

D Emperor 4491

Chapter 4491: Fighting for the famine

A total of more than 20 pieces of Life Soul Yuan Stone flew into Soul Life's palm, and finally, gathered into a complete spar.

This is a complete life soul stone, which exudes dazzling brilliance and intrigues.

"Complete life soul stone, wait, no, Ling Yuwei..."

Suddenly, Lu Ming's face changed wildly.

He thought of Ling Yuwei.

In Ling Yuwei's hand, there is also a piece of life soul stone.

Now, the complete Life Soul Primal Stone appears, indicating that all Life Soul Primal Stone fragments have arrived.

But in Ming Soul Heaven Court, Lu Ming did not encounter Ling Yuwei.

And just now, the fragments of Life Soul Yuanshi, except for Lu Ming, Night Rose and others, all the remaining Life Soul Yuan Shi fragments flew out of Ye Wu.

Does this mean that the fragments of Ling Yuwei's Life Soul Yuan Stone are also on Ye Wu.

Could it be that Ling Yuwei also came to the Life Soul Heaven Court, but only met the strong man of the Celestial Clan, was killed by the strong man of the Celestial Clan, and the fragments of the Life Soul Primal Stone were taken...

Thinking of this, Lu Ming not only shivered.

Panic, he really panicked.

At this moment, the complete life soul stone flew into the soul's eyebrows. Suddenly, there was a ray of divine light in the soul's body, and these divine lights pressed the third-generation fire soul on the surface of his body even darker. .

At the same time, his shrivelled body became fuller, and his original face could be seen vaguely.

This is a middle-aged man with a burly physique, full of madness between his eyes opening and closing.

"My treasure, with me buried in this endless years, now, it should be born..."

The lord of Life Soul Heaven Court whispered, and the palm of his hand was a volley.

This time, the direction of the palm is the cracked altar.

At this moment, in the underground space, the altar that had been sitting before the soul was exploded, and three rays of light flew out of it, and it flew around the soul extermination, and it kept rotating around the soul.

Everyone saw that it was three treasures.

The first one is a ring.

The second one is a war sword.

The third piece is an armor.

Each treasure exudes an amazing breath.

The crowd couldn't help but widen their eyes and breathed a little.

These three treasures are the three treasures of Life Soul Heavenly Court.

According to legend, there are four great treasures in Life Soul Heavenly Court, all of which are the top treasures in the vast universe.

With the addition of Life Soul Yuanshi, isn't this exactly four pieces?

The Lord of Life Soul Heaven Court waved his hand, and the war sword and armor flew into his body, disappeared, and only the ring remained outside.

"Nine Tribulation Sword and Nine Tribulation Armor will be taken away. It will be of great use to me. Lu Ming, Hong Huangjie will be left to you, useful to you, and these town hall magical soldiers will be left to you. "

The voice of the Lord of Life Soul Heaven Court sounded, and the voice had not fallen. He had risen into the sky, and he had to leave here directly.

"Senior, wait!"

Lu Ming shouted.

He had a question that he hadn't asked yet, that was about Ling Yuwei. He wanted to ask the master of Life Soul Heavenly Court, whether Ling Yuwei had anything to do with the fragments of Life Soul Yuanshi.

"Lu Ming, hurry up and practice, we will have a date!"

In the sky, the voice of Soul Life came, and then his figure completely disappeared.

"Senior, senior..."

No matter how Ren Luming called, Soul Life did not respond.

Only Hong Huangjie, floating alone in the air, exudes endless temptations.

Many people's eyes are on the famine.

Dark Night Rose, Emperor Sword One, Yin Jiuling, etc., and hundreds of other human races.

Before Soul Life, it only killed seven or eight of the strongest human races. For other human races, Soul Life did not kill them.

Although these human races were almost scared to death and ran away frantically, they did not escape far. They could see clearly what happened just now.

At this moment, their eyes fell on the Honghuang ring, revealing a thick fire of greed.

"Soul... gone?"

"Yes, he left, leaving Hong Huangjie."

"Hong Huangjie, one of the four great treasures of Life Soul Heavenly Court, must get it."

"its mine!"

Suddenly, hundreds of human races rushed towards Honghuangjie together.

It is not just them, Dark Night Rose, Emperor Sword First Class and so on.

"This soul..."

At the moment, Lu Ming is too speechless.

It's okay if you don't answer his question. When you leave, you say you want to give him a famine. But, you give it directly. What does it mean to leave the famine in the sky and let everyone see it?

The test for Lu Ming?

Lu Ming can only suppress the worry about Ling Yuwei, and turn his attention to Honghuangjie.

In any case, Hong Huang must rob this treasure.

What's more, this great famine was originally given to him by soul.

bump!

Lu Ming stepped ***** his legs, his body rose into the sky, and flew towards Honghuangjie at an alarming speed.

At the same time, Xie Nianqing, Qiuyue and Panshen also shot, followed by Landing Ming, and rushed towards Honghuangjie together.

They did not fight for the Honghuang Ring, but to help Lu Ming to win the Honghuang Ring.

"kill!"

"Get out of here!"

People have not yet arrived, and various attacks have been bombarded towards other people.

Lu Ming and they are also facing a bunch of attacks, most of them from the Celestial Clan.

"Three Divine Lords are Triple!"

Lu Ming moved.

He found that among these heavenly human races, there are three masters of the Divine Lord.

Divine Lord's triple clan is very powerful, even if Lu Ming has broken through the Divine Lord Realm, they have to be treated with caution.

"Broken sky!"

Lu Ming took a sip, and quickly condensed a spear in his hand, which turned into a gorgeous glow, slamming into a triple attack of the Divine Lord.

bump!

The gun tremor was directly shattered, but the Divine Lord's triple attack was also blocked.

Dark Night Rose, Xie Nianqing and others used a big killer to block other people's attacks.

"kill!"

Lu Ming shouted, the figure kept on, and the Ice Profound Stick emerged. Massive forbidden power continuously poured into the Ice Profound Stick. The Ice Profound Stick suddenly became larger, and one stick directed towards one of the Divine Lords. The master blasted away.

boom!

The master of the triple master of the Divine Lord, his body was blasted out like a shell, and blood was sprayed in the mouth.

It has to be said that the triple existence of the Divine Lord is really powerful, and it is much stronger than the Dual Lord.

Even if Lu Ming now breaks through to God's main realm, he can't kill it at once.

The main reason is that every gap in the main realm of God is too big.

For example, if the gap between each level of Divine Lord Realm is 1, then the gap between Divine Emperor's Ninth Level and Divine Lord One Level is 1.5.

Although Lu Ming's breakthrough from Divine Emperor's ninth breakthrough to Divine Lord's first, the progress is amazing, but after reaching Divine Lord Realm, the ability to fight across levels is not as exaggerated as the improvement.

Of course, compared with Divine Emperor Realm, there is still much progress.

Because every gap between Divine Emperor Realm is only about 0.2.

Chapter 4492: Sweep invincible

Lu Ming shot with all his strength when Divine Emperor Nine Heavy, could easily suppress the existence of a Divine Lord, but facing the Divine Lord, he was no longer an opponent.

Even if the Ice Profound Stick is used, it is not a double opponent of the Divine Lord, especially in the face of the Divine Lord of the Celestial Clan, only the embarrassing part is fleeing.

Therefore, it is not difficult for him to break through to the first level of the Divine Lord and kill the second level of the Divine Lord. It can be said that it is very easy.

It's easier than he used to kill God Lord Yizhong's existence in God Emperor Realm.

Even in the face of the Divine Lord, Lu Ming can easily suppress the other party, but it is not so easy to kill.

"kill!"

Lu Ming Changxiao, the offensive is not stopping, like an invincible **** of war, the ice xuan stick is constantly swept away, like an invincible **** of war.

Bump Bump!

A series of Celestial beings were hit by Lu Ming in succession. A master of the double master of the Divine Lord screamed, his body was torn apart and fell directly.

In addition, there are two divine masters with a single existence, which were also bombed together, destroying both form and spirit.

Other Celestials felt chills and did not dare to approach Lu Ming at all.

At this moment, a figure suddenly appeared on the edge of Honghuangjie, and a force of devouring swept towards it.

It is the night rose.

The night rose suddenly appeared on the edge of the Honghuang ring, and the power of engulfment exploded, trying to take the Honghuang ring.

However, a black lotus came to her with great power. The night rose had to concentrate on resisting and flew the black lotus out, but the night rose himself also retreated backward.

"Dark Night Rose, this famine ring, but Lu Ming's life is left to Lu Ming, do you want to touch your finger?"

