

D Emperor 4411

Chapter 4411: Step on

Yes, Lu Ming's opponent in this round is Ye Chu Qian Yue.

Lu Ming stepped out and landed on the battle platform.

Ye Chu Qian Yue also landed on the battle platform, standing opposite Lu Ming, but his face was extremely ugly.

He stared dimly and solemnly at the face, and the power of the sky covered his body, a very nervous look.

"Yechu Qianyue, we finally got up, very good, let's go!"

Lu Ming said.

But where did Ye Chu Qianyue dare to shoot, he stared at him in a motionless manner, prepared for it, and dared not to shoot easily, because once he shot, it would reveal flaws.

"Yechu Qianyue, don't you want to admit defeat? I remember that you sang with Gabbert before, and I was determined to kill me. I said that I would kill me once. Where did you go? I am standing here now, come and kill me!"

Lu Ming continued to shout.

"Damn..."

Ye Chu Qianyue roared in his heart, a face twisted by anger.

Lu Ming picked up his scar in public and hit his face in public.

Yes, not long ago, he threatened to kill Lu Ming once and let Lu Ming regret to offend him.

Now, Lu Ming is standing in front of him, but he dare not start.

In fact, he knew clearly that he was not Lu Ming's opponent. If he wanted to deal with Lu Ming, he would probably insult himself.

The end of the Celestial Clan who played against Lu Ming before is still vivid.

But don't take the initiative to admit defeat.

He is the son of the heavens, he admits defeat without fighting, and he is ashamed.

But in the case of war, it is likely to be humiliated by Lu Ming.

Ye Chuqian Yue, caught in a dilemma.

Mainly because he boasted about Haikou before, now no matter what choice he makes, the degree of embarrassment must be doubled in combination with the previous one.

If he didn't have what he was before, he fought hard, even if he failed, that's fine.

But with his own words, it was different.

No matter what choices he makes, his reputation with the Celestial Clan will definitely be hit hard.

His strength, among the nine emperors and goddesses, was at the end. One of the two powers of heaven was not successful.

If prestige is hit again, it will be very detrimental to his future development.

He really hated Lu Ming, thinking that all this was caused by Lu Ming.

Lu Ming could not care what Ye Chu Qianyue thought, at this moment, he sneered: "Since you don't admit defeat, then fight!"

The voice fell, Lu Ming stepped out, like a phantom, rushed to Ye Chuqianyue.

Ye Chuqianyue's face was very dignified, and the last time he gritted his teeth, his body retreated backward.

In the process of retreating backwards, his body shuddered, and then other figures continued to differentiate.

In a blink of an eye, dozens of Yechu Qianyue figures appeared on the battle platform.

Dozens of figures walked around the battle platform, and at the same time, a white flash of lightning kept slamming toward the landing.

Ye Chuqianyue, knowing that head-on confrontation, is definitely not Lu Ming's opponent, so he intends to use the way of fighting, entangled with Lu Ming, and then find a chance to admit defeat.

In this case, his shame would be lighter.

But how could Lu Ming not know his thoughts? Will he be given this opportunity?

Uh!

Lu Ming rose into the sky, dashed into the sky, then dived down toward the battle platform.

At the moment of diving, Lu Mingshi exhibited a sky-breaking style, and his entire body was transformed into a spear.

The spear shook, and the endless spear burst out, killing dozens of figures toward Ye Chu Qian Yue.

The guns were densely packed, and all the figures of Ye Chu Qian Yue were shrouded in, allowing him to escape.

Seeing that they couldn't avoid these guns, Ye Chuqian Yue roared and exploded the power of the two supreme heavens to the extreme, struggling to fight.

However, Lu Ming now has a twelve-star power, and Ye Chuqian Yue, in the eleven-star power, is considered weak, confronting head-to-head, can't stop Lu Ming's attack.

Under the piercing of the gun, the figures of Ye Chuqian Yue were constantly pierced by the gun and disappeared into energy.

In the end, there was only one figure left on the battle platform, constantly moving, avoiding the attack of the gun.

This figure is the body of Ye Chu Qian Yue.

"kill!"

Lu Ming sipped, with a taboo in his hand, condensed a spear, and then threw it out with all his strength.

The spear turned into a brilliant light and pierced Ye Chuqian Yue.

It was too fast, Ye Chuqian Yue wanted to dodge, but found that it was locked, it was impossible to avoid.

"Ah, block me!"

Ye Chu Qian Yue roared, long golden hair flying, two kinds of Xeontian forces exploded in madness, converged into an attack, and attacked the spear, trying to block it.

boom!

The two attacks blasted together, bursting into a thunderous roar, full of energy.

However, the confrontation between the two attacks did not last long, just a few moments, Ye Chuqianyue's attack could not withstand and was continuously defeated by the spear.

Finally, the spear successfully penetrated Ye Chu Qianyue's attack, and also pierced Ye Chu Qianyue's chest.

The spear pierced through Ye Chuqianyue's chest. If the battle platform was not too hard, Ye Chuqianyue would be nailed to the battle platform.

Even so, the incomparably powerful force on the spear took Ye Chuqianyue and slipped away.

Ye Chuqianyue was slid by the spear while vomiting blood, while running full force to resist the horror energy contained in the spear.

If you can't resist, the energy of the long gun sound is enough to explode him completely.

Even so, Ye Chu Qian Yue was also hit hard.

Lu Ming followed, catching up with Ye Chuqianyue, and stepped on Ye Chuqianyue's head.

"Ah, I admit defeat, I admit defeat..."

Ye Chu Qian Yue shouted wildly.

If he does not admit defeat, he will be stepped on Lu Ming's face in public, which is an unbearable shame for him.

Admit defeat, at least better.

Originally, he thought that Lu Ming would end up defeating, but unfortunately, he was wrong.

Lu Ming had no intention of closing his foot. With a touch, Lu Ming's foot stepped heavily on one side of Ye Chu Qian Yue's face. The violent force pressed Ye Chu Qian Yue's head and smashed it towards the battle platform. .

Ye Chu Qian Yue's other face was heavily smashed on the battle platform, violently shaking, and the blood and blood of one face was smashed.

"Ah ah ah ah ah..."

Ye Chuqianyue struggled madly and screamed like crazy.

He was really stepped on the face by Lu Ming.

And he is the son of the heavens,

This is a great shame.

Not only is it difficult for Ye Chuqianyue to accept himself, but it is also difficult for other Celestials to accept. His eyes are red with blood, and the cold murderous opportunity is filled.

"Lu Ming, you fouled, just now Ye Chuqian Yue, already conceded defeat, you will step on your foot, you foul, the spirit of the fairy city, please punish him!"

A Tianjun from the Celestial Crow roared.

Chapter 4412: Seven Twelve Stars

There is also a rule in the fight for the original seeds. Once one side concedes defeat, the other cannot continue to attack.

In case of fouls, they will be punished.

Therefore, the Tianjun will yell.

"Nonsense, where did I foul? Before Ye Chuqian Yue yelled to admit defeat, my foot had already stepped out. He temporarily yelled to admit defeat. Where did I close my foot, because of inertia, I continued to step on, I am not. If you want to blame it, you can only blame him for confessing too late."

Lu Ming said lightly.

"You... sophistry!"

The Tianjun shouted.

"Lu Ming, no foul!"

At this moment, the old voice of Taishang Xiancheng sounded again.

The Celestials almost vomited blood.

"Damn, damn, damn..."

"Damn, damn, damn..."

The hearts of the Celestial Clan kept roaring, and the raging anger seemed to burn them up.

However, Lu Ming couldn't help it.

"Come on, the Son of Heaven is capable of this!"

Lu Ming waved his hand, a force rolled out, Ye Chuqian Yue's body flew out, flew out of the battle platform.

"Lu Ming, don't be too arrogant now, I'm waiting to fight you!"

Around another battle platform, Ye Chu's heavenly machine shouted.

Because of Lu Ming's remarks, he also scolded Ye Chu Tianji, and devalued the Son of Heaven.

"Oh, Ye Chu Tianji, are you going to challenge me? I advise you to think twice before you speak. Don't engage in the same dilemma as Ye Chu Qian Yue, and hit your own face."

