

D Emperor 4241

Chapter 4241: Competing for Heart Jade

"Every time, the heart jade appears along with this arc-shaped light. When the arc-shaped light comes out, sometimes the heart jade will fly out together, but not every time, sometimes there are, sometimes No..."

Hao Liu explained.

Lu Ming nodded and said nothing.

"Huh, this kid is not dead yet!"

On the edge, there was a voice of suspense, looking very surprised.

Others were similar, casting a surprised look on Lu Ming.

The arc-shaped light flying out of the heart jade demon cave is very fast. They originally thought that the cultivation of Lu Mingshen Emperor Realm would definitely be inevitable, unless Hao Liu would help.

But just now, Lu Ming didn't need the help of Hao Liu at all, and avoided the arc light by himself.

This surprised them.

"This kid's body style is very fast, no wonder dare to come to this place, but only by virtue of body style, can't get Xinyu, hehe!"

Someone sneered.

Lu Ming did not speak from beginning to end.

Those people were also bored, so they didn't go on talking.

The scene fell into silence again, and everyone continued to wait.

This is half a month.

Hurry!

Half a month later, the heart jade demon cave again sounded the gust of wind.

Everyone's spirit is revitalized again.

In the heart jade demon cave, arc light is about to burst again. Every time the arc light bursts, it means that there may be heart jade.

Uh, uh...

In the next moment, a lot of arc light flew out of the heart jade demon cave.

This time, the number of arc rays is very large, dense and dense. From a distance, it seems that the entire opening is arc rays.

Those masters who are closest to the cave will use their body skills to the extreme, continually flashing, avoiding those arcs of light.

A large amount of arc-shaped light, after flying out of the hole, fanned out and flew in all directions.

This time, there were seven arcs of light, flying to Lu Ming and Hao Liu.

Lu Ming cast his body and flashed with all his strength, avoiding the arc of light.

"Xin Yu, Xin Yu!"

Suddenly, a cry of exclamation sounded.

Lu Ming was shocked in his heart, his eyes swept toward the mouth of Xinyu Demon Cave.

I saw that a piece of milky white jade, about the size of a fist, flew out of the heart jade demon cave.

Among the many arc rays, it is extremely conspicuous.

This is Xinyu.

Many people's eyes gleamed.

Especially those close to the hole.

Finally Xinyu Fei came out.

There are very few heart jade flying out of the heart jade demon cave. On average, only one piece of heart jade can be seen flying out of the heart jade demon cave.

It's been a few years since I got bad luck.

Each piece of heart jade is very precious, not only can it save lives, but also relieve the pain of the soul being impacted by negative emotions.

However, this piece of heart jade was shrouded in the middle by three arcs of light and flew out together.

"Damn!"

The masters closest to the cave originally wanted to rush over, but after seeing this scene, they stopped stiffly.

This arc-shaped light is too horrible, they can't resist it at all, and Xinyu is enveloped by three arc-shaped lights, they simply can't get it.

Only after the arc-shaped light has scattered can the shot be taken.

With a snap, Xinyu, accompanied by several arcs of light, flew past those closest to the cave entrance and flew outward.

Flying outside, the three arcs of light spread out and flew in all directions.

And that piece of heart jade still flew in one direction.

This time, there was no arc light.

The presence of that direction brightened his eyes, revealing a blazing glow.

"Xinyu, it's mine!"

"Go away, Xinyu is mine!"

Roars roared, and silhouettes flew towards Xinyu.

These people have been influenced by the heart flame magic fire, full of various tyrannical emotions, seeing heart jade at this moment, extremely crazy.

In that direction, at least ten people rushed to Xinyu.

A tragic war broke out in an instant.

boom! boom! boom!

The brilliant divine light flashed, and the fierce battle reached its culmination in an instant.

More than a dozen masters, crazy melee.

what!

There was a scream, and one of the masters of Divine Emperor Liuzhong was directly cut off his head, and his soul was also annihilated and fell on the spot.

But at the next moment, this murderer, a powerful seven-level power of the Divine Emperor, was repelled by another powerful seven-level power of the Divine Emperor.

And behind this person, there was just an arc of light flying.

puff!

The arc-shaped light cut through the person's body, and the face of the person showed endless colors of fear, and then his body touched into a dust.

A master of the Seventh Level of the Divine Emperor, was cut by an arc of light, and was directly killed, destroying both form and spirit.

Lu Ming took a breath.

Although Hao Liu said before, this arc-shaped light is very scary. Even if the Divine Emperor Jiu Zhong exists, he will be seriously injured even if he is hit.

But I heard that I heard that I really saw it with my own eyes. It was still very shocking, and the impact was still very strong.

How powerful is the presence of Divine Emperor Qizhong?

In the vast universe, it is definitely a strong player in all directions. In the Tiangong, they can all be high-level **** generals, but they are just hit by a curved light, and they just fell.

However, the fall of several people did not stop the war, the fight was still very fierce.

Soon, two others fell.

One of them was killed by another, and the other died under the arc.

After a series of fights, Xinyu was finally acquired by a powerful seven-layered god.

After the man got Xinyu, he flew out crazy and planned to leave here.

If you get Xinyu, you won't leave here, you will only be besieged by others.

And a piece of heart jade is enough for a long time.

"Want to leave, give me Xinyu, and spare you not to die!"

With a loud roar, a burly figure chased toward the man.

This burly figure, the breath is extremely thick, it is a powerful master of the Eightfold Divine Emperor.

The two chased and fled, and soon disappeared here.

The others did not chase, their bodies flickered, avoiding the rest of the arc light, and a battle was stopped.

And there are four fewer people than just now.

Four powerful masters of Divine Emperor Realm are buried here.

"hateful!"

The people closest to the hole roared in their hearts, their eyes glowing fiercely.

Some others sighed secretly.

Slowly, the scene became quiet, and everyone continued to wait.

Time hurriedly, and half a month later, there was a roaring sound again in the heart jade demon cave, and an arc-shaped light flew out, but this time, no heart jade flew out.

In an instant, Lu Ming has been here for half a year.

Every half a month, there will be one or two waves of arc-shaped light flying out, but since the last time a piece of heart jade flew out, no heart jade was seen in the back.

Everyone was very patient and impatient, and continued to wait.

Huh!

Finally, there was another roaring sound in the Heart Jade Demon Cave, and an arc of light flew out.

But this time the arc light contains several white spots.

Chapter 4242: Lu Ming shot and touched the heart jade

The pupils of the crowd contracted sharply because there were several white spots among the many curved rays.

These white spots, exuding milky white light, look gorgeous in the eyes of everyone.

Xinyu!

Xinyu!

This time, several pieces of heart jade appeared at once, which is extremely rare.

Many people's eyes turned red at once, a strong breath radiated from their bodies, muscles tightened, and they were ready to shoot at any time.

Uh, uh...

Large arcs of light flew out, and a few pieces of heart jade also flew out.

There are four blocks in total.

Suddenly, four pieces of heart jade flew out, which is a rare situation that has been encountered for a hundred years.

"Xinyu, I must get it, I must get it!"

"This time, I must get a piece!"

Many people roared in their hearts and stared at Xinyu flying out of their eyes.

Soon, four pieces of heart jade were approaching the hole.

Four pieces of heart jade, three of them are shrouded in arc light, making it difficult to start.

But there was one piece, but there was no curved light around, and he flew over alone.

Uh! Uh!

Immediately, two strong men rushed towards this piece of heart jade.

These two strong men dare to stay at the entrance of the cave, and the strength of these people is the top of the scene. They have the cultivation of Divine Emperor Bazhong.

The speed of the two was very fast, and they immediately approached Xinyu.

Unexpectedly, both of them launched an attack, and the terrible killing power blasted towards the opponent.

boom!

The violent roar sounded, and the energy was overflowing. In a flash, the two of them fought dozens of moves.

Neither of them got Xinyu. Xinyu flew to the other side in the hands of the two.

"Go away!"

One of the skinny big men shouted angrily, and turned into a goshawk, with one wing, amazing speed, flickering in the air, and flew towards Xinyu.

"Come on, Xinyu is mine!"

