

D Emperor 4391

Chapter 4391: Take control of the existence of the three powers

Seeing that the dreaded lance is about to stab Mid-Autumn Moon, and Qiuyue is hard to avoid.

At a critical moment, Lu Ming performed Great Aurora, hugged Qiuyue, and appeared a hundred miles away under a flash, avoiding this attack of the gun.

"This person is so strong!"

Lu Ming's face was solemn.

The strength of this angelic youth is absolutely terrible. With Qiuyue's strength, he launched the strongest blow, which was actually defeated and almost hit by the other party's attack.

The strength of this young man is definitely above Ye Chu Qian Yue, and the strength is not one or two.

"It's him, Ye Chutianji!"

At this moment, Yelvdi and others were trembling in their hearts, and the body stopped involuntarily, looking at Ye Chutianji in awe.

Ye Chutian Ji, a legendary figure in the Celestial Clan, is extremely talented and terrible.

There are nine heavenly daughters in the four major palaces, but even the heavenly daughters are divided into strong and weak.

And Ye Chutian Ji, obviously is at the pinnacle of existence.

According to rumors, Ye Chutian Ji is one of the strongest two of the nine concubines.

Of course, there is also a fifth heavenly palace in Tiangong. It is not yet known whether there is an existence comparable to Ye Chutian Ji.

They did not expect that even Ye Chutianji appeared.

"Muyun, this guy is dead!"

Yeludi and others thought to himself that they did not continue to shoot.

Because they knew that Ye Chu Tianji came, they would not need them to shoot, nor would they let them.

Ye Chu Tianji stepped forward, forced to land and Mingyue and Qiuyue, eyes cold, filled with my invincible spirit, and hegemony.

"Can stop me, you are good. I didn't expect that there are such women among the human races. Follow me in the future and be my concubine. I can give you everything you want."

Ye Chu Tianji looked at Qiuyue and said to Qiuyue.

His words are full of infinite confidence.

He is one of the two strongest in the young generation of Tiangong.

Not only that, even in the days of the Celestial Clan, there are only a handful of people who can have him so powerful and talented.

The younger generation of the Tiangong generation is particularly powerful, stronger than ever, and only two monsters of his level have appeared.

If in the past, he was the king of an era.

Characters like him will be destined to become one of the pinnacles of the Celestial Clan in the future, taking charge of the Honghuang Universe.

Does he want anything?

Therefore, he is very confident and directly tells Qiuyue what he wants.

"I just want young master!"

Qiuyue shook her head, took a half step, blocked Lu Ming, and stared cautiously at Ye Chutian.

Jealous!

The deep jealousy permeated Ye Chutian Ji's mind.

Such a gorgeous woman, actually rejected him.

Such a woman, blocked by the Celestial Clan, can become a heavenly daughter, but it is called Master Lu Ming.

Not even he has such a maid, nor is he qualified to have such a maid.

But Lu Ming did.

What is Lu Ming, a humble human race, why should he have such a stubborn ground and a gorgeous woman as a maid?

The flame of jealousy seems to turn into substance.

This made Ye Chu Tianji look at Lu Ming's eyes, the killing was more intense several times.

"You better think clearly, follow me is your best choice. On the background, I am the human race, in charge of the vast universe, on the talent, I am the strongest young generation of the human race, no, the strongest in the universe, follow me , Not only do you not have to die, but you also get unimaginable benefits."

Ye Chu Tianji continued, it was a pity that a woman like Qiuyue had been killed.

He wanted to persuade him again.

"No, my young master is the strongest."

Qiuyue said firmly.

"Hehehe, is he the strongest?"

Ye Chu Tianji was smirked, watching Landing Ming, revealing a trace of contempt: "Although he is a taboo force, but in front of me, he must kneel..."

boom!

When the words fell, Ye Chu's heavenly machine stepped out, and the violent breath rose into the sky. The whole world seemed to be enveloped by a huge endless mountain, filled with dull pressure.

The same is Divine Emperor Jiuzhong, Ye Chutian Ji pressure is much stronger than others.

At the same time, around the body of Ye Chu Tianji, there are three kinds of light.

A ray of light, composed of tiny white lightning bolts, constantly twisted, and finally turned into a war sword.

This is the power of punishment!

There was also a gray light, which finally converged into a battle sword.

This is the power of heaven.

Another kind of light, turned into a spear.

This is the power of heaven.

Three kinds of Xeontian power!

Lu Ming's pupil shrank suddenly, his face more dignified.

Ye Chu Tianji, actually controlled the power of three kinds of Xeontian, this is the first time Lu Ming saw.

Lu Ming had seen Tianren Clan Tianzun's shot, but Tianzun was only in control of two kinds of Xeontian.

And Ye Chutianji, actually controlled three kinds of Xeontianqi, which is absolutely terrible, no wonder this person is so confident.

Not only was Lu Ming shocked, even the Celestials were shocked.

"The power of the three kinds of heaven, God, Lord Ye Chutianji Tianzi, really controlled the three kinds of strength of the heaven, the legend is true."

"Controlling one kind of power of the supreme sky is a great genius. Lord Tianzi can actually control the power of three kinds of power. How does this practice, envy!"

"Don't envy, the gap is too big!"

There are a lot of discussions among the Celestials.

Among the Celestial Clan, it is extremely rare to control one kind of Xeontian Force, let alone control three kinds of Xeontian Force.

According to legend, some senior figures who are still alive in the Celestial Clan have accumulated over a long period of time, and there are very few who can control the power of the three types of supernatural powers.

To be honest, Ye Chutianji does have the capital of pride, no wonder even the taboo body is not in the eyes.

"Today, I will take a taboo body and kneel in front of me... to let you know who is the strongest."

Ye Chutianji looked at Qiuyue, and after that, his gaze surrendered to Dandan and Bubble, saying, "There are two of you, and I will give you a chance to surrender to me, my goal, not you, As long as you surrender to me, past mistakes, all can be blamed, and there is a very bright future..."

To be honest, he is also very excited about Dandan and Bubble.

If Qiuyue, Dandan, and Bubble can trust him, then he will have no one to compete with him in the Celestial Clan.

Even Yeling Hongye, who is the same as him, will not work.

"Are you dreaming?"

Dandan responded more directly.

"You do not deserve!"

Bubble's answer is even more angry.

The killer in Ye Chutian's eyes suddenly flashed, and his anger exploded completely.

"I don't know what to lift, since you are stubborn, then kill them together!"

Ye Chutianji drank coldly, and three kinds of weapons condensed by the power of the Xeontian sky blasted towards the landing.

Chapter 4392: Xie Nianqing appeared

Ye Chu Tianji shot powerfully, all three of his weapons were formed by the strength of the Xeontian Heaven.

The power of heaven's punishment, condensed into a war sword, became huge, as long as tens of thousands of miles, a sword was cut out, infinite lightning filled, the sky crackled and burst.

The power of heaven's extinction condensed into a battle sword, and the blade of the sword was also as long as 10,000 miles. Wherever it passed, a devastating force pressed against Lu Ming.

The power of Tianzhu turned into a spear, pierced through the void, and broke Lu Ming's eyebrows.

The three strongest forces of the sky shot together, which is really terrifying, and the combat power is far more than Ye Chuqian Yue.

Twelve star power!

Lu Ming was sure that the combat power of Ye Chu Tianji had definitely reached twelve stars.

Although the twelve-star combat power is only one star higher than the eleven-star combat power, the combat power is very strong. If the two sides are fighting, it is completely crushed.

The strength of Qiuyue and Lu Ming is absolutely unstoppable and will die in each other's hands.

However, they had to work hard.

Lu Ming urged the fighting power to the peak, ready to desperately, Qiuyue did the same.

At this moment, something unexpected happened.

There was a horrible sound of breaking the sky suddenly from high altitude.

A lot of black lotus flowers flew over at an amazing speed, and the target was actually Ye Chutian Ji.

There are more than one hundred black lotus flowers. During the flight, the petals of the lotus flower are detached and bonded to each other to form three long swords, which respectively fly to the three powers of the heavenly heaven. Condensed weapon.

The speed of the two is very amazing, and the people collide together before they can react.

boom! boom! boom!

Three consecutive thunderous roars sounded, and all six weapons on both sides exploded.

