Chapter 4921: How can you forget it?

Gu Changfeng continued to talk about their experience during this time.

The Heaven Exterminator and the Devil found the four statues and began to comprehend them. They listened to Lu Ming, Dan Dan and others who said how mysterious the statue was, and they naturally looked forward to it.

But after enlightenment, it was discovered that the devil could not enlighten.

To be precise, the demon was under the statue, and the statue did not react at all.

No matter what method they used, there was no response.

But the people who killed the Heavenly Army enlightened under the statue, but the statue reacted.

In the Exterminating Army, there are many races.

Human race, Tiandi race, Tianxin race, primitive gods and so on.

But no matter what race, the statue has a reaction, and it can get good luck under the statue.

They are puzzled and do not know why.

In the end, the devil voluntarily gave up, and the people who destroyed the heavenly army continued to enlighten.

For nearly two years, those who destroyed the heavenly army have all gained tremendous gains.

Those with a low cultivation base and poor talents have improved their secret skills by leaps and bounds, and their combat power has also been greatly improved.

Those who are extremely talented, the rewards are even greater.

Some people, not only their own secret technique has been greatly improved, their power has reached a new level, and even the outline of the source technique has been explored.

Don't look at just the outline, say it, I don't know how many people will go crazy with envy.

Once the outline of the source technique is explored, it means that half of the foot has stepped into the gate of the source technique. In the future, once you break through to the source state, it will be ten times easier to understand the source technique.

You should know that many of the existence of the origin realm have not comprehended the origin art, and are still struggling in the process of comprehending the origin art.

Of course, the outline of the source technique is not so comprehensible. Those who can comprehend the outline are all top-level characters. Lions, Tang swords, military forbidden, and dream **** masters are all extremely talented and have accumulated a long time at the peak of the gods. Time figures.

Especially Gu Changfeng, even more at one fell swoop to comprehend the Origin Art, so that his peak combat power soared. Once the Origin Art was used, it was comparable to the Invincible Divine Lord.

This enlightenment has greatly improved the overall strength of the Heaven Extinguishing Army, and the devil can only envy it.

But at this time, the entire Zixiao Cave Sky collapsed even more severely, and the sky broke and the earth cracked everywhere, a scene of apocalypse.

If this continues, it will be very dangerous, so destroy the heavenly army and the demons and arrange for some weaker ones to take the flying boat and leave the purple sky cave.

And some people with strong cultivation bases continue to stay in Zixiao Dongtian, looking for treasures.

At the same time, Gu Changfeng, Lion, Tang Jian, Rong Jin, and Zixuan, a group of five people, came towards the fairyland of Zixiao.

First, they wanted to try their luck in the Zixiao Immortal Country, and second, they wanted to see how Lu Ming and the others were doing.

However, they didn't rush to the Zixiao Immortal Country. Halfway through, they ran into Bubbles. Through Bubbles, they learned about the current situation of Zixiao's Immortal Country. Following Bubbles, they found Xie Nianqing, Qiuyue, and Dandan. Where they settled, through Dan Dan, they learned of the immortal battle between Lu Ming and Ye. Worried about Lu Ming's safety, Gu Changfeng and Zixuan hurried away.

Lu Ming knew everything behind.

"So, it turns out that Senior Gu and the others encountered Bubbles in the middle of the journey. It's no wonder that they can rush to me so quickly and find me accurately."

Before, Lu Ming was strange. Even if Paobao hurried back to find Gu Changfeng and the others, he wouldn't be so fast, because he ran into him halfway through.

At the same time, Lu Ming was relieved that the loss of the Heaven Extinguishing Army was not that great.

Although many people have been killed by Ye Immortal, some important people are still there.

"We go back to them, lest they worry."

Lu Ming said.

Immediately they returned with Gu Changfeng and met Xie Nianqing, Dan Dan and others.

Seeing Lu Ming coming back, Xie Nianqing and others were naturally overjoyed. When they heard about Zixuan, they all sighed.

Over the years, they have cooperated with the devil, as if they were already a force.

Only when the two parties work together can they gain a firm foothold in the ruins of the universe, and then part ways with the devil. The strength of both of them will be greatly reduced. The situation behind may be even more difficult.

It is necessary to obtain more resources in the Zixiao Cave, in order to increase the strength of the Heaven Extinguishing Army and prevent it from being wiped out by other forces.

Precious crystals, magic medicine, magic soldiers, all.

The most important thing is the carrier of the combined attack formation.

Only with the carrier of the combined attacking formation can the ordinary **** master give full play to the advantage in number and defeat the strong with the weak.

"Senior Lion, you are here just right, so you can set up a joint attack formation with Xiaoqing and Dandan..."

Lu Ming said.

The set of combined strikes in their hands, in perfect condition, needs twelve people to arrange.

After all, it's a set of twelve players' combined attack formation.

Adding Lu Ming before, there are only ten people, and it is simply difficult to display the true power of that combined attack.

They have always felt that the combination of strikes is no trivial matter.

Although it is only a twelve-player combined attack formation, the mystery is endless. Once it is performed perfectly, its power is definitely far higher than the other twelve-player combined attack formations.

But it was too wasteful for Lu Ming to set up the formation now.

Lu Ming himself already had the combat power of the invincible divine lord, and when he arranged a combined attack, he was overkill and couldn't give play to his own advantages.

The same is true for Gu Changfeng.

He used the source technique, and his combat power was comparable to the invincible divine master, but if he arranged a combined attack, casting the source technique would not increase the power of the formation, but would disrupt the balance of the formation.

In addition to them, Xie Nianqing, Qiu Yue, Ling Yuwei, Dan Dan, Pao Bao, Wan Shen, Tang Jun, Qiuqiu, and Bone Demon, a total of nine people.

With the addition of lion, Tang sword, and Rong ban, exactly twelve people can form a perfect combined attack formation.

Lion, Tang Jian, and Rong ban the three of them, naturally they would not refuse.

Although the lion has the power of the strongest Heavenly Sovereign, and Tang Jian and Rongban also have the power of the top-level Heavenly Sovereign, they are considered masters under their origin.

But in today's situation, facing the creatures in the forbidden area, this point of combat power is obviously not enough.

Only by arranging a combined attacking formation can you be qualified to compete with the strong of the forbidden creatures, and can play a role in the subsequent struggle.

In the Celestial Exterminator, there is actually another strong man who is comparable to the strongest heavenly monarch, and that is the 'tiger' who is as famous as the lion. At the time when the twenty strongest heavenly monarchs of the Celestial Race attacked the Exterminated Celestial army station, he had taken action .

However, the "Tiger" has been injured and has not healed. After the first battle, he continued to sleep and heal his injuries. This time, he did not enter the Zixiao Cave.

"Lu Ming, what about you, what plans do you have next?"

Dan Dan asked Lu Ming.

"The three forbidden land creatures and Ye Immortal joined forces to kill me. How can this be the case?"

