

## **D Emperor 4471**

Chapter 4471: Eat the broken source level soldier

"Trick and worm!"

All gods drank coldly, and they also followed a punch and bombarded the mountain.

boom!

The mountain exploded directly, and the gods kept rushing towards the old man, reaching for the sky, and a huge stone door emerged.

This is the original secret technique, the door to dominate.

The Gate of Domination was so huge that it was caught by the gods and smashed towards the old man.

Feeling the violent power of the Gate of Domination, the old man's face changed greatly, and he quickly tried his best to resist.

He punched his fists in succession, and actually condensed a star in the air.

boom!

The stars collided with the Gate of Domination, and a roar of shock broke out. Then, above the stars, a series of cracks appeared, and then burst.

The old man's body retreated backwards, several mouthfuls of blood spit out continuously, his face pale, and his eyes were full of incredible colors.

He was injured by the pantheon in one move.

"With such fighting power, he is also blindly confident, and is far from the \*\*\*\* of the human race!"

Pantheon mocked.

Indeed, it is equally important for the Divine Lord. The strength of this old man is far less than that of the Divine Lord.

Even if the gods face the master of the \*\*\*\* of the human race, they can suppress the opponent, not to mention this old man, it is normal to attack the opponent with one move.

bump!

The gods grasped the door of the master and took a step forward. The earth roared violently, and the breath was like a violent ocean, pressing against the old man.

The old man was almost scared to death and quickly shouted: "Wait, misunderstanding, misunderstanding, it's a misunderstanding!"

He was really scared to death.

The fighting power of the gods far exceeded his expectations.

He finally knew that the rumors were true, and Jiu Zhong, the Divine Emperor with nine-star power, could compete with the most common Divine Lord.

Although the main state of God is powerful, those evildoers are even more against the sky.

He has watched the battle video of Taishang Xiancheng. Among the four people here, the pantheon is not the strongest yet.

The rankings of Xie Nianqing and Lu Ming are still above the pantheon.

One first place, one third place.

Isn't this strength even more terrifying?

In his heart, he cursed himself that he should not be so greedy and so confident to provoke these monsters.

"Misunderstanding, what misunderstanding?"

All gods sneered.

"Everything was just a misunderstanding. I just tried to test your strength. Fortunately, when dealing with the Celestial Behind, make better arrangements. Now it proves that your strength is strong, based on the old man's imagination. not worried!"

The old man's face is non-hearted and non-beating.

"Don't talk nonsense, let's die!"

All gods drink, they have to start.

The old man's face changed wildly, and he turned and ran.

However, Lu Ming unknowingly appeared behind this person and pressed down.

The old man quickly threw his fist to resist, with a bang, the old man half of the body directly trapped in the ground.

"Sure enough....More perverted!"

The old man shouted in his heart, but yelled in his mouth: "Forgiveness, forgiveness, really a misunderstanding!"

His cry was terrible, and his tears almost fell out.

As the existence of a divine main state, it is really difficult for him to have such acting skills.

"Hand over your storage ring, I can kill you!"

Lu Ming said.

It is just a divine presence, and the strength is really not very strong, he did not care about it.

"Ah, hand over the storage ring!"

The old man's face changed so badly that he was about to cry.

"Don't pay it, then die!"

Pantheon shouted.

"Pay, I will!"

Finally, the old man reluctantly gave the storage ring to the pantheon.

"get out!"

The gods waved their hands, and if the old man was forgiven, he turned around and ran away. He kept wailing in his heart, and regretted that he wanted to take the lead and hit the wall.

"Lu Ming, here you are!"

Pantheon threw the old man's storage ring at Landing Ming.

"As long as I break the Divine Soldier, the rest is yours!"

Lu Mingling swept away, and actually found two broken Divine Soldiers, but they were all Master Divine Soldiers. Lu Ming put it away and returned the storage ring to the Pantheon.

All gods are also politely put away.

With the relationship between them, there is no need to be so polite.

Then, Lu Ming put away the broken source-level \*\*\*\* soldier.

This dilapidated warrior looks like a mirror, polished with bronze, but it has been broken and a hole was shot in the middle.

All of Lu Ming's hearts were difficult to calm.

A source-level magic soldier was actually penetrated by a hole. It looks as if something good was pierced by a finger. This is really amazing.

What kind of existence has such a combat strength?

Lu Ming, Xie Nianqing and the three gods all have source-level magic soldiers. They know how hard the source-level magic soldiers are. They are completely solid and immortal.

Not to mention the source-level magic soldiers, even the main-level magic soldiers are extremely amazing. Unless they are bombarded with source-level magic soldiers, they will be difficult to destroy.

Not to mention, they were penetrated with fingers.

"I eat, I eat, I want to eat..."

Seeing the source-level \*\*\*\* soldier, the ball was extremely excited, and the round body twisted non-stop.

"Ball, this is a source-level magic soldier, and its spirituality is intact. Can you really eat it?"

Lu Ming asked.

The source-level magic soldiers are no different. The metal materials used to create the source-level magic soldiers are extraordinary and contain amazing energy.

He was afraid that after the ball was eaten, instead of digesting it, major problems would occur.

"Direction, I have a feeling, even if the source-level magic soldier is intact, I can digest it. Or, would you give me a good source-level magic soldier?"

The ball showed a neat row of big teeth, a cunning look.

"Go, go aside!"

Lu Ming kicked the ball very unexpectedly, and then threw the broken source-level \*\*\*\* soldier directly to the ball.

As for the two main-level broken \*\*\*\* soldiers obtained from the old master of God's Realm, Lu Ming did not give the ball to the ball. He was really afraid that the ball could not be digested and was strangled to death.

Afterwards, they continued to move forward and continued to search.

This underground space is really extraordinary, and several people concluded that it was the Soul Heaven Court, which was dedicated to burying the broken Divine Soldier of the Soul Heaven Court master.

Therefore, a large formation is laid out here, which contains rich artifacts and metal gas, which is used to conserve magical soldiers.

Therefore, even after so many years have passed, the dilapidated magic soldiers here are still as good as the new ones, and their spirituality is intact.

Next, Lu Ming and they had no small gains, and found five main-level broken soldiers, and another source-level magic soldier.

In this way, on Lu Ming, there are seven main-level broken \*\*\*\* soldiers and one source-level broken \*\*\*\* soldier.

Lu Ming found all those found later and did not give the ball to the ball.

If you can't eat fat in one bite, go slowly

In the back, there is nothing to gain, because other large boxes have been found by others first.

"I really don't know how many broken soldiers, especially broken source soldiers..."

Lu Ming thought, he was a little hot in his heart, but then shook his head, just thinking about it.

With their strength, they can't eat all the broken magic soldiers.

Chapter 4472: Guess the killer

After some time, Lu Ming and others returned to the entrance.

Everyone else came back here.

However, Lu Ming found that there were still fewer people.

A total of six people are missing.

It also includes a divine presence.

Everyone glanced at each other, knowing clearly.

Those who are missing must have been killed by others because they were fighting for the broken Divine Soldiers.

However, no one said it.

"This is the end of the exploration, let's go!"

Qu Yidao.

Everyone nodded and left the place together to move on.

Soon, more than ten days passed, and the fog came again, and the ancient city was shrouded in thick fog.

This time, everyone's courage has grown a lot.

Because after this period of time, it has been proved that they have been far away from the Celestial Clan, and there is no Celestial Clan in this area.

Everyone was in the mist, and the distance opened again.

After the last dilapidated land, the minds of everyone revived.

How good would it be to find such a treasured place alone and not share it with others?

Only Lu Ming and the group of Dark Night Roses did not separate, but gathered together to act.

Sure enough, something happened soon.

After a long fog, a few screams screamed through the area.

Everyone was frightened and rushed over to watch. As a result, they saw a corpse lying on the ground with no breath at all.

One hit kill!

As before, it is also a kill in one blow.

Among them, there is a divine presence.

"Damn, what's the matter? Isn't this area without the Celestial Clan, how could someone be killed?"

