

D Emperor 4161

Chapter 4161: All spikes

The master of the Divine Emperor's quartet was also shrouded in by the fluctuations of the ancient ancient stone, and the breath of his body also quickly weakened.

Almost instantly, he was overwhelmed by Divine Emperor, leaving only the cultivation of Divine Emperor Realm.

"not good!"

Divine Emperor's quadruple master's face changed wildly, a cold rushed straight from the bottom of the foot to the heavenly body cover, and his body retreated backward.

But will Lu Ming make him retreat?

As soon as the other party was suppressed, Lu Ming shot directly.

This time, Lu Ming didn't use the Bingxuan stick because he didn't need it at all.

Does the existence of a Divine Emperor Realm require the Ice Profound Stick?

With a punch, the powerful and powerful master of the Divine Emperor screamed, and his body exploded and turned into a mysterious rune suspended in the air.

Then he reached out and grabbed the secret rune.

Sisisi...

This time, everyone took a breath.

It's hard to calm down inside.

That's a strong power of Divine Emperor, just killed like this?

The Divine Emperor is fourfold, and there are not many in the entire ancient world.

For example, there are only eight masters of the Divine Emperor, and another master of the Divine Emperor is the Master of the Ancient Wu Temple.

It can be said that it exists under one person and above ten thousand people.

This kind of existence was actually killed by Lu Ming.

"why?"

"There is something in him that can suppress us!"

The sound of horror sounded, and they were full of doubts.

However, no one would think of going up on the ancient stone.

In fact, these ancient ancient secrets do not even know that there is ancient ancient stone.

They all thought that they were enlightened by the powerful of the ancient ancient court and came out of nowhere. After endless years, they were born.

They didn't even know that they were the masters of the ancient ancient court, and learned the ancient ancient secrets from the ancient ancient stone.

Lu Ming was too lazy to care about them, his figure flashed and rushed towards the crowd.

Wherever he passed, those breaths of secret arts quickly weakened.

However, Lu Ming discovered a peculiar place, that is, those flesh and blood creatures of the ancient world will not be affected by a trace, and the breath is still strong.

Sure enough, the ancient ancient stone is only useful for the mysteries, whether it is ordinary or ancient mysteries.

Because the secret techniques of the ancient ancient court are all born out of the ancient ancient stone.

The master of the ancient ancient court first enlightened the three thousand ancient mysteries from the ancient ancient stone, and then the three thousand ancient ancient secrets evolved countless ordinary secrets.

After these mysteries are transformed, they will naturally be restrained by the ancient ancient stone.

Others have also discovered this.

"He can only restrain the secret technique, others go up to kill him!"

A voice rang throughout the audience, coming from the lord of the ancient Wu Temple.

"kill!"

In the territory ruled by the ancient witch temple, the flesh and blood creatures of the ancient world roared and rushed to Lu Ming.

Most of these people are divine emperor's first cultivation, and a few divine emperor's are second.

There is no master of triple emperor.

The highest is only the second divine emperor, Lu Ming did not mind at all.

He took out the Bingxuan stick again and swept out.

bump!

A master of the Divine Emperor's double weight was directly detonated by Lu Ming and exploded into pieces.

Then, Bingxuan stick pressed like a mountain, pressed down.

Seven or eight Divine Emperor masters were directly crushed to death.

"So strong!"

"His own strength is so strong, how to fight this?"

"Rewind!"

Those flesh-and-blood creatures were frightened, and they no longer dared to attack Lu Ming and backed wildly.

They are not Lu Ming's opponents at all. How can they rush to the death?

"Haha, happy, these ancient secrets are all mine!"

Lu Ming laughed in his heart and looked at the ancient secrets of high altitude.

The Da Nian shift technique was launched, and the next moment, it appeared directly in the sky and appeared in the middle of a pile of ancient secrets.

"kill!"

As soon as they saw Lu Ming, those big ancient secrets of the ancient Wu Temple shouted and yelled towards the landing. Various attacks were prepared to launch.

It's a pity that before they could start, Lu Ming knew that the ancient ancient stone in the sea had given off fluctuations and enveloped them.

Then, the ancient ancient secret technique around Lu Ming weakened sharply.

No matter it is the Great Witch Temple, or the ancient ancient secret art of the Ancient Witch Temple, it has been suppressed below the Divine Emperor.

This frightens all the ancient secrets.

"what happened?"

"I was suppressed. What's going on with this force?"

"Ah, run away!"

Many people shouted.

Those great ancient secrets of the Great Witch Temple are better. I know that Lu Ming is on their side. Those ancient secret ancient secrets of the Ancient Witch Temple are ugly and full of fear.

They wanted to retreat, but it was too late.

Lu Ming has launched an attack.

Boom...

Lu Ming was wrapped in a layer of gorgeous white light, and his fists blasted continuously.

After a punch, they penetrated the void and blew towards the ancient secrets of the ancient witch temple.

Every punch is like a meteor piercing the void, and the power is very amazing.

The ancient mysteries of the ancient witch shrines were suppressed below the Divine Emperor, and they couldn't stop Lu Ming's attack. They punched through their fists, and their shapes exploded directly, leaving only one mystic rune.

After Lu Ming's wave of attacks, there were more than twenty mystic runes in the air, which shimmered with various lusters, and various frightening roars came from the mystic runes.

This is the cleverness of various mystical runes. Lu Ming reached out and grabbed a powerful appeal in his palm, holding these mystical runes in his hands.

However, this time Lu Ming did not put away these mystical runes, but grabbed them in his hand and began to input the power of taboo to destroy the ancient ancient mystical wisdom.

Lu Ming This is a precautionary plan. Although the ancient ancient stone can suppress ancient ancient secrets and ordinary secrets, it is useless for normal creatures.

Those core disciples of the Celestial Clan and the Celestial Palace, he can't hold back.

If Ye Yu attacked him, he was not an opponent.

Therefore, if you can increase your strength as soon as possible, you can increase your strength as soon as possible.

If he could break through to God Emperor Jiuzhong, he would have no fear of Ye Yu.

Although Lu Ming was refining the cleverness of the mystical runes, his actions did not stop at all. His figure flashed and appeared in another place. After the wave attack, dozens of great ancient secrets were killed.

Panic!

The master on the ancient Wu Temple is really panicking.

There are only eight hundred ancient mysteries in the ancient witch temple. Now, with a few clicks, four or fifty are removed. Where can I stand it?

All other ancient secrets are panic.

"Master, what should we do? What should we do?"

People with great ancient secrets asked the master of the ancient witch temple.

No one dared to step forward to deal with Lu Ming. Even the fourfold existence of God Emperor was killed by a spike. Who dares to go up?

Although the cultivation practice of the ancient witch shrine master is the fivefold of Divine Emperor, he did not dare to go up and take risks.

Chapter 4162: Ye Yu's temptation

"Damn, damn..."

The witch of the ancient witch temple kept roaring in his heart, and his heart was filled with anger and murder.

He really wanted to slap Lu Ming to death, but he didn't dare.

The four masters of Divine Emperor went directly to Lu Ming seconds to kill.

Although he can also kill God Emperor's fourfolds at will, he has no idea. He doesn't know Lu Ming's limit at all, mainly because he doesn't know what treasure is hidden in Lu Ming's body, and he can suppress them.

"Retreat, retreat..."

Full of unwilling voices came from the main mouth of the ancient Wu Temple.

Although he was not reconciled, he could only retreat.

He did not want to choose to retreat, but there was no way.

Retreat, leaving time for the Great Wu Temple, and wait for the Great Wu Temple to absorb the feelings and imprints left by those powerful ancient ancient courts, and its strength will definitely increase rapidly, surpassing their ancient ancient Wu Temple in a comprehensive manner. It is only a matter of time.

However, staying, they are likely to be killed by Lu Ming, killed by Lu Ming, and will die now.

One of the two choices, he can only choose to retreat.

Just a short while after they had discussed it, Lu Ming killed a batch of ancient mysteries of the ancient witch shrine, and dozens of mysterious runes were obtained.

The ancient secret art of the ancient witch shrine did not dare to approach Lu Ming at all, and ran wild in all directions.

"Hugh wants to go!"

Lu Ming chased towards the master of the ancient Wu Temple, hunting while hunting.

As long as the masters of these ancient witch shrines are shrouded by the fluctuations of the ancient ancient stone, they will be suppressed, their strength quickly weakens, and they are easily killed by Lu Ming.

