

D Emperor 4791

Chapter 4791: Unseen creatures

The Celestial and Yaxian tribe cared most about Lu Ming.

If Lu Ming disagreed, they would have to join forces to deal with Lu Ming.

"Naturally I have no opinion."

Lu Ming smiled faintly.

"Okay, then we'll find them separately."

The big man of the Yaxian clan nodded.

Then, the three parties separated, each chose a direction, and started searching.

"Strange, in this area, no other level magic medicine was found."

An old man who killed the Heavenly Army said.

Lu Ming also frowned. This area, logically speaking, has entered the Yuanji sacred mountain. The energy is astonishingly rich. Such rich energy will definitely be able to nurture more magical medicine.

But they didn't find a single magical medicine, not to mention the main-level magical medicine, even the lower-level magical medicine did not find a single one.

"In this area, several extremely high-level source-level magical medicines were born. It is estimated that they were affected by the source-level magical medicines. Those magical medicines are too domineering and absorb all the energy, making other magical medicines unable to survive. "

In the sea of knowledge, the voice of the Bone Demon rang.

Lu Ming nodded and approved this statement.

After half a day, still nothing.

boom!

At this time, there was a sudden violent roar in the other direction, and at the same time, a dazzling glow filled the eyes, which was extremely dazzling.

The rocks of Yuanji Shenshan would have been filled with a brilliant glow, but this glow is even more dazzling, even if it is far away, you can see it.

"There is the search direction of the Celestial Race. Did the Celestial Race find something?"

"Maybe the source-level magical medicine is over there."

People from the Exterminating Army talked a lot.

"Go, go over and take a look."

Lu Ming rushed in that direction first.

They let go of their speed, and soon they approached a place filled with sunlight.

It was a cliff. At this moment, the cliff was roaring, and it split into two from the middle, and a huge canyon appeared out of thin air.

The dazzling rays of sunlight burst out from the canyon.

"That's... the source-level magical medicine."

"And there are three, no, four, no, five!"

Many people exclaimed.

Lu Ming's heart also shook, his eyes fiery.

He did see five source-level magical medicines, with different appearances, five completely different source-level magical medicines.

The five magical medicines were extremely fast, and they disappeared into the canyon with a flash of light and shadow.

Hh hh hh...

The body flashed, and the people of the Yaxian clan also arrived.

"We discovered this place first. It was agreed before that whoever discovered the source-level magical medicine will go to whoever, and you can leave."

The Extinction Heavenly Monarch shouted, and stared at the people of the Yaxian tribe and the Extinction Army.

"You have a share, not to mention, five extremely high-level Source-level magical medicines, can you swallow them by the Celestial Clan? Are you afraid of choking to death?"

The big man of the Yaxian tribe sneered, his eyes full of sarcasm, and he had no fear of the heavens and humans.

Lu Ming remained silent, letting them leave, naïve.

I said that whoever finds it will belong to whoever is found. It is just talking about it, and no one will take it seriously.

I believe that if Lu Ming and the others find the source-level magical medicine first, the people of the Celestial Race will not give up.

"hateful!"

The people of the Celestial Race were angry and angry.

In the past, their Celestial Race was aloof, no race dared to disobey them.

In the past thousand years, it has completely changed. The prestige of the Celestial Race has become lower and lower. For example, the Yaxian Race has completely ignored the Celestial Race.

"Follow me into the canyon."

Exterminating Tianjun shouted angrily, and rushed toward the canyon first, followed by a hundred masters of the Celestial Race.

"go!"

"Enter the canyon!"

Both the Yaxian tribe and the Heaven Extinguishing Army also rushed in immediately.

However, after the three powerhouses entered the canyon, they couldn't help but stop.

The canyon is very wide, and the stone walls on both sides of the canyon are as smooth as a mirror, as if cut by a sharp blade.

What moved them most was that there was a crystal statue on the stone arm.

No, it's not a crystal statue, it's a piece of crystal. In the crystal, all creatures are sealed.

It's like a crystal coffin.

The stone arm was sunken in, inlaid with pieces of crystals, which were sealed with creatures. These creatures, with their eyes closed, looked serene.

The key point is that these creatures are very strange in appearance, similar in appearance to the human race, but their hair is far from the human race.

These creatures have tens of thousands of hairs, unlike humans. They only have thousands of hairs. Each hair is much thicker than human hairs.

Moreover, their hair looked like beams of light, flowing with sunlight, which was very strange.

"What race is this?"

Everyone was curious.

Because in the universe, I have never heard of such a race.

No one knows.

The canyon stretches forward, I don't know how long it is.

On the stone arms on both sides of the canyon, there are many of these crystals that seal the creatures, and at a glance, the number is no less than thousands.

Click!

At this moment, some crystals made a clicking sound, and cracks appeared.

Everyone's heart jumped, how did this crystal crack?

"There is also a crystal cracked here."

"There is also this direction."

Many people spoke nervously.

In fact, there are not many crystals that have cracked, only a dozen pieces.

There were more and more cracks in these crystals, and finally a piece of crystal fell off, and the creatures in the crystal were completely exposed in front of everyone.

Huh!

Suddenly, one of the creatures in the crystal opened his eyes suddenly, and his eyes burst into bright light. At the same time, his long hair like a beam of light danced like crazy, and then, like a sharp sword, it pierced him into the distance. The nearest creatures.

The closest to him is the Celestial Race.

puff! puff!

Two of the celestial races were caught off guard and were hit directly. They were pierced by the beam of hair and pierced with hundreds of holes in their bodies.

Then, with a flick of his hair, the two masters of the Celestial Race had their bodies torn apart.

The cultivation bases of these two celestial races are not weak, they have the eightfold cultivation base of the gods, but they have no resistance at all.

"Dare to trespass into the land of our clan and kill without mercy!"

That peculiar creature unexpectedly yelled, his voice was dry and hard, it seemed that he hadn't spoken in endless years, but everyone heard it, full of murderous intent.

Huh!

His body rushed out violently and slew towards the Celestial Race.

"Go back and leave this person to me."

A master of the Heaven and Human Race, Jiuzhong, stepped forward, the golden war spear in his hand, violently stabbed out hundreds of times.

That peculiar creature still used beams of hair to attack, like thousands of sharp swords, stab the Celestial Race.

Dangdang...

A intensive collision sounded, and in an instant, the two sides collided thousands of times, and then a figure retreated violently.

It was the master of the Celestial Race, he vomited blood with a few more blood holes in his body, and his eyes were shocked.

"So strong combat power!"

The others were surprised.

Chapter 4792: Terrible combat power

Everyone was shocked.

Because everyone has already sensed that the creatures that came out of the crystal have the same level of cultivation as that of the heavenly human race.

But the two sides fought, but the Celestial Race was completely defeated.

The fighting power of this creature was amazing, and a battle at the same level completely suppressed the Celestial Race.

This made Lu Ming couldn't help but think of the creatures in the Demon Mountain in the Yin Pit. The battle at the same level had completely suppressed the Celestial Race.

Likewise, they all come from the most terrifying forbidden ground.

"kill!"

The creatures of the crystal seal shouted coldly, murderously cold, thousands of beam-like hairs danced wildly, like thousands of sharp swords, continue to kill the divine lord Nineth Heaven Human Race, wanting to kill the opponent completely.

Naturally, other celestial races will not do what they want.

On the side, a Celestial Race at the pinnacle of the God Lord stood up, holding the sword of heaven, cutting out the dense sword light, blocking the opponent's sword-like hair, and knocking the opponent back.

However, the crystal-like creatures became more murderous, and with a roar, they continued to kill the master of the gods of the Celestial Race.

The two were extremely fast, fighting dozens of moves in an instant. Although the creature of the crystal seal was completely at a disadvantage, the existence of the peak of the Celestial Race God Lord wanted to kill the other party, but it was difficult for a time.

Click! Click! ...

At this time, the other dozen or so crystals had also shattered. The creatures inside opened their eyes, and the beams of hair on their heads fluttered.

Then, these more than a dozen creatures killed the Celestial Race, the Yaxian Race, and the Celestial Exterminating Army.

The hair is like a sword, piercing the void, making a harsh whistling sound, and piercing the three masters.

The terrible power has changed people's faces.

Among them, there are definitely terrible masters.

The top powerhouse of the three parties took the lead.

