

D Emperor 4421

Chapter 4421: Xie Nianqing and Dark Night Rose

All the attacks of the gods were bombarded on the shield of Ye Chu Tianji. The shield roared and was finally detonated. However, Ye Chu Tianji also got a short chance to rush out of the battle platform.

Although the scope of the battle platform is not small, for masters like Ye Chu Tianji, if you go all out to rush out, you can rush out of the battle platform in a short instant.

If it is not that the combat power is very different, it is difficult to kill the opponent.

However, Ye Chutian Ji rushed out of the battle, which means that he has lost.

"unfortunately!"

All gods murmured that he couldn't kill Ye Chutianji on the battle platform as expected, which made him very uncomfortable.

Of course, Ye Chutian Ji is even more unhappy.

Lost, lost again.

In the duel between the twelve stars, he has lost two straight.

In this way, he shouldn't say that he is the first in the competition, even if he is in the top four, he's almost gone.

He made him angry and anxious.

"Yechu Tianji has lost again. He has lost two straight games. It seems that in the presence of the seven twelve-star forces, the strength of Yechu Tianji belongs to the bottom!"

"It is said that Yeling Hongye has the same strength as Yechu Tianji. The two of them are probably difficult to enter the top four!"

"Now only Xie Nianqing and Lu Ming haven't confronted the existence of the same star power. I don't know how powerful they are. If they are not as good as Ye Chutian Ji, then they are still possible. If they are stronger than Ye Chu Tianji, then Ye Chutianji and Yeling Hongye have no chance!"

"In that case, the ninth heavenly goddess and the celestial goddess of the Celestial Clan would be wiped out by the whole army!"

People around, there are many discussions.

This makes the face of the Tianren tribe very unsightly, including those of Tianzun and Tianjun.

This is indeed the case, this time the record of the nine concubines and maidens can be said to be terrible.

It is possible that none of the top four can enter.

This is a disgrace to the emperor.

Because the ancestors and daughters are synonymous with invincibility in the past dynasties, it is easy to suppress other arrogances in the universe.

Now, the strongest celestial beings are losing streak.

If it wasn't for killing a Ye Qiuxian in the middle, the temporary record was pretty good, barely keeping a trace of the face for the Celestial Clan. On that day, the Celestial Clan was really lost.

Those Tianzun Tianjun, with their somber complexion and continually exuding powerful coercion, made it difficult for many people around them to breathe, and showed fear.

The gods didn't care, haha smiled and returned to the lotus.

"All gods, congratulations!"

Lu Ming smiled and congratulated.

"Unfortunately, you can't slay the other party on the battle platform, Lu Ming, this heavy responsibility will be given to you!"

All gods sighed, a very sad look.

"Relax, unless he takes the initiative to admit defeat, otherwise I will definitely cut him!"

Lu Mingdao said it deliberately so loudly that everyone could hear it.

This is Chiguo Guo's radical technique, the purpose is to make Ye Chu Tianji encounter Lu Ming behind, not easy to admit defeat.

"Damn it, damn, the scumbag, I want to tear you..."

Ye Chutian Ji growled in his heart, staring at Ming Ming with a murderous face, and wished to tear Lu Ming apart.

"Hahaha, Lu Ming, you said so loudly, he was heard by him, I am afraid he will admit defeat..."

All gods laughed and continued to stimulate Ye Chu's heavenly machines.

At this time, the next game continued.

However, some of the following games are eleven-star battles. Although they are equally brilliant, everyone has not much interest.

What they want to see is a duel between the twelve-star forces.

I want to see who can laugh at the heroes, take the first place, and really suppress an era.

In this round, Lu Ming's opponent is an eleven-star force, Emperor Jianyi.

Emperor Jian's eyes opened and closed, revealing a strong fighting intention, the war sword in his hand kept shaking, but in the end, he did not shoot and chose to admit defeat directly.

He knows the strength of Yin Jiuling. Since Lu Ming can easily kill Yin Jiuling, he knows he is definitely not Lu Ming's opponent.

"Lu Ming, a temporary lead, it's nothing. Sooner or later, I will catch up with you and even surpass you!"

After Emperor Jian conceded defeat, secretly sent a voice to Lu Ming.

Lu Ming smiled lightly and didn't care.

After a while, the eighth round of the game was all over.

After the eighth round, the ninth round started immediately.

In the ninth round, it is still the same as before. The duel between the eleven stars, although wonderful, does not attract everyone's minds.

Most people's minds are placed in the duel between the twelve-star combat power.

In the fifth round of the ninth round, the battle between the twelve stars was finally ushered in again.

Xie Nianqing and Dark Night Rose!

The two peerless women are opposed to each other.

"It's been a long time since I ate the sky roses!"

Xie Nianqing spoke lightly and passed into the ears of the night rose by means of sound transmission. His eyes were fixed on the night rose instantly.

The pupil of Dark Night Rose shrank suddenly, somehow, a look of terror appeared in his eyes, but it just passed away.

"Unexpectedly, we have another day to say goodbye!"

The night rose also responded by voice.

"Surrender, continue to surrender to me, you should understand my character, I will not treat you badly!"

Xie Nianqing said.

"impossible!"

Dark Night Rose shook her head and her voice was cold: "I signed a contract with you as your pet, but now, you and I have been reincarnated. The role of the contract has long disappeared. You want to control me again."

"I never thought of controlling you back then. I always treated you like a sister and sister, but your ambitions have not disappeared, but now they are getting bigger and bigger!"

Xie Nianqing said.

"I am a bitter rose flower. I am unique in the universe. I am talented. No one can control me. On the contrary, I should be in charge of the universe. Creature..."

Dark Night Rose, talking and talking, the madness in her eyes is getting stronger and stronger.

"They seem to know, what are they talking about?"

People around are curious.

Xie Nianqing and Dark Night Rose are both communicating by way of sound, and the people around them can't hear, but it can be seen that the two are communicating, and they are very curious.

A few Celestial figures of the Celestial Society glanced at each other, and they seemed to think of something.

"It seems that you are going to fight me. Are you sure that you are my opponent?"

Xie Nianqing said coldly, the devilish qi around him, almost turned into stone, and a lot of black lotus flowers emerged.

Dark Night Rose's eyes flickered a few times, as if hesitating and struggling.

But if one couldn't breathe, Dark Night Rose made a decision and smiled, saying: "Everyone has their own ambitions, but we may not be able to join forces, why hurt the peace, this field, I will let you win!"

After that, the night rose retreated and returned to the lotus.

Chapter 4422: Finally got it

The night rose returned to the lotus and confessed directly.

Xie Nianqing did not pursue, letting the night rose quit the battle platform.

In the world, no one knows better than her how terrible the bite rose flower is. Although she has the means to restrain the night rose, she really needs a battle. Even if she can win, it will not be so easy, and will experience a fierce fight.

In this battle, Xie Nianqing won, and many people were disappointed.

After all, until now, Xie Nianqing has not fully confronted the existence of the twelve-star combat power, and still remains mysterious, giving people a sense of unpredictability.

In this way, it is impossible to speculate better, among the seven twelve-star forces, who is stronger is weaker.

After Xie Nianqing and Dark Night Rose, there was a duel between several eleven-star battles.

When the eighth game of the ninth round finally ushered in a heavyweight confrontation.

Ye Qiuxian battles, Ye Linghongye.

It was actually a duel between the human race.

Facing Ye Qiuxian, Ye Ling's red leaves looked very dignified, but it was impossible for her to admit defeat.

She is about the same strength as Ye Chu Tian Ji. Ye Chu Tian Ji lost to Ye Qiuxian, but it does not mean that she will lose.

Some people will have mutual restraint.

And the difference between them is not particularly big, she may not have the possibility of winning.

Unfortunately, as soon as the two sides fought, Ye Linghongye was disappointed.

Ye Qiuxian's combat power, based on her imagination, the two sides did not meet many moves, Ye Linghong leaves, fell in the wind.

After barely supporting about a hundred strokes, Yeling Hongye retreated with coughing up blood and was hit hard.

In this scene, no suspense, Ye Qiuxian won.

