

D Emperor 4981

Chapter 4981: There are also people here

According to the Jiuyin Demon Spider with four spider legs, Lu Ming sorted out a timeline.

It should be Mulan and Huang Ling who entered the ancient starry sky road earlier, while the nine-yin demon spider clan with four spider legs entered the ancient starry sky road behind.

Because the Nine Yin Demon Spider said that he did not encounter Mulan and the Phoenix Spirit on the ancient road of the starry sky, the two should be staggered.

The thoughts in Lu Ming's mind flew for a while, then he looked at the Jiuyin Demon Spider in front of him, and said, "Say, why are you killing me?"

"Hmph, I know you are here to rescue, but we discovered the top source-level magical medicine first. Your human race is despicable and shameless. You intervened halfway through and seized the top-level source-level magical medicine. How can you tolerate you?"

"I'm telling you, I have just heard the news, my master of the Nine Yin Demon Spider, will be here soon, boy, you are the only one, there is only a dead end."

The Nine Yin Demon Spider with two spider legs glared at Lu Ming with cold and crazy eyes.

"What are you talking about? Terran?"

Lu Ming exclaimed. As for the threatening words behind the opponent, Lu Ming completely ignored it.

He only cares about the other party revealing a message, Human Race!

The other party said that the human race had seized their top source-level magical medicine.

There are also human races in the depths of the ruins of the universe?

Where did it come from?

Could it be the powerhouse of the universe, who ventured into the ruins of the universe and left behind?

Or is it conceived and evolved from the depths of the ruins of the universe, just like the Yan tribe of the Heavenly Star Continent?

Anyway, Lu Ming couldn't calm down.

Because according to the nine-yin demon spider with four spider legs, only a few hundred nine-yin demon spiders were awakened during his first awakening period, and there were also masters in several other forbidden lands, but there was no human at all.

They explored a lot of areas and did not see the human race.

So, where did the current human race emerge?

"Human race? Really human race? How many are their numbers and how strong are they?"

Lu Ming asked several questions continuously.

The Jiuyin Mozu looked at Lu Ming like a fool.

It seems to be saying, are you not the human race? Do you still need to ask me for such a mentally handicapped question?

"Say!"

Lu Ming drank coldly, murderously.

"Okay, let me tell you, the number of your human races is countless. I don't know how many there are, and there are many masters. It's not bad compared to my Nine Yin Demon Spider Race."

Jiuyin Demon Spider said.

"what?"

Lu Ming's heart was ups and downs, and it was difficult to calm down.

If what the other party said is true, it would be unbelievable.

Is the power of the human race so powerful?

You know, the Nine Yin Demon Spider Clan occupies a forbidden area, and its strength should not be weaker than any of the three clan Yuanguang Clan, Cangming Clan, and Yin Sha Clan.

You must know that the creatures of the Forbidden Land have a profound background, and the strength of any of the three tribes of the Forbidden Land far exceeds the sum of the Celestial Clan and the Heaven Extinguishing Army.

The strength of the human race is even worse than the creatures in the forbidden land. How can it be compared with the creatures in the forbidden land?

But the other party has no need to lie to him.

what happened?

Lu Ming was puzzled.

"What else do you want to ask, I can tell you..."

Jiuyin Demon Spider said.

How could Lu Ming know that the other party wanted to delay time and wait for the master of the Nine Yin Demon Spider to come and rescue him.

But Lu Mingyi was bold and fearless, and continued to ask: "What's the situation now? You talk about it carefully."

Jiuyin Devil Spider felt even more strange. Why didn't Lu Ming even know this question?

Even if you just wake up from retreat, you can ask other human races, why ask him?

But this is not an important thing, there is nothing that can't be said, it just happens to delay time.

"Today, there are six major forces in the universe, namely the Nine Yin Demon Spider Clan of my Nine Yin Demon Ruins, the Extreme Evil Clan... Human Clan."

The other party started talking.

These six forces do not have forbidden creatures such as Yuanguang Clan, Yin Sha Clan, and Cangming Clan.

Obviously, what the other party said refers to the race deep in the ruins of the universe.

Five of them were all creatures from the forbidden land, from the forbidden land, and only the human race came from a place called the Cangqing Divine Realm.

"Cangqing Divine Realm?"

Lu Ming frowned. He had never heard of this place.

Just when Lu Ming was about to ask carefully, he suddenly changed his expression and looked far away.

In the distance, there were a few black rays of light coming towards this side at an astonishing speed, clearly all of the Nine Yin Demon Spider Race.

There are three people in total, but the breath is amazing, and they are all at the peak level of the gods.

The Nine Yin Demon Spider that was suppressed by Lu Ming showed ecstasy.

His reinforcements are here.

However, as soon as the color of ecstasy appeared on his face, the color of ecstasy was stiff.

Because Lu Ming shot directly, three spear beams pierced the void and stabbed the three Nine Yin Demon Spiders that rushed at an incredible speed.

It was too fast, the three Nine Yin Demon Spiders couldn't do it if they wanted to evade. They could only resist with all their strength, but it was useless at all. They were directly pierced by the spear and killed in the void.

Click...

The Nine Yin Demon Spider that was suppressed by Lu Ming's throat seemed to be stuck by a stone, and his eyes were round, revealing a look of despair.

"Your reinforcements seem to be too weak. Now, keep talking."

Lu Ming said lightly.

"Kill if you want to kill, don't miss me say a word."

The Jiuyin Demon Spider went out and glared at Lu Ming.

"Since you want to find death, then fulfill you."

Lu Ming didn't bother to talk nonsense, and killed the Nine Yin Demon Spider with his fingers.

Since there are a large number of human races deep in the ruins of the universe, as long as you find these human races, what news can you not know? Why bother to ask this person?

"In that direction."

Lu Ming looked to the front right.

The three Jiuyin Demon Spiders just now came from that direction.

It is not difficult to hear from the other party's words that someone in the human race has obtained a top-level source-level magical medicine. At this time, it should be blocked by the people of the Nine Yin Demon Spider.

Lu Ming planned to go and see, if possible, rescue those human races.

Lu Ming stepped out and flew in that direction.

Not long after, Lu Ming saw a piece of mainland debris. Somewhere in the mainland debris, a brilliant glow rose into the sky, and there was a vague roar.

There, someone is fighting.

Lu Ming restrained his aura, rushed directly, and soon came to the battlefield.

Above the mainland debris, the two parties were in a fierce clash.

"Human race!"

Lu Ming's eyes suddenly lit up.