For example, the extermination of the heavenly monarch, the hundred battles of the heavenly monarch, the headed man of the subxian clan, etc., the Lu Ming and the bone demon in the extinct heavenly army.

Lu Ming held the God of War spear and swept out, a spear light instantly covered the five crystal seal creatures.

The gun light collided with thousands of beams of hair.

How powerful is Lu Ming's combat power, even though the creatures of these crystal seals are very strong, there is still a big gap between Lu Ming's combat power and Lu Ming's combat power.

Those beams of hair that were swept by the guns tremble violently, and some of them exploded directly.

With several screams, two of the weaker creatures burst into pieces and fell on the spot.

The other three also coughed up blood, their hair like beams dim.

The strength of the strongest Tianjun-level existence is too strong, and it will crush the opponent as soon as it strikes. On the other two sides, the Celestial Race and the Yaxian Race are similar. The strongest Tianjun-level master directly defeated the opponent, and some of them were weakened , Was killed directly.

"Retreat!"

The remaining crystal seal creatures are very decisive, like electricity, rushing towards the depths of the canyon.

However, their eyes were very cold, full of cold murderous intent.

"Chasing, source-level magical medicine, mostly in the depths of the canyon!"

Bai Zhan Tianjun screamed and chased it first, and the people of the Celestial Race quickly followed.

The people of the Yaxian tribe quickly followed.

"Lu Ming, what shall we do?"

Someone asked Lu Ming in the Exterminating Army.

The Heaven Extinguishing Army at the scene naturally looked at Lu Ming's head.

Lu Ming frowned slightly, he had a bad premonition, mainly because he thought of the evil mountain in the pit.

The most terrible forbidden area, there are strange creatures, this is no small thing.

In addition, there are a lot of crystals here, and each crystal seals a creature. Since some are alive, what about other creatures?

However, since I came here, I gave up, really unwilling.

"We also went in and took a look. If the situation is wrong, we will retreat immediately."

Lu Ming ordered.

Then, Lu Ming took the lead and rushed towards the depths of the canyon.

However, as they went deeper into the canyon, the faces of Lu Ming and others became more and more serious.

Because the stone arms on both sides of the canyon are inlaid with that kind of crystal, they have seen tens of thousands of them along the way.

At this time, the people of the Celestial Race and the Yaxian Race were getting slower and slower.

Because their hearts are equally solemn, and their hearts are also a little frustrated.

Ok?

Suddenly, everyone stopped.

Because, in front of the canyon, the creature of the crystal seal appeared again.

They were still the ones who had fled before, but at this time they were not afraid at all and stopped in front of everyone.

"Dare to kill the people of my clan, die!"

One of the creatures of the crystal seal spoke indifferently.

Then, behind them, more than a dozen crystal-seal creatures appeared.

These creatures have long hair flying, and their bodies are transparent, emitting a dazzling light.

Hh hh hh...

Their bodies exploded out and killed everyone.

The long hair of the beam pierced the void and pierced the Yaxian tribe and the Celestial tribe, and even the Celestial Extinguishing Army, at an astonishing speed.

The attack speed of a few of them was too fast, reaching an astonishing level, so fast that people could hardly react.

Ahhhh...

There were continuous screams, and people of the Celestial Race, the Yaxian Race, and the Exterminating Celestial Army were all killed.

At least a dozen people died in an instant.

The Heaven Extinguishing Army is in better condition, and the ones killed are the least, because they are the last.

"Damn it!"

Bai Zhan Tianjun shouted angrily and tried his best to kill those creatures, but was blocked by a crystal-seal creature.

In an instant, the two clashed hundreds of moves, but they didn't know the outcome.

The strongest of the strongest Tianjun level.

Everyone trembled, and among these creatures, the strongest Heavenly Monarch level actually appeared, which was a bit scary.

Many people were not afraid before, because they had the strongest Heavenly Sovereign level existence around them, and they were almost invincible in the era when they were not born.

Even if the other party's origin is mysterious, they are not afraid.

But now, he is a little scared, because the opponent also has a strong person of this level.

In fact, there are not only one strong at this level of the opponent, but three.

There is also one on the Yaxian clan.

Lu Ming was also attacked by a strong man of this level.

However, Lu Ming didn't make a move. The Bone Demon had already been killed and confronted the opponent.

The dozen or so crystal seal creatures that appeared behind were all top masters. Except for the three existences with the strongest Heavenly Sovereign combat power, the other more than ten were all cultivated at the peak of the gods.

But this kind of creature has too strong combat power, and both are the pinnacles of the gods, and their combat power completely crushes the Celestial Race.

Even the strongest Heavenly Monarch level existence wanted to kill them, it was not so easy.

Therefore, the existence of more than a dozen gods peaks is still a great threat.

bump!

Lu Ming shot a mysterious creature at the pinnacle of a god, and the opponent's body exploded with a bang, but it didn't die. Instead, it turned into a glow, retreated a certain distance, and reunited.

"What a powerful soul..."

Lu Ming's eyes narrowed slightly.

Chapter 4793: Ask the secret of the forbidden area

If the creatures of the prehistoric universe were hit by Lu Ming with a single shot, the violent power would definitely tear the opponent's body and soul apart.

But the creature with the crystal seal just now, although his body was shattered by Lu Ming, his soul was not completely torn apart, it was still preserved, and quickly retreated, reuniting his body.

Of course, it is impossible for the opponent to be completely undamaged. No matter how strong the opponent's soul is, the move just now has suffered a lot. The light of the hair and body is dim, and the aura is much weakened.

Although the creatures of these crystal seals are very powerful, they are too few.

As for the Celestial Clan, the Yaxian Clan and the Heaven Exterminating Army, there are nearly 400 people in total. Even the strongest Heavenly Monarch is several times stronger, there are nearly ten, far surpassing each other.

Therefore, as soon as the two sides fought, the creatures of the crystal seal were completely invincible and retreated one after another.

At this time, in the depths of the canyon, there was another violent breaking through the air, and another creature with a crystal seal arrived.

At the same time, behind Lu Ming and the others, there were also dozens of crystal seal creatures.

Click, click...

On the stone walls on both sides, there was a constant clicking sound. Many crystals had cracks, and the crystals began to burst.

This is shocking.

Are all the creatures in the crystal alive?

If so, how many crystal-seal creatures should there be on both sides of this canyon?

How much is there in the depths of the canyon?

The key is, this Yuanji Shenshan, they only explored a region, other regions, are there such creatures?

If there are some terrifying existences with the strongest heavenly powers, all three of them will be in danger.

Moreover, no one can guarantee that there will be a more terrifying existence than the strongest heavenly monarch.

After all, this kind of creature is mysterious and unpredictable to everyone, and it is not impossible for any kind of terrorist existence to appear.

If Gu Changfeng's combat power appeared, few of them would be able to escape.

"retreat!"

Lu Ming made a decisive decision, shouting loudly, and the people with the Exterminating Army quickly backed away.

If he were alone, it would be better to have bone demon and the ball to assist him, but since he led the team this time, he would be responsible for the hundreds of opponents.

Lu Ming took the lead and joined forces with the ball to launch a fierce attack. Various attacks poured out, attacking the dozens of crystal seal creatures rushing behind.

Fortunately, among the dozens of crystal creatures behind, although there are as many as five or six at the peak of the gods, they do not have the strongest strength of the heavenly monarch. They were attacked by Lu Ming and Qiqiu and rushed away. One channel.

The people who destroyed the heavenly army took the opportunity to attack outward, and the bone demon was in charge of the palace.

After a fight, the people who killed the Heavenly Army managed to rush out of the encirclement and quickly rushed out of the canyon.

"hateful!"

The people of the Celestial Race and the Yaxian Race screamed in their hearts, very unwilling.

However, the people of the Sky Extinguishing Army left first, without the restraint of the Sky Extinguishing Army, the creatures with the crystal seal rushed towards them, causing their pressure to increase sharply.

In addition, there are many crystals in the surrounding area, which are constantly cracking. If this continues, it is very dangerous.

Even if he is not reconciled, he can only retreat first.

"Retreat!"

"retreat!"

The people of the Celestial Race and the Yaxian Race shouted and rushed towards the exit of the canyon. After paying some price, they finally rushed out of the siege and quickly rushed towards the exit.

Soon, the two races successfully rushed out of the canyon, daring not to stay, and rushed outside.

