

D Emperor 4271

Chapter 4271: Copper coffin changes

The two powerful emperors of the nine emperors made their own shots.

They led some masters and rushed to Lu Ming.

They are also afraid that the night will be long and the dream will be long, and the delay will change, and the delay will take a long time. In case a stronger master comes over from the rebels, they will be in trouble.

Therefore, they are too lazy and Lu Mingxian to directly dispatch the strongest, want to quickly kill Lu Ming, and then concentrate on solving Xie Nianqing.

The speed of Divine Emperor Nine Heavy is too fast. The two Divine Emperor Nine Heavy rushed to Lu Ming from two directions. Even if Lu Ming continued to perform the big move technique, the distance between them was also rapidly shortened.

"Are you finally here?"

Lu Ming whispered. At this time, he stopped instead.

Then, his body glowed, and a figure came out of his body.

This figure is naturally Lu Ming's 'past body'.

At this moment, in the hands of the 'past body', a copper copper coffin is held.

Lu Ming's "Now Body", however, quickly backed away, pulling away the distance.

Using copper and copper coffins, one body is enough, so that in case of any accident, not both bodies will be put in.

The "Past Body", holding a copper copper coffin, did not retreat but went forward, but rushed towards the people in the Tiangong.

"Two people, this person seems to be... Lu Ming?"

Suddenly, a divine emperor's ninth-level Celestial Clan stared, and then showed a frantic color, shouting: "This person is Lu Ming, the taboo body Lu Ming hiding in the Dragon Clan's star, must take him down, at all costs!"

He never expected that he would meet Lu Ming here.

Lu Ming is a taboo body, and everyone knows it.

And 'Muyun' is a taboo body, not many people know it, so they have not recognized the 'now body' before.

"It's him!"

"Take him, Lord Tianjun, even Lord Tianzun, will be rewarded!"

"Never let him go!"

The other people in Tiangong were crazy and used all their strength to increase the speed to the extreme. They rushed to Lu Ming's "past body" and wanted to win Lu Ming.

Among them, the two Divine Emperors Jiuzhong existed the fastest and approached Lu Ming quickly.

At this time, Lu Ming moved!

Click!

He pushed hard, and the coffin cover of the copper copper coffin was pushed with a trace, a breath of vitality, filled out.

"Not enough, come again!"

Lu Ming shouted and continued to push the copper coffin lid with force.

The cracks in the cover of the coffin of the copper and copper are bigger.

Roar!

A horrible roar came out, and then, a palm covered with scales protruded from the copper copper coffin and grabbed towards the two Divine Emperor Nine Heavy Celestial Masters.

The aura of terror made the face of the masters of the two heavenly human divine emperors Jiuzhong mad.

"Ah, what is... what?"

"It's the original god, retreat!"

The two Divine Emperor Jiuzhong's Celestial Clan shouted in horror, eyes full of fear.

The big hands stretched out from the copper and copper coffins are not what they can resist, and they are too different.

They retreated crazy, but how could they retreat?

A scaled arm caught in the sky, and a horrible attraction emerged. The two Divine Emperor's ninth-level Celestial Clan strongman, the backward body stopped suddenly, and then flew towards the scaled arm.

The scaled arm squeezed in the air.

Bump!

The masters of the two Divine Emperors and Nine Heavys, their bodies exploded directly, destroying both form and spirit.

Seeing this scene, the other masters of Tiangong took a breath of cold air, and their hearts were cold, and their bodies also receded crazy.

But it was too late.

The claws covered with scales continued to catch, and the strong men of the Tiangong were attracted by an attraction, and then crushed by the terrifying energy, the body continued to explode and fell on the spot.

For a time, all Tiangong masters who killed Lu Ming fell.

Those who are still besieging Xie Nianqing's Tiangong strongman, seeing the cold sweat, all the cold air penetrated the Tianling cover.

Horror, it's too horrible, a few powerful emperors of the Divine Emperor were instantly killed, and the other powerful emperors of the Divine Emperor Realm were even more vulnerable.

In the copper and copper coffin that Lu Ming took out, a terrifying and primitive **** was held, which was not the primitive **** they could fight.

"go!"

"Go away!"

Those who were besieged by Xie Nianqing's Tiangong strongman, where dare to continue to stay, where can they still continue to attack Xie Nianqing, flew towards the rear, hoping to leave here immediately.

"Want to go!"

Lu Ming's "past body" flashed a cold cold light, holding a copper and copper coffin, he was going to chase these people.

Dare to deal with Xie Nianqing, let his killing be extremely strong, these people, he will not stay alone.

Roar!

At this time, the roar from the copper and copper coffin was strengthened, and the copper and copper coffins all shook slightly.

What changed Lu Ming's face was that the copper copper coffin produced a powerful force, and it was difficult for Lu Ming to move forward.

In addition, there is a peculiar voice in the copper and copper coffin.

Lu Ming has not heard this kind of sound before.

"what happened?"

Lu Ming's "past body" and "present body" both changed their faces.

This has not happened before.

The copper and copper coffin appeared.

However, those strong in the Tiangong Palace didn't know this. They saw Lu Ming stopped, and they only ecstasy, escaped at a faster speed, and disappeared in this area.

"Give me off!"

At this moment, Lu Ming couldn't care about chasing down the strong man of Tiangong, and tried his best to close the copper and copper coffin.

Because he felt abnormal changes in the copper and copper coffin, and he had a bad hunch in his heart.

At the same time, the "present body" also rushed past, wanting to close the copper coffin with the "past body".

However, no matter how hard Lu Ming tried, the coffin lid of the copper copper coffin remained unmoved, and even opened a bit larger.

Then, a head came out of the copper copper coffin.

It was the original **** who appeared in the cage of the Temple of Heaven last time.

His gaze turned to Lu Ming's "past body", with strange colors in his eyes, and then stretched out the palm covered with scales, and grabbed the past to the landing Ming's "past body".

"not good!"

The past body and the present body, all their faces changed wildly.

The original gods in the copper and copper coffin actually shot themselves. What's going on?

However, even if this primitive **** is powerful, Lu Ming will not sit still.

Lu Ming's "past body" screamed, and all kinds of primitive mysteries were displayed. At least there were more than twenty kinds of primitive mysteries, blasting towards the palms covered with scales.

In addition, the "Now Body" also shot. After two large movement techniques, the "Now Body" was filled with gorgeous glow, and the forbidden power was urged to the extreme, turning into a few Divine Lights, and slashed into the covered scales. Palms.

However, these attacks fell on palms covered with scales, but they had no effect at all.

It was like a mass of cotton hitting a piece of steel with no effect at all.

Chapter 4272: Taishang Xiancheng

Lu Ming's attack fell on the palm of the scaled armor, like a cricket shaking a tree, with no effect at all.

The palms covered with scales kept on, grabbing down the "past body", and in an instant, all the original secret techniques of the "past body" collapsed.

The body of the 'past body' shuddered and spit out blood, then the body was caught in the palm of the scaled palm.

However, just holding in his hands, the horrifying power of the palms covered with scales did not continue to bombard Lu Ming, but quickly retracted back into the copper and copper coffin and disappeared completely.

With a clatter, the coffin cover of the copper copper coffin was automatically covered, and then it floated quietly in the air.

Lu Ming's "present body" looked dumbfounded.

How is this going?

Why did the copper and copper coffin suddenly appear such a change, how did the primitive gods inside suddenly shoot, grab the 'past body'?

When he was in the Tiangong Temple, he also opened the copper copper coffin. The entire body of the primitive **** rushed out of the copper copper coffin, and he did not shoot him.

Now, why do you take action against the "past body"?

Is it because the "past body" is practicing divine power? The practice is "Qiankun Wandao Jue", so he shot him?

But what made Lu Ming a little relieved was that the 'past body' was not dead.

Although the "past body" and "present body" can't see what the other person is looking at, they still feel each other, especially life and death, and it is easier to sense.

He can now clearly sense that the 'past body' is fine and alive, but he doesn't know exactly what happened in the copper and copper coffin.

"Lu Ming, this may be a good thing. I can feel that the inside of this copper and copper coffin is very small. Perhaps it is a great opportunity for your "past body"."