Ye Chu Tianji's attack was actually blocked, and the three weapons that were condensed by the power of the Xeon Celestial Force were actually bombed.

The scene, everyone's heart, could not help but mad.

Especially the people of the Celestial Clan, it is simply incredible.

In the world, in addition to Ye Linghongye, which is the same as Ye Chu Tianji, there are people who can stop Ye Chu Tianji's attack?

who is it?

Subconsciously, everyone's eyes are looking towards the sky.

Among the people, Lu Ming was the most excited.

Because he didn't have to look at it, he knew who was coming.

Xie Nianqing!

No need to look, Lu Ming also knew that it was Xie Nianqing.

He was too familiar with Xie Nianqing, and he knew it as soon as the opponent shot.

Sure enough, in the heavenly palace, a beautiful woman came from the sky.

This woman, dressed in a black dress, looks beautiful and unparalleled in temperament, not Xie Nianqing, but who can it be?

Lu Ming's heart was beating, and his eyes fell on Xie Nianqing, which was difficult to remove.

Similarly, Xie Nianqing's eyes fell directly on Lu Ming, as if in her eyes, there was only Lu Ming alone, and no one else.

"who are you?"

Ye Chu Tianji spoke indifferently, but his eyes flashed a dignified color.

Because, he felt strong pressure on Xie Nianqing.

This kind of pressure is gone, except that I have felt it in Yeling Hongye.

Now, for Xie Nianqing, he felt this pressure for the second time.

There is something unbelievable in his heart. Between heaven and earth, in addition to Yeling Hongye, can anyone compete with him?

In his head, he quickly searched for all the top arrogances of the universe, including those that destroyed the sky.

but none!

To the best of his knowledge, no one in the younger generation of the Celestial Army can compete with him. The strongest are all weaker than him.

He has never heard or seen Xie Nianqing.

"Severe you!"

Xie Nianqing smiled slightly at Lu Ming, then looked at Ye Chutian Ji, revealing a cold killing opportunity.

"That guy again, this Lu Ming again!"

Ye Chu Tianji roared in his heart, and his jealousy towards Lu Ming was going crazy.

As long as you are not blind, you can see that the relationship between Xie Nianqing and Lu Ming is by no means unusual.

Why such beauties, peerless geniuses, all gathered around Lu Ming.

God, how unfair!

"Just because you want to kill me? It's ridiculous. Today, you are all here just now, and you are all swept away!"

Captain Ye Chutian screamed, and the three Xeontian forces reappeared.

This time, it was not turned into a weapon, but turned into three alien beasts.

Xie Nianqing stepped into the air, her long skirt fluttering, her hands pressed, and a wonderful field filled out. The scope expanded sharply, and she was engulfed in immersing Ye Chutian.

At the same time, under her feet, there is a huge black lotus with 108 petals, holding Xie Nianqing.

call out! call out! call out! ...

The petals of the black lotus continually flew out, cutting the space and flying towards Ye Chutian Ji.

The two sides attacked and launched a second collision.

The three beasts condensed by the power of the strongest sky, and the black lotus petals are extremely sharp, flexible and unpredictable.

For a time, the two sides were inseparable from each other.

In a blink of an eye, the two confronted dozens of moves, and neither of them had a victory.

Ye Chu's battles were more ugly and more dignified.

It can already be determined that Xie Nianqing really exists at the same level as him.

As for the other Celestials, they were all stunned and stunned, their hearts turned over, and they looked incredible.

They are really incredible.

This is Ye Chutian Ji, one of the strongest arrogances of the young generation of the Celestial Clan. It was also in this era that the Celestial Clan only had two levels of existence.

In the past era, there were very few natural arrogances of this level, and three natural arrogances that controlled the power of the strongest celestial beings. It often took many generations to produce one.

Once it appeared, it was a figure who suppressed an era of the universe.

Such characters, even if placed in the Celestial Clan, are invincible, but now they are blocked by people, and they are still a human race.

Every human race has such a strong presence?

This made the self-esteem of the Tianren people who always thought they were high above the ground hit.

At this time, Dandan and Bubble's battle stopped.

Ye Chuqian Yue's face and the daughter of the sky were extremely shocked.

They did not expect that someone could resist Ye Chutianji.

Dandan, Qiuyue, Bubble, came to Lu Ming together.

Soon, Xie Nianqing and Ye Chutian Ji, had already confronted hundreds of moves, and still did not win or lose.

boom!

In the end, the two made a match and stepped back together.

Xie Nianqing stepped into the air and retreated to Lu Ming.

"Go, we enter the ground!"

Xie Nianqing said.

Lu Ming nodded, and the people flew towards the ground. No one dared to stop him there.

They are crowded, but only by virtue of the nine-day battle array can they take advantage of the numbers. Unfortunately, their presence in the nine-day battle array is useless.

Without the formation, in the face of Lu Ming's small team, they have no way to start.

The superiority in numbers cannot be brought into play at all. I really need a swarm of swarms, and I don't know how many people will die.

Chapter 4393: Three Thousand Buddhas

Ye Chutianji's face was gloomy and he wanted to shoot, but in the end he didn't continue to shoot.

With Xie Nianqing present, he was not sure.

Unless desperately.

But now desperately not cost-effective, will affect the subsequent battle for the original seeds.

If the root of the disease falls now, the fight for the original seeds will be very bad for him.

He wanted to kill Lu Ming's heart, not as heavy as the ordinary human race.

After the ordinary Celestial Clan kills Lu Ming, they can be confined as the Son of Heaven or the Daughter of Heaven.

But he is already the son of heaven, and he is the strongest son of heaven. After killing Lu Ming, how can he be sealed? Give some rewards at most.

But in his capacity, what kind of reward is there?

With a little concern, Lu Ming and others have returned to the ground.

Here, there are four big trees guarding them, they will be more secure.

Above the ground, Ye Ling was a little stunned and shocked.

The people around Lu Ming are also terrifying, all of them are peerless evildoers, and the universe is rare.

His talent is already extremely good, but compared with anyone around Lu Ming, he is eclipsed.

"I didn't actually do anything today?"

Lu Ming is also whispering, today's things are somewhat beyond his expectations.

Today being besieged by so many masters, he shot and killed some of the strong men of the Celestial Clan before, and had no confrontation with the Celestial Clan of the Celestial Clan.

The true strength is not fully revealed.

Several attempts were made, and Qiuyue or Xie Nianqing were intercepted.

"My performance today is a little bit... eating soft rice..."

Lu Ming murmured.

But he doesn't care. The stronger his woman, the better.

"Lu Ming, are you okay!"

Xie Nianqing took Landing Ming's hand and looked at Landing Ming carefully, as if to see Lu Ming enough.

"Of course I'm fine, Xiaoqing, how are you doing this time? How could you be absorbed by Taishang Xiancheng?"

Lu Ming also looked at Lu Ming carefully and asked.

"I don't know very well, but I didn't encounter any danger when I entered Taishang Xiancheng. On the contrary, I got some opportunities to improve my cultivation ability and combat strength."

Xie Nianqing probably explained her experience briefly.

It is probably that Xie Nianqing came in for a few years early, took the advantage, obtained a large number of Danlu and Honghuangdan, and entered several fairy palaces, and achieved great fortune.

Whether it is cultivation, or combat power, have greatly improved.

Moreover, she has the memories of Tang Qing in the past life, and all kinds of secret techniques are extremely powerful, and it is extremely unusual, so she can have a twelve-star combat power.

"Oh, don't be numb, there are people on the side!"

Shouted.

"That's it!"

Bubble also coaxed.

Cough!

Lu Ming quickly coughed a few times and peeked at Qiuyue.

Qiuyue kept smiling and stood beside Lu Ming without a word.

At this time she stepped forward and said to Xie Nianqing: "Sister Nianqing, I haven't seen you for a long time."

"Sister Qiuyue, it's been a long time since you disappeared, you are getting more and more beautiful."

Xie Nianqing smiled slightly and blocked Qiuyue's hand.

Lu Ming was very happy.

Xie Nianqing has long known the relationship between Lu Ming and Qiuyue. It seems that Xie Nianqing is accepting Qiuyue. After that, will she accept others...

At this time, Ye Ling also flew over, Lu Ming introduced the two sides.

"Brother Lu, at this speed, I want to gather 12 billion Honghuang Dan for you, hard!"

