

D Emperor 4521

Chapter 4521: Don't be impulsive, young people

The undead king was puzzled.

Is it right?

What does this mean, is it achieved or not?

"Thousands of years, from just breaking the Divine Monarch and breaking into the Divine Emperor's Realm, it is really incredible. Isn't Lu Ming not breaking through the Divine Emperor's Realm, but bluffing?"

"However, his breath is unfathomable, I can't see through it, there will be no fakes? Is he practicing a secret technique to change the breath, so I can't see through?"

The immortal demon stared at Landing Ming, thinking constantly in his heart, and thoughts came up one by one.

"Undead Demon King, why are you looking at me like this, do I have flowers on my face?"

Lu Ming said lightly.

"Haha, it's such a hero, Lu Ming, I have known for a long time that you are not something in the pool. I reached God Emperor Realm so quickly. It happened that my cultivation practice also returned to God Emperor Realm. How about?"

The undead devil laughed and stood up, surrounded by magical light, imposing.

Since I can't guess Lu Ming's cultivation behavior, it is better to try it out and see what Lu Ming's cultivation behavior is.

Anyway, it is a matter of discussion, in case Lu Mingxiu really reached the Divine Emperor, he still has room to retreat.

"Undead King, do you really want to learn from me?"

Lu Ming said lightly, glancing at the Undead Demon King, a flash of light flashed in his eyes, and a faint killing intention flashed by.

At this moment, the body of the undead demon suddenly stiffened, his muscles trembling involuntarily, his skin oozing cold sweat involuntarily.

With a chill, from the bottom of his feet, he rushed towards the sky cover.

At this moment, Lu Ming seemed to have become a terrible beast in his eyes, and he seemed to have become a ants.

The fierce beast was staring at him, as if he could breathe casually, and could blow him to death.

Horror, horror, horror!

Invincible, invincible, invincible!

The undead demon roared in his heart, the cold sweat on his face kept flowing out. He had a feeling that he was a ant in front of Lu Ming, and Lu Ming wanted to kill him, a thought.

In his heart, he was deeply shocked, terrified, incredible.

Lu Ming exuded a killing intention, only aimed at the undead demon king, other people did not feel it, and it was just a moment, and it was put away in an instant.

thump!

The undead demon felt his legs were soft and he couldn't even stand, sitting directly on the chair. He found that he was covered in cold sweat.

"It's definitely God Emperor Realm, and it's not the Emperor's weight. I'm afraid it has reached the Emperor's Triple Weight. How did he practice? It's terrifying!"

The undead king shouted in his heart.

He has completely determined that Lu Ming has definitely reached the Divine Emperor Realm, and is far stronger than him, definitely above the Divine Emperor Triple.

He was terrified in his heart. The speed of this practice was terrifying.

"Undead Demon King, don't you want to learn? How did you sit down?"

Lu Ming said lightly.

"Ahahaha, joking, joking, old man... no, I was joking just now, don't be impulsive, young people don't be impulsive..."

The immortal Demon King's guilty laugh, but his smile is uglier than crying.

Lan Shang, Thousand Saints Heavenly King, Crocodile Sky, Kong Xixue, Jing Mo and other people turned their eyes around Lu Ming and the Undead Demon King, revealing suspicious colors in their eyes, and shock.

They all know the Undead Demon King, this is an extremely overbearing person, and he is very meticulous. He just proposed to learn from Lu Ming, and will not cancel it for no reason.

Besides, he was sweating and sweating all over his face, and a terrified expression, was he afraid of Lu Ming?

This shocked Lu Ming. Now, Lu Ming, what step has his strength reached, and he can still be quiet, so that the old devil, the undead king, is afraid of this?

In their hearts, the imagination is connected.

"Lu Ming, you should come back this time, should you stay for a while?"

After a while, all the talents reacted, and asked the heavenly king.

"No, I will be leaving soon. The main purpose of coming back this time is to take my father and mother to leave here and practice elsewhere."

Lu Ming said.

"Go to practice elsewhere?"

"Is it a more advanced place with a better cultivation environment?"

The Blue Merchant, the Thousand Saints Heavenly King said quickly.

"Yes, if you are willing, you can follow me."

Lu Ming said.

"As far as I know, the places with better cultivation environment are often occupied by powerful cosmic forces, and even have powerful races. It is very dangerous to want to occupy a place..."

The Undead King said that he was the God Emperor Realm. He went out and wandered back and forth. He knew a little bit about things outside.

"Relax, I have now established a firm foothold, and there will be no danger, and the cultivation environment there is more than a hundred times better than the Taixu Holy Pilgrimage..."

Lu Ming said.

"What? The cultivation environment is more than a hundred times better than the Taixu Holy Pilgrimage?"

The immortal demon king, the thousand gods, the heavenly king, and the blue merchants all stared in shock.

It is more than a hundred times better than the cultivation environment of Taixu Holy Pilgrimage. What kind of cultivation environment is that?

At the same time, several people showed a very emotional expression.

Such as the Undead Demon King, the Thousand Saints Heavenly King, Crocodile Sky, and the Blue Merchant, now that their cultivation behavior has reached the bottleneck, it is too difficult to break through again.

Lan Shang is better, he still has potential, and there is the spar who cultivates his soul, maybe he will break into the realm of God Emperor in the future.

But the undead devil, the thousand kings of heaven, and the three crocodile sky, it is almost impossible to break through again.

But to let them leave and go to more advanced places, they have no such courage.

If what Lu Ming said is true, the cultivation environment is a hundred times better than the Taixu dynasty. After they passed, they are really expected to break the bottleneck and go one step closer.

Especially Qiansheng Laotianwang and Crocodile Sky are quasi-imperial levels of cultivation practice, which is a step closer to reaching the God Emperor Realm, and Shouyuan will skyrocket.

"Lu Ming, I'll go with you. Anyway, I have an old bone, and I don't have much time to live. It's not bad to go out and see with you."

Thousand Saints Heavenly King spoke first.

Both Lan Shang and Crocodile hesitated.

They are a state division of the Taixu dynasty, and an army commanding the Taixu dynasty, with high power, they are really reluctant to give up.

In addition, Jing Mo and Kong Xixue didn't speak. The two of them would definitely not leave. If they left, wouldn't the Taixu Holy Pilgrimage sway people?

"Lu Ming, I will go with you too!"

The undead devil thought about it and gritted his teeth.

"it is good!"

Lu Ming nodded and looked at both Lan Shang and Crocodile Sky, saying, "Will you go with me? I won't force you, but I can guarantee that if you go with me, you will break through the realm of God. , Absolutely no problem."

When Lu Ming spoke, he revealed strong self-confidence, as if there was no problem.

This made the crocodile sky and the blue business heart move.

"Okay, I'll go with you!"

Blue Business Road.

"Lu Ming, I will go with you too. Practitioners, who are going to be serious in practice, I was almost delayed by common things!"

Crocodile nodded.

Chapter 4522: Stubborn Blue Spirit

The temptation to break through the Divine Emperor's Realm is too great. In the end, both Lan Shang and Crocodile intend to let go of their power and follow Lu Ming.

"That... Qianlong King..."

Kong Xixue opened her mouth, looking like she kept talking.

"Are you afraid that Uncle Lan and they have all gone with me, the Taixu Holy Pilgrimage is empty, and there is no master to sit in?"

Lu Ming smiled and saw Kong Xixue's thoughts clearly.

Kong Xixue and Jing Mo nodded again and again.

In the Taixu dynasty, barbarians, and Tianyi dynasty, the quasi-empire was the top master and the cornerstone of the suppression of a country. Now, there are too few masters in the Taixu dynasty.

Just a blue merchant, Crocodile Sky, Thousand Saints Heavenly King, and an undead king.

Although thousands of years have passed, the Taixu dynasty still has no new quasi-empire born.

Once these people have gone with Lu Ming, the strength of the Taixu dynasty will be drastically weakened, and it will be a stubborn thing to be annexed by the barbarian and Tianyi dynasty in the future.

Therefore, Jing Mo and Kong Xixue are very worried.

"Relax, I have my own plans for this matter!"

Lu Mingdao waved his hand, and eight wild beasts appeared in the hall.

To be precise, it is a puppet of eight wild beasts.

"These eight puppets have the quasi-empire's cultivation behavior, and they are not afraid of death, and they are invulnerable to death. They are placed in the Taixu Sheng Dynasty to suppress the national games, but the Taixu Sheng Dynasty is safe."

