Chapter 4321: Trade furnace for dan

This is even better. After all, Lu Ming has had the most dealings with the Angels. If the Angels come, they might recognize Lu Ming.

Especially Nagabert.

In this way, none of the people at the scene recognized Lu Ming.

At the scene, in addition to the people of the top ten races, there were also some people like Lu Ming who were scattered and not many.

"This transaction is a transaction that we have formed temporarily. I believe that everyone has a lot of gains in Taishang Xiancheng during this time, but it is useful for everyone to take out the useless and useful transactions. The best of both worlds!"

"But after the transaction is over, I hope you will not spread it. After all, it will be bad for everyone if it reaches the Terran Race!"

The brave man of the metal family.

Everyone nodded and agreed.

"Okay, next, which friend is the first to come to trade?" said the strong metal family.

"I'll come first!"

Immediately, a thin and strong man in his thirties got up, came to the middle position, his palm glowed, and a battle sword emerged.

"This is a weapon obtained from Taishang Xiancheng. It is extremely sharp. I am now exchanging 10,000 Honghuang Dans. Which friend wants to trade?"

The thin and strong man said.

No one spoke, and many people showed disdain.

"You are too naive to exchange 10,000 Honghuang Pills with a weapon from Taishang Xiancheng!"

"Yes, you guys at the scene, who doesn't have weapons in the fairy city? You're actually using the weapons in the fairy city to trade Hong Huangdan, which is really ridiculous!"

"Let's take out some precious things to trade, such as Dan furnace, such as the parts of the flying boat, such as some rare metal materials..."

Around, some people sneered, full of ridicule.

The thin and strong man had a flushed face.

In the end, he didn't take out the treasures that were too precious, but put away his weapons and returned to his seat.

"Let me come!"

At this time, a young man stepped out.

This young man is personable, surrounded by water vapor all the time, and looks hazy and elegant.

"Spiritual people, it should be the spirit of water!"

Lu Ming moved.

I saw a piece of blue metal in the hands of the Ling people.

This blue piece of metal, about the size of a fist, is full of blue, as if there is a stream of water flowing, filling a special breath.

This breath is very similar to Honghuangqi.

"You, this piece of metal, was obtained in Taishang Xiancheng. I believe you also know that in the Taishang Xiancheng, the dan furnace and weapons cannot be taken out, but this basic metal material, It can be taken out!"

"This kind of material is very extraordinary. It can create some magic soldiers with special effects. Before the sixty star years, many seniors brought out some metals, and some were refined into the magic soldiers of the famous Honghuang universe!"

Introduce the Ling youth.

Many people showed their intentions.

The metal materials produced in Taishang Xiancheng are indeed extraordinary. They possess various miraculous effects. The refined soldiers are also different from those in the vast universe. They have special effects and are very valuable.

However, this metal material is extremely rare, and few people can get it in Taishang Xiancheng.

Unexpectedly, the spirit youth got a piece, which may have something to do with his physique.

"What are you going to exchange for this piece of metal?"

Someone asked.

"Exchange for 100,000 Honghuang Dan!"

Spiritual youth.

"One hundred thousand Hong Huang Dan, so many!"

"Too much, too much, one hundred thousand Hong Huang Dan, it is too much!"

Many people shook their heads.

A piece of special metal material was exchanged for 100,000 Honghuangdan, and many people shook their heads.

Lu Ming breaks through the realm, and the number of Honghuang Dan needed is many times more than others, but other people break through the realm, not so many Honghuang Dan.

Hundreds of thousands of Honghuang Pills, many people can break from Divine Emperor's fifth heavy and Divine Emperor's sixth heavy.

This price is too great.

"too expensive!"

"not worth it!"

Many people shook their heads.

After a while, no one agreed to exchange.

The spirit youth showed a little bit of disappointment, and then said again: "One hundred thousand Honghuang Pills will not work, then it can be exchanged for a three-meter-diameter furnace."

"The three-meter-diameter dan furnace costs more than 100,000 Honghuangdan. So, I will make three dan furnaces with a one-meter diameter and change your metal material!"

At this time, a strong man of the Mozu said.

"Three monasteries with a diameter of three meters are too few, no, absolutely not!"

The spirit youth shook their heads again and again.

"No more than four furnaces with a diameter of one meter, no more, no more, I will not!"

Mozu strong man said.

"Four Buddhas with a diameter of one meter!"

The Ling youth hesitated a bit and finally gritted their teeth: "Okay, I agree!"

If it weren't for him to hoard some more red furnaces, he wouldn't take it out and exchange it.

In the end, the Mozu Zhuanghan took out four red furnaces and traded the blue metal material with the Lingzu youth.

The spiritual youth got what they wanted and returned to sit down.

Next, someone stepped forward and took out the Dan Furnace and wanted to exchange Hong Huang Dan.

Actually, Danlu and Honghuangdan are almost the same, but some people are eager to break through the realm, they will exchange Danlu for Honghuangdan, after all, it takes time for Danlu to condense Honghuangdan.

This person is like that.

Redemption of Honghuangdan by Danlu is usually at a loss. Naturally someone exchanged it and quickly completed the transaction.

"Should I exchange the Danlu for some Honghuang Dan?"

Lu Ming moved.

He has a lot of red furnaces, but it takes a lot of time to convert to Honghuangdan. If it can be directly exchanged for Honghuangdan, Lu Ming can quickly raise the state.

"I have 80 burners in my hand. A burner with a diameter of 3 meters cannot be exchanged, but a one meter in diameter is fine. A burner with a diameter of 1 meter can trade 30,000 Honghuang Dans, which is not bad. !"

Lu Ming thought.

It takes more than three years for a tan furnace with a diameter of one meter to produce 30,000 Honghuang Pills.

It is totally worthwhile to use 30,000 Honghuang Dan to replace the Dan furnace, as long as Hong Huang Dan has been condensed, after more than three years, you can pay back.

It will be earned in the future.

Therefore, it is not difficult to shoot.

Immediately, Lu Ming stepped out and walked to the middle.

A pair of eyes, looking at Ming Ming.

"I use a red furnace with a diameter of one meter for Honghuangdan, and one redhearth for 30,000 Honghuangdan. Who wants to exchange it?"

Lu Ming shouted.

"I come!"

"I will change too!"

Immediately, many people spoke.

A red furnace with a diameter of three meters can return to its original capital in three years. This refers to the outer area of the star palace.

In the core area of the Star Palace, Honghuang gas is more intense, and the speed of condensing Honghuangdan is faster. It does not take three years, maybe two years, or one year, you can return to the original.

There are many people who exchange naturally.

Chapter 4322: Have no bow

Immediately, six or seven people stood up and said they wanted to trade.

"This senior, how many do you need to trade?"

Lu Ming looked at a strong man, this man is a master of the fighting sage.

Because of the fighting spirit, Lu Ming's impression of the Douhan Saint Clan is slightly better, and naturally he is more willing to trade to the Douhan Saint Clan.

"My five!"

The master of Douhan Shengzu, then took out a storage ring and gave it to Lu Ming.

Lu Ming waved his hand, caught the storage ring, and swept his mind, and found that there were 150,000 Honghuang Pills in it.

Lu Ming smiled with satisfaction.

This master of the fighting saints is cultivated in the sixth level of the Divine Emperor. Obviously, he wants to break through to the Seventh Level of the Divine Emperor. The number of Honghuang Pills required is far more than 150,000, so there will be no refining. It is estimated that I want to wait for more Honghuang Dan to be refined together.

Lu Ming moved the 150,000 Honghuang Pills into his storage ring, then took out five Dan furnaces with a diameter of one meter and put them in the storage ring, and returned the storage ring to the Douhan Saint Clan Master.

After the master knowledge of Douhan Saint Clan was swept away, they were satisfied.

Although he temporarily paid 150,000 Honghuang Pills, which was somewhat painful, but sooner or later he was about to enter the core area. However, the five extra pill furnaces would soon condense 150,000 Honghuang Pills.

This is a profitable business.

"This friend, how many do you need to trade?"