Ye Ling sighed.

"It's okay, this time there are a lot of gains!"

Lu Ming smiled slightly, and he knew in his heart that it was impossible for the former Dan furnaces to gather 12 billion Hong Huang Dan when the fifty-year period came.

The number of alchemy alchemies is not enough.

However, this trip to the Five Elements Fairy Mountain, together with the Celestial Clan that was killed before, should be able to reap some golden furnaces.

Immediately, they took out the storage rings from the Celestial Clan.

Just now they killed at least more than 70 people, but Divine Emperor Jiuzhong, a five-star and six-star warrior, is a strong man.

These people are not weak and should have a lot to gain.

Under the inventory, it was really a big gain.

On average, each person has more than a dozen Buddhist altars, which adds up to a thousand or so.

Coupled with the masters who were killed in the Five Elements Fairy Mountain, the number of dan furnaces added up, even more.

"enough!"

There was joy on Lu Ming's face.

It is now almost nine years away from the fifty-year period.

These red furnaces in my heart are enough to help Lu Ming gather 12 billion Honghuang red in the next nine years.

"I have nearly a thousand ancestral furnaces in my hands, all for you."

At this time, Xie Nianqing said that with a wave of hands, a large number of Danlu flew out.

There are really a thousand statues, most of them are one meter in diameter, but there are nearly thirty or so statues with a diameter of three meters.

Everyone, including Lu Ming, was dumbfounded.

Xie Nianqing alone, there are thousands of ancestral furnaces.

She is just one person, which is too scary.

"I just came in a few years early and took the lead!"

Xie Nianqing explained at random.

Even so, Lu Ming and others took a while to react.

Then they faced a new problem.

Danlu is definitely enough, but the flood in the ground is not enough.

It is obviously not enough that the flood gas of this land should be able to produce about 10 billion Hong Huang Dan.

Under such a large number of furnaces, it will not be used for nine years at all, and will all be refined.

"This hidden area has a lot of high-grade veins, and the wildness is extremely strong. We divided our hands and brought a batch of red furnaces to the other veins to make alchemy!"

Lu Ming said.

"Good idea, go now!"

The bubble cried.

"No hurry, now Ye Chutian Ji and others are still in this star palace. We go out and it is not good for us. We can wait for some time. Ye Chu Tianji and others will definitely not stay for too long and will go to other Star Palace looks for opportunities, then we will shoot again!"

Lu Ming said.

Everyone nodded, and then everyone joined forces to start urging the alchemy.

Now in the hands of everyone, the Dan furnace adds up to more than three thousand statues. It is too scary to urge them together. It is like a huge black hole. The surrounding wildness is rushing towards the Dan furnace crazy and sucked. Into the red furnace.

Half a day later, countless Honghuang Dans flew out of the Dan Furnace. The sky was dense and dense. I don't know how many. Lu Ming pulled them with taboo power and put them all into the storage ring.

Then, go on!

In this way, they stayed in this place for a year.

With their crazy alchemy, the wildness of the earth's veins is diminishing at a rate visible to the naked eye.

According to this trend, in a few more years, the flood and gas on the ground will be exhausted.

Chapter 4394: Divine Emperor Nine Heavy

At this time, Lu Ming and they set off.

Lu Ming, Xie Nianqing, and Dan Dan left the ground.

The three of them took away more than 1,000 burners.

Qiuyue, Bubble, and Ye Ling continued to stay here for alchemy.

Lu Ming, Xie Nianqing, and Dan Dan, left the ground and headed north.

Because over there, there is a high-level geography, the flood gas is extremely rich, it is estimated that they occupied half of that before.

This can't be ignored.

Soon, they came to this ground.

On the way, they had heard the news. Ye Chutianji and several other sons had already left this star palace.

This reassured Lu Ming and others.

Seen from afar, the flood gas of this land is still very rich, and it should be able to refine another three to four billion Hong Huang Dan.

The three did not hesitate and rushed directly into the ground.

But as soon as the three approached the earth, they were discovered by the Celestial Clan in the earth.

"It's Muyun!"

"It's them, bad, Bu Jiutian battle array!"

The Celestial Clan roared in the earth's veins, and the two groups quickly gathered together to set up a nine-day battle.

There are more than two hundred of them in two groups. Among them, the presence of Divine Emperor Jiuzhong is not a small number. The nine-day battle array is set up and the power is also very strong.

However, Lu Ming has them.

The reason why they took it is to deal with the nine-day battle.

Lu Ming brought Xie Nianqing and Dan Dan out for purpose.

In terms of combat power, Xie Nianqing is the highest, and it is enough to bring Xie Nianqing.

Bringing the day and night is to break the nine-day battle of the human race.

This combination is almost perfect.

Sure enough, once shot, dense runes came out, and soon the Nine Heavens battle array of the Celestial Clan was broken.

Then, Xie Nianqing and Lu Ming rushed over.

In fact, it is enough to have Xie Nianqing alone.

With a wave of her hand, a lot of black lotus flowers formed, and the petals of the lotus flower were sharper than the sharpest soldiers, and flew out of the sky, killing the Celestial Clan.

In a flash, dozens of human races were killed.

"Go away!"

"Run away!"

The rest of the Celestial Panics, including two Celestial Celestial Celestials with nine-star combat power, all faced with horror and ran to the distance.

"You can't walk away, leave it to me, Heavenly Demon Realm!"

Xie Nianqing's indifferent voice sounded, and a special field filled out, instantly covering the entire vein, including those of the human race.

In the realm of heavenly demons, the people of the sky-human race will be greatly suppressed.

At the same time, there are endless and sharp lotus petals flying in the sky.

Puff puff!

The people of the Celestial Clan were killed one by one.

Even the two Tianren Clan Tianjiao, with nine-star fighting power, were also in such a situation. In the hands of Xie Nianqing, they could not withstand a blow at all.

"I haven't shot yet?"

Lu Ming muttered.

Xie Nianqing's shot was too fast. Lu Ming hadn't shot yet, and all the Celestials were resolved.

Reaching the Divine Emperor's Ninth Level and possessing a twelve-star combat power, it is too strong, almost invincible in Divine Emperor Realm.

Unless Lu Ming broke through to Divine Emperor Jiuzhong, Xie Nianqing could be suppressed.

To put it bluntly, such a fighting force, ordinary divinity heavyweights, should avoid their edge.

The gap between the Divine Realm and the Divine Emperor Realm is even greater and more difficult to bridge.

However, it is not entirely impossible to cross.

A Divine Emperor Jiu Zhong, a top-level Tianjiao with nine-star combat power, can fully contend with the most common Divine Lord.

With Xie Nianqing's fighting power, he suppressed the most common divine lord, and it was no problem.

After killing these celestial tribes, a formation was set up and the flames were summoned to burn the corpses of the celestial cents.

Of course, the storage rings are in their hands.

But they swept these storage rings again, and there was no red furnace, only a few hungry red, not many.

"Danlu should be in the veins, go in and see!"

Lu Ming said.

The three of them entered the ground, and they found hundreds of sacred furnaces in two different places.

Obviously, the people of the Celestial Clan are practicing alchemy and the alchemy is in the alchemy. After they found Lu Ming they did not put away the alchemy.

This directly cheapened Lu Ming, and they had hundreds of more monasteries.

"Dan Dan, you come to arrange the formation, we come to alchemy!"

Lu Ming said.

"Relax, leave it to me!"

As soon as he finished speaking, the person disappeared, and then he began to form arrays around the ground.

There is no big tree guarding here, fearing that the Terran Clan will get the news to counterattack, so it is necessary to lay down the formation.

As long as enough time is given to Dandan, he will be able to deploy a powerful and terrible formation, and if the Heavenly Clan dares to come, there is definitely enough to drink a pot.

Lu Ming and Xie Nianqing urged the Dan Furnace to start alchemy.

It is safer to make alchemy with two geographies together, and you can definitely gather 12 billion Honghuang Dan, and there are more.

However, Hong Huang Dan has more benefits, whether it is Qiuyue and Bubble, or Ye Ling, Hong Huang Dan needs to be consolidated and cultivated.

Xie Nianqing and Dan Dan don't need Hong Huang Dan very much.