Lu Ming grinned, revealing two rows of snow-white teeth, and his eyes were filled with cold murderous intent.

"Haha, I know you guys, don't forget it, tell me, what are you going to do?"

Dandan laughed.

Chapter 4922: Lu Ming's counterattack

"The purpose of the three forbidden races is to seize more resources and awaken more people. Therefore, they cannot always join hands. It is estimated that they will be separated soon. At that time, Senior Gu and I will take action to hunt them. The person who arranges the formation of a combined attack makes it impossible for him to deploy the formation."

Lu Ming said, after finishing speaking, he looked at Paobo again, and said, "Baobo, I want to trouble you to investigate the movements of the three forbidden races."

"No problem, leave it to me!"

The little bubble's chest slapped, and his figure shook and disappeared from the place.

But Dan Dan began to instruct the lion, Tang Jian, and Rong Ban to comprehend the joint attack formation.

Xie Nianqing, Qiuyue and others have long been familiar with the part of the formation on the carrier of the combined attack formation, and there is no need for comprehension.

Lion, Tang Jian, and Rongjin need to understand thoroughly the rune formations in their formation carriers before they can set up formations together with others to polish their tacit understanding and cooperation.

Time is hurried, ten days have passed.

Lion, Tang Jian, and Rong Jin had almost realized their understanding, and at this time, Bubble also returned.

"The three forbidden creatures joined forces at the beginning to look for Brother Lu Ming everywhere, but in the last two days, they separated, each occupying a Qi channel, and they sent masters to enter the Qi Channel. I think it should be entering the Qi Channel. Check it out."

Bubble Road, tell me what I have seen and heard these days.

The power of time and space controlled by the bubble, hiding in the dark to observe, the source is not available, other people can't find him at all.

Invincible Divine Lord, just a powerful combat power, spiritual sense or perception is definitely not comparable to the true origin.

"It seems that the three forbidden land creatures can't wait any longer and want to enter the Qi Vessel to grab treasures."

Lu Ming whispered.

In fact, recently, the divine light of Dongtian overflowed from the Qi pulse, and it was not very rich. Not to mention the invincible divine lord, the existence of the king emissary level before the light was enough to block it and enter the Qi pulse.

However, the various forces still did not dare to enter, mainly because they were afraid that there would be a cave in it.

The strength of the cave **** beast is too terrifying, and the invincible **** master can't hold it.

But now, the three forbidden creatures can't wait and send a small number of masters to explore the Qi Channel. If there is a God of Caverns, the loss is small, if not, they can enter the Qi Channel to grab resources.

"Lu Ming, do you want to do it?"

Gu Changfeng spoke, his eyes flashing with killing intent.

"Of course, Bubble, you take us."

Lu Ming said.

Those who want to hunt down the forbidden creatures silently and those who set up a combined attack formation still need the power of time and space of the bubble.

Lu Ming and Gu Changfeng alone might have been spotted by the other party before they got close.

Although doing so will delay the formation of Bubbles and others, there is no better choice.

It's just that there's only one less person from Bubble, which is actually okay. Bubble has already been familiar with this combined attacking method. As long as the other eleven players succeed in running in, the speed of running in will be very fast if the other eleven players are added in.

Immediately, the three set off, and the others continued to break in and fight together.

"Let's go to the place where Yuanguang Clan is located, which is the closest to us..."

Bubble Road.

Soon, they arrived.

The Yuanguang Clan occupies a Qi Channel with thousands of people, scattered around the Qi Channel, Yuan Wu Ji and Yuan Liu Ji, sitting on both sides, looking like electricity, scanning the surroundings.

"Lu Ming, did you know that those people set up a combined attack formation?"

Gu Changfeng asked.

"Roughly know."

[Book Friends Benefit] You can get cash or credits by reading books, and iPhone12 and Switch are waiting for you! Follow the vx public account [Book Friends Base Camp] to get it!

Lu Ming nodded.

Lu Ming probably didn't know those who arranged seven people, nine people, or twelve people to fight together.

But Lu Ming knew all those who had arranged twenty-one people or 18 people to fight together.

Before, when Lu Ming and Ye Immortal made a battle, the most terrifying formations of the three forbidden creatures appeared to encircle Lu Ming.

Lu Ming's memory was amazing. Just a glance, he remembered the appearance and the origin of life of those who set up the formation, and now it came in handy.

"Those, those..."

Lu Ming pointed out those Yuanguang clan who had deployed 21 or 18 combined attacks to Bao Bao and Gu Changfeng.

Then, they approached the Yuanguang Clan, they were enveloped by the power of time and space, and neither Yuan Wuji nor Yuan Liuji was found.

However, Bubble's cultivation base is limited after all. If they are too close to Yuan Wuji and Yuan Liuji, they will definitely find them.

But Lu Ming's goal is not Yuan Wu Ji and Yuan Liu Ji.

"Shoot!"

Lu Ming let out a low cry, and immediately shot out, the God of War spear suddenly pierced out. This was made by using the sky-breaking style. It was amazingly powerful and killed several Yuanguang clan masters.

At the same time, Gu Changfeng also shot, Haoyue Changfeng punched out, and the terrifying force of the fist rushed into the crowd of Yuanguang tribe.

"Lu Ming..."

"Be careful..."

As soon as Lu Ming and Gu Changfeng made their move, they were discovered by Yuan Wuji and Yuan Liuji. They roared and rushed towards Lu Ming and the others.

But it must be late.

Puff puff!

Three consecutive Yuanguang clan masters were pierced by the spear and completely killed.

The Volume of Taboo Force involves three war swords in the prey. These three war swords are the carrier of the 21-person combined attack.

Without these three swords, the opponent's twenty-one team attacking formation is equivalent to abolishing.

Gu Changfeng's fist was even more domineering. He bombarded and killed five people in an instant, and a dozen others were seriously injured.

Of course, not everyone is the person who arranges the combined attack formation, only three of them are, and the others are not.

The carrier of the trio's combined attack was also taken away by Gu Changfeng.

"Retreat!"

With a successful blow, Lu Ming and the others quickly retreated under the envelope of the power of time and space, causing the Yuan Wu Ji and Yuan Liu Ji's attacks to fail.

"It's the power of time and space, Lu Ming, you are looking for death!"

Yuan Wu roared extremely, like crazy. Thousands of beams burst out, piercing crazily, full of void, and the scene was amazing.

However, Lu Ming and the others avoided it easily, and did not confront Yuan Wuji head-on.

Lu Ming and Gu Changfeng are not afraid of Yuan Wu Ji and Yuan Liu Ji, but there is no need, because their fighting power is equal. Even if they do it, it is difficult to tell the winner in a short time, let alone kill each other. Entanglement, it is better to avoid.

Lu Ming's goal was not Yuan Wu Ji and Yuan Liu Ji, but other Yuan Guang Clan.

Swish...

Lu Ming and the others kept flickering, appeared in another direction, and then continued to shoot.

