by the ancient mysteries are almost all divine emperors, there are about 800, and the rest are all other creatures reaching the divine emperor realm.

In addition, there are a large number of masters of the emperor, densely packed, rushed out of the Great Witch Temple and set up a large array.

Lu Ming also flew outside and found that there were already tens of thousands of people gathered outside the Great Wizard Temple.

At the forefront are the powerful of the Divine Emperor Realm in the Great Witch Temple. Thousands of Divine Emperors gathered together. That kind of momentum is really terrifying, and the void is constantly shaking.

There was no sound at the scene, everyone was adjusting their state, adjusting themselves to the best, waiting for the war.

Rumble!

Suddenly, a dull roar came in front.

coming!

Everyone's heart moved.

The roar in front was getting louder and louder, and then there was a terrifying energy, coming towards this side.

That energy, like a tsunami, rowing mountains and falling into the sea seemed to smash everything.

Immediately afterwards, a large group of figures appeared.

It is the man of the ancient witch temple.

Ancient Wu Temple, also gathered tens of thousands of strong, rushed towards this side.

boom!

The strong man on the side of the Great Wu Temple also erupted, breathing like a row of mountains and rivers, rushing towards the front, colliding with the rushing energy of the ancient Wu Temple, and bursting into a roaring earth-shattering roar, the void directly Exploded into chaos.

The terrible strength swept through all directions, tearing the space out of cracks, like a cobweb covering the entire void.

"kill!"

"Today, destroy the Great Witch Temple!"

In the army of the ancient witch temple, a deafening roar came out. Then, the army of the ancient witch temple directly rushed towards this side.

"kill!"

"Today's destruction will be the ancient witch temple, my great witch temple, orthodox!"

The lord of the Great Wu Temple shouted a long roar.

"kill!"

"Kill, kill, kill!"

The master of the Great Wu Temple shouted, and his body turned into a gorgeous glow, rushing towards the people of the Ancient Wu Temple.

The masters of both sides collide together in the air.

Soldiers will fight against soldiers!

Divine Emperor vs Divine Emperor, Divine Emperor vs Divine Emperor.

The two sides launched a fierce fighting.

The existence of Divine Emperor Realm is a fierce battle at high altitude, and the existence of Divine Emperor Realm is at the bottom level.

The sky was suddenly filled with all kinds of gorgeous glow.

"It's really wonderful..."

Lu Ming's eyes, like two stars, are watching the battle between heaven and earth. This form of battle is the first time Lu Ming has seen it.

Because it is a duel of various secret techniques.

All kinds of ancient mysteries are turned into ontology, and all kinds of ordinary mysteries are turned into ontology, and fierce confrontation in the air.

Lu Ming didn't shoot. Those first-class soldiers didn't shoot, standing behind and watching.

"Heavens..."

Then, Lu Ming saw Ye Yu and others in the ancient Wu Temple.

Ye Yu and others did not shoot, standing behind, gazing coldly at the landing sound, the killing in their eyes was very obvious and unabashed.

The war became more and more intense, and some people began to fall.

After being killed, the flesh and blood creatures of the ancient world fell to the ground.

After the secrets were killed, they were directly transformed into a secret rune, suspended in the air.

In the sky, the mysterious runes flickered with various lusters, such as bright stars, attracting the sight of landing.

Lu Ming's eyes showed a hot flame.

These are ordinary mysterious runes that Lu Ming obtained, which can be directly melted into the cell, and reach the completion directly, which is not a little bit attractive to Lu Ming.

Uh!

Lu Ming rushed out directly and used the Great Kamikaze technique to the extreme. His body was like a phantom, blinking constantly.

Every time it flashes, Lu Ming grabs a mysterious rune in his hand. After flashing a dozen times in a row, Lu Ming gets a dozen secret runes.

They are all ordinary mystical runes.

As soon as his thoughts moved, these dozen secret runes were integrated into Lu Ming's dozen cells. Lu Ming was completely in control and was directly attained.

This made Lu Ming's heart even hotter.

Lu Ming continued to flash, taking those mystic runes.

"Boy, look for death!"

"dead!"

Ancient Wu Temple, several masters of God Emperor Jiuzhong, stared at Lu Ming and slammed towards the landing.

"It's you who are dying!"

Lu Ming drank coldly and punched out. These masters of God Emperor Jiuzhong were smashed apart and turned into a few mystical runes, which were collected by Lu Ming.

"It really is more fun to kill!"

In Lu Ming's eyes, there was a murderous spirit. Spiritual consciousness captured those masters of the ancient Wu Temple. Between the waves, a terrible vigor burst out.