Lu Ming said.

"What? Eight quasi-imperial puppets!"

Kong Xixue and Jing Mo shocked, and then came ecstasy.

Thousand Saints, Heavenly Kings and others are also difficult to calm down.

This is really a big deal, as soon as it is shot, it is the eight puppets of the quasi-imperial class.

Such puppets are absolutely precious. In the history of the Taixu dynasty, no such puppets have appeared.

Not to mention eight, even one is worthless, and Lu Ming has eight at one shot, giving Jing Mo and Kong Xixue, this is not a big deal?

Lu Ming became more and more unpredictable in everyone's heart.

"Thank you Qianlong King!"

Jing Mo and Kong Xixue quickly got up and thanked.

Lu Ming smiled slightly.

In fact, there are many such gadgets.

He couldn't remember how many adversaries he killed and how many storage rings he got.

There are so many miscellaneous things in these storage rings. This kind of puppet is very much.

Not to mention the quasi-imperial puppet, even the puppet of the Divine Emperor Realm, Lu Ming can come up with a lot.

However, these things, Lu Ming is not useful at all.

Of course, Lu Ming will not give them too strong puppets, such as the puppets for the Divine Emperor Realm, empty cherish the snow and the ambitions of ink scare, may not skyrocket, to invade other forces, and finally attract the eyes of the stronger forces, I am afraid Will cause death.

Jing Mo is very likely to be Jing Yu's son, Lu Ming naturally does not want them to have an accident.

The eight puppets of the quasi-imperial class are almost ready, but the Taixu pilgrimage is safe.

"This jade charm has a puppet control method!"

Lu Ming handed over a piece of jade to Kong Xixue.

Kong Xixue and shocked ink, naturally thank you again and again.

"Qianlong King, can we send some young people to practice with you?"

Kong Xixue asked tentatively.

Lu Ming smiled in his heart, Kong Xixue wanted to cultivate his own lineage, but Lu Ming didn't care, too. The sage was too small, and Lu Ming was not interested.

Immediately nodded: "Of course!"

"Thank you Heavenly King, come, concubine to respect the Dragon King King!"

Xie Xixue was overjoyed and toasted.

Immediately, everyone was drinking and chatting, and the atmosphere was very harmonious, especially the undead king, as if he had forgotten the unpleasant things before.

After three rounds of drinking, Lu Ming got up and said goodbye.

"You guys, prepare for me. I will go back to Qianlong Mansion first, and then I will pick you up."

Lu Ming said, after talking, he walked away.

"Lu Ming, I will send you!"

Blue Business Road.

Lu Ming nodded, knowing that most of the blue merchants had something to say to him privately.

The two quickly left Taixu Shengdu and stood in the stars.

"Uncle Lan, I just want to ask you something? That... Lan Ling, is she okay? In Taixu Shengdu, why can't you see her?"

Lu Ming asked, referring to Lan Ling, he couldn't help feeling guilty.

"I'm about to talk to you about Ling'er. Now, she is no longer in the Holy Emperor."

Blue Business Road.

"Not in Taixu Holy Pilgrimage? Where did it go?"

Lu Ming was shocked.

"After you left for more than two hundred years, she also left, saying that she would go out to hone and hone up, improve her practice, and I don't know exactly where to go."

"Actually, her temper is very stubborn and she decides to leave. Even my father can't stop her. She can only go, and she doesn't know how she is now? Hey!"

Lan Shang said, sighing deeply.

He suddenly felt that his decision was wrong.

At that time, he wholeheartedly wanted to match Lu Ming and Lan Ling.

However, Lu Ming's talent is too high, and cultivation cultivation is promoted, and the momentum is like a broken bamboo. Now it is even more unfathomable.

To put it bluntly, Lan Ling and Lu Ming are not the same people at all. The talent gap is too great to match.

If it wasn't for him to want to match Lu Ming and Lan Ling, it wouldn't be what it is today.

"Uncle Lan, I'm sorry, I..."

Lu Ming is full of apologies.

He remembered the picture of saying goodbye to Blue Spirit when he left.

At that time, Lan Ling said stubbornly that she would catch up with Lu Ming's cultivation behavior, and she would definitely catch up with Lu Ming's cultivation behavior.

Lu Ming said that he waited for her to catch up.

Perhaps it was because of these remarks that Lan Ling went out.

What a stubborn girl, just like Mourin in those days.

"Lu Ming, you don't need to apologize, marriage matters, you need to have two loves, and I was always confused."

Lan Shang smiled.

Lu Ming was speechless because he really did not know what to say.

"Hey, now, I only hope Ling'er can be safe."

Lan Shang sighed.

The vastness of the universe is immense. The cosmic-level forces are as many as cattle hair. It is very dangerous to roam in the universe. He only hopes that the Blue Spirit can be safe.

"Uncle Lan is assured that the Lan Lingji people have their own physiognomy. It should be fine. When she succeeds in her cultivation, it will come from a day when she meets."

Lu Ming comforted.

"I hope so, well, I'll go back and prepare, and you can go back and visit your parents."

Lan Shangdao, and then went to Taixu Shengdu.

Lu Ming sighed slightly in his heart, and then walked towards the Qianlong King's Mansion.

When Lu Ming left the Taixu Holy Capital, the ancestors of the Wu people welcomed two groups of noble guests.

The upper and lower Wu clan, including the ancestors in the clan that could not be closed, were dispatched, and were greeted outside the Wu clan ancestor.

These two groups of distinguished guests come from the angel and blood races of the top ten races.

"You really found the location of Lu Ming's relatives?"

A strong angel family stepped out, covered in white light, violent breath, making the whole starry sky tremble.

This is a strong man in the divine realm.

Chapter 4523: The ancestral statue shed tears

Feeling the powerful and powerful atmosphere of the angel clan, the Wu clan people are trembling with fear and sincerity.

Although the Wu people are also the top big people in the universe, they are too far apart from the top ten racial angels.

Among the Wu people, there are only two who can remain calm.

These are the two ancestors of the Wu people, both very old and very old.

One of them, if Lu Ming is here, will definitely know.

This person was the Matriarch of the Dragon family star who was killed in that year. Lu Ming killed the descendant of this person. This person always wanted to kill Lu Ming, and later participated in the attack on the Dragon family star.

These two Matriarch ancestors are also the practice of God's Lord Realm, but they are both important.

Among the Honghuang Wanzu list, only the top 100 ancestors on the bright side have the strong man of God's domination.

But cultivation is advanced, and people who have been practicing for many years know that those races that are ranked very high and close to the top 100 actually have the presence of God's dominion.

It's just that these people are closed all year round. As the existence of repressing the destiny of a family, they rarely go out of their way.

The Wu people are ranked about 130 in the Honghuang Wanzu list, and it is normal to have gods in the town.

"This matter is absolutely true. After years of exploration, we finally found the source of Lu Ming. He came from a place called Taixu Holy Pilgrimage. It was just a pseudo-cosmic force. It was too remote and no one thought of it. , Lu Ming, a talented demon, actually came from such a **** place, but indeed, Lu Ming was born there."

"And, his relatives and friends are all there."

The Matriarch of Great Power said that this man was named Wuxi, and was one of the only two divine masters of the Matriarch.

"Okay, very good, ha ha ha, as long as you take Lu Ming's relatives and give it to Tiangong, then why don't you worry that Luming will not be obedient, then Tiangong will definitely have a reward."

The angelic **** god laughed.

On the side, the master of the blood race also smiled.

"At that time, Lord Angel is invited to speak for us in front of the Lord of Heaven."

Witch said with a flattering smile.

But in his heart, it was a pity that if they took Lu Ming's relatives and handed them to Tiangong, the rewards of that palace belonged to him.

However, due to their Wu clan, they are not yet qualified to catch the big figures in the Tiangong, and can only pass through the angel clan and the blood clan.

However, to help the Celestial People make great achievements, there must be a lot of rewards.

They were very hot.

"Relax, your benefits are indispensable, now, let's go!"

The Divine Lord of the Angels.

Immediately, the Angels, Bloods, and Wus went together towards the Taixu Holy pilgrimage.

The angel family and the blood family separately dispatched two gods.

The Wu clan dispatched a divine master, the witch.

With such a lineup, running to a pseudo-universal-level force is all overkill, which is really overkill.

Of course, this also proves from the side that they attach great importance to Lu Ming's loved ones and must be foolproof.

