Chapter 4481: Half a Forbidden Power

when!

Ye Wu punched out and hit Bingxuan stick.

Suddenly, Lu Ming felt an invincible force, like a row of mountains and rivers, rushing towards him from Bingxuan stick, his body suddenly retreated, coughing up blood in his mouth.

His arms were almost shattered by powerful forces, covered with cracks and blood.

"The power of taboo...this is the power of taboo..."

Lu Ming was shocked.

He was too familiar with the power of taboo. Ye Ming came out with no use, and Lu Ming felt it. This is the power of taboo.

At the same time, Xie Nianqing, Night Rose and others were also shocked. Staring at Ye Wu.

A human race can actually control the power of taboos. How is this possible?

This is simply incredible.

Legend has it that the power of taboos is inherently compatible with the Celestial Clan.

How can the human race control the power of taboos?

"No, it's a forbidden taboo force. It's incomplete. It's only half a dozen. It may be drawn from other people."

Lu Ming sipped.

He thought that when he was arrested that day, the Celestial Race was to extract the taboo power from him.

Perhaps the power of taboos controlled by the Celestial Clan is drawn from other taboo bodies, so it is only half a repetition.

"It's taboo again, and control the origin in advance. Okay, very good. It's definitely a credit to win someone like you. Suppress me..."

Yeah no drink, the breath inside the body erupted like a volcano.

This time, he shot with all his strength. The power of terror directly defeated the combined technique of Xie Nianqing and Dark Night Rose. Both of them vomited blood and flew back, falling to the ground.

Then, Ye Wuda explored, a huge palm was formed, and Xiangming Landing, Xie Nianqing, Night Rose, and others caught it.

He wanted a trick to suppress Lu Ming and others.

Ye Wu is too strong. The cultivation of God is threefold. It is far beyond the scope of Lu Ming and others. With his terrifying combat power, he is much stronger than Lu Ming and others.

They shot Lu Ming just now, he didn't use his full strength at all, otherwise, it was enough to kill Lu Ming and others.

At this moment, he put out a palm with all his strength, covering a side of the world, like a small world, terrifying power, pressure Lu Ming and others could not move, let alone counterattack.

"Still hit Qu Yi's plan..."

Lu Ming sighed.

At this moment, I still don't understand where Qu Yi pits them.

What Qu Yi said, it sounds true.

He said that there are the treasures of Life Soul Heaven Court, which requires multiple pieces of Life Soul Primal Stone fragments to open, and his map, these are true, otherwise, Qu Yi dare not swear by the origin of life.

However, he hides one of the most important information.

That is, this place has long been occupied by the human race.

Even if there are many pieces of Life Soul Yuan Stone, Qu Yi would not dare to come here, mostly for other purposes.

He told Lu Ming and others here that he wanted to let Lu Ming and others come to die.

At that time, Lu Ming and others did not want to understand, but now it is too late.

But at this moment, the mutation suddenly emerged.

Underneath, on the ground, the altar, which had not been moving, suddenly burst into light, rushing out a force and rushing towards Yewu.

Yeah no big shock, flew back.

However, the goal of this force is not Ye Wu, but Lu Ming.

With a bang, Ye Wu's condensed big hand was defeated by this force, and then this force enveloped Lu Ming and others.

This force, like a strong attraction, should **** Lu Ming and others into the altar.

"Don't resist, I am saving you!"

A rough voice sounded in the ears of Lu Ming and others.

Lu Ming and others moved in their hearts and did not resist at all. Let this force pull them and flew towards the altar.

Although they do not know who the other party is or whether they are malicious, they have no choice now.

Outside, they will definitely be suppressed by the Celestial Clan, and even beheaded. Following this force, there may be a turn.

"Fate!"

Yeah no roar, so angry.

"Stop me!"

Ye Wu continued to drink.

The twelve people in formation also shouted at the same time, struck a divine light, and wanted to cut off the power in the altar.

But the altar glowed and burst out a force that bombarded that divine light.

boom!

There was a thunderous roar, and the energy was overflowing. This area was covered by the sky.

Bang Bang Bang!

The bronze statues exploded continuously, and eighteen bronze statues exploded in a row.

But in the end, it still blocked the power of the Heavenly Clan.

On the altar, a vortex appeared, and the attraction suddenly increased. Lu Ming, Xie Nianqing, Qiuyue, Pantheon, Night Rose, Emperor Sword One, Lingheng, Yin Jiuling, Xiu Wuji, and three other young men and women, A total of twelve people flew into the altar together and disappeared.

"Damn..."

Yeah no roar, irritable.

Wow, wow!

At this time, the two figures flew over, the two old gods of the two divine lords, and the former two went to hunt down the existence of the other two divine lords, and then returned.

"Has anyone killed?"

Ye Wu exhaled, slowly calmed down and asked coldly.

"It's already killed, here are the fragments of Life Soul Yuan Stone!"

One of the old men replied and handed two storage rings to Ye Wu.

Ye Wu took the two storage rings, and his face looked better after he swept the mind.

"Hum, soul life, you can't protect yourself, and you want to save them, it's ridiculous!"

"You destroyed 18 bronze statues yourself to save them. I think how long you can resist us, wait for the big burst, you don't even want to live."

Yawu stood in the air, facing the altar.

Those at the altar did not bother about Yewu.

At this time, a group of people were staring at the altar and looking around.

The altar is very wide and very large in area.

It looks like an underground space.

There is also an altar here.

The altar was cast in divine jade and covered with dense runes.

There are also dense runes on the ground around the altar.

These runes glowed and intertwined to form a formation, condensing a mysterious atmosphere.

There was a figure sitting in the middle of the altar.

This figure has an adult shape, tall bones, and a burly figure, but it looks miserable.

Because he was too thin, he became skinny, and his two eye sockets were deeply sunken. Occasionally, a few strands of light flashed a few times, proving that this person was still alive.

There is a peculiar flame on the surface of this person's body, which keeps jumping and burning all the time.

Lu Ming and others looked at this figure carefully. Obviously, it was this figure who brought them into the altar just now.

"Thank you for your help!"

"Thank you for your senior's shot!"

...

Lu Ming and others, thanks for clenching.

Chapter 4482: Soul of the Third World

"You guys don't have to be polite, I just don't want to see you die in the hands of the Celestial Clan. You are all endowed with talents and endless potentials. It's a pity to die in the Celestial Clan!"

The dry figure sitting on the altar spoke, and the voice was rough, as they had heard before, but the breath sounded weak.

"Don't know what seniors call it?"

Lu Ming asked with a fist.

"You also heard that the Celestial Clan called me, my name is Soul Life!"

Dry figure said.

"Soul life?"

Everyone showed doubts, and had not heard of it.

"My name, you may not have heard of it, but I have another title, you should have heard of it, otherwise you will not come here..."

The dry voice continued to sound.

Everyone couldn't help but listen.

The origin of this person is absolutely amazing, this is their guess.

I know it by looking at the layout of this area.

Above, there are 108 bronze statues surrounding the altar, and around the altar, there are twelve powerful soldiers.

The breath of the Divine Soldier was extremely amazing, and it made Lu Ming and Night Rose have a familiar feeling.

That's... Eighteen Town Hall Divine Soldiers!

Thinking of this, the two were even more stunned and imagining.

At this time, the voice of Soul Life also continued to sound: "In those days, all the tribes of the vast universe, called me the Lord of Heaven!"

Rumble!

Like a thunder, it sounded in everyone's mind.

Everyone's pupils suddenly widened, staring at this dry figure in shock, with surprise and incredible in his eyes.

Shocked, really shocked.

The Lord of Heavenly Court, they have heard of it naturally, the full name is Lord of Life Soul Heavenly Court.

This person is actually the Lord of Life Soul Heaven Court, known as one of the strongest taboos in history.

Legend has it that the Lord of Life Soul Heaven Court was buried with the destruction of Life Soul Heaven Court?

Actually still alive?

This is a big man in a real legend. It has a long history and is still before the Great Ancient God Court.

