

D Emperor 4461

Chapter 4461: Encountered an attack

Next, Lu Ming asked some remaining Tianren elders some questions, learned some irrelevant news, and then let them go.

After letting a few people off, Lu Ming and four also left here, and also found a place where the Shi Ling of the Life Soul Yuan Stone Fragment would engulf the piece of Life Soul Yuan Stone Fragment from Xiao Chuhe.

In this way, the piece of life soul element stone in Lu Ming's hands is considered to be a fusion of three pieces.

This made Life Soul Yuan Shi Shi Ling very excited. Even his memory was complete. He could remember the secrets of several Life Soul Halls. Unfortunately, he still had no impression of Life Soul Heavenly Court and this ancient city.

However, it is always beneficial to incorporate more fragments of Life Soul Yuan Stone.

Although in this life and soul court, they have not gained much.

But one thing can be known, there must be treasures in the life court.

Because the 'Yewu' of the Celestial Clan is about to open a monument, and it needs more fragments of Life Soul Yuan Stone.

Perhaps there are other similar monuments.

Also, are the other three treasures of Life Soul Heaven Court also in this ancient city?

A group of four people have been walking in the fog and proceeding carefully. During this period, they also sensed the breath of the Celestial Clan and avoided it in advance.

In this way, the foggy seven days passed.

When the eighth day came, the mist between heaven and earth quickly dissipated, and between heaven and earth, the clarity was restored.

When the fog disappeared, the four Lu Ming hid in a complete building.

No fog, for them, it is more dangerous than fog.

Because the masters of the Celestial Clan can be dispatched unscrupulously, and they can stare at them far apart.

Once you meet the master of the master of the second level or above, you can't get rid of it.

They decided not to act when there was no fog, and to act when there was fog.

Although it's much slower when it's foggy, they have time, don't they?

"coming!"

Within half a day, Lu Ming whispered suddenly.

The four people converged their breath to the extreme, like a stone, looking out with the help of the building.

Uh, uh, uh!

In the sky, the sound of breaking the sky sounded, and figures appeared one after another, with eyes like electricity, glancing around, it was the Celestial Clan.

Among them, there is no lack of the existence of God's main realm.

At the same time, their spiritual consciousness is constantly scanning in this area.

Lu Ming and the four people, completely covered by Xie Nianqing's heavenly demon realm, completely isolated the exploration of outside spiritual knowledge.

Xie Nianqing has memories of past lives, and there are many means to block the spiritual exploration of others. It is not difficult.

Those Celestials glanced around and found nothing, and left in a flash.

Lu Ming and four people are staying in this building, waiting while practicing.

Especially Xie Nianqing needs more time to practice.

Because Xie Nianqing's cultivation practice has already reached the peak limit of the Divine Emperor Realm, and can already impact the Divine Main Realm.

However, if you want to attack the Divine Lord, it will take some time to consolidate and brew.

If she can break through to God's realm, her combat power will skyrocket, and the benefits for them are huge.

Time rushed, and in a flash, more than ten days passed.

In these dozen days, they found at least three batches of human races. After exploring this place, they were not found.

As soon as half a month had passed, it was really foggy again.

Soon, the entire ancient city was shrouded in dense fog.

"go!"

Together with the dense fog, Lu Ming and the four began to move into the fog, and by feeling, they moved towards the center of the ancient city.

There were no abnormalities in the first two days.

On the third day, they encountered a group of celestial beings.

Among this group of Celestials, there is a master who is a double master of the Divine Lord. The four Lu Ming naturally lost, and turned around and left.

Finally, relying on the obstruction of the mist, the Tianren tribe successfully thrown away.

"Be careful!"

After throwing away the Terran, Lu Ming suddenly took a light drink, because in an instant, he felt the horrible crisis coming.

At a critical moment, the power of taboo broke out and turned into a ribbon and a roll of Xie Nianqing, Qiuyue, and the three gods, and retreated backward.

嗤嗤嗤!

There were some terrible energies that fell from the sky and landed on Lu Ming where they had just stood, bombarded on the ground and blasted the ground out of several big pits.

"Over head!"

Then, Xie Nianqing Changxiao, the field of Heavenly Demon broke out, in the field, a lot of black lotus emerged, rushing towards the sky.

咻咻咻!

Above them, the mist was rolling, terrible strength roared, and a bone-bone claw came towards them.

The speed of the attack was too fast. From the sneak attack just now, to the second wave of attacks now, there is almost no gap at all, all in one go.

At such a fast speed, Lu Ming couldn't do it if he wanted to take out the ice xuan stick.

"Broken sky!"

At a critical moment, Lu Ming can only use the sky-breaking style. In the pores of his body, there are constantly guns that burst out, and his body turns into a spear, rising into the sky.

Qiuyue, and Panshen, in a hurry, also broke out to resist.

The attack of the four people collided with the bone-claws of the bones.

Several consecutive roars, Lu Ming's four bodies were shocked, and they felt the force of a row of mountains and seas on their bones and claws. The bodies of the four people fell like a meteorite and hit the ground.

puff!

Qiuyue is the weakest, and spit out a blood.

"A strong attack!"

Xie Nianqing's face was solemn, and the attack power of this white bone claw was equivalent to the double attack of the Divine Lord.

However, due to the fog blocking, they are not good at sensing each other's cultivation behavior, only know that the attack power is very strong and extremely strong.

"And, it's not a Celestial Clan!"

Lu Ming said.

Heaven human race, control the power of heaven.

The force that attacked them just now is definitely not the power of heaven, but the divine power cultivated by all races in the universe.

"Who is it, get out!"

The gods shouted like a mad lion.

But in response to them, a white bone claw grabbed them from above.

At the same time, there were violent sounds of breaking the air in four directions. Because the fog blocked the sight, it was not clear what attacked them, but it is certain that the attack power is not trivial.

"Bing Xuan stick!"

In Lu Ming's hand, Bingxuan stick has appeared, he sipped, and the taboo force was injected into Bingxuan stick, Bingxuan stick quickly grew larger, and blasted towards the bone claws above.

boom!

The violent roar sounded, the ice Xuan stick vibrated violently, and the trembling Lu Ming receded again and again, but the bone claw was also blocked, and there was an ice cold meaning, covering the bone claw and spreading quickly.

At the same time that Lu Ming shot, Xie Nianqing and others also shot out, and all took out the big killer.

However, they did not pay attention to the bone claws above, but dealt with attacks from the Quartet.

As we approached, we discovered that the attack from the Quartet was a bone sword.

The bone sword is sharp and contains a terrible gas engine. It constantly collides with Xie Nianqing and others, and suppresses Xie Nianqing and others.

With a big killer, still lost.

Chapter 4462: Encounter old acquaintances in the fog

"Break to the side!"

Lu Ming sent a message to Xie Nianqing, Qiuyue and the Pantheon.

Then the four people gathered together and rushed in one direction suddenly. The strength of the four people finally shattered a few bone swords, and then displayed their skills and ran quickly.

After several encounters, they understood that the people who attacked them were very strong, and even if they used their full strength, they were definitely not opponents.

They fled, and the people who secretly attacked them were chasing after each other, killing the bone sword in the air.

At the same time, the giant white bone claw in the air condensed out again, exuding the breath of people, and grabbed the four Lu Ming.

"Break me!"

Lu Ming shouted, waved the ice black stick, and continued to blast towards the white bone claw, blocking the attack of the white bone claw. With the help of this blow, he rushed forward, and at the same time rolled up Xie Nianqing and others, speeding up the speed forward Rush.

At the same time, Xie Nianqing urged the field of heavenly demons to cover all directions and cover large areas of defense.

No matter how the other party hides, it can be shrouded in the Demon Realm and is greatly restricted.

Lu Ming took the opportunity to keep running forward.

In the thick fog, it is really inconvenient to pursue, but it is convenient to escape.

It didn't take long for Lu Ming and the four to successfully get rid of each other.

However, the faces of the four people were all dignified.

