

D Emperor 4181

Chapter 4181: Nine limit

Roar!

The triple demon roar of the Divine Emperor brought up violent energy and rushed towards the landing Ming. The terrible pressure made Lu Ming tight all over.

The Divine Emperor is triple, and the fighting power is absolutely powerful.

In the ancient world, after Lu Ming broke through to Divine Emperor Jiuzhong, with the help of Bing Xuan Cudgel, he was able to fight against Divine Emperor Triple.

Now, Lu Ming does not use any external force, but only on his own combat power.

The body trembles, the whole body vibrates, and the gorgeous glow covers Lu Ming. Various secret techniques work, and a punch blows out.

boom!

The two's attacks collided together, evoked violent energy, and swept through all directions.

Then, Lu Ming shook his body, retreating back involuntarily, and withdrew more than ten steps in a row, before he stood firm.

And the demon just shook his body.

Then, continue to rush towards the landing Ming.

"My strength is no match..."

Lu Ming moved.

He found that his strength was a little weaker than that of the other party. He had to fall in the wind just now.

"Come again, try a few more tricks!"

Lu Ming whispered, and his figure rushed out to fight with the other party.

boom! boom! boom!

The two figures are constantly confronting in the air, fighting fiercely, and the battle is fierce.

In a flash, a dozen tricks were played.

However, Lu Ming was still in the downwind, and every move he had to be retreated. After a dozen moves, he was retreated for several kilometers.

He felt numb all over, and there was a trace of blood at the corner of his mouth.

"Then, let's try seven times the fighting strength!"

boom!

In Lu Ming's body, there was a roar, and in the sea, the word of war was slightly shining.

Lu Ming triggered seven times the fighting strength of the Zhanzi Juice.

The six-fold combat strength of the warfare tactics has long been cultivated to the peak by Lu Ming, and can achieve a 100% success rate.

Later, when Lu Ming is free, he will practice the seven-fold combat power.

Although most of his energy is in the ancient secrets in the chemical tower, he occasionally spends a little time to understand the war character tactics.

Today, he has cultivated seven times the combat power of successful warfare.

Although it cannot achieve a 100% success rate, it can also succeed once in ten times.

In the previous war, Lu Ming was already trying to trigger a seven-fold combat power, and now he finally succeeded.

After triggering seven times the combat power, Lu Ming rushed to the other side, and the two faced a blow.

boom!

There was another violent roar, and then a figure retreated backward.

Lu Ming, or retired, is still Lu Ming.

Nothing has changed in the past.

"what happened?"

Lu Ming's face changed.

Earlier, he engaged in this demon's triple demon, and fell a little bit down. Lu Ming probably judged that he probably had a fighting power.

In God Emperor Realm, he is probably able to fight across nine levels.

There are nine levels. If it is spread, it will scare people alive.

You must know that the candidates for the universe's arrogance list can only cross four levels.

Those who can fight across five levels are already known as unparalleled in the world.

Like a fighting god!

Lu Ming has now crossed nine levels.

However, Divine Emperor Jiuzhong to Divine Emperor Triple, which should differ by ten levels.

Therefore, Lu Ming fell.

He originally thought that it triggered a seven-fold combat power, and he should be able to raise the combat power to compete with the opponent.

However, when he triggered the seven-fold combat power, he found that the situation had not changed at all.

He still can only fight across nine levels.

How is this going?

Lu Ming was puzzled.

"Continue to fight!"

Lu Ming continued to explode with full force and rushed to the demon.

The two sides continued to engage in fierce confrontation, but after the battle, he was still completely suppressed, falling down, not the opponent of the other side, every collision, are retreating.

Lu Ming judged that his combat power has always maintained the level of fighting across nine levels.

He withdrew seven times the fighting power and kept it six times as powerful as the seven times.

Or, he broke out seven times the fighting power, and the taboo power stayed a little, still keeping fighting across nine levels.

"Could it be the limit to fight across nine levels?"

Lu Ming thought.

After many attempts, it turned out to be true.

Lu Ming once also speculated that the taboo body could not be improved indefinitely, and it should have limits.

Now it proves that Lu Ming speculates that there is nothing wrong, there is really a limit.

In God Emperor Realm, fighting across nine levels is the limit. It is impossible to fight across ten levels.

Even if Lu Ming later incorporates more secret runes, it is estimated that his ultimate combat power is here, and it is impossible to continue to improve.

After fighting for a while, Lu Ming was sure that his limit was to fight across nine levels.

"about there!"

Lu Mingsi thought, and then no longer engaged in battle, the figure backed away, intending to leave here.

The purpose of his coming to the virtual demon canyon is to test his ultimate combat power. Now that he has tested it, there is no need to stay.

However, the demon of the Divine Emperor's triple-folded demon, screaming at the landing, roaring.

"Annoying!"

Lu Ming frowned, Bingxuan stick appeared in his hand, a stick blasted towards the demon.

With a bang, the demon exploded directly and disappeared into energy.

Spike!

Lu Ming can now barely contend with a master of the Divine Emperor's Triple Masters by relying on his own combat power, and take out the Ice Profound Stick. This kind of existence is naturally a direct spike.

Lu Ming then left the virtual demon valley unimpeded and returned to his place of residence.

Uh!

When Lu Ming approached the place where he lived, a dark gun stabs him in front of Landing Ming. The speed is astonishing and the attacking power is also amazing.

Lu Ming did not want to think, so he punched out.

when!

Lu Ming's fist collided with the black spearman. At the next moment, Lu Ming's body thundered, and he felt a force of mountains and rivers come in, making Lu Ming's body retreat.

"Good, the strength of this guy..."

Lu Ming was not surprised but smiled.

He is too familiar with the ball and knows it without looking at it. It was the ball that attacked him just now.

The ball's attack power actually surpassed him.

Sure enough, a round ball rushed out, it was the ball.

He twirled around the landing and yelled, "Lu Ming, how is it? Now that my strength is not strong, I finally surpass you, ha ha ha!"

The ball laughed with pride.

"Ball, your cultivation base has broken through the Divine Emperor Realm, it's not right, it's not just..."

Lu Ming looked at the ball carefully, his eyes widened.

He found that the ball has not only broken through the Divine Emperor Realm, but also cultivated far beyond the Divine Emperor's weight, which has already reached the Divine Emperor's Triple.

Not seen in two hundred years, the practice of the ball has soared so much, even across multiple levels.

Chapter 4182: Pursuing the traitor to Tiangong

With the power of the ball, Xiu to reach the triple of Divine Emperor, I am afraid that he can kill the existence of Divine Emperor.

No wonder he was hit by the ball just now.

I'm afraid the ball didn't use all its strength.

"That is of course. Two hundred years ago, you ate those treasures for me, and I was about to break through soon. Sure enough, I broke through soon. In the past two hundred years, I kept refining those treasures and cultivated into the rapid advance, reaching the Divine Emperor. Triple, also realized several powerful secret techniques!"

The ball showed a row of sharp fangs, hehe laughed straight.

Lu Ming is also really happy.

The last time I exchanged so many broken magic soldiers for the ball, it really was worth nothing.

Now, the ball must be a big help for him.

In addition, he only knows that the ball repair has improved a lot, and he does not know whether the ability of the ball to fight across the ranks has improved.

According to the experience of the broken ball in the last refining of the ball, the ability of the ball to fight across the stage should also be improved.

In this way, the ball's combat power is more difficult to guess.

However, the stronger the ball's combat power, the better.

"The ball and the ball are all triple, and I am still stuck in the **** emperor Jiuzhong. I have to find a way to break through!"

Lu Ming frowned and felt a strong sense of urgency.

Before, Lu Ming didn't feel much urgency, because of his combat ability, he could continue to improve.

But it won't work now.

Now that his combat power has reached its limit, no matter how he cultivates, he can only fight across nine levels and cannot be improved.

How could this prevent Lu Ming from feeling urgent?

Because no further breakthrough is a waste of time and will be caught up by others.

For example, the ball is much better than him.

Other Tianjiao have adventures, and cultivation will still advance by leaps and bounds.

"If you want to break through, you need to go out for adventure and practice. I will see if there are any missions in Tiangong. While completing the missions, I will practice and earn some merit..."