At that time, the Lord of Life Soul Heaven Court created the Life Soul Heaven Court with his own strength, and finally developed the Life Soul Heaven Court against the Heavenly Palace.

Although it was defeated in the end, it caused great losses to the Tiangong in its heyday.

After the battle with the Life Soul Heaven Court, the Temple of Heaven began to descend from its heyday, and then there was the rise of the ancient ancient shrine.

This legendary figure now appears in front of them just like that, it is too miserable.

After a while, Lu Ming and other talents recovered.

"Senior, it is said that you didn't die in battle? Now what's going on? Do the outside human races want to deal with you? And, why is the outside human race half-taboo?"

Lu Ming repeatedly asked several questions.

Everyone also showed curiosity, because these are also doubts in their hearts.

"The little guy has so many problems!"

The sound of the soul of the soul of the soul of the life court sounded, which made Lu Ming embarrassed, but he still looked at the other party, hoping that the other party could answer his questions.

"First of all, I will answer your last question. The Celestial Clan outside is named "Ye Wu". The half-taboo power in him is mine."

Soul Road.

It turned out that the man was the Lord Ye Wu from the mouth of the Celestial Clan who had been forced by them before.

What surprised the door even more was that the semi-repetitive taboo power of "Ye Wu" was actually the master of the soul of the heavenly court.

"At that time, Life Soul Heaven Court was defeated, and I was hit hard. Several old guys from the Celestial Clan wanted to evacuate the forbidden power from me, and they were eventually taken away by them for half a dozen times. Soul heaven, escaped to hide in the ruins of the universe!"

"I didn't expect that after so many years, they were still found. Ye Wu's purpose was to extract the power of the semi-repetitive taboos in my body, to merge the only and complete the power of taboos."

The lord of Life Soul Heaven Court explained a few words simply.

Although he said it very simply, he passed on lightly. But everyone can imagine that the war of the year was definitely terrible.

The process of his escape must have been extremely difficult.

"Have the seniors not recovered for so many years?"

Lu Ming asked again.

After knowing the identity of the other party, Lu Ming couldn't help feeling closer, perhaps, because they were all taboos, so he was more courageous and asked if he had any doubts in his heart.

Others, in front of an overlord like Soul Life, seemed a bit restrained.

This is true even for Xie Nianqing and Dark Night Rose.

Although they are reincarnated people, even in their previous lives, in front of the soul, they are still little dolls, and they are the juniors of the juniors.

"Hard, hard, hard!"

Soul sighed, and three "difficult" characters.

"I was injured so much during the World War I. Of course, this is not the most important thing. The most important thing is that I was drawn out of the power of half-taboo, and I was also hit by the third-person soul fire of the Celestial Clan, which is me. This flame!"

"The Soul Fire of the Third World is difficult to extinguish. It is said to be able to attach to the Three Life Three, and constantly destroy my soul and spirit spirit. Although it is difficult to recover in the past New Year."

Soul Road.

Everyone shivered slightly.

There is such a terrible flame in the Third World Soul Fire, which can be attached to the Third Life III and cannot be extinguished, even if the soul is so powerful.

Since the endless years, I have to bear the pain of the Third World Soul Fire and the strength cannot be restored. This kind of pain makes people shudder just thinking about it.

"This is also the confidence of those who don't have it. Otherwise, with these Heavenly Clan outside, I can pinch to death with only one finger as long as I restore some strength."

Soul life said, a glimmer of light flashed in the sunken eyes, so that everyone seemed to see the invincible strong again.

"Senior, how do we get out?"

Lu Ming asked.

"It's hard to get out!"

Soul sighed.

Everyone's heart is sinking.

Even Soul Life said that it was difficult to get out of it. Do they really want to be trapped here?

"Now, I use the remaining power to control the formation outside to resist, but the other party lays a large formation, and there is a Tianjun-level figure dominating, constantly breaking the formation, although I summoned 12 town hall magical soldiers, But the Zhendian Shenbing is incomplete and won't stop the opponent for long."

Soul Road.

"Zhendian Divine Soldier, we have two here. I don't know if they are useful or useless."

Lu Ming said.

"It's useless. Even if you add two of them, there are only fourteen. The Eighteenth Town Hall Divine Soldier is incomplete and useless. The remaining few should be in the Temple of Heaven. I can't summon them. ."

Soul Life shook his head and continued: "Originally, I wanted to summon the fragments of Life Soul Element Stone to form a complete Life Soul Element Stone. Life Soul Element Stone can provide me with strong power, which can make me resist the opponent for a while, But now, most of the fragments of Life Soul Yuan Stone are intercepted by the opponent..."

Chapter 4483: The practice method of God's main realm

According to the Lord of Life Soul Heaven Court, he originally wanted to summon Life Soul Element Stone fragments to form a complete Life Soul Element Stone, but unfortunately, a large part of it was intercepted by the Terran Clan. Although Lu Ming brought in a few pieces, but After all, it's useless.

Lu Ming and others finally understood why Life Soul Yuan Shi would suddenly be abnormal and flew here by himself, because the Lord of Life Soul Heaven Court was calling.

"The Celestials have set up their formations and want to destroy the formation that protects me. It has been three thousand years. My strength is steadily weakening. If this continues, I estimate that they will break the guard formation for up to three years. The current strength is definitely not their opponent."

"Now, if you want to get away safely, there is only one way..."

The Lord of Life Soul Heaven Court continued.

"what way?"

Everyone's eyes shone slightly.

"The method will fall on you."

The Lord of Life Soul Heaven Court opened his cloudy eyes and landed on Lu Ming.

"Fall on me, I am embarrassed to use the practice of the Divine Emperor Jiuzhong."

Lu Ming said.

"No, no, you have great use. To be precise, it is your taboo force. It has great use."

Soul said, paused, and said: "You are a taboo body with complete taboo power, and I am also a taboo body, I can lend you the power of me, and the taboo body of you It's not difficult for the fusion of power to explode incomparably powerful forces and defeat those outside human races."

"Lend me your power? How do you lend it?"

Lu Ming asked.

"Let me enter your body and blend with your power. My semi-taboo power can be blended with your semi-taboo power. In this way, my power will be partially restored."

The main way of life soul heaven.

"Let you enter my body..."

Lu Ming's face changed.

Similarly, Xie Nianqing and Qiuyue, the faces of the three gods also changed.

It is very dangerous to let other people into the body.

Especially the existence like the Lord of Life Soul Heaven is even more dangerous.

Moreover, the other party looked too miserable, tortured by the soul of the Third World for endless years, feeling that the lamp was about to dry up, and it was at a dead end.

Let him enter the body, will the other party have any evil intentions and take Lu Ming away?

I have to guard against this.

After all, knowing people knows faces but not knowing things, and besides, they have just met.

"Lu Ming, don't promise him!"

"Master..."

Xie Nianqing, Qiuyue sent Lu Ming one after another, let Lu Ming not easily agree.

"Little fellow, are you afraid of being taken away by me?"

Obviously, the Lord of Life Soul Heaven Court saw through what Lu Ming and others thought.

"Yes, after all, we just met each other. How can my seniors dispel my concerns?"

Lu Ming said.

"No!"

The Lord of Life Soul Heavenly Court shook his head directly and said, "No matter what I say, no matter how good it is, you still have concerns in your heart. After all, we are not familiar with it, and what kind of life oath is also invalid for me, so even if I am Swear, neither of you will believe."

Lu Ming didn't say anything. Indeed, relying solely on the other person's mouth to talk, he really wouldn't believe it, and he still had concerns.

"It's up to you to choose, choose to believe me, but live, don't believe me, and wait for the guardian array to break, we will be buried together."

Everyone was silent.

Dark Night Rose and others, naturally hope Lu Ming agreed, so that no matter whether Lu Ming will be taken away, they have hope for life.

However, they were naturally unable to persuade Lu Ming.