"Lu Ming, who do you think is attacking us? Who can it be not the Celestial Clan?"

Pantheon.

"It seems that apart from the Celestial Clan who wants the Soul Primal Stone Fragment, there are other people who also want to seize the Soul Primal Stone Fragment of others!"

Lu Ming said.

This person Lu Ming, Xie Nianqing and others understand that they refer to the same person as them, and the same person with the fragments of Life Soul Yuan Stone.

Now, there are only two kinds of people in this ancient city.

One is the Celestial Race.

One is a person who, like them, possesses the Soul Primal Stone Fragment and is brought in by the Soul Primal Stone Fragment.

And the one who just attacked them was probably the same as them. The owner of the Soul Primal Stone Fragment was brought in by the Soul Primal Stone Fragment.

Some people want to take the fire to rob and take the soul of others.

Life Soul Yuan Stone fragments are selected from the top Tianjiao, but it is not that the other party is younger generation.

Most likely, it was the arrogance of the previous generation.

It is those older arrogances, and the cultivation of these people may have entered the realm of God long ago.

Peer struggling, Lu Ming, they naturally have no fear of anyone.

However, it is not easy to say that the next generation is fighting.

It seems that this ancient city is getting more and more dangerous.

Not only to guard against the Celestial Clan, but also to guard against the owners of other Life Soul Elementary Stone fragments.

However, they cannot stop at the same place.

Even if you are not looking for treasures, you have to act before you can go out.

Don't act when the fog is thick. When the fog recedes, there are masters of the Celestials everywhere, making it more difficult to act.

Therefore, the four Lu Ming did not stay, and proceeded according to the original plan.

Soon after, they made another discovery and saw a corpse in an alley.

This is a blood-red bat with golden wings.

Bloodlines!

Obviously, this is a master of the blood race.

But the eyebrows of this blood clan master were penetrated by a sword light.

A sword killed!

"This blood tribe is a divine presence!"

Xie Nianqing looked carefully and judged the person's cultivation behavior based on the remaining breath of the person.

"And, it was not killed by the Celestial Clan!"

Lu Ming then said.

This blood race was obviously not killed for a long time, his wounds, and the remaining power did not dissipate.

That kind of power is obviously not the power of heaven.

Was it killed by the existence that just attacked them?

This blood race is probably also the owner of the Soul Primal Stone Fragment, so it was the scourge of killing him, and the Soul Primal Stone Fragment was obviously taken away.

"How many people are here this time?"

All gods whisper.

Lu Ming and Xie Nianqing did not speak, and frowned.

This question, Lu Ming is also difficult to answer.

He also didn't know how many pieces the Life Soul Yuan Stone was broken into.

A dozen? Still dozens?

This time, except for the Celestial Clan, how many people came in? Is there a terrifying existence?

In this ancient city, I feel more and more dangerous, and there are hidden killers everywhere.

"Go!"

Lu Ming said.

Now that I'm here, I'm in it, no matter what, I can only do it.

The four of them continued on, and the next day, calm and calm, without encountering any danger.

But a day later...

"Someone ahead!"

Suddenly, the four Lu Ming stopped.

Because, they feel that there is someone ahead.

And very close to them, just kilometers away.

Thousands of kilometers away, they have exceeded their eyesight and spiritual perception.

However, the kilometer distance is too short for them.

If they are attacking, there is no difference between a kilometer distance and a kilometer, and a kilometer and a meter.

It can be said that this is a very dangerous distance.

Once attacked, it is difficult to reflect in time.

Fortunately, the other party did not attack, and seemed to stop there, motionless.

The atmosphere at the scene seemed to solidify.

Lu Ming four people, running power, lay a lot of defense around the body, ready to start at any time.

咻咻!

Suddenly, the sound of breaking the sky came in front of him, so sharp that he pierced them.

At the same time, the Quartet's cold breath rushed towards them at an alarming rate.

"kill!"

Lu Ming took a light drink, and the Bingxuan stick suddenly grew larger, as if the mountain was pressing the top, pressing down towards the front.

when!

Bingxuan stick, bombarded with a war sword.

The war sword, violently shaking, flew back.

"This sword..."

Lu Ming's eyes narrowed.

This war sword, rusty, looks very old, this is a big killer, a source-level magic soldier.

The key is that Lu Ming knows this rusty war sword.

This is the sword of Emperor Jianyi. He once fought against Emperor Jianyi. The killer of Emperor Jianyi was this rusty war sword.

Hurry!

At this time, a black hole suddenly appeared in the high altitude, and the black hole kept spinning, erupting a terrible swallowing force.

Even the mist around him was swallowed by the black hole, and the sight around him suddenly became clearer.

That is not a black hole at all, but a flower.

Devour the sky rose flower!

"Dark Night Rose, it's you!"

Xie Nianqing was filled with magical energy. A huge figure emerged around her body. With both hands, she pressed the black hole.

Rumble!

The black hole shook violently, and the power consumed was also reduced.

"Lu Ming, it's you!"

"Xie Nianqing, it's you!"

There are several body effects in a row.

"It turns out you, find death, kill!"

The pantheon roared, the divine power exploded, the body became huge and burly, manipulated more than a dozen kinds of original secret techniques, and bombarded in one direction.

There, the Yinsha Qi is very rich, and there is a figure that turns into Yinsha Qi, into various demons, ghosts, skeletons, and fights with all its strength.

That is Yin Jiuling!

Chapter 4463: Have been attacked

boom!

On the other side, Qiuyue brandished a sword and made a match with one person.

The man was shrouded in flames, every move exploded, the wind blew, and the terrifying heat radiated.

"The breath of ancient characters, that is... Lingheng!"

Lu Ming moved.

The existence of this match with Qiuyue is actually the peerless Tianjiao ranked first in the universe's Tianjiao list, Lingheng.

Lingheng, actually came together with the night rose.

call out!

In front, the iron sword flew over again, slashing towards Lu Ming.

Lu Ming's eyes were cold, and he said with a cold: "Emperor Jianyi, today, I will completely suppress you!"

The voice fell, Lu Ming stepped out, his body rushed out like lightning, and Bingxuan stick also bombarded down.

When the huge ice mysterious stick was pressed down, the mist rolled and the void oscillated.

Lu Ming finally saw a figure in front of him.

Who is not Emperor Jianyi?

Emperor Jianyi is manipulating the rusty war sword.

when!

The sword sticks intersect again, and the sky roars.

However, the fighting power of Emperor Jianyi was originally two stars lower than Lu Ming.

The rusty iron sword he controlled, although also a source-level magic soldier, was still not as good as the ice black stick.

Therefore, he was not Lu Ming's opponent at all. The swords and rods intersected, and the rusty iron sword was blasted out. Emperor Jian shocked his body and retreated backward. He coughed up blood and was hit hard.

"Emperor Sword One..."

Dark Night Rose sipped, waved his palm, and a sword flew towards Lu Ming.

The War Sword quickly grew larger, burst out, and traversed the void.

"Zhendian Shenbing!"

Lu Ming's eyes moved.

At the beginning, he and Ling Yuwei, as well as Dark Night Rose, Emperor Sword One, and Xiu Wuji explored one of the Nine Life Soul Palaces. In the Life Soul Palace, two town hall magic soldiers were found.

One of them, Bingxuan stick, fell in Lu Ming's hands.

The other one, a battle sword, fell in the hands of the night rose.

Obviously, this one.

Lu Ming waved his backhand, Bingxuan stick bombarded and intersected with the sword.

With a bang, the sword was blocked, but Lu Ming's body shook slightly.

"What a powerful force, this night rose, is worthy of being a person who has lived for a lifetime. It controls the town hall **** soldiers and exerts its power, which is obviously stronger than me!"

Lu Ming thought.

The night rose is a reincarnation, the previous life, Xie Nianqing's pet.

I feel that what Xie Nianqing said, Xie Nianqing's previous life, is the existence of the original source, and the night rose is also the original source.