Some people shouted, their mentality was about to jump.

"Did we do it ourselves?"

Someone spoke.

The hearts of everyone suddenly lifted up, and their figure flashed, keeping a distance from others.

And everyone's eyes are looking at the remaining \*\*\*\* masters, especially the dual existence of the three \*\*\*\* masters.

It's really possible that these people did it.

It is very possible to secretly kill other people and seize other people's life soul stone fragments.

And the greatest possibility is that the three masters of the double master.

Only they can kill the divine presence of God Lord, and when the other party does not have much defense, one blow will kill.

It is very difficult for God Lord to have a heavy presence.

"Don't make a mistake, everyone, this may be the strategy of the Celestial Clan. We want us to suspect each other and mess up with each other so that the other party can take advantage of it!"

Quyi loudly.

"Tianren Race? Where is the Tianren Race? We didn't encounter the Tianren Race along the way."

Humane.

"However, the residual power of these people's wounds is obviously the power of heaven, how can this be explained?"

Qu Yidao.

Everyone was silent.

Yes, the remaining power of these people's wounds is indeed the power of the sky. This cannot be denied.

The power of the sky can only be controlled by people of the Celestial Clan, but people of other races cannot.

"Aren't... really from the Celestial Clan? He mastered the terrifying technique of concealment and stared at us in secret?"

Humane, the voice trembles, full of fear.

Hearing this, other people also felt chills on their backs, as if they had eyes in the dark staring at them, making people chill.

Is that really the case? Secretly there is a terrible master of the Celestial Clan, staring at everyone?

Or maybe the murderer is the one in them?

For a while, it was difficult for everyone to see through, which one was true and which was false, only to feel the crisis everywhere.

"I think we are still waiting here, waiting for the fog to recede, and not be late!"

A young man opened his mouth and took a few men to sit cross-legged on the spot, not going to leave.

Now, it is safer to stay in place and stay away from others while looking around.

In this way, both the Celestial Clan and the people inside can be prepared for it.

"I also think this is the best!"

"Let's wait for the fog to recede before leaving!"

Others are also doing this, sitting in the same place and keeping distance from other people, but the distance is not so far, once there is movement, other people can immediately support.

Lu Ming, Night Rose and others glanced at each other and sat in place.

The scene suddenly became very quiet.

"In my opinion, the murderer is among our group!"

At this time, the night rose rose, but not to everyone, but to Lu Ming, Xie Nianqing, and Di Jian first class.

Her voice only sounded in their ears.

"Oh? Why?"

All gods' eyes moved, and they heard the voice.

"Lu Ming probed, Lu Ming, you should have discovered something too?"

The night rose said.

Xie Nianqing, Qiuyue, Pantheon, Emperor Jianyi, Lingheng, Yin Jiuling, Xiu Wuji, and three other youths, could not help but look at Lu Ming.

"Yes, I also think that the murderer is not a human race, but among this group of people."

"Because...the power of the sky remains in those people's wounds, but there is a trace of lifelessness in the remaining power of the sky. Although they are very talkative, they can still be discovered by careful observation."

Lu Mingdao still uses voice transmission.

Since the suspected murderer is among this group of people, naturally it cannot be heard by others.

"Death? What does this mean?"

The gods asked.

However, there are several people whose eyes have lit up, and they seem to think of something, such as Xie Nianqing and Di Jianyi.

"Death, the master representing the power of heaven, is already dead, but the dead will not kill."

This time it was said that the living night rose.

This time, Panshin and some other people who didn't understand very well had their eyes bright.

"I know. Someone used the deceased Celestial Clan to commit murder and kill people to seize the soul stone fragments."

Pantheon.

"Yes, although I don't know what method was used, but probably this is the reason. Otherwise, even if you control any hidden means, you can't be so crazy. We don't realize it at all. We can only do it by ourselves. The other party If you have a low level of alertness, you will be able to kill in one blow!"

"The most likely thing is the dual existence of the three Divine Lords!"

Lu Ming said.

"Then what should we do next?"

The gods asked.

"Get rid of this person, otherwise, we will not be able to act behind. We have a lot of life soul stone fragments in our hands. We will definitely be targeted by this person. Even if we leave now, this person will follow and secretly ambush us. "

This time it was the night rose.

"Get rid of this person? The other party may be the dual existence of the Divine Lord. It's not good to say. Even if we all join forces, it may not be able to kill a strong dual God."

Lu Ming said.

"Under normal circumstances, it can't be done, but if we carefully arrange it and join me with Xie Nianqing, it may not be impossible."

The night rose said.

Chapter 4473: Lead the snake out of the hole

"You join forces with Xiaoqing?"

Lu Ming was puzzled, and other people also showed their doubts, of course, except for Xie Nianqing.

"I and her have a combined attack technique. Once they are exerted, the power is very amazing. If we use our current strength to join forces to exert it, generally the dual existence of the Divine Lord can be killed!"

The night rose explained.

Several people were shocked.

The night rose and Xie Nianqing are actually a combined attack technique that can exert such amazing power.

In fact, the combined attack technique that can really increase the power is difficult to practice and very rare.

Only after many years of cooperation, the heart has the spirit to inspire the strongest degree of their respective talents, is it really a powerful combination of attacks.

That kind of cooperation through formation can not be called a real joint attack, just a formation.

Lu Ming has seen Xie Nianqing and Xie Nianjun perform the technique of joint strike. Can Xie Nianqing and Night Rose also perform?

It is quite possible. After all, their relationship with the previous life is the same as that of him and the ball, but the time spent together is much longer, and it is normal to be able to use the technique of joint strike.

Xie Nianqing nodded silently, apparently admitting the night rose.

"But we don't know who the opponent is at all? Even if there is a combined attack, it's useless. How can we lead the murderer?"

Pantheon.

"The other party wants the Life Soul Yuan Stone Fragment, as long as the other party feels there is an opportunity to let the other party do it, will it lead out?"

The night rose said.

"You want people to be bait, but in this case, the bait is deliberately attracted to the other party. The other party may doubt it and will not be fooled easily."

Lu Ming said.

Now everyone is self-defeating and doubts the people around them, and if they have any strange behavior, for example, if they deliberately leave here to be used as bait, most of them will doubt it.

Because in the current situation, one or two people leave intentionally, which is obviously very abnormal.

Anyone with a brain will wonder if it is getting tired.

"There are two conditions for trying to elicit the murderer. The first one is naturally Life Soul Primal Stone Fragment. There are enough Life Soul Primal Stone Fragments to be attractive enough!"

"Second, there must be a suitable reason, so you can only rely on you and Lu Ming!"

Dark Night Rose smiled.

"We both have enough soul stone fragments, but what reason should we use to leave here, so as not to doubt each other?"

Lu Ming said.

"Good-looking men and women, dry firewood, secretly leave, is there a better reason than this?"

Dark night rose, big watery eyes staring straight at the land.

Lu Ming: "..."

Others were also speechless, especially Qiuyue and Xie Nianqing, and they looked at Rose of Darkness with impunity.

"I think it's another way!"

Lu Ming said.

"Is there any other better way? You talk!"

The night rose said.

Lu Ming is silent, to be honest, there is really no better reason than this.

In other ways, it seems too deliberate, and the other party may not be fooled.

But this method...

"Are you afraid that your woman will be jealous? Giggle, why don't we just do it, just leave for a while and let the murderer show up, as soon as the murderer shows up, a signal will be sent out immediately,

and when others arrive, the murderer can be caught Suppression, it's that simple, you have to hesitate? Isn't mother-in-law's mother a man?"

The night rose said.

Lu Ming: "..."

"Lu Ming, I think this strategy is feasible."

Xie Nianqing said suddenly.

"Master, I think so!"

Qiuyue also hurriedly expressed her fear of being backward.

"Lu Ming, your women have expressed their views, what are you hesitating? Are you a man?"

The night rose said.

San Fan was questioned twice whether he was a man. Lu Ming really wanted to yell. Do you want to check it out?

Of course, just think about it.

What Lu Ming can say, the result is naturally agreed.

