

D Emperor 4201

Chapter 4201: Beat Fei Ye

Seeing his secret technique, Lu Ming was easily broken, and Fei Ye's face sank.

"Look at what you can do!"

A cold voice came from Feiye's mouth, and then his body swelled rapidly.

Then, a giant tree appeared between heaven and earth.

Flying leaves, actually turned into a giant tree, very huge, above a million feet, the canopy spread out, covering the sky and covering the sun, like the legendary world **** tree.

"This is... primitive **** body?"

Lu Ming was slightly surprised.

This is the first time that a plant-type primitive **** body met Lu Ming.

However, this is not surprising.

Because, in the primitive gods, not all are flesh and blood life, there are plant life, but only very rare.

Obviously, Fei Ye is either a descendant of the primitive gods of plants, or the primitive gods that are cultivated are of plant life.

The huge tree transformed by flying leaves is covered with leaves. These leaves are also of various colors and have various shapes.

Then, the giant tree shook and countless leaves on the canopy flew up, turning into various attacks and attacking Lu Ming.

There are at least tens of thousands of kinds of dense attacks, and the vast voids are full, and the power is very terrifying.

"This trick has some meaning..."

Lu Ming smiled, and then a ray of glow appeared on his body, covering him in it.

One of the three thousand ancient secrets, the great defense.

After Lu Ming exhibited only the big defense technique, the attacks of the leaves had fallen on Lu Ming.

Clang clang...

These attacks, attacking on the big defensive technique, made the sound of gold and iron intersecting, Mars was radiating, and the violent roar was constantly coming out.

However, there is no one type of attack that can break through the defense of the Grand Defensive Technique, which can only give the Grand Defensive Technique a slight shock.

In an instant, at least tens of thousands of attacks fell on Lu Ming.

But useless!

There is no effect at all, and it is impossible to break the defense.

Fei Ye's face was already extremely ugly.

"How is it possible?"

Fei Ye shouted in her heart, flushed.

He wished that the cultivation of God Emperor Realm would erupt and he would attack.

However, so many people on the scene looked at it. I said earlier that I couldn't use the cultivation ground of Divine Emperor Realm. If it is used now, it is really shameful. Don't think about mixing in the original God Lake in the future.

Therefore, he can only desperately push the power to the limit of Divine Emperor Realm, infinitely close to Divine Emperor Realm.

However, as long as it is the Divine Emperor Realm, even if it is infinitely close to the Divine Emperor, it is also the Divine Emperor, and there is too much difference from the Divine Emperor, which will not affect Lu Ming.

Around them, the people watching the battle also stared one after another with wide eyes.

"What a terrible defense, it seems that Fei Ye can't break the other's defense!"

"The strength of the other party is simply unfathomable, I don't know how strong it is!"

"indeed!"

The people around were shocked by Lu Ming's strength again.

"Infer from God Emperor Realm, this man can fight across six and a half levels!"

Lu Ming speculated in his heart.

It is already terrifying to be able to fight across six and a half levels in Divine Realm.

Of all the heavenly arrogances Lu Ming encountered, only the Yeren of the Celestial Clan could do it.

However, Lu Ming speculates that if this flying leaf was in Divine Emperor Realm, it had no such fighting power and could not fight across six and a half levels.

After breaking through the Divine Emperor Realm, he practiced for a period of time based on the Divine Emperor Realm. Whether it was the original divine body, the original secret technique, or the divine power, he made rapid progress.

Then suppress it to the Divine Emperor Realm to be able to reach the strength of fighting across six and a half levels.

Otherwise, Lu Ming speculates that the opponent is in Divine Emperor Realm and can fight across five and a half levels, which is not bad.

Just like the existence of a divine main realm, all aspects have reached an astonishing point, such as the original secret technique, divine power, etc. If the person of the divine main realm fixes himself to suppress in the divine emperor realm, then even if he fights across nine levels, Are not difficult.

This is why Feiye is shocked and unbelievable.

With the cultivation of Divine Emperor Realm, he suppressed the Divine Emperor Jiuzhong and was able to fight across six and a half levels. With such a combat power, Lu Ming's defense could not be broken. One can imagine that Lu Ming's combat power How strong is it.

At least it can fight across seven levels.

Such a monster appeared in the original God Lake?

"It seems that your strongest fighting power is like this, then this battle will end!"

At this moment, Lu Ming spoke, and a faint voice sounded, and then Lu Ming stepped on his foot, like an arrow, and pierced towards Feiye Cave.

At the moment of rushing out, Lu Ming punched out.

This fist contains a series of extremely destructive ancient secrets such as the Great Destruction and Great Fragmentation.

Where Lu Ming passed, all of Feiye's attacks were defeated, and all the leaves exploded.

In an instant, Lu Ming appeared under the giant tree transformed by Fei Ye, and his fist hit the trunk accurately.

The terrible punch, madly pounded towards the tree trunk.

"not good..."

Feiye was shocked in his heart. He felt the terrible fist of Lu Ming's punch. If he continued to suppress cultivation, he would definitely be seriously injured.

At a critical moment, he could not continue to suppress the cultivation order, a powerful breath erupted, and the power of Divine Emperor Realm sprang up wildly, trying to block Lu Ming's punch.

boom!

With a trembling roar, Lu Ming's figure retreated backwards.

It stopped all the way back to tens of thousands of meters.

However, the giant tree transformed by the flying leaves also shook violently, and the huge trunk retreated backwards, and a huge hole appeared in the middle of the trunk.

The giant tree shrank quickly, and finally turned into a flying leaf.

At this moment, Fei Ye's face was pale, and there was a trace of blood on the corner of his mouth.

Although he broke out the cultivation of Divine Emperor Realm, he was injured.

As a result, the power of Lu Ming's punch was indeed amazingly powerful.

Secondly, Feiye was a temporary cultivation of the Divine Emperor Realm, and at that moment, it could not be completely 100% erupted, so although Lu Ming blocked this trick, he also suffered a little injury.

"You lost!"

Lu Ming stood in the void and looked at Fei Ye faintly.

According to the agreement, Fei Ye wanted to suppress cultivation base in the Divine Emperor Realm, and now he has broken out the cultivation base of Divine Emperor Realm, which is equivalent to defeat.

Fei Ye's complexion was gloomy, with cold light flashing constantly, staring and landing.

He was indeed defeated. In a battle of the same level, he knew he was not Lu Ming's opponent.

He wished to exert all his strength to suppress Lu Ming.

But that way, it will be even more embarrassing.

With a cold snort, Fei Ye stepped aside and stopped talking.

"You...who else is going to try?"

Lu Ming's eyes turned to Cong Zhan and others.

From the war and others, his face was a bit cloudy, but no one came out for a fight.

They know their strength, and they will be repaired to suppress the **** emperor's realm, and at most they will be half a catty with Fei Ye, certainly not Lu Ming's opponent.

Chapter 4202: Stronger monster

No one stepped forward to fight Lu Ming.

The people watching the battle around are also talking.

"Doesn't I have a war with this man in my primitive God Lake?"

"It's difficult. There is almost no more than Feiye in the same level. The combat strength of this person is really terrible!"

"Unless it is a pure primitive god, but, in this era, how can there be a young primitive god?"

Some people sighed that it was difficult to find a match with Lu Ming in a battle at the same level.

"no yet?"

Lu Ming whispered, disappointed.

He had wanted to find it here to see if there were any opponents, and he had a good fight. It seemed he was disappointed.

"Not necessarily not, there are people who can definitely defeat this person, do you forget that monster?"

Suddenly, one cried out, and everyone looked at it, it turned out to be Yuan Jin.

At first, Yuan Jin provokes Lu Ming, but now Lu Ming is in the limelight, hitting his face, which makes him extremely uncomfortable, especially want someone to come out and suppress Lu Ming.

Hearing Yuan Jin's words, many people seemed to think of something, and their faces changed.

"You mean, that monster?"