"And, there is not much time for you to think about. I can withstand up to three years, but it is impossible for you to have three years to think about, because even if you promise to let me enter your body, let the forbidden forces merge for a short time. , Based on your current practice, you are not qualified yet..."

"Only when your cultivation base reaches the main state of God, you will be qualified. Otherwise, you will die before the power fusion."

The main way of life soul heaven.

"It takes the cultivation of God's main realm to be impossible for those three years."

Lu Ming sighed and turned his head slightly.

Others shook their heads and sighed.

Three years is too short, and Lu Ming, even Xie Nianqing, Night Rose, which has reached the limit of Divine Emperor Ninefold, can not break through within three years.

Lu Ming, how can he break through to the main realm of God within three years?

Lu Ming is well aware that it is unlikely.

Until now, he has not found a direction to break through the main realm of God, as if there is a mist in front of him, and he does not know how to go.

Obviously, his accumulation is far from enough. Not to mention three years. Under normal circumstances, even three hundred years, three thousand years, or even thirty thousand years are unlikely.

"Under normal circumstances, it is impossible, but with my help, it may not be impossible."

The main way of life soul heaven.

Lu Ming moved.

This is the Lord of Life Soul Heavenly Court, the oldest taboo body in history, and one of the strongest taboo bodies.

Perhaps, it really allows him to break through the main realm of God within three years.

"Originally, even with my help, I can't help you break through the Divine Lord within three years. However, you actually have the original seed. This is a big shortcut that can save you for a long time. I really did not expect that you are young, You can all condense the original seeds in your body, should you all get the chance to go against the sky?"

Lord of Life Soul Heaven Court, glanced at Lu Ming, Xie Nianqing, Qiuyue, Pantheon, Dark Night Rose and others.

"Yes, we are coincidental to condense the original seeds, but the original seeds do not know how to help break through the main realm of God?"

Lu Ming humbly asked for advice.

"Great help!"

"Practitioners of Divine Power, Divine Emperor Realm want to step into the main realm of God, they need to cultivate a cosmic bridge in the black hole in the body, and extend all the way to the depth of the black hole. The ultimate purpose of the cosmic bridge is to connect the cosmic sea so that it can understand the origin of the universe. Power."

"But where is the universe sea? In fact, there is no direction. Most people practice, only know that they continue to practice the universe bridge and extend deep into the black hole, until God Emperor Jiuzhong can finally find the direction!"

"But you are different. You already have a source seed that can be induced with the universe. This is like having two points in space. As long as you connect the two points here, you can find a clear direction, as long as you go to this Just go in the direction!"

"So, once you cultivate to the realm of God, your progress will be many times faster than that of ordinary people, because ordinary people have to practice and feel while looking for directions, and your direction has been set, as long as you continue to accumulate energy, you can continue Ascension, can you explain this way?"

The main way of life soul heaven.

Lu Ming and others have bright eyes and a feeling of sudden enlightenment.

I have heard before that condensing the original seeds will greatly help the cultivation of God's main realm, but Lu Ming has never understood what kind of help it will have, but now after the explanation of the Lord of the Soul Heaven Court, he suddenly Cheerful.

Chapter 4484: God of Creation

"Actually, the black hole in the body of the practitioner is equivalent to a door, a door to the sea of the universe, but anyone who wants to break through the main realm of God needs this door..."

Lord of Life Soul Heaven Court, continue to explain.

This remark changed Lu Ming's face slightly.

"Senior, I have no way, how to break through?"

Lu Ming asked.

The power of cultivation taboo is completely different from that of ordinary practitioners. There is no black hole in his body, that is to say, there is no door. How to connect the universe sea?

"So, without a door, we must create a door!"

The main story of Life Soul Heaven Court: "The forbidden body breaks through the main realm of God. There are two main difficulties. First, it is to create a door. Second, the forbidden body breaks through the big realm. Strength, breaking the shackles, and this extremely powerful force is a must for self-creation."

"Creating a mystery technique? When I broke through the Divine Emperor, I created a mystery technique. I wonder if it can be used?"

Lu Ming asked.

Hearing this remark, Dark Night Rose, Emperor Sword and others all looked at the landing horror with some horror.

Lu Ming, can he create his own secret technique?

This is absolutely amazing, Lu Ming is more terrible than they thought.

"What? Your God Emperor broke through the Divine Emperor's Realm, you have to create a secret technique, and you have successfully created it?"

This time, even the Lord of the Soul Heaven Court was taken aback.

"Cough, yes!"

Lu Ming coughed dryly.

"Little guy, how many secret techniques do you control? It seems that over the years, some amazing characters have appeared in the universe!"

The Lord of Life Soul Heaven sighed.

In the age of the Lord of Life Soul Heaven, there were no ancient secrets in the universe, only some common secrets. Therefore, he really did not expect that Lu Ming actually broke through the Divine Emperor Realm in the Divine Emperor Realm. Creativity.

It is mainly because there are too many ancient secrets controlled by Lu Ming, so there are too many restrictions.

It took a while for the Lord of Life Soul Heavenly Court to react and said, "No, the secret technique created by your God Emperor Realm can only help you break through the Divine Emperor. If you want to break through the God Lord, you must continue to create your own secret. Surgery will do."

"Within three years, do you want to create a secret technique?"

Lu Ming was suspicious.

This is simply impossible, too difficult.

At first, it took hundreds of years to create the "Broken Sky". Finally, it was still on the bodhi stump of Taishang Xiancheng.

Now, he has no clue about the second method of self-creation, and it is almost impossible to create success within three years.

"Under normal circumstances, it is impossible, but with my help, it is possible."

The Lord of Life Soul Heaven Court said.

Although the Lord of Life Soul Heaven Court personally promised, Lu Ming still has some difficulties to believe.

Buzz!

Suddenly, the altar beneath the Lord of Life Soul Heaven lit up, and at the same time, the runes around the altar also filled with glory. The entire underground space changed suddenly, as if the time and space were reversed, Lu Ming and others seemed to be in a universe Among the stars.

There are countless stars in the starry sky. At this time, they all emit dazzling brilliance. A burst of starlight is very soft and falls on them.

Comfortable!

Being shrouded in starlight, their only feeling was comfort, as if all their bodies were relaxed, every pore in the body was opened, and every cell in the whole body was working.

At the same time, their minds are extremely clear, and all negative emotions in their hearts are gone, as if their souls have been sublimated.

"This state..."

Lu Ming was surprised.

This state is very similar to his feeling on the bodhi stump, but the effect is stronger than on the bodhi stump.

In his mind, dozens of secret techniques flashed in an instant, as if he had a new understanding of these secret techniques.

There is also the kind of starlight that constantly penetrates into the pores and activates the cells, constantly improving the body and strengthening the body.

Not only the body, but also the power of taboo. Lu Ming feels that absorbing this energy can strengthen the power of taboo.

But at this time, the surrounding environment suddenly changed again.

The stars disappeared, and the clear feeling disappeared. They returned to the underground space.

Lu Ming glanced over and found that Xie Nianqing, Qiuyue, Pantheon, Night Rose and others all had a look that they never knew.

Obviously, I just entered the starry sky just now.

"How does it feel? In such an environment, can your training speed be greatly improved?"

The main way of life soul heaven.

"In such an environment, it can really improve rapidly, but within three years..."

Lu Ming responded, speaking to the back, pondering.

Even in such an environment, it is still impossible to realize the second type of mystery within three years.

"The formation here is the formation of the Divine Array, as the name suggests, in the formation, there is a supreme creation, and here is my starting hand in the early years."

"I was entangled by the Third World Spirit Fire, the Third World Spirit Fire, which can continuously corrode the body and soul, making people muddled, and finally sinking completely. At that time, I was

extremely injured, and I was pumped out of the power of taboos. If there is no Divine Formation, keep it Lingtai Qingming, I have fallen for a long time, even if not dead, it will become a walking dead."

"Similarly, the normal people are in the spiritual formation, the spirit platform is clear and free of impurities and dirt, and they can also strengthen the power of the soul and greatly enhance the understanding of the souls in it."