The Honghuangdan absorbed by Xie Nianqing has long been far beyond the standard and has been extremely consolidated.

And Dandan, because he has absorbed a drop of five elements of fairy tears, is already too strong, and there is no need for Hong Huangdan.

Time passed quickly, and it was another year in a flash.

This year, no one from the Celestial Clan came to attack.

I don't know if they don't know whether Lu Ming occupied the ground or other reasons.

Of course, this is even better. It took a year to fill the ground with powerful formations and turn this place into a Jedi.

And Hong Huang Dan in Lu Ming's hands is also increasing.

At this time, there are nearly seven years before the fifty-year period.

Soon, another four years have passed, and there are still three years before the fifty-year period.

At this time, the 12 billion Honghuang Dan Lu Ming needed had already gathered.

At this time, Lu Ming returned to the original place and began to refine Hong Huangdan to break through the realm.

Breaking through the Divine Emperor's ninth layer will take longer.

Because, after all, it is necessary to refine 12 billion Honghuang Dan.

Even if Lu Ming is refining Honghuangdan very fast now, it will take a short time to refine 12 billion Honghuangdan.

This time, it took Lu Ming two full months to completely refine the 12 billion Honghuangdan, and then began to impact the realm.

Hong Huangdan is enough to impact the realm, which is a matter of course. Soon afterwards, Lu Ming's breath skyrocketed and he rose madly.

"It's amazing, the breath of Divine Emperor Ninefold is more terrifying than the breath of many gods' realm."

Ye Ling sighed.

"Brother Lu Ming, of course, is the most powerful. Now he breaks into Divine Emperor Jiuzhong, Divine Emperor Realm, and no one will be his opponent!"

Bubble said.

"I believe this!"

Ye Ling also nodded.

Chapter 4395: The battle for the original seeds has begun

Ye Ling nodded seriously, the longer he got along with Lu Ming, the more powerful and unfathomable Lu Ming felt.

After a while, Lu Ming's breath finally calmed down and opened his eyes.

"Divine Emperor Jiuzhong finally reached it. Now, in Divine Emperor Realm, I have no fear of anyone, Ye Chutian Ji, I hope to fight you!"

Lu Ming's eyes burst out with two gleams, flashing a confident light.

Before there was no breakthrough, he was indeed far from Ye Chutianji's opponent, and if he did, he might be easily suppressed.

But now it's different. From the breakthrough of Divine Emperor Bazhong to Divine Emperor Jiuzhong, his combat power soared, and he suddenly raised Samsung, which was enough to in turn suppress Ye Chutian Ji.

"There are still three years to go before the battle for the original seed. For these three years, fix it and fix it!"

Lu Ming whispered.

Afterwards, Lu Ming and others were still refining Honghuangdan in two geographies. When they were free, everyone was also practicing, hoping to elevate themselves to the strongest and prepare for the next battle for the original seed.

In three years' time, it was a flash.

Soon, everyone entered Taishang Xiancheng, which will reach 50 years.

At this time, everyone has refined all the Hung Huang Dan.

Because Hong Huangdan cannot take it out, if it is not refined, it will only be wasted.

At this time, everyone stopped the alchemy, and also stopped practicing. Those who roamed in the fairy tale of Xianfu, all left the fairy tale of Xianfu, waiting for the next battle for the original seed.

The original seed is of great importance and is related to the cultivation of God's main realm.

With the original seed, the cultivation in the main realm of God will be much smoother, as if there is a direction, and will not take a detour.

Of course, the most important source seed is the source environment.

With the original seed, the chance of breaking through the original source will increase greatly in the future.

This is the focus of the focus.

This source realm is called Yuanzun. In Tiangong, that is Tianzun. In primitive deities, the zun is called the Lord God.

This is the true peak power of the universe, extremely powerful, and destroys the existence of the galaxy.

The existence of the original source is not only extremely powerful, but Shou Yuan is also extremely long, almost coexisting with the universe.

As long as the lifespan of the universe is, the lifespan of the original realm will be long.

The origin is almost the vast universe, the ultimate goal of all practitioners.

It is also the second step of spiritual practice, the ultimate pinnacle of divine realm.

And the source seed is related to the source environment, who can't be bothered?

Not to mention that in the future it will definitely be able to break through to its original state, even if it is in the main state of God, the cultivation will be smoother, and it will make countless people move.

Above the ground, Lu Ming, Xie Nianqing, Qiuyue, Dandan, Bubble, Ye Ling stood side by side, waiting for the arrival of the fifty-year period.

Buzz! Buzz! Buzz! ...

Suddenly, the sky trembled, and small vortices appeared.

Then, from these small vortexes, a ladder was stretched out.

One of the whirlpools stretched out a ladder and extended to Lu Ming.

Not only Lu Ming, Xie Nianqing, Qiu Yue and others have a ladder in front of them.

Everyone, there is a ladder that extends to the eyes.

Not only Lu Ming, but everyone who entered Taishang Xiancheng, whether it's the 36 Star Palace, or the first, second, or third floor of Taishang Xiancheng, In front of everyone, there is a ladder.

it has started!

Lu Ming and they knew that the battle for the original seeds began.

Lu Ming has read the information given by Feihuang and knows that they must first set foot on this ladder. After an assessment, only those who pass the assessment will be eligible to fight for the source seed.

Fight for the opportunity to condense the original seeds.

"Go!"

Lu Ming said, after he finished, stepped up and stepped up the stairs.

When he stepped up the stairs, there was an invisible force that enveloped Lu Ming, and this force, constantly infiltrating, seemed to see Lu Ming through.

Later, a lot of things flew out of Lu Ming's storage ring.

There are weapons from Taishang Xiancheng, and there are also red furnaces.

All the weapons and the red furnace flew out, and then turned into a rainbow of light, flew towards the distance, and disappeared between heaven and earth.

The same is true of Xie Nianqing and others. As soon as they stepped up the stairs, all the weapons and dan furnace they got from Taishang Xiancheng flew away.

"Fortunately, Five Elements Fairy Tears, stay!"

Lu Ming showed a beam of joy.

Sure enough, the Five Elements Fairy Tears will not fly away and can be taken out.

In fact, in addition to the Five Elements Fairy Tears, there are a few things that can be taken out, such as the metal materials obtained in Taishang Fairy City.

It's just that the metal materials of Taishang Xiancheng are very scarce, and not many people get them.

Lu Ming did not stay any longer, kept on stepping, and finally entered the vortex, disappeared.

After entering the whirlpool, Lu Ming seemed to enter another space. Around him, there was a gray void and it was difficult to tell the direction.

At the foot of Lu Ming, there is a bluestone path leading all the way to the front.

Lu Ming went straight along this bluestone path, and soon afterwards, a door blocked Lu Ming.

This is a light door, blocking Lu Ming's way.

"Is this the assessment?"

Lu Ming whispered.

At this moment, a voice suddenly sounded in Lu Ming's ear.

"Break through this door, you can participate in the battle for the original seed, and the loser will be sent directly to Taishang Xiancheng."

The sound sounded very old, like a twilight old man.

Lu Ming was shocked.

"There are still living creatures in Taishang Xiancheng? Shouldn't it be possible, maybe there is only the spirit or the array spirit..."

Lu Ming's thoughts changed sharply, and the imagination joined hands.

However, this is also similar to his guess. This light door is a kind of assessment. Only those who pass will be eligible to participate in the battle for the original seed.

Imagination is also, it must be screened, otherwise, too many people.

This time the entire universe entered the Taishang Xiancheng, adding up to hundreds of millions.

Among them, God's dominance is only a small part.

Most of them are from Divine Emperor, Divine Emperor, or Divine Monarch Realm.

Among them, the number of Divine Emperor Divine King is the largest, but the number of Divine Emperor Realm is also very alarming.

The thirty-six star palaces add up to at least millions of people, not even more.

If you don't screen out a batch, you have to go to the year of the monkey.

boom!

Lu Ming shot and punched at the light gate.

With a loud noise, the light door exploded and dissipated into energy.

"So simple?"

Lu Ming was slightly surprised.

He didn't use any force in the punch just now, and the light door was directly opened.

Simpler than he thought.

"Maybe, my fighting strength is too strong, haha!"

Lu Ming laughed, then stepped over.

When he crossed the position of the light door, the space turned again, and he appeared in another place.