Lu Ming thought.

Having made up his mind, Lu Ming left here, intending to see if there was a suitable task.

But flying halfway, Lu Ming stopped and took out the identity token.

Because the news came from the identity token just now.

"It's a coincidence with a mission..."

Lu Ming was slightly surprised, quite surprised.

Because in the identity token just now, there was news from the senior officials of Tiangong, and there was a task assigned to Lu Ming.

It has to be said that this is a coincidence. Shortly after Lu Ming left the border, he just wanted to pick up the task himself, and there was a task.

According to the prompt of the mission, Lu Ming came to a large square.

When Lu Ming came, he saw a group of people gathered on the square.

These people are divided into batches of about ten people.

"All first-class soldiers!"

Lu Ming found that these people were almost all wearing golden armor, and all of them were first-class.

First-class soldiers, most of them exist in Divine Emperor Realm.

A group of about twelve first-class soldiers.

In front of a group of first-class sky soldiers, stood a figure wearing purple gold armor.

God will!

The one wearing the purple gold armor is the **** general.

In front of a god, twelve first-class soldiers stood.

At a glance, Lu Ming saw at least a dozen batches of first-class soldiers.

Lu Ming grimaced.

What is this task, so many experts need to be dispatched?

More than a dozen groups of people are all first-class soldiers or **** generals. This is a master of a dozen or so Divine Emperor Realms.

"You, come here, here!"

When Lu Ming came here, a **** turned his eyes on Lu Ming and waved at Landing Ming.

Lu Mingfei passed by and found that there were only nine Heavenly Soldiers in front of this god.

Lu Ming fell among nine first-class soldiers.

No one spoke, waiting quietly.

Lu Ming didn't say anything. Although he doesn't know the specific task yet, I believe that after a while, there will be an answer.

As time passed, there were still people coming.

Soon, among Lu Ming's group, twelve first-class soldiers gathered.

Not only that, there will be gods and other first-class soldiers coming behind.

Finally, there are eighteen teams here, each of which consists of a **** general and twelve first-class soldiers.

"Okay, people are almost here. Now tell you about the next task!"

At this time, one of the gods will speak.

Lu Ming can see that this **** will be a human race.

Of the eighteen **** generals, only two are generals.

The identity of the **** of heaven and human race is naturally higher than that of other people.

The eyes of everyone looked at this **** of heaven and human race, waiting for the other party's following.

"Next, our task is to hunt down the traitors!"

God of Heaven and Humanity will say.

"Chasing down the traitor? Did a traitor appear in Tiangong?"

Everyone was shocked, and one by one showed surprise.

In the time of the Tiangong, the Tiangong ruled the vast universe, and traitors rarely appeared.

Because once a traitor appears, it is tantamount to finding death, and can not escape the chase of Tiangong.

"I will wait to die for Tiangong!"

There was a wait for the soldiers to cry, and they had already started flattering.

However, more people did not speak.

"Very well, the traitor we are going to kill is called Lord Mengxu..."

The **** of human race will continue to say.

"What? Divine Lord?"

"It is the existence of God's Lord Realm, God, let's go after God Lord, isn't it to die?"

Before the **** of the human race would speak, someone cried out in shock.

Even if others didn't speak, they took a breath of gas and showed horror.

This time the traitor is actually a god.

Moreover, let them chase down the Divine Lord, isn't that to find death?

They are just Divine Emperors. Facing Divine Lord, no matter how many people there are, there is only one way to die.

"What are you in a hurry? Do you think we don't know how strong the Divine Lord is, and it's not a joke for you to chase down the Divine Lord?"

The **** of the human race will drink coldly.

Everyone calmed down.

Indeed, it is impossible for the Tiangong to let them chase down the Divine Lord, because it has no effect at all, except to die.

"Dream Lord God, even in the strong man of God's realm, it is a very powerful existence, but this point does not need to worry about us, naturally, Lord God, there will be a corresponding strong man to deal with!"

"Our goal is a few disciples of the Mengxu God Lord!"

"Several disciples of the Mengxu God Lord, although their cultivation levels are not very high, but their talents are very amazing, and they must not be spared. Do you understand?"

God of Heaven and Humanity will say.

"understand!"

Everyone answered with a sigh of relief.

It was just a few disciples of Mengxu God Lord.

"This time, chasing down the Lord Mengxu God, not only us, but also some others, we mainly surrounded some routes to prevent the other party from escaping!"

"Mengxu Divine Lord took a few apprentices and went to the area of Burning Heart Starfield Group. We immediately set off and went to Burning Heart Starfield Group."

God of Heaven and Humanity will say.

"Yes!"

Everyone responded.

Chapter 4183: Lord God's Heart

The Burning Heart Starfield Group is a very high-level starfield group. The vast expanse here is more than 100 times larger than the Tiehai Starfield Group.

During this time, all the wormholes in the Burning Heart Starfield Group have been blocked by the strong in the Heavenly Palace.

These people Lu Ming were scattered in the Burning Heart Field Group, each team guarded one direction, and then slowly surrounded towards the core area.

As soon as the Mengxu God Lord and his apprentices appeared, they would rush up and envelop each other.

At this time, there were several figures in the northern part of the burning heart star field group, flying fast.

There are four people in total, all of whom are women.

A middle-aged woman and the other three are all young women.

If Lu Ming is here, he will definitely be shocked.

Because one of the three young women is Qiuyue.

Qiuyue is a disciple of the Lord Mengxu.

The middle-aged woman is the dream god.

Mengxu God Lord is extremely powerful. She takes three disciples with a single energy, constantly shuttles the void, faster than moving, and the endless planet is left behind by them.

However, Lord Mengxu's face is still heavy, because she knows that her whereabouts have been exposed, Tiangong will definitely send a large number of strong men to kill them, whether they can escape, or two things.

"Three disciples, this time, it's for the teachers to hurt you!"

While flying, Mengxu God Lord sighed.

"No, wherever the master said, the will of the master is our will. If it weren't for the master, I'm afraid I would have died!"

"Sister Sister is right, and Tiangong is so mean, we naturally don't need to be loyal to them, leaving is normal!"

"We absolutely support Master!"

The three men of Qiuyue nodded one after another, expressing their support for Mengxu God Lord.

"Good student, but this time is dangerous and unpredictable. Once you encounter something unexpected, you can escape, try to escape, not to be a teacher, especially Qiuyue, your task is very heavy, you must not have anything to do, you must be able to catch up Go to that place..."

Mengxu God Lord told.

"Master..."

Qiuyue's eyes were red.

To be honest, at the beginning, Lord Mengxu forcibly took Qiuyue to Tiangong. Qiuyue was disgusted and unwilling, especially after much inquiries, she learned that Lu Ming was trapped in the dragon clan.

She repeatedly tried to find Lu Ming from the Dragon Mother Star, but she was stopped by Mengxu God Lord, and she complained more in her heart.

But besides this matter, Lord Mengxu is really good to her, just like treating her own daughter, passing all her skills to her, all kinds of treasures, all kinds of resources, also should have the heart.

After a long time, Qiuyue's complaints against the Mengxu God Lord naturally disappeared.

After all, people's hearts are fleshy.

"Betrayed the Tiangong and wanted to escape. It's really naive!"

At this moment, an indifferent voice came out, and then, the void collapsed, a spear pierced the void, and spurred toward the Lord of Dream Void.

Horror, terrifying terror.

The spear pierced, as if piercing the whole universe into a hole, around which stars were annihilated, and even a few stars were directly extinguished.

This is the strong shot of God's main realm, with the power to destroy the world.

The face of Mengxu God changed, and her body was filled with colorful glow. Then, she pointed out with a finger, and a colorful finger burst out with her spear.

boom!

As if the figure of the Big Bang sounded, large stars turned into chaos, and endless stars were annihilated under the force of terror.

Horror, terrifying terror.

Fortunately, these nearby planets are not life planets, otherwise, there will be endless souls annihilated by that trick just now.

Buzz!

The spear kept shaking, flew back, and was caught by a big golden hand.