Lu Ming saw another person.

"Three respects!"

Next, Lu Ming took out 20 Dan furnaces with a diameter of one meter in a row, and traded a total of 600,000 Hong Huang Dan.

At this point, Lu Ming did not continue to take out the Danlu trade.

In total, he only has 80, traded 20, and 60, he will keep it for his own use.

On the edge, Ye Ling also showed his interest, and wanted to take out the Dan furnace to trade, but he hesitated and gave up.

His cultivation base is Divine Emperor Sixfold, but he is also a peerless genius, and the power of control is not trivial. Breaking through the first realm requires Honghuangdan, which is also a lot of horror, far exceeding one million, so even if he took out dozens of statues Danlu came out to trade and got millions of Honghuang Dan, which was not enough for him to break through.

Remaining the Dan furnace is more cost-effective to go to the core area.

Next, the transaction continues, and some people continue to take out treasures to trade, of course, not every time the transaction is successful, some success, some failure.

However, no one had taken out the spare parts of the ferry boat for exchange.

Lu Ming and Ye Ling looked at each other and decided not to wait any longer and sent out an attack.

"Everyone, I have a part of the ferry boat here, but the part of the stern, which is now used to exchange the bow of the ferry boat. Does anyone want to exchange it?"

Ye Ling stood up and said.

"Parts of a flying boat!"

"Stern part!"

Many people's eyes lit up, showing a hot glow.

"I need the stern part, but I don't have the bow part in my hand. Can you exchange it for the hull part?"

A master of blood.

"We have the hull, we don't need it, the sails are fine!"

Ye Lingdao.

"Ship, I don't have one!"

The masters of the blood clan showed disappointment.

"I have surplus sails, but I also have the stern part. Do you have a deck part? You can exchange it with me!"

At this time, a strong man of the Ling clan got up and spoke.

"Deck part, I have!"

Ye Ling's eyes lit up.

They have five kinds of spare parts, the deck part is one of them.

"Okay, let's exchange!"

The strong men of the Ling clan also smiled. The two took out the parts and exchanged them. They were very satisfied.

Lu Ming and Ye Ling also showed satisfactory smiles.

In this way, they have already collected eight kinds of parts, and they are one of the bows. As long as they find the bow, they can form a complete ferry boat, cross the sea and travel to the core area.

"Everyone, who has the bow position, I can use other parts to trade!"

Ye Ling continued.

However, no one spoke.

No one responded.

After a while, someone said: "I am also missing the bow part of me, if someone has more, I can buy it with Honghuang Dan!"

"You also lack the bow, and I have no bow position on me!"

"I do not have either!"

Many people shook their heads.

This made Lu Ming, Ye Ling, and other people at the scene all look so dull.

Why are so many people missing the bow position?

"I want to know, who has the bow position among the people present?"

Ye Ling asked.

"I do not have!"

"I do not have either!"

Almost everyone shook their heads.

This made everyone's face look a little ugly.

what happened?

Does anyone have a bow position?

"Something is not right. It stands to reason that there are so many people on the scene, there are more than one fairy house to be explored, and you can definitely get the position of the bow. Now, there is no one?"

Someone spoke.

"Everyone, if someone gets the bow position, you may wish to take it out and exchange it. The extra position is useless!"

Humane again.

No one spoke.

"It is not necessarily useless to keep it, and monopolize the bow position, then others will not be able to go to the core area, so the competitiveness will be reduced a lot!"

Someone said coldly.

This made many people look at their faces, as did Lu Ming and Ye Ling.

indeed so!

If someone controls a large number of bow positions and doesn't use it for trading, then others can't make it through the ferry boat and can't go to the core area.

As a result, in the core area, competition will be reduced a lot.

It is also possible for some geniuses to obtain enough Honghuangdan to break through the realm and reduce the pressure for competing for 'native seeds' later.

Many people think of this.

"Who have a lot of bow positions in your hands? Say it. It's not easy to be a human being if it is found behind." Someone said coldly and quietly, the threat was obvious.

The meaning is obvious, if someone hides a large number of bows and does not take out the transaction, they will be found later and will be targeted by everyone, even besieged by everyone.

However, no one spoke.

"I reckon that no one at the scene has the position of the bow in his hand!"

At this time, Lu Ming spoke, attracting the attention of others.

"No one at the scene has a bow, so you are talking about who is there? Someone must be in control of the position of the bow. According to the records, every part in Xianfu can be made up. So many of us can't make up. !"

Someone asked rhetorically.

"What do you think, who or what kind of power has the energy to sweep across many fairy palaces and get a lot of bow positions?"

Lu Ming asked back.

"This..."

Almost everyone's eyes are condensed.

They also thought of a force, or a race.

Celestial race!

Chapter 4323: Calculate Celestial Clan

Celestial race!

Everyone thought of a name, that is the Celestial Clan!

Only the Celestial People can have this energy.

Most people's faces are difficult to look at.

If it is really a Celestial Clan, then it's trouble.

Heaven humans control the position of the bow, do not hand it over, let others enter the core area, reduce competition, what can they do?

Do they dare to find the trouble of the Celestial Clan? Dare to go to the Celestial Clan?

Who dares to offend the human race?

"Everyone, you must have thought of it. The one who controls the position of the bow is most likely a Celestial Clan!"

Lu Ming said again.

"How do you know? Do you dare to go to the trouble of the Celestial Clan?"

Someone asked back, his face sad.

"Why not dare?"

Lu Ming spoke coldly.

Everyone felt a big shock in their hearts and watched Landing with some shock.

Lu Ming is so brave that he dare to find trouble with the Celestial Clan. Are he afraid of dying?

"Most of the people present are from the top ten races. If not, they are also other strong races, so courageous?"

Lu Ming sneered, showing contempt.

Everyone's face was even uglier, but Jiren Jiwei was too deep.

"You enter Taishang Xiancheng to gain opportunities, gain stronger cultivation, surpass others, and step into a higher level in the future, but if you are blocked from the core area, the progress will be very limited, as many as dozens After years of fighting for the original seeds, you don't even have to think about it!"

"Abandoning to enter the core area means that you have given up the opportunity of Taishang Xiancheng this time. Are you willing?"

Lu Ming asked again.

Many people's eyes flickered, showing unwillingness.

The crowd at the scene, especially some young people, and even the peerless arrogance on the universe's arrogance list are all people with a higher heart than the sky, so that they just gave up the chance of Taishang Xiancheng, and since then, the gap with other people has increased. The bigger, will they be reconciled?

However, the other party is a Celestial Clan!

"You mean, all of us joined forces to find the Celestial Clan for the bow position? But now it is still speculation, and it is not certain that the Celestial Clan controls the bow position. Maybe it is someone else?"

"If it is not the Celestial Clan, we rush to find it, and offend the Celestial Clan, it is not worth it!"

Some people are more cautious.

Everyone else nodded.

"It's simple, just give it a try and you know who controls the bow!"

Lu Ming said.

"How to try?"

Many asked in unison.

"It's very simple. The purpose of the person in charge of the bow is to not allow others to form a ferry boat and enter the core area to reduce competition, but at this time, if someone stands up and says that they have a lot of bow positions, they are willing to exchange them. Other treasures, you said, what will happen to the person who really controls the bow?"

Lu Ming said.

"Surely angry and angry!"

By Lu Ming, many people immediately thought of it.

"It's good, it will be annoyed, even killing people and killing the mouth, snatching the position of the bow, and continue to monopolize the bow position!"

"Only if someone releases the news and trades in a certain place, the person who really controls the bow will surely pass by, and will definitely appear. By then, it is clear whether it is a monopoly of the Celestial Clan, naturally it will be clear!"

Lu Ming said.

"Yes, this plan, indeed!"

Many people nodded.

"The plan is okay, who will release the news, and the person who releases the news will definitely be targeted by the Celestial Clan!"

Someone spoke, and the scene was quiet again.

The person who releases the news is equivalent to bait, and it will be targeted, which is very dangerous.

No one wants to be this bait.