Xie Nianqing said coldly, stepping on the sky, and forced to go towards the night rose.

"This Honghuangjie didn't recognize Lu Ming as the main one. Seeing it, all share!"

The night rose responded, turned into a sky rose flower body, and Xie Nianqing made a couple of moves.

Both of them are very familiar with each other, and it is naturally not so easy to win or lose, and for a time, they become deadlocked.

Instead, the other two gods, the triple clan of heaven, rushed to Honghuangjie, unstoppable, pantheon, Qiuyue, Emperor Sword and others were all struck away.

"kill!"

Lu Ming shouted, Bingxuan stick pressed against the top of Mount Tai, and pressed down on the two gods, the triple-strength clan strong.

The Ice Profound Stick is so huge that it is crowded with the sky. They are all like a vast mountain range, spanning the long void, and blasting towards the three gods of the three gods.

The three gods of the three gods were directly blasted out.

Lu Ming was unstoppable. A few flashes appeared on the edge of Honghuangjie. He reached out and grabbed Honghuangjie in his hand.

"hateful!"

Those heaven-human races, seeing Lu Ming receiving the Honghuang ring, were extremely unwilling in their hearts, envious of jealousy and hatred.

Dark Night Rose and Xie Nianqing took a trick and dispersed, looking at Lu Ming, they were very jealous and envious.

This is one of the four great treasures of Life Soul Heavenly Court, and the other three treasures are taken away by the Lord of Life Soul Heavenly Court, leaving only one Honghuang Precept.

Now, the only treasure is in Lu Ming's hands.

Buzz!

Suddenly, on the ground below, strong fluctuations came out, a strong breath emanated, and then saw a dozen rainbow lights, flying toward the west from all directions.

"It is the magical soldier of the Temple of Life!"

"Hurry up!"

"I must get one!"

The people were alarmed and chased toward the rainbow lights.

These rainbow lights are the twelve town hall magic soldiers. The attention of everyone before was completely attracted by the Honghuangjie. They almost forgot the twelve town hall magic soldiers.

At this time, the twelve town hall magic soldiers voluntarily shook and seemed to want to break through the air. The crowd finally reacted and flew toward the twelve magic soldiers one after another.

Qiuyue, caught a soft whip, flew up, and flew towards the soft whip.

Pantheon rushed to a battle halberd.

Xie Nianqing pounced on a silver mace.

Lu Ming, directly rushed towards a spear.

Others, such as Dark Night Rose, Emperor Sword First Class, etc., also have fancy weapons, which are rushing forward.

For example, Emperor Jianyi, naturally fancy that war sword.

There are also three powerful gods and two powerful masters of the Divine Lord, who have also rushed to this weapon.

There are a total of twelve town hall magic soldiers. For each town hall magic soldier, many people fancy it, and many people compete for it.

Of course, the one with the largest number of them is the Celestial Clan.

There is a bunch of Celestials in every town hall **** soldier.

"kill!"

Lu Ming shouted, the killer was cold, and he was not weak at all. Bingxuan stick swept out, and a shadow of sticks emerged, slamming into those human races.

In this, there is no triple existence of the Divine Lord. The strongest one is the Divine Lord. The other is the existence of the Divine Emperor Jiuzhong. Where can Lu Ming be blocked.

Under the shadow of the stick shadow, these masters of the human race exploded one by one, and their souls were scattered.

In a wave of attacks, dozens of human races were killed, including the master master of the Divine Lord.

Others were terrified and did not dare to compete with Lu Ming. They quickly retreated and rushed to other town hall magic soldiers.

Lu Ming grabbed it and grabbed the spear in his hand.

"it is good!"

Lu Ming showed a happy look and waved a few times with a long gun, feeling very smooth.

It's still comfortable to use a spear.

He walked all the way. After all, he used a spear. Before, there was no way. There was no suitable spear soldier.

In fact, Bingxuan stick is used, where is there a spear that is handy and comfortable?

Moreover, his first type of his own secret technique is the marksmanship.

It is difficult to exert power with the Ice Profound Stick, but with this spear, it is different. The ground breaking style can exert a strong power.

However, there is no refining yet, and naturally it cannot be used. Lu Ming put away his spear.

"Autumn Moon!"

Lu Ming looked in the direction of Qiuyue, his face dimmed.

The opponent Qiuyue faces is a master of the three-folded god-human race.

Facing the three masters of Divine Lord, Qiuyue is not an opponent at all.

Although Qiuyue has already broken through the Divine Lord Realm, with his strength, he suppressed the dual existence of a Divine Lord.

However, she lacks source-level magic soldiers, and has a lot of gaps with the pantheon, Xie Nianqing, and the night rose. In the face of the triple god, it is not an opponent at all.

bump!

Qiuyue coughed up blood and flew away.

The triple master of the Celestial Divine Lord waved his hand, rolled up the soft whip, and put it into the storage ring. Then he flashed in shape and continued to kill Qiuyue, hitting a sword of destruction.

This is to kill Qiuyue.

"court death!"

Lu Ming Chang Xiao screamed, the great aurora technique was launched, and his body seemed to turn into an aurora. Under a flash, it appeared near Qiuyue, and the ice mysterious stick swept out.

when!

Bingxuan stick directly defeated the destruction of the opponent's sword light, the offensive continued, and continued to bombard the opponent.

The opponent's body flew out like a shell, coughing up blood.

Chapter 4493: Yeah no more shot

Lu Ming struck a triple **** of humanity with a single stroke, without any pause in shape, and continued to kill each other.

This person just wanted to kill Qiuyue, then Lu Ming put this person on the list of must-kills.

The Divine Lord's triple-faced Celestial Clan suddenly changed color, and his body retreated sharply, retreating to other Celestial Clan, and wanted to use other Celestial Clan as a shield.

"kill!"

Lu Ming shouted, the killer was extremely powerful, and pushed all the way.

Those celestial beings blocking the road explode constantly, destroying both form and spirit.

Lu Ming's speed was not affected at all, and he quickly approached the Celestial Master.

Uh!

Lu Ming struggled and threw the Bingxuan stick out.

Hurry!

Bingxuan stick penetrated the space, made a horrible roar, and hit the other party.

Fast, it's too fast, the other party wants to dodge, too late, and can only struggle to resist.

The triple power of the Divine Lord fully bloomed, and the power of Heaven's Destruction, one of the powers of the strongest sky, exploded into a gray sword light and cut towards the Ice Profound Stick.

boom!

A tremendous roar, the two sides attacked the collision place, inspired infinite energy, and burst into all directions.

Some of the Celestial Clan, which is relatively close, the cultivation is relatively weak, and they did not retreat in time, were directly killed in the air by vigor.

Then, a figure suddenly retreated, and the big mouth spitting blood was the triple existence of the divine master of the Celestial Clan.

"Broken sky!"

When Lu Ming threw out the Ice Profound Stick, he exhibited the sky-breaking style. At this time, the Celestial Clan retreated suddenly, and Lu Ming's attack also erupted.

Uh!

His whole person was transformed into a lance, and the broken void was thrust into the master of the triple **** of the Celestial God.

This person had just been injured by Lu Ming and retreated, where he could dodge, and there was no spare to resist.

Lu Ming's body of guns penetrated this person's eyebrows. The terrible power not only destroyed his consciousness of the sea and his soul, but also straightened down, completely destroyed this person's Dantian, and completely struck a master of the Divine Lord. kill.

Lu Ming rushed by, the guns disappeared, and his figure reappeared. He already had a storage ring in his hand, which was the storage ring of the Celestial Clan.

Then in a flash, Lu Ming came to Qiuyue.

"Qiuyue, are you okay?"

Lu Ming asked with concern.

"Master, I'm fine, with a slight injury, thank you Master for helping me."

Qiuyue said, at this time, her face was much better, no longer pale.

"Silly girl, what's the matter with me, give it!"

Lu Ming said, handing the storage ring of the Celestial Clan to Qiuyue.

Immediately, he looked at the situation around him.

At this moment, Xie Nianqing and All Gods have put their favorite soldiers in the town hall into their pockets.

It is not surprising that the fighting power of the two of them.

Both of them controlled the big killer such as the source-level Divine Soldier, and broke out with all their strength, killing the two masters of the gods and humans, even the masters of the gods and triples, can fight with them. Not weak.

Even as Xie Nianqing, if he uses the power of his source to launch the strongest blow, even the Divine Lord Triple of the Celestial Clan is not an opponent.