As long as Lu Ming's relatives and friends are taken down, even if Lu Ming is hiding in the annihilation of the Heavenly Army, Tiangong can force Lu Ming to obey.

Unless Lu Ming ignores the life and death of his loved ones.

However, according to rumors, Lu Ming is a person of great affection.

It can be said that once taking Lu Ming's relatives, he took Lu Ming's dead point.

Just as the angelic, blood, and Wu clan strongmen were heading towards the Taixu dynasty, Lu Ming had already arrived at Qianlong Heavenly King Mansion.

His speed is too fast, and he can cross a star field in one step. Although the Taixu Shengdu is far away from the royal palace of Qianlong Heavenly King Mansion, Lu Ming soon arrived.

"Good management!"

Lu Ming looked at a planet in the distance.

On the planet, there is a gorgeous glow of light, which is the radiance of the array.

Around the planet, there is a huge warship, flying continuously around the planet, and the water around the planet is impassable.

However, for Lu Ming, this kind of defense is useless.

He stepped out, stepped through defenses, entered the interior of the planet, and came to the foot of a mountain range.

Because he has swept through his spiritual knowledge, he already knows that this mountain range is the residence of his family and friends, and also the seat of the king's mansion of Qianlong Tianwang Mansion.

"Huh, isn't this statue... Mo Li?"

Lu Ming saw a huge statue standing at the foot of the mountain, as high as a thousand feet.

He recognized it at a glance. This is the statue of his second disciple, Ouyang Moli.

"Bold, you dare to call Mo Li's ancestor's name, don't you want to live?"

With a loud shout, several young people appeared in front of Lu Ming, and they looked badly on Lu Ming.

Lu Ming glanced casually, and the details of several young men were clear to him.

The cultivation practices of several young people seem to have just broken into the virtual **** realm. Such cultivation practices are very weak in the Taixu dynasty.

However, arrogance is very arrogant.

"Mo Li Ancestor? Is this kid an ancestor?"

Lu Ming also has a sense of embarrassment.

Are these boys all apprentices and grandchildren of Ouyang Moli?

Then it became Lu Ming's apprentice and grandson?

He went out, and when he came back, there was a bunch of apprentices inexplicably?

The point is, these boys are so arrogant that Ouyang Moli taught them from that boy?

Lu Ming's words were completely involuntary, but they fell in the ears of several young people, but they were disrespectful and disrespectful to their ancestors.

They suddenly exploded.

"Bold, do you dare to call Mo Li's ancestor "boy"? You are done, you are completely done."

"Do you know who our Mo Li ancestor? What is his identity? You dare to call Mo Li ancestor in this tone, you are really finished!"

"Now, give you a chance to admit your mistakes. Kneel down in front of Mo Li's ancestor statue and kowtow to admit your mistakes. Mo Li's ancestors are in large numbers and may spare your life."

Several youths clamored.

"People admit their mistakes in front of this statue? Are you serious?"

Lu Ming said, with an inexplicable smile on his face.

Let him admit to Ouyang Mo that he is wrong, dare you?

"Nonsense, hurry up and admit your mistakes, we see that you are inadvertently lost, just spare you!"

"Yes, yes, quickly admit your mistake, offend your ancestor, you must admit your mistake."

Several young people shouted.

"Okay, then look at it!"

Lu Ming smiled, stepped out, and came to the statue.

"Boy, your disciples and grandchildren let me admit you wrong, I hope you don't cry..."

With that, Lu Ming clenched his fists.

Rumble!

At the moment when Lu Ming clenched his fists, the statue shook, and then, in the two huge eyes of the statue, there were tears.

Statue, weep!

"Look, the ancestral statue is in tears, what's going on?"

"How did it happen, is that the boy's hands and feet?"

"Boy, what the **** are you doing, at this time you still dare toss out."

Several youths screamed, thinking Lu Mingshui's trick.

"You guys, shut up for me..."

At this moment, a roar came out from the mountains.

Chapter 4524: Meet again

"Several little rabbits, shut up for me."

A roar came from the depths of the mountains, and at the same time, a figure rushed out of the mountains at a very fast speed.

The next moment, this figure appeared in front of everyone.

The figure is tall and burly, the black hair is flying, not Ouyang Moli, who can it be?

"Ancestor, you are here!"

"Ancestor, this person, this person offends you, we are about to let him admit his mistake, did not expect this person to throw tricks..."

Several young men pointed to the landing Ming Ming.

"You guys, shut up!"

Ouyang Moli roared, like a thunder burst, and like a lion, staring at several young men fiercely.

Ouyang Moli is really crying, don't these little rabbits look at his face, his face is so ugly, don't know what's going on?

A few young people shivered with excitement.

The ancestor is angry, are they doing something wrong?

Isn't that person's identity simple?

At the next moment, their pupils suddenly expanded, because a scene that shocked them appeared.

thump!

Ouyang Moli knelt directly in front of Lu Ming, bowed his head and bowed: "Tuer Moli, see Master, you finally came back. I haven't seen you in years, I really want to die."

What?

Several young people were petrified, their mouths were wide and big, and they were completely ignorant.

Master?

Master of Lili Ancestor?

Isn't that their grandfather?

According to legend, the master of Ouyang Moli's ancestor is not the true helm of Qianlong's Mansion?

Who is the legendary figure of the Taixu Holy Pilgrimage?

They were so arrogant in front of this legendary character, and asked him to kneel down and confess to Ouyang Moli's statue?

No wonder Ouyang Moli's statue will shed tears, they all want to shed tears.

"You are so powerful now that you are all ancestors, and the disciples and disciples you have taught are still so arrogant? Are you lawless?"

Lu Ming said lightly, his voice a little cold.

After finishing, the master was angry.

Ouyang Mo shouted in the centrifugation, and he was really crying. He already scolded those young men in his heart.

He was not far away from this place, and was able to produce induction with the statue. Soon after Lu Ming arrived, he sensed it and immediately hurried over. Unexpectedly, it was still a little late.

But he secretly rejoiced that he finally arrived in time. If Lu Ming really apologized for his statue, he really had to vomit blood.

Not to be killed by Lu Ming, but also by his sister Lu Xiangxiang.

"Master, misunderstanding, misunderstanding, you few bunnies, haven't you rolled over to give your grandfather a kowtow?"

Ouyang Mo Li shouted.

Several youths ran up and down, all kneeling on the ground and bowing their heads.

"Grandpa Master is angry, we are also unintentional."

"We don't know it's your old man, if you know, don't dare to give us ten guts!"

"Grandpa, you have a large number of adults, forgive us."

A few young people, with a snot and tears, don't mention how sad it is, how regretful it is.

"Master, these boys are mainly used to being stung by people. Nobody dares to offend them in this Qianlong Heavenly King's Mansion, so they have developed a look like no one. I will be disciplined in the future, you are old Just spare them? Actually, their hearts are not bad, hehe."

Ouyang Moli pleaded with Lu Ming with a hippie smile.

"let's go!"

Lu Ming waved his hand casually.

He was too lazy to get acquainted with several juniors and lost his identity.

But the most important point is that these young people are indeed not bad.

This can be seen from the previous behavior.

Several young people just let Lu Ming apologize to Ouyang Moli and bypass him, showing that his heart is not bad.

If you have a bad heart, you may have to kill it.

In that case, Lu Ming will not easily bypass them.

"Master has promised to let you go, a few little cubs don't thank Master, and then get away!"

Ouyang Moli scolded.

Several young people were naturally thankful, and then fled away.

"Master, you are so good to come back. Sister, Shenhua, they know, they will be very happy, I will give them a message..."

Ouyang Moli hurriedly took out Chuanyin Yufu, and dozens of news came out in succession.

"Master, you follow me."

Ouyang Moli said with a smile on his face.

Lu Ming and Ouyang Moli walked in the air and went towards the depths of the mountains.

"How did you become the ancestor? Have you accepted the disciples?"

Lu Ming asked.

"Haha, Master, I saw a few talents with very good talents. When I itched my hands, I accepted them as apprentices. I didn't expect those kids to also take a bunch of apprentices. ."

Ouyang Moli explained.

"No wonder Xiuwen is slow to improve. What about your sister, who has also accepted disciples?"

Lu Ming said.

He had long seen that Ouyang Moli's cultivation practice was only the ninth.

Originally, according to his predictions, judging from the massive resources left before he left, there is also the talent of Ouyang Moli.