"Ye Qiuxian's strength is really strong, and it should have reached the limit of twelve-star combat power. Ye Chutianji and Ye Linghongye should be just ordinary twelve-star combat power."

"Yes, among the seven, I still think that Ye Qiu Xian has the best chance of winning, but the night rose and the gods defeated Ye Chutianji and Yeling Hongye respectively, and their chances are great!"

"Don't forget, the night rose can restrain the strength of the strong sky. Ye Qiuxian may not be the opponent of the night rose, but the night rose admits defeat in front of Xie Nianqing, this battle..."

Everyone was discussing and analyzing, but the more analysis, the more complicated the battle situation.

At present, the competitiveness of Ye Chu Tian Ji and Ye Ling Hong Ye is not strong, but others are not easy to say.

Ye Qiuxian seems to be powerful and unmatched, but the night poison is so poisonous that it can swallow up to the power of the sky.

However, the night rose seems to be extremely afraid of Xie Nianqing. In the face of Xie Nianqing, he directly admits defeat.

Xie Nianqing admits defeat in front of Lu Ming.

In this way, the battle situation is intricate, and whoever can win the final victory, even those who are in the rank of God, are difficult to judge.

After the battle between Ye Qiuxian and Ye Linghongye, there was nothing to pay attention to in the ninth round. Lu Ming did not encounter too strong opponents in this round and easily defeated each other.

Soon, the tenth round began.

In the tenth round, Lu Ming finally met a decent opponent.

Ye Chutian Ji.

In the third game of the tenth round, Lu Ming met Ye Chu Tianji.

"It's finally started!"

"The taboo body Lu Ming finally met a powerful opponent."

"This game is very important. If Lu Ming can defeat Ye Chu Tian Ji, prove that he has the qualification to compete first, if he is not Ye Chu Tian Ji's opponent, or can only tie, then he is not qualified to compete First, even if the gods and Xie Nianqing voluntarily admit defeat in front of them!"

"Yes, it depends on whether Lu Ming can defeat Ye Chu Tianji!"

There was a lot of discussion.

After hearing this, Ye Chu Tianji almost vomited blood.

What does it mean?

This is obviously to use him to measure the strength of other people. He has become a stepping stone for others. Only by stepping on him is a sign to qualify for the first place.

He is the strongest son of the heavens. Before entering Taishang Xiancheng, he had only Ye Linghongye as an opponent and was able to suppress an era.

Unexpectedly, now he has become a stepping stone for others to measure their strength.

Shame, endless shame.

"Lu Ming, I must defeat him!"

Ye Chu shouted, he now needs to win a game, it is best to defeat Lu Ming.

Lu Ming is a taboo body. The name of the taboo body shakes the ages of the universe. Only after defeating Lu Ming can he wash away his shame.

"Ye Chu Tianji, give you a chance to admit defeat, lest I start."

Lu Ming said lightly, a mocking look.

"Come on!"

Ye Chu Tianji's eyes were filled with anger, and his breath erupted like a volcano.

Roar! Roar! Roar!

The three powers of the strongest heaven condensed into three fierce beasts, screamed and shouted towards the landing.

The three beasts are as big as mountains.

One is formed by the power of heaven's punishment. On top of it, you can see the dense lightning. Every time it hits, there is infinite lightning. The power is very terrifying.

The eleven-star combat power of the same cultivation will be met, and one move will be hit hard.

The other one, with its gray body, was completely condensed by the power of the sky.

And the third, a goshawk, revealed a sharp aura, which was formed by the power of the heaven.

The three fierce beasts are as big as mountains, with a violent breath, and they madly pressed towards the landing, as if there were hundreds of planets, they hit Lu Ming together.

Ye Chu Tianji, the combat power is not so powerful, so attack, even the most common Divine Lord, must avoid its edge.

Unfortunately, his opponent is even more perverted.

Especially Lu Ming.

boom!

The warfare tactics spurred seven times the fighting power, the taboo power broke out, Lu Ming's body rose into the sky, his fists blasted out continuously.

Fisting away from the body, he quickly grew bigger and banged against the three beasts.

Their attack speed is too fast, but in an instant, the two sides slammed more than fifty moves.

"Break me!"

Lu Ming Changxiao, the momentum exploded like a frenzy, the fist broke, and there was a tendency to break through everything.

The forces of terror continue to converge, condense, and finally burst out.

With a bang, one of the three fierce beasts condensed by Ye Chutian Ji burst directly.

Ye Chutian's body trembled, and his body could not help back.

As soon as he retreated, Lu Ming's power was even more unscrupulous, and he was unstoppable.

bump! bump!

The two remaining beasts of Ye Chu Tianji also burst apart.

The force gathered by Lu Ming rushed to Ye Chutianji frantically.

Ye Chu Tianji's body shook, a crackling bone broke out in his body, he vomited blood, and his face was pale.

"kill!"

Lu Ming's eyes were as bright as electricity, and his killing intentions were like a rainbow.

He promised all gods that he would kill Ye Chutianji on the battle platform.

Chapter 4423: Beheaded on the battle platform

Lu Ming's eyes were as bright as electricity, revealing his cold-hearted killing intention, and he killed Ye Chutian Ji, vowing to kill Ye Chutian Ji on the battle platform.

Ye Chutian Ji showed a trace of horror, his body backed madly, trying to withdraw from the battle platform.

After the fight just now, he has become very clear that he is not Lu Ming's opponent. If he continues to fight, he will probably be killed by Lu Ming.

Therefore, he is very simple and intends to rush out of the platform to admit defeat.

"Want to go, are you gone?"

Lu Ming's indifferent voice sounded, his figure was faster than the streamer, and he caught up in an instant, waved his hand, was a shot of the gun, and killed towards Ye Chu Tianji.

"Stop me!"

Ye Chu Tianji roared and tried his best to explode the power of the three types of Xeontian to the extreme, and condensed three beasts, which were huge and blocked in front of him.

As long as he could resist Lu Ming for a few moments, it was enough for him to fly outside the battle platform.

But would Lu Ming not know his thoughts.

At this moment, Lu Ming was all lit up and lit up, and the number reached tens of thousands.

Tens of thousands of light spots, each one is as bright as a star.

These are the cells that incorporate the mysterious runes. Lu Ming urges all tens of thousands of mysteries.

Around his body, countless rays of radiance came out.

"this is..."

The people watching around the scene witnessed this scene, all of them widened their eyes and showed a deep shock.

"God, am I right? These are all secret techniques?"

"Yes, it's definitely mystery. Those with brighter light should be the ancient mystery. The dim light is ordinary mystery!"

"God, there are more than 1,800 kinds of secret techniques, tens of thousands of ordinary secret techniques, how does he practice? How can a person control so many secret techniques?"

"Perverved, perverted!"

Countless people exclaimed, it was incredible.

Ordinary people generally practice several types of occult techniques, and it is good to be able to practice several types of occult techniques.

In particular, the ancient mystery technique, not to mention that most of it has been lost, even if there is, the average person will practice one kind, constantly excavating the understanding, and developing its power.

Those who practiced several ancient ancient secrets at the same time are already amazing, and they can be regarded as the top arrogance.

However, compared with Lu Ming, it was so different, so far away.

They cannot imagine how a person can have so much energy to practice so many secret techniques.

Even if it is a taboo body, it is difficult to do it.

When everyone was shocked, Lu Ming had already shot.

"Big Seal, Big Winding, Big Cage..."

Lu Ming took a light drink and pushed his hands out.

A great ancient secret technique of trapped enemy type rushed towards Ye Chutian Ji.

This mystery directly passed the three beasts condensed by Ye Chu Tian Ji and appeared around the body of Ye Chu Tian Ji.

During the Great Seal, countless runes appeared at once, and silently climbed onto the body of Ye Chutianji, and covered his whole body.

This kind of runes are intertwined with each other to form a powerful seal formation method, and Ye Chutian will be sealed.

"Break me!"

Ye Chu's celestial machine roared, and various forces exploded madly, rushing out of the body, trying to defeat the Great Seal.

However, Lu Ming's shot is not a kind of big seal.

In the big winding technique, there are thick and thick rattan strips, which are made of metal, and they are entwined towards the Yechu heaven.