On the other side, the night rose, Emperor Jianyi, Lingheng, and Yin Jiuling all got the town hall magic soldier they wanted.

There are also two **** master triple masters of the Celestial Clan, who also received a town hall magical soldier.

In this way, there are only two of the twelve town hall magic soldiers.

A group of people, around the last two town hall magic soldiers, mad fighting competition.

At this time, Xie Nianqing, Pan Shen, Night Rose, and the two master masters of the Divine Lord, rushed towards the last two Town Hall Divine Soldiers.

Uh!

Lu Ming stepped out, like an aurora, and rushed towards the last two town hall magic soldiers.

"not good!"

Seeing Lu Ming killing, all the Celestials' faces changed greatly.

Lu Ming's combat power is too strong. He just killed the triple **** of the Divine Lord. Everyone looked at the scene. No one was Lu Ming's opponent at the scene.

The Celestials are very unwilling and angry.

If it were not for the existence of more than four levels of Divine Lord, they were all killed by the Lord of Soul Heaven Court, as long as any one is still alive, they can easily suppress Lu Ming.

Lu Ming is so arrogant now?

But now they have no choice but to see Lu Ming kill, they can only retreat.

"Strategy, deal with them!"

A Divine Lord Triple Heaven-Human cries and calls on others to plan a nine-day battle to deal with Lu Ming and others.

Among the human races, there are nearly four masters of God's main realm, and more than two hundred masters of the nine emperors. After laying the nine-day battle array, the power is absolutely amazing.

Suddenly, many celestial figures flashed and began to prepare for the formation.

"The Great Seal!"

Lu Ming photographed with a palm, the dense runes are densely covered with voids, these runes are intertwined, forming a strip of ribbons, and climbed up the bodies of some humans and sealed them.

"Sky Demon Realm!"

At the same time, Xie Nianqing also took action to display the realm of demon, covering all the heavenly human races inside and blocking their formation.

Shrouded in the realm of the heavens and demons, all the human races have been greatly restricted. For a time, nine days of battle could not be deployed at all.

Suddenly, the faces of Lu Ming, Xie Nianqing and others all changed.

Because on the ground, there was suddenly a force of terror, which was crushed by Landing Ming and Xie Nianqing.

This is a punch force, composed entirely of countless small lightnings, this is the power of punishment.

Wherever the punching force passed, the void continued to collapse.

Lu Ming did not hesitate, waved the Ice Profound Stick and bombarded it.

At the same time, Xie Nianqing also took action to control the black lotus, the source-level **** soldier, like a mountain, suppressing it.

boom! boom!

The two large-scale killers collided with the fist force condensed by the power of punishment, but the result was that the two large-scale killers were shocked and flew directly towards the sky.

Lu Ming and Xie Nianqing were subjected to a strong anti-shock force, and their bodies flew upward obliquely.

Lu Ming backed away for a hundred miles, stabilizing his body, and with a wave of his hand, Bingxuan Cudgel returned to his hand, but the blood and blood in his body were a little tumbling.

Xie Nianqing, the situation is worse, her face pale, blood spilled from the corner of her mouth, apparently injured.

"Yeah!"

Lu Ming whispered, his face gloomy.

At this moment, on the ground, a burly figure, really volleying, slowly came to the sky.

This person is Ye Wu.

"Yewu Lord, it's Yewulord!"

"Great, Yewu is okay, hahaha, we can make a comeback!"

The Celestials were all ecstatic when they saw Ye Wu.

Before, the master of Ye Wu was ordered into the hands of the Soul Heaven Court, and he took half of the taboo force and smashed it on the ground. Everyone thought that Ye Wu had been killed by the Lord of the Soul Heaven.

Now it seems that Ye Wu is all right, there is no injury, and the breath is still very strong.

Chapter 4494: Fight alone

"This soul, what thoughts? Really leave me a test?"

Seeing Ye Wu, Lu Ming was really speechless.

He bet it was intentional.

With the cultivation of souls, it is impossible not to know that Ye Wu has not died, it must have deliberately put the other party on horse.

There are other Celestial Clan, with the power of soul, it is also a matter of easy to kill, but only killed the seven or eight strongest, and everyone else stayed.

This is definitely intentional.

Otherwise, it would be enough to give Hong Ming directly to Lu Ming. He also said it so loudly that everyone could hear it.

It's really hard to understand people who behave like eccentricities.

At this moment, Soul Ming's eyes fell on Lu Ming, Xie Nianqing, Night Rose and others, full of endless killing opportunities.

Before, he was indeed injured by Soul Life, but he didn't know why, Soul Life didn't even kill him, even didn't seriously hurt him, but only caused him to be slightly injured.

Just now, he has been healing on the ground. Of course, he waited until now to shoot. There is another important reason, that is fear.

He was afraid that Soul Life had not gone far, and that Soul Life would suddenly come back.

Until just now, he finally shot.

One is that Soul Life has been away for a while, and it has never appeared.

Secondly, no more shots, the treasures will be robbed by Lu Ming and them. First, Hong Huang Jie, now the Zhendian Shenbing, in any case, are extremely precious treasures.

After Lu Ming got them, patted the **** and left, wouldn't he want to vomit blood?

Therefore, he couldn't help but shoot.

At this time, other Celestials are not idle.

Just now Lu Ming and Xie Nianqing were flew by Ye Wushu. The Great Seal and the Demon Realm were naturally broken. The rapid actions of those Celestial Races set up nine battle fronts.

"kill!"

The celestial beings shouted, and a huge war sword condensed towards the night rose, the pantheon and others.

Dark Night Rose, Pantheon and others originally wanted to seize the last two pieces of Zhendian Shenbing into their hands. At this moment, their face changed drastically, and they could not capture the Zhendian Shenbing. They retreated and avoided the attack.

Then, the Celestial Clan's nine-day battle array filled with a powerful force, grabbing the last two Zhendian Divine Soldiers, and the last two Zhendian Divine Soldiers were taken away by the Celestial Clan and temporarily fell on the two Divine Lords Triple master hands.

"Now, the soul is not there. See who can save you?"

Ye Wu looked at Lu Ming coldly, Xie Nianqing and others, and finally fell on Lu Ming, his eyes filled with murder, greed and longing.

"After the Soul Life took away my taboo power, did it take away my hope? No, maybe all this is for me, is it a blessing or a curse? I have enough to integrate taboo power. Experience, take you down, take you back to Tiangong, and extract the power of taboos from you, I will be able to incorporate a complete power of taboos, hahaha!"

Ye Wu sneered, stepping towards the landing naming forcefully, the breath became stronger and stronger.

boom! boom! ...

His double fists blasted out continuously, and the power of the punishment was turned into a boxing force, and he continued to bombard the landing Ming and Xie Nianqing.

drink!

Lu Ming took a light drink and waved the Ice Profound Stick.

Xie Nianqing also tried his best to control the black lotus. The petals of the black lotus flew out, and each petal turned into a big killer, flying to Ye Wu.

The attacks from both sides collided at high altitude, bringing up violent energy. However, Lu Ming and Xie Nianqing were still invincible and retreated.

"This guy, the strength is really strong, even if there is no taboo..."

Lu Ming's thoughts changed sharply.

Ye Wu, is definitely the top-level arrogant demon, and the combat power is extremely powerful. If it is in the Divine Emperor Realm, the combat power will definitely not be weaker than that of the ordinary Tianzi and Tiannv.

Otherwise, he could not successfully integrate into the semi-taboo force.

Therefore, although he is also the cultivation of the Divine Lord Triple, his combat power is much stronger than that of the other Divine Lord of the Celestial Race.

On the other side, the nine-day battle arrays laid out by other Celestials were not idle at all. They condensed a huge Celestial King, holding a huge war sword, and the war sword waved, the sky was full of sword spirit, towards the night rose, Emperor Jianyi, Panshen, Qiuyue and others beheaded and shrouded everyone except Xie Nianqing and Lu Ming.

The night rose, pantheon and others gave up the battle and joined hands in confrontation, but still lost, and retreated.

Even in the night rose, a Tianjiao was careless and was pierced by a sword, and fell directly.

A top Tianjiao was just killed.

The Celestial Clan, a nine-day battle array, contains two Divine Lord triples, and there are seven Divine Lord doubles and one heavy, nearly two hundred Divine Emperors.

These are the elder figures who have been practicing for many years. They are powerful, and together they have set up nine days of battle. The power is even more amazing. It is not something that Night Rose and others can fight.

Seeing this scene, the smile on Ye Wu's face was even stronger.

"Even if you get the treasure, you will eventually fall on my hand, small debris, and send you on the road!"