This time, Lu Ming played a prehistoric style, and a continent of about ten miles in radius formed, pushing down towards the suppression of the Yuanguang clan and launching an indiscriminate attack.

The prehistoric condensed like a real prehistoric continent, above the mainland, the rays of light, mountains, rivers and lakes are clearly visible, entraining the might of the world and suppressing it.

Suddenly, dozens of Yuanguang tribes were wiped out by the shock.

Chapter 4923: Almost crazy

Lu Ming killed dozens of Yuanguang Clan with a wild move. Although there were only a few people in it, it was equipped with a combination of 21 players or 18 players, but it was enough.

If you want to break the opponent's combined attack, just kill a few of them and **** the carrier of the combined attack.

When Lu Ming shot, Gu Changfeng also shot, and a Haoyue Changfeng fist also killed more than a dozen Yuanguang clan.

After blasting a move, the two quickly backed away.

"Lu Ming, if you have the ability to come out for a fight and sneak in, what's the ability?"

Yuan Liuji roared.

"Gather together, set up, set up..."

Yuan Wuji roared and appeared on the heads of other Yuanguang Clan to prevent Lu Ming and the others from attacking further.

Those Yuanguang races gathered together quickly, and those who could arrange a combined attack formation were quickly arranged.

Seven players, nine players, twelve players...

Even the 21-person team attack formation.

However, there was only one of the twenty players left.

Originally, in the Yuanguang Clan, there were four 21-person team attacking formations, but just now Lu Ming and the others attacked twice and forcibly killed three of the 21-person teaming formations. , Took away the carrier of the combined attack formation.

This is equivalent to the fact that the three-seat 21-person combined attack formation is abolished.

"Damn...damn..."

Yuan Wuji roared endlessly, his face distorted and shapeless.

Anger, it's really angry.

Can't wait for a crazy fight with Lu Ming.

However, the Quartet is empty and quiet, and there is no such thing as Lu Ming and the others.

Because at this moment, Lu Ming and the others have already left.

The other party has already made rigorous preparations, it is already difficult to sneak attack.

"They may have already left, and they have attacked the Yin Sha clan or Cangming Clan. Lu Ming is revenge for our previous siege. Should we inform the Yin Sha clan or Cangming Clan?"

Yuan Liuji Road.

Even so, they did not dare to relax at all, and were fully on guard.

"Why do you want to notify them? We have lost so much, we have lost a few 21 players, and the overall strength is no longer as good as the Yin Sha clan and Cangming clan, so they have to lose their losses..."

Yuan Wuji Dao, the eyes flashed with cold color.

In the final analysis, the three forbidden races are also competitive.

They have a hard time, and naturally they don't want others to have a hard time.

Lu Ming's second target was the Yin Sha clan.

The people of the Yin Sha clan also gathered around a vitality.

The Yin Sha clan and others are much more tightly guarded than the Yuanguang clan.

After all, the evil clan had already suffered a big loss in the hands of Lu Ming and Pao Bao last time, and King Guisha and King Underworld did not dare to be careless.

However, after all, Lu Ming and the others found a chance to take action, killing dozens of Yin Sha clan, defeating the opponent's several combined attack formations, and then quickly left.

According to the plan, the next step is to find the Cangming Clan.

But Lu Ming finally decided not to go.

Princess Cangxian of the Cangming clan has always helped him, and he still owes Princess Cangxian a condition.

In addition, the Cangming people did not take action the last time they besieged Lu Ming. Speaking of which, the celebration between the Cangming clan and Lu Ming was not so deep.

Lu Ming had a clear grudge, and didn't want to do it for now.

Of course, if the Cangming clan and the Yinsha clan Yuanguang clan were the same in the future, Lu Ming would definitely not be polite.

"Go, let's return to Yuanguang Clan..."

Lu Ming said.

This liquidation was just the beginning, and Lu Ming wouldn't let it go so easily.

The people of the Yuanguang clan are still fully guarded, and there is no time to take action, but they are not in a hurry, hiding in secret and waiting for the opportunity.

Time passed by day by day, and a few days later, Lu Ming and the others saw that a member of the Yuanguang clan came out in their energy veins.

I want to come, it is the person who enters the Qi Vessel to explore, it should be the powerhouse of the King of Light.

After they came out, they reported something to Yuan Wuji Yuan and Liuji. After listening, the two Yuan Wuji Yuan and Liuji showed joy.

"Isn't it possible that you didn't encounter a cave **** beast under your energy?"

Seeing the expressions of Yuan Wuji and Yuan Liuji, Lu Ming's heart moved.

Yuan Wuji and Yuan Liuji seemed to be discussing. After a period of time, there were more than a dozen figures moving below the Qi Channel, while the others continued to stay above the Qi Channel.

Yuan Wuji and Yuan Liuji didn't go down either. Obviously they didn't dare to go down. They wanted to stay on top to guard against Lu Ming and the others.

In a blink of an eye, and a few more days passed, the guards of the Yuanguang clan were still relaxed after all.

Lu Ming and the others have never reappeared, and the Yuanguang clan's combined attack formations cannot be arranged and operated all the time. Arranging the combined attack formations is very costly.

During this period of time, the Yuanguang clan's combined attack formations were arranged in a stream, but it was also tiring, and it consumed a lot of the energy and spirit of the people who arranged the formation.

As soon as they slackened, Lu Ming and the others immediately took action, launching a thunderous blow, and in a flash, they killed dozens of Yuanguang Clan.

This made Yuan Wuji Yuan and Liuji almost crazy, roaring in anger, and launching a crazy attack on the void.

But Lu Ming and the others quickly retreated, and went to the Yin Sha clan to find a chance, and another fierce attack, killing dozens of Yin Sha clan members.

The people of the two races were going crazy, and gathered together behind them, and didn't dare to relax.

Later, Lu Ming and the others waited for a few more days, and found that the Yin Sha clan, Yuanguang clan, and even Cangming clan had begun to join forces again.

They gathered on a vitality line, and did not know what consensus they had reached, they jointly sent people into a vitality line to mine resources, and the invincible divine master-level figures guarded it.

"Let's go back!"

Lu Ming said.

The three forbidden creatures teamed up, and there were only six people at the invincible divine master level. They had no chance to shoot at all. Once trapped, it would be very dangerous.

They went back.

"Baobu, did you not find any trace of immortality some time ago?"

Lu Ming asked on the way.

If you find Ye Immortal, now is a good opportunity to make a move. Together, he and Gu Changfeng may not be able to leave Ye Immortal.

Even if it doesn't work, it can hit him hard.

"No, this guy seems to have disappeared. I guess he is hiding somewhere."

Bubble Road.

"This guy is not easy to deal with."

Lu Ming sighed lightly, and he was not too disappointed. Naturally this person is not so easy to deal with.

Soon after, they returned, and Pao joined Dan Dan and others to run the formation together.