"this is..."

Lu Ming looked around.

Lu Ming found that he was standing above a lotus.

Yes, it is a lotus, a white lotus, the diameter of the lotus is about one meter.

Chapter 4396: God's Realm

Lu Ming found that he was standing above a white lotus with a diameter of one meter, and this lotus was suspended in the void.

And Lu Ming found that there are many such lotuses in all directions.

The dense lotus flower is suspended in the void, and there is a figure above each lotus flower.

"Xiaoqing, Qiuyue, Dandan, Bubble..."

Lu Ming's eyes quickly glanced, and not far away, he saw Xie Nianqing, Qiuyue, Dandan, Bubble and others.

At the same time, he also saw a large number of Tianren clan masters, such as Ye Chu Tian Ji, Ye Chu Qian Yue, and Ye Chu Hao Han and others.

These people also stood on top of a white lotus flower, and looked around the same. Soon, these people's eyes fell on Lu Ming, bursting into a cold killing.

"It's him, Muyun!"

"It's Muyun, no, it should be called Lu Ming, he is Lu Ming!"

"Yes, I also heard that Muyun is Lu Ming, and Lu Ming is Mu Yun!"

In an instant, at least thousands of eyes fell on Lu Ming, his eyes like a sword, as if to pierce Lu Ming.

At the beginning of Wuxingxian Mountain, Lu Ming was Mu Yun's identity, which had already been exposed and was revealed by Ye Chuqian Yue. Now it is completely spread. Most people know Lu Ming's true identity.

"Muyun, no, **** Lu Ming!"

One of the crowd snarled, and his hatred for Lu Ming was very strong.

This person is exactly Gabbert.

At this time, Gabbert's breath was very strong, and he was covered with white light, and his breath was very strong.

He Ran has reached the Ninefold Realm of Divine Emperor.

There seemed to be a sense, Lu Ming's eyes also swept to Gabbert.

"The cultivation practice of this guy, Gabor, has actually been elevated to Divine Emperor Jiuzhong. It seems that this guy has had a great adventure during this time!"

Lu Ming moved.

The eyes of the two collided in the air, as if to spark a spark.

"Lu Ming, I will kill you!"

Garbert shouted in his heart, and the killing in his eyes was more intense.

There was a sneer in Lu Ming's mouth. He and Gabbert thought the same.

However, Lu Ming's eyes did not stay on Gabor for too long, because he was attracted by several others.

"That's... Dark Night Rose, Emperor Sword One, and Yin Jiuling."

Lu Ming was shocked and saw some acquaintances.

It was actually Night Rose, Emperor Sword One, Yin Jiuling and others.

At this time, Night Rose and others, their strength has become very scary, the breath is thick, and it is difficult to figure out.

Dark Night Rose looked at Landing Ming with a smile.

Emperor Jian looked at Landing Ming, his fighting intentions flourished, and his sword intentions went into the night.

Yin Jiuling watched the landing sound, revealing a strong murderous opportunity.

The real Yin Jiuling was already taken away by the Yinsha Qi. At this time, Yin Jiuling became extremely terrifying, and clearly remembered that he and Lu Ming fought.

When Yin Jiuling was taken away by Yinsha Qi, in Yinkeng Magic Mountain, he once entered the Yinkeng, and I didn't know what he had gained. Anyway, it gave a terrible feeling.

You know, Yinkeng Magic Mountain is one of the most terrible forbidden places in the vast universe.

Yin Jiuling must not be underestimated.

There is also the night rose who has always given Lu Ming a profound and unpredictable feeling.

This person created a force that specializes in collecting the top Tianjiao in the universe, and wants to create a force comparable to the Tiangong, with amazing ambitions.

However, when she looked at Xie Nianqing, her body shook suddenly, showing shock.

Although it just passed away, he was immediately hidden by him, but he was still caught by Lu Ming.

"Huh? Dark Night Rose, it seems to know Xiaoqing, and seeing Xiaoqing seems very shocked."

Lu Ming thought.

At the same time, Xie Nianqing also saw the night rose, frowning, revealing the color of thought.

"Xiaoqing, do you know that woman?"

Lu Ming sent a message to Xie Nianqing.

"I don't know, but this person gives me a familiar feeling..."

Xie Nianqing responded.

"It seems that this night rose has hidden a lot of secrets!"

Lu Ming thought.

Then, Lu Ming looked at the surrounding environment.

"Here, is it already outside Taishang Xiancheng, seems to be above Taishang Xiancheng..."

Lu Ming whispered in his heart.

Because, he found that they are now in a huge mask.

They were shrouded by a huge light mask. Under the light mask, they could see a huge city, which was clearly Taishang Xiancheng.

Above them, there were many people watching.

These people, some of them, are the original powerhouses in the Tiangong Palace and the Destruction Army.

What's more, the number of those who have been eliminated is at least hundreds of millions.

Yes, the people who did not pass the screening and did not break through the light door before were sent out of Taishang Xiancheng. They were standing in the void at this moment, and they could see Lu Ming through the mask.

In addition, Lu Ming also found that there are two photomasks similar to them.

There are three masks in total, and there are many people in each mask.

"One mask is the master of God's main realm, one mask is of Divine Emperor Realm, and the other one is below Divine Emperor Realm."

Lu Ming made the judgment easily.

Three masks, suspended above Taishang Xiancheng, enveloped three different classes of people in it. People outside could see but could not get in.

"First of all, to start the contest of God's Lord Realm, God's Lord Realm has only 72 places. Only when you enter the 72 people in front of you, will you have the opportunity to connect with the universe and learn about the origin!"

"The rules are very simple, two against each other, of course, everyone, there will be several opportunities, and, in this competition, you will not die..."

A sound suddenly sounded and everyone could hear it.

Not only the people inside the mask can hear, but also those outside the mask.

"The rules are really similar to those introduced by Senior Phoenix!"

Lu Ming whispered in his heart.

Soon, the contest of God's main realm began, and two head-to-head battles began.

Lu Ming and others looked seriously.

One is to be familiar with the rules, but to watch the strong hands of God's main realm is very helpful to them and can get some inspiration.

You should know that most of them are the cultivation of Divine Emperor Jiuzhong. The next step is the Divine Realm. Let's take a look first. Naturally, it is good.

The God Lord battles fiercely, but it will not die, because the lotus under their feet has a mysterious effect, even if they are killed, they can be resurrected on the lotus.

This makes the war even more intense, and can be shot unscrupulously, not afraid of being killed, but can be resurrected anyway.

There are at least thousands of God's main realms, but there are only 72 places, and the competition is extremely fierce. Even among the same race, there is no emotion to talk about and fight with all efforts.

Of course, the most fierce is the people who destroy the Heavenly Army and Heavenly Palace. Once they meet, you will die.

Among them, Lu Ming saw a lot of Tianjun-level characters shot, really eye-opening, benefited greatly.

Chapter 4397: The battle for the Divine Emperor

The battle of God's Lord Realm lasted for several months before it came to an end. In the end, the 72 strongest God Lords drove the lotus into the sky.

They still sit on the lotus, but the lotus has a light cover, covering them, and at the same time, a beam of light rises from them, rushes into the eternal void, and disappears.

Is this connecting the universe sea?

Many people think.

Only those defeated **** master realm lose their qualifications and are sent out one by one to become a member of the outside watching.

"The top three are all human races!"

"The Celestial Clan is too strong, can't we compete with it?"

Lu Ming heard that many people were talking about it, and they were all destroyers.

Just now the Divine Lord confronted, and the top three were abruptly occupied by the powerful of the Celestial Clan.

On the side of the Heavenly Destruction Army, the strongest God Lord occupied the fourth place.

Moreover, most of the seventy-two people who are qualified to connect to the universe sea are of the Celestial Clan. On the side of the Celestial Destruction Corps, there are less than twenty.

This disappointed those who destroyed the Heavenly Army.

"Huh, every traitor, who wants to contend with my Celestial Clan, can't help it!"

"The scorpion is just a car, and my heavenly race is countless, how can you compare?"

People of the Celestial Clan can't help but ridicule.

Suddenly, the exterminators were angry.

"Your human race is invincible? Ridiculously, how were the four heavenly palaces destroyed?"

"Since you can destroy your four heavenly palaces, you can destroy all of you, sooner or later!"

