

D Emperor 4231

Chapter 4231: A force

After Lu Ming was caught in the net, two figures appeared in the sky.

It was two people wearing red robes, a middle-aged man, the one Lu Ming had seen before.

The other is an old man.

The old man reached out and grabbed Lu Ming's big net in his hand.

"Everyone who is a **** emperor's ninefold is also imprisoned by the Tiangong, it's really strange!"

The old man in red robe muttered.

His eyes were sometimes clear, and sometimes a tyrannical breath flashed over, appearing very unstable.

However, compared with the people Lu Ming met before, the condition is much better, closer to normal.

"It's really strange, no matter, take it back to the leader and let him dispose!"

Red Robe Dahan Road,

Then the two men walked away and disappeared.

Lu Ming couldn't move at all in the big net, but his eyeballs could still rotate, and looked at the surrounding environment.

The ground below passed continuously, and soon after, they came to a mountain.

The terrain here is very peculiar, with a series of nine peaks surrounded by a circle. In the middle of these peaks, there is a mountain depression. In the mountain depression, a huge building was actually built.

The building is made of stone and is magnificent, like a colosseum.

The red robe and the old man in red robe led them to the landing, and soon came to a hall in this building. You can see that above the hall, there is a strong man with a Chinese face.

This strong man's physique is extremely burly. Even if he is sitting there, the height is more than three meters. Between his eyes, there is always a ray of tyranny.

This person's breath is extremely strong, even if it does not break out, it also gives a strong pressure.

Master!

When Lu Ming saw this person, he felt that his strength was very strong, definitely not an ordinary Divine Emperor, far above the Divine Emperor's fourfold and fivefold.

"Commander, we are back!"

The red robe and the old man in red robe, facing the Chinese characters above the hall, the big Han salutes.

"This is your harvest? There is even the existence of God Emperor Realm!"

The commander above frowned.

Below, the old man in red robe and the big man in red robe turned pale, showing a look of fear.

"Commander, there have been fewer and fewer people in this area recently. We waited three months before we caught these three!"

The old man in red robe quickly answered.

"Please also lead to forgive sins!"

In addition, the man in the red robe was guilty of guilt.

"Okay, let's go, imprison them first, and wait for my order!"

The commander above waved at random.

The old man in red robe and the big man in red robe were relieved. They saluted and retreated, then walked towards an underground staircase.

The underground here is actually hollowed out, and all the secret rooms have been excavated below.

Lu Ming found that many people were held in these stone prisons.

Outside the stone prison, many people wearing red robes were patrolling.

"There are still people forming forces in the heavenly prison, and this force has seized us. I don't know what the purpose is?"

Lu Ming thought while looking at it.

Obviously, these people wearing red robes belong to a certain force.

The people in the stone prison were all caught by them, but they didn't know what they were doing.

Soon, the old man in red robe raised his voice and came to a stone prison.

Then, with a wave of his hand, the big net slowly loosened. When the big net was loosened, two glyphs appeared in the hands of the old man in the red robe. With a wave of his hand, the two glyphs were attached to Lu Ming.

When the two runes were attached to Lu Ming, they became a rune, like a little snake, crawling over Lu Ming's body, and even got into Lu Ming's body.

Lu Ming felt that his body was locked.

Lu Ming knew that the two runes formed a prohibition that could trap him.

It seems that other people in the stone prison are also trapped by this kind of prohibition.

After seeing Lu Ming trapped, the old man in red robe waved his hand and completely put the big net away.

"Boy, stay here well, don't run around, or you will die miserably. With your strength, any person here can kill you!"

The old man in the red robe left a word coldly, then turned and left the stone prison.

With a bang, the stone jail door was closed.

Lu Ming glanced at Stone Prison at random, and soon his eyes were locked in a corner of Stone Prison.

Because there is a corpse.

It was really a corpse, and this corpse was still locked to the body by chains. The other end of the chain was inlaid on the wall of the stone prison.

There was no vitality in the corpse.

If ordinary people see this scene, they will definitely be scared, but Lu Ming has not experienced any scenes, just glanced lightly, and then sat down in another corner of the stone prison.

"Can the power of restraint trap me?"

Lu Ming's eyes flashed, and the power of taboo was running. He could immediately feel that the power of the prohibition formed by the runes on his body was loose. Lu Ming felt that as long as he wanted, he could wipe out the power of this prohibition at any time.

However, Lu Ming put away the taboo and did not do so.

Outside this stone prison, there are many red robe people patrolling.

These red robe people, no accident, all of them are the cultivation of Divine Emperor Realm.

There are even a lot of strong breaths, which should be above the fourfold of Divine Emperor. Even if Lu Ming breaks the power of the prohibition, he is not an opponent of these people and will be killed.

Anyway, there is no danger for the time being, Lu Ming intends to wait and see the changes and see the development of things.

Lu Ming intends to take out the copper coffin directly if he is in danger.

But then, it seemed very quiet. Lu Ming had been in the stone prison for seven days without any movement, and no one came to him.

What Lu Ming didn't know was that there was a life-and-death fight on the top of his head at this time.

Above the stone prison, there is a huge battle platform, surrounded by a large formation, outside, there are some red robe people standing in the Quartet.

On the north side, there is a chair with a burly figure sitting on it, which is the leader.

At this time, there are two figures on the battle platform, fighting fiercely, the war is very fierce.

"Kill it, kill it, fight as much as you can. Remember, only one of you can live. If you are not born or die, I will kill you both, ha ha ha!"

The pupil laughed, his eyes full of excitement and madness.

He seemed to see something very exciting.

"kill!"

"Die to me!"

On the battle platform, the two figures fought more intensely.

They understand that if they want to live, they can only live by killing each other. Only by killing the other can they live, otherwise they will stay here forever.

puff!

Both of them were divine emperor's double cultivation practices, fierce fighting killed hundreds of moves, and finally one of them took the upper hand, and the other arm was cut off with a knife.

Chapter 4232: Special hobby

One of them was cut off his arm, blood was splattered, and a wail of pain was heard.

"Okay, okay, hahaha!"

Seeing this scene, the commander was more excited, applauding and laughing.

Around, the eyes of those people in red robes also showed a terrible color.

"kill!"

The man who had the upper hand, chased after the victory, attacked frantically, and after more than ten moves, he cut off the other person's head with a knife.

"it is good!"

The commander shouted, the color of excitement in his eyes reached the ultimate.

"Take this person down and bring it up again."

Commander ordered.

Someone went up immediately and took the winning person down. Soon after, two other creatures were brought up.

The two creatures brought up in the back are all threefold cultivation practices of Divine Emperor.

"My rules are very simple. You fight as much as you like. Only one of you can live. If you let me find that you are not doing your best and perfunctory, then I can only take action in person and kill both of you!"

"Now, get started!"

Command coldly announced.

Roar!

As soon as the commander's voice fell, one of the creatures started, and he turned into a three-headed lion, fighting towards his opponent.

Karma!

A sharp tweet sounded, and his opponent turned into a big white eagle, spread his wings, and fluttered his wings, and his feathers pierced the three male lions like a sword.

The two supernatural beings of the Divine Emperor fought fiercely together.

The strength of the two is equal, and the fighting is naturally fierce. There are hundreds of moves in the battle. Both are in hand and covered with wounds.

But they didn't care about their injuries at all, and they still fought wildly, trying their best to kill each other.

Only by killing each other can you save your life.

And the more he sees this, the more excited the commander is.

In the end, the two creatures finally separated, and the three male lions paid a heavy price. Two of the heads were cut off, and the white eagle was finally killed on the battle platform.

call!

Seeing this scene, the commander exhaled for a long time, as if some emotion in his heart had been vented, his eyes cleared.