But in fact, Ouyang Moli's cultivation practice, the celestial **** Jiu Zhong, is a lot lower than he predicted.

Mostly because of the admission, it affected the progress of cultivation.

"She has no disciples in the world, she has been concentrating on cultivation, and now she has broken into the realm of God King."

Ouyang Mo left.

"The gods lack them, did they accept the disciples?"

Lu Ming asked again.

"No, just... I'll take the disciples alone!"

Ouyang Moli said awkwardly.

"They are coming!"

Suddenly, Lu Ming looked deep into the mountains.

Deep in the mountains, at least dozens of figures flew over.

Lu Ming's eyesight is so powerful, even if they are far apart, he will clearly see dozens of silhouettes.

His parents, Lu Yuntian and Li Ping, flew over with smiles on their faces.

There is also his son Lu Shenhua, Lu Shenhua's wife, and his granddaughter Lu Chi.

The big disciple Lu Xiangxiang, two named disciples, Hua Chi, Pang Shi, Ape Huan and others, all these people who are closest to Lu Ming are here.

Soon, dozens of people approached.

"Naruto!"

Li Ping quickly flew to Lu Ming, looked up and down, her eyes were filled with tears, and her eyes were full of miss.

"Women, everybody meets with tears in her eyes."

Lu Yuntian pretended to sneer, but in his eyes, fog also appeared, looking at Lu Ming, said: "Just come back!"

"Father and mother are all gods!"

Lu Mingling swept away and found that Lu Yuntian and Li Ping had both entered the divine realm.

Lu Yuntian has even reached the true **** state.

Lu Yuntian was already good at cultivating. When he came to the Honghuang Universe, he even worked hard. Although his talents are average, he has a lot of resources and has reached the true **** realm.

Li Ping, who doesn't like cultivation at all, is just an ordinary person who completely relies on Lu Ming's resources to build up cultivation.

Chapter 4525: The cultivation of everyone

Entering the divine realm, Shou Yuan is long, at least there is a stellar year Shou Yuan, Lu Ming will not have to worry about Lu Yuntian and Li Ping's Shou Yuan in the future.

"grandfather!"

Lu Minggang and Li Ping and Lu Yuntian greeted each other with a clear voice, and a figure rushed into Lu Ming's arms.

This figure is naturally Lu Chi.

"Cough, Chi'er, you're not too young anymore. You're already a big girl. How can you be like a child?"

Lu Ming coughed dryly.

"Huh, Chi Er is always a child in front of Grandpa. Who dares to gossip?"

Lu Chi snorted coldly, his mouth rising, his eyes swept.

Aside, Lu Yuntian, Ouyang Moli, Ape Huan and others all laughed.

"Chi'er, Hugh is going to play tricks."

Lu Shenhua walked up, deliberately slamming his face, screamed.

However, Lu Chi made a grimace to Lu Shenhua and spit out his tongue, that is, he pulled Lu Mingming and kept one arm.

"Divine shortage, no problem."

Seeing Lu Shenhua wanted to scold, Lu Ming raised his hand and stopped Lu Shenhua.

Lu Ming also loves this quaint granddaughter very much.

"Shenhua, your cultivation plan has fallen, and even Chi'er is catching up with you!"

Lu Ming swept Lu Shenhua's cultivation practice, Tao.

"father!"

Lu Shenhua's face turned red, revealing a trace of embarrassment.

"Grandpa, Dad doesn't like to walk and take risks. I'm not the same. I travel adventures everywhere. In the future, I want to be as great as Grandpa."

Lu Chi waved his fist.

This guy did not hesitate to sell his biological father.

Lu Ming nodded, and he found that Lu Shenhua Xiu Wei had just broken into the appearance of God King.

And Lu Chi's cultivation practices have all reached the tenth level of Tenjin, almost the same as Ouyang Moli.

It stands to reason that among these juniors, Lu Shenhua has the highest talent, even higher than Lu Xiangxiang and Ouyang Moli, and also higher than Lu Chi.

But his cultivation practice is only a little higher than that of Ouyang Moli and Lu Chi, but he is not as good as Lu Xiangxiang.

Lu Chi is right. Lu Shenhua doesn't like traveling and taking risks. He likes to be with his family.

It is better when young, especially after getting married and having a family.

Lu Chi is a quaint creature, who likes to take risks and travels everywhere, but lacks some opportunities, otherwise the cultivation will be higher.

"Chi'er, are you married?"

Lu Ming asked curiously.

Lu Chi's age is not small, and he has already reached the age when he can get married.

"No, there are a lot of people who pursue me, but I can't look down on them."

Lu Chi shook his head.

"Dad, this girl has a very high-level vision. She said that she wanted to find a genius like Dad. Where to find it? You have to control him when you come back. I have a headache..."

Lu Shen murmured, causing Lu Chi to squint.

Everyone else laughed.

"Master!"

A gust of fragrant wind came, Lu Xiangxiang came, and came to Lu Ming to salute reluctantly.

Lu Xiangxiang, has not been that little girl that year, looks like a twenties, with a slim figure, a beautiful country, beautiful appearance, and outstanding temperament, is no longer under Qiuyue, Huangling and others.

"Xiangxiang, your repair is good!"

Lu Ming nodded with satisfaction.

Among all the people, only Lu Xiangxiang's Xiuwei satisfied Lu Ming.

Six Kings of God.

This is Lu Xiangxiang's cultivation practice. The speed of this cultivation is already amazing.

Lu Xiangxiang's talent is amazing, and his willpower is even stronger. He has been following Lu Ming's footsteps and moving forward.

"Unfortunately, imagining the lack of opportunities to bring them to the ruins of the universe will allow her to hone a lot, and there will definitely be an outbreak of cultivation."

Lu Ming thought.

Next, Lu Ming exchanged a few words with others.

Everyone walked and chatted, and soon came to a hall. Someone naturally put on a banquet to catch the wind and dust for Lu Ming.

At the banquet, Lu Ming also made it clear that the purpose of this return is to take everyone away, and will go to a cultivation place that is more than a hundred times better than the Taixu dynasty.

In fact, Lu Ming still doesn't exaggerate to say that the ruins of the universe ruined the heavenly army, there are strong people in the original environment to improve the environment, casting cultivation holy places, and the actual cultivation conditions, I am afraid that it is more than a hundred times better than the Taixu pilgrimage.

Everyone was moved, and at the same time extremely impressed, a place of cultivation that was a hundred times better than the Taixu dynasty. What kind of place was that? If you cultivate there, wouldn't you be able to make rapid progress?

Immediately, everyone agreed.

They are 100% new to Lu Ming.

Moreover, practitioners are the most important goal of cultivation behavior, they are different from ordinary people.

Ordinary people pay attention to rooting on the ground. If they stay in a place for a long time, they will regard that place as the root and will not leave easily.

But practitioners are different. In order to improve their cultivation, practitioners will travel around, hone around, and go on some dangerous adventures. They live in no fixed place, the purpose is to improve cultivation.

Therefore, there are better places, even places where the cultivation environment is a hundred times better than the Taixu dynasty. Everyone wants to go there, and looks forward to it.

As for Qianlong Heavenly King Mansion, compared to the improvement of spiritual practice, what is this count, just let one person manage it.

"Well, let's start preparing. I have a treasure of my own world. The space is huge. Anyone can take it away. If you want to go together, go together."

Lu Ming said.

"it is good!"

Everyone nodded, and left one by one, to prepare to go.

Lu Yuntian and Li Ping did not leave, they had nothing to prepare, just chat with Lu Ming and talk about Lu Ming's experience during this time.

"Oh, Minger, Xiaoqing and Qiuyue, how have these years been? Have you seen it?"

Li Ping asked.

The two were her daughter-in-law, and she hadn't seen her for many years.

Especially Qiuyue, who obediently watched them grow up. When Qiuyue disappeared in search of Lu Ming, they were very worried for so many years.

"Father and mother, rest assured that Xiaoqing and Qiuyue are fine, just waiting for us where we are going."

Lu Ming smiled.

"Okay, okay, that's so good, so good!"

Hearing that Xie Nianqing and Qiuyue are all right, and they will be able to meet soon, the old couple are very happy.

"Dad, mother, baby introduce you to one person."

Lu Ming said, waving his hand, Qiuyue appeared in front of the old couple.

"this is..."

The old couple looked at Ling Yuwei, and they were all amazed by Ling Yuwei's appearance and temperament.