They have the experience of the original source, control the magic soldiers of the same level, and have more natural power.

"Dark Night Rose, your opponent is me!"

Xie Nianqing drank, a huge lotus, pressed down towards the night rose.

The night rose, can only recall the saber to resist.

However, the night rose and others, where Lu Ming and their opponents have fallen.

"Lu Ming, Xie Nianqing, we just have different ideas and no big complaints. Why did you attack us before?"

Night rose shouted.

"Nonsense, you just attacked us!"

Lu Ming had not answered yet, and the gods roared, and the offensive kept on, like a storm, the pressure of Yin Jiuling kept blinking, and he could only dodge it with all his strength, but he was still shocked by the powerful force of the gods.

"We attack you? Misunderstanding, stop hand, this matter is misunderstanding!"

The night rose shouted and flew back.

But Xie Nianqing manipulated Lotus and wanted to continue the attack.

"Xiaoqing, wait a minute!"

Lu Ming screamed.

Xie Nianqing stopped her actions and recalled the lotus, but she still stared closely at the night rose.

"Qiuyue, all gods, stop for a while!"

Lu Ming called again.

Now, everyone is based on Lu Ming, Lu Ming told them to stop, Qiuyue and Panshen, naturally stopped.

The Yin Jiuling, Lingheng, and Emperor Jianyi quickly came to the night rose.

Lu Ming found that in addition to Yin Jiuling, Lingheng, and Emperor Jian, there were several other young men and women.

There were four others, who also came to the night rose and others.

Repair Promise!

Lu Ming saw Xiu Wuji at a glance.

In the past, when Lu Mingxiu was still weak, Xiu Wuji also competed with Lu Ming.

But now, Xiu Wuji's combat power has fallen far behind Lu Ming.

Although Xiu Wuji awakened King Shura's bloodline at first, he also got a lot of adventures in the back, and there were instructions from the night rose.

But his current combat strength is ten stars.

In the battle for the origin of Taishang Xiancheng, Lu Ming saw Xiu Wuji.

However, Xiu Wuji of the ten-star combat power was not placed in Lu Ming's eyes. Xiu Wuji did not even walk behind, and failed, and did not face Lu Ming.

However, Xiu Wuji at this time looked pale, expected to be depressed, and seemed to be injured.

Not only him, but three other young men and women were also injured.

"There are two people, both of whom are on the top of the universe's arrogance list. This night rose is really amazing..."

Lu Ming sighed.

Two other young men and women, two of whom Lu Ming had seen, were the top-ranked Tianjiao on the universe's Tianjiao list. They were powerful, but now, they have all turned to the Dark Night Rose.

The night rose founded the Huiying League in the past, and wanted to have the world's heroes, and it would become a force comparable to the Tiangong in the future.

Lu Ming sneered at that time, but now, he has to admire the night rose.

So far, the genius that the night rose has collected is already amazing.

These are all top-notch evils. In the future, it will be a great success, not to mention that the British Union can be comparable to the Tiangong, but at least it can also become a powerful force in the famous universe.

"Dark night rose, you say misunderstanding, but you talk about it, what misunderstanding?"

Xie Nianqing said coldly.

"You just said that we attacked you. This is a misunderstanding. We didn't attack you at all. We ourselves were also attacked. Before, I misunderstood that you attacked us in secret?"

The night rose said.

"Did you say there was no attack without attack?"

The gods said uncomfortably.

"Then I want to ask, what is the fighting strength of those who attack you? Do we have that fighting strength?"

The night rose said.

This statement made all the gods look stagnant.

Indeed, those who attacked them before were very powerful, and the four of them joined forces and were not opponents.

The night rose and others obviously do not have this strength.

"If I didn't guess wrong, the people who attacked you, the fighting power is above us. Similarly, the attacking us before, the fighting power is also above you. If it were not for me by special means, I am afraid we would not be able to escape. "

The night rose said.

"It seems that it was a misunderstanding!"

Lu Ming smiled.

In fact, as soon as he met this point, he thought of it.

Therefore, just now he would call Xie Nianqing, Qiuyue, Pantheon they stopped.

"But just now, obviously you attacked first."

The gods are still a bit unhappy.

Chapter 4464: Cooperation

In fact, Emperor Jianyi had already believed the other party's words.

Although his appearance looks rough, but he is not reckless, but his mind is very thin, naturally can also think of.

Just before, it was indeed Emperor Jianyi who first attacked, which made him very uncomfortable.

"So it's a misunderstanding. Just now, we felt that someone was staring at us secretly, very close. We were afraid that the person who shot before would catch up again, so we took the initiative."

The Night Rose explained.

Before, the atmosphere was really tense.

Both of them were attacked in secret, so when they sensed someone in secret, they instinctively felt dangerous, and they felt that someone was not kind to them.

When one party launched it, it naturally triggered a war.

"Ha ha!"

The gods grumbled twice.

"Lu Ming, Xie Nianqing, not as good as this. How about our two parties cooperating?"

Dark Night Rose's gaze turned suddenly.

"Cooperation?"

Lu Ming's eyes flashed.

"Yes, you must have been attacked by the Celestial Clan. In this ancient city, the Celestial Clan's strength is undoubtedly the most powerful. The Celestial Clan people want to hunt us and seize the soul stone fragments in our hands, we The single party is definitely not an opponent of the Celestial Clan. Only by joining forces can it compete with the Celestial Clan."

The night rose said.

"Even if we join forces, the two of us alone can't compete with the Celestial Clan!"

Lu Ming said.

"Although it can't be counterbalanced, the grasp will be greater, and the danger will be smaller when meeting the human race, and we can unite more people!"

"This time, all the people who have the fragments of Life Soul Yuan Stone have gathered together, and we can all join forces, and as far as I know, some people have joined forces. Among them, there are no shortage of characters in God's main realm, as long as we all join forces, It may not be able to compete with the Celestial Clan!"

The night rose said.

I have to say that this woman's ideas are indeed many.

The same is reincarnation, but Xie Nianqing's thoughts are far less than the night rose.

"What do you think?"

Lu Ming looked at Xie Nianqing, Qiuyue, and Pantheon.

"Lu Ming, you are in charge!"

Xie Nianqing said.

"I listen to the young master everything!"

Qiuyue nodded again and again.

"Lu Ming, you have always been resourceful and resourceful. Your decision is that I will do my best, haha!"

All gods laughed.

Seeing this scene, Night Rose was very envious.

She intends to gather the world's heroes and build Huiying League.

Although she succeeded in attracting a group of top-notch Tianjiao, how could it be better than Lu Ming and others.

Lu Ming will not say for the time being.

Xie Nianqing, pantheon, that's all twelve star power.

In the British Union, only her leader, this power.

The weakest autumn moon is also the Jiuqiao Sacred Heart, with eleven-star combat power and great potential.

It would be nice if these people could join Huiyingmeng and become her.

Of course, she can only think about it.

"Okay, I promise you!"

Lu Ming nodded and agreed to the night rose.

He also made the decision after careful consideration.

Without cooperation, the four of them are indeed inconvenient to act in this ancient city.

One must guard against the Celestial Clan, and also guard against other people's sneak attacks.

Not to mention what treasures are obtained, it is not easy to save lives.

But working with people, with more people and more helpers, the situation will not be worse at least.

Therefore, Lu Ming agreed to cooperate.

"Okay, let's leave this place quickly. I just know what direction some people are in, but I can find them in the past!"

Night rose.

Immediately, the four Lu Ming and Dark Night Rose left the place together, and Dark Night Rose led the way and flew in one direction.

Of course, it is impossible for Lu Ming to fully believe in Dark Night Rose and others, how can it be so easy.

Similarly, the night rose and others cannot fully believe Lu Ming. The two sides are cooperative on the surface, and secretly guard each other.

In a flash, a few days passed.

In the past few days, although they met the human race, they were avoided by them in advance.

In addition, they never encountered other people's attacks.

It seems that after they join forces, the other party also fears their strength.