"Also, in this array, I had incorporated a lot of treasures. Although I have used it a lot in the past many years, but once urged, I still have rich energy. The most important thing is that I have also integrated into this array. The spine of the primitive god, the primitive god, is the primitive **** who controls time and space. It can be said that he is the ancestor of the stone spirit rat. A hundred times."

"That is to say, if you practice in it, you can reach the outside world for three hundred years in three years!"

Lord of Life Soul Heaven Court, explained it in detail.

"So mysterious..."

Lu Ming moved.

Three years, worth three hundred years of the outside world, and still in such an environment, then it is entirely possible for him to comprehend his second secret.

"There are two main difficulties for you to break through the Divine Lord. One is to create a door that can construct a Divine Bridge and lead to the universe sea. This is actually very simple. It is easy to structure based on your own cells that are integrated into the mystery. The most difficult thing to come out is to enlighten your own secret technique. Once this is resolved, you will not be difficult to break into the realm of God!"

"Also, once I stimulate the formation, all of you can practice in it. With your roots, most of you can break through to God's realm. How, little one, do you think about it?"

The voice of Life Soul Heaven is full of temptation.

Chapter 4485: Chemical gate

Lu Ming was also shocked in his heart. He had to say that the words of the Lord of Life Soul Heavenly Court were really full of temptations.

Not only may he break through the main realm of God, Qiuyue and others, but also the main realm of God.

Once they break through, their strength will surge.

"Okay, I promise!"

Lu Ming pondered a little, and he agreed.

Under such circumstances, he actually had no choice.

If you don't agree with the responding party, when the Celestial Cultivation Formation breaks through, they will all die.

According to the Lord of the Destiny Soul Heaven Court, there are Heavenly King-level figures among those outside the human race.

Before the other party was busy refining the guardian array, they didn't have time to shoot them. Once Tianjun shot, they didn't have the slightest resistance.

Tianjun pinched them, and pinched an ant, no difference.

The difference is too big.

And the condition that promised to be the Lord of Soul Heaven Court has at least a ray of life, even if the other party really has evil intentions and won him, at least Xie Nianqing, Qiuyue and Pantheon, and the ball can live.

It can be said that he had no choice.

Therefore, Lu Ming did not hesitate and agreed.

"Lu Ming!"

"Master!"

Xie Nianqing, Qiuyue and others all showed concern.

However, the night rose and Emperor Sword and others showed their joy.

Regardless of Lu Ming, it is a good thing for Dijian and others.

Lu Ming glanced at Dark Night Rose and others, and really wanted to propose to the Lord of Life Soul Heavenly Court, to exclude Dark Night Rose and others, and to prevent them from entering the Divine Formation.

But when I thought about it, Lu Ming turned it off.

With the talents of the night rose and others, it is absolutely no problem to break through the main realm of God, only the problem sooner or later. Now they are not allowed to enter the battle, they can also break through later.

Another point is that things after three years are still unpredictable.

Who knows that the Lord of Life Soul Heaven Court can integrate into his body and deal with the people in Heaven Court?

After all, the Lord of Life Soul looks very weak.

Dark Night Rose and others, if they break through the Divine Lord, their strength will increase greatly, and they will attract a lot of firepower, and the situation will be filled with some variables. This is beneficial to Xie Nianqing and others.

After all, the night rose and others did not have deep hatred and hatred for them, just different ideas.

Even Emperor Jianyi, who was enemies in Taixu Holy Dynasty and Lu Ming, was his own, and there was no big complaint between the two themselves.

"Okay, it's not too late. Let's get started. I'll start a large formation. You join the practice, Lu Ming. If you don't understand big questions, feel free to ask me."

The main way of life soul heaven.

"Thank you, Senior!"

Lu Ming clenched his fists.

"Then... let's get started!"

The sound of Life Soul Heaven Court sounded, and together, the altar and the runes on the ground filled with glory again. At the next moment, Lu Ming and others returned to the starry sky again.

They bathed under the stars, sat cross-legged, and practiced one after another.

Lu Ming also sat in the starry sky, closed his eyes, and began to practice.

First, he wants to open a door.

Others Tan Tanaka, will evolve a black hole, that is the door to the universe sea.

And he didn't, he had to evolve himself.

However, this is not difficult.

Now he has mastered tens of thousands of secret techniques and integrated them into tens of thousands of cells around him.

As long as he uses these cells integrated into the secret technique as his foundation, he can evolve a door.

His body began to shine one spot at a time, and they were all cells that were integrated into the mystic runes. Each cell was as bright as a star.

"All I have to do is connect these cells together..."

Lu Ming meditated in his heart and began to try.

Soon, there was movement.

A cell in his eyebrow glowed, and then a silk thread extended to connect with another glowing cell nearby.

Then, in the second cell, there is also a silk thread extending out to connect with the third cell...

In this way, the second one is connected to the third one, the third one is connected to the fourth one, and the fourth one is connected to the fifth one...

About half a month later, tens of thousands of cells into the mystical runes were all connected together.

Just like painting, under Lu Ming's elaborate 'drawing', tens of thousands of dots are connected into a pattern.

This pattern looks like a door.

"Give me!"

Lu Ming took a light drink, and the whole body trembles. Every cell has a forbidden force pouring out into these tens of thousands of cells. Suddenly, these tens of thousands of cells have a great light, and then a powerful force , Converging towards the middle of the door.

The void in the middle of the door trembles and collapses, and finally, a dark vortex appears.

This vortex, constantly spinning, is unfathomable, and I don't know where it leads.

"Successful!"

Lu Ming was happy.

He finally evolved a door. This door is the door to the sea of the universe. Its function is similar to other people's black holes.

It's just that other people evolved step by step through the star core and stars.

And he evolved from the surrounding cells as the foundation and the forbidden power as the carrier.

"Senior, is the cultivation of my God's main realm also in this door, opened up a cosmic bridge?"

Lu Mingling shook his soul, and sent out a message. He knew that the Lord of Soul Heaven could hear it.

Sure enough, in the next moment, the voice of the Lord of Life Soul Heaven Court sounded.

"Not necessarily..."

The main story of Life Soul Heaven Court: "Specifically, I'm not sure, after all, there are too few taboo bodies in history. Before me, as far as I know, there was only one taboo body that cultivated into the realm of God. It's just a pity that the taboo body fell when it was in God's realm!"

"As far as I know, when he broke through the main realm of God, what he opened up was not a cosmic bridge, but a platform. As he continued to cultivate, the platform would carry his consciousness and deepen, but the man did not break through the source. Environment, I don't know what will happen after the cultivation, what will happen?"

"And I, who came out of the slope, was a road, a road paved with white jade, and along this road, it could always be connected to the universe sea."

"So, I speculate that what was forbidden by the forbidden body and leading to the universe sea may be different."

The main way of life soul heaven.

"That would be the case?"

Lu Ming whispered.

"You have opened the door now, but you can start to enlighten your secret technique. Once the enlightenment is successful, it should not be difficult to break through the Divine Lord."

The main way of life soul heaven.

"it is good!"

Lu Ming nodded, his thoughts moved, the cells in his body dimmed, and the door disappeared.

Of course, it didn't really disappear.

As long as he thought about it, the door would reappear.

This is different from ordinary practitioners.

Ordinary practitioners, black holes in Dantian, exist all the time.

But the door he evolved could be opened and closed at will.

Chapter 4486: One after another

After the first step was completed, Lu Ming began the second step, to understand his secret technique.

This step is also the most difficult.

Because Lu Ming has no clue.

Lu Ming closed his eyes. Under the Spiritual Formation, the Lingtai was empty, and his understanding was greatly improved.

In my mind, all kinds of common secret techniques, ancient secret techniques, continue to flash.

Originally, Lu Ming had almost completed these secret techniques, but now, he suddenly has a new understanding of these secret techniques.

"Everything is inseparable from its sect. Any secret technique has a common place. As long as you can understand the core, as a reference, it is not difficult to understand your own secret technique..."