The creatures of the crystal seal chased to the mouth of the canyon and stopped.

"It won't be long before my clan will come back into the world. At that time, the vast and empty universe will be my clan's world."

An indifferent voice echoed at the mouth of the canyon.

In the distance, Lu Ming and others also heard this voice.

"The emptiness of the universe? What do you mean?"

"Also, what kind of race are these, so terrible, why are they hidden in this terrible forbidden ground, the giant void beasts, why don't they attack them?"

Many people talked, and a bunch of doubts were not answered.

"Perhaps, the four giant void beasts are to protect these creatures?"

Someone spoke, but his voice trembled.

Many people trembled in their hearts.

If it is true, this is amazing. What is the origin of these creatures?

Lu Ming also frowned, with a lot of doubts in his heart.

Asking the Bone Demon, the Bone Demon was equally puzzled, because it was beyond his scope of cognition.

Because after the beginning of the new era, no creatures have ever appeared in these terrible forbidden areas.

Is it really a terrifying creature from the prehistoric continent of the last epoch, self-proclaimed to the present?

"Go, let's go back first!"

Lu Ming said.

It is not suitable to stay here for a long time because it always gives people a sense of crisis.

They flew to the outside of the continent, and soon after, they completely left the continent and dared to rush towards the station of the Heaven Extinguishing Army.

This trip, except for a few magical medicines, was gone.

To be honest, Lu Ming was disappointed.

I had hoped that this time I would get enough Primordial Crystals to improve his cultivation.

It seems that not every time, luck is so good.

Soon after, they returned to the station of the Exterminating Army. Lu Ming told Lion, Rong Jin and others in detail what they had seen and heard about Yuanji Shenshan.

After hearing this, the senior officials of the Heaven Extinguishing Army were equally shocked and dumbfounded.

Things exceeded their expectations.

At the same time, the high level of the Heaven Extinguishing Army ordered that Yuanji Sacred Mountain was relisted as a forbidden place, and those of the Heaven Extinguishing Army were not allowed to approach.

"Go to Zixuan and others to ask."

Lu Ming planned to ask Zixuan and others.

A few days later, Lu Ming came to the realm of demons.

Today, the four great demon royal families have abandoned their past grievances and developed together.

They know very well that today is not what it used to be. After many fights during this period, the demons have suffered heavy losses. If they don't join hands, they will definitely be eliminated by the Celestial Race.

Only by joining hands can we protect ourselves.

The demon's current residence is in the Yin Ruins Demon Fort.

Lu Ming saw Zixuan, Yinkong, Jiaodu and others in the Yinxu Demon Fort.

Lu Ming recounted what he had seen and heard in Yinkeng Moshan, Yuanji Shenshan.

Zixuan, Yin Kong, and Jiao all looked at each other after hearing them, their eyes were extremely solemn.

"Unexpectedly, I really didn't expect that the rumors are actually true. Terrible creatures actually live in these forbidden areas."

Zi Xuan muttered to herself, with a deep surprise in her eyes.

"Zixuan, do you know about the forbidden land?"

Lu Ming asked quickly.

"In some of the oldest books of our demons, there are some records. It is said that these forbidden lands existed in the prehistoric continent period of the last epoch."

Zi Xuan said.

"What? It already existed in the last era?"

Lu Ming was taken aback.

Chapter 4794: Last epoch was forbidden

"Yes, according to ancient records, these forbidden lands existed in the prehistoric continent of the last era, and in the period of the prehistoric continent, these forbidden lands were still forbidden lands, very dangerous, and those who stepped into it died."

"Even if the mighty powers of the Primordial Continent step into it, it is very dangerous and may fall at any time. Ancient books record that there are not a few mighty powers that fell on the forbidden land during the Primal Continent period. Among them, there are even transcendents.

Zixuan explained.

Yin Kong, Jiao Du and the others also nodded, their expressions very solemn.

Lu Ming felt a little chill in his heart.

This is somewhat beyond his expectations.

These forbidden lands have existed for some time beyond his imagination, and they were terrible forbidden lands during the period of the Primordial Continent in the last era.

Even if the detached enters, they will fall.

This is horrible, the detached person, known as the immortal, above the detached universe, the universe is indestructible, the mighty power reaches the sky, the means is unparalleled, the origin realm is compared with the detached person, like fireflies and bright moon.

Because there is a transitional state between the original state and the detached.

This realm is full of calamities, and only one can surpass the calamities.

Such a terrifying powerhouse would fall into it, showing how dangerous these forbidden areas are.

Lu Ming couldn't help secretly rejoicing that he hadn't had anything to do with Yuanji Shenshan last time. It was really a fluke.

Or maybe, the forbidden areas of the New Era have changed and are not as dangerous as before?

"What is the origin of the creatures in the forbidden land? Could it be that certain powerful races of the Primordial Continent live in it?"

Lu Ming asked.

"It's not very clear, the ancient books of our clan have very limited records."

Zixuan shook her head.

"After all, the years are too long, many ancient books are lost, and at the end of the Primordial Continent, the ancestors of our clan also participated in the war, and finally fell. There are too many lost ancient books. For these forbidden places, only a few words are left. It's not too detailed."

Yin Kong also followed.

Lu Ming was a little disappointed. Originally, he thought he could know more detailed information about the creatures in the forbidden area from the devil.

"This situation is a bit wrong. At the end of the last epoch, a terrifying battle broke out, and the prehistoric continent collapsed, forming a force of destruction. Didn't it mean that even the detached were dead? Why can these forbidden lands be preserved?"

Lu Ming's heart moved, this question arose, and he also asked.

Legend has it that the collapse of the Primordial Continent has formed a destructive force, sweeping the entire universe, and the top powerhouses of the Primordial Continent have fallen.

So why can these forbidden lands be preserved? Could it be that these forbidden lands are more stable and stronger than the top powerhouses of the Primordial Continent?

"There are exceptions to everything, such as the Celestial Race and My Race. Didn't they survive?"

Zi Xuan said.

"Furthermore, to say that the top powerhouses of the Primordial Continent have fallen, it is only said that it is just a speculation. Maybe, those top beings, those who are detached, are not dead, they just left, or are hiding somewhere, this Who said it clearly? After all, we haven't seen the battle in the last epoch, and we are not witnesses, just speculation."

Zi Xuan paused, then continued.

Lu Ming was shocked.

Indeed, to say that the top existence of the Primordial Continent is all dead, it is just speculation, and there is no real evidence.

It's just that after that battle, the top powerhouses of the last era disappeared without a trace. Later generations believed that they were likely to fall together when the prehistoric continent collapsed.

However, those forbidden lands can be preserved, and those top powerhouses and detached ones in the Primordial Continent may not be able to survive.

"Lu Ming, in a word, those forbidden lands are too terrible. Can those creatures in the forbidden land provoke them? Try not to provoke them."

Zi Xuan warned, her face solemn.

"If they don't provoke me, I will naturally not provoke them, I am afraid..."

Lu Ming said, having said that, he paused, but everyone knew what he meant.

Sometimes, if you don't provoke someone, someone will provoke him.

"indeed..."

Zixuan, Yin Kong, and Jiao all sighed while waiting for someone, their expressions a little ugly.

"These forbidden creatures suddenly appeared at this time, and most of them are not good."

Silver Sky Road.

"Indeed, we have to be prepared, but according to Lu Ming, it seems that there are only a few living creatures in the forbidden land that can move. I guess that these creatures are not the current creatures, but the preserved in the long past. They should be Self-appointed by some special means, some conditions are needed to unblock it."

Zi Xuan said.

People such as Zixuan, Yinkong, and Jiaodu, who were able to take charge of a royal family during the Great Tribulation of the Origin, were all extremely clever people. Based on a little information, many things could be inferred.

Lu Ming nodded, these speculations by Zixuan and others coincided with Lu Ming.

In the Yuanji Forbidden Land, there were a large number of creatures sealed with crystals, but only a few unblocked them, and the others were still sleeping in the crystals.

Even if they escaped, the other party did not pursue it.

Another example is that in the Devil Mountain of Yin Pit, only a few creatures appeared. After they retreated, the other party did not pursue it.

Judging from these aspects, the number of opponents should be small now, and some conditions may really be needed to unblock them.

Lu Ming, Zi Xuan and others discussed for a while, then left.