"Release the news, let the two of us do it. Let's choose a location and release the news. Then you pretend to deal with us and lead the people who really control the bow. How?"

Lu Ming said.

"Your plan is okay, but if the other party is really a human race, what should we do?"

Someone asked again.

"What should I do? Do you still have to ask me? The people who practice us are originally going against the sky, fearless and fearless. If they are afraid to retreat, how can they embark on the road of supremacy in the future, and how can they go all the way to the top? ?"

"Moreover, we still have so many people joining forces. If the other party is really a Celestial Clan, we can join forces to force the other party to hand over the bow position!"

Lu Ming said.

"Persecution of the Celestial Clan!"

Some people look pale.

The Jiwei of the Celestials is too deep, and many people fear in their hearts.

However, there are also some people who are beginning to see cold light in their eyes, especially those young people, especially the peerless Tianjiao on the universe's Tianjiao list.

They were originally proud and arrogant, and naturally more courageous.

And as Lu Ming said, if you back down and lose the chance this time, the gap with other people is getting bigger and bigger, then the achievements in this life will be very limited.

Doomed not to have big achievements.

Will they be reconciled to their arrogance?

"If you are afraid that the human race will be investigated later, then you can simply get rid of them, so, no one knows?"

Lu Ming said coldly and quietly.

Sisisi...

Some timid, took a breath, and looked at the landing terror with some horror.

How dare you actually want to get rid of the Celestial Clan and kill people.

This person's courage is almost flattering.

"I think it works!"

At this time, a young man of the Devil opened his mouth.

This man has a dark hair shawl, cold eyes, and possesses a kind of magic.

Lu Ming recognized that this person is an extremely powerful person, but a peerless arrogance in the universe's arrogance list, ranking more than seventy, which is a lot stronger than Gabbert.

"I also think it works!"

Another young man also spoke, and he is also a Tianjiao of the universe Tianjiao list.

Tianjiao's opening of two consecutive Tianjiao lists, others became emboldened.

"Just do it, do it!"

"The opportunity in front of you must not be missed, do it!"

Next, some people expressed their opinions continuously.

However, not everyone has this courage.

Some people looked pale and silent.

"I know what you think. Some people want to sit back and enjoy their success. There are more than one person who can take the ferry boat. Some people want to wait for us to collect the parts. Are you taking the ride? Oh, it's a good abacus!"

Lu Ming sneered.

Many people looked white and glared at Lu Ming.

Their mind was seen through by Lu Ming.

Indeed, some people hold this plan and do not participate in this matter, let Lu Ming go to make trouble, if they succeed, they can take a ride, they can not blame the human race, and can enter the core area, the best of both worlds.

Unfortunately, Lu Ming saw through.

"It's naive to think about it, people who are not involved are not allowed to board!"

The Demon Clan's Tianjiao coldly said on the universe's Tianjiao list, the demon in his eyes was more intense, and he wanted to be arrogant and arrogant, as if he would violently start at any time.

Chapter 4324: Recognized by the angel

"Yes, since you dare not participate, then stay in this peripheral area!"

Another young man, Tianjiao, said coldly.

"I add that no matter whether you are participating or not, you must swear on the source of life. This matter must not be leaked. If someone obeys the yin and yin, they promised, but secretly leaked the news to the Celestial Clan. We are in trouble. !"

Lu Ming said again.

"Not bad!"

"All swear by the origin of life!"

The Mozu youth and others nodded their heads and glanced at the audience.

"I promise to join!"

"I join too!"

Afterwards, someone nodded constantly, intending to join Lu Ming to fight them.

If you can really get rid of the Celestial Clan, kill people and kill your mouth, you may not be able to do it.

Taishang Xiancheng, the environment is special, that is, the people who killed the Celestial Clan, the top strong in the Celestial Palace, can not be calculated.

In the end, more than 70% of the people agreed to join.

The remaining 30%, and finally did not have the guts, shook his head and gave up.

Of course, Lu Ming and others forced them to take the source of life and made an oath to ensure that the news will not be leaked.

When everyone swears, they begin to discuss specific details and determine the location.

"Everyone, let's continue the transaction, otherwise, even if I get the bow position, I still lack other positions, that is useless!"

"Good, let's talk about the other positions, let alone the missing bow position!"

Someone spoke continuously.

Not everyone is the same as Lu Ming, only missing the bow position, and some people lack several, then it is useless to get the bow.

Lu Ming and Ye Ling will naturally not object.

They still have four spare parts in their hands, and they want to get it.

Next, the transaction continues.

"Everyone, there are still four parts in my hand, namely the keel and the stern..."

Ye Ling got up and continued.

"This time, I will not exchange other parts, only Honghuangdan. For each part, 300,000 Honghuangdan, I will exchange it if needed!"

Ye Lingdao.

They are now close to the bow, naturally no other parts are needed, and they plan to exchange them all for Hong Huangdan.

One part, for 300,000 Honghuang Dan, is not too expensive.

This point can be seen from the difficulty of obtaining the parts of the crossing boat in Lu Xianfu before.

Ordinary people simply can't get the parts for crossing the flying boat. If it weren't for Ye Ling's strength and the cooperation between the two, it would not be easy to obtain.

One can imagine that this price is not expensive.

"I want a stern!"

Immediately, someone spoke, from the top ten races of nine plant royal families.

It was not one person who took out 300,000 Honghuang Pills, but many masters from the nine royal families of plants.

After all, a ferry can take many people.

Ye Ling Yixi, soon completed the transaction.

Next, there were other people to trade, and Hong Huangdan was not enough, so a few people joined together.

In this way, Lu Ming and Ye Ling's four spare parts were all traded out, and 1.2 million Hong Huang Dan were obtained.

The two are divided equally, each one has 600,000.

"Six hundred thousand pieces, plus the six hundred thousand pieces sold before, are enough for me to break through the five realms of Divine Emperor!"

Lu Ming thought, his face could not help but smile.

His current combat power is still a bit lower. If he can break through the Divine Emperor's fivefold, his combat power will skyrocket, and his confidence will be even greater.

Next, other people also started trading to exchange for what they needed.

Two hours later, the transaction was completely closed.

Most people have their own needs.

Unfortunately, in the end, no one can make up a complete ferry boat, all missing the position of the bow.

Everything depends on three days.

After the transaction, the crowd walked outside.

However, when the crowd came outside, they stopped.

Many people sink in their hearts and look a little ugly.

Because, outside is blocked.

A group of people, standing in front of them, are angels.

There are more than a dozen people.

"You finally came out. The top ten races, in addition to the Yaxian race, and my angel race, the other eight races have arrived. I really want to know, what are you doing in there?"

A young man from the angelic family said coldly.

"What are we doing? Don't tell you angel family!"

A strong man from Mozu snorted.

The Demon Race and the Angel Race are originally dead rivals, and friction has occurred for a long time. If it was not pressed by the Tiangong, the two major races would have already fought.

"Do you think we don't know if we don't say it? Are you trading, excluding the Celestial Clan, and trading privately, huh, if known by the Celestial Clan, don't know what they think?"

The angelic youth sneered, their eyes cold.

The people of the other eight races looked a little ugly.

If they are privately organizing transactions, they are known to the Celestial People, and they may affect their plans.

"I guessed it, hehe, this matter, I will definitely tell the Celestial..."

The sneer on the faces of angelic youths was even stronger.

"Ah, you...you are..."

At this moment, a strong angelic man pointed at landing, his eyes widened, showing shock.

"Identified!"

The cold light flashed in Lu Ming's eyes.

This angelic man, who had seen Lu Ming once, saw Lu Ming at this time, sensed Lu Ming's life origin, and immediately recognized Lu Ming.

Only, he was too shocked.

Here are all the strong men of the top ten races. Everyone here wants to kill Lu Ming. Lu Ming is actually mixed with these people, and he is really bold.

Therefore, he was shocked and did not shout Lu Ming's name for a while.

Lu Ming will no longer give him a chance.

"Ye Ling, go ahead and kill the angelic hero..."

