Chapter 4511: Desperate Ye Chu Tianji

Ye Chu Tianji wants to summon the source-level Divine Soldier's armor to resist Lu Ming's attack, but in the elven ancestral lands, there are heavy restrictions and the Divine Soldier cannot be used.

Ye Chu Tian Ji desperately burned the power of the sky, urged the source-level Divine Soldier's armor, and let the source-level Divine Soldier's armor emerge, but the next moment, a powerful force of restraint was pressed against the body. Going on, the source-level Divine Warframe on him shivered, dimmed, and shrunk again, and re-entered into the body of Ye Chutian Ji.

"Damn..."

Ye Chu Tianji shouted in his heart, but Lu Ming's attack was about to be attacked.

"Lu Ming, I fight with you."

Ye Chu Tianji roared, revealing the color of incomparable heartache, and then slammed, madly urged the original seed.

He urged the original seed, and let the original seed rush into the source armor.

Buzz!

That source-level Divine Soldier's armor shook again, exuding a gorgeous glow, and emerged again, enveloping Ye Chutian Ji in it.

boom!

The continent transformed by the wilderness was bombarded on the body of Ye Chutian. The body of Ye Chutian flew out like a shell, hitting the ground and smashing the ground out of a big pit.

But this time, Ye Chu Tianji immediately rushed out of the big pit, his face pale, and blood continued to overflow from the corner of his mouth.

However, the injuries were not serious, only minor injuries.

Most of Lu Ming's attack power was absorbed by the source-level Divine Soldier armor.

"Actually burned the original seeds, really willing..."

Lu Ming moved.

Here, there are heavy prohibitions. Under normal circumstances, it is difficult to urge source-level magic soldiers.

However, it is different when the native seeds are burned.

Source-level magic soldiers need to be urged by the power of the source.

The power of the source, like a lead, can ignite the power of the source level soldier.

However, in the original seed battle, Ye Chutianji only got the third grade position. The original seeds he condensed were not large, and the contained original power was not much, and they could not be manipulated to deal with or attract. Source level soldiers.

Therefore, Ye Chutian Ji simply burned the entire source seed to urge the source-level Divine Warframe, so as to be able to urge the source-level Divine Warframe.

However, after the source seeds burned, they would disappear completely.

The source seed, but the shortcut to the source state, is now burned by Ye Chutian Ji, and he is really heartbroken, and his hatred for Lu Ming has skyrocketed dozens of times.

"Lu Ming, you **** miscellaneous, you wait, you wait for my crazy revenge, I will let you live better than death, life is better than death..."

Ye Chu Tianji's face is extremely unbearable, all terrible killings, he really hated Lu Ming, he vowed that in the future, Lu Ming must suffer the greatest pain in the world.

"boom!"

Lu Ming was too lazy to pay attention to him, and it was another wild style. He blasted towards the Ye Chu Tianji and blasted the Ye Chu Tianji into the earth.

But Ye Chu Tianji rushed out empty and fled towards the distance, shouting while fleeing: "Lu Ming, I have a level-class warrior armor, you can't kill me, ha ha ha, you I can't kill me, wait for my revenge, ha ha ha..."

Ye Chutian Ji laughed wildly.

Lu Ming's eyes were cold and silent, and he secretly urged the source seeds. The source power inside the source seeds poured into the God of War gun.

Keng!

The strength of the source entered the body, and the God of War gun seemed to recover, breaking through the heavy prohibition outside and appearing in the hands of Lu Ming.

call out!

Lu Ming stabbed with a shot and stabbed Ye Chutian.

However, the entire body of Ye Chu Tianji was enveloped by the source-level Divine Soldier's armor. This gun was only stabbed on the source-level Divine Soldier's armor.

The source-level magic soldier exuded the harsh-level magic soldier to the source-level magic soldier, which was extremely unpleasant. This time, Ye Chutian's body flew tens of thousands of miles away directly. , With a trace of fear.

Because he discovered that the source-level Divine Soldier's armor actually sunk a large chunk and was destroyed.

This is a source-level magic soldier, which was actually destroyed, which is too scary.

Originally thought to be active-level magic soldier protection, he can sit back and relax, and can definitely support him to escape from the elven ancestral land.

But now it seems, not necessarily.

call out!

Lu Ming's offensive continued, after the first shot, the second shot followed immediately.

Ye Chu Tianji was shocked, backed frantically, flashed his body frantically, trying to avoid Lu Ming's shot.

However, he thinks a lot, Lu Ming's speed is obviously far above him.

In the end, Lu Ming shot Ye Chutianji again with the second shot, and it was the same position as the first shot.

Ye Chu Tianji screamed, and his body flew tens of thousands of miles.

He glanced down, his frightened soul scattered.

Because, the pit of the source-level Divine Soldier's armor is bigger, and even above, he also saw a small crack.

Although it is very small, it is really a crack.

The source-level Divine Warframe is to be penetrated.

His heart was shaking, it was caused by fear.

He knew that the source-level magic soldier in Lu Ming's hands was higher than his source-level magic soldier's armor, otherwise it would not be the case.

"Spread the news, send the news..."

Ye Chu Tianji thought about it, and then suddenly urged Dream Shenyu to send a message to him: "Lu Ming is..."

Ye Chu Tianji shouted at the fantasy **** jade with soul fluctuations.

But just after a few words, Lu Ming's third shot arrived again. The position of this shot was the same as the previous two shots.

Click!

The source-level Divine Warframe on the body of Ye Chutian made a broken sound, and cracks were cracked on it, and even a small hole appeared in the center of the pit.

The hole is very small, but there is still a ray of gun rushed into it, stabbed on the body of Ye Chutian.

Ye Chu Tianji screamed, and his body exploded into a big hole.

However, Ye Chutian Ji was just hit hard and not dead.

In his eyes, the color of decisiveness appeared, and he continued to shout: "Lu Ming is in the elven clan! Revenge for me!"

After roaring with soul fluctuations, Ye Chutianjiao laughed: "Lu Ming, I have heard the news, even if you kill me, you will die, you will not escape, ha ha ha!"

"hateful!"

Lu Ming's face was a bit gloomy.

He attacked continuously, but the opponent's source-level Divine Warframe was too hard. Even the sharp edge of the Divine Gun was not able to penetrate with one shot.

This gave Ye Chu a chance to let him spread the news.

It takes a little time to spread the news with the fantasy **** jade, but this time is very short. After a little delay, the news will spread.

Now, the outside human race knows that he is inside, he wants to get out, it is not so easy.

"Let me go to the road first!"

Lu Ming spoke indifferently, the man and the gun were united, and turned into a dazzling lance, stab at Ye Chutian Ji.

Ye Chu Tianji was naturally not willing to be killed and desperately dodge, but at this time, under the serious injury, it was a fantasy to want to avoid Lu Ming's attack.

puff!

The fourth shot, where it was stabbed, is the same as the previous three shots.

Chapter 4512: Try to leave

But this time, Ye Chutian Ji's source-level Divine Warframe has been pierced, and it is no longer possible to block Lu Ming's attack.

puff!

The terrible gunmans penetrated through the body and rushed into the body of Ye Chutian Ji.

"Ah, Lu Ming, Tiangong will not let you go..."

Ye Chu Tianji made a scream, and then his body jumped out under the destructive power of the gun.

Even his soul was annihilated together.

Ye Chu Tianji, die!

This time, it is really dead, and it is impossible to resurrect.

The strongest former son, who had just broken through the main realm of God, was ambitious and wanted to revenge Lu Ming, and eventually buried his life in Lu Ming's hands.

In the air, only that source-level warrior armor was left, suspended there, and the light was dim.

Lu Ming reached out and grabbed this source-level warrior armor in his hand.

"Pity!"

Lu Ming shook his head.

This source-level Divine Soldier's armor is destroyed, if it is intact, the effect is too great.

Lu Ming's defensive power just now was very heart-stirring. If it weren't the God of War weapon, it was the top-level of the source-level Divine Soldier, and it was difficult to break this source-level Divine Soldier's armor.

With such armor and armor, you can save your life at a critical moment.

In the wilderness universe, source-level magic soldiers are already extremely rare, not to mention defensive source-level magic soldiers.

Every piece is extremely rare, and every piece is a treasure of the world.

This source-level Divine Soldier's armor, even the strongest of the original source, must fight for it.

This is too scarce, and this can be known from the Eighteenth Town Hall Divine Soldier of Life Soul Heavenly Court.