On one side, there are seven people, and these seven people are all humans.

Lu Ming couldn't read it wrong, he was definitely a pure human race.

Seven human races, two young men, one man and one woman, looked like in their twenties, but their cultivation levels actually reached the nine levels of the gods.

The grades of these two people are definitely not big, but their cultivation has reached the ninth level of the Divine Master, and they are definitely considered top geniuses.

If Lu Ming and Xie Nianqing didn't have Yuanshen Tea Tea, their cultivation base would only be the Ninth Divine Master.

The other five people, two middle-aged people, and three old people, all have the highest cultivation base.

Chapter 4982: Terran Master

The seven human races deployed a joint attack formation and turned into a white tiger. They were culled vertically and horizontally. They were extremely powerful and not weaker than the strongest heavenly monarch.

On the other side, there are more than a dozen masters of the Nine Yin Demon Spider Race.

The dozens of nine-yin demon spiders, most of them are the existence of the nine layers of the gods or the peak of the gods, and the young man headed by them is even more astonishing. A single person has the strongest fighting power of the heavenly monarch.

This young man shot alone. Behind him, there are four spider legs and a battle armor wrapped around his body. Even the four spider legs are shrouded in it. The image is similar to the four spider legs who were killed by Lu Ming. The Yin Devil Spider is very similar.

The four spider legs are like four spears, which are constantly piercing out. With the power of one person, they will fight together with the seven humans in a battle. It is difficult to distinguish the victory or the defeat, and the energy is high.

The other masters of the Nine Yin Demon Spiders surrounded them, and did not do anything.

No one can see that the Seven Human Race cannot last long.

Arranging a combined attack method will consume a lot of power. The combat power displayed in a short period of time can completely match the existence of the strongest Tianjun level, but after a long time, it will definitely not be the opponent of the strongest Tianjun.

The existence of the strongest Heavenly Sovereign level can control its own power more freely. When making moves, it can display the strongest combat power with the smallest strength.

Over time, the combined attack will break.

For example, the 21-person joint attack formation, when it is running, the burst of combat power can match an invincible divine master, but when the two really fight against each other, the joint attack formation will be defeated for a long time.

On the Human Race's side, once the combined attack formation collapsed, they would absolutely block the offensive of the Nine Yin Demon Spider Race.

"Hmph, with the strength of your three-legged cats, you also want to get involved in the top source-level magical medicine. It's ridiculous. Hand it over quickly and you can leave a whole body of you."

The young man of the Nine Yin Demon Spider Clan attacked while attacking with words, striking the opponent's will.

"The top source-level magical medicine, obviously we got it, so why give it to you."

The young woman of the Terran drink softly.

"What did you get? It's ridiculous, obviously we discovered it first, but it was intercepted by you halfway, and we got on quickly."

The youth of the Nine Yin Demon Spider Clan sneered.

"Nonsense, in order to capture this top-level source-level magical medicine, we worked hard and spent a lot of resources before finally drawing the magical medicine into the trap. You only appeared when we succeeded immediately. It's halfway through, trying to get our magic medicine."

The Terran young woman drank loudly, her face full of anger.

"Hehe, so what? No strength is the original sin, don't you know?"

The youth of the Nine Yin Devil Spider sneered, too lazy to cover up.

What if they just want to rob them halfway, this world is originally the weak and the strong.

Lu Ming understood it after listening.

The Nine Yin Demon Spider said before that they first discovered the top source-level magical medicine, and then was intercepted by the human race halfway, it seemed that they were all farting.

"If you have the ability to fight at the same level, relying on your cultivation base, if we are at the same level, I will suppress you with ten moves."

The young man of Human Race drank it.

His cultivation base is Divine Lord Nine Layers, and the young man of Nine Yin Demon Spider is Divine Lord Peak.

If his cultivation has reached the peak of the divine master, his confidence is not weaker than the opponent, so he has said this.

"The ridiculous remarks, your cultivation base is low, there is no other reason, it means you are hot."

The youth of the Nine Yin Demon Spider Clan taunted, and the offensive kept going.

Boom!

The two sides continued to blast several moves, regardless of the outcome.

But Lu Ming had already seen that the white tiger transformed by the Human Race's combined attack formation was trembling a little. This was unstable, and they couldn't last long.

The youth of the Nine Yin Demon Spider Clan clearly saw this too, laughing, and the offensive was even more fierce.

In a blink of an eye, another ten tricks.

boom!

There was another violent roar, and the white tiger transformed by the Human Race's combined attack formation method retreated violently, and the body was illusory, and almost collapsed.

"not good!"

"Damn, I'm unwilling!"

The seven people of the human race were cold in their hearts. The special one was that human race youth, whose face was even more ugly. He rolled his eyes and suddenly shouted: "Zhu Shi, if we give you the magic medicine now, can you let us go?"

"Leave you alone? Do you think it's possible? As long as you kill you, the magic medicine will still be mine."

Zhu Shi, a young man from the Nine Yin Demon Spider Clan, sneered.

"If you don't agree, I will destroy this top-level source-level magical medicine first. If the fish die, no one will get it."

The Human Race youth shouted, his storage bag glowed, and a magical medicine flew out and was caught in his hand.

This magical medicine is a top-level source-level magical medicine.

Zhu Shi's face became gloomy.

Although the top source level has a strong ability to escape, but other abilities are very average, at this time being caught in the hands of the human youth, it is indeed easy to destroy.

Then even if he killed the human youth and others, he would not get the top source-level magical medicine.

Secretly, Lu Ming originally planned to take action, but at this time, he stopped.

Things have changed, and he doesn't need to rush to take action.

"It is impossible to release all of you, but as long as you hand over the top-level source-level magical medicine, it is not impossible to just release you alone."

Zhu Shi spoke lightly.

At one point, the faces of the Seven Human Race changed.

The young Terran woman, as well as the other five people's eyes, all looked at the young Terran man.

The face of the young human man was uncertain, but he soon showed a decisive expression.

"Okay, I promise you."

The Terran youth gritted his teeth and spoke.

"Liu Weiyang, you...how can you be like this?"

The young Terran woman glared at the young Terran man Liu Weiyang.

The other five people also looked at Liu Weiyang in shock. They didn't seem to expect that Liu Weiyang would actually agree to this, and in order to survive, they betrayed them directly.

"Han Yue, I am also helpless. You have to understand me. We are all dead. It is dead. No one knows that we are dead in Zhu Shi's hands. As long as I live and bring the news back, someone will be killed by you. Revenge."