Lu Ming sneered.

Lu Ming's meaning is obvious, so that the other party should not be so full of words, so as not to step down from the back.

However, the voice is full of ridicule, how could Ye Chutianji not hear it?

"Lu Ming, although you also have twelve stars, but even if they are both twelve stars, there are also strengths and weaknesses. I will suppress you..."

Ye Chutian was very confident.

Since his cultivation, he has not suffered a defeat at the same level, even if Ye Linghongye, and he is only between Bo Zhong, he has long developed a belief in invincibility.

Even Lu Ming has twelve-star combat power, and even if Lu Ming controls the taboo body, he is confident that he can suppress Lu Ming.

The power of the strongest sky is not necessarily weaker than the power of taboos.

"Really, I hope you can do it!"

Lu Ming grinned and retreated back to the lotus.

In this way, Lu Ming achieved a ten-game winning streak, and Ye Chuqian Yue's winning streak ends here.

The competition of various battle platforms continues.

But from time to time, a splendid battle will erupt.

On every battle platform, there are terrible powerhouses. Those gods and daughters are not invincible and not without opponents.

Behind, Dark Night Rose, Yin Jiuling, Qiuyue, etc., shot one after another and faced the emperor and the goddess.

Among them, the night rose easily won, and shocked everyone again.

Twelve star power!

Yes, another peerless demon with twelve star power appeared, that is the night rose.

Soon after, Pantheon also defeated a Son of Heaven, and also showed a twelve-star power.

Everyone at the scene was already numb.

When is the twelve-star combat power so worthless?

Up to now, there are three people in the Celestial Clan with twelve stars.

They are Ye Qiuxian, Ye Chu Tian Ji and Ye Ling Hong Ye.

In addition to the Celestial Clan, there are more twelve-star forces.

Lu Ming, Xie Nianqing, Pantheon, Night Rose.

In the past, the existence of twelve-star combat power was enough to suppress the universe for an era.

Now, there are seven such characters at once.

It is really rare since the birth of the universe.

And there are even more eleven stars.

Seven Heavenly Men and Heavenly Daughters.

Dandan, Bubble, Qiuyue, Ling Yuwei, Emperor Sword One, Yin Nine Souls, and several of them.

It is worth mentioning that there is also an eleven-star combat power on the universe's Tianjiao list.

This is also beyond everyone's expectations. Before that, everyone thought that the strongest person in the universe's arrogance list had only ten star power.

This person is the one who ranks first in the universe's arrogance list, a peerless demon of the top ten ethnic races, Lingheng.

This person is very talented and has control over the two ancient characters 'fire' and 'wind'.

In this way, the existence of eleven-star combat power reached as many as a dozen people.

On average, each battle platform has more than three eleven stars.

It is conceivable that the following competition will become increasingly fierce.

However, Lu Ming, their battle platform, eleven stars or more, only Lu Ming, Ling Yuwei and Ye Chuqian Yue.

After defeating Ye Chuqian Yue, Lu Ming had no opponents, and each opponent predicted that he would directly admit defeat.

Lu Ming went on a winning streak all the way and quickly reached a 16-game winning streak.

There are still two competitions, and Lu Ming's competition on this battle platform is all over.

In the seventeenth game, Lu Ming finally met Ling Yuwei.

On the battle platform, the two stood opposite each other.

Ling Yuwei's eyes looked at Ming Ming with a complex look, like sadness and resentment, like love and hatred...

Lu Ming sighed in his heart, and then said: "I..."

Lu Ming wanted to admit defeat directly.

Although in the real battle, Ling Yuwei could not be his opponent, but in his heart, he always felt that he owed Ling Yuwei. In this battle, he would not compete with the other party and wanted to give this victory to the other party.

"I surrender!"

But Lu Ming hasn't said it yet, Ling Yuwei's voice has already sounded first.

The voice fell, Ling Yuwei had turned away and returned to the lotus.

Lu Ming was startled, and then returned to the lotus.

"This guy is really merciful everywhere!"

Not far away, Xie Nianqing muttered.

The expressions of Lu Ming and Ling Yuwei naturally fell in Xie Nianqing's eyes. With her intelligence, how could she not see the problem.

However, after experiencing so many things, Xie Nianqing is no longer the girl, and many problems have already been seen.

She knew that it was impossible for someone to tie Lu Ming around.

Such a person as Lu Ming is destined to be impossible to have only one woman.

It was exactly the same as the father of her previous life.

In this way, Lu Ming achieved a 17-game winning streak.

At the beginning of the eighteenth game, there was no suspense. Lu Ming's opponent directly conceded.

In this way, Lu Ming maintained an 18-game winning streak on this battle platform, just like Ling Yuwei.

But Ling Yuwei still has one final battle to fight, that is Ye Chuqian Yue.

The two met in the last game.

"kill!"

As soon as he stepped onto the battle platform, Ye Chu Qian Yue shot, and he shot with all his strength.

The power of the punishment in the right hand, the power of the annihilation in the left hand, and the power of the two strongest heavens turned into terrible attacks, killing Ling Yuwei from the left and right sides.

Ling Yuwei took a sip, and a towering ancient tree emerged behind her. The roots were stuck in the void, and a large amount of essence flowed into Ling Yuwei's body.

In Ling Yuwei's hand, a battle bow appeared, and an arrow condensed out, pierced the void, and shot at Ye Chu Qian Yue.

Chapter 4413: Weakness of Arrow Road

Ling Yuwei and Ye Chu Qian Yue, at the same time, urged the fighting power to the peak, launching the strongest blow.

A splendid arrow, flying through the sky, seems to be able to penetrate everything and collide with Ye Chuqian Yue.

With a bang, like a star burst, a gorgeous glow burst out.

In the violent roar, the arrow burst, but Ye Chuqian Yue's attack was also blocked. He was violently shaken, and he was driven back by the powerful force.

In the head-on confrontation, it was Ling Yuwei who had the upper hand.

The single-point attack power of Arrow Road is too strong.

After shooting an arrow, Ling Yuwei bent the bow again, and a huge arrow condensed out and aimed at Ye Chuqian Yue.

The cold luster flashed in Ye Chu Qian Yue's eyes, his figure shivered, split into several figures, and rushed towards Ling Yuwei.

His speed is very fast, constantly flashing, when Ling Yuwei's arrows rushed, he successfully evaded the arrows, and then quickly rushed towards Ling Yuwei.

The best way to deal with people who practice arrows is to narrow the distance between the two sides.

Once the distance is shortened, the power of Arrow Road cannot be fully exerted.

The head-on confrontation, the arrow path is too strong, extremely unwise, Ye Chuqian Yue is clearly aware of this.

Ling Yuwei's face changed slightly, her figure drifted back, and at the same time she continued to pull the bowstring. With a hum, an arrow flew out.

However, after this arrow flew out, it did not move forward, but changed constantly, and transformed many arrows.

In an instant, dozens of arrows appeared in the air, and these arrows all flew towards several figures of Ye Chuqian Yue.

Moreover, these arrows are controlled by Ling Yuwei, who can turn freely in the air and change freely.

咻咻咻...

Dozens of arrows, like dozens of flying swords, chased Ye Chuqian Yue.

The several figures differentiated by Ye Chuqian Yue, each one looks like a real body, and each one has a strong attack power.

With the power of punishment, he condensed a war sword, and a sword was cut out, and dozens of white lightnings burst out and attacked the arrows.

Once an arrow approaches, it will be blocked by the force of natural punishment.

The distance between Ye Chu Qian Yue and Ling Yu Wei is getting closer.

He didn't ask for merit, but he asked for nothing. He focused on shortening the distance with Ling Yuwei. Ling Yuwei couldn't help him for a while.

Finally, the distance between the two sides is only within a kilometer.

For them, the distance of kilometers is equal to none.

However, this distance is too short for Ling Yuwei, so the power of the arrows he shoots cannot be maximized, which is very bad for Ling Yuwei.

"Kill, kill!"

Ye Chuqian Yue shouted and turned the two strongest powers to the extreme. The two strongest powers were entangled together, turned into a beam of light and slammed into Ling Yuwei.

At such a short distance, Ye Chuqian Yue's attack speed surpassed Ling Yuwei.