As a fairy princess, Ling Yuwei was once rated as one of the twenty most beautiful women in the universe. Her temperament and looks are nothing to say.

"Father and mother, her name is Ling Yuwei, a princess of the elven clan of the universe, and your future daughter-in-law."

Lu Ming introduced and walked to Ling Yuwei, holding her little hand.

After listening to Lu Ming's introduction, Ling Yuwei's face turned into a red apple, which was more beautiful and charming. Jiao Didi bowed to the old couple and said, "Yu Wei has seen her uncle and aunt."

Chapter 4526: Three tribes come

Looking at Ling Yuwei, Lu Yuntian and Li Ping were a little dazed, and it took a while to react.

Li Ping quickly took Ling Yuwei's hand, a lot of up and down, with a smile on his face, even said: "Okay, okay, okay!"

Ling Yuwei just blushed and lowered her head, not knowing what to say.

"Yu Wei, let's go to Honghuang Caution first. My father and I have something to say."

Lu Ming said, he was mainly to avoid Ling Yuwei embarrassment.

"okay!"

Ling Yuwei nodded quickly. She felt that the pressure of facing Lu Yuntian and Li Ping was greater than the pressure of facing a Tianjun.

Lu Ming waved his hand, and Hong Huangjie produced an appeal, sending Ling Yuwei back to Hong Huangjie.

"Cough, Minger, aren't you too... too carefree, there are already Qiuyue and Xiaoqing, I remember that the girls Mulan and Huangling were also close to you, now how to find them again Has an elven princess?"

Lu Yuntian coughed a few words.

"What's the matter, it's normal for men to have three wives and four concubines, and my family is so good, it's normal for girls to like it."

Li Ping immediately helped Lu Ming speak.

In her heart, daughter-in-law, the more it is, the better.

"Is it normal for men to have three wives and four concubines? Then am I also..."

Lu Yuntian muttered.

"what did you say?"

Li Ping's voice rose suddenly, his eyes glared.

"Ahaha, no, nothing? Ping'er, you look so beautiful today, ahaha!"

Lu Yuntian quickly covered up laughing.

"Humph!" Li Ping sneered.

Lu Ming snickered aside, his dad, he was so scared of his wife, he discovered it for the first time.

"Aren't you gloating, bunnies? If you dare to say a word about today's affairs, I can't spare you."

Lu Yuntian sent a voice to Lu Ming, angry and angry.

Lu Ming's smile disappeared immediately, pretending to be nothing, nothing to see.

Later, Li Ping asked Lu Ming's experience over the years.

Lu Ming picked a part and talked about it. Of course, it was too dangerous, and Lu Ming wouldn't talk about it.

For example, they were caught by the Celestial Clan and so on.

Soon, two days passed.

Outside the Qianlong King's Mansion, there is an empty place full of people.

These are all people who want to follow Lu Ming to a new place. The total number of people adds up to at least tens of millions.

After more than a thousand years of development, as well as the time during the riots in the Xinghe River, Lu Ming's family and friends are already very large.

Not to mention, the Lu family alone has inherited dozens of generations, and the number is staggering.

There are descendants of Huachi, Pang Shi and others, who are already a behemoth.

Tens of millions of people are not many.

Of course, not everyone followed Lu Ming, and some people were still reluctant to stay here.

For example, there is a part of the Lu family who intends to stay. Lu Ming did not refuse, so he let the people of this Lu family continue to manage the Qianlong mansion. Lu Ming also left a few quasi-imperial puppets to help them guard the Qianlong. Heavenly Palace.

Whether to go or stay, Lu Ming will not force, as long as his closest group of people follow him.

Others, he can't control that much.

After all, all the creatures in the Heaven Realm and Yuan Realm were brought out by them. Now they are scattered in the riotous galaxy, the Qin Tianxing domain, and the Taixu Holy Pilgrimage. The number is already amazing.

These people, Lu Ming can't control now, let them develop themselves, want to go with Landing Ming, Lu Ming will not refuse.

For example, Fazu, as well as Zulong, Jiuming Demon Silkworm, Titan Beetle and other old comrades who fought together at that time, they are willing to go with Lu Ming, Lu Ming will not refuse, and readily agree.

"Door, open!"

Standing at high altitude, Lu Ming took a sip and urged Honghuang to quit.

Suddenly, a huge vortex appeared in the sky, with a diameter of a thousand miles.

"go in!"

Lu Ming's voice spread throughout the audience.

Uh, uh, uh!

The dense figure rose into the sky, rushed into the vortex, disappeared.

Thousands of miles in diameter is really amazing. Tens of millions of creatures, and it didn't take long to enter the famine, this area, only Lu Ming is left.

"Go to Taixu Shengdu."

Lu Ming stepped out and walked towards the Taixu Saint Capital.

However, before Lu Ming set off, Taixu Shengdu was already in crisis.

Angels, blood, and strong Wu people have surrounded Taixu Sheng.

Shocked ink, empty Xixue, the undead demon king, Qiansheng old king, crocodile sky and others, trembling in front of the powerful tribes.

The main reason is that the other party is too scary.

When the other party came, the strongest army of the Taixu Sheng Dynasty was vulnerable.

The other party made only one person, and only one move, so that the most powerful army of the Taixu dynasty was destroyed, and nothing was left.

Even the Undead Demon King, faced with the shot, was sweating and dreaded with fear in his heart.

Too strong, the Undead King knows that he is not an opponent of the opponent at all. If he wants to shoot, there is only one way to die, and one hundred thousand army will end.

This is only one out of hundreds of people from the other party.

Angel family, the legendary angel family.

Scared of ink, empty of the snow, the undead Demon King and others were terrified in their hearts.

They could recognize it, because the man who just shot out had angel wings.

The enemy they faced was actually the legendary angel family.

Although the Taixu dynasty is extremely remote, I have heard the rumor of the angel clan. It is the hegemony in the universe, which is extremely powerful, and it dominates the universe of thousands of stars. The gap between.

The other party blows a breath, and the Taixu Holy Dawn will be extinguished.

Now, such a powerful person, actually want to find them, is the Taixu dynasty, is it going to be over?

Jing Mo and Kong Xixue looked pale.

"I don't know... I don't know everybody, come to my little too-virgin pilgrimage, what's your job?"

Asked in a whisper.

"We come to Lu Ming!"

An elder from the angelic clan opened his mouth. This old man was a powerful **** in the angelic clan called Yeluchuan.

"You don't have to deny it. We have investigated and found out that Lu Ming came from your Taixu dynasty. His relatives and friends are all in the Taixu dynasty. Say, where is Lu Ming's family and friends, and tell us the specific address. "

Yelv Chuan continued.

"Is it Lu Ming's enemy?"

At this moment, Jing Mo, Kong Xixue, the Undead Demon King, the Blue Merchants, the Thousand Saints and Heavenly Kings moved in their hearts.

The difference is that Lan Shang and Qian Sheng Tian Tian are extremely anxious, and Lu Ming has angered such an enemy. The disaster will be imminent. They are very anxious in their hearts and want to send a message to Lu Ming and let Lu Ming take his family away.

However, under the supervision of the powerful tribes of angels, blood and witch, they simply cannot do it.

Chapter 4527: Stars in hand

Everyone in the Taixu dynasty had thoughts in their hearts, but no one spoke.

"You'd better say it quickly, otherwise, the Taixu dynasty will be wiped out."

Yeluchuan Road.

"Want to let us betray the Qianlong King, dream, kill if you want to kill, I have no fear!"

At this moment, a strong man shouted.

This person is a general of the Taixu dynasty. The cultivation of the Divine Monarch Realm was eightfold. He received the favor of Lu Ming and was loyal to Lu Ming.

"Bold, dare to disrespect the Lord Lord, find death!"

An angel clan drank coldly, his eyes flashing through the cold murderous opportunity.

bump!

The supernatural prince general of the Eightfold Divine Monarch, the body exploded directly, destroying both form and spirit.

Lan Shang, the Undead Demon King and others took a breath and were shocked.

They did not see how the angelic tribe shot, only heard the other party shouting, and a general who was a super prince in the Taixu dynasty blew his body directly.

What is this means?

Silently killing the existence of a prince and monarch, so that the other party has no resistance to resistance, even if it is the undead devil, it can't be done at all.

These masters of the angel family are simply unfathomable.

In addition to the angel clan, there are two other forces, which are estimated to be extremely terrifying. How do they fight against such enemies?