A few days later, the fog disappeared, and they no longer moved forward, but found a hidden place to live, and waited for half a month after the fog reappeared, and continued on.

After these few days, Emperor Jianyi, Xiu Wuji and others have recovered from their injuries.

They are all hurrying to practice.

The people here have all reached the peak of Divine Emperor Jiuzhong. The next step is to break through the Divine Lord.

They are all preparing to break through the Divine Lord.

Especially Dark Night Rose and Xie Nianqing, who are closest to the Divine Lord, are always practicing and preparing to impact the Divine Lord's Realm.

Fifteen days, passing by.

Then, it was foggy again.

Lu Ming, they set off again, moving forward with the help of fog.

A few days later, they came to a place full of rocks.

Life Soul Sky Court is too large and even larger than the Dragon Mother Star. Naturally, it cannot be all buildings, and there are many other complicated terrains.

For example, this area is full of rock.

These rocks are tall and majestic, some are like mountains, some are like swords, some are even like various creatures...

"These rocks seem to form some kind of formation..."

Xie Nianqing whispered.

"It is indeed a certain formation, which is easy to get lost, but for us, it should not be difficult to get in and out..."

The night rose said to Xie Nianqing.

After all, they were strong in their original lives in the past life, and they are well-informed. The formation of this kind of rock formation is not particularly deep and can't trap them.

"Some of these rocks are stopped, let's go in!"

The night rose said.

Speaking, first rushed into the rock.

Emperor Jianyi, Yin Jiuling, Lingheng, Xiu Wuji and others followed.

"Let's go too!"

Lu Mingdao also followed into the mess.

As soon as they entered the rock, the various boulders around seemed to move independently.

But looking at it intently, it didn't seem to move.

However, Lu Ming found that the terrain changed.

Around, it seems to be all rubble, it is difficult to distinguish the direction.

"It really is a formation, but this formation is not advanced..."

Lu Ming was also proficient in array formations. Although it had fallen over the years, the foundation was still there. After careful observation, it became obvious that he was tired.

However, the night rose and Xie Nianqing saw earlier that they were leading and moving in one direction.

After two hours...

"Who? Stand and move on, we will attack!"

Suddenly, a cold voice sounded.

"Don't get me wrong, we are also the owners of Fragmented Soul Primal Stone Fragment. We want to come and cooperate with you to fight against the human race!"

The night rose quickly said.

"It's you, Lu Ming, Xie Nianqing, Night Rose, Pantheon..."

Suddenly, several exclamations came out.

Apparently, someone recognized Lu Ming.

Chapter 4465: Strengthening

Someone recognized Lu Ming and made a shocking sound.

Today, apart from the Celestial People like this ancient city, it has been nested in a place for thousands of years before they knew Lu Ming and others.

Wherever there is a bigger place, there are dream gods, it is difficult to know Lu Ming and others.

Of course, if the horns of the Taixu dynasty are slanted, and there is no fantasy **** jade, then two things are said.

As several shocking sounds sounded, and then the figure flashed, a dozen figures appeared in the surrounding rocks.

Among them, there are five young people, and the others are all middle-aged or old.

Lu Ming and others are not surprised.

Of these dozen people, it is impossible for all of them to have fragments of Life Soul Yuan Stone. It may be only those young people, but those who are older do not. They just happen to be together and follow up.

For example, Xie Nianqing, Qiuyue, and Pantheon all have no life soul stone fragments, just like Lu Ming came in.

Others, too.

For example, Dark Night Rose and others, not everyone possesses the Soul Primal Stone Fragment. In fact, only Dark Night Rose, Emperor Sword One, and Xiu Wuji have three people. Others, Dark Night Rose let them come together, Mainly to get the chance.

"These people..."

Lu Ming glanced at it and found that there were several young people among them, all of whom existed on the list of the universe's arrogance, and they ranked very high.

One of them is the existence of the top ten in the universe.

"You, how about our cooperation?"

The night rose said it again.

"You were also attacked by the Celestial Clan?"

One of the youths asked, named Beiao, ranked fifth in the universe's arrogance list, and a top evil with ten stars.

"Yes, the Celestial Clan came here three thousand years ago, and there are a lot of people. As far as I know, there are no fewer than twenty in the existence of God's Lord Realm. If they do not join forces, sooner or later they will be broken by each of them, and they will be robbed of their soul stone fragments.

The night rose said, want to promote this cooperation.

In fact, these young people did not put it in the eyes of the night rose.

The strongest inside, namely the Northern Olympics, had only ten star power, which was not enough for her to slap.

What she likes is the older ones.

These people are probably the elders of those young people, or their men.

The breath is amazing, and no fewer than five of them have reached the divine realm.

With the joining of these people, their strength will definitely increase greatly.

"Okay, I promise to cooperate, how about you?"

Beiao said something, looking at several other youths.

"I have no opinion!"

"Now it seems that only cooperation can work with the Celestial Clan!"

Several other youths nodded and agreed.

Both parties had no opinions, and naturally they hit it off, and soon reached a cooperation.

Then, discuss specific details.

Finally, everyone decided to find more people to cooperate.

It is best to gather all the people who have the fragments of Life Soul Yuanshi together to fight against the human race. At the same time, they work together to find the monuments in Life Soul Heaven.

As long as there are enough people they collaborate with, there are enough Life Soul Primal Stone Fragments in their hands. At that time, if they encounter the same estimations as encountered by the Celestial Clan, they need to be opened with enough Life Soul Primal Stone Fragments. It can be opened directly.

As for the treasures inside, each one spoke on his own merits.

After deliberation, they plan to send people around this rocky area, as long as they see the non-human beings passing by, they will pull in and cooperate.

Of course, their base camp is still in this rocky area.

This chaotic area formed a formation. Once the Celestial Clan attacked, they could use the formation here to get out easily.

Even if the mist dissipates, it can get away.

In other places, if there is no fog blocking, once surrounded by the Celestial Clan, it is difficult to get out.

Lu Ming, Night Rose, and others, first knew the formation operation of this chaotic area. After a few days, after they were fully familiar with it, Lu Ming and others dispersed around the chaotic area and waited for others to pass by.

As for finding cooperation everywhere, it is unrealistic and too dangerous.

Can only wait slowly around here.

While practicing, wait.

When there is no fog, there are also Tianren tribes in this area to investigate. However, once they notice that the Tianren tribe is approaching, they will hide in advance. Therefore, every time the Tianren tribe has failed.

In this way, time passed quickly.

Soon, Lu Ming and others have been in this area for more than half a year.

Over the past six months, their team has grown stronger and stronger.

By now, adding up, there will be almost fifty people.

Of course, there are only a dozen people who actually own the fragments of Life Soul Yuanshi.

The others followed.

Among them, there are more than ten of the main realm of God.

This gave them a lot of confidence.

Ten Divine Lord Realms, the strongest of which is the Divine Lord Double.

There are three divine beings.

This is also the reason why their team can exist, the power is not unbalanced.

If one of them is particularly strong, such as the Divine Lord Triple, it is difficult for them to reach cooperation. It is likely that the Divine Lord Triple will directly attack other people and seize other people's life soul stone fragments.

Three divine lords are twofold, and seven divine lords are onefold, which can form constraints and cooperation to achieve.

At this time, the crowd decided to leave this chaotic area.

To find the opportunity of Life Soul Heavenly Court.

This is Life Soul Sky Court. No one is unmoved. If you can find one of the three great treasures in the legendary Life Soul Sky Court, you might fly into the sky.

Especially the weaker Tianjiao, such as the Beijing Olympics, are even hotter.

Lu Ming, Xie Nianqing, Dark Night Rose and others are now arrogant to the younger generation of Honghuang Universe. They envy jealousy and hate in their hearts, and they are eager to get the treasure of Life and Soul Heaven. era.

The crowd chose to leave the mess area in a foggy period of time and headed towards the center of Life Soul Heavenly Court.