Someone asked.

"Yes, that monster!"

Yuan Jin gritted his teeth and nodded.

"However, the monster is extremely proud, and his eyes are higher than the top. Most people can't look down on him, and his temper is very weird. Who can please move him?"

"Good, and I heard that he has been wandering around the primitive Shenhu all year round, even if he is looking for it, he can't be found!"

Some people shook their heads.

"As far as I know, the monster did not stay in the original God Lake during this time, but in the place where it lived..."

Yuan Jindao.

"Even if the other party retreats in the place where he lives, who can ask him to come? Except for the adults in the Lord's realm, he will not give face to anyone!"

Humane.

"I'm going to please..."

Yuan Jin gritted his teeth.

In order to suppress Lu Ming, he fought.

"Boy, do you dare to wait here, I will find a stronger presence to suppress you!"

Yuan Jin looked at Lu Ming Road.

"A stronger presence? Don't let me down again."

Lu Ming said lightly.

As soon as this statement came out, Fei Ye's face was even more ugly.

The implication of Lu Ming is that he disappointed Lu Ming very much.

"Relax, that person's strength is more powerful than you think..."

Yuan Jindao.

"Oh, since that's the case, I'll wait here."

Having finished speaking, Lu Ming walked to Qiuyue and laughed with Qiuyue.

"Boy, wait for me!"

Yuan Jin shouted in his heart, jealous, and then turned around and left.

"Yuan Jin, I will go with you!"

Yuan Zhan said, and followed Yuan.

...

Lu Ming The giant city where they are now is to the east of the original Shenhui Lake.

The people Yuan Yuan asked were not in this city, but in the city north of the original Shenhui Lake.

They flew quickly, and soon came to the northern city, and then came to a small hill.

On the hill, a simple wooden house is built, which looks ordinary but simple and generous.

When they came here, Yuan Jin and Yuan Chai couldn't help getting nervous. The two looked at each other and both saw the cold sweat on the other's face.

It seems that there is a fear in the wooden house.

"Yuan Jin, you really have to disturb the monster, in my opinion, or not!"

Yuan beheaded, and some retreated.

Yuan Jin also had some guilty conscience, but in order to suppress Lu Ming, he gritted his teeth and said: "Please, please, please, that kid hit me in the face in public, embarrassing me, I must give the other a lesson."

"Then do you think about the reason?"

Yuan chopped.

"Relax, that monster is arrogant and arrogant, but it is extremely belligerent. He likes to fight with the top monsters. When he knows that he has a particularly powerful monster, he will definitely shoot!"

Yuan Jindao.

When speaking, the two were not far from the wooden house.

"You two, give you three breathing time, hurry up and leave me, otherwise, don't blame me for being welcome!"

Just then, there was a cold voice in the wooden house.

Hearing this figure, Yuan Jin and Yuan Chui's bodies shook suddenly, and seemed to be frightened.

Yuan Jin swallowed a sip of water, barely stabilizing his body, and said: "The original God Lake, a new monster is coming, the combat power is very powerful, I would like to invite you to learn from each other..."

"No interest, you can go!"

The voice sounded and he refused directly.

"Don't rush to refuse, the man is really strong. He is cultivated in God Emperor Jiuzhong, but Fei Ye will be suppressed in God Emperor Jiuzhong, but he is defeated by the other party..."

Yuan Jin said quickly.

"Oh?"

This time, the voice in the wooden room was softly 'oh', and there seemed to be some interest.

"Feiye will be repaired to suppress the **** Emperor Jiuzhong, but he is defeated by one move? A little bit interesting!"

As soon as the voice fell, the wooden door of the wooden room creaked, and then there was a young man in front of Yuan Jin and Yuan Zhan.

This is a young man, slender and burly, with strong muscles. He was wearing a simple gray robe, but stood there casually, but a terrible momentum exuded.

It was as if there was a horrible existence hidden in his body, and he would rush out at any time to launch a terrible blow.

Looking at this young man, Yuan Jin and Yuan Chai didn't dare to breathe. In their minds, the scene of being abused by this person before them emerged involuntarily, and a chill rose uncontrollably.

If Lu Ming is here, he will be very pleasantly surprised.

Because this person, Lu Ming knows, is Lu Ming's old acquaintance.

All gods!

Yes, this young man is a pantheon.

At the beginning, Lu Ming entered the primitive spirit world with the pantheon. Finally, the pantheon followed the power of the primitive spirit world and entered another world, entering a world more suitable for the cultivation of the pantheon.

And Lu Ming, this left the primitive spirit world, and the two are different.

"Hope what you said is true, if you find you lied to me, you should know the consequences..."

Panjin glanced coldly at Yuan Jin and Yuan Chuang.

After so many years, Pantheon's temperament has changed a lot, and it has become a lot tougher and more overbearing.

Yuan Jin and Yuan Zhan shuddered with excitement.

When the gods first came here, they relied on cultivation practice and once bullied the gods.

But I didn't expect that after all, the pantheon showed a terrifying talent. Xiu became crazy, and the combat power was also crazy. Soon after, Xiu caught up with them, and then abused them several times.

Moreover, the talents of the gods have been valued by all the powerful people in the original God Lake. They are more than the gods in the background, and since then, the gods have left a shadow in their hearts.

If they didn't really want to teach Lu Ming, they wouldn't come to deal with Pantheon.

"Really, absolutely true, that guy is indeed very powerful, I believe you will not be disappointed..."

Yuan Jin said quickly.

Chapter 4203: It turned out to be a pantheon

"Really, it's kind of interesting, then I'll meet the guy."

All God smiled slightly, and walked away in the void.

Yuan Jin and Yuan Jian both showed surprise and quickly followed.

On the other side, Lu Ming, Qiuyue and others waited quietly.

Qiuyue did not worry about Lu Ming.

Through the battle with the Celestial God before, she knows Lu Ming's combat strength well.

As long as the other party does not press Lu Ming for Xiu, she does not believe who can be better than Lu Ming at the same level.

Master, she has never let her down.

"coming!"

Suddenly, someone exclaimed, looking in one direction.

All of them looked in that direction.

"It's him, that monster, he really came!"

"Unexpectedly, Yuan Jin and Yuan Zhan, can really invite this monster, there is a good show now."

"Quick, people will come to see the excitement, that monster is about to shoot!"

Many people couldn't help but scream, even some older people couldn't help being excited.

The fighting power revealed by Lu Mingzhan is very powerful, but the monster, in their hearts, is even more terrifying. Next, there will be a fierce battle.

Many people took out the Jade Tone, and called others to watch it.

In addition to the previous news, this area is already crowded.

In the sky, on the ground, people are everywhere.

Lu Ming also looked at the past with everyone's eyes.

He was also very curious. The people of Primitive God Lake admired the most, what is called a "monster", in the end, what kind of character is it, and how powerful it can be.

However, at a glance, Lu Ming froze.

Lu Ming's mouth opened slightly and his mouth widened, which was a little weird.

All gods!

Of course he recognized the gods at a glance.

Although the demeanor of the gods has changed a lot, but the appearance and the breath of life are the same, but it has not changed at all, and can be recognized at a glance.

Lu Ming did not expect that he would meet the pantheon here.

"Isn't the world where the gods went to the original God Lake World?"

"Yes, the primitive **** lake has pure primitive gods. Others are either descendants of primitive gods or cultivate the existence of primitive gods. How similar is the primitive **** world, but the environment is better and the level is higher. I should have Thought-of..."

"What a coincidence, I was not able to go to that world, but now, I came here in this way!"

In an instant, Lu Ming thoughts came to mind.

"This kid, I'm afraid!"

At this moment, Yuan Jin, Yuan Zhan, and the three gods of the pantheon have already arrived here.

Yuan Jin and Yuan Zhe saw Lu Ming's expression of dumbfounding, thought Lu Ming was afraid, and immediately sneered in his heart, showing the look of expectation, expecting Lu Ming to be suppressed by the pantheon.