The big jail cage technique formed a big jail and trapped Ye Chutian Ji in it.

There are various other ancient secret techniques that trap the enemy, densely packed, and surrounded the Chu Chutian Ji.

Ye Chu Tianji broke out frantically and wanted to break these secret techniques.

With his strength, it is not difficult to break one kind of two kinds of secrets in an instant, but it is difficult to break ten kinds of eight kinds of secrets in an instant.

What Lu Ming wants, as long as he can trap Ye Chutian Ji for a moment, it is enough, because Lu Ming has already killed.

call out!

Lu Ming used the power of taboo to condense a spear and pierced the eyebrows of Ye Chutian Ji.

Fast as lightning, as fast as thunder, powerful and incredibly powerful.

"Ah,,, broken, broken!"

Ye Chu Tianji roared wildly, trying to break through a gap and escape.

However, it was too late.

Lu Ming's gunman is about to be killed.

At this moment, he really shouted "confess", but at the moment when he was about to shout, he hesitated.

After all, before that, he had promised to kill Lu Ming.

At that time, how arrogant, confident, and arrogant, he boasted that he was invincible in the world, and a red leaf of Yeling could rival him.

At that time, why did he put Lu Ming in the eyes, even if the other party is a taboo body, he has full confidence and can suppress it.

But now, not only has he suffered a losing streak, but he has to admit defeat in front of Lu Ming?

He can't do it!

With such a hesitation, Lu Ming would no longer give him a chance.

Ye Chutianji also lost the opportunity to admit defeat.

call out!

The splendid spearman was faster than lightning, and struck Ye Chutianji's eyebrows.

With a puff, Ye Chutian's eyebrows were directly penetrated by the gun.

The terrifying energy of destruction in the gun burst exploded in an instant, and Ye Chutian's head exploded and fell to the spot.

This scene made the scene silent, and many people showed shock in their eyes.

Ye Chu Tianji was beheaded.

This is the first time that there is a twelve-star power, beheaded on the battle platform.

The previous competition, even if it is not enemies, can escape.

But now, Ye Chu Tianji, the son of the heavenly palace once known as invincible, was personally killed on the battle platform by Lu Ming.

This is amazing.

Fortunately, here can be resurrected. If it is outside, Ye Chutian Ji is dead, and the strongest son of Heaven, the human race, will fall completely.

After Ye Chu Tianji was killed, the body turned into a rainbow of light and flew back to the lotus.

The next moment, Ye Chu Tianji reunited.

"Lu Ming..."

Ye Chu Tianji's staring at Landing Ming, revealing bitter hatred, of course, there is a trace of fear.

Although he was resurrected, but was previously killed by Lu Ming, that is true.

He truly felt the smell of death.

That feeling made him tremble.

Unconsciously, he had a hint of fear for Lu Ming.

This is instinctive.

"Hahaha, good kill, good kill, happy, happy..."

All gods laughed.

Before, Lu Ming promised him that he would kill Ye Chutianji on the battle platform. Now, he did it.

"The strongest son, but so!"

Lu Ming, holding a spear condensed by the power of taboo, pointed at Ye Chutian Ji, spoke lightly, full of contempt.

"hateful..."

Ye Chu Tianji roared inwardly.

The other Celestials are also croaking, either angry at the landing sound, or full of killing.

Chapter 4424: Ye Qiuxian to the night rose

Lu Ming's killing Ye Chu Tianji on the spot was a shame and shame for all the human races.

Ye Chu Tian Ji, formerly known as the strongest son of heaven, is one of the strongest two of the young generation of the Celestial Race. He represents the face of the Celestial Race.

Killing Ye Chu Tianji in public is tantamount to beating all the faces of the human race in public.

These days, human races will naturally be unhappy.

"Yeqiu Xian, you must avenge Ye Chutian Ji!"

"Yeh Qiuxian, you must kill Lu Ming!"

Many people shouted at the human race and placed their hopes on Ye Qiuxian.

Now, among the Celestial Clan, only Ye Qiuxian can deal with Lu Ming.

In the process of Lu Ming's killing the Ye Chu Tianji just now, the fighting power revealed has always been twelve stars, and has not exposed the fighting power of ten three stars.

Therefore, everyone thought that Lu Ming was only the fighting strength of the twelve stars.

The fighting power shown by Ye Qiuxian might not be able to deal with Lu Ming.

In the noisy scene, the game continued.

Next, there are a few matchups between eleven stars. After the end, the ninth round is all over.

Soon, the tenth round began.

The first game of the tenth round was a heavyweight showdown, a battle between the twelve stars.

Pantheon against Xie Nianqing.

"This..."

Lu Ming was also stunned.

Pantheon and Xie Nianqing battled, he did not want to see.

But according to the rules of the game, sooner or later they will have to meet.

"Hope not to hurt the peace."

Lu Ming murmured, but he was inconvenient to intervene.

One is his life and death, and the other is his wife. Both of them are injured, neither he wants to see.

But at this time, the people around were also talking about it, guessing who the two gods, Xian Nianqing, are stronger.

Pantheon, who had defeated Ye Chutianji before, had already demonstrated its powerful combat power.

Xie Nianqing has always been mysterious and has not confronted the existence of the twelve-star combat power.

But before, when the night rose faced Xie Nianqing, he directly conceded defeat, which made people unable to understand Xie Nianqing's strength.

They want to pass this competition to see Xie Nianqing's strength.

On the battle platform, Pantheon and Xie Nianqing stood opposite each other.

The gods looked at Xie Nianqing and Lu Ming, and finally shook their heads: "No need to fight in this game, I admit defeat!"

"Ok?"

Xie Nianqing was also shocked, but did not expect that pantheon would directly admit defeat.

The other people around were a little dazed and then speechless.

I really wanted to take this battle to see Xie Nianqing's strength. Unexpectedly, Pantheon conceded defeat again.

"Me and Lu Ming are friends, and you are Lu Ming's wife, and that is your own. I don't want to fight with my own!"

"And, the feeling you give me is very powerful and very threatening. Even if it is really a battle, I have no certainty of winning, it is better to admit defeat..."

The gods muttered a few words, and moved back to the lotus.

In this battle, Xie Nianqing wins.

The first game of the tenth round ended in a hurry.

I thought there would be a wonderful showdown, and the result was very disappointing.

After that, the eight consecutive games were all duels between eleven stars, or eleven stars against twelve stars.

Either it is not exciting enough, or there is no suspense.

Waiting until the tenth round of the tenth round, everyone finally started to get excited.

Because in this scene, it is Ye Qiuxian, against the night rose.

The two top masters finally got up.

Whether it is Ye Qiuxian or Night Rose, it is considered to be the most likely existence to win the first place.

Ye Qiuxian, who defeated Ye Chu Tianji and Ye Ling Hongye in succession, became the real first person in this generation.

The night rose is a bite of the sky rose flower, strange and extremely poisonous, even if it is the power of the heavenly human race, it can be swallowed.

Before fighting against Yeling Hongye, he swallowed the power of Yeling Hongye's supreme sky, making Yeling Hongye weaker and weaker, and finally lost to the hands of the night rose.

This made everyone guess.

Since the night poison is highly toxic, since it can devour the power of the mighty sky of Ye Linghong's leaves, can it devour the power of the mighty sky of Ye Qiuxian?

In theory, it is possible.

Since those who can devour the Ye Linghong leaves, they can devour the Ye Qiuxian.

However, Ye Qiuxian's strength is more powerful, which is hard to say.

Therefore, the night rose and Ye Qiuxian, who is stronger, has been the focus of everyone's discussion, each has its own rhetoric.

However, everything must let the facts speak. Only when the two men have actually fought a battle can they really know who is stronger or weaker?

Now it's finally time to catch up.

After a discussion, the people calmed down and looked quietly at the battle platform, waiting for the outbreak of the war.

"The handsome man of the Celestial Clan, you are not my opponent, just concede defeat, we can make a friend, more close in the future..."

The dark night rose eyes are like water, staring at Ye Qiuxian, the voice is full of charm.

The night rose, the national beauty and the sky, no matter the figure or appearance, are the top in the universe. In the face of the night rose, few people can resist this temptation.