Then a burly figure stepped out of the void, holding a spear, long golden hair flying, and a terrifying momentum, so that a large starry sky was shaking.

On the other side, the main form of Mengxu God flickered and drifted backwards. At the same time, she protected Qiuyue's three people with a colorful glow.

Without the guardianship of the Mengxu God Lord, in the horror just now, the three of them are absolutely dead.

"Jeshen Tianjun, you came here in person!"

When Mengxu Lord saw the person in front of him, his face changed, and in the cold voice, there was a deep dignified color.

Yashen Tianjun, even in the existence of God's main realm, the strength is very strong, not weaker than her.

"Mengxu, why do you betray Tiangong? Tiangong didn't treat you badly?"

Yashen Tianjun spoke coldly, fighting like a madman, and the breath of terror emanated, so that the stars in the stars farther away were trembling and shaking.

"Jesus, what Tiangong is doing, you should know more than anyone. Tiangong regards the tribes of the universe as what, and you should be more clear. Do you think I should stay in Tiangong?"

Mengxu God asked coldly.

Yashen Tianjun's face sank and said: "It seems that you know a lot, since it is so, it will leave you even worse, dream empty, obediently hand over the heart of the Lord God, I can give you a happy, otherwise, you should know the means of Tiangong!"

"If you want to fight, you want to fight, you want the heart of the Lord God, impossible!"

Mengxu God coldly drank, her voice just fell, and she took the initiative to step forward. The seven-color glow of her body was more intense, and among them, there are three kinds of glow, the color of which is the most intense, and it is more bright than the sun.

"Mengxu Shenzhi!"

The Lord Mengxu took a light drink and pointed it out. A finger filled with seven-color glow formed. It was extremely huge, and it was even greater than the formation. It rolled towards Yeshen Tianjun.

Wherever he passed, the void became chaos, and everything became nothing.

The Divine Lord is too powerful, almost standing at the pinnacle of the universe.

Moreover, the Lord Mengxu is not an ordinary God Lord.

"court death!"

Yashen Tianjun drank coldly, his body was shrouded in terrible power of the sky, and his spear was like a sword of war.

The spear suddenly grew larger, traversing the cosmic sky and colliding with seven-colored fingers.

boom!

A more terrifying roar erupted, and this void was completely annihilated, and there was nothing left.

The figures of Mengxu God Lord and Ye Shen Tianjun flickered at the same time, and then fought together.

At the same time, a force enveloped Qiuyue's three people, and the three of them appeared out of hundreds of millions of miles.

"Go, go to that place, and send the heart of the Lord God to that place!"

The voice of Lord Mengxu God sounded in the ears of Qiuyue.

"Master!"

Qiuyue exclaimed with tears in her eyes, full of worry.

"Come on, I won't be okay, you stay, I have to take care of you with distractions, go on, this is the order for the teacher!"

The Lord Mengxu shouted.

"Master, take care, you must live!"

Qiuyue gritted her teeth, and then turned around and left with the other two.

They also understood that their stay was completely a burden to the Mengxu God Lord, without any slight help.

Chapter 4184: Goodbye Qiuyue

The Mengxu God Lord and the God God Tianjun are in a fierce battle, and the Qiuyue three people continue to fly in the direction they want to go.

At the same time, Lu Ming also got the news.

"The traitor appeared, and the Lord Mengxu God has been blocked by the God Tianjun, leaving her three disciples. Let's go, it's time for us to make contributions!"

Lu Ming, the **** of their team, said brightly.

This **** general is one of the two heavenly human **** generals that Lu Ming has seen before, and his strength is very powerful.

Everyone had no doubt about him, followed the **** of the human race, stepped into a wormhole, the next moment, appeared in a strange starry sky, and then flew away in one direction.

They all have the cultivation of Divine Emperor Realm, the speed is too fast, flying, faster than some short-distance transmission arrays.

In the Divine Monarch Realm, ordinary people will inscribe a short-distance teleportation array on their bodies, which can directly stimulate the teleportation array on the body to carry out a single transmission.

But in fact, in the Divine Emperor Realm, this short-distance teleportation inscribed on the body has little effect.

Because of the existence of Divine Emperor Realm, full flight in the starry sky can directly break the void, and the speed is faster than the short-distance teleportation array that excites the body.

What's more, it takes time to stimulate the teleportation array on your body.

They continued to move forward, and a large number of stars were left behind by them, crossing one after another.

boom! boom! ...

Suddenly, there was a violent roar in the front, a ray of shining light, colliding, as if the stars burst, illuminating Tianyu, even if they were far apart, they could all be seen.

"Here we are, the disciples of the Mengxu God Lord were stopped. We killed them. Remember, the other party may carry the treasure of the Heavenly Palace. If we get it, it will be great merit!"

The **** of the Celestial Race revealed the color of excitement and flew at full strength, faster, and flew towards that side.

Others have accelerated.

"Divine Emperor Fourfold!"

Lu Ming's eyes moved, and he saw that the cultivation of the **** of the human race was the fourfold of Divine Emperor.

Generally speaking, some ordinary **** generals are cultivated in Divine Emperor Triple, and this person Divine Emperor Quadruple, even in the Divine General, are considered masters.

As for the other first-class sky soldiers, Xiu Wei is generally in Divine Emperor First and Divine Emperor Double, and none of them is in Divine Emperor Triple.

Lu Ming weighed his combat strength. In this team, the strongest one, if he tried his best, even the Celestial God General, he was not afraid.

This thought just flashed through Lu Ming's mind. Soon, they were close to the battlefield.

You can already see the figures in the battle through the collision of the rays of light.

Outside, there is a group of gods of heaven and earth, about 30 people.

Lu Ming estimates that there should be three teams, and the three gods will bring thirty-six first-class soldiers.

It was three women and three young women who were besieged by the God of Heaven and Earth.

When seeing one of the women, Lu Ming was furious.

Qiuyue!

Lu Ming almost exclaimed, but fortunately he could hold it back.

He never expected that he would meet Qiuyue here.

I never imagined that Qiuyue was actually one of the people he wanted to pursue.

What a **** mission!

At this moment, Lu Ming directly left Tiangong's task behind his head.

At the moment, there is only one thought in his heart, that is to rescue Qiuyue.

calm!

Lu Ming took a deep breath and calmed herself down, analyzing the situation at the scene.

The three teams besieged Qiuyue and their team was very strong.

Of the three **** generals, two of them have the triple cultivation of Divine Emperor, and the other has actually reached Divine Emperor's Fourfold.

There are also thirty-six first-class sky soldiers, all of which are divine emperors' first-level **** emperor's second-level cultivation, and these people are wearing first-class sky soldier's armor, which is inspired to withstand the full blow of the Divine Emperor's triple strong.

Their defense is strong enough, as long as they attack aggressively.

As a result, the threat is also very large.

Lu Ming looked at Qiuyue three people.

To be honest, Qiuyue's three people's cultivation behavior also surprised Lu Ming.

Because the cultivation practices of the three Qiuyue actually reached the divine emperor's realm, and the divine emperor was all the same.

Not seen for hundreds of years, Qiuyue's cultivation practice has soared so much that he has set foot in the realm of God Emperor.

But thinking about it is normal.

After all, Qiuyue is a disciple of the Master of the Heavenly Palace, Mengxu God Lord, and before listening to the **** of the human race, the Lord Mengxu is very powerful even in the Divine Realm. Although it is not a Celestial Clan, it has a lot of power in the Heavenly Palace.

Under the guidance of this kind of existence, and under the massive resources of Tiangong, it is difficult to make progress without thinking.

The key is that Qiuyue's own talent is also a trivial matter, but it is Jiuqiao Sacred Heart.

Lu Ming is no longer a rookie who has just set foot on the wilderness universe. He has searched for clues about Jiuqiao Sacred Heart.

Although there are not many clues found, a detailed explanation is not given, but it can be inferred from those words that Jiuqiao Sacred Heart is a rare talent.

It has been rare in history, has endless potential, unfathomable, and extremely powerful combat power.

The same is true.

At this moment, Qiuyue was surrounded by three people, and was besieged by dozens of masters. If it were not Qiuyue, the three would have been defeated.