Ye Wu sneered, his left hand, showing gray energy.

This is the power of heaven.

Obviously, Ye Wuya is in control of two types of Xeontian.

With the power of punishment in one hand and the power of annihilation in one hand, he killed Lu Ming and Xie Nianqing again.

"War word strategy, eight times the fighting power!"

Lu Ming sipped in his heart, and in the sea, the word of warfare radiated a dim light, and the power in Lu Ming's body surged again.

This is eight times the fighting strength.

That's right, for so long, Lu Ming's cultivation is not only completely used for the enlightenment and cultivation of his own secret art. He will also learn the war character formula when he is free.

Seven times the fighting strength, he can already trigger 100% success.

Even if it is eight times the fighting strength, now it has one-tenth the success rate of triggering. Just now he has been trying to trigger, and at this moment he finally succeeds.

boom!

Bingxuan stick became extremely huge, and fell towards Ye Wu.

At the same time, Xie Nianqing also followed suit.

The power of heaven's punishment and the power of heaven's extinction collided with the ice black stick and the black lotus, turning this void into chaos.

The energy bombarded the ground, and the ground continued to explode, and those ancient buildings continued to collapse.

If they were in their heyday, their attack power would not destroy the buildings here, nor would they cause any damage.

But after a long period of time, Life Soul Heaven is about to decay and become much weaker.

But then, Xie Nianqing retreated, and his mouth overflowed with blood.

Although being blocked by Lu Ming for most of his powers, Yee had no use for the two Xeontian forces, and the combat power became stronger. Xie Nianqing was no longer able to fight.

Even Lu Ming was full of anger and blood.

On the other side, the gods, Qiuyue and others are even more precarious. They are forced to fight back with no power to fight back.

Moreover, even if it is resisted, it doesn't feel long.

Chapter 4495: Urge the origin

"Xie Nianqing, come and help us, the two of us join forces, otherwise, we can't live, and you don't want to leave."

Cried the night rose.

Today's plan, only she and Xie Nianqing play a joint attack, can contend with each other's nine-day battle array.

None of them alone can fight against the Nine Heavens Battle of the Celestial Clan.

Xie Nianqing showed hesitation.

She wanted to stay here to help Lu Ming, but on the other side, the situation of Panshen and Qiuyue was very bad. If she didn't join forces with the night rose, Panshen and Qiuyue would be in danger.

"Xiaoqing, go join her!"

Lu Ming sent a message to Xie Nianqing.

"But this guy..."

Xie Nianqing looked at Ye Wu. This guy was too strong. She was afraid that Lu Ming could not stop Ye Wu alone.

"Don't worry, I still have no cards to use. It may not be his opponent. Maybe he can kill him."

Lu Ming sent a message to Xie Nianqing.

There was no use for the cards in him.

Of course, it does not refer to the ball. The ball is cultivated as a talented God Emperor Jiu Zhong, and Lu Ming will not let him shoot.

As for the bone demon, it can't help much now.

His hole card is the power of the source, as well as the second type of his own secret technique, the wild type.

In addition, there are copper and copper coffins.

If it doesn't work, Lu Ming will open and take out the copper and copper coffin.

But the copper and copper coffin is really weird. Since the last time the "past body" was sucked into the copper and copper coffin, he has cast a shadow on the copper and copper coffin.

Before the last resort, he did not want to take out the copper copper coffin.

Also, if you take out the copper and copper coffins, you will not be able to hone yourself.

Looking at Lu Mingming's confident eyes, Xie Nianqing finally nodded and flew towards them in the night rose.

"I still want to help in the past, when I don't exist?"

Ye Wu coldly drank, a sword of war appeared in the palm of his hand, and he was also a top-level **** soldier.

However, Lu Ming had been staring at Ye Wu for a long time, and Ye Wu didn't move, and Lu Ming also moved. Bingxuan stick swept across, blocking Ye Wu's sword.

"I still want to stop Xiaoqing, when I don't exist?"

Lu Ming has a lot to learn, coldly said.

"Hehehe..." Ye Wu sneered, said: "What if you let her pass? With her, you can fight against the nine-day battle array? Really naive..."

But immediately, he was speechless.

Because Xie Nianqing has arrived and cooperates with the night rose to perform the technique of joint strike.

A black lotus flower and a sky-biting rose flower came up and down, bursting out of amazing field energy, covering the entire nine-day battle formation.

The power of field energy has a powerful power of destruction. The ordinary master is in it, and it can be turned into ashes in an instant.

Nowadays, Xie Nianqing and Dark Night Rose both broke into the Divine Realm, and the two of them, the earliest time to break into the Divine Main Realm, is equivalent to breaking into the Divine Main

Realm, and still practicing for hundreds of years in the Formation of the Divine Formation. Although it did not break through the double of Divine Lord, it almost reached its peak.

Now the two of them exhibited the combined attack technique, which is even more terrifying, and I do not know how many times it is stronger than when they were in Divine Emperor Realm.

If a master of the triple of the human race is shrouded in, he will be killed instantly.

Even if the fourfold existence of the Divine Lord is shrouded in, it must be injured or even fall.

Therefore, the Celestial Clan's nine-day battle array is trembling, and the condensed Celestial King is constantly wielding the war sword.

The double reversal formed a stalemate, allowing others to breathe a sigh of relief and have time to breathe.

Ye Wukan was dumbfounded. Although he knew that Xie Nianqing and Dark Night Rose had a combined attack, he didn't expect such a powerful force.

"Kill you first, then break their combined attack."

Ye yelled, screamed at the landing, and the two kinds of supernatural powers were turned to the extreme.

Lu Mingsi, without fear, waved the ice xuan stick and killed him.

boom! boom!

The two confronted each other in a hurry, and Lu Ming continued to retreat and was held down.

However, although Lu Ming is at a disadvantage, it is not a one-sided battle. He can barely block the opponent's attack.

In a flash, the two confronted a dozen moves.

"Honghuang style!"

Seizing the opportunity, Lu Ming exhibited a wild style, a continent, seemingly endless, suddenly emerged, exuding the breath of the vast shore, and went down to Ye Wu.

boom!

Yeah, without a war sword, slashed it on the mainland, and a roar of shock broke out.

On the mainland, a series of cracks suddenly appeared, and the last burst burst.

However, the Honghuang style, interwoven with various mysteries, is modeled after the Honghuang Continent. It contains the infinite power of the Honghuang Continent. It bursts out and is extremely powerful. Ye Wu was also retreated by this powerful force.

"kill!"

Lu Ming shouted, stepped on the void, Bingxuan stick flew out of his hand, and spontaneously went towards Ye Wu.

Lu Ming, however, continued to use the wild style to kill Ye Wu.

A continent continues to condense out, covering a vast area of the void, like a world, pressing towards Yewu.

On the mainland, mountains, rivers and rivers are faintly visible. The weather is immense, touching, and contains infinite power.

Ye Wu's face was dignified, he gave a light drink, and exerted his power to the extreme. The power of the two supreme heavens was intertwined to urge the Divine Soldier to fight the sword and fight with Lu Ming.

However, Ye Wu finally lived up to the fighting power of the heyday.

The half-dozen taboos in him were taken away, and the impact on him was still great.

Otherwise, with his combat power, Lu Ming is really difficult to cross the two levels in the main battle with God.

But now, Lu Ming can do it.

The two took another trick, evenly divided them, and backed off in unison, and then killed another.

"You have to make a quick decision and get a surprise!"

Lu Ming thought.

Whether it is urging the ice mystery stick or using the wilderness style, it consumes taboos.

Although he reached the main state of God, his combat power surged, and his power was vast, but he could not bear such consumption.

But if you want to defeat Ye Wu, you have to be surprised.

He has only one chance, that is the power of origin.

"Honghuang style!"

Lu Ming shouted again, and came out with another wilderness bombardment. He had no right with Ye Wu. His body retreated back, and at this time Bingxuan stick also flew back.

Lu Ming reached out and grabbed Bingxuan stick, then slammed it out.

When this time, the ice Xuan stick was thrown out, Lu Ming took the source power of the source seed into the ice Xuan stick seriously, but it didn't explode, but it did not lead.

At the same time as he threw out the ice xuan stick, Lu Ming's body arched like a rainbow light, hitting Ye Wu, his hands flicked like lightning, wildly, and came out again.

At this time, Bingxuan stick had bombarded on Ye Wu's head, and Ye Wu waved his war sword and cut it on Bingxuan stick.