Will the other person give in? Also turned into the original form, rushed over, and fought fiercely with the goshawk.

In an instant, the two confronted another dozen moves.

The goshawk was careless, and his wings were hit by an arc of light. The goshawk screamed and retreated backwards. At the same time, a feather flew out of him and turned into a sword, facing his own. The body was chopped, and with a puff, he chopped off his small half.

As a result, although he was seriously injured, he saved his life.

If this is not the case, even if his wings are only cut by the arc of light, the destruction energy in the arc of light will completely destroy him.

The goshawk was injured, and Xinyu was naturally obtained by another master of Divine Emperor Bazhong.

As soon as the person got Xinyu, he flew out and did not intend to stay.

There are more than one or two masters of Divine Emperor Yazhong here. If he calms down later, he will be under siege if he has heart jade.

The existence of the two Divine Emperors Bazhong compete for Xinyu, which is slow to speak, but it only happened in a flash.

At this time, another three pieces of heart jade flew out.

As soon as they flew out, the arc-shaped rays flew out, and all three pieces of heart jade were revealed.

This time, the scene was completely rioted.

"Xinyu, it's mine!"

"I must get it!"

"kill!"

Almost everyone moved, and rushed towards the three pieces of heart jade.

"Little guy, be careful yourself, I'm going to **** Xinyu!"

Hao Liu said, and rushed towards a piece of heart jade.

Lu Ming did not move.

With his cultivation practice, it is simply not enough to join the battle group and compete with these people for the heart jade. If he goes up, the aftermath of these people's wars alone can kill him.

He cast the Great Kamikaze technique while avoiding the arc light while waiting for the opportunity.

Boom!

This area, with Xinyu as the core, is divided into three battlefields and fierce fighting.

There are at least dozens of people in each area, and the fighting is too tragic. After a while, some people were killed.

Some people were killed by other powerful people, while some people were accidentally hit by arc rays and fell to the spot.

Lu Ming saw that Hao Liu also encountered a crisis and was almost hit by a curved light.

The battle was only half a minute, and more than ten strong men fell. However, no one can capture 'Xinyu' in the hands. There are too many masters. If anyone is close to 'Xinyu', they will be attacked by others. .

Xinyu swayed back and forth in his spirit, flying around.

I don't know what material Xinyu is. It is extremely hard. In such a violent vigor, it is actually safe and sound.

Uh!

Suddenly, in the battlefield on the left side of Lu Ming, that piece of heart jade was stirred by energy, and suddenly flew out to the side.

No one on that side!

Lu Ming suddenly lit up, this is a good opportunity, do you want to shoot?

Lu Ming is in control of the Great Shifting Technique, the Great Aurora Technique, and if he does, he will definitely be able to take this piece of heart jade into his hands.

Lu Ming's thoughts changed sharply, and he instantly turned dozens of thoughts.

Lu Ming finally decided to shoot.

Without him, Xinyu is so important.

Without Heart Jade, sooner or later Lu Ming will be completely crazy because of negative emotions.

Instead, the end will certainly be extremely miserable.

Rather than doing that, it is better to fight.

Determined, Lu Ming did not hesitate, the great aurora technique appeared.

Uh!

Lu Ming turned into an aurora, rushed out directly, and in an instant, approached that piece of heart jade.

Reach out, and successfully hold Xinyu in your hand.

"Successful!"

Lu Ming was delighted, just about to use the Great Aurora technique to rush out towards the rear, but at this time, there was a terrible sword light on the side, and he slashed towards the landing, and the power was extremely terrifying.

If he is cut, Lu Ming is definitely dead.

"Boy, hand over Xinyu!"

A murderous roar came out, and someone was already rushing towards the landing.

Retreat, it is too late.

Great move!

Lu Ming wanted to use the big move technique to leave, but at the next moment, his face changed greatly.

The big move technique cannot be performed, because the space in this area is full of arc-shaped light. These arc-shaped lights seriously affect the space. This space is extremely unstable and chaotic.

If Lu Ming forcibly uses the big move technique, he will probably move directly to a curved light.

At this moment, others also rushed towards the landing.

"Boy, you are dead!"

"Divine Divine Emperor Realm also wants to touch the heart jade. I swear, you are dead. If you hand over the heart jade now, I will kill you!"

"wishful thinking!"

Roars roared, and dozens of masters flickered continuously, avoiding the arc light, and rushed to Lu Ming.

The back path was blocked, and the big move technique could not be used. Lu Ming could only rush towards the other side.

Lu Ming is very fast, avoids a ray of arc light, and keeps going forward, but it is still much slower than the sevenfold and heavy existence of those divine emperors.

"dead!"

A thin, middle-aged man, holding a silver swaying long sword, the long sword was chopped out, and several sword lights slammed toward the landing.

Chapter 4243: Fearless arc light

Several silver sword lights slashed towards the landing, very fast.

The most amazing thing is that these sword lights will actually turn, as if they are living, like a long snake, constantly walking in the air, avoiding those arcs of light, and killed Lu Ming.

In an instant, Lu Ming caught up.

All three directions of Lu Ming are blocked. The only direction that is not blocked is the direction of Xinyu Demon Cave.

Because, in the direction of Xinyu Demon Cave, there is no need to blockade.

Three sword lights, terrifying power, Lu Ming is near, and any one of them can kill Lu Ming in seconds, because that was issued by the strong power of Divine Emperor Eightfold, and the power is really terrifying.

No retreat, Lu Ming rushed towards the direction without sword light without hesitation.

Boom!

Several sword lights hit the sky, colliding with several arc rays, disappearing without a trace.

But then, there were two silver sword lights, like silver long snakes, rushing towards Lu Ming.

"hateful!"

Lu Ming yelled inwardly, but there was no way but to continue to use his body to dodge.

Two silver sword lights flashed in a row.

But at the next moment, Lu Ming's face changed wildly.

Because, there was an arc of light that went straight to Lu Ming's door.

Just now he evaded a few silver sword lights, and most of his attention was on the silver sword light. One did not pay attention, and rushed into a curved light.

The difference between the two is too close, and the speed of the arc light is too fast, and it is too late to try to dodge.

At a critical moment, Lu Ming can only run the taboo force with all his strength, converging on the palm of his hand, the palm of which is like a knife, splitting with a palm, and splitting towards the curved light.

There is no way out, Lu Ming can't sit still and can only struggle to resist, although Lu Ming himself doesn't have the slightest certainty.

"This kid is dead!"

"Xinyu is mine, I want to get it in one move!"

Others saw Lu Ming slashing towards the curved light, and sneered in their hearts, thinking that Lu Ming was dead, and there could be no chance.

They speeded up and rushed towards Xinyu. As long as Lu Ming was killed by the arc light, they shot to grab Xinyu.

puff!

A clear voice sounded.

The sound is similar to what everyone expected, but the situation is quite the opposite.

It wasn't Lu Ming that was cut, but the curved light.

Lu Ming's palm was cut off, and the arc-shaped light was like a bubble, which was divided into two by Lu Ming, and then disappeared.

In an instant, everyone's eyes were rounded.

what happened?

Why didn't Lu Ming die? Instead, it can split the arc light? The curved light was like a bubble in Lu Ming's hands.

If they were not aware of the terrible arc-shaped light, they really thought that the arc-shaped light was really like a bubble, and could be extinguished.

They know the horror of the arc-shaped light, even if the strong power of Divine Emperor Nine Heavy is hit, it is either seriously injured or directly fell.

And there were very few serious injuries. Most of them were hit, and they all fell directly.

But Lu Ming is just a piece of garbage from the Divine Realm, why can he split the arc light.

To be honest, even Lu Ming himself was shocked.

Just now, he also thought he had a lot of fierceness and might have to explain it here.

Struggling to shoot out is just an instinctive reaction, no matter what the situation is, don't give up.

Unexpectedly, this curved light is so unappealing?

"Is it because of my taboo power?"

Lu Ming suddenly thought of the power of taboo.

At the moment of contact with the arc-shaped light, the power of taboo exploded, and the arc-shaped light directly collapsed.

It is entirely because of the power of taboos.