All the 18th Town Hall Divine Soldiers are attacking Divine Soldiers, and none are defensive Divine Soldiers.

This can be seen.

But now it has been destroyed and has little effect.

"Keep it first and see if you can find someone to fix it later. If you can't, you can only give it to the ball."

Lu Ming thought.

Speaking of the ball, Lu Ming couldn't help but looked at the ball on his wrist.

In the Life Soul Heaven Court, the ball swallowed the broken source-level Divine Soldier, Xiu Wei reached Divine Emperor Jiuzhong in one fell swoop.

Later in the **** formation, they stayed for three hundred years.

During this period, Lu Ming ate the other broken source level soldiers and the broken main level soldiers.

During that time, the ball has been digesting those broken source-level magic soldiers and broken main-level magic soldiers.

Lu Ming originally thought that, depending on the physique of the ball, he would soon be able to break through to God's realm.

But in fact, the ball did not break through, still in the Divine Emperor Jiuzhong.

This puzzled Lu Ming a bit. Did the ball also encounter a bottleneck?

Or are there not enough broken source-level magic soldiers to eat?

During this time, Lu Ming was sleeping and concentrating on refining, and Lu Ming did not ask.

"Lu Ming, what should we do now?"

Ling Yuwei flew over and asked.

"Yu Wei, you are advanced in my space. I will perform a great imitation technique to try it out."

Lu Ming said.

"Well, you have to be careful!"

Ling Yuwei nodded, and then entered the famine.

Lu Ming turned into a young Celestial Clan, which was one of the people who came in before, and then went to the exit of the first floor.

At this moment, outside of the elven ancestral land, the pot has already exploded.

Several breaths of terror echoed in the void, filled with terror pressure.

"Lu Ming is in the ancestral land of the elves, damn, Ye Chutian Ji is in danger!"

King Yechu roared.

There are many factions in the Celestial Clan, most of them are divided according to surnames.

Ye Chu Tian Ji is the strongest arrogance of the Ye Chu School. It has an infinite future. It has been fully cultivated by the Ye Chu School and it is unknown how much resources it has spent.

But just hearing the news from Ye Chutianji, he seems to be in danger.

"Ye Chu Tianji, has broken through the main realm of God, is it not Lu Ming's opponent?"

Ye Ling frowned.

"Then Lu Ming, too evil, can not be measured by common sense, maybe he also broke through to God's realm, although incredible, but we have to make such preparations?"

Yesterday, the murderous opportunity in his eyes became stronger and stronger.

"How did Lu Ming get in? Is he already there, with the elven princess? Or, did he mix in with Ye Chutianji before?"

Ye Ling Fit said.

"It's hard to say, it's possible!"

Yesterday.

"If it was really mixed with Ye Chutianji and them, then this person is easy to fake the trick, it is really wonderful, even we can cheat, maybe, wait a minute and fake our person, from inside come out."

Ye Ling Fit said.

"Brother Fit and I thought about going together!"

King Yechu nodded, and then his voice rose suddenly, sounding in everyone's ears: "Listen, everyone who comes out of the elven ancestors behind, no matter who it is, don't let it go, take it down, and give it to us for questioning. ."

"Yes!"

Others answered loudly.

...

Lu Ming went through the ninth and eighth floors...

Soon, came to the entrance of the first floor.

Looking at the entrance and exit, Lu Ming frowned.

Do not know why, he felt that this trip will not be so easy.

Now that he has received the news of Ye Chu Tianji, the people in Tiangong will certainly not let him go so easily.

Perhaps all the people who come out must be examined in detail.

Lu Ming performed a great imitation technique. Although he could hide the Tianjun-level characters, it was because the other party did not check it in detail.

If the other party wins him, a detailed inspection will certainly reveal the signs.

Without saying anything else, just give him a few words, you can see the flaws.

He just imitated each other's appearance and breath, and the other's memory, he didn't know anything about it.

However, no matter what, always try.

Lu Ming stepped out and entered the exit. The next moment, Lu Ming appeared in the hall outside.

However, Lu Ming stood on the edge of the entrance, not stepping forward, but glanced at him.

Then, there was a chuckle in my heart.

In the main hall, there are many masters of Tiangong, who will exit the water around the gate.

At this time, these people's eyes fell on Lu Ming, with a trace of doubt in his eyes.

"Ye Lingxuan, it turns out to be you? Why are you coming out alone? What about the others?"

Asked a big man of the Celestial Clan.

Lu Ming realized that the young man of the Tianren tribe he imitated was named Ye Lingxuan.

"This is the case. I have a feeling for the time being that there may be signs of breakthrough in my realm, so Lord Tianzi let me out and go back to Heaven Palace to retreat and break through."

Lu Ming said.

This reason is actually quite appropriate.

Some people may feel the opportunity to break through temporarily. It is normal to go back to find a stable breakthrough.

If there is no news from Ye Chutianji, most of the time, he will be able to confuse him and successfully leave here.

However, now these people are just suspicious.

Their spiritual knowledge swept up and down on Lu Ming to ascertain the origin of life. Ye Lingxuan was indeed right.

However, Tianjun ordered that no matter who came out, he would win.

Chapter 4513: Provoking Tianjun

"Okay, Ye Lingxuan, you come out first, the breakthrough is important, hurry back to the Tiangong to break through."

The middle-aged Han Dao of the Celestial Clan, an urgent light flashed in his eyes, was clearly captured by Lu Ming.

"If I think about it carefully, it's still forgotten. It's too far to go back to Tiangong. I'm afraid it's too late. You are worse than that. If you put together some medicine for me, I will break through in the elven ancestral land. How?"

After speaking, Lu Ming moved slowly, and he was about to re-enter the elven clan.

The people around were suddenly anxious.

"Ye Lingxuan, you come out first, what are the conditions, just mention it."

The middle-aged man of Tianren race slowly approached Lu Ming.

"It seems that these people would rather kill a hundred by mistake than spare one..."

Lu Ming sighed in his heart that it was impossible for the person who wanted to pretend to be a humanoid.

"Take him down!"

Outside the hall, there was a burst of roar, and then a powerful force rushed in, rushing towards the landing, wanting to suppress Lu Ming.

This is the shot of a Tianjun-level character.

Lu Ming did not hesitate, his power exploded, and his body rushed into the vortex. The next moment, Lu Ming appeared on the first floor of the elven ancestor land.

As soon as Lu Ming rushed into the vortex, King Yechu rushed in, his face extremely gloomy.

"That kid, Lu Ming, Hugh wants to go..."

King Ye Chu roared and rushed into the whirlpool. The next moment, he also appeared on the first floor of the elven ancestral land.

Lu Ming was shocked when he saw King Yechu, and his figure quickly backed away.

"Lu Ming, Ye Chutianji, how are you treating him?"

King Yechu roared, grabbed it, and formed a huge palm, pressing toward the landing. The palm had not yet arrived. The power of terror had already pressed against Lu Ming.

bump!

The ground beneath Lu Ming's feet exploded directly. His bones crackled and exploded, breaking dozens of them.

He wanted to retreat, he wanted to dodge, but he couldn't do it at all. He was completely suppressed by this force, and his body could not move.

"Trouble!"

Lu Ming looked ugly.

But at this moment, the emerald green glow suddenly appeared in the void. These glows emerged from the sky and earth, like a wave, pouring into the great hand of King Yechu.

The roar of King Yechu shook violently, and then, like a porcelain, a crack appeared.

At the last touch, it burst apart.

Then, the emerald green glow rushed towards King Yechu.

"Break me!"

King Yechu shouted, and a war sword appeared in his hand. This was the main class soldier. He shouted, and the power of the Xeontian exploded, struggling to cut out a sword, and wanted to split the emerald green glow.

However, after the War Sword splits into the emerald green glow, it is like a rock sinking into the sea, and has no effect on the emerald green glow.

The emerald green glow hit King Yechu's body. His body was shocked, and he could not help but retreat, and a spit of blood spewed out.

"Old elves..."

King Yechu roared.

This is a ban imposed by elven clan ancestors.

Once the age is over, it will be suppressed by the ban.

Obviously, this kind of prohibition is very powerful, even the existence of Tianjun can't resist.

"Lu Ming, surrender obediently, leave you whole body!"

King Yechu shouted, his eyes cold.

"Yechu Tianji used to say this to me, but now I have been killed."

Lu Ming said lightly that the source-level Divine Warframe of Ye Chu Tianji appeared.

Moreover, he also turned into the original appearance, anyway, already guessed, there is no need to hide.

"you wanna die..."