Bone Magic Road.

"hope so!"

Lu Ming nodded, and then flew to the edge of the copper copper coffin, reaching for it, the copper copper coffin quickly shrank and re-flew into Lu Ming's sea of knowledge.

It's just a pity that he didn't have a long time with the "past body" and now he has to separate again.

"Fortunately, Xiaoqing is fine!"

Lu Ming adjusted his mood and looked at Xie Nianqing.

"Lu Ming, what's going on?"

Xie Nianqing was also in a daze, couldn't help asking, just flew to Lu Ming.

Xie Nianqing has long known from Feihuang that Lu Ming's "past body" and "now body" things, so as soon as he saw the "now body", he recognized it at a glance.

She was about to fly to Lu Ming, but her complexion changed immediately.

She felt a strong attraction, acting on her, to attract her somewhere.

"No, Xiaoqing, let's go!"

At this moment, Lu Ming's face also changed greatly, exclaimed, and then rushed towards Xie Nianqing frantically.

Because at this time, behind Xie Nianqing, a huge vortex suddenly appeared.

The huge vortex exudes a strong attraction, as if it were a big mouth, to swallow Xie Nianqing.

Lu Ming was extremely anxious and increased the speed to the extreme, but still a step behind.

Xie Nianqing's body flew towards the vortex involuntarily, and suddenly disappeared into the vortex.

"Damn, damn..."

Lu Ming roared, turned his body into an aurora, cast a great aurora technique, and rushed directly to the vortex.

His speed is fast enough, but because he was afraid that opening the copper and copper coffin would hurt Xie Nianqing, he is still far enough away from Xie Nianqing.

When Lu Ming rushed, the vortex disappeared without a trace. Lu Ming rushed past the place where the vortex was just now, and did not rush into the vortex.

"Damn, who is it, what is it? Get me out?"

Lu Ming shouted, every cell in the body was trembling, his body was covered with gorgeous glow, all kinds of ancient secrets, crazy burst.

Great Destruction, Great Fragmentation, Great Aurora...

Various secret techniques poured out in a flash and bombarded the void where the vortex was just now.

Rumble!

The violent vibration of the void was torn apart, and huge cracks appeared.

"That is..."

At this moment, Lu Ming was furious, his eyes widened.

Through the space crack, he saw a giant city.

A huge city is magnificent and full of ancient vicissitudes. At the front of the city, there is a huge door. At this moment, he clearly sees that Xie Nianqing's body flew into that door and disappeared not see.

Then, the gigantic city radiated a gorgeous glow, and with a slight tremor, it disappeared from its place.

"Damn!"

Lu Ming snarled and continued to tear the space, but he never saw the shadow of the giant city again.

Lu Ming found a large circle around Fangyuan, but did not see the shadow of the giant city.

"Damn, what is this giant city?"

"Why Xiaoqing was sucked into the giant city, bone demon, do you know?"

Lu Ming was extremely irritable.

Just after meeting Xie Nianqing, before a word of greeting, Xie Nianqing was sucked away by an inexplicable giant city.

First, the "past body" was put in by a copper and copper coffin, and then Xie Nianqing was sucked away by an inexplicable giant city. Even with his temperament, he was extremely irritable, and his heart was filled with endless anger.

Lu Ming initially thought it was the strong man of Tiangong, but now ruled out, if it is Tiangong, why only **** Xie Nianqing and not take him?

Bone Demon has a lot of knowledge and can only ask Bone Demon now.

"This seems to be the city of the last era..."

Bone Demon spoke, listening to the sound, it seemed very dignified.

"Last epoch? Nonsense, here is the ruins of the universe. Everything that appeared is left by the last epoch. I want to know more specifics!"

Lu Ming said, the tone is not very good.

I seem to know that Lu Ming is not in a good mood right now, and the bone demon did not care too much, saying, "Actually, I am not very clear. I was more concerned about the matter of the last era. You can ask the Flying Phoenix, she should know more ."

"Yes, Senior Phoenix!"

Lu Ming seemed to have grabbed the last life-saving straw, did not stay at all, and flew in the direction of the dragon clan's parent star.

Of course, the two places are far apart, and it's been almost a month since Lu Ming returned to the Dragon Mother Star.

Upon returning to the dragon clan star, Lu Ming found Feihuang.

"Actually there is such a thing, is it too the fairy city appeared again?"

After hearing Lu Ming's description, Feihuang frowned.

"Taishang Xiancheng? Senior, what is Taishang Xiancheng?"

Lu Ming asked quickly.

"Listening to your description, ten or nine out of ten, it is Taishang Xiancheng. Taishang Xiancheng is a city handed down from the last era."

"After the last era, the ruins of the universe were left. Although the endless years have passed, there are still endless adventures!"

Feihuang explained slowly.

Chapter 4273: Meet in fairy city

"According to the data we have at present, the Honghuang Universe is divided into two epochs. The first epoch is the last epoch, and we now belong to the second epoch!"

"In the first era, all living beings lived on an endless expanse of wild land. At that time, the conditions for spiritual practice were far from comparable to those of the present. So at that time, it was a real spiritual world with infinite strength. There are also a lot of them, which is far from comparable now."

"Later, even if the Honghuang Continent collapsed, the first era went to destruction, all the strongmen disappeared, leaving only the ruins of the universe, but in the ruins of the universe, there are countless opportunities and treasures, and there are many treasures, even if they are beyond the realm of God. 'S existence has infinite temptation!"

"And Taishang Xiancheng is a treasure land. Whether it is for Divine King, Divine Emperor, Divine Emperor, or Divine Lord, it has great opportunities and is a holy place for cultivation."

"So you don't have to worry too much. If Xiaoqing enters Taishang Fairy City, not only is there no danger, but the chance is great."

Flying Phoenix Road.

Hearing Feihuang's words, Lu Ming was relieved.

"How long will it take for Xiaoqing to enter Taishang Xiancheng?"

Lu Ming asked again.

Seeing Xie Nianqing, is it hard to wait for a long time before the two can meet?

"Perhaps you don't have to wait for Xiaoqing to come out. It won't take long for you to go in and find Xiaoqing yourself!"

Feihuang smiled slightly.

"Am I going in? Can I also enter Taishang Xiancheng?"

Lu Ming asked.

"Not bad!"

Feihuang nodded and said, "Taishang Xiancheng, has appeared once in history, and that time, I, and your old man, have all gone in."

"Generally speaking, Taishang Xiancheng, wandering deep in the ruins of the universe, outsiders can't find it at all, even me, your old man, or the strong man of the Tiangong, can't find the traces of Taishang Xiancheng. ."

"However, after the endless years of wandering through the ruins of the universe, Taishang Xiancheng may appear in the present vast universe."

"About sixty years before the stellar year, at that time, the cultivation performance of your old man and you were still very low, only the cultivation of the God Realm. At that time, Taishang Xiancheng appeared once."

"That was the first appearance of Taishang Xiancheng. Before the appearance of Taishang Xiancheng, it appeared on the edge of the ruins of the universe. According to my deduction, it won't take long for Taishang Xiancheng to appear in the cosmic universe. By then, Tai In the fairy city, you will stay for thousands of years."

"At that time, it was the time to enter. At that time, you can enter Taishang Xiancheng and reunite with Xiaoqing!"

Feihuang explained.

"Can you go in, then don't know how long it will take?"

Lu Ming asked.

"It's hard to say, it will be a few months, a few years slow, and it will definitely appear. Then, the entire universe will be alarmed, and countless people will enter. We must prepare for the destruction of the Heavenly Army. A group of people will be sent in at this time. This opportunity must not be missed."

Feihuangdao said, his eyes were bright.

"Will the entire universe be alarmed?"

Lu Ming was very surprised.

"Yes, Taishang Xiancheng is not a trivial matter. It has huge advantages for the original environment. Especially the Tianjiao characters, whether they are primitive gods or Celestial beings, no matter what exercises they practice, can be quickly improved in it! "

"Especially for Peerless Heavenly Pride, if you go in, the progress will be amazing, but if you don't go in, you will fall behind a lot, and it will be difficult to compete with others in the future, so by then, all the Heavenly Pride in the entire universe will go in, Of course, it includes some older men who are slightly older!"