Lu Ming sent a message to Ye Ling. At the same time, Lu Ming rushed out and yelled: "Take a shot together, get rid of them, and you can't let them pass the news to the Celestial Clan!"

The voice had not fallen yet, Lu Ming had rushed to the angelic youth.

call out!

A bright spear burst out and pierced the angelic youth.

Lu Ming directly exhibited the ground breaking ceremony.

"you..."

There was deep fear in the eyes of this angelic youth. He never expected that Lu Ming would suddenly shoot.

It was too late for him to resist.

puff!

His eyebrows were directly pierced by the gun, his soul annihilated, and fell on the spot.

Ye Ling also shot.

Ye Ling's response was very fast, and he was extremely clever. He heard Lu Ming's transmission, and then he saw the expression of the angelic strong man. He also understood that the other party recognized Lu Ming.

Therefore, the other party must not be kept alive.

Almost at the moment Lu Ming rushed out, Ye Ling also shot, he was like a streamer, rushing to the angelic strong man who recognized Lu Ming, and a sword light, like a fairy outside the heavens, stab the angelic strong Chinese.

Chapter 4325: Divine Emperor Five

Ye Ling also used a killing trick, and the sword light was extremely sharp. The angelic strong man screamed loudly, and the Holy Light broke out, and a dense angel sword light appeared on his body, wanting to resist.

This strong man's cultivation practice also has Divine Emperor's Sixfold, and its powerful combat power is extremely difficult to deal with.

Therefore, Lu Ming didn't kill the angelic strong man just now, but gave it to Ye Ling.

If he is not sure, he will kill this strong man. If he can't kill this person for the first time and let this person call his name, then he will be in trouble.

He knew that Ye Ling was very smart, and he definitely understood what he meant.

Sure enough, Ye Ling also shot the first time.

The strength of this strong angelic man, although powerful, unfortunately met Ye Ling.

Ye Ling's cultivation base is at the same level as him, but the fighting power is much stronger than him.

With a puff, Ye Ling's sword light directly broke through the angel sword light of the angelic strong man, and accurately penetrated into the opponent's eyebrows. The terrible sword intention shattered the opponent's soul into pieces.

One move, kill!

Lu Ming and Ye Ling shot, to kill their opponents, almost completed in an instant, it was too fast.

When Lu Ming and Ye Ling killed their opponents, other talents reacted.

"This..."

People of other races were a little shocked. Unexpectedly, Lu Ming and Ye Ling were so decisive and so cruel.

The other party is an angel clan of the top ten races, and has a deep relationship with the Celestial Clan. Most people face the angel clan, they must hesitate and give face, don't dare to rush.

Lu Ming and Ye Ling directly shot each other and killed each other without any delay, which was too decisive.

"You... this is death!"

Other angels also reacted, yelling wildly and madly.

"You don't want to shoot anymore, let them run, and inform the Angels, we are all done, you, don't want chance, don't want to go to the core area?"

Lu Ming shouted.

"Shoot!"

The Peerless Peer of the Devil's Cosmic Destiny List is the most decisive. His body was shrouded in demon qi and rushed directly to the Angel family. The magic knife was extremely sharp and slashed towards the angel family.

Other demon masters also followed him and killed them.

"Shooting, there is no way out!"

"kill!"

Other races, but everyone who promised to join forces with Lu Ming also killed Angels at this moment.

For the angels, they don't have the fear of the heavens.

"Ah, what are you doing?"

"Damn, retreat, rewind!"

The roar of the angel family, the heart has been sinking, showing the color of fear.

They did not expect that people of other races would also kill them.

However, now, there is nowhere else to go. The masters on the scene, how many, have surrounded them, and all kinds of terrible attacks have drowned towards the angels.

More than a dozen angels couldn't resist it, and issued a screaming scream, and fell to the spot.

After a round of attacks, all the angels were killed.

"Clean up the body, let's leave quickly!"

Lu Ming said, waving his hand, put away an angel clan corpse, and then flashed away.

People of other races are similar, take away all the bodies of the Angels, and smooth out the traces of the previous shot, and then spread out in all directions and disappear in various buildings.

The move to kill the Angels just now was very violent. It is estimated that the people of the Heavens have been disturbed, so they must leave as soon as possible.

Sure enough, shortly after they left, Lu Ming flashed here, and several figures appeared.

It is just a few human races.

A few Celestials have eyes like electricity, glancing around.

"The atmosphere here is very chaotic. It seems to come from many races. It seems that there has been a scuffle here just now!"

One of the Celestials spoke.

"Oh, it's estimated to be the drama of murder and treasure. During this time, it often happens. Fortunately, let these despicable races kill each other, our family can also have less competition!"

"Yes, originally, these despicable races are not eligible to enter Taishang Xiancheng. If they are not required to deal with those rebels, hum!"

A few Celestials snorted, did not think much, and then left here one after another.

...

Lu Ming and Ye Ling returned to the place where they had previously lived and divided the harvest this time.

"I need to practice some, call me in three days!"

Lu Ming said.

"Go, you get so many Honghuang Dan this time, you should be able to break through and repair it!"

Ye Lingdao, revealing the color of expectation.

He also hopes that Lu Ming can break through, so that the combat power will increase greatly and become his helper.

The reason why he cooperated with Lu Ming was because of Lu Ming's potential.

He knows that the taboo body has endless potential.

Even if others have Hong Huangdan, it is impossible to make breakthroughs within three days, but the taboo body can!

"should be no problem!"

Lu Ming nodded, then walked to a room inside, sat cross-legged, and waved, that is, 100,000 Honghuang Dan flew out. Lu Ming took a deep breath and sucked 100,000 Honghuang Dan into his mouth.

Hundreds of thousands of Honghuang Pills, once they entered Lu Ming's mouth, turned into rolling energy and spread into sixty trillion cells throughout the body.

This is equivalent to 60 trillion cells, all refining at the same time, how amazing the speed, and soon, the power of these hungry pill, turned into taboo power.

Lu Ming's forbidden power has improved.

carry on!

After 100,000 Honghuang Pills were refined, Lu Ming took out another 100,000 Honghuang Pills and began to refine them.

One hundred thousand and one hundred thousand.

Less than two days later, 1.2 million Honghuang Pills were completely refined by Lu Ming. Lu Ming's body was filled with violent energy.

"Break me!"

Lu Ming sipped, mobilized the power of taboo, and launched an impact on Divine Emperor Wuzhong.

The five-fold bottleneck of Divine Emperor couldn't stop Lu Ming in the slightest, with a loud bang, Lu Ming entered a new realm.

Divine Emperor's five-fold, breakthrough success.

Lu Ming's combat power has skyrocketed again.

"So fast, it really broke!"

Outside the room, Ye Ling's eyes showed a deep shock.

Although he has long known that Lu Ming's talent is strong, the taboo body is even more terrifying, but it is still beyond his expectations.

Two days, just two days, Lu Ming broke through, the level of terror exceeded his imagination.

"Is this a taboo body? It's unfathomable. Those of Feiye really have no vision. Such a person can only be good and not offended. As long as he is not dead, he can get supreme if he is good with him. Opportunity!"

Taking a few deep breaths, Ye Ling slowly calmed down.

Some thoughts in my heart have become more firm.

Lu Ming did not immediately end his cultivation, but continued to cultivate and consolidate the realm. After half a day, he stopped practicing and cultivated to the realm, which was basically stable.

Chapter 4326: Really a human race

In less than three days, Lu Ming's cultivation practice has been completely stabilized in the fivefold of Divine Emperor, and its combat power has skyrocketed, which has greatly improved Samsung than before.

In addition, Lu Ming was originally slightly stronger than the twelve stars. If the opponent he is facing is sporadic, even the Divine Emperor Nine Heavy, he can fight it.

In Lu Ming's closed-door practice for a few days, a message quickly spread out.

Someone took control of the position of the bow of the ferry boat, and wanted to exchange other treasures with others. The agreed location was on a peak more than 300,000 miles away from the place of departure.

This news came from other races that promised to join forces with Lu Ming.