King Yechu roared, looking at the source-level Divine Warframe in Landing Ming's hands, fire was coming out of his eyes, and the rich killing almost turned into substance.

The source-level Divine Soldier's armor is in Lu Ming's hands, indicating that Ye Chu Tianji is really dead.

This strongest emperor, a peerless demon with twelve star power, was killed by Lu Ming in this way. This is a huge loss for the Celestial Clan.

For their Yechu faction, it is even more incalculable loss.

His heart was bleeding.

"Oh, kill me, come, I'm here, come and kill me!"

Lu Ming stretched out his arms and looked like you were waiting to kill, so that the teeth of Ye Chu's king were itchy.

He roared and wanted to kill Lu Ming, but was rushed by the green glow and couldn't help but retreat.

And now the green glow between heaven and earth is getting stronger and stronger, converging together, and constantly rushing towards King Yechu.

puff! puff!

King Yechu spit out a few more mouthfuls of blood, his face was pale, and his injuries were already serious.

If this continues, he will be killed by the restraining force here.

"Lu Ming, you can't walk away. The Tianzun of my Tiangong will come soon, breaking the prohibition here. When the time comes, your end will be miserable, I promise..."

King Yechu yelled, and then retreated, exiting from the exit of the elven ancestral home.

Lu Ming's face dimmed.

The situation is really bad.

The exit was blocked and could not go out at all, so I could only stay in this elf ancestral home.

Once the Heavenly Venerable of the Heavenly Palace comes and breaks the prohibition of the elven ancestral land, he will have no way to escape.

"Try to send messages to Senior Phoenix..."

Lu Ming took out the Jade Talisman, which is unique to the Miantianjun, but it was useless. The news could not be transmitted, and was blocked by the ban here.

"Really finished, this prohibition..."

Lu Ming really loved and hated the ban on the elven ancestral land.

If there is no such prohibition, the people in Tiangong will have already killed in. But now this prohibition prevents him from spreading the news. Without helpers, he will be dead sooner or later.

Lu Ming tried it several times in succession, and it was useless.

Later, he came to the second floor to try, still useless.

The second-tier prohibition is stronger, and the news cannot be spread.

"Find Yu Wei to ask for news!"

Lu Mingling was in the process of exploring Lu Honghuang's precepts, and contacted Ling Yuwei, and then waved, Ling Yuwei appeared in front of him.

"Lu Ming, what kind of treasure are you, it is really amazing..."

Ling Yuwei said in shock when she saw Lu Ming.

Now, those elf races in Hong Huangjie were shocked.

The continent inside Honghuangjie is really too big, and the cultivation environment is really good, giving Ling Yuwei a feeling of being in Taishang Xiancheng.

She explored at random just now, and was shocked.

"This is called Honghuangjie, but it is the treasure of the soul of heaven."

Lu Ming didn't hide, he just said it.

For Ling Yuwei, he did not want to hide.

In fact, there is no need to conceal, because in the Soul Soul Heaven Court, there are a lot of Tianren races who have not died. It is estimated that now the upper level of the Tiangong Palace knows that he has been given the famine.

"It's actually the treasure of Life Soul Heaven Court!"

Ling Yuwei was also deeply shocked, and said: "Did something happen to Life Soul Heaven Court, the piece of Life Soul Yuan Stone I flew away by myself..."

Lu Ming and Ling Yuwei exchanged simple things about Life Soul Heavenly Court. Ling Yuwei's Life Soul Primal Stone Fragments did fly away on their own, but that was a great trouble for the Elven Race.

Chapter 4514: Tianzun killed

Lu Ming also briefly told the story of the Soul Heaven Court, and asked, "Yu Wei, the elven ancestral land, are there any other exits?"

"No, what's wrong, the previous exit, can't get out?"

Ling Yuwei said.

"Can't get out, the news was spread..."

Lu Ming said the previous thing again.

Ling Yuwei's face was dignified again, and for a long time, Ling Yuwei landed with Ming's big hand and said: "Lu Ming, it's hurting you!"

"Silly girl, what are you talking about? It's me who has troubled you. You can rest assured that even if I die, I will send you out safely."

"Also, you hold this sacred tree seed, if you can escape, you can plant it."

Lu Ming took out the seed of the holy tree he had left and placed it in Ling Yuwei's hands.

"Lu Ming..."

Ling Yuwei's eyes turned red, saying: "You can't die, I don't allow you to die, I want you to use my life to compensate me."

"Hahaha, rest assured, I have lived with Lu Ming for so many years, what scene haven't seen? Tiangong wants to kill me, it's not that easy."

A cold light flashed in Lu Ming's eyes.

Since there is no other way, you can only do one.

Lu Ming also has a trick card, that is the copper copper coffin.

At this time, Lu Ming didn't want to open it, he had to open it.

While the former Tianzun level has not yet arrived, Lu Ming intends to use a copper copper coffin to fight, otherwise, when the Tianzun level strong man comes, he may not be able to escape even if he uses the copper copper coffin.

Lu Ming let Ling Yuwei rush into the famine, and then summoned the copper and copper coffin, striding toward the entrance and exit.

Soon after, Lu Ming passed through the entrance and exit and came to the main hall again.

Of course, Lu Ming was close to the whirlpool and was ready to go.

"It's Lu Ming..."

Lu Ming was discovered as soon as he appeared.

Those in the Temple of Heaven looked at Landing Ming in surprise. Apparently, Lu Ming dared to come out.

"Tianjun is not..."

Lu Mingling swept away and knew that Tianjun was not here.

Also, Lu Ming has been discovered. The people in Tiangong had never expected that Lu Ming would dare to come out from the inside. Therefore, Tian Jun was not guarding this hall, but was outside.

"Take him down!"

The people in Tiangong reacted, yelled and rushed towards the landing.

Various attacks also rushed to the landing.

"Fuck you guys!"

Lu Ming sneered, holding the copper copper coffin with both hands, pushing hard, trying to open the coffin lid of the copper copper coffin.

However, the lines do not move.

The coffin cover of the copper copper coffin was immobile and did not move at all.

"what happened?"

Lu Ming was a little anxious and pushed hard again, but still nothing.

At this moment, the attack of those masters in Tiangong has already been attacked. There are some scary masters in it.

At a critical moment, Lu Ming could only lay the copper copper coffin in front of him, and his body drove backwards.

Dangdang...

Many attacks bombarded the copper and copper coffins, sending out violent vibrations and powerful forces that made Lu Ming retreat faster and rushed directly into the vortex, disappearing.

At the next moment, Lu Ming appeared on the first floor of the elven ancestral lands, and the powerful force still took him back, spitting out blood.

Lu Ming's face was pale. Although he had blocked the attacks with a copper copper coffin, he was still injured by the anti-shock force.

However, Lu Ming's face is ugly, he is more concerned about the copper copper coffin.

Just now, what happened to the red copper coffin?

Try again!

Lu Ming continued to push the coffin lid of the copper copper coffin, but it remained unmoved.

No matter what method Lu Ming uses, he can't open it.

"Nest, drop the chain at a critical moment..."

Lu Ming really wanted to swear.

What's wrong with the copper copper coffin? Something went wrong and it couldn't be opened. It used to open very well.

When Lu Ming just got the copper and copper coffin, the cultivation base was very low, and he could open the copper and copper coffin. Now that the cultivation base has reached the main state of God, he can't open it?

What happened? Is it related to the past?

The copper opened the copper coffin last time. After being sucked into the copper coffin in the past, Lu Ming never used the copper coffin again.

Now I can use it, but I can't open it.

The copper and copper coffin is useless. His strongest cards are gone. How can he rush out?

Soon after, Lu Ming returned to the first floor and sat cross-legged.

No way, I can only take one step at a time.

Staying on the first floor, Lu Ming observes the movement outside at any time.

But behind Lu Ming, there is the entrance to the second floor, which is also to prevent accidents. Once there is something wrong, you can quickly rush into the second floor.

Lu Ming didn't wait long.

Two days later.

Rumble!

The earth and the earth suddenly shook, the whole earth, the whole earth and the earth, all tremored violently, and then, the ground and the void, the emerald green rays of light continued to diffuse out, rushing in one direction.

"A strong man rushed in. Isn't it a figure of Tianzun level."

Lu Ming was shocked.

Lu Ming did not guess wrong, at this moment, Tiangong did mobilize a Tianjun-level figure.

This is an old man named Minghua Tianzun. When he arrived, he rushed directly into the elf ancestral lands, which naturally caused an attack prohibited by the elf ancestral lands.