All around, many young generations of creatures swallowed droolingly, their eyes squinted round, staring at the night rose.

However, Ye Qiuxian looked as usual, unmoved.

"Shoot, let me see, how bad is your poison..."

Ye Qiuxian said indifferently, and his voice was cold, but in the cold voice, there was an invincible faith.

"It's really boring, I don't understand the style, then I blame my sister for being ruthless..."

Before the words fell, the night rose shot.

She sipped softly, pushed her hands, and suddenly burst out of a dark golden light around Ye Qiuxian.

These lights suddenly enveloped Ye Qiuxian.

This kind of light is both attack and highly toxic.

bump!

Ye Qiuxian moved.

At the moment of movement, the three Xeontian forces exploded.

The three kinds of supernatural powers condensed into three war swords with different colors, hacked out.

Sword gas roared, pierced through the dark golden light, and Ye Qiuxian's body rushed out, rushing towards the night rose at an alarming speed.

The sword gas roared, and hundreds of sword lights slashed towards the night rose.

The dark night rose had a dignified expression, and a huge rose flower appeared in her hand.

The rose flower becomes dark golden, the petals unfold, and the center of the petals is like a strange black hole, like a bottomless abyss, full of terror.

In the black hole, dark golden light continuously rushed out, densely packed, and rushed to Ye Qiuxian.

Boom!

The two attacked, collided together, and burst into a roar.

The three-color sword light, constantly colliding with the dark golden light, the entire battle platform was shrouded in various light.

The speed was too fast. In a moment, the two of them confronted hundreds of moves, and had not yet scored.

Chapter 4425: Ye Qiuxian is going to lose?

"kill!"

Ye Qiuxian Changxiao, controlled three war swords, launched a fierce attack, and the sword gas was like a surging wave, constantly sweeping towards the night rose.

This kind of attack is extremely terrifying, as if anything blocking the front will be ruthlessly destroyed.

The petite dark night rose seems to be torn into pieces at any time by endless sword qi.

However, the rose in the dark night is as steady as a mountain. The rose flower in her hand seems to have infinitely dark golden light, and it bursts out continuously, blocking the sword-like energy of Ye Qiuxian like the tide.

"Go on like this, Ye Qiuxian is in danger!"

Someone sighed and won the approval of others.

Especially those of the Celestial Clan, their faces are very dignified.

This was also the case when the night rose and Yeling Hongye played against each other.

At first, the two were evenly matched, but later, Ye Ling Hong Ye was poisoned by the night rose, and then the poison began to be swallowed to the strength of the sky. Ye Ling Hong Ye became weaker and weaker, and was finally defeated by the night rose.

The current situation is exactly the same as before.

Obviously, the night rose also wants to take this way to defeat Ye Qiuxian.

The longer the time, the more unfavorable to Ye Qiuxian.

If Ye Qiuxian was defeated, his Celestial Clan was really defeated. After the matter spread throughout the universe, the reputation of the Celestial Clan would also be greatly affected.

Ye Qiuxian, obviously can think of this.

"Sanjue Sword Formation, kill me!"

Ye Qiuxian shouted, the power of heaven broke out, and three war swords formed by the strength of the strongest heaven quickly grew into a huge giant and stood between heaven and earth.

The three battle swords are arranged in a strange trajectory to form a sword array.

boom! boom! boom!

The world shook, the battle platform trembled violently, and the sword array condensed a huge sword light, which descended from the sky and stabbed at the head of the night rose.

Horror, real horror.

The power of this move is terrible, and it is stronger than the previous wave of sword energy.

Obviously, Ye Qiuxian didn't use his full strength before, no tricks, just ordinary attacks.

At this time, the sword array is the real killer, and the power is really amazing.

The huge sword light gives people a very powerful pressure. The general Divine Emperor weighs a lot. In front of such a sword light, let alone stop it, it has not been touched, and the mind may have collapsed.

Of course, this is not to say that the power of this trick has already surpassed the twelve-star power and reached ten Samsung.

not at all!

The further back, the harder it is to increase the star power, not just talking about it.

When it comes to twelve-star combat power, it is even more difficult to increase the combat power of one star.

But there is no doubt that this move has definitely reached the limit of twelve star combat power.

"So strong, the night rose is going to lose!"

"Ye Qiu Xian is really amazing. At this time, there was actually a kill trick. This trick came out to defeat the night rose, so that her venom was lost."

"With such a fighting power, Ye Qiuxian is sure to be the first, which is even bigger!"

Faced with this sword, many people exclaimed.

And the night rose himself, his face is very dignified.

"Swallow the sky roses, the power of the sky!"

Dark night rose sip, her body, filled with a rich dark golden glow.

Her body was shrouded in the radiance.

At the next moment, the xianguang disappeared, and the body of the night rose disappeared, and it was replaced by a huge rose flower.

This rose flower is as high as a hundred feet, and it is still growing at an alarming rate. It looks exactly the same as the one before the night rose.

However, the breath is much more terrifying.

This is the body of the night rose.

The real sky-biting rose flower.

boom!

The huge sword light, stabbed on the sky-biting rose flower, burst into a roaring sky.

Then Jianguang shook and collapsed.

The bite-rose rose flower also shook violently, drifting backwards.

However, there are roots extending from the root of the sky-biting rose flower, rooted in the void, and stabilized the figure.

"Sanjuetianjian array, cut, cut, cut!"

Ye Qiu Xian shouted, chopped three times in a row, the momentum was thunderous.

Then, the three war swords in the sword array vibrated, and this time, three sword lights appeared together, slashing towards the night rose.

The three sword lights are all huge and terrible, and one is about to crush the sky-biting rose flower into a smashed look.

But at this time, the flowers of the sky-biting rose rose sharply.

In an instant, the whole sky was covered.

In particular, the black hole in the middle of the flower was huge, like a huge mouth for people to eat, and a terrible devouring force exploded, facing the three sword lights, and bit it down.

Buzz!

The three sword lights continually vibrated, ignited a sword spirit, and attacked those petals, but were swallowed by the horrible force of devouring, and all entered the black hole.

Moreover, the flowers continue to grow, and the force of engulfment continues to explode, swallowing towards the three sword lights, and the three sword lights will be swallowed.

Jianguang vibrated, confronting Rose Flower, but eventually lost, and collapsed.

After all, this is just three sword lights, it is not lasting, and it is normal.

After devouring the three sword lights, he ate the sky rose flower and began to rush towards Ye Qiu Xian, to devour both Ye Qiu Xian and the three war swords.

Ye Qiuxian looked calm and was under the protection of three war swords. At the same time, the three war swords were arranged in a mysterious track and kept turning.

The speed is fast and slow. During the rotation, a powerful swordmand is generated, constantly slashing towards the night rose.

For a time, the two sides stalemate.

Soon, the two sides stalemate for a few minutes.

At this time, a dark golden light suddenly appeared in the body of Ye Qiuxian.

These dark golden lights, like mist, permeated through every pore in the body of Ye Qiuxian.

Ye Qiuxian's body seemed to be stained with a layer of dark golden paint.

"Hahaha, Ye Qiuxian, you are now completely intoxicated by my poison. Now, the poison is devouring your mighty power, you are defeated!"

The arrogant voice of the dark night rose came from the huge rose flower.

"How could this be?"

Many Celestials have pale faces and are extremely ugly.

Ye Qiuxian, be defeated?

They are difficult to accept.

Ye Qiuxian is so powerful that it is already at the limit of the twelve-star combat power. Such a combat power is enough to overwhelm the universe for an era.

However, the night rose is even bigger, and after turning into the body, the combat power also skyrocketed.

In the process of the stalemate between the two, the night venom's highly toxic explosive power invaded the body of Ye Qiu Xian.

As a result, Ye Qiuxian is likely to enter the footsteps of Ye Linghong leaves.

The power of Xeontian was swallowed in the body, and the consequences could be imagined.

"Really? I'm afraid I will disappoint you!"

Ye Qiuxian said lightly, until now, his face is still calm.

Chapter 4426: Perfection

Even if the night venom's poison enters the body, Ye Qiuxian's face is still very calm. In the voice, she still seems to be full of strong confidence in herself.

At this time, the face of the night rose suddenly changed.