"My old man and you, when you first entered the Taishang Xiancheng, did the cultivation of the Divine Emperor Realm. When you came out, it was already the peak state of the Divine Emperor!"

Flying Phoenix Road.

"Enter Divine Emperor, come out of Divine Emperor Peak?"

Lu Ming dumbfounded, dumbfounded.

Listening to the meaning of Feihuang, Taishang Xiancheng can only stay for a thousand years, that is to say, they have only spent at most a thousand years in Taishang Xiancheng, and they have reached the peak of Divine Emperor from Divine Emperor Realm at this speed. It is appalling.

It is conceivable that there is definitely a great opportunity in Taishang Xiancheng, otherwise it is impossible to progress so fast.

No wonder Feihuang will say that the entire universe will be disturbed.

"Senior, then why would the Super Fairy City **** Xiaoqing in, and I'm on the sideline, why didn't I get sucked in?"

Lu Ming asked another doubt in his heart.

"There may be two reasons for this, one is the place where Taishang Xiancheng emerged, and it happened to be where Xiaoqing stood, and the second one is probably because Xiaoqing has the "reincarnation" feature, because she succeeded in reincarnation!"

"I'm definitely a second possibility!"

Flying Phoenix Road,

"The characteristics of reincarnation!"

Lu Ming whispered.

"Lu Ming, you also need to be prepared. Taishang Xiancheng may also be a major opportunity for you. Isn't it difficult for you to break through the Divine Emperor Realm now, but I know that there is a place in Taishang Xiancheng that will help you understand Go your own way and break through the Divine Emperor Realm."

Flying Phoenix Road.

"Can you help me break through the Divine Emperor Realm?"

Lu Ming moved.

It seems that he has to take a trip to the fairy city, not only for the breakthrough of cultivation, but also for Xiaoqing.

At that time, the genius characters of the entire universe will enter Taishang Xiancheng. Will Xie Nianqing run into these people, and will he be in danger?

"Senior Feihuang, are there any restrictions to enter Taishang Xiancheng? Is it possible for everyone to enter?"

Lu Ming asked again.

Listening to the meaning of Feihuang just now, it seems that the existence of God's main realm can also enter.

If they enter with the existence of God's Lord Realm and compete with each other for anything, it is estimated that they can't even drink the soup. If one is bad, they will be slapped by the existence of God's Lord Realm.

"Lu Ming, you will wait for me here first. I will go to spread the news first. On our side, we must arrange it in advance. If Taishang Xiancheng appears in the Honghuang Universe, the Five Heavenly Palaces will definitely work together to block them. Going in is not that easy."

Flying Phoenix Road.

"Then senior, you are busy first, I'll wait for you here!"

Lu Ming said.

Feihuang nodded and disappeared from the spot as soon as his figure flashed.

Lu Ming alone, slowly digesting the news I just heard.

Slowly, he straightened out his thoughts.

"Is this the realm of origin, the realm above the Lord of God?"

Lu Ming thought that under the original source environment that Feihuang had just said, he could enter Taishang Xiancheng, and then he asked the bone demon.

"Yes, the realm above the Divine Lord is called the original source realm. The existence of this realm has already controlled a certain source of the universe. It coexists with the universe. The universe is immortal, and it is immortal. Horrible, with a wave of hands, it can destroy galaxies!"

Bone Magic explained.

"The Lord God, Yuanzun, Tianzun, what's going on?"

Lu Ming asked again.

Chapter 4274: Native seed

"These three are all titles. The original gods have reached their original state and are called the main god!"

"Tiangong Tianren Race has reached its original state and is called Tianzun!"

"While people of other races have reached their original origin, they are respected as Yuanzun!"

Bone Magic explained.

Lu Ming finally understood the meaning of these titles, which meant the origin.

Obviously, the third magic sword is also in the realm of the origin.

Lu Ming secretly horrified, the third magic sword is the origin, how strong is his veteran who has never met?

Lu Ming chatted with the bone demon for about ten minutes, Feihuang's figure reappeared.

Lu Ming looked at Feihuang with anticipation, waiting for Feihuang to follow.

"Continue to talk to you about Taishang Xiancheng. It is also conditional for Taishang Xiancheng to enter."

"Taishang Xiancheng is divided into three layers in total. The presence of the Divine Lord Realm will appear on the corresponding layer. The Divine Emperor Realm will also appear on the corresponding

layer. The Divine Emperor, including the Divine Emperor, will also appear on the corresponding layer. The corresponding floor!"

"The high realm cannot enter the lower realm. Similarly, the low realm cannot appear on the high realm. Every level of environment and opportunity is different."

"Of course, it can be broken between different layers!"

"For example, if you go in now, it must be on the first floor, that is, the layer below or below the **** emperor, but if your cultivation at this layer breaks through and reaches the **** emperor realm, then you can Broken void, rushed to the second level, the level of Divine Emperor Realm!"

"After all, when you cultivate to reach the Divine Emperor Realm, and stay in the Divine Emperor Realm or below the Emperor Emperor, there is no chance, and the speed of cultivation will not be fast!"

"Only on the corresponding layer can we get the greatest chance!"

"In addition, entry is also conditional. The first and second floors have age restrictions. The age cannot exceed one stellar year. If the age exceeds one stellar year, you cannot enter!"

"That is to say, not only the younger generation can enter, but also the older men who are older than you can also enter!"

Feihuang explained.

Generally speaking, according to different age stages, it is divided into several stages.

Juvenile, youth, middle age, middle age, and old age.

In the realm of God Emperor God Emperor, under a star year, those are the strong and the young.

That is to say, this time, the realms of the gods, emperors, and emperors not only entered the younger generation, but also grew up.

"As for the Divine Lord Realm, there is no limit, because for the Divine Lord, time does not make much sense, as long as the Divine Lord Realm exists, you can enter the third layer."

Feihuang explained again.

Lu Ming nodded, relieved.

He doesn't pay attention to God Lord, he only pays attention to God Emperor Realm or below.

"Another point is that it is important to obtain the opportunity to improve cultivation in Taishang Xiancheng, but there is another point that is more important, that is, to obtain the "native source" seeds. Once the original source seeds are obtained, then practice, before breaking through the original source state, It's all going smoothly, fast, and without obstacles, even for taboos, the effect is also very great!"

"However, this group of talents from each layer has the opportunity to get it, so you must go to the end and become the strongest. You can take this piece of jade and take a look. It contains me about Taishang Xiancheng. Your records, you study them carefully!"

Feihuang said, took out a jade charm and handed it to Lu Ming.

"Thank you senior!"

Lu Ming took it and thanked him solemnly.

"During this time, you will stay here. We will send people here to keep an eye on the movement of Taishang Xiancheng. Once Taishang Xiancheng appears, I will notify you."

Flying Phoenix Road.

"There are seniors around!"

Lu Ming clenched his fists.

Feihuang nodded and disappeared from the spot in the next moment.

"Xiaoqing, let's meet in Taishang Xiancheng!"

Lu Ming whispered, then closed his eyes, began to understand the secret technique, and tried to get out of his own way.

...

Time flies and three years have passed.

In these three years, Taishang Xiancheng will appear between the vast universe and the ruins of the universe once every year. Each time, it will appear for a while, and it will disappear immediately, but it is still captured by the people in the Temple.

This time, the five heavenly palaces were all alarmed.

The Five Great Heavenly Palaces have also begun to deploy, and the news has gone without notice, spreading throughout the vast wasteland universe.

In the wilderness universe, different people may not have heard of Taishang Xiancheng at all, but some older characters, especially those who have lived for 60 stellar years, or the existence of the God Realm, naturally know Taishang Xiancheng.

Some people have gone in that year.

As soon as I heard Taishang Xiancheng, I was very excited and started to call the youths and strong men of their respective races, and then contacted Tiangong to prepare for Taishang Xiancheng when Taishang Xiancheng appeared.

Tiangong did not refuse.

Anyway, entering Taishang Xiancheng, without limiting the number of people, the Tiangong orders, let people of all ethnic groups gather in the four directions of the city of heaven, and when Taishang Xiancheng fully emerges, enter Taishang Xiancheng together.