The twelve figures flashed, and a huge figure condensed out.

This figure was shrouded in pitch-black and hideous armor, with barbed thorns, sharp and cold.

A pitch-black halberd, full of brilliance, full of terror.

"The formation of twelve people is completely different, and it is much stronger than the formation of ten people. This set of combined attacks is really unusual..."

Lu Ming said inwardly.

Chapter 4924: Different from other taboos

The carrier of this combined attack was found under a small Qi vein.

The vitality is small, and there are no buildings on it. It can be seen that there was no one inhabited in the last era.

But under such a small air vein, there is a cave mansion, which is covered by a formation method, which is extremely secret. If it were not for the collapse of the Zixiao Cave, and Dan Dan's extremely keen feelings about the formation method, I am afraid it would not be found.

Lu Ming and the others got two things in this cave mansion. One is the twelve-person combined attack formation. The other is a book. Lu Ming and the others don't know the text. Epoch text.

However, when the "Lion" translated the scrolls before, Lu Ming showed the book to the lion by the way, and wanted the lion to translate the content.

However, Lu Ming was disappointed, and Lion did not recognize the words above.

Lion speculates that either the text above was extremely partial text from the previous era, or it was not from the previous era.

Lu Ming could only keep it, and then slowly explore the above content later.

He vaguely felt that this book was extraordinary.

The carrier of the combined attack that can be put together with this book, can it be average, the power is indeed amazing.

However, Lu Ming could see that the black armored warrior was not particularly solid. This was because the three of them, Tang Jian, and Rong Jin did not cooperate with the others in a particularly tacit understanding and needed to continue to work in.

The twelve people continued to run their formations together, leaving only Lu Ming and Gu Changfeng at a leisurely pace.

"By the way, Senior Gu, I would like to ask for some advice. After the forbidden body cultivation reaches the ninth level of the divine master, the condensed universe bridge will end at the universe sea, or continue to extend..."

Lu Ming began to ask about the Universe Bridge.

His cosmic bridge, also known as the Huangni Road, reached the Universe Sea, but it still stretched forward and was blocked by a barrier. He wanted to keep looking forward, but couldn't do it.

He had known for a long time that other practitioners were not like this.

However, he didn't know whether other taboos were like this. He wanted to ask Gu Changfeng for advice. At this time, he just had time, so he couldn't miss it.

"Will it continue to stretch forward? Strange..."

After hearing Lu Ming's explanation, Gu Changfeng was amazed.

"Isn't Senior?"

Lu Ming asked.

"No, my cosmic bridge is no different from other people. As far as I know, other taboo bodies are the same as me. I have never heard of your situation. Is it because the current taboo body has mutated? The reason why you have cultivated three thousand ancient secret techniques?"

[Reading books to receive cash] Follow vx public. Public account [Book Friends Base Camp], reading books can also receive cash!

Gu Changfeng whispered, also completely incomprehensible.

"Other taboo bodies are actually different from me. What is the difference between me and other taboo bodies? Is it really because I have realized three thousand ancient mysteries?"

Lu Ming kept turning his thoughts in his heart.

He faintly felt that it was not that simple.

His cosmic bridge was different when it was first condensed.

It was a yellow mud road. On the yellow mud road, there was a pool of blood stains. The blood stains also contained terrifying power. Two times at critical moments, his combat power soared.

At that time, he didn't comprehend the three thousand ancient secret techniques.

"I can only consult Senior Feihuang or Senior Tang Feng in the future."

Lu Ming thought, hiding in his heart the problems he couldn't figure out.

Next, Lu Ming asked Gu Changfeng for some questions about his practice.

Also a taboo body, Gu Changfeng's cultivation base had already reached the limit of the peak of the gods. If it hadn't been injured and slept all the time, the cultivation base would have broken through the origin.

Therefore, Gu Changfeng still has a lot of insights on how to break through the peak of the gods, and it has the effect of learning from Lu Ming.

It was another seven days in a hurry.

Xie Nianqing, Dan Dan, Lion and other twelve players' combined attacking method finally ran into a perfect state. Once displayed, a ferocious black armored warrior appeared, exuding a frightening atmosphere, just like the invincible warrior of the last era came back to life, even Lu Ming, feel a pressure.

Once started, combat power is definitely not trivial.

At this time, Lu Ming continued to let Bubbles out, exploring the movements of the creatures in the forbidden area.

Bubble left, but returned soon, bringing back the movement of the creatures in the forbidden area.

The Yin Sha clan, Yuanguang clan and Cangming clan are still working together, but they have already left the previous vitality and moved to an adjacent one.

But this time, King Ghost, King Hades, Yuan Wu Ji, Yuan Liu Ji, Prince Cang Luo and other invincible gods were not there.

Even the powerhouse of the Emperor Guangqian level is not there.

Almost all the masters who arranged the combined attack formation were there.

"The ghost king, Yuan Wuji and others are not there, have they all gone into the depths of the Qi vein to dig out the fairy crystals?"

Lu Ming's heart moved.

If this is the case, it is another opportunity to take action to solve those ordinary forbidden creatures and break the opponent's combined attack.

But is it really that simple?

Not long ago, the Yin Sha clan and Yuanguang clan had already suffered from Lu Ming's great loss. Only a few days later, these people had their scars and forgotten the pain.

Is there still a conspiracy?

"There are people outside."

Dan Dan suddenly spoke and looked to the north.

Lu Ming and others also looked over.

In the void in the north, a figure came in the air.

"It's him, Princess Cangxian..."

Lu Ming's heart moved.

This person is the Cangxian princess of the Cangming clan.

"It's a member of the Cangming clan. Her eyes seem to look at us. Did he spot us?"

Pantheon.

"Impossible. I set up a hidden formation. My hidden formation is silent and without any traces. Unless it is in the original state, I don't believe anyone can find it under the original state."

Dan Dan said that he was very confident about his formation.

But Dan Dan soon shut up, gaping, his eyes rounded.

Because Princess Cangxian stopped not far away, her eyes were clearly looking at them, with a smile on her face.

"Lu Ming, I know that there is a hidden formation here. You are within the formation. You don't need to hide, show up!"

Princess Cangxian spoke.

"What, he really found it."

Dan Dan is a little weird.

The faces of other people also changed.

Could it be that the three forbidden creatures have already been killed?

"It seems that it was really discovered. We will meet her when we go out."

Lu Ming said, since he was discovered, there is no need to continue hiding. Lu Ming and others stepped out, leaving the range of the hidden formation, and emerged in the void.

Princess Cangxian showed an expression of 'it really is so' on her face.

Xie Nianqing, Qiuyue, Dandan, Bone Demon, Lion and others, their eyes swept around, their spiritual consciousness spread out, and they were ready for battle.

"Don't worry, I am here alone, and no one else."

Princess Cangxian smiled.

Chapter 4925: You are dark night rose

"I want to know, how did you find this place?"

Lu Ming asked, his eyes narrowed slightly.