"Yes, the power of taboo, known as taboo, is the most powerful force in the universe. Many kinds of energy can be restrained by the power of taboo..."

Lu Ming's eyes lit up.

"Try again!"

Thinking of this, Lu Ming waved his hand again, and the power of taboo condensed into a palm force, splitting out, and splitting into a curved light.

puff!

That arc of light, like bubbles, made a slight sound and then dissipated.

"Really effective!"

Lu Ming was overjoyed.

Others responded.

"This kid is not afraid of arc light!"

"Miracle Miracle, I want to win this kid!"

"This kid is a supreme treasure!"

These people roared one by one in their hearts, their eyes glowing hot flames, that is the flames of greed.

It's more greedy than when looking at Xinyu.

Lu Ming can fear the arc light. Just take Lu Ming and let Lu Ming listen to them, how much heart jade do you want?

At this moment, these people rushed to Lu Ming, no longer for Xinyu, but wanted to win Lu Ming.

"Now I want to catch me, there are no doors."

Lu Ming sneered and directly exhibited the Great Aurora technique, which turned into an aurora and rushed towards the hole of Xinyu Demon Cave.

He was covered with taboo power. As long as he passed by, he would collide with the arc rays, and those arc rays would break apart.

In an instant, Lu Ming came to the opening of Xinyu Demon Cave.

"Boy, stay with me!"

"If you dare to move again, I swear, I will let you die without a burial place!"

Several figures also rushed to the entrance of Xinyu Demon Cave. These figures are all the existence of Divine Emperor Yaejo, and their strength is very powerful.

However, Lu Ming was too lazy to pay attention to them, turned and rushed into the Xinyu Demon Cave, and rushed into the tens of miles.

At this moment, the arc-shaped light inside the heart jade magic hole exploded, and it was almost at the end, and no arc-shaped light flew out.

However, after the masters of the Divine Emperor Yazhong arrived at the entrance of Xinyu Demon Cave, they dared not continue to pursue them.

Don't look at Xinyu Demon Cave when there is no eruption of arc light, it looks calm and safe, but as long as someone dares to go deep, Xinyu Demon Cave will immediately erupt with terrifying energy and destroy all the entrants.

Heart jade flew out of the heart jade demon cave. One can imagine that there must be a lot of heart jade in the heart jade devil cave.

Someone had long wanted to take advantage of the arc-shaped light before it burst into the heart of the heart jade to **** the heart jade, but all the people who rushed in died.

All died in the middle and half, and both form and spirit were destroyed, and none of them could be left.

Otherwise, these people will not only dare to stay outside the heart jade demon cave.

"Boy, you are very good, I will give you a suggestion now, enter the heart jade demon cave, take out the heart jade inside and give it to me, I can spare your life, otherwise, you will not come out unless you stay in it all your life."

A powerful divine emperor said coldly.

"Yes, these words are what I want to say!"

The existence of another Divine Emperor Bazhong also spoke, guarding the other side of the Xinyu Demon Cave.

What if Lu Ming escaped into Xinyu Demon Cave?

As long as they stay at the entrance of the cave, the heart jade that Lu Ming got inside is not theirs?

Chapter 4244: Figure in the Heart Jade Demon Cave

Uh, uh, uh!

Several figures appeared at the entrance of Xinyu Demon Cave, all of which were the presence of Divine Emperor Bazhong.

"Boy, you'd better be obedient, go inside and take out all the heart jade, otherwise, this old guy will die miserably, I know you are a gang..."

There was another strong man of Divine Emperor Yazhong who spoke indifferently. This person carried a person in his hand, and it was a holy willow.

Hao Liu was won.

Hao Liu came with Lu Ming before, and everyone naturally saw it in their eyes.

When they found that Lu Ming could break through the arc-shaped light, the powerful player of Divine Emperor Eightfold directly shot Haoriu.

Hao Liu was only the cultivation of Divine Emperor Qizhong. Facing Divine Emperor Qizhong, he was naturally not an opponent. He was easily suppressed and won.

"Little brother, save me!"

Hao Liu shouted, looking panic.

These people, affected by the fireworks of the heart, are all people who kill people without blinking. If they are unhappy, they will kill him. He is really afraid of death.

Lu Ming frowned.

Hao Liu, at least his character, is still okay. When he was chased by tungsten masters and others before, he always led the landing naming and did not escape alone. Lu Ming remembered this in his heart.

If there is a way, he certainly wants to help Hao Liu.

But how can I help him now?

Also, although these people did not dare to rush in, they were stuck in the hole, and he could not get out. Even if he got a lot of heart jade in the depth of the heart jade demon cave, he could not get out and would be trapped here.

Even if they go out, most of them will be jointly killed by these people to steal the heart jade from him.

Unless there is another exit in the heart of the Jade Devil Cave.

Can only try it.

"You'd better not touch him, otherwise, even if I get Xinyu, I won't bring Xinyu out, and the big difference will be the same."

Lu Ming stared coldly at the man who caught Hao Liu.

"Don't worry, I'm speaking, as long as you can bring out Xinyu, I must have let this person go!"

The Divine Emperor Eightfold who caught Hao Liu smiled.

Then, Lu Ming said no more, and turned towards the depth of Xinyu Demon Cave.

Now, we can only go one step at a time.

Enter the heart jade demon cave first, see what happens, and then plan.

Everyone stared at Landing Ming, watching Landing Ming step by step, and headed towards Xinyu Demon Cave.

Lu Ming's speed is not very fast. Although he has the power of taboo and can break through the arc light, he still dare not care. Who knows the depth of Xinyu Demon Cave, is there any other danger?

Lu Ming was covered with the power of taboo, and he moved forward step by step. Soon, Lu Ming went deep into Xinyu Demon Cave about a hundred miles away.

Rumble!

Suddenly, a slight roar came from Xinyu Demon Cave, and Lu Ming felt a slight tremor on the ground.

Lu Ming's heart tightened, his concentration was highly concentrated, and the power of taboo was pushed to the extreme.

Then, Lu Ming felt that there was a terrifying energy in front of Xinyu Demon Cave and rushed out.

This energy, like a wave, covers the entire cave without any gaps.

It is impossible to evade, only to resist.

In an instant, this terrible energy appeared not far in front of Lu Ming.

At this time, Lu Ming shot.

The palm is like a knife, chopped out constantly, with a lot of palm power, bombarded on the rolling waves, these waves look terrible, but after being hit by Lu Ming's palm power, they were directly split and were bombarded A huge hole.

"Effectively, this energy, exactly like the curved light, can be restrained by my taboo."

Lu Ming's eyes lit up, and his anger was full.

Next, Lu Ming kept shooting and directly destroyed this energy. Lu Ming strode forward without any hindrance.

Later, Lu Ming's speed is getting faster and faster, completely disappearing in the sight of others.

"This kid, what power is in control, can actually break the arc light?"

"It's really powerful, no wonder it will be imprisoned by Tiangong."

"Haha, as long as we stay here and wait for this kid to come out, Xinyu is ours, and we will never fear the flames of the heart!"

Outside the cave, some people laughed and looked forward to Lu Ming coming out.

...

The heart jade devil hole is very deep. Lu Ming moved forward all the way and traveled thousands of miles. He encountered several attacks of energy along the way, all of which were easily broken by him.

After a further distance, Lu Ming was refreshed.

Xinyu Demon Cave finally came to an end, and a huge space appeared in front of it.

Lu Ming accelerated his pace and came to this space.

This space, which looks like an underground space, is very wide, huge in scope, and very empty.

Yes, empty, Lu Ming looked at a glance, there is nothing here.

I didn't see any 'heart jade'.

"what happened?"

Lu Ming frowned.

Heart jade is clearly flying out here, but here, why did not see a piece of heart jade.

"wrong..."

Suddenly, Lu Ming found out.

He found a rune on the ground or on the wall.

Although the light was dim, Lu Ming still saw it.

This empty space is full of such runes.

A big formation!

Lu Ming saw at a glance that this was a big formation.

This heart jade demon cave is not formed naturally, but artificially.

Thinking of this, Lu Ming felt cold in his heart.