"Which one are you talking about?" Pantheon asked.

"it's him!"

Yuan Jin quickly humbled Lu Ming Road.

Oh?

Wan Shen's gaze looked at Lu Ming, but only turned around Lu Ming's body. When his gaze fell on Qiuyue, he was stunned.

In the Taixu dynasty, Qiuyue had seen Qiuyue.

On the face of the gods, the color of surprise immediately appeared, and in a flash, he appeared in front of Qiuyue.

Lu Ming didn't try to stop, because the other party was a pantheon, why should he stop?

And he discovered one thing, even if he wanted to stop it, he couldn't stop it, because the cultivation of the gods was too high.

He dare to conclude that the gods must have stepped into the realm of Divine Emperor.

The specific weight of the Divine Emperor, he is not very clear, but just feels the majestic and terrifying power contained in the Pantheon, unfathomable.

"Qiuyue girl, you are Qiuyue girl, why are you here?"

There was a happy expression on the face of the gods.

"Avatar, why are you here?"

Qiuyue also recognized the gods, curious.

"Haha, didn't Lu Ming tell you, I went to a place to practice, and that place is here, right, Lu Ming, didn't come with you?"

All gods laughed, without the sharp temperament before, his eyes swept, seemingly looking for Lu Ming's figure.

"Isn't the young master right in front of you?"

Qiuyue smiled, and then pulled Lu Ming's hand.

"You mean...He is Lu Ming? Qiuyue girl, don't lie to me, his life's breath is completely wrong, Qiuyue girl, you won't be empathy, so you lied to me by telling this lie? "

Pantheon obviously didn't believe it. When it came to the back, his face sank, and some unsightly staring landed.

"What are you talking about, Master Lu Ming!"

Qiuyue blushed and stomped her feet.

"Goddess, because I practiced a special kind of practice, I changed the origin of life. You don't know me, it's normal, but I am Lu Ming, don't you remember when we first met. .."

Lu Ming laughed, and then briefly talked about his first meeting with the gods.

"Are you really Lu Ming?"

The gods are still somewhat suspicious.

If Lu Ming was the only person, even if Lu Ming said about the situation where the two had just met, he would not believe that Lu Ming was captured by Soul Soul.

But with Qiuyue there, he had to believe it.

"Yes, that's Lu Ming, I testify!"

The ball jumped out.

"You guys are also here. It seems that you are really Lu Ming. I didn't expect that I haven't seen it for many years. Your change is so big that I can't recognize it!"

All gods looked at Landing Ming and smiled.

"Your changes are not small, and your strength is unfathomable!"

Lu Ming smiled and gave a hug to All Gods.

On the edge, the others were dumbfounded.

what's the situation?

They thought that Pantheon would shoot Lu Ming, but they didn't expect that Pantheon and Lu Ming actually knew each other as if they were old friends.

Especially Yuan Jin and Yuan Zhan were completely ignorant.

They finally invited all the gods to deal with Lu Ming. What is the situation is completely different from what they expected.

"Wan.. Wanshen, we are talking about him, you... hurry to suppress him..."

Yuan Jin couldn't help screaming.

But after screaming, he regretted it, his face pale.

Sure enough, All God looked back at him, his face gloomy, and said: "You two called me to deal with my brother? Is the bone itchy, then I will repair it for you..."

"Go away!"

The words of the gods hadn't fallen yet, and Yuan Jin and Yuan Chai's faces changed wildly.

"I still want to go in front of me!"

Wanshen sang coldly, stretched out a hand, and grabbed volley.

Suddenly, a huge palm appeared above the sky, and pressed towards Yuan Jin and Yuan Chai.

As if, a giant suddenly appeared on the sky.

"No..."

Yuan Zhan and Yuan Jin shouted and resisted with all their strength.

However, their strength is totally unbearable under this palm.

With a bang, the two hit the ground like two meteorites.

Chapter 4204: Overbearing pantheon

Yuan Jin and Yuan Zhan were crushed by the palms condensed by the gods and directly hit the ground. They twitched and lay convulsively on the ground, and blood was spurting in their mouths.

Both faces were pale, and their bones were almost broken.

On the side, the others were pale, but none of them dared to speak.

Here, even the elders of Yuan Jin and Yuan Chai dare not speak out.

One is that the strength of Pantheon itself is really very strong.

On the other hand, the identity of the pantheon is too special, with unparalleled talent. It has high hopes from all the big figures in the primitive **** lake and focuses on cultivation. It is known as the seed of hope for the primitive gods.

Who is better than the gods in the background.

Who dares to move him?

The elders of Yuan Jin and Yuan Chai can only close one eye.

After tidying up Yuan Jin and Yuan Zhan, the gods looked at Fei Ye again and said coldly: "I heard that you also shot at my brother, why? The bully is just here, or is it against your God? The cultivation of Emperor Realm?"

Fei Ye looked pale and explained: "Goddess, I just have a discussion with him."

"Study, oh, then I also learn from you, let's go!"

All Gods spoke, stepped out, and walked towards Fei Ye.

Fei Ye's face was even more ugly, and he shouted, "You don't want to cheat too much!"

"I'm so deceiving, what can you do?"

All gods sneered and continued to persuade Fei Ye.

"Don't think I'm afraid of you!"

Facing the pressing of all the gods, Feiye was angry, roared, and his breath was full.

He once again turned into a towering tree, this time, the towering tree he transformed was more than ten times higher than before, covering the sky and covering the mountains and rivers.

Breath, terrifying.

"This is... Divine Emperor Double!"

Lu Ming's eyes flashed.

At this moment, Fei Ye's breath was fully open, and the exposed strength was very amazing, and he reached the double of Divine Emperor.

This is not an ordinary Divine Emperor's double, but a wicked monster with strong combat strength. I am afraid that it can already confront the ordinary Divine Emperor's fourfold existence.

If the opponent makes a full effort, Lu Ming is definitely not an opponent.

Some of Lu Ming couldn't help worrying about the pantheon.

But in the face of such a vast breath, the face of the gods has not changed.

"Shoot!"

The gods said lightly.

"You forced me to kill!"

Roaring flying leaves, countless leaves flew out of the huge tree crown.

This time, these leaves were not scattered, but gathered together, turned into a blue light, and blasted towards the gods.

The power is more powerful than when I dealt with Lu Ming just now.

Upon seeing this trick, Lu Ming knew that he could not resist it alone, unless he used Bingxuan stick.

However, the gods remained calm.

boom!

At this moment, the pantheon moved, one of his arm muscles bulged, there was divine power flowing on it, and then he punched out.

The world and earth suddenly shuddered, and a terrible fist burst from the fists of the gods, colliding with Fei Ye's attack.

Then, you can see Fei Ye's attack, like tofu, can't withstand a blow, and was directly penetrated by the fist of the gods.

Fisting constantly, bombarded the trunk of the giant tree transformed by Fei Ye, and the trunk was directly bombarded with a huge hole.

A scream of sorrow sounded, the giant tree shrank quickly, and the flying leaves reverted to a human form, only to see his abdomen, there was a transparent hole in the front and back, blood flowing.

Fei Ye coughed up blood constantly, her face pale, her breath weakened, and she was hit hard.

But his eyes, still staring at the gods, shouted inconceivably: "You...your cultivation, have you broken through again?"

"Don't worry, I just used Divine Emperor's second cultivation practice. Why should I use a higher cultivation practice to deal with you?"

The gods said lightly.

Fei Ye was spitting out another breath of blood.

Around him, the other Tianjiao's face was pale, and he looked at the gods with horror.

The divine power of the gods is stronger, and it seems to have surpassed them.

"Amazing!"

"All gods are progressing too fast, the future is limitless!"

"His talent is too strong, my primitive spirit is in the vein, and it is expected to rise!"

Some senior figures watching the battle sighed, but the voice was full of surprises.

"This guy, really is perverted..."

Even Lu Ming had to sigh.