Soon, the three male lions were taken down.

"By the way, didn't you win a kid from Divine Jiuzhong last time? Tiangong actually put a kid from Divine Jiuzhong into the prison. It's interesting. This kid is mostly extraordinary. Take him out, I want to look at his strength."

Dominate.

"Commander, what kind of opponent should be arranged for him, and the people we won, but all are the cultivation of Divine Emperor Realm, there is no corresponding God Emperor Jiuzhong..."

The old man in red robe who took Lu Ming last time took a step forward and answered with a fist.

"Well, just give him a divine emperor's weight. Remember, the weaker, or kill the kid with one stroke, it's boring!"

Dominate.

"The subordinate understands, the subordinate will arrange this!"

The old man in the red robe took his orders, and then walked towards the stone prison underground.

...

Lu Ming was sitting cross-legged, quietly comprehending a mysterious technique, and suddenly the door of the Heavenly Prison was opened.

"Boy, come with me!"

The old man in red robe walked in.

"Are you finally here!"

Lu Ming whispered in his heart.

The other party's arresting him must have a purpose. Now, it's finally starting.

Lu Mingling's consciousness and the copper copper coffin in the sea always keep in touch. Once something is wrong and a fatal crisis occurs, he immediately takes out the copper copper coffin and desperately.

Lu Ming did not say much. Following the old man in red robe, he walked out. After passing through a passage and walking out of a stone gate, Lu Ming found that he had come to a battle platform.

And in a stone door opposite him, a figure appeared.

This figure is a big man with two swords on his shoulders.

"A battle platform? We are to fight, are these people watching outside?"

Lu Ming glanced around, and after seeing the situation around him, Lu Ming moved.

After the old man in red robe came here with a landing call, his figure flew away from the battle platform and landed on the edge of the commander.

"Next let me tell you what to do. The two of you, fight each other, fight each other to your heart's content. Only by killing each other, your victors can live. If neither of you can do my best, then I will shoot, Kill both of you, understand?"

"Now, get started!"

The icy voice of the commander sounded.

"kill!"

As soon as the commander's words fell, the man with the double knives roared, withdrawing the double knives, stepping on his feet, and striking like a lightning, slamming toward the landing.

Before the person arrived, the double knives were like two lightning bolts, slashing to the top of Landing Ming.

"It's just that Divine Emperor is the most important, and it's not at its peak.

Lu Ming's face was calm as soon as the opponent shot.

He has sensed the opponent's cultivation behavior, which is the weight of an ordinary Divine Emperor, and he is still not injured, not in the peak state.

This kind of Divine Emperor is so important that Lu Ming didn't care about it at all.

As soon as his thoughts moved, the taboo force worked, and Lu Ming punched out.

The ban on him was lifted by the red robe when he walked out of the passage just now.

So now, Lu Ming has not been suppressed.

In this punch, Lu Ming has already exhibited the technique of mass destruction.

Keng! Keng!

Lu Ming's fist collided with the opponent's sword, and two violent roars broke out, and then a figure retreated backward.

It's the man with the double swords.

At this moment, his double knives had come out and flew out. He was a pair of arms that had burst apart and was destroyed by the terrible energy of the mass destruction.

He coughed up blood and retreated.

Uh!

Lu Ming has already caught up and grabbed the opponent's double-knife with ease, and came out.

puff!

Blood splattered, a head flew high, and the heavy man with the Divine Emperor had been beheaded.

"This..."

This scene made those around me a little dazed.

Especially the leader, who was originally going to watch a fierce fight, did not expect that the person who won was Lu Ming, and he won so fast.

He originally speculated that Lu Ming, a person in the Divine Emperor Realm, would be imprisoned in the Heavenly Palace by Tiangong. Most of them were somewhat extraordinary, and might be able to fight against the Divine Emperor Realm.

However, Divine Emperor will be much stronger than Divine Emperor. In order to have a wonderful dragon fight, so he sent one, which was the unhealed Divine Emperor, but the result was far beyond his expectations.

"The fighting power is so powerful, it is no wonder that it is only the Divine Emperor Realm, but it was imprisoned in Tiangong and went to bring out a Divine Emperor who was not injured."

The commander ordered.

He doesn't like to watch one-sided fights, which is not exciting.

He likes to watch fights with similar fighting power. The fights are **** and cruel. In order to fight for the battle, he will be very excited to watch.

He likes that feeling.

Chapter 4233: Suppress oneself

The battle platform was quickly cleaned, and the body of the middle-aged man with double knives was also cleaned.

Then, another figure came to the battle platform.

This is a sturdy man with staring and madness in his eyes, staring at the land.

"The Divine Emperor is important, the Divine Emperor in the heyday is important!"

The other party unabashedly released his breath, and Lu Ming easily saw through the other party's cultivation behavior.

The strong man's breath is extremely thick, obviously in the peak state, and was not injured.

"The rules are still the same, you two fight hard, only the winner can live, let's start!"

The voice of the leader sounded, with strong anticipation.

Roar!

As soon as the commander's voice fell, the strong man snarled violently, and his body quickly became larger, turning into a strong black bear.

The black bear is more than ten meters tall, like a hill, and rushed towards the landing. The bear's paw was larger than the door panel, and came to the landing.

Don't look at it is just a simple palm, the power is incredibly powerful, the power is as thick as a mountain, in the vast universe, even a planet must be bombed.

The violent wind has cut the land of Naruto's skin.

However, no matter how powerful the opponent is, it is only an ordinary Divine Emperor. As long as he can fight across four levels, he can contend with the opponent. Lu Ming can now fight across nine levels.

However, Lu Ming was thinking about another thing.

The leader of this place obviously likes to see others fighting each other, and it is a brutal fighting evenly matched.

Then, Lu Ming could not show all his strength.

The stronger he behaves, the stronger the opponent will send him to fight him.

If this continues, sooner or later, a stronger presence than Lu Ming will be sent to fight him, then Lu Ming will be in danger.

While thinking, he shot, punched out, and collided with Xiong Paw.

boom!

With a violent roar, the black bear's huge body thrilled, staggering backwards, backing a dozen steps in a row.

Lu Ming also took two steps backwards.

Of course, these two steps were deliberately done by Lu Ming. Otherwise, with the strength of the other party, how could Lu Ming be repelled?

But even so, the commander and others are still amazed.

"Awesome, really powerful. I can suppress a divine emperor with the help of Divine Emperor Jiuzhong's cultivation ability. This kind of combat power is already stronger than the general cosmic Sky Pride candidate!"

Commander praised.

"This battle will definitely be a battle between dragons and tigers, it will be very exciting, and the leader can enjoy it!"

On the edge, the old man in red robe took the opportunity to flatter.

"I hope so!"

Dominate.

Roar!

On the battle platform, the black bear was repulsed, completely mad, roaring wildly, showing his mouth full of fangs, culling Xiang Luming.

A pair of bear paws, serially photographed, a pair of gestures to shoot Lu Ming into a puree.

However, Lu Ming's face was calm, his fists blasted out continuously, and he battled the black bear.

Of course, he is far from using his full strength, just keeping a stronger strength than the Black Bear and fighting with each other.

After more than a dozen consecutive moves, the black bear's body retreated, a pair of bear paws completely rotted, and the bones were broken.

Then Lu Mingfei stepped up, hitting the black bear's head with a punch. The black bear screamed, his head burst, and fell to the spot.

"It was killed so quickly?"

The leader was stunned for a while, and some were not happy.

The old man in the red robe was also a little ugly, saying: "Lord, I think this kid is the top evil in the vast universe. In the God Realm, I am afraid to fight across five levels, or even more than just send a Divine Emperor. Double master to try him?"