Ling Yuwei can only keep dodge, and occasionally open a bow to fight back.

However, it did not have much impact on Ye Chu Qian Yue, she fell completely in the wind.

"It's going to fail!"

Lu Ming secretly said.

Ling Yuwei is very disadvantaged in confrontation alone.

It is not that Ling Yuwei is not strong, but Ling Yuwei is restrained.

Arrow Road, the attack power is absolutely not said, single-round attack power, Ling Yuwei also surpassed Ye Chuqian Yue, but Arrow Road's weakness is too obvious.

The difference in strength is quite good, one arrow shot, the other party has no time to dodge.

However, when the strength is similar, if you fight alone, Arrow Road is more disadvantaged, and it is easy to be restrained. Once you get closer, the situation will be very unfavorable.

The people who practice Arrow Road are best at cooperating with others.

For example, Ling Yuwei cooperated with Lu Ming, Lu Ming stepped forward to attack and blocked others, and Ling Yuwei kept the bow in the back, the power of the arrow road will be exerted to the extreme, and the threat will also be greatly enhanced.

There are many ways to practice, solo fighting alone may not be strong, but with the cooperation of others, the power will be extremely scary.

This is true of the Arrow Road, the way of the formation and the time and space of the bubble is even more so.

If he is alone, his attack power will not be particularly strong, because it takes time to form an array. The longer the time, the stronger the power of the array.

Therefore, fighting alone will lose money. If you cooperate with other people and give him enough time to set up, the power will be extremely scary.

Of course, the life-saving ability of Dandan is first-class.

The power of time and space of the bubble is also known as the king of assistance.

These cultivation methods are not not strong, but need to cooperate with others in order to exert the strongest power.

Ling Yuwei is at a disadvantage.

The two sides confronted a few more tricks. Ling Yuwei was careless and was hit by a white lightning. A black hole appeared in the abdomen. The powerful force took her back suddenly.

It has been backed by a distance of 10,000 meters before stabilizing his body.

However, after Ling Yuwei stabilized her body, she didn't stop. She stepped and rushed out of the battlefield at an alarming speed.

Ling Yuwei, this is going to admit defeat.

She already knew that under restraint, she certainly couldn't win the opponent, so she might as well admit defeat.

"Give me an confession!"

Ye Chu Qianyue shouted and continued to rush towards Ling Yuwei.

Out of the platform to admit defeat and open to admit defeat, although both admit defeat, but the meaning is different.

He asked Ling Yuwei to admit defeat in person.

However, Ling Yuwei apparently did not intend to speak. While retreating, she continued to open her bow and flew arrows to Ye Chuqianyue.

In this way, Ye Chuqianyue's speed can be blocked.

In this way, Ling Yuwei has rushed out of the battle platform and returned to the lotus.

In this way, Ye Chuqianyue could not continue to attack.

"Humph!"

Ye Chu Qianyue snorted and retreated back to the lotus.

In this battle, Ye Chuqianyue won.

After a few more games, the battle on this platform is all over.

The record of this battle platform has also come out.

Lu Ming has won eighteen in a row and ranked first.

Ye Chuqianyue had seventeen wins and one loss, ranking second.

Ling Yuwei has 16 wins, two losses and ranks third.

.....

However, there are still a few battle platforms, and the battle is still not over, you need to wait.

After all, the time taken for each fight is not the same. Some battle platforms require longer time, and some battle platforms require shorter time, which is normal.

They waited another two days, at which time all the fighting was over.

"Okay, now the seven battle platforms are all over. The top seven of each battle record can enter the top forty-nine and get the position of the fourth grade, which can better connect the universe sea."

The old voice sounded again.

The top seven of each battle platform naturally showed joy, but those who did not enter the front seven shook their heads and sighed.

Chapter 4414: Challenge opportunity

"Now I announce the rules for entering the third position!"

"There are fourteen positions in the first three grades, four positions in the first two grades, one position in the first grade, one in total, and the following competitions directly determine the ranking from the first to the fourteenth. That's it!"

The old voice sounded again.

Everyone was shocked.

It seems that in the following games, we must directly select the top 14 rankings.

The next battle will be the final battle, with the top priority.

"However, it is not forty-nine of you who are eligible to participate in the next competition, because it is not necessary, I decided that the top three of each battle platform are eligible to participate in the final competition!"

The old voice continued to announce.

"what?"

Many people's faces changed.

Only the top three of each battle platform can participate in the final competition, the other people are equal to stop here, eliminated?

Some people suddenly showed unwillingness.

In particular, there are a few with eleven star power.

In particular, there is a son of heaven.

According to the rules announced by the old voice, the top three of each battle platform are only eligible to participate in the subsequent competition. The seven battle platforms add up to 21 people.

However, the total of more than eleven stars on the scene is more than twenty-one.

At present, Lu Ming, Xie Nianqing, Night Rose, Pantheon, Ye Chu Tian Ji, Ye Ling Hong Ye and Ye Qiu Xian are suspected of possessing twelve-star combat power.

A total of seven people.

There are seventeen people with eleven stars.

The two together add up to twenty-four.

In this way, three people with eleven-star combat power are excluded. The three people are naturally unwilling to think that they still have a chance to compete.

These people have not spoken yet, and the old voice rang again: "I know that some people will not be reconciled, thinking that they are bad luck, they are in a battle platform, there are too many masters, so I will give you a chance."

"The fourth place to the seventh place of each battle platform have a chance to challenge. Twenty-one people can be challenged. Among the twenty-one people, you can choose any one. As long as you can defeat the other party, you can replace the other. position!"

"Remember, everyone has only one chance, and they can't all challenge the same person."

"Now, get started!"

The old voice announced.

When the old voice fell, the seven battle platforms in the air began to converge, and finally converged into a battle platform.

And the top three of each battle platform are around the battle platform.

The fourth to seventh places on each battle platform are backwards and far away, but they have not been sent out of the mask, which means they still have a chance, everyone, and a chance to challenge.

There were 28 people who had a chance to challenge. These 28 people suddenly glanced at Lu Ming and others.

Of course, Lu Ming, Xie Nianqing, Pantheon, Dark Night Rose, Ye Qiuxian, Ye Chu Tianji and Ye Ling Hongye were suspected of having twelve-star combat power, and they were directly ignored by them.

The twelve-star combat power is not something they can deal with, so no need to consider.

Their goal is the other eleven-star combat power, especially Ling Yuwei and Dan Dan, who can easily be restrained by fighting alone.

"I'll come first!"

Immediately, a voice sounded, coming from the existence of a cosmic arrogance list.

This person, ranked second in the universe's arrogance list, named Ningtai, is also very powerful and has a ten-star extreme combat power.

He responded quickly, others were still observing, he directly challenged.

"allow!"

The old voice sounded, and the lotus at the foot of Ningtai flew out automatically.

"Damn, he was the first!"

"Damn, I hope not to select those people!"

Others roared in their hearts, especially the three Tianjiao with eleven-star combat power. They roared in their hearts, filled with annoyance, and blamed themselves for being a step behind.

They were already staring at Ling Yuwei, a few people, and secretly prayed not to be selected by Ningtai.

Because they were selected by Ningtai, they would have no chance, and they could only challenge others later.

"I choose her!"

Ningtai reached out with a finger at Ling Yuwei.

really!

Many people nodded in their hearts, and Ningtai really chose one of these people.

"hateful!"

The three eleven-star geniuses shouted in their hearts, very unwilling, a person who was easier to deal with was chosen.

The lotus at the foot of Ling Yuwei flew forward and flew towards the battle platform.

The two flew to the battle platform and came opposite each other.

"boom!"

On Ningtai, a strong breath erupted, his eyebrows glowed, and a golden light burst out. The whole person was enveloped by the golden light, and his body seemed to turn into a piece of metal.

"This is... the ancient characters!"

Lu Ming moved.

Looking up close, and with the other party urging them all, Lu Ming can easily see that the other party is also in control of the ancient characters.

Ningtai's eyebrows have an ancient word, looming, carefully discerned, can be seen, it should be a 'gold' word.

With a snap, Ningtai rushed towards Ling Yuwei, who also used Ye Chuqian Yue's tactics to bring the two closer.