"Kill, shoot together, don't let them escape!!"

The main shrine shouted.

At this moment, his excited body was shaking.

This time it was so unexpected.

Lu Ming's performance, he could not imagine it.

At the same time, there was a trace of fear in his heart.

Since Lu Ming can easily kill the ancient mysteries of the ancient witch shrine, he certainly can easily kill the ancient ancient witchcraft of their ancient witch shrine.

He was glad, very happy, Lu Ming was standing on their side, otherwise, if...

He didn't dare to think about it. Now, he only needs to seize the opportunity and try to hunt down the people of the ancient Wu Temple.

"kill!"

The master of the Great Witch Temple, with high morale, war spirits at night, roaring roaring, rushed towards the master of the Ancient Wu Temple.

The ancient witch temple is completely one-sided.

"Damn..."

In the distance, Ye Yu roared in his heart, his eyes constantly flashing murderous opportunities.

"This kid seems to be in control of some kind of treasure, which can suppress these mysteries of the ancient world, but it seems to have no effect on the ordinary creatures of the ancient world, then, it should have no effect on us..."

Ye Yu's thoughts changed sharply.

He is a peerless genius, intelligent, and although he is not very calm at the moment, he still sees the problem.

However, he was still hesitant to let him rush directly to fight Lu Ming.

In case, Lu Ming can suppress him?

Isn't he a dead end?

However, in this way, he watched Lu Mingming constantly hunting the masters of the Ancient Witch Temple to obtain their mystical runes, but he was not reconciled.

He did not know that Lu Ming could directly incorporate the mysterious runes into the cells, but he knew that each of the mysterious runes represented a great ancient secret.

The more Lu Ming got, the more unhappy he was.

It must be stopped.

Turning his eyes, Ye Yu already had an idea.

"You guys, try the strength of Muyun!"

Ye Yu's eyes turned to the core disciples of those big figures in Tiangong.

"Let's go..."

The core disciples of the big figures in Tiangong changed their faces and became a little ugly.

They are not stupid. They naturally know Ye Yu's ideas. This is to let them go up and try to see if Lu Ming can suppress them.

If Lu Ming could suppress them, then Ye Yu would not have to go up, and fled directly.

If Lu Ming can't suppress them, then Ye Yu will start.

This is to push the danger to them, he was naturally unwilling.

"Why? Do you want me to say it again?"

Ye Yu's voice was cold, and his cold eyes glanced at the core disciples of these Tiangong figures, which made the core disciples of these Tiangong figures look even more ugly.

Although they are the core disciples of the big figures in the Tiangong, when they walk out of the Tiangong and face the cosmic clan, it is absolutely high. Many patriarchs' heads face respect and respect.

But after all, they are not a Celestial Clan, and their status is still far from the real Celestial Clan.

Not to mention the comparison with Ye Yu, a character who is a top demon even in the Celestial Clan.

If Ye Yu feels uncomfortable with them, they will use some small means in the back, they will be unable to move in the Tiangong Temple, and they will lose their great future.

"Since Master Ye Yu has instructed, there is no reason to disobey!"

One of the young men smiled, his armor shone, and a light mask enveloped him. He took out the big weapon and rushed to Lu Ming.

"I also shot!"

"let me try!"

Seeing that someone was going up, the other core disciples of Tiangong also stepped forward. They inspired their suits, armed with various weapons, and killed Lu Ming.

Their speed is very fast, like a stream of streamers piercing the void and quickly approaching Lu Ming.

The man hasn't arrived yet. After a powerful attack, he has roared towards the landing.

These people are very powerful, and even some of them have talents that are not weaker than the God of Fighting Spirit, and can fight across five levels. Race opponent.

With so many shots, Lu Ming is also very powerful, and Lu Ming has to be treated with caution.

He took out the gale beads and pulled the energy inside the gale beads with all his strength.

A strong gale rushed out and turned into a gale barrier, blocking it in front.

Rumble!

After a series of attacks bombarded the crack barrier, the strong wind barrier shook violently, and finally burst with a blast.

Lu Ming blocked these people's attacks with a strong wind barrier, and he continued to hunt the ancient secrets of the ancient witch temple.

In a while, he has hunted hundreds of ancient secrets, and there are more than 20 secret runes, which have been wiped away by his spiritual wisdom.

assimilate into!

As soon as Lu Ming thought about it, more than twenty secret runes were merged into more than twenty different cells by Lu Ming.

In an instant, Lu Ming felt that he had mastered these twenty kinds of ancient secrets, although it was only the entry stage.

However, some of the mysteries of these ancient mysteries have already broken out.

At the same time, pure energy rushed out of more than 20 cells and poured into Lu Ming's body.

Lu Ming felt that his cultivation practice was rapidly ascending, approaching Divine Emperor Jiuzhong.

"Surround him!"

"kill!"

The core disciples of the Tiangong, in an arc, rushed to Lu Ming, and various attacks continued to attack Lu Ming, blocking Lu Ming's road to continue hunting the ancient secrets.

Chapter 4163: Block the void

"Don't think I'm afraid of you!"

An angry flash flashed in Lu Ming's eyes, his figure turned, and he rushed directly towards the core disciples in Tiangong.

In the process of rushing out, Bingxuan stick in his hand suddenly enlarged and swept out.

Boom! Boom! Buzz! ...

Bingxuan stick vibrated, and suddenly turned into a dozen stick figures, slamming into the core disciples of a dozen heavenly palaces.

A violent explosion sounded, and Lu Ming's attack collided with the attack of the core disciples in Tiangong.

Although these core disciples in Tiangong are strong, they are still not Lu Ming's opponents. Their attack was directly defeated, and the stick figure bombarded them. The bodies of dozens of core disciples in Tiangong were blasted out like sandbags.

If it were not for them to have armor and armor, they would be seriously injured if they were hit by this trick.

After hitting a dozen of Tiangong's core disciples, Lu Ming kept shooting, Bing Xuan stick continued to sweep out, and more than a dozen stick figures appeared, slamming toward Tiangong's core disciples.

None of these core disciples in Tiangong can compete with Lu Ming. Even the strongest person is not Lu Ming's opponent, and one by one is blasted away.

In the distance, Ye Yu saw this scene and was not surprised.

Sure enough, Lu Ming can only suppress these mysteries of the ancient world, and cannot suppress those flesh and blood creatures, nor can they suppress them.

This is easy to handle.

Will not be suppressed, his combat strength is stronger than Lu Ming, can completely solve Lu Ming.

"Muyun, today, kill you!"

Ye Yu screamed, holding a silver spear, and rushed to Lu Ming.

Like a silver lightning bolt, the silver spear pierced the void, and immediately approached Lu Ming.

The silver spear uttered a terrifying roar, aimed at Lu Ming's eyebrows, and the power was extremely terrifying.

Lu Ming's face was solemn, and Bingxuan stick came out with a backhand bombardment.

when!

Bingxuan stick collided with the silver spear, and broke out violently. Immediately after that, Bingxuan stick vibrated violently, and Lu Ming's body was violently shaken, and was flew out by the violent force on the silver spear.

"Boy, look at how arrogant you are, kill!"

Seeing that one stroke flew Lu Ming, Ye Yu's courage was stronger, and the murderous chance flashed. The powerful mysterious power in his body continuously poured into the silver spear, making the silver spear emit a gorgeous glow, like a round The silver sun.

Then, this round of silvery sun turned into a sharp edge, stab Lu Ming.

The void of hundreds of miles is coming in a flash.

This blow is stronger than the previous blow.

Obviously, the silver spear in Ye Yu's hands is not trivial, I am afraid it is very advanced.

Although these top-level monsters are generally arrogant, they generally control a big killer as their hole card.

But these big killers also have strengths and weaknesses.

The silver spear in Ye Yu's hands, even among all the big killers, is top-notch.

Even if it is inferior to Bingxuan stick, it is not much worse.

"I'm not yet an opponent of Ye Yu, I can only temporarily avoid his edge..."

Lu Ming made a decision.

His first-class sky armor was previously depleted of energy by the combination of the Great Destroyer and the Great Aurora. Without the first-level sky armor, Lu Ming's own defense could not be guaranteed.

Moreover, after continually urging the ice xuan stick, Lu Ming was very expensive.