Lu Mingsi, when he reviewed all the secret techniques, only one secret technique remained in his mind.

Before, it was just a rough review. Now, he wants to understand every secret technique carefully.

Buzz!

At this moment, in the sea, the ancient ancient stone trembles, a mysterious breath diffuses.

On top of the ancient ancient stone, there are lines of fine patterns. These patterns, as if they were living, continue to wander, and then interweave together, interweave patterns of different shapes, and then spread out and interweave new ones. picture of.

The changes are endless and mysterious.

Watching this pattern is also beneficial to Lu Ming's enlightenment.

With the blessing of the ancient ancient stone, Lu Ming's speed of enlightenment to the secret technique is faster.

Enlightenment of a single mystery technique has new insights almost every moment.

Lu Ming realized this secret technique, spent a day, and then replaced a secret technique.

One day, Lu Ming's understanding of this mystery has improved a lot, and it is a lot stronger than before, and its use is more powerful than before.

Go further.

With the blessing of the God of Creation, the outside world for three years is equivalent to three hundred years here.

Therefore, Lu Ming only has this time to go to various realizations.

Feihuang said that to the end of cultivation, it is to forget the secret techniques previously enlightened, leaving only the secret techniques he has realized.

However, Lu Ming is still far from that level.

At least to reach the original state, in order to touch that state.

Lu Ming at this stage doesn't need to do that at all.

At this stage, Lu Ming is not to forget, but to deepen his understanding.

After realizing the ultimate, forget again.

For every secret technique, Lu Ming spent only one day.

Of course, Lu Ming will spend a little more time on the ancient secrets, but there are only more than 1,800 kinds of ancient secrets. Even if you spend more time, the time required will not be too long.

In this way, the time passed.

In a flash, it was ten years.

Of course, this decade refers to the ten years in the God of Formation, not the ten years outside.

"That is..."

Suddenly, Lu Ming felt not far away, there was a powerful force spreading out, this force, too familiar, is Xie Nianqing.

Lu Ming finished his cultivation and looked over there.

"Xiaoqing is about to break through!"

Lu Ming was very happy.

Obviously, Xie Nianqing, this is to break through the main realm of God.

"Huh, the night rose, also began to break through!"

Lu Ming's eyes moved and he looked to the other side.

The night rose, a strong breath also broke out on his body, apparently, also began to break through the main realm of God.

Xie Nianqing and Dark Night Rose were originally very close to the Divine Lord. In the Taishang Fairy City, they could almost break through.

There has been no breakthrough through continuous suppression of cultivation behavior.

After this period of cultivation, their breakthrough was completely natural.

The breath of the two, getting stronger and stronger, alarmed the others.

Qiuyue, Pantheon, Emperor Sword One, Yin Jiuling, Lingheng and others woke up and looked at them.

After a while, the breath of the two climbed to the top, and then with a roar, the two completely entered the realm of God.

Huh...

In the starry sky, those stars bloomed brightly, and a stream of soft starlight converged towards the two, and were constantly swallowed into the body by the two.

This kind of starlight is actually the treasures that are integrated into the Divine Array. It contains a lot of energy. It is extremely pure and constantly transformed into the strength of the two.

"These two...this..."

At this time, the Lord of Life Soul Heaven Court also carefully looked at Xie Nianqing and Dark Night Rose, and the more they looked, the more they were shocked.

"This seems to be the power of reincarnation. Are they the two reincarnated people? Who are they? The people of the last era? No. Looking at their expressions, they should appear later than me. Has someone mastered reincarnation?"

It is difficult for the Lord of Life Soul Heavenly Court to calm down, and the imagination is connected.

Slowly, Xie Nianqing and Dark Night Rose both calmed down and hid.

Of course, they have just broken the Divine Lord and need a period of consolidation.

Others have also entered into cultivation, striving to break through as quickly as possible to reach the divine realm.

Lu Ming also began to practice again, one after another, and began to understand the past.

When the time flies, it is two hundred years.

In two hundred years, Lu Ming has learned about tens of thousands of secret techniques.

I have a new understanding of every secret technique.

"My secret technique..."

Lu Ming whispered, in his mind, a variety of secret techniques kept flashing. The advantages of each secret technique and the shortcomings of each secret technique appeared in his mind.

"Interweave, meet, evolve..."

Lu Ming muttered in his mouth, his hands danced involuntarily, ten fingers, like lightning flashed across the void, drawing a line of patterns.

These patterns are intertwined with each other to form a mysterious technique, but soon, the mysterious technique spreads and disappears.

"No, no, it's the ancient secret..."

Lu Ming whispered and continued to evolve.

What he condensed with his hands just now is still an ancient secret technique, not a secret technique he realized.

At most, it just changed a little bit, and it was mixed with some other secrets.

But it's far from being my own secret technique.

"Keep going..."

Lu Ming seemed to be insane, devoting himself to comprehension.

As the time passed, the pantheon broke through and entered the main realm of God.

Qiuyue also broke through, and reached the main state of God, even the ball. Due to the refining of the incomplete original soldier, the strength surged, reaching the Divine Emperor Jiuzhong in one fell swoop.

In addition, Emperor Sword One, Yin Nine Spirits, and Ling Heng successively broke through and entered Divine Lord.

However, Lu Ming is still devoted to practice.

Lu Ming's hands did not stop at all, and he was practicing the secret technique all the time.

A mysterious technique formed, and then broke apart.

Soon, it was decades.

The secret technique evolved in Lu Ming's hands has changed a lot.

At the beginning, the evolved occult technique had the shadow of other ancient occult techniques, and it was very heavy.

But slowly, this shadow faded.

It seems that a new secret technique is interwoven.

Chapter 4487: Autonomous mystery second type, wild

However, Lu Ming has been dissatisfied, and the secret techniques interwoven later still have the shadow of other secret techniques.

It seems that it is plausible, and its power is not particularly strong, and there is a big gap with the sky-breaking style.

"Mystery, my own secret, three thousand ancient secrets..."

"Why are there three thousand kinds of mysteries? There are too many. How can they be powerful if they can be integrated into one mystery?"

In Lu Ming's mind, not only did his thoughts emerge, but his hands were also dancing like lightning, reflecting the ideas in his mind.

Suddenly, Lu Ming's body trembled, hundreds of cells glowed, and tens of thousands of secret techniques emerged together, appearing around Lu Ming's body.

With Lu Ming's thoughts and constant changes, he finally slowly intertwined and merged together.

But shortly afterwards, with a bang, these mysteries collapsed and disappeared.

Failed!

However, Lu Ming's eyes lit up.

He felt that this was very feasible.

carry on!

Lu Ming continued to urge all mysteries and emerged. Under the control of Lu Ming, he continued to interweave, but soon after, he failed.

However, Lu Ming did not give up and proceeded.

Failure, failure, continuous failure...

Lu Ming doesn't know how many failures in total, but each failure brings a little experience to Lu Ming. By the next time, the intertwined fusion of mysterious techniques will persist for more time.

Repeated failures, summing up experience time and time again.

Another twenty years later.

At this time, Lu Ming has been practicing for two hundred and sixty years, which is almost three hundred years from what the Lord of Life Soul Heaven Court said.

At this time, the Lord of Life Soul Heaven Court became weaker and weaker, his eyes dim and his breath weak.

"Little guy, hurry up, I can't bear it anymore!"

The Lord of Life Soul Heaven Court sighed.

At this time, hundreds of days outside the ground, human races stood in the sky.

Ye Wuli stood in the crowd, his eyes full of expectation and fierce color.

"Hurry, hurry, it won't take long for this large formation to be completely refined, soul life, the half-taboo power in your body is mine, and that taboo body, I will Suppress all..."

Yawu roared inwardly, full of excitement and anticipation.

Lu Ming is still comprehending in the God Formation.

After several consecutive failures.

"Ning!"