He only has ten-star combat power, and Ling Yuwei has eleven stars. If the distance between the two sides is not shortened, the front will be tough, he may not even be able to stop Ling Yuwei with a single arrow.

Only by getting closer and attacking the opponent's short board will he be able to win.

However, this time Ling Yuwei did not retreat. Behind her, a towering tree was rooted in the void, and a large amount of essence was constantly flowing into Dao Lingyuwei's body to continue her strength.

She did not attack, and Ren Ningtai approached.

Soon, the distance between the two sides was within a kilometer.

"good chance!"

Ningtai's eyes lit up, he sipped, and golden light burst out, and dense metal weapons appeared around his body.

These are not the magic soldiers brought out from outside, but evolved with the 'Gold' word formula.

Dozens of weapons killed Ling Yuwei.

At this moment, Ling Yuwei suddenly burst into dense arrows.

These arrows actually burst out from her pores.

I don't know how many people have small arrows that converge like a shield.

Keng! Keng! Keng! ...

Ningtai's attack, bombarded on the shield where the arrows converged, gave a violent shock, but in the end, it was blocked.

"Ten-star combat strength, thought it would be useful to get closer, really naive!"

Ling Yuwei sounded with a cold voice, and then her body arched.

The body is bent backwards, the hands and feet are connected, and the whole person is like a general bow.

With a hum, Ling Yuwei's body vibrated like a bowstring, and then the whole body bounced out. The moment it popped up, it turned into an arrow and shot at Ningtai.

Ningtai's face changed wildly. In his eyebrows, the original ancient word 'gold' flew out, and a metal weapon was condensed out, slashing the arrows transformed into Ling Yuwei.

Chapter 4415: Twenty-one

boom!

With a violent roar, the weapon cut by Ningtai continued to shatter.

In an instant, all the weapons broke apart.

Although Ling Yuwei's arrows had been dimmed, they still saved some power and continued to shoot at Ningtai.

With a bang, Ningtai's chest exploded with a big hole, and his body retreated back to the edge of the battle platform before stopping. His face was white and his mouth vomited blood.

"The eleven-star combat power is closer, maybe it will be useful to me. The ten-star combat power also wants to use the same method, which is ridiculous!"

Ling Yuwei said that she seemed to vent all her grievances against Lu Ming. Her long skirt flew, a battle bow condensed out, and an arrow appeared, aiming at Ningtai.

At such a long distance, Ling Yuwei's arrows can exert the most powerful power.

Ningtai felt tight all over his muscles, and a strong sense of crisis enveloped his body.

He had been injured by the move just now, and now he has opened the distance. In the face of Ling Yuwei's strongest blow, he will definitely not be able to stop it, and he will probably be killed by a single arrow.

Although you can be resurrected after being killed here, but no one wants to try the taste of being killed.

"I surrender!"

Ningtai shouted and admitted directly.

Seeing Ningtai admit defeat, Ling Yuwei also dispersed his bow and arrow, and his breath converged.

Lu Ming nodded silently, this scene was in his expectation.

After all, Ningtai and Ling Yuwei are one star apart.

The same method is useful for Ye Chu Qian Yue, but not necessarily for Ning Tai.

Although Ling Yuwei is not capable of close combat, facing opponents of the same level and the same star power will be in a weak position.

But it does not mean that in the face of an opponent whose star power is weaker than himself, he will be helpless.

Although her melee ability can't deal with Ye Chuqianyue, but she can deal with Ningtai.

Therefore, Ningtai failed.

"Challenge failed, go out!"

The old voice sounded, and then a force applied to Ningtai's body. At the next moment, Ningtai's body disappeared from its place and appeared outside the mask.

He was eliminated, by a participant, became a bystander.

Ling Yuwei, however, stabilized the first 21 places, and the others could not continue to challenge him.

"I will challenge!"

"I challenge!"

...

At this time, five or six voices sounded at the same time.

This time, five or six people challenged at the same time, fearing that their favorite object would be selected by others.

"You speak first, challenge first!"

Old Cang influenced him, and then a lotus flower flew forward.

This is an emperor, with eleven star power.

This person is overjoyed.

Others are secretly angry.

They were a bit slower than the other, and the result was one step ahead of the other.

"I want to challenge him, that world turtle!"

This emperor pointed at once.

He really chose Dandan, singles alone, Dandan is really not strong.

"Nima, I'm so bully!"

Dandan was extremely upset, and gritted his teeth.

But being challenged, Dandan cannot refuse.

The two set foot on the battle platform and the confrontation began.

Dandan retreated from the beginning, and then frantically set up. In each of his pores, runes flew out, and a large formation emerged. In an instant, the entire battle platform was covered with formations.

However, this is only a short-term formation, although the number is large, but ultimately the power is limited.

The Celestial Clan, who also controls the power of the two supernatural powers, is very powerful when combined.

With every move, a large formation was defeated.

Despite the continuous deployment, the speed of deployment is still not as fast as that of the other party.

The two entangled for more than half an hour, after all, they still fell down, lost to each other, and were defeated.

"Mad, if you give me a little more time, I will make you a bastard, bah, a dead dog..."

After being scolded, he was finally sent out.

Subsequently, the challenge continued.

Next, there was another eleven-star master who challenged the bubble, but in the end, the person failed and lost to the bubble.

Subsequently, the existence of the third eleven-star combat power also launched a challenge. He challenged a demon who destroyed the heavenly army.

But it still ended in failure.

Since then, the existence of the three eleven-star power has been challenged, and some ten-star power remains.

The people looked at each other, their faces dignified.

Several easy-to-target ones have been picked out, and none of the remaining ones are easy to deal with.

In the end, there were several ten-star forces that were not reconciled and challenged successively, but in the end, they were all defeated in a crushing way, and some were even killed on the spot.

As a result, the remaining people shook their heads and gave up the challenge.

It doesn't make sense anymore, the gap is too great, even if challenged, it is impossible to succeed.

In this way, twenty-one people who were eligible to participate in the next competition were determined.

"The following rules are also very simple. As before, everyone has to take turns against the other twenty people, and finally ranks by record to select the strongest fourteen people!"

"First place, get the position of the first grade!"

"Second to fourth place, get the second grade position!"

"Fifth to fourteenth place, get the third position!"

"Compare, let's get started!"

When the words fell, the two lotus flowers flew towards the battle platform.

"It's Ye Chutian Ji!"

"Another person, the destroyer of the sky!"

There was a lot of discussion among the people watching the battle outside.

"Autumn Moon!"

Lu Ming whispered.

That's right, the first game was Qiuyue's match against Ye Chutian.

"Qiuyue, this is no match, just admit defeat!"

Lu Ming sent a message to Qiuyue.

Qiuyue has eleven-star combat power, and Yechu Tianji has twelve-star combat power, controlling the power of three Xeontian heavens.

Before, Qiuyue and Ye Chutian Ji played against each other, the gap is indeed not small, Qiuyue is definitely not Ye Chutian Ji's opponent.

If you insist on a battle, you will definitely be injured and even beheaded, there is no need.

It's better to retain strength and fight with those who are also eleven stars.

With Qiuyue's strength, the record may not be able to enter the top fourteenth place and get the third grade position.

"Ok!"

Qiuyue nodded.

"I surrender!"

When Qiuyue stepped onto the battle platform, she directly conceded defeat.

"Humph!"

Ye Chu groaned uncomfortably, and wanted to seize the opportunity, suppress Qiuyue fiercely, and fight Lu Ming. Obviously Qiuyue would not give him this opportunity.

The first game, Qiuyue failed.

Enter the second game immediately.

In the second game, Emperor Sword paired with Ye Chuqian Yue.

The two fought fiercely, but Emperor Jianyi deserved to be a peerless figure out of the world of Xiaoqian, and the protagonist of one side of the world. It was extremely powerful. After the two men fought with more than one hundred moves, Emperor Jianyi defeated Yechu Qian Yue .

Ye Chuqian Yue ranks at the end among the nine great emperors.

Chapter 4416: Speechless passerby

In the first game of the first round, Qiuyue conceded defeat and Ye Chu Tianji won.