The first layer of the world, endless emerald green rays, rushed towards the Heavenly Man Tianzun.

However, as soon as Minghua Tianzun's palm chopped, he split these rays of light.

He glanced as if it had penetrated the void and landed on Lu Ming.

"Lu Ming, today, you can't escape without wings."

Minghua Tianzun opened his mouth, and his voice spread across the first layer of the world in an instant. He stepped out and stepped closer to Lu Ming.

"It's really a respectable character, retreat!"

Lu Ming was shocked, and as soon as his figure flashed, he rushed into the entrance to the second floor, and then flew towards the entrance to the third floor.

Soon after Lu Ming entered the second floor, Minghua Tianzun also reached the entrance just now, stepped out, and entered the second floor.

As soon as he reached the second layer of the world, an infinite emerald green glow emerged from the second layer, rushing towards Minghua Tianzun.

The Xianguang is all over the place, converging together, like the ocean and the sea, bursting out.

Minghua Tianzun, still with the palm of his hand like a knife, came out in one shot, and a huge sword light burst from the palm of his hand and cut into the emerald green glow.

Rumble!

The sky and earth shake, and the emerald green rays of light continue to bounce out.

However, there are more Xia Guang, rushed down Minghua Tianzun.

The restraining power of the second layer is obviously much stronger than the first layer.

However, still unable to stop Minghua Tianzun, he kept splitting the palm of his hand, breaking the Xiaguang, and chasing towards Landing Ming.

Regarding the elven ancestral land, Lu Ming was already familiar with the road, and soon came to the entrance to the third floor, entered the third floor, and then rushed to the fourth floor nonstop.

On the second floor, it didn't matter how long Minghua Tianzun stayed. Soon, he also came to the third floor.

Chapter 4515: Forbidden

The taboo power of the third floor is even more terrifying. When Minghua Tianzun stepped on the third floor, the sky of emerald green rushed towards Minghua Tianzun to drown him.

"Several elders of the elven race, when they are alive, they still have to bow down in front of me, and they want to stop me after their death, ridiculous!"

Minghua Tianzun spoke indifferently, and thousands of lightnings erupted from him.

This is the power of punishment.

The power of heaven punishment at the level of Tianzun is really terrifying. I don't know how many white lightnings erupted at once. I don't know whether it is hundreds of thousands of roads or millions of roads. The emerald green rays collided together.

Rumble!

The earth and the earth are shaking, the space is torn apart, and the earth is constantly exploding.

On the ground, there are huge pits, and there are cracks spreading hundreds of thousands of miles.

The entire third-tier world seems to be torn apart.

Not only that, but also affected the first and second world.

The first layer and the second layer of the world are constantly shaken, and the earth has cracks, and the whole world has become extremely unstable.

The third floor is near the entrance of the fourth floor, Lu Ming's face is very dignified.

The existence of Tianzun level is too strong. The prohibition of elven ancestral lands can hardly block each other.

After all, this is a living native powerhouse, but the elf ancestral land is prohibited by the cloth, but there are only a few native powerhouses that have fallen.

The strength is strong and a sharp contrast is formed. The elven ancestral land naturally cannot stop a living Tianzun.

"The elven ancestral land is about to explode!"

Lu Ming's face was solemn and he rushed into the entrance of the fourth floor without hesitation. After coming to the fourth floor, Lu Ming rushed to the entrance of the fifth floor without hesitation.

The further back, the stronger the restraint force is. Lu Ming hopes that the later restraint can block the other party.

Even if you can't stop it, you can delay it for a while.

The longer the time delay, the more likely the variables will appear.

Soon after Lu Ming came to the fourth floor, Minghua Tianzun also came to the tenth floor.

The restraining power of the fourth floor is obviously more powerful than the third floor. The emerald green glow here almost condenses into substance, and turns into runes, winding towards Minghua Tianzun.

"Cut me!"

Minghua Tianzun shouted, the power of heavenly punishment appeared in his right hand, and the power of heavenly jaws appeared in his left hand.

With a wave of war sword, the infinite sword light burst out in all directions.

The restraining power of the elven ancestral land was broken open, and a scary sword mark appeared on the ground, almost splitting the entire fourth-tier world.

He strode forward and approached Lu Ming constantly.

Lu Ming also exerted his speed to the extreme and hurried away.

In this way, the two chased and fled, and came to the fifth, sixth, seventh...

Soon after, Lu Ming came to the ninth floor.

And Minghua Tianzun, also chased the ninth floor.

The ninth level of restraining power has almost reached its peak.

Not only that, the restraining forces of the previous eight layers also gathered together on the ninth layer, and turned into countless runes. These runes also condensed a huge arrow.

Each of these arrows is as long as a hundred miles, shooting towards Minghua Tianzun.

"The elven ancestral land, there are only nine floors in total, Lu Ming, now see where are you going?"

Minghua Tianzun spoke indifferently, and the voice came from far away, as if he was catching a cat or a mouse.

As he spoke, a war sword appeared in his hand.

This war sword exudes terror waves.

This is the source level soldier.

As the veteran Tianzun of Tiangong, it is normal to have source-level magic soldiers.

Keng!

The source-level war sword vibrated and made a loud sword sound, and the sword qi rushed into the night, which instantly inspired hundreds of thousands of sword qi and collided with the arrows of the sky.

Rumble!

The collision between the two sides, ruining the world, terrifying energy, sweeping all directions.

If this confronts in the universe, I am afraid it can destroy a galaxy.

The strength is too strong, and the elven ancestral land cannot withstand such a terrible collision.

The space bursts out, the earth splits, and the explosion continues.

The first to bear it is the first floor.

The first layer of restraining power is already the weakest. At this moment, it gathers to the ninth floor to suppress the Minghua Tianzun. The restraining power of the previous layers is even weaker, and the protective power has become too weak to bear. That terrible aftermath.

In the first world, the earth was completely torn, and the void was full of fierce cracks, which looked terrifying.

Then, the big bang erupted, the first layer of the world, constant explosions, constant annihilation, was sucked into the endless dark void.

The elven ancestral land, the first world, is destroyed.

Then, there is the second layer, the third layer...

Layer by layer explosion.

The evil spirits in those stone towers also turned into ashes in the power of terror, and the smoke disappeared.

Lu Ming sees this scene in his eyes through the cracks in space.

He took a breath, and his heart was very heavy.

Soon, Lu Ming came to the entrance to the tenth floor.

Standing here, Lu Ming didn't move and didn't rush into the tenth floor. He wanted to observe the situation.

At the same time, he once again took out the copper and copper coffin and wanted to open it, but as before, the lines were still.

"Chop, chop, chop!"

Minghua Tianzun shouted and the sword of war continued to cut out. However, this layer of restraining power was also extremely powerful. The most important thing was that the tenth layer of restraining force was also triggered and gathered together to suppress the Minghua Tianzun And go.

For a time, the two sides formed a stalemate, Minghua Tianzun, can not be rushed for a while.

This made Minghua Tianzun's eyes flash with anger.

He went out in person, but Lu Ming couldn't take Lu Ming for a while, making him extremely uncomfortable and feel embarrassed.

He screamed, continually stimulating the momentum, against the restraining power of the elven ancestral land.

At this time, the restraining power of the elven ancestral land has also reached its peak state, and the endless emerald green glow has actually condensed three huge figures.

These are the three elven tribes. They radiate a tremendous amount of light all over the body, they can't see clearly, but they can feel it. The breath is extremely terrifying, and they are definitely the top strong.

"Is this the three strongmen in the elven clan's history?"

Lu Ming moved.

The prohibition works to the extreme, and it actually condenses the existence of the three origins.

At the same time, they bent bows and arrows and shot arrows at Minghua Tianzun respectively.

There are only three arrows, and it's not big, but Minghua Tianzun's eyes are extremely dignified.

Two marks appeared on his eyebrows, as if it resonated with the universe. At this moment, his power became stronger.

call out! call out! call out!

He struggled to cut out three sword lights, and cut three arrows.

After three consecutive roars, the three arrows were blocked, but the sword light cut by Minghua Tianzun also dissipated.

"kill!"

Minghua Tianzun shouted, and his figure rose to the sky, killing one of the elven clan's native realm.

Chapter 4516: Taboos are weakening

Minghua Tianzun killed the elves of the elven clan's original realm with all his strength, and urged the source-level war sword to destroy the arrows of this elven clan's original realm with one arrow. The war sword continued to cut out and wanted to be broken one by one.