The people on the side of the destroyer refuted.

During the heyday of the Heavenly Palace, there were nine in total, and now there are only five left, four of which have been destroyed in the long years of continuous battles.

This matter has always been regarded as a disgrace by the Celestial Clan, and was brought up at this time, the Celestial Clan suddenly became furious.

"You rebels, find death!"

The Celestials roared.

"Oh, have the ability, you come to bite me!"

Those who destroy the heavenly army are fearless.

Above this lotus, you cannot attack each other.

Only when the competition starts, can the people who are in turn compete.

"Now, the existence of Divine Emperor Realm begins to compare!"

"The rules of the competition are the same as those in God's main realm. Two-on-one duel. The winner, the lotus root, rises one foot, and the loser lowers one foot!"

At this moment, the old voice sounded again, the same as the voice that announced the beginning of the God's Lord Realm Competition.

Lu Ming heard this, and the sound that reminded him of attacking the light door before was also this sound.

The sound rang, and the field immediately calmed down.

At the same time, in the middle of them, a huge circular platform emerged.

This round platform is the battle platform. It is extremely hard. No matter how strong it is, it cannot be crushed.

This point, the existence of God's main realm has been verified before.

The top god-lord battles failed to break this battle platform.

"You have a total of 36,000 people. In the end, there are only 130 places, and only the strongest 130 people have the opportunity to connect the cosmic sea. The way of fighting is random. Random two people are fighting. The winner, the lotus root will rise one foot, the loser, will drop one foot, when the length of the lotus root is zero, eliminate it!"

"With this lotus protection, the slain will not actually die and can be resurrected, but will lose vitality and can also admit defeat directly."

The old voice continued to sound.

Although the rules were introduced when God was in the realm before, now he has reintroduced it again.

"It seems that everyone has three opportunities!"

Lu Ming thought.

Because the root of each lotus flower is only three feet tall, and the root is plunged into the void.

Every time you lose, the rhizome drops by one foot, and after losing three times, the rhizome will become zero, and it will be eliminated.

This rule, Lu Ming is very clear, is for fairness.

Because the two sides in the battle are random, some people have bad luck, and it was possible to reach the last 130 people. At the beginning, they met a strong opponent and lost, so there is still a chance.

Even if it is lowered by one foot, he still has a chance to turn over and can climb up by defeating others.

Of course, if you encounter very powerful enemies three times in a row, you have no choice. Luck is too bad, and it is also a manifestation of weak strength.

Is there only 130 places!

Many people showed a hot light and secretly vowed that they must win a place.

"Now, the competition begins!"

The old voice sounded.

As soon as the voice fell, two of the lotus flowers moved and flew towards the round battle platform, and flew to the edge of the battle platform.

Needless to say, next, the two will be divided into high and low.

Uh!

The eyes of the two collided together, it seemed to collide with sparks, and a powerful killing intention came out.

Two people, one is the destroyer of the heavenly army, one is the human race.

It was really a coincidence. In the first competition, the Celestial Clan and the Destroyer were met together.

Both are strong men, not young.

There are a total of 36,000 people in the Divine Emperor Realm that passed the assessment. Naturally, it is impossible to be the arrogance of the younger generation. Among them, the larger number is the younger generation.

Wow, wow!

The two of them jumped on the battlefield with a move.

As soon as they jumped onto the battle platform, the two rushed to each other and confronted each other.

boom!

In an instant, the two met against each other.

Only one trick, it is divided into high and low.

The body of the strong man of the destroyer was throbbing, retreating backwards, and blood splattered in his mouth.

"Lost, there is too much difference in combat power!"

Lu Ming shook his head secretly.

Although both of them have the cultivation of Divine Emperor Jiu Zhong, the strong man of the Celestial Clan has a significantly higher combat power and possesses five-star combat power.

And the strong man of the destroying Heavenly Army has only Samsung's fighting power.

The two-star power is completely one-sided.

"kill!"

The strong man of the Celestial Clan struck and wounded his opponent, and the subsequent attack poured out like a storm, blasting towards the opponent.

The strong man of the Destruction Corps resisted with all his strength, but it was useless. After a few strokes, he was severely wounded and unable to fight again.

"Rebellious people, although you can't kill you here, but I want you to be harder than death!"

The strong man of the Celestial Clan looked sullen and rushed towards the strong man of the Destruction Army. He grabbed the opponent's feet and smashed it **** the ground.

With a bang, the brawny man of the annihilating army was covered in bones, and he didn't know how many of them were broken. He vomited blood, and the whole person was deformed. It looked miserable.

However, it did not die.

This was intentional by the Celestial Clan, he controlled his power very well, just tortured the opponent, and would not kill the opponent so easily.

"it is good!"

"Go on, let these rebellious people know our strength!"

"Haha, it's so cool!"

On the court, people from the Celestial Clan laughed.

As for people of other races in the universe, they did not intervene and remained silent.

Chapter 4398: Angel King Bloodline

However, the people on the other side of the annihilation are extremely angry.

"Hateful, warriors can not be humiliated!"

"Heavens, don't let me run into them, otherwise, I will make them regret!"

The roar on the side of the extermination force, both sides glared at each other, glared at each other, and the smell of gunpowder was full.

However, on the battle platform, the strong man of the Celestial Clan looked even more terrible, and said with a grin: "A group of lowly things are not humiliating, it is ridiculous, just kneel me!"

After his words were pressed with his big hand, a powerful force broke out, forming a rope-like force, which tied the man who was destroying the heavenly army. Under a entanglement, the strong man who destroyed the heavenly army fell to his knees directly on the ground.

what!

The strong man of the destroying Tianjun screamed in the sky with humiliation, and his eyes were full of shame and anger.

"What the **** is it, get out, lowly stuff!"

The strong man of the Celestial Clan kicked out, kicking out the man who destroyed the Heavenly Army, and flew out of the battle platform all the time.

When he flew out of the battle platform, his lotus flower flew over automatically, caught him, and then flew back to his original position.

However, the rhizome under the lotus quickly shortened from three feet high to two feet high.

The strong man of the Celestial Clan came out in one step and returned to his lotus. His lotus also flew back, but the roots under the lotus were three feet high and rose to four feet high.

Raised a foot.

"hateful!"

The people on the other side of the annihilation roared, feeling extremely unhappy.

Losing a game is nothing, mainly because the humiliation received is too great.

The Celestials sneered, their expressions contemptuous.

In the first competition, both the Heavenly Destruction Corps and the Celestial Clan were full of gunpowder.

At this time, there were two more lotus flowers flying towards the battle platform, near the battle platform.

This time, the two did not destroy the Tianjun and the Tianren tribe, but the masters of the two great tribes in the vast universe.

The fighting power of the two was not much different, and several hundred moves were fought, and one of the talents finally won with a slight advantage.

For the winner, the lotus root increased by one foot, and for the loser, it fell by one foot.

Then, two more people went up.

In this way, two-on-one battles are carried out continuously. Some of the strengths are very different, and they will soon be divided into wins and losses, but there are also some strengths that are almost the same, and it will take a long time to win or lose.

And, someone was killed on the spot on the battlefield.

However, once someone is killed, flesh and blood will fly back to the lotus, resurrected on the lotus, but the energy consumption is very large.

Seeing the resurrection of other people with my own eyes made everyone seem to have taken a pill, and the battles behind it became more intense, and it was completely forgotten.

A few days passed.

"It seems that as long as the Divine Emperor's nine-fold combat power is used, it will pass the assessment."

After a few days of observation, Lu Ming found that the 36,000 people who passed the screening had the lowest fighting power, and they all reached Divine Emperor Jiuzhong.

Note that it is the achievement of combat power, not the cultivation of cultivation.

As long as the fighting power has reached a sporadic fighting power, the Divine Emperor Nine Heavies can pass the screening.

Therefore, not all of these 36,000 people possess the cultivation of Divine Emperor Jiuzhong, and many of them are powerful, as long as Divine Emperor Eightfold, or Divine Emperor Seventh, or even Divine Emperor Sixth, can possess Divine Emperor Ninth. 'S combat strength.

Thirty-six thousand people compete in pairs, and it takes a short time to complete all of them.

Time, day by day.

Soon, half a month passed.