Liu Weiyang secretly conveyed to the young women's football team Han Yue. After saying that, his figure suddenly retreated backwards.

As soon as Liu Weiyang retreated, the human race's combined attack formation broke through without attacking, and broke apart.

When Liu Weiyang retreated, he always grasped the top source-level magical medicine, staring at Zhu Shi and others, a look that would destroy the top-level source-level magical medicine at any time.

Without the combined attack formation, Han Yue and the others were pale, they could only form a circle, fully guarded.

In such a situation, Zhu Shi didn't rush to shoot for a while, first get the top source-level magical medicine.

"Now, you can give me the magic medicine."

Zhu Shi stared at Liu Weiyang.

"Are you a three-year-old child? If you leave it to you, what should you do if you continue to take action? Zhu Shi, you swear by the origin of your life that you will let me go, and I will give you the magic medicine."

Liu Weiyang shouted.

Chapter 4983: Pick the right time

Zhu Shi's eyes were a bit gloomy.

However, for the sake of the top source-level magical medicine, it is not impossible to release Liu Weiyang.

"it is good..."

Zhu Shi nodded and immediately swore with his life that as long as Liu Weiyang handed over the top source-level magical medicine, he would let Liu Weiyang go.

Hearing this, Liu Weiyang was overjoyed and personally handed the top source-level magical medicine to a Nine Yin Devil Spider.

Han Yue and others looked at Liu Weiyang bitterly, and then showed helplessness and despair.

Today, if there is no miracle, it seems that they will definitely die.

"Send you on the road!"

Zhu Shi's eyes stared coldly at Han Yue and the others, with murderous intent.

At the same time, Liu Weiyang retreated quickly, wanting to leave here.

At this moment, a figure suddenly appeared above everyone.

This figure is naturally Lu Ming.

Why did he not shoot before, but choose to shoot now, of course, for the top source-level magical medicine.

This is a top-level source-level magical medicine, and Lu Ming's eyes are very hot.

They had gotten a total of ten plants before. When they came out this time, he carried five plants with him. The remaining five plants were with Xie Nianqing, Qiuyue and others.

Each top-level source-level magical medicine can refine five drops of the source-level magical liquid in a month, and five plants are only five drops a month, which is far from enough for his daily practice.

Naturally, the more top-level source-level magical medicines, the better. If there are 30 top-level source-level magical medicines, on average, one drop of the source-level magical medicine will be used for cultivation every day. Lu Ming is confident that within a hundred years, he can reach the original state Degree.

Before, the top source-level magical medicine was in the hands of the human race, he was naturally embarrassed to **** it, but now it fell in the hands of the Jiuyin Demon Spider, it was different.

Therefore, Lu Ming shot without hesitation.

Lu Ming didn't hide his breath when he appeared. People from Human Race, Zhu Shi and other Nine Yin Demon Spiders, found Lu Ming all at once.

"Human..."

Zhu Shi's gaze was like a sword, staring at Lu Ming. When he felt the breath of the peak of the **** on Lu Ming, his pupils shrank slightly.

On the contrary, Han Yue and others were overjoyed.

"It's Terran, our reinforcements are here."

Han Yue was overjoyed.

"This person is very face-to-face, I have never seen him before, have you met?"

"I haven't seen it..."

"I haven't seen him either. Looking at his cultivation level, he has the pinnacle of God Lord, but can he compete with Zhu Shi?"

The other five people talked in secret, and the joy in their hearts slowly disappeared.

Lu Ming has only one person, can he be Zhu Shi's opponent?

Not necessarily!

Zhu Shi's combat power, but once broken, such a combat power can be described as the top combat power in the Divine Master Realm, it is rare, there are not many human races, and they have such a combat power, they have seen it. There is no such person as Lu Ming.

In the distance, Liu Weiyang, who was escaping, found Lu Ming appeared and could not help but stopped, but he did not approach, but stood watching from a distance.

"Another one to die..."

In Zhu Shi's eyes, a ray of murderous intent flashed, and the voice had not yet fallen. One of the spider legs behind him, like a spear, stabbed towards Lu.

The spider legs on the back of the Nine Yin Devil Spider seem to be only over two meters long, but in fact they can stretch freely and extend infinitely when attacking. The power is amazing.

Especially Zhu Shi's attack, the power is even more terrifying, the ordinary peak of the gods will be killed by him with a single move.

However, Lu Ming didn't fight back. Instead, he disappeared from the place with a flash of body shape. The next moment, he appeared in front of a middle-aged Nine Yin Demon Spider.

Because the top source-level magic medicine is on this person.

Lu Ming suddenly appeared, and the Nine Yin Demon Spider was startled, but he reacted very quickly and immediately launched a thunderous offensive.

The four spider legs stabbed towards Luming in a series.

This person's cultivation was also the peak of the god, but it was just an ordinary peak of the god, and his combat power was too far apart from Lu Ming.

Lu Ming's figure was like a phantom, he easily avoided the attack of the four spider legs, and suddenly approached the opponent, with a single finger, a spear burst out, accurately piercing the opponent's eyebrow.

With a pop, the Nine Yin Demon Spider was killed by Lu Ming, and then Lu Ming stretched out his hand and grabbed the other's storage bag in his hand.

Another top source-level miraculous medicine is available.

Lu Ming smiled at the corner of his mouth.

Zhu Shi did not expect that Lu Ming could kill a master at the pinnacle of the gods with one move. He was first surprised and then furious.

"Boy, you are looking for death... Set up a formation and join forces with me to kill him."

Zhu Shi yelled, he didn't make the shot himself at the first time, but let the other Jiuyin Demon Spiders form a formation together with him.

Lu Ming was able to easily kill a **** master pinnacle, and his combat power was very strong. He was not sure that he could take Lu Ming by himself.

The figure flickered, and there were seven **** masters at the peak of the Nine Yin Demon Spiders, and they laid a combined attack formation.

A huge spider emerged and rushed towards Lu Ming.

At the same time, Zhu Shi rushed towards the other side, trying to go around behind Lu Ming and form a front and back flanking attack with Lu Ming.

"not good..."

Han Yue and others were extremely anxious, and they wanted to help Lu Ming, but they were helpless.

One of them is missing, and even if they are deployed, their power is greatly reduced. They are not Zhu Shi or the opponent of the Jiuyin Demon Spider's combined attack.

But at this time, Lu Ming shot.

The God of War Spear, I don't know when, has already appeared in his hand, a spear swept out, and a mountain-like spear light blasted towards the Nine Yin Demon Spider's combined attack formation.

boom!