If they continue to compete with Ye Yu, it will be very bad for them.

Great move!

Lu Ming directly exhibited the big move technique, the body disappeared from the original place, the next moment, appeared thousands of miles away, appeared in the middle of a pile of ancient mysteries, in the sea, the wave of the ancient ancient stone emanated, this The breath of the batch of ancient secrets quickly weakened.

Boom...

Lu Ming bombarded continuously, killing these ancient mysteries, and Lu Ming got a dozen more mysterious runes.

"Damn..."

Ye Yu shouted, and his body was shrouded in a layer of golden glow, a flash, just like the teleportation, appeared not far from Lu Ming, and the silver spear continued to pierce Lu Ming.

"It's fast..."

Lu Ming jumped in his heart. The speed of Ye Yu was amazingly fast. Although it was not a move, it was not much slower than his big move.

Lu Ming didn't want to, and continued to use the Evasion technique to evade, and at the same time constantly wiped out the spiritual wisdom in the mystical rune, and made all efforts to improve his cultivation.

"You, spread out, block the void, don't let him perform the big move technique!"

Ye Yu shouted, and his voice passed into the ears of the core disciples of the Ancient Wu Temple and the Tiangong Temple, and the Tianjiao of other Celestial Clan.

"Yes, start acting!"

"Hurry up!"

Those ancient secret arts of ancient witch shrines are scattered, and then there are violent fluctuations. They are using powerful force to block the void.

Ye Yu will not be suppressed, but Lu Ming can also be suppressed, which makes people in the ancient Wu Temple see hope.

They no longer run away, but cooperate with Ye Yu with all their strength.

At the same time, the core disciples of Tiangong and the arrogance of the Celestial Clan also all shot.

With so many master shots, the whole sky becomes paste-like and very sticky. Lu Ming wants to perform the big move technique, it is difficult to do it, because the space cannot be broken.

However, how can the people of the Great Witch Temple let them succeed.

"Don't let them succeed, break them up!"

The master of the Great Wu Temple shouted, led the masters of the Great Wu Temple, and rushed towards the ancient Wu Temple.

They want to break the blockade of Lu Ming from the ancient Wu Temple, so that Lu Ming can move freely.

Now, Lu Ming is the key to their victory, and Lu Ming must not be allowed to have trouble.

If Lu Ming shot, then the outcome is unpredictable.

Even if they can win, I am afraid they will pay a heavy price.

"Block them!"

"This is our last chance, we will all die without blocking them!"

"Death to fight!"

The masters of the ancient witch temple roared, their eyes were blood red, and they were desperately desperate. Some even started to burn the source, urging the fighting power to the top.

Fight against the water, regardless of the consequences!

Because the people of the ancient Wu Temple know that this is their last chance. If they do not grasp it, even if they run away now, they will die even after the strength of the Great Wu Temple is improved.

Only now seize the opportunity, seal Lu Ming, and wait for Ye Yu to kill Lu Ming, they will have a chance to make a comeback.

Even after Ye Yu slaughtered Lu Ming, he was able to get the kind of treasure that suppressed them in Lu Ming, and the people who suppressed the Great Witch Temple. Then they would win a big victory, and the previous loss was worth it.

With this in mind, all the people in the ancient witch temple are crazy, and each one is dead, and they are crazy.

In this way, although there are fewer people in the Ancient Wu Temple than in the Great Wu Temple, and the void should be blocked by distractions, the people of the Great Wu Temple are still blocked, and the body is firmly stabilized.

"kill!"

Ye Yu Changxiao, blonde hair flying, holding a silver spear, like an invincible **** of war, constantly slamming towards the landing.

Can't perform the big move technique, Lu Ming's speed is actually a bit slower than Ye Yu, it is difficult to get out.

Chapter 4164: Delay time

Lu Ming is difficult to get away, and can only resist hard.

Buzz!

Bingxuan stick vibrated, exuding a terrible chill, like a frozen mountain, smashed towards Ye Yu.

At the same time, the strong wind beads are constantly being pulled out by the strong wind, turning into a wind blade and slashing towards Ye Yu.

Even so, Lu Ming is not Ye Yu's opponent. The strong wind and wind blade were defeated, the ice Xuan stick vibrated, and Lu Ming's body retreated. Because the body was swept by the residual force, a wound appeared and blood flowed.

However, Lu Ming hadn't stopped his body, and Ye Yu's attack came again.

This time, the silver spear directly turned into hundreds of spear shadows, stab Lu Ming.

Lu Ming tried his best to resist, but still did not completely block it. He was stabbed by several spears, and Lu Ming flew out, coughing up blood.

A transparent hole appeared in his body before and after.

Lu Ming coughed up blood in his mouth and was directly hit, still causing him a lot of trauma.

Fortunately, Lu Ming is a taboo body. There is no point in the whole body. Although he was stabbed out of several holes, it did not affect his combat strength.

"it is good!"

The master of the ancient witch temple saw this scene, and his heart was ecstatic.

As long as Ye Yu killed Lu Ming, the balance of victory would fall to them.

"not good!"

The people of the Great Witch Temple are diametrically opposed. They can't help but anxiously and step up their attack.

The masters on both sides fought fiercely, extremely fiercely, and some people were repeatedly beaten.

"Dead!"

Seeing Lu Ming being hit hard, Ye Yu's eyes were even more terrible, the killing was more powerful, and the offensive was more violent.

"Come on, come on, go on!"

Faced with this situation, Lu Ming's eyes were still calm.

He faced Ye Yu, and the reason why he fell to one side was entirely because he divided a part of the taboo force to destroy the spirit in the mystical rune.

Otherwise, it won't fail so fast, and you can contend.

However, even so, Lu Ming still has no plans to stop the rune wits of annihilation.

Because this is the key to his defeat.

After Lu Ming was hit and flew, his figure flashed rapidly and flew towards the rear.

"Lu Ming, let me help you..."

Anxious sound came from the wrist.

"Don't move, ball!"

Lu Ming passed the ball to the ball.

The ball is just the pinnacle of the Divine Emperor's Ninth Layer. It has not yet broken through the Divine Emperor's Realm. With the ball's combat power, even if it helps, it will not help, and may even be killed by Ye Yu.

Lu Ming can't let the ball take risks.

At this time, Lu Ming's eyes lit up again.

Because there are more than 20 mysterious runes, they were wiped out by Lu Ming.

Most of the mysterious runes before Lu Ming's extinction were the existence of Divine Emperor. The lower the cultivation level, the better the spiritual wisdom in the mysterious runes.

There are only a few divine emperors.

But this time, there is a mystic rune, which is triple of Divine Emperor.

That is great aurora.

Lu Ming needs to use great aurora.

As soon as the spiritual wisdom in the mystical runes was destroyed, Lu Ming immediately integrated these mystical runes into the cells.

Suddenly, these secret techniques were mastered by Lu Ming, and at the same time, a powerful force emerged to quickly improve Lu Ming's cultivation practice.

"It's almost time, the peak limit of Divine Emperor Yazhong!"

Lu Ming's eyes are bright, and at this step, he can start to attack God Emperor Jiuzhong.

kill!

At this time, Ye Yu's murderous voice sounded, his figure flickered continuously, and he drove towards the landing.

Hundreds of spears pierced towards the landing.

The large area coverage makes Lu Ming retreat irreversible.

But at the moment, Lu Ming's mouth sneered.

"Great Aurora!"

Lu Ming whispered, the next moment, his body, there was a dramatic change, the flesh and blood, actually turned into a light.

Aurora!

Uh!

After the aurora flashed, Lu Ming's figure appeared a hundred miles away, avoiding Ye Yu's attack, allowing hundreds of spears pierced by Ye Yu to stab in the air.

"how is this possible?"

Ye Yu's eyes widened, as if hell, he stared deadly.

Everyone around sees this scene.

Great aurora!

How Lu Ming uses great aurora.

They will definitely not be mistaken. Lu Ming just did the great aurora technique just now, avoiding Ye Yu's attack.

Why did Lu Ming suddenly use great aurora?

Is it new?

But how is it possible, this is a great ancient secret, it is very difficult to practice. Moreover, the great aurora technique can rank in the top 100 among the three thousand ancient secrets, which is very mysterious and difficult to practice.

How can it be learned in such a short time?

Did Lu Ming control the Great Aurora before?

But if Lu Ming had controlled the aurora before, why didn't he use it before? Have you waited until now to use such a crisis? It's not reasonable.