Returned to the extermination army station, and discussed with Shi and others for a while. Knowing where Lu Ming had learned from the devil, Shi and others were more cautious. They evacuated all the people around the Yuanji Forbidden Area and gave up Yuanji. A territory around the Holy Land.

The Celestial Clan and the Yaxian Clan seem to be very cautious about these forbidden places. In the days after, their people will also stay away from these forbidden places and dare not approach them.

In this way, the universe ushered in a short-term peace, no forces from all sides were at war, time flickered, and hundreds of years passed.

At this time, 1,500 years have passed since the beginning of the Great Tribulation of the Origin.

After hundreds of years, the evil spirits that permeated the Demon Mountain of the Yin Pit, covering more and more areas, finally enveloped the entire starry sky of the universe.

Since then, the starry sky of the universe has completely reduced to a world full of evil spirits. The creatures in the original universe have either escaped to the ruins of the universe or turned into evil evil monsters.

Soon after the evil spirits enveloped the starry sky of the universe, bursts of beasts roared from the Demon Mountain in the Yin Pit, and an army rushed out of the Yin Pit.

All of them are creatures in the Demon Mountain of the Yin Pit, about two thousand in number. They led a large number of evil monsters to invade the ruins of the universe.

Forbidden creatures invaded the ruins of the universe, causing the entire universe to shake.

All forces are paying intense attention.

The closest thing to the starry sky of the universe is the Heavenly Palace held by the Celestial Race.

Chapter 4795: Forbidden people

Faced with the attack of the creatures in the forbidden area of the Yin Keng Demon Mountain, Tiangong bears the brunt.

However, Tiangong did not send masters to sniper the forbidden creatures in the Devil Mountain of the Yin Pit, but retreated, abandoning the territory already occupied by a large area, shrinking its forces, and focusing on defending a part of the important territory.

This is enough to prove that the Celestial Race is really afraid of the forbidden land and dare not fight against the creatures in the forbidden land.

However, the forbidden area is seriously short of manpower, only about two thousand people, for the vast ruins of the universe, it is really a drop in the ocean.

Therefore, after the creatures in the forbidden area occupied an area, they did not continue to attack the heavenly palace, but fully developed the occupied area.

According to investigation, these forbidden creatures seem to be plundering resources.

All kinds of resources, all kinds of heaven, material and earth treasures, are the objects of their plunder.

The creatures in the forbidden area of the Yin Keng Demon Mountain just came out, and the other side of the ruins of the universe has also undergone major changes.

In the depths of the ruins of the universe, this area is occupied by the Yaxian tribe.

In this area, there is also a terrible forbidden area called Cangming Sea.

In this forbidden area, a peculiar creature has also emerged, the strength is very powerful, there are about three thousand people.

As soon as it appeared, several important continental fragments of the Yaxian tribe were captured.

The practices of the Yaxian tribe and the Celestial race are almost the same. They did not dare to confront the creatures in the forbidden area in the Cangming Sea. They directly gave up a large area, shrank their forces, and focused on defending a part of the area with the Yaxian headquarters as the core.

The creatures of Cangminghai did the same way as the creatures of Yinkeng Demon Mountain, with insufficient manpower. After occupying a territory, they did not continue to attack, but were plundering resources.

This made Lu Ming, Zi Xuan and the others sure that the forbidden creatures needed a lot of resources if they wanted to unblock them. They are now plundering resources to learn more about the people.

In fact, it is a good time to snipe the forbidden area because the opponent has a small number of people. When the opponent plunders more resources and unblocks more forbidden areas, the situation will be even worse.

However, whether it is the Celestial Clan, the Asian Immortal Clan, and the demons, they are extremely afraid of the creatures in the forbidden land and dare not attack at all.

The Yaxian tribe and the Celestial tribe secretly sent more people to spread across the ruins of the universe to increase their efforts to find the King's Heart.

Similarly, the Exterminating Army also secretly sent more people to search for the human king's heart. Now, they can only pin their hopes on the human king's body.

With the human body, there is no need to fear these forbidden creatures.

The pressure on the Heaven Extinguishing Army is very high, because Yuanji Shenshan is closer to the territory of the Heaven Extinguishing Army. If the forbidden creatures in the Yuanji Shenshan appear, it is estimated that the immediate attack will be the territory of the Heaven Extinguishing Army.

The demons are equally nervous, their current territory is close to the Exterminating Army.

The Celestial Extinguish Army and the demons always send people to stare at Yuanji Shenshan, paying attention to its every move.

Soon after, what everyone was worried about still happened.

A large army came out of Yuanji Shenshan.

There were nearly three thousand in number, all of which were strange creatures that Lu Ming had seen before, sealed in crystals.

However, they did not immediately attack the territory of the Exterminating Army. Instead, they sent a team, about a hundred people, directly towards the Exterminating Army's garrison.

This made the high level of the Sky Extinguish Army highly nervous. After the high level of the Sky Extinguishing Army learned the news, they immediately gathered all the masters of the Sky Extinguishing Army.

Almost all the masters of the Heaven Extinguishing Army were present on a square where the Heaven Extinguishing Army was stationed, and Lu Ming was naturally there.

In addition, the master of the devil also came.

The devil knew very well that they were in the same boat as the Sky Extinguishing Army, and if something happened to the Sky Extinguishing Army, their end would not be good.

In the square, everyone was silent, the atmosphere was very solemn, and they looked at the sky and waited quietly.

Because they knew that the forbidden creatures in Yuanji Shenshan were about to arrive.

Sure enough, not long after, a stream of light flew in the distant void quickly, dazzling and illuminating the void.

This is a lightsaber. On the lightsaber, there are hundreds of forbidden creatures from Yuanji Mountain.

Their appearance and height are no different from ordinary humans. The biggest difference is their hair.

Their hair is a beam of light, there are thousands of them, flying in the wind, they are very beautiful.

But Lu Ming knew that such good-looking hair could be a terrifying killer.

It can be seen that most of these creatures in Yuanji Shenshan are middle-aged or old people, but there are also young ones, only a few.

One of them, wearing a purple robe and full of purple beam hair, is the most eye-catching because he stands in the forefront of many forbidden creatures like a star holding the moon with extraordinary bearing.

The lightsaber stopped outside the Extinguishing Army's garrison, because outside the Extinguishing Army's garrison, there was an array to block it.

"Do you want to use these incomplete formations to stop me from waiting?"

Among the taboo creatures, the purple-robed youth spoke, his voice resounding like a thunder, echoing over the Sky Extinguishing Army's garrison, and also blowing in everyone's ears.

"How dare, open the formation, let all the distinguished guests from Yuanji Shenshan come in."

The lion spoke, and his voice spread far away.

Then, the large array trembles and opens automatically, and a huge gap appears.

The lightsaber flashed, and the taboo creatures of Yuanji Shenshan flew in.

After flying into the garrison of the Annihilation Army, the lightsaber disappeared automatically. Hundreds of forbidden creatures from the Yuanji Sacred Mountain stood in the air, standing high above the crowd, looking high above the Annihilation Army and the demons, like a king overlooking his subjects.

"I don't know why you all came to our land?"

The lion asked.

"It's easy to come here..."

At this time, the forbidden creature took out the chair and let the purple-robed youth sit down, while an old man among the forbidden creature stepped out, his voice sounded, and his eyes scanned the audience sharp as a divine sword.

"Ninth Young Master, Lord War Envoy, his subordinates have something to report."

Suddenly, a forbidden creature in the back stepped forward toward the purple-robed youth and the old man with a fist.

Wearing black armor, this person looks like a guard.

"what's up?"

The purple-robed youth asked faintly.

"Nine Young Masters, hundreds of years ago, someone entered our clan's territory and killed many people in our clan. Among those people, one of them was here."

The guard behind the taboo creature.

"Oh?"

After hearing these words, the purple-robed youth's eyes became murderous.

Below, Lu Ming felt a bad feeling in his heart.

Sure enough, the guard stretched his hand to Lu Ming and said, "That kid, he was among the people who entered the territory of our clan. I also saw that this person killed many people in my clan."

Hh hh hh...

The gazes of other creatures in the forbidden area were like sharp swords, piercing at Lu Ming, filled with cold murderous intent.

Chapter 4796: Two conditions

The purple-robed youth, with murderous intent in his eyes, looked at Lu Ming coldly.

"well!"