The spear light collided with the giant spider condensed by the joint attack formation, and with a violent roar, the giant spider was blown out and broke away directly.

The seven Nine Yin Demon Spiders inside were vomiting blood and their faces were pale.

Of course, Lu Ming's move didn't use all his strength, even a small part of his strength.

Otherwise, with a seven-man combined attack formation in a small area, Lu Ming's move would not only defeat their combined attack formation, but also kill all the people in the formation.

However, when Lu Ming arrived for the first time, it was impossible to fully expose his strength.

Exposed all the strength, it is not good for oneself, leaving some hole cards, can play a big role at the critical moment.

Lu Ming walked all the way, and he had a deep understanding of this.

One move overwhelmed the opponent's combined attack formation, and then pierced out with Lu Ming's war sharp spear. Seven spear lights aimed at the seven arrayed Nine Yin Demon Spiders.

The seven Nine Yin Demon Spiders had already been severely injured, where they could stop Lu Ming's attack, they were immediately stabbed and fell on the spot.

Zhu Shi originally wanted to go around Lu Ming and form a double-sided attack with the combined attack formation.

But before he walked around behind Lu Ming, he saw that the combined attack formation was defeated by Lu Ming, and then the seven people in the formation died in Lu Ming's hands.

"How can it be?"

Zhu Shi couldn't help widening his eyes, showing a look of horror and incredulity.

Not only him, but Han Yue and other human masters, their eyes widened and shocked.

Chapter 4984: Inferior blood?

Lu Ming shocked the audience with one move.

Being able to easily defeat a seven-man combined attack formation, this level of combat power, I am afraid that it has not broken the extreme once, it is very likely that it has broken the extreme twice.

After breaking the extreme twice, this person is actually a super master who has broken the extreme twice.

Han Yue and the others showed ecstasy, and they were saved.

But the Jiuyin Demon Spider, headed by Zhu Shi, looked ugly to death.

The existence of a second breaking extreme is not something they can handle.

However, the top source-level magical medicine fell into Lu Ming's hands, and he was not willing to make Zhu Shi abandon a top-level source-level magical medicine.

The fat to the mouth just flies, no one will be willing.

"Boy, do you dare to grab my magic medicine, do you know who I am? Do you know who my eldest brother is? If you are acquainted, hand over the top source-level magic medicine."

Zhu Shi roared.

Lu Ming looked at Zhu Shi like a fool.

"Who is your eldest brother?"

Lu Ming asked casually.

"My eldest brother Zhu Tian!"

Zhu Shi sneered.

"What, Zhu Tian!"

Han Yue and the others screamed in exclamation, their expressions changed wildly, as if they heard something terrible.

Zhu Shi smiled triumphantly and looked at Lu Ming, wanting to show a frightened expression on Lu Ming's face.

Unfortunately, he was disappointed.

There was no shocked expression on Lu Ming's face, as if he heard the name of a passerby.

"Zhu Tian, never heard of it!"

Lu Ming said lightly.

"You... open your eyes and talk nonsense, would you never hear my eldest brother's name?"

Zhu Shi roared.

"Nonsense, I haven't heard of it before. Okay, I'm too lazy to talk nonsense with you, now I'll send you on the road."

Lu Ming spoke indifferently.

"What? What? You still want to kill me?"

Zhu Shi roared incredibly.

After hearing the name of his elder brother, not only did he not return the top source-level magical medicine, but he actually wanted to kill him?

Is this person a lunatic?

Among the six major forces in the universe, who has never heard of his eldest brother?

In the age when the origin was not available, his elder brother's combat power was almost at the peak.

Han Yue and others also showed shock.

"This Xiongtai, Zhu Tian, this man's eldest brother, is a top master who has broken the pole three times."

Han Yue reminded him.

"Three breaks?"

Lu Ming was puzzled.

What does it mean? Is it a measure of combat power?

"let's go!"

At this time, Zhu Shi drank to the other Nine Yin Demon Spiders, planning to retreat.

Judging from Lu Ming's expression, he knew that most of the time he would return to the top source-level magical medicine. It was the best policy to take this grudge against him in the future.

"Want to go?"

Lu Ming's murderous voice sounded.

He didn't even plan to let the opponent go.

It seemed that the opponent's eldest brother was a very terrifying master. From this, it could be seen that the opponent was in the Nine Yin Demon Spider Clan and his status was not low.

Since he is offended, he must be wiped out, otherwise, the trouble will continue and the other party will not let him go.

It is better to get rid of it completely to avoid future troubles.

Hum!

The God of War spear vibrated, and a huge spear light pressed down towards Zhu Shi and others.

"you dare?"

Zhu Shi yelled, never expected that Lu Ming really dared to attack him.

However, the spear light was depressed, and the terrifying power made his face extremely ugly. He roared and resisted with all his strength.

The other Nine Yin Demon Spiders also tried their best to resist.

However, with their strength, how can they stop Lu Ming?

Even if Lu Ming only used part of his power, they couldn't stop it.

Some Nine Yin Demon Spiders with weak cultivation base exploded directly and fell on the spot.

Only a few of the gods' peaks existed and Zhu Shi did not die, but they were also hit hard.

"Ah...My big brother won't let you go..."

Zhu Shi screamed frantically and retreated violently.

However, Lu Ming made continuous shots with the guns flaring, Zhu Shi barely blocked two moves and was killed by Lu Ming.

All the Nine Yin Demon Spiders were eliminated, and none were left.

Lu Ming calmly put the storage bag of the Nine Yin Demon Spider into the Prey Ring.

In the distance, Han Yue and others were shocked.

However, they all reacted quickly.

The six Han Yue flew in front of Lu Ming. Han Yue clasped his fists and said: "Little sister Han Yue, thank you for your brother, who is very good at him. I don't know his name."

"Under Lu Ming!"

Lu Ming said.

"Lu Ming?"

Han Yue and others all showed doubts.

There are many names with the same name, Lu Ming's name, they have naturally heard of it, but there is no such thing as combat power.

And they had never seen Lu Ming, when did such a master appear in the human race?

They have all seen masters in the human race, and judging from the combat power that Lu Ming has just shot, even if he didn't break the pole twice, it would not be far away. How could such masters be unheard of?

"Han Yue, you are fine."

At this time, a voice sounded, and it was Liu Weiyang who spoke.

After seeing Lu Ming slaying the Nine Yin Demon Spider, he flew towards this side, with a look of surprise on his face, a look worried about Han Yue.