"Is Divine Emperor Double? I'm afraid it will be too strong. So, send a weaker Divine Emperor to come over again."

The commander nodded.

"Subordinates will do it!"

The old man in red robe hastily left.

After the battle platform was cleaned up, another creature came on the battle platform.

This is a multi-eye tribe with six eyes on his face.

There are three eyes on the left and right sides of the face.

These six eyes actually have three colors.

One pair is red, one pair is blue, and one pair is golden.

The six eyes stared together at the landing, exposing a tyrannical murderous opportunity.

"Divine Emperor Duo, as the stronger I perform, the stronger experts will be sent. This time, I will try my best to suppress the power..."

A movement in Lu Ming's heart confirmed his speculation.

The commander likes to see evenly matched fights.

In the battle against the Black Bears just now, Lu Ming's performance is still too strong, and the victory is still too easy. If the opponent is unhappy, he will send a stronger one.

This time, if he is still showing one-sided crushing, maybe the other party will directly send Divine Emperor's triple existence to fight him, then he will be a bit dangerous.

After all, this is an endless battle.

"let's start!"

The commander simply said the rules as usual.

Uh!

This time it was Lu Ming who took the lead in attacking. He held the palm of his hand empty, and a magic sword condensed out, slashing towards the six-eyed middle-aged.

"kill!"

The middle-aged six-eyes also responded very quickly. He sipped, and his pair of crimson eyes exuded a dazzling brilliance. Two crimson divine lights burst out and shot towards Lu Ming.

The speed was extremely astonishing, like two swords, shooting at Lu Ming's head.

Before it arrived, an extremely hot breath came out.

Lu Ming pretended to be startled, a scream of "horror" appeared in his eyes, and there was a long roar. The path of the magic sword in his hand changed, and two swords were cut in succession.

when! when!

The magic sword collided with the two crimson divine lights, and a violent roar erupted. For example, the two magical soldiers collided, and then Lu Ming's figure backed back, and he stepped back a dozen steps on the battle platform.

On the sword of the magic sword in his hand, two holes appeared.

This was melted away by the crimson divine light.

Of course, all of this was deliberately done by Lu Ming, otherwise, although the other party's crimson divine light was powerful, he could not break his great magic sword technique.

However, others do not know, seeing this scene, I thought Lu Ming was finally reaching the limit.

"Commander, this kid is finally reaching the limit. This battle should be watched!"

The old man in red robe said.

"Ok!"

The commander nodded, his eyes still staring at the battle platform.

"kill!"

The six-eyed middle-aged man shouted, and the light in the crimson eyes shone even brighter. A crimson divine light burst out continuously and shot at Lu Ming.

Lu Ming took a sip, pressed both hands in the void, and a dozen magic swords appeared in the air, slashing towards each other. The sky was full of sword lights, and they collided continuously with each other's divine light. For a time, they actually took the upper hand.

"This seems to be an ancient secret technique, interesting!"

The commander whispered, it seemed that his vision was good, and he recognized the great magic sword technique.

Soon, the two sides confronted a dozen tricks, and Lu Ming had a slight upper hand.

Chapter 4234: The dead body is resurrected

Lu Ming can maintain his upper hand, because he knows that six-eye middle-aged has not yet exerted his full strength.

The other party has six eyes, but only two are used now.

Sure enough, the other party was pressed downwind, making a furious roar, and six eyes radiated dazzling glory.

Two of the blue eyes, bursting out of the divine light, were very cold, as if they could freeze everything.

In the golden eyes, two golden sword lights burst forth, extremely sharp and indestructible.

The six eyes attacked together, the power increased greatly, and Lu Ming was pressed downwind for a time.

Lu Ming deliberately showed that it was very difficult, the battle was very difficult, and he kept fighting with the other party, looking like he did his best.

In the end, the two sides fought hundreds of moves, and Lu Ming deliberately sold a flaw, and his body was penetrated by the other's divine light.

But taking this opportunity, Lu Ming quickly approached the place, condensed dozens of great magic swordsmanship, slashed madly, and finally killed six eyes in middle age.

Then Lu Ming stumbled back, spitting out several mouthfuls of blood in a row, and several holes in his body also continuously shed blood, and he looked very injured.

Lu Ming also deliberately restrained the power of taboo and prevented the wound from recovering.

Otherwise, this injury, due to his physique, will recover quickly.

"Good, good, wonderful!"

Commanded to drink, a very satisfied look.

A Divine Emperor Jiu Zhong actually beheaded a dual existence of a Divine Emperor. When did he see this situation?

Naturally very satisfied.

On the edge, the old man in red robe also smiled.

After all, Lu Ming brought him back.

"Commander, do you want to send someone to fight him again?"

The old man in red robe asked quietly.

"No, he's already injured. He's taken back to heal, and I'll watch it next time. Come here today!"

Lead the way, then get up and leave.

The old man in red robe stepped up and came to the battle platform.

"Boy, come back with me!"

The old man in red robe said, and took out the two banned symbols and put them on Lu Ming's body.

Lu Ming looked around for a while and did not dodge or rush out.

There are many people in Hongpao nearby, and there are not a few who are powerful.

Lu Ming estimated that he could kill him, at least more than twenty.

Not to mention, that unfathomable ruler, I am afraid that one finger can suppress him.

Lu Ming also thought about trying to come up with a copper copper coffin, but the copper copper coffin has too much uncertainty.

First, opening the copper and copper coffins is even dangerous.

Secondly, the copper and copper coffins are sometimes ineffective, and seem to be ineffective for some common races in the universe.

Therefore, less than a last resort, Lu Ming will not take out the copper copper coffin desperately.

In case of loss of control, or if it is not working, he is in trouble.

Anyway, now he has no worries about his life, so he is not in a hurry to wait for the moment, and then make a decision.

Suddenly, many thoughts flashed in Lu Ming's mind, but his face remained silent, following the old man in red robe, and returned to the stone prison.

With a clatter, the stone prison door closed, and the old man in red robe left.

After the old man in the red robe left, Lu Ming sat cross-legged in the corner of the stone prison, running the power of taboo. The wound on his body recovered at an alarming rate, and the wound was completely recovered in a few strokes.

"Awesome, awesome, I know that you little guy is not easy..."

At this moment, a figure sounded.

This figure is very old, and somewhat weak.

But Lu Ming was shocked.

This voice sounded from the stone prison, but there was no one other than him in the stone prison. Who came from?

No, in addition to him in the stone prison, there is one... that corpse!

Lu Ming flashed his eyes, and looked at the mummy.

The corpse was still the corpse, chained there and there was no breath.

But Lu Ming did not dare to relax, still staring at him, saying, "Are you talking?"

"Are there any third parties besides you and me?"

The voice sounded again.

This time, Lu Ming accurately captured that this voice really came from this corpse.

This corpse is alive!

At this moment, there was no breath of 'dry corpse', and suddenly there was a breath of life, although it was not strong, but it was indeed breath of life.

This really is not a 'dry body', but a living creature.

At the next moment, "Gang Corpse" opened his eyes and watched the landing song straight, revealing the look of expectation.

"Senior, why didn't you die, why are you always pretending to die?"

Lu Ming asked coldly.

"My breath is too weak, I have to concentrate my life force, otherwise it is estimated that it is really dying now!"

'Mummy' said.

Lu Ming looked closely, this 'mummy' was actually an old man with white hair.

"Oh?"

Lu Ming whispered softly, noncommittal.

"Little guy, your power is very special and very powerful. Through my observation, in fact, the kind of prohibitive power can't control you. If you want to break free, can you break free of that kind of prohibition at any time?"

The old man said.

"You were also caught by these red robes?"

Lu Ming asked back.