The purple-robed youth said coldly: "Originally, today, there was only one thing, now it has become two things."

"Our first thing today is to ask you to surrender. You all take refuge in our clan, do things for our clan unconditionally, and donate all your resources. Then you can live well."

"The second thing is the new additional conditions. If you want to surrender, you must kill the person first and use his head as a condition for surrender."

As soon as the purple-robed youth said this, many people were stunned.

Then there was a tumult.

This condition is too much.

To destroy the heavenly army and the demons unconditionally surrender, unconditionally do things for the creatures in the forbidden land of Yuanji Shenshan, and donate all the resources.

What is the difference between this and a slave.

What's more, if you want to surrender, you still have to have a condition, that is, to kill Lu Ming first.

"Fuck you cold fart, what are you guys, you want us to surrender and let me go."

The gods were the first to shout.

"Yes, a bunch of self-righteous things, I will tell you now, we all reject your conditions."

"If you want to fight, then fight, don't think we are afraid of you."

Dan Dan and others also roared.

Their relationship with Lu Ming was recent, so naturally they couldn't bear it.

"Bold!"

"court death!"

The creatures in the forbidden area yelled, beams of hair flying all over their heads, like sharp swords, as if they would launch a thunderous blow at any time.

The purple-robed youth was also full of cold eyes, but his eyes did not look at other people, but fell on a few people such as the lion.

Because he can see who has the right to speak.

"What do you say?"

The purple-robed youth asked faintly.

"I reject your terms."

"I also refuse!"

Lion, Zixuan and others spoke one after another.

How could they agree to such a condition.

Becoming a slave to the other party and doing things for the other party for the rest of his life is more uncomfortable than killing them.

"You'd better think carefully and don't overestimate your own strength. I tell you that your strength, compared with our clan, is like Luminescence and Haoyue, the sky is far away. If you want to go to war with our clan, it's just a man's arm."

The purple robe youth said coldly.

"You can set other conditions, for example, we can give you some territory."

Lion Road.

This is the result of their initial discussion.

Even the Yaxian tribe and the Celestial tribe are extremely jealous of the creatures in the forbidden area and retreat without a fight. These creatures in the forbidden area are absolutely terrifying.

If not necessary, they don't want to go head-to-head with each other.

It is completely acceptable to give up some territory.

"Ha ha."

The purple-robed youth sneered, his eyes flashing with raging anger, as if he couldn't help but get into trouble at any time.

"Nine Young Masters, there are not many people in our clan who have awakened now. If the other party directly surrenders a part of the territory, it will save us a lot of hands and feet. It is better to agree first. When more people in our clan wake up, it will not be too late to destroy them. ."

At this time, the old man from the forbidden land called the "War Envoy" quietly spoke to the purple-robed youth.

The purple-robed youth slowly calmed down.

In fact, when they came here today, they also knew that Heaven Extinguishing Army and demons could not completely agree to their request.

They came here, mainly Liwei.

"Okay, I want to negotiate terms with my clan, yes, kill this person first, and give his head to us, and I will agree to your terms."

The purple-robed youth said coldly, his eyes continued to look at Lu Ming.

"impossible!"

Lion refused directly, with a tough attitude.

"You are seeking your own death, understand?"

The 'war envoy' shouted.

"If you want to take my life, if you have the ability, just come."

Before, Lu Ming had been watching Bluetooth and sneered.

He could see that these forbidden creatures were very conceited and looked like aloft. After they came here, they have been standing high in the sky, looking down at them, and they have not placed them on an equal position.

It is impossible for the two of them to get along with each other in peace and start a war sooner or later.

Therefore, there is no need to whisper in front of the other party.

"A trivial divine master, Yae, the tone is very big. I can't help myself. I'll kill you."

Next to the purple-robed youth, a tall and thin man screamed coldly, and rushed towards Lu Ming like a beam of light.

The moment he rushed out, his hair flew, turned into thousands of lightsabers, and pierced Lu Ming.

The void is full of sword-like hair, which completely enveloped Lu Ming with amazing power.

This is a powerhouse at the pinnacle of God Lord, very terrifying, stronger than the ordinary Heavenly Monarch of the Celestial Race.

However, such a character is not in Lu Ming's eyes at all.

Huh!

Lu Ming directly rushed out, constantly changing directions, and completely avoided thousands of swords.

In the next moment, Lu Ming appeared in front of the opponent and blasted out with a punch, accurately hitting the opponent's chest.

The other party vomited blood, a big hole was blasted out of his chest, and his body flew out and hit the ground, his breath wilted.

With one move, Lu Ming was hit hard.

Ok?

The eyes of those living in the forbidden area were condensed.

Lu Ming was only the Eightfold Divine Master, and he actually defeated one of their masters at the pinnacle of the Divine Master with one move. This kind of combat power shocked them all.

"It turned out to have some ability, very good."

The purple-robed youth spoke coldly and stood up from the chair, with a strong sense of fighting over his body.

"Now give you a chance to fight with me. If you can take me ten moves without defeat, today, I can spare your life."

When the purple-robed youth spoke, his head was full of beams of hair flying, full of strong confidence in himself.

At the same time, his cultivation base was also exposed.

God Lord Ninefold!

The purple-robed youth is the nine-fold cultivation base of the **** master. After seeing Lu Ming's combat power, he is still so confident. He is obviously a peerless evildoer.

"Jiu Gongzi, be careful, this person is very strong..."

The guard quickly reminded.

The big guy shot too fast before, and he didn't have time to remind him.

Hundreds of years ago, he had seen Lu Ming make a move. His combat power was amazing, and he had a tie with the strongest Heavenly Monarch level existence.

He saw that the purple-robed youth was about to take action, so he quickly reminded.

"You mean that I am not his opponent? I am not an opponent of a person of the eightfold divine master?"

The purple-robed youth swept toward the guard like a sharp sword, and his voice was cold.

The guard turned pale and quickly said, "That's not what the subordinates meant. The Nine Young Masters are unparalleled in talent and powerful in combat. Except for those in front of them, no one is invincible, but this person is also very powerful in combat..."

The guard also wanted to euphemistically say how powerful Lu Ming is, and make the purple-robed youth be careful.

But the purple-robed youth waved his hand and stopped the guard.

"Now, it's not what it used to be..."

The purple robe youth spoke lightly.

Chapter 4797: Destroy the fairy light

In the prehistoric continent of the last epoch, there were countless geniuses and evil spirits fighting for hegemony, and indeed countless strong men were born. The purple-robed youth had also seen countless terrifying tianjiaos.

In such an era, he naturally dare not be careless and dare not be proud.

But what age is it now?

The primordial emptiness of the universe is shattered and in ruins.

In such an environment, what kind of evil spirits can be born?

bump! bump!

The purple-robed young man stepped out of the sky, every step he stepped out made the void vibrate and roared, and every step he stepped out, his breath became stronger and stronger.

In the strong breath, there was an extremely cold breath, which diffused out, causing many people to feel chills.

"Lu Ming, be careful, this person is very difficult."

Lion's face solemnly spoke.

Because in the purple-robed youth, the lion felt a serious threat.

"I know."

Lu Ming nodded, grabbed the empty palm of his hand, the God of War Spear appeared in his hand, and at the same time he stepped out to meet the purple-robed youth.

"kill!"

The purple-robed youth shouted, his purple hair turned into thousands of sharp swords, and he slammed towards Lu Ming.

The sword pierced through the void and issued a terrible whistle.

The beam hair of this forbidden creature is very peculiar. It can be of any size and length.

Lu Ming displayed his body skills, wandering among the sword lights, quickly approaching the opponent.

"Huh, it's naive to use this method against me."

The purple-robed youth sneered, his beam hair unexpectedly began to turn, pulling towards Lu Ming like a long whip.

Hum!

The God of War spear vibrated, and a shot slammed out, but behind the beam hair of the God of War spear, the opponent's beam hair just flew out and nothing happened. He turned a corner and continued to kill Lu Ming.

Thousands of beams of hair are random in length and changeable, and they are powerful and very difficult.

Lu Ming continued to attack, but the beam hair kept twisting, making it difficult to focus. For a while, Lu Ming couldn't get close to the opponent, and seemed a little passive.

"Tangle me."

A cold murderous intent flashed in the purple-robed youth's eyes. He controlled part of the beam of hair to keep attacking, and the other part kept entwining Lu Ming, trying to trap Lu Ming.

