

D Emperor 4911

Chapter 4911: Kill the land conference

Although the bone demon's words are reasonable, everyone's hearts are still heavy.

Ye Immortal's combat power is too strong, already at the invincible Divine Lord level, and the strongest Heavenly Monarch level master is completely vulnerable to a blow.

Although the number of Heaven Extinguishing Army and demons is large, the top masters are not in the state.

For example, Gu Changfeng has not healed from a serious injury.

As for Zixuan, fusing the blood crystals of the Demon Ancestor had encountered difficulties, their own results were unpredictable, and they lacked a joint attack formation method, and it was really bad for Shangye Immortal.

"What's going on? I'll know if I go back and have a look."

Lu Ming said.

"Yes, without further ado, let's set off immediately!"

Tang Jundao.

"Wait a minute, I don't think we need to rush all back."

Bone Demon Road.

"How to say?"

Tang Jun looked at the bone demon.

"The fact that the Celestial Extinguish Army encountered Ye Immortal has already happened. Even if we rush back now, it will not help. The purpose of rushing back is to confirm their safety. In this case, there is no need for so many people to go back together. Just go back and investigate the situation alone."

Bone Demon Road.

Lu Ming's eyes flickered, he agreed with the bone demon's proposal.

Now Zixiao Immortal Nation has reached a critical moment. The nine energy veins can collapse at any time, and the formation of that ancient city can collapse at any time.

Once you miss it, you miss the chance to guard against the sky.

The most important thing is that they all rushed back. It really didn't help. What has happened is hard to change.

"Well, I'll go back and have a look. At my speed, I can go back and forth soon."

Bubble Road.

"Okay, then do that, Bubble, you have to be careful."

Finally, Lu Ming nodded.

Bubble controls the power of time and space, in terms of speed, no one on the scene is faster than her, and the power of time and space, life-saving ability is absolutely unmatched, even if you encounter a strong enemy, you can retreat calmly.

It can be said that there is nothing more suitable than Bubbles.

"I'm leaving!"

The sound of the bubble just sounded, and the figure had disappeared without a trace.

"We just need to wait for the news nearby. I believe they will be fine if they are lucky."

Lu Ming comforted everyone.

Afterwards, they left here and came near another Qi vein.

Below the island, there are nine qi veins, and it is impossible for the creatures in the forbidden land to occupy them all. This qi vein is only distributed by a small number of forbidden land creatures, belonging to the Cangming clan.

Lu Ming and the others didn't do anything, so as not to get out of the way, but set up a hidden formation nearby and waited.

To be honest, the divine light of the cave sky rushing out of the nine energy veins is not very strong. If Lu Ming and the others relied on the armor refined by Dandan and Bubbles, be careful, they should be able to rush in.

But they dare not.

Because I am afraid of the cave **** beast in the Qi vein.

Although they speculated that the formation of the ancient city continuously absorbed the energy from the nine qi veins and the divine light of the cave sky, it should be difficult for the qi veins to condense the **** cave beast.

However, they are not sure, they are not sure.

If there is a cave **** beast in the vitality, then they will all be destroyed.

Just in case, wait and see.

The same is true for the people in the forbidden area. The top masters did not dare to enter, but continued to wait.

.....

What Lu Ming didn't know was that there was a storm brewing on the island at this time.

The initiator of this storm is the Yuanguang clan.

The leaders of the Yuanguang clan, Yuanwuji, Yuan6ji, Yuanqiji, Yuanbaji and Yuanjiuji also sent news to the Cangming and Yinsha tribes and invited them to discuss a major event.

Near a certain vitality, the strong men of the Yuanguang, Yinsha, and Cangming clan gathered at the same time.

"Yuan Wuji, Yuan Liuji, you said to discuss a major event, now you can say, what is it?"

In the Yin Sha clan, the Ghost Sha King asked, looking at the Yuan Wu Ji Yuan and Liu Yuan, fierce light circulated.

Not long ago, Yuan Wu Ji Yuan and Liu Ji competed with them for the top source-level magical medicine. If they hadn't competed for it, how could the other gates fail? How could the source-level magical medicine fall into the hands of Ye Immortal?

It's strange that Ghost King's face will be good.

Next to King Ghost, King Underworld's face was also ugly.

On the other side, there are people from the Cangming clan, and several people headed by the Cangming clan are also very young.

Two young men, plus a young woman.

These three are the princes and princesses of the Cangming clan, with extraordinary status.

They looked at Yuanguang clan and Yinsha clan with great interest, and seemed to wish the two clan a battle.

"I asked you all to come here this time to kill someone."

Yuan Wuji said coldly.

"Hahahaha..."

When the ghost king heard it, he burst into laughter, tears bursting into his eyes.

"Kill a person? You want to summon our three clans together, Yuan Wu Ji, you are too ridiculous."

Ghost King laughed.

"I'm very curious, who is the one you said to kill?"

In the Cangming clan, a young man looks towards Yuan Wuji Dao.

This person is a prince of the Cangming clan, known as the Cangluo Prince.

"Lu Ming!"

Yuan Wuji's indifferent voice sounded.

Ghost King's laughter stopped abruptly, his face gloomy.

"Lu Ming, a man who destroys the heavenly army, but he has an incomparably talented and enchanting talent. Now it is only the nine-fold cultivation base of the **** master, and he has the invincible battle power of the **** master. Once he reaches the peak of the **** master, none of us will be his opponent. Being stronger is the scourge of all races. Such people must be eliminated as soon as possible.

Yuan Wuji continued.

"I agree, Lu Ming, this person, really wants to get rid of, lest he become a disaster."

King Guisha nodded. On this point, he agreed with Yuan Wuji's view.

"Divine Master Nine Layers has the invincible Divine Master's combat power? How is it possible, what is his background?"

The calm on Prince Cangluo's face disappeared, showing a look of consternation.

"I heard that he is a forbidden body and controls the power of taboos, but I have never heard of a forbidden body and power of taboos."

Yuan Wuji shook his head.

At this point, King Ghost, King Hades and others were equally puzzled.

Because in the prehistoric continent of the last era, I have never heard of any taboo body or power.

Prince Cang Luo was also puzzled.

"Lu Ming, this person naturally needs to be removed, but how to get rid of it? This person is very cunning, once hiding, it is difficult to find, and besides this person, there is a master who controls the power of time and space. Together, it is very difficult. To deal with him, unless there are three invincible divine masters taking action at the same time, we can stop him with confidence. Those of us can only be divided into two groups. How should we find him?

King Hades raised the question.

Yuan Wuji and Yuan Liuji also showed the color of contemplation.

Indeed, first of all, how to find Lu Ming?

If Lu Ming doesn't show up, no matter how many masters they have, it can't help Lu Ming.

"I have a way!"

At this moment, a clear voice came from the void in the distance.

Chapter 4912: Yeah the immortal trap

In the void, a figure stepped into the air, fluttering in white, with extraordinary bearing, and the color of vicissitudes in his eyes.

Yeah immortal!

The people here are actually immortal.

Boom boom boom!

Suddenly, a series of terrible auras erupted, the Yuan Wu Ji, Yuan Six Ji, the Ghost Sha King and the Hades King, etc., surging with terrible energy and murderous intent, and a series of breaths locked Ye Immortality.

Only the Cangming people seem to be relatively indifferent.

"Ye immortal, do you dare to come here alone? It's really looking for death."

The ghost king yelled, showing a hideous color, and the evil spirits surging all over his body, he might make a move at any time.

"I'm here not to work with you, but to talk about cooperation with you."

Ye Immortal spoke lightly, his face calm.

"Talk about cooperation? First hand over the top source-level magical medicine, then kneel down and admit your mistakes, and then talk about cooperation."

Ghost Sha Wang said grimly.

"I have a way to lead Lu Ming. If you want to kill Lu Ming, cooperate with me. If you don't want to kill Lu Ming, do it. You may not be able to keep me."

Ye Immortal stayed far away, did not approach, and seemed to be ready to retreat at any time.

"Do you really have a way to lead Lu Ming? Also, why should we trust you?"

King Hades asked, much calmer than King Ghost.

"If I can't help it, I won't come."

Ye Immortal smiled and continued: "The last question, because Lu Ming is a taboo body, and the taboo body, whether it is for me or for you, is a huge scourge, not only for us, Even for those above the source, it is a huge disaster."

"Haha, exaggerated, a forbidden power that has never been heard of, has such great power? Now it is the origin of the catastrophe. If it were not for the origin of the catastrophe, once the power of our clan came out, it would only be a matter of minutes to suppress Lu Ming. "

King Ghost sneered disdainfully.

【Collect free books】 Follow v.x 【Book Friends Base Camp】 Recommend your favorite novels and receive cash red envelopes!