Afterwards, everyone discussed the steps and details of the strategy to ensure that nothing was wrong before they started to act.

After waiting for about a few hours, Lu Ming and Dark Night Rose respectively left on the grounds of checking the surroundings, and probed around.

After exploring the circle, the two went in one direction and disappeared into the mist.

Lu Ming and Night Rose came to a rundown building dozens of miles away.

"Hope the other party will come!"

Lu Mingdao, of course, is by way of sound transmission.

His voice hadn't fallen yet, a scent of wind came, and the night rose approached, almost leaning against him.

"You... what are you doing?"

Lu Ming asked subconsciously.

"Good-looking men and women, dry fires and fires, want to act, naturally they will act like some, otherwise, how can the other party believe?"

The night rose whispered in Lu Ming's ear, the warm breath blew into Lu Ming's ear.

The voice fell, and the whole body of Dark Night Rose fell into Lu Ming's arms.

Lu Ming suddenly felt a little calm. The temptation of the night rose was not just a word, but the top of the universe.

"You... don't go too far, just enough, just a little meaning!"

Lu Ming spoke, his voice a little dry.

"It seems that I misunderstood you before, and now it proves that you are really a man..."

The night rose said.

Lu Ming: "..."

"coming!"

Suddenly, the night rose said two words in Lu Ming's ear. His figure flickered, and he quickly backed away. At the same time, he waved his hands and flew the petals of the sky rose flower.

Lu Ming's response was also extremely fast, and he immediately withdrew from his unsteady state. His fingers flicked and burst into bursts, flying into the surrounding mist.

Dangdang...

A series of roars sounded, and the attacks of Lu Ming and Night Rose were directly defeated.

Then, a few terrible sword lights were cut towards the two.

It's too fast, and the power is amazing.

Divine Lord!

As soon as they fought, the two judged that the person who shot them was definitely a master of the double god.

The two just shot hurriedly, and it was normal to stop it.

However, the two have been on alert and are ready to shoot at any time, so the response is extremely fast.

As soon as the thoughts moved, their respective killers appeared.

Lu Ming held Bingxuan stick, and the forbidden force poured into it, making Bingxuan stick grow quickly, swept out, and collided with a sword light.

With a bang, Bingxuan stick vibrated, and Lu Ming stepped back.

On the other side, the night rose urged the sword, and also made a move with the other party, also backed up again and again.

However, the confrontation between the two sides has been very dynamic, and has alarmed others.

"Something!"

"Go check it out!"

Those masters, they hurried to the landing.

The distance of tens of miles is almost instantaneous.

The master in secret, after seeing a few strokes, did not kill Lu Ming and they wanted to retreat.

However, Lu Ming had already prepared.

bump!

Lu Ming stepped on the ground, a brilliant glow broke out on the ground, and dozens of great ancient mysteries broke out at once.

Big seal, big wrap...

Chapter 4474: Quyi's true strength

Dozens of mysteries, all of which are trapped by the enemy, are entangled toward the existence in the mist.

At the same time, the night rose also shot. In the air, a huge sky-biting rose flower emerged, and the middle of the flower, like a black hole, kept rotating, erupting with terrifying engulfing power.

This engulfing force continually engulfed towards the existence in the mist.

The purpose of double \*\*\*\* is to slow down the other party.

But the other party was really strong, with a scream of anger, sword energy exploded, and broke through Lu Ming's ancient secrets, breaking the swallowing power of the sky rose flower, and wanted to leave.

However, he was blocked for a while.

At this time, the other party's direction of escape suddenly suddenly attacked him.

A black iron rod, a rusty iron sword, a black lotus...

It was Xie Nianqing, Pantheon, Emperor Jianyi and they shot.

They were ready at any time before. When they heard Lu Ming's first night confrontation with each other, they didn't hesitate. They rushed to the landing and they rushed faster than others.

But they did not appear immediately, but changed their position in the fog, appeared in the direction that the other party might retreat, and launched the attack at the critical moment.

Xie Nianqing, Pan Shen, Qiu Yue, Emperor Sword One, Ling Heng, Yin Jiuling, Xiu Wuji, and three other young arrogances.

A total of ten young masters teamed up for a blow, and the power was also very amazing. They successfully blocked the opponent's sword light and successfully blocked the opponent's backward shape.

"Qu Yi, it's you!"

At this time, Lu Ming and Dark Night Rose had approached each other and suddenly saw each other's true appearance.

This person is really one of the masters of the two masters of the two gods, Qu Yi.

"Little Bunny, you are designing, I slaughtered you!"

Qu Yi drank low, and his voice was well controlled. Only Lu Ming and others heard it, but it did not spread.

But at the moment the fog was rolling, and more people arrived, the other masters.

These people also saw Qu Yi and Lu Ming.

"Everyone, the murderer who secretly murdered and took the soul of Yuanyuan Shi is this person, Qu Yi. Let's join forces to kill this person!"

Lu Ming shouted.

"It turns out to be him!"

"Sure enough, the murderer is among us. Damn, kill him!"

The others were furious when they heard it.

"You guys, don't listen to this \*\*\*\* bullshit, he is blood-spitting, in fact, the murderer is their gang..."

Qu Yi shouted, trying to bite back.

"Our group is really ridiculous. The highest level of our group is Divine Emperor Jiuzhong, who can kill the one-strike presence of Divine Lord?"

Lu Ming sneered and retorted.

"That's hard to say, everyone knows that you are all peerless monsters, with powerful combat capabilities, and maybe some special means are hidden. In addition, because you cultivate low, other talents will not guard you, and you will be hit by one blow. Killing is not impossible."

Qu Yi continued to quibble.

I have to say that this old guy still has the ability to quibble.

However, Lu Ming is also a strong player in this respect. Who hasn't he feared more than this?

"It's useless to say so much, it's better to open the storage ring and know the sea, let everyone check it, and see who the dead soul stone fragments of those killed, who knows in whose hands? Oh, and, those quilts It seems that the storage ring of the killer was also taken away, and it can be checked out."

Lu Ming said.

"This proposal is not bad, you two, who is the murderer, you will know it in one check!"

Another \*\*\*\* master double master.

"I object to it. The storage ring and the knowledge of the sea are the greatest secrets of a practitioner. How can others let them see it!"

Qu Yi said coldly.

"What's wrong?"

Lu Ming asked back.

Others also set their sights on Qu Yi, revealing bad intentions.

"What a guilty conscience, I oppose this proposal, since you don't believe me, then I leave!"

Qu Yi said coldly, and turned to leave.

"I still want to go now, do you still want to hide in the back and wait for an opportunity to kill us and capture the soul stone fragments? You don't let him go, otherwise, we are all dangerous behind!"

Lu Ming shouted.

Sure enough, everyone else's face changed, his figure flashed, and Qu Yi surrounded him.

"Lu Ming was right. Today, don't make it clear, no one wants to leave!"

"Today, be sure to find out what happened!"

Everyone shouted.

The person who secretly shot is too dangerous. If it is really a song, let him go, then they will always be in crisis.

Therefore, even if there is something suspicious about Qu Yi, he cannot let the other person leave.

Moreover, Qu Yi is now the most suspected.

Compared with Lu Ming and others, everyone still believes that Qu Yi is the murderer.

After all, he is a true God Lord.

"Ha ha ha, ha ha ha ha..."

At this moment, Qu Yi burst into laughter suddenly, with a gruesome smile.

"Originally, I want to solve you one by one, since you are now looking for death, then you will be solved together!"

Qu Yisen's cold voice echoed in the air.

"Qu Yi, it really is you, \*\*\*\* it!"

"Qu Yi, you are so brave, now you are self-disciplined and give you a whole body!"

Those people yelled and were furious.

It turned out that the murderer was really a song.

Everyone looked at the Qu Yi one by one, full of murder.

"Self-management? Hahaha, it's ridiculous. Do you think you can deal with me based on those of you? I tell you, from start to finish, I haven't used all my strength. Now, let you look at my real Fighting power?"