Although he and Princess Cangxian had already cooperated once, and the other party had also helped him, but he was still on guard against Princess Cangxian and always felt that Princess Cangxian was very mysterious.

If it is not mysterious, the other party is the princess of the Cangming clan. Why do you want to cooperate with Lu Ming? Why do you want to help Lu Ming?

According to Ye Immortal's statement, the three forbidden creatures are not creatures of the primordial universe, and Lu Ming is a forbidden body, controlling the universe. The stronger the cultivation base, the greater the suppression of them by the primordial universe.

As long as all the creatures in the forbidden area want to kill Lu Ming, how can they cooperate with Lu Ming and help Lu Ming?

Doubts are revealed everywhere.

Therefore, Lu Ming dare not take this woman lightly.

"Of course I found this place because of this little sister."

Princess Cangxian smiled at Bubbles.

"because I?"

Bubble was stunned.

"The power of time and space, although mysterious, between actions, silent and reversible, chaos time and space, unless the cultivation base is too much higher than you, otherwise it is difficult to find your trace, but it happens that my induction of any energy fluctuations Very keen, even the power of time and space is the same."

"Not long ago, you observed the creatures in the three forbidden areas. Others didn't find it, but I found out and followed in secret. Your figure disappeared here. Needless to say, there must be a hidden formation here."

Princess Cangxian explained with a smile, always so confident and so indifferent.

Her cultivation base was clearly only the nine-layered master, but when faced with so many masters like Lu Ming, she was not afraid at all.

"It's really not easy to find the time and space power of Bubbles. Fortunately, this woman and other forbidden creatures seem to be different, otherwise..."

Lu Ming thought to himself, a little afraid.

If this woman, like other creatures in the forbidden area, wanted to kill him and then hurry, it would be really dangerous.

Imagine that five or six invincible divine masters, with a group of powerhouses at the level of the light front king, plus a bunch of combined attack formations, suddenly appeared and surrounded them heavily. They were really bad luck.

Other people's faces were also a bit ugly, and they obviously had a point with Lu Ming.

"What do you mean by coming here today? Is it to mention that condition to me?"

Lu Ming asked.

Princess Cangxian shook her head and said: "No, I am here today to help you."

"Oh?"

"I believe you already know that the Yuanguang Clan, the Yin Sha Clan and the Cangming Clan have joined forces, and now, the strongest invincible divine master level figures are not there. In fact, this is a trap that tempts you to take action."

"Although the strongest people are not there, source-level formations have already been laid out around them. Once you make a move, you will fall into the source-level formations."

Princess Cangxian said.

"Source-level formation!"

The expressions of Lion, Qiuyue and others changed drastically.

Lu Ming's eyes narrowed slightly.

He already believed Princess Cangxian's words in his heart, because he originally felt that the behavior of the three forbidden creatures was abnormal.

If the source-level formation was laid and waited for him to get the bait, it would make sense.

"That's the first question, and then the second question. I want to remind you that the nine vitality lines here, the three forbidden creatures have all sent people to investigate, and there is no giant beast condensed by the divine light. , The three clans joined forces to search through the Qi veins one by one. While they were searching, Lu Ming could also take action to search for other Qi veins."

Princess Heaven said.

"Why are you telling me the second question?"

Lu Ming spoke, looking at Princess Cangxian, very puzzled.

If you tell him the first question, it's better to understand.

It's easy to explain. After all, Lu Ming promised to help Princess Cangxian once, and she hasn't helped Princess Cangxian. How could Princess Cangxian let Lu Ming be besieged and killed by Yuan Wu Ji, King Ghost and others.

But the second question is hard to explain.

Everyone knows that the three most forbidden creatures need all kinds of resources, immortal crystals and immortal stones, magic medicines of all levels...

And below the Qi, these resources are the most.

The three forbidden creatures, one by one, scoured the past, and in the end, each clan can be allocated the resources of three vitality, which is absolutely massive, and can make more forbidden creatures awaken.

This should be more beneficial to Princess Cangxian.

But I told Lu Ming and asked Lu Ming and the others to search for resources from other Qi Vessels. This was clearly fighting for resources with the three forbidden creatures. Why did Princess Cangxian do this? What good is this for Princess Cangxian?

"you guess?"

Princess Cangxian smiled, smiling like a little fox.

"Don't guess, because you are not from the Cangming clan at all."

A voice sounded, but it came from Xie Nianqing.

"Oh?"

Princess Cangxian's face did not change, she was still very calm.

However, other people looked at Xie Nianqing curiously, including Lu Ming.

Princess Cangxian, isn't the Cangming clan?

They had clearly seen before that Princess Cangxian stayed with other strong men of the Cangming clan. Could it be that other people pretended to be?

Xie Nianqing, how did you see it?

Xie Nianqing stared at Princess Cangxian with piercing eyes, and said, "Your camouflage technique is indeed very brilliant. Even the origin of life can be disguised. I am afraid that it is not easy to see the origin of life, but it is a pity for you. , I'm so familiar, Dark Night Rose..."

what?

Dark Night Rose?

This woman is Dark Night Rose?

Lu Ming was shocked.

How many years has it been?

Since the great chaos of the universe and the recovery of the ruins of the universe, Dark Night Qiangwei and Emperor Jian have disappeared, and there is no news.

Could it be that Princess Cangxian was really disguised by Dark Ye Qiangwei.

"You don't have to pretend. Although your appearance and the origin of life aura have changed, your expression, even your eyes, and some of your tiny habits can't be hidden from my eyes. I can be sure that you are Dark Night Rose. ."

Xie Nianqing said.

Since the appearance of Princess Cangtian, Xie Nianqing has not spoken, and has been observing Princess Cangxian secretly.

Because the first sight of Princess Cangxian, she felt a sense of familiarity.

"Gluck..."

Princess Cangxian laughed, and her smile trembled. In the process of her laughter, her appearance and the aura of her life began to change drastically.

In the end, it completely changed its appearance.

Although she was still a majestic and graceful country, she had no shadow of Princess Cangxian.

Dark Night Rose!

It's really Dark Night Rose!

"That's it..."

Lu Ming finally knew why Dark Night Qiangwei wanted to mention him, and why he wanted them to search for the resources in the Qi Vessel.

Because she is not Cangming at all.

Although the relationship between Lu Ming and Dark Night Qiangwei was not good, it was better than falling into the hands of creatures in the forbidden area.

The creatures in the forbidden area can be said to be the common enemy of all creatures in the prehistoric universe.

Chapter 4926: Enter the Qi Vessel

Princess Cangxian is Dark Night Qiangwei, so many questions can make sense.

The resources in the energy veins should fall into the hands of Lu Ming instead of falling into the hands of creatures in the forbidden area.

"I know, I can't hide from your eyes. I came this time and I didn't intend to continue to hide from you."

Dark Night Qiangwei smiled and looked at Lu Ming again: "Lu Ming, I helped you again. Remember, you still owe me a condition."