"Of course, this is not difficult to see."

The old man said.

"What are these red robe people?"

Lu Ming asked again.

"All of them are imprisoned here by Tiangong, but they are gathered together by the tungsten pole to form a force."

"You should have been in this jail for some time. Presumably you also know that this jail is very dangerous. It is full of heart flames and fire, and it is in the heart flames for a long time. Not only the physical body is tortured, The torture of the soul and spirit is even more terrifying."

"After a long time, the negative emotions in your heart will explode, and then, the devil will explode, making people crazy."

"Therefore, it is very dangerous in this world's heavenly prison. The people I meet are all people with negative emotions. The negative emotions in my heart will be magnified indefinitely. Some people are bloodthirsty, some are bloodthirsty, some are lustful, etc... "

"Therefore, for some who are weak, they need to find the protection of the strong. Those in red robes need the protection of the tungsten pole leader, and the tungsten pole leader needs these people to catch him everywhere."

The old man made a big push.

"Capture someone for him to fight against each other?"

Lu Ming said.

"Yes, people are full of negative emotions and need to vent, such as bloodthirsty people, people who drink blood, negative emotions will be suppressed, it will be a lot more stable!"

"As long as the killer kills, the negative emotions will be suppressed, but the tungsten pole command is different. He likes to watch other life fighting and fighting like the same kind of desperation. He will vent when he sees such fighting. Negative emotions will stabilize a lot, otherwise, he will be completely crazy!"

The old man continued to explain.

Chapter 4235: The way to resist heartfire

Hearing the old man's explanation, Lu Ming nodded, which was almost what he guessed.

That commander, watching other lives die and fight, is really to vent.

"Little guy, I have answered your question. Now let's get back to the topic. Your power is very special and very powerful. It can wipe out the power of forbiddenness. Do you see me? I am locked in these chains all over. It also contains the power of prohibition, how can you help me untie?"

The old man said.

"Oh, this is your purpose, but I will help you to untie it. What good do I have? If it is known to those who are in red robes, I am afraid that my end will be miserable."

Lu Ming said.

"Of course there will be benefits. You are in this prison, and you are also affected by the heart flame magic fire, have you produced all kinds of negative emotions? No one can be spared, but I have a way to resist the heart flame magic fire, let the soul and The spirit will not be affected."

The old man said.

This remark made Lu Ming tremble in his heart, and his eyes radiated with a brilliant light.

"You really have a way to keep the mind and spirit from being affected by the heart, flame and fire?"

Lu Ming asked urgently.

Heart flame magic fire is indeed a big threat to Lu Ming.

Although he has the power of taboo, he can only keep his body unaffected, but his mind and spirit will still be affected. The power of taboo cannot be completely eliminated.

This will be very dangerous. The longer it is, the more dangerous it will be.

As time goes on, the negative emotions in his heart will become stronger and stronger. In the end, it is not impossible to fall into madness completely.

If you want to leave the prison alive, this problem must be solved.

At the moment, the old man said that he had a solution, and Lu Ming was naturally overjoyed.

But Lu Ming's mind was not ordinary, and soon he controlled his emotions and calmed himself down.

"Little guy, as long as you help me to break the power of this prohibition, I will teach you the way to resist the flames of the heart flame."

The old man said.

"How do I know if what you said is true or false?"

Lu Ming is skeptical.

He was a little unbelieving, and he could get a way to resist the flames of heart fire so easily.

If it is so easy, what significance does this prison have?

"I tell you, what I said is true, otherwise why do you think the tungsten pole commander kept me here? He just wanted to get a way from me to resist the flames of the fire, but I just didn't tell him. "

"Does he think I don't know, as long as I say a way to resist the flames of fire, he will kill me without hesitation!"

The old man said.

Lu Ming nodded, and the old man said that it made sense.

If he really surrendered his way to resist the flames of the heart flame, then for the tungsten pole commander, the old man would be useless, and naturally he would not be kept.

"They have tortured me for a long time, but as long as I don't say one day, they will not kill me. One day, I will escape, this hatred, I will definitely report it."

The old man roared.

"Even if I help you break the ban, I'm afraid you can't escape. There are many masters here..."

Lu Ming said.

But before Lu Ming finished, he heard footsteps outside.

Lu Ming immediately stopped talking.

"Come, come to me!"

The old man said.

Sure enough, after a while.

With a clatter, the stone prison door opened and a group of people came in.

The one led by it is precisely the tungsten pole leader.

Several other red robe.

The tungsten pole commander entered the stone prison and glanced at Lu Ming. When he saw that Lu Ming's injury was almost good, he showed a trace of surprise.

But did not say much, continue to move towards the old man.

"Old guy, give you another chance to hand over the method of resisting the fireworks, otherwise you will die miserably!"

Tungsten pole command Morin cold road.

"Hahaha, if you have the ability, you can do it. It is impossible for me to hand over the method of resisting the flames of the heart."

The old man laughed, looking like he could kill.

"you wanna die..."

The tungsten pole commander was angry, and his eyes were full of angry flames, and a terrible murderous opportunity.

Every time he faced this old man, his negative emotions would burst.

If he didn't really want to get this old man's way to resist the flames of fire, he would have already crushed his opponent.

"I tell you, if you don't pay in one day, you will suffer endless torture. If you hand it in, you will suffer less."

The tungsten pole leads the cold road.

"If you want to do it, don't stop talking about nonsense. I still say that. It is impossible to want me to hand over the way to resist the flames of fire."

The old man sneered and his attitude was very tough.

"You are looking for your own way, come here, shoot, and torture him well." The tungsten pole leader roared.

Immediately in front of a few red robe people, took out a few seals and posted on the old man.

These runes turned into a rune that covered the entire body of the old man. At the same time, the chains locked on the old man also tremble, exuding a gorgeous glow, and a rune appeared along the chain. Into the old man's body.

Roar!

The old man's body shuddered suddenly, his throat screamed like a beast, the green tendons on his face bulged, and his eyes protruded, as if suffering endless pain.

And with the passage of time, his body shook more and more.

In the end, the roaring sounds became more and more dense. Obviously, the seals and chains could cooperate with each other, causing huge torment to the old man.

But the old man has never begged for mercy or succumbed.

In this way, it lasted for half an hour, and the old man's breath became weaker and weaker.

If you continue this way, the old man will die.

"Damn old guy, **** old guy..."

The commander of the tungsten pole is also very irritable, his mouth growls constantly, and the madness in his eyes is more intense.

He really wanted to leave the old man alone and tortured to death.

But the rest of the reason told him, no, the old man is his only hope. If he can't get the way to resist the flames of the heart, he will soon be completely mad and become a walking dead.

In the end, reason still prevailed.

"stop!"

The tungsten pole roared.

Several red-robed people pinched the seal, and several seals flew out of the old man again.

As soon as several runes flew out, the runes on those chains also dimmed and disappeared.

Huh...

The old man gasped continuously, his face full of cold sweat.

"Old guy, you better think about it, next time, I will make you more painful..."

The leader of the tungsten pole said coldly, and then took the people away.

With a clatter, the door closed, and Lu Ming and the old man remained in the stone prison.

The old man gasped, Lu Ming did not bother.

It took a long time for the incense stick to pass, and the old man's breath only slightly stabilized.

Chapter 4236: Metal gorilla

"Little fellow, now you believe what I said!"

After a while, the old man eased his breath and said to Lu Ming.

Lu Ming nodded.

Indeed, through the things just now, it can indeed be concluded that the old man has a way to resist the flames of the heart, which makes Lu Ming very excited.

"Senior, even if I can help you break the ban, but here is the other party's nest, the other party's master is like a cloud, we can't escape at all. Once we see that your ban is broken, we are even more dangerous."