Qu Yi laughed, and his breath became stronger and stronger. Although he did not reach the triple triple of Divine Lord, there was also a double peak of Divine Lord.

At the same time, a terrifying sword light rushed out of Qu Yi.

"You will all die, kill!"

Qu Yi shouted, the sword light shocked, suddenly, the dense sword gas swept out in all directions, and shrouded everyone into it, the power was terrifying.

"Be careful!"

"You retreat!"

The remaining masters of the Divine Lord Realm shouted, stepped forward, attacked with secret techniques, and blocked those under the Divine Lord behind them.

At the same time, Lu Ming, Xie Nianqing and others also launched attacks to collide with these sword qi.

Boom...

The violent roar erupted, Lu Ming, Xie Nianqing, Night Rose and others, the body shook and could not help backing up again and again.

The weaker ones, such as Qiuyue and Yin Jiuling, even spit a few sips of blood.

In the other direction, among the four \*\*\*\* masters, the two \*\*\*\* masters had a heavy presence, screamed, their bodies retreated, and there were several terrible wounds on their bodies, blood flowing.

The two masters of the Divine Lord are better, but they also recede continuously.

"Qu Yi, your fighting strength...how is it possible?"

A divine lord shouted for a double existence.

Chapter 4475: Combat art

The fighting power of Qu Yi was beyond everyone's expectations.

Before, Qu Yi's combat power, although very strong, was only a little higher than that of the other two divinities.

But the confrontation just now, Qu Yi's combat power, is not only a little higher than the other two divinity's double existence, it is a lot higher than that.

So many people have joined forces just now, and he has been held down by him.

"You think, why can I get the approval of Life Soul Yuan Stone Fragment? Because, when I was young, I was also a peerless arrogant. If it weren't for me to encounter a big difficulty behind, let Xiu Wei progress slowly. My current Xiu Wei is more than God Lord On the second level, I have already reached the high-level Divine Lord, because you people still want to kill me, today, I want to get rid of you all!"

Qu Yi shouted, his face was even more terrible, and the sword light on his body was also stronger.

Keng!

The sound of Jianming sounded, Qu Yi's figure flashed, his long sword waved, and a ray of sword light struck the crowd.

"You guys, back away!"

A double old man of the Divine Lord shouted, letting those under the Divine Lord back, he exploded with all his strength, sacrificed a golden tower, and blasted forward.

The other three masters of God's main realm were also desperately trying their own tricks.

Lu Ming and others also constantly urged the big killer to kill Qu Yi.

While shooting, Lu Ming protected Qiuyue behind him.

Among the four of them, Qiuyue is weaker after all, and Lu Ming cannot let Qiuyue take risks.

In this collision, Lu Ming and others were still completely invincible.

Lu Ming, Xie Nianqing, Pantheon, Dark Night Rose and others retreated. They all had a sword mark on them, and blood oozed out, which was hurt by Jian Qi.

They still resisted with active-level Divine Soldiers, and the situation was better, and the existence of those gods' realms was miserable.

In particular, the two masters of the master of one weight, one was seriously injured, and his body was ragged.

The other one was directly pierced by Jian Guangdong and fell on the spot.

"Kill, you all have to die, especially you..."

Qu Yi shouted, his eyes cold, staring at Landing Ming and others, especially staring at the source-level magic soldiers in their hands, revealing a hot and greedy light: "Kill you, your source-level magic soldiers, It's all mine, ha ha ha!"

Qu Yi laughed, Jian Guang was moving.

"Today, it will be you who died!"

At this moment, a cold voice sounded from the night rose.

I don't know when, the night rose came to the back of Qu Yi.

"kill!"

Xie Nianqing pulled down the front of the Qu Yi, sipped, and squeezed the Yin Jue with both hands, his body exuded the magic energy.

At the same time, the night rose is also covered with mysterious energy, and it resonates with the magic energy of Xie Nianqing.

"Devil Eater!"

Xie Nianqing and Dark Night Rose, drinking at the same time, pushing with both hands.

Huh!

The world roared, the energy rolled wildly, and then, at the foot of Qu Yi, a black lotus suddenly appeared.

The huge black lotus radiates a rich magic light, and a huge flower emerges on the top of Quyi's head. This is a sky-biting rose flower.

The two flowers, once up and down, Xianguang connected, produced a terrifying energy, and suddenly covered the Quyi in it.

This energy, like a field energy, is terrible and can destroy everything.

Qu Yi's body was violently shaken, and the body's divine power was violently shaken, such as ice and snow meeting the flame, and it was melting quickly.

Not only that, Quyi's body, Quyi's skin and flesh are also melting.

Suddenly, the appearance of Qu Yi became terrible.

"what!"

Qu Yi screamed, madly exploded, and the divine power was constantly impacting all around. He wanted to break away from the surrounding field energy and break the joint attack technique of Xie Nianqing and Dark Night Rose.

However, the power of his shock was also melted in this field energy.

"Break me, break it!"

Qu Yi Changxiao, a crazy sword rushed out of the body, turned into a sharp sword light, chopped towards the upper bitter rose.

Rumble!

Jianguang and the field can confront each other, making a horrible friction and a horrible roar.

Both Xie Nianqing and Dark Night Rose shivered.

"What are you still doing? You haven't tried to kill him, we can't stand it!"

Night rose shouted.

The magic power of Qu Yi is far beyond her expectation.

Taking her current practice with Xie Nianqing as an example, the use of the combined strike technique is capable of killing an ordinary \*\*\*\* master.

If the other two Divine Lords are dualistic and fall into the combined attack of the two, there is absolutely only one way to die, which will be turned into ashes by the terrible field.

However, the fighting power of Qu Yi is much stronger than that of the ordinary Divine Lord. The combined attack of the two of them can only trap the other party for a while, and cannot kill the other party at all.

"Shoot!"

Lu Ming shouted and urged Bingxuan stick to Qu Yi.

The gods, Emperor Jianyi, also tried their best to kill Qu Yi.

The two masters of the Divine Lord also woke up as if they were dreaming, showing their strongest moves and killing Qu Yi.

At this moment, Qu Yi was trapped and had to fight the terrifying field energy with all his strength. There was no way to resist their attack. If he was hit, he would definitely be able to kill this person in one fell swoop.

"Want to kill me, dream, puppet, give me out."

Qu Yi shouted, and suddenly two figures rushed out of his body.

One of them was a white bone, like a jade, with five bone swords behind him.

With a wave of white bones, the five bone swords flew out and suddenly grew larger, killing them to Lu Ming.

There is another figure, covered in blond hair, who is actually a Celestial Clan, holding a golden sword, chopping out several sword lights, and killing the two masters of the two gods.

Boom!

Dangdang!

The continuous roar erupted, and the attacks of Lu Ming and others were blocked by these two figures.

"This bone sword...it was him who attacked us before!"

Lu Ming, Panshen and others glanced.

Before meeting the Dark Night Roses, Lu Ming, Xie Nianqing, Qiuyue and Pantheon were attacked by a sneak attack. The attackers attacked them with white bones and bone swords. Now it seems that it is Qu Yiqian of.

This skeleton attack is exactly the same as the one attacking them.

In addition, Emperor Jian's first-class face was gloomy because they were also attacked before, which was also caused by this skeleton.

"Also, that Celestial Clan..."

Everyone's eyes looked at the respectable man.

The man of the Celestial Clan, his eyes closed, there is no breath of life on his body, clearly a corpse.

These are all puppets of the Quyi.

The wounds of those who had been attacked before had residues of Heavenly Power. Obviously, Qu Yi controlled the attacks launched by the puppet puppet, so there was only Heavenly Power remaining at the wound.

It is in this way that he fools through the customs and pushes everything on the Celestial Clan.

But this Celestial Clan is dead, so there is a trace of death in the power of heaven, which was noticed by Lu Ming and Night Rose.

This point, Qu Yi did not think of it.

Chapter 4476: The origin broke out, defeating the Qu Yi

It was because Lu Ming and Dark Night Rose noticed that it wasn't for the Celestial Beings, so they laid out this game and brought out the meaning of the song.