During the period, Qiuyue, Xie Nianqing, Dandan, Bubble and others all shot, and they did not encounter too strong opponents, nor did they touch those of the Celestial Clan, and they all won easily.

Their lotus roots have reached a height of four feet.

Lu Ming also saw Dark Night Rose, Emperor Sword One, Yin Jiuling several people shot, they are all a trick to solve the opponent, giving people an unfathomable feeling.

"The combat strength of these people is getting stronger and stronger. Without full effort, it is difficult to distinguish the true combat strength."

Lu Ming thought.

As for those daughters of the Heavenly Palace who came to power, their opponents directly admit defeat.

Because I don't need to compare and know that it must have been defeated, so why not save yourself some strength?

At this time, two more people came to power.

"Galbert!"

Lu Ming's eyes moved, because one of them was Gabbert.

The other one was a young man with a burly figure and his body exuded an ancient atmosphere.

This is an arrogance of the annihilation of the heavenly army, but a descendant of the primitive gods.
The breath is the breath of primitive gods.

"Your name is Gabbert, and I know you, Tianjiao on the universe's Tianjiao list."

The descendant of the primordial **** who destroyed the heavenly army said.

"Since I know my reputation, don't admit defeat?"

Gabbert said coldly, between the eyebrows, full of strong self-confidence.

"Confess? Hahaha, although your Gabbert is the arrogance of the universe arrogance list, but it is only at the end, in my eyes, it is really not very good."

The descendants of primitive gods laughed, full of contempt.

Those who destroy the heavenly army are also very disgusted with the angels.

Because, the angels are completely stray dogs of the heavens.

Since the endless years, there are not a few annihilators who have been hunted by angels.

"you wanna die!"

Being despised by the other party, a cruel killer flashed in Gabbert's eyes, and then a powerful breath erupted from his body, and twelve angel wings were stretched out behind him.

"Why is his angel wings golden?"

At the scene, there was a cry of exclamation.

Even Lu Ming's eyes flickered a few times, revealing surprise.

Because the wings of the angelic clan are almost pure white. According to legend, there are fallen angels with dark wings.

However, there are very few golden angel wings.

Only one situation will appear, that is the Angel King.

"God, is this the angel's wings, the blood of Gabbert, has it turned into the blood of the angel?"

"Is it really the Angel King?"

Many people have talked about it, especially the people of the top ten races. They are all the same race and naturally understand each other better.

The blood of the angel king, that is the blood of the angel clan legend, known as the strongest blood of the angel clan.

Gabbert, actually evolved into the bloodline of the royal family of angels?

"It's the royal bloodline, really the royal bloodline, why Gabbert can succeed!"

Some people spoke with unbelievable voices.

These are other arrogances of the angelic family.

Among the angels, Tian Jiao, who is as famous as Gabor and even more famous than Gabor, is most shocked.

The same as the angel family, they can see at a glance that this is the blood of the angel king.

Because they felt great pressure and fear under this pressure, it was fear of the superior.

"Hahaha, good!"

Outside, there were angelic elders laughing.

These are the existence of the angelic realm of Gods. Before the competition failed, they all retreated to the outside. At this time, they were very excited.

Chapter 4399: Gabbert's provocation

The existence of the angelic **** dominance is extremely exciting, while the existence of the other ten races of the **** dominance exists, but its face is a bit gloomy.

Because, for them, this is not a good thing.

The blood of the royal family of angels, once it reaches its peak, its strength will be terrible.

Moreover, the blood of the royal family of angels has unlimited potential, and in the future it will have the opportunity to impact the original environment.

Once the angels have an extra existence, their strength will be greatly improved, and it is not a matter of overcoming the other races of the top ten races.

Except for the Yaxian tribe, I am afraid that other races are not as good as the Angel tribe.

"This Gabbert, has such potential..."

The Tianjiao on the universe's Tianjiao list has a very dignified complexion. Even the top 10 Tianjiao are the same.

The bloodline of the royal family of angels is enough to threaten everyone in the universe's arrogance list, including the most terrifying existences in the top ranking.

The people outside the court have different moods, and on the battle platform, the descendant of the primitive god, but his pupils contracted, revealing a very dignified color.

boom!

He also erupted into a powerful breath, and his physique quickly grew into a giant beast.

This is the form of primitive gods.

It is the primitive ***** form that is the strongest state of battle for the descendants of primitive gods.

"Defeat me!"

The descendants of primitive gods roared, flung themselves, and rushed towards Gabort, and their claws grabbed Gabort, tearing him apart.

The Void vibrates, exuding terror.

"Seven Star Combat Power!"

Many people moved.

As soon as the descendants of the primitive gods shot, some powerful people felt it. The battle power of the descendants of the primitive gods reached the seven stars.

Of course, his cultivation practice is also in Divine Emperor Jiuzhong.

This kind of combat power is absolutely powerful. Indeed, Gabor, who is ranked at the end of the universe's arrogance list, can be ignored.

However, he didn't think that Gabbert had evolved into the bloodline of the royal family of angels.

Uh!

At this time, Gabbert moved, his body was shrouded in golden light, and rushed out, as if the entire body had been transformed into a golden war sword, slashing to the descendants of primitive gods.

puff!

A crisp voice sounded, the attack of the descendants of the original gods was instantly broken, the huge body stiffened, and only the golden sword light flashed, and the figure of Gabbert appeared in another direction of the battlefield. Emerged.

Then, you can see that the descendants of the original gods, from the heart of the eyebrow, a blood line appeared.

Moreover, the blood line became bigger and bigger, and finally covered the whole body.

"how is this possible?"

The descendants of primitive gods spit out a sentence full of incredible, and then touched, the huge body, divided in half, fell on the battle platform.

In one move, the descendant of this powerful primitive **** was killed.

Was killed by a stroke.

Many people took a breath, especially those arrogances that had competed with Gabbert before, even more terrifying.

It's too strong, killing Divine Emperor Jiuzhong in one move, and the descendants of primitive gods with seven-star power. What is this power?

Eight stars, nine stars?

Or higher?

But everyone has a common point of view, that is, Gabbert had an unimaginable adventure in Taishang Xiancheng, otherwise it would not be possible to make such great progress.

This is not the progress of cultivation, but the star power is too horrible.

Generally, the cultivation progress is very fast, but the star power will decline. If you want to improve it, it will be more difficult.

But Gabbert's cultivation not only madly increased to Divine Emperor Jiuzhong, but even the star-level combat power, soared numerous times.

This is really incredible.

Wow, wow!

At this time, the flesh and blood of the descendants of the original gods turned into a ray of light and flew towards the lotus. Then on the lotus, the bodies of the descendants of the original gods reappeared and were resurrected.

Only in his eyes, still with a sense of horror.

If it were elsewhere, he was really dead and killed.

Although resurrected at this time, but that kind of deep fear still exists, he was frightened by Gabbert.

At this time, Gabbert's eyes had already turned to Lu Ming.

"Muyun, no, I should call you Lu Ming!"

Gabbert's voice sounded, with indifference and disdain, and continued: "In the elven race, did you not challenge me, did you want to make a thousand-year contract with me, I hope you will not be eliminated so early, I can meet me later, I will let you die first!"

At the moment, Gabbert, full of strong self-confidence, seemed to be able to kill Lu Ming.

"Galbert, you are a defeated man, so soon I forgot to kill me until I broke my wings and escaped?"

Lu Ming said ironically.

This remark made Galbert's face cold and the murder in his eyes kept flashing. Recalling the last thing, he was filled with crazy killing intent on Lu Ming.

Broken wings for the angel family, it is a shame and humiliation, this is the stain of his life.

He vowed that he must kill Lu Ming in the future, otherwise it would be difficult to wash away his shame.

"At first, I was careless. This time, I will cut you with one hand!"

Gabbert said coldly.

It is not that he is too confident, but that he is fully confident.

Because the cultivation behavior exposed by Lu Mingzhan is only the eightfold of Divine Emperor.

Yes, everyone sees Lu Ming's cultivation behavior, but it's just Divine Emperor Bazhong.

Because, Lu Ming played a great imitation technique, imitating the breath of Divine Emperor Bazhong.

Great imitation, among the three thousand ancient secrets, can be ranked in the top three. It is indeed very mysterious. It can not only imitate the life breath of other people, but also imitate cultivation behavior, and outsiders can hardly see it.