Lu Ming said.

"So, we need opportunities."

The old man said.

"Need opportunity? What opportunity?"

Lu Ming asked.

"In this prison, people are going crazy all the time. These crazy people will attack everywhere. In addition, there are also some people who have negative emotions and bloodthirsty killing. There are so many souls here, maybe they will Someone came here."

"It used to be the case, but I was controlled by the ban, and I had no chance to get out. If this happens later, we can take the opportunity to rush out."

The old man said.

"Are you sure?"

Looking at the weak look of the old man, Lu Ming expressed serious doubts.

Even if they are in chaos here, it is difficult for them to rush out. As long as the other party dispatches a Divine Emperor to exist in four levels, it is enough to win them.

"Little guy, don't underestimate me. I am now banned and blocked for cultivation. Once the ban is lifted, my cultivation can recover most of it. Tell you, my peak combat strength is not weaker than that of the tungsten master. ."

The old man said vaguely with pride.

"Your peak strength is not weaker than that of tungsten pole commander? How did you get caught by him?"

Lu Ming continued to express doubts.

"That's because, at that time, I was entangled with a completely crazy person, and fought against that crazy person. I finally killed that crazy person, and I was injured. The tungsten pole leader took the opportunity to kill it and hit it hard. After me, I was caught like this. If I were in the heyday, how could the tungsten pole dominate me?"

The old man said, in his words, it seemed very uncomfortable.

"If this is the case, you can give it a try."

Lu Ming whispered and finally made a decision.

"Okay, then we will wait for the opportunity. As soon as the opportunity comes, you will break the prohibition for me. I will take you away, little one. During this time, the Tungsten Master will definitely let you go out to fight. You must save your life. Don't He screamed."

The old man said.

"You don't have to worry about this. Now, can you teach me the method of resisting the flames of fire?"

Lu Ming said.

"I'm teaching you now, what if you regret it? I think, let's talk after we get out!"

The old man said.

Lu Ming had no choice but to wait for the opportunity.

In the next two days, the Promise Commander did not let Lu Ming go out to fight, until the third day, finally called Lu Ming again.

Above the stone prison, above the battle platform, Lu Ming went to see it visually.

Keng! Keng! ...

A tall figure is coming step by step, every step will make the ground roar.

This is a gorilla, more than eight meters tall, very burly.

The point is that this gorilla is not a flesh and blood creature, but a metal.

This is a metallic life, exuding a black metallic luster all over the body, giving an invincible impact.

"Is this...one of the top ten races of metal life?"

A thought flashed in Lu Ming's heart.

"A human being in a divine realm, I will tear you to pieces!"

The metal gorilla roared, stepped, the ground roared, and his burly body, like a mountain, pressed toward the landing.

The violent breath is amazing.

Divine Emperor Double.

As soon as the opponent shot, Lu Ming knew that this was a double master of Divine Emperor, but his breath was stronger than that of the six-eye middle-aged man who played against Lu Ming last time.

boom!

Lu Ming punched out, and punched with a metal gorilla. A violent roar broke out, and then Lu Ming's body retreated backwards, and he stepped back a dozen steps before standing firm.

Of course, this is also Lu Ming's intention.

This metal gorilla, one of the top ten races of metal life, has a very powerful combat power. It is indeed twice as powerful as the ordinary Divine Emperor.

But still not Lu Ming's opponent.

But Lu Ming can't expose all his strengths now, he must show his weakness, otherwise Lu Ming would bet that the next time the other party will directly send the Divine Emperor Triple.

Lu Ming took a step back, and the metal gorilla took a few steps back.

"You actually have such a combat power?"

Shocked in the eyes of the metal gorilla, it seems that he did not expect that the existence of a **** emperor realm, Lu Ming's combat power, actually became so strong.

This kind of arrogance, even in the metal life family, has never appeared.

"Your powerful Tianjiao, if you grow up, is definitely the enemy of the Tiangong. I didn't want to kill you, but in this situation, I have no choice, let me die!"

The metal gorilla roared, the metal muscles swelled, and his body became more burly, and he continued to kill the landing.

"This sentence is what I want to say to you!"

Lu Ming said, waving his fist to meet him.

Boom! Boom!

The two men fought fiercely together, continually confronted each other, and fists continually collided.

After a few breaths, the two made hundreds of moves.

It has to be said that the metal life family has a strong talent and is entirely composed of metal. The defense is very amazing, and the power is even stronger, far exceeding the general race.

The presence of the ordinary Divine Emperor will be easily crushed in front of this metal gorilla.

Of course, Lu Ming's opponent is not Lu Ming's control.

However, Lu Ming couldn't perform too well. After fighting a few hundred moves with the metal gorilla, Lu Ming began to take both defeats.

No defense, just a crazy attack.

bump!

Lu Ming's body was punched by a metal gorilla, his chest collapsed and blood was dripping.

But at the same time, the belly of the metal gorilla was also punched by Lu Ming.

With a thud, the metal body of the metal gorilla sags down a big piece, and the body of the metal gorilla staggers back, revealing the color of pain.

"kill!"

Lu Ming shouted, ignoring the defense again, and rushed towards the metal gorilla.

The two fought madly, you come and go, so regardless of the defensive fight, both of them were hit consecutively.

Soon after, Lu Ming was ragged and his bones were broken, and he looked very infiltrating.

But the metal gorilla was not much better. The body of the metal exploded into huge holes, and some places were penetrated, and even once the neck was hit by Lu Ming, almost breaking his head.

The breath of the metal gorilla is getting weaker and weaker.

Although Lu Ming seems to be seriously injured, his breath is still strong.

Chapter 4237: Opportunity comes

"This kid, with a curious physique and a strong recovery ability, no wonder he dares to adopt this style of losing both sides."

Above, the tungsten pole whispers.

This is what Lu Ming wants the tungsten master to see.

The tungsten pole leader did not doubt that Lu Ming also concealed his strength, but thought Lu Ming was powerful and resilience. After being injured, he could recover quickly, so he was obviously weaker than the metal gorilla and still fighting with the metal gorilla. Into this way.

He thought again that Lu Ming was injured after the last battle with the six-eye middle-aged, and he recovered quickly. He was strange, but now he figured it out.

It's all because Lu Ming has strong resilience.

"Yes, yes, this kind of war is wonderful, boy, don't die, give me more wonderful fights in the future!"

The tungsten pole leader muttered to himself, his eyes full of excitement.

What he likes most to watch is this kind of **** fighting, evenly matched fighting.

Fighting one-sided, he looked weak, and his negative emotions could not be vented.

On the battle platform, Lu Ming and the metal gorilla are still fighting fiercely, but the more the battle, Lu Ming's advantage is more and more obvious, because he is very resilient, he can recover quickly after being injured, and the impact of the combat power is not very strong. Big.

Metal gorillas will not work. With the war, as the injuries get heavier, the combat power will become weaker and weaker.

From the beginning it took the upper hand, to the downwind behind it, and was suppressed by Lu Ming. In the end, it was completely crushed by Lu Ming and was not Lu Ming's opponent at all.

After dozens of moves, Lu Ming hit the metal gorilla's head with a punch, and completely killed the metal gorilla.

Then Lu Ming sat on the ground and gasped.

"This pretend to be invincible, suppress the strength, really tired..."

Lu Ming muttered.

Suppressing strength, fighting with injuries, is more tiring than his full shot.

However, this look fell into the eyes of tungsten pole commanders and others, but thought Lu Ming was tired because of his desperate efforts.

"Yes, yes, it's a wonderful fight, take him down, and wait for his injury to heal, then let him play..."

The tungsten pole leads.

Then the old man in the red robe brought Lu Ming back to the prison.