Also, Divine Lord, what state is that?

Scared ink, empty Xixue, blue merchants, undead devil and others all showed doubts.

They didn't even listen to what realm God is.

Lan Shang, Qian Sheng Lao Tian Wang and others, only know the God Emperor Realm. The God Emperor in their eyes is synonymous with invincibility.

During the peak period of the Undead Demon King, he once went out and wandered, but only went to a few larger cosmic-level forces to wander, he knew that the strongest cultivation practice was the Divine Emperor Realm.

Is God's Lord Realm a stronger realm?

"I advise you not to conceal. Our strength is not something you can speculate. If you don't conceal, you will be miserable in the end."

Yelv Chuan coldly said.

Scared of ink, Kong Xixue, and the undead three, all showed hesitation.

For Jing Mo and Kong Xixue, Lu Ming is their great benefactor. It can be said that without Lu Ming, there would be no them today.

If not necessary, they will not betray Lu Ming.

Without dying the demon king, because he has a ban on the demon under the bone cloth, he is very afraid of Lu Ming. If Lu Ming really betrayed, if Lu Ming did not die, then he would be miserable.

As for the Blue Merchants, Thousand Saints Heavenly King, and Crocodile Sky, that would definitely not betray Lu Ming.

So, no one spoke for a while.

"It seems that you still have a lucky heart, do you not know my means?"

Yelv Chuan said coldly, then reached out and grabbed the universe starry sky.

Then, the pupils of Jing Mo, Kong Xixue, the Undead Demon King, Lan Shang, Qian Sheng Tian Tian Wang, etc. contracted sharply, and their mouths widened, revealing a horrified expression.

It can be seen that huge stars are hanging in the distant universe.

At this moment, there are five huge stars, suddenly moved to this side.

The speed is very fast. Soon after, the Tai Xing Sheng is not far away, and there are five huge stars, emitting terrifying temperatures, so that this area, the temperature rises rapidly.

Obviously, these five stars were captured by Yelvchuan across the sky.

But this is not the most shocking, the shock is still behind.

When the five stars approached the Holy Capital, they actually began to shrink sharply, as if there was an invisible force that enveloped the five stars, continuously compressing the five stars, and shrinking the five stars.

Soon, the five stars were compressed into five walnut-sized balls, which became fiery red, like five fiery red crystal beads, falling in the hands of Yelv Chuan.

Click, click...

Yelv Chuan held the beads made of five stars and slowly played.

Seeing this scene, the people of the Taixu Holy Pilgrimage were stunned and almost scared to death.

Shocked, incomparably shocked, relentless shocked...

God, what is this strength?

Those five huge stars were actually caught by Yelv Chuan at random, and then compressed into five walnut-sized balls, grasped in his hand.

If they didn't see it with their own eyes, they wouldn't dream that there would be such a powerful person in the universe.

What is this cultivation, what is this strength?

Such strength is already incredible.

An ordinary prince, with all his efforts, can cause a devastating blow to a living planet.

Multiple slightly stronger wars of gods can even detonate an ordinary life planet.

Of course, it refers to the ordinary life planet, and there is no defensive formation on it.

A quasi-imperial presence can easily explode an ordinary life planet.

However, stars are different.

The size of a star is often tens of thousands of times larger than that of ordinary life planets, or even hundreds of thousands of times.

It's too difficult to blast a star. The quasi-imperial powerhouse can't do it.

Even a **** like the immortal demon king can't do it.

But that was just a blast.

Catch with Volley, grab five stars, and compress the five stars to the size of walnuts. Compared with the difficulty of playing in the hand, it is simply incomparable. The gap is like the gap between candlelight and Haoyue. .

Such methods are beyond the scope of their imagination.

Is this the strong man of the universe overlord angel family?

This is too terrifying, Lu Ming actually got such a strong man, there is only one in the end, that is dead.

Lan Shang, Qian Sheng Lao Tian Wang, and Crocodile face were miserable, extremely ugly, worried about Lu Ming.

The startled ink, the empty Xixue, the undead demon king, and their eyes began to flash, revealing the color of thinking.

"Give you a chance to tell the whereabouts of Lu Ming's loved ones. Not only will I not kill you, but I will also reward you with no chance."

"I don't have much time, just talk!"

Yelv Chuan said lightly.

Shocked ink, empty Xixue, the color of struggling in the eyes of the undead three is more intense.

They didn't want to say what they meant, but the other party was too strong, and even if they didn't say it, the other party directly searched the soul, they couldn't stop it.

"Big deal, everyone, I believe Lu Ming, he will avenge us."

The blue merchants shouted and determined.

"you wanna die!"

The angel man who shot before shouted.

An invisible force pressed against the blue business.

Taking the blue merchant's cultivation as an example, he will definitely not be able to stop this person's blow, and he will fall like that of the former general of the Divine Monarch Eightfold.

But at this time, an indifferent voice sounded: "I think you are the one who is going to die!"

Then, the space in front of the Blue Merchant broke open directly, and a figure suddenly appeared, and the power of the angel clan hanker fell on this person, without arousing the slightest waves.

Chapter 4528: Treat me to cut his head

This suddenly appeared person was naturally Lu Ming.

He set off from Qianlong Heavenly King's Mansion and walked through the broken sky. It was amazingly fast. After a while, he came to Taixu Shengdu

As soon as he arrived at the Taixu Holy Capital, he saw that the angelic tribe was trying to kill the Blue Merchant. Lu Ming was furious and yelled, and a fragmented space appeared in front of the Blue Merchant, blocking the blow for the Blue Merchant.

At the same time, a spearman appeared abruptly on the head of the angelic man.

This angelic tribe, only Divine Emperor has a heavy cultivation, and it is too far away from Lu Ming. Where can he resist Lu Ming's attack?

The angel master master, did not expect Lu Ming to appear suddenly, too late to rescue.

puff!

The angelic man was directly pierced through the head by the gun-man hole, the soul was wiped out, fell on the spot, the body was sucked by the gravity of the Taixu Shengdu and smashed against the city wall.

"This..."

"Lu Ming, Lu Ming!"

"He killed the strong angels?"

Jing Mo, Kong Xixue, the Undead Demon King, Lan Shang and others immediately discovered Lu Ming, and then were horrified.

Was the angel clan just killed by Lu Ming?

And it's still a trick.

They were impressed and silent with the strength of the angelic big man, they killed a powerful monarch with eight levels of strength. The strength is unfathomable, absolutely far above the undead king.

Such a strong man, a force that can easily slaughter like the Taixu dynasty, is out of their reach and extremely in fear.

This kind of existence was actually killed by Lu Ming's move.

After they were horrified, they took a breath.

"Lu Ming, is it already so powerful? It seems that I still seriously underestimated him!"

Lan Shang sighed.

"It's too strong. In just a few thousand years, Lu Ming has actually reached such a level. It's incredible. It's a person who can reshape the pattern of the Taixu Holy Pilgrimage. It's much more amazing than Jing Yu's back then!"

Kong Xixue was also amazed.

In particular, the undead king is involuntarily cold sweat.

Because he remembered a few days ago, he seemed to provoke Lu Ming, he wanted to learn from Lu Ming, and even wanted to take Lu Ming directly, let Lu Ming help him to get rid of the demon prohibition.

Thinking of this, he was afraid for a while.

His strength is too far away from Lu Ming. As for his strength, he still wants to learn from Lu Ming. Isn't he looking for abuse?

Fortunately, he sensed Lu Ming's terrifying gas engine, and he stopped in time.

Originally, he thought that Lu Ming should have reached the triple or above, but now he found that he still underestimated Lu Ming.

"Does Lu Ming have reached the high level of the Divine Emperor, and even reached the legendary Divine Emperor Realm? But it was only a thousand years after he left, how could this be possible?"

Ten thousand in the undead king couldn't figure it out.

"You...Lu Ming!"

"It's Lu Ming!"

Angels, blood, and Wu people were also taken aback.

They came here to catch Lu Ming's relatives and friends, and then handed them to the Celestial Clan, so as to threaten Lu Ming.

Unexpectedly, Lu Ming himself was actually here.

"Good, great, hahaha!"

Yelv Chuan reacted quickly and laughed ecstatically.

The same is true of blood races and Wu people.

Lu Ming, actually here, what other Lu Ming's relatives were arrested, directly took Lu Ming and handed it to the Celestial Clan?

bump!