This is Lu Ming's previously discussed strategy, and the news will be sent out first. The person who really controls the bow will know that the news will be furious and will not allow such things to happen. When the time comes, they will definitely kill what they agreed. Place to go.

"It's almost time, let's go!"

Lu Ming walked out of the door and faced Ye Lingdao.

The two nodded and left the place of departure together, heading south.

Three hundred thousand miles, arrived soon.

Here, there is a big mountain, tall and majestic, Lu Ming and Ye Ling landed on the top of the mountain, selected a bluestone, sat cross-legged, and waited quietly.

As 'fishing bait', they naturally arrive a little earlier.

Soon after, people of other races also set off, rushing towards the mountain and falling on top of the mountain.

The demon race, the fighting holy race, the nine plant royal families, etc., all agreed to last time, all together.

"I heard that you have a bow position? How to trade?"

Tianjiao, the Devil of the universe, asked aloud.

Acting, of course, to perform a full set, after all, the goal has not yet appeared.

"Yes, I was lucky to get a few bow positions to exchange for Dan Furnace or Hong Huang Dan, a bow part for a three-meter diameter Dan Furnace, or one million Hong Huang Dan, who would come?"

Lu Ming shouted deliberately, his voice spread far away.

"I want to trade. I use a three-meter-diameter furnace to trade with you!"

The demon Tianjiao deliberately gritted his teeth, and then took out a three-meter-diameter red furnace.

"Slow down!"

At this moment, an indifferent voice sounded, and the voice was filled with the meaning of being above and cold and proud.

Then, in the distant sky, a figure flew over.

There are more than a dozen figures, each with a strong breath.

Make everyone on the mountain feel a strong pressure.

Celestial race!

Lu Ming's eyes narrowed, looking at the sky, deep in his eyes, a flash of murderous opportunity flashed through.

Sure enough, it was a Celestial Clan, and he guessed right.

For people of other races, the heart could not help but be cruel, and there was a panic in the eyes.

After all, the Celestial Clan Jiwei is too deep. Everyone sees the Celestial Clan, and some people are in a panic involuntarily.

"Really Celestial Clan!"

"Unfortunately, I had hoped it was someone else!"

Many people sighed.

They had hoped that the person in charge of the bow was not a Celestial Clan, but someone else. Then they would not be afraid, and they could take a strong shot.

The result they are most willing to see is the Celestial Clan, but unfortunately it is contrary to their wishes.

Now, it can only be on the scalp.

A dozen Celestials are extremely fast, and a few flashes appear above the mountain peaks. They stand in the air and look down at Lu Ming and others.

There are several young Celestial beings, and others are in their prime.

In particular, there are a few days of the human race, and the breath exhaled makes people tremble.

One of the youths of the Tianren race stepped out, with a sharp, arrogant look, looking at Lu Ming and Ye Ling.

"Do you have a bow position?"

Heavenly human youth asked coldly.

"How about it? How about it?"

Lu Ming responded faintly.

Lu Ming's tone made the eyes of the youth of the Celestial Clan shimmer coldly, and this person dare to talk to him in such an attitude?

"Yes, just hand over all the bow positions on your body and give it to me. If not, I will kill you!"

The youth of the Celestial Clan has a strong and domineering tone, as if in doubt.

"A deal for you? No, there must always be a first-come-first-served basis. They will arrive first. I naturally want to trade the position of the bow to them. You can only be behind!"

Lu Ming said.

"Right behind? Ha ha, it seems that you haven't understood what I mean. I'm not negotiating with you or trading with you. I'm ordering you to give me the position of the bow!"

Heaven and human youth said that the voice was getting colder and colder, and the killing in his eyes had not been concealed. The threat was obvious.

However, Lu Ming didn't care about his threat at all.

"That will not work, you ask the people present, agree or disagree?"

Lu Ming looked at the races of the Demon Race and the Battle Clan.

"You guys, disagree?"

The eyes of the Celestial Youth looked at the races of the Demon Race and the Fighting Saint Race.

These races panicked slightly.

But thinking of the opportunity in the core area, I can only stick on my scalp.

"Sorrows of the Celestial Clan, I'm sorry. We really lack the position of the bow. Without the position of the bow, we can't enter the core area. Therefore, the position of the bow, we are determined to get it!"

The Tianjiao, the Devil of the Universe Tianjiao list, spoke first.

When someone comes forward, others become more courageous and start to say, "Me too!"

"We also lack the bow position!"

"Bold!"

The Celestial Youth exasperated and shouted, "You are so brave, are you going to be against the Celestial Race?"

"We don't mean to fight against the Celestial Clan. We just want to get the bow position. If the Celestial Clan adults also lack the bow, we can give one to you!"

Demon Race proudly said.

"I don't need one, I want all, all the bow positions, do you understand?"

Tianren youth shouted.

The scene was quiet, and everyone looked at the youth of the Celestial Clan with strange eyes.

Things are already obvious.

The Celestials don't want one, but all. This makes it clear that they want to monopolize the bow position so that no one else can go to the core area.

Before, they had been tempting, but now there is no need to tentatively, it is already obvious.

"It seems that the position of the bow is really monopolized by your Celestial Clan. Should it be on some of you, on you?"

Lu Ming got up and looked at the Celestial Youth.

"You're so much nonsense, I'll say it again, hand over the bow position on your body, otherwise, I will make you die ugly!"

Heaven and human youths have screamed and have lost their patience.

"No, no, no, this sentence should be what I said to you, now, hand over the bow position on your body, otherwise, I will make you die ugly..."

Lu Ming said lightly.

Chapter 4327: It's all backwaters

"What? You..."

The Celestial Youth was a little dazed for a while.

To be honest, Lu Ming actually wanted to rob him of the bow position.

Boldly sponsored, this despicable ant is simply blessed.

However, the Celestial Youth, who are not stupid, soon reacted, staring at the landing and shouting: "It turns out that you don't have a bow position on your body, blackmailing me deliberately..."

"Guess that, it is your Celestial Clan who really monopolizes the bow position. You want to let others not reach the core area and reduce competition. Ha ha, it's so mean!"

Lu Ming sneered.

The youths of the Celestial Clan, as well as other Celestial Clan, all felt cold.

"Even if you guessed it, what can you do? Dare blackmail us, today, you will die miserably!"

The young man of the Celestial Clan opened his mouth coldly, and a powerful breath burst out, so he had to start.

"You Celestial Clan are these people, think they are our opponents?"

Lu Ming sneered.

Around them, the Demon Race, the Fighting Saint Race, the Buddha Race, the nine major plant races, etc., are filled with a strong breath, and they look at the people of the Celestial Race with a disgusting look.

This made the people of the Celestial Race feel great pressure, and the body that had to be hands on could not help stiffening.

"Bold, what do you want to do?"

The celestial youth roared, with cold eyes, glancing at the various races.

"What you want to do is simple, let you hand over the bow position, so that everyone can enter the core area!"

Lu Ming said loudly that he promised to all the ethnic groups, so that all ethnic groups had no way out.

"Yes, it's a fairyland, fair competition. The adults of the Celestials monopolized the position of the bow. It's too much. It's better to take it out and trade it. It's not the best of both worlds!"

A strong man of the blood clan suggested that he still feared the authority of the Celestial Clan and wanted a solution that would not offend the Celestial Clan much.

"Hahahaha!"

At this time, the young man of Heaven and Man laughed wildly as if he had encountered something ridiculous. After a while, he stopped. Sen Leng said: "I tell you, there are indeed many bow positions on me, but I just don't take it. What can you do when you come out to trade?"

The eyes of the Tianren youths glanced at everyone, full of pride and confidence.

He did not believe that these people dared to deal with them.

The top ten races, in addition to the Yaxian tribe, other races are in the wilderness universe, it is indeed high above, and the existence of countless races is the pinnacle of the universe.

But in front of the Celestial Clan, it was a dog.

These people, dare to shoot them?

He didn't believe it.

Unfortunately, this time, he was disappointed.

"Masters of the Celestial Clan, we only ask for a bow position, if not, it can only offend!"

"excuse me!"