As before, Ye Wu didn't use this force, he didn't use his full strength, he would use more power to deal with Lu Ming's back move.

However, at this time, the original seed in the ice xuan stick broke out.

Chapter 4496: Defeat all

The power of the source was hidden in the ice xuan stick, but it was hidden before, and it suddenly broke out when the ice xuan stick collided with the war sword of Ye Wu.

The power of the source has ignited a trace of the power of the Ice Xuan Cudgel, so that the power of the Ice Xuan Cudgel increased dramatically.

Bingxuan stick is among the top level among the source-level magic soldiers. Lu Ming and these people use it, in fact, they can't exert their true power at all, but only excite a little fur of the source-level magic soldiers.

The source-level magic soldier contains the imprint of the origin, and only the existence of the origin can truly exert its power.

Because, the existence of the source environment controls the power of the source.

And Lu Ming, the power of the source of control is too weak, it can only stimulate a hint of power, but it is enough.

An amazing force broke out in Bingxuan Cudgel, which directly defeated Ye Wu's attack. The war sword in Ye Wu's hand was also a source-level Divine Soldier, but at the moment he was shaking and flew out.

puff!

Ye Wu body thrilled, flew out like a meteorite, coughing up blood.

His two arms, because of the weapon's anti-shock force, had exploded, and his body was injured a lot, and his neck bone was broken.

Not only that, there is a horrible force of ice cold in the ice mystery stick, covering his whole body, to seal him up.

"Block, block, block me..."

Yeah no roar, the power of heaven in the body exploded in madness, resisting this terrible force of ice and cold.

However, Lu Ming's subsequent attacks also arrived.

Exploded in a wasteland, a continent was formed, and it went down towards Yewu without repression.

Ye Wu showed despair in his eyes.

He could only watch the mainland press down, but could not resist.

boom!

Ye Wu was hit by the mainland, screamed, his body hit the ground, and the ground was smashed out of a huge deep hole.

Ye Wu is not dead yet, but the injury was extremely serious, and his body was bursting and ragged.

He had hurt the foundation, and there were many cracks in the universe bridge at Dantian, which made him unable to lift a trace of strength.

He was unable to fight anymore.

However, Lu Ming was still not assured, swooping down, using a big seal to seal Ye Wutuan, this rushed to the battlefield of Xie Nianqing and others.

"how is this possible?"

At this time, those of the Celestial Clan could not be more shocked.

Lu Ming, actually defeated Ye Wu.

Ye Wu is not very talented, they are very clear.

Had it not been for Ye Wu to spend a lot of time and energy to integrate the power of taboos, his cultivation must have been more than the threefold.

Such a powerful person was actually defeated by Lu Ming, a heavy god.

This broke their perception.

Celestial beings are shocked, while Xie Nianqing, Panshen and others are ecstatic.

boom!

Lu Ming shot, turned the Ice Profound Stick, and bombarded the Nine Heavens Battle Array of the Celestial Clan.

When Bingxuan stick blasted into the range of Xie Nianqing and Dark Night Rose's combined attack, it did not affect him at all.

This is of course controlled by Xie Nianqing and Dark Night Rose.

Then, the Ice Profound Rod bombarded the Celestial King who condensed out of the Nine Heavens Battle Formation.

With a roar, the king of the Celestial Clan shook, and the light on him became dim.

Xie Nianqing and Dark Night Rose entered the void, and the terrible field energy constantly impacted the Celestial King, making the Celestial King's light dimmer, as if it would collapse at any time.

"Hold on, hold on, you must hold on!"

"Shoot with all your strength and hit the east!"

The two Divine Lords shouted three times.

The fighting power of Lu Ming and others exceeded their imagination. Now, they can only rely on the nine-day battle array. Without the nine-day battle array, they are definitely not opponents of Lu Ming and others and will be ruthlessly crushed.

All the Celestial Crow roared desperately, burning the power of the Celestial Force, and vigorously urged the Nine Celestial Battle Formation, so that the light on the Celestial Clan King would be bright again.

boom!

At this time, Lu Ming's second blow came again. Bingxuan stick bombarded down, causing the celestial king to tremble violently again.

Among them, the presence of the Divine Emperor Jiuzhong, the body trembling, some vomiting blood directly.

It was difficult for them to resist Lu Ming's attack while resisting Xie Nianqing and Dark Night Rose.

At the same time, Panchen, Qiuyue, Emperor Sword and other people also shot their full strength and bombarded the opponent's Nine Heavens Battle Formation. Although their combat power was not as good as Lu Ming, it also brought great pressure to the Celestial Clan.

boom! boom!

Lu Ming didn't speak, but urged Bingxuan Cudgel to launch attacks continuously.

Celestial beings are desperately burning the power of the sky, but their power of the sky is limited.

In particular, the Celestial Clan of the Divine Emperor Jiuzhong is even less supportive.

They can't even resist the anti-shock force. Everyone's face is pale, blood constantly oozes from the corners of their mouths, and the body's strength is getting weaker and weaker.

"broken!"

Lu Ming screamed loudly and made a move with all his strength.

At the same time, Xie Nianqing and Dark Night Rose also exploded into full force, maximizing the power of the combined attack.

boom!

This time, the celestial king who was condensed by the celestial being, the huge body, exploded directly.

Ahhhh...

A scream came out, and many of the Divine Emperor Jiuzhong's bodies exploded directly and fell on the spot.

Nearly two hundred masters of Divine Emperor Jiuzhong's Tianren race, at least more than fifty people fell.

Others are also injured.

The nine-day battle was broken.

But at this time, the bodies of Xie Nianqing and Dark Night Rose were also trembling, with blood flowing out of their mouths, and their bodies staggered backwards.

The two of them urged the technique of combined attack with all their strength. It persisted for so long, and it was time for the lamp to dry up, and the power in the body was about to run out.

The technique of combined strike disappeared, and those human races seemed to see the hope of survival.

"Run away!"

"Scatter and go!"

Many people shouted at the human race.

The remaining 155 to 60 days of the human race rushed in all directions.

"Want to leave, leave me!"

"Stop them!"

The gods, Qiuyue and others shouted and chased toward some of the Celestial Clan.

"Try to stay alive, I have something to ask them..."

Lu Ming said to the gods and others, but his figure kept on, and he rushed towards the masters of the two **** masters.

The three master masters of the Divine Lord changed their faces and fled in two directions.

"Huh, in front of me, don't even want to go!"

Lu Ming snorted and threw Bingxuan stick at one of the masters of the Divine Lord Triple.

Bingxuan stick shattered the void, it was too fast, and immediately caught up with the master of the triple master of the Divine Lord, and pulled down against his body.

At this time, Lu Ming triggered eight times the strength of the war character formula, the power was at its peak, and it was able to fight against Ye Yawu. This triple **** of the gods couldn't stop it, and was directly pulled by a stick and smashed in On the ground in the distance, his body was severely damaged by a powerful force, and there was a cold ice, freezing him.

Lu Ming himself caught up with another master of the triple master.

Chapter 4497: Press question

Lu Ming caught up with the other master of the triple master of the Divine Lord, and directly used the ground breaking style to break through this person's Dantian, and abolished this person's cultivation behavior.

The two **** masters of the three-folded Celestial Clan were almost killed in seconds. In the hands of Lu Ming, who was fully open, he could not resist every minute.

Not far away, Night Rose, Emperor Jianyi, Lingheng and others looked in their eyes, their faces were extremely dignified, and their eyes were horrified and incredible.

"This Lu Ming, the fighting power is getting more and more horrible, and there is no one to stop him. If Ye Qixian can't keep up, he will be thrown away by him. It was a sadness of other days to be born with him in an era!"

Lingheng sighed.

He was originally the first in the universe's arrogance list, looking down on the universe's endless arrogance.

No. 1 in the list of cosmic celestial princes in the past, and few people are as strong as he was. He used to be confident. Even if he is the emperor of the Celestial Clan, he is fearless and confident.

In history, how many of the universe's races can fight the Heavenly Son and the Heavenly Daughter?

He was so enthusiastic that he thought that the entire universe could rival him.

If you want to find it, you can only find it in the Celestial Race.

But the battle of Taishang Xiancheng hit him too much.

Lu Ming, Xie Nianqing, Dark Night Rose, Pantheon, one by one, are not Heavenly Humans, but they show the strength of terrifying terror, all of which are stronger and more evil than him.

In addition, Emperor Jianyi, Yin Jiuling, Qiuyue, Bubble, etc., are also shocking and stunning, and the universe is no worse than him.

This made him understand that he used to sit in the sky and watch the sky.