Suddenly, Lu Ming shouted, his hands danced at an alarming speed, tens of thousands of secret techniques were rapidly interweaving and merging, and finally, turned into a world.

This seems to be a continent, with mountains, rivers, flowers and trees vaguely visible.

Lu Ming stands on the mainland, as if it were the master of the world.

"This continent, this continent, is it modeled on the legendary wild continent?"

The lord of Life Soul Heavenly Court muttered to himself, first shocked, then, revealing the color of surprise.

Succeeded!

He knew that Lu Ming's enlightenment was successful, and he successfully realized his own secret technique.

That's right, Lu Ming's condensed continent is the secret technique Lu Mingxin has realized.

"Wizards, really wizards, the mystery that comes out is more amazing than I thought..."

The Lord of Life Soul Heaven Court was amazed.

The Lord of Life Soul Heaven Court made no mistake, Lu Ming did indeed follow the mysteries of the Honghuang Continent.

In the last era, the entire universe, including the ruins of the universe and the present vast universe, was actually a continent.

An endless and huge continent.

Countless creatures thrive on it, giving birth to endless strong men.

This made Lu Ming fascinated. In his mind, there was more than one fantasy in the wild continent, so when he realized his secrets before, he unknowingly deviated from this aspect, and finally learned the secrets, which were also condensed after they were cast. A wild continent is imagined.

"Loose!"

With a move in Lu Ming's heart, the continent under his feet broke apart.

"Ning!"

At the next moment, Lu Ming's hands quickly pinched the Yin Jue. In his body, tens of thousands of cells glow like stars, and tens of thousands of mysterious techniques emerged. Under the guidance of Lu Ming's Yin Jue, they intertwined and fused together. mainland.

Not a fluke, Lu Ming really mastered this trick.

"This trial secret technique is called Honghuang Style!"

Lu Ming smiled.

The first type of mystery, called the breaking of the sky, means breaking the heavenly palace.

This test is modeled after the Honghuang Continent and is called Honghuang Style.

So far, Lu Ming has created a total of two types of his own secret techniques, breaking the sky, and the wild.

"Okay, Lu Ming, let's break through now, break the bottleneck, connect the cosmic sea, and step into the realm of God!"

The voice of the Lord of Life Soul Heaven Court hit Lu Ming's ears.

Lu Ming nodded silently, then closed his eyes and let Xingguang bathe the whole body.

After a period of time, Lu Ming's state reached its peak, his body suddenly moved, and a brilliant brilliance broke out.

"Honghuang style!"

Lu Ming took a sip, his breath soared, and continued to rise, rushing towards the peak of Divine Emperor.

Soon, Lu Ming's breath reached its peak and reached a limit. It was blocked by something, and it was difficult to go up.

This is the bottleneck.

The bottleneck of the taboo body is stronger than others.

The secret technique that is not understood by oneself is unbreakable.

There must be a loss.

The strength of the taboo is a bottleneck that is more difficult to break through.

Lu Ming's second type of secret technique, Honghuang style, is displayed again.

The vast continent surfaced, and suddenly shouted at the landing.

Lu Ming was shocked, and there was a rumbling explosion, as if something was shaking.

boom!

Finally, a loud noise came out of Lu Ming's body, and immediately after that, his breath suddenly rose, as the flood broke through the dam, unstoppable.

Broke through!

Lu Ming finally broke the bottleneck and let his breath enter a new realm.

However, this is not a real breakthrough, it can only be regarded as a half-legged step into the realm of God.

There is an important step that has not been completed.

For other practitioners, the next thing to do is to develop the universe bridge, and Lu Ming also needs to develop something similar.

With a move in Lu Ming's heart, tens of thousands of cells integrated into the mystical runes were connected together to form a door.

Rumble!

The sky in the center of the door was constantly exploding, and a dark vortex appeared. At this moment, the vortex continued to roar, tremor constantly, and the door frame on the side was getting stronger and stronger.

Slowly, something emerged.

It's a cosmic bridge, it's not right, it's not a cosmic bridge, but something similar to the cosmic bridge.

road!

It was actually a road. At first, it was very vague, but slowly it became clear.

This is a yellow mud road.

Quiet, ancient, and not large, only two meters wide.

"There is blood!"

At the next moment, Lu Ming was shocked.

He saw blood on this yellow mud road.

After a lot of hard work, a red mud road was stained.

He would not see that this is definitely not an illusion. There was really a pool of blood on Huangni Road.

Chapter 4488: Lord Lu Ming

He opened a road to the sea of cosmos on the 'door', which was a yellow mud road, and there was blood on the yellow mud road, which really surprised Lu Ming.

He had never heard anything like this.

The nature of this yellow mud road should be the same as that of other people's cosmic bridges. They are all roads leading to the cosmic sea, and should be formed by condensing energy.

But how can there be blood on the yellow mud road formed by energy?

Lu Ming suppressed the shock and doubt in his heart and made a breakthrough.

Hurry!

In the starry sky, those starlights are constantly rushing towards the landing, as if they were substance.

"Lu Ming also broke through!"

Around, Xie Nianqing, Qiuyue, Pantheon, Dark Night Rose and others stopped their cultivation and watched Lu Ming break through.

Lu Ming is bathed in rich starlight. Those starlights are massive amounts of energy, pure and incomparable, constantly poured into Lu Ming's body, and constantly transformed into taboo power. Lu Ming's strength is constantly increasing, The power of taboos is also increasing.

A few days later, Lu Ming's breath stabilized, and his cultivation base was completely stabilized in the realm of God Lord.

Lu Ming felt the power of taboo in his body was surging. He did not know how much stronger he was when he was nine times heavier than Divine Emperor.

"That yellow mud road..."

With a move in Lu Ming's heart, he found that the yellow mud road, a lot clearer, had been heading towards the depth of the 'door', extending one end into the darkness without knowing the end.

Suddenly, Lu Ming's figure emerged on Huangni Road.

This is certainly not Lu Ming's real body, but the appearance of Lu Ming's consciousness.

This is the result of Lu Ming's consciousness.

"This yellow mud road feels the same as the real..."

Lu Ming's consciousness fell on Huangni Road and looked carefully.

Too real, Huang Ni Road is almost exactly the same as the real one, but it has a special breath, giving people a sense of ancient silence.

It seems to have stepped into time and space from an infinite time.

Or give people an illusion of returning to the ancient wild.

Lu Ming stepped forward and came to the pool of blood stains. Suddenly, Lu Ming felt his skin tingle, like being cut by a knife. His figure could not help but retreat.

"This blood... is real!"

Lu Ming's pupils contracted sharply.

He found that this blood was real blood, as if it had just been left from a terrible creature, and it contained a terrible murderous opportunity.

Just now, he was forced to retreat by the terrible murder in blood.

This is the yellow mud road that he condensed, the road leading to the universe sea, he can completely control himself, but such a thing occurs, which makes Lu Ming hairy.

It felt like things were out of his control.

What he condensed, what is it?

Whose blood is this and why does it appear on the condensed 'road'.

Lu Ming was a little ignorant.

"Still ask soul life, maybe he knows."

With a move in Lu Ming's heart, he dissipated his consciousness and converged.

As he condensed his breath, the 'door' disappeared, and the yellow mud road in the door also disappeared.

Lu Ming opened his eyes.

Xie Nianqing, Qiuyue, the gods came one after another, happy for Lu Ming.

"Haha, little fellow, you finally broke through. Yes, yes. The talent is really amazing, but if you don't break through again, my old bone will soon be unable to bear it."

The Lord of Life Soul Heaven Court laughed, his voice was louder, and obviously he was very happy to see Lu Ming breaking through.

"Thanks to the guidance of the seniors."

Lu Ming clenched his fists.

"I'm just icing on the cake. The main thing is to rely on yourself. By the way, what do you condense in your "door"?"

The Lord of Life Soul asked.

He is also very curious about this, because he speculates that every taboo body, after breaking through the main realm of God, condenses the 'road' that is different.

"Senior, like this..."