Han Yue frowned, despising Liu Weiyang in his heart.

Before betraying them to escape alone, but now pretending to be worried, thinking she is a fool? can not tell?

Therefore, Han Yue didn't give him a good face, and the other five people also didn't have a good face, just because of acquaintances, he didn't turn his face on the spot.

Liu Weiyang pretended not to see the expressions of Han Yue and others, and his gaze shifted to Lu Ming again. He looked closely, with a hint of disdain in his eyes, and said, "Lu Ming, right? Back to the Cangqing Divine Realm, I will say something nice for you."

Lu Ming frowned slightly.

This Liu Weiyang told him his attitude is like an upper person speaking to a lower person, just like the emperor speaking to ordinary people.

Where is the confidence?

Seeing that Lu Ming didn't speak, Liu Weiyang continued: "Lu Ming, that top source-level magic drug, you just got it, take it out now."

It was the voice of the superior who spoke again, as if commanding Lu Ming.

This time, even Han Yue couldn't stand it anymore.

"Liu Weiyang, thanks to Lu Ming's action just now, we were saved. Moreover, you have given Zhu Shi the top source-level magic medicine, and Lu Ming got it from Zhu Shi. It is Lu Ming's trophy."

Han Yue said.

"Trophy? Ha ha, Han Yue, didn't you see that he is just an inferior bloodline, a mere inferior bloodline, how can he be qualified to control the top source-level magical medicine?"

Liu Weiyang said, the high-ranking attitude in his tone became stronger. When he looked at Lu Ming, the disdain and arrogance in his eyes did not hide.

Inferior blood?

Lu Ming's heart moved.

What does it mean?

Among the human races, is blood also divided into high and low?

However, he carefully sensed that from Liu Weiyang and Han Yue seven people really felt something different.

Although Liu Weiyang, Han Yue and others are also human races, their blood and aura are really different from him.

Chapter 4985: News from Mulan

Lu Ming felt that Han Yue, Liu Weiyang and others exuded a kind of breath. When he faced this kind of breath, he instinctively felt a pressure.

It's like the pressure when facing the superior.

This is not the pressure brought by status, but from instinct, from blood.

It is like the gap between the nine-clawed dragon in the dragon clan and the ordinary dragon.

The human blood of these people is more advanced than Lu Ming.

Lu Ming drew a conclusion in his heart.

"The human race in the universe starry sky or the small thousand world should have evolved from the flesh and blood of the strong human race in the last era. The bloodline level is definitely not so pure, just like the monster race. Is this the so-called inferior bloodline?"

Lu Ming kept turning his thoughts in his heart, making speculations based on what Liu Weiyang and others said.

"Lu Ming, don't you hand over the top source-level magical medicine?"

Liu Weiyang stared at Lu Ming and repeated another sentence.

"Top source-level magical medicine? What top-level source-level magical medicine?"

Lu Ming began to play dumb.

"Lu Ming, don't pretend to be a fool..."

Liu Weiyang drank coldly.

"What pretend to be stupid? I really don't know what you are talking about. When I first arrived, I immediately took action against the Nine Yin Demon Spider. Logically, I killed the Nine Yin Demon Spider. Naturally, I killed the Nine Yin Demon Spider. It's my trophy, even if there is a top source-level magical medicine, it's my trophy, how? What happened before I came? You will tell me in detail."

Lu Ming looked at Liu Weiyang suspiciously.

"You and I..."

Liu Weiyang stuttered for a while, not knowing how to speak.

Is he going to say it out loud, in order to survive, he betrayed Han Yue and others, sent top source-level magical medicine, and escaped alone?

Can this be said?

No matter how thick-skinned he was, he wouldn't be embarrassed to repeat it himself.

"hateful..."

Liu Weiyang roared inwardly.

If he didn't say that he handed it over, then Lu Ming could naturally use the Jiuyin Demon Spider's things as his own trophy.

But it is really hard for him to tell.

On the side, Han Yue and others thought that Liu Weiyang's dilemma had not been seen.

They don't have the thick skin of Liu Weiyang, and they want to recover the magical medicine. Although the top source-level magical medicine is extremely precious, it is still insignificant compared to their own lives.

Lu Ming sneered, how could he vomit out the fat he got?

"By the way, girl Han Yue, what did you mean by breaking the pole once and breaking the pole twice?"

Lu Ming quickly changed the subject.

"You don't even know this?"

Liu Weiyang made a mocking statement, and his contempt became stronger.

He was extremely upset that Lu Ming swallowed one of his top-level source-level magical medicines. If it weren't for Lu Ming's ability to defeat Lu Ming, he would have liked to kill Lu Ming on the spot and retake the magical medicine.

So if he had the opportunity to mock Lu Ming, how could he let it go.

However, Lu Ming didn't even look at Liu Weiyang, and simply ignored him.

Does a dog bit you, and you still bite it back?

To be honest, Lu Ming didn't take things like Liu Weiyang's eyes at all. What's more to care about things that can be suppressed?

Han Yue and others also showed their curiosity. Lu Ming has such a combat capability, but he doesn't know such common sense?

"Brother Lu, aren't you from the Cangqing Divine Realm?"

Han Yue asked back.

"No!"

Lu Ming shook his head directly, and said, "I don't know the heavenly realm. I come from the other side of the universe, so far away from here?"

Lu Ming pointed to the direction they had explored the ruins of the 1/3 universe, which was also the direction of the stars of the universe.

"You come from over there in the universe?"

Han Yue and others all showed surprise.

"Isn't that from the same direction as Sister Mulan?"

Han Yue said even more curiously.

Mulan!

Lu Ming caught a key word instantly and his heart beat wildly.

Although there are many people with the same name, Han Yue's meaning is obvious. She said that Mulan and Lu Ming are from the same place, so there can be no mistake.

It really didn't take much effort to break through the iron shoes and find no place to find it. He originally wanted to wait until he got acquainted with Han Yue and the others before inquiring about Mulan and Huang Ling, but he didn't expect the other party to speak out.

It's perfect!

"Miss Han Yue, do you know Sister Mulan? To be honest, I came here to look for Sister Mulan."

"Look at it, is this her!"

Lu Ming said, speaking of the back, he took out a portrait, which was exactly the portrait of Mulan.

"Yes, that's right, it's Sister Mulan, so you are the younger sister of Sister Mulan, that's great."

When Han Yue saw the portrait, he nodded repeatedly with a smile on his face. The relationship with Lu Ming seemed to have become closer.

"Senior Sister Mulan is in the Cangqing Divine Realm now? How did you meet?"