For a time, Dream Tiangong, Ziwei Tiangong, Shenji Tiangong, Hongmeng Tiangong, the heavenly city of the four Tiangong, the crowds of people, I don't know how many people are in 100 million.

Even some small races have sent people.

Because they heard that this would be a great fortune, Tiangong did not restrict which races are eligible to enter, so anyone who heard the news sent someone to come.

Three years later, Taishang Xiancheng finally emerged in a star field on the edge of the vast wasteland universe, and no longer left, but stopped there.

That fairy field is called Kurong Star Field.

The Honghuang Universe was under the control of the Tiangong Temple. As soon as the Taixian Xiancheng appeared, Tiangong received the news immediately.

The strong man in the Temple of Heaven was dispatched immediately.

This is not just the God Realm, or Heavenly King. This time, even Tianzun was dispatched. The number is unknown, and the area around Taishang Xiancheng was completely blocked.

"Taishang Xiancheng is now, let's go!"

"set off!"

In the four heavenly palaces, orders came out.

Suddenly, countless people went towards Taishang Xiancheng.

Among the ruins of the universe, the Destroyer also received news.

Destruction of the Heavenly Army is claimed by all those who resisted the Tiangong, and the Tiangong called them rebels.

The Destroyer is everywhere in the universe, and naturally also has eyeliners. The Tiangong is so big that the Destroyer has received news.

In the past three years, the Destruction of the Heavenly Army has been prepared for a long time.

All those who meet the age and meet the conditions are called up and waiting for the appearance of Taishang Xiancheng.

During this time, they all converged on a deserted continent in the vast universe.

"Lu Ming, come with me, Taishang Xiancheng is here to go!"

On this day, Feihuang appeared and said to Lu Ming.

"Did it finally appear, Xiaoqing, I'm here!"

Lu Ming's eyes flashed, revealing a trace of excitement.

Chapter 4275: Ready to go, Thousand Gods Lord

"Senior Feihuang, is Taishang Xiancheng now occupied by Tiangong, how can we break through and fight with each other?"

Lu Ming asked, quite doubtful.

According to Feihuang, it is too important to go to the fairy city. I am afraid that the five major palaces will mobilize the strong. On their side, how should they send people in?

The five great palaces join forces, and their strength is simply unfathomable.

You have to know that the Tiangong Lu Ming contacted before was only the Dream Tiangong. The Tiangong masters he met were only the masters of the Dream Tiangong. He did not come into contact with the other four Tiangong masters.

Just a fantasy heavenly palace, the strength is unimaginable and unfathomable. With the addition of four other heavenly palaces, the strength is simply unimaginable.

On their side, can they really send people into Taishang Xiancheng in the enclosure of the Five Great Heaven Palaces?

Will there be an earth-shattering war?

"Indeed, if all the strong men in the Five Heavenly Palaces are dispatched, it will be difficult for us to send people in, but they will not be dispatched at all."

"Among the ruins of the universe, there are some places that are rarer and more precious than Taishang Xiancheng, which has attracted part of the power of Tiangong. In addition, we can also unite demons..."

Flying Phoenix Road.

"United Demon? Are we going to join forces with the Devil?"

Lu Ming frowned.

To be honest, he feels very bad about demons.

Devil is greedy and evil, as long as it catches the souls of the vast universe, it will be eaten.

If a demon rushes into the vast universe, endless creatures will suffer.

"It seems that you have some misunderstandings about demons. Do you think that demons are extremely evil and want to rush into the vast universe and devour endless creatures?"

Feihuang asked.

"Is not it?"

Lu Ming asked back.

"It is not true that the devil is evil, but the devil's target is not the wilderness universe. The real target of the demon is the Celestial Clan. What they want to destroy is only the Celestial Clan!"

"However, the Celestial Clan pulls all races of the Honghuang Universe on their chariots and fights with the devil. The demon naturally hunts down any race that it sees!"

"As for the devil who wants to destroy the vast universe, and devour countless creatures in the vast universe, it is all from the Celestial Clan!"

Flying Phoenix Road.

"Actually, is there any hatred between the human race and the devil?"

Lu Ming is very curious.

"Yes, the Celestial Clan and the Devil have a hatred, and it is a world feud, so we have nothing to do with the Devil. The real evil is the Celestial Clan!"

"We have sent people to contact the devil. The demon will attack the Tiangong in the dark universe and dispatch a large number of top masters. In this way, the five major heavens in the dark universe will be held by some demons in the dark universe. In that way, we have Grab and send you into Taishang Xiancheng!"

Flying Phoenix Road.

When the two were talking, they were already on a barren continent.

In a flat place in the middle of the barren continent, a large number of figures have gathered, and at a glance, the number is at least hundreds of thousands, close to one million.

Most of them are young people or middle-aged people. People gather in groups, chatting together.

In the air, there was a group of people who were very special and also very eye-catching, which immediately attracted Lu Ming's attention.

Because these people did not deliberately exhale breath, but people feel a sense of inexplicable pressure.

God Lord!

Lu Ming knows that these are the existence of God's main realm, and there are thousands of them.

Lu Ming's pupils shrank and took a breath.

On the side of the Heavenly Destruction Army, thousands of Divine Lords were actually dispatched.

This is the Divine Lord. It used to be difficult to see one before. Now, there are thousands of them at once. This number is simply amazing.

The strength of Destroyer is far above Lu Ming's imagination.

It is conceivable that these thousands of Divine Lords are definitely not all the Divine Lords of the Heavenly Destruction Army, and may only be a part.

According to Feihuang, there are more precious treasures in the ruins of the universe, and there must be more **** masters to explore and experience in the ruins of the universe.

It's no wonder that Dian Tianjun dared to fight against Tiangong, and was regarded as a major enemy by Tiangong.

Among them, Lu Ming saw the Master Qiuyue, the Lord of Dreams and Deficiency, and the powerful 'Hong' and 'Lion' among the original gods.

God's Lord's realm comes together, and God's Lord comes together.

"Autumn Moon!"

Lu Ming looked away, and saw Qiuyue and her two sisters, and there were pantheon and others on the side.

"Lu Ming, go, I have another business!"

Feihuang smiled.

Lu Ming nodded, and then flew towards Qiuyue, while Feihuang jumped into the sky and disappeared into the void.

Obviously, there must be a source environment around this place. Feihuang estimated to be looking for these people.

This kind of high-level affairs was not something he could participate in. Lu Ming walked volleying towards Qiuyue.

"Master!"

As soon as Lu Ming approached, Qiuyue found Lu Ming and flew over, showing joy.

"Qiuyue, your cultivation base has improved a bit!"

Lu Ming smiled and walked over to pull Qiuyue's little hand.

This attracted the young people around him to stare at him frequently, his eyes constantly glancing towards Lu Ming.

Qiuyue's appearance and temperament are all outstanding, standing in the crowd, like standing tall, has long attracted the attention of a large number of young people around.

Seeing Lu Ming and Qiuyue's close relationship at this moment, naturally have some ideas.

Some people sigh, some are not angry, some are jealous...

But now there are masters here, and there are thousands of gods' realms.

In the void, there is also the existence of the level of source ancestors, and naturally no one dares to be brazen.

Lu Ming pulled Qiuyue and landed beside the gods and others.

"By the young master, what about your "past body"? Also, aren't you looking for Sister Nianqing, why didn't you see her?"

Qiuyue looked around curiously.

The pantheon looked over curiously.

"Is such that..."

Lu Ming can only say things briefly. Of course, he only told Qiuyue, Wanshen and several other people with good relations by way of voice transmission.

This kind of relatively secret matter cannot be easily told to other unfamiliar people.

"Something like this happened..."

Qiuyue, pantheon is also dumbfounded.

"By the way, do you know about Taishang Xiancheng?"

Lu Ming asked.

"Understood, the predecessors have already spoken in detail!"

Qiuyue Road.

"I have a record about Taishang Xiancheng here. Please take a look to see if it will be more detailed!"

Lu Ming took out the piece of jade from Feihuang and handed it to Qiuyue.

This is given by Feihuang, and it is estimated to be more detailed.