"That's the specific origin of the body that you don't know the taboo. I tell you that the power of the taboo controlled by the taboo body is actually the power of the universe."

Ye immortal road.

"What? The power of the universe?"

Regardless of whether it was the Ghost King, the Underworld King, the Yuan Wu Ji Yuan Liu Ji, or even the Cang Luo Prince and others, they were all shocked, their expressions showing incredible expressions.

"Yes, it is the power of the universe, and the universe itself has will, but under normal circumstances, it is impossible to give the power of the universe, because this is a huge damage to the universe itself, but when the universe is greatly eroded, Not necessarily."

"And the power of taboo is actually the power of the universe. The three of you, as well as my heaven and human race, are not people of the prehistoric and emptiness of the universe. They themselves will be suppressed by this universe, and the stronger the force of the universe, the more you will wait for me. The suppression will be greater. Now, do you know why I say Lu Ming is a great evil, right?"

Ye Immortal explained.

"It turns out that the power of taboo is actually the power of the universe. It cannot be retained, let alone retained, and must be eliminated."

Yuan Wuji whispered, his eyes filled with strong murderous intent.

"Yes, if we want to achieve our respective goals, the power of the universe must be eliminated."

King Underworld also spoke.

"Indeed, this person can't stay!"

Prince Cang Luo also followed.

"So Lu Ming is our common enemy, and our goals are the same. Now that we are cooperating, what's the problem?"

Ye immortal road.

"Cooperation is natural, but you can tell, what can you do to draw Lu Ming out?"

Yuan Wu Ji Dao.

"When I met Lu Ming before, I threw out more than a dozen heads, all of them belonged to the Heaven Extinguishing Army. Lu Ming definitely wants to know the fate of the rest of the Heaven Extinguishing Army. I think he definitely wants to find me now. ."

"Now, as long as I spread the voice to the entire island and ask Lu Ming to fight, if he wants to know the fate of the people of the Exterminating Army, he can only agree to fight with me."

Ye immortal road.

Other people's eyes lit up.

"Then, we can join forces to kill Lu Ming in the place where you meet."

King Hades added.

"not enough!"

Ye Immortal shook his head, and said: "As long as anyone who can get the power of the universe is a person who is lucky, this kind of person has big luck and is extremely difficult to kill. Therefore, to be foolproof, it is best to deploy. The source-level formation, I believe, with the background of your races, it is not difficult to set up a simple source-level formation."

"My clan has brought some skeletons from the strong in the original realm. Using the bones of the strong in the original realm as the foundation, it is not difficult to lay down a simple source-level formation. It just takes time."

Yuan Wu Ji Dao.

"My clan also has some skeletons of the Origin Realm, which can be shot together, and the speed of the formation will be greatly increased."

"My clan can also help!"

King Underworld and Prince Cangluo spoke one after another.

"Okay, then we'll set a location!"

Ye immortal road.

Immediately, they began to discuss specific details.

.....

Three days have passed since Bubble left.

Lu Ming and others, hiding in a hidden formation, practice with peace of mind.

"Lu Ming..."

Suddenly, a voice came from high above, as if the sky thunder exploded, spreading everywhere.

"That's... Yeah the immortal voice."

Lu Ming and the others, their eyes condensed, and they couldn't help looking up at the sky.

With Lu Ming's eyesight, if they were unblocked, they could see hundreds of thousands of miles away.

Therefore, they saw that in the high altitude, there was a figure floating, it was Ya Immortal.

"Lu Ming, I know you can hear it."

Ye Immortal spoke, and the voice continued.

With the immortal cultivation base of Ye, standing high above the sky, the voice can spread all over the island.

"Don't you want to know the survival of the rest of the Heavenly Destroying Army? I'll give you a chance. You and I will fight 300,000 miles northeast of the ancient city. If you can defeat me, I'll tell you what's going on. Happening."

"Remember, time is after three days."

After Ye Immortal finished speaking, his figure shook and disappeared from the sky.

"Yeh Immortal actually took the initiative to make an appointment with Lu Ming. This is a weird thing for fear of fraud."

Xie Nianqing said, her face solemn.

"Yeh Immortal seems to have come to this island alone. With him, what tricks can he play?"

Dan Dan said.

"Fear, be afraid, he cooperated with the forbidden creatures."

Xie Nianqing was still worried.

"Yeh Immortal has snatched the top source-level magical medicine from the creatures in the forbidden area. How can we cooperate with each other if they have great enmity?"

Dandan held different opinions.

"This matter is too weird.

Bone Demon said, then looked at Lu Ming: "Lu Ming, what do you think?"

"Go, I still have to go, but be prepared, once again, I want you to do it again."

Lu Ming said, explaining his plan again, and then began to arrange it.

Three days later, Lu Ming set off alone and headed for 300,000 miles northeast of the ancient city.

Lu Ming knew that there was a big mountain there, which was the place where the battle was held.

However, before Lu Ming was halfway there, he was stopped by one person.

A member of the Cangming clan.

Chapter 4913: A condition of Cangxian

A Cangming clan, but also a woman.

This woman is a little different from other Cangming tribes. The faces of other Cangming tribes have a lot of scales, and this woman has only a few purple scales on the center of her eyebrows. The divine talent is uneven and her appearance is outstanding. Set off by the scales, it shows a strange style.

Lu Ming stopped, the God of War gun appeared in his hand, with a powerful breath surging through his body~www.wuxiaspot.com~Welfare] Give you a cash red envelope! Follow the vx public [Book Friends Base Camp] to receive it!

"Lu Ming, don't be nervous. I am not here to be your enemy. You should have discovered that there is only me nearby. If you are an enemy, I will not come alone."

The Cangming woman smiled.

"Then what do you mean by blocking my way?"

Lu Ming said coldly.

"I'm saving your life!"

The young woman of the Cangming nationality said.

"Saving my life? Haha, this is a bit ridiculous, you Cangming clan, you can't wait to break my body into pieces."

Lu Ming sneered.

"Other people are other people, and I am me."

"Introduce myself, my name is Cangxian, and everyone else calls me Princess Cangxian."

The young woman said.

This woman was one of the three young leaders of the Cangming Clan. In terms of identity, she was not under the Cangluo Prince, and had participated in the Three Clan Conference before.

"Why should I believe you?"

Lu Ming said solemnly.

"I can tell you a little bit. Ye Immortal invited you to fight. It is just a trap. In fact, Ye Immortal has already cooperated with Yuanguang Clan, Yinsha Clan and Cangming Clan. , The source-level formation has been laid. Once you go, you will be trapped in the source-level formation. With your current cultivation base, you will definitely die if you step into the source-level formation.

Princess Cangxian said.

"Ye Immortal actually cooperated with the three forbidden creatures?"

Lu Ming's face suddenly changed, a little unbelievable.

Ye Immortal had just snatched the top source-level magical medicine from the Yuanguang Clan and the Yin Sha clan not long ago. It stands to reason that the Yuanguang Clan and the Yin Sha clan could not wait to immortal Yeah. How could they cooperate with him?

What's the inside story that he doesn't know?

"There are a lot of things involved, and I won't be clear for a while, but their cooperation is absolutely true."

Princess Cangxian said.

"Why are you telling me this? What good is it for you?"

Lu Ming said.

He naturally would not believe Princess Cangxian so easily.

"Of course I won't tell you this for nothing, because I want to cooperate with you and you have to promise me one condition."

Princess Cangxian said.

"Just what I said just now doesn't seem to be enough for me to promise you a condition."

Lu Ming said.

"Those are not natural enough, I tell you, the formation based on the bones of the strong origin realm is mysterious and unusual, covering a very wide range. Even if you are prepared, it may be difficult to fight against, but there are some origin bones in that formation. , I gave it. I have a way to interfere with the formation and make it impossible to operate. Is this enough?"

Princess Cangxian said.

"Oh, what condition do you want me to promise? If it's too much, then don't cooperate!"

Lu Ming said.

He went here mainly to know the specific situation of the Heaven Extinguishing Army from Ye Immortal.

But now the situation has changed. Ye Immortal has cooperated with the three forbidden creatures, and he has also laid a source-level formation. When he goes, he has become dangerous.

He may not go, and he can wait until the bubble survey comes back.

Of course, if the risk factor is small, it is not impossible to go.

For example, what Princess Cangxian said is true, and it can really make the source-level formation unable to operate.

"Relax, my conditions are very simple. In this Zixiao Cave, you only have to agree to help me once."

Princess Cangxian said.

"Help you once, that's okay!"

Lu Ming nodded, only to help once, if there is a danger, most of them retreat in time.

"Neither of you nor mine have reached the original source state, and are still bound by the original source oath. How about we swear by our respective life sources?"