He knows that the details of all gods are evolved from the blood and essence blood of many primitive gods, and have a lot of primitive gods' potential and talents, which is really terrifying.

Now, Lu Ming still can't see through the cultivation of the gods.

However, Lu Ming estimates that it is definitely more than three times the Divine Emperor.

He relied on the taboo body, the speed of cultivation was enough perverted, but the pantheon seemed even more perverted.

It seems that the original Shenhu Lake is indeed very suitable for the cultivation of the gods. The choice of the gods to come here was correct.

"You guys, who else wants to try?"

After one move to solve Fei Ye, Pan Shen didn't look at Fei Ye at all, and turned to Cong Zhan and others.

Cong Zhan et al.'s face was white, showing ugliness.

"Haha, gods, we just came to see the excitement, but it didn't mean anything to do!"

"Yes, yes, I just came to see the excitement, only Fei Ye!"

"By the way, I think I still have something to do, so I will go!"

"I still have things!"

From the battle, several Tianjiao, who are as famous as Fei Ye, have found reasons to slip away.

"Goddess, you are very majestic now!"

Lu Ming came over and laughed.

"These people are itchy, and if they give in to them, they will have to make a fortune and have to use some thunder."

All gods smiled.

"Oh, where do you live now?"

Pantheon asked again.

"Living on that mountain!"

Lu Ming pointed to the mountain far away, they had just come down.

"Oh, let's go up, I still have a lot of questions to ask you!"

Pantheon.

Then, Lu Ming and they returned the same way.

On the way, they talked while walking.

Lu Ming briefly talked about his experience over the years and why the origin of life changed.

What Lu Ming taboos about is Tiangong. In Tiangong, these things can never be said, but the original Shenhu Lake is opposed to Tiangong, so it's okay to say it, and let others know that he is a taboo body. It doesn't matter.

"It turns out that there is such a mysterious practice in the world that can cut out the past and the future, even the origin of life is different..."

All gods sighed.

"Oh, gods, the world you came from, is this?"

Lu Ming asked again.

"Not bad!"

Pantheon nodded and explained: "The Primitive God Lake has a channel that is connected to the original primitive spirit world. These two worlds are actually very similar, and both bred primitive gods."

"Have you ever conceived primitive gods?"

Lu Ming was shocked.

Chapter 4205: Battle of the Pantheon

The place where the original gods were bred is not trivial.

"Yes, it's just that the primitive **** lake is more advanced. In the primitive **** lake, seventy-two primitive gods were bred, and here the territory is larger and the cultivation environment is better. There are primitive gods and some other powerful people sitting in town!"

"And the primitive **** world we went to was regarded as the outer world of primitive **** lake, looking for some geniuses who cultivated primitive **** bodies..."

Pantheon continued to explain.

"Look for geniuses who cultivated primitive gods and bring them to this world? But many of the races outside are controlled by the Tiangong."

Lu Ming said, revealing his doubts.

Because the Tiangong now rules the universe, and all tribes of the universe are obedient to the Tiangong.

But here, in the universe, the tribes are looking for the cultivation of the pride of the primitive **** body. Isn't this a problem of raising tigers?

"So, at first, I just brought them to the outer world and let them practice. If there is a kind of particularly outstanding genius that is suitable for key training, I only consider bringing the original Shenhu training, but before bringing it, I have to go through multiple tests and tests. "

"Only by repelling the Tiangong and being able to use it for the original Shenhu Lake will it bring the original cultivation of the original Shenhu Lake."

"However, there are few such people, but there is no way. The original God Lake itself has fewer geniuses and can only be found from the outside. Those who are not suitable will be sent back..."

Pantheon explained.

Lu Ming suddenly thought of Murong Qiushui.

At that time, Murong Qiushui should have also caught up with the strong man of the original Shenhu Lake. He heard that he was accepted as a disciple by a big man, but he encountered him in the vast universe.

Thinking about it now, Murong Qiushui should have been sent out after failing the test.

"The primitive Shenhu world has appeared since the beginning of the universe. It has been passed down to the present and has been confronting Tiangong. However, Tiangong is too powerful. Primitive Shenhu is not an opponent at all, and can only float in the universe..."

Speaking of which, the look of resentment in the eyes of the gods said, "Now I know that the primitive gods were destroyed by the heavenly palace, and the blood of the primitive gods shed on me. This hatred, I will sooner or later..."

Several people said, and returned to the top of the mountain.

Although this mountain peak, most people cannot come up.

However, the identity of the pantheon is special, and it can be found anywhere in the four cities of the original Shenhu.

"Lu Ming, I heard that your strength is very strong. In a battle of the same level, I easily defeated Feiye. I am a little bit itchy. Why not let us discuss it?"

The gods said so.

"Consult with you, am I not looking for abuse? I can't see your cultivation behavior."

Lu Ming shook his head directly.

Just kidding, Fei Ye, who is full of fighting power, was beaten to death by a punch of the gods, so he didn't look for abuse.

"Haha, I wouldn't overwhelm you with cultivation, of course. I suppress cultivation, and how about the Emperor Jiuzhong and you discussing with you?"

All gods, a look of itchiness.

"Oh, that's okay!"

Lu Ming nodded and agreed.

He is also very curious about how strong Pantheon is.

When he and the gods had just separated, the ability of the gods to fight across the ranks was not particularly exaggerated.

But he knew that it was because the potential of the gods had not yet been developed.

And after so many years, where has the potential of Pantheon developed?

After finding an empty land, Panshen and Lu Ming stood opposite each other.

The Qiuyue three and the ball are watching from a distance.

"Lu Ming, be careful!"

The gods spoke, and the breath from him came out.

It is the breath of Divine Emperor Jiuzhong, and all the gods will be cultivated to suppress it.

bump!

Then, as the gods stepped on, his figure, like a lightning, rushed towards the landing naming. During the rush, the gods squirmed with muscles, covered with a layer of divine power, and punched. Lu Ming.

Wherever the fist passes, the void rumbles and explodes, and the power is terrifying.

"Come well!"

Lu Ming took a sip, the forbidden power was running, his body was covered with a layer of gorgeous glow, and he was also punched out.

This punch contains several great ancient secrets with amazing attack power.

boom!

The fists of the two collided together, as if the two stars collided, inspiring a lot of energy.

Then, the bodies of Lu Ming and Panshen shocked at the same time and drifted back.

"What a powerful force!"

Lu Ming felt his fist tingle slightly.

Although he didn't use his full strength just now, the power that broke out has been very amazing, at least reaching the stage where he can fight across seven levels.

However, there is nothing but a pantheon.

At the moment when the two punches collided, he felt the power on the fist of Pantheon was amazing.

It is pure physical and divine power.

The flesh of the gods is endless, powerful and terrifying, like a true primitive god.

There is also his divine power, strong and condensed, pure and ancient, I do not know how many times the divine power of the original divine factor has been awakened.

In short, the power is endless, indestructible, and extremely terrifying.

"Awesome, much more powerful than before. This kind of divine power should be equivalent to awakening the original divine power factor eight times!"

Lu Ming admired in his heart.

Pantheon is a collection of a lot of primitive gods and flesh evolved. He cultivated a variety of primitive divine powers and awakened the original divine power factor. The talent is too strong. The current divine power is already comparable to the divine power of awakening the original divine power factor eight times.

Otherwise, how can we contend with the power of taboos.

"Awesome, is this the power of taboo, so strong, hahaha, Lu Ming, you shouldn't use your full strength, nor me, then let's do our best, don't hide it!"

All gods laughed, and the fighting spirit was strong.

"as you wish!"

With a loud roar, Lu Ming shook the cells of the whole body, the various mysteries in the cells, and the ancient mysteries broke out and merged together.

Uh!

Lu Ming's palm was like a knife, and he fell with a palm.

A huge blade of light cut towards the gods.

This trick brings together more ancient secrets.