I saw that Qiuyue was shrouded in nine colors of glow, and every move was full of great power.

Holding a machete, she exuded terrible fluctuations, and with one cut, she was cut with a nine-color knife, which cut open the space, broke the universe, and fought against the fourfold **** of the Divine Emperor. It didn't fall.

"This combat strength..."

To be honest, Qiuyue's combat power even marveled Lu Ming.

There is no doubt that the machete in Qiuyue's hand is a great weapon.

However, even if there is a big killer, it is an incredible thing to be able to confront the Divine Emperor's Quadruple with the help of Divine Emperor's first weight.

Lu Ming is very clear about the difference between Divine Emperor One and Divine Emperor Four.

The three levels of Divine Emperor Realm are equivalent to the nine levels of Divine Emperor Realm.

That is to say, Qiuyue, with a big killer, surpassed nine levels of battles. This kind of combat power is not much worse than Lu Ming.

The Sacred Heart of Nine Skills is indeed a trivial matter.

Qiuyue blocked the four-level master of the Divine Emperor, while the other two women joined forces to block the attacks of others.

There is no doubt that these two women are also peerless arrogances, and their talents are very powerful, not weaker than those of the candidates of the universe arrogance list.

They also control the big killer, and they block other masters.

It must be said that there are too many geniuses in the Tiangong.

Not to mention the Celestial Clan, even if they are the core disciples of those big figures in the Temple, there are many geniuses.

Fortunately, the core disciples of the Celestial Clan, or the major figures of the Celestial Palace, do not participate in the selection of the Universe Tianjiao List. Otherwise, the characters on the Universe Tianjiao List will come for a major change.

Chapter 4185: Lu Ming shot

However, although the three men of Qiuyue blocked the attack of these gods and soldiers, it was almost impossible to rush out.

Because the gods will have god-level armor, first-class soldiers, and first-class soldiers. Their defenses are too strong, like a turtle, blocking all directions.

With a strong defense, blocked all retreat.

They wanted to surround Qiuyue and the others and wait for other reinforcements in Tiangong to come. In that case, Qiuyue and the three people would have only one way to die.

No, Lu Ming and they arrived.

On that side, Qiuyue three people, as well as the gods of the heavenly soldiers, also found Lu Ming they came.

The mood of the two sides is completely opposite.

Qiuyue three people, face ugly, sinking heart.

If this continues, it will be very detrimental to them.

And those heavenly soldiers are ecstatic.

"Come here and round them up!"

One of the gods will shout.

"Kill, rush over, don't let any one go!"

The gods of their human race will lead them to drink and rush towards the battlefield frantically.

Lu Ming and others followed.

Lu Ming was quiet, accelerating speed silently, approaching the **** of the human race, waiting for the opportunity.

Almost, almost!

Soon, they were close to the battlefield.

"kill!"

The God of Heaven and Human race will shout, and a sword appears in his hand. Power is injected into the sword, and he is about to cut it towards Qiuyue.

At this time, Lu Ming's eyes lit up.

The time has come!

Bingxuan stick appeared in Lu Ming's hands, the power of taboo poured into Bingxuan stick frantically, and then a stick, blasted towards the **** of human race.

The thief captures the king first and shoots. Naturally, he also has to shoot the strongest.

The most important thing is to solve this **** of gods and other first-class soldiers, not to be afraid.

Suddenly, the other first-class soldiers were stunned. Unexpectedly, Lu Ming would suddenly act against the **** of the human race.

Even the Celestial God completely froze himself, and this scene was beyond his expectation.

He wanted to resist, he wanted to dodge, it was too late.

boom!

Ice Xuan Cudgel carried the power of terror, and blasted the head of the Celestial God General.

The power of terror has greatly changed the face of the **** of the human race, revealing a look of horror.

However, just when Bing Xuan Cudgel was about to hit the Celestial God General, the suit of the Man of the Celestial Race exuded a gorgeous glow, and a layer of mask emerged, blocking the Bing Xuan Stick.

With a loud bang, the **** of the human race will be blasted out, like a meteorite, and hit the distance. He vomited blood and his face was pale.

Although at the critical moment, the suit on his body blocked the attack of Bingxuan Stick, he was still shocked by the powerful force and suffered some trauma.

"Actually protect the body!"

Lu Ming frowned.

This scene was beyond his expectation.

Such a good opportunity, Lu Ming suddenly shot, originally thought it could solve this **** of heaven and human race.

Unexpectedly, the armor on the opponent's body was able to protect the body autonomously.

The first-class sky armor in his body does not have this function.

Could it be that the armor of the **** general has this function?

Or is it because the opponent is a Celestial Clan, and the armor is specially refined?

"Boy, you die, you die..."

At this time, the God of Heaven and Humanity will finally react and emit a hysterical roar.

Anger, extremely angry.

He was full of anger, all killing Lu Ming.

Just now, he was almost killed and felt the threat of death.

This feeling, he never experienced it, at that moment, he was shrouded in endless fear.

Therefore, he wanted Lu Ming to pay a price of ten million times.

Although he didn't know why Lu Ming shot him, it didn't matter, as long as he shot him, he would have to pay a price.

"kill!"

The **** of the human race will roar, the sword will grow sharply, and the figure will move, killing the past towards the landing.

Daoguang broke through the sky, cut off the universe, and cut it towards Lu Ming.

"bring it on!"

Lu Mingsi has no fear, and the powerful taboo force keeps pouring into the Bingxuan stick, and one stick blasts out.

Two huge magic soldiers confronted each other in the air, and a deafening roar erupted.

Then, Lu Ming shook his figure and drifted back uncontrollably.

Head-on confrontation, Lu Ming actually lost.

"The people of the Celestial Clan are really powerful!"

Lu Ming thought in his heart.

With Lu Ming's current combat power, after urging the Ice Profound Stick, he can definitely fight the Divine Emperor's fourfold existence.

However, this Divine Emperor's fourfold naturally refers to the ordinary Divine Emperor's fourfold, excluding that kind of evil character.

And the Terran, the talent is too strong.

Even if it is an ordinary Celestial Race, compared with other races in the universe, it is a Tianjiao character.

In the World War I, the Terrans are generally stronger.

This Divine Emperor's quadruple Celestial God general is also stronger than the ordinary Divine Emperor's quadruple. Lu Ming is not an opponent, and it is normal.

"kill!"

Lu Ming was repelled, and a first-class soldier and axe slashed towards the landing Ming, wanting to attack Lu Ming, he would be the **** of the human race.

Although he didn't know why Lu Ming suddenly started to deal with the **** of the human race, he was always right to please the human race.

This first-class Heavenly Soldier, with the double cultivation of Divine Emperor, is also very powerful.

But compared with Lu Ming, there is still a big gap.

Lu Ming's eyes were cold, he didn't look back, his back glowed, and a ray of light burst out directly.

This is great aurora!

Various secret techniques are distributed among the cells in Lu Ming's body, and he can attack all over his body.

The great aurora technique is like a magic knife, chopped on this person's axe, and with a bang, the axe in this person's hand was shocked, and was directly shot out.

The aurora kept going, and continued to cut towards this person.

"No, stop me!"

This man was shocked, and did not expect that Lu Ming was repelled, and even such a powerful attack could have erupted. He was actually not an opponent at all. At the critical moment, he could only inspire the first-class soldiers to resist.

Great aurora, bombarded on the mask of the first-class sky armor, blasted this person directly, leaving the first-level sky armor with dim light.

The man's eyes were full of panic, and then he was afraid.

If it wasn't for the first-class sky armor, he had already been killed.

Lu Ming backed away for a while and stabilized his figure.

At this moment, the people over Qiuyue also reacted.

Qiuyue and the three were very curious and did not understand why there was a sudden conflict among the generals.

Lu Ming is now in his present state, and Qiuyue naturally cannot recognize Lu Ming.

"traitor!"

The siege of Qiuyue's three soldiers was furious.

Lu Ming's move obviously betrayed Tiangong.

"Together, kill this traitor!"

The **** of human race attacked by Lu Ming will roar and kill Lu Ming again with a knife.

In Lu Ming's eyes, a cold killer flickered, holding an ice xuan stick, and killed the past.