In the second game, Emperor Jianyi defeated Yechu Qian Yue.

Then, it was the third game. In this game, the cosmic arrogance list ranked first as the demon, against one of the celestial forces' arrogance, and the two went through more than two hundred battles. One's evil spirits won.

In the fourth game, it was Xie Nianqing's turn. His opponent, a daughter of heaven, had an eleven-star power.

Faced with Xie Nianqing, this daughter of heaven refused to concede defeat, but launched a violent attack, looking for a chance to win.

But in the end, she was strongly suppressed by Xie Nianqing and defeated in a few moves.

Later, those suspected of having twelve-star combat power appeared one after another.

All Gods, Night Rose, Ye Qiu Xian, Ye Ling Hong Ye...

They won, with little effort, because those who met them confessed.

Bubble's opponent is the night rose, and Bubble directly admits defeat.

Of the seven suspected 12-star combatants, Lu Ming was the last one to appear, and his opponent also surprised Lu Ming.

Actually Ling Yuwei!

Ling Yuwei, who he met again, met in the first scene.

Lu Ming smiled bitterly.

"I surrender!"

Ling Yuwei was very simple, admitting defeat directly, and returned to the battle platform.

Soon, the first round ended.

In this round, seven suspected of having twelve-star combat power, did not encounter each other, all easily won.

In addition, with eleven-star combat power, several people have won.

Emperor Jianyi, the demon in the universe's top list, and a son of the heavenly human race...

Of course, there are twenty-one people in total. In one round, there are twenty people playing in ten games.

There will be more than one person, of course, this person can not take turns, he will also face the opponent, and his opponent is one of the twenty people in front.

But it doesn't matter. Everyone will eventually have to deal with twenty other people, and it will be the same sooner or later, as long as they take turns.

After one round, it was the second round.

In the second round, the seven suspected beings with twelve star powers still did not match.

Lu Ming's opponent was replaced by a bubble.

Of course, the bubble admitted directly.

In two consecutive games, Lu Ming met his own person, did not move a finger, and won two consecutive victories.

In the second round, in addition to the existence of seven suspected twelve-star combatants, four others won.

Another son of heaven won.

In addition, Emperor Jianyi and the one in the universe's top list also won.

The last one is Qiuyue.

In this scene, Qiuyue powerfully defeated a son of heaven.

After two rounds of confrontation, in addition to the seven suspected presences of twelve-star combat power, in the area of eleven-star combat power, several particularly powerful people have been highlighted.

That is Emperor Jianyi, the first in the universe's arrogance list, and two sons of heaven, Qiuyue.

These five people are considered to be in the top 14 in the end.

Of course, it cannot be completely determined, it is only an estimate.

Because some people were out of luck, they met people with twelve stars in two consecutive games.

But it does not mean that they are weak.

The final ranking needs to be known after all battles are completed.

The second round ends and the third round begins.

Seven people with twelve-star combat power still haven't come across.

And Lu Ming's opponent in this round is actually Qiuyue.

Qiuyue naturally admitted directly.

This made Lu Ming speechless.

"Why are you all touching yourself, can't you let me do it? I have nothing to do with my strength!"

Lu Ming sighed in his heart, with a sad face, lamenting the injustice of fate.

If other people knew his thoughts, he would vomit blood.

Other people want to win easily is not available.

I don't know how many people are envious and jealous of Lu Ming.

"This Lu Ming, why such a good luck, I met some beautiful women, as if they were all with him."

"That's what dog luck this is, it's really maddening!"

Many onlookers are unhappy.

How many beauties are there in the twenty-one people participating in the competition?

More than half of them have a close relationship with Lu Ming. How can they not be envied?

The game, one game at a time.

From the third round, the existence of the suspected twelve-star combat power finally came across.

That is... Lu Ming and Xie Nianqing!

"I surrender!"

Xie Nianqing smiled slightly and returned to the lotus.

Surrounding the audience: "..."

Everyone is speechless, and you don't need to look at it to know that Xie Nianqing and Lu Ming have a great relationship.

Otherwise, Xie Nianqing is also a twelve-star force, how can he admit defeat without fighting?

To concede a defeat is to give up the qualification for the first place.

With the same twelve-star power, who will give up easily?

However, Xie Nianqing gave up.

Everyone was originally prepared to watch a wonderful peak matchup, but unfortunately, it was over before it even started.

"Jealous!"

"Hate!"

Many people wailed.

Regardless of the emotions of the crowd, the game will not stop.

After a while, the fifth round ended and the sixth round started.

Lu Ming's opponent in this round is actually an acquaintance.

All gods!

The opponents in this round, although not female, are actually pantheon.

"Why are you all yourself, deliberately!"

Even Lu Ming murmured himself.

This is a coincidence.

If it wasn't intentional, how could it be such a coincidence? Lu Ming didn't believe it.

Lu Ming and Pantheon are on the battle platform, facing each other.

"In this scene, it should be played!"

"Although Pantheon and Lu Ming both belong to the annihilation of the heavenly army, no one will give up easily in the first place. Even if there is a fierce battle between the emperor and the goddess, they will definitely start!"

"This pantheon, suspected of being a pure primitive god, and Lu Ming, a taboo body, will be wonderful once it collides!"

"You think, who will win and lose?"

Everyone had a lot of discussion and enthusiasm, looking forward to a wonderful showdown.

"Lu Ming, are you sure you can get the first?"

On the battle platform, Pantheon asked Lu Ming.

"Balance of 80%!"

Lu Mingdao also uses sound transmission.

The reason why he did not say that he was 100% sure was because he was also unsure whether anyone was hiding the combat power.

Xiuwei is easy to see, but the combat power is hard to see unless it breaks out.

Inside, did anyone hide the fighting power?

Dark Night Rose, Ye Chu Tian Ji, Ye Ling Hong Ye, Ye Qiu Xian...

Especially for Ye Qiuxian, Lu Ming couldn't see through, and felt deeply hidden, even letting him feel a trace of pressure.

"Bacheng is sure, it's ok, I don't have 20%. I will let you win this game, and the first place will be given to you."

Pantheon responded with a voice.

Then shouted: "I admit defeat!"

The voice came out, and Pantheon had stepped back to the battle platform.

Surrounding the audience: "..."

Chapter 4417: Ye Qiuxian

The crowd watching was completely speechless.

It's just that the envy, jealousy and hatred of Lu Ming has reached the zenith.

Another one directly admits defeat.

There are only seven suspected twelve-star forces in total, and now two have accepted Lu Ming's defeat.

How much power can Lu Ming save?

Even Ye Chutianji, Ye Linghongye and others showed envy and jealousy.

How much effort does it take to defeat an existence with twelve star power? How much power does it cost?

Will definitely experience a tragic fight.

But Lu Ming, but he did not fight, won two games in a row.

In this way, Lu Ming easily won six straight victories.

As for the other twelve-star combat power, it has not yet met.

However, after six rounds of confrontation, in the area of eleven-star combat power, some of the combat power is more prominent, and it is slowly revealed.

It is believed that it is most likely to enter the top fourteen.

Emperor Sword One, Lingheng, the No. 1 in the universe's arrogance list, Qiuyue, three sons of heaven, and bubbles.

These seven people are the most optimistic, thinking that there is the greatest possibility of being able to enter the top fourteen.

As for others, the record will be worse.

Ling Yuwei, for example, is easily contested by others and ranks relatively low.

Of course, Ling Yuwei is not without victories, and some people will be restrained by him.

For example, those who are slow and have strong defense.

It is difficult for this kind of person to narrow the distance with Ling Yuwei and become an active target.

However, Ling Yuwei's attack power is so strong that even under Ling Yuwei's constant attack, even in a strong defense, it can be broken.

Only, there are not many such people.

As for bubbles, although she is the king of support, her ability to fight alone is also very strong.

Time and space can also exert a powerful attack power.

The point is, it is difficult for others to attack the bubble.

Even if the bubble consumes this trick, it can also exhaust the opponent.

Bubble won a few battles, all of which cost the opponents too much to defeat them.

As for Emperor Sword 1, Lingheng, Qiuyue, and the three Sons of Heaven, they all have terrible attack power and almost no short board. In the same level of World War I, the combat power is extremely powerful.