"If you only have this means, then end it."

The purple robe youth sneered.

"This sentence is exactly what I want to give you."

Lu Ming's face was very calm.

boom!

The next moment, a powerful aura erupted from Lu Ming.

Zhanzi Jue, nine times the combat power.

Before, he had not triggered the nine-fold combat power of the Zhanzi Jue. At this time, he was urging the combat power to the peak.

"Breaking style!"

After urging his combat power to its peak, Lu Ming showed his breakthrough style.

The body turned into a spear light, combined with the **** of war spear, turned into a bright spear light, which pierced the purple-robed youth.

Regardless of your changes, I will break through with all my strength.

Now Lu Ming intends to do so.

Regardless of the changes in your beam and hair, it is very difficult. Lu Ming doesn't care about it. All he has to do is to break all of them, and break them all with powerful attack power and extremely sharp attack power.

The purple-robed youth, controlled beams of long hair, waved and twisted together, blocking him, trying to block Lu Ming's attack.

boom!

The spear light that Lu Ming turned into collided with the other's beam hair.

This time, the beam of hair blocking the front of the gun was directly penetrated.

The beams of hair were pierced by the gun awn, and they rushed past, quickly approaching the purple robe youth.

The purple robe youth's complexion changed, and his figure could not help but retreat quickly.

But Lu Ming's speed was too fast, he penetrated the void and quickly approached the purple robe youth's eyebrows.

Seeing that Lu Ming's God of War spear was about to pierce the purple robe youth's eyebrows.

But at this moment, the purple-robed youth gave a low roar, and a bright purple glow burst out of his body. His body actually became blurred, as if it turned into a purple light, and it was constantly twisted into various forms. The appearance of a weapon.

Sometimes it becomes a war hammer, sometimes a long whip, sometimes a war spear...

The speed of change is very fast, and in a flash, it transforms the appearance of dozens of weapons.

In the end, it turned into a purple war sword, severely cut on the tip of the **** of war spear.

A shocking roar erupted, and the devastating energy swept across all directions, and the people around kept retreating to avoid the energy generated by the battle between the two.

After the violent roar, a figure retreated again and again.

It is a youth in purple robe.

He retreated for hundreds of miles to stabilize his figure, but Lu Ming was only blocked from attacking, the spear light dissipated and turned into a human form.

Set a verdict on top of one another.

The two of them were in this move, and it was obvious that Lu Ming had the upper hand.

Therefore, the face of the purple robe youth is very ugly.

Thinking that he came from a forbidden land and was born noble, he would be forced to retreat by Lu Ming. This severely affected his self-esteem and made him extremely murderous.

"Look for death, force me to use killer moves, and die for me."

The purple-robed youth roared and roared, his head full of beams of hair fluttering, like thousands of light snakes.

At the same time, his palms were shot continuously towards the sky, and in the sky, large groups of dark clouds were condensed.

The dark clouds covered the world, becoming more and more dense, and in the end it began to spin rapidly, turning into a huge vortex.

A horrible pressure spread out, and people couldn't help but feel a sense of horror.

Big kill!

Many people were shocked, and they couldn't help but come up with such a sentence.

"Here, the destruction of the Nine Young Masters."

"As soon as the light of destruction comes out, everything will be destroyed. This person is dead."

The forbidden creatures of Yuanji Shenshan all smiled one after another, obviously very confident in the move of the purple robe youth.

Lu Ming also felt a kind of pressure in his heart.

"Great defense, big shield, big return, big rock..."

"Prehistoric!"

Tens of thousands of light spots glowed on Lu Ming's body. Hundreds of great ancient mysteries of defense type burst out, placing hundreds of defenses on top of his head.

At the same time, the prehistoric style was also displayed.

Just as Lu Ming was performing the primitive style and hundreds of ancient mysteries, a purple beam of light burst out of the whirlpool, directly blasting towards Lu Ming.

Fast, too fast, it's almost impossible to dodge, as if it has destroyed time and space, and it covers a very wide range, just like the illusion beam of light, it cannot be evaded, and it will be enveloped in an instant.

"Destroy the fairy light and die for me!"

The purple robe youth yelled.

The next moment, the purple beam of light collided with Lu Ming's heavy defenses.

Boom boom boom!

Lu Ming's heavy defenses were constantly defeated.

In the end, the defenses laid down by hundreds of major ancient mysteries were defeated, colliding with the predominantly condensed continent, erupting with a thunderous roar.

The continent shook, and in the purple beam of light, it turned into ashes and dissipated.

Finally, the remaining beam of light hit Lu Ming and enveloped Lu Ming in the beam of light.

Chapter 4798: Then lose

Lu Ming was shrouded in a purple beam of light, which made the people of Yuanji Shenshan's eyes light up.

"I was hit!"

"Being hit head-on by Destroying Xianguang, he has only one fate, and that is death!"

"Yes, Destroy Immortal Light can destroy everything. At the same level, no one can stop Destroying Immortal Light's attack. What's more, his cultivation base is only the Eighth Layer of Divine Master."

The people at Yuanji Shenshan couldn't help laughing, thinking that Lu Ming was dead.

But the people who killed the Heavenly Army couldn't help feeling nervous and worried for Lu Ming.

boom!

After Lu Ming was hit by the purple beam of light, his body was like a meteorite, and he slammed into the ground, severely hitting it.

The earth roared and was smashed out of a huge pit.

At the scene, everyone's eyes couldn't help but look towards the giant pit.

To destroy the heavenly army and the demons was worried about Lu Ming's safety.

The people of Yuanji Shenshan wanted to see if Lu Ming had been destroyed.

The purple-robed youth was suspended in the air, gasping for breath, and the body was constantly misty. It was obvious that the trick just now was very expensive to him.

He also stared at the giant pit, his eyes gleaming with confidence.

"The mere divine master eightfold, hit by my destructive fairy light, there is only one dead end..."

The purple-robed youth sneered, but his smile immediately stiffened.

Because in the huge pit, a figure appeared, stepping in the air, coming up step by step.

It's not Lu Ming, who can it be?

"how is this possible?"

The purple-robed youth's eyes widened.

The other creatures of Yuanji Shenshan were almost the same, their eyes widened and they were surprised.

And the person who destroyed the heavenly army and the devil breathed a sigh of relief.

"It's naive to want to kill Lu Ming with a broken light. These people have no idea how many crises Lu Ming has gone through..."

Dan Dan sneered, but immediately curled his lips and said, "This guy Lu Ming is so embarrassed, it's a bit embarrassing..."

Lu Ming at this time was indeed a little embarrassed.

He was in tatters, and there were at least dozens of wounds on his body. Every wound was shining with purple light, which was the residual energy of that purple beam.

However, this remaining energy is being quickly removed by the power of Taboo, and Lu Ming's injuries are quickly recovering.

The taboo body has extremely strong vitality and amazing resilience. Every second, Lu Ming can recover a lot.

To be honest, the combat power of the purple-robed youth is really strong, it is only the nine-fold divine master, but the combat power has completely reached the level of the strongest heavenly monarch, and Ye Qiuxian is a talent of the same level.

Especially the opposing party's destructive fairy light was even more terrifying. Once it broke out, the strongest heavenly monarch would not dare to stun the front.

However, it was Lu Ming he met.

From the beginning, Lu Ming used hundreds of ancient mysteries and primitive styles to neutralize a large part of the power of destroying the fairy light.

Although he was hit in the end, the power to destroy the fairy light was no longer strong.

Although Lu Ming was injured, with the vitality of the Taboo Body, there was basically no major problem.

Moreover, it was blocked purely by his own strength, and did not borrow the power of the ball.

If other strongest Heavenly Monarch level beings were hit, they would be seriously injured if they were not dead, and there would never be Lu Ming's state.

However, the people of Yuanji Shenshan didn't know that Lu Ming's vitality was so strong, so he was so surprised to see Lu Ming being attacked by the Destroying Light.

"Is this your strongest attack? If you don't have stronger means, then lose."

Lu Ming spoke indifferently, and the breath on his body burst out again. Spear lights rushed out of Lu Ming, piercing holes in the surrounding void.

call out!

Lu Ming raised his combat power to the peak, pierced with a shot, the spear pierced the sky, pierced the void, and stabbed the purple-robed youth quickly.