There are a lot of people, and they have a lot of courage. They move faster, and nearly fifty figures continue to flash in the mist.

what!

Suddenly, a scream rang out.

"Damn, it's a Celestial Clan, friends, kill!"

"Kill them all!"

A roar came from the left front.

Lu Ming, Xie Nianqing and others heard the sound and rushed directly to the left front.

According to the agreement, no matter who is attacked by the Celestial Clan, everyone else must help.

However, when Lu Ming rushed to them, they did not have to shoot.

Because, more than a dozen human races have been surrounded by Tuan Tuan.

At this time, these heavenly races were pale, looking at the nearly fifty people around them, a little dazed.

Chapter 4466: Hidden killer

"What do you want to do? Are you going to rebel? I recognize you, the Demon Race, the Blood Race, the Buddha Race..."

One of the Celestials shouted, their eyes were cold, and they threatened everyone.

"Huh, by this time, it is still threatening us, it is ridiculous, we will not kill you, you will kill us."

The night rose said.

"Good, as long as they kill them, who knows what we did?"

Lu Ming then said.

"Two little rabbits, you guys, look for death!"

The eyes of the Celestial Clan in the God Realm widened, staring at Landing Ming and Night Rose, and could not wait to eat them.

However, he was really trembling.

He is one of the most important cultivation practices of the Divine Lord.

However, there are ten gods surrounding him.

Even if he is very confident, the fighting power of the Celestial Clan is far superior to that of the same level, but among them, there is a double of the Divine Lord. He is definitely not an opponent and is going to be killed.

Originally, he wanted to threaten these people. Among them, most of the races are under the rule of their heavenly palace. Threats may be useful.

After all, the Jiwei of the Celestials is too deep.

Originally, he saw some people's eyes showing fear.

However, because of the words of the night rose and Lu Ming, the color of fear in these eyes disappeared, and the cold killing opportunity replaced them.

Damn it!

He really wanted to peel and cramp Lu Ming and Night Rose.

"Everyone, still stunned what to do, don't do it yet, when the reinforcements of the Terran Clan arrive, then we can't walk away."

Lu Ming shouted.

"Little beast, you shut up..."

The **** god of the human race roared.

"kill!"

Lu Ming shouted and banged out with one punch, rushing towards the master of the Celestial Clan.

Pull the whole body and move.

As soon as Lu Ming shot, the others immediately shot.

"kill!"

One attack after another, bombarded dozens of people from the Celestial Clan.

With so many masters, there are ten Divine Lords, and there are three Divine Lords in a double existence. These human races can't resist.

They roared, they threatened, they were desperate, they were killed.

After a wave of attacks, more than a dozen Celestials fell.

Then a fire burned the bodies of dozens of Celestials clean, and they quickly left here.

"happy!"

"Yeah, it's so happy, it's so cool to kill the Celestial Clan!"

"Yes, these Celestials are usually high above. It seems that in the universe except Celestials, all other races are ants. It looks really uncomfortable."

"This time, have a chance to kill a few more!"

Some people talked secretly, and there was excitement in their eyes.

These people were usually too oppressed by the Celestial Clan. At this time, dozens of Celestial Clan were killed. They suddenly felt a bad breath in their chests and were refreshed.

They moved on.

Over the next day, none of them met the people of the Celestial Clan.

Gradually, everyone's courage grew, and the distance between them gradually became larger and pulled apart.

After all, they belong to more than a dozen different factions. Although they cooperate, they also have their own careful thinking.

Open the distance, and if you encounter any chance, you can swallow it alone without sharing it with others.

"After all, it is still a piece of sand. If you really encounter the triple existence of the **** of the human race, it is estimated that it will be vulnerable."

Lu Ming shook his head.

The existence of the Divine Lord is much stronger than that of the Divine Lord. With the strength of so many of them and their concerted efforts, even if they face a Divine Lord, they may not be able to contend.

But looking at this situation, I am really in danger. It is very difficult to work together.

what! what!

Suddenly, two screams came from the right.

However, after these two screams sounded, they immediately fell silent.

The faces of other people have changed.

Attacked by the Celestial Clan again?

"Go and see!"

Lu Ming, Xie Nianqing, Qiuyue and Pantheon, and Dark Night Rose and others quickly rushed in the direction of the sound.

When they arrived, they saw two bodies.

A young man, an old man.

At this time, some people were already around, and their faces were a bit ugly.

Because, of the two dead people, the old man, but a divine master, has a single existence.

"What's going on? Didn't you see the Celestial Clan?"

Arrived in the back, someone asked.

"Don't see it. As soon as we arrived, we saw that they had been killed, but we didn't see anyone else."

Another old man replied that it is also the existence of a divine main state.

"I didn't see other people. Could it be that after the killing of the Celestial Clan, they immediately retreated, hiding in the dark, waiting for the opportunity to start?"

Humane, his face dignified.

Many people glanced around involuntarily, vigilant, fearing that the masters of the Celestial Clan would suddenly be killed.

"Are Yuanlu's Life Soul Yuanshi fragments missing?"

Night Rose asked.

Yuan Lu is the young man who was killed.

"Yes, his Life Soul Yuan Stone Fragment is indeed gone!"

An old man of God's realm replied.

"I'll take a look at his wound..."

The night rose said.

"Don't read it, we have checked it. It was indeed done by the Celestial Clan. At their wounds, there is the power of heaven to stay."

The old man said before.

However, the night rose didn't pay attention to him, walked over by herself, and checked it carefully.

Afterwards, the night rose expressionless, retreated, came to Lu Ming, said: "Lu Ming, you also check to check?"

Oh?

Lu Ming's eyes moved.

Night rose, also asked him to check it, did you find anything?

Lu Ming also walked over, Lingzhi detected it, and checked the wounds of the two.

"this is..."

Suddenly, Lu Ming felt a slight shock in his heart, but the expression on his face remained unchanged, and he backed away without saying a word.

"It seems that there is really a Celestial Clan hidden in the dark, behind, we have to be careful!"

Humane.

"We were too scattered before, too far apart, so we were taken advantage of by the Celestial Clan, and behind them, they got closer!"

"Not bad!"

Everyone, you say it to me.

"Lu Ming, the two of us are still getting closer, how?"

The night rose gave Lu Ming a voice.

"of course!"

Lu Ming responded.

After a while, they continued to set off.

But now, the distance between them does not dare to be too scattered, but gathers together and moves on.

Especially Lu Ming and Dark Night Rose are closer together.

For the next half a day, nothing happened.

The Celestials did not continue to attack.

Everyone's heart relaxed a little.

It seems that as long as they are brought together, the people of the Celestial Clan will dare not take action and be afraid of their strength.

However, Lu Ming, a few people in the night rose, did not take it seriously.

Those who can kill a god's existence with a heavy weight and disappear before the others arrive. Will they really be afraid of them?

Chapter 4467: A strange mountain

Lu Ming, Night Rose and others did not dare to relax and kept looking around.

suddenly...

Ah...

In the thick fog, several screams sounded.

"Who?"

"court death!"

Then, a few roars and a few attacks erupted in that direction, but after a blow, they stopped.

Uh, uh, uh!

Others rushed over, but only three corpses were seen.

These three corpses, a young Tianjiao, which everyone recognizes, is a Tianjiao on the list of universe Tianjiao. There is no breath at this time.

Another middle-aged and an old man.

The middle age was also the existence of Divine Emperor Jiuzhong, and the old man was the existence of a Divine Realm.

Now, all are dead.

"What's going on? We are so close that we can all be killed?"

"Why didn't I feel it at all, did you see each other's figure?"

"Not seen!"

Everyone talked, and the more they talked, the more ugly their faces.

They were very close to each other, and they were still attacked by someone. They killed a master of the God Realm and a Tianjiao, and were taken away a piece of life soul stone.

What did the other party do?

Of course, the distance between them is naturally impossible within 100 meters.

The distance between them is at least hundreds of meters apart.

Hundreds of meters, for them, is really close, and can be reached in a blink of an eye.