"Why? Why is the supreme power of your body not weakened at all?"

The night rose rose with a slightly shocked voice.

Night Rose can accurately grasp and control her poisonous gas perfectly, and she can clearly perceive how much power the enemy has swallowed.

But after the poison gas entered Ye Qiuxian's body, she found that her poison gas did not devour the slightest power of Ye Qiuxian.

This is impossible.

Although the power of the Xeontian Sky is powerful and mysterious, her sky-biting poison is not trivial. The whole universe is unique and can swallow endless power. The power of the Xingtian Sky of Yeling Hongye was not swallowed by her.

But the power of the supreme sky in Ye Qiu Xian's body actually felt immobile.

No matter how she urges the Devouring Heavenly Poison and how to control it, it is useless.

The power in the body of **** is like a rock, solid and immortal.

"I don't believe it. Between heaven and earth, in addition to the power of taboo, there is the power that I can't swallow..."

The night rose drank a little, the sky-biting rose flower swayed, and at the center of the flower, more sky-biting poison spread out into the body of Ye Qiuxian.

But after a while, it was still useless. The night rose felt that he had not swallowed a little bit of power from Ye Qiuxian.

Instead, she herself, desperately released sky-biting poison, consumed a lot of power.

"How is it possible? How strong is the power in your body? No, the power in your body is wrong..."

At this moment, the night rose seemed to find something, and shouted in shock.

"Let you see, my real power!"

Ye Qiuxian's cold and confident voice sounded.

next moment...

boom!

A breath of terror erupted in the body of Jesus, and a vast force burst out, as if to destroy everything.

The night rose invades the sky-sucking poison in the body of Ye Qiu Xian, under this force, it is rapidly disintegrating and quickly annihilating.

Ye Qiuxian was shrouded in gorgeous power of heaven. This power of heaven actually had four colors.

At this moment, many people couldn't help widening their eyes, revealing a deep horror.

"You...you...the four powers of the sky..."

The night rose roared in shock, the huge rose flower, swaying constantly, seemed to be shaking.

Those petals were shaking because they were too shocked.

Yes!

There are four kinds of powers of the Supreme Heaven, and the power of the Supreme Heavens controlled by Ye Qiuxian is not three but four.

Heaven punishment, heaven punishment, heaven extinction, heaven sha

There are only four types of Celestial Clan's supreme power. Ye Qiuxian, they have all mastered it.

The scene fell into deathly silence at first, and then there was an uproar.

Among them, the people of the Celestial Clan are the most excited, the most horrified, and the loudest.

"God, the four powers of the strongest sky, Ye Qiuxian actually controlled the four powers of the strongest sky. How is this possible?"

"Legend, the four forces of heaven are the true strength of heaven, but it is extremely difficult to master. In the history of the Terran, few people can control it!"

"Too strong, Ye Qiuxian is too strong, is this the true strength of Ye Qiuxian?"

The Celestials are talking and discussing in shock. Even those arrogant arrogances are shaking all over. I don't know whether it is because of excitement or envy.

There is only one thing in common, that is horror.

They are so shocked.

Only the Terran family can truly understand what it means to control the four powers of the super strong heaven.

That is perfection, true perfection, the perfect force of heaven.

Legend has it that in the history of the Celestial Clan, there were only two people who truly mastered the perfect power of heaven.

One is an ancestor of the Celestial Clan before the infinite years. I don't know how many years it is now. Now, I don't know whether it is dead or alive.

It was also the ancestor who brought the Celestial People to such a prosperous state.

And the second person is a peerless demon among the Celestial Clan before the sixty star years.

Sixty years before the stellar year, the demon also controlled the four kinds of supernatural powers and was extremely powerful. At that time, he fought against taboos and fought all the way to the madness.

Today, this existence is also known as the first master of the human race, suppressing the entire universe.

Of course, it's when some long-time ancestors of the Celestial Clan are out.

And now, there is a third.

"Luck, the luck of my gods!"

In the high sky, those of the Celestial Clan level are also shocked, and then excited.

One by one trembling with excitement.

They know better than anyone, and control what the perfect sky means.

This means that the human race will become stronger and stronger.

Before the endless years, an ancestor of the Celestial Clan controlled the perfect power of the sky, led the Celestial Clan along the way, and finally led the Celestial Clan to the prosperous road.

Before the sixty star years, the Celestials faced a huge crisis.

At that time, there were two taboos in the universe, as well as some other evil spirits, who must rebel against the Tiangong and want to overthrow the Tiangong.

At that time, the Celestial Clan appeared another arrogant in control of the perfect Celestial Power, fighting against taboos, plus the help of some Celestial Clan ancestors, and finally retained the Celestial Clan and the Celestial Clan's status of suppressing the universe.

The emergence of every person who controls the power of perfect heaven is of great significance to the human race.

This time, the third one appeared.

Does it mean that the Celestial Clan can eventually wipe out the rebels and truly control the vast universe?

At this moment, these Tianzun characters think a lot.

"The four supernatural powers blend with each other to form the perfect power of the sky, perfect and without any flaws. Although your poison is powerful, it can't swallow my perfect power of the sky!"

Ye Qiuxian spoke lightly, and the confidence in her eyes grew stronger.

Hearing Ye Qiuxian's words, everyone understood why the night rose was so poisonous, why could it be that Ye Qiuxian was gone.

The perfect power of the sky is perfect, perfect, round and integrated, without flaws, bitter and poisonous, and there is no way to start.

"You... you actually control the perfect power of the sky..."

Among the huge rose flowers, there is an incredible voice of the night rose.

She was Tang Qing's pet before the 60th Stellar Year, and she fought all the way with Tang Qing. She had witnessed the appearance of the Heavenly Clan's evil spirit before the 60th Stellar Year.

That is the existence that can really compete with the taboo body and even suppress the taboo. It is extremely powerful.

Faced with this kind of opponent, she felt a little trembling.

"Originally, I wanted to keep the taboo body, but I didn't expect it to be exposed in advance, Dark Night Rose, you are proud enough..."

Ye Qiuxian's indifferent voice sounded, and then stepped out.

Chapter 4427: I was shocked

Ye Qiuxian stepped out in one step, and the perfect power of the sky burst out, forming a war sword, slashing towards the night rose.

The sword gas roared, the sky was turbulent, and the terror was boundless.

Faced with this blow, the night rose's heart was trembling and he felt great pressure.

However, the night rose did not want to give up.

"Stop me!"

The night rose drank, the huge rose flower, rapidly rotating, the already huge flower body is still growing rapidly, the flower continues to rotate, the center of the flower, there is a powerful engulfing force burst out, want to put this War sword, devour it.

But soon, the heart of the night rose began to sink.

Because, Ye Qixian's blow was beyond her imagination.

The sword light fell, and the night rose attacked continuously.

In the end, the gigantic war sword was cut on the sky-biting rose flower, directly splitting the powerful swallowing power into two.

boom!

The sword of war was cut on the flowers, causing the flowers to vibrate violently. Then, the violent sword gas hit down and the flowers continued to explode.

The blossoming petals are finally extinguishing, and finally, the whole flower is split in half.

With a bang, the huge night rose flower burst out completely, exposing the night rose body.

Her face was pale, her mouth was constantly overflowing with blood, and her body retreated backward.

"I surrender..."

While retreating, the night rose shouted.

No need to fight anymore. Through the sword just now, she knew very well that she was not Ye Qiuxian's opponent at all, a big difference.

If you continue to fight, it is estimated that the next move will kill her directly.

Ten Samsung power!

Dark Night Rose sighed weakly in her heart.

That trick just now, she has been very clear, Ye Qiuxian has reached ten three-star combat power.

Although ten stars and twelve stars differ by one star, the gap is huge.

The Honghuang Universe has always had a legend that in Divine Emperor Realm, the twelve-star combat power is almost the limit.

The most powerful genius in the universe can reach the twelve-star power.

However, once surpassing the twelve stars and having ten stars, the combat power will skyrocket.

Under the same conditions, the ten-three-star power can easily crush the twelve-star power, even if any tactics are used, it will not help, and it is difficult to surpass.

And Ye Qiuxian's combat power, obviously, has surpassed twelve stars and reached ten three stars.