Lu Ming asked.

"Yes, she is in the Cangqing Divine Realm. As for how we met, it is a long story. She is still our benefactor. If it were not for her, we are still trapped in the Cangqing Divine Realm and cannot come out. It."

Han Yue said.

"Oh, what's going on? Can Girl Han Yue tell me in detail?"

"Is such that,..."

Han Yue explained in detail.

After listening, Lu Ming's heart was ups and downs, and it was difficult to calm down.

It turns out that the Cangqing Divine Realm is a continent, and the people living in it are all human races, and they are the human races of the primordial continent of the last era.

At the end of the last epoch, a world-shattering war broke out, the prehistoric continent was blown up, endless creatures fell, and their bodies and spirits were destroyed.

The Cangqing Divine Realm was originally a piece of mainland fragments inhabited by some human races.

The master of the Cangqing Divine Realm, with the power of shocking the world, plus a strong treasure, sealed the Cangqing Divine Realm in the depths of the void, and this is completely sealed. The seal cannot be opened outside, and the human race inside cannot be opened. The seal is equal to complete isolation from the world.

Only in this way can Cangqing Divine Realm be able to avoid that catastrophe.

But the price is that the people inside can't even leave.

After the master of the Cangqing Divine Realm cast a peerless seal, he fell into a deep sleep. Before he fell asleep, he left a sentence. Only when the primordial and void universe is fully recovered and the rules of the universe become perfect again, the Cangqing Divine Realm's seal will be automatically opened. .

Originally, although the universe had recovered, it was far from achieving a complete recovery. The rules were far from perfect. People in the Cangqing Divine Realm could not get out.

But more than 10,000 years ago, Mulan accidentally went outside the heavenly realm and opened a seal of the heavenly realm with a gem.

In this way, the seal of the heavenly realm is no longer perfect, and the masters in the heavenly realm jointly opened the seal completely, and the people in the heavenly realm can see the sky again.

It can be said that Mulan is a great benefactor of the Sky God Realm.

From Han Yue's words, Lu Ming also got an important piece of news, that is, the human race in the heavenly realm is different from the creatures in the Forbidden Land.

The creatures in the forbidden area are in a sealed state, but the human race of the sky gods is not.

Chapter 4986: What is breaking pole

The creatures in the forbidden area are in a sealed state and require a lot of resources to wake up.

But the human races of the Celestial God Realm are not. They continue to multiply and thrive on the continent of the Celestial God Realm, passing on from generation to generation.

However, since the endless years, the cultivation environment of the Cangqing Divine Realm has not been good, the prehistoric aura is thin, and the resources are lacking. Although there are endless years of reproduction, there are not many masters born.

Most of the top masters survived the last era.

However, in the last ten thousand years, the cultivation environment in the sky continent has become better and better, everything has recovered, and the wild aura is strong. When they opened the seal, they discovered that the entire universe had begun to recover.

"Sister Mulan is a great benefactor of the Cangqing Divine Realm. Before the Great Tribulation of the Origins came, she worshipped a great figure as a teacher and has been practicing in the Cangqing Divine Realm."

Han Yue said.

"Then Huang Ling, isn't she in the Sky Divine Realm?"

Lu Ming asked involuntarily.

He heard that when Han Yue said just now, he only talked about Mulan and didn't mention Phoenix Spirit. This was a bit strange. If the two were together, why didn't Han Yue mention Phoenix Spirit at all?

"Huang Ling? Sister Mulan is one person, and there is no second person."

Han Yue said in surprise.

Lu Ming's heart sank.

Only Mulan?

Where did the Phoenix Spirit go?

During this period, something must have happened. It seems that everything can only be asked after seeing Mulan.

"Girl Han Yue, are you about to return to the Cangqing Divine Realm? I will go with you."

Lu Ming said, a little impatient.

"We won't go back for the time being. We have to reunite with others before we return to the Cangqing Divine Realm."

Han Yue said.

"other people?"

Lu Ming was puzzled.

"Yes, not long ago, an ancient divine vein was born, and it gave birth to a large number of magical medicines, and even top-level source-level magical medicines. Powers from all major forces flocked to compete for the top-level source-level magical medicine. , In order to compete for the top source-level magical medicine, all parties fought."

"The seven of us were lucky. We were lucky to get a top-level source-level magical medicine. We wanted to leave in secret. We didn't expect to be targeted by Zhu Shi and others before we had the previous battle..."

Han Yue said.

"Top source-level magical medicine? Is there any more?"

Lu Ming's eyes lit up.

When it comes to the top source-level magical medicine, Lu Ming's heart is moved.

Did he come just in time?

"It should be gone. The major forces have been fighting for a while. The magic vein has almost been searched. All the magic medicine has almost been searched. We are also lucky, otherwise it is impossible to get a top plant. Source-level magic drug."

Han Yue said.

Lu Ming sighed inwardly, it seemed that it was not the time to come, he was late.

"Let's go to the vicinity of the Divine Vessel, join the brigade, and then return to the Cangqing Divine Realm, Brother Lu, let's be together, I will tell you by the way what is the first and the second break..."

Han Yue said.

"Okay, thank you girl Han Yue."

Lu Ming nodded.

Immediately, everyone set off together.

On the way, Han Yue talked about what is breaking pole.

In fact, it's very simple. Breaking the extreme once means breaking the limit once, and it refers to breaking the limit with combat power.

Generally, the combat power of the top heavenly monarch is the limit of the gods, and the combat power of the strongest heavenly monarch is to break the limit once, and is called the powerhouse who completes the ultimate.

Such as Zhu Shi, is a strong one to break the extreme.

And the second time breaking the limit is the strong second breaking the extreme. Lu Ming himself speculated that the existence of the second breaking extreme should be comparable to the Guangqian Wangshi of the Yuanguang clan.

Above, there are three more extreme breaks, and they are called invincible gods.

This division method has been handed down from the previous era of the Primordial Continent.

"Isn't it the limit for breaking the pole three times? Isn't it breaking the pole four times?"

Lu Ming asked curiously.

"Four times to break the extreme? What do you think, is that the realm you can touch? Don't be so high-minded."

On the edge, Liu Weiyang finally seized the opportunity to ridicule.

Lu Ming continued to ignore him.

"Theoretically speaking, three times breaking the extreme is the limit, but in fact, there are still four times breaking the extreme, but it is too difficult. Even in the prehistoric continent of the last era, the age of the arrogance of the arrogance is not too small. There are so few, each one has an invincible posture, and even a fairy posture!"