Princess Cangxian said.

"can!"

Lu Ming nodded.

Immediately, the two swear oaths on their own life origins.

The two were relieved.

Before leaving, Princess Cangxian showed a meaningful smile.

"Why does this woman's smile give me a familiar feeling, as if I have seen it before..."

Looking at the disappearance of Princess Cangxian, Lu Ming frowned slightly.

But he was sure that it was the first time he met Princess Cangxian, why did he feel this way?

Could it be that he has met too many beauties, and the beauties have the same feeling?

Shaking his head, Lu Ming continued to move towards the place where he was about to fight.

As he was approaching the place where the battle was scheduled, Lu Ming's body suddenly glowed, filled with runes, and then another Lu Ming separated from Lu Ming's body.

This is what Lu Ming let Dan Dan deploy.

A avatar was refined with a drop of Lu Ming's blood combined with the formation method. Although it did not have the strength of Lu Ming, it had the same aura as Lu Ming.

This method has already been used before.

Lu Ming's formation clone continued to move towards the place where the battle was scheduled, while Lu Ming's real body disappeared from where it was.

Lu Ming entered the high altitude, hiding his figure, and heading for the battlefield.

From a distance, I saw a peak, and above the peak, a figure stood in the sky, it was the immortality.

Formation clone, stepping directly towards the peak.

"Yeah Immortal, say, what happened to the people who destroyed the heavenly army?"

The formation avatar spoke.

"Lu Ming, I didn't expect you to really come. That's good. Let's send you on the road to reunite with the people from the Exterminator!"

Ye Immortal sneered, and his figure suddenly retreated quickly.

After Ye Immortal retreated violently, a horrible breath suddenly burst out around the mountain peak, and then pieces of bones flew out of the mountain peak.

These bones have different shapes.

Some are like arm bones, some are like ribs, and some are like leg bones...

Each bone exudes powerful original power, and there are countless runes permeating, linking the power of these bones together to form a large array.

This big formation enveloped Lu Ming.

"Ye immortal, you asked me to fight, is this a fight?"

Lu Ming's formation clone sneered.

"You and I belong to two different forces. Now it is a battle of forces, not personal grievances, Lu Ming, let's get on the road!"

Ye Immortal drank coldly and waved.

Immediately, the formation was activated, and terrifying energy burst out, rushing towards Lu Ming's rune clone.

With a touch, Lu Ming's rune clone burst open and turned into a drop of blood. This drop of blood was completely annihilated under the terrifying energy.

"It's a clone!"

Ye Immortal's face suddenly changed, very gloomy.

Before, the aura of the formation clone was exactly the same as that of Lu Ming himself, Ye Immortal hadn't noticed it at all.

"You got fooled. It's Lu Ming's clone. Lu Ming's real body must be nearby. He will try his best to urge the Origin Level formation to cover him."

Yeah immortal yelling.

Chapter 4914: The formation fails, Lu Ming breaks through

Ye Immortal yelled, around the mountain, a group of figures suddenly appeared. These figures, including the Yuanguang Clan, Yin Sha Clan, and Cangming Clan, are all masters of the three clans who are proficient in formation. More than a dozen people.

These dozens of hands kept forming seals, and a series of runes were submerged in the original skeleton. The power of the original skeleton was constantly mobilized, combined with the formation, and turned into a more terrifying force.

The power of the formation is even more terrifying, sweeping out in all directions at an astonishing speed.

"not good!"

In the high altitude, Lu Ming's expression changed.

The power of the source-level formation was still above his imagination. Once activated, it would almost cover the sky and the sun, covering the sky and the earth, Lu Ming had hidden far enough, but the power of the formation still quickly approached him.

Without time to hesitate, Lu Ming's figure flashed, and he quickly backed away.

As soon as he retreated, his figure naturally appeared.

"Lu Ming, you really are nearby. Since you are here today, stay here forever!"

Ye Immortal spoke indifferently.

"Yeah, immortal, you are really mean, those of your younger generation, as expected, have inherited your genes..."

Lu Ming mocked, and at the same time increased the speed to the extreme.

However, the speed of the formation spread too fast. Runes were intertwined, and under the urging of terrifying energy, they quickly approached Lu Ming, far faster than Lu Ming.

Seeing that Lu Ming was about to be enveloped in the formation.

boom!

Lu Ming suddenly swung the God of War spear and slammed it forward. The spear light was like a mountain, and it suddenly hit the edge of the formation.

There was a shocking roar, and the God of War spear vibrated wildly. Lu Ming felt the unmatched power from the God of War spear hit him. His body was thrown away directly, and a trace of blood overflowed from the corner of his mouth.

What a terrifying power!

The power of the source-level formation is really terrifying, powerful and amazing.

This is just the existence of more than a dozen Divine Lord peaks, arranged out of the original skeleton, it is absolutely impossible to be a complete source-level formation, and its power is definitely not complete.

An incomplete formation has such a terrifying power. You must know that this is only on the edge. If it is shrouded in it, the power is definitely stronger.

As soon as Lu Ming retreated, the formation continued to extend and he wanted to envelop Lu Ming.

"Fight!"

Lu Ming showed a fierce look, and the top source-level magic weapon armor emerged, covering his entire body.

Since you can't avoid it, you have to fight hard and resist with your own strength. If it doesn't work, you can only hide in the prey.

But at this moment, the spread of the source-level formation suddenly stopped.

Several of the original bones trembled, and the power inside did not spread out, but quickly contracted back.

"What's the matter? How come these original bones are suddenly out of control."

Someone yelled.

"Could it be that in the original skeleton, there is still the remnant will of the original state?"

"It's very possible, damn, keep pushing!"

The others yelled.

They didn't doubt that it was their own hands and feet, just because there was a problem with the original bone itself.

Because, among the three forbidden creatures, it is impossible for anyone to help Lu Ming.

But it was still useless, the formation still couldn't be moved, and it stopped.

Lu Ming's eyes lit up, and it seemed that Princess Cangxian made the move.

Huh!

Lu Ming backed away quickly, avoiding the open source formation from a distance.

"Lu Ming, don't go, fight with me!"

Ye Immortal shouted, turned into a sword light, and rushed towards Lu Ming quickly.

Lu Ming's eyes swept around, his figure kept, continuing on his hind legs, and a sneer appeared at the corner of his mouth: "A fight with you? Do you want to win by more?"

boom!

As he retreated, Lu Ming shot out with a palm, and a continent was formed, huge, covering an area of tens of thousands of miles.

The larger the area, the less power can be concentrated, and the less powerful it is.

However, Lu Ming does not need much power now, as long as the coverage is wide.

Under the pressure of the mainland, the terrible power suppressed it, and the void continued to burst, and in the void below, a number of figures appeared.

There are people from Yinsha clan, Yuanguang clan and Cangming clan, there are hundreds of them.

All of these people have deployed a combined attack formation, with 21 people as the main formation, and a dozen people in a combined attack formation.

Obviously, these combined attack formations used hidden means to hide here in secret. Once Lu Ming was trapped in the formation, it would be dangerous.

Now, Lu Ming's all-in-one trick was forced out.

These combined attack formations pursued Lu Ming with all their strength, trying to stop Lu Ming.

Lu Ming was in the shape of electricity, retreating backwards, a bit faster than those combined strikes.

Even Ye Immortal, surpassing the combined attack formation, chased Lu Ming frantically.

Huh hoo...

As Lu Ming was retreating, there was a sharp whistling sound from behind him, piercing through the void with sword lights, and assassinated towards Lu Ming.

Beam hair!

These sword lights are all the light speed hair of the Yuanguang clan, densely packed, there are thousands of ways, and the power of each is very terrifying.

Yuan Wu Ji or Yuan Liu Ji.

Lu Ming knew that among the Yuanguang Clan, only Yuan Wu Ji or Yuan Liu Ji had such strength.

"Breaking style!"

Lu Ming snorted coldly, the God of War spear trembling constantly, piercing many spear lights.

These spear lights were extremely sharp and pierced the beam hair, directly piercing the beam hair.

These beams of hair continued to burst and turn into ashes.

Lu Ming's dense beam of hair made a huge gap.

Lu Ming rushed past this gap.

After rushing through the gap, a figure blocked Lu Ming from going.

It's Yuan Wu Ji!

"kill!"

Lu Ming yelled, his body shape didn't stop at all, and he slew towards the Yuan Wu Ji, the spear light only pointed at the center of the Yuan Wu Ji's brow.

"I want to see how strong you are."

Yuan Wuji drank coldly, and a war sword appeared on his body. His body exuded a brilliant glow, and the human sword merged into one. It slashed towards Lu Ming, and the sword light pierced the sky, terrifying.

boom!