After speaking, Dark Night Qiangwei's figure quickly receded, and disappeared without a trace in an instant.

"This Dark Night Rose is really getting more and more mysterious."

Lu Ming whispered, feeling that he couldn't see through Dark Ye Qiangwei more and more.

When Dark Night Qiangwei met Xie Nianqing for the first time, she was obviously a little frightened and very jealous of Xie Nianqing.

But this time when she met Xie Nianqing, she didn't seem to be a little scared, but rather calm.

Moreover, this woman's cultivation level has actually reached the ninth level of the Divine Lord, and this improvement speed is not slower than those of them, which shows how amazing this woman's talent is.

The point is that this person can actually be mixed into the Cangming Clan and become the princess of the Cangming Clan, and the Cangming Clan has not discovered it at all, which is even more difficult.

It can be presumed that Dark Night Rose mostly used the identity of Princess Cangxian to enter the Zixiao Cave.

The true Princess Cangxian, most of them were attacked by Dark Night Qiangwei.

"Xiaoqing, what do you know about this Dark Night Rose?"

Lu Ming asked Xie Nianqing.

The others also looked at Xie Nianqing.

"Dark Night Rose is the unique sky-devouring rose flower in the universe. Of course, this name is also what she told me. When I first met her, she was still very weak, so I signed a contract with her. Nominally, she It's my pet."

"However, I have never regarded her as a pet, but as a sister. However, she has great ambitions and has always wanted to get rid of me and become a strong man who dominates the universe. However, she has not been successful."

"Later, sixty sidereal years ago, a war broke out with Tiangong. She and I both fell in that battle. Unexpectedly, they also reincarnated together."

Xie Nianqing said.

"Her specific origin, do you know?"

Lu Ming continued to ask.

"Yes, the sky-devouring rose flower, which is unique in the universe, always has parents. Could it be that it popped out of the stone, or like the bone demon, or the primitive god, it was nurtured by heaven and earth?"

Dan Dan followed.

Xie Nianqing shook her head and said; "I don't know, I asked her before, but she didn't know it."

"Do you feel that Dark Night Rose is a little different from before."

Lu Ming said.

"It's really different, but I can't tell."

Xie Nianqing frowned.

"Lu Ming, what terms did you promise her?"

Then, Xie Nianqing changed her voice and asked.

"In the Zixia Cave, help her do something."

Lu Ming said.

"We still have to **** her. She is changeable and scheming. She must be guarded."

Xie Nianqing said.

"Don't worry, I promised her that there are preconditions, and I won't put myself in complete danger."

Lu Ming smiled.

"Then what are we going to do next? To dig out the treasures in the Qi Vessel?"

Dan Dan said, speaking of treasures, his eyes shone.

There is also the ball with his eyes shining, and the two rows of teeth of this guy are already rattling.

"Of course we have to dig out those treasures. We can't make all the creatures in the forbidden area cheap, but before that, let's confirm that the creatures in the forbidden area are on which vitality..."

Lu Ming said.

After that, Lu Ming asked everyone else to enter the Prestige Ring, and he and Paobo headed towards the vitality where the creatures in the forbidden land were.

Sure enough, the creatures in the Forbidden Land had changed a vitality, and obviously the treasures in that vitality last time had been searched.

Yuan Wu Ji, Yuan Liu Ji, King Gui Sha and others were not there.

Only those ordinary forbidden creatures scattered around the Qi Vessel, making a look of guard.

Lu Ming released Dandan from the Precious Ring, and Dandan sensed it, and as expected, he sensed the terrifying formation fluctuations.

Dark Night Qiangwei was right, forbidden creatures, as expected, laid a source-level formation here, waiting for Lu Ming to take the bait.

"Let's go, go to the other side of the Qi..."

After that, Lu Ming and the others left, along the completely opposite direction of this vitality, to a vitality on the other side of the island.

"There is a monitoring formation around this Qi Vessel."

Dan Dan stood in the void and felt a bit.

"It seems that the creatures of the forbidden area are arranged here, as long as we appear, they will find out."

Xie Nianqing said.

"Dan, can you find out all the monitoring formations here, and then destroy them."

Lu Ming said.

"Of course it can, but once the forbidden area is broken, the creatures in the forbidden area will immediately feel it."

Dan Dan said.

"It doesn't matter, it's a big deal, let's change our vitality."

Lu Ming said.

"it is good!"

Once he nodded, he started to take action, and quickly found all the monitoring formations. Lu Ming and others took action to destroy all these monitoring formations.

Then he quickly left here and came to another vitality.

Around this vitality, the creatures in the forbidden area also set up a monitoring array. They replayed their old skills, found out by Dandan, and then broke them.

Then, he left and came to the third vitality.

This energy vein also has a monitoring formation arranged by creatures in the forbidden area.

It seems that the nine air veins around this island have all the creatures in the forbidden area set up a monitoring array. As long as other people appear, they will be inspired by the forbidden area.

Lu Ming and the others, destroying the past all the way, eliminated all the remaining monitoring formations around the Qi Channel.

And after it was broken, Dan Dan set up a monitoring array around these energy veins.

Then I randomly selected a Qi pulse and rushed in.

The monitoring formations surrounding the seven qi veins were all broken, and the forbidden creatures could not figure out which qi vein Lu Ming and the others would enter.

Even if Xing Shi moved the crowd, it was not so easy to find Lu Ming and the others.

Even if they are found, there is a monitoring formation arranged by Dandan around these Qi veins, which can detect the opponent in advance and they can get out of it in advance.

"In this vitality, most of the top-level source-level magical medicine, but you can't let it go away, I will make a formation first..."

Dan Dan said.

After entering the Qi Vessel, Dan Dan turned into a prototype and began to deploy arrays along the road.

His shell glowed, and endless runes flew out, sinking into the walls and the void.

That kind of top-level source-level magical medicine is too good at fleeing, too fast, and if one is not careful, it will escape.

Only by arranging the formation in advance can we be sure to take down the top source-level magical medicine.

All the way down, all the way to array.

After finishing the array in this direction, they moved to another direction to array.

Sharpening the knife and not cutting wood by mistake, compared with the value of the top source-level magic medicine, the trouble of these preparations is not worth mentioning.

After the formations were deployed in all directions, they landed at the bottom of the Qi Vessel.

Chapter 4928: A big chance

Dan Dan went to set up the formation, and Lu Ming and others continued to excavate the fairy stone veins.

Fortunately, the creatures behind the Forbidden Land did not come to this vitality.

After two, they successfully dug down the entire celestial vein.

Then left the Qi pulse.

"Sure enough, around the Qi Vessel, the forbidden creatures have placed a monitoring array to see if I break it."

Lu Ming and the others hovered over the Qi Vessels, their eyes scanned, the turtle shell glowed, and a large number of runes flew out, destroying the monitoring array around the Qi Vessel.