Lu Ming was going to ask the Master of the Soul Heaven Court, and he will explain it in detail.

"What? There is blood stains, what's going on?"

After hearing it, the Lord of Life Soul Heaven Court fell into deep contemplation.

This situation exceeded his expectations.

If it was just the Huangni Road alone, he wouldn't be too surprised, but there were blood stains on the Huangni Road, and there was also a terrible killing, which shocked him.

"There is such a thing, I have never heard of it, and I have never read the record in the classics!"

The master of Life Soul Heaven Court frowned, looking at Lu Ming, both surprised and curious.

"Seniors don't know."

Lu Ming also sank in his heart, not knowing whether it was good or bad.

"After me, are there any taboo bodies? Maybe you can ask them."

The main way of life soul heaven.

The Dacheng taboo body he refers to refers to the taboo body reaching its original state.

In history, only four people reached it.

"After waiting out, it seems that I'm going to ask Senior Feihuang."

Lu Ming thought.

bump! bump! bump! ...

At this moment, suddenly there was a violent roar, the starry sky shook, and then collapsed, Lu Ming them, reappeared in the underground space.

This is a manifestation of the cessation of the creation of the Divine Array.

"The bronze statue outside has collapsed a little bit. I can withstand up to two months, and I will run out of the lamp, but luckily you broke through, Lu Ming, let's get started."

The main word of Life Soul Heaven Court, his breath is weaker than before.

Obviously, he really wanted to run out of the lamp.

"Okay, seniors can start at any time, juniors will not resist."

Lu Ming said.

"Lu Ming!"

"Master!"

Xie Nianqing, Qiuyue couldn't help but cried, they were still worried.

"Lu Ming, simply don't agree, we will kill and fight to the death."

Pantheon shouted.

"You don't need to worry. Senior Soul Life is a senior in the endless years of Megatron. Will you care about my skin..."

Lu Ming shook his head and smiled.

"Little guy, don't use such a low-level aggressive method, but you are right, you really don't want this skin, let's start!"

The voice of the Lord of Life Soul Heaven Court fell, his body glowed, and his eyes became extremely bright.

However, his eyes quickly dimmed, because a mass of energy had rushed out of the body of the Lord of Life Soul.

This is the cohesion and embodiment of the spirit and spirit of the Lord of Life Soul Heavenly Court, and it also carries the power of half-taboo.

The Lord of Life Soul Heavenly Court will naturally not enter the entire flesh into Lu Ming's body. He is covered by the Third World Soul Fire, and the Third World Soul Fire is extremely horrible. Burned alive.

The mass of energy was extremely fast, and as soon as it flashed, it rushed into Lu Ming's body.

Lu Ming did not resist, and appointed the Lord of Soul Heavenly Court as the commander. As soon as the Lord of Soul Heavenly Court entered Lu Ming's body, he controlled Lu Ming's body. Permeate away.

Chapter 4489: Automatic kill

However, as soon as the half-dozen taboo force penetrated into Lu Ming's cells, the taboo force in the cell immediately began to resist.

Want to repel this half-taboo force.

However, the Lord of Life Soul Heaven Court, after all, is extremely powerful. The previous state is too high, and the control of the taboo force is by no means comparable to Lu Ming.

He quickly found a balance and let the two taboo forces 'peace coexist' and resonated.

This is not as simple as one plus one equals two. The two taboo forces resonate and completely excite the hidden power of the Lord of Life Soul.

In addition, he does not have the interference of the Third World Soul Fire, and the power he can exert is naturally stronger.

"Good, now we can go out!"

Lu Ming's eyes flashed with amazing luster.

With a wave of hands, the ground above, a rumbling noise, cracked a gap.

Above, the strong of the Celestial Clan has been constantly refining the guardian array.

After this period of refining, more than half of those bronze statues have burst and collapsed, and the remaining bronze statues are also dull and dull, like an ordinary piece of metal.

Even the twelve soldiers in the town hall are dimly lustrous and sullen.

It won't take long for them to completely refine the guardian formation of the Lord of Life Soul Heavenly Court, and pull out the Lord of Life Soul Heavenly Court and Lu Ming.

Ye Wu's killing eyes flashed constantly.

At this moment, the ground roared, and there was a crack in the altar, and the altar split towards both sides.

Ye Wu et al. were shocked.

The guardian array has not yet been completely refined, how can the altar open automatically?

Is it the Lord of Life Soul Heaven Court, knowing that it can't resist for a long time, coming out desperately?

"get ready!"

Ye Wu said quietly and retreated back.

What he is about to face is a generation of overlords of the endless years of the famous universe, the Lord of the Soul Heaven Court, saying that it is impossible to avoid fear, let others deal with it.

"He has run out of lights and no need to fear, I can kill him with one palm!"

Among the twelve masters of the formation, an old heaven and human race said that they were domineering and their breath was like a tiger, which caused the constant vibration of the void.

This person, but a genuine Tianjun-level character, is extremely powerful.

The eyes of hundreds of human races are staring at the altar.

Soon, the altar separated a crack a few meters wide, and a figure came out of it.

"It's him, this kid, the taboo body."

Ye Wu flashed his eyes, flashing an amazing killer.

This person who walked out is naturally Lu Ming.

Immediately after Lu Ming, Xie Nianqing, Qiuyue, Pantheon.

Behind Xie Nianqing and others, Night Rose and Emperor Jianyi also followed, standing in a row behind Lu Ming.

"It turns out that you little ones, the old guy who was destined for life, did not come out. Has it run out of light and withered, waiting to die inside?"

Ye Wu sneered, seeing that it was only Lu Ming and others. He was a lot more courageous and took a few steps forward. The cold killing force forced Lu Ming and others to persuade.

However, he was stunned for a moment, his face showing a stunned expression, because he had discovered that the practice of Lu Ming and others had actually broken through.

This shocked him.

Less than three years ago, Lu Ming et al.'s cultivation practice was only Divine Emperor Ninefold, but now, they have reached the Divine Main Realm.

If only one or two people reached the realm of God, he was not surprised.

After all, Lu Ming's previous cultivation practices were all divine emperors, and they were not far from the main realm of God.

In three years, it was normal for one or two people to break through by accident.

However, Lu Ming broke through too many of them.

Lu Ming, Xie Nianqing, Qiuyue, Pantheon, Dark Night Rose, Emperor Sword One, Yin Jiuling, Lingheng, Xiu Wuji.

Nine people broke through.

The other three are weak and have not yet broken through, but they are not much worse.

Nine people broke through at once, which was very abnormal.

"It seems to be the hands and feet of Soul Life. It is estimated that Soul Life paid a price for these people to break through, but Soul Destruction thought it would be useful for these people to break through God's main realm? It is too naive!"

The Tianjun-level existence sneered.

The existence of the Nine Divine Lords in his eyes is no different from that of the Nine Divine Emperors, and it is the rhythm of slapping.

boom!

This Tianjun stepped out in one step, and the violent breath rushed out, and he would shoot Lu Ming and others.

"You don't want to shoot first, be prepared for the soul to fight back, these little cubs, leave it to me!"

Ye Wudao stopped the Tianjun-level existence.

At the same time, he stepped out on his own, headed for Landing Ming and others.

"well!"

Lu Ming's gaze, to be precise, is the soul's gaze, looking at Ye Wu, and the corners of his mouth are murderous.

"Kneel down for me!"

Ye Wudi, his body is like a big bird, the power of semi-repetitive taboos, combined with the power of the Xeontian sky, a punch hit the landing.

In this punch, he has used 90% of his strength. With his strength, he has full confidence. Even if Lu Ming reaches the Divine Realm, he will be hit hard by a punch.

At this time, Lu Ming moved.

Uh!

His body shook slightly, and he disappeared from the place. The next moment, he was approaching Ye Wu, reaching out his palm and grabbing towards Ye Wu.

Lu Ming's palm quickly grew and collided with Ye Wu's punching power. With a puff, Ye Wu's punching power, like a faint candlelight, suddenly extinguished.