Such as Great Sword, Great Fragmentation, Great Destruction, Great Aurora...

In one move, it contains a variety of terrifying attacks, and its power is more terrible than before.

"Door Gate!"

The gods roared, and a huge stone door appeared above him, ancient and powerful.

This is the original secret technique, the door to dominate.

Lu Ming used to control it before, but now he is in the "past body".

Roar!

The huge door of dominance rushed towards the landing and gave a terrifying roar.

In the door of the ruler, a huge monster rushed out.

This monster is very huge, and it looks very terrible. There are several huge long horns on his head.

"This is... primitive deity? No, it is the soul of primitive deity..."

Lu Ming moved.

Unexpectedly, the Gate of Domination practiced a deep state, and it was actually able to summon the corresponding primitive spirits of spirits.

Chapter 4206: Unbeaten

The primordial spirit soul appeared in the door of the ruler, opened the blood basin and took a big bite, biting the knife light cut by Lu Ming.

However, it only lasted a few breathing times. The original spirit of the spirit could not resist the sword blow, a mouth was split in half, and the body quickly retreated.

when!

Daoguang followed, chopping on the door of the ruler, causing the door of the ruler to shake violently and flew back toward the gods.

However, the knife light cut by Lu Ming was still blocked.

"Great, come again, the gun of all things, the fire of glass..."

All gods drank low, the body's divine power became stronger, and urged to the pinnacle of Divine Emperor Jiuzhong, and various secret techniques appeared continuously on the top of his head.

Soon, there were more than twenty kinds of mysteries appearing above the head of the gods.

All are the original secret technique.

There are more than twenty kinds of original secret techniques, all exuding a terrifying breath.

"Every kind of original secret technique, the yoke of severance, is more than six, and some of them even sever the yoke of seven..."

Lu Ming's pupil shrank.

It's amazing.

At the age of pantheon, this cultivation practice, even if it can cut off a six-way shackle or a seven-way shackle with a mystery of the original source, it is nothing in the world.

The pantheon, more than twenty kinds of original secret techniques, have reached this step.

"Lu Ming, he can't carry it, but he wants to speak..."

Pantheon.

"Don't worry, just do your best!"

Lu Ming's eyes are bright, showing a strong fighting intention.

In the battle of the same level, he rarely showed such an expression, because he felt pressure.

He has reached the limit that God Emperor Realm can cross. He can fight across nine levels. Originally, he thought that in the first level of the same level, there should be no pressure on him.

Unexpectedly, the pantheon could actually.

boom!

Lu Ming triggered six times the fighting strength of the war character tactics and drove the fighting strength to the peak.

All God's eyes lighted up and said: "Okay, you still have hidden, then I will not be merciful..."

As soon as the words fell, the pantheon rushed towards the landing Ming. Twenty kinds of primitive mysteries also came to the landing. Every kind of primitive mysterious techniques issued a terrifying wave.

Some are fast, some are very high, some are heavy...

Each of the original secret techniques has its own characteristics, but there is one thing in common, and the attack power is very amazing.

"Come well!"

Lu Ming showed his fighting intent and urged the power of taboo to the extreme. With a wave of his hand, various secret techniques also appeared around his body.

They are all kinds of ancient mysteries, more in number than pantheon.

The secret technique of both sides had a big collision in the air.

boom! boom! boom!

In the gorgeous glow, the two fought together, and every second, there will be hundreds of collisions.

This area is completely shrouded in all kinds of divine light. Most people can't see through the situation at all, and can only hear a violent roar.

Terrible energy swept in all directions, and some continued bombardment on the ground.

However, this mountain, but a group of gods and primitive deities closed down and practiced, is extremely hard. Their attack falls on it, and no mark can be left.

This is why they chose to play here.

In the distance, several people in Qiuyue turned their divine power into their eyes, and the cultivation of Divine Emperor Realm was the only way to see the situation of the war inside.

"It's terrifying, what monsters are these, is this still the power that God Emperor Realm can erupt?"

"True metamorphosis, how many levels can this fight across? Anyway, I went up, definitely not an opponent!"

Qiuyue's two sisters were shocked on their beautiful faces.

One of these characters was already a miracle, but now they see two.

It is indeed a miracle of miracles.

The battle between the two is getting more and more intense.

At the beginning, the two were still a little bit convergent. After all, they were friends, only to learn from each other, fearing to hurt each other.

But after some battles, they all found that the strength of the other party was above their expectations, so they were more and more confident to slowly expand their combat power to the peak.

Soon, the two of them fought hundreds of moves, and still did not distinguish the outcome.

"Happy, happy!"

In Lu Ming's eyes, the fighting spirit became stronger and stronger, and he raised his hand to throw his hands.

However, the power of the pantheon is also terrifying. At the beginning, he exhibited more than 20 kinds of attacking primitive secrets, and later, there were other primitive secrets to be exhibited, such as defense, speed, etc.

Together, it is almost the same as Lu Ming's combat strength.

The two can't help anyone.

Later, Lu Ming even triggered a seven-fold combat power.

However, he found that, like the last time, after triggering seven times the combat power, the strength of his taboo power actually went down, so that his combat power always remained across nine levels. Detached.

Lu Ming understood that this was the limit and it was difficult to surpass.

Soon, the two had hundreds of moves.

boom!

Finally, there was a trembling roar, and the two retreated at the same time, standing opposite each other.

"Great, great, Lu Ming, I don't know how many times better than before!"

All gods sighed, the breath on him gradually converged.

The war is here, it is enough, and it is not necessary to continue the war.

Lu Ming also converged, and the fluctuations in his body weakened.

"People, you are powerful. I thought I had the power of taboo to suppress you. Now it seems that I think too much!"

Lu Ming said, I have to sigh in my heart, the pantheon is too powerful.

His taboo power, after incorporating a variety of secrets and ancient secrets, the quality has been greatly improved, all invincible, and terrifying.

However, the god's body is too strong, as well as his divine power. The source divine factor has awakened too many times, and the source mystery that has cut off many shackles can fully compete with him.

"Actually, I lost. Your fighting strength has reached the limit of Divine Emperor Realm, and you can fight across nine levels!"

"Although I can now fight across nine levels, that's because I suppressed the cultivation base. My own realm is the Divine Emperor Realm. After I broke through to the Divine Emperor Realm, the original divine power factor and the original mystery are all advancing by leaps and bounds. , I cultivated that although it was suppressed in Divine Emperor Jiuzhong, the original secret technique and divine strength will not change, so I can compete with you!"

"When I was in Shenhuang Realm, I could only fight across eight levels, so I was defeated!"

Pantheon.

"Don't be humble, let's drink!"

Lu Ming smiled, walked over and patted Wanshen's shoulder.

After a while, Lu Ming lived in a strong flavour.

There are a lot of storage rings on Lu Ming's body, everything.

Fine wine, ingredients, spices, etc. are naturally not lacking.

Although he does not need to eat food now, he will not be hungry, but sometimes, he will also get rid of greed.

Chapter 4207: Come over in the past

Several people chat while eating.

"Lu Ming, you said that your "past body" mainly cultivates all kinds of divine power, then it is better to come here to practice. Here, to practice all kinds of divine power and the original secret technique, the effect is very good."

Pantheon.

"I had this plan too."

Lu Ming nodded.

"Then come, I tell you, there is a great opportunity in the primitive Shenhu. The reason why I practiced so fast is because I got the chance in the primitive Shenhu. After your past, we can be together go with."

Pantheon.

"In the original God Lake, is that Hubo?"

Lu Ming looked in the west direction.

"Yes, that lake is called Primitive God Lake, and this world is named after it!"

"Before the ancient years, there were seventy-two primitive gods that were bred from that lake."

Pantheon explained.

"All bred from that lake!"

This time, Lu Ming and Qiuyue were surprised.

They had heard that the primitive God Lake World had bred seventy-two primitive gods. They originally thought that the seventy-two primitive gods were scattered, and different areas spawned a primitive god.