With a bang, Lu Ming stepped back again.

"Ball, kill!"

At the moment Lu Ming retreated, Lu Ming's wrist shook and the ball flew out.

Chapter 4186: Team up against the enemy

After Lu Ming and the **** of the human race confronted each other, at the moment of retreating, the ball was released.

As soon as the ball flew out, it turned into a black spear, and stabbed towards the Celestial God, and still stabbed on the armor of the Celestial God.

boom!

The earth-shattering roar sounded, and the gods of the Celestial Clan would be blown out, and the light shield radiated by the God's Warframe shook, but unfortunately, they were still not broken.

The armor of the **** general is too strong, much stronger than the armor of the first class soldier.

The first-class sky armor can withstand the full blow of the Divine Emperor's triple power, while the Divine General's armor can withstand the full blow of the Divine Emperor's triple power.

Although the ball's attack power is strong, it is worse than the Divine Emperor's sixfold, and I do not know how many times worse.

"Good defense, like the turtle shell, turtle son, I'm here, eat me one trick, two tricks, I da da da..."

The ball shouted and rushed towards the Celestial God General, and the black spear he had transformed was crazy towards the Celestial God General.

"you wanna die!"

The **** of the human race will roar, he was actually blasted, which made him angry, his eyes were red, and he wished to unload the ball.

He broke out with all his strength, brandishing a sword, and furiously rushed to the ball to fight the ball.

The war knife collided with the spear, and a violent roar erupted.

In a blink of an eye, the two slammed a dozen moves, but the result was that the gods of the Celestial Clan would be suppressed and kept going back.

"How could it be impossible..."

The **** of heaven and human race shouted in shock.

His training is obviously one heavier than the ball, but it was suppressed.

You know, he is not an ordinary race, he is a human race.

Although the number of the Celestial Clan is not large, but the talent is extremely powerful. Even the most ordinary Celestial Clan can be regarded as a Tianjiao figure if they get all the races of the universe.

However, the ball can actually suppress him across a level, how is this possible?

However, the truth is cruel, he was indeed suppressed by the ball.

"Ball, this guy, the ability to fight over the leap, really improved a lot..."

Seeing the strength of the ball, Lu Ming felt relieved and was very happy.

Divine Emperor Realm, every gap, measured by Divine Emperor Realm, needs to be able to fight across three levels in order to leapfrog.

The **** of human race is very powerful in itself, far more than ordinary strong players of the same level, the ball can still suppress the opponent.

Lu Ming estimates that if the ball is measured in Divine Emperor Realm, it can at least cross six levels to fight.

The ball can only cross four and a half levels before it breaks through.

This time, several precious dilapidated magic soldiers were refined, especially those with millions of merit points, which greatly helped the ball.

"So..."

Lu Ming's eyes flashed and swept the first-class sky soldiers around him. Then he directly moved and launched an offensive, Bingxuan stick swept out.

Lu Ming urged Bingxuan Cudgel with all his strength, and the fighting power that broke out completely reached the four levels of Divine Emperor. These first-class sky soldiers could not compete with each other at all. They flew out one by one. Was hit hard.

"Boy, Muyun, you are looking for your own way, dare to betray Tiangong, and wait for the other strong men in Tiangong to arrive, that is your death!"

The **** of human race will roar.

"Really? Ball, force him to the battlefield over there!"

Lu Ming sneered and then gave the ball a sound.

"okay!"

The ball replied loudly, the offensive was even more violent, and the celestial **** of the roar will continue to retreat and go toward the battlefield of Qiuyue.

"Muyun, I have a war armor of God, you can't help me, as long as you drag you, you have only one way to die!"

The **** of human race will roar.

He desperately fought back, not asking for merit, only to hold Lu Ming down.

However, he is not the opponent of the ball and is still continually regressed by the bombardment, and soon approaches the battlefield of Qiuyue.

"Do you think you can hold us by relying on God's armor? You probably forgot, there is also a treasure in the Temple of Heaven called the Seal of the Forbidden Realm..."

Lu Ming sneered, looking at a jade rune in his hand, it was the rune of the banned soldiers.

Lu Ming originally exchanged several hallmarks in the field of forbidden soldiers at the Palace of Merit Exchange in the Tiangong Palace. Originally, it was thought that it was not needed. It was just for emergency needs. Unexpectedly, it could be used so quickly.

Now it is most appropriate to use the Seal of the Forbidden Field.

"It is the seal of the banned field!"

When he saw the seal of the field of forbidden soldiers in Lu Ming's hand, the face of the Celestial God also changed wildly.

With a bang, Lu Ming shattered the seal of the field of forbidden soldiers, and the field of the forbidden soldiers quickly spread out. It not only enveloped the gods of the Celestial Clan, but also Qiuyue and others, as well as those of the Heavenly Soldiers who besieged Qiuyue. Enveloped in.

Encased in the field of the banned soldiers, the gods of the Celestial Clan, the main armor in his hand, the main armor on his body quickly lost its luster and could not be used. It was automatically hidden.

The celestial soldiers who besieged Qiuyue and their armor and weapons were no longer usable.

Of course, there is also a problem that the big killer in the hands of Qiuyue can't be used.

"Ball, kill!"

At the moment when Lu Ming crushed the forbidden field, Lu Ming took a light drink and rushed out like a flash of lightning.

He rushed not to the gods of the Celestial Clan, but to the gods of the soldiers who besieged Qiuyue.

Lu Ming's body was covered with gorgeous glow, and he put out all his strength.

In the process of rushing out, his figure suddenly disappeared from his place.

It's a big move!

When they reappeared, they already appeared around Qiuyue.

Boom...

Lu Ming shot with all his strength, **** like a mountain, blasted out, and hurled towards those gods and soldiers.

Those first-class soldiers, without the first-class soldiers guarding, could not stop Lu Ming's attack.

Even if Lu Ming does not have a big killer now, his combat power will soon be comparable to that of Divine Emperor, and his attack power is extremely powerful.

Four or five first-class soldiers, even without screaming, were bombarded with fists and fell on the spot.

In addition, a few punches, so that the two of the Divine Emperor's triple **** generals, the two Divine Emperor's triple existence attack blocked.

As for the Divine Emperor's quadruple general, Lu Ming did not attack the other party.

That one is handed over to the ball.

The strength of the ball comes from itself, but it does not rely on external forces.

At the moment Lu Ming shot, the ball also shot.

His body changed dramatically again, turning into a long sword.

Among the few dilapidated magic soldiers that Lu Ming exchanged last time, there was a broken broken sword.

After turning into a long sword, the sword shook slightly and disappeared from its place.

This is not a big move, but a phenomenon caused by too fast speed.

This time, the ball attacked not the Celestial God General, but another Divine Emperor's quadruple God General, the one who initially besieged Qiuyue.

Chapter 4187: who are you?

The **** general who fought with Qiuyue before was not a Celestial Clan, and its combat power was not too strong, but the general Divine Emperor was fourfold, and its combat power was weaker than that of a Celestial Clan.

The long sword transformed by the ball appeared directly in front of this person and cut off towards this person's head.

The man was shocked and quickly resisted.

However, he cannot use external force, not only the defensive force drops sharply, but even the attacking force has dropped a little, and he can't stop the ball's attack.

puff!

Sword light flashed over, the opponent's attack was directly defeated, and then, blood was splashing, and the master of the Divine Emperor's quadruple, a sword mark appeared in the eyebrow.

The other party's breath was drastically declining, with a deep horror and incredible in his eyes.

The next moment, the breath of life on him disappeared completely.

died!

A Divine Emperor's quadruple general will be directly killed by the ball.

In fact, if this person is in a head-to-head battle with the ball, it is very difficult to achieve a spike, although the strength of the ball does exceed the opponent's.

However, just now, it was completely intentional and unintentional.

Lu Ming suddenly used the seal of the outlawed domain to suppress this person's armor and magic soldier.

The ball was originally a battle with the **** of the human race, and suddenly attacked him. All these changes too fast. He didn't use his full strength at all, so he was killed by the ball.

Keng!

After the ball kills the fourfold existence of the Divine Emperor, the sword body is slightly shocked, and it will be killed towards the **** of the human race.