So, later he turned to the night rose, only to pursue stronger.

Seeing Lu Ming's combat power now, he felt a sense of powerlessness in his heart.

How to chase and surpass this pervert?

Click!

On the side, Emperor Jian clenched his fists together, his face showing deep unwillingness.

"Lu Ming's rise has been unstoppable. In the future, don't complain with him. Now, we have to leave quickly. There is no more of us here."

Dark Night Rose's voice rang in the ears of Emperor Jianyi, Lingheng, Yin Jiuling and others.

Then they flashed and disappeared directly here.

Lu Ming naturally knew that Dark Night Rose and others had left, but he did not stop him.

After suppressing the triple existence of the two **** masters, Lu Ming kept on killing other Tianren races.

When the big hand pressed, all the human races were like raindrops, and they were suppressed to the ground and vomited blood.

However, Lu Ming did not kill these human races, he still has something to ask these human races.

Pantheon and Qiuyue also shot together to suppress the Celestial Clan.

Xie Nianqing was unable to shoot because of too much power damage, but there was more than self-preservation. A Celestial Clan wanted to take Xie Nianqing as a hostage and was killed by her.

Other Celestials can only dispel this idea.

However, the number of the Celestial Clan is too large after all. There are 156 or 60 people who fled in all directions. Lu Ming, Panshen, Qiuyue and three people could not be suppressed at all.

In the end, some fifty or so human races were suppressed and severely hit, and lying on the ground was difficult to move.

All other human races have fled.

Uh!

Lu Ming landed in front of an old man of the triple master of the Divine Lord, grabbed his palm volley, and grabbed the person's storage ring in his hand.

He can remember that this man got two pieces of the magician of the town hall.

Sweeping the consciousness, it turned out that in the storage ring, I saw two soldiers in the town hall.

This man looked at Landing Ming with some horror. He knew that since he fell into Lu Ming's hands, the destiny of waiting would definitely not be good.

Therefore, he did not beg for mercy.

"You are a human being, and in my hand, you have only one way to die, but if you answer me a few questions honestly, I can make you die happy, otherwise, you will beg for death!"

Lu Ming said coldly.

"Ask, I can answer, I will answer naturally, I can't answer, even if I can't, I won't answer."

God master triple masters.

Living up to his age and attaining this cultivation practice, my mind was very firm.

"Okay, I asked you, have you seen this woman?"

Lu Ming took out a piece of jade rune, the jade rune glowed, and a portrait appeared in the air. The portrait was of a woman, and naturally it was Ling Yuwei.

"Looking like it, it's an elven race. This woman is familiar with it, yes, it seems to be an elven princess..."

The Divine Lord triple celestial beings whispered.

Lu Ming's heart sank slightly and said, "Have you seen her? I mean, have you ever seen her in this life and soul court?"

"I have seen her portrait in Dream God Jade before, but I have never seen it in Life Soul Heaven Court!"

The triple existence of God Lord shook his head.

"Have you never seen it? But her life soul element stone fragment is in the hands of your Celestial Clan."

Lu Ming said coldly.

"I used to set up the guardian formation of refining soul life to seize the fragments of life soul stone. It is those who have the double weight of the Divine Lord, and the people of the Divine Emperor Realm. If you want to ask this, you can ask them!"

God's triple existence.

Lu Ming's face was a bit gloomy, and finally, he walked in front of a god-human clan.

When Lu Ming shot just now, he specifically stared at the shot of Divine Lord Realm. Therefore, in addition to the two masters of Triple Master Divine Master, there are also three Divine Master Realms that were left by Lu Ming.

"Have you been in Life Soul Heaven Court, have you seen her?"

Lu Ming asked, pointing at the portrait of Ling Yuwei.

"No!"

The other party answered.

"No? But, the fragments of her life soul stone are in your hands."

Lu Ming said coldly, his face somber.

"How about in our hands? We killed a group of people and seized their life soul element stone fragments, but not all life soul element stone fragments were obtained by murder, and two of them are life soul elements. Stone fragments are unowned, flying around in this ancient city and happened to be touched by us."

Divine Lord's double heaven and human race said, watching Landing Ming, there was no fear in his eyes.

"Nothing?"

Lu Ming frowned, and then there was a glimmer of hope in his eyes.

He remembered the anomaly of the Life Soul Primal Stone Fragment before, because the Life Soul Primal Stone Fragment flew to this side by himself, and he came here after looking for the Life Soul Primal Stone Fragment.

If he has other things, he has no time to chase the Soul Yuan Stone Fragment and leave the Soul Yuan Stone Fragment alone, then he will not come here.

Will Ling Yuwei also have other things delayed, and did not come after the soul soul stone fragments?

Of course, this is just Lu Ming's guess.

Then, Lu Ming exchanged an inquiry from the Celestial Clan, and the answers were almost the same.

Afterwards, Lu Ming asked more than ten people in a row, all the same, saying that he had never seen Ling Yuwei.

"Perhaps, Ling Yuwei was really delayed by something, and did not come here!"

Lu Ming thought, there was some hope in his heart.

"Lu Ming, how do you deal with these people?"

All Gods came over and asked.

"kill!"

Lu Ming said coldly.

Chapter 4498: The crisis of the world's turtles and time-space spirit rats

Soon after, Lu Ming and his entourage went towards the periphery of Ming Soul Heavenly Court.

As for the Celestial Clan, all the gods shot, all solved, including Ye Wu, the evil arrogant Tianjiao, was also killed by the gods.

The primitive gods and the Celestial Clan are death enemies, and the pantheon is born of the spirits of dozens of primitive gods. They were born to hate the Celestial Clan and endlessly die with the Celestial Clan. Therefore, he started with the Celestial Clan. But never soft.

After killing the Celestial Clan, all their storage rings were put away, and Lu Ming prepared to return, leaving the Life Soul Heavenly Court.

After all, part of the Tianren race has escaped, and I believe that the news will soon spread out. It is not appropriate to stay here for a long time.

Anyway, their gains on this trip are big enough.

The cultivation of all four of them has skyrocketed, breaking through to God's realm in one fell swoop.

In the vast universe, the Divine Lord Realm is a hurdle. It is only after entering the Divine Lord Realm that we truly enter the ranks of the top masters of the universe.

This time, they can all say that they have entered the ranks of the top masters in the universe.

In addition, the biggest gain is the treasure.

Each of them received the source-level magic soldier.

Xie Nianqing, obtained a silver mace.

Qiuyue, got a soft whip.

Pantheon, got a battle halberd.

All of them are magic soldiers of the Eighteenth Town Hall of Life Soul Heaven Court. Among the source-level magic soldiers, they are considered top-level.

And Lu Ming's harvest is of course the biggest.

Not only was cultivation a breakthrough, but also a second type of mysterious technique, the wild type.

In addition, he also obtained the treasure of Hong Huang Jie, the soul of heaven.

Zhendian Shenbing, he also received as many as five pieces.

That's right, five of them, four of which were stolen from the two gods and triple clan.

When the two Divine Lord's triple clan of the human race started fighting for twelve Town Hall Divine Soldiers, they got one each.

Later, two more pieces were made, and after Ye Wu shot, they were taken into the pocket, and finally they were cheaper Lu Ming.

Lu Ming also took it out, intending to share with Xie Nianqing, Pantheon and Qiuyue.

But all three shook their heads, and they got one, enough.

All of them are source-level magic soldiers of the attack type. One is enough. If there is more, they will have no effect. They do not have so much power to urge them. They are all placed on Lu Ming for the time being.

In addition to these gains, Lu Ming also got a lot of broken magic soldiers, which can be used as a ration for the ball.

This trip can be described as a bumper harvest, but Lu Ming was worried about Ling Yuwei's safety.

It's not difficult for them to return. They all wrote down the map of Qu Yi before. According to the map of Qu Yi, they won't get lost, plus there is no danger, they are fast.

It didn't take many days before they left Life Soul Sky Court and entered the thick fog. After a few days, they left the thick fog and headed towards the location of the Destroyer.

Life Soul Heaven is already in the ruins of the universe, so it is not too far away from the location of the destroying army.

After a period of time, they returned to the location of the Destroyer.

As soon as he returned to the Destroyer, Lu Ming and others immediately went to find the Phoenix.

Lu Ming looks for Feihuang for two main purposes.

First, regarding Ling Yuwei, he would like to ask Feihuang to use some resources to investigate Ling Yuwei's safety.

Second, of course it's about souls.

It is a big event that the Lord of Life Soul Heaven Court is not dead, and the taboo power is integrated and reborn.