In short, these people are dumbfounded.

Ye Yu first responded with a roar: "Muyun, stop for me, I order you..."

"stupid guy..."

Lu Ming's disdainful voice came out, and the Great Aurora was performed. It flashed again and appeared in another area, pulling away from Ye Yu.

Although the great aurora technique can not be moved directly in the void like the big dislocation technique, regardless of the obstruction of physical objects, the great aurora technique is extremely fast in the short-distance movement. It is really like a light.

It is quite similar to Ye Yu's body style.

"Humble mumble..."

Ye Yu's teeth giggled, wishing to peel and cramp Lu Ming and other humble people.

Yes, in his eyes, Lu Ming is extremely lowly, they are their slaves.

Such a person actually bumped into him three times or five times, and even dared to deal with him. It was simply unforgivable.

He exploded with all his strength and rushed towards the landing Ming, but Lu Ming cast a great aurora evasion, and the speed was not below him. For a time, he could not catch up with Lu Ming at all.

Lu Ming evaded, and at the same time took out a part of the mystic runes to wipe out the spiritual wisdom inside.

The two sides were in a stalemate.

The master of the Great Witch Temple attacked madly, while the master of the Ancient Witch Temple resisted desperately.

In their view, it is now time to fight for Ye Yu.

"Withstand, you must withstand it, the boy has been passive, and if you continue this way, you will definitely be killed by Master Ye Yu."

"Yes, all we have to do is to buy time for Ye Yu and don't be disturbed!"

"Must block it!"

The masters of the ancient Wu Temple shouted and fought hard to resist.

As a result, the fighting between the two sides was even more fierce, and the number of masters who had fallen was also rapidly increasing. From time to time in the sky, ancient mysteries were defeated and turned into a mysterious rune, suspended in the air.

In a flash, a few minutes passed.

"All right!"

Lu Ming was delighted, and he wiped out a number of ancient mystical runes to exterminate the spirit.

Moreover, in this batch of mystic runes, there are two mystical runes of the Divine Emperor.

"This time, I can definitely break through!"

Lu Ming showed a firm look.

Chapter 4165: Breakthrough, Emperor Nine Heavy

After a series of evasion, Lu Ming finally wiped out more than twenty mysterious runes, and among them, there were two triple emperor runes of Divine Emperor.

He did not hesitate to melt these secret runes into the cells.

boom! ...

Immediately, these cells, like a volcanic eruption, rushed out powerful and pure energy, poured into Lu Ming's body, penetrated into each cell, and strengthened the forbidden power in each cell.

Lu Ming's forbidden power suddenly reached saturation.

"Give me a break!"

Lu Ming shouted in his heart and began to make a breakthrough towards Divine Emperor Jiuzhong.

His body shook violently, every cell in the body was shaking, and his potential was constantly stimulated.

His breath continued to climb upward, and when climbing to a limit, it suddenly rose.

Breakthrough!

Lu Ming finally broke through to the Divine Emperor Jiuzhong with the energy of 60 secret runes before and after.

This is also thanks to a few triple emperor runes of Divine Emperor, the energy contained in which is too pure and too powerful, so that Lu Ming broke through in one fell swoop.

"how is this possible?"

Ye Yu, who was chasing Lu Ming, couldn't help but widen his eyes, revealing incredible colors.

Lu Ming actually broke through in the battle with him, how is this possible?

Does Lu Ming just keep evading and retreating just because he wants to fight for time and breakthroughs?

"Go to death, I don't allow this to happen in front of me!"

Ye Yu shouted in his heart, a handsome face, even more terrible.

Lu Ming actually broke through in the battle with him.

This is just hitting him in the face, which is a shame to him.

This is not clear, stepping on his body and climbing up.

Who is he? Heavenly human race's peerless demon, a despicable human race, dare to step on him and climb up, unbearable, unbearable.

His eyes were red, desperately rushing towards the landing Ming, shouted: "Dog miscellaneous, don't run with a species, fight me!"

"If you want to fight, you will be successful!"

This time, Lu Ming stopped, he put away the strong wind beads, held the ice xuan stick in one hand, stood in the void, and looked at Ye Yu indifferently.

Has broken through the God Emperor Jiu Zhong, cultivated to be level with Ye Yu, one battle at the same level, Lu Ming has not been afraid of anyone.

Even if it is the Peerless Sin of the Celestial Clan?

"How about a breakthrough? Still die, kill!"

Yayu Changxiao, the silver spear radiating dazzling brilliance, screamed towards the landing.

The speed is too fast to believe. Ordinary people, I am afraid that the spear has already penetrated his body before the reaction.

However, Lu Ming clearly captured the trajectory of the spear, and the forbidden power poured into the Bingxuan stick.

when!

Bingxuan stick and silver spear collided together, and a terrifying roar erupted, a terrible force swept across all directions, and the space was constantly exploding.

Buzz! Buzz!

The two big killers were violently shaken, and then Lu Ming and Ye Yu's bodies shook at the same time and retreated back.

This time, the match ended with a tie.

"Damn!"

Ye Yu roared in his heart, and his eyes stared at him.

"blocked!"

"Tie!"

The other people around were also shocked.

However, their startled mood is completely different.

The people of the ancient witch temple are horrified, horrified.

Lu Ming broke through and was able to contend with Ye Yu. In this way, the advantages they had originally occupied were lost without a trace.

And before they were killed by Lu Ming, hundreds of masters of ancient mysteries. In terms of the number of masters, they have to lag behind the Great Wu Temple. If Lu Ming and Ye Yu are tied, the situation is very unfavorable to them.

And the 'surprise' of the Great Witch Temple is surprise, surprise and joy.

Lu Ming's breakthrough blocked Ye Yu, so the advantage fell completely to them.

"You guys, don't rush to attack, slowly press down!"

The Great Witch Shrine issued an order.

Now the advantage is against them, they don't have to rush to fight with the ancient Wu Temple, as long as they slowly press over and exert the advantage of a large number of people, some people can work together to deal with the ancient Wu Temple people, the longer the time, their advantage The more obvious it will be.

It can be said that Lu Ming's breakthrough caused a fundamental reversal of the situation on both sides.

"I don't believe it, kill!"

Ye Yu roared, holding a silver spear, and continued to kill Lu Ming.

Lu Mingsi was fearless and killed with an ice stick.

when! when! ...

The two started a fierce battle, constantly fighting, constantly fighting, very fast.

It was only instantaneous, and the two confronted dozens of moves.

Dozens of consecutive moves are indiscriminate.

However, after thirty strokes, Lu Ming slowly began to gain the upper hand.

Previously, Lu Ming had just made a breakthrough, and with the war, Lu Ming's potential in his body was continuously stimulated and transformed into a taboo force. Lu Ming's realm was stabilized, and the combat power was slowly improved. The power after the breakthrough Get up handy.

Another point is that the level of Bingxuan stick is definitely higher than the silver spear in the opponent's hand.

With Lu Mingxiu's stability, the power of Bingxuan Cudgel became stronger and stronger, and he began to suppress the opponent's silver spear.

In a blink of an eye, it was another twenty strokes.

when!

There was another earth-shattering roar, and the two figures backed away.

This time, Lu Ming only took three steps back, but Ye Yu took seven full steps.

"No, impossible, impossible..."

Ye Yu roared, her hair was long and her hair was flying high, it seemed difficult to accept the result.

At the same level, he was not Lu Ming's opponent.

Who is he, he is a human race.

Lu Ming is just a human race, a despicable race.

As you can see from the name, the Celestial Clan added the word '天' in front of them, which meant to suppress the Celestial Clan.

But now, he's so domineering demon evil, actually suppressed by a person of the same class, which makes him proud, unbearable.

And the people of the ancient witch temple are sinking.

The situation is worse than they expected.

If Ye Yu was defeated by Lu Ming, the only thing waiting for the ancient Wuwu Temple was the destruction.

Because, there are treasures that suppress them in Lu Ming. Although they have the fourfold of Divine Emperor and even the fivefold of Divine Emperor, under normal circumstances, it only takes a slap to kill Lu Ming.

But they will be suppressed. After being suppressed, they will be slapped by Lu Ming.

"It's over, it's over!"

The master of the ancient witch temple is full of panic.

Could it be that they are going to die?

Of course, the opposite of their mood is the Great Wizard Temple.