"Let's go, our whereabouts must have been discovered by the forbidden creatures."

Lu Ming said.

Since the creatures in the forbidden area have placed a monitoring array around the qi veins, they were discovered by the creatures in the forbidden area when they flew out of the qi veins.

Perhaps the masters of the three clans of Forbidden Land have already been killed, so it is not appropriate to stay for long.

Lu Ming and the others left here quickly and flew far before they stopped.

"The three clans in the forbidden area must have entered the fifth vitality. We have already excavated two, and there are two remaining. Do you want to go?"

Dan Dan asked, looking at Lu Ming and others.

"Go now, the chances of encountering the three clans of the forbidden area are too great."

Lion shook his head.

There are still two qi veins that have not been excavated, and around the qi veins, creatures in the forbidden area have placed monitoring formations. Even if they can get rid of these monitoring formations, the chance of encountering creatures in the forbidden area is still very high.

The three clans of the forbidden area have six invincible divine masters, as well as a large number of masters of the light front king envoy level. Once they are surrounded, they will be fierce.

"Forget it, wait for the ancient city in the middle!"

Lu Ming also shook his head, giving up to continue digging for vitality.

Their strength is still too weak.

If they have the strength not lower than the three clans of the Forbidden Land, why should they be afraid and directly compete with each other in an open and honest manner.

The others had no objection. They came to the center of the ancient city and found a relatively remote place, where Dandan set up a hidden formation.

They intend to wait here.

As the air veins collapsed and the resources inside were dug away, the ancient city could not absorb energy, and the power of the formation around the city wall became weaker and weaker.

I believe that it won't take long for the formation around the city wall to dissipate, and by then, I believe I can enter the ancient city.

This ancient city is likely to be the true core of the Zixiao Immortal Country, and the place where the "Xian" sits is definitely not trivial.

Magic weapon, magic medicine, immortal stone and crystal, combined attack formation carrier, various ancient books and Qi training techniques, etc...

The thought of this makes people feel hot.

In a blink of an eye, a few more days passed.

On this day, Lu Ming suddenly received a transmission from the sky, saying that there was something important to discuss with him.

"The sky, have you come here? I thought there was no one from the Yaxian clan."

Lu Ming whispered.

As the number of masters in the forbidden area increased, this island could be said to be masters like clouds, and the Yaxian clan gradually didn't look enough.

Because, among the Yaxian clan, there is no invincible master-level powerhouse, and it is difficult to compete with all forces. Lu Ming originally thought that the Yaxian clan had not come to this island.

Now it seems that the Yaxian clan is here, just hiding in the dark.

"People of the Yaxian tribe, Lu Ming, be careful of fraud!"

Xie Nianqing reminded.

They have not forgotten the previous engagement between Lu Ming and Ye Immortal, the tribe of Ye Immortal and Forbidden Land joined forces, and Lu Ming was almost in danger.

Who knows whether the sky will also join forces with the three clans of the Forbidden Land to pit Luming?

Don't fail!

It seemed that he was also afraid of Lu Ming's alert. At this time, another news came from the sky: Brother Lu, the heavenly human race and the forbidden land creatures are not creatures of this universe, and they are hostile to you. My subxian race is a creature born and bred in the wild universe. We are of the same origin. The stronger you are, the more beneficial to our race, how will it harm you?

It seemed that the three clans of Ye Immortal and Forbidden Land joined forces to kill Lu Ming, the sky already knew.

And Cang Qiong also knew the secret of the power of taboo.

This Asian immortal race knows so many secrets.

However, as Cang Qiong said, Cang Qiong did not have a reason to join forces with the creatures in the Forbidden Land.

But it was not unreasonable, Lu Ming responded to Cang Qiong, address Lu Mingding, and arranged a time and place to meet.

Afterwards, Lu Ming set off with Dan Dan and Bubbles.

Pay attention to the public account: book friends base camp, pay attention to send cash and coins!

Carrying Dandan is to prevent creatures from being trapped in the forbidden area again, and with bubbles, you can get out quickly.

Soon, Lu Ming arrived at his destination.

Dandan observed for a while, there was no formation fluctuations around, but they did not immediately show up, but continued to cover the whole body with the power of time and space, hiding and observing in the dark.

Soon after, a figure came like lightning, not the sky, but who could it be.

Only the sky came alone, no one else.

After confirming that there was no danger, Lu Ming appeared.

"Brother Lu..."

Seeing Lu Ming, the sky showed joy and clasped his fists.

"Brother Cang, you said there is something important, don't know what it is?"

Lu Ming asked straightaway.

"I have a great opportunity to share with Brother Lu."

The sky smiled.

"Have a chance to share with me?"

An inexplicable smile appeared at the corner of Lu Ming's mouth.

Is there really a big chance that Cang Qiong will share it with Lu Ming? Is he so kind?

Unless Cang Qiong couldn't figure it out by himself, he wanted Lu Ming.

The sky remained calm and said, "I don't know if Brother Lu has heard of Yuanshen Tea?"

"Yuan Shen Tea!"

Lu Ming's face suddenly changed.

"Yuan Shen tea, only exists and legend, is there really such a strange medicine in the world?"

Lu Ming asked involuntarily.

"The origins of legends are often true. It's just that the time interval is too long, or most people haven't seen them, so they become legends. Of course, Yuanshen tea is real, but it is too rare. However, not long ago, I found traces of Yuanshen Tea."

Sky Road.

"Really? Where?"

Lu Ming's eyes became a little fiery.

Origin God Tea, he has naturally heard about it, and it can make the existence of the ninefold divine master quickly break through and enter the peak of the divine master.

To reach the peak of the God Lord's Nine Layers, it was originally necessary to step by step and slowly accumulate the power of the origin. It is difficult to do it overnight. Even if Lu Ming has a clear understanding of the origin in the universe, the speed of understanding the origin is dozens or hundreds of times faster than ordinary people. It will take a long time to break through.

But Yuanshen Tea can directly go through this process in a short time.

Once he obtains the Origin God Tea, his cultivation quickly breaks through to the peak of the Divine Lord. Once his cultivation reaches the peak of the Divine Lord, who else is his opponent?

By then, in this purple sky cave, he will not be invincible?

Even if there are many masters in the forbidden area, he is not afraid. Wouldn't he ask for the treasures in the ancient city in the center?

Not only him, Xie Nianqing, Qiuyue and others can also reach the pinnacle of the gods if they get a lot of Yuanshen tea.

Chapter 4929: Immortal Legacy

Now, there are still nearly 8,500 years before the end of the Great Tribulation of the Origin.

As long as they break through to the peak of the Divine Lord, use these eight thousand years to consolidate and accumulate, plus the help of the top source-level magical medicine, when the source of the disaster is over, they may be able to formally attack the source.

Thinking of this, even with Lu Ming's heart, his heart could not help but speed up.

"On this island, in a dark red mountain range, but there are dead bodies living there."

Sky Road.