The spear light and the sword light collided together and burst out with a shocking roar.

However, the stalemate between the two only lasted for a breath, and the sword light trembled violently, and then burst into pieces.

[Cash red envelopes ~www.wuxiaspot.com~ to receive cash! Pay attention to WeChat. Public account [Book Friends Base Camp], cash/coins are waiting for you!

A figure retreated violently.

It is Yuan Wu Ji.

Yuan Wuji has been backing thousands of miles before standing firm, his face is very gloomy.

"So weak? No, there should be no tricks."

Lu Ming's heart moved.

If Yuan Wu Ji had only the combat power just now, it would be too weak, far inferior to King Ghost.

But Yuan Wu Ji is an invincible **** master level existence.

However, the combat power demonstrated by the Yuan Wu Ji just now was very strong, surpassing the existence of the Emperor Guangqian, but it definitely did not reach the level of the invincible divine master.

Invincible God Lord, definitely more than this point of combat power.

Chapter 4915: The light of the light controller

"Very well, Lu Ming, you are really good, the mere divine master Jiuzhong has such a combat power, I underestimate you, then let you see the power of the 'Red Burning Fairy Light'."

Before Yuan Wuji's words fell, his body burst into red light, and at the same time, there was an incomparable heat of heating.

At the next moment, Lu Ming saw that a light appeared from Yuan Wuji's body.

This light was extremely red, redder than blood, and extremely hot.

A horrible coercion diffused from this light.

Lu Ming narrowed his eyes slightly, and he instinctively felt a huge threat from this light.

This light is extraordinary.

According to the Yuan Wuji, "Red Burning Fairy Light" contains the word "Xian". Anyone who can have a relationship with "Xian" should not be underestimated.

The red burning fairy light emerged, permeating the surface of Yuan Wuji's body, and there was a strand of it blending with the war sword in his hand.

Huh!

Yuan Wuji shot, turned into a red sword light, and slashed towards Lu Ming, speeding to the extreme.

The sword light emitted a terrifying high temperature, and the void was distorted and collapsed wherever it passed, completely annihilated.

Lu Ming's pupils shrank slightly, feeling the horror of this sword, and he did not dare to show the slightest carelessness. He turned the taboo power to the extreme and displayed it in a world-breaking manner.

boom!

The gun light and sword light collided for the second time, and a beam of light burst into the sky at the intersection of the two.

The spear light and sword light, constantly shaking, collapsed one after another, and the two figures retreated back.

It is Lu Ming and Yuan Wuji.

This time, the two were equally divided.

"This kind of light, such a terrifying power, seems to contain infinite energy, full of vast sky power, and can cut everything away."

Lu Ming was shocked secretly.

He could feel that the red burning fairy light contained infinite power, and Yuan Wuji was far from exerting the power of the red burning fairy light. Once it was displayed, the power was unimaginable.

"Is this the so-called light controller?"

Lu Ming had a thought in his heart.

He has had many dealings with the Yuanguang Clan, and in the Zixiao Cave, he has been fighting with the Yuanguang Clan constantly. He has long understood that in the Yuanguang Clan, under the origin, the Emperor Guangqian is not the strongest. Above the Emperor of Light, there is a stronger existence called the Light Controller.

Every light-controller who grows to the pinnacle of the **** is an invincible god.

As the name implies, the emissary of the light front is the emissary in front of the light controller.

The envoy under the king is the envoy under the 'wang' envoy before the light'.

Regardless of whether it is the 'Prince of the Light' or the 'War ambassador of the King', they are all subordinates of the 'Light Controller' and they are all subordinate to the Light Controller.

In the past, when Lu Ming and Yuan Jiu Ji battled, Yuan Jiu Ji used a trick'Destroy the Immortal Light', but that was not the real'Destroy the Immortal Light', but a secret technique condensed, and the real Destroy the fairy light, the world is different.

"Come again!"

Yuan Wu roared greatly, and wanted to continue to kill Lu.

"Too lazy to accompany you!"

Lu Ming's words sounded, and his body turned into an aurora, rushing in the other direction.

If it was only Yuan Wu Ji, Lu Ming really wanted to fight the opponent, but now, Ye Immortal was chasing after him quickly, as well as those combined attacks.

In addition, I don't know how many masters there are. How could Lu Ming get entangled with Yuan Wu Ji?

"You can't leave!"

Lu Ming had just flew out a short distance, and in front of him, an indifferent voice sounded, and then the evil spirits soared into the sky, like a tsunami, rushing towards Lu Ming.

It was the Ghost King, who stood in front of Lu Ming.

boom!

Lu Ming displayed the wild style, hitting a continent, blocking him, and his figure flashed again and rushed out from another direction.

But in that direction, another figure emerged, Yuan Liuji.

Lu Ming's heart was heavy. It seemed that these top players had already surrounded him in all directions and blocked his back.

"Then rush over."

Lu Ming's eyes were cold, and he rushed directly towards Yuan Liuji, intending to break through from Yuan Liuji.

"Black Moon Fairy Light!"

Affected by Yuan Liuji's indifferent body, a light appeared in his body.

This ray of light, turned dark black, also exudes incomparably terrifying fluctuations, not weaker than the "Red Burning Fairy Light" of Yuan Wu Ji.

Heiyue Xianguang added his body, Yuan Liuji's combat power reached the level of an invincible divine master, and he confronted Lu Ming and blocked Lu Ming's shocking figure.

At the same time, Ye Immortal, Yuan Wu Ji, Ghost Sha King, and even Hades King also appeared from the other side and killed Lu Ming.

Five masters of the invincible divine master level, slaying towards Lu Ming together, shocking the world.

On a mountain not far away, two young figures stood there.

These two are the two princes of the Cangming clan, both are peerless masters among the **** masters, invincible **** master-level existence, and Prince Cang Luo is one of them.

"Let's do it too, and take Lu Ming in one fell swoop!"

Prince Cang Luo said.

"Two brothers, wait a minute."

Suddenly, a voice sounded, and then a slender figure emerged.

This figure is the Princess Cangxian.

"Cangxian..."

The two princes of the Cangming clan looked at Princess Cangxian with a hot light in their eyes.

The prince and princess of the Cangming tribe are not brothers and sisters.

In the Cangming tribe, as long as they are young and talented, they can be named princes and princesses. In fact, there is no blood relationship.

Even princes and princesses can get married.

Princess Cangxian is outstanding, and it is normal for Prince Cangluo to covet them.

"Why should the two elder brothers rush to make the other two clans fight against Lu Ming, wouldn't it be good for us to sit on the mountain and watch the tigers fight?"

Princess Cangxian smiled.

"But... Lu Ming is indeed a powerful person. You can't stay. Only by killing you can you feel relieved. Besides, he killed our Cangming people before."

Prince Cang Luo said.

"The two elder brothers thought that Lu Ming could survive under the siege of five invincible gods?"

Fairy Cang continued to smile, and then said, "But Lu Ming is indeed powerful. If he desperately drags one or two to bury him when he is dying, it is not impossible. Are the two elders sure to take this risk?"

Prince Cangluo and the two showed a pensive look, feeling that Princess Cangxian made a lot of sense.

Lu Ming was only the Ninth Level of the Divine Master, and he actually had the power of the invincible Divine Master. This was really amazing and terrifying.

No one can see through such a character. Who knows if Lu Ming has any other cards. Once he desperately, it is not impossible to bury one or two of the same level.

"Sister Cangxian is absolutely right, then we can sit on the mountain and watch the tiger fight."

Prince Cang Luo said.

The other prince would naturally not take action.

"Go away!"

Lu Ming urged his combat power to the extreme, and the prehistoric and world-breaking styles came out in series, bombarding Yuan Liuji.

Under Lu Ming's frenzied attack, Yuan Liuji couldn't bear it, and began to retreat.

Chapter 4916: Reinforcements arrive

"Red Zhixianguang, kill!"

On the other side, Yuan Wuji was the closest to Lu Ming, and he was the fastest, incarnate as a fairy light, and killed Lu Ming with terrifying power, and Lu Ming could only resist with a gun.

With a boom, the two backed away at the same time.

Although Lu Ming blocked the Yuan Wu Ji's attack, he was also stopped. Yuan Liu Ji immediately launched an attack and killed Lu Ming.

"Red Burning Fairy Light!"

"Black Moon Fairy Light!"

Two horrible fairy lights, one after the other, slammed towards Lu Ming. Lu Ming tried his best to resist. In the end, it was still not blocked and his body was blown out.

His chest was swept by the red celestial light, and he instantly felt an extremely hot and sharp energy, rushing towards his body frantically.

Even through the top level source-level magic weapon armor, he still felt the terrible impact, and through the armor, it hit Lu Ming's body.