Such characters as the Lord of Life Soul Heaven Court, once restored to their heyday, have the ability to subvert the universe, this matter, we must inform Feihuang and others as soon as possible, so that they can make good countermeasures.

It is best to bring the opponent closer to their camp.

However, before they came to the retreat of Feihuang, they met an old acquaintance.

Ye Ling!

"You are looking for Senior Feihuang, it seems to be a white run, Senior Feihuang left something!"

Ye Lingdao.

"Senior Feihuang left?"

Lu Ming was shocked.

"Yes, because this is a big thing, this matter is still related to you. I wanted to find you long ago, but you haven't been here during this time..."

Ye Lingdao.

"It's my business, what is it?"

Lu Ming was stunned, but he had a bad hunch in his heart.

"Regarding the two tribes of time and space spirit rats and the world's turtles, Tiangong has worked on these two tribes, trying to destroy the two tribes, or leave a part to completely control the two tribes."

Ye Lingdao.

"what?"

Lu Ming, Xie Nianqing, Pan Shen and Qiu Yue were all taken aback.

Lu Ming was psychologically mad.

Tiangong, dare to brave the world and act on the world's turtles and time-space spirit rats.

It must be because of him.

In Taishang Xiancheng, Bubble and Dandan once helped him deal with the Celestial Clan.

Unexpectedly, the Celestial Clan was so ruthless and so decisive that it would directly destroy the two clan.

Also, bubble and Dandan, how is it?

Lu Ming was extremely worried.

"Lu Ming, you don't have to worry too much. The two families of time-space spirit rats and world turtles seem to guess that they will be in great trouble, so they contacted us one step in advance, wanting to join hands with us."

Ye Lingdao.

"Time and space spirit rats and world turtles, want to join forces with the destroying army?"

Lu Ming was shocked again, which was also beyond his expectations.

"Yes, in fact, you don't know. The time-space spirit rats have already intended to join forces with us, but they have never made up their minds. This time, they are forced to make a decision."

"After receiving the news from the two clan, Senior Feihuang and others have responded to the two clan retreat towards the ruins of the universe. There are many senior masters who respond to it, thinking that it will be fine for the two clan."

Ye Lingdao.

Hearing Ye Ling's words, Lu Ming was relieved.

The two tribes noticed it one step in advance, and spread the news with the Destruction of the Heavenly Army. In addition, there was a response from Feihuang and others. I thought that there should be no major event, and I would safely retreat to the ruins of the universe.

This is better.

Nowadays, Lu Ming and Tiangong are completely opposite, never ending.

But once and for all, Bubble's relationship with him has always been a big rock in his heart.

He was afraid that Tiangong would deal with Dandan and Bubble because of him.

Now that the two tribes are simply cooperating with the annihilation army and come to the ruins of the universe, there is no need to fear that the Terran tribe will deal with the bubble and the dandan.

"Lu Ming, you will wait here with peace of mind. I believe it will not take long for Senior Feihuang and they will come back."

Ye Lingdao.

"Ok!"

Lu Ming nodded, and then Lu Ming, Xie Nianqing, Qiuyue and the four gods returned to their place of residence.

All four of them took out the Zhendian Shenbing and began to refine it.

Without refining, it is difficult to control and exert its power.

Lu Ming also took out the spear.

The spear is golden yellow, just like gold casting.

Lu Ming played for a while, showing satisfaction.

He still prefers the weapon of the lance type.

Bingxuan stick, it's time to retire.

Immediately, Lu Ming began to refine.

Taking Lu Ming's current practice as an example, it is not difficult to refine a spear.

Soon after, Lu Ming was refined.

Chapter 4499: Contained flood

God of War Gun!

After refining the golden yellow spear, a name automatically appeared in Lu Ming's mind.

Is the name of this spear.

Holding a spear in his hand, Lu Ming pierced several shots in a row, and pierced the space into several dark holes.

However, Lu Ming was excellent in controlling the power. The space was pierced, but there was not much movement. Soon, several dark holes in the space healed automatically and disappeared.

Then the thought moved, and the God of War gun turned into a rainbow, flying into Lu Ming's sea of knowledge.

At the next moment, a ring appeared in Lu Ming's hands.

Hong Huang Jie!

Lu Ming's eyes sparkled with dazzling glory.

This is one of the four great treasures of Life Soul Heavenly Court. How mysterious will it be on the Eighteenth Town Hall of Divine Soldiers?

Lu Ming began to refine it.

A day later, Lu Ming stopped refining, and his face was a little uncertain.

"It's so hard to refine, it's many times harder than the Zhendian Divine Soldier..."

Lu Ming whispered, but his eyes were bright instead.

The harder it is to refine, the more representative it is that the Honghuangjie is even more mysterious.

carry on!

Lu Ming continued to refine, and the taboo force was continuously input into the Honghuang Precept.

In this way, another few days passed, Hong Huangjie finally Lu Ming refining.

Lu Ming quickly entered the spiritual consciousness and observed it.

At the next moment, Lu Ming appeared on an endless continent.

"this is..."

Lu Ming's eyes widened, which was naturally transformed by his spiritual consciousness, but there was no difference between feeling and body.

What is in sight is an endless continent.

Inside the Honghuangjie, there is actually a continent.

This continent exudes an unbelievable breath.

Ancient, great, vast, majestic, heavy...

Lu Ming felt that it was difficult to find words to describe this continent.

Moreover, the breath that this continent gave him is very similar to the ruins of the universe, and is also very similar to the breath of Taishang Xiancheng.

However, no matter whether it is the ruins of the universe, or the fairy city, the kind of breath is not as strong as this continent.

"Could it be...this is a wild continent?"

Lu Ming had a thought in his heart, some dumbfounded, and at the same time was shocked by his own thoughts.

In this world, is there a wild continent?

Impossible, wasn't the Honghuang Continent broken in the last era?

Lu Ming immediately rejected this idea.

Because this continent in Hong Huangjie, although large, looks endless, in fact it still has a margin.

Lu Ming has now refined the Honghuangjie. As the controller of the Honghuangjie, he can clearly perceive the area of this continent.

The area of this continent is very large, ten times larger than the Dragon Mother Star.

However, it is absolutely impossible to be the wild continent of the last era.

The Honghuang Continent of the last era, including all the stars and energies of the ruins of the universe and the Honghuang Universe, is too big and too big to know how many dragon celebrities are comparable.

"No, it's not a wasteland, maybe it's made from fragments of the wasteland..."

Lu Ming guessed.

This ring, called Honghuang Ring, can explain many problems.

But everything is Lu Ming's guess, there is no other information, specifically, I will ask the Master of Soul Heaven Court later.

"What a rich energy, is this energy a waste gas?"

Lu Ming whispered and looked carefully.

This continent is full of rich energy, and this energy is very similar to the wild gas in the fairy city of Taishang.

On the mainland, the mountains are undulating, the rivers are crumbling, ancient trees are standing, and there is vitality.

In the high mountains, there are even many treasures of heaven and earth, and ancient tree elixir is everywhere.

But beyond that, Lu Ming did not see any creatures.

This continent has no creatures, not even a small mosquito.

"Treasures are really treasures. If you practice here, the realm of practice will definitely advance by leaps and bounds, but for me, it is of little use."

Lu Ming thought.

Honghuangjie is definitely a rare treasure. If you put other people into cultivation, cultivation is speed, and it will definitely increase rapidly.

Cultivation of chemical environment is so good, it seems that it is really a wild continent of the last era.

But only for the creatures under the God Lord, but for the God Lord, it is useless.

"No, to me, it's not necessarily useless."

Lu Ming flashed suddenly.

The second secret technique he realized, the Honghuang style, came out with the template of the Honghuang continent. When it was used, it would condense a Honghuang continent and suppress the enemy.

However, the flooded continent is only Lu Ming's fantasy, so the condensed flooded continent lacks charm, and the mountains and continents above are also vague.

And if the continent of the flood and abandonment is really created from the debris of the flood and alien continent, Lu Ming can use the flood and abandonment as a template to continue to learn about the flood and the perfection of the flood and the type, so that the power of the flood and the wasteland can become stronger.

Could this be the reason why Life Soul Heaven Court left Lu Ming's ring to Lu Ming?

The Four Greatest Treasures of Life Soul Heavenly Court, and the other three pieces, were taken away by Soul Life, but they left Hong Huang to abstain from Lu Ming, which is not unreasonable.

The continent in Honghuangjie is completely different from the suspended continental debris in the ruins of the universe.