The purple-robed youth can only control the beam of hair to resist, and at the same time his body turns into a war sword with purple rays, cutting out a sword light.

He was already unable to perform the second trick to destroy the fairy light.

Having lost the ultimate move of Destroying the Immortal Light, the purple-robed youth is obviously not Lu Ming's opponent, and besides, he just spent a lot of money in order to use Destroying the Immortal Light.

Soon, he was completely downwind, losing to Lu Ming, and backing away again and again.

bump!

After dozens of moves, the purple-robed youth was shot by the God of War Spear, and his body flew horizontally. The body was broken into two pieces, but they were quickly joined together.

Although he didn't die, he was also severely injured, his breath languished a lot, and blood was constantly overflowing from his mouth.

"hateful!"

He roared, his eyes fixed on Lu Ming, revealing monstrous murderous intent.

He never expected that he would lose to a person with eightfold divine master.

In the first battle at the same level, few people were his opponents. Unexpectedly, he would actually lose to a lower cultivation base.

Now, it is not the original prehistoric continent.

If it were on the original Majestic Continent, it would be fine, but now, it is on a ruin.

He was somewhat unacceptable, and his self-confidence was severely hit.

Huh!

At this moment, Lu Ming turned into a spear light and continued to kill the purple-robed youth.

The purple-robed youth had a mental jump, and he went straight back and shouted at the same time:
"The king's war envoy, kill this kid for me."

"kill!"

"Kill! Kill! Kill!"

Four consecutive murderous angry shouts, four figures stepped out of the sky and slammed towards Lu Ming.

One of them was the old man who had been talking before.

As soon as the four of them took action, they launched a terrifying killing. Someone wiped out the beam of hair, like a net from the sky, shrouded in Lu Ming.

Some people turned into rays of light, transformed into soldiers, and killed Lu Ming.

Lu Ming's pupils contracted involuntarily.

The combat power of these four people is very terrifying, each of them is the strongest Heavenly Monarch level existence.

Lu Ming alone is definitely not the opponent of the four masters.

Therefore, Lu Ming did not hesitate to borrow the power of the ball.

The ball turned into a piece of armor, covering Lu Ming's whole body. At the same time, a beam of light was shot out, and a strong man of Yuanji Shenshan was enveloped in the beam of light.

The opponent's movements suddenly stiffened.

At the same time, the Bone Demon flew out from the center of Lu Ming's eyebrows, holding the Zijin Zhanyue, swept out continuously, and powerfully enveloped the two Yuanji Shenshan masters.

Boom...

Lu Ming waved the God of War spear and blocked the fourth attack.

The four masters were all blocked by Lu Ming.

The masters of Yuanji Shenshan were shocked, but he didn't expect Lu Ming to follow so many experts.

At the same time, they were attracted by the illusion beam shot from the ball.

"What kind of light is that that can make people fall into illusion."

"It seems a bit like a big dream fairy light."

"It's really a bit like, there is a big dream fairy light on the other party."

People in Yuanji Shenshan talked a lot, and some people stared at Lu Ming, showing fiery colors.

The taboo creatures of Yuanji Shenshan have a strong desire for various unique lights.

Chapter 4799: Emperor Guangqian

"Before this person, he used this metal life to block my attack. It is really despicable and shameless. Let's shoot together."

The purple robe youth shouted.

After discovering the ball, he seemed to have found a reason for his failure just now.

He believes that Lu Ming must have used the ball before to block his destructive fairy light.

He didn't believe that Lu Ming could block his destructive light with his own power.

Lu Ming naturally didn't bother to explain to the other party.

boom!

The master who was shrouded in the illusion light beam broke through the illusion light beam, slammed to Lu Ming, and joined forces with the old man from Yuanji Shenshan.

As for the other two Yuanji Shenshan masters, they were entangled by the bone demon.

In the face of the two masters, Lu Mingsi had no fear and directly killed him.

With the help of the ball, there is no pressure even if the two strongest kings are alone.

The two sides fought together and started a fierce fight.

The Zipao youth took the opportunity to step aside, took out a jade bottle, and opened his mouth to inhale.

In the jade bottle, a purple light flew out and was sucked into the mouth by the purple-robed youth.

After inhaling this ray of purple light, the purple robe youth was filled with a rich purple glow. His injury unexpectedly began to recover at an astonishing speed.

And the previous consumption is quickly recovering.

When Lu Ming confronted those two Yuanji Shenshan masters with dozens of moves, the state of the purple-robed youth at least recovered 90%.

In his eyes, he kept staring at Lu Ming, revealing a strong murderous intent.

Huh!

Suddenly, the purple-robed youth moved, turned into a purple light, and slammed towards Lu Ming.

"Despicable, do you deceive more and less? I will accompany you."

With a sweet drink, Xie Nianqing stepped out of the sky, shot a few devilish energy, turned into several immeasurable demonic souls, rushed to the purple-robed youth, and stopped the purple-robed youth.

"What a beautiful woman, beauty, you want to stop me too, it's better to take refuge in me, as a concubine, wind and wind and rain..."

The purple robe youth scanned Xie Nianqing's body with fiery eyes.

"Only you are worthy?"

Xie Nianqing sneered, the phantom of the Immeasurable Demon Stele emerged, waving his hands, a large number of Immeasurable Demon Soul appeared, and pounced on the purple-robed youth.

"Huh, I don't know good or bad."

The purple-robed youth snorted coldly, and stopped talking, and launched an attack on Xie Nianqing, wanting to suppress Xie Nianqing first.

But after the fight, the purple-robed youth was shocked.

Xie Nianqing's strength was not below him at all. He continued to attack, but he couldn't help Xie Nianqing at all. Instead, the immeasurable demonic soul entered his body, making his heart more and more irritable.

He was even more upset, extremely upset.

In the prehistoric continent of the last epoch, there were indeed many amazing talents with talented combat power above him.

But he has been sealed for many years. In today's years, he originally thought that apart from his brothers and other creatures in the forbidden area, the creatures in this ruin should have no opponents of the same level.

But as soon as he was born, reality was handed over to him.

First, Lu Ming, his cultivation base was a bit lower than him, and his ability actually overwhelmed him.

Then there was Xie Nianqing, at the same level as him, the same as the Ninth Divine Lord, and his combat power was not weaker than him, which made him extremely unhappy.

"Prince Guangqian, shoot!"

The purple robe youth yelled.

"Did Jiu Gongzi finally let me take a shot? I'm already impatient with waiting."

A lazy voice sounded, and a young man walked out from the crowd of Yuanji Shenshan.

This young man seems to be in his twenties.

Of course, age cannot be measured outwardly.

This person is handsome and handsome with a silver robe and long silver hair flying all over his head.

The other creatures in the forbidden land of Yuanji Shenshan were full of awe when they looked at the person in front of them.

call out!

A beam of hair from this person flew out like a sharp sword, extending continuously, and stab Lu Ming.

Lu Ming's heart was lifted involuntarily, his muscles tense, and he felt a strong pressure.

Although the other party was flying only a beam of hair, it still made him feel a strong crisis.

He was holding the God of War gun and stabbed it with one shot, stabbing the beam of hair.

With a bang, the God of War gun collided with the beam hair.

At the moment of the collision, Lu Ming felt an incomparably sharp energy and rushed towards the God of War Spear. Lu Ming couldn't help but back off continuously.

But it still didn't get rid of the incomparably sharp energy, and there was still a residual energy that impacted on him, like sharp swords cutting his body.

Fortunately, the ball turned into armor covering his whole body, blocking this sharp energy.

"What a terrible power, this person's strength is definitely far above the strongest Heavenly Monarch."

Lu Ming's face became very heavy.

Although this person's cultivation is only the pinnacle of the God Lord, his combat power is simply unfathomable.

The four who had the strongest combat power of the Heavenly Sovereign before were called War Envoys under the King, and this person was called the 'Envoy of the Light Before the King' by the purple-robed youth, and his status among the creatures in the Forbidden Land was completely different.

"In this era, the eighth layer of the gods can achieve this combat power. It's really beyond my expectation. Retreat, these people, leave it to me."

King Guangqian made a faint voice.

The previous four 'war envoys under the king' immediately retreated.

"Lu Ming, be careful, this person's strength is unfathomable, I am afraid it will not be weaker than the previous Ye Immortal."

The Bone Demon appeared next to Lu Ming, whispering in a low voice, it could be heard from the voice that the Bone Demon was also very solemn.