After the old man in red robe left, Lu Ming immediately used the power of taboo, and his injuries recovered quickly.

"Your boy, good acting skills!"

The old man laughed.

Lu Ming didn't want to bother to look at it, but he recovered himself.

In this way, every three days later, the tungsten leader will let Lu Ming play once, and each time he plays, it is a double existence of Divine Emperor, and its strength is about the same as that of the metal gorilla.

Every time, Lu Ming deliberately suppresses his strength and kills his opponents in a wound-to-injury manner.

In an instant, Lu Ming has played five times before and after.

On this day, Lu Ming was sitting in the dungeon and quietly participating in the secret technique.

boom!

Suddenly, the dungeon vibrated violently, like an earthquake.

The old man's eyes suddenly lighted up, emitting a dazzling brilliance.

"Come, come, someone came over!"

The old man said.

Lu Ming was also shocked, showing his expectation.

Rumble!

The dungeon is shaking more and more violently, and it seems that there is a strong force that is constantly bombarding the ground.

"Kill, hahaha, kill!"

At the same time, a voice came from above, through the stone wall, full of tyrannical atmosphere.

"Sure enough, someone killed, but listening to the sound, it seems not completely crazy...but the breath is very strong, it should not be weaker than the tungsten pole leader..."

The old man judged while listening.

"It seems that more than one person was killed, and there are others."

Lu Ming listened carefully.

"Yes, more than one person, you see, they are out...our chance is here."

The old man said.

At this moment, the red robe people who had been guarding the dungeon rushed towards the outside, and the remaining number of people was running out.

"Once the opportunity comes, we start to act, otherwise it is too late..."

The old man hurriedly said, but before he finished speaking, he stopped abruptly, his eyes squinted round, and he was there.

At this moment, a strong breath erupted from Lu Ming's body, and at the same time a series of runes like a snake came out.

These little snakes are all forbidden forces.

But these little snake-like snakes just emerged, as if burning, and turned into a plume of black smoke, which disappeared directly.

The forbidden force on Lu Ming disappeared without a trace.

"This...so fast..."

The old man was dumbfounded, as if something was jamming in his throat, and his speech was stuttering.

He originally thought that even if Lu Ming could refine the power of the prohibition in his body, he would have to work hard for a while. Unexpectedly, Lu Ming had just begun, and it was over.

This speed is too fast.

"let me help you!"

Lu Ming refined his own restraining power, and immediately came to the old man, then grabbed a chain, and the power of taboo poured into the chain.

Buzz!

The chain oscillated slightly, and a rune appeared on it.

The power of this rune is obviously stronger than that of Lu Ming, but under the influence of taboo power, the result is the same.

The runes on the chain seemed to be burning violently, then turned into a plume of black smoke, and dissipated.

"It's done, it's successful, I feel the power is recovering, hahaha!"

The old man is overjoyed.

There are a total of eight chains on his body. At this moment, Lu Ming has refined one. The power of restraint is immediately loosened. The old man feels that his power has begun to recover.

"Quick, continue..."

Cried the old man.

This time, Lu Ming stretched out his hands, each holding a chain, and began to input the taboo force.

It was almost a breathing time, and the power of restraint on these two chains was refined by the power of taboo.

There are already three, and the old man feels that his power has recovered again.

Lu Ming didn't stop and kept shooting. Soon, the remaining five chains were refined by Lu Ming again.

boom!

When the forbidden force on the last chain was refined by Lu Ming, the old man immediately burst into a powerful breath.

This breath was not very strong at first, but it improved very quickly. Within half a minute, it reached the point where Lu Ming was shocked.

"Haha, let's go!"

The old man burst out with a smile, and the door of the dungeon burst into pieces.

The old man took the lead and walked outside, followed by Lu Ming.

"How did you... escape?"

"court death!"

As soon as they went out, Lu Ming was discovered by a few red robe men in the dungeon.

Although some of the Hongpao people went out, some of them remained.

Immediately, there were a few people in red robe who came to the landing and killed them. The speed was extremely fast and the breath was amazing.

Among them is a red robe, who has reached the realm of Divine Emperor's fourfold. If Lu Ming is to face it alone, he is definitely not an opponent.

Chapter 4238: Strategy

Several Hongpao people rushed to Landing Ming and the old man at an alarming speed. One of them was the presence of Divine Emperor's Fourfold, and the other two were also Divine Emperor's Triple.

"court death!"

The old man's eyes revealed a tyrannical murderous opportunity.

After he was taken down by the tungsten pole leader, he was endlessly tortured. To these people, he was full of endless hatred and killing opportunities, but he was suppressed only before, and he could only endure.

Now that I'm out, where can the old man bear it?

He rushed towards the three red robes, his claws grabbed like a sharp blade, and in an instant, the sky was covered with claws.

puff!

Poof!

The figure of the old man flashed by, and the three red robes were torn into pieces without even screaming.

The gap is too large, even if the Divine Emperor's quadruple exists, they are all killed in seconds.

The strength of this old man was unpredictable. After being suppressed for so many years, the ban has just been lifted. Obviously, the strength has not yet returned to its peak, but it is still very powerful.

"Go, now is not the time for revenge. When my strength is fully restored, I will flatten this place."

The old man Lu Ming said, and then went up a ladder.

He did not lose his mind, knowing that it was not time for revenge.

Soon, Lu Ming and the old man left the ground and came to the ground.

boom! boom!

On the ground, the war is extremely fierce.

Lu Ming glanced and found that there were two main battlefields.

In the upper air, the tungsten pole leader and a red-haired old man battle together, and the two battles are inextricably intertwined.

The old man with red hair was full of bloodthirsty light and crazy attack, but he and the tungsten pole commander had almost the same strength.

Another battlefield is a group of red robe people attacking three figures.

Those were three giant red wolves. Their strength was very powerful. Although there were only three in number, and there were dozens of those in red robe, the two sides were still inseparable.

It can be seen that there are seven or eight corpses lying on the ground, all of them in red robe.

The two just glanced, without stopping, and rushed towards the outside quickly.

"Damn, **** old man, leave me alone!"

In the upper air, the tungsten pole found Lu Ming and the old man, and gave an angry roar.

"Tungsten pole, you wait for me, I will calculate this account with you sooner or later, oh, you must live well, but don't wait for me to come, and you will be completely crazy..."

The old man's mocking voice sounded.

"Ah, you never want to go!"

The tungsten pole leader roared, and suddenly made a move to block the red-haired old man's attack, and then wanted to slam them down to the landing.

The old man, but there are ways to resist the flames of the heart flame, must not be thrown away.

"Want to go, die for me!"

The old man with red hair yelled wildly, all eyes were full of murderous opportunities.

The tungsten pole leader was almost hit, and he was sweating coldly, and he no longer dared to care.

The opponent's strength is not weaker than him. If he is careless, he will probably die in the opponent's hands.

"You guys, stop those two..."

Tungsten pole command can only order those red robe.

Suddenly, several red-robed people chased Landing Ming and the old man, and even among them, there was a powerful five-layered **** emperor.

However, the strength of the old man is really very powerful. With one move, he directly killed the five-strong strong man of the Divine Emperor, and several others were scared back.

Lu Ming and the old man rushed out quickly and went away quickly.

"Damn, damn..."

The tungsten pole commander roared with anxiety.

In the end, the tungsten pole leader's eyes showed a fierce color.

"Let's not fight again, I tell you, the old guy who fled just now has a way to resist the flames of heart flames..."

The tungsten pole leader shouted.

If you go on like this, Lu Ming and the old man will run away, and he will lose the way to resist the flames of the heart flame.

Therefore, he simply shouted, even if the old man with red hair shared it, he would not hesitate.