After seeing this celestial body, there is no need to explain, everyone at the scene understood.

"kill!"

"kill!"

Lu Ming and others launched a second attack.

However, this attack was still blocked by Quyi's two puppets. Although the two puppets were both traumatized, for a time, several Lu Ming did not break through.

And Qu Yi struggled with all his strength, Xie Nianqing and Night Rose rose more tremblingly, so if they continue, they really can't hold it.

"When you come out, it's your death time!"

The Qu Yi roared with a terrible look.

"Dark Night Rose, Xiaoqing, the power of the source, launch the strongest blow!"

Lu Ming spoke to Dark Night Rose and Xie Nianqing.

"it is good!"

The two responded, preparing to use the cards at the bottom of the box.

"The two seniors are not desperate at this time, when will they stay longer?"

Later, Lu Ming shouted at the double existence of the two gods.

The two masters of the Divine Lord are very important and are the main attack power. Without their containment, they will be even less opponents.

The two hesitated a little, then nodded, showing a decisive look.

boom! boom!

The two powerful masters of the Divine Lord burst into a strong breath. That was the divine power burning, and the two were really desperate.

At the same time, Lu Ming, Xie Nianqing and Dark Night Rose began to mobilize the power of the source.

Dark Night Rose was at the same position as Xie Nianqing at the beginning, so the source of control is not weaker than Xie Nianqing, and can also launch a blow.

"Devil Eater!"

Xie Nianqing and Dark Night Rose shouted, urged by the power of the source, and used in the combined attack.

With the addition of the power of the source, the power of the combined attack has been increased a bit. The terrible field energy is more powerful.

Qu Yi's body shook, and the sword light he chopped out shook and almost collapsed.

"kill!"

"kill!"

Lu Ming and others launched an offensive again.

This time, the two powerful masters of the two gods burned their divine power and desperately launched the strongest blow. The power was very amazing. The Quyi had to divide more power to control the split puppet of the Celestial Race, both against the two \*\*\*\* masters. Heavy master.

In this way, the strength of the other skeleton will be weaker.

Boom!

The double attack of the two \*\*\*\* masters, with the puppet of the Celestial Clan, first bombarded together.

After several roars, the puppets of the Celestial Clan were blasted away.

However, the attacks of the two powerful masters of the Divine Lord were also blocked.

Then, the attacks of Lu Ming, Panshen and others were also bombarded with the puppet, such as gold and iron fighting, full of energy.

Lu Ming and others' attacks also stiffened.

Lu Ming's Bingxuan stick, the god's black iron rod, Emperor Jianyi's rusty war sword, etc., were all blocked by the skeleton with a bone sword.

"Hahaha, still want to kill me..."

Seeing that Lu Ming's attack was blocked, Qu Yi laughed, and Zhang was extremely crazy.

Lu Ming and others desperately hit him, and they were all blocked by him, to see what he would fight with him later.

At this time...

"origin!"

Lu Ming shouted in his heart, the source seed trembles, the contained source power, along the arm, all rushed into the ice Xuan stick.

Bingxuan stick was originally a source-level magic soldier. With the addition of the source of the source, it was like adding fuel to the fire, and it exploded at once.

boom!

The violent shock of Bingxuan stick, a powerful force erupted, impacting on the bone sword.

Click!

The bone sword broke directly, and the Ice Profound Stick then smashed onto the skeleton, and with a click, the entire skeleton's body exploded directly.

Bingxuan stick kept on going and continued to blast towards Qu Yi.

Qu Yi's eyes suddenly widened, revealing incredible colors, and shouted: "Damn, how is it possible? This is the power of the source..."

He was really shocked and knew that he underestimated Lu Ming's strength.

Before Lu Ming, he had been hiding the cards.

Damn it!

At the same time, he wanted to explode power to resist, but how can Xie Nianqing and Night Rose make him do it? Strive to do all you can to suppress the song.

Qu Yi just wanted to divide his strength to resist Lu Ming's attack. The terrible field energy could take advantage of the void. Qu Yi's body quickly melted away, scaring him to quickly run his power to resist.

However, Bingxuan stick will not stop, just smashed down.

boom!

Bingxuan stick hit the body of Qu Yi sturdyly, Qu Yi screamed, his body was blasted out like a meteorite, hit the ground, and hit a big pit on the ground, but he hadn't stopped. Sliding all the way back, a deep ditch was drawn on the ground.

It has been sliding tens of thousands of meters all the way back before stopping.

His whole bones, all muscles, were completely shattered, crumbling and unbearable.

His head almost burst, and he saw a series of cracks in the universe bridge in the sea. With such a serious injury, Qu Yi was unable to fight anymore.

This melody, the strength is really strong, when he was young, it was definitely the top demon celestial arrogance, can crush the existence of the same level, even the same level of human race, can not compare with him.

Lu Ming's previous encounter with the Divine Lord of the Terran Race definitely has no such strength.

As he said himself, if something goes wrong, his cultivation is far more than that.

Having said that, the Soul Primal Stone Fragment is not a matter of arrogance, not just talk.

But in the end, Qu Yi still lost in the hands of Lu Ming and others.

Qu Yi lay in the big pit, spitting blood constantly in his mouth, eyes full of unwillingness and despair.

Uh, uh, uh!

The figures flickered and surrounded Qu Yi in the middle.

"Quyi, many lines of unrighteousness will kill you, today, I will cut you off!"

A double old man of the Divine Lord said coldly, full of murderous intent.

"You killed me, the life soul element stone fragments on my body, how do you divide it? The life soul element stone fragments are in the storage ring in my hand!"

Qu Yi roared.

This remark really made the faces of the two powerful masters of the Divine Lord change, and his eyes flashed a little.

Yeah, after killing Qu Yi, how do you divide the life soul stone fragments on Qu Yi?

"At this time, I still want to provoke the separation, everyone, the life of the soul stone fragment, after killing Qu Yi, we will discuss it too late, but now, we can not hit him!"

Lu Ming said.

The two powerful masters of the Divine Lord were shocked in their hearts, and when they came back to their minds, they were secretly in danger, and they almost hit the Quyi plan.

If they fight first because of greed, it will only be cheaper.

If Qu Yi escaped, the consequences would be disastrous.

"This little beast..."

Qu Yi roared in his heart, wishing to unload Lu Ming eight pieces.

"Dead!"

An old man with a double divine master stepped out and would have to start.

"You guys, wait a minute, I have a huge secret..."

Qu Yi roared.

Chapter 4477: Whereabouts of the treasure

The Qu Yi roared, letting the Divine Lord's double existence move, and stopped.

"Say, what secret?"

God's dual existence is cold.

"It's about the secret of Life and Soul Heaven Court, as long as you don't kill me, I will tell you..."

Qu Yidao.

"Huh, now, I still want to live in this way, ridiculous, in addition, who knows whether the secret you tell is true or false?"

Lu Ming sneered and said to other people: "You guys, I still think it's better to kill this person, don't want to hit his plan, once you let him go, the future is endless!"

"Damn, \*\*\*\* little debris..."

Qu Yi shouted in his heart, his thoughts were repeatedly seen by Lu Ming, he really hated Lu Ming.

But there is no way. Hearing Lu Ming's words, the others showed another murderous opportunity, and he could only yell again: "I am telling the truth, absolutely, it's a secret about Life Soul Heavenly Court, you know that Life Soul Heavenly Court Three great treasures, I know where one is hidden."

what?

Hearing this remark, not only those other people, but also Lu Ming, Xie Nianqing, Night Rose and others, all felt shocked.

The word "Treasure of Life Soul" is too tempting.

Qu Yi, actually knows a treasure of Life Soul Heavenly Court, where is it hidden?

"Spoken words, who knows what you said is true or false?"

This time, it was the dual existence of the Divine Lord.

"I can swear with the origin of life, that is true, and I also have a map of Life Soul Heaven Court with the specific location of that treasure land marked on it, hidden in my sea of knowledge, as long as you promise to take my life, I can give it to you, otherwise, I'm a big deal to self-destruct the sea, the map is fragile and can be easily destroyed by me."