Although the suspended continental fragments of the ruins of the universe were also formed after the collapse of the wilderness continent, the years that have passed for too long, the era has changed, the sea and the mulberry fields have long since decayed, and they have already changed their flavor.

It has long lost the charm of the flooded continent and turned into some 'dead' continent.

However, the continent in the flood and abandonment is like a reduced version of the flood and continent, which is 'alive'.

Although, I don't know how the Lord of Life Soul Heaven Court made it?

Or, it was not made by the Lord of Soul Heaven Court, but by him.

None of this is known.

"Yes, yes, this flood shortage ring has a great effect on me."

There was joy on Lu Ming's face.

He has relatives and friends. In the past, he wandered around. Relatives and friends were either in the riot of the galaxy, or in the angle of the Taixu Holy Pilgrimage, and they did not have a good cultivation environment.

And Lu Ming has never returned to visit, mainly to protect them.

The Taixu Holy Pilgrimage, or the riotous galaxy, is really too remote. He came out and left no clue, Tiangong may not be able to find it.

But once you return, there will be traces of clues, and you may be caught by Tiangong.

But when there is a famine, it is different.

When Lu Ming intends to be free, go back to the area and send his relatives and friends into Honghuangjie, and then bring them to the ruins of the universe.

However, in Lu Ming's mind, there was always a doubt.

Is the role of Hong Huangjie really only these?

After all, as one of the four great treasures of Life Soul Heaven Court, Hong Huang Jie always feels worse if he only has these functions.

The Four Greatest Treasures of Life Soul Heavenly Court, but the top treasures in the universe, the strongest in the origin should be jealous and furiously compete.

It can only be used to cultivate the existence of God below the main realm, it seems that it can not meet the title of the four great treasures.

Chapter 4500: Elves are destroyed

Legend has it that the four great treasures of Life Soul Heaven Court are of great use to the original source realm. The existence of the original source realm must be jealous and desperate for contention.

But now looking at the role of Hong Huangjie, it seems that it can't reach the names of the four great treasures.

At the very least, people in the source environment will not desperately try to do it because there is no use for the existence of the source environment.

Those who are born of great powers and races will also be a little bit moved.

So, Soul Fate left the Honghuang Precept to him as a reward for his salvation, but the other three treasures were taken away?

Or is it that Hong Huangjie still has a role he didn't find?

Lu Ming thoughts came to mind.

In general, Hong Huangjie still slightly disappointed Lu Ming because it did not meet expectations, but Lu Ming quickly adjusted it.

At least, can it be used to cultivate their own family and friends?

When the thoughts moved, Hong Huangjie also turned into a ray of light and flew into the sea of knowledge.

"Well, Ye Ling is here!"

Lu Ming took out the jade symbol.

This sound-carrying jade symbol was made by a strong player in the extinction army who is good at refining the source, and can spread the news far away. Although it is not as mysterious as the magical **** jade in Tiangong, it is usually used. Enough is enough.

Moreover, the fantasy **** jade can only be used in the wilderness universe. Once it enters the ruins of the universe, the fantasy **** jade cannot be used, and the news will be cut off.

Lu Mingling scanned the news in the jade rune, and his face showed surprise.

"The world's turtles and time-space spirit rats are here!"

Lu Ming showed a happy look, directly opened the door and went out.

As soon as he walked out of the room, he saw Xie Nianqing. Qiuyue, the three gods of the gods also walked out of the room.

Obviously, they also received Ye Ling's information together.

The four of them flew towards Feihuang, but halfway through, they looked at the void in the distance, and suddenly a wormhole appeared.

This wormhole is very huge, and then from the wormhole, a figure constantly flew out.

It belongs to the family of the world turtle and the space-time spirit rat.

Lu Ming marveled, needless to say, this wormhole must have been created by the powerful of the space-time spirit rats.

Legend has it that the top powerhouse among the space-time spirit rats can open wormholes in the universe at will, which is mysterious and unpredictable.

Therefore, the space-time spirit rat family has always been mysterious in the universe and has a distinguished status.

Although it is not a top ten race, in the eyes of many people, the status of the space-time spirit rat is not under the top ten race.

Xie Nianqing, Pan Shen and Qiu Yue also marveled.

Although Pantheon is also capable of opening wormholes, there is still a big gap compared to experts such as Time and Space Soul Rat.

The ability of the gods to open wormholes is to inherit the ability of a primitive god. He is not too proficient, and he was not very good at it.

"In the universe, the space-time spirit rat has a very great effect. I really don't know if the Tiangong is dizzy. Will it actually shoot the space-time spirit rat?"

Pantheon.

"It doesn't have to be dizzy, it may have been premeditated!"

Lu Ming said.

"Oh? What do you say?"

Pantheon's eyes moved.

"The family of space-time spirit rats has long deliberately turned to destroy the heavenly army. Perhaps, Tiangong has heard some wind noises for a long time. The ability of the space-time spirit rats can be used for their own use. Naturally, it is good, but once cast into the enemy, it is a disaster. One time I wanted to find a reason to get rid of the family of space-time spirit rats to eliminate future troubles."

Lu Ming analyzed.

Panthen and others nodded again and again, perhaps this is the reason.

"Dandan, bubble..."

Suddenly, Lu Ming's eyes lit up, saw Dandan and bubbles, and flew out of the wormhole.

The big rock in Lu Ming's heart was finally put down. Once Dan and Bubble were fine, he was relieved.

"Lu Ming!"

"Brother Lu Ming!"

Dan Dan and Bubble also found Lu Ming and flew over quickly.

"Lu Ming, something big happened..."

As soon as he arrived, he cried.

"I know, you were chased by the Tiangong, fortunately, you are all right."

Lu Ming smiled.

"Not us, it's elves..."

Once and for all.

"What? Elves?"

Lu Ming suddenly shuddered in his heart, and had a bad hunch.

Could it be that Tiangong has also started on the elves?

"We got the news that Tiangong sent a large army to kill the elven clan, to wipe the elven clan from the universe..."

Once and for all.

Lu Ming's face was ugly and dying, and he asked, "How is the elven race now?"

"When we got the news, it was too late. It is said that the elven clan's mother star has been broken, countless elven clan has been killed, and the elven clan is annihilated. I am afraid it is inevitable."

Sighed.

Lu Ming's heart kept sinking.

He thought of being in the heaven of life and soul, forcing the human race to see if he saw Ling Yuwei.

Everyone in the Celestial Clan said they did not see Ling Yuwei.

Lu Ming guessed at the time, perhaps Ling Yuwei did not go to the Life Soul Heaven Court, something was delayed.

Now it seems that it is most likely because of the Tiangong invasion of the elven clan.

The Tiangong attacked the elven clan. Even if the Soul Primal Stone fragment changed, he flew away, and Ling Yuwei might not have thought about it.

So, how is Ling Yuwei now?

Lu Ming took a deep breath, calmed herself down and asked, "You guys, do you have any news about Elf Princess Ling Yuwei?"

"No, it is said that the star domains where the elves are now are completely messed up, and the strongmen of the Tiangong are everywhere hunting elves, flying phoenixes, and some seniors of our two families have rushed to the elves, want Rescued part of the elven clan and brought it to the ruins of the universe, but it is difficult to say how many people can save the elven clan."

Once and for all.

"Dan Dan, bubble, you stay here, take a good rest, I still have things, I won't entertain you!"

After talking, Lu Ming turned around and left.

"Lu Ming, I will go with you!"

"Master, wait for me!"

Xie Nianqing and Qiu Yue shouted one after another, followed by the landing crow.

Lu Ming's thoughts were clear to them. They naturally knew that Lu Ming wanted to go alone to the elven clan to find Ling Yuwei.

"Yeah Lu Ming, let's go together so we can have a look."

All gods also came and said.

"Brother Lu Ming, take me!"

Bubbles also flew over.

"No, you can't go, stay here."

Lu Ming said with a heavy face.

Now, these people are all in the eyes of Tiangong, and the star fields where the elves are located are full of masters in Tiangong.

Once they are past, if they are discovered by Tiangong, they will definitely be chased and killed in a crazy way, very dangerous.

Lu Ming did not want Xie Nianqing and others to follow him to take risks.

However, on this trip, he must go.

He must find Ling Yuwei, regardless of life or death.

He took too much of Ling Yuwei.

This time, the elven tribe has encountered great difficulties. It can be said that it is because of him.

If it weren't his fake 'Muyun', it happened to be Ling Yuwei's fiancé, and the elves would not be so close to him, nor would they be jealous of the Celestial Clan.