Sure enough, when the old man with red hair heard this, his movements stiffened, and the brutal killing in his eyes instantly weakened many times, and became a little clearer, and was immediately replaced by a strong desire.

"You... what you said is true? He really has a way to resist the flames of heart flames?"

The old man with red hair asked, his voice trembling.

He was imprisoned in Tian prison for many years. He was eroded by the heart flame and fierce fire very strongly, and the negative emotions in his heart became stronger and stronger.

Almost on the verge of madness.

He used to want to succumb, surrender to the Temple of Heaven, and become the 'Sky Surveyor' of the Temple of Heaven. The Sky Surveyor of the Temple of Heaven was actually a thug raised by the Temple of Heaven.

However, because he offended a Tianjiao figure in Tiangong, Tiangong did not agree with his surrender at all. He could only be imprisoned in the prison for a lifetime, and finally died in madness.

He is not far away from complete madness. If you go on like this, the result can be expected.

"You better not lie to me..."

The old man with red hair sipped, then turned and walked away, chasing in the direction of Landing Ming and the old man leaving.

The tungsten pole commander also stepped out, like a rainbow, chasing in the direction of landing Ming and the old man leaving.

Lu Ming and the old man flew at full speed, but the tungsten pole commander and the red-haired old man were faster. Soon, the distance between the two sides was shortened.

"No, I will take you away!"

The old man's face changed, waved his hand, and a divine power rolled up Lu Ming, and then the speed suddenly became faster, flying fast towards the front.

The old man brought a landing cue, and his speed increased several times, but it was still slower than the old man with tungsten pole and red hair.

The three parties cut through the void like three lightning bolts, but the distance between the tungsten pole leader and the red-haired old man and Lu Ming was gradually getting closer.

The old man had not completely recovered, and now he has another Lu Ming, which still affects some of the speed. Naturally, there is no such thing as tungsten pole command.

This will continue to be caught up sooner or later.

"Are there any fake cheats or jade on your body, throw them out and let them grab..."

Lu Ming sent a message to the old man.

The old man's eyes lit up, showing a beam of joy, and sent a message to Lu Ming: "Little guy, he is not very young, he has a lot of thoughts, but this is really a good way, haha..."

Of course, the old man did not immediately take out the fake, but continued to fly a distance, seeing that the distance was closer, the old man made a compelling look, roared: "You must resist the magic fire of heart flames, then Just for you..."

After the words, the old man shook his hand, and a piece of jade flew like lightning, and flew to the tungsten pole leader.

The tungsten pole commander's eyes light up, and when he reaches out, he will grab at the jade rune.

However, how can the old man with red hair let him succeed and howl: "Fuck me, this is mine!"

Chapter 4239: Heart Jade and Heart Jade Magic Cave

The old man with red hair shouted and killed the tungsten master. The violent attack seemed to tear the tungsten master.

The tungsten pole leader has no choice but to fight with all his strength and fight against the old man with red hair.

Although he also had doubts, he suspected that the method thrown by the old man was true or false.

However, he cannot bet.

What if it is true? Wouldn't it be in the hands of the old man with red hair, once he fell into the hands of the old man with red hair, he wouldn't take it away.

Therefore, now he must try his best to take this piece of jade into his hands.

The tungsten pole and the red-headed old man fought fiercely, while the two Lu Ming flew continuously and disappeared in this area.

The old man took a landing cue and flew at full speed. The speed was very fast. He flew continuously for a day, and then he found a place to stop and rest.

Flying at his speed for a day, the distance is too long, and it is impossible for the tungsten pole leader to catch up.

"Senior Hao Liu, can you now teach me the way to resist the flames of heart flames?"

Lu Ming looked at the old man and said to the old man.

Hao Liu is the old man's name.

"Hey, little guy, do you really think that there is a way to resist the flames of heart flames?"

Hao Liu laughed.

Lu Ming's face changed suddenly: "Senior, what do you mean?"

"To tell you the truth, there is no way to resist heartfire."

Hao Liu said.

"what?"

Lu Ming's face went dark and extremely ugly. He stared at Hao Liu and said, "From the beginning to the end, are you playing me?"

This Hao Liu, is it deceiving Lu Ming from beginning to end, in order to let Lu Ming help him out?

However, why did the Tungsten Pole leader also believe that Hao Liu had a way to resist the flames of heart flames, was it also deceived by Hao Liu?

Lu Ming's complexion became more and more ugly.

If Hao Liu is not too strong, he may have shot down Hao Liu.

"Little guy, don't be too excited, let me finish talking."

Hao Liu still has a hippy smile.

Lu Ming stared at Hao Liu with a sullen face, did not speak, apparently waiting for Hao Liu's following.

"Although I don't have a way to resist the fireworks, but there are treasures to resist the fireworks!"

Hao Liu said.

"A treasure that resists the flames of heart flames?"

Lu Ming wondered.

"Yes, otherwise, the tungsten pole leader, how could I believe that there is a way to resist the fireworks of the heart, he just saw that I was not affected by the fireworks of the fireworks, and he thought that there were fireworks of the fireworks. Yes, I will take it into account and let him believe that I have a way to resist the flames of heart flames. As long as I don't say the way, he will not kill me..."

Hao Liu explained.

"Treasure that resists the flames of fire, you are willing to give it to me?"

Lu Ming's face is still not good-looking.

Could it be that the treasures that resist the flames of the heart flames are not successful, and if there is only one, Hao Liu will give it to him?

Lu Ming seriously expressed doubts.

"This kind of treasure that can resist the flame of the heart is called the heart jade. This kind of heart jade is a consumable. It can naturally keep the mind clear and free from the influence of the flame of the heart, but it is constantly used. The heart jade will gradually decrease until it finally disappears. I was fortunate enough to get a piece of heart jade that has been used for many years. Up to now, the heart jade has been completely used up."

Hao Liu said.

"Are you still playing me?"

A cold light flashed in Lu Ming's eyes.

What's the point of saying it's all used up?

"Why are young people so anxious that they will die after listening to me?"

Hao Liu said uncomfortably.

Lu Ming despised in his heart, who spoke for a period of time, said a pause for a while?

"Although Xinyu will run out, there is a place in the prison where you can get Xinyu. I also need to regain Xinyu, so next, I will take you to the place where Xinyu is produced. As for Whether you can get it or not depends on your own character. The old man promises that he will try to help you get a piece."

Hao Liu said.

"There is such a place in the prison?"

Lu Ming was very surprised.

In the jail, there is actually a place where the heart jade is produced, and the heart jade can resist the fireworks of the heart flame. So, is it not useful to put people in the prison?

"Little guy, you don't have to be too happy, Xinyu's production is very low, and there is only that place, the competition is very big, many terrible masters will gather there, always ready to compete, after we pass, also You may not get Xinyu."

Hao Liu said.

"That tungsten pole leads these people, why not fight for it?"

Lu Ming asked curiously.

"The range of Tianlao is very wide. The place where the heart jade is produced is very far away from here. It is normal for the news not to reach here."

"In addition, anyone who knows Xinyu will treat it as their own secret, and will not easily tell others, because the more people who know it, the stronger the competition will be, and no one wants to have more competitors."

Hao Liu explained.

Lu Ming nodded, this argument makes sense.

Because Xinyu is a consumable, it will be used up after a period of time and needs to be obtained continuously.

In this case, naturally, the fewer people know, the better.

Therefore, the leader of tungsten pole will misunderstand that Hao Liu has a way to resist the flames of the heart flame.

Everything can be explained, the doubt in Lu Ming's heart slowly faded away.

"We set off after a short break, the place is not too close! "

Hao Liu said.