"Hahaha, after so many years, someone finally came in!"

"Great, my family has been in the layout for many years, and finally there is no waste."

Suddenly, several laughter came out.

The laughter was full of ecstasy.

Then, the figure flashed, and suddenly some figures appeared in this space.

There are more than a dozen.

"Sure enough someone!"

Lu Ming was shocked, and instinctively wanted to retreat, but the space behind Lu Ming slightly fluctuated, and a figure already appeared behind Lu Ming.

Very fast!

Lu Ming took a breath, the person's speed was so amazing that it exceeded his reaction.

Lu Ming's body also stiffened. He knew that this was a terrible strong man. If he wanted to kill him, he had absolutely no room to resist.

"It just can't do it, I can only take out the copper and copper coffin and try my best!"

Lu Ming concentrated his energy and communicated with the copper and copper coffin. When something was wrong, he took out the copper and copper coffin and tried desperately, although I don't know if it worked.

Only then did Lu Ming see clearly the appearance of these people.

These people have very strange looks.

Each one is tall and thin, like a thin bamboo pole.

The most special thing is their heads.

Their heads are very long, and the top part of their heads is pointed like a cone.

What race is this?

Lu Ming has never seen or heard of it.

But what makes Lu Ming more at ease is that he does not feel malicious from these people.

The eyes of these people were staring and staring, full of ecstasy, curiosity, and expectation.

"You, in Xiamuyun, if there is a disturbing place, please ask Haihan, and I will quit!"

Lu Ming clenched his fists.

Chapter 4245: Top 10 races that disappeared

"Exit? Since you can get here, how can you exit?"

An awl-headed big man said.

Lu Ming's face changed, and he said, "You guys, what does this mean? I came in this time, and I didn't mean to offend..."

At the same time, Lu Ming was alert and kept in touch with the copper copper coffin. Once the situation was wrong, he directly took out the copper copper coffin and tried desperately.

Seeing Lu Ming's alert look, several people with tapered heads smiled slightly.

The appearance of one of the old men, the person with two white eyebrows at the corner of his eyebrows smiled slightly and said: "Do not misunderstand, we are not malicious."

Say something to others: "Let's step back a little, don't be surprised by this little friend!"

After talking, he took a few steps back.

Others also retreated, and the strong man standing behind Lu Ming also retreated, keeping a distance from Lu Ming.

Lu Ming was relieved a little, because he could feel that these people really didn't seem malicious.

Lu Ming's spiritual consciousness is very keen, whether the other party is malicious to him, he can feel it keenly.

"You guys, since you are not malicious to me, but you won't let me back, what does this mean?"

Lu Ming asked.

"That's because we have something to ask the little friends for help."

The old man with two white eyebrows said.

"Something to ask me for help? What can I do with my cultivation?"

Lu Ming wondered, but the next moment, his heart moved, is it related to his forbidden power?

Sure enough, the two old white-browed old men said: "Of course they can help. You have a very special power to control you. We are setting up a large array here to stimulate the power of "annihilation", but it is easily broken by the children. This can be Not everyone can do it. In fact, we are laying out several stellar years here, and only one of us can do it."

"The power of annihilation? Is it the arc of light flying out of this cave, all because of this formation?"

Lu Mingdao glanced at the runes on the ground again.

"Not bad!"

The old man with two eyebrows nodded.

"Then "Jade Yu" was also thrown out by you?"

Lu Ming asked again, his eyes showing expectations.

"Yes, Xin Yu Nai is made by my family."

The old man with two eyebrows nodded.

Lu Ming jumped in his heart and was shocked.

Xinyu was actually refined by these people, not naturally contained in heaven and earth, which was far beyond Lu Ming's expectations.

These people are actually able to refine treasures such as Xinyu. Isn't that in the jail, they are not affected by the flames of the heart flame.

"You do this, you are looking for someone who can decipher the power of "annihilation"? What are you going to do for you?"

Lu Ming said.

He knew that if he did not agree to help the other party, even if the other party would not treat him well, he would certainly not give him 'Xinyu', and others were not so stupid.

Therefore, it seems that the other party is busy.

So the first thing to ask is what to help each other.

"Speaking of this, it is necessary to start with the history of my family. My family is named "Tianxin Clan". I wonder if Xiaoyou has heard of it?"

The old man with two eyebrows asked.

"'Tianxin Clan'? I haven't heard of it, there seems to be no such race in the Honghuang Universe Ten Thousand Peoples List!"

Lu Ming shook his head.

In fact, he was also puzzled.

Because nothing else, just talking about the dozen people in front of me, the strength is very amazing, there is definitely the peak of Divine Emperor.

There is such a strong man sitting in town. It stands to reason that it can be squeezed into the Honghuang Wanzu list, but it is unknown in the Honghuang Wanzu list.

"Haven't you heard? It's normal, after all, my family has disappeared for endless years."

The old man with two eyebrows sighed.

The rest of the Tianxin clan showed resentment.

"Tell me the truth, before the endless years, our family is famous in the Honghuang universe, and in its heyday, it can be ranked in the top ten of the Honghuang Wanzu list..."

The old man with two eyebrows said.

"What? The top ten?"

Lu Ming exclaimed.

He was really surprised.

During the heyday of the Tianxin clan, it could actually be ranked in the top ten of the Hongwan Wanzu list.

The top ten of the Honghuang Wanzu list is called the top ten races, and its strength is extremely strong, and its heritage is unpredictable.

Such as angel clan, demon clan, blood clan, Buddha clan, etc., which is not the famous universe, is the pinnacle of the universe, if there is no heaven palace above it, they are cosmic overlords.

The "Tianxin Clan" was actually a top ten race, which was really terrifying.

However, how could such a powerful race suddenly disappear from the universe, and now he has not even heard of it?

Lu Ming also asked the question in his heart.

"Not yet the Temple of Heaven!"

This time, the old man with two eyebrows also showed their resentment and said, "At that time, our family discovered some secrets of the Tiangong. When they were dissatisfied with the Tiangong's rule, Tiangong immediately hurt the killer and sent a large number of strong men to send our clan. In one fell swoop, the remaining people were all locked in the prison..."

"It's Tian Gong again, and the top ten races in front of Tian Gong are also vulnerable!"

Lu Ming sighed.

He thought of the dragon family.

The Dragon race, which was also a top ten race at that time, was extremely powerful, and was eventually destroyed by the Tiangong. Now it has been removed from the top ten races.

"Historically, the top ten races are not fixed. Every once in a while, there will always be racial weakness, or simply annihilation, and then be replaced by other races. In fact, the main messengers behind the scenes are the Temple of Heaven."

The old man with two eyebrows said again.

Lu Ming is speechless, and Tiangong is indeed strong. This is undeniable.

He waited for the other party to continue to speak, I believe soon he will talk about why he should be asked for help.

Sure enough, the old man with two eyebrows continued: "My family is destroyed, the remaining people are imprisoned in the prison, and never go out forever, but my family is not reconciled, my family was as strong as it was, and the reconciliation was silent, we I want to go out, but because our power is too weak, our strongest, only the cultivation of the peak of the Divine Emperor, the strong people of my clan's main territory are all held in another place, only the mythical clan is rescued, My family has hope."

"So, we set up the "Void" formation here, and then used the "Heart Jade" to attract other people in the Heaven Prison to fight for it. Only those who can break the power of "Void" can help our family and rescue them. Lords of the gods."

The old man with two eyebrows explained.

In this way, Lu Ming knew all the secrets of 'Heart Jade' and 'Heart Jade Devil's Cave'.

But a bigger problem is coming.

"If you want me to save the Divine Lord of the Tianxin Clan, I can't do it with my cultivation behavior?"

Lu Ming said.

He is only the cultivation of God's Imperial Realm.

"No need for your cultivation, just your strength!"

"My Divine Lord is imprisoned in another place, not this dungeon, but a few years ago, my clan found that the place where my clan **** was imprisoned is connected to this dungeon, my clan has found The passage to that place was found, but the passage was sealed by a powerful force."

"After a long period of scrutiny, the strong people of my family finally discovered that power, which is the power of vanity."