Even if it is the existence of God's main realm, Lu Ming's specific cultivation practices cannot be seen.

In the face of Lu Ming, who has only the Divine Emperor Bazhong, Gabbert has strong confidence and can easily kill Lu Ming.

Many people looked at Lu Ming.

Now they all know that Lu Ming is Muyun, and many people have heard that Muyun and Gabbert made an appointment for a thousand years because of the fairy princess.

"If the two meet, it will be interesting!"

A thought flashed in many people's hearts.

"I also hope to meet you. I don't mind letting you break your wings again."

Lu Ming said coldly.

"It's useless to speak your tongue, try to survive!"

Gabbert said indifferently, stepped out, and returned to the lotus. His lotus rose one foot to four feet.

At this time, two more lotus flowers flew towards the battle platform.

One of them is Lu Ming.

"It's finally my turn!"

There was a smile on Lu Ming's mouth.

"It's Lu Ming's turn to see how strong he is."

"Lu Ming is a taboo body, and his combat strength is absolutely not weak. It is estimated that he can have ten stars!"

"The taboo body is really so strong?"

"It shouldn't be bad, but it's hard to reach eleven stars!"

Some people are talking.

"No, this person's combat strength may have eleven stars, can't be careless!"

At this time, a Tianren clan Tianjiao spoke, Ye Chuqian Yue.

Chapter 4400: Twelve star power, exposed

Everyone's heart was shocked, looking at Ye Chu Qian Yue.

Ye Chu Qian Yue, but a son of heaven.

A son of the heavens, who spoke in person, is no small matter.

"Did Ye Chuqian Yue and Lu Ming meet?"

"Lu Ming's combat strength is really so powerful?"

Many people were shocked by the remarks.

"Yellow Shikai, you can't be underestimated!"

Ye Chu Qian Yue said.

That's right, Lu Ming's opponent this time is also a Celestial Clan, and is a top Celestial Clan of Celestial Clan.

The two flew into the battle platform, standing opposite each other.

"Master Tianzi, rest assured, I will beat him!"

Yelu Shikai nodded, his eyes sharp as a sword, and looked at Lu Ming.

Zizizi...

On his body, a ray of white lightning spread out, covering his whole body.

This is the power of punishment.

The emperor spoke in person, Yelv Shikai, naturally dare not carelessly, despised Lu Ming, from the beginning, he used the power of punishment.

The power of heavenly punishment was constantly interwoven and condensed around Yelu Shikai's body, and finally turned into a goshawk.

The four kinds of supernatural power, different people master, will have different usages, each individual's usage is different.

This man's usage is different from other people's. He actually turned the power of heaven's punishment into a goshawk, covering his whole body.

Uh!

The goshawk flapped its wings and rushed towards the landing.

The gusty wind, the void is constantly bursting, and the violent strength squeezed towards the landing.

boom!

Lu Ming held the palm of his hand in a void, a long spear spun out, and a spear pierced out, colliding with the claw of the goshawk.

With a violent roar, Gunman and Thunderbolt swept in all directions, and then the two figures retreated backward.

This move is equally divided.

what?

At the scene, most people's pupils shrank, showing shock.

They were shocked by Lu Ming's combat power.

Just now, Lu Mingzhan revealed that it was indeed Divine Emperor Bazhong's cultivation practice, but, with Divine Emperor Bazhong's cultivation practice, it actually blocked Yelv Shikai's attack, which was terrifying.

Because everyone has seen that Yelu Shikai's combat power has reached nine stars.

Lu Ming's cultivation practice was one lower than that of Yelu Shikai, and it could actually block Yelu Shikai's attack. Doesn't it mean that Lu Ming's combat power reached twelve stars.

Sisisi...

A cold breath sounded.

Twelve star power, this is too scary.

You know, the four heavenly palaces have a total of nine concubines.

Most celestial beings are only eleven stars.

Doesn't it mean that Lu Ming surpassed most of the emperors and celestial women in the World War I at the same level?

The power of taboo is so horrible?

No wonder even Ye Chuqian Yue made a reminder.

"This son, can't stay!"

Outside Taishang Xiancheng, an old Tianzun spoke.

His old eyes were filled with cold murders at this time.

He is a giant in the Temple of Heaven. The existence of the original realm has lived for a long time. He knows how terrifying it is to have twelve-star combat power in the Divine Emperor Realm.

As long as he is alive, he will probably be a master of the ancient court, or the existence of the flying phoenix, and become the enemy of the heavenly palace.

Such people must find ways to get rid of them.

"Yes, this time when the matter is over, we must find a way to get rid of it and not let it grow."

Another Tianzun also spoke.

"Who are you going to get rid of? Go through my level before I talk!"

A cold voice sounded, naturally from Feihuang.

The flying phoenix skirt fluttered and stood on a black lotus, like a demon in a demon.

"Humph!"

A few Tianzun snorted, but they were still quite afraid of Feihuang, not much to say.

On a lotus, Gabert's pupils shrank suddenly.

"Twelve-star combat power, Lu Ming, really has twelve-star combat power!"

Gabbert whispered, and he was very shocked, but soon, the shock turned into a stronger killer.

After all, he had fought with Lu Ming and fought fiercely. At that time, he had lost his hands to Lu Ming by virtue of a higher degree of cultivation, and finally broke his wings and escaped.

At that time, he guessed that Lu Ming's combat power was either eleven or twelve stars.

It was confirmed at this time that although he was shocked, he quickly reacted.

"Lu Ming, even if you have a twelve-star combat power, I will still kill you!"

Gabbert drank low, still confident.

On the battle platform, Yelu Shikai was extremely shocked and watched the landing song incredulously.

"This is all your strength. It's not enough to kill me!"

Lu Ming mocked.

"It's enough to kill you!"

Yelu Shikai shouted and continued to fight Xiang Luming.

A goshawk, completely condensed by the power of heaven punishment, sharp claws sharper than the weapon of the Divine Soldier, grabbed Lu Ming's head.

call out!

Lu Ming wielded his spear, striking his gun, and fought against Yelu Shikai.

boom! boom! ...

This time, the two played fast, clashed constantly, collided constantly, and in a flash, they had dozens of moves.

However, it is still indiscriminate.

"Kill, kill, kill!"

Yelu Shikai killed his eyes and drove the fighting power to the extreme, constantly slamming towards the landing.

Lu Ming also urged the fighting power to the extreme, and fought against each other.

However, Lu Ming will always maintain Xiuye in the Eightfold Divine Emperor.

The reason why he concealed his cultivation behavior was that he was afraid of revealing higher cultivation behaviors. Those in the Temple of Heaven were afraid. As soon as he saw him, he confessed directly, which was boring.

Here, although you can't really kill the people of the Celestial Clan, can you also abuse the other? It can also attack the morale of the Celestial Clan and their high stance.

And Nagabert...

He wanted to see if those people had decided what he looked like, and the expression when he was finally turned over by him was definitely very interesting.

Soon, the two killed more than two hundred moves.

At this time, Lu Ming began to gain the upper hand.

Because of the battle of hundreds of moves, Yelv Shikai was unable to survive.

Consistently urge the power of natural punishment, the consumption is very large.

And Lu Ming's power has always remained at its peak.

"Yellow Shikai, be defeated!"

"The power of taboo, the strength is long, the battle at the same level, the advantage is great!"

"Yellow Shi Kai, quickly concede defeat!"

The people of the Celestial Clan talked about it, and some people even called Yelu Shikai to admit defeat so as not to be humiliated.

"Want to admit defeat? Late!"

Lu Ming's eyes flashed, his figure moved, and suddenly disappeared from his place, appearing behind Yelv Shikai.

Great Aurora, start!

call out!

Then, a spear burst out and stabs towards Yelu Shikai's Dantian.

too fast!

Yelu Shikai was already weak, and he was too late to try to evade.

His Dantian was directly pierced by the gun.

what!

Yelu Shikai screamed and suffered endless pain.

"I..."

Yelu Shikai just shouted to admit defeat.

But Lu Ming slapped out with a slap and slapped on Yelu Shikai's face.

With a snap, one face of Yelu Shikai was smashed. The powerful force directly destroyed Yelu Shikai's tongue, throat, etc., making him unable to make a sound.

Admit the two words and never shout out.