This is truly invincible at the same level, slamming the universe, and it is difficult to have a worldly demon in countless times.

The night rose admits defeat, directly withdraws from the battle platform, and returns to the lotus, and then hurry to heal the wound.

Ye Qiuxian's face was calm and she returned to the lotus.

He didn't have any heart to kill the rose in the night, so he let the opponent safely concede.

If he didn't want the opponent to concede defeat, after a stroke just now, he can continue the storm offensive, so that the opponent does not even have the chance to concede defeat, directly slashing it on the battle platform.

All around, all eyes fell on Ye Qiuxian, with deep fear and awe.

"Actually controlled the perfect power of heaven..."

Ye Chu Tian Ji, Ye Ling Hong Ye and others, sighed in their hearts, their eyes showing envy and helplessness.

They knew that they could no longer compete with Ye Qiuxian.

In the future, Ye Qiuxian will be the first person in the generation of the Celestials.

After this battle, they saw Ye Qiuxian again, I am afraid to be respectful.

Don't look at them controlling the three powers of the Xeontian sky, but the three forces and the four Xeontian forces are completely two concepts.

The three kinds of supernatural powers are immature and imperfect.

The four powers of the sky represent perfection.

Imperfect and perfect, the difference between one step, but the difference is very different.

And if you want to go further and reach the power of the four Xeontian Heavens, it is almost impossible.

In the history of the Celestial Clan, there are countless times that can control the three kinds of supernatural powers. Although there are few, there are still some.

Every other era, there will be one.

But in the vast history of the Celestial Clan, there are only three who control the power of the perfect sky.

It can be seen how difficult.

Facing the perfect power of heaven, the three types of supernatural power will be suppressed and easily defeated.

After this battle, Ye Qiuxian's status in the Celestial Clan will be amazingly improved, definitely far above them.

Although they are envious and envious, they also know that they will change their attitude towards Ye Qiuxian in the future, otherwise they will suffer.

"This person is really scary!"

Lu Ming looked at Ye Qiuxian, his eyes flickered, and there was a trace of shock.

He had previously felt that Yeqiu Xian was not simple, and vaguely gave him a strong pressure. He had always felt that Yeqiu Xian might have hidden strength.

The fact is true.

However, although he was a little shocked, he was not afraid, but in his eyes, he showed a strong fighting intention.

Ye Qiuxian has ten three-star combat power, why is he not?

The same as the three-star combat strength, who is stronger than Ye Qiuxian?

Only know after fighting.

Seeming to sense Lu Ming's fighting intent, Ye Qiuxian's gaze turned to Lu Ming, his sharp gaze, like two swords, slammed toward the landing.

"Taboo, I hope you don't let me down!"

Ye Qiuxian spoke, and the voice came from afar.

"Ha ha!"

Lu Ming smiled faintly and did not respond much.

It is useless to say more now, and it will be known in one battle.

However, Lu Ming's attitude fell into the eyes of others and became fear, fear.

"Lu Ming was afraid, not daring to fight!"

"Normal, Ye Qiuxian is the ten-three-star power. How long will it take for the entire floodland universe to have a ten-three-star power? Although Lu Ming is a taboo body, it is impossible to reach the ten-three power. How can you not be afraid of Ye Qiuxian?"

"Yes, now in the age of the cosmic age, Ye Qiuxian is the well-deserved first person!"

"It seems that this time the battle for the original seed, the first place has no suspense, it is powerful, the Celestials are worthy of the Celestials and are still invincible!"

Around, there was a lot of discussion and exclamation.

The faces of many Celestials could not help showing complacency and arrogance.

That's right, their Celestial Clan is still the first and still the overlord.

Before, Ye Chu Tianji and Ye Ling Hongye had a losing streak, so that all the Celestials felt dull, shameless, and faceless...

However, now because of Ye Qiuxian, they felt lost face and found it back.

Because Ye Qiuxian proved that their human race is still invincible.

The first place still belongs to their Celestial Clan.

"His NN..."

All Gods licked his lips, looking at Ye Qiuxian, the war in his eyes flashed, but he felt great pressure in his heart.

At the scene, everyone had different thoughts, but it was undeniable that they were shocked by Ye Qiuxian.

As a result, the next eleven rounds started, and there were several consecutive competitions, and everyone was in a trance.

Until the arrival of another heavyweight confrontation, all the talents recovered.

Xie Nianqing, against Ye Linghongye.

Chapter 4428: Clash in the field, three strokes hit hard

In the fifth game of the eleventh round, Xie Nianqing played against Ye Linghong.

This competition is also expected by everyone.

Mainly because of Xie Nianqing.

Xie Nianqing has encountered people with twelve star powers three times in front, but none of them have really shot.

When facing Lu Ming for the first time, Xie Nianqing confessed directly.

After meeting the night rose and pantheon, the night rose and pantheon also actively confess.

Xie Nianqing has not dealt with twelve-star combat power except for those with eleven-star combat power.

Others don't know what level Xie Nianqing's real strength is.

Now, through the battle with Yeling Hongye, you should be able to see some problems.

Now, Ye Chu Tian Ji and Ye Ling Hong Ye have been completely reduced to other people's strength measurement tools.

In this regard, Ye Chu Tian Ji and Ye Ling Hong Ye are naturally very unhappy.

"In this battle, I must defeat this rebel!"

Ye Linghong Ye stared at Xie Nianqing, shouting in his heart, full of determination.

She vowed in her heart that this battle must win and wash her shame.

This is her last chance to wash away the shame.

She was defeated by Night Rose and Ye Qiuxian.

In addition, Wanshen and Lu Ming did not play against her, but Wanshen and Lu Ming defeated Ye Chutianji successively.

She is almost as powerful as Ye Chu Tian Ji. Since Lu Ming and Pan Shen can defeat Ye Chu Tian Ji, she is probably not an opponent.

At present, only Xie Nianqing's combat power is unclear.

As long as she defeated Xie Nianqing, she could save some face and not be so embarrassing.

"It seems that you don't want to admit defeat, then take it, I will give you a shot!"

Xie Nianqing said, these words directly stimulated Ye Linghongye.

"Humble man, shut up for me!"

Ye Ling Hongye sipped coldly, and his body rushed towards Xie Nianqing.

In the process of rushing out, she pressed her hands, the red leaf field burst out, and enveloped Xie Nianqing.

Xie Nianqing seemed to be stunned, standing still, letting Hongye Field approach.

At the next moment, Xie Nianqing was shrouded in red leaves.

"Great!"

Seeing this scene, Ye Ling Hongye was overjoyed.

Once covered by her red leaves field, her chances of winning will increase by 20%.

The same is the twelve-star combat power, and the chance of winning is increased by 20%, which is a huge gap.

"This battle, I won, Hongye thousands, kill!"

Ye Ling Hong Ye Jiao drank, and in the field of red leaves, endless red leaves suddenly appeared and flew towards Xie Nianqing.

Each of these red leaves is comparable to a sharp weapon, and its power is very scary.

The power of one piece is amazing, and now there are at least tens of thousands of pieces.

The power of so many red leaves bombing together can be imagined.

Moreover, in the Hongye field, her attack will be endless.

Seeing that Xie Nianqing was about to be enveloped by thousands of red leaves, just then, a black aperture suddenly appeared on Xie Nianqing.

Also, the black aperture is expanding rapidly.

"Look at your field is powerful, or my field is powerful, Demon Field!"

Xie Nianqing took a light drink, and the aperture on her body expanded rapidly, and at once, Ye Ling's red leaves shrouded in.

Zizizi...

The two realms are colliding and rubbing, making a harsh sound, and the void is twisted.

The thousands of red leaves that were supposed to attack Xie Nianqing also stopped, suspended in mid-air, making it difficult to move forward.

"You actually control the field?"

Ye Ling Hongye's face changed, and the three Xeontian forces exploded in madness, melting into the Hongye field, trying to defeat Xie Nianqing's field of demon.

However, it is useless, the two fields are constantly in confrontation, but Xie Nianqing's field of heaven and demon is still intact.

"Your field, but so, let me break your field!"

Xie Nianqing said, then, a black lotus appeared under her feet.