Although the sight here is hindered to 100 meters, but once there is a slight movement, they will know instantly.

It stands to reason that such a close distance, it is difficult for a master of the Celestial Clan to sneak attack.

But the fact is that someone was really attacked and killed.

Without knowing it, the enemy had disappeared by the time others arrived.

This is somewhat strange.

"Damn Celestial Clan, how did they do it?"

"hateful!"

Some people roared, very angry, but helpless.

At this moment, Lu Ming and Dark Night Rose stepped forward to check the wound again, then looked at each other and backed away.

In any case, the road must continue.

The crowd packed their moods and continued to set off.

But this time, everyone was more cautious. More than forty people gathered within a hundred meters.

Go forward under the dual induction of sight and spiritual consciousness.

This time, there has been no movement for a few days and no attacks from the Celestial Clan.

"Did the Celestial Clan see us gather together, unable to start, and left?"

"It is likely that the direction we are going now is opposite to the direction of the Celestial Race 'Ye Wu'. We are now farther and farther away from the Celestial Race. The other party sees that they cannot start, and it is normal to leave. !"

"However, you can't take it lightly!"

Everyone discussed it.

Another day later, the fog receded, and the field of vision suddenly widened, and there was no obstruction of the spiritual consciousness, and he explored far away.

Everyone immediately extended their spiritual knowledge to explore, and in the end, found nothing.

"Look around!"

Many people flew up and flew in all directions to see if there were any traces of the Celestial Clan around them.

Now that the fog has receded, there is an advantage that it is not afraid of sneak attacks.

Far apart, everyone can see each other, and if there is any movement, others can rescue them instantly.

However, the crowd searched a large area of Fangyuan and found no trace of the Celestial Clan.

There is no breath of any human race.

In this way, all talents were truly relieved.

It seems that the people of the Celestial Clan really retreated.

The field of vision is wide, there are no Celestials around, and everyone speeds up.

I have to say that this ancient city is really big, and their speed cannot be fully unfolded here. After these days of driving, everyone is still in the outer area.

Not yet in the core area.

"Look, that mountain is very special.."

Suddenly, someone pointed to a large mountain road in the distance.

Everyone looked at it with a look.

The big mountain, shaped like a fierce beast, has a wide open mouth, but there is a stone door in the mouth, which is closed.

Apart from this, there are no other portals around.

Everyone's eyes flashed involuntarily.

This mountain is indeed strange.

All the buildings they encountered before were arbitrarily accessible, but there were no stone gates in those buildings, but here, it was different.

The stone gate is closed.

Is there any treasure in this mountain?

The eyes of everyone suddenly became hot.

"go!"

Needless to say, everyone rushed towards the mountain, and soon came to the Shimen not far away.

Someone shot directly, hitting a burst of energy and bombarding the stone gate.

boom!

When this energy bombarded the stone gate, dense runes suddenly appeared above the stone gate and around the stone gate, blocking this energy.

Formation!

Everyone's heart moved, more excited.

This is the first time they entered the ancient city and saw the place protected by the rune formation.

There may be treasures in it!

"Ming Soul Heavenly Court has been destroyed by the Heavenly Palace for endless years. Even if there is a rune formation, after so many years, the power will certainly not be strong. We joined forces and bombarded together, it will definitely destroy this rune formation!"

Someone suggested.

Everyone will naturally not oppose it, one after another.

A powerful attack slammed into the stone gate, and the stone gate rumbling and blasting, the sound came from far away, so that everyone's heart was also shaking, afraid of attracting the masters of the Celestial Clan.

But in the face of possible treasures, no one wants to give up.

This is a treasure left by Life Soul Heavenly Court.

What if it is a treasure from heaven?

The crowd gritted their teeth and continued to attack.

In a flash, a long time passed.

Fortunately, they didn't attract the Celestial Clan, but what made everyone speechless was that after half a day of bombardment, the Shimen still remained motionless.

Looking at the runes on the formation method, the light seems not to diminish.

"This rune formation method is so difficult to break, so if it continues for a few months, it may not be able to break, and it will be troublesome to attract the masters of the Celestial Clan."

Humane.

"Look at the Life Soul Yuan Stone Fragment, is it useful? Let's try it out together!"

An old man suggested.

This old man, named Qu Yi, is one of the three masters of the Divine Lord.

And this old man is very special, because he controls a piece of life soul element stone.

The other older people are all those who followed the young people, and there are no fragments of soul stone.

Because, life soul element stone fragments, will choose people with higher talents to dominate.

"Okay, try it together!"

Hearing Qu Yi's words, everyone nodded, no opinion, and then took out the soul soul stone fragments.

Buzz! Buzz! ...

As soon as the life soul stone fragments came out, they shook slightly and resonated.

Chapter 4468: Dilapidated Master Soldier

When everyone took out the Soul Primal Stone Fragment, all the Soul Primal Stone Fragments resonated together, and then they all filled out with a rich brilliance.

These brilliances gathered together and flew towards the stone gate.

When these radiances shone over the stone gate, the runes on and around the stone gate, such as the flames encountered by ice and snow, melted quickly.

"it works!"

Everyone's eyes lit up.

It turned out that Life Soul Primal Stone Fragment is really useful, as long as there are enough Life Soul Primal Stone Fragment, it can really open some monuments of Life Soul Sky Court.

Could it be that a piece of life soul stone is equivalent to a key?

It really is possible.

Just a few breaths, the runes around the stone gate have completely disappeared.

boom!

Someone shot, and continued to blast an energy, bombarded on the stone gate.

This time, there was no rune formation blocking, and with a click, the stone door opened under the push of power.

Many people's eyes lit up and couldn't hold back, flashing into the stone gate.

"go!"

"Let's go too!"

People with fragments of Life Soul Yuan Stone have collected the fragments of Life Soul Yuan Stone and rushed towards the stone gate.

Lu Ming, Xie Nianqing, Qiuyue, Pantheon, and Dark Night Rose also rushed into the stone gate.

Behind the stone gate is a passage.

This passage can be seen from the mountain's rigid opening, obliquely downward.

The crowd walked along the passage, and soon after, came to a huge underground space.

This underground space is so wide that it can't be seen at the end, just like a world.

"It's so full of energy, and it's so full of metal!"

Lu Ming et al. moved their hearts and looked around.

This underground space has a very special environment, with an extremely rich spirit, which floats in the air like a mist, as if it were to become a substance.

At the same time, it has an extremely rich metal gas. It is estimated that rare metal materials can be born here.

"I suck, I suck, I **** and suck..."

On Lu Ming's wrist, the ball opened his mouth wide, absorbing the metal gas in the space vigorously, showing how rich the metal gas here was, and even the ball was shocked.

"Look, what is that?"

Someone exclaimed, looking at a stone gate ahead.

The crowd flew away and came under the stele.

The stele is not large, only ten feet tall, with some words written on it.

'Huntian Ancient Sword, is the sword of the Huntian God Lord, he has fought for half his life with the Huntian God Lord, and is sealed here after being destroyed'

This is the word on the stele.

At this time, the people discovered that there was a big box under the stone tablet.

I don't know what material this large box is made of. It has a rune on it, which is interwoven into a formation to absorb the artifacts and metal gas in the space.

"Is this the ancient sword in the box?"

"Unfortunately, it is a ruined sword!"

"Even if it is a remnant sword, it is also a main level magic soldier. If it is well preserved, extracting the refining material from it can also be used as a material for building the main level magic soldier, and it is valuable!"

"Good, open it!"

Immediately, several people shot.

The rune formation on this large box is not a defensive formation, but only used to absorb the surrounding artifacts and metal gas, so it is easy to be destroyed.

Several people shot, and after a while, the rune array on the box was wiped out, and then the box was opened.

Suddenly, a strong sword gas burst out of the box, and a thick black mist emerged.

In the mist, there seemed to be a soul roaring and howling.

"Good sword spirit!"

"Look, it's a sword!"

Several exclamations sounded.