Han Yue said, looking forward to his eyes.

Breaking the pole four times is equivalent to having a fairy posture.

"Is my current combat power equivalent to four breaks?"

Lu Ming thought to himself.

The Invincible Divine Lord broke the extreme three times, and his combat power was a lot stronger than the Invincible Divine Lord, it should have broken the extreme four times.

Everyone was talking and flying. Han Yue was very patient, almost knowing everything he could say, allowing Lu Ming to know more about the situation deep in the ruins of the universe.

Soon, in the void in front of them, a large amount of continental debris appeared.

"There are a lot of mainland fragments near here, and further ahead is where the divine veins are...We must be careful. Here, we may encounter masters of major forces at any time."

Han Yue whispered.

In the back, they restrained their breath and flew carefully.

"Huh, there are people there?"

Lu Ming suddenly spoke.

The rest of them were startled, and followed Luming's gaze, looking at a piece of continental debris.

It can be seen that there is a group of creatures somewhere in that continent fragment.

This group of creatures have strange looks and evil faces.

"It's a member of the extremely evil race."

The expressions of Han Yue, Liu Weiyang and others changed, and they seemed to be very jealous of the extremely evil race.

"It's the devil of the extremely evil race. This guy is very lucky. He was given two top-level source-level magical medicines before. It's really bad luck."

Liu Weiyang whispered, his tone full of sourness.

"Two top source-level magic medicines!"

Lu Ming's attention was completely attracted by this word.

"The people of the extremely evil race are abnormally evil and bloodthirsty, and they fight with fate when they move. The demon Kun is even more powerful. He is a master who has broken the extreme twice. They have not found us yet, so we hurriedly left. If they find out, it will be troublesome."

Han Yue said.

Immediately, they took a detour, carefully bypassing the fragments of the continent, and continued on.

After walking for a while, Lu Ming suddenly stopped and said, "I remember, I still have something to do. Can you wait for me here? It won't take too long."

"Why are you doing so many things?"

Liu Weiyang shouted coldly, his tone still high.

"If you can't wait, you can go first."

Lu Ming replied coldly.

"you..."

Liu Weiyang was furious. This inferior bloodline was so arrogant that he repeatedly confronted him.

You know, in the last epoch, the inferior human bloodlines were all slaves, low status, and humble like ants.

But let him go first, and to be honest, he dare not.

Even if they set up a combined attack formation, their combat power is at best comparable to one-time piercing, but Lu Ming's combat power, even if it's not a second-time piercing, is the top of the first piercing.

Chapter 4987: Two more top source-level magical medicines are available

The forces of all parties here gather, and the masters are like clouds. Once they encounter a strong enemy, their strength is not enough to let Liu Weiyang go first. He is still guilty.

And Lu Ming's combat power is very strong. According to Liu Weiyang's judgment, even if there is no second pole break, it is a top one that breaks the pole. With Lu Ming, it will be much safer.

"Then we will be there waiting for you."

Han Yue pointed to a small piece of continental debris not far away, intending to hide it there, waiting for Lu Ming to come and converge.

"Alright, you are waiting for me there. I don't need much time and will be back soon."

After Lu Ming said, he did not stay there, his figure flashed, and he disappeared from where he was.

Han Yue, Liu Weiyang and others entered the small mainland and waited.

.....

The reason why Lu Ming left was of course for two top source-level magical medicines.

At this time, dozens of masters from the extremely evil races, headed by Mo Kun, are gathering together, and it can be seen that many of them have wounds on their bodies. Apparently, they have undergone fierce fighting not long ago and are healing here at this time.

There are a few people around the demon Kun.

"The son is really unparalleled. This time he actually obtained two top-level source-level magical medicines in one fell swoop. It seems that as long as the original source is over, it will not be long before the son can hit the original state."

An old man of a very evil race flattered.

Mo Kun also showed a proud and excited smile on his face.

This time, luck is really good.

In that vein, there are at most a dozen top-level source-level magical medicines. Various forces and a large number of masters gather, even the invincible **** masters who have broken the extreme three times are not a few. With his combat power, it is placed in each major Among the power's top masters, it is nothing at all.

But he didn't expect that he just stayed on the spot and waited for the rabbit, and he was caught two top source-level magical medicines. This is not what Qiyun Wushuang is.

With two top-level source-level magical medicines, his cultivation speed can definitely be greatly improved.

After the great calamity of the origin, it is not an illusion to hit the origin realm.

"You have all done great this time. I will not forget your contributions. I will have a great reward when I return."

Mo Kun said with a smile on his face.

"Thank you son!"

The masters of several extremely evil races are all overjoyed.

At this time, Lu Ming appeared silently above the extremely evil race.

After all, Mo Kun was a master at the second time, with extremely keen spiritual sense, he felt it as soon as Lu Ming appeared.

"Who?"

Demon Kun yelled, his eyes flashing like electricity, and looked up at the sky.

Prehistoric!

Lu Ming didn't talk nonsense, didn't waste any time, he shot directly, and once he shot, it was a prehistoric style.

And it's a full blow!

Quick decision!

A continent was formed, entrained with terrifying power, and suppressed against dozens of extremely evil tribes' masters, violent power swept through and enveloped all extreme evil tribes.

"not good!"

"Shoot!"

The terrible power caused the extremely evil masters who were healing to wake up, shouting, bursting out the strongest power, and blasting the strongest move towards the sky.

However, there are not too many masters.

The strongest is only Demon Kun, possessing a second-breaking combat power, which is equivalent to the light former king of the Yuanguang clan.

In addition, there are three one-time-breaking existences, equivalent to the strongest heavenly monarch.

Others are the peak of the gods, the gods are ninefold, and some even have only the sevenfolds of the gods.

This kind of strength is actually not weak, but compared to Lu Ming, the gap is huge.

The point is that they have no time to deploy.

They actually have a joint attack formation, but it takes time to arrange a joint attack formation. Although the time is short, but Lu Ming suddenly attacked, they had no time to arrange it.

boom...

The desolate continent was pressed down, and the force of destruction exploded, bombarding the extremely evil race with an irresistible force.

Bang bang bang...

These people of the extremely evil race couldn't stop them at all, just like big watermelons, constantly exploding. Under the sweeping force of destruction, their appearance and spirit were destroyed, only storage bags were left, falling on the ground.

Even the strongest Demon Kun, facing Lu Ming's full blow, will end up in the same way. At most, he will only take one more breath than the others, and his body will burst and his body and spirit will be destroyed.