The old man with two eyebrows said.

Chapter 4246: Tianxin clan's request

"The strong people in my family who are proficient in formation have spent a lot of effort, and finally developed a formation that can imitate the power of that seal, that is, the power of annihilation."

"Since you can break the "Void", you should be able to break the seal of that place and release the **** master of my family."

The old man with two eyebrows, continue to explain.

Lu Ming breathed a sigh of relief.

It's just to break the seal, fortunately.

"It's okay to ask me for help. I need 'Heart Jade'. Also, if you can go out, take me out together."

Lu Ming said.

"Haha, this is simple, you have any other requirements, you can mention it, as long as my family can do it, it will never refuse."

The old man with two eyebrows said, and he waved his hand, and a spar suddenly appeared in the air.

Heart jade, all are heart jade, there are hundreds of them.

"Those Xinyu, Xiaoyou will take it first, oh, my name is 'Xinwu', an elder of the Tianxin clan, and you can call me 'Elder Xinwu'."

The old man with two eyebrows said that with a wave of his hand, hundreds of hearts and jades flew towards the landing.

Lu Ming waved his hands away and collected hundreds of hearts.

"Then thank you for not elders!"

Lu Ming clenched his fist, and at the same time took out a 'heart jade', held it in his palm, and then entered the taboo force into the heart jade. Suddenly, the heart jade disappeared directly from Lu Ming's palm, and appeared in Lu Ming's consciousness the next moment region.

At the same time, there was a cool breath in the heart jade, spreading all over Lu Ming's body.

Lu Ming was originally irritated because of the erosion of the heart, flames and fire, and his heart was filled with some negative emotions, and disappeared without a trace.

In addition, the cool breath on the heart jade can isolate the heart flame demon fire without affecting it.

The effect of Xinyu is better than Lu Ming's imagination. No wonder that those strong people outside Xinyu Demon Cave will try to **** Xinyu even if they are desperate.

At the same time, he sighed.

Those strong outsiders are desperately fighting and fighting, so they can **** a heart jade, but he easily got hundreds of them. I don't know what kind of expressions those people will look like.

Thinking of this, Lu Ming thought of Hao Liu, and also thought of the tungsten pole leader.

"Everyone, I still need something to help you. I have a friend who is caught outside the heart jade demon cave. I want to ask you to help me save him, and I still need you to help me kill one. people..."

Lu Ming said.

"This is simple, since I have found the little friends, then there is no need to continue to exist in this place, so let's start."

The elders have no heart.

"Thank you!"

Lu Ming clenched his fists, then turned and walked towards Xinyu Demon Cave.

Elder Xinwu followed Lu Ming with masters from more than ten Tianxin families.

There is no need to worry about any threats when they come out. They are very fast. After just a few breaths, they cross the channel of Xinyu Demon Cave, and the outside light penetrates.

Lu Ming strode out.

Outside of the Xinyu Demon Cave, those strong men stayed close to the mouth of Xinyu Demon Cave.

Among them, there are two great superpowers of the Divine Emperor, controlling Hao Liu, making it difficult for him to move.

"This time, it's really troublesome, am I going to fall here?"

Hao Liu sighed.

For Lu Ming, he hardly reported any hope.

Even if Lu Ming can live out of the Heart Jade Demon Cave and bring out a lot of Heart Jade, these people will not let Lu Ming go.

They will not only take away Lu Ming's Xinyu, but also control Lu Ming, let Lu Ming become their tool in the future, and collect Xinyu exclusively for them.

And he, without the use value, will certainly be mercilessly killed by these people.

In other words, he was dead.

"I knew it was better, it would be better to be locked by the guy in the tungsten pole..."

Hao Liu sighed in his heart.

Suddenly, a cry of exclamation came out: "The boy came out."

Haoriu was furious in his heart, and quickly looked up towards the mouth of Xinyu Demon Cave.

He knew that it was time to decide his destiny.

Others' eyes also looked at the mouth of Xinyu Demon Cave in unison.

I saw that in the heart jade demon cave, a figure came out slowly, stepped out of the darkness, and slowly revealed the true appearance.

Not Lu Ming, who can it be?

"This kid, come out!"

"Is it safe to come out, have you got Xinyu?"

"This kid must have got a lot of heart jade, ha ha ha, this has been issued, and since then, I no longer have to suffer the erosion of the heart flame magic fire."

Among them, some of the strongest people roared in their hearts, full of anticipation, ecstasy, excitement and other emotions.

"Boy, is there any heart jade in it, please hand it over."

"Quick, show it to us."

The presence of several Divine Emperor Yazhong immediately walked towards the hole, and a strong breath filled his body.

"You guys, let him go first!"

Lu Ming pointed at Hao Liu.

This warmed Hao Liu's heart a little.

Lu Ming did not forget him.

"Boy, you are not qualified to talk to us about conditions, understand?"

The Divine Emperor Eightfold Strong who caught Hao Liu spoke coldly.

"Really? Don't you want Xinyu, see what this is?"

After saying that, Lu Ming waved his hand, and immediately in his palm came a heart-shaped jade, with more than fifty.

Outside the Xinyu Demon Cave, hundreds of masters suddenly opened their eyes and almost glared their eyes.

Xinyu is all Xinyu, and there are more than 50 at once.

This is more than fifty heart jade. When have they seen so many heart jade?

Lu Ming really had a big harvest in the Heart Jade Demon Cave.

Hi, ecstasy!

Especially the presence of the Divine Emperor Bazhong, ecstatic.

In their view, the scene is their strongest fighting force, as long as they do not kill each other, then these heart jade must be theirs.

After that, they finally no longer have to suffer from the flames of the heart.

"Boy, hurry, give me Xinyu, hurry!"

An old man of Divine Emperor Bazhong took a few steps and stared at Landing Ming with his eyes. To be precise, he stared at the heart jade in front of Landing Ming.

"Yes, give it to me."

Another strong man of Divine Emperor Eightfold also stepped forward.

"Boy, leave it to me, otherwise your friend will die miserably."

The strong man who caught Hao Liu brought Hao Liu, and he was near the hole.

However, they still dare not step into Xinyu Demon Cave, and are full of fear for Xinyu Devil Cave.

Lu Ming sneered and waved his hand, bringing all the heart jade into the storage ring.

His storage ring was originally given to Bone Demon, and the current storage ring was given to him by Tianxin Clan.

Then, Lu Ming's figure backed back sharply and backed away for dozens of miles.

"Boy, what are you doing?"

"You haven't surrendered Xinyu, do you know that you are dying?"

The powerful players of the Divine Emperor Yahei shouted in anger.

Chapter 4247: Lu Ming, fearless

Seeing that Lu Ming actually put away Xinyu, the strong men of the Eightfold Divine Emperor actually retreated, and they shouted loudly, looking like Lu Ming.

However, Lu Ming sneered and said, "Do I want you to let him go without hearing? If you don't let it go, you can do it, then I will never go out of this hole. See who of us is patient, who is waiting, anyway, I have the heart Jade, the soul is not eroded by the flames of the heart flame."

Lu Ming sneered and simply sat cross-legged in the same place, a look of Youzaiyou.

Hao Liu showed surprise in her eyes, and she secretly said that the kid was tricky.

Yes, Lu Ming now has Xinyu on his body. It is entirely because he takes the initiative and can master these masters.

These people dare not step into the heart jade demon cave, that can only listen to Lu Ming, otherwise, they never want to get heart jade.

These strong men around the Xinyu Demon Cave, the teeth clenched and they wished to unload Lu Ming.

However, they did not dare to enter the Heart Jade Demon Cave at all, and could only stare, so the two sides stalemate.

Soon, ten days passed.

"Okay, I let this guy go first, but you dare to play tricks, I will let you die without burial."

The strong man who caught Hao Liu gritted his teeth, his eyes full of anger.

But even if he had great anger, he could only suppress it.

With a wave of his hand, Hao Liu flew out and restored his freedom.

As soon as Hao Liu returned to freedom, he flew to the mouth of Xinyu Demon Cave, but here he stopped and dared not step into Xinyu Demon Cave.