Know thyself, ever-victorious!

The deeper you understand Taishang Xiancheng, the more beneficial it will be after entering, and the harvest will naturally be greater.

Qiuyue took the jade symbol, swept the spiritual knowledge, remembered the content, and handed it to the gods.

After watching the gods, they gave Qiuyue two sisters.

Chapter 4276: To kill Lu Mingmuyun

At this moment, Kurong Xingyu, Taishang Xiancheng.

Taishang Xiancheng is very huge, suspended in the air, and it is bigger than the ordinary life planet.

At least tens of thousands of ordinary life planets are needed to be comparable to Taishang City.

Taishang Xiancheng exudes a hazy glow, covering the surrounding voids.

This layer of brilliance is very special, but when entering this layer of brilliance, no matter how strong or weak the cultivation is, one's strength will be suppressed and it is difficult to exhibit it.

Whether it is Divine Emperor, Divine Emperor, Divine Lord, or even the pinnacle of the origin, it is the same.

On the front of Taishang Xiancheng, there is a huge door, I don't know what material was cast, and it exudes vast coercion. It seems that no matter who, in front of this fan, I must bow down and say good things.

Below this door, there is a staircase that leads directly to this door.

At this moment, countless figures have gathered in the void around Taishang Xiancheng.

The Five Heavenly Palaces, no, to be precise, are the strongest of the Four Heavenly Palaces.

The most mysterious Tiangong among the five major Tiangong, did not send people.

The Tianren Clan Tianjiao under the four Tiangong Temples, the core disciples of those Tiangong big figures, and the Tianjiao figures under the countless races of the universe, as well as the middle-aged figures, are here.

Densely packed, the number of people does not know how many, and at a glance, at least hundreds of millions.

The number of hundreds of millions of dollars, don't look at it a lot, is actually nothing.

How big is the vast universe, and how many races are there?

The young Tianjiao sent by so many races, as well as the figures of the middle age, come here. The number of hundreds of millions is really nothing.

"Now, the immortal gate of Taishang Immortal City has not been officially opened. You must follow us first. When the immortal gate is opened, you will pass the immortal gate and enter it!

A majestic voice sounded.

This is a Tianzun opening, no one dare not follow.

This time, more than one of the Tianzun in the Four Heavenly Palaces came.

Below these Heavenly Venerables, there are Heavenly King-level figures, the number of which is dozens.

They first flew towards Taishang Xiancheng, and then hundreds of millions of people behind them flew towards Taishang Xiancheng.

When they entered the layer of glorious shroud in Taishang Xiancheng, they felt that their cultivation practices were suppressed and difficult to perform.

All that can be used is the power of the flesh.

They barely walked in the air, slowly approached the ladder, and then waited there.

"Well, the demons of the dark universe are gathering and fighting with us!"

Suddenly, a Tianzun spoke.

Of course, his voice can only be heard by other Tianzun, as well as those Tianjun.

Some things, some secrets, ordinary people are not qualified to contact.

"Well, it must be those rebels, united demons, who want to put pressure on us to send them in."

Another Tianzun snorted, his face very unsightly.

This method is not difficult to guess and difficult to deal with.

They left a part of the masters in the ruins of the universe. Now that the devil is committing a large amount of attacks, they must send a large number of masters to block the demon, otherwise the demon will break through the defense line and kill the wilderness universe. The consequences will be very serious.

Knowing that this is a "rebel" scheme, but they have no way to stop it. This is a Yang scheme. They can only follow the other party and send masters to the dark universe to block the demon.

"Send someone to support the Dark Universe!"

A heavenly king said.

Soon, some of the top masters in the Four Heavenly Palaces left here and went to the dark universe.

"Everyone listens!"

Then, a Tianzun opened his mouth, and his voice spread throughout the audience, ringing in everyone's ears.

Everyone's eyes looked at this Tianzun.

"This time the trip to the fairy city, the rebels will definitely join in, sending their youth and strong men into it. Now, give you all a mission!"

The Tianzun continued to speak, everyone was refreshed and listened carefully.

"After entering Taishang Xiancheng, as long as you see the rebels, it is killing. Anyone who kills the rebels and comes out with evidence will have a lot of rewards in Tiangong."

The Heaven Sovereign said.

"I will do my utmost to kill the rebels and let them go back and forth."

Everyone yelled.

"Okay, there is another point, look!"

Saying that, this Tianzun waved his hand, and two pictures appeared in the air.

These two pictures are Lu Ming's "past body" and "present body".

"Lu Ming and Mu Yun, if any of you kill one of them, the deity promises, who will be promoted to the Son of Heaven, or the Daughter of Heaven!"

The **** respected again.

Wow!

As soon as this remark came out, there was an uproar, and a thick flame radiated from the eyes of countless people, it was the fire of greed.

As long as Lu Ming or Mu Yun is killed, can he be promoted to the Son of Heaven or the Daughter of Heaven?

This is endless temptation.

What is the Son of Heaven or Daughter of Heaven?

That is the top-level representative in the Tiangong. Only the top-level and top-level Tianjiao in the Tianren race can be called the Son of Heaven or the Daughter of Heaven.

Now, there are less than ten of the four heavenly palaces that can be named as the sons or daughters of heaven.

Once he was named as the Son of Heaven or the Daughter of Heaven, the status would be unimaginable, even if the patriarchs of the top ten races saw it, they must be respectful.

No one will be distracted.

"Lu Ming, Muyun, I must beheaded!"

"The lives of you two are mine!"

The 100 peerless Tianjiao in the universe's Tianjiao list showed their sharp edge in their eyes.

The geniuses in the universe's arrogant list, although famous for their terrible universe, are in an extraordinary position, but compared with the sons of heaven and the daughters of heaven, it is very different.

Especially the arrogance of the angels, Gabbert!

"Muyun, you are mine, I will kill you!"

Garbert snarled in his heart, the killing in his eyes was extremely rich.

Because of Ling Yuwei's relationship, Gabor and Muyun had a great enmity. At the time, Muyun also challenged Gabor in public and made a thousand-year contract.

Instead of waiting for thousands of years, Gabbert decided that once he saw Mu Yun this time, he would be beheaded immediately.

What about a thousand-year contract? Where is it comparable to the Son of Heaven?

Not only are these arrogant figures of all races in the universe, but even the arrogant figures in the celestial beings, their eyes glowed radiantly, staring at the two portraits of Ming Ming.

There are so many celestial beings in the four heavenly palaces, but there are less than ten of the Sons of Heaven and the Daughters of Heaven. Unfortunately, how difficult it is to become the Sons of Heaven and the Daughters of Heaven.

It can be said that the Son of Heaven and the Daughter of Heaven are the kings of the Celestial Clan, and that Celestial Clan does not want to be banned?

In everyone's heart, there are two names in silence: Lu Ming and Mu Yun!

"Ye Chu Tianji, Ye Ling Hong Ye... Come with me!"

At this time, the Tianjun had even named nine names.

In words, the Tianzun walked to the side, and then nine young men and women of the Tianren race stepped out and followed Tianzun.

Chapter 4277: Son of Heaven and Daughter of Heaven

"It's them!"

After seeing these nine people, many people were shocked.

Because these nine people are the nine Heavenly Sons and Heavenly Daughters in the Four Heavenly Palaces.

Standing at the pinnacle position of Tianjiao's Tianjiao, it is peerless and powerful.

In the crowd, some people exuded a strong fighting intention.

This is the Tianjiao on the Honghuang Universe Tianjiao list, especially the top 10 Tianjiao.

The existence of the top ten in the universe arrogance list is also the top arrogance in the universe, standing at the pinnacle of countless arrogances.

However, no one thinks that the top ten in the universe's Tianjiao list are considered to be a big difference compared to the sons and daughters of heaven.

They are all arrogant and proud, and naturally have more meaning in their hearts.

But the other party's status is too high, and naturally no one dares to challenge.

Nine Heavenly Sons and Heavenly Daughters followed Tianzun and walked aside.

"This time, no matter what, Lu Ming and Mu Yun must be killed, remember, especially Mu Yun!"

Tian Jingxin emphasized it again, his tone aggravated, but he spoke to the nine people by way of voice, and the others could not hear it.