Lu Ming's blood surged, almost vomiting blood.

"Lu Ming, today, you will definitely die!"

"kill!"

"Turn me to ashes!"

Ye Immortal, King Ghost and King Hades sounded in silence, attacking Lu Ming from the other three directions with three attacks.

However, the two Yuan Wu Ji Yuan and Liu Ji continued to run the fairy light, killing Lu Ming.

The five invincible divine masters launched a joint blow from five directions. At this moment, the world was pale, and the void was in chaos.

"Lu Ming, he is dead!"

At this moment, anyone who saw this scene couldn't help but think of such a sentence.

The five invincible gods combined for a single blow, it was too terrifying, even if it was the existence of the origin realm, they did not dare to stun the front, and even some weak origins could not resist it.

Although Lu Ming had a top-level source-level war armor, the top-level source-level war armor was not omnipotent.

The top source-level war armor of the gods, although mysterious, amazing in defense, and contains amazing power, but it must be stimulated.

With Lu Ming's cultivation base, he couldn't inspire much power of the top source-level magical armor.

Can not stimulate the power, the defense power of the top source-level magic weapon armor is very limited.

Lu Ming's pupils shrank sharply, and thoughts of coping turned in his heart, but in the end he came to a conclusion and couldn't stop it.

Even if he tried his best and used all means, it was impossible to stop him.

If he insisted on taking the blow of the five great masters, even with Lu Ming's vitality, he would be seriously injured if he didn't die. At that time, he would be the opponent's fish.

"Only hiding in the prehistoric ring."

Lu Ming's heart moved.

Now, only by entering the prehistoric ring, can you avoid this blow.

It is natural to block this blow with the material of the predecessor.

But there is a drawback. Once you enter the Precious Ring, the Precious Ring will fall into the opponent's hands, and he will still be controlled by the opponent.

But in this situation, there is no other way to go.

This time, too careless.

Lu Ming knew very well that he was careless this time, and another reason was that Lu Ming was too confident.

During this period of time, Lu Ming's combat power skyrocketed. First, he comprehended the third thousand great ancient mysteries, causing a qualitative change in the power of taboo, surpassing the lord of the ancient gods and the predecessors, unprecedented.

Then the cultivation base broke through to the Divine Master Ninth Layer, causing his combat power to skyrocket to the level of the invincible Divine Master.

To be honest, Lu Ming was a little overconfident, and a little swollen, thinking that he was almost invincible under his origin, and the world was as big as he could.

Therefore, even if Princess Cangxian told him that Ye Immortal had joined forces with the three forbidden creatures, he still came.

Originally thought that with his current strength, coupled with Princess Cangxian's help, it would be no problem for him to retreat.

It turned out that Lu Ming had made a mistake.

Just when Lu Ming was deciding to enter the prey, the sudden change occurred.

"Absolute Magic Wall!"

A sweet drink rang, and then, the Void Demon Qi surged, and two high walls suddenly appeared in front of the Ghost Sha King and the Hades King. The high walls were entirely composed of Demonic Qi.

Boom!

The attacks of King Ghost and King Underworld bombarded the sound of the Demon Wall, and they were actually blocked. In the end, although the Demon Wall was defeated, the attacks of the two also dissipated in the air.

"Haoyue Changfeng Fist!"

Appearing at the same time as the magic wall was a punch of strength, terrifying, and directly penetrated the void, forming an overwhelming power, rushing to Ya Immortal, blocking Ya Immortal's attack.

Lu Ming's spirits lifted up, his left hand in the wild style, and the right hand in a series of breaking the sky, resisting the Yuan Wu Ji and Yuan Liu Ji attacks.

"who?"

The Ghost King roared and looked up at the sky.

In the high altitude, two figures suddenly appeared.

One man and one woman.

"Gu Changfeng and Zi Xuan, why are they here?"

Lu Ming was shocked.

The men and women high in the sky are actually Gu Changfeng and Zi Xuan.

Gu Changfeng was still like that, hunting in his robe, with extraordinary bearing.

But Zi Xuan has changed greatly from before.

There was a black mark on the center of Zixuan's eyebrows, and the whole body of the devil's air was extremely rich, releasing a noble breath.

Behind her, a pair of demon wings stretched out.

You know, Zixuan was originally a demon royal family, her appearance was completely different from ordinary demons, she looked more like a human race, and behind her, there were no demon wings.

However, the demon wings behind Zixuan were completely different from ordinary demon ones.

The pair of demon wings behind Zixuan was dark purple, covered with ancient runes, ancient and mysterious, most of the noble aura on Zixuan's body radiated from this pair of demon wings.

Just watching the runes on the pair of Demon Wings, there will be an inexplicable fear and pressure in my heart.

"It seems that Zixuan has succeeded in fusing the blood crystal of the Demon Ancestor."

A thought flashed in Lu Ming's mind.

Two years ago, Zixuan was in a terrible state. Her whole person was in a daze, her eyes closed, as if she would be swallowed by the blood crystal of the Demon Ancestor at any time~www.wuxiaspot.com~Welfare] Give you a cash red envelope! Follow the vx public [Book Friends Base Camp] to receive it!

Now it seems that Zixuan has succeeded and achieved evolution. The pair of ancient Demon Wings may have evolved through fusion.

Huh!

Gu Changfeng and Zixuan were extremely fast, like two bolts of lightning, rushing towards Lu Ming, wanting to meet Lu Ming.

"Block them, don't let them meet."

Ye Immortal roared and launched an attack at the same time, the sword light soared to the sky, slashing towards Gu Changfeng and Zixuan.

"Yeah Immortal, your opponent is me, I was injured at the beginning, and I will fight again today!"

Gu Changfeng drank coldly, and slew towards Ye Immortal. The two of them were at an amazing speed, and they made a few moves in a row.

"Looking for death, sword of heaven and man, stars burst, kill me!"

Ye immortal shouted, and the world displayed the origin technique, pushing the combat power to the peak.

Ye Immortal, who used the Origin Art, had completely reached the level of the invincible divine master.

"Haoyue Changfeng Fist!"

Gu Changfeng threw his fist out, seemingly slow, but in fact as fast as lightning, and its power is also terrifying.

Fist strength exploded, the void constantly burst, and the overwhelming fist strength collided with the "star".

Chapter 4917: Three people join hands

Gu Changfeng played a terrifying fist, collided with Ye's immortal origin art attack, and erupted with an earth-shattering roar, inspiring a mighty vigor, and madly rolling in all directions.

In the end, both Ye Immortal and Gu Changfeng trembled and took a few steps back.

have equal shares!

"It's amazing, it's the origin technique. Senior Gu Changfeng is actually enough to perform the origin technique!"

Lu Ming's eyes lit up suddenly.

With his current eyesight, it is natural to see that what Gu Changfeng had just performed was the origin technique.

Before Gu Changfeng, he couldn't use the origin technique.

He had consulted Gu Changfeng before and discussed with Gu Changfeng the secrets of the cultivation of Taboo Power. He still knew quite a bit about Gu Changfeng's cultivation.

Gu Changfeng was shocked and beautiful, but at the peak of God Lord, he had a vague framework for Yuan Shu, and he touched the outline of Yuan Shu.

But it's just touching the outline, there is still a long distance from the real comprehension, not to mention the use of the source technique at the peak of the god.

But how long has passed now, Gu Changfeng has not only realized his comprehension, but can also display it.

Did Gu Changfeng comprehend it under the four statues?

Lu Ming suddenly thought of the four statues.

Lu Ming was able to comprehend the 3000th great ancient mystery under the four statues. With Gu Changfeng's talent, it was normal to comprehend the origin art.

When Gu Changfeng didn't know the source technique before, his combat power was equivalent to that of the Emperor Guangqian. Now he understands the source technique. After using the source technique, it is not impossible to push his combat power to the level of the invincible divine master.

Ye is immortal, it also depends on the source technique to have this level of combat power.

I have to say that Gu Changfeng's talent is very terrifying, even in the forbidden body of the past, it can be ranked in the forefront.

If he could break through his origin in the future, his future achievements would probably not be much worse than that of the Flying Phoenix, the Lord of the Soul Heavenly Court, and the Lord of the Ancient God Court.

In fact, there are very few people in history who can perform Origin Art at the peak of God Lord.

Ye Immortal is Tley, he is the reincarnation of the strongest ancestor in the history of the Celestial Race, and he has too much experience.

Not a reincarnated person, there are not many people in history who can perform Origin Art in the Divine Master Realm.

At least in this era, there are really few people.

Even if it is Yuan Wu Ji, Yuan Liu Ji, Ghost Sha King, Hades King and others, although they all have the power of the invincible God Lord, they will not use the Origin Art, relying on their talents and other powers.