Qu Yidao.

"Maps, huh, quyi, here, it often fogs up, regardless of direction. We can't even find the right direction. You still have a map. This lie is too low-level!"

Lu Ming sneered.

The other people's faces also gloomy.

Indeed, this lie is too low-level.

Life Soul Heaven is too big, and it fogs up every once in a while. It is like a maze. There will be a map in Quyi, which is a big joke.

"You just came in, it's naturally difficult to tell the direction, but I have been here for 300,000 years, would I not know, I am not familiar with here, even in the fog, I can find it The right way."

Qu Yidao.

"what?"

"It's been 300,000 years since you came in?"

This time, Lu Ming and others were really taken aback.

Originally they thought that Qu Yi came in with them. I really didn't expect Qu Yi to have come in long ago.

"Yes, when I was young, I fought with people and broke the foundation, which caused the cultivation progress to be extremely slow. I was not reconciled, so I spent my whole life studying the Soul of Heaven, the purpose is to find treasures, realize transformation, and restore my Potential and talent, finally, 300,000 years ago, I found the clue and entered the life soul heaven!"

"Unfortunately, in the ancient land of Life Soul Heavenly Court, a piece of Life Soul Primal Stone can't enter at all. Only a collection of multiple Life Soul Meteorite fragments can enter, especially the land that contains Life Soul Heavenly Court Treasure, it needs more pieces. Life Soul Yuan Stone Fragment, although I have been early recently, but it is useless, I can only waste time!"

"Until 3,000 years ago, the Celestial Clan entered, and my actions became very cautious, and kept hiding in the dark, waiting for the opportunity to kill a few of them, and then, until now, when these of you enter, I know, my chance coming..."

At this point, Qu Yi stopped and did not continue, but everyone knew what he was going to say next.

It is nothing more than pretending to be like them, they just came in, mixed in the crowd, secretly attacked, captured the fragments of Life Soul Yuanshi, and then went alone to obtain the treasure of Life Soul Heavenly Court.

Qu Yi's words can indeed be justified.

But everyone still doubted it.

"If you don't believe me, I can swear by the origin of life..."

Immediately, Qu Yi made a vow with the origin of life, saying that what he said just now is true.

Seeing that Qu Yi swears with the source of life, everyone had to believe it.

Unless Qu Yi does not want to live.

But don't want to live, don't use it this way.

"Now, as long as you swear by the origin of life, after I tell you the detailed location, you will take my life, I will tell you, and give you the map, and the life soul stone fragment on me, Can be given to you."

Qu Yidao.

"Okay, I promise you, you guys, what do you think?"

An old man with double gods replied, looking at Lu Ming with them.

Obviously, his heart moved.

In fact, not only him, but Lu Ming and others were also excited.

That is the greatest treasure of the Soul of Heaven, placed in the universe, that is also the most precious treasure, a treasure more precious than the Eighteenth Town Hall Divine Soldiers, who can't be bothered.

"I promised too!"

The night rose talked, and needless to say, she was also very excited.

"I promise!"

Finally, Lu Ming nodded.

Seeing that all parties agreed, Qu Yi was ecstatic.

Later, Lu Ming and others all swear by the source of life, as long as Qu Yi handed over the soul stone and the map, he would spare Qu Yi's life.

"Okay, okay, okay!"

Qu Yi was ecstatic in his heart, deep in his eyes, but flashed a terrible murderous opportunity.

He shouted in his heart, as long as he survived this time, he would be mad at revenge after his injury recovered.

He has been here for 300,000 years, and he is no longer familiar with it. In the mist, he can come and go as he pleases. By then, relying on the advantages of familiar terrain, he will hunt all these people.

Especially Lu Ming, Night Rose and others.

He even wants to retaliate wildly, make them regret, make them regret.

"Now, hand over the map and the Soul Primal Stone Fragment!"

Shouted a double old man of the Divine Lord.

"Okay, I'll give you guys!"

Qu Yi said, his brow glowed, and a jade card flew out.

The jade card is about the size of a slap. You can see that the jade card is lined with fine scores.

The old man of the Divine Lord quickly grabbed the jade card in his hand.

Everyone's eyes flashed without saying much.

Then, the old man of the Divine Lord doubled his divine power into the jade card. The jade card glowed, and a map appeared in the air.

The map is very detailed, with a red dot on it, representing their current location.

In addition, there is a yellow dot at a distance from them.

"The yellow dot is the hiding place of the soul of the soul of heaven!"

Qu Yi explained.

In everyone's eyes, there was a fiery glow.

It seems that everything that Qu Yi said is true.

As long as they walk along this map, they will not get lost even if they are in the fog, and they will be able to reach the place of treasure in a short time.

Chapter 4478: I'm not afraid of vows

"Also, Life Soul Yuan Shi is in the storage ring in my hand. I can't move when I am injured now. Take it!"

Qu Yidao.

Suddenly, many people's eyes are exposed.

bump! bump!

Several people stepped forward and wanted to take off the storage ring of Quyi, but they were hindered by the other party's breath. Several people's breath broke out, and they collided in the air, and no one was willing to give in.

In particular, the two powerful masters of the Divine Lord are fighting against each other, revealing a strong fighting intention.

"You, so many of us are here, life soul element stone fragments, no one can swallow alone, I suggest that we are divided evenly, and wait for the soul treasure heaven treasures treasure place, and then take out the life soul element stone fragments , How to open the treasure trove?"

The night rose suggested.

The eyes of the two powerful masters of the Divine Lord twinkled.

If the people of ordinary Divine Emperor Realm dare to talk to them in this way, dare to say that they are evenly divided, they have long been slapped and slapped to death.

Divine Emperor Realm, also delusional and God equal?

However, the night rose, Lu Ming and others, the fighting power is really terrible, can not be measured by common sense.

Before the siege of Qu Yi, the combined attack technique used by Xie Nianqing and Dark Night Rose made them feel terrifying. I am afraid they were trapped, only one way to die.

Lu Ming's strength is beyond imagination.

Before dealing with the Qu Yi, Lu Ming won the quiz by defeating the Qu Yi's defense in one fell swoop.

These are evil spirits, although they are the existence of God's main realm, but in front of these evil spirits, they have to suppress their arrogance.

"Okay, listen to Rose!"

The old man of the Divine Lord smiled.

The other master of the Divine Lord has no opinions.

The strongest of several parties have no opinions, others have no opinions, and dare not have any opinions.

There was a trace of disappointment in Qu Yi's eyes.

He had hoped that Landing Ming and others would fight in order to fight for the Soul Primal Stone Fragment. Unexpectedly, it was so simple.

Immediately, several people joined hands to remove the storage ring from Quyi's hand, and after opening, it was found that several pieces of life soul stone fragments.

A total of five.

The forces represented by the dual existence of the two Divine Lords are divided into one, Lu Ming is divided into one, and Night Rose is divided into one.

The fifth piece gave the last divine master a heavy influence.

"Everyone, I also gave it to you, and the Life Soul Yuan Stone fragments have also been handed over. I can go now!"

Qu Yidao.

The existence of the gods' realms showed a hint of unwillingness.

They really don't want to let Qu Yi go, because Qu Yi is gone, it's really dangerous.

However, they had to swear on the source of life in order to save the treasure of Soul Heaven, and now they can't do anything about it.

"Let you go? You are too naive to think about it. After letting you go, will you wait for your crazy revenge behind us?"

Lu Ming sneered, his palm clenched, and a spear spun out.

What?

Several powerful masters of God's main realm, as well as Qu Yi, were stunned and watched the landing song in shock.

Could Lu Ming go against the oath and kill the song.

Qu Yi quickly responded and shouted: "Lu Ming, what are you doing? Don't forget, you swore with the source of life, you can't kill me, you kill me, you will be robbed, and you will die , Do you want to die with me?"

"To die with you? Ha ha, you are not worthy, don't you know that the existence of the origin is not afraid of the oath of life?"