"Tianzun is assured that no matter Lu Ming or Mu Yun, I will kill them. The taboo body must not be left!"

Tianjiao, a Chinese character face, said coldly.

This person is named Ye Chu Tian Ji, an extremely terrifying existence.

"You don't know yet, I tell you that Mu Yun and Lu Ming are the same person!"

Tianzun Road.

Lu Ming and Mu Yun belong to the same person. Tiangong has not spread, and now only a few high-level officials know it.

After all, this matter is very disgraceful, it can be said that Lu Ming is playing around in the Tiangong Palace, but it is still fine. This is extremely shameful.

"what?"

The nine sons of heaven and the daughter of heaven were shocked, and some were dumbfounded.

Lu Ming and Mu Yun are actually the same person, which is really beyond their expectations.

"How could it be? Is he alone in control of two taboo forces?"

Ye Chutian was a little bit unbelievable.

One person controls the power of two taboos, never heard of it, and never seen it.

"No, according to our speculation, Mu Yun and Lu Ming are the same person. It was Lu Ming who first obtained the taboo power on the dragon clan's parent star. Later, he should have practiced some special exercises and cultivated a Mu Yun, The power of taboo has been transferred to Muyun, and now Lu Ming should have no power of taboo!"

"So, your main goal is still Muyun. It can't be captured if it can be captured. It's really impossible. That's only beheaded, the power of taboo, don't stop!"

Tianzun warned.

After the last thing, they understood a truth more deeply.

That is, all the taboo bodies are people with good luck. If such people cannot kill them at once, a series of accidents will occur.

Like Lu Ming last time, he was clearly put in a prison, and he would all escape.

There are also people like Feihuang who had similar experiences.

Therefore, this time he will promise the promise of the Son of Heaven or the Daughter of Heaven, and order everyone to kill Muyun.

Since it is not available, it can only be destroyed.

"Yes, Master Tianzun rest assured that this time whether it was Muyun or Lu Ming, there was only one way to die!"

"Yes, and those who are rebels will come and go!"

...

Nine Heavenly Sons and Heavenly Daughters are all focused on their heads, and their chances are cold.

At the moment, Lu Ming and others are waiting on the ruins of the universe and above that barren continent.

Suddenly, seven figures emerged out of the sky.

"Yuanzun Lord!"

Someone whispered.

Everyone was shocked, looking at the seven figures that suddenly appeared.

These seven figures are all the powerhouses of Yuanzun class.

Yuanzun, as the source environment, controls a certain source of the universe, coexists with the universe, and stands at the pinnacle of the universe.

It is also a realm that all practitioners yearn for.

Countless people hope in their hearts that one day they will reach their original state and coexist with the universe.

Such characters are usually rare, but now there are seven.

Lu Ming also looked at seven people.

Two of the seven people knew Lu Ming.

One of them is the flying phoenix, and the other is the third magic sword.

"Next, I'm going to the Taishang Xiancheng. About the situation of the Taishang Xiancheng, I have to tell you everything. Here I tell you to enter the Taishang Xiancheng. The people in the Tiangong Palace will definitely be ours. People are hunting, so after entering Taishang Xiancheng, it is still very dangerous!"

"But this time, all races in the universe will enter, and there are many races. As long as you don't take the initiative to expose your identity and mix up with each race, the people in the Heaven Palace will not find you!"

"However, apart from a few of you, such as the descendants of primitive gods, there are some more famous Tianjiao characters, such as Kudo Che.... Muyun, Qiuyue, Pantheon..."

"You people will definitely be focused on by the people in Tiangong, and it is difficult to hide if you want to hide them, so you still have to pay more attention to yourself!"

Among the seven source lords, it was Feihuang who spoke.

Others, their status and status seem to be inferior to Feihuang.

"Yes!"

Lu Ming and others nodded.

In addition to Lu Ming, Qiuyue, and Pantheon, the other people named by Flying Phoenix are the top genius demon on the side of the Celestial Army, even in the Heavenly Palace, they all enjoy a reputation.

"Now, give you some time to fully remember the original breath of your own life, so as not to enter the Taishang Xiancheng, and your own people do not know your own, so that you can help each other at a critical moment!"

"Proactively disseminate the breath of your life, let's start!"

Feihuang continued.

Immediately, hundreds of thousands of people who were about to enter the Taishang Fairy City on the spot voluntarily exuded the original breath of life, and then others radiated their spiritual consciousness, remembering the original breath of life on the scene.

In this case, after entering Taishang Xiancheng, they can easily distinguish which are their own and which are not.

Lu Ming also exuded spiritual knowledge, glancing up.

Reaching their level, the memory is too strong. Hundreds of thousands of different kinds of life's original breath can be recorded in only ten minutes.

After everyone remembered, Flying Phoenix waved his hand, and a black lotus appeared in the sky, which quickly grew larger.

At the same time, the other six strongmen in their origins also shot.

A gray-haired old man, his eyebrows glowing, a big tree flew out, quickly grew bigger, and became huge, and a leaf was bigger than a mountain.

The third magic sword waved its hand, and a magic sword was suspended in the air, and it quickly grew larger. The sword was like a continent.

Several other powerful people in the original realm also sacrificed treasures and turned them into huge ones.

"Come on, we will take you into the fairy city!"

Feihuang's voice sounded.

Chapter 4278: Tianzun blocking the way

"go!"

The crowd flew up one by one, and flew to the treasures sacrificed by the strongmen of the original realm.

Lu Ming, Qiuyue, Panshen and others flew to the black lotus that Feihuang sacrificed, and landed on one of the petals.

The lotus is too big, and a petal is like a continent.

Soon, the treasures of the seven native strongmen have been overrun.

"Get up!"

Feihuang took a sip, and the black lotus shuddered slightly, and disappeared directly from the place at the next moment, passed through the void, and flew in the direction of the vast universe.

The power of the source is too fast, and it is too fast to describe. What big move, teleportation, teleportation, etc. are all brothers in front of the speed of the source.

They walked through the void, and not long after, they crossed the border between the ruins of the universe and the vast universe, and came to the vast universe.

Uh! After a stream of galaxies passed by, they quickly came to the Kurong star field. At this time, they slowed down.

"Look, is that too the fairy city?"

Suddenly someone exclaimed.

In fact, no need to remind, everyone else saw it.

At a distance in front of which I don't know, there is a huge city suspended. The city exudes hazy light and has a sense of sacredness.

From a distance, you can see that the city is too huge, and some stars are very small on the edge of the city.

"The rebellious man also tried to get involved in Taishang Xiancheng, **** it!"

At this moment, there was a stimulating drink in the starry sky. The whole starry sky shook violently, and there were several stars around it, which went out directly.

Uh!

The space cracked open, and a golden spear pierced out, piercing Lu Ming and others.

The spear is huge and immense. A spear head is as huge as a star, and the length is beyond measure.

Wherever the spear passes, everything turns into nothingness and chaos.

Horror, horror!

This spear gives a terrifying feeling.

"This is... the existence of the original source!"

Lu Ming's pupils contracted sharply.

Speaking of this, Lu Ming has seen the confrontation in the original source twice.

For the first time, Feihuang urged the heart of the main **** to fight against an elderly Tianzun in the Dream Palace.

The second time, in the Tiangong Heavenly Prison, the third magic sword battled with a Tianzun in Tiangong.

Therefore, as soon as he felt this terrifying breath, he knew that it was the existence of the origin.

Because only the existence of the origin will exude this kind of terror.

Feihuang didn't move and didn't shoot.

On the one side, the third magic sword took a sip, and his body was filled with the breath of the world, a sword light rose into the sky, broke into the vast universe, and then cut out.

The sword light is vast, no smaller than the golden spear.

The two attacks collided together, making a "dang" sound, and then the golden spear retracted quickly.

There is no wave that destroys the world. Obviously, the strength of both sides has been condensed to the extreme. There is a feeling of returning to the original. There is a collision, and no power is spread.

In addition, they are somewhat restrained.

Because the existence of the original source is too horrible. If you try your best to destroy one galaxy after another, it will be a war that destroys the world, it will also be a disaster, and it will cause infinite killing.