They were extremely fortunate and chose to cooperate with Lu Ming before.

"Nothing is impossible. In my opinion, people will win the sky, and the human race is not invincible!"

Lu Ming spoke coldly, the breath was stronger, and he stepped out, forcing him towards Ye Yu.

Chapter 4166: Power of punishment

Before, Ye Yu took the initiative to attack, but now, Lu Ming wants to take the initiative to attack.

boom!

Lu Ming held Bingxuan stick with both hands, and shouted, Bingxuan stick became as big as a mountain, smashed towards Ye Yu, and the power exuded was even more amazing.

Ye Yu shouted, punctured the silver spear with all his strength, and collided with Bingxuan stick, burst out a violent roar.

As a result, Ye Yu's body retreated backward, a terrible chill, followed by the silver spear, and diffused toward his body, as if to freeze his body.

Lu Ming retreated even less this time.

"The weapon is his weapon. The weapon in his hand is more advanced than mine, so it will suppress me!"

Ye Yu's thoughts changed sharply, and he quickly calmed down.

He believes that Lu Ming is stronger than him because of the reason of Bingxuan stick.

"If there is no weapons, I rely on my own combat strength, and I will be better than him at the same level, then..."

A wise light flashed in Ye Yu's eyes, and a jade symbol appeared in his hand.

Seal of the Forbidden Realm!

Lu Ming knew at a glance that this was a seal in the field of the military ban.

bump!

Without hesitation, Ye Yu crushed the seal of the forbidden field directly.

Suddenly, a mysterious wave quickly radiated out, and the speed was so extreme that Lu Ming and Ye Yu were suddenly enveloped in it.

Overwhelmed by this wonderful power, Lu Ming suddenly felt that he had lost contact with Bingxuan Cudgel. The breath on Bingxuan Cudgel also quickly weakened, and became dull without any breath.

The induction of Lu Ming and Bing Xuan Cang was isolated.

But in the same way, Ye Yu himself was also isolated by the forces in the field of forbidden soldiers, and lost contact with the silver spear in his hand.

Not only that, the light on his suit was dimmed.

In the field of the banned soldiers, all magic soldiers cannot be used.

Naturally including combat suits.

Ye Yu put away the silver spear and was covered with a strange layer.

This kind of power is called the power of the sky, a very powerful force, even in the sky-human race, only a very few people can master it.

"Unexpectedly, you can force me to use the seal of the forbidden field, and I will give you a decent way of death!"

Ye Yu said indifferently, there was a terrible flash of light between his eyes.

His mood is very complicated.

He didn't expect that he also used the seal of the restricted area of the soldiers for one day. Generally, others used the seal of the restricted area of him.

Although there are several signs of the forbidden field in his body, they are only for occasional needs. In fact, he does not think he can use them.

Unexpectedly, in the face of a Lu Ming, the seal of the field of the banned soldiers would be used.

"Very good, let's fight it out with real skills!"

Lu Ming's face didn't change at all.

Without external force, Ye Yu can win him alone?

Can only let the other party down.

Lu Ming put away the Bingxuan Cudgel, kept walking, and rushed towards Ye Yu. The Warrior's Word Strength was triggered six times. The secret techniques in the cell broke out with the power of taboo.

Lu Ming's body was covered with a layer of white glow, exuding horrible fluctuations.

boom!

Lu Ming banged out with a punch, and punched towards Ye Yu with a punch.

This boxing power, which seems simple, actually contains the power of many secret techniques.

It is needless to say that ordinary secret techniques alone contain many kinds of ancient secret techniques.

"The fist of heaven, kill!"

Ye Yu Changxiao, squeezing the fist print in his hand, his hands oscillated several times in a row, and a punch came out.

This punch is also extremely scary, and the void is directly smashed through.

boom!

The two fists were smashed together, and a violent shock broke out between the world, and the bodies of the two also shook at the same time, staggering.

But in an instant, the two stabilized their bodies and killed each other again.

Boom...

The two launched a fierce killing, and the offensive was like a storm, pouring towards the other, and in a flash, they confronted dozens of moves.

To be honest, Ye Yu's combat power is really terrible. In the battle of the same level, the combat power was not much worse than Lu Ming.

Suddenly, Lu Ming deliberately sold a flaw.

"dead!"

Ye Yu seized the opportunity and blasted out like a flash of lightning, hitting Lu Ming.

However, a layer of photomask appeared on Lu Ming's body.

This is not the defense of the armor, but the great defense of one of the three thousand ancient secrets.

The defensive power of the Grand Defense is very amazing. Although it was hit, most of the power was still blocked.

Lu Ming's body trembled, and a sip of blood ran down the corner of his mouth.

But Lu Ming's offensive never stopped, and at the moment he was hit, he also made a move.

This trick also hit Ye Yu.

bump!

Ye Yu's body flew out like a sandbag, a large piece of concave in the chest, spit out a few mouthfuls of blood, and his face was pale.

Obviously, his defense is not as strong as Lu Ming.

"It seems that you really can't do it!"

Lu Ming's indifferent voice came out.

"You die, punishment!"

Ye Yu roared, holding his hands up, as if holding a very heavy weight, and then, in his palm, a flash of lightning burst out.

Yes, it is lightning, but this kind of lightning is completely different from the lightning that Lu Ming encountered before.

This kind of lightning is as white as snow, as bright as the holy light.

However, there is a terrifying and breathtaking gas machine that radiates out.

"This is... Heavenly punishment, Master Ye Yu, actually cultivated a trace of heavenly punishment!"

In the distance, a young man of heaven and humanity exclaimed.

"Really punishment, one of the four strongest forces of our family, the evolution of the force of heaven..."

"Ye Yu, you deserve to be the wicked demon of my family!"

"With the power of heaven's punishment, Muyun will definitely be destroyed!"

Other Celestials also shouted in shock.

Obviously, the power of natural punishment also shocked the Tianjiao's Tianjiao.

Lu Ming's pupils also narrowed slightly, revealing a dignified color.

His instinctive feeling, the power of thunder and lightning, gave him a sense of threat.

"It's your pleasure to die under my punishment. Give me death!"

Ye Yu shouted, and with the palm of his hand, the terrifying thunder blew straight to the landing, and the speed was almost extreme.

"Great Defense, Great Rock, Great Firmness, Great God Tower..."

Lu Ming took a light drink, he urged his strength to the extreme, and used several great ancient secrets in succession.

Among them, only the big defense technique was exchanged by Lu Ming from the Tiangong, and in the chemical tower, it has been cultivated to Dacheng.

The other ancient secrets were all integrated into the cell by him before.

It hasn't reached Dacheng, it's just the entry stage, but all these ancient secrets are all to enhance defense.

With all these combinations, the defense power is also amazing.

boom!

While Lu Ming improved his defense, he also raised his attack power to the extreme, punching out with a punch.

A punching force, bombarded with the power of Ye Yu's punishment.

Zizizi...

The terrifying strength swept across all directions, and a tiny thunder force rushed towards both sides.

Chapter 4167: Suppress Ye Yu

Zizizi...

A tiny thunder, rushing in all directions, rushing a long distance.

"No good, rewind!"

The arrogance of the Celestial Clan, as well as the core disciples of the Tiangong Palace, changed their faces greatly and retreated one after another.

However, many masters of the ancient witch shrine, unable to escape, were directly hit by a small thunder.

Those masters of the Divine Emperor's weight directly exploded and turned into secret runes.

Even the double master of Divine Emperor, his body shook and continued to recede.

Many people were horrified.

The attack of the two was also terrifying. At the moment, neither of them used a big killer, but by their own strength, they actually repelled the double existence of Divine Emperor.

This is too scary.

You know, the cultivation of the two is just God Emperor Jiuzhong.

The sky burst into strength, and then the two figures backed away.

Lu Ming and Ye Yu.

Huh...

After Ye Yu receded, his face was pale and he was panting heavily, his face sweating coldly, and his breath seemed weak.

Obviously, the punishment of the move just now consumed too much power.

On the other side, Lu Ming looked even more embarrassed.

A wound appeared on him, as if torn by some kind of beast, black smoke continued to come out, and blood continued to flow out.

Just now, Lu Ming was still injured, and was injured by the force of natural punishment.

However, it's just that, it didn't have much impact on Lu Ming's combat power.

His lost power is far less than that of Ye Yuduo.