Xie Nianqing sat cross-legged with the lotus.

A strange figure was pinched by her fingers, and a huge figure appeared on her body.

This figure is huge, not the figure of Xie Nianqing. It can be seen that it is a figure of a woman, but her appearance is unclear and she is shrouded in magic energy.

As soon as this figure came out, Xie Nianqing's field of heavenly demon quickly strengthened, and the red leaf field of the Yeling red leaves suddenly shook and twisted.

Ye Ling Hong Ye's face changed greatly, revealing a shocked look.

In the field, she was actually suppressed.

Once her red leaf field is broken, but instead is covered by Xie Nianqing's heavenly demon field, she will be very passive and her chances of victory will drop wildly.

"kill!"

Ye Ling's red leaves shouted, and the three kinds of supernatural powers turned into three weapons, and took her to Xie Nianqing to kill Xie Nianqing in one fell swoop.

As long as Xie Nianqing is defeated, Xie Nianqing's field will not break through.

In a blink of an eye, Yeling Hongye was approaching Xie Nianqing.

At this time, Xie Nianqing also moved, her right hand gently pressed out, the huge figure also stretched out a hand, pressed forward, pressed down against Ye Linghong leaves.

After the huge palm was pressed out, it became very dark, as if it were formed by the condensed magic energy.

Heavenly Demon Handprint!

boom!

The huge magic palm, and Ye Linghong leaves were blasted together, and a roaring sky broke out, and the energy was overflowing, and Yeling Hongye's body retreated backward.

And the big demon handprint of the devil kept pressing against Yeling Hongye.

"how is this possible?"

Ye Linghongye was extremely shocked. She found that when confronting Xie Nianqing head-on, she was even more invincible and was completely crushed.

Faced with the overwhelming handprint of the Devil, Ye Ling Hongye can only continue to erupt to resist.

But this time, she was even more embarrassed, her body staggering backwards, her face pale, her throat sweet, and a spit of blood spewed out.

This time, she was injured.

Just two hard moves, she was injured. Obviously, the difference in strength between the two is not a little bit.

"Heavenly Demon Handprint, suppress me!"

Xie Nianqing drank and continued to shoot. The huge figure, the palm of his hand pressed out again, and there was a huge handprint of the heavenly demon, which pressed against the Yeling red leaves, like a mountain.

Rumble!

The big handprint hasn't fallen yet, the violent energy has made Ye Ling Hongye's face greatly changed.

Keng!

Sword sounded above, Ye Ling's red leaves urged the three kinds of powers of the heavens, and the three strengths of the heavens turned into a large number of blood red leaves. These leaves were intertwined with each other and turned into a huge battle. Sword, chopped towards the big demon handprint, want to split the big demon handprint.

bump!

The two faced each other for the third time, and their strength swept through all directions.

At the next moment, the war sword transformed by the blood-red leaves shook violently, and then burst apart.

The violent energy printed on the big demon's handprint pressed crazy against the Yeling autumn leaves.

puff!

Ye Ling's red leaves vomited blood, his body resembled a sack, flew backwards, and fell heavily on the battle platform.

After three head-to-head confrontations, Yeling Hongye was hit hard.

Chapter 4429: Lu Ming vs. Night Rose

Yeling Hongye was hit hard, making it more difficult to maintain the power of the Hongye field.

At this moment, Hongye Realm was completely crushed by the Heavenly Demon Realm, and it constantly collapsed.

The power of the field of Demon is getting stronger and stronger.

In the realm of the heavens and demons, a lot of black lotus flowers continuously emerged, dense and dense, all over the void.

The pupils of Yeling Hongye contracted sharply, revealing a look of horror.

"I surrender!"

Yelling Lingye shouted and confessed directly.

It is no longer necessary, she knows that Xie Nianqing's combat power is far above her.

If you continue to compare, she may not be able to break out of the battle platform, she will be beheaded on the battle platform.

With Ye Linghongye's defeat, Xie Nianqing won this victory.

But the result made everyone stunned.

Xie Nianqing's victory is too simple.

"What a terrible combat strength, how can Xie Nianqing's combat strength be so strong, just a few strokes, and defeated Ye Linghongye?"

"Does Xie Nianqing's combat power also reach ten Samsung?"

Many people were shocked.

Mainly, Xie Nianqing's victory was too easy. How many moves? He defeated Ye Linghongye, showing a huge gap between the two.

"No, it's not the ten-three-star combat power. Xie Nianqing's combat power hasn't yet reached the ten-three-star power. It should be the limit of twelve stars!

"Yes, her combat strength should be the twelve-star limit, and it is far above the Yeling Hongye, but it was impossible to win so fast. The main reason is that Yeling Hongye was restrained. Both of them control the field, but Xie Nianqing's field is stronger. In this way, Ye Ling Hongye is completely restrained, and his strength is greatly reduced, so he will be easily defeated!"

The existence of some **** masters has thoroughly analyzed the problem.

Others are suddenly.

Xie Nianqing's combat strength is indeed above Yeling Hongye, but it is obviously not normal to want to defeat each other with these few moves.

The main reason is that Yeling Hongye has been restrained. If Xie Nianqing played against Ye Chutian Ji, it should be difficult to win so easily.

However, everyone was still shocked, shocked by Xie Nianqing's combat strength.

Such combat power is already terrifying, and now it seems that it is second only to Ye Qiuxian, not weaker than the night rose with full combat power.

It's no wonder that the night rose will directly admit defeat in the face of Xie Nianqing.

The combat power is not weaker than the night rose, if there is any way to restrain the poison of the night rose, then the night rose is not a normal opponent.

"What an amazing fighting power, this time, the top three must have a place for Xie Nianqing!"

"Yes, if it wasn't for Ye Qiu Xian too strong, she could even compete for the first."

"This time there are so many masters, it is really shocking!"

Many people were shocked by the remarks.

"Damn, how is it possible?"

Ye Chu screamed, and among the people, he was the most shocked.

Because before, he and Xie Nianqing played against each other, and at that time, the two had a tie.

Now I want to think about it. One is that he was not restrained by Xie Nianqing, and the biggest reason is that Xie Nianqing did not use his full strength at all.

He had thought that he and Xie Nianqing would be half a catty, at least not among all the 12-star combatants, and now he found that he was very wrong.

This made him extremely uncomfortable.

After this battle, after a few more ordinary duels, when the eleventh round of the ninth game, finally ushered in a confrontation between the twelve star power.

Lu Ming to the night rose.

When the two stepped onto the battle platform, many people showed curiosity and anticipation.

It has been speculated that Lu Ming and Dark Night Rose, who wins and loses.

Because, now everyone's combat power is somewhat clear, everyone is secretly guessing, the specific ranking.

For example, the first group of people agreed that it was Ye Qiuxian.

There is almost no suspense.

The last two are Ye Chu Tian Ji and Ye Ling Hong Ye.

Xie Nianqing, the night rose, is considered by everyone to be almost locked in the top four.

The big suspense is Lu Ming and Panshen, who will be ranked fifth, unable to enter the top four.

And now, Lu Ming has faced the night rose, through this battle, you can see a lot of things.

For example, Lu Ming can defeat the night rose, then needless to say, surely lock the top four.

If Lu Ming is not the opponent of the night rose, it depends on how far Lu Ming can fight the night rose, and how the fighting power displayed shows compared with the pantheon.

However, when everyone thought about it, even Xie Nianqing and Pan Shen confessed in front of Lu Ming. As long as Lu Ming was not too bad, basically, he also locked in the top four.

However, most people are not optimistic about Lu Ming, thinking that Lu Ming is not the opponent of the night rose.

The main reason is that the fighting power revealed by the rose of the night is too strong, and it is definitely the peak limit of the twelve stars.

The forceful Ye Qiuxian exposed the strongest fighting power.

It is difficult to achieve such a combat power.

Although Lu Ming is a taboo body, but he wants to have such a combat power, the chance is very small, and everyone is not optimistic.

However, there were objections.

I think that although Lu Ming may not have the fighting power of Dark Night Rose, but after all, he is a taboo body. The taboo power is the top force in the universe. The night sky rose's bite-poisoning poison may not be due to the taboo power. restraint.