Soon, the game entered the seventh round.

This time, other powerful players with suspected twelve star powers finally met.

Ye Qiuxian, Ye Chu Tianji!

As soon as it was a big move, the two peerless monsters of the Celestial Clan actually faced each other.

Many people showed their expectations.

This time, there should be a peak showdown.

I just don't know, who wins and who loses?

Ye Qiuxian, Ye Chu Tianji, the two stood opposite each other on the battle platform, with four eyes facing each other, which inspired a ray of electric light.

"Yeqiu Xian, you can have a twelve-star combat power, which is really beyond my expectations. This is also the luck of my Celestial Clan. My Celestial Clan will become stronger and stronger!"

Ye Chu Tianji spoke, and his voice spread all over the place, but after speaking here, his voice changed, saying: "But, even with the same star power, there are strengths and weaknesses, you are not my opponent, or take the initiative to admit defeat Let's avoid losing too much power!"

"I totally disagree with you!"

Ye Qiuxian said lightly.

"Disagree? Where do you disagree?"

Ye Chutian said.

"I don't think you are my opponent!"

Ye Qiuxian said very seriously, with a faint smile on his face.

"Yeh Qiu Xian, you are very confident!"

Ye Chu Tianji spoke indifferently, his eyes cold, his eyes like a sword, staring at Ye Qiuxian.

But Yequ Xiansi had no fear and looked at Ye Chutianji.

This makes Ye Chutianji very uncomfortable.

Ye Qiuxian, he has a little impression. In his impression, Ye Qiuxian is just an ordinary arrogance of the Celestial Clan.

He is the son of the strongest heaven, a common celestial arrogant, and in his eyes, it is no different from a garbage.

However, the garbage that used to be in his eyes now stood in front of him so confidently and became his opponent, saying that he was not an opponent.

Does it make sense!

The anger in Ye Chutianji's heart continued to diffuse.

"I hope you have confident capital!"

Ye Chu Tianji drank coldly, and his body burst into a strong breath. Three kinds of power burst out of him.

Heavenly punishment, heavenly death, heavenly destruction!

Three kinds of supernatural powers roared around him, condensed into three different beasts.

As soon as he shot, Ye Chutianji pushed the fighting power to its peak.

But at the same time, Ye Qiuxian also exploded into a strong breath, and there were also three kinds of forces.

It is also the power of three types of Xiantian, Tianpu, Tianzhu, Tiansha!

Unlike Ye Chutian Ji, there is a kind of supernatural power, and at the same time, the form of cohesion is also different.

Ye Qiuxian's three kinds of supernatural power, condensed are three war swords.

The sword of war shook, and the sword rushed into the night.

"kill!"

"war!"

The two shouted at the same time, turned into phantoms, and rushed towards each other, and the power of Xeontian also slammed into each other.

A peak battle broke out!

Boom!

The trembling roar sounded, and the power of terror caused the battlefield to continuously shake.

In a flash, the two confronted dozens of moves.

Although both of them controlled the three types of Xeontian Force, the methods used were very different, and the ways of attacking were also very different.

Ye Chu Tianji, and the power of the strongest heaven turned into a fierce beast, roaring like thunder.

And Ye Qiu Xian, and even the power of the sky, condensed into a time, sword moving mountains and rivers.

Different forms, but the power is amazing.

Soon, the two confronted more than 100 moves.

At this time, Ye Qiuxian actually began to gain the upper hand.

Because Ye Qiuxian's attack power is stronger, and the three battle swords match seamlessly, as if they can split the entire universe, and Ye Chu Tianji feels great pressure and begins to retreat.

"Damn..."

Ye Chu Tianji shouted in his heart, his eyes full of anger and murderous opportunity, he really wanted to kill Ye Qiuxian.

Because, once defeated by Ye Qiuxian, he was destined to lose the qualification to compete for the first place.

There is no doubt that if you want to get the first place, you must be in a winning position.

Once it fails, it means that the combat power is not as good as that of others, and someone is above themselves, which is absolutely impossible to achieve first.

And his goal is first.

But now, he was suppressed by Ye Qiuxian.

He really wanted to oppress Ye Qiuxian as the Son of Heaven and let Ye Qiuxian admit defeat.

However, he knew it was useless.

Although Yequi Xian is not yet the Son of Heaven, it can be expected that after this time, Yequi Xian will definitely be promoted to the Son of Heaven.

It is obviously not feasible to use the power of the Son of Heaven to suppress Ye Qiuxian.

Ye Chu Tianji can only urge his own strength to the extreme, looking forward to finding the flaws of Ye Qiuxian and winning in one fell swoop.

However, he thought too much.

Yequi Xianxue is getting more and more courageous, and the battle is getting stronger and stronger. The crushed Yechu heaven is losing ground. Where can I find the flaws of Yequiuxian?

Even if he discovered the flaw, he did not have the strength to counterattack.

In the end, after dozens of moves, Ye Chutian Ji was shot out of the battle platform.

Chapter 4418: Strong suppression of Yin Jiuling

Ye Chutian Ji was struck out of the battle platform and was defeated by Ye Qiuxian.

"Damn..."

Ye Chu Tianji roared, his heart was full of anger, very unwilling.

And the people who watched the battle around were also in an uproar.

Ye Qiuxian defeated Ye Chu Tianji, making the plain and blurred battle situation clearer.

Originally, the seven peerless monsters with twelve-star combat power, it is difficult for outsiders to judge who is strong and who is weak.

It is really difficult to judge if there is no battle with the same star power, anything will happen.

Now, I finally have some eyebrows.

Ye Qiuxian's fighting power is obviously better than Ye Chu Tianji.

But Ye Chutianji and Yeling Hongye have been half a catty, so to speak, Yeling Hongye is not an opponent of Ye Qiuxian.

Obviously, Ye Qiuxian's strength is even higher.

Can Lu Ming, Xie Nianqing, Pantheon and Dark Night Rose be rivals of Ye Qiuxian?

Although I haven't fought yet, everyone's heart began to rely on Ye Qiuxian, and I feel that Ye Qiuxian's odds are greater.

After Ye Qiuxian defeated Ye Chu Tianji, the game continued.

Now everyone basically has their own goals.

Seven of them have twelve star power, and entering the top fourteen is almost no suspense.

They are competing for the top four.

For those eleven-star forces, there is only one goal, which is to enter the top fourteen, and be able to step into the third position, to better connect to the universe.

Therefore, once they meet the people with twelve star power, almost all admit defeat.

Only those who meet the same star power will fight with all their strength.

During this period, a wonderful showdown took place.

For example, Emperor Sword paired with Lingheng and staged a pinnacle of eleven-star combat swords.

Both are masters of masters.

Lingheng is the spirit of fire in the spirit family, controlling the two ancient characters 'fire' and 'wind'.

Cooperate with each other, it is seamless, and the power is doubled.

However, Emperor Sword is not weak.

Although Emperor Jianyi is only in control of an ancient ancient character, this ancient ancient character is exactly the word'sword'.

However, Emperor Jianyi's talent for kendo is too high, and the word "sword" is even more powerful.

He doesn't need other ancient characters, one is enough. After exerting the power of kendo to the extreme, after confronting Lingheng with hundreds of moves, he actually defeated Lingheng with a weak advantage.

There is also a top-level duel between Qiuyue and a Son of Heaven.

This son of heaven is one of the three considered to be most likely to enter the top fourteen, and his fighting power is better than Ye Chuqian Yue.

After a difficult battle in Qiuyue, Jiuqiao Sacred Heart was turned to the extreme by Qiuyue, and finally defeated its opponent with a weak advantage.

The peak showdown between the eleven-star combat powers also made everyone onlookers hooked.

After all, in the past era, the eleven-star combat power represented the peak. The twelve-star combat power rarely appeared.

In most times, it is difficult to have a demon with a twelve-star power.

In this round, Lu Ming met an old acquaintance.

Yin Jiuling!

Yin Jiuling was shrouded in the air of Yinsha, and his body was as weird as possible, as phantom as weird, very strange.

His breath is more terrifying than before, I don't know how many times, his eyes are cold, and he is so angry.