The two rested for a whole day, and then Haoliu led the way towards a place.

With Hao Liu this great master, they are much faster.

Hao Liu's strength is very strong, Lu Ming guessed that it should be above the sixth weight of Divine Emperor, and probably reached the seventh weight of Divine Emperor.

Divine Emperor Seventh Layer is already very powerful, and can easily kill Divine Emperor Sixth Layer, let alone deal with such strength as Lu Ming, it is completely crushed.

Therefore, even if you encounter some completely crazy people on the road, there is no threat to them, but Hao Liu will kill them easily.

Unless encountering that kind of especially terrifying.

Once that kind of particularly terrifying one is sensed, Hao Liu will lead the landing to detour.

In this way, they traveled a total of half a month.

During this time, Lu Ming felt the negative emotions in his heart became more serious.

Although it is only a little bit, it has no effect on Lu Ming for the time being, but it is really deepening. This accumulation over the years will also be very scary.

This problem must be solved.

Xinyu, Lu Ming must get it.

Half a month later, according to Hao Liu, they were finally approaching the place where heart jade was born.

This is a barren mountain range, covered with all kinds of dark trees, looks terrible.

"It's almost to the place where the heart jade is produced, the heart jade demon hole. Around this area, there are often hidden strong people. We have to be careful."

Hao Liu warned, his expression cautious.

Chapter 4240: Terrible arc light

Hao Liu and Lu Ming landed on the ground and walked along the ground.

"stop!"

Suddenly, Hao Liu said with a dignified voice, glancing at all directions.

Lu Ming stopped quickly and followed closely behind Hao Liu.

This is not a joke. Even Haoliu has a dignified face. I am afraid that his cultivation is not enough to look at. Of course, he has to follow Haoliu.

Hao Liu glanced at the Quartet, and after a while, Hao Liu's breath converged and said, "Go, be safe!"

"The other party is gone?"

Lu Ming asked.

"Yes, the other party should only be the cultivation of Divine Emperor Liuzhong, knowing that it is not my opponent, and left!"

Hao Liu said.

The two went on, and the next part of the road did not encounter danger.

After about half an hour.

"Arrived!"

Hao Liu suddenly said, staring at the front.

Lu Ming also looked forward, his pupils shrunk.

In front, a huge cliff.

This cliff has a high energy of tens of thousands of miles, at least more than 100 million miles in length, and its surface is smooth, as if it had been split by a knife, leaving half and the other half missing.

In the middle of the cliff, there is a cave.

This cave is round and very huge, with a diameter of at least thousands of miles.

From a distance, the cave was dark, like a giant mouth, and it was going to swallow everything up.

Outside the cave, there are many people scattered around. At a glance, there are at least hundreds of people.

Because the cave is very large, these hundreds of people are distributed around the cave and it does not seem crowded at all.

"This cave is the Heart Jade Demon Cave. The Heart Jade emerged from this cave, but this cave is very dangerous. There are often terrible energies rushing out of it. , Must be seriously injured, or even die!"

"Unless it is the existence of the Divine Lord Realm, it is possible to rush in, but the Heavenly Palace's heavenly prison, there is no Divine Lord Realm, the existence of the Divine Lord Realm, are all imprisoned by the Heaven Palace!"

"So, it is impossible to rush into the cave to obtain the heart jade. Only wait outside the cave. The heart jade magic cave will occasionally have the heart jade rush out. If you want to get the heart jade, you only have to wait for the heart jade to rush out. snatch."

Hao Liu explained.

Lu Ming's face was solemn.

It is more difficult to get Xinyu than he thought.

Lu Ming looked at the hundreds of people on the scene. These hundreds of people were all masters.

The weakest are all far above him. Many are not weaker than Hao Liu, and many are even stronger than Hao Liu.

That is to say, any shot here can easily kill Lu Ming, how can this get Xinyu?

Can only act by chance.

"follow me!"

Hao Liu said, stepping towards Xinyu Demon Cave. Lu Ming followed Hao Liu and slowly approached Xinyu Demon Cave.

Lu Ming looked at those people while walking.

These people come from all races.

There are some races that Lu Ming has not even heard of.

These people have different standing positions, some are closer to Xinyu Devil Cave and some are farther away from Xinyu Devil Cave.

Even some people are almost standing at the mouth of Xinyu Demon Cave.

Those who are close to the Xinyu Demon Cave are all cultivated stronger and weaker, and they are further away from the cave entrance.

This is enough to prove that the Heart Jade Devil Cave is terrible.

As soon as Lu Ming and Hao Liu approached, they attracted a lot of eyes.

All eyes were cold, brutal, or bloodthirsty, falling on Lu Ming and Hao Liu.

Lu Ming, in particular, was swept away by many people.

"Oh, interesting, the existence of the Divine Emperor Realm, dare to come here, do you want to **** Xinyu with us?"

A cold voice sounded.

"It's really not self-restraint, looking for the dead end!"

Another disdainful voice sounded.

Those who dare to come here are at least the sixfold existence of Divine Emperor. Lu Ming is a person in the Divine Emperor Realm. If they breathe alone, they can blow Lu Ming to death.

A **** emperor who actually wants to come here to compete with them for heart jade is simply delusional and not self-controlling.

There were even a few eyes full of cold killing opportunities, and there was a feeling that they would kill Lu Ming at any time, but when their eyes swept over Haoliu, they utterly suppressed this killing opportunity.

Hao Liu, let them feel the crisis, let them fear.

They are not sure to win Hao Liu, if they do it, I am afraid there will be a risk of injury.

Injured in this place, weakened strength, it is likely to be attacked by other people, that is very dangerous.

After a while, Lu Ming and Hao Liu came to an open space, about a thousand miles away from the hole.

Then wait quietly.

Huh. . .

Suddenly, a violent wind-like voice came out of the heart jade demon cave.

"coming!"

Hao Liu suddenly said, his eyes were bright, staring at Xinyu Demon Cave.

The same was true of the others at the scene, with eyes full of glory and staring at Xinyu Demon Cave.

Huh...

The sound of the screaming wind was thicker, and suddenly, a dark light flew out of the heart jade demon cave.

These rays of light, curved like a machete, flew out of the heart and jade devil hole indiscriminately, and flew in all directions.

Uh, uh, uh!

Those who are close to the Heart Jade Demon Cave immediately cast their body and flashed quickly, avoiding the dark light.

On Lu Ming's side and Hao Liu's side, three rays of light also flew over, and the speed was amazing.

"Be careful, don't make a hard connection. This kind of light is very scary and can't be hard connected!"

Hao Liu's voice sounded in Lu Ming's ear.

The arc-shaped light is very fast. As soon as Hao Liu's words fell, the three arc-shaped lights approached.

"Great Kamikaze!"

Lu Ming's thoughts moved, and the Great Kamikaze technique appeared, flashing continuously around the area, turning into a phantom, avoiding the three arcs of light.

At the same time, Hao Liu also displayed her body style, avoiding the three arcs of light.

All other directions, those people, also avoided all the arc light.

These people have been here for a long time, they are familiar with the arc light, and they are careful enough that no one is hit by the arc light.

However, the arc light is obviously more than that.

Huh!

In the heart jade demon cave, roaring ceaselessly, the next moment, another arc light flew out, this time more arc light.

This time, there were five arcs of light, flying towards Lu Ming and Hao Liu.

This time, Lu Ming had already prepared to use his body to the extreme, successfully avoiding the five arcs of light.

The same is true of people in other directions, none of them were hit.

After this wave of arc light flew out, the Heart Jade Demon Cave calmed down and regained its former calmness.

"This time, there is no heart jade!"

Hao Liu showed a trace of disappointment.

Others are similar, a little disappointed.