It must be fast, and it must be quick and fast.

Lu Ming is very clear that this time there are too many masters coming from Tiangong, and then drag on, there may be other masters coming at any time. Once they are entangled, they will be in trouble.

As long as the strongest gods will be resolved, the others will be dealt with.

"Want to kill me, stop thinking!"

The **** of human race will respond quickly and wave a knife to resist.

When he heard it, he made a match with the ball and his body retreated.

The ball continued to kill.

"Kill, kill, you are about to shoot, kill them!"

The **** of human race will yell while resisting.

"kill!"

"kill!"

There are also two Divine Emperor Triple God generals, who are screaming at this moment, imposing like madness, and attacking Landing Ming and Qiuyue.

Their armor was suppressed, but Lu Ming, Qiuyue and others were also suppressed.

They don't believe that, with their triple power, they can't deal with Qiuyue and others who don't have a big killer.

The two mighty triples of the Divine Emperor shot extremely powerful and terrifying, making Lu Ming's face very dignified.

"You stay behind me and block the attacks of other Heavenly Soldiers, these two people, let me hold back!"

Lu Ming said.

As long as he can hold these two people a few moves, I believe the ball will soon solve the battle.

As long as the ball solves the battle to help them, this victory is theirs.

"You don't have to come with you all, give me one!"

A cold voice sounded. This sound, Lu Ming's incomparable familiarity, naturally came from Qiuyue.

I saw Qiuyue stepping out, covered in nine colors of glow.

At this moment, Qiuyue sipped and pointed out.

It can be seen that one of the nine colors of Qiuyue's body glows in Qiuyue's body, which exudes a dazzling brilliance and completely overshadows the other eight kinds of light.

"this is..."

Lu Ming seemed to vaguely see a heart emerge from Qiuyue's heart.

This heart is different, there are nine tips.

Among the nine tricks, there is a different color, and the color in one of the tricks at this moment is particularly bright.

Corresponds to the extra bright color outside.

call out!

As Qiuyue pointed out, a particularly bright ray of light burst out, turned into a finger, and pointed at the Divine Emperor's triple god.

With a bang, the two made a move, and the attack of the Divine Emperor's Triple God General was actually blocked.

Lu Ming's eyes lit up.

Although Qiuyue didn't have a big killer, his combat power was still very powerful. With the help of Divine Emperor's heavy cultivation, he blocked a triple emperor of Divine Emperor, which was beyond Lu Ming's expectations.

The Sacred Heart of Nine Tricks is indeed powerful.

Although Lu Ming observes Qiuyue, his hands are not idle, and his fists are constantly swayed, blocking another god, Triple God.

In addition to these gods, the remaining first-class soldiers are not a concern.

Although the number of first-class soldiers is large, the two disciples of Mengxu Divine Lord have more than oneself.

The war here is stuck, but the ball is overwhelming.

"I kill, I kill kill..."

The ball shouted and launched a crazy attack, and the sky was full of sword light, as if in this starry sky, there was a sword rain.

The **** of human race will be completely in passive defense.

puff!

Finally, the **** of the human race would not be guarded, and his chest was cut with a sword light.

Now, without the guard of the **** general's armor, the heart of the **** of the human race is directly penetrated by Jianguang, and his heart is divided into two halves.

The **** of the human race will scream, his body retreats, and he coughs up blood.

Splitting his heart, although he can't kill him, he can still hit him hard and make his combat power decline.

that's enough.

Originally not the opponent of the ball, the combat power declines, but it is not the opponent of the ball.

Let him die if he is sick!

Will the ball miss such an opportunity, one stroke hits the opponent, and his subsequent attack is even more violent.

咻咻咻...

The sky is full of sword shadows, the sky is full of sword lights, each sword light is as long as hundreds of millions of miles, the universe starry sky, cut long strips of cracks.

puff!

Blood splattered and flew millions of miles away.

Then a head was thrown high.

It was the head of the **** of human race, cut off by the ball.

He was not dead yet, with deep panic in his eyes, he wanted to escape.

But the ball will make him escape.

With a snap, a sword light cut through, and the head of the **** of the human race was directly split into two halves, and the soul inside was also wiped out. The **** of the **** of human race fell on the spot.

At the scene, other gods and first-class soldiers took a breath, and their eyes were frightened.

This is a Celestial Clan, just being killed, I am afraid that Tiangong will be furious.

At the same time, they also retreated.

The ball is too strong, if they kill them, they have only one way to go.

"go!"

"Go for the best!"

Coincidentally, the remaining gods and the first-class soldiers retreated backward, not in love, and flew in one direction.

"Hugh wants to go..."

The ball still has to chase, but Lu Ming stopped.

"Poor Kou Mochai, we will leave here first!"

Lu Ming on the ball fairway.

The ball flew back to Lu Ming's hands and turned into a bracelet.

"Who are you? Why save us?"

Qiyue and the other two women looked at Lu Ming, full of doubts.

They could not understand that the first-class sky soldiers in this celestial palace would actually rescue them. For this reason, they did not hesitate to kill the gods of the celestial beings and offended the celestial palace.

What's more, Lu Ming's combat power surprised them.

Just now they clearly saw that Lu Ming resisted the attack of a Divine Emperor's Triple Power by virtue of the cultivation of Divine Emperor Jiuzhong Peak, which was incredible.

Chapter 4188: Misunderstood

The three of Qiyue were very puzzled in their hearts. Why is this strong and perverted Tianjiao evildoer not to offend Tiangong but also save them?

Is it to admire their beauty?

This is not impossible.

After all, they are all beautiful women.

"Now is not the time to speak. This time there are a lot of people in Tiangong. Let's leave here and talk!"

Lu Ming said.

"Okay, leave first, go here!"

Qiuyue nodded and flew in one direction, followed by Lu Ming.

Soon, they left the area covered by the forbidden field.

As soon as he left the area shrouded by the forbidden field, the first-class sky armor of Lu Ming appeared.

"You have a first-class warrior armor. As far as I know, there is a restraining force in the warrior armor that can control you. As long as the strong man of the Tiangong controls, you will definitely die!"

Qiuyue said, his eyes were worried.

She didn't recognize Lu Ming, but she just felt that Lu Ming had just rescued them to death.

"Relax, I have a crack!"

Lu Ming smiled slightly, while running the power of taboo, dispersed into each cell.

Soon, Lu Ming found the kind of restraining power carried on the armor.

This kind of power can also be dispersed into every cell. If other people face this kind of power, it will definitely be helpless, but for the taboo body, it is not a problem at all.

After finding this force, Lu Ming operated the taboo force, surrounded this force, and then refined it.

Soon, this force was completely refined by Lu Ming.

The first-class sky armor flew out of Lu Ming's body, and Lu Ming was caught in his hand.

As soon as Lu Ming's forbidding force was refined, Lu Ming would not be able to put on his armor and he would not be able to use it.

"You... actually got rid of the **** of the Sky Armor?"

Qiuyue three people, the eyes wide open, full of surprise and incredible.

They haven't heard of anyone who can get rid of the shackles of the sky armor.

Lu Ming was even more mysterious in their hearts.

Although Lu Ming was refining the forbidden power of the Sky Armor, their body did not stop, and they were still flying in one direction at a very fast speed.

At the same time, Lu Ming put the Tianbing armor into a storage ring.

"Xiongtai, can I speak now? Why did you save us?"

Qiuyue asked again.

"Qiuyue, you don't know me anymore, I'm a young master, Lu Ming!"

Lu Ming smiled and revealed his true identity.

Facing Qiuyue, Lu Ming had no need to hide, nor did he intend to hide.

As soon as this remark came out, Qiuyue's figure suddenly stiffened, his face changed wildly, and her beautiful eyes stared deeply at the landing, and then, a cold murderous opportunity was revealed.

call out!

Qiuyue's body burst out with a brilliant glow, slashing towards Lu Ming.

Lu Ming was shocked. He didn't expect Qiuyue to shoot him suddenly. In a hurry, he quickly hurried to resist. With this ray of ray of light, Lu Ming was blasted out with a bang.

"Sister Qiuyue, what's going on?"