Sounds rang out, masters of all races flashed in shape, encircling dozens of human races in the middle.

"Bold, you, do you dare? You are rebellion, do you want to be annihilated?"

The celestial youth roared.

"Don't you dare? As long as you are killed, who knows that we did it?"

"Also, this trip to the Fairy City is fair competition. Everything is based on strength. I don't believe that because of this, the Tiangong will destroy all the tribes and destroy all the tribes. Who will help you deal with the rebellion? , To deal with demons?"

Lu Ming shouted to stabilize the military.

Sure enough, the strong eyes of all ethnic groups became more determined.

"You, you...this is death!"

The Celestial Youth raged into the sky, and shouted hysterically.

He really did not expect that these people who are usually despicable in his eyes would dare to shoot them.

However, despite his anger, his face was dignified.

Not only him, but also other Celestials.

There were many people on the scene, many masters, and the number of people far exceeded them. Once they started, they did not know how to rush out, and they might be left here and the whole army would be wiped out.

How to do?

Do you really want to succumb to these ants?

Unwilling, extremely unwilling.

At this moment, a strong man from the Celestial Clan came to the young man and whispered something in his ear.

I saw unwillingness in the eyes of the Celestial Youth, and his face changed indefinitely. After a while, he gritted his teeth and made a decision.

"Okay, I agree, use the bow position to trade with you, but the two of them are not qualified!"

The young man of the Celestial Clan opened his mouth, and his last fingers were Lu Ming and Ye Ling. The killing in his eyes was extremely strong.

He wanted to differentiate Lu Ming and Ye Ling.

They have seen that this time it was entirely Lu Ming and Ye Ling.

They want to differentiate the various races and then deal with Lu Ming and Ye Ling.

"Don't make a fortune, don't kill them, they will definitely settle the bill afterwards. Only by killing them, will you be able to do it once and for all, without future trouble!"

Lu Ming shouted.

"You have to think about it, if you really do it, can you leave all of us, as long as we run away, do you know the consequences?"

"As long as you trade with us now and then leave on your own, I can put my words here and I will never pursue them!"

Heaven and humanity youth.

He hated Lu Ming and Ye Ling, and preferred not to pursue others, but also to pay a heavy price for Lu Ming and Ye Ling.

As soon as this remark came out, the eyes of the people of all races flashed suddenly, and they retreated.

"How to deal with a bow position?"

Someone asked.

Obviously, it has flinched.

After all, Jiren is too deep, and their hearts are still full of fear. If they can't do it, they will never do it.

Now, as long as you pay some price, you can get the bow position and you can enter the core area, so why do you want to do it?

Lu Ming and Ye Ling glanced at each other, and both saw helplessness from each other's eyes.

Obviously, all the ethnic groups have already retired, and even if they say more, it is useless, and they act in a hurry.

"Like what you said before, a bow position can be exchanged for a three-meter-diameter red furnace, or a million Honghuang Pill!"

The Tianren tribe said with a wave, a part of the bow position appeared in his hand.

Many people's eyes light up.

"We are willing to produce a three-meter-diameter red furnace for a stern position!"

Demon Tianjiao spoke first, took out a three-meter-diameter red furnace, and pushed it toward the young man of the Tianren tribe.

A bit of unwillingness flashed in the eyes of the Celestial Youth, and finally he gritted his teeth slightly and threw the bow position to the Demon Celestial Pride.

Both parties completed the transaction.

"go!"

After completing the transaction, the demon people did not stay at all and left here one after another.

"I will also exchange it!"

"I will come too!"

Then, people of other races took out the three-meter-diameter red furnace and exchanged with the Celestial Clan.

Soon, all races got the bow position and left here.

On this mountain, only Lu Ming and Ye Ling were left.

There are more than a dozen Celestials.

Chapter 4328: The Pride of Eight Stars

The youth of the Celestial Race turned their eyes to Lu Ming and Ye Ling, and their eyes shone with cold light.

The two humble ants dare to count them, let their plan fail, and let the bow flow out.

Hateful, \*\*\*\* it!

"Humble and miscellaneous, this time, how do you die?"

Heavenly human youths drank coldly and stepped forward, a strong breath filled their bodies.

Divine Emperor Sixfold!

There is a strong breath in the youth of the Celestial Clan, and they must make a strong shot to kill Lu Ming and Ye Ling.

Obviously, he is very confident, even if Ye Ling's cultivation base is also the sixfold of Divine Emperor, he is also very confident.

He is the top arrogant of the Celestial Clan and has a strong combat power. Even among the Celestial Clan, there are not many who surpass him.

The other Celestials obviously also have confidence in this young man. They surrounded them, surrounded Lu Ming and Ye Ling, and looked to prevent them from escaping.

"I will abolish you first, so that you can't survive, not death!"

The Tianren youth screamed terribly. His fingers were continuously pointed out. Several fingers flew out of the air and shot at several joints of Lu Ming and Ye Ling.

He didn't want to kill Lu Ming and Ye Ling all at once. This was not enough to relieve hatred. He had to step by step, first abolish them, and slowly torture them to let them know what the majesty of the Celestial Clan.

The majesty of the Celestial People is sacred and inviolable.

Several fingers, flew out of the air, and made a terrible howling, the speed was extremely alarming.

Keng!

Ye Ling made the sound of Jianming and wanted to shoot.

"This time, I will come!"

Lu Ming opened his mouth. He didn't make a breakthrough soon, and his combat power soared. He was about to try his own strength.

As soon as Lu Ming spoke, Ye Ling's breath quickly lurked.

bump!

Lu Ming stepped out in one step, shaking in the void, and at the same time flexing his fingers, several guns burst out and flew toward the other's fingers.

"Divine Divine Emperor is five-fold, it's really not overwhelming!"

Tianren people sneered, showing contempt.

At the next moment, Zhijin and Gunman collided together and made a few slight collision sounds. Then, the finger strength of the Tianren tribe youth broke up, and Lu Ming's gunman continued to fly towards the Tianren tribe youth.

"how come?"

The Celestial Youth was shocked. This scene was completely beyond his expectations.

He originally thought that he could easily defeat Lu Ming's attack, and then abolish Lu Ming's joints, making Lu Ming paralyze like a dead dog on the ground.

Unexpectedly, he was actually defeated.

At this moment, it is too late to want to dodge.

At a critical moment, he could only lay a few defenses in front of him, trying to block Lu Ming's attack.

Bump Bump!

Several gunshots hit the youths of the Tianren ethnic group. The youths of the Tianren ethnic group were shocked and retreated backwards. Several blood holes appeared in his body, which were pierced by the guns.

After all, he still could not completely prevent Lu Ming's attack.

"Damn, you damn..."

Celestial youths were furious and yelled wildly, their eyes were extremely unbearable.

"There is so much nonsense, use all your strength, this strength is too bad!"

Lu Ming stepped forward, his body was shrouded in gorgeous glow, and a terrifying breath erupted continuously.

To be honest, this young man of the Celestial Clan has a very strong combat strength. Lu Ming judged from the fight he just made that the other party has at least a six-star combat strength.

Moreover, the opponent obviously did not use their full strength. If they used their full strength, the fighting power would definitely be more than six stars.

"The power of punishment, kill!"

The celestial youth roared, and under the rage, they finally exploded into full force, and used the power of punishment.

After using the power of punishment, this person's combat power exploded to the peak.

"Eight Stars!"

Lu Ming's eyes narrowed slightly.

This young man of the Celestial Clan is definitely the top evil in the Celestial Clan. The combat power actually reached eight stars.

Eight-star combat power is absolutely terrifying.

What's more, this person's cultivation behavior is as high as Lu Ming's, and when added up, it is the eleven-star gap.

It is a pity that Lu Ming has more fighting power than the twelve star peak.

Sigh!

The white lightning melted by the power of punishment, like a long snake, slammed towards the landing, and the power was terrible.

Lu Ming also urged the fighting power to the apex. Except for not using the sky-breaking style, everything else reached the extreme.