Lu Ming sneered, killing cold, coming out of the body, full of substance.

"That's the existence of the original source realm, you control the power of the original source, you are the Divine Emperor..."

Qu Yi shouted, but at this point, his voice came to an abrupt halt, his pupils were staring wide, and there was panic in his eyes.

The power of origin!

Why is the strong of the original source fearing the oath of the original source of life? That is because of the power of the original source.

However, Lu Ming also took control of the origin.

Before, Lu Ming suddenly exploded his original power, and then he defeated his defense.

However, before he was anxious to save his life, he didn't think about it for a while.

I would like to ask, when faced with some Divine Emperor Realm, who would think that the other party can use the power of the origin to contend with the oath of life?

Subconsciously, it is ignored.

But now it's too late to think about it.

"No, no, don't kill me, you can't break the oath..."

Qu Yi shouted in horror, he didn't want to die.

It seems that Life Soul Heavenly Court has been found. As long as Lu Ming and others are killed and enough Life Soul Primal Stone fragments are obtained, he may not have the opportunity to regain his talent and potential and rush into a higher realm.

So, he struggled frantically.

It is a pity that his injury is very serious. Even if he just recovered a little bit, he can only move his body barely.

"Qu Yi, let's go!"

Lu Ming spoke indifferently and stabbed him with a shot.

puff!

The lance directly penetrated Qu Yi's eyebrows and nailed Qu Yi to it.

Qu Yi's eyes widened and he couldn't be reconciled.

"It is good!"

Others snorted in their hearts.

They didn't dare to kill, Lu Ming killed, good kill, let go of Qu Yi, they will sleep and sleep, very dangerous.

As for whether Lu Ming can really resist the backlash of the oath of life, they are too lazy to control.

It is best that Lu Ming is directly repulsed and falls best.

"Master, you killed him like this, is it really okay?"

Qiuyue hurriedly asked, small face, full of tension and worry.

"Lu Ming, can you resist the power of your source?"

Xie Nianqing also asked, but also quite worried.

She also uses the power of the source, but the amount is very small, and she feels that she cannot resist the backlash of the vow of the source of life.

She was a little worried that Lu Ming could resist.

"Relax, the rebirth of the oath of life's origin will not happen now, but will happen in the later practice, I can surely resist it!"

Lu Ming smiled.

He has a lot of control over the source. Although it certainly cannot be compared to the existence of the source, it should be possible to fight back against the oath of the source of life.

Moreover, he is a taboo body, controlling the power of taboo.

Feihuang once told him that the power of taboo also has a strong effect on the counterattack against the oath of the origin of life.

Together, Lu Ming has enough self-confidence and grasp.

Otherwise, he will not take risks easily.

"Let's go, everyone!"

Lu Ming said.

Afterwards, the people set off and went in the direction of the life soul heaven court treasure according to the map left by Qu Yi.

With the map, their speed is very fast, and at the same time, they have never encountered an attack later.

However, looking on the map, the location of the treasure is not far from them, in fact, there is a long way.

The place where they are located is on the south side of Life Soul Heavenly Court, and the location of the treasure is on the north side, almost crossing the old city of Life Soul Heavenly Court.

On the way, everyone was thinking about each other, and they were all thinking about a question. How can they be divided after the Life Treasure of Heaven is obtained?

Chapter 4479: Lord of Life Soul

There is only one treasure, how to divide it?

They are here, but there are seven or eight people.

Everyone's eyes flickered, and they thought about each other.

The dual existence of the two Divine Lords, deep in their eyes, even filled the murderous opportunity, but was quickly hidden.

They really want to get started, solve everyone else and monopolize the treasure.

However, when they think of the strength of Lu Ming and others, they are terrified.

Instead of solving them, Lu Ming resolved them by Lu Ming and others.

In fact, there are not only them, but Lu Ming, Night Rose and others.

I also want to solve these people.

However, the opponent has two divine masters and one divine master, but it is not so easy to solve.

The combination of Xie Nianqing and Dark Night Rose, as long as the double existence of a Divine Lord is shrouded in, the other party will only have a dead end.

However, there is a dual God.

Even if his original power recovers and he explodes with all his strength, he will definitely not be able to stay behind.

Once they escaped a few, and fled with the fragments of Life Soul Primal Stone, they could not get enough pieces of Life Soul Primal Stone, even if they went to the place of treasure, it was useless.

Moreover, the other party also maintains a strong vigilance against them. It is not so simple to want to shoot suddenly and kill the other party alone.

In addition, they and the night rose, after all, are only cooperative relations, not one mind.

Therefore, they did not shoot.

Everyone has scruples and guards each other towards the destination.

However, Lu Ming did not know that the destination they were going to was already occupied by people, that is, the Celestial Clan.

On the empty flat ground, there are tall bronze statues. These bronze statues, it seems, are all soldiers.

Wearing iron armor, holding a war sword, every bronze statue is as high as a thousand feet.

On this flat ground, there are 108 bronze statues, they are arranged in a strange trajectory, forming a formation.

At the center of the bronze statue, there is a tall altar.

Around the altar, twelve magic soldiers were suspended.

These twelve magical soldiers come in different forms, and no one is the same.

Guns, swords, halberds, axes, yue, hooks, forks, whips, mace, hammers, ge, lutetium.

There are twelve kinds in total.

Each of them exudes a terrifying and breathless atmosphere, and forms a certain resonance with the 108 bronze statues around it, enhancing the power of the formation.

In the air in this area, a group of people are suspended.

The number is about thirty.

Twelve of them have amazing breath, and they are all in the presence of God's Lord Realm. Moreover, they are not ordinary God Lords, and their breath is much stronger than that of God Lord.

These are the three-fold existence of God Lord.

One of the core, more terrifying, breath-taking, trembling in the void, forming a terrible pressure.

If Lu Ming is here, he will definitely be shocked, because this is the existence of a heavenly king.

Only the top strongest among the gods can be called the heavenly king.

Every Tianjun is very powerful. Unexpectedly, there is a Tianjun here.

With Tianjun as the core, the twelve masters set up a large array, and scattered a powerful force, it seems to be destroying the formation below, refining something.

Below, 108 bronze statues and twelve magic soldiers, the light is very dim, and it seems that it can't last long.

"Soul life, you admit your life, even if you summon twelve town hall \*\*\*\* soldiers, it's useless, at most it will leave you with a long time to breathe for a while, and sooner or later we will break through!"

On the side, there was a man who spoke indifferently.

This man looks very young, only in his twenties, but the breath is amazing, and he is also a divine presence.

Such people cannot naturally judge their age by their appearance. Their appearance looks like they are in their twenties. In fact, the age may already be very old, at least not for the younger generation.

Because, in the younger generation, no one has never been to Taishang Xiancheng, and there is such a high level of cultivation.

This person said to the altar, as if the "soul" in his mouth was in the altar.

However, there was no response from the altar.

"Soul life, there are eighteen soldiers of the town hall, four of them are in my heavenly palace. The eighteen town hall gods are not uniform, and their power is not enough to stop them. Also, you want to summon the soul soul stone fragments, Reunite Life Soul Yuanshi to strengthen yourself, don't even dream about it. I have sent people to hunt those who control the fragments of Life Soul Yuanshi. Now, half of the Life Soul Yuanshi fragments are in my hands, so, Your destiny is already doomed!"

"Soul Life, you Lord of the Life Soul Heaven Court, Gou Yan can still breathe to the present, and eventually I will achieve me. I will draw away the semi-repetitive taboo body remaining in you, and finally achieve my complete taboo body. Will be the first to control the taboos with the form of a human race!"

The youth shouted.

It turned out that this person is the "Ye Wu" adult in the mouth of the Celestial Clan.

"The body of the Celestial Clan, also deliberately controlling the power of taboos, is really naive, and will eventually eat its own fruits!"

This time, a rough voice came out of the altar, but it sounded very weak.

"Hahaha, nothing is impossible. I have completely controlled the power of the semi-repetitive taboos, and the combat power has skyrocketed. I will be able to fully control the semi-repetitive body of you."