For example, the Yuan Wu Ji and Yuan Liu Ji rely on the "Red Burning Fairy Light" and "Black Moon Fairy Light" to push their combat power to the level of the invincible divine master.

The Ghost Sha King and the Underworld King rely on the extremely terrifying Yin Sha Qi, combined with the unique secret technique of the Yin Sha clan, to have the invincible power of the god.

Lu Ming, naturally, relied on the power of taboo, with nine times the power of the Zhanzi Jue, three thousand ancient secret techniques, and two secret techniques he created.

"Why can both you and that bone perform the Origin Art? What did you get?"

Ye Immortal growled low, revealing an incredible color, and he was puzzled.

The bones he was talking about naturally meant bone demon.

He was already surprised that the bone demon was able to cast the origin spell before.

Now, Gu Changfeng can also perform.

He and Gu Changfeng have fought against each other more than once, and he knows Gu Changfeng very well, and Gu Changfeng would never use the origin technique before.

And now, it can be performed all of a sudden, it is definitely a chance against the sky, and this chance is definitely in this purple sky cave.

His heart is extremely hot, and he also wants to take this opportunity for himself.

He didn't think of this opportunity to the four statues.

In fact, Ye Immortal had seen those four statues.

After Lu Ming left, every mountain peak and every area of that energy line was rummaged by Ye Immortal, and naturally there were four more statues.

Even if the mountain collapsed, the four statues were still immortal, so he was very curious and had observed it carefully, but there was no reaction at all. It was like four ordinary statues, and he couldn't take it with him.

Not only him, but the creatures in the forbidden area have seen the four statues, and there is no response.

"Do you think that you can use the Origin Technique? Haoyue Changfeng Fist!"

Gu Changfeng sneered, and continued to shoot, and quickly confronted Ye Immortal, full of energy.

When Gu Changfeng and Ye Immortal fought, King Ghost Sha and King Hades also shot.

Among them, King Hades rushed to Zixuan, while King Ghosts attacked Lu Ming, trying to kill Lu Ming with Yuan Wu Ji Yuan and Liu Ji.

"Absolute Magic Wall!"

Zixuan drank softly, her pair of demon wings showed a strong demon energy, the runes on them glowed, the demon wings incite, and the runes and demon energy flashed.

The next moment, in front of King Ghost and King Hades, a magic wall appeared out of thin air.

"broken!"

"Break it to me!"

The Ghost King and the Underworld King yelled and launched terrible attacks, bombarding the two demon walls.

boom! boom!

The magic wall vibrated violently, cracks appeared on it, and finally collapsed, but King Ghost and King Hades were also blocked.

"It's the pair of wings..."

The eyes of King Guisha and King Hades couldn't help looking at Zixuan's wings.

Zixuan's pair of wings was absolutely amazing, and it was able to condense two magic walls, possessing amazing defense power.

[Send red envelope] Reading benefits are here! You have up to 888 cash red envelopes to be drawn! Follow the weixin public account [Book Friends Base Camp] to draw red envelopes!

You know, Zixuan, but blocked the attack of two invincible divine masters, this kind of defensive power can be said to be rare in the world.

Ye Immortal, the three masters of Ghost Sha King and Hades King were blocked, and Lu Ming faced only Yuan Wu Ji and Yuan Liu Ji. It was much easier to deal with.

Lu Ming first played a prehistoric style, condensing a continent, and the continent rushed towards the Yuan Wu Ji and Yuan Liu Ji.

Then his figure rushed to Gu Changfeng and Zi Xuan like lightning, intending to join them.

boom!

The continent where Lu Ming condensed naturally couldn't stop Yuan Wuji and Yuan Liuji from joining forces. The continent was blasted to pieces by the two, and the remaining attacks of the two rushed towards Lu Ming.

However, after being blocked by the "Precious Continent", the attacking power of the two people still dropped a lot. Lu Ming waved the God of War spear to resist, and retreated. Finally, he successfully retreated to Gu Changfeng and Zixuan and gathered with the two.

Swah swah...

Ye Immortal, Yuan Wu Ji, Yuan Liu Ji, the five masters of Ghost Sha King and Hades King, surrounded the three of Lu Ming in the middle.

The faces of the five were a little gloomy.

Five against three is a bit difficult to handle. It is natural to win, but it is difficult to stop.

"Zi Xuan of the demon clan, I know you. I didn't expect you to be able to fuse the blood crystals of the demon ancestors and reach the peak of the **** master in one fell swoop. It is really a chance for you to do what your ancestors did not do."

Ye Immortal did not make the first move, but looked at Zi Xuan, a little surprised.

He deserves to be an old monster who has lived for endless years, the first ancestor of the Celestial Race, with extraordinary eyesight, and at a glance, he can see that Zixuan is a fusion of the blood crystal of the demon ancestor.

Chapter 4918: Shocking secret

However, in fact, it is not difficult to see that there is some understanding of the Demon Ancestor Blood Crystal.

Because Zixuan had just merged with the Demon Ancestor Blood Crystal, it was a preliminary fusion and could not be well controlled. The breath of Demon Ancestor Blood Crystal overflowed from her body.

"I have merged the blood crystal of the Demon Ancestor, and will become your enemy, are you disappointed?"

Zi Xuan said coldly, with strong confidence in her eyes.

In the past, Ye Immortal was an invincible enemy in her eyes, unattainable and too far away.

But now, in the eyes of Zixuan, Ye Immortal is no longer invincible, no longer unattainable, but a figure of her level.

Even in time, she could not put Ya Immortal in her eyes.

Incorporating the blood crystal of the Demon Ancestor, it can be said that the potential is endless.

The blood crystal of the Demon Ancestor, as a family of demons, is undoubtedly the supreme treasure, it is too mysterious and contains vast and infinite energy.

She only succeeded in the initial integration, so she let her cultivation level soar to the peak of the **** master in one fell swoop, directly ignoring the level of the nine-fold to the peak of the **** master.

"Disappointed? Hahaha, how can I be disappointed, I should be happy because we have a common enemy."

Ye Immortal laughed.

"Common enemy? Are you talking about these forbidden creatures?"

Zixuan's gaze swept away from the four masters including King Ghost.

The Ghost King, the Underworld King, Yuan Wuji and Yuan Liuji four people also have some doubts, and don't know what Ye Immortal wants to do.

But they didn't do it, because Ye Immortal gave them a sound transmission before, so they didn't rush to do it, just surround the three of Lu Ming. He had a plan to cause the three of Lu Ming to riot.

"No, our common enemy is them, Lu Ming and Gu Changfeng!"

Ye Immortal pointed at Lu Ming.

"ridiculous!"

Zi Xuan sneered, showing a hint of sarcasm.

This is to provoke them, and it is too low-level.

"You still don't know the details of Lu Ming, you don't know the origin of Taboo Power, if you know it, it won't be ridiculous."

"Do you know why Taboo Body is born with my Celestial Race as a mortal enemy?"

Ye immortal road.

"why?"

Zi Xuan asked involuntarily.

Not only him, but Gu Changfeng and Lu Ming also showed curiosity.

They also want to know why the Taboo Body and the Celestial Race are mortal enemies and never die.

It has been rumored in the universe that the forbidden body and the Celestial Race are mortal enemies, and there can only be one side of the two parties, which cannot be eased. Therefore, in history, all the forbidden bodies have fought fierce battles with the Celestial Race.

The lord of the life soul heaven, the lord of the ancient gods, the forbidden sword ancestor, the immeasurable demon, what is it.

However, not many people have made it clear why.

"Because the power of taboo is actually the power of the universe, the force that this universe was born to protect itself."

"As the leader of the demon royal family, you should be very clear that your demons, and our Celestial Race, are actually not creatures of this universe. We are in this universe and will be suppressed by this universe."

"And the stronger the power of the universe, that is, the stronger the taboo, the stronger this universe will suppress us, otherwise, the weaker it will be."

"Therefore, if we want to develop, we must get rid of the taboo body. Otherwise, the taboo body will become stronger and stronger, and the suppression of us will become weaker and weaker. When we practice, it will become more and more difficult and we want to break through the realm. , It will become more and more difficult, especially in the original state, the force of suppression will be stronger, and our combat power will be greatly reduced."

"So you said, Lu Ming and Gu Changfeng, are they our common enemies?"

Ye Immortal explained.

what?

Ye Immortal's words, like thunder, exploded in Lu Ming's heart.

The forbidden body is the power of the universe, he first heard of it.

Also, what does it mean that celestial races and demons are not creatures in this universe?

Could there be other universes other than this universe?

"The power of taboo is actually the power of the universe, how is this possible?"

Zi Xuan muttered to herself, her face uncertain and shocked.