Lu Ming turned into a gorgeous ray of light, rushed to the angelic youth, his fists blasted continuously.

boom! boom! boom! ...

The violent collision sound erupted, and the two slammed a dozen tricks in a row.

In the end, Lu Ming broke through the force of heaven's punishment, and his terrifying punches, like the mountains and rivers, rolled towards the angelic youth.

The angelic youth's body shook like a cannonball, receding towards the back, its face pale, and a trace of blood spilled from the corners of its mouth.

When Lu Ming urged the eleven-star combat power, the combat power was almost the same as that of the angelic youth, but during this time, Lu Ming melted many common occult spells into cryptic runes into the cells, and the combat power increased a bit, so Even if he didn't exhibit the ground breaking style, he was still stronger than the angelic youth.

"This person's combat strength...how is it so strong?"

Around them, the other Celestials also took a breath of breath, their eyes filled with shock, and their heads were a little dazed.

Is this person the top few in the universe's list?

But... the top few in the universe's arrogance list should be more than the fivefold of Divine Emperor, and they all know that it is definitely not this person.

"kill!"

Lu Ming was too lazy to manage the thoughts of these people and continued to kill the angelic youth.

"Bold!"

At this moment, an angelic strong man screamed, stepped out, a war sword condensed out, and slashed towards the landing.

The sword gas roared, exuding violent pressure.

The sweat hair of Lu Ming's skin, standing upside down, felt a terrible crisis.

Too late to hesitate, Lu Ming directly exhibited the ground breaking style.

boom!

The two attacked and collided together, and Lu Ming's figure retreated backward, but the angelic strong man also did the same, retreating backwards, even more than Lu Ming retreated.

"Sevenfold Divine Emperor!"

Lu Ming's eyes were solemn.

This angelic strong man, Xiuwei reached the seventh level of Divine Emperor, and possessed six-star combat power.

This combat power is almost the same as Lu Ming.

"Shoot together, kill them both!"

At this moment, the angelic youth responded and shouted.

Lu Ming's combat strength was so powerful that he was horrified.

I originally thought that Lu Ming could easily kill Lu Ming. Unexpectedly, Lu Ming's combat power was so terrifying.

The seven strong heroes of the Divine Emperor, who could not help Lu Ming, was terrible.

"kill!"

"kill!"

The other angels all shot, one after another, a terrible breath erupted, various attacks, and bombarded towards the landing.

"It's so strong, the Divine Emperor is sevenfold, and there are several others!"

Lu Ming's eyes narrowed and he did not resist hard, but cast his body and retreated backwards.

"Where to go?"

"kill!"

Those angelic tribes shouted and chased after landing to Ming Ming.

Chapter 4329: Reinforcements are here

More than a dozen angel masters chased and killed Lu Mingming.

There were several attacks, terrifying, but they were not weaker than the angelic hero who had just shot Lu Ming.

Divine Emperor Sevenfold, six-star combat power, there are actually four such characters.

These four people are the most powerful of the dozen angels.

Lu Ming dealt with one person almost, but against four people, definitely not an opponent.

Keng!

The sound of Jianming sounded, Ye Ling shot, and a sword stabbed out, turning into four sword lights, stab at the strongest four.

After four consecutive roars, Ye Ling's body also retreated backward.

Although he blocked the attack of the four masters, he himself was also repelled.

"Is this Ye Ye's ultimate combat strength, close to ten stars!"

Lu Ming moved.

Ye Ling is the cultivation practice of Divine Emperor Liu Zhong, which is one lower than the heroes of these angelic families, but he blocked the attacks of the four masters with one person.

The top of the nine-star power is close to ten stars.

One of the strongest evils that destroys the heavenly army is really terrifying.

At this moment, the angels cannot describe it in their hearts.

Lu Ming, Ye Ling, the combat strength of the two can no longer be described by terror, it is simply perverted.

"Must get rid of them!"

The Celestial Youth roared, his body was shrouded by the power of heaven, his wounds recovered quickly, and the combat power reached its peak again. He took out a weapon from the fairy city and continued to force the landing.

At the same time, there are two Divine Emperor Seventh-level, six-star combat power, Ye Ling laid down, and also slammed towards the landing.

In addition to them, there are several other human races.

Others are besieging Ye Ling.

In addition to the four strongest masters, the combat power of other angels is not trivial.

For example, among them is the existence of Divine Emperor Seventh Level and five-star combat power.

This kind of existence, fighting alone, is naturally not Lu Ming's or Ye Ling's opponent, but joining hands with others, the threat is still great.

Faced with so many masters, Lu Ming retreated.

"Want to go, kill!"

A strong man shouted, the terrible sword light roared, cut through the void, and cut towards Lu Ming, the speed was astonishingly fast.

"Broken sky!"

Lu Mingshi exhibited the sky-breaking style, incarnation of a spear, breaking through the sky, breaking through the other party's sword light, the figure kept on, and continued to assassinate towards the other party.

The other party's complexion changed and screamed: "Tianzhu!"

His sword light is covered with a layer of strange power, which is the power of heaven.

This powerful seven-pointed, six-star powerful man, also controlled the power of Tianzhu, one of the powers of the strongest heaven.

With a bang, Jianguang collided with Lu Ming again.

This time, Lu Ming shook his body and mind and could not help but step back a few steps.

However, the other party also backed away.

The blow was evenly divided.

"Fortunately, the power of this man's punishment is only in control of some fur!"

Lu Ming was relieved.

This strong man of the Celestial Clan, although he controlled the power of the Heavenly Zhu, it was only some fur, which was not as good as the angelic youth Tianjiao before.

However, although it was only a trace of fur, it also improved his combat power a lot and was able to confront Lu Ming head-on.

Originally, Lu Ming's current combat power is the limit of twelve stars, and the other party is an ordinary six star, so even if the difference is two different repairs, Lu Ming can still suppress the other party.

However, the other party exerted the power of the heavenly blessing to increase the combat effectiveness to the six-star limit. In this way, the combat effectiveness of the two is not much different.

"Goddess!"

At this time, another Divine Emperor Seventh Level, a six-star fighting man of the angelic clan, also attacked the landing, and used another kind of power of heaven, the power of heaven.

The gray destructive power rushed towards the landing, and its power was no weaker than Lu Ming's full shot.

In addition, there are other master attacks, from various directions, to Lu Ming.

Faced with so many masters, Lu Ming looked heavy and felt great pressure.

He exhibited the Great Aurora technique, flashing his figure, and flashed in another direction, avoiding the other party's attack.

"You can't go away!"

"Surround him!"

The celestial beings roared, chased Lu Ming, and the offensive continued.

On the other side, Ye Ling also fell.

Similar to Lu Ming's situation, the two strong men of the Celestial Clan who besieged him also controlled the power of the Xeon Celestial Force, although they only controlled a trace of fur, and their combat power also improved a lot.

Either one is not weaker than him. The two teamed up, plus other masters, Ye Ling also fell in the wind, mainly surrounded by defense, seized the opportunity, and then countered the two moves.

As a result, Lu Ming and Ye Ling fell in the wind.

"What should I do? Do you want to leave?"

Lu Ming's thoughts changed sharply.

With the strength of him and Ye Ling, it is not difficult to leave, and the people of the Celestial Clan cannot keep them.

However, if you leave, you can't get the bow position, and you can't form a ferry boat.

Without crossing a ferry boat, how to cross the crossing sea.

Without getting the bow, they left, and they were really unwilling.

"The bow position is in that guy's storage ring, find a chance to take down that guy's storage ring!"

Lu Ming's eyes swept to the Tianjiao youth Tianjiao.

In the blink of an eye, dozens of thoughts flashed in my heart, and dozens of ideas flashed, but unfortunately, no one was feasible.

The main reason is that the powerful men of the Celestial Clan are too strong, and he is entangled with him, and there are other masters, which makes Lu Ming have some avatar.

Moreover, the Tianjiao youth Tianjiao is also very powerful, and its combat power is one star lower than Lu Ming. It is not so easy to remove the opponent's storage ring.

Lu Ming used his great aurora technique to avoid the opponent's attack while looking for opportunities.