The outcome is not easy to say.

This statement has also been recognized by some people.

On the battlefield, the night rose looked at Lu Ming carefully, his eyes complex, and said softly: "Lu Ming, I really did not expect that you could grow up to this point, and you can also become a taboo body. No matter what, you have to 'eat', giggling!!"

In Lu Ming's mind, he couldn't help thinking of the time when he first met Dark Night Rose in the Taixu Holy pilgrimage.

At that time, Night Rose showed strong greed to him, really looking like he wanted to eat him.

"Unfortunately, missed the beginning, you no longer have a chance!"

Lu Ming said lightly.

"is it?"

The eyes of the night rose flickered, and the light circulated on Lu Ming, and she smiled and said: "Lu Ming, now I don't want to 'eat' you anymore, what I want is cooperation, how, join us, join us Fight hard, I will give you whatever you want."

With that, beautiful eyes circulated, showing a strange light.

Anyone can hear what she means.

Many young men breathed heavily.

In different directions, Xie Nianqing, Qiuyue, and Ling Yuwei's eyes fell on Lu Ming, wanting to see Lu Ming's reaction.

Lu Ming was expressionless.

How strong he is now, although the night rose is tempting, but he can't shake his heart.

"Dark night rose, don't talk nonsense, do you admit defeat, or do you want me to start?"

Lu Ming said coldly.

"Hey, I really don't understand it!"

Dark Night Rose sighed and said: "Although the power of taboo is strong, it also depends on the person who uses it. In the hands of different people, the power is also very different. I want to see how powerful the taboo you use is. Strong power..."

The voice did not fall, the night rose had rushed towards the landing.

Chapter 4430: Lu Ming second?

The dark night rose rushed towards the landing at an alarming speed. During the process of the rush, the dark golden glow of her body was already filled, and then a rose flower appeared from the glow.

As soon as he shot, the night rose turned into its original form, pushing the fighting power to the extreme.

The rose flower grows sharply, the glow of the sky diffuses, and the center of the flower, like a huge black hole, is unseen in Hessen, and a powerful force of engulfment bursts out constantly.

Huh...

The horrible swallowing force enveloped the landing, and at the same time, there was a constant dark golden light flying towards Lu Ming, like a sharp blade.

Facing the storm and rain attack of the night rose, Lu Ming's face was calm, and the taboo force urged him, and a long gun was formed in his palm.

call out!

The spear shook and suddenly thrust forward. In an instant, there were more than a dozen gun shadows, flying out of the sky, blocking the glow of the night rose, and even the powerful swallowing power was shot out of several large holes.

"Swallow me!"

The rose in the night is drunk, and the rose flower is still growing. At this moment, the entire battle platform has been covered underneath. The huge black hole in the flower is aimed at Lu Ming, and the force of engulfment continues to explode. Lu Ming will be swallowed into it. .

This force of engulfing is very terrifying. The average master faced this force of engulfing, let alone resisting it, I am afraid that it will be torn into pieces in an instant.

But Lu Ming is not an ordinary master. He successfully blocked the power of engulfment. His body was nailed to the battle platform like a nail, and his lines were immobile. He only used a spear to fight the dark golden glow.

In the blink of an eye, the two sides fought dozens of moves.

At this time, Lu Ming was completely shrouded in dark golden rays of light. Not only that, but also in his pores, dark golden light continued to diffuse.

Very toxic!

Lu Ming has been poisoned into the body.

"Swallow me!"

The night rose drank and manipulated the poison, wanting to devour Lu Ming's power.

But at the next moment, Dark Night Rose's face was gloomy, because she discovered that her sky-biting poison could not shake Lu Ming's taboo power at all.

Although she had expected it for a long time, but it really happened, she was still very disappointed.

"Dark night rose, this is your sky-biting poison, but that's it. Now, it's my turn!"

Lu Ming's voice sounded.

He has been passively resisting before, not launching too strong offense, just want to try to bite the heavenly poison, how bad is it.

He can devour the power of the strongest sky, but he cannot devour the perfect power of the sky, so he also wants to give it a try and see if he can swallow the taboo power.

In this way, we can compare the power of taboos and the power of perfect heavens, who is strong and who is weak.

Facts have proved that the power of taboo is strong enough, and it will definitely not be weaker than the power of perfect sky, and successfully blocked the sky-biting poison.

It is bitterly poisonous, and it is difficult to shake the power of taboos.

Now that it has been tested, there is no need to continue, it is time to fight back.

boom!

A strong breath erupted from Lu Ming's body, and a gun burst into the sky, breaking straight above the sky.

The lance is getting bigger and bigger, piercing the huge sky-biting rose flower, to pierce the sky-biting rose flower.

The spear is huge, and it is shocking.

"What a terrible attack, what a terrible power!"

"This kind of power has reached the limit of twelve-star combat power!"

"Absolutely, I feel no weaker than Xie Nianqing's combat power!"

"Amazing, this time, there are so many masters!"

At the scene, many people took a breath and talked excitedly.

That's right, Lu Ming still hasn't revealed the ten-three-star power, and the power that broke out is the twelve-star limit.

Because, to deal with the night rose, Gengen does not need to expose ten Samsung combat power.

"Swallow me!"

Night Rose still doesn't want to give up, but also wants to fight.

She urged the power of phagocytosis. In the middle of the flower, the black hole spun wildly, and the force of violent phagocytosis exploded. She also had a big mouth and wanted to devour Lu Ming's gun.

At this moment, the spears of the sky were also blasting into the center of the flower.

Rumble!

After a series of violent roars, the rose flower kept shaking, and then it began to explode.

Withered one by one, flew out.

With a final bang, the rose flower burst completely, revealing the figure of the night rose again.

But, at the moment, the night rose has a white face, with a ray of blood in the corner of his mouth.

She was hit hard by the move just now.

"Sure enough, the night rose is not an opponent and is going to lose!"

"The most terrifying thing about Dark Night Rose is that kind of poison. With that kind of poison, she is a twelve-star extreme combat power, but when that kind of poison fails, her combat power will be greatly reduced, not Lu Ming's. The opponent is also normal."

"It seems that this second place belongs to Lu Ming."

There was a lot of discussion, and there was a change in their minds about the specific ranking.

Lu Ming's combat power exceeded everyone's imagination, was stronger than everyone expected, and defeated the night rose directly.

Among all, Ye Qiuxian must be stronger than Lu Ming.

In addition to Ye Qiuxian, Xie Nianqing's combat power may not be weaker than Lu Ming.

However, Xie Nianqing had surrendered before Lu Ming.

Therefore, Lu Ming can already lock the second place in advance.

In the discussion of everyone, Lu Ming has stepped out, the spear in his hand is buzzing, locking the night rose, strong breath, and constantly oppressing toward the night rose.

"I surrender!"

In the end, the night rose shook her head gently, voluntarily confessed.

Which one is stronger and weaker is already obvious, no need to fight anymore.

The night rose admits defeat, withdraws from the battle platform, and returns to the lotus.

In this way, Lu Ming won the eleventh match and won eleven straight games.

So far, only two people have won 11 consecutive victories, that is Lu Ming and Ye Qiuxian.

"The specific ranking can almost be guessed!"

"Yes, Ye Qiuxian first, there is no suspense, and Lu Ming second, there is no suspense. In addition, Xie Nianqing and Dark Night Rose should be able to rank third and fourth."

"The fourth place is hard to say. The strength of the pantheon is also unpredictable. If you haven't fought against the night rose, you may not lose!"

"Yes, I think so, the fourth place is not easy to say, but other rankings should not change much."

Everyone was discussing the specific ranking again.

"Am I second?"

Lu Ming whispered in his heart, a smile of anticipation in his mouth, and a strong fighting spirit.

The second place is not his goal.

His goal is first.

Although Ye Qiuxian has ten Samsung powers, he also has ten Samsung powers. Whoever is strong and who is weak will not know until he has fought.

The eleventh round, after a few more games, was over.

It soon entered the twelve rounds.

Shortly after the start of the twelfth round, there was a duel between the twelve-star forces.

That is Ye Chutianji and Ye Linghongye, the tragic couples of the emperor.