The other two disciples of Mengxu Divine Lord looked at this scene in amazement. They also looked dazed, obviously they didn't expect that Qiuyue would suddenly shoot Lu Ming.

Qiuyue didn't answer the words of the two, but stared and screamed deadly, and said coldly, "Say, who are you? Pretending to be my young master, what is the purpose?"

"It turned out to be a misunderstanding!"

Lu Ming was relieved.

He knows that he is now a taboo body, a present body, a life with a breath that is completely different from before, and no wonder Qiuyue will misunderstand.

"Qiuyue, I am indeed a young master. I have changed a source of life because of a special exercise."

Lu Ming explained.

"The breath of life has changed? I have never heard of such exercises. You'd better come up with the evidence, otherwise, don't blame me for being polite..."

Qiuyue still said coldly, and there was a cold murder in her body.

Lu Ming smiled bitterly and said, "Qiuyue, we are from Lujia, a land of the wilderness in Yuanjie. You lived in Lujia from an early age. Do you remember, did I help you?"

Lu Ming began to talk about the common memories of the two.

Some things, except for Lu Ming and Qiuyue, are known to no one else.

Qiuyue listened carefully, but instead of letting go of the killing in her eyes, she became more intense.

call out!

Suddenly, Qiuyue shot again. The gorgeous nine-color glow, beautiful and terrifying, cut Lu Ming's head.

Qiuyue's hit, used a big killer, a machete, shrouded in the nine-color glow, the power is very terrifying.

"Qiuyue, what are you doing? How do you do it?"

Lu Ming exclaimed, and had to use the ice Xuan stick to resist.

With a loud violent shock, Lu Ming blocked Qiuyue's scimitar, and he also drifted back.

"Say, who the **** are you? What happened to the young master? How do you have the memory of the young master? Did you search the soul of the young master?"

Qiuyue Li drink, the killer is extremely rich, strong breath, deadlocked Lu Ming, will launch a fatal blow at any time.

Lu Ming smiled bitterly. Obviously, Qiuyue still didn't believe him, thinking that he had searched Lu Ming's soul and got Lu Ming's memory.

This kind of thing is possible.

In the universe, there are not many such things.

Lu Ming didn't know how to explain it for a while.

Thinking empathically, I am afraid he will not believe so easily.

Alone, the breath of the good source of life has changed.

A person's appearance, body shape, voice, temperament, etc., all change very well. It is very difficult to change only the breath of life.

Not to mention, it is a complete change, completely changed into a person, it is difficult for anyone to meet.

"Why? I can't say anything. What's wrong with you, Master? If you don't make it clear today, I will cut you off!"

Qiuyue Li drank and said, tears were already rolling in his eyes.

If Lu Ming was really searched for souls, and even the most intimate memories have been acquired, it means that Lu Ming is very dangerous and has a lot of evil.

"Qiuyue, I am really Lu Ming, really a young master..."

Lu Ming said quite helplessly.

"Yes, he is Lu Ming, Qiuyue, do you still know me?"

At this time, a sound rang out from the ball.

Then the ball flew out and became a round ball, swinging in the air.

"Are you...ball?"

Qiuyue's eyes couldn't help but widen, revealing surprise.

Qiuyue naturally knows the ball.

However, the previous battle was fierce, and the ball turned into a spear or a long sword as soon as it was shot, which was completely different from before.

Moreover, the ball has swallowed a lot of broken magic soldiers in recent years, and its temperament has also changed somewhat. Therefore, before Qiuyue, he did not carefully a lot, and he did not recognize it for a while.

At this moment, the ball turned into a round ball, plus Qiuyue seriously looked at it, and immediately recognized the ball.

After all, the life breath of the ball has not changed.

Chapter 4189: God Lord blocked the way

"Yes, I am the ball, Qiuyue, I haven't seen you for a long time. During this time, Lu Ming has been looking for you?"

The ball's tumbling body, flying around the ball, said while flying.

Qiuyue took the ball seriously, and finally, his eyes showed surprise.

She can be sure that the ball is not controlled and is free.

So, what the ball said, is that true?

Qiuyue looked at Lu Ming again and said, "You... are you really a young master?"

"Of course, silly girl!"

Lu Ming smiled.

"Yes, it is this smile, you are really a young master, young master, I finally saw you..."

Qiuyue showed surprise, flew up, and fell in Lu Ming's arms, as if she did not want to leave.

She is too familiar with Lu Ming, calm down now, she can feel from Lu Ming's smile, this is Lu Ming.

The breath of life has changed, but the smile is still that smile.

"Silly girl, let's leave here first. The people in Tiangong are estimated to be coming soon."

Lu Ming said.

Ok!

Qiuyue nodded, and they continued to fly in that direction.

There is no more time to talk about specific things, only to wait until it is safe.

Although Qiuyue had doubts in her heart, for the time being, she could only hold her back.

But this time, they didn't fly far, and a team appeared ahead of them.

A **** will carry twelve first-class soldiers.

"They are over there, stop them!"

The **** general also found Lu Ming and others and shouted immediately.

"Rush over, ball, you open the way!"

Lu Ming shouted and waved, the ball flew out.

"Relax, leave it to me!"

The ball shouted, flew out, and turned into a black spear, pierced the void, and rushed to the **** of heaven.

Uh!

The black spear pierced out, the endless power of the starry sky came together, and a huge primitive **** came out.

This primitive **** also held a black spear and swept it out.

Void tremor, this black spear, which is bigger than the planet, traverses the starry sky and presses against twelve first-class sky soldiers and a **** general.

The **** general, just Divine Emperor's triple cultivation, felt the horror of this move, his face changed wildly, and shouted: "Inspire the armor, block, block..."

This **** general, desperately inspired the warrior of the general, and the other twelve first-class soldiers also desperately stimulated the first-class soldiers to resist.

boom!

The black lances swept through, and thirteen figures, like thirteen balls, were blasted out.

The **** will be okay. He has the armor of the god. His defense is extremely strong. The ball can't break through his defense. It just blasts him hundreds of millions of miles away.

But those first-class soldiers are not so lucky.

The first-class sky armor of their bodies was swept by a black spear, violently shook, and then exploded. Several first-class sky soldiers broke up directly and turned into ashes because of the stronger attack.

Lu Ming rushed past them and turned away.

"Haha, can't bear a blow!"

The ball was proud and flew back to Lu Ming.

Qiuyue three people looked at the ball very curiously.

The ball's combat power also shocked them. A metal life is so powerful.

"Is it the royal family in metal life?"

Qiuyue's three hearts moved, and couldn't help thinking of it this way.

The metal life family is also the race that stands at the top of the universe. It is one of the top ten races and is extremely powerful.

Among them, the royal family in metal life is even more powerful. Each of them is peerless, but the number is very rare.

At this moment, everyone's face changed wildly.

Because the void in front suddenly fluctuated like a wave of water, and a breath of terror spread out from there.

This breath is really terrifying, so that the surrounding stars and countless stars are shaking, as if to burst.

God Lord!

Lu Ming and his face changed wildly.

This breath is definitely the breath of God's main realm, so horrible, they are far from opponents.

"go!"

Lu Ming shouted, trying to turn around and escape.

"In front of this seat, I still want to escape, really naive!"

A cold voice sounded, and suddenly there was a figure in the void.

This figure, with twelve wings behind, was shrouded in white light.

This is an angelic god!

As soon as the Divine Lord of the Angels appeared, his breath was even more terrifying. Lu Ming and others suddenly stiffened their bodies, because the void was completely blocked. Under this terrifying breath, they could not move.

"Give up the heart of the Lord God, self-defeating, and follow me back to the Heavenly Palace to ask for sin!"

The angel clan ***** coldly said, his body is very huge, a head comparable to a planet, standing in the void, standing up to the ground, the pressure on Lu Ming they are too strong.

"It's over, you can't move!"

Lu Ming shouted in his heart. At this time, he wanted to get out the copper copper coffin and tried desperately.

"Bone Demon, is there a way?"

Lu Ming asked Lu Ming.

"No, my strength is too weak. If I was in the heyday, I could slap him to death, but now, you ask for more blessings!"