For example, Lu Ming once went to the primitive spirit world, where there are thirteen famous mountains, each of them gestates a primitive god.

But here is actually different.

Seventy-two primitive gods were actually bred from that lake.

This is a bit amazing.

"Yes, and the seventy-two primitive gods were all born from eggs. After they left, the egg shells were left. That kind of egg shells is a peerless treasure for the cultivation of divine power, and it is for cultivation. Primal divine power, awakening the original divine power factor, and enlightenment of the original secret technique have great benefits!"

"In the primitive Shenhu world, a piece of primitive deity eggshell the size of a fingernail is valuable, and is of great use to high-level Divine Emperors.

"In addition, in the original Shenhu Lake, there are also original Shenxia, or some diluted magic medicines, which are very high in value."

Pantheon.

"Original God Lake, it should not be easy to go in!"

Lu Ming said.

He will not blindly rejoice.

Since there are so many precious treasures in the original God Lake, if it can be easily obtained, how can it be left to the present?

"You are right. The primordial Shenhu Lake is tremendous, and the water of the primitive Shenhu Lake is not ordinary water. Every drop of lake water is very heavy. With the huge waves, the power is very amazing!"

"In addition, there is also great coercion, and it is difficult for ordinary people to break in!"

"Only talented people are more likely to break in, where it has become a place for the young Tianjiao of the original Shenhu Lake and a treasure hunt. Let your past come over, once you get some eggshells of the original gods, Xiuwei will definitely advance by leaps and bounds."

Pantheon.

Lu Ming's eyes lit up.

"Well, I opened the wormhole and let the past come over."

Lu Ming nodded.

Thirty-six blocks were immediately taken out, and the power of taboo was input.

Suddenly, thirty-six disks were suspended in the air, filled with the ray of light, and a vortex appeared in the middle, constantly rotating.

Everyone waited quietly. After a while, a wormhole was successfully opened.

Qiuyue and others stared at the wormhole with bright eyes.

It didn't take long for a figure to suddenly appear in the wormhole.

Slender figure, long hair fluttering, slowly clear up.

"Master!"

Qiuyue could not help but exclaim.

That's right, this figure is Lu Ming's past.

The appearance and breath are exactly the same as Lu Ming's before.

Although Lu Ming's current body is also Lu Ming, her appearance and breath are different after all. Qiuyue's heart is still a little strange. At this moment, she feels more intimate when she sees her past body, and immediately flew past.

"Autumn Moon!"

Lu Ming's past body nodded with a smile, his figure left the wormhole and appeared on the ground.

Lu Ming now waved his hands, thirty-six blocks, and he was put away again.

"Lu Ming, this is your past body? Gee Gee, the two of you are actually the same person, wonderful, really wonderful..."

The eyes of the gods glanced back and forth over the "past body" and "present body", and their mouths were amazing.

Qiuyue's eyes also glanced back and forth between the two Lu Ming, curious.

"You don't need to struggle. Although we are divided into two people, we are all the same, but we are all one and the same. We are all Lu Ming!"

Lu Ming's body now.

"Lu Ming, your past is not good. You can keep up with the cultivation of the Seventh Talented Emperor..."

The gods stared at the past.

In the past, the cultivation of the body was indeed the Seventh Emperor of God.

In the past, after all, I practiced the "Qiankun Wandao Jue", and I practiced many kinds of divine powers. Now, I control 21 kinds of divine powers and 21 kinds of mysteries. This requires a lot of energy.

It is already an amazing speed to be able to reach the Seventh Emperor of the Divine Emperor now. This has something to do with his own talents and the cultivation conditions of the Dragon Mother Star. Of course, there are also the instructions from Ao Qian and Feihuang.

"All gods, let's go, we go to the primitive **** lake, this time I came, just for primitive **** lake!"

Lu Ming passed by.

"go!"

Pantheon was very direct and turned to lead the way.

Lu Ming's past and present, Qiuyue and others followed closely behind.

Soon, they left the giant city and headed west.

Rumble!

When they flew a distance, they heard a deafening roar, which was the sound of a huge wave.

At another distance, the lake in front was more clearly visible.

The endless Hu Bo, like Wang Yang, is broad and boundless.

Standing at high altitude, Lu Ming turned the power of taboo into his eyes and only barely saw the other side of the lake, where a huge giant city was located.

That is the city on the west bank of the original Shenhui Lake.

Among the lakes, the huge waves were gigantic and curled up to tens of thousands of meters. When they fell, they made a deafening explosion, terrifying.

In addition, in some parts of the lake, there are huge whirlpools. The whirlpools spin wildly, and the black paint in the center seems to smash everything.

"The original Shenhu Lake, the closer it is to the center, the greater the power of the giant waves, and the more dangerous it is. Correspondingly, the more opportunities you can get, the outer periphery, there are almost no opportunities. We directly enter the original from some inside. God Lake!"

Pantheon.

"can!"

Lu Ming and others nodded.

They continued to fly and flew into the original God Lake.

Huh...

Above the primitive Shenhu Lake, there is a terrible gang wind howling, like a sharp blade, Lu Ming and others can only lay a defense under their body to block it.

Soon, they flew 30,000 miles forward.

"Let's go down from here and move forward slowly. Below this, we should all bear it. Moving forward, I'm afraid there will be an accident!"

Pantheon.

Chapter 4208: Explore the pristine God Lake

Lu Ming and others naturally have no opinions on the proposal of Pantheon. After all, Pantheon has been practicing here for many years and is most familiar with the environment here.

The closer the original Shenhu Lake is to the middle, the greater the power.

The original **** eggshell was sunken under the lake, and there are other magical medicine treasures. It is also under the lake. To get these treasures, you must find it from the bottom of the lake and sink into the bottom of the lake.

If you fly too far at once, and then sink to the bottom of the lake, the danger of the environment below may exceed their ability to bear, one is not good, there is a danger of falling.

Sink in a safe area first, and then move forward slowly. In this case, the power is gradually strengthened. If you can't bear it, you won't be caught by surprise and you can slowly retreat.

This is the most reliable method.

Immediately, they all laid defenses around their bodies and then rushed into the lake.

Around Lu Ming's body of the "past body", shields emerged. This is the original secret technique, the shield of Tianxuan.

Today's Shield of Heavenly Profound Truth, I don't know how many times stronger than before, and it shrouds the body.

The "Now Body" is to perform a large defense, a layer of light covering the body.

boom!

As soon as Lu Ming entered the lake, he felt hit by dozens of mountains, and even the great defense technique trembles.

"What a powerful force, this lake water is not ordinary lake water, it contains the ancient atmosphere of the flood, as if it was a condensed divine power..."

Lu Ming carefully sensed that the surrounding lake water was extremely thick and extremely heavy. A wave of waves came over, as if dozens of divine mountains collided, and the power was amazing.

This kind of lake water seems to be formed by the ancient divine power, just like the divine power of primitive gods.

Of course, this cannot really be the divine power of the original gods, it is just a bit like it. If it is true, they simply cannot bear it.

But fortunately, the intensity of the lake water here, they can withstand.

"Because there are seventy-two primitive gods bred from here, the lake here is full of primordial spirits and becomes violent and terrifying, but unfortunately it cannot be absorbed. However, in this environment, some treasures can be bred, we You can look for it..."

Pantheon explained.

Everyone has been sinking.

The original Shenhu Lake was very deep. They sank thousands of miles before sinking to the bottom of the lake.

Although there are no huge waves at the bottom of the lake, the dark tide is surging, and a dark wave is coming, and the power is also terrifying.

But here, it is still within the tolerance of everyone.

"It has been explored long ago, we don't have to waste time, go ahead!"

Pantheon.

Everyone stepped forward and walked through the waves.

Soon, they traveled another 20,000 miles.

The further forward, the pressure of the giant waves is increasing. In addition, there is a terrible coercion in the bottom of the lake.