Therefore, unless it is a fight between life and death, under normal circumstances, there will be some restraint in the existence of the original battle.

Unless it is in a special environment.

For example, the last time in the Tiangong prison, or in the ruins of the universe, or in some barren star fields.

Sigh!

The space splits and a figure appears in the starry sky.

This is a Celestial Clan, a very young Celestial Clan. It looks about thirty years old, with a magnificent hair, a burly figure, wearing a golden yellow armor, holding a golden spear, and it is shocking.

Of course, age cannot be seen on the surface, this person is the source, and naturally the age will not be so small.

However, this person's age is definitely not too big. It must be much younger than the two Tiangong Tianzun Lu Ming saw last time.

His long gun pointed at the third magic sword, and said coldly: "The third magic sword, the defeated man, this time was actually escaped by you. Fortunately, I can win you once, then I can win your second time!"

"Yeru sharp gun, if it weren't for your celestial beings to be attacked secretly in the dark, can you win me? Today I will see, what are you?"

The third magic sword spoke indifferently, and with a wave of his hand, his black magic sword flew towards Feihuang. The people above all entered Feihuang's black lotus.

The third magic sword came out step by step. Every step came out, and a magic sword appeared at the foot of it. Every step came out with a distance of hundreds of millions of miles.

"Jianxiao, kill!"

The third magic sword screamed loudly and opened its mouth, and a black river rushed out of his mouth.

This river, clearly formed by the confluence of countless magic swords, rushed towards the Yelu sharp gun.

Obviously, the third magic sword is stronger than when he first got out. Obviously in recent years, his state has returned to its peak.

"Huh, I was able to win you back then, and I still can!"

The Yelu sharp gun drank coldly, and the golden spear vibrated, turning into a splendid spear, stab at the third magic sword.

when! when!

The two confronted several moves in a row, without a win or loss.

The two retreated, and they fought together again.

Their speed is too fast, just a breathing time, they have confronted hundreds of times, and there is no victory or defeat.

"Yeru sharp gun, this is your strength. I haven't seen it in dozens of stellar years. You haven't made any progress. I was trapped by you for dozens of stellar years. Hahaha!"

During the war, the third magic sword laughed, and the laughter was full of ridicule.

"court death!"

Yelu sharp gun angered, the offensive was even more violent, want to win the third magic sword as soon as possible.

The third magic sword hurt him.

Indeed, the third magic sword was suppressed by Tiangong for many years. During the suppression, they could not be practiced.

And he has practiced dozens of stellar years more than the third magic sword, and now he can't get the third magic sword. Isn't this proof that he is not as good as the third magic sword.

He cannot accept it.

The two fought madly, torn apart to see the void, and the battle went to the dark space.

"Let's go first!"

Flying Phoenix Road.

Then with other masters, continue to rush towards Taishang Xiancheng.

"Shall we stop them?"

In Taishang Xiancheng, several Tianzun in Tiangong are discussing.

"Useless, this time the rebels came to several extremely tricky guys. Our masters were pinned down by the ruins of the universe and the dark universe. With our people, even if they shot, they couldn't stop them!"

Another Tian Zun said.

"Did they just let them enter Taishang Xiancheng?"

A respectful Tianzun snorted, very unhappy.

Chapter 4279: Enter Taishang Xiancheng

"What if we let them enter Taishang Xiancheng? We can do it according to plan. Even if they enter Taishang Xiancheng, they will only be hunted by our people. After this battle, the rebels lost their mid-range power. Not bad!"

A respectable Tianzun Road.

"Yes, except for those who entered the Taishen City this time, they will be succeeded by no one. See what they will fight with us in the future?"

Another Tianzun sipped.

Therefore, they did not stop Feihuang and others.

Flying Phoenix they smoothly entered into the range shrouded in the light of Taishang Xiancheng.

As soon as they entered this range, the power on them seemed to be sealed and difficult to exert.

Even Lu Ming's taboo power was sealed, which made Lu Ming secretly horrified.

Taishang Xiancheng deserves to be left in the last era. It is really mysterious, but it is a Guan Hui that exudes. Even his taboo power can be sealed. It can be seen how extraordinary.

"This kind of power is really not the same as the power of the practice of the current vast universe..."

Lu Ming secretly felt this radiance from Taishang Xiancheng and sighed in his heart.

Then, his eyes looked towards the huge door in front of him.

"Yes, this is the city, Xiaoqing entered through this gate..."

Lu Ming showed excitement in his eyes.

That's right, the last time he saw Xie Nianqing sucked away was this city, this gate.

At this moment, there were already dense crowds on the ladder under the gate, rushing towards the gate along the ladder.

Taishang Xiancheng opened.

The countless Tianjiao characters under the control of Tiangong, as well as the figures of the strong men, all rushed towards the gate along the stairs, and some people have rushed into the gate and disappeared.

Lu Ming's arrival attracted a lot of attention.

After a cold look, they swept to Lu Ming, full of murderous opportunities.

"The rebels really came!"

"Come on, kill enough!"

Celestials, as well as people of many other races, looked at Lu Ming on their side, their eyes gleaming with cold killing.

In their view, the lives of Lu Ming and others were all the passages and shortcuts to their straight clouds.

"That's...Mu Yun!"

Suddenly, an exclamation sounded.

"Muyun? Where?"

"Over there, I saw it!"

All of them looked at Lu Ming and fell on Lu Ming.

At least there are tens of millions of eyes, all exuding hot, longing, and greedy colors, and at the same time contains a rich killing, as if to burn Lu Ming into ashes.

"It really is Muyun, it's just the cultivation of God Emperor Realm, he is mine!"

"Muyun, no matter what, I have to kill him. As long as I kill him, I will become the Son of Heaven, and I will become a man of heaven, and I will get infinite resources. I will definitely advance by leaps and bounds, become a God Lord, and even control the origin, It's not impossible!"

"Muyun..."

Countless ways of looking at Lu Ming are like looking at a peerless treasure.

If it was not suppressed by the power of Taishang Xiancheng and unable to do anything, some people could not hold back and rushed up.

Son of heaven or daughter of heaven.

What temptation is this?

For this goal, it is totally worth the effort to fight.

"It seems that I am very popular!"

Lu Ming smiled and seemed very calm.

He was remembered, not once or twice, it doesn't matter anymore.

Looking for death, he doesn't mind sending the other party away.

"Muyun..."

At this moment, a loud sound rang out, and a figure emerged from the crowd.

This man is very handsome in a white robe, with twelve white wings behind his back.

"It's Gabbert!"

"I heard that Gabbert and Muyun have a thousand-year contract!"

Suddenly, some people were talking.

The words of these people also reached Lu Ming's ears.

"Galbert?"

Lu Ming whispered, a burst of murderousness burst into his eyes.

"Muyun, you came just right. Didn't you want to challenge me? I was waiting for your challenge in the fairy city!"

Gabbert said.

The reason why he jumped out hurriedly, mentioning the battle about that year, was that Lu Ming was taken away by others.

Of course, even if he put it forward, others would shoot without hesitation after seeing Lu Ming.

"In the fairy city of Taishang, I will kill you!"

Lu Ming's answer is very simple.

"Hehehe, really, hope you can see me alive!"

Gabbert smiled coldly, then stopped talking and turned towards the stairs under the gate.

The ladder is very huge, and the gate is huge. On the ladder, dense crowds continue to rush into the gate.

Soon, hundreds of millions of people rushed into the gate and disappeared.

"Let's go too!"

Feihuang said to Lu Ming and so on.

"go!"

Lu Ming, Qiuyue, Panshen and others jumped from the black lotus and rushed towards the ladder.

Here, there are also a few Tianzun in Tiangong, but they did not block.

Here, their cultivation practices were suppressed. Here, they couldn't do anything at all. They could only watch the landing call and they went toward the gate.

Hundreds of thousands of people rushed toward the gate one after another along the stairs.

Divine Monarch Realm, Divine Emperor Realm, Divine Emperor Realm, Divine Master Realm, all.

No matter what state it is, after entering the gate, it will automatically be divided into different levels according to the state.

Divine Emperor Realm includes those below the Divine Emperor, and will automatically enter the first floor.