Seeing Zixuan's expression, Lu Ming was sure that at least part of what Ye Immortal said was true, that the devil was really not a creature in this universe.

At the same time, Lu Ming turned countless thoughts in his mind and thought of more.

The talent of the celestial race is extremely high, surpassing other races in the universe. In the first battle of the same level, the celestial race is almost invincible.

Of course it refers to the races before the universe, except for the forbidden creatures.

But after arriving at the Origin Realm, the origin of the Celestial Race, the combat power will be stretched, and the battle at the same level seems to be inferior to other races in the universe.

The origin of the Celestial Extinguishing Army has fought against the origin of the Celestial Race more than once, this is very clear.

Lu Ming had never understood before, but now he understands.

If what Ye Immortal said is true, then everything will make sense. The Celestial Race is not a creature in this universe, and is suppressed by this universe.

"It turns out that this girl is not a person in this universe, but she is on the same line as us, little girl, let's take action with us, destroy these two taboo bodies, lest they grow up and form a greater suppression on us. "

Yuan Wu Ji Dao.

No money to read novels? Give you cash or points, and receive it within 1 day! Follow the public-public-number 【Book Friends Base Camp】 , get it for free!

The pupils of Lu Ming and Gu Changfeng shrank slightly.

What do you mean?

Listening to the five poles of the Yuan, is it possible that the Yuanguang clan, even the Yinsha clan, and the Cangming clan are not creatures of this universe?

But didn't the creatures in the forbidden land exist in the prehistoric continent of the last era?

How come you have become a creature that is not in this universe?

How many secrets are hidden in this universe?

"I don't believe it, you are just trying to provoke discord!"

Zi Xuan shook her head.

"Zixuan, what I said, every sentence is true, if it is false, I will never be detached from it, and I will never be able to prove the way of immortality!"

"You'd better think clearly, letting them grow up is not your business alone. It will be a disaster for your demons. In the future, your demons will be suppressed more and more, and cultivation will become more and more difficult. Sooner or later, they will be destroyed.

Ye immortal road.

Lu Ming and Gu Changfeng looked at each other, and the two quietly took a step back, moved a little away from Zixuan, and prepared for defense.

If what Ye Immortal said is true, then they and Zixuan are indeed enemies.

And Zixuan's face showed a struggling color, and he had obviously believed it.

Yeah, the words of immortality, although not an oath, are more convincing.

If you swear by the origin of life, it is even more unbelievable.

Iye's immortal strength, even if he didn't reach the original state, I am afraid he could resist the backlash of the life original oath.

Ye Immortal did not swear by the origin of life, but only said, 'Eternal life cannot be detached, and can never be attained.'

In this case, most people dare not say.

Although it is not an oath, it is better than an oath.

Because in the dark, there is self-sensing.

Especially related to detachment and immortality, if you say this, it is likely to be fulfilled.

People with aspirations generally dare not say that.

Chapter 4919: Clear grievances

This is true in all likelihood.

Seeing Zi Xuan's face, Ye Immortal's mouth was filled with a smile.

As long as Zixuan takes the shot together, no, not even Zixuan takes the shot. As long as Zixuan is on the sidelines, the five of them will have enough confidence to take Lu Ming and Gu Changfeng down.

"Senior Gu Changfeng, prepare to break through!"

Lu Ming gave Gu Changfeng a voice, intending to break through from one side when Zixuan was still tangled.

Although the probability is not high, you always have to fight for it. It is really impossible. It will not be too late to enter the prehistoric ring.

"Lu Ming, Gu Changfeng, break through to Ye Immortal, let's take action together."

At this moment, the voice of Zi Xuan rang in Lu Ming and Gu Changfeng's ears.

Lu Ming and Gu Changfeng's faces were silent, but they were taken aback.

Didn't Zi Xuan believe in the words of immortality?

"Lu Ming, no matter what, you have saved me and the demons. I, Zixuan, have a clear grievance. This time, I will help you no matter what. I will talk about the future."

Zi Xuan's voice continued to ring in their ears, but her expression was still a struggle and tangled expression.

Obviously, this expression of Zi Xuan is a pretense, it is used to confuse Ye Immortal and others.

"Okay, rush towards Ye Immortal."

Lu Ming responded.

He knows Zixuan's behavior very well, if he said that, he would not cheat him.

Ye Immortal, Yuan Wu Ji, Yuan Liu Ji, Ghost Sha King, Hades King, although no one surrounds Lu Ming and the others, but their positions are very interesting.

Yuan Wu Ji and Yuan Liu Ji are closer, and King Ghost and King Hades are closer.

And Ye Immortal, there is a certain distance from the other four people.

It can be seen that Ye Immortal is also guarding the Ghost King, Yuan Wuji and others.

Their cooperation is not monolithic.

Rushing in other directions, you may have to face two masters, and rushing in the direction of Ye Immortal, as long as you face Ye Immortal.

"Flush!"

The next moment, Lu Ming and the three moved, and they were like lightning, rushing towards Ye Immortal.

"Dare to lie to me and stop them!"

After all, Ye Immortal is an old guy who has lived for a long time, and his response is amazing. As soon as Lu Ming and the others moved, he knew that Zixuan's previous expressions were pretending to confuse them, and he would still join forces with Lu Ming.

Jianguang slashed, and Ye Immortal directly used the Origin Technique, and a round of stars appeared and pressed against the three of Lu Ming.

"Red Burning Fairy Light!"

"Black Moon Fairy Light!"

.....

Yuan Wu Ji, Yuan Liu Ji, King Ghost and King Hades also moved, each played a unique trick and killed the three of Lu Ming.

"Haoyue Changfeng Fist!"

Gu Changfeng shook his fist, the void exploded, and his fist burst out, like a mountain and a sea, sweeping the immortality.

"Absolute Magic Wall!"

Zixuan's pair of demon wings glowed, and the runes were permeated, forming a demon wall in front of King Ghost and King Hades.

There is only one pair of Devil Wings, so this kind of magic wall, Zixuan can only condense two pieces at a time.

This Absolute Demon Wall is a secret technique that Zixuan fuses with the blood crystal of the Demon Ancestor to evolve a pair of ancient Demon Wings. It is extremely powerful. Although it is not a source technique, it is comparable to the source technique.

At the same time, Lu Ming played both the prehistoric style and the world-breaking style.

The prehistoric style condensed a continent and smashed into the Yuan Wu Ji and Yuan Liu Ji, and he himself, united with the God of War Spear, displayed the Heaven Breaking Style, turned into a bright spear light, and pierced Ye Immortal.

This means that Lu Ming and Gu Changfeng jointly launched an attack on Ye Immortal.

Lu Ming and Gu Changfeng attacked with all their strength, and their attacks alone were not weaker than Ye Immortal. Together, the two of them defeated Ye Immortal's Origin Technique, and their violent power continued to surge towards Ye Immortal.

Ye Immortal's body shook wildly, and he couldn't help retreating violently.

Huh! Huh! Huh!

Lu Ming, Gu Changfeng and Zi Xuan all rushed out of the encirclement like three bolts of lightning.

The Ghost King and the Underworld King were blocked by the Absolute Demon Wall, and Yuan Wuji and Yuan Liuji, even though they defeated Lu Ming's wild style, were still a step slower.

"kill!"

Lu Ming shouted, and the God of War spear swept out at Ye Immortal.

They rushed out of the encirclement, but the direction they rushed out was the same direction that Ye Immortal retreated. The distance between them was very close, and Lu Ming would naturally not let go of this opportunity.

If he could, he immediately wanted to kill Ye Immortal.

Ye is immortal. He has a strong talent, extraordinary mind, and unlimited potential. He is much more dangerous than Ye Qiuxian. If you can get rid of it sooner, get rid of it sooner.

boom!

Gu Changfeng would also make a move, punching out.

Facing the siege of the two masters, Ye Immortal could not completely block it. He barely blocked Gu Changfeng's attack, but he did not block Lu Ming's attack.

With a bang, the God of War spear hit Ye Immortal.

Ye's immortal body flew out like a cannonball.

However, he was wearing a top-level source-level magic weapon armor, it was impossible to be killed just like that, but he suffered a lot of trauma and vomited blood.

"No, Lu Ming and the others are going to run, take action!"

On a distant mountain peak, Prince Cangluo's expression changed.

He didn't take action. Originally, he wanted to sit on the mountain and watch the tiger fight and let Lu Ming and other people fight to death. He originally thought that Lu Ming was dead, so he didn't take it.

They don't want to watch Lu Ming run away.

Now as soon as Lu Ming rushed out of the encirclement, he was about to flee, and they suddenly couldn't sit still.