However, these three elven clan strongmen are not real creatures, but the power of restraint. In fact, they can also be said to be one.

Therefore, with the perfect match, the two of them shot two terrible arrows, straight to Minghua Tianzun's eyebrows and Dan Tian.

The practitioners, Mei Xin and Dan Tian, are absolutely crucial.

The speed is too fast, the timing is too accurate, and the power is too strong.

Minghua Tianzun did not dare to agree, he could only resist with all his strength, and naturally he could not attack one of them.

In this way, the two sides have come and gone, and have played more than ten rounds.

The aftermath of the war between the two sides caused serious damage to the elven ancestors.

At this time, the first six floors have all exploded and disappeared, and the seventh floor is also full of holes.

On the seventh floor, many stone towers cracked, and many evil spirits rushed out from inside.

Here is the seventh floor. The repressed evil spirits are already extremely powerful, especially the evil spirits of each stone tower town tower are even more powerful. They roared and roared and fluttered indiscriminately.

In a blink of an eye, Minghua Tianzun and the three elven clan strongmen played another dozen rounds, and they still didn't win or lose.

"Listen, I stop the power of the elven ancestral land, and you take action to suppress Lu Ming."

Minghua Tianzun shouted at other masters in Tiangong.

He was also afraid of being late and changing things, and long nights.

Because during this time, the Heavenly Destruction Corps dispatched many masters, secretly lurking in the major star fields of the elven clan, to rescue some elf clan. During this time, the strong man of the Tiangong played with these people many times, and the time continued to be delayed. Going down, he was afraid of attracting the strong man of the origin of the Heavenly Destruction Army and rescued Lu Ming.

Therefore, he tried his best to block the power of the prohibition and let others work.

"Shoot!"

Wow, wow!

The two figures rushed in the direction of the landing clan.

It is King Yechu and Yeling Fit, the two heavenly kings.

The two of them responded the fastest and the fastest.

The first six floors are already extinct, leaving only some wreckage. Of course hesitated and just extinguished. There is still the power of destruction everywhere, and the void is very chaotic.

Of course, it was hard for two Tianjun-level figures to pass by, and they quickly came to the seventh floor.

Roar roar...

Quack...

The two came to the seventh floor, and the evil spirits screamed at them.

"Every evil spirit, destroy me!"

King Yechu and Ye Ling drank coldly, the power of the strongest sky exploded, and the mighty power of the gods, especially they all controlled the power of heaven punishment. For fly ash.

Only the evil spirits in those town towers were relatively strong, blocking the Thunder's attack, and they were not immediately annihilated, but they were also dimmed and seriously hit.

The evil spirits on the seventh floor couldn't stop the two Heavenly Venerables at all. They quickly broke out of the encirclement and came to the eighth floor.

The evil spirits on the eighth floor are even more powerful, especially the evil spirits in the town tower, which are extremely scary.

At the beginning, Lu Ming and they came to the next few floors, and they dared not open the stone tower at all. In the face of the evil spirits of the town tower level, even if there is the blood of the elven royal family, I am afraid it will not work.

Because the evil spirits here were suppressed by elven clan strongmen during their lifetime, and they were very scary.

After turning into evil spirits, the strength is still amazing.

A large group of evil spirits rushed to King Yechu and Yeling Fit, causing great trouble to them.

"Oh, evil spirits!"

Lu Ming's eyes lit up.

The evil spirits here may be a big helper to him.

Many evil spirits in the evil spirit tower on the ninth floor have not been released yet.

Lu Ming immediately contacted Ling Yuwei and asked Ling Yuwei to lend him the seeds of the holy tree. Ling Yuwei would not be reluctant at all.

Lu Ming took the seed of the holy tree and rushed towards a tall stone tower. After coming under the stone tower, Lu Ming directly opened the gate of the stone tower, and then punched into the stone tower, making the stone tower vibrate violently.

Roar!

In the stone tower, there was a terrifying roar, followed by a very powerful breath, filled out.

Lu Ming retreated, and immediately, a terrible evil spirit rushed out of the stone tower.

This evil spirit's breath is extremely powerful, and the cold breath is overwhelming, covering Lu Ming.

Lu Ming excitedly shivered.

This evil spirit is absolutely terrifying, and its strength is estimated to have reached a very high stage of God's dominion.

After seeing Lu Ming, it showed a terrible color and rushed towards Landing Ming.

Lu Ming quickly raised the seed of the sacred tree in his hand. The seed of the sacred tree exuded a dim light, and a mysterious breath filled out.

The evil spirit felt the breath of the seed of the holy tree, and his body stopped at once, looking at the seed of the holy tree with a look of horror.

Slowly, the evil spirit roared a few times and backed away.

His gaze looked at Minghua Tianzun who was fighting with the three elven clan strongmen. He hesitated for a moment, and seemed to be very afraid, not daring to rush away, and could only wander around anxiously.

"How timid!"

Lu Ming despised.

However, although this evil spirit did not dare to kill Minghua Tianzun, it should be able to stop King Yechu and Yeling's fit from behind, which is not bad.

Lu Ming threw himself down to the next stone tower, and also released the evil spirits inside the stone tower.

"Little trash!"

Minghua Tianzun angered and wanted to suppress Lu Ming with a palm, but the three elven figures would not let him succeed, and continued attacks, leaving Minghua Tianzun with no time to avail.

Soon, Lu Ming opened more than a dozen stone towers on the ninth floor, releasing Lu Ming's evil spirits in the town.

A dozen horrible evil spirits, leading thousands of other evil spirits, are roaring, roaring, and terrifying.

When King Yechu and Ye Ling rushed to the ninth floor, these evil spirits found them all at once and screamed at them.

As for the other people in Tiangong, they can only watch from the outside. With their strength, the impact will not only help, but they may also be killed by evil spirits.

The evil spirits on the ninth floor were extremely powerful, and King Yechu and Yeling Fit were blocked.

Both of them rushed left and right, and neither could escape the encirclement of evil spirits.

This made them angry.

Apparently dispatched so many masters, but still could not help Lu Ming.

Soon, ten minutes passed.

At this time, Lu Ming's face changed and became a little ugly.

Because he discovered that Minghua Tianzun gradually suppressed the figures of the three elves.

"The restraining power is constantly weakening..."

Lu Ming looked a little ugly.

Yes, the power of prohibition is constantly weakening.

After all, the restraining power is dead, and the amount is limited. In the constant confrontation with Minghua Tianzun, the restraining power is constantly being consumed.

Each time it is consumed, it will weaken.

The Minghua Tianzun is the origin, and the power can be said to be endless. Although it can not be said to be endless, it is also more durable than the power of the prohibition.

Chapter 4517: Evil spirit comparable to the origin

In this way, the power of prohibition cannot stop Minghua Tianzun for how long.

"Lu Ming, you are expecting the restraining power in this area to stop me. It is really naive. Wait for the restraining power to consume some more. See how to stop me?"

Minghua Tianzun said indifferently.

Lu Ming did not speak, and his face was ugly.

Indeed, when the restraining force cannot block the opponent, he will have no way to go.

At this time, he found that Ling Yuwei was calling him.

"Yu Wei, what's the matter?"

Lu Ming's spiritual knowledge communicates with Ling Yuwei through Hong Huangjie.

"Lu Ming, on the tenth floor of the ancestral land, there is also a stone tower, which contains an extremely terrible evil spirit, you can release it to deal with the strong man of the Tiangong."

Ling Yuwei said.

"The tenth floor also suppressed the evil spirits?"

Lu Ming was surprised.

In his impression, the tenth floor was deserted. At that time, he only found a saint mother tree, but no other.

"Yes, we have continued to explore the tenth floor in recent years, and according to some ancient books, there is indeed an evil spirit on the tenth floor. It is extremely terrifying. It is very likely that it was the existence of the original realm during his lifetime.

Ling Yuwei said.

"The existence of the origin."

Lu Ming shuddered.

It seems that among the elven ancestors, there are also amazing figures, even the existence of the original source can be killed.

"Okay, tell me where I am, let me go."

Lu Ming said.

Now he can't control that much. The more chaotic the better, the more chaotic he will be.

"You let me come out together, and I go with you. That evil spirit is extremely terrifying. Even if you have the seed of the holy tree, you may not be able to deter the other party. You still need the power of my blood, and the treasures of the elven clan on me. It may shock the other party."

Ling Yuwei said.

Lu Ming originally didn't want to let Ling Yuwei out, but Ling Yuwei made a very reasonable point. If he let the horrible evil spirit come out, the Holy Tree Seed could not deter the other party. Instead, he was slapped and slapped by the other party.