A divine master of the blood clan, stepped into the sky, exuding a terrible breath, and under this breath, the whole starry sky was shaking.

Then, the Wu people, Wu Ye, Yelv Chuan and others also exhaled a strong breath.

Rumble!

As if the sky and the earth were turning upside down, the sun and the moon were sinking, and the boundless starry sky was trembling. In the distant starry sky, the stars were trembling, and seemed to be crumbling.

The breath of God's dominion is really terrifying.

Lu Ming used the power of taboo to overshadow the Lanshang and others, otherwise, they would not be able to bear such a strong breath, and they would be crushed by this breath.

"Haha, I really want to plant flowers but I don't care to plant the willows, and Lu Ming, you actually came to your door. Well, well, it's really great."

Yelv Chuan laughed.

"Lu Ming, just catch yourself!"

Said a strong **** of the blood race.

"Only you, want to win me? Ha ha!"

Lu Ming sneered.

To be honest, these people, he did not mind.

These people actually found it here, so that he was afraid in his heart.

Fortunately, he came back a step early, and if it was a few days later, not only was the priesthood too dangerous, his loved ones and friends were also dangerous.

These people have been put on the list of must-have by him. In his mind, they are already dead.

"Hahaha, Lu Ming, you have such a big tone. I admit that your talent is very high, and it is not an exaggeration to say that you can't compete in the universe, but can you really think you can cross the realm and fight against me?"

Yelv Chuan sneered and looked confident.

Lu Ming is just the cultivation of Divine Emperor Jiu Zhong.

Yes, he didn't know that Lu Ming had broken through to God's realm.

Lu Ming is in the Life Soul Heaven Court and has broken through to the Divine Realm. The Celestial Clan knows.

However, in the eyes of the Celestial Clan, these races, the Angel Clan and the Blood Clan, are nothing more than slaves. The Celestial Clan has no habit and finds out what is going to rule the slaves below.

In fact, it didn't take long for Lu Ming to reach Divine Lord. Even among the Celestial Race, only a few people knew about it.

These angels, blood, and Wu people don't even know that Lu Ming has broken through the Divine Lord. They are also Lu Ming's cultivation practices. They are Divine Emperor Jiu Zhong.

Moreover, Yeluchuan's cultivation practice is, but the Divine Lord is double, not the Divine Lord.

He naturally did not put Lu Ming under pressure.

"You can try!"

Lu Ming said lightly.

"Keep me on my knees!"

Yelv Chuan took a cold drink and took a photo.

This palm, the white divine light, was more than a hundred times brighter than the sun. A huge palm formed in the sky and pressed down towards the landing.

With the palm of your hand, the starry sky trembles. In the cosmic starry sky, you can't bear such a terrifying force, and there are huge and fierce cracks that stretch for infinite distance.

Some stars, including stars, burst directly.

Horrible, terrifying, such attacks are completely devastating.

Under these kinds of attacks, people like Jing Mo, Kong Xixue, and the Undead Demon King tremble involuntarily, and their hearts are deeply frightened.

Helplessness, under such attacks, they feel deeply helpless, no matter what method they can't escape, only a dead end, the soul is scattered, the smoke is extinguished.

"It's over!"

Shocked ink, empty Xixue, the idea of the undead devil and others came to mind.

"Lu Ming, go away, you go now, leave us alone."

The blue merchant shouted.

However, Lu Ming always had a faint smile on his face.

"Uncle Lan, it's fine, wait for me to remove their heads!"

Lu Ming smiled slightly.

Then, as if a volcano erupted in his body, a breath of horror erupted.

Then, punched out.

Chapter 4529: Horrified crowd

Lu Ming burst out with a punch, a brilliant punch burst out, penetrated the void, and bombarded with the condensed palm of Yeluchuan, directly penetrated Yeluchuan's punch.

"How do you... your cultivation..."

Yelv Chuan showed an incredible look and shouted in shock.

Lu Ming's breath erupted, and his specific cultivation behavior was fully revealed.

God's realm!

Lu Ming's cultivation practice is actually God's main realm.

Yelv Chuan was shocked, and other masters of the Angels, Blood, and Wu people were also shocked.

In Taishang Xiancheng, Lu Ming's cultivation practice was clearly Emperor Jiuzhong, and according to reliable information, Lu Ming's cultivation practice had just broken into Divine Emperor Jiuzhong just now, and was not in God Emperor Jiuzhong for a long time. Kind of.

In just a few years, Lu Ming has accumulated enough? Cultivation is a breakthrough to the main realm of God.

They were shocked, shocked, cherished by the snow, the undead Demon King, Lan Shang and others were equally shocked.

After Lu Ming broke his breath, the breath was terrifying, giving them a vast, unpredictable and unfathomable feeling.

Ye Luchuan's horrible palm, which gave an irresistible palm, was defeated by Lu Ming.

This is Lu Ming's true strength?

Their hearts are ups and downs, making it difficult to calm down.

"Old guy, take you on the road!"

Lu Ming's eyes were as bright as electricity, sending out a cold killer, stepping into the sky and killing towards Yelvchuan.

His whole body trembles, the immense forbidden power, rushes out constantly, gathers into the power like Wang Yang, flocks to Lu Ming's double fist.

boom!

Lu Ming burst out with another punch, the void completely bounced out, and the terrifying fist force penetrated the cosmic starry sky and blasted towards Yeluchuan.

The punching force has not yet hit, because the squeezing of the void brings great pressure, which has been pressed on some people of the angels, blood, and witch.

The faces of these men showed pain, and howled in their mouths.

It can be seen that there are cracks on the upper surface of these people's bodies. Under the pressure of terror, their bodies become distorted and deformed, and the last touch bursts.

Before the boxing power has arrived, more than 20 people of the three tribes have been killed by the pressure of boxing power.

All of this is slow to say, but it actually happened for a moment.

In an instant, Fisting approached Yelvchuan and locked him.

"Angel War Sword!"

Yelv Chuan roared, and ten angel wings appeared behind his body. The Holy Light soared into the sky. An angel war sword flew out, chopping out a shocking sword light, and bombarded with Lu Ming's fist.

boom!

With a thunderous roar, Yelv Chuan's body flew straight out and smashed a distant planet.

He vomited blood in a big mouth, and his face was extremely pale. A big hole in his chest was exploded, which was translucent, and he almost exploded his body in two.

One stroke, Yelv Chuan was hit hard.

This time, the rest of the Angels, Bloods, and Wus were stunned and shocked.

Yelv Chuan, but the double existence of the Divine Lord, was actually seriously injured by one move.

Lu Ming's combat strength is so terrifying.

"Go, go!"

"Leaving here, we are not his opponent!"

Then, the angels, blood, and Wu people panicked, yelling wildly, and wanted to escape.

Although the three tribes of them add up, there are five divine masters, and there is a double divine master over the blood tribe, but they know very well that even if they add up, they are not Lu Ming's opponents.

"You guys, can't go!"

Lu Ming's indifferent voice sounded, and he triggered a seven-fold warfare strategy, waving his hands, and a continent emerged in the sky.

Self-made secret technique second type, wild type.

For a time, the area of the mainland expanded sharply, even larger than the Taixu Holy Capital, covering the sky and the sun, and covering all the three tribes in it.

Then, press down.

Rumble!

The violent strength, the earth and the earth, the people of the three tribes, there is no escape.

"Shoot, block it!"

"Shoot together!"

A **** of the blood clan shouted, and then turned into a body. It was a huge bat with a wingspan spread out, tens of thousands of miles.

In addition, the wings of the bat are golden, with one wing, a **** explosion, and a terrifying power.

This is the dual existence of a divine lord, terrible power, blue businessmen looking at, the undead devil and others with white faces.

In addition, the blood clan also has a strong master of the divine master, which has also turned into a body, which is shocking.

Masters of other blood tribes have also turned into ontology.

There are also angels, angel wings spread, the holy light diffuses, illuminating Tianyu.

The Wu people are also trying their best, the sky is dark.

The masters of the three tribes made a joint shot, striking the strongest blow in their lives and blasting towards the 'Honghuang Continent'.

boom!

The earth-shattering roar erupted, the universe starry sky trembled, and then, the attack of the three tribes, which continued to collapse, could not withstand Lu Ming's attack at all.

Ahhhh...

A scream came out, and the masters of the three tribes under the gods' realm continued to explode, and their souls were wiped out by powerful forces, and they fell on the spot.