"Come in, it's okay, there is danger, I will solve it."

Lu Ming said to Hao Liu.

Hao Liu clenched her teeth, chose to believe Lu Ming, stepped forward, entered the heart jade demon cave, came to Lu Ming.

Of course, he was highly nervous and looked around.

This is the Heart Jade Demon Cave. I don't know how many strong men have died.

Even if Lu Ming, a freak, can resist the energy of Xinyu Demon Cave, he is still nervous.

"What should I do now? Are we here to stay still? As long as we go out, those people will not let us go."

Hao Liu sent a message to Lu Ming, and at the same time he kept changing his mind in his mind, trying to come up with a way to get out, but he wanted to think about it, and the way he could think of was to stay in the heart jade demon cave.

"Boy, now that the man is let go, hurry up and give me Xinyu."

The strong man who caught Hao Liu shouted, and deep in his eyes, there was a cold murder.

He secretly vowed that as long as Lu Ming came out and handed over the heart jade, he would make Lu Ming regret the decision just made, and it would be better to die than Lu Ming.

"Don't go out, these people will not keep their promises, or you can force them to swear, swear on the source of life, will not kill us..."

Hao Liu quickly said to Lu Ming.

"This old fellow, find death..."

Many people glared at Haoliu and wished to slap Haoliu to death.

If Lu Ming really forced them to swear on the source of life and not kill Lu Ming, then they could only let Lu Ming go.

"Yes, yes, just to make them swear..."

Hao Liu was overjoyed, but he didn't expect to blurt out, but it was a wonderful way.

After all, Lu Ming now controls the initiative.

However, Lu Ming smiled faintly on his face and said, "No need to be so troublesome, let's go out!"

With that, Lu Ming stepped out.

To deal with these people, is it necessary to force each other to swear, but he has more than a dozen Tianxin clan strong.

In the Tianxin clan, there is the peak of the Divine Emperor. These people are not enough to watch.

The reason why he didn't let the people of Tianxin clan appear before is that he is a horror.

After all, Hao Liu was in the other's hands.

Now that Hao Liu had got away, he would have no worries.

But Hao Liu didn't know this. When he saw Lu Ming walking towards the outside, his face suddenly changed wildly.

"Muyun, what are you doing? Are you crazy? You are going out now and you don't want to live anymore!"

Hao Liu shouted.

The masters outside Xinyu Demon Cave are all ecstatic.

"This kid actually sent it out, ha ha ha, great!"

"I used to think that this kid was a difficult character. I didn't expect this kid to have a bad brain."

"When the kid comes out, I want to let the kid die better than life."

These people shouted in their hearts, of course, they never thought of killing Lu Ming, but just wanted to torture Lu Ming, so that Lu Ming regretted what he had done.

"Muyun!"

Hao Liu shouted, very anxious.

"It's okay, rest assured!"

Lu Ming turned his head to smile slightly at Hao Liu and continued to step forward, and soon came to the entrance of Xinyu Demon Cave.

Everyone's eyes stared at the land.

bump!

Finally, Lu Ming stepped out and formally left the heart jade demon cave, and stepped outside the heart jade demon cave.

The eyes of the God Emperor Eightfold Powerful who were away from the entrance of Xinyu Demon Cave suddenly lighted up, and a cold breath burst out of them.

"Boy, hand over Xinyu!"

"Give me all the heart jade on you."

Several powerful players of the Divine Emperor Yahei shouted.

"I advise you, it is best not to shoot, let us leave, otherwise, you will die miserably."

Lu Ming said lightly.

Lu Ming's remark made many people almost laugh out loud.

What crazy words is Lu Ming making?

A person from a divine and imperial realm said to a group of divine emperors eightfold and sevenfold that if you dare to take action, you will die miserably.

This is not a joke?

"Hahaha, boy, I think you are crazy."

"I'll do it. See if you can do with me?"

"Kneel down for me!"

Several powerful players of the Divine Emperor's Eightfold Forces directly shot and rushed to the landing Ming.

They want to first seize the heart jade from Lu Ming's body.

You can seize the opportunity by grabbing it first, and maybe you can take it all for yourself.

A total of four masters of Divine Emperor Bazhong shot, the speed was too fast, covering all directions, Lu Ming could not resist in the face of such an attack.

However, Lu Ming didn't mean to dodge, standing there motionless.

"Damn it! Fucked!"

Hao Liu's face was pale, and he was helpless in the face of such an attack.

When it was over, it was completely over, and the advantage that was finally pulled back suddenly disappeared.

However, at this moment, Lu Ming suddenly appeared two more figures.

Is the strong of two Tianxin clan.

Moreover, they are the strongest of the two Divine Emperor Jiuzhong Realm.

call out! call out! call out! call out!

The two Divine Emperor Nine Heavy Heavenly Heart Clan Powerhouses shot at the same time, and there were a total of four rays of light, assassinating the existence of the Four Divine Emperors Eightfold.

Every Tianxin clan is strong, to deal with the existence of two divine emperors and eightfold.

The difference between Divine Emperor Nine Heavyweights and Divine Emperor Eightfold Heavyweights is completely crushed, and it is impossible to resist.

Wherever the attack passed, the eight attacks of the four Divine Emperors, like tofu, were vulnerable.

The four rays of light flashed by, and the four Divine Emperors had eightfold existence, and their bodies suddenly stiffened there.

Chapter 4248: Revenge

Four rays of light flashed through, and the four Divine Emperors were eightfold, and their bodies were stiff there.

The eyebrows of the four of them have an extra hole in their blood.

Their eyes glared round, staring at the two Tianxin clan, their eyes are full of incredible colors, it seems unimaginable, how can two such powerful existence suddenly appear in the heart jade demon cave.

At the same time, there was a deep fear in their eyes, and then, the breath of life in them quickly weakened.

With a thump, the existence of the four Divine Emperors and Eightfolds just fell to the ground with no breath.

died!

The four Divine Emperors and the Eight Powerful were instantly killed.

At the scene, everyone was stunned, his body was all stiff there, his eyes wide, staring at the two Tianxin clan strongmen, and then turned to Lu Ming again.

Like the four slain Divine Emperor Eight Powers, they were all puzzled.

Why did two powerful creatures suddenly appear in the heart jade demon cave? What is their relationship with Lu Ming?

These two strong men are obviously helping Lu Ming. The four powerful gods and eight heavy men were killed because they had to fight Lu Ming.

They remembered what Lu Ming just said.

'I advise you not to shoot, or you will die miserably'.

Just now, Lu Ming said to them that it was a joke, funny and ridiculous.

But now, they found that Lu Ming's sentence was not a joke at all, but was elaborating a fact, but unfortunately, no one believed it just now, so the four divine emperors and eight powerful strongmen gave their lives.

Others, excitedly shivered, and secretly rejoiced in their hearts.

In particular, there are other powerful players of the Divine Emperor Bazhong, who are even more perspiring, and they are very fortunate that the shot has just been slow, otherwise they will die.

Behind Lu Ming, Hao Liu was also dumbfounded and completely there, thinking he was dreaming.

"Whoever wants to move Master Muyun, we will kill whoever!"

An indifferent voice came out of the Heart Jade Demon Cave, and then Elder Xinwu took a group of people and stepped out to Lu Ming.

The one who spoke just now is naturally an elder who has no heart.

Sisi...

At the scene, there was a sound of breathing down.

Those people are even more ignorant.

There are still people in the Heart Jade Devil Cave, and there are so many, it seems to be extremely powerful.

Moreover, Lu Ming is also called "Muyun" son, who is completely on Lu Ming's side.

What's the matter with him?

Many people shouted in their hearts, puzzled.

"Now, does anyone still want the heart jade in my hand?"

Lu Ming glanced at the audience, and a faint voice sounded.

No one speaks, no one dares to speak.

Nonsense, of course I want, whoever doesn't want is a beast.

One thousand in their hearts, ten thousand want.

If only Lu Ming was alone, they would have robbed.

But now, their eyes swept over the four slain Divine Emperor Eight Powers, and their hearts were cold.

Who wants to be a beast.