"you..."

Ye Yu's eyes widened, and the staring and staring sounds seemed unbelievable.

Originally, he thought that under his punishment, Lu Ming would be seriously injured even if he didn't die.

However, Lu Ming was only slightly injured, which made him difficult to accept.

"Is this your strongest attack, and it's not great, now, it's my turn..."

Lu Ming's voice came out, and then Lu Ming moved.

With a wave of his hand, a huge magic sword is formed. This is a great magic sword technique.

At the same time, there is also a **** tower emerged, which is the great **** tower technique.

A variety of ancient secret techniques were used by Lu Ming.

Great Kamikaze, Great Fragmentation, Great Destruction, Great Aurora...

A variety of ancient secret techniques, with the blessing of the forbidden power, erupted with amazing power and rolled towards Ye Yu.

A variety of attacks, attacking from different directions, completely enveloped Ye Yu, making it difficult for Ye Yu to dodge.

Ye Yu can only try to resist.

He exploded with all his strength and fought back.

It is a pity that with his current strength, it is already difficult to exert the power of 'natural punishment' again.

Can only be resisted with normal attacks.

The sky is full of ray of light, and the figures of the two are enveloped in, and only a violent roar can be heard.

After about dozens of violent roars, a figure flew out and slammed into the distance.

This figure is Ye Yu.

He used the power of heaven punishment before and wasted too much power. Under the continuous battle with Lu Ming at this moment, his strength was already inadequate and could not stop Lu Ming.

Uh!

Lu Ming followed, rushing towards Ye Yu.

"No, Ye Yu is going to lose!"

"Run away!"

In the direction that Ye Yu flew to, the faces of those in the ancient Wu Temple shattered wildly, where could they stay, and fled everywhere.

Lu Ming was extremely fast. After a few steps, he caught up with Ye Yu and his fists burst out continuously.

Boom...

Fists of force, like meteors, smashed down towards Ye Yu.

Ye Yu growled and resisted with all his strength.

But in his state at the moment, he couldn't resist it anymore. Several punches struck him. He vomited blood and his body burst into several big holes.

His breath was even worse.

"Yao Yu!"

"Muyun, you are bold, you can't stop!"

"You are looking for death!"

The celestial arrogance of other celestial beings screamed madly towards the landing. They were armed with large killers. Their armor radiated a gorgeous glow, but when they rushed into the area of the forbidden army, they wore armor. The glow of Xia Guang immediately dimmed, and the breath of the big killer in his hand quickly faded away.

Their killers and armor were suppressed by the field of banned soldiers.

"Humph, get me off!"

Lu Ming snorted, blasting dozens of punches in a row.

Dozens of punches penetrated the void and slammed into these people. These people did not have a suit and no big weapon blessings. They belonged to the same level as Lu Ming, and the combat power was too far away.

Fisting through, dozens of figures resembled sandbags, retreating backwards, coughing up blood one by one, and was hit hard.

In the distance, those first-class soldiers looked stunned.

It must be known that these people who are shot are either geniuses in the Celestial Clan or the core disciples of the big men in the Temple. Each one is at least equivalent to the candidate level of the universe's arrogance list, but in the face of Lu Ming, it is completely vulnerable. Dozens of people joined forces and were attacked by Lu Mingyi and injured.

However, Lu Ming flew these arrogances with a stroke, and also delayed a little time. Ye Yu took advantage of this opportunity to retreat wildly and wanted to escape.

"Want to go?"

Lu Ming shone a cold light in his eyes, and his body was filled with gorgeous glow.

Great aurora!

He seemed to have turned into an aurora as a whole, and in a flash, the next moment, he had already caught up with Ye Yu, like a blade, cut on Ye Yu.

With a scream, Ye Yu's body was cut in two pieces and flew backwards.

Then, a surprising scene appeared, Feiyu was cut into two bodies, which turned into a ray of light, dissipated, and disappeared from the place.

Then, in the void about tens of thousands of miles away, Ye Yu reappeared, looking pale and landing.

"Muyun, I have written down what happened today. After going out, I will let you die miserably!"

Ye Yu gritted her teeth and squeezed a word out of her teeth.

He felt palpitations, his back was soaked with cold sweat, and he was scared secretly.

This time, if it wasn't for him that he had a hole card, I'm afraid it was dangerous just now.

When did he encounter such danger?

That feeling is really terrifying. This kind of terrifying feeling was actually brought to him by the miscellaneous people of the human race, and it is unforgivable.

"A substitute treasure?"

Lu Ming frowned.

His move just now was very powerful. If he was hit by him, even Ye Yu would have to peel off the skin without dying.

But just now, Ye Yu apparently transferred his attack to another object.

That kind of object, Lu Ming once encountered a similar one, such as the puppet of the Wu clan, but it is much more advanced than that kind.

At this moment, Lu Ming wanted to pursue again, and it was too late. After putting down a sentence, Ye Yu raised his speed to the extreme and fled to the distance.

The other people of the Celestial Clan, as well as the core disciples of the Celestial Palace, also followed the direction of Ye Yu's escape and turned away.

Chapter 4168: Eyes on Divine Emperor Fivefold

Lu Ming didn't pursue him. After all, he was in the Tiangong Palace. If he really killed the Tianjiao's Tianjiao, it would be difficult to explain after going out.

And now even if you want to chase, you can't catch up with Ye Yu.

Lu Ming's eyes turned to those ancient mysteries of the Ancient Wu Temple.

These are his goals.

At this moment, seeing the defeat of Ye Yu and others, the ancient secrets of the ancient witch temple had panic and fled.

The masters of the Great Witch Temple are constantly chasing.

"Stop them and let me deal with them!"

Lu Ming gave the master of the Great Witch Temple a voice.

The master of the Great Wu Temple shouted orders immediately, and ordered the masters under his command to try to stop the people of the Ancient Wu Temple.

It is much easier to stop, not to kill the enemy.

Moreover, the people of the ancient Wu Temple have been dispersed and divided into batches, so that it is easier to block.

The masters of the Great Witch Temple were also dispersed, chasing towards the masters of the Ancient Wu Temple, and blocking the ancient mysteries of the Ancient Wu Temple in batches.

Lu Ming has already started his actions. He performed the big move technique, and his body disappeared in a flash, and when it reappeared, he appeared in the center of the ancient secrets of more than ten ancient witch temples.

In the knowledge of the sea, the ancient ancient stone exudes peculiar fluctuations, and the breath of ten or so ancient ancient secrets immediately weakened.

"not good!"

"Run away!"

These more than ten great ancient secret techniques roared silently and wanted to escape.

However, it is too late.

Lu Ming's double fists exploded, and dozens of punches passed through. These dozens of ancient secrets collapsed and turned into secret runes, and there was a horrified cry from the secret runes.

Lu Ming waved his hands away and collected the dozen or so mystic runes.

Then Lu Ming looked, looking in one direction.

In that direction, there are some powerful presences, very fast.

"The Lord of the Ancient Witch Temple and the Divine Emperor..."

A cold light flashed in Lu Ming's eyes.

In that direction, it is the strongest group of masters of the ancient Wu Temple, with a total of eight people.

One of them is the master of the ancient witch temple, and the other seven are all the existence of the seven emperors of the **** emperor. This is the strongest group of people in the ancient witch temple.

They united and shocked together, at an astonishing speed.

Behind them, the master of the Great Wu Temple took the strongest group of masters in the Great Wu Temple, chasing behind, while chasing and shooting, trying to stop the opponent.

The two sides flew while fighting.

"Leave it all!"

A cold light flashed in Lu Ming's eyes, performing a large shifting technique, and chased directly towards these people. A flash was tens of thousands of miles away.

Yes, when Lu Ming broke through to Divine Emperor Jiuzhong, he performed the big move technique, which was much faster, and the distance moved at once was much faster.

At the time of the Divine Emperor's Eightfold Movement, one move can only move out as far as 10,000 miles. Now, one move can reach as far as 30,000 miles.

In terms of speed, it can be said to have surged.

Seeing Lu Ming chasing, people in the Great Wu Temple were overjoyed.

"Stop them all!"

The Lord of the Great Witch Shout shouted and shot with all his strength.

The main edifice of the Great Witch Temple is also the fivefold of the Divine Emperor. One shot, it is really amazing, one attack after another, turned into a gorgeous glow, and blasted towards the people of the ancient Wu Temple.