When the "Honghuang Continent" was depressed, the existence of the three tribal gods fell, and none of them remained.

There are only four divine realms that are still alive.

The angel clan has one divine master, the blood clan, one divine master, and one divine master, and the witch witch.

The body of the four people was trembling, especially the presence of the three divine masters. There were cracks on the skin and they vomited blood.

The blood master's double master of the Divine Lord was also injured, and a golden wing was exploded.

"This this...."

Lan Shang, Jing Mo, Kong Xixue, the Undead Demon King, the Thousand Saints Heavenly King and others, with their mouths wide open, completely stunned and petrified.

At this moment, they only felt their own brains and became a mess, unable to turn.

I was shocked in my heart.

One move, just a move, hundreds of strong, there are only a few left.

Those who seemed lawless and vast as if they could destroy the universe were also injured by Lu Ming's attack.

Others fell directly.

That's a few hundred masters, and each looks very terrifying.

Hundreds of people joined forces and broke out just now. Everyone showed their terrible strength.

They felt that one of the hundreds of people pulled out randomly, all above the undead demon king, and pulled out one randomly, which could sweep the Taixu Holy Clan, the Barbarians, and the Tianyi Holy Clan.

With so many strong men, and still working together, Lu Ming was killed by a stroke.

Lu Ming's strength is simply too strong to be incredible.

The Undead King's body was trembling, it was scared.

He still wanted to fight Lu Ming before. It was simply beyond his control. Looking for death in the death, Lu Ming might breathe a sigh of relief, which could make him crush his bones and destroy all forms.

Shocked ink, Kong Xixue and others are also extremely shocked.

For thousands of years, Lu Ming left the Taixu dynasty to the present, which is just over a thousand years ago, and has actually reached such an incredible state. Is this still human?

Chapter 4530: Slash god

"The power is too scattered, and the power is much smaller."

Seeing that the existence of the Four Divine Realms was not dead, Lu Ming frowned slightly, and was still somewhat dissatisfied with the power of Honghuang.

With the blow just now, he made the area of the "Honghuang Continent" extremely huge. The purpose was to cover hundreds of masters of the three tribes and ensure that no one escaped.

The larger the area, the smaller the power.

Although it is more than enough to kill the existence under the Divine Emperor, the lethality is still not enough for the existence of the Divine Lord Realm.

The existence of several Divine Lord Realms joined forces to resist, but was injured, and did not fall.

"However, this is enough!"

Lu Ming grabbed the palm of his hand with a volley, a spear spun out, stepped out, and quickly rushed towards Yeluchuan.

The spear was pressed down like Taishan Mountain. It was so huge that it covered the sky and enveloped Yeluchuan. Yeluchuan was seriously injured and could not escape.

The cold and terrible killing made Ye Luchuan feel cold and cold.

"No, don't kill me. I'm the one given by the Celestial Clan, which is equal to the Celestial Clan. If you kill me, the Celestial Clan won't let you go."

Yelv Chuan shouted in horror.

That's right, he is an angelic family. He didn't have this surname, but he was loyal to the Celestial Clan and made great contributions, so the Celestial Clan would give him the surname.

This is a glorious thing for all races in the universe.

Being given the surname by the Celestial Clan is equivalent to half of the Celestial Clan, and walking in the universe must be awed by all ethnic groups.

In fact, this is also a means for the Celestials to attract people. Some people in the universe have made great contributions to the Celestials and are loyal. The Celestials will give the surname.

This is also a means of controlling various races.

However, this Yeluchuan was also in a state of ill health. He actually threatened Lu Ming with the Terran Clan. I wonder if the taboo body and the Terran Clan are the right opponents.

Threatening Lu Ming with the Terran, he would die if he didn't die.

"ridiculous!"

Lu Ming spoke indifferently and kept on the offensive. The spear was pressed at a faster and more amazing speed. Eventually, he bombarded Yelvchuan.

Yelv Chuan screamed unwillingly, then his body exploded, and his form and spirit were destroyed.

A dual existence of the Divine Lord was just killed.

"Want to go!"

Then, Lu Ming glanced around, the cold light flashing.

Because of the existence of the other four Divine Realms, they have scattered and fled.

They fled in four directions at a very fast speed. Terby was the strong double hero of the blood god. He had one wing, the starry sky split, he shattered the void, and a flash was a million miles away.

But will Lu Ming let them escape?

The God of War gun appeared in the hand, and the forbidden force poured into the God of War gun crazy.

Uh!

The God of War gun rushed out, and rushed to the double master of the blood god.

Too fast, the God of War gun reached its extreme point, rushed into the dark void, and disappeared.

But at the next moment, a scream was heard in the distant starry sky, and then, a huge figure appeared, which was the strong double hero of the blood clan.

But at this moment, the person's head has burst, without any sound, apparently dead.

While Lu Ming threw out the God of War gun, Lu Ming exhibited the big move technique and appeared in front of the Wu clan and witch.

The three **** masters were one-weighted. They were previously attacked by wilderness and suffered a lot of injuries, so their speed was also greatly affected. Lu Ming easily caught up.

"Lu Ming..."

Wu Jing was shocked, and quickly backed away, terrified.

At the beginning, he chased and killed Lu Ming all the way to the dragon star.

The ants that were not worth mentioning in his eyes back then, have now grown to this point and can easily kill him.

Lu Ming had no delay, and as soon as he appeared, he punched out.

Wu Ji roared, his voice was sharp, and he broke out with all his strength, but it was useless. In the battle of the same level, the difference in strength between him and Lu Ming was too big.

Moreover, he was injured.

With a bang, Wu Qi's body exploded directly.

"Humph, avatars are useless in front of me!"

Lu Ming spoke indifferently, flexing his fingers into claws, and grabbed directly into a void.

The void collapsed, screaming came out, and a figure was caught by Lu Ming.

It is witch.

It turned out that Wu Ma had just used the Wu Ma's stand-in puppet technique. Lu Ming's one-fist bombing was only Wu Ji's stand-in puppet. His body had already escaped into the void and wanted to take the opportunity to escape.

But all his actions can't escape Lu Ming's eyes.

He grabbed the witch directly with a single catch.

"No, don't kill me..."

The witch yelled in horror.

But Lu Ming's eyes were indifferent, too lazy to talk nonsense with him, his claws were hard, and his violent energy burst into the body of Wu Ji.

The witch's body exploded, and both form and spirit were destroyed.

As soon as Wu Jia died, the God of War gun flew back to Lu Ming's hands and was caught by Lu Ming.

Uh!

Then, Lu Ming flicked again, and the God of War gun flew toward the existence of another **** of the blood tribe.

And he himself, performing the big move technique, rushed toward the angelic god's heavy existence.

Killing the witch, after such a slight delay, the existence of these two **** masters has escaped very far.

However, Lu Ming is confident that the God of War gun is enough to kill the blood god.

After the God of War gun was injected into the taboo power by Lu Ming, the power is very amazing, and the God of War gun is a top-level source soldier. It has a very strong spirituality. It is more than enough to kill an injured blood god.

Uh! Uh! Uh!

Lu Ming hurried towards the angel family, and the distance between the two sides was constantly narrowing.

"It's terrifying, Lu Ming is terrifying, I must spread the news, to the angels, to the heavens..."

The angelic deity has a heavy presence, while flying away, it is necessary to spread the news with a dreamy jade.

"Breaking the sky, kill!"

Lu Ming drank coldly, the whole person turned into a spear, and at the same time, the power of the original broke out.

Originally, Lu Ming did not need to explode his roots to deal with such things, but in order to kill this person as soon as possible, he had to do so.

Lu Ming can't let the other party spread the news.

Although he will take away his relatives and friends, some of the people with the best relationship will take it away.

However, there are still some people left.

A group of people from the Lu family, as well as Jing Mo, Kong Xixue and others, these people will stay.

If they are known by the Celestial Clan, they will surely lower their anger and turn the Taixu Holy Dynasty into purgatory.

From the end of the elven race, you can know that the Tianren race never softens against other races.

The sky-breaking type has the advantage of great aurora, and the speed suddenly increases. It flew out like an aurora and instantly caught up with the powerful master of the angelic god.

The other party hadn't had time to use the dream **** jade to spread the news, and was penetrated by Lu Ming with a shot. The power of terror destroyed his body to ashes.

With a wave of his hand, put away this person's storage ring, Lu Ming stepped out and returned to the front of Lan Shang and others outside the Taixu Holy Capital.