Lu Ming entered the tenth floor and released Ling Yuwei.

"Come with me!"

Ling Yuwei said, then rushed in one direction.

Soon after, Lu Ming and Ling Yuwei came to a high hill.

"This is where the evil spirits are suppressed?"

Lu Ming said.

"Yes, the stone tower is covered with mud."

Ling Yuwei nodded and pushed with his palm, a powerful force poured out.

Ling Yuwei's meticulous control of power, like stripping cocoons, stripped the surface of the soil, leaving only a stone pagoda exposed in Lu Ming's eyes.

This stone tower is different from other stone towers. Around this stone tower, there are actually a few smaller stone towers. It looks like a guard, protecting the big stone tower.

"To open the gate of the big stone tower, you must crush these small stone towers. These small stone towers have the power of a seal."

Ling Yuwei said.

"Okay, without further ado, let's get started."

Lu Mingdao banged out with a punch and hit a small stone tower. With a bang, the small stone tower shook violently, but only broke a small corner.

"So hard."

Lu Ming was surprised.

"These stone towers are made of special materials, Lu Ming, bombarded with magic soldiers."

Ling Yuwei said.

Lu Ming nodded, his thoughts moved, and the God of War gun appeared in his hand.

Buzz!

The God of War gun shuddered and pierced the small stone tower. With a bang, the small stone tower burst apart.

On the other side, Ling Yuwei also had a war bow in his hand.

"Source level soldier!"

Lu Ming moved.

The source-level warrior bow in Ling Yuwei's hand was not the previous one. The previous one was a **** elven king bow.

The **** elven king bow should be only the main level magic soldier, and this one is a source level magic soldier.

"The elves have inherited the endless years, and in the history there have been three born strongmen from the origin, it is normal to have a source-level **** soldier as the inheritance."

Lu Ming thought.

Ling Yuwei shot an arrow, and a careful stone tower was exploded.

There are a total of eight small stone towers. The two shot successively and quickly blasted the eight small stone towers.

Rumble!

I don't know if it's an illusion. After all eight small stone towers were bombed, Lu Ming felt that the large stone tower shook, like the evil spirit inside, waking up.

"Lu Ming, be careful!"

Ling Yuwei whispered, her face dignified.

Lu Ming nodded, and did not approach the stone tower, but condensed a big hand with taboo power to open the gate of the stone tower.

As soon as the door opened, the figures of Lu Ming and Ling Yuwei quickly backed away, because they felt a terrifying atmosphere pervading inside the door, like the tide, sweeping all around.

This breath was extremely cold and extremely evil, as if to devour everything.

Lu Ming grabbed the holy tree seed in his hand, Ling Yuwei stirred his blood, and the elven royal bloodline exploded in full force. At the same time, the war bow in her hand also exuded dazzling brilliance.

Roar!

Within the stone tower, there was a roar of terrifying terror, and then an evil spirit crawled out.

This evil spirit is like a lizard, but it has nine heads and three tails. The body is hundreds of meters long. Two evil eyes stare at Ming Ming and Ling Yuwei. The body twists slightly and it reaches the two bodies. Not far away.

Lu Ming felt his body tense up suddenly, and the cold sweat on the skin surface could not help.

This is a reaction that only appears in the face of the terrible powerhouse.

The origin!

Lu Ming dares to be sure that this evil spirit is very terrifying, giving Lu Ming a feeling of facing the strong man in his original environment.

This evil spirit looked around Lu Ming and Ling Yuwei, of course, mainly looking at the seed of the Holy Tree in Lu Ming's hand and the war bow in Ling Yuwei's hand.

Lu Ming felt that his heart was about to jump into his throat. If this evil spirit shot at them, then they really had only one way to go.

Fortunately, this evil spirit just glanced at them, and then turned around and left.

Its nine heads roared, and the void was directly torn apart. It stepped out and appeared on the ninth floor, then rushed to Minghua Tianzun, nine huge mouths, and biting toward Minghua Tianzun.

"Every evil spirit, purify me..."

Minghua Tianzun shouted, sword light broke out, and fought against evil spirits.

boom! boom! ...

The continuous collision of the two caused a devastating blow, terrifying energy swept across the world, the ninth-tier world continued to explode, huge and fierce cracks, continued to spread, and even extended to the tenth floor.

The tenth floor also shook violently, and huge cracks appeared on the ground,

Now, the power of elf clan ancestral restrictions has weakened, and their defense power has been greatly reduced. In the battle of the strongest in the original situation, they can't be stabilized at all.

The entire elven ancestral land is being torn and collapsing.

"not good!"

Lu Ming and Ling Yuwei's faces changed dramatically, and they quickly retreated.

I saw several huge cracks in the sky, spreading from far and near towards them.

Chapter 4518: Nine lives

A fierce battle broke out between the Minghua Tianzun and the evil spirit, but although the evil spirit existed in the original realm during his lifetime, after he turned into an evil spirit, his strength was affected after all, and he lost the fighting power at the peak.

However, with the addition of the three elven clan strongmen formed by the forbidden force, they can also fight against Minghua Tianzun.

"Chop, chop, chop!"

Minghua Tianzun rushed to the crown with anger, long golden hair flying, the source-level war sword in his hand was slaughtered in a vertical and horizontal direction, and he had the power to destroy the world.

Some sword qi is blocked by evil spirits and forbidden forces, but some sword qi is directly cut into the void and the earth.

boom! boom!

The void explodes, the earth sinks, the first eight layers of the world have completely exploded, and the ninth and tenth layers are also exploding.

The world burst and formed the power of destruction, sweeping all directions.

Lu Ming and Ling Yuwei are constantly flashing, avoiding chaotic space turbulence.

"Yu Wei, you advanced the famine."

Lu Ming waved a hand, a strong attraction enveloped Ling Yuwei, and sent Ling Yuwei into the Honghuangjie, and he quickly backed away and went to a place where there was no explosion.

But the undestructed area on the tenth floor is getting smaller and smaller, and the place where he can hold is getting smaller and smaller.

Suddenly, Lu Ming felt a horrible murderous opportunity, enveloped him, and let his hair grow up involuntarily.

Lu Mingling swept her face and changed her face.

It is King Yechu.

He had already rushed away the demon's defense and rushed towards the landing quickly.

His eyes were cold and full of grim murderous opportunities.

The existence of the level of the Tianjun is too strong. The chaotic void and chaotic flow and the power of chaotic destruction have no effect on him at all. The power of the strongest sky explodes and passes by. The only thing he has to pay attention to is, It is the aftermath of the wars such as Minghua Tianzun and evil spirits.

As long as he avoids these aftermaths, he will be fine.

"Hahaha, Lu Ming, now look at where are you going?"

King Ye Chu sneered, a face horribly unbearable.

As long as the thought of Ye Chu Tianji being killed by Lu Ming, King Ye Chu's killing thoughts were extremely strong.

Soon, King Yechu will rush into the tenth floor.

"Unfortunately, I will let you down!"

Lu Ming's faint voice sounded, and he swept the King Ye Chu disdainfully, and then rushed directly into a large crack in the space.

The big cracks in space here are different from the big cracks in the cosmic stars.

Because the elven ancestral land is being destroyed and exploding, the large cracks in the space here are extremely chaotic, full of terrifying destructive power, and very dangerous. Even if the existence of the general Divine Realm rushes in, it will be torn into pieces.

"You are dead!"

King Yechu roared and rushed into the tenth floor very quickly, but Lu Ming was no longer visible. He was furious and rushed into the big crack in the space.

The big cracks in the space were filled with chaotic destructive power, rushing towards him constantly. He turned the power of the sky to resist and glanced at his eyes. However, what caught his eyes was the endless darkness, and Lu Ming had lost his trail.

"Damn..."

King Yechu roared, the power of the Xeontian erupted, broke the chaotic power of destruction, and rushed in one direction, and still no trace of Lu Ming was found.

He looked in another direction, but still didn't find it.

In the dark chaotic darkness, there is no direction, no direction, it seems that even time is still.

King Yechu looked for several directions in a row, but did not find Lu Ming. In desperation, he could only retreat.

"Lu Ming?"

Minghua Tianzun saw King Yechu coming out and shouted.

King Yechu looked ugly and said, "Tianzun, Lu Ming...Lu Ming is gone."

"It's gone? You're a waste."

Minghua Tianzun roared and wanted to chase down to find Lu Ming in person, but he was entangled by the evil spirit and the restraining power, and he couldn't rush through.