This kind of coercion is ancient and seems to be the coercion of primitive gods.

This kind of coercion can not only act on the body, but also on the consciousness and soul. They seem to hear a terrible roar from the ancient times.

It is difficult for people with unwilling will to move forward.

Here, Qiuyue's two sisters are already struggling.

Lu Ming, it feels okay.

Among them, although Lu Ming's cultivation is the lowest.

But now it is a taboo body, the soul is scattered among various cells, and it is easy to resist various ancient secrets.

In the past, the cultivation base was only the Seventh Emperor of the Divine Emperor, but he was filled with various rays of light, and various original secret techniques emerged, which also blocked the surrounding pressure.

In addition, Lu Ming's willpower is firm enough. The pressure of those primitive gods is not too strong pressure for Lu Ming.

"Sister, are you okay!"

Qiuyue looked at her two sisters worriedly.

"It's okay, keep going!"

Qiuyue's two sisters said.

They are all arrogant characters and have arrogance. At this time, seeing Lu Ming's cultivation practice is lower than them, they can bear it. Naturally, they are not willing to give up.

Continue to move forward, and soon traveled a distance of ten thousand miles.

This pressure is even stronger.

Qiuyue's two sisters were already breathless.

However, here, I finally found the harvest.

"That's... Divine Power Source Pearl!"

Lu Ming's eyes moved.

Not far away, he saw a few crystal-like things, which are the source beads of divine power, which can help people open the treasures of the original secret technique.

These treasures have a very great effect in the low realm of God Realm. Many powerful races are usually acquired to cultivate younger children.

The price of this consumable has always been high, and it is very popular.

A sister of Qiuyue was the closest to it. She stepped out and collected several source beads of divine power.

Then I moved on, and soon I found something.

Not far away, a magic medicine shook with the waves at the bottom of the lake.

In such an environment, the magic medicine that is still growing, needless to say, is very extraordinary.

Lu Ming used to have a relatively close body distance, stepped out, took off this magic medicine, and returned to the "Now Body".

The past and the present are one with each other, and naturally there is no need to say more.

Treasures that are useful to the past body are left there.

Treasures that are useful for the present body are left in the present body.

This magical medicine contains powerful life energy, which is most suitable for taboo body cultivation, and it is most suitable for staying in the "present body".

Next, they kept discovering.

Divine Power Source Beads, Divine Medicine, Divine Power Flower, etc., from time to time will find a point, whoever is closer, it will be collected.

However, when they traveled another 10,000 miles or so, Qiuyue's two sisters had almost reached their limit, and it was difficult to move forward.

If they continue to move forward, they will be overloaded and injured.

Not only the body is injured, but the soul is also injured.

It is more troublesome if the body injury is recovered and the soul is injured.

"We won't continue anymore, we stop here, just probe around, let's continue!"

Qiuyue's two sisters said.

"Sister that, be careful!"

Qiuyue said with concern.

"Sister Qiuyue, rest assured, we will be careful, I wish you all a chance!"

One of the sisters laughed.

After that, Qiuyue's elder sister Ling Ling stayed and explored horizontally, instead of approaching the center of the original Shenhu Lake, while Lu Ming continued their departure.

If you want to find the treasure of the original **** eggshell, you must go to the core of the primitive **** lake.

Without Qiuyue's two sisters, their speed suddenly accelerated.

Soon, another 20,000 miles traveled.

Here, from the shore of the lake, it is already nine hundred thousand miles.

The pressure here is even stronger.

Lu Ming's past body felt strong pressure, and the Shield of the Heavenly Profound was shaking continuously.

In the past, the practice of the body is still lower, and the pressure is very great.

Chapter 4209: Break through

In the past, it was a miracle that God's Emperor Qizhong was able to come here after all.

The pressure on the soul can be blocked by the body in the past, but the pressure on cultivation is a bit difficult.

At this time, now the body walked past, the big defense began to diffuse, and enveloped the past body, which allowed the past body to lighten up before it could continue to move forward.

Along the way, a lot of gains were made intermittently, but unfortunately, the eggshells of the original gods were never seen.

Until they were 120,000 miles from the shore of the lake.

"That is..."

Suddenly, Qiuyue kicked her eyes and stared in one direction.

In that direction, there was something on the ground that exuded milky white light, a pure and terrible energy, which was constantly diffused out.

That thing, only the size of a fingernail, but like a sun, constantly radiating energy.

"The eggshell of the primitive god, this is the eggshell of the primitive god, haha, it seems that we are lucky!"

All Gods smiled and continued: "Miss Qiuyue, this is yours, take it away!"

"Master, do you want it?"

Qiuyue looked at Lu Ming's past body. She knew that Lu Ming used to practice various divine powers. The eggshell of this primitive **** helped him a lot.

"No, you found it, you accepted it, there must still be this lake bottom!"

Smiled in the past.

Qiuyue didn't insist anymore, nodded, and walked towards the original **** eggshell.

Walking to the edge of the primitive god's eggshell, Qiuyue's heart suddenly filled with a strong nine-color glow. In the faint, you can see a nine-hearted heart looming.

Nine Trick Sacred Heart!

Qiuyue's Jiuqiao Sacred Heart emerged, and a nine-color glow enveloped the original deity eggshell, and then the primitive deity eggshell was directly sucked away by Jiuqiao Sacred Heart.

Qiuyue's body was filled with a strong breath, but the next moment, he converged again.

The eggshells of primitive gods are naturally impossible to refine like this, and need to be refined slowly in the future.

Found a primitive deity eggshell, they were excited and moved on.

Soon after, they found another piece of fingernail size, but this time, there were other people nearby.

A Tianjiao of Primitive God Lake also discovered this primitive **** eggshell.

However, under the pressure of the gods, the other party could only retreat. This original eggshell of the gods was collected by Lu Ming's "past body."

But since then, their luck seems to have run out.

After searching for most of the day, I didn't see another piece of primitive deity eggshell, even if it was the size of a fingernail, I didn't encounter it.

By this time, they were already about 200,000 miles from the shore of the lake.

Here, the pressure is already terrifying.

Rumble!

Under the lake, the dark tide was turbulent, and contained terrible coercion, which constantly hit them.

In front of it, there seemed to be a terrifying force, like a barrier. They walked several times and were rushed back by that force.

"This is the limit, every time I get here, I will be rushed out."

Pantheon.

"Don't you pass by once?"

Lu Ming's question now.

"No, I guess, there must be a big chance in this, but unfortunately, I can't get in, this force is too strong!"

All gods shook their heads.

"I don't know the power of my taboo, can I break it, I will try it, you wait for me!"

Lu Ming now said, and then stepped out.

"Master, be careful!"

Qiuyue worried.

"Relax, I will be fine, I will do what I can!"

Lu Ming smiled, then stepped out and rushed forward.

boom!

A powerful force rushed towards the landing.

"Break me!"

Lu Ming shouted, the power of taboo broke out, gathered on the palm, Lu Ming struggling with his palm.

boom!

Lu Ming's palm collided with the force rushing in front, and a violent roar erupted. A large amount of surrounding lake water was repelled and poured out on both sides.

Lu Ming's body trembles and his arms continue to shake, but Lu Ming's eyes light up.

He felt that the force in front of him was not impossible to break through. Under the attack of the taboo force, it seemed that there was a flaw, and a gap was torn.

"Yes, then continue..."

Lu Ming shouted and urged the power of taboo to the extreme, his palms continuously blasted out.

Boom!

The violent roar, constant sound, this area, constant vibration, the lake water was drained out, forming a vacuum.

Although Lu Ming's body kept shaking, the force in front of him was slowly being torn apart.

bump! bump! ...

Every time torn apart, Lu Ming took a step and the ground on which he stepped shook dramatically.

However, every time he took a step, Lu Ming took a step forward.

In this way, Lu Ming took a dozen steps in a row and pushed forward a dozen meters.