Divine Emperor Realm will enter the second floor.

God's main realm is to enter the third level.

Soon, Lu Ming and Qiuyue and others set foot on the stairs and came to the gate.

"Master, you must be careful!"

Qiuyue reminded her eyes that she was worried.

Qiuyue, Wanshen and others are all in the presence of God Emperor Realm. After entering Taishang Xiancheng, they will enter the second floor.

And Lu Ming is just God Emperor Realm, after entering, it will appear on the first floor.

"Relax, they can't help me, but you, be careful, I will go to the second floor to find you soon!"

Lu Ming said.

"Master, then we will see you on the second floor!"

Qiuyue nodded.

"Lu Ming, hurry up to the second floor. Let's kill the Quartet together and kill those in the Heavenly Palace. Haha!"

Wan Shen smiled and patted Lu Ming on the shoulder.

"Go!"

Lu Mingdao, then walked side by side with Qiuyue and others, and entered the gate.

As soon as the light flashed, Lu Ming disappeared into the gate.

Lu Ming seemed to feel that he had passed a wormhole. The next moment, he found him appearing in a mountain forest.

Looking around, there are vast trees all around, some thick like mountains, and vitality is extremely strong.

Uh!

Lu Ming rose to the sky and stood in the air, but his face moved immediately.

It gives him a thick and mountain-like feeling, which is completely different from the vast universe.

With Lu Ming's cultivation practice, in the vast universe, every move can break the void, step out, and leap through the endless stars.

But here, he felt an ancient atmosphere of floods, extremely thick, and pressed on him, as if he had just entered the flood universe.

Chapter 4280: I was stared at

Yes, it's like he just entered the wilderness universe.

"Listen to Senior Phoenix to say that the environment in Taishang Xiancheng is very likely to be very similar to the Honghuang Continent of the previous era, and it is more advanced than the current Honghuang Universe. Now it seems that it is true!"

Lu Ming thoughts flashed in his heart, where his speed, destructive power, etc. had to be weakened many times.

"Try the **** soldier..."

Lu Ming began to try to control Bingxuan Cudgel and Gale Bead. After a while, he gave up.

Because they can't control it.

"Senior Phoenix has said that in Taishang Xiancheng, it inherits the cosmic rules and mysteries of the last era, which is very different from the current wilderness universe. In Taishang Xiancheng, all the signs of the gods and soldiers brought in will be It's lost, it really is!"

Lu Ming nodded, whispering in his mouth.

In Taishang Fairy City, the rules and profundity are different from the Honghuang Universe. They are completely isolated from the Honghuang Universe, and they are not connected. Therefore, there is no use for the magical sign outside.

This is not the same as the ruins of the universe.

Although the ruins of the universe were also left over from the last era, he is connected to the Honghuang Universe, and if he jumps across the border of the Honghuang Universe, he will enter the ruins of the universe.

After so many years, the rules of the universe have gradually become interlinked, so in the ruins of the universe, those magical symbols like the soldiers can be used.

In Taishang Xiancheng, these are not available, relying only on their own strength.

"Taishang Xiancheng, the environment of each floor is different, and the opportunity of each floor is also different. On the first floor, there are many treasures of heaven and earth, which can quickly enhance the strength of the Divine Monarch Realm, but I Now I don't need this, I need to go out of my way and break through to Divine Emperor Realm!

"My main goal now is to find the bodhi stump!"

Lu Ming knew very well what he was going to do next.

The other gods and emperors entered the first floor, that is, they were frantically looking for the first treasure of heaven, earth and earth to improve their cultivation behavior, but he did not need it.

His cultivation practice has reached the peak of Divine Emperor Jiuzhong, and it is no longer useful to refine those heavenly and earthly treasures. What he needs to do is to walk out of his own way and break through to Divine Emperor Realm.

And on the first floor, there is a place that can help him, and that is the bodhi stump.

On the bodhi stump, it can greatly help people understand various secret techniques.

"I don't know where I am now, take a look everywhere!"

Lu Ming randomly chose a direction and flew forward.

At the same time, a map appeared in his mind.

Sixty years before the stellar year, the flying phoenix had entered the Taishang fairy city. At the beginning, they were on the first floor.

Flying Phoenix went through many places on the first floor. She mapped the places she traversed into a map, recorded it in the jade symbol, and gave it to Lu Ming.

Lu Ming is now looking for the bodhi stump according to the map given by Flying Phoenix.

"Good life spirit!"

Lu Ming, who was flying, suddenly moved and landed.

On a cliff, a grass grows, exuding a very rich life essence.

"A treasure of heaven and earth, I put it away first, I can't use it, and I can take it out for others!"

Lu Mingsi, flew over, picked this grass, and then put it away.

Lu Ming continued to fly.

Along the way, Lu Ming saw dozens of various types of herbs, each of which exuded a rich life essence.

Lu Ming put them all away without any politeness.

In an instant, half an hour passed.

"Originally in this area, there is still a long distance from the bodhi stump!"

Lu Ming murmured.

After many comparisons, he finally figured out where he was.

Taishang Xiancheng is huge, and the three-tier world inside is vast and boundless.

He is still far away from the location of the bodhi stump here. In addition, it seriously affects the flight speed here. Lu Ming estimates that he will fly to the area where the bodhi stump is located, which will take at least half a month.

However, Taishang Xiancheng will open for a thousand years, half a month, not too long.

However, Lu Ming did not want to delay time.

In Taishang Xiancheng, the cultivation environment is so good, everyone is madly improving. If he delays for too long and wants to catch up with others later, it will be a little difficult.

He must use the shortest time to rush into the Divine Emperor Realm, and then enter the second floor.

If it is prolonged for too long, the people who now enter the second floor are improving every day, and after he enters the second floor, it will be more difficult.

Moreover, most of the time is spent on native seeds.

Therefore, even if Lu Ming found something of heaven and earth, he was too lazy to pick it, so as not to waste time, he flew in the direction of the bodhi stump.

"Huh? The people in Tiangong!"

Suddenly, Lu Ming found two figures on the side.

Obviously, it was the people in the Tiangong, because he had written down the people on the side of the Tianjun.

Two people in Tiangong, a young man, and a strong man in his thirties. The two stared at the landing and stared at Ming Ming.

When they saw Lu Ming's eyes turned to them, their faces changed and they quickly backed away, daring not to shoot.

The first floor is under the God Emperor Realm or below. Their cultivation behavior is also God Emperor Realm, and naturally dare not take action against Lu Ming.

"Good luck!"

Lu Ming smiled faintly, too lazy to pursue, and continued to fly forward.

But along the way, from time to time, he would see the people in Tiangong, among them, the Tianren race.

These people are far away from Lu Ming. When Lu Ming finds them, they will leave quickly, and no one will do it.

"Are you monitoring my movements?"

Lu Ming smiled and didn't care too much.

In the first layer of the world, the strongest cultivation is only the Divine Emperor Jiuzhong, and his cultivation behavior has long been the limit of the Divine Emperor Jiuzhong. It can be said that he stands at the peak of the first layer of the world.

God Emperor Realm, who will he be afraid of?

He is not afraid of anyone, what about being watched?

He didn't care.

He now wants to get to the bodhi stump as quickly as possible.

Soon, three days passed.

Uh, uh, uh!

Suddenly, a large number of figures appeared in front of Lu Ming.

There were at least hundreds, blocking Lu Ming's way forward.

"Are you finally here? Okay, take you on the road!"

Lu Ming whispered, revealing the murderous opportunity.

Needless to say, these hundreds of people are all in the Temple of Heaven.

Among them, there are more than 30 people of the Celestial Race, and the rest are of other races.

There are younger generations as well as strong ones.

The only thing that is the same is their breath, they are very powerful, and they are all the existence of God Emperor Jiuzhong.

Yes, the cultivation of these hundreds of people has reached the ninth level of Divine Emperor.

Obviously they also know that Lu Ming's combat power is very strong, so they are all sent out to cultivate God's ninth heavy and powerful Tianjiao characters.

"Muyun, your life is mine!"

Among the crowd, a blond young man sneered, his eyes gloomy and fiery, staring at him screaming.