"Send someone immediately to block the starry sky around. Once Lu Ming is found, he will immediately send a voice to me."

Minghua Tianzun shouted.

"Yes!"

King Yechu and others quickly took their orders, and then sent someone to block the cosmic stars in the vicinity.

If Lu Ming is fine, it is estimated that it will appear from the nearby starry sky.

Although, according to King Yechu's speculation, Lu Ming was mostly fierce and terrible, because he knew how terrible the chaotic power of destruction was, and I am afraid that people under the seventh level of the Divine Lord would enter, and there would be no death.

However, after all, Lu Ming is a taboo body, and with great luck, they have to be treated with caution.

...

Lu Ming at the moment is very miserable.

The destructive power of the void chaos is too strong. Although there is nothing to do with King Yechu, the difference between his cultivation behavior and that of King Yechu is too far apart. The destructive power of chaos has a fatal threat to him.

As soon as he rushed into the dark void, he was constantly struck by the chaotic power of destruction.

The secret technique he used to protect his body was torn in an instant.

The terrible power hit Lu Ming, and pains spread all over his body.

His skin was torn, muscles were torn, and finally bones, internal organs, etc., under the power of chaos and destruction, he was continuously torn and then destroyed.

"Chong Chong..."

Lu Ming did his utmost to open the way with the God of War gun, chose one direction, and kept on impacting.

However, the destructive forces around him still rushed to him.

As the destruction of the tenth floor became more and more powerful, the power of destruction generated became stronger and stronger.

Puff...

The muscles on Lu Ming's body were continuously torn, and then turned into powder, dissipating in the air.

It looked too miserable, and soon Lu Ming turned into a blood man.

bump!

Then, Lu Ming exploded in one leg, then his arm, his body...

Lu Ming's body is constantly being wiped out. In the end, he can only use the spirit of the Air Combat Gun to continue the shock.

Finally, Lu Ming broke through the chaotic destruction and came to a calm dark void.

But Lu Ming was also hit hard, his body was ragged, and even his consciousness was a little vague.

His eyes were black and his eyelids could not be lifted.

"Can't faint, hold on..."

Lu Ming shouted in his heart, and the remaining power of the flight flew towards the front, disappearing into the slowly dark void.

When King Yechu chased in, Lu Ming had broken through the chaotic and ruined area. Lu Ming felt that it took a long time. In fact, he only took a few breaths.

Flying out of a distance, Lu Ming's consciousness became more and more confused. Finally, he couldn't bear it, he was completely comatose, and his body was also fluttering in the eternal dark void, I don't know where to go.

I don't know how long it has passed before Lu Ming woke up confused.

"I'm still in the dark sky, how long have I been in a coma?"

Lu Ming whispered, and then checked his situation.

His body was intact and restored to its original condition.

His physique is too strong, as long as there is one cell alive, his body can grow back.

Obviously, while he was in a coma, his body repaired spontaneously.

Chapter 4519: Return to Taixu pilgrimage

When he is in a coma, his cells will automatically recover, and after he wakes up, his body has completely recovered.

It's just that the breath is still weak, and cultivation is far from being restored.

Lu Ming immediately took out a pile of Shendan from the storage ring, swallowed all in one bite, refined the medicine, and resumed cultivation.

After about half a day, Lu Ming returned to the peak state.

"This time, it's really dangerous!"

Lu Ming exhaled.

Fortunately, he was decisive enough at the critical moment to directly rush into the crack of the void and escape, but fortunately, his vitality was tenacious enough to survive.

"Go out!"

Lu Ming thought about it, and then his hands were torn against the void, the void was torn open directly, a little starlight, and fell in.

"It seems that I am still in the starry sky somewhere in the vast universe!"

Lu Ming smiled slightly and stepped out, leaving the dark void and returning to the vast universe.

Looking up, a few stars were embedded in the starry sky. Not far away, there was a huge star burning in the flames.

"Where is this? Where is the starry sky? Go and find out."

Lu Mingsi thought, chose a direction at will, and flew forward.

During the flight, his appearance and breath of life changed rapidly, and he turned into a magical youth of demons.

How fast he is now, one step out, he can cross a star field, boundless starry sky, Lu Ming was left behind, and soon, Lu Ming came to a huge life planet.

In his identity as a demon, others see him respectfully, and he can easily hear the information he wants.

"Feiyun Star Field Group, I actually went to such a remote place. It seems that I really wandered in the dark void for a short time!"

Lu Ming was a little stunned.

Because the Feiyun star field group is very far away from the starry sky where the elves are located. Here, it is closer to the Taixu sacred pilgrimage, but it is very remote from the Honghuang universe.

Lu Ming actually drifted here in the dark void, and it is conceivable that his coma has never been shorter.

"Unexpectedly, I actually came here. It happened that I was planning to return to the Taixu Holy Pilgrimage, and the father, mother, god, Chier and others were taken to the ruins of the universe, but it made me run a little less."

Lu Ming smiled slightly.

Today, he possesses such treasures as the Honghuang Caution. He has long wanted to go to the Taixu pilgrimage, and has brought his family and friends through the Honghuang Caution to the ruins of the universe.

After all, Lu Ming was at ease in the ruins of the universe. In the Taixu pilgrimage, Lu Ming was always not at ease. If he was found by the people in Tiangong, it would be troublesome.

Lu Ming did not hesitate, and immediately took the nearby wormhole and headed towards the Taixu Holy Pilgrimage.

Ride the wormhole quickly, two days later, Lu Ming came to the Holy Fire Sword Sect.

The Holy Fireblade Sect is barely a cosmic force. The God Emperor sits in town and is the cosmic force closest to the Taixu Holy Pilgrimage.

When Lu Ming came out of the Taixu dynasty, the first place he visited was also the Holy Fire Sword Sect.

After coming here, Lu Ming directly tore the void and rushed towards the Taixu dynasty.

Although the Holy Fireblade Sect is still very far away from the Taixu Holy Cult, but with Lu Ming's current cultivation practice, it only took more than ten minutes to cross the vast starry sky and came to the core of the Taixu Holy Clan, the Taixu Holy City .

"It's finally back!"

Looking at the ancient city suspended in the air in the front, which is the Holy City of Taixu, Lu Ming sighed with emotion.

It has been thousands of years since I left.

Time is in a hurry, and it is a thousand years.

Of course, Lu Ming is no longer the same as Lu Ming.

When he left the Taixu dynasty, Lu Ming's cultivation practice, but only recently broke into the Divine Monarch Realm, and now, has reached the Divine Lord Realm.

In the middle, it crossed the three realms of Divine King, Divine Emperor, and Divine Emperor.

In a period of about a thousand years, it has crossed three major realms. This speed of cultivation means that it will scare people to death.

At that time, he was placed in the vast wilderness universe, unremarkable. Among the great forces of the wilderness universe, just grabbing one can suppress him.

Now, he has become famous as the top star of Honghuang Universe.

Time can change a lot, and it can also make people grow.

"I don't know what happened to my old friend, what's going on now? What about Shenhua, Chi'er, Xiangxiang, Mo Li's cultivation behavior?"

"But they should be in Qianlong Heavenly King Mansion. I will go to the Holy Capital first, look at Uncle Lan and ask them if they would like to go with me to the ruins of the universe, and then go to Qianlong Heavenly King Mansion."

Lu Ming smiled slightly, and then stepped towards the Taixu Shengdu.

When approaching the Taixu Holy Capital, Lu Ming's spiritual consciousness emanated and enveloped the entire Taixu Holy Capital.

He was looking for a blue business.

Taking Lu Ming's current cultivation practice, spiritual consciousness enveloping the entire Taixu Shengdu, it's a breeze. He can clearly understand what the entire Taixu Shengdu is doing, and no one can find him yet.

"found it!"

Lu Ming smiled slightly, and then flashed, then disappeared from the place.

Just after Lu Ming disappeared, more than a dozen figures flew out of the wall of the Taixu dynasty and came to the place where Lu Ming had just been.

"How about people? How did they disappear?"

"It's too fast to see exactly how to leave. It's definitely a top expert."

"Have you found that the man just now is very similar to Qianlong Heavenly King!"

"I also found out, is it really Qianlong, he is back?"

"It's possible, Qianlong Tianwang has been going for more than a thousand years. It's normal to come back and see!"

"Quick, quickly report to His Majesty the Holy Emperor."

These people did not dare to delay, and rushed towards the Taixu Shengdu, to shock the new Saint Emperor, and the old Emperor Kongxi Xuexue reported.