Lu Ming's big hand kept on, and he grabbed down at Ye without a catch.

"Ah, it's impossible..."

Yeah no horrified shouts, my heart is incredible.

His punch with nine layers of strength was easily broken by Lu Ming. How could this be possible.

He was shocked, and then broke out to try to retreat, but he found that he could not move, completely locked by the strength of Lu Ming's big hand.

"No, who are you? You can't have such a strong power, save me, save me..."

Ye Wu shouted in shock.

He did not believe that Lu Ming was so strong.

He is a peerless genius himself, and his combat power is very strong. Even Lu Ming is a taboo body, and he cannot be so strong. He is two times taller than Lu Ming, and when facing Lu Ming, he has no resistance at all. .

This is unrealistic.

The Divine Main Realm is not the Divine Emperor Realm or the Divine Emperor Realm, which is twofold different and can be easily surpassed.

Before the Divine Lord Realm, even if it was a one-time cultivation, it would be insurmountable, not to mention two-fold.

Moreover, he is as vulnerable as a chicken, which is completely impossible.

"Release Yewu!"

The strong man of the Tianjun class encouraged to drink and slammed towards the landing.

Tianjun's shot was really terrifying. For a time, the situation changed and the terrible palm power made Xie Nianqing, Night Rose and others terrible.

They feel that in the face of this blow, they will be easily wiped out.

Chapter 4490: Get out of trouble

Tianjun, only among the Celestial Clan, standing at the pinnacle of the God Lord, can he be called a Tianjun. Each one is extremely powerful. Under the origin, it is almost invincible, and its strength is too strong, far from Lu Ming. They can now contend.

Xie Nianqing, Qiuyue, the three gods of the gods changed their faces wildly.

They couldn't help worrying. The Lord of Life Soul Heaven Court now controls Lu Ming's body, can he really contend with a Heavenly King?

If the Lord of Life Soul Heaven Court is in its heyday, they will not have any doubt, I am afraid that the other party can kill a Tianjun with one finger.

However, the Lord of Life Soul Heavenly Court had already run out of lights, and now even if he controlled Lu Ming's body, with the help of Lu Ming's forbidden power, the two's forbidden bodies would be merged for a short period of time, and a powerful potential erupted. But can you really contend with a Tianjun?

They really have no idea.

call!

At this time, Lu Ming also shot, and a palm blasted, and Tian Jun's palm, banged together.

boom!

A trembling roar sounded, and then the two figures drifted backwards.

Tianjun backed away, and Lu Ming also drifted back, but Lu Ming always held Ye Wu.

"blocked!"

Xie Nianqing and others were delighted.

But Ye Wu, as well as other people from the Celestial Clan, all had a dreadful expression, and their faces were incredible.

Lu Ming, can actually block a Tianjun's attack, which is almost like a fantasy.

"You are not that kid, who are you?"

The horror in the eyes of the Tianjun strongman flashed by, and the eyes stared at him screaming and shouted.

However, Lu Ming was too lazy to ignore the other party, and focused on Ye Wu. In his palm, a strong attraction burst out, covering Ye Wu.

what!

Ye Wu suddenly screamed sternly, because he felt that the power of the taboo in his body was about to be extracted.

Yes!

The forbidden power that was originally integrated into the cells of the whole body, constantly gushed out of his cells, gathered together, rushed out of his body, and rushed towards the landing.

"Soul life, you are soul life..."

Ye Wu shouted in horror.

He finally knew who this man was, and it must have been a fate.

Only soul and soul can so easily strip the power of taboo from his body.

Because the two of them, each controlling half of the taboos, are homologous, and it is easier to strip off. If you change to other people, it is difficult to achieve even if the cultivation is high.

what? Soul life!

The other Celestial People heard Ye Wu's cry, their hearts shook, and they watched the landing sound in horror.

Is it possible that Lu Ming has been killed?

Certainly so, otherwise Lu Ming can become so terrible.

"Soul, stop me!"

The Tianjun-level strong man shouted and slammed towards the landing again. This time, he broke out with all his strength. A battle halberd appeared and slammed towards the landing.

The halberd contains a powerful power of extinction, terrible power, and destruction of the earth.

Lu Ming narrowed his eyes slightly, waved with one hand, his fingers changed quickly, and a low drink came out of his mouth: "Troubled times!"

At the next moment, a gleam of light burst from Lu Ming's fingers, blasting towards the Tianjun-level strong man.

boom!

The two collided for the second time. This time, they were still the same as before.

But this time, that Tianjun had to retreat less, Lu Ming retreated more.

Obviously, "Lu Ming" fell in the wind.

Of course, this has something to do with his taboo power of extracting Ye Wu.

At this moment, the power of Ye Wu's semi-repetitive taboos is almost to be extracted.

"Come out for me!"

Lu Ming snorted, and his palm slammed hard.

With a clatter, Ye Wu's semi-repetitive taboo power was completely drawn out, rushed into Lu Ming's body, and merged with Soul's semi-repetitive taboo power.

Ye Wu's forbidden power originally belonged to the soul, and the two belonged to the same body. At this time, he returned and immediately merged perfectly.

Ye Wu's eyes showed terror and despair.

Soul life took away his taboo power, the next step is to kill him.

However, Soul Life did not kill Ye Wu, but his eyes flickered, and the palm was pressed slightly. Ye Wu's body, like a broken kite, hit the ground and smashed the ground out of a big pit.

"kill!"

The Tianjun-level strongman was killed again. At the same time, other Celestials also launched an attack, one attack after another, and drowned toward the landing.

"court death!"

In Lu Ming's mouth, I spit out a word coldly, and the killer flashed in his eyes.

boom!

A terrible breath rushed out of his body. This breath was many times stronger than the breath of the Tianjun.

The attacks of the Celestial Clan were rushed by this breath and suddenly collapsed.

"Homeland..."

The Tianjun's pupils contracted sharply, and without any hesitation, he turned and ran.

"Now I want to go, late!"

Soul life drank coldly, palms blasted out towards the void, and at the next moment, a giant palm appeared above the head of the Tianjun-level existence, pressing down on him.

No matter how the Tianjun resisted, it didn't help. When the palm was pressed, the Tianjun screamed, his body burst, and he fell on the spot.

A Tianjun-level strongman was killed in this way. The other Tianren races were almost frightened, as if there was a chill, rushing towards the Tianling cover.

"go!"

At the next moment, some people who responded quickly turned away and wanted to escape.

"kill!"

Lu Ming's eyes were cold and cold, and with a wave of his hand, a beam of divine light flew out.

puff! puff!

There were seven or eight celestial human masters in a row, hit by Shengguang, turned into fly ash, and dissipated in the air.

The dust disappeared.

These seven or eight celestial human masters are all characters with four or more gods, and they were also masters of the previous formation of the soul-defense guardian formation. Now, they are all killed by the soul.

However, after the soul killed these people, they did not continue to shoot.

I saw Lu Ming's body glow, and a burst of light burst out.

It was Soul Life, and he rushed through the cracks of the altar with that complete forbidden power.

At the next moment, a strong breath erupted beneath the altar, and a figure rushed out.

It is soul life itself.

Obtained a complete taboo power, so that the strength of Soul Life increased. The light of the Third World Fire Soul on his body seemed to be dimmed a lot, and was suppressed by the forbidden power of Soul Life.

"Life Soul Yuan Shi, gather!"

Soul life snorted, palms volleyed.

Lu Ming suddenly felt that the life soul stone fragments in the sea were not under his control and flew out directly.

"Ah, Lu Ming, save me!"

The stone spirit in the life soul stone fragment shouted.

However, Lu Ming couldn't help him at all, because the Life Soul Yuan Stone Fragment had been completely out of his control.

Not only him, Dark Night Rose, Emperor Sword One, Xiu Wuji's Life Soul Yuan Stone fragments on them also flew out and flew to Soul Life's palm.

At the same time, a piece of life soul stone fragments flew out of Ye Wu.