Those **** emperors' fourfold existence trembles in their hearts.

Divine Emperor's fourfold faces Divine Emperor's fivefold. There is so much difference that they can't stop it.

The attack of the Great Wu Temple Lord can only be blocked by the Ancient Wu Temple Lord.

If the master of the ancient witch shrine did not take action, then the fourfold existence of these **** emperors, without Lu Ming killing them, would be killed by the master of the witch shrine.

Therefore, he can only resist.

In this way, their speed will be much slower.

Lu Ming kept coming.

I saw Lu Ming continuously flashing in the air, and every time it flashed, it crossed a distance of 30,000 miles. The distance between him and the former master of the Ancient Wu Temple Temple was rapidly narrowing.

The lord of the ancient witch temple, as well as the fourfold existence of those divine emperors, his face changed and became extremely ugly.

"Scatter and walk, one is one!"

The ancient witch shrine lord roared, and he exploded with all his strength, blasting out a strong blow, blocking the attack of the big witch shrine lord.

The triple existence of the other seven Divine Emperors took this opportunity to rush in all directions.

"Stop them!"

The lord of the Great Wu Temple shouted, and he also broke out with all his strength, turning it into a great ancient secret technique to confront the Lord of the Ancient Wu Temple.

The four masters of the Divine Emperor under the Great Wu Temple, bit the master of the Ancient Wu Temple.

Both sides fought all the way.

The masters of the Great Wu Temple do not seek to kill the enemy, they only seek to contain it. It is impossible for the people of the Ancient Wu Temple to want to get away at once.

Because the strength of the two sides is similar, although the masters of the Great Wu Temple are only pinned down and do not seek to kill the enemy, if they are not careful, the people of the Great Wu Temple will definitely send a fatal blow.

As a result, their speed is simply not much faster.

In this way, within a minute, Lu Ming caught up with the existence of one of the Divine Emperors.

Seeing that Lu Ming was catching up, the master of the fourfold **** of the ancient Wu Temple, with a terrible murderous opportunity in his eyes, shouted: "I don't believe, you can suppress me, kill!"

The person burst into roar and was completely angry. Instead of advancing, he rushed to Lu Ming and issued a Xeon strike.

However, when his attack, or himself, was close to the area covered by the ancient ancient stone, the attack was like a candlelight and went out.

His own breath also weakened sharply.

"Do not..."

The existence of the Divine Emperor's fourfold, his face changed wildly, and there was no more terrible murderous opportunity, and some were just panicked.

"Get on the road!"

Lu Ming opened his mouth indifferently, and punched out. The fourfold existence of this Divine Emperor broke up directly, and the body collapsed into a mysterious rune, which was held by Lu Ming in his hand.

"It's so easy..."

On the side, the Divine Emperor of the Great Wu Temple existed in fourfolds. When he saw this scene at close range, he gaped and took a breath.

Although it was expected, but seeing a person who was not weaker than him was easily killed by Lu Ming with a punch, it was still difficult to calm down.

"Go help others!"

Lu Ming said something about this person.

"Yes Yes Yes..."

The man nodded quickly and rushed towards the distance to help others stop the ancient Wu Temple.

"Can easily suppress the fourfold of Divine Emperor, it should not be difficult for the fivefold of Divine Emperor!"

Lu Ming glanced at the master of the ancient witch temple, and then flashed in shape, rushing toward the direction where the great witch temple and the ancient witch temple met.

The five heroes of the two Divine Emperors were in a terrifying battle. It was a terrifying area. No one dared to approach a large area. The area was completely transformed into a ruined area.

As long as it is close to that area, even the fourfold existence of Divine Emperor will be destroyed.

Chapter 4169: Kill the Lord of the Ancient Witch Temple

In the area where the Divine Emperor's five major battles took place, to be honest, Lu Ming didn't dare to hurry up. When he was near that area, he did not continue to perform the big move technique, but stopped and approached by flying.

Because, the periphery of that area is relatively safe.

If you can't afford it by flying, you can choose to go back.

After all, not long after he had obtained the ancient ancient stone, he had not yet figured out the specific effects of the ancient stone. Whether he could suppress the existence of the fivefold of the emperor, he had not tried it and had to be careful.

After all, that's the fivefold existence of Divine Emperor, which is too different from him.

If the ancient **** stone can not suppress the other party, it will be very dangerous.

Don't say that the first-class Sky Armor can no longer be used. Even if it can be used, there will be no **** left by Lu Ming.

However, it turned out that Lu Ming was worried. When Lu Ming approached this area, the violent destruction of this area was like ice and snow meeting the flame and melting directly.

There is no impact on Lu Ming, Lu Ming is unobstructed.

The master of the ancient witch temple changed his face, and retreated, and wanted to retreat.

And how can the Lord of the Great Witch Temple allow him to retreat and try to haunt him.

"Get away from me!"

The ancient Wu Temple Lord shouted, regardless of the cost, made a move with all his strength, and made a move with the Great Wu Temple Hall Lord, with the help of this power, his body retreated.

"Hugh wants to go!"

The main lord of the Great Wu Temple shouted, slightly retreated, and rushed towards the other side, attacking desperately.

As a result, even if the main lord of the Ancient Wu Temple retreats, the speed is greatly affected.

At this time, Lu Ming had no worries, he knew that the ancient ancient stone, even the Divine Emperor Fivefold, could form a suppression.

He directly performed the big move technique and chased toward the other party.

Once the big move technique is performed, the speed is very fast, and the distance between the two sides is continuously shortened.

The face of the Lord of the Ancient Witch Temple changed.

As one of the two great overlords of the ancient world, he didn't want to die. He still had ambitions that had not been completed. He wanted to unify the ancient world.

"Muyun, bypass me, let me take a path of life, as long as you let me take a path of life, I can give you whatever you want, if you want ancient secrets, I can give you all..."

"What treasure you want, I can give you all, what the Great Witch Temple gives you, I can give you double, even more..."

The master of the ancient witch temple shouted.

At this time, as long as you can survive, you can do so at any cost.

The Great Wu Temple is nothing more than a benefit to Lu Ming, he can give more.

Upon hearing this, the face of the Lord of the Great Sorcerer's Temple changed slightly, for fear that Lu Ming would answer the request of the party.

Even, he was afraid that Lu Ming cooperated directly with the ancient Wu Temple, and in turn dealt with their Great Wu Temple, which would be a disaster.

His heart lifted up involuntarily.

But immediately, he was relieved.

"No interest, my purpose is to get rid of you!"

Lu Ming spoke indifferently.

He remembered Shengqiao.

He had promised to cross Shengqiao and wanted to avenge her and the Sheng family.

Now that he has agreed and is capable, he will definitely do it.

The ancient witch temple, when destroyed!

"you..."

The Lord of the Ancient Wuxian Temple was extremely ugly, and his heart kept sinking. He desperately wanted to escape, but the Lord of the Great Wuxian Temple entangled him so that he could not escape with all his might.

On one occasion, because he wanted to retreat faster, he was almost hit by a killer from the Lord of the Great Witch Temple.

Lu Ming was closer to them.

"Go to die..."

The Lord of the Ancient Witch Temple completely exploded, and roared, his body, like a volcano erupting, a horrible and hot force, rushing towards the landing screams, and the space passed into a void Inky.

That's because everything in that void is destroyed.

However, when this terrible force came close to Lu Ming for a certain distance, it disappeared directly, which had no effect on Lu Ming.

"Great Aurora!"

Lu Ming thought about it, and performed the Great Aurora. The whole person turned into an aurora, rushed out, and immediately approached the master of the ancient Wujin Temple within a certain range.

This range is already within the envelope of the ancient ancient stone.

The breath of the Lord of the Ancient Witch Temple diminished sharply.

In the same way, the main lord of the Great Witch Temple is also within the envelope of the ancient ancient stone, and his breath has also weakened sharply.

"Ah, no!"

The lord of the ancient Wu Temple shook his face wildly. He felt that he was weak many times, and even an ordinary Divine Emperor was no longer as important as he was, and he was directly pressed down into the Divine Emperor Realm. Then, he desperately retreated.

However, Lu Ming will let him back?

boom!

Lu Ming erupted in a splendid glow of light, hitting with a punch, directly bombarding the main body of the ancient witch temple.