In the Taixu Holy Capital, in a huge garden, Lan Shang was carrying a kettle to water these flowers.

The Blue Merchant was revoked that year, specializing in the power of the soul.

The power of the soul is very different from the cultivation of divine power. In these years, he cultivated his mind and nurtured nature, cultivated flowers and grass, but his soul power increased more quickly.

"Uncle Lan is really good."

Suddenly, a clear voice sounded.

At the beginning, Lan Shang was shocked. He could not even feel someone appearing behind him.

His soul is extremely strong, and his spiritual consciousness is extremely keen. Among the three forces of Taixu dynasty, barbarians, and Tianyi dynasty, there is only one undead demon who can accomplish this.

But listening to the sound is not an undead king at all.

How is this sound so familiar?

Lu Ming!

Blue Business Lima thought of Lu Ming, his eyes lit up, and quickly turned around. The young man standing behind him was not Lu Ming, but who could it be?

Speaking of which, Lu Ming's present body is his present body, regardless of his appearance and life's original breath, they are different from those of the past.

If it were the original appearance and breath, the blue merchant would certainly not recognize it.

However, before Lu Ming came, he had used big imitation to change his appearance and life's original breath to be exactly the same as Lu Ming's before.

Chapter 4520: Have you already stepped into Divine Emperor?

"Lu Ming, you are back."

Seeing Lu Ming, the blue merchant showed surprise.

"Uncle Lan, after a thousand years, Uncle Lan's cultivation is getting deeper and deeper!"

Lu Ming smiled.

Lan Merchant specializes in soul power, and Lu Ming found that Lan Merchant's soul power has reached an extremely high level, reaching the pinnacle of the Divine Monarch, and his soul power is surging.

Of course, in Lu Ming's eyes, there is nothing to escape, Lu Ming sees clearly.

The Lanshang obtained that spar for spiritual cultivation in those years, and has made great progress in these years.

"Lu Ming, your cultivation behavior has also made great progress. I can't see your cultivation behavior at all. Have you broken through the pinnacle of the Divine Monarch to reach the Divine Emperor and become the Emperor?"

Lan Shangdao said that he was shocked.

He clearly remembered that when Lu Ming left, Xiu Wei had just broken the Divine Monarch. In just a thousand years, Lu Ming could cross a big realm, break through the limit of the Divine Monarch, and enter the Divine Emperor?

This is amazing.

After all, the millennium is too short.

Since the endless years of the three forces of Taixu dynasty, barbarians, and Tianyi dynasty, no one has been able to enter the realm of God Emperor.

Only the immortal demon king, dozens of years before the star, entered the realm of God Emperor.

If he changed to another person, he could hardly believe it, but Lu Ming gave him a feeling like a bottomless hole, unfathomable.

"Sure!"

Lu Ming smiled and didn't speak straight about his current state, fearing to scare the blue merchant.

"Lu Ming, have you really stepped into Divine Emperor? Why not? How about we learn?"

Blue Business Road, there is interest.

"This one..."

Lu Ming wanted to refuse, because there was really no need to discuss, the gap was too big, he was afraid of hitting the blue business.

"someone is coming!"

Suddenly, Lu Ming's eyes looked in one direction.

Over there, a few figures came out of the air at a very fast speed.

"Qianlong King, really you!"

A good voice sounded, coming from Kong Xixue.

Beside her is the current Holy Emperor, shocked.

This young man looks almost the same as Jing Yu.

Behind Jing Mo and Kong Xixue, there are also several ministers of the Taixu Holy pilgrimage.

"Your Majesty, Princess!"

Lu Ming clasped his fists at will.

In fact, with his current cultivation practice, there is really no need to salute Kong Xixue and Jing Mo, but his identity is Qianlong Tianwang, and they are all old acquaintances, so he will freely mean it.

Anyway, he is not the kind of exquisite person.

"The emperor knew that Qianlong would return to the state division when he returned."

Jing Mo laughed.

After the Taixu dynasty, the barbarians, and the Tianyi dynasty, the Taixu dynasty established a new pattern. Lu Ming was named Qianlong Heavenly King, and the Qianlong Heavenly King Mansion occupied half of the Taixu Holy Dynasty.

The blue merchant is the national teacher.

"Qianlong Heavenly King came back, and the boat was tired all the way. We will have a banquet here to catch the wind and dust for the Qianlong Heavenly King..."

Cherish the snow road.

Lu Ming did not refuse.

Lu Ming and Lan Shang followed Kong Xixue and others to a hall.

The hall has been put on banquet.

As soon as Lu Ming and Lan Shang arrived, a few people came in a hurry.

"Hahaha, Lu Ming, you are back!"

A loud laugh came from outside the hall, and then a tall and burly figure stepped out.

"Alligator!"

Lu Ming smiled.

The comer is Crocodile Sky. At that time, he was the head of the three warlords under Jing Yu, and now he commands all the troops of Taixu Shengji.

Come together with crocodile sky, there is also the heavenly king.

"The juniors have seen the heavenly king!"

Lu Ming solemnly saluted.

At the time of the Taixu dynasty, Qian Sheng Lao Tian Wang helped him too much. It can be said that without the help of Qian Sheng Lao Tian Wang, there would be no Lu Ming today.

Regarding the King of Heavenly Saints, Lu Ming is respectful in his heart. No matter how high his cultivation is, this respect will not change.

"Just come back!"

Thousand Saints Heavenly King smiled.

At this time, a strong pressure came from outside, and then a burly figure came step by step.

Undead King!

Lu Ming didn't need to look at it, he knew it was the undead king.

The undead devil carried his hands on his shoulders and was overbearing. After walking in, he did not look at the ink, Kong Xixue and others glanced directly at Lu Ming.

"Lu Ming, you are finally back!"

The undead devil grinned, the glint in his eyes, his body strong, and the hall was always filled with a strong pressure.

"Demon, are you here too? That's great, please sit down."

Kong Xixue quickly said.

She was in awe of the undead king.

There is no way, the Undead Demon King is invincible in the three forces of Taixu Holy Dawn, Barbarians, and Tianyi Holy Dawn. When they face the Undead Demon King, they must always be cautious, fearing that they will make them unhappy.

"Long out, naturally want to come back to see old friends."

Lu Ming smiled and didn't care.

He has discovered that the cultivation of the Undead Demon King has been completely restored.

In other words, the cultivation of the Undead Demon King has reached the Divine Emperor Realm.

But will God Emperor Realm be placed in Lu Ming's eyes?

"Come here, everyone, please sit down!"

Jing Mo quickly said.

Although he is a sacred emperor, there is no loyal strongman around him. People here, to put it bluntly, he can't offend any one.

The Undead Devil smiled and sat down stride without any politeness.

Later, Lu Ming, Lan Shang, Crocodile Sky and others also sat down one after another.

Naturally someone came up to pour wine for them.

"Lu Ming, where have you been traveling in the past millennium? How is it, are there many strong outsiders?"

The undead king is the first to speak.

"Yes, there are a lot of strong people out there!"

Lu Ming nodded.

"In the past few years, your progress should be great. I can't see your cultivation behavior. Have you broken into the Divine Emperor Realm?"

The Undead King said, to be honest, he was also shocked.

As soon as he entered, he stared at Landing Ming and looked carefully. He found that Lu Ming's cultivation behavior, he couldn't see through, which shocked him.

At that time, he was banned by the bone demon cloth and dared not resist Lu Ming.

But now his cultivation practice has been restored to God Emperor Realm, and his mind has changed.

Divine Emperor Realm is much stronger than Divine Emperor Realm.

He wanted to directly suppress Lu Ming, forcing Lu Ming to lift the ban on him.

But when he found out that Lu Ming's cultivation behavior was impenetrable, he was terrified and temporarily suppressed the idea of starting.

God Emperor Realm?

Hearing the words of the Undead Demon King, Crocodile Heaven, Thousand Saints Heavenly King, Jing Mo, Kong Xixue were all furious in their hearts, and they looked at the landing horror with horror.

Is it true that Lu Ming has reached the God Emperor Realm?

This is too amazing.

Their idea is similar to that of the previous blue merchants. It has been terrifying to enter the Divine Emperor within a thousand years.

For them, Divine Emperor, that is synonymous with invincibility.

"Sure!"

Lu Ming smiled, the same as before answering Lan Shang.

Still in that sentence, he was afraid to say it and scared everyone on the scene.

"Really?"

The undead devil showed doubts.