Everyone stepped back involuntarily, showing their hearts.

Although Xinyu is important, compared to being killed directly now, of course, I still choose to save my life.

"Hao Liu, let's go!"

Lu Ming said to Hao Liu, and then left here at a great pace.

Hao Liu left quickly with Landing Ming, and there was still some ignorance in her mind.

Soon, they left the area.

"Hao Liu, these ten heart jades are for you!"

Lu Ming waved his hand, ten pieces of heart jade flew out, and flew to Haoliu.

Hao Liu subconsciously reached for it, and then the whole person was there.

After a while, he shivered all over, even his lips shuddered.

That is exciting.

Ten pieces of heart jade, ten pieces of heart jade, he never dreamed that he could get ten pieces of heart jade at once.

After a long time, he worked hard to get a piece of heart jade. It was because there were fewer people who knew the secret of heart jade at that time. The competition was not as fierce as now, and he was lucky enough to get a piece of heart jade.

This time, he brought Lu Ming, but he didn't really have much hope. He just held the state of mind and hoped to gain something.

Unexpectedly, the end will be this result.

This process is really twists and turns, heart thrilling.

"Hao Liu, thank you for bringing me here, but I have other things to do next, let's not go over it."

Lu Ming said.

"Ah? Good... good!"

Hao Liu just woke up like a dream and glanced at the people of Tianxin tribe. He knew clearly that Lu Ming said that he had something to do, and it must be related to these people.

But these people are very powerful, obviously he can not intervene.

Fortunately, he got ten pieces of heart jade, which can be used for a long time, and he is already satisfied.

"Then we don't have a good time, goodbye!"

Hao Liu clenched his fists.

"Good luck!"

Lu Ming nodded, and then stopped, and Elder Xinwu and others walked away.

After flying out for a while, they came to a mountain peak.

"There is no elder, please wait for me here first, and wait for me to do that, then come to join you."

Lu Ming said.

"It's okay, my family has waited for a long time and doesn't care about this time. You two, take a trip with Master Muyun."

Elder Xinwu nodded, then instructed the two Divine Emperor Jiuzhong Tianxin Clan Powerhouse.

"Yes!"

The two Tianxin clan leaders took orders, and then Lu Ming walked away.

The thing that Lu Ming wants to do is naturally a thing controlled by tungsten.

There are gratuities and revenge. This is Lu Ming's rule of life.

The tungsten pole leader treated him like that, and he naturally had to revenge.

After a while, Lu Ming came to the area where the tungsten pole ruled again.

From a distance, I could see the area, and there were several red robe men patrolling.

Obviously, the war here is over and calm is restored.

Lu Ming took two Tianxin clan strongmen and went straight ahead.

"who?"

As soon as Lu Ming approached, he was found, his figure flashed, and several red-robed people appeared in front of them.

"Hey, this kid, he's very familiar!"

"It's the kid, the kid who fled in chaos."

"That old guy is not here!"

"Quick, spread the news!"

These people quickly recognized Lu Ming and exclaimed a few times.

At first, they were afraid that Hao Liu and Lu Ming were together, but they were shocked, but they did not see Hao Liu when they glanced at their eyes. They immediately lowered their minds and flashed their bodies to surround Lu Ming.

As for the two Tianxin clan strongmen, they simply could not find specific cultivation practices. The two Tianxin clan strongmen cultivated much higher than them, and they were difficult to spy on.

However, they still kept a close eye, and there were some worries in their hearts, so instead of going directly, they surrounded Lu Ming and waited for the arrival of reinforcements.

Chapter 4249: Kill Tungsten Master

Lu Ming didn't do anything, just carrying his hands, waiting calmly.

Lu Ming didn't open his mouth, and the two Tianxin clan's strongmen wouldn't naturally shoot. They stood on both sides of Lu Ming, their faces calm, as if they didn't see these red robe men.

These red robes were like ants in their eyes, and they were easy to kill. Naturally, they were not put in their eyes.

Just half a minute later, there were figures flying in front, all of them in red robe, at least a dozen.

The one headed was an old man in red robe, but an old acquaintance of Lu Ming, who had captured Lu Ming and put Lu Ming in the dungeon.

These red robes are very fast, and they are near.

"Okay boy, you dare to come back."

When the old man in red robe saw Lu Ming, he yelled angrily, his eyes full of anger.

Because of Lu Ming, he was heavily punished by the leader of the tungsten pole, and he hated Lu Ming in his heart.

Before Lu Ming did not come, Hao Liu was imprisoned for so many years and did not escape, but after Lu Ming came, Hao Liu escaped shortly afterwards. The tungsten pole leader thought that this was related to Lu Ming, and Lu Ming caught him Yes, it is naturally involved.

Seeing Lu Ming at the moment, the anger in the old man in the red robe burst out.

"The tungsten pole does not come out, or it will solve you first, and deal with the tungsten pole."

Lu Ming spoke lightly.

"What? Boy, I think you are looking for death!"

The old man in red robe snarled, and then glanced at the two Tianxin strong men, his pupils shrank suddenly.

Just now his attention was all on Lu Ming, but he neglected the two Tianxin clan strongmen. At the moment, he immediately discovered the problem.

His cultivation practice is much higher than others. When he glanced at the two Tianxin clan strong men, he instinctively felt dangerous. Although the other party did not explode, he still brought him strong pressure.

In addition, since Lu Ming has escaped, he will come back, which is very strange.

"Something wrong, cheating!"

The old man in red robe was startled, and then his figure retreated.

However, it was too late, at this time, Lu Ming had heard a voice.

"Two seniors, get started!"

Lu Ming said.

Uh! Uh!

As soon as Lu Ming's voice fell, the two Tianxin clan powerful shot.

Their bodies flashed as if they had turned into phantoms and killed these red robe men.

Quick, too fast, these red robe people are almost impossible to dodge.

Puff puff...

The sound of sharp blades piercing the flesh sounded. When the two Tianxin clan powerhouses stopped, the eyebrows of dozens of red robes were penetrated, and a hole appeared, and the soul had been annihilated.

More than a dozen red robe, fell!

Including the old man in the red robe.

"go!"

Lu Ming didn't look at these people at all, and stepped forward. Soon, he jumped over a mountain, and the huge battle platform appeared in front of Lu Ming's eyes.

On the battle platform, two figures were fighting fiercely, and above, the tungsten pole leader was watching there, while watching, the flashing and tyrannical light in his eyes from time to time.

During this time, he was very upset, extremely upset.

Hao Liu escaped, and he could not get a way to resist the fireworks, which made the negative emotions in his heart more explosive and more difficult to control.

So during this time, he had to watch other people fight each day to vent his emotions.

If not, he would be crazy.

"Damn Haoliu, and that kid... more damn, damn, don't be touched by me, I will make you suffer the greatest pain in the world..."

The tungsten pole leader roared constantly, and his face was dire.

Suddenly, the tungsten pole commander felt something, looking at the sky, and then the pupil suddenly widened.

He naturally saw Lu Ming.

Unexpectedly, he just thought of this kid, this kid appeared.

The old man in the red robe did not tell the tungsten leader that Lu Ming was here.

The old man in the red robe wanted to take down Lu Ming himself, and then asked the tungsten pole leader for guilt.

"Boy, you dare to come back, Hao Liu, let him get out..."

The commander of the tungsten pole roared, and his figure rose to the sky, rushing towards the landing, reaching out with a big hand, and wanted to grab Lu Ming.

But he had just rushed halfway, his body rushing forward, suddenly stopped.

His pupils contracted sharply, revealing a trace of terror.

Because he found two strong people of Tianxin clan.

His cultivation practice was higher than that of the old man in the red robe and reached the seventh realm of the Divine Emperor. He found that the breath of the two Tianxin clan strongmen was extremely horrible, many times stronger than him.

Horror, danger, bad...

The leader of the tungsten pole can no longer care about Lu Ming, and his figure retreats back.

However, it is too late.

A strong Tianxin clan had already shot, and his body flashed before appearing in front of the tungsten master.

"No, spare your life..."

The tungsten pole commander made an earth-shattering beg for mercy, with a deep panic in his voice.