"At that time, the power of the strongest heaven and the power of the taboo will come out at the same time. Who else in the world is my opponent? I will be invincible in a battle of the same level, surpassing the strongest person in the history of the human race, hahaha!"

Ye Wu laughed, his face fierce, his eyes fiery, full of some kind of strong expectation.

This time, there was no answer from the altar.

"Hum, soul, give me despair!"

Ye Wuheng snorted.

At this time, someone flew towards this side, is an old man of the two gods of the Divine Lord.

"How are you guys, did the rest of you kill all?"

Ye Wu asked.

"Yeh no son, please forgive sins!"

The old man of Heaven and Humanity, a double-layered god, clenched his fists, and his face was interesting and frightening.

Ye Wu frowned, and a murderous air burst out, saying, "Say, what's going on?"

"Yeah, Master, the Soul of Heaven is too big, we are seriously understaffed, and it is difficult to catch each other during the foggy period. During this time, the remaining people do not know where they are going, so. .."

The old man of heaven and human race, which is a double layer of the god, swallowed up and down.

"Waste, what a waste!"

Ye no drink cold.

The old man of Heaven and Humanity, who is a double god, bowed his head and dared not answer.

"If it's not that I can't walk away, I'll go personally, go, and continue searching, I must kill all those people, and bring all the fragments of Life Soul Yuan Shi, the complete Life Soul Yuan Shi will be Be my treasure!"

Yewu gave the order.

"Yes! Subordinates must do their best!"

"Not to do your best, but to complete!"

Ye Wu looked somber.

The other party should be in a hurry, and then quickly retreated.

Chapter 4480: Self-launch

With the map, no one attacked, Lu Ming and others, much faster.

When the mist dissipated, they were faster. According to the map, they flew at full strength. In just seven days, they were close to the hidden place of the soul of the heaven.

At this time, the atmosphere became more tense, and everyone wanted to get the treasure, which inevitably contained hostility towards others.

Therefore, the distance between them has also been widened because of fear of being attacked by others.

"It's coming soon, everyone, why don't we discuss it and find the treasure, how can we divide it?"

A powerful dual \*\*\*\* said.

"Naturally depends on strength!"

Lu Ming said.

"Okay, then each depends on its strength!"

The Divine Lord has a double existence.

This is the rule of the practice circle. After the joint force cannot be distributed, it can only rely on its own strength, and other people have no opinions.

"According to the map, flying over this mountain is a plain, which is coming soon..."

Another old man of the Divine Lord said, this person has been holding a map.

The hearts of the people were immediately raised, and they showed their body style, raised their figure, and flew from the top of the mountain...

At the next moment, the figure of the people suddenly stopped, the pupils widened and stared at the front, and then, in the eyes of everyone, there was a look of horror.

They naturally saw the masters of the Celestial Clan, as well as the altar and formation below.

Lu Ming and others were a little ignorant.

They really did not expect that people from the Celestial Clan would be here.

It stands to reason that the Celestial Clan is not in the east?

"Hahaha, I really have nowhere to break through the iron shoes. I have no effort to come. These people actually came to the door and took me down."

Yeah no laugh

With a wave of his hands, the two Celestial Clan elders stepped out and rushed towards Landing Ming and others.

These two elders did not participate in the formation, and cultivation was not too high, only the Divine Lord.

But it is also very scary, like two stars, pressing against Lu Ming and others.

"No, I'm lucky, let's go!"

Lu Ming shouted, his strength burst, and Xie Nianqing, Qiuyue and Pantheon pulled back suddenly.

Xie Nianqing, Qiuyue and Panshen also reacted and quickly retreated.

The night rose and others responded very quickly. Just as Lu Ming retreated, they also retreated.

Several other groups of people reacted a little slower. When they wanted to retreat, the dual existence of the two divine masters of the Celestial Clan was approaching.

A spear and a sword of war are all transformed by the power of the Xeontian sky, and the power to kill them is amazing.

"Block it!"

The two Divine Lords' double existence angered, burst out with all their strength, and made a move, but they were not opponents of the Celestial Clan at all.

The two masters of the two gods of the Celestial Clan are offensive, and they are crushed down.

Suddenly, the screaming sounded, and the only remaining existence of the Divine Lord was also killed.

In addition, several young Tianjiao were also killed, and the storage ring fell into the hands of the Celestial Clan.

Among them, the fifth-ranked peerless demon on the universe's arrogance list, Beiao, was also killed by a stroke and fell here.

"go!"

After being injured by the double existence of the two Divine Lords, they also turned around and left, where they dare to stay.

"You two, chase these two \*\*\*\* masters, those little guys, leave it to me!"

Ye Wu's voice sounded, the figure had already rushed, and they chased to the landing.

His speed is extremely alarming, several flashes, and the distance between Lu Ming and others is rapidly getting closer.

boom!

He punched out with a fierce punch, blasting them towards the landing.

The violent power made Lu Ming and other people's faces change wildly.

Divine Lord Triple!

Ye Wuyi shot, Lu Ming and others felt it, and Ye Wu's cultivation behavior was the threefold of Divine Lord.

Moreover, it is not an ordinary triple God.

The boxing power is like a sun, fierce and fierce. This is formed by the infinity of lightning. This is the power of heaven punishment. All shrouded in.

Buzz!

Lu Ming shouted and directly used the Bingxuan stick, which exploded in full force, and a stick attacked the group of punches.

At the same time, Xie Nianqing, Night Rose and others all shot.

They knew that if they could not stop it, they would all die.

Now, it is cold lips.

So many people shot together, all kinds of big killers, bombarded on the fierce fist, bursting into a thunderous roar.

Then, these violent shocks were violently shaken and flew out. Lu Ming and other people's bodies were like kites with broken lines, and they retreated backward and fell to the ground, all of which were traumatized to varying degrees.

"Good strength!"

Lu Ming's eyes were dignified.

This person's combat power is too strong, although it is the Divine Lord Triple, but the strength is definitely much stronger than the ordinary Divine Lord Triple. When this person is young, it is definitely a top-level arrogance.

However, at this time, Ye Wu stared at Lu Ming with his eyes.

"The power of taboo, you actually control the power of taboo, well, very well, as long as you suppress and return to Tiangong, that's a great thing..."

Ye Wu laughed, carrying his hands, stepping forward, a look like me invincible.

He is very conceited, but with his strength, facing Lu Ming and others, he is indeed conceited.

"Shoot!"

At this time, Xie Nianqing and Dark Night Rose Jiao sang, and at the same time moved, flashed out, his hands quickly pinched the Yin Ju.

Combat art, burst!

At the next moment, under Ye Wu's feet, a huge black lotus emerged, and on top of his head, a sky-biting rose flower emerged.

Two flowers, one at a time, there is a terrible field that can erupt, and yeah has no envelope.

At the same time, Xie Nianqing and Dark Night Rose have both exercised their inner source power.

Although it was used last time, but in the past many days, the power of the source in the source seed has been restored long ago.

Zizizi!

The possible field energy caused Ye Wu's body to tremble slightly, and the power of the body protection tremor.

"The art of joint strike, interesting, wrong, this is the power of the source..."

Ye Wu changed his face suddenly, showing a surprised expression.

He felt the power of the source in the terrible field energy.

Xie Nianqing and Dark Night Rose, just the cultivation of Divine Emperor Jiu Zhong, actually controlled the power of the source, which made him very surprised and curious.

At this time, Lu Ming also shot.

He also exploded the power of the original source, and cooperated with the power of taboo, poured into the Ice Xuan stick together, urged the Ice Xuan stick with all his strength, and went towards Ye Wuhong.

boom!

This blow, directly through the field energy, hit Ye Wu's face.

"You... are also the source of power!"

Ye Wuwu's eyes shone amazingly.

There is greed, scorching, and surprise in this gloss.

However, his hands did not stop at all, with a punch.

When this punch came out, a terrible force erupted in his body. This force was not a force of heaven.

It is... the power of taboo!