With a bang, the opponent's body burst apart, and like the ancient ancient mystery bombed by Lu Ming, it turned into a mysterious rune, and Lu Ming waved his hand into the storage ring.

"The Lord of the Palace is dead!"

People who saw this scene in the ancient witch temple shouted in horror.

Even the lord of the ancient Wujin Temple was killed, which ruined their only hope.

The morale of the ancient witch shrine was lost.

On the contrary, the morale of the Great Witch Temple is soaring and exciting.

"Master, help me stop others!"

Lu Mingdao said, his figure flashed, and he rushed to the fourfold existence of other Divine Emperors.

After Lu Ming left, the repressive power disappeared. At this time, the master of the Great Wu Temple shouted a long breath, feeling that the cold behind was already wet by cold sweat.

The feeling just now is terrifying.

He felt that if Lu Ming wanted to shoot him, his ending would be the same as the ending of the ancient Wu Temple Lord.

"What on earth does he have? Why can it suppress us?"

"Forget it, this person can't offend, only make good friends, good friends..."

Several thoughts flashed in the heart of the Great Wu Temple Lord, and then rushed towards the **** of the ancient Wu Temple.

Next, there is no suspense.

In the face of Lu Ming, the Divine Emperor Sizhong is difficult to resist.

In addition, the Lord of the Great Witch Temple also freed his hands, as long as he was overtaken by him, there was only one way to die.

In this way, it didn't take long for all the masters of the four gods of the Ancient Wu Temple to be killed.

Lu Ming kept on going and continued to the other ancient secrets of the ancient Wu Temple.

These can all represent the ancient ancient secrets, and they can be directly controlled by him, and they can also improve the cultivation. Can Lu Ming let it go.

The ancient secrets of ancient witch shrines were killed by Lu Ming and turned into mysterious runes, which were collected into the storage ring by Lu Ming.

After a period of time, most of the ancient mysteries of the ancient witch temple were killed. Of course, it is impossible to leave all of them, and there are still a part.

Chapter 4170: Crazy Rune of Mystery

A great battle ended with a victory over the Great Witch Temple.

At the scene, a piece of cheering came from the Great Witch Temple.

This time, the ancient Wu Temple was destroyed, and the upper masters were almost dead and wounded. Later, the ancient world was completely ruled by the Great Wu Temple.

How can it not make them happy.

"I got nearly 300 mystic runes!"

Lu Ming thought carefully, a smile appeared on his face.

Since the beginning of this battle, he has received nearly 300 mysterious runes, and the ancient witch shrine has nearly three hundred ancient mysteries, which were bombed by him.

This is a big gain.

"Little Brother Muyun..."

At this moment, the main lord of the Great Witch Temple came to the landing Ming Fei, with a smile on his face, showing how happy he was in his heart.

"Master!"

Lu Ming clenched his fists.

"You should need these mystic runes!"

The master of the Great Wu Temple took out a storage ring and handed it to Lu Ming.

Lu Ming took it, swept his spirit, and the smile on his face was even stronger.

Among the storage rings, all are ancient ancient mystical runes, as well as various ordinary mystical runes.

Lu Ming made a rough estimate, there are about two hundred ancient mystical runes and thousands of ordinary mystic runes.

There are so many masters in the ancient witch temple, it is naturally impossible that all of them were killed by Lu Ming. Some of them were killed by the masters of the big witch temple. In the hands of the Lord.

Now, the master of the Great Witch Temple gave Lu Ming their runes, and they gave Lu Ming a good deal.

Lu Ming was also polite and accepted them all.

There are about 800 ancient secrets in the ancient shrine, more than 500 have been killed, and about 300 have not escaped.

"If there are so many mystic runes, if I merge, can I help me break through to Divine Emperor Realm?"

Lu Ming's eyes flashed fiery.

There is a huge gap from Divine Emperor to Divine Emperor.

At the same time, it is also a heavenly trap, trapped by countless **** emperors.

If he can break through in one fell swoop and reach Divine Emperor Realm, his combat power will skyrocket.

Thinking of this, Lu Ming couldn't help but look forward to it.

"The lord of the palace, there are still some fish in the net, what are you going to do?"

Lu Ming said.

"Nature is killing, I will send people to search the world, find them out, kill them all!"

The icy cold light flashed in the eyes of the master of the Great Witch Temple.

Lu Ming nodded and said, "That kind of mystic rune is very useful to me. I hope you can give it to me when you get it."

"This is natural!"

The Great Wu Temple nodded again and again, now he just wanted to make a good deal with Lu Ming, where would he refuse.

After a good discussion, Lu Ming stepped out and came to those first-class soldiers.

All first-class soldiers have a complex look at the landing sound.

Obviously, the biggest gain this time was Lu Ming.

However, some people sneered in their hearts. Lu Ming offended Ye Yu this time and offended the Terran clan. After going out, I am afraid the life is not so good.

"Next, what are your plans?"

Lu Ming asked the first-class soldiers.

They can stay in the ancient world for three years at the longest.

But it does not mean that they have to stay for three years before they can go back. They can go back at any time, as long as they contact the masters of Tiangong outside.

"All the gains here should have been obtained, and it is meaningless to continue to stay, we plan to go out first!"

A first-class soldier.

The others nodded.

"Oh, then you go out first, I have to wait for a while!"

Lu Ming said.

The remaining ancient secrets of the ancient witch temple, Lu Ming has not yet gotten, how can he leave easily, he plans to wait for a while, and wait for those secret spells to leave before leaving.

Anyway, as long as you leave within three years, there is no problem.

"Then take care!"

Some of those first-class soldiers thought that Lu Ming was afraid to go out and avoid Ye Yu and others.

But what about staying for a few more years, sooner or later?

Uh, uh...

These first-class sky soldiers broke away and disappeared here in an instant.

Lu Ming followed the master of the Great Wu Temple and returned to the Great Wu Temple.

The next thing that ended, Lu Ming was too lazy to take care of it.

Anyway, some of the top masters of the Ancient Witch Temple have been killed. Although there are nearly three hundred ancient secrets, most of them are Divine Emperor first, a few Divine Emperor double, as for Divine Emperor triple protection, Very few.

The remaining people, more than enough to deal with the Great Wu Temple.

He just has to wait for the harvest with peace of mind.

Lu Ming was simply in the Great Wu Temple and found a place to retreat.

"Let these runes of the ancient secrets be integrated into the cells first, and see if we can make breakthroughs in one fell swoop!"

Lu Ming thought, and then took out a few mystical runes, and merged into the cell.

Immediately, Lu Ming took control of this secret technique and felt that it worked smoothly and reached the entry stage.

At the same time, among these cells, pure and powerful energy diffused out and poured into every cell in the body to increase the strength of the taboo force. Lu Ming obviously felt that his strength had increased.

Lu Ming practiced quietly for a while, and after fully digesting this force, Lu Ming continued to take out a few runes and merged into the cell.

In Lu Ming's hands, there are still about seven hundred ancient mystical runes. He didn't integrate so many mystical runes into the cells at once, but several pieces.

Because, when hundreds of mystic runes are merged at once, there will be a terrifying power. When the cultivation base is not broken, the powerful energy will support him alive, and it will be wronged.

Still slowly, take your time to be safe.

With the integration of several pieces, Lu Ming's cultivation practice is also rapidly improving.

Of course, at the beginning, Lu Ming merged into the magical rune of Divine Emperor.

When about one hundred secret runes were merged, Lu Ming's cultivation practice reached the peak of Divine Emperor Jiuzhong.

Here, it is already a limit of the Divine Emperor Realm, and further up, it is the Divine Emperor Realm.

"Incorporate a few more mystical runes and rush up in one go!"

Lu Ming's eyes flashed, and then took out ten secret runes.

And these ten mystic runes are all three-fold mystic runes.

He has also integrated the Divine Emperor's Triple Secret Rune before. According to his experience, the integration of Ten Divine Emperor's Triple Secret Rune at once should help him break through the bottleneck of Divine Emperor Realm.

Even if it's not enough, it's not much worse.

As soon as the mind moved, the ten mystic runes merged into ten different cells.

A familiar feeling came, and Lu Ming found that Lu Ming had mastered the ten great ancient secrets.

Next, he waited for the pure energy to appear in the cells to help him break through.

However, Lu Ming waited for a while, there was no energy in the ten cells.

"what happened?"

Lu Ming frowned.

According to experience, time has passed.