However, Lu Ming could never let him go.

The strongest of the Tianxin clan did not hesitate to shoot, and the tungsten pole commander was angry and roaring, fighting with all his strength.

However, the difference between Divine Emperor Qizhong and Divine Emperor Ninefold is too great. Even if he resists, there is no effect.

A divine light flashed through, and the eyebrows of the tungsten pole leader were penetrated and fell to the spot.

To death, his eyes were wide, full of unwillingness and doubt.

"This this..."

At this moment, those around the red robe were fooled.

What happened just now was too fast. After seeing Lu Ming, the commander of the tungsten pole shot directly, but halfway through, he was killed by the Tianxin clan.

All this is done in an instant.

In the hearts of these Hongpao people, the powerful and powerful tungsten pole leader was actually killed so easily.

"Run away!"

Suddenly, there was a red robe yelling and turned and ran.

Even the commander of the tungsten pole was easily killed. Wouldn't these people stay to death?

The other Hongpao people also reacted and fled in all directions.

Lu Ming did not let the strong people of the Tianxin Clan chase.

His main goal is tungsten pole domination, as long as tungsten pole dominance is removed, as for others, it does not matter, as long as he does not take the initiative to come to death, he is too lazy to control.

Soon, all the red robe people ran away.

On the battle platform, the two fighting figures also stopped, staring at the landing stunned.

They were extremely happy to see that the tungsten leader was killed.

However, the battlefield had a formation, and they could not escape at once.

"Two seniors, break the formation here and let them both come out."

Lu Ming said to the two Tianxin clan strong.

The two Tianxin clan nodded and shot directly.

It is not difficult to break the formation on the battle platform with their Divine Emperor Jiu Zhong's cultivation practice.

It didn't take long to break the formation on the battle platform.

The two of them on the battle platform showed great joy, flew over and clenched their fists: "Thank you, Master, for helping each other."

Chapter 4250: Seal Chain

"You're welcome, we are all victims!"

Lu Ming smiled slightly.

The two thanked again and then left here.

Then, Lu Ming took the two Tianxin clan strongmen into the dungeon and released all the imprisoned creatures in the dungeon.

Moreover, Lu Ming lifted the ban on these people. These people were naturally grateful to Dade, and then left one after another.

After solving this, Lu Ming and Tian Xin clan also left here to join Elder Xin Wu and head to Tian Xin clan together.

There is still a very far distance from the Tianxin Clan here, and then they rushed for seven consecutive days before they came to the Tianxin Clan area.

The Tianxin tribe occupies a wide area in the heavenly jail, where it thrives.

They will not be eroded by the fireworks of hearts, and since the endless years, the number has multiplied.

However, there seems to be some kind of prohibition, or a limitation, in the prison. In the prison, the highest cultivation level can only be raised to the peak of the Divine Emperor, and it will be difficult to break through.

Since the endless years, the Tianxin Clan has not been born a strong man of God's Lord Realm.

Therefore, they want to break the seal and release the Tianxin clan by the seal **** master realm.

When Lu Ming came to the Tianxin Clan, he received a grand reception, and almost all the senior officials of the Tianxin Clan were dispatched to welcome Lu Ming.

Tianxin clan, how powerful and powerful they were, but they fell to the point where they are today, how could they be willing.

Now, Lu Ming has become their only savior, how can they not pay attention.

Lu Ming then rested in the Tianxin Clan for three days. Then, a big figure in the Tianxin Clan took the landing to the seal land.

This is a barren land, guarded by a large number of Tianxin clan strongmen, outsiders can not get close.

"That is..."

As soon as he came to this area, Lu Ming shrank his pupils.

An amazing scene appeared in the void ahead.

I saw that the void in front, constantly shaking, constantly twisting, like water waves.

But in this void, there are huge chains.

These chains crisscross and cover the void.

There are at least dozens of dense chains.

Dozens of chains sealed the void.

"The power on this chain..."

Lu Ming felt it carefully, and he was shocked.

He found that this chain is not a substance, but an energy.

Lu Ming is very familiar with this kind of energy, and is very similar to the power of 'Void' in the Heart Jade Demon Cave.

"Here is the place of the seal. We guess that there should have been a passage to the trapped place of my clan deity, which was later sealed by the Heavenly Palace!"

"Here, there are a total of forty-nine chains, all of which are condensed by the power of "Destroy". It is very terrible. Even if the strong people of my family use it, they can't break it, but many people have fallen."

"The formation of the Heart Jade Devil Cave is also the master of the formation of my family who studied these chains and studied them for a long time before imitating them, but it is far less than the power of the "emptiness" on these chains."

Aside, Elder Xinwu explained to Lu Ming.

Lu Ming nodded, and he almost guessed this.

"Mr. Yunyun, please come to you later, but the power of annihilation on this chain is terrible. You must be careful."

On the edge, another old Tianxin clan said.

This person, named 'Xinfan', is the patriarch of the Tianxin clan.

"The patriarch is assured that I will do my best."

Lu Ming nodded.

If he could release the God Master Realm Master of the Tianxin Clan, he would naturally be willing.

It is too difficult, almost impossible, to escape from the prison by his own cultivation.

Therefore, he can escape only if he creates some confusion and some uncertain factors.

The release of the god-centered powerful people of the Tianxin clan creates uncertainty.

On the surface, it is to help Tianxin clan, in fact, he is also to help himself.

Lu Ming observed for a while, and then walked towards one of the chains.

From a distance, these chains are not very big, but as soon as they got closer, they discovered that this chain was huge. Every chain was bigger than a vast mountain range.

Compared with Lu Ming's figure, it looks like dust.

Lu Ming slowly approached one of the chains. When he approached, this chain exuded terrifying fluctuations. An invisible energy rushed out and rushed towards Lu Ming.

This kind of energy is terrible, as if it can destroy everything. The breath is very similar to the arc-shaped light flying out of the heart jade demon cave, but it is more terrible than that arc-shaped light.

After all, the arc-shaped light of Xinyu Devil Cave is just the arrangement of the Tianxin family imitating these chains. The imitation is naturally not as powerful as the real one.

In the distance, all the big figures of the Tianxin clan were staring at the land, their heartbeats accelerated, and their breathing was rapid, both expecting and nervous.

Although they listened to the elders without saying that Lu Ming could break the power of the Xinyu Demon Cavern Formation, they did not see it with their own eyes after all.

Moreover, the energy of these chains is infinite, and they are more powerful than the array they have arranged. I don't know how much stronger they are. Whether Lu Ming can break them is still a matter of two things.

This is related to the destiny of their family. It is strange that they are not nervous.

Lu Ming runs the taboo power, covering the whole body with taboo power, letting that kind of invisible energy come from the impact.

Huh!

That kind of power is like a gust of wind that blows through Lu Ming's body, but as soon as he approaches Lu Ming's body, it automatically gives way. The taboo force on Lu Ming's body directly blocks this energy.

"effective!"

Lu Ming's eyes lit up.

The strong people of the Tianxin clan also had bright eyes and a happy look on their faces.

Although Lu Ming has not officially started to break the chain, they are very aware that it is very dangerous to get close to the chain. Their Tianxin tribe once made a huge sacrifice.

Lu Ming, but nothing, this is already hopeful, the first step is successful.

Lu Ming continued to step forward, approaching the chain. On the chain, there was a constant invisible force of annihilation rushing towards Lu Ming, but all was blocked by the taboo force.

Soon, Lu Ming officially came under this chain.

Next is the real beginning. Lu Ming needs to use taboo to wipe out this chain.

Lu Ming stretched out his palm, running the taboo force, slowly approaching the chain.

All the people of the Tianxin tribe have their hearts raised.

Whether it can be effective or not, it is here.

Finally, Lu Ming's palm was attached to the chain.

boom!

Lu Ming felt that the chain seemed to explode, and the violent power of annihilation rushed toward the landing crazy, just like stabbing the horse honeycomb.

The entire chain is formed by the power of annihilation. Once it breaks out, it is very scary.

Lu Ming's face changed slightly, and the power of taboo broke out with all his strength, and came out by bombardment.