Bone Magic Road.

Lu Ming was speechless and his brain was turning rapidly to see if there was any way.

"You Hugh..."

Qiuyue was about to shout 'You're going to let me give up the heart of the Lord God', but Lu Ming stopped her before she even called it out.

"Qiuyue, let me talk!"

Lu Ming sent a message to Qiuyue.

Qiuyue's voice stopped abruptly.

"Yes, we can surrender the heart of the Lord God, but the heart of the Lord God is not in our hands. Before, it was hidden by us in a secret place. If you want, we can take you!"

Lu Ming shouted.

Although he does not know what the heart of the Lord God is, it does not affect him.

"Boy, take me to fetch, if you dare to play tricks, I will let you die miserably!"

Angelic Divine Lord.

"Never lie to you, but I have a condition!"

Lu Ming said.

"Boy, you are not qualified to talk to me about the conditions, take me there!"

Angel God Lord spoke indifferently.

A kid in God's Realm, it is ridiculous to want to tell him the conditions.

"You can only talk about the conditions. The heart of the Lord God is in the hands of a friend of mine. Even if you take us down, it's useless to search our souls, because I have just sent a voice to him and let him leave with the heart of the Lord God. Go, I don't know where he is now, unless I personally contact him."

"You can kill me, search my soul, but you can't force me to contact him..."

Lu Ming continued to make a fuss.

He is delaying time, hoping for variables.

Otherwise, the opponent directly shot, they have no hope at all.

"Boy, you are fine..."

In the eyes of the angel clan gods are all cold and cold, but he is also a little uncertain about what Lu Ming said, whether it is true or not.

Chapter 4190: Wormhole

Angel God Divine Lord, Lu Ming is unclear whether it is true or false.

Of course he wouldn't believe Lu Ming completely, but in case Lu Ming said it was true, even if he took Lu Ming and others to search for souls, it would not help.

"Say? What conditions?"

The angelic Divine Lord finally said.

"It's very simple, I will take you to take the heart of the Lord God, you let them go first!"

Lu Ming pointed to Qiuyue and others.

"No, young master..."

Qiuyue was in a hurry.

"No!"

The angelic deity also spoke indifferently, very overbearing, and said, "Don't want to leave any of you!"

"Do not agree, then you will not get the heart of the Lord God!"

Lu Ming competes against each other.

"Take down you, I have a way to let you lead the way."

The cold flashes of coldness in the eyes of the angel clan gods stepped out, and the breath was even more terrifying.

He didn't want to talk nonsense with Lu Ming. He directly took it. He had some means to make Lu Ming succumb.

"This guy.."

Lu Ming sighed in his heart, this old guy, really can not be easily fooled, can delay a little time, it is already rare.

"You guys, go away!"

At this moment, a voice sounded, and then above, a colorful glow of light burst out, killing directly towards the angelic deity.

"Master!"

Qiyue three people are overjoyed.

"Mengxu..."

The angel clan shouted, holding the angel sword, and struck out a sword with all his strength.

boom!

The two attacks collided together, and an earth-shattering roar erupted. Then, the body of the angel clan lord shook wildly and retreated.

Obviously, the strength of the angel clan **** master is not as good as the dream virtual **** master.

At high altitude, the main body of Mengxu God flashed and emerged.

I saw that the Mengxu God Lord was a little embarrassed, with blood stains on his body, and his breath lived up to the peak period, which was injured.

"Master!"

"Master, what's wrong with you?"

Qiyue exclaimed, full of worry.

"I'm fine, you go quickly, this person, leave it to me!"

Mengxu God Lord opened his mouth, waved his hand, a force wrapped around Landing Ming and others, pushed Landing Ming and others, and flew hundreds of millions of miles away, then stepped out, and killed the angelic clan, domineering.

"go!"

Lu Ming flew Qiyue towards the distance, and the other two disciples of the Mengxu God Lord followed quickly.

Still in that sentence, they are very clear that even if they stay, they will not have a little effect on the Mengxu God Lord, and will even drag on the other party.

They were extremely fast, and they flew a great distance in a blink of an eye.

However, I can still vaguely see that there is one more person on the battlefield over there.

Jesus God Tianjun!

The powerful being who had previously fought against the Lord of Dream and Deficiency also arrived, but was stopped by the Lord of Dream and Deficiency.

"Master!"

Qiuyue three people, tears in their eyes.

The Mengxu God Lord has one enemy and two, I am afraid it is not the opponent of the other party, they will inevitably worry.

"Relax, Mengxu God Lord is powerful, and it will definitely be fine. The most important thing you have now is to complete the task given to you by Mengxu God Lord. By the way, where is your next destination?"

Lu Ming comforted him and asked.

"Prime God Lake, Master asked us to go to Primitive God Lake, saying that there will be strong people of Primitive God Lake to meet us. We are now not far from the entrance of Primitive God Lake!"

Qiuyue Road.

"Original God Lake?"

Lu Ming was confused, he had never heard of this name.

Is it related to primitive gods?

"Then let's speed up!"

Lu Ming said.

The crowd speeded up and flew at full strength, but soon afterwards, they met a group of godly soldiers.

"No, this area is surrounded by the strong people in Tiangong. We may be difficult to rush out!"

Lu Ming frowned.

"So what should I do? Although Master told me that it is not far from the entrance of the original Shenhu, but how far is it, we don't know..."

Qiuyue also looked heavy.

They seemed completely trapped in the encirclement.

The Heavenly Soldiers encountered now are fortunately not very strong, and they are cultivated as the highest talented Divine Emperor.

If they encounter more than five levels of Divine Emperor or another Divine Lord, they will be in trouble.

"I have a way. I have a set of arrays that can open a wormhole to reach the Dragon Mother Star. We can go to the Dragon Mother Star first, and then the Dragon Mother Star to the original God Lake..."

Lu Ming's eyes lit up and thought of this method.

At the beginning, Ao Qian gave him thirty-six arrays, and together, he could open a wormhole and reach the dragon star.

Now it can be used completely, first go to the dragon clan parent star, then set off from the dragon clan parent star, go to the primitive **** lake, so that you can be unaware of it.

"There is such a treasure, yes!"

Qiuyue three people, their eyes lit up.

"However, it took some time to urge it, I hope it will be time..."

Lu Ming said, after finishing, Lu Ming waved his hand, and thirty-six arrays flew out, suspended in the air.

The power of taboo is input into the market.

Immediately, thirty-six arrays glowed and quickly spun up in the air, and a mysterious wave radiated out.

The market is slowly opening the wormhole.

"Hope it's too late!"

Lu Ming, Qiuyue and others were silently looking forward.

The light above the array is getting brighter and brighter, and the fluctuations are getting more and more intense.

Soon after, a vortex appeared in the space in the middle of the array.

At first, the vortex was not deep, but slowly, with the rapid rotation of the vortex, the vortex became deeper and deeper.

This is through to the dragon clan star.

As long as they are completely connected, they can go through the wormhole and go to the Dragon Mother Star.

But at this time, Lu Ming's face changed.

Because in the rear, the void undulated, and then a group of people appeared.

There are more than thirty people in this group.

Lu Ming glanced over and knew that the 30-odd group consisted of three teams, three gods, and a group of first-class soldiers.

"kill!"

A loud roar sounded, and one of the gods shot directly.

He was holding a golden cancan sword, a sword was cut out, and a golden sword light, cut through the void, directly across the distance of hundreds of millions of miles, and cut towards the thirty-six array.

With their eyesight, as long as they look, they know that Lu Ming is opening the wormhole.

His attack went directly to the wormhole.

"I'll block it!"

The ball flew out directly, turned into a black spear, spurted out, and collided with the golden sword light, a violent roar, the golden spear was blocked.

However, the black spear transformed by the ball also vibrated at a distance and then retreated backward.

"Divine Emperor's Quadruple Celestial Human Power!"

Lu Ming sank in his heart.

The **** general who shot just now is also a human race. Lu Ming has not seen it before.

They had started together with 18 teams before, but in fact, there were far more than 18 teams involved in the roundup of the Mengxu God Lord and others.

Lu Ming has not seen the three teams in front of him.