No one in the Divine Emperor Realm is Lu Ming's enemies. Wherever the strength passes, the masters of the ancient Wu Temple shattered and turned into secret runes.

After a while, Lu Ming got fifty secret runes.

Chapter 4159: Great Aurora

Lu Ming melted more than fifty mysterious runes into the cells again. He felt that the power of taboo was stronger.

Each of his cells is integrated into the power of taboo, so when the mystic rune is integrated into that cell, it will be combined with the power of taboo in the cell, so that the power of taboo will be transformed and become stronger.

The more cells that are incorporated, the stronger the taboo.

Of course, this is not a qualitative improvement, but a qualitative change.

Lu Ming is preparing to continue to hunt the ordinary secret art of the Ancient Wu Temple, and suddenly, he feels a terrible power coming from above his head. This is a force of destruction. It is extremely violent, and he screams at the landing. Destroy everything.

Destruction!

Needless to say, as soon as he sensed this power, Lu Ming knew that it was one of the great ancient secrets, the Great Destruction.

This person's Divine Emperor's triple cultivation is that before the battle with the Divine Emperor Realm Master in the Great Witch Temple, it is estimated that Lu Ming was seen and he slammed towards the landing.

His intention to kill Lu Ming is extremely strong, second only to Ye Yu.

Without any hesitation, Lu Ming directly took out the Bingxuan stick, the forbidden force poured into Bingxuan stick frantically, and a stick blasted upwards.

Rumble!

Ice Xuan stick and the power of destruction constantly collided, bursting into earth-shaking roar.

However, Lu Ming's combat power is still not as good as that of the other party. Bing Xuan stick vibrated violently. A powerful force rushed into him with Bing Xuan stick. His body shook like he was hit by a mountain. The body fell down.

After passing by, several masters of the Great Wu Temple and the Ancient Wu Temple were smashed by Lu Ming and exploded directly.

"Today, see where you flee, kill!"

The mass destruction shouted. His body was no longer a human form, but a mass of energy, a mass of devastating energy, rushing towards the landing, like a meteorite, smashing towards the landing, powerful. To the extreme.

The people around him, whether they were the Great Witch Temple or the Ancient Witch Temple, all showed their horrified colors and retreated backward, fearing they would be involved.

Before the offensive arrived, Lu Ming felt strong pressure.

Buzz!

Lu Ming's body was shocked, and when the armor of the Heavenly Soldier was excited, a light mask covered him.

But when Lu Ming urged the first-class warrior armor, on his left, suddenly a **** of light killed Lu Ming.

Quick, almost to the extreme.

Lu Ming evaded, and was directly hit by this divine light.

His body shook violently, and when the armor of the sky soldiers shook violently, his energy dimmed.

In one move, the energy of the armor of the sky soldiers is exhausted. This is a triple powerful of Divine Emperor.

The divine light also flew back a distance and stopped.

Lu Ming could only see clearly what he was doing to him.

It is a divine light, which is the person's body.

"Is it the great aurora technique, one of the three thousand ancient mysteries!"

Lu Ming moved.

The great aurora technique is also ranked very high among the three thousand ancient mysteries. It is ranked the same as the major destruction technique and the big move technique, and it can be ranked in the top 100. It is very powerful.

Obviously, the great aurora technique has also reached the triple of Divine Emperor, and defeated the defense of the first-class sky armor in one move.

The catastrophe technique seized the opportunity and continued to kill the landing.

"Destroy, your opponent is me!"

There was a roar from high altitude. It was a triple powerful of a divine emperor in the Great Witch Temple. He rushed towards the great destruction and wanted to stop it.

However, a silver spear pierced the void and pierced towards the master of the Great Wu Temple. The power was very amazing, and it fully reached the triple attack power of the Divine Emperor. The master of the Great Wu Temple did not dare to carelessly but stopped. He resisted and collided with the silver spear.

"You still stay!"

A slender figure came out of the air, long blond hair flying, the momentum of the night, strong domineering.

Not Ye Yu, who can it be.

"The arrogance of outsiders, then I will come and meet you!"

The master of the Great Sorcerer shouted and yelled towards Ye Yu.

But Ye Yu's body flickered, avoiding this person's attack and not confronting him directly.

But when the other party killed in the Destruction, Ye Yu would stop again.

boom!

At this moment, Lu Ming has already made the second move with the Destruction.

This time, Lu Ming still retreated, and he vomited blood.

Without the defense of the first-class sky armor, Lu Ming cannot rely solely on the Ice Profound Stick. Lu Ming cannot completely block the attack of the Mass Destruction, and there will be residual forces bombarding him. Will be injured.