However, Lu Ming is no longer the original Lu Ming. Although Yin Jiuling is stronger than before, I don't know how much, but Lu Ming has made more progress than Yin Jiuling.

No matter how strong Yin Jiuling is, it is only eleven-star combat power.

"Yin Jiuling, do you want to admit defeat?"

Lu Ming spoke lightly.

The last time I saw Yin Jiuling, he also fought against each other with Dou Shen Yuanwen, but now, Lu Ming has not put Yin Jiuling in his eyes.

Yin Jiuling's eyes opened and closed, and the cold light flickered, seeming to be thinking, is there a way to defeat Lu Ming.

"If you don't admit defeat, then I will shoot!"

Lu Ming spoke, stepped out in one step, rushed towards Yin Jiuling like a lightning, and slammed down with a palm.

The power of taboo runs, the gorgeous glow bursts out, and the power of terror is suppressed towards Yin Jiuling.

Yin Jiuling's pupils contracted sharply, and the air of Yinsha around the body quickly thickened.

With a bang, Yin Jiuling's body exploded and turned into several yin qis, retreating towards the back.

However, Lu Ming's power is too strong, and the violent power suppresses it, and the evil spirits continue to explode, annihilate, and twist...

Rumble!

After a series of explosions, several Yinsha qi weakened a great deal, and re-condensed the body of Yin Jiuling, but Yin Jiuling's face was paler, and his breath was a lot worse than before.

One stroke, he was hit hard.

bump!

Lu Ming stepped again, rushing towards the landing Mingyin Jiuling.

Yin Jiuling's body exploded again, this time, he turned into dozens of Yinsha Qi, distributed all over the battle platform, flying continuously.

Throughout the battle platform, the temperature dropped sharply, and they were all shrouded in a shameful air.

He just wanted to use this trick, consume Lu Ming's power, and then wait for the opportunity to counterattack.

But is this trick useful to Lu Ming?

The answer is obvious.

boom!

Lu Ming slapped in the middle of the battle platform. From his palms, there were countless small guns that rushed out in all directions.

Every space in the battle platform is shrouded in it.

The core of these guns is taboo.

How powerful is the taboo, even if Yin Jiu Ling turns into Yin Qi, it can still be hit and can be hit hard...

Hey! Hey!

The dense guns pierced a ray of Yinsha Qi and heard a scream in the Yinsha Qi.

Dozens of sighs of evil air burst one after another, and only seven or eight were left in the end, still flying.

boom!

Lu Ming rushed to the past and pressed down with his big hand. A dozen powerful forces suppressed the seventy or eighty evil spirits.

"Ah, I admit..."

In the air of Yinsha, the screams of Yin Jiuling's grief and panic came out.

However, before his voice was fully pronounced, he stopped abruptly.

Because, all the evil spirits on the field were annihilated under the powerful force of Lu Ming.

Yin Jiuling was directly killed by Lu Ming.

At the next moment, Yin Jiuling was resurrected on the lotus, his face was still frightened, and he looked at the land.

He originally wanted to try Lu Ming's strength. This was the secret command of the Dark Night Rose to him. Unexpectedly, he only tried a few tricks and was killed by Lu Ming.

In addition, those with eleven-star powers were horrified, and they secretly decided not to fight the twelve-star powers.

Yin Jiuling is not weak among eleven-star combatants. It is very difficult to be entangled in Yinsha Qi, but in the face of Lu Ming, he has no power to fight back.

Among them, although there are reasons for being restrained by the taboo, it is enough to prove that the twelve-star combat power is really terrifying.

Chapter 4419: Sky Eater

From the eighth round onwards, the pinnacle between the twelve star powers has become more numerous.

Soon after the eighth round, a peak matchup broke out.

Dark night rose, against Yeling red leaves.

The battle between the two peerless beauties immediately broke out.

Ye Ling Hong Ye, as the name implies, she also controlled the three kinds of supernatural powers, and with the three powers of heavens, she turned into the sky red leaves.

These red leaves are extremely sharp and comparable to magical soldiers. At the same time, they can change into a variety of attacks, sometimes form various monsters, and sometimes become various kinds of magic soldiers.

Even, she can turn into a field of red leaves. She stands in the field of red leaves, controls a side of the world, and has great power.

And the night rose, holding a strange flower.

This flower has a dark golden color and petals spread out, and a dark golden light continuously flew out of it.

This kind of light is extremely scary and contains a lot of poison.

At first, Yeling Hongye didn't care, because reaching their level and possessing their combat power basically ignored all kinds of poisonous poison.

In particular, she is in control of the three Xeontian forces, and any poison can be refined, so he is very confident.

But when the two confronted hundreds of moves, Ye Linghong's face changed.

Because she felt highly poisonous in her body, she was constantly devouring the three supernatural powers in her body.

This made Ye Ling's red leaves tremble with a shock on his face.

"You... what kind of power are you, and you can even devour my mighty power?"

Ye Ling Hong Ye exclaimed, shocked.

The four supernatural powers of the Celestial Race are almost the strongest forces in the universe.

Only a few forces can contend with the power of the Xeontian Heaven.

The power of every kind of supernatural power is great and terrifying.

But now, there is actually a kind of highly toxic, able to devour the power of the sky, and three kinds of swallowed together.

This is terrifying.

What is this highly toxic?

In the universe, there is such a highly toxic substance. Why hasn't she heard of it?

"Could it be that kind of flower, biting the rose flower?"

Among the people watching outside, an elderly Tianzun seemed to think of something, exclaimed, and a trace of shock appeared on the old face.

"What? Devour the sky rose flower!"

Several other Heavenly Venerables, as well as some of the Celestial Clan in the Divine Realm, also had wild faces.

Around them, those who haven't listened to the book bite the sky rose flower are even more shocked.

Even the figures of Heavenly Venerable level exclaimed, what is the origin of this sky-biting rose flower, so amazing?

Many people are curious.

But those big figures of the Celestial Clan have no meaning of explanation. Their eyes stare at the night rose on the battle platform for a moment, wanting to see clearly, and then talking about themselves.

"Isn't it possible to eat the sky roses? Didn't the sky eat the roses when the battle broke out? Did the dust disappear?"

"Yes, when I saw that the sky-biting rose flower was killed, was it the power of reincarnation?"

"The power of reincarnation, you mean, that the sky-biting rose flower had already had a glimpse of reincarnation? It is unlikely, if she had reached such a level, would she be killed by us?"

"Unclear, this matter is really strange!"

"There is also a woman named Xie Nianqing, whose temperament is very similar to that of a daughter named Tang that year!"

"This is even more impossible. The two daughters surnamed Tang also fell. I heard that this Xie Nianqing seemed to be an apprentice of Feihuang. At that time, Tang Qing was also an apprentice of Feihuang. His temperament was similar and normal!"

These days, the high-level human races are talking in secret, and others can't hear it by way of voice transmission.

"The sky-biting rose flower, is it her?"

On a lotus flower near Lu Ming, Xie Nianqing shivered slightly, whispered, and was heard by Lu Ming.

"Xiaoqing, do you know how to eat the sky rose flower?"

Lu Ming asked.

"Of course I know that my previous life once conquered a plant life as a pet, that is, the sky-biting rose flower. That fell with my previous life, did she also reincarnate?"

Xie Nianqing responded.

"What? Was it a pet of your previous life?"

Lu Ming was shocked.

"Not particularly sure, but it is very likely. No wonder when I looked at her, I felt a touch of familiarity, and in my memory, there was only one flower in the entire colossal universe, and nothing else."

Xie Nianqing said.

"Perhaps, you feel right. This is the one from that year. Since she was your pet, did she fall with you?"

Lu Ming asked.

"Yes, I ate the sky rose flower and died with me!"

Xie Nianqing said.

"That's it, you are reincarnation, and she is also coincidentally reincarnation, and obviously she recognizes you, so when she saw you, she behaved so shocked!"

Lu Ming said, recalling the expression of Rose in the Night when he saw Xie Nianqing, he became more and more certain.

Lu Ming really didn't expect that Night Rose, actually had such a entanglement with Xie Nianqing.

Things in the world are really wonderful.

However, many doubts in Lu Ming's heart have also been answered.