"Indeed, this should be the pinnacle master among the forbidden creatures."

Lu Ming said.

At this time, Xie Nianqing also came to Lu Ming's side and stood side by side with Lu Ming.

The Emperor Guangqian, step by step, forced his way towards Lu Ming.

"Lu Ming, I'll help you."

Lion yelled and came to Lu Ming's side.

At the same time, the strongest of the two demons was also standing with Lu Ming.

"Do you think that if there are too many people, you can stop me? No one can stop me who I want to kill."

Emperor Guangqian spoke lightly, full of strong confidence.

boom!

The next moment, a terrifying aura erupted from him, and thousands of beams of hair fluttered wildly, like a devil.

Lu Ming and others couldn't help becoming nervous, feeling a strong crisis inexplicably.

"He left it to me to deal with."

At this moment, there was a voice from the other direction of the Heaven Extinguishing Army station.

When the sound fell, a figure appeared in front of Lu Ming and the others.

Gu Changfeng!

Lion and others are overjoyed.

Gu Changfeng appeared, and if Gu Changfeng shot, he should not be afraid of the opponent.

When Emperor Guangqian looked at Gu Changfeng, the indifferent expression on his face disappeared, revealing a trace of curiosity and solemnity.

"interesting."

The emperor smiled slightly before the light, and suddenly he moved, his body turned into a light, extremely sharp, and slammed to Gu Changfeng.

The speed is too fast for people to react.

However, Gu Changfeng was able to react and still catch the opponent's attack.

Chapter 4800: pressure

Gu Changfeng and the "Prince of the Light" made a blast, and both sides retreated quickly at the same time, but after retreating for a while, the two slammed towards each other almost at the same time.

The two powerhouses fought fiercely and smashed into the sky, fighting madly together.

In a twinkling of an eye, the two clashed hundreds of moves, and there was no winner.

"Here, there is actually an existence comparable to the Emperor Guangqian."

The creatures in the forbidden area of Yuanji Shenshan were very surprised, staring at the sky with wide eyes.

Obviously, they were all shocked. They didn't expect Heaven Extinguishing Army to have an existence comparable to that of the Emperor before the Light.

How strong the battle power of the Emperor Guangqian is, they know very well that in the Divine Lord Realm, it is almost a symbol of invincibility, and in the God Realm, it is extremely rare that the battle power can surpass the Emperor Guangqian.

The Emperor Guangqian is not a name, but a name. Only in the Divine Master Realm, where the combat power reaches an extremely terrifying level, can it be canonized as the 'Emissary Guangqian'.

In the same way, the 'war envoy under the king' is also a title, which can only be obtained if the combat power reaches the level of the strongest heavenly monarch.

The four powerhouses who besieged Lu Ming before were all 'war envoys under the king'.

The combat power of the 'Prince Guangqian' is far above that of the prince.

Among the creatures in the forbidden land of Yuanji Shenshan, those who can obtain the title of "King of Light" are extremely rare.

They didn't expect that there would be such an existence in the mere Annihilation Army.

The purple-robed youth, with a very gloomy expression, swept around Lu Ming, killing intent flashing.

However, he did not order to continue the attack.

Because Lu Ming has bone demon, Xie Nianqing, Lion and others around him, their combat power is above them, even if they make a move, they won't be able to get any cheap.

Now, I can only pin my hopes on the Emperor Guangqian.

Soon, Gu Changfeng and the Emperor Guangqian had already fought hundreds of tricks, and still had no winner or loser.

The face of the purple robe youth became even more ugly. He understood that Gu Changfeng and King Guangqian had equal combat strength, and it would be difficult for the two to tell the winner.

"You guys, really don't agree to my request?"

The purple-robed youth cast his eyes on the lion and others, and asked again.

"You don't have to spend much time, we won't agree to your terms."

Lion strongly refused.

"I don't know what I can do. Do you think that with your strength, you can stop my clan? I tell you, it is a man's arm as a cart, hitting a stone with a pebble, and killing itself."

The purple robe youth shouted.

"I will destroy the heavenly army. I am not afraid of death. If I want to fight, I will fight to the end."

Lion responded coldly.

"you guys..."

The purple-robed youth was holding a breath of breath, and it was really uncomfortable that he wanted to explode but couldn't.

He really did not expect that the mere destruction of the heavenly army would be so ignorant to promote.

If it weren't for their people, most of them were still in the seal and hadn't awakened, they would have led the army to destroy the Heavenly Slayer.

boom!

There was a terrifying roar high in the sky. Gu Changfeng and King Guangqian retreated. The two of them were filled with radiant brilliance, and their auras were constantly surging. Not small.

However, neither of them can do anything about the other.

"The king before the light, no more fighting, let's go."

The purple-robed youth shouted, turned and left, but also decisively.

The others followed the purple robe youth and left.

After a while, the voice of the purple-robed youth came from afar: "Sooner or later, you will regret today's decision."

The voice fell, and the shadows of the creatures in the forbidden area had disappeared without a trace.

Although they repelled the forbidden creatures of Yuanji Shenshan, the faces of Lu Ming, Xie Nianqing, Shi, Zixuan and others were very solemn.

The creatures in the forbidden area, although only a few hundred people came, the displayed strength was already very terrifying.

An existence equivalent to Gu Changfeng, the five strongest heavenly monarchs.

This level of strength is already a top-level powerful force in today's prehistoric universe.

However, this is obviously only a small part of the other party.

The full combat power of the creatures in the forbidden area is difficult to predict.

Especially for the existence of King Guangqian at this level, does the opponent still have them? If there are more, it is really unmatched.

This is also the reason why they didn't make a move just now, leaving the other side behind and letting the other side leave.

Because they don't want to completely offend the other party to death, if they really leave the other party behind, they will really offend the other party completely, endlessly, and there is no room for relaxation.

Everyone discussed for a while, and then began to make arrangements to fully guard against the forbidden creatures of Yuanji Shenshan.

Sure enough, soon after, a large number of forbidden creatures came out of the Yuanji Mountain, the number was about 3,000.

After these forbidden creatures walked out of the Yuanji Mountain, they began to attack the territory occupied by the Heaven Exterminating Army and the demons.

The Heaven Extinguishing Army and the demons obviously did not intend to fight against the forbidden creatures. They retreated quickly, gave up most of the territory, and fully defended the remaining territory.

However, the forbidden land creatures of Yuanji Shenshan, due to the small number of people, did not continue to attack after occupying a large area, but fully exploited the resources in these areas.

For example, the magical medicine in some mainland fragments, various precious metal materials, heavenly materials and earth treasures with special functions, and primordial crystals.

Only thousands of people, equivalent to the vast ruins of the universe, are too small, so it takes a lot of time to finish mining.

Therefore, the universe fell into peace again.

The three parties, including the Celestial Army and the Devil, the Yaxian, and the Celestial Race, all focus on defense, shrink the territory, and focus on defense.

The forbidden creatures in Yinkeng Moshan, Yuanji Shenshan, and Cangminghai are fully exploiting resources.

It is not difficult to guess that the forbidden land creatures in the three places are so eager to mine resources that most of them want to use these resources to awaken more forbidden land creatures.

However, although the three parties can guess the purpose of the creatures in the forbidden area, they do not have the courage to take the initiative to attack. The strength of the creatures in the forbidden area is unfathomable. If they attack actively, they will be counterattacked by terror and ruin themselves.

What they can do is to continuously enhance their strength and find more treasures.

The focus of the three parties is on the human king's heart.

Especially the Celestial Destroyer Army has already taken control of the human king's body. If the human king's heart is regained, it can control the human king's body. In that case, it can be fearless.

In this way, time flies, and decades have passed.

Over the past few decades, plus the previous hundreds of years, Lu Ming has been comprehending the third thousand great ancient mysteries, and after unremitting efforts, he finally has some eyebrows.

This made Lu Ming overjoyed.

With some eyebrows, it is easy to handle, which is equivalent to having a direction, then it is only a matter of time before the insight is realized.

Once he realized it, Lu Ming felt that the power of Taboo would undergo a major change, and his combat power would definitely increase.

Now he is doing his best, and his combat power is equivalent to that of the strongest heavenly monarch.

If you were to comprehend the third thousand great ancient mysteries, even if you encounter the 'King of the Light', you may not have the power to fight.