Everyone looked, and sure enough, in the box, saw a dark war sword.

However, this battle sword is not complete, the tip of the sword has been broken, but it still seems to retain strong spirituality. This can be seen from the sword gas emitted from the sword.

"With such a strong sword spirit, this war sword is definitely a master-level magic soldier, and it is also a top-level master-level magic soldier!"

"Although it is broken, but it is so well preserved and spiritually intact, Master Refiner extracts the materials inside and cooperates with some other materials, it may not be possible to refine a new master-level magic soldier!"

"I want this war sword!"

Uh!

Someone shot and reached for the ancient sword in the box.

However, how can other people slap their palms, and there are others immediately.

Boom!

Several people confronted each other for a few moves, and all of them backed off again and again, forming a confrontation.

"I found this stone tablet first. Do you want to fight with me?"

A young man shouted.

"Who said you discovered it first, and your first opening was the one you discovered first? The old man discovered it before you opened it!"

An old man sneered.

"I found it as soon as I entered here!"

Another young man shouted.

Everyone does not give in to each other.

"This old sword, the old man wants it!"

Suddenly, Qu Yi shot, stepped out, the violent breath burst out, the others pressed back again and again, and then grabbed his big hand and grabbed the ancient sword of the sky.

He is the dual existence of the God Lord, which is difficult for others to contend with.

Only the existence of the other two divine main realms can contend with it, but the existence of those two divine main realms flickered a few times, but did not start.

In order to be a crippled main level magic soldier, it is not cost-effective to work desperately with a strong man of the same level.

In the end, the ancient sword of Huntian fell into the hands of Qu Yi.

"Eat, I want to eat, I want to eat..."

On the wrist, the ball kept struggling, but was suppressed by Lu Ming.

"Really good, but this old guy is too strong to deal with..."

Lu Ming sighed slightly.

This broken ancient sword is well-preserved and spiritually strong. It is a great supplement to the ball.

Lu Ming really wants to win the ball to eat and let the ball increase its strength.

Now, the strength of the ball has been dropped by them too much.

In Taishang Xiancheng, the ball is sad, because his strength has not improved much.

The ball can only continuously improve its strength by constantly absorbing metallic materials, or magic soldiers made of metal.

For the above-mentioned magic drugs, there is no cold and no effect.

Honghuangdan in Taishang Xiancheng, for others, is a big supplement, allowing people to make rapid progress, but for the ball, the role is very limited.

Refining Hong Huangdan, the ball improves very slowly.

The weapons and dan furnace in Taishang Xiancheng are protected by the mysteries and rules of Taishang Xiancheng, and the ball cannot be eaten at all.

In the fifty years of Taishang Xiancheng, the ball found several special metals.

However, the metal in Taishang Xiancheng is indeed not trivial. The ball has only found three pieces. After refining, the cultivation base has soared a lot, and now it has reached the sixth level of Divine Emperor.

But compared with Lu Ming and them, it is still too different.

Lu Ming wants to find some precious metal materials or high-level broken soldiers to devour the ball. This ancient sword is a good ration.

Chapter 4469: there are more

This ancient sword is a top-level master soldier. The refining materials are very precious. It devours the ball and will definitely help a lot.

Unfortunately, it fell into the hands of Qu Yi.

If you want to take it from the dual existence of the Divine Lord, it is tantamount to taking food from the tiger's mouth.

"There is also a stone tablet over there!"

Suddenly, someone sipped.

The crowd quickly looked at it, and when this person first spoke, someone already rushed forward.

"go!"

All the people moved and rushed towards the other side.

Over there, there really is a stone tablet, which is almost the same as the ancient sword.

boom!

At this time, war had broken out there, and the power of the gods burst out, and the spirit was full of vigor.

The earliest waves arrived and started to work.

When Lu Ming and others arrived, they found that there was also a large box under the stele. At this time, the large box had been opened and there were terrible fluctuations inside.

This wave of volatility is infinite, high above, as if everything is primitive, the core of the universe.

origin!

This is the source level soldier!

At this moment, everyone's heart shook, and his eyes showed a blazing glow.

In particular, there are still eight gods in the main realm, and their eyes are hot.

The eight powerful men of God's realm rushed towards the big box together.

Then, the war broke out.

The melee of the eight Divine Lords erupted, fierce and terrifying, sweeping all directions, like a terror wave, constantly rushing towards the surroundings.

Those under the Lord of God retreated one after another.

Only a few people can stop this wave of strength.

If they are Lu Ming and Night Rose, they can only stabilize their body if they possess the Nine Heavy Divine Emperor with nine-star combat power.

However, Lu Ming, Xie Nianqing, and Dark Night Rose and others did not move.

Although the source box is a source-level magic soldier, it is obviously incomplete, only half.

Of course, the preservation is very good, and the spirit is still there. If the materials inside can be separated and extracted, the price is still amazing.

However, it is too difficult to seize from the eight lords of greed and greed.

Moreover, there are two divine beings.

Even if it can be captured, it will become a target.

Eight Divine Lords, dozens of consecutive clashes, the battle is getting more and more intense.

"kill!"

Qu Yi Changxiao, a sword hole pierced the eyebrow of a master of the **** master, a destructive sword gas, directly destroyed the person's soul and the universe bridge.

A powerful person with a heavy weight fell.

bump!

At the same time, another divine master's single existence was also hit by a divine master's double strong, and his body was torn apart.

In the blink of an eye, two divine masters were killed in a row.

Eight, only six are left.

Three Divine Lords are twofold, and three Divine Lords are threefold.

At this moment, the existence of the three divine masters was terrified, and they retreated crazy, daring to participate in the competition.

The difference in strength between Divine Lord One and Divine Lord Two is still too large.

It's the act of finding death by intervening between the two layers of God to fight for treasure.

boom! boom! boom!

There are still two dual existences of the three **** masters, and the fighting has become more intense, and various big killing tricks continue to erupt, and the fight is dark and dark.

It can be seen that among the three, Qu Yi's combat power is slightly higher. During the melee, he slowly gained a glimpse of opportunity, and nearly got the broken source-level magic soldier several times.

However, every time the Qu Yi was about to get, the other two teamed up to repel the Qu Yi.

In a blink of an eye, the two sides fought hundreds of moves.

All three were injured and their breath was a little weak, and they backed away, looking at each other cautiously.

"You guys, don't fight anymore. Our strength is not strong enough. We will lose again. When we leave here and meet the human race, we are afraid that we will be wiped out by the whole army, and it will do no good to anyone!

At this time, the night rose rose out.

"The reason is this reason, but who is this broken source-level magic soldier?"

A double old man said.

"Why don't seniors struggle with this broken soldier? I guess this place is where the broken soul soldier was buried, and there are other places. Some people have already gone to other places to find it. , I am afraid it will be worth the loss!"

The night rose said.

Just now, someone has indeed left to explore in other directions.

Lu Ming, Xie Nianqing and others are about to leave.

The eyes of the three Divine Lords twinned, and they knew what Dark Rose said was right, but they were still unwilling to let the door give up the source-level Divine Soldier in front of them.

The broken source-level magic soldier in front of him is really there.

In other places, there may not really be other broken soldiers.

Even if there is, there may not be a broken source-level magic soldier.

"Two people, this broken source-level magician is of great use to the old man. How can the old man give you compensation?"

At this moment, Qu Yi said.

The other two masters of the Divine Lord are disdainful, and the broken source level soldiers are of no use to whom? Useful to you?

"Compensation, what compensation do you have to give?"

In the end, another Divine Lord had a double existence.

He still has some fear of the strength of Qu Yi. Qu Yi is indeed slightly stronger among the three of them.

And to continue the war, against them, he may not be able to seize this broken soldier.

The point is, there may be broken source-level magic soldiers elsewhere. Now that many people have passed by, he is a little anxious.

"I will compensate some primary magic drugs and magic pills to ensure your satisfaction..."

Qu Yidao.

"let's go!"