Prince Cangluo and the other prince turned into two rainbow lights and rushed towards Lu Ming and the others.

"Lu Ming, I can only help you get here. Next, I will rely on you."

Princess Cangxian whispered, the light and shadow flashed, she had already lost her trace.

"There are two more masters here, from the Cangming clan..."

Lu Ming's expression changed.

He originally wanted to continue to attack Ye Immortal, and wanted to seize this opportunity to get rid of him.

But there is no time.

Yuan Wuji, Yuan Liuji, Ghost Sha King, and Hades King are killing them with all their strength, plus the two masters of the Cangming clan, once they are surrounded by them again, they really can't get away.

Not to mention, the three forbidden creatures, there are many terrible joint attack formations.

The previous joint attack formations were far away, and they felt that so many Invincible Divine Masters were more than enough to deal with Lu Ming, so they did not come in time.

At this moment, he came with all his strength, without the slightest delay.

"go!"

The three of Lu Ming didn't continue to attack Ye Immortal, just like three bolts of lightning, rushing towards the distance.

"chase!"

"Don't want to go!"

At the Yuan Wuji, the Ghost Sha King roared and hurriedly chased Lu Ming and the others.

Yuanguang clan and Yinsha clan are good at speed, and the four of them are amazingly fast, slowly getting closer to Lu Ming and the others.

In fact, Lu Ming's speed was not slow, but Zixuan's speed was even faster. A pair of ancient Demon Wings was instigated, swiftly a little bit faster than Lu Ming's.

However, Gu Changfeng's speed was slightly slower, so the distance between them and Yuan Wuji and others was getting closer.

Chapter 4920: Part ways

"Senior Gu Changfeng, you first enter my prey."

Lu Ming gave Gu Changfeng a voice message, then opened the Precious Ring, letting Gu Changfeng enter the Precious Ring.

After Gu Changfeng entered the Prestige Ring, Lu Ming and Zixuan could fly at full strength, and the speed of the two increased sharply, not at all slower than Yuan Wu Ji, Yuan Liu Ji and others.

As for the two masters of the Cangming clan, as well as those combined strikes, they couldn't keep up. It didn't take long before they were left behind until they were completely invisible.

There are only Yuan Wu Ji and Yuan Liu Ji, King Ghost and King Hades, who are still closely following Lu Ming and Zi Xuan.

Their speed was too fast, and after a while, they flew out of the island and came to the sea.

Now, the sky in Zixiao Cave has been devastated, the earth is cracked, the sea is inverted, and the waves are violent.

"hateful..."

Yuan Wuji, King Guisha and the others roared with anger, but they couldn't catch up with Lu Ming and others. At this time, they didn't want to chase them.

Continue to chase, it may not be able to catch up.

Besides, there are only four of them now, and Lu Ming and three of them, even if they catch up, can Lu Ming and the others be helped?

Rather than wasting time, it is better to go back and plunder resources.

After all, the most important goal of the three forbidden land creature races is to plunder resources and let more tribes wake up.

"Forget it, let them go this time."

Yuan Wuji stopped immediately.

As soon as the Yuan Wuji stopped, Yuan Liuji, King Guisha and King Underworld also stopped one after another, watching Lu Ming and Zixuan disappear before their eyes.

They had no choice but to return. When they met Prince Cangluo who had hurried over, they naturally questioned why they didn't make a move before.

The two Prince Cang Luo naturally found an excuse to stop them.

Lu Ming and Zixuan got rid of Yuan Wuji and others' tracking, stopped on a piece of sea, waved, Gu Changfeng's person appeared from the prey.

"This time, thank you both for helping me!"

Lu Ming clasped his fists to thank you.

"Lu Ming, you don't have to say thank you. I saved the demons and repayed you with gratitude. I will pay you back. From now on, we will not owe each other."

Zi Xuan said, the look in Lu Ming's eyes was very complicated.

"Girl Zixuan, are we really going to be enemies?"

Lu Ming frowned slightly.

"If it's me personally, I don't care, but I can't care about the destiny of the demons, otherwise, I can't explain to them."

Zi Xuan sighed.

Lu Ming is a taboo body, and the power he controls is the power of the universe. The more powerful, the stronger the suppression of the demons. The cultivation of the demons will become more and more difficult, and it will be difficult to break through.

If this continues, sooner or later, we will die.

If this matter was known to other demons, even if Lu Ming had helped the demons, he would be hostile.

After all, this is not about personal grievances, but about the survival of the race.

Lu Ming could understand Zixuan's thoughts. What's more, Zixuan was now fused with the blood crystal of the Demon Ancestor, which represented the hope of the demon clan.

"I can only try my best not to be an enemy of you, but no one can predict what the future will look like. There will be a period of time, goodbye!"

Zixuan clasped his fists and the Demon Wings were far away.

"Lu Ming, just now is a good time to get rid of Zixuan. After all, she has merged the blood crystal of the Demon Ancestor and has endless potential. I am afraid that it will be our enemy in the future."

Gu Changfeng spoke.

"Senior Gu, as soon as Zi Xuan helped me, she asked me to take action against her. I absolutely can't do this. I won't mention this thing again in the future."

Lu Ming said solemnly, his face a little unhappy.

He has his principles of life.

Although he and Zixuan were not friends, they were not enemies before.

Besides, Zixuan had just taken a shot to help him out of danger, how could he immediately turn his face and shot her?

Even if you are an enemy in the future, you will see you on the battlefield.

"Hahaha, Lu Ming, don't be angry, I'm just trying you. You have a good temperament. You have a clear grudge and an appetite for me."

Gu Changfeng smiled boldly and patted Lu Ming on the shoulder.

"Could it be that the Heaven Extinguishing Army is destined to be an enemy of the devil?"

Lu Ming sighed in his heart and couldn't help but think of the future that Tang Feng, the forbidden sword ancestor, once saw.

Tang Feng once saw that in the future, the Heaven Extinguishing Army would have a war with the devil.

At the beginning, the demon was controlled by the Celestial Clan with the Demon Ancestor Insect to besiege and destroy the constituency of the Celestial Army. At that time, Lu Ming thought that that was the corner of the future that Tang Feng saw.

But later, Lu Ming sneaked into the dark universe, helped the demons obtain the Demon Ancestor Blood Crystal, eliminated the Demon Ancestor Insects, and fought against the Celestial Race, destroying the Celestial Army and the demons, forming an alliance.

Lu Ming thought that the corner of the future that Tang Feng saw was wrong, or that he didn't see so far.

Now it seems that Tang Feng may have seen farther.

Destroying the heavenly army and demons, going around and around, will they eventually become enemies?

The union is also because of him, the division is also because of him, the world is really wonderful.

After all, Lu Ming was a person who had experienced strong winds and waves, and soon adjusted his mood.

"Senior Gu, how did you and Zixuan come here, and how did you find me?"

Lu Ming asked curiously.

Even if Gu Changfeng and Zixuan came to the Zixiao Immortal Country, how did they know his whereabouts?

Lu Ming didn't believe it would be such a coincidence. Gu Changfeng and Zixuan happened to encounter him being besieged by Ye Immortal and others.

"Also, at the beginning, Ye Immortal took out more than a dozen heads of those who destroyed the Heavenly Army. Have you met Ye Immortal? What about the others, how are they now?"

Before Gu Changfeng could answer, Lu Ming asked a few more questions.

Mainly, these questions have been held in his heart for a long time, and he couldn't help but ask them out of his head.

"Haha, look at you in a hurry, don't worry, most people are fine, let me elaborate..."

Gu Changfeng smiled, and talked about the experience of the next two years in detail.

It turned out that two years ago, the Heaven Exterminating Army and the demon hid near the Qi Vein with the four statues. After Lu Ming and the others left, they kept hiding there.

It went on for several months.

Shi and others estimated that the forbidden creatures on that vitality line should have left, so they sent someone out to investigate, but they did not expect it to attract immortality.

Ye Immortal killed hundreds of people and even killed the heavenly army and the demons. With Ye's immortal combat power, the heaven-killing army and the demons could not resist at all. Seeing that it continues, the whole army will be wiped out.

At the critical moment, Zixuan successfully merged with the Demon Ancestor Blood Crystal, and his combat power skyrocketed. With the help of the Demon Ancestor Blood Crystal, he repelled Ye Immortal.

Subsequently, the two parties quickly moved the hiding place.

After Ye Immortal was repulsed, he didn't know he was afraid of Zixuan's strength, and there was another important matter, and he soon left that vitality.

After a few months, almost no one had that vitality.

The Celestial Clan, the Yaxian Clan, and the creatures in the Forbidden Land are all gone.

The Heaven Exterminating Army and the demons successfully found the four statues, and according to Lu Ming and the others, they began to comprehend.