"It's that dark red mountain!"

Lu Ming's face changed.

Lu Ming naturally knew that there was only one dark red mountain range where Extreme Yin corpses lived.

On this island, there are a total of three dark red areas, all of which are inhabited by the deadly corpses, and are guarded by the golden-eyed corpses.

Two of them are plain areas, and only one is a mountain range.

Yuanshen Tea is actually in this area, which is a bit troublesome.

There are golden-eyed yin corpses sitting inside, and a large number of other absolute yin corpses. It is not easy to get Yuanshen tea in this area.

"In that area, there are the Golden Eye Yin Corpse. The Golden Eye Yin Corpse is known as the King of the Dead Yin Corpse. Its combat power is extremely terrifying. The Invincible God Lord may not be its

opponent, and in that area, I don't know how many dead Yin corpses are. Zombie King, it is not easy to get Yuanshen Tea, and it is very dangerous."

Lu Ming said.

"Actually, we don't have to fight with Jue Yin corpses. The golden-eyed corpses and silver-eyed corpses here have extremely high wisdom. Can they cooperate with them?"

Sky Road.

"Cooperate with Jue Yin Corpse? How could it be possible? Jue Yin Corpse can't wait to kill all the alien creatures that come here. How can they cooperate with us?"

Lu Ming asked back.

"Not necessarily, Brother Lu, do you know Jue Yin Corpse, why do you want to kill foreign creatures?"

Sky Road.

Lu Ming did not speak, waiting for Cang Qiong's answer.

"During this time, I sent people back to my clan, looked up more ancient books about Jue Yin Corpse, and got more information."

"Based on those information, I speculate that the reason why Jueyin Corpse wants to kill outsiders is probably because of the 'Legend of the Immortal'."

Sky Road.

"The legacy of the immortal?"

Lu Ming was puzzled and didn't understand what it meant.

"The legacy of the immortal is the essence of a certain part of the immortal body after the immortal sits, and it is a gem of the world."

Sky Road.

Lu Ming was stunned in shock.

The detached person is also called the immortal, how much that exists, anyway, it is hard for Lu Ming to imagine.

Anything that involves 'celestial' is no small matter.

Not to mention, it is the essence of a certain part of the fairy body, which is simply invaluable.

On this island, is there a 'Legend of the Immortal'?

"Recently found information shows that Jue Yin Corpse should have been produced by Jue Yin Clan, and Jue Yin Corpse, like the three most forbidden creatures, was actually a creature in the terrifying Forbidden Land in the last era."

"I guess that in the last epoch, the Zixiao Immortal Kingdom should have a terrifying battle with the Jueyin Clan, and there was definitely an immortal-level battle. You know, Zixiao Immortal Kingdom, but there are immortals sitting in town, if it weren't for the immortal-level battle, The Zixiao fairyland will not be destroyed."

"It is very likely that the two immortal-level powerhouses broke out in a shocking battle, and in the end both lost and wounded, and in the end both sat down, leaving behind the immortal legacy!"

"And the Absolute Yin corpse in Zixiao Dongtian was probably produced by the immortal-level expert of the Absolute Yin clan. Those three dark red earths are likely to be flowing with the blood of an immortal-level expert of the Absolute Yin clan."

Cang Qiong said all his speculations.

Lu Ming's heart was ups and downs.

Because he feels that Cangqiang's speculation is very reasonable and the logic makes perfect sense.

He remembered that when the Ghost King once fought with a golden eye corpse, he had mocked the golden eye corpse, it was just mixed blood.

In other words, the Absolute Yin Corpse of Zixiao Dongtian's predecessors were all from Zixiao Dongtian. Because of the strong immortal rank of Absolute Yin Clan, they turned into Absolute Yin Corpse. The bloodline is naturally impure, and they are not true Absolute Yin Clan.

In addition, both the Yuanguang clan and the Yin Sha clan are familiar with the weaknesses of Jue Yin Corpse, and even without the blue flame stone, it can easily defeat the Yin Corpse.

If it is said that the Jueyin clan are also forbidden creatures, then it makes sense and understands each other better.

All the clues came together, and the places that were not understood before suddenly became clear.

"I guess that in that ancient city is the place where the immortal-level powerhouses will fight, and the immortal legacy is also in it. The Absolute Yin corpse wants to get the immortal legacy of the ultimate-yin clan powerhouse, so it will naturally be driven away. Outsiders are afraid of outsiders robbing them of the immortal legacy."

"But now, the forbidden land creatures gather. There are many strong people, and their strength is completely above the deadly corpse. With the forbidden land creatures, it is very difficult for the deadly

corpse to get the immortal legacy. We only need to promise to help the deadly corpse and help them obtain the immortal. It's not difficult to cooperate with them."

Sky Road.

Lu Ming nodded, he admitted that what Cang Qiong said made sense.

The person who can command the Yaxian clan is really not easy, this person in the sky is extremely smart, and he is definitely not under him.

"When we get Yuanshen Tea, how do we divide it? You seem to have only brought one piece of news, but I have to work hard..."

Lu Ming said lightly.

"I don't want more, just a piece of Yuanshen tea."

Sky Road.

"Just one piece?"

Lu Ming was taken aback.

The sky's requirements are so low?

"One piece of Yuanshen tea is enough for me to break through the peak of the gods, and more is useless, but Yuanshen tea is not so easy to capture. My request is that no matter how many pieces of Yuanshen tea are obtained, at least one piece should be given to me, even if only if you get a piece of Yuanshen tea, give me a piece too."

"I don't want more, but I want at least one piece."

Cang Qiong repeatedly emphasized.

"can!"

Lu Ming agreed.

Even if the sky gets the Origin God Tea and his cultivation reaches the peak of God Lord, Lu Ming will not care.

With the talent of the sky, even if it breaks through to the peak of the god, the combat power is equivalent to the level of the king of light, and it cannot reach the level of the invincible god.

Not the Invincible Divine Lord, Lu Ming didn't take it so much anymore.

The two discussed for a while and agreed to act in half a day.

After Lu Ming, Dan Dan and Pao Bao returned, they discussed with others, and when they found out, they were also stunned in shock.

Finally, I deduced it again, felt that there was no problem, and set off together.

On the edge of the dark red mountain range, the sky is already waiting here.

In addition to the sky, there are dozens of Yaxian people.

To exchange good books, follow the vx public account. [Book Friends Base Camp]. Pay attention now and receive cash red envelopes!

Except for a powerhouse at the level of the Emperor Guangqian, everyone else should be able to arrange a combined attack.

"Yuan Shen Tea, should still be hidden in this mountain range, and has not left."

Sky Road.

In front, a huge mountain range sits on the ground, covering a very wide area, and a strong and cold atmosphere is constantly exuding.

"Baobu, you go first and check it out. If you find Yuanshen Tea, don't act rashly. Let us know first and wait for us to take action together."

Lu Ming spoke to Paobao.