"Dead!"

Seeing Lu Ming injured, the Mass Destruction was even more excited, his face even more terrible, and he went crazy to the landing.

"It can only be avoided for the time being. Unfortunately, it seems that if you want to get more mystic runes, you can't do it!"

Lu Ming sighed in his heart, intending to use the big move to avoid.

It's just a pity that there are so many mystic runes.

But staying, he may really be killed by the mass destruction, not to mention, there is a large aurora on the side.

Uh!

Lu Ming directly performed the big move technique, and his figure disappeared from its place.

However, just when Lu Ming disappeared from the place, the Great Aurora shot.

His form was a ray of light, like a divine knife, dies in a flash, and then cut into a void.

At this moment, Lu Ming, who was performing the big move technique, felt that the crisis was coming, and he urged Bingxuan stick with all his strength to blast in the direction of sensing the crisis.

when!

A divine light, chopped on the ice Xuan stick, Lu Ming's body was directly blasted out, flew out of the dark void, and reappeared in front of everyone.

"Great aurora, actually so powerful, can directly penetrate the dark void and attack me..."

Lu Ming was shocked.

The Great Aurora directly interrupted the Great Move.

It seems that no great ancient secret is invincible and will be restrained.

"Dead!"

When Lu Ming reappeared, the attack of the Great Destruction had arrived, and the violent and terrifying power of destruction rushed towards the landing Ming.

"Trouble!"

Lu Ming felt his heart beating faster.

At this moment, his old force had just gone, and the new one was not alive. Even if he wanted to urge the Ice Profound Stick to resist, he would not be able to catch it. Seeing that the attack of the Mass Destruction would fall on him.

At this moment, Lu Ming's eyes flashed.

Because, he felt that the ancient ancient stone in the sea of knowledge actually vibrated spontaneously, and then an invisible wave emanated from his sea of knowledge.

From the outside, it was only found that Lu Ming's eyebrows exuded a black light, spreading out like a wave of water. When this wave overshadowed the catastrophe, the horror power emitted by the catastrophe was surprising. The speed of dissipation has dissipated.

The breath of the Great Destruction also declined sharply.

"What's going on? What's going on?"

The annihilation shouted in horror.

Chapter 4160: The ancient ancient stone first exhibition mysterious

Screaming in horror at the Destruction, he felt unprecedentedly weak.

This weakness makes him extremely frightened.

Ok?

Lu Ming also found anomalies. He felt that the Great Destruction was so weak that it was as bad as a Divine Emperor, as if it had become a Divine Emperor Realm.

Such an opportunity, Lu Ming would miss it, he directly waved the ice Xuan stick, and a stick hit it.

Although this stick did not inspire the strongest power, it was also amazing.

The huge ice mysterious stick pressed down, causing the catastrophe to scream in horror.

"Ah, how is it possible, my strength, my strength..."

Screaming in horror at Mass Destruction, he exploded his strength with all his strength, but felt his strength was very weak. It was a few times worse than before, and he couldn't stop Lu Ming's attack. In front of him, he was unable to withstand a blow and fell back.

With a loud bang, Bingxuan stick fell on the body of Great Destruction, and a big explosion was issued. Bingxuan stick was directly destroyed, leaving only a mysterious rune suspended in the air.

The mystic rune shone with light, and she wanted to escape, but Lu Ming reached out and grabbed the mystic rune transformed by the devastation.

"Let me go, you let me go..."

Inside the mystic rune, the sound of the catastrophe is heard, but now the sound sounds full of panic.

Lu Ming was too lazy to pay attention to him, and directly received it in the storage ring.

"This, this is..."

Not far away, Grand Aurora saw this scene and was completely stunned.

He had no idea what happened.

Why did the catastrophe suddenly become so weak, where did the power go?

Why was Lu Ming killed by a stroke?

How is this going?

By this time, Lu Ming had already stared at him.

"Try it!"

Lu Ming's eyes flashed with fine light, with strong excitement and expectation.

He manipulated a ray of forbidden power and entered it into the ancient ancient stone that knew the sea.

Buzz!

The ancient ancient stone shivered again, and a wave like a water wave radiated out.

Uh!

Lu Ming exhibited the Great Divine Wind Technique and continued to rush towards the Great Aurora Technique.

"court death!"

When Great Aurora saw Lu Ming take the initiative to kill, flashing a strong murder in his eyes, he would shoot Lu Ming.

But at this time, the waves emanating from the ancient ancient stone shrouded the great aurora technique, and suddenly, the great aurora technique felt that his power was passing quickly, and the breath of his body was rapidly weakening.