The night rose has always given people a mysterious feeling.

Dare to love each other is a reincarnation person, the previous life is extremely high, and the beginning is huge, so it is so unpredictable, unparalleled means, can surround a large number of arrogance around for its use.

The battle on the platform continued.

At this moment, Yeling Hongye is almost gone.

With the three strongest powers in her body, she was constantly swallowed by the poison of the night rose, and her power became weaker and weaker.

The attack of the night rose is always stable. In this way, how can Yeling Hongye be the opponent of the night rose.

Eventually, Ye Ling's red leaves were suffocated by the night rose, and he retreated from the battle platform.

In this battle, the night rose wins.

In this way, the two strongest celestial beings of the Celestial Clan, Ye Chu Tian Ji and Ye Ling Hong Ye, were defeated.

One was lost in the hands of another Celestial Clan Black Horse, and one was lost in the hands of Night Rose.

This makes the faces of the Celestials look ugly.

Lost in the hands of Ye Qiuxian, that's okay to say, but lost in the hands of the night rose, which makes people uncomfortable and feels lost.

As the night rose beat Ye Linghongye, everyone's speculation on the ranking of everyone on the field has changed again.

Before, everyone thought that Ye Qiuxian was very likely to win the first place and was the most advantageous competitor.

But now, they have changed this thinking.

The night rose defeated Yeling Hongye, and the poison she released was able to devour the power of the strong sky. This is equivalent to being able to restrain the power of the Celestial Clan.

Ye Qiuxian, although stronger than Ye Chu Tianji, but the power he controls is also the power of the supreme heaven, shouldn't he be restrained?

Chapter 4420: Pantheon of war

The night rose can restrain the power of the strongest sky. Isn't it right? The night rose has a greater chance of winning the first place.

In the hearts of everyone, the probability of Night Rose winning first place has greatly increased.

But now, everyone is afraid to be completely sure.

Because, Lu Ming, Xie Nianqing, and the three gods of the pantheon, have not really confronted with the other 12-star combatants, and have never really confronted each other.

Before Xie Nianqing and Pan Shen encountered Lu Ming, they both conceded directly.

The battle situation is very difficult to say, confusing.

Who knows the specific combat power of Lu Ming, Xie Nianqing, and Pantheon?

However, the curiosity of everyone soon got a little verification.

Because in the eighth round, after the night rose and Ye Linghongye confronted, after a few more competitions, they ushered in a heavy matchup.

All gods, yes to Ye Chu.

"It's finally my turn, Tianren, hehe!"

All Gods licked his lips, his gaze gleamed, and stepped forward to the battle platform.

Ye Chu Tianji also came to the battle platform.

"You are a primitive **** of pure blood? I'm really curious. In this era, how did the primitive **** of pure blood breed?"

Ye Chutian said that he had walked out of the defeat defeated by Ye Qiuxian, readjusted his state, and restored his strong fighting intentions.

"You are not qualified to know!"

The gods said indifferently.

"I am not qualified? Hahaha, primitive gods, as proud as rumored, but you forgot one thing, in front of my human race, primitive gods are just defeated, primitive gods were also my gods at the peak. The human race is slaughtered, and even if there are a few fish that are missing from the net, it will not be able to turn over the waves!

"Today, I will prove once again that the primitive gods are just as vulnerable in front of my human race."

Ye Chu Tianji sneered, deliberately struck all gods, and at the same time, he exuded a strong breath.

The three kinds of supernatural powers condensed into three fierce beasts, and whistled towards the gods.

"Humph, look at me breaking your mighty power..."

The gods drank coldly. In his body, it seemed that a volcano with hidden endless years erupted. The breath of terror burst out, his muscles bulged, and his body was raised a bit.

At the same time, a spear appeared in his right hand, and a war sword was held in his left.

Dozens of glows emerged from the top of the head and around the body.

All are the original secret techniques, there are more than thirty kinds.

Roar!

There was a roar from the door of the Lord, and a figure of a primitive **** rushed out and rushed to one of the beasts of Yechu Tianji.

Other primitive mysteries also slammed toward Ye Chutian.

And his body rushed to Ye Chu Tianji, and the spear and war sword in both hands also killed Ye Chu Tianji.

boom! boom! boom!

The roar of terror erupted, and thousands of waves swept across all directions, and the two launched a fierce fighting.

The three supernatural powers of Ye Chutian Ji, despite their immense power, are invincible, ordinary divine power, in front of them, is simply unbearable.

But the gods control is not ordinary divine power.

The divine power in his body is extremely pure and extremely thick, but it is the most primitive divine power, not weaker than the power of the strongest heaven.

Coupled with dozens of kinds of primitive secret techniques, the power is extremely amazing, the offensive is like a storm, and it is constantly slamming towards the Yechu Heaven.

In a blink of an eye, the two sides confronted hundreds of moves.

Around, other people watching the game, looking dumbfounded, dazzled.

Especially for the various mysteries of the pantheon, it is even more shocking and admirable.

You know, except for the Celestial Clan, most of the people at the scene are practicing all kinds of divine power, which is the same as the pantheon, but compared with the pantheon, they are all **** in all aspects, which is too far away.

Pantheon is the ancestor who played divine power.

Soon, the two sides fought dozens of moves.

At this time, Ye Chu Tianji's face became more and more gloomy, because he felt strong pressure.

The gods seem to be a wild and fierce beast that never knows tiredness. The power is endless, the offensive is like a tide, and it will never stop. Under such a fierce attack, Ye Chutianji has already felt a little difficult.

It would be very bad for him to go on like this.

what!

Captain Ye Chutian screamed and pushed the power of the three Xeon Tian to the extreme. He wanted to launch a counterattack and seize the opportunity.

"What did you call so loud? Your defeat has been settled, and it's useless to call it louder."

All gods sneered, long hair fluttered, the burly body kept moving forward, and the skin turned bronze, like an invincible **** of war, rushed into the attack of Ye Chu Tianji.

bump!

A fierce beast transformed by the power of the Xeon Celestial hit the gods.

This fierce beast was transformed by the power of heaven's punishment. Suddenly, the body of the gods was covered with white lightning.

However, the body of the pantheon just shivered and continued to walk as if nothing had happened. The spear in his right hand pierced like lightning.

puff!

Ye Chu Tianji was stabbed, and his body was pierced with a translucent hole, and the violent force carried Ye Chu Tianji back continuously.

"Fuck me!"

The gods showed a greasy smile, like a demon god, stepping on the foot, shaking the battle platform, and the burly body continued to rush towards the Yechu Heavenly Machine.

"Damn..."

Ye Chu Tianji roared, his figure flashed, and rushed to the side.

He had been hit hard by the move just now, and his combat power had weakened a lot. He dared not confront the gods head-on. He wanted to fight the gods in a roundabout way, and then waited for the opportunity to fight back.

However, he made a mistake.

Pantheon controls dozens of original secret techniques, all of which are available, and there are few shortcomings.

Jingle Bell!

A bell sounded through the battle platform, bursting out and attacking the soul.

A large net, like a heavenly net, hangs over the sky, and it is necessary to cover the Ye Chutian machine.

At the same time, behind the gods, a pair of wings appeared, resembling Dapeng and phoenix. With a flick, his burly body burst out like a phantom.

Ye Chutianji couldn't hide at all, and couldn't escape the pursuit of the gods.

As the distance between the two approached, the offensive of the Pantheon, like a storm, pressed towards the Ye Chutian machine.

boom! boom! boom!

Ye Chu Tianji barely resisted a few moves, he coughed up blood and retreated, his body flew out of the battle platform.

However, the gods did not want the other party to be defeated so easily. He flapped his wings and caught up with Ye Chu Tian Ji. The spear in his right hand pierced the eyebrow of Ye Chu Tian Ji. Cut off the waist.

He wanted to kill Ye Chutian Ji.

The confrontation between the previous twelve star powers was only defeated at most, and there was no beheading.

If you can kill Ye Chutian Ji, the blow to the opponent is absolutely great.

"Come on!"

Ye Chu's roar of celestial machines, the three kinds of supernatural powers, turned into a shield and blocked in front of him, and his body rushed toward the battlefield frantically.