When several people in Quyi discussed with each other, Lu Ming, Xie Nianqing, Qiuyue and Panshen had already flashed away and went looking elsewhere.

At the same time, the night rose also took people out of here.

Seeing this scene, the three masters of the second master of the Divine Master were more anxious and unwilling to delay. They casually discussed the compensation. After receiving the compensation, they all left.

Qu Yi also got the broken source-level magic soldier as expected.

"This place, there should be..."

Qu Yi's eyes were fierce and he flew away, and left here.

Everyone was scattered and looking for this underground space.

Lu Ming and Xie Nianqing did not find it long before they found a stone tablet.

The four rushed over quickly.

"Fan Ye God Lord's Divine Soldier, Ten Thousand Leaf Halberd, destroyed and buried here!"

The stone tablet is inscribed with such a line.

Under the stone tablet, it was really placed in a large box, filled with runes, absorbing the artifacts and metal gas of the space.

The four joined forces to break the rune formation on the big box. After opening, they really saw an incomplete war halberd.

This is a broken main-level magic soldier.

"Eat, I want to eat..."

The ball was uncontrollable, and he continued to struggle on his wrist, revealing a big mouth in World War I, clucking, teeth colliding, and Mars shooting.

"Give you!"

Lu Ming caught volley, grabbed the broken halberd and handed it to the ball.

Chapter 4470: Hukou grabbing food?

Lu Ming handed the broken halberd to the ball. The ball was overjoyed, flew out of Lu Ming's wrist, opened his mouth, and swallowed the broken halberd in one bite, and then showed a satisfied and intoxicated expression. , Said: "Lu Ming, if you find me some broken source-level magic soldiers, just fine!"

"Broken source-level magic soldier, a few more, this guy..."

Lu Ming was speechless.

Really greedy.

The source-level magic soldier, even if it is broken, how can it be so easy to find.

In the wilderness universe, even if the broken source level is a magic soldier, it is also a big treasure. It is controlled by those powerful races and cherished.

Even the Tiangong Palace's merit exchange hall, there is no broken source-level magic soldier, the best is the broken main-level magic soldier.

At the beginning, Lu Ming exchanged several broken divine soldiers worth millions of merit points for the ball.

The broken source-level Divine Soldier, Tiangong himself is also regarded as a treasure, how can he take it out and exchange it?

This is also the place where Life Soul Heavenly Court buried the broken Divine Soldier. It may also appear. In the universe, it is difficult, extremely difficult to buy a broken source Divine Soldier.

Even if you have money, you may not be able to buy it.

"Also, Qiuyue doesn't have source-level magic soldiers yet. If you have a chance, help Qiuyue get a source-level magic soldier..."

Lu Ming thought.

Now, Lu Ming, Xie Nianqing, the killers in the hands of the three gods are all source-level magic soldiers.

Only Qiuyue's big killer is the main level soldier.

This has a big impact on Qiuyue's strength.

Lu Ming intends to find a source-level magic soldier for Qiuyue.

Of course, source-level magic soldiers can't be met, only waiting for a chance.

"Try to help you find it, digest it!"

Lu Ming on the ball fairway.

The ball's tumbling body spun happily for several big circles, then returned to Lu Ming's wrist, turned into a bracelet, and began to digest that master-level magical soldier.

The four Lu Ming continue to look in other directions.

Soon after, they saw another stone tablet.

However, the large box under the stele was already empty, and it was obviously taken a step ahead by others.

Four Lu Ming, speed up.

Finally, after a while, they saw a stone tablet again.

"The Divine Soldier of Hanshen Yuanzun cannot be repaired. It is buried here as a memorial!"

The words on the stone tablet accelerated Lu Ming's heartbeat.

Yuanzun, this is a magical soldier from the origin.

Will it be the source level soldier?

Lu Ming had no idea.

After all, source-level magic soldiers are too precious. There are very few source-level magic soldiers in the wilderness universe, and some weaker source masters have no source-level magic soldiers.

There are only a few source-level magic soldiers in the vast wasteland universe, which were refined by the powerful in the vast wasteland universe, and most of them were found in the ruins of the universe.

It is the product of the last era.

All roads lead to the origin, and to the origin, many things are connected, whether it is weapons or other...

Therefore, although it is a magical soldier established under the existence of the original source, it is not necessarily a source-level magical soldier.

"open to take a look!"

Lu Ming's four shots and constantly wiped out the rune formation on the big box. Soon after, the rune formation was broken. Lu Ming waved his hand and opened the box. Out.

This breath is extremely amazing, very similar to the broken war halberd that caused the war between Qu Yi and others.

Source level soldier!

Lu Ming's eyes were bright, and the ball jumped from Lu Ming's wrist with excitement.

"Congratulations, Master!"

Qiuyue also smiled.

"Then this soldier, I'll use it to feed this guy."

Lu Ming looked at Xie Nianqing and Pan Shen.

"You see what I do? Is there any difference between yours and mines?"

Xie Nianqing gave Lu Ming a blank look, and Lu Ming smiled bitterly.

"Hahaha, Lu Ming, although you take it, as long as it is useful to you, you take it, don't ask me, I'm an active soldier anyway!"

All gods smile boldly.

Lu Ming nodded and was no longer polite, reaching for the broken source-level Divine Soldier.

But at this moment, a powerful force came from a distance and went straight to Lu Ming's back.

"Be careful!"

Qiuyue and others quickly reminded.

Lu Ming's eyes were cold, he waved his hands back, and collided with this strength. With a bang, Lu Ming blocked this strength.

Then, Lu Ming looked in that direction.

There was a figure that continued to come here.

Is an old man.

"It's him!"

Lu Ming's mouth twitched slightly, recognizing the old man, one of the remaining three **** masters.

The person who shot just now is obviously this person.

As soon as the old man arrived, his eyes were fiercely looking at the big box.

Source level soldier!

The old man's eyes were fierce.

"Several, this broken source-level Divine Soldier, the old man is asking for it, everyone please take it easy!"

The old man said, his eyes kept staring at the big box and could not move his eyes.

"You want it, old fellow, what do you count? With you, you also want to infiltrate the source-level **** soldiers, give you a chance, and quickly give Lao Zi to roll..."

The pantheon immediately drank.

"Little guy, a big tone, a big temper..."

The old man's eyes fell on the gods and said lightly: "I know you, the battle of the fairy city, I have seen the pictures recorded by others in the fantasy **** jade. You are all peerless geniuses, but you only have the Divine Emperor Realm after all, I really think that you can contend with God's main realm?"

This old man has seen the picture of Lu Ming and others competing in Taishang Xiancheng in Fantasy Shenyu, and knows that they are all the best in the universe.

However, the picture in the fantasy **** jade is, after all, the picture of the fantasy **** jade, and it is difficult to feel the powerful and breathless atmosphere of Lu Ming and others.

Therefore, one cannot really feel the power of Lu Ming and others.

And he has full confidence in the fighting power of God's main realm.

He once stayed at the Divine Emperor Jiuzhong and stayed for hundreds of stellar years. After his chance was coincidental, he broke through to the God Realm.

As soon as he broke through to God's realm, he felt a crazy surge in combat power.

He felt that the Divine Realm was much stronger than the Divine Emperor Realm.

He didn't believe that the person who the Divine Emperor could cross the big realm could compete with the main realm of God.

Although he had heard of Jiuzhong, the Divine Emperor of Jiuxing, he could contend with the most common Divine Lord.

But when I heard that Gui heard, he still didn't believe it and thought the rumors were exaggerated.

This is the powerful strength, which brings him blind confidence.

"Oh, give you three breathing time to roll, don't roll if you don't roll!"

All gods drank coldly, his face gloomy, revealing a murderous opportunity.

"It's such a big tone, I want to see, how can you make me go!"

The old man sneered, before he could count down, he flashed towards the gods as soon as his figure flashed.

boom!

He punched out with a punch, and gathered a towering mountain with his fists, and pressed down towards the gods.