"How could this happen, what's going on?"

The Great Aurora shocked in his heart, almost scared to death, and then wanted to retreat, but at this moment, his power was too weak, and even the speed was much slower, and Lu Ming's attack could not be avoided at all.

bump!

The ice mysterious stick was pressed down, and the Great Aurora spell collapsed directly into a mystic rune.

Lu Ming only inspired Bingxuan stick a bit of strength, did not use all his strength.

Moreover, Lu Ming felt that there was no need to use the Ice Profound Stick, because the other party was shrouded in the fluctuation of the ancient ancient stone, which was really too weak, like a **** emperor.

God Emperor, Lu Ming can be easily killed.

With a wave of his hand, the mysterious runes transformed by the Great Aurora were put away.

Lu Ming showed excitement in his eyes.

The Great Destruction, Great Aurora, but all can rank in the top one hundred of the three thousand ancient secrets, very mysterious and powerful.

With the mystic rune, as long as it is integrated into the cell, you can immediately reach the entry level to control this ancient mystery.

"It turns out that the ancient ancient stone can suppress these ancient ancient secrets. No wonder people in the Wu Temple can't enter the ancient ancient dojo, maybe it is related to the ancient ancient stone..."

Lu Ming's thoughts changed sharply, probably guessing the cause of the matter.

However, other people did not know that Lu Ming had a big ancient **** stone.

Anyone who saw Lu Ming continuously killing the Great Destruction and Great Aurora was stunned, and there was a deep incredible in his eyes.

"How is it possible? How can this guy be so strong?"

Ye Yu also had a hundred doubts in her heart.

He knows how strong the Great Destruction and Great Aurora are.

Even if he uses his full strength, he can't kill the Great Destruction or Great Aurora, and can only draw a tie.

However, Lu Ming can easily kill the Great Destruction and Great Aurora, so does it mean that Lu Ming can also easily kill him.

Thinking of this, he felt chills in his heart, sweating out all over his body, and his body quickly backed away, pulling away from Lu Ming, afraid that Lu Ming would kill him.

At this moment, Lu Ming was ecstatic in his heart, and his eyes were as bright as stars, sweeping towards other secret techniques.

Then he exhibited the big move technique, and his figure appeared in a group of ordinary secret techniques.

At the center of the eyebrows, the fluctuations of the ancient ancient stone emanated, and these common mysteries were shrouded in.

Immediately, the breath of these common mysteries weakened sharply.

Originally just God Realm, it is now even more vulnerable.

Lu Ming's palm was like a knife, and he burst out.

Of course, he is facing the mystery of the ancient witch shrine, and he has not shot the mystery of the witch shrine.

Bang Bang Bang...

These common mysteries are not even Lu Ming's opponents. The body explodes continuously, and then turns into secret runes. Lu Ming waved his hands and put them all away.

At this moment, Lu Ming has attracted everyone's attention.

Including those powerful ancient mysteries in high-altitude wars, such as the master of the ancient witch temple.

"I'll kill him!"

A white-haired old man took a cold drink, stepped out, and rushed towards the landing. The speed was amazing and the breath was amazing.

Wherever he passed, the void became chaos.

"So strong, this is... Divine Emperor Quadruple!"

Lu Ming was shocked in his heart, showing dignified color in his eyes.

This is definitely the fourfold existence of Divine Emperor, the breath is too terrifying, and it is much stronger than Triple Divine Emperor.

Lu Ming was not sure.

The ancient ancient stone, although it can suppress the triple of Divine Emperor, can it suppress the quadruple of Divine Emperor?

The other party's speed was too fast. It was already within 100 miles of Lu Ming. A terrible attack had already started towards the landing.

In the face of the powerful four-layered Divine Emperor, Lu Ming couldn't do it even if he wanted to dodge it, even if it was a big move.

Now, you can only fight one!

Lu Ming flashed a fierce color in his eyes, and instead of retreating, he rushed towards the other party.

This made the four powerful players of the Divine Emperor stunned slightly, and there was a trace of doubt and worry in his eyes.

But at this moment, there is no escape route.

boom!

Divine Emperor's four-fold repairs exploded in full force, blasting the strongest blow.

This attack is too terrifying. Ordinary Divine Emperor Triple will be instantly defeated in the face of such an attack.

At this time, the ancient ancient stone exuded another wave, and when that powerful attack was rushed by this wave, it was like a flame hit by snowflakes, which quickly melted and became invisible.

At the same time, the master of the Divine Emperor's fourfold was also shrouded in by the fluctuation of the ancient ancient stone.