At this moment, on the far ground, a few figures suddenly rushed out, rushing towards this side quickly.

Lu Ming was shocked at first, thinking that the other party was coming to help, but was immediately overjoyed.

Because of these people, Lu Ming knew.

Not the people in the Tiangong, but the people who destroy the Heavenly Army, they are the helpers.

One of them, Lu Ming also knew the name.

Tian Xuanyue, one of the peerless geniuses in the extinct army, is not less famous than Ye Ling.

In addition, there are several strong men over there.

The breath of these strong men is extremely amazing, and it has reached the seventh level of Divine Emperor.

Roar! Roar!

The people haven't arrived yet. In the extinct army, a few roaring men roared with horror. Their bodies grew quickly and turned into giants.

"This is... primitive gods, they are the blood of primitive gods, rebels..."

The celestial beings shouted.

A few strong men, with the blood of primitive gods, are descendants of primitive gods, and their combat power is also extremely powerful, absolutely six-star combat power.

Several huge fists slammed into the strongest masters of the Celestial Clan.

Faced with such an attack, the masters of the Celestial Clan dare to take care to resist.

Chapter 4330: Counterattack

Boom!

The two sides fought together, and a violent roar broke out, full of energy.

There are four people coming from Destroyer, all masters.

Except for Tian Xuanyue, the other three are all in the shape of a strong man, and they all have the existence of the Seventh Level of Divine Emperor.

They killed them and fought with the three strongest masters of the Celestial Clan.

In this way, Lu Ming's pressure was light, and he made a move. He drove a \*\*\*\* emperor with seven stars and a five-star fighting force to the back of the powerful man.

"Hand over the storage ring!"

At this time, Tian Xuanyue had already killed Tian Tianjiao, the youth of that human race.

Obviously, they also came for the bow position.

On top of Tian Xuan Yue's head, there are nine round moons suspended, exuding a white brilliance.

咻咻咻!

Nine rounds of the moon turned into nine blades of light, slashing towards the arrogance of the youth of the Celestial Clan.

"September sword, you are Tian Xuan Yue among the rebels!"

The Celestial Youth shouted.

The Destroyer and Heaven Palace are dead enemies. They have been fighting all year round, and they have had a lot of dealings. They also know some of the top evils of each other.

They didn't recognize Ye Ling, but they recognized Tian Xuanyue.

"Knowing that I am Tianxuanyue, I will not die!"

Tianxuanyue drank coldly, turned the sword in September, and continued to slash towards the arrogance of the youth of the Celestial Clan.

The celestial body of the Tianren youth continuously flashed, and they dared not directly confront Tianxuanyue.

In addition, there are more than a dozen people in the Celestial Clan, and there are more people. At this moment, many people have killed Tianxuan Yue to share the pressure of the Celestial Clan's youth.

The combat power of these people is also terrible. Although not as good as Tianxuanyue, they will not be too different. They can bring a fatal crisis to Tianxuanyue.

Tian Xuanyue had to fight against these people and fight.

"Tianxuanyue, you died today!"

The Tianren clan roared with arrogance, and on his palms, the power of heavenly punishment bloomed, and white lightning flashed toward Tianxuanyue.

For a time, Tian Xuanyue wanted to deal with the angelic youth's arrogance, but it was also difficult.

At this moment, the four strongest masters of the Celestial Clan are fighting with Ye Ling and the descendants of three primitive gods.

Lu Ming, only two people, besieged him.

These two men have good strength, but they are not Lu Ming's opponents at all.

"Broken sky!"

Lu Ming drank low, and drove the fighting power to the extreme. His figure trembled into two gorgeous rays of light, killing two masters of the Celestial Clan.

After two roars, the two Celestial Masters retreated sharply.

"kill!"

Lu Ming sipped, and went all out to kill one of them.

This person's combat power is two stars worse than Lu Ming. Where can he block it? The gun rushed past, and this person's eyebrows were penetrated and fell on the spot.

Uh!

Lu Ming's whole body was elongated, and his long spear became longer and longer, swept out, and killed another person.

This person has the seven emperor's cultivation practices, five-star combat power, overall combat power, only one star worse than Lu Ming.

However, the one-star gap is not small, which is equivalent to the difference between the God Emperor Realm and the one to repair.

The man fought hard and collided with Lu Ming's long spear, and a violent roar erupted. The man screamed, his body flew out, and he coughed up blood.

However, Lu Ming's offensive never stopped, and the sky-breaking urge was to the extreme, with a spur of guns, and he continued to kill this person, heavy gunshots, completely enveloped this person.

After resisting several strokes in succession, the man eventually lost, and was killed by Lu Ming.

In this way, Lu Ming no longer has opponents.

Lu Ming glanced at the audience. Finally, he looked at Ye Ling.

Ye Ling and the strong man of the Celestial Clan have already confronted dozens of moves, and they have not divided the victory or defeat. The two have been mad, and the constant confrontation, they want to defeat each other.

If this continues, the comparison is combat experience and lasting ability.

The strength of the two is similar, and the ultimate decision is the battle experience, mentality, and lasting ability.

However, Lu Ming will naturally not wait.

call out!

Lu Ming still displayed a groundbreaking style, turning into a splendid spearman, and stabbed towards the strong man of the Celestial Clan who had killed Ye Ling.

The sky-breaking style, meaning breaking the sky, contains the mystery of the great aurora technique, the speed is too fast, and in a flash, it is near the body of the strong man of the Celestial Clan.

The body of the strong man of the Celestial Clan was tensed involuntarily, and with a scream, he turned back to Lu Ming with a sword.

With a bang, Lu Ming's attack was blocked and drifted back.

However, the brawny body of the Celestial Clan also stumbled back several steps.

Will Ye Ling let go of this rare opportunity?

call out!

The combination of human swords, the fighting power urged to the extreme, cut to the strong man of the Celestial Clan.

Although the strong man of the Celestial Clan tried his best to avoid resistance, his fighting power was similar to that of Lu Ming and Ye Ling.

Just now Lu Ming repelled, how can he avoid the past?

puff!

Blood was splattering, and the chest of the Celestial Clan was still swept by Jianguang, and a fierce wound appeared, straight through the back, and blood was flowing.

The terrible sword gas in the wound rushed towards the rest of his body frantically.

The strong man of the Tianren race coughed up blood and was hit hard.

"kill!"

"kill!"

Lu Ming and Ye Ling shouted and killed the person from two directions.

"Damn, retreat first!"

The strong man of the Celestial Clan roared, and a terrible breath erupted on his body. He completely desperately began to burn the power of the sky. The whole figure was like a flame, rushing towards the distance.

This person's combat power and Lu Ming, or Ye Ling are not bad, at the moment desperately, the two could not stop, was rushed out by this person, and then flew away into the distance.

He didn't dare to stay, he couldn't persevere in this state for a long time. If he stayed, he might be left forever.

"Damn!"

The other Celestials are all shocked.

Among them, one of the strongest masters escaped, which broke the balance of the two sides' fighting power.

The people on the Celestial Clan were a little flustered.

"Ye Ling, all take the bow position!"

Lu Ming sent a message to Ye Ling, but his voice hadn't fallen yet. His figure had already slain towards the celestial youth Tianjiao.

Ye Lingxin grasped the enlightenment, turned into a sword light, and rushed to the Tianjiao youth Tianjiao.

"Damn, retreat!"

The Tianren young man Tianjiao, seeing this scene, where dare to stay, shouted, fled towards the rear.

However, Lu Ming had already guarded him against this move.

"Great move!"

As soon as his thoughts moved, Da Nuo moved out, Lu Ming disappeared from the place, and when he reappeared, he appeared in front of the Tianjiao youth Tianjiao, his body like a spear, and stabbed at the other side.

"Curse!"

The celestial youth roared with arrogance and confronted them with the power of punishment. Unfortunately, the combat power was still not as good as Lu Ming. The punishment of heaven was defeated, and the celestial youth retreated after coughing up blood.

And behind him, Ye Ling.

He has been killed.