However, what made Lu Ming feel sad was that the more he moved forward, the stronger the force was, and the pressure Lu Ming was getting stronger and stronger.

After a few more steps, Lu Ming's body was trembling and was under great pressure. He struggled to shoot and could not continue to tear that force.

"Quick, fast!"

Lu Ming shouted in his heart, he felt that he would tear the force in front completely, as long as he tears the force completely, he can enter another area.

However, in the end, the pressure is too strong, and Lu Ming is difficult to cross anyway.

"Bing Xuan stick!"

Lu Ming shouted in his heart, took out the Ice Profound Stick, and struck hard, but it was of no use at all and had no effect.

It's not a matter of attack power.

On the offensive power, Pantheon is much stronger than him.

In addition, there are more masters of the Divine Emperor Realm in the primitive Divine Lake. Those with more than four levels of Divine Emperor, even the Divine Emperor with seven heavy and eight heavy, the attack power is not stronger than Lu Ming, but there is no breakthrough.

The reason why Lu Ming can achieve results depends entirely on the particularity of the taboo force.

Therefore, he took out the Ice Profound Stick and attacked it with the palm of his hand. The effect was the same, both of which were the effects of taboo power.

"Unbreakable, unfortunately, my cultivation is still too low, the taboo power is not strong enough, if I can break through the Divine Emperor Realm, I can break through this force and go in!"

Lu Ming thought.

"Try again!"

Lu Ming gritted his teeth and squeezed out the last trace of his body, struggling to attack.

bump!

Finally, Lu Ming took another step forward.

He took another step forward, closer to the breakthrough, and closer, but still no breakthrough, still a little bit worse.

Lu Ming felt that he was about to break through, which was really fast.

"That is...."

Suddenly, Lu Ming stared.

Here, he could vaguely see the scene behind this force.

Before, their vision was completely blocked, and they couldn't see the scene at all.

However, Lu Ming now vaguely saw some.

He was shocked.

Chapter 4210: Egg whites and eggshells

Lu Ming was shocked.

Original deity eggshell.

He could vaguely see that there was an original **** eggshell in front.

And there is more than one piece, but multiple pieces.

And it's not a small piece of fingernail, but a big piece.

Amazing, incredibly amazing.

"Break through, be sure to break through!"

Lu Ming shouted.

Although these primitive deity eggshells have little effect on the taboo body, they have great effects on the gods, Qiuyue, and the past body.

Especially the past body.

Although the past and present are divided into two, they are one.

In the past, the stronger you were, the stronger he was, and the stronger Lu Ming was.

If you can get the eggshells of the original gods in front of them, their cultivation will definitely explode. Whether it is the original divine power factor, the original divine body, and the original secret technique, the help is very great.

Must rush over, must get.

However, he has reached the limit and it is difficult to move forward.

How to break through?

"Oh, the copper and copper coffin!"

Lu Ming's eyes lit up.

Fight one!

The copper and copper coffin should have a great relationship with the original gods, as long as the copper and copper coffin is taken out, it should be able to pass by.

When the thoughts moved, the copper copper coffin appeared in Lu Ming's hands.

"In the past, ready to break through!"

As soon as he saw the appearance of the copper and copper coffin, he knew what the "Now Body" was about to do. They all shouted, took Qiuyue, the gods, and rushed forward to come behind Lu Ming.

boom!

Lu Ming covered the copper copper coffin with taboo power, lifted the copper copper coffin, and smashed it forward.

In front of the Void Shock, that powerful force kept exploding, and then, it was actually penetrated by a force, and a hole was knocked out.

"Really effective!"

Lu Ming's eyes lit up, showing a happy look.

The copper and copper coffin is really effective, without opening it, you can directly defeat the force in front of you. I have known this for a long time, so I have to attack the copper and copper coffin.

Behind, the eyes of All Gods also light up.

This place he never set foot on, today, it is expected to set foot.

boom! boom! boom! ...

Lu Ming lifted up the copper copper coffin and bombarded it continuously. He bombarded the force in front of him, and the force was constantly torn apart, and the hole was getting bigger and bigger.

It is enough for them to pass.

"Go in!"

Lu Ming shouted 'Now Body'.

"go!"

The gods shouted, and with the 'past body', Qiuyue's body flashed, and he rushed towards the hole. The body didn't enter the hole, and he had already broken through that force.

Finally, Lu Ming's "present body" also rushed into the hole.

As soon as I rushed in, that force was automatically surrounded.

"this is..."

When Lu Ming broke through, when he saw what was inside, his eyes widened.

The eggshell of the original god.

At a glance, the ground here is the eggshells of primitive gods.

Small ones, only the size of fingernails, larger ones, such as large slaps and large discs.

The most amazing thing is that there are several eggshells, which are several times larger than the water tank.

There are three such eggshells, which are very similar to the shape of a bowl, like three large bowls placed on the ground, but the diameter is more than three meters.

In the eggshell, there was still a ray of glow coming out.

Lu Ming put away the copper copper coffin and walked in, and was even more shocked.

These largest eggshells actually contained a liquid.

This kind of liquid turns into golden yellow, as if it turned into liquid, it glitters with intoxicating luster.

At the same time, a flood of ancient, rich and extreme breath emanates from the liquid.

Similar to the blood of primitive gods, but not.

"This... is the eggshell that gave birth to the original god, and the egg white left in it..."

The gods muttered to himself, their eyes glared round.

"Egg white?"

Others are puzzled.

"Yes, the primitive gods of Primitive God Lake are all bred from eggs. After they leave, there is egg white left in the eggshell. This is the trace of egg white left by the primitive gods after leaving. It is a peerless treasure and a divine power. People who absorb this egg white and eggshell will have unimaginable gains!"

"It seems that there are three primitive gods in this area..."

The gods marveled.

Three bowl-like eggshells with golden 'egg white' left in them, obviously three original **** eggs.

The other small pieces of eggshells are naturally left by the original gods.

"That's right, three eggshells, each one of you!"

Lu Ming smiled now.

What he cultivates is the taboo body, and the treasures left by such primitive gods have little effect on him.

In addition, the ball does not have any demand for these, the ball only needs to devour metal or metal refining soldiers.

These three eggshells, 'past body', Qiuyue, all gods, one per person.

"We collect some small eggshells. Don't take away the three big ones. We will practice directly in the eggshells. After all, this primitive spirit egg is originally here. We absorb refining in situ and the effect is the best. ..."

Pantheon.

Lu Ming and Qiu Yue naturally have no opinions.

Then the crowd began to collect the surrounding eggshells.

"The past body", Qiuyue, and the pantheon, the three are equally divided.

Lu Ming's "Now Body" doesn't need much, just accepts some symbolically, after all, it is not useful to him.

Then, in the past, Qiuyue, the three gods of the gods, each entered an eggshell and sat cross-legged.

Immediately, the golden liquid in the eggshell moved, like a golden ribbon, surrounding the three people's bodies.

The three treasures are majestic and full of cultivation, as if transformed into three primitive gods.

"I'm afraid it will take a long time for this refining, I will go to other places!"

Lu Ming's "present body" thought. Then wandered around.

He found that within hundreds of miles, he was surrounded by that kind of powerful force, as if it were a layer of prohibition. If he wants to enter here, he must break through this layer of power.

"It's safe to practice here, no one will bother!"

Lu Ming smiled.

The original **** eggshell, stayed here for such a long time, has not been taken away, indicating that no one has come here at all.

This time, if it were not for the taboo power of Landing Ming and the copper copper coffin, they would not be able to enter at all.

No one else can come in and practice here, it is naturally safe and no one will bother.

Therefore, Lu Ming plans to leave first and explore around.

Lu Ming walked to the side and took out the copper copper coffin, intending to break through this force and leave here first.

But to his surprise, this time, he was passed without any hindrance.

"Go to the core of the original Shenhui Lake!"

Lu Ming put away the copper copper coffin and walked towards the center of the original Shenhui Lake.

On the way, collect some treasures by the way.