Lu Ming grabbed his palm in the air, and dozens of storage bags were put away by Lu Ming. By the way, dozens of magic soldiers also fell into Lu Ming's hands.

Among the dozens of magic weapons, three are source-level magic weapons.

The creatures in the forbidden area are very wealthy. They are just a few gods, and dozens of them have three source-level gods. The ratio is amazingly high.

It is conceivable that among the creatures of the Forbidden Land, the existence of the Origin Realm must be that everyone has an Origin-level magic weapon.

Then, Lu Ming took out a storage bag and checked it.

This storage bag was left by Demon Kun.

Immediately, Lu Ming's face showed joy.

Sure enough, two top source-level magical medicines were found in Mo Kun's storage bag.

Two top-level source-level magical medicines were carefully sealed in two jade boxes.

However, they were all released by Lu Ming and included in the prey.

In the Precious Ring, the top source-level magical medicine can grow freely, and the refined source-level magical liquid will have the best effect.

Lu Ming smiled satisfied.

This time, the trip to the depths of the ruins of the universe went smoothly than he expected. Once he arrived, he received news from Mulan and three top-level source-level magical drugs.

As soon as he moved, Lu Ming left where he was, and soon joined Han Yue and others.

Han Yue and others didn't ask much, and after meeting with Lu Ming, they set off again.

"It's Brother Zhao Wuji."

After flying for about an hour, Han Yue called out in surprise.

A large number of figures gathered on a piece of continental fragment in front.

At a glance, no fewer than thousands.

And they are all human races.

"There are so many human races, the aura is very similar to Han Yue and others, and the human blood lines seem to be more advanced."

Lu Ming felt a little.

He discovered that these human races had a higher level of blood and aura than him, and none of them was as inferior as him.

It can be said that these people are dragons and phoenixes among people.

"This bloodline seems to be somewhat similar to Haizong, but it seems that Haizong is more advanced."

Lu Ming's thoughts changed sharply.

He thought of Haizong.

Haizong was originally a member of the Yan Clan in the Star Continent, but by chance, he merged into a drop of the blood of the King of Humans, his bloodline changed, and he had the blood of the King of Humans.

He had felt a long time ago that the blood of the same human race, the blood of Haizong, is much more advanced, like the king of people.

In the past, Lu Ming only thought that Haizong was infused with the blood of the King of Humanity, and that other human races were all the same as him.

Now it seems that is not the case.

The human races of the last epoch had a relatively high blood level.

And his bloodline, in Liu Weiyang's mouth, became an inferior bloodline.

Lu Ming thought a lot in his heart, but his face remained calm, followed by Han Yue and others, and flew towards the crowd.

Chapter 4988: The invincible **** of the human race

"Han Yue, you are fine."

A tall and burly young man with a national character face and sharp eyes, but when he saw Han Yue, he smiled.

"Brother Wuji!"

"Brother Wuji!"

Han Yue and Liu Weiyang greeted the burly youth one after another.

Obviously this burly young man has high prestige.

Lu Ming saw that this Zao Wou-ki was one of the leaders of the human race.

Many people faintly stood behind him, looking at Zao Wou-ki, showing reverence.

Moreover, Lu Ming felt a terrifying aura on this person.

Although it was very secretive, Lu Ming could still feel it.

This person is definitely a terrible master.

Not surprisingly, it should be an invincible god.

"Brother Wuji, this time we were besieged by the Nine Yin Demon Spiders. Fortunately, we met Lu Ming for help, otherwise Han Yue would not see you."

Han Yue said.

"Lu Ming?"

Zao Wuji was taken aback for a moment, his gaze swept past Han Yue and others, and finally fell on Lu Ming.

Because of Han Yue and Liu Weiyang, only one of them is Lu Ming.

"Hey, this blood..."

When Zao Wou-ki looked at Lu Ming, he saw something unusual and found that Lu Ming's blood level was very low.

Human blood is mixed and impure.

"His bloodline... is an inferior bloodline!"

"Yes, it is definitely an inferior bloodline. There are still inferior bloodlines. Even in the last era, there are not many inferior bloodlines."

Other human races also looked at Lu Ming one after another, opened their mouths in surprise and talked a lot.

"In Xia Lu Ming, from the east of the universe, I have seen you all!"

Lu Ming clasped his fist without changing his face.

"Brother Wuji, although Lu Ming's bloodline is impure, his combat power is very strong. You can kill a strong man who breaks the extreme with a few moves. Don't underestimate him."

Han Yue quickly explained.

After all, Lu Ming is her lifesaver. She is grateful, but she doesn't want other people to be like Liu Weiyang, because Lu Ming's blood is low, so she looks down on him.

"How many moves can kill an existence that breaks the extreme once?"

Zao Wou-ki and the others changed their expressions, making them even more surprised.

"It's no longer the period of the Primordial Continent. There are not many human races that have survived, and the powerful enemies look around. Regardless of the bloodline, they should be united. How can I look down on him, girl Han Yue, you think too much."

Zao Wou-ki laughed.

Can a few strokes injure a master who breaks the extreme once, is definitely a top master in the first extreme, or even a strong one who breaks the extreme twice, how can he take it lightly?

"Not bad!"

Others also nodded.

Of course, there are a few people like Liu Weiyang who look at Lu Ming with contempt.

"Brother Lu Ming, thank you very much!"

Then, Zao Wou-ki hugged Lu Ming.

"We are both humans, we should help each other, so why don't we have to say thanks!"

Lu Ming clasped his fists in return.

"Brother Promise, let me tell you, Lu Ming is the younger sister of Sister Mulan, who made a special trip to find Sister Mulan."

Han Yue continued.

This time, Zao Wou-ki and others were even more surprised.

Lu Ming, who was Mulan's junior, was beyond their expectations.

"Today's primordial universe, close to the east, there is a long void zone, which divides the universe into two, which is extremely difficult to cross."

"At the beginning, Mulan came by an ancient teleportation formation, but according to Mulan, that ancient teleportation formation seems to be destroyed and cannot be connected. Brother Lu Ming, did you come across that nihility zone? "

Zao Wou-ki asked curiously.

Lu Ming knew what Zao Wou-ki was talking about.

There is a void between the one-third of the ruins of the universe where Lu Ming and the others are located and the two-thirds of the depths of the ruins of the universe. The scope is very large, and it is extremely difficult to cross.

Why did the three tribes of the Forbidden Area, the Celestial Clan, and the Celestial Extinguish Army, have explored one-third of the area, so they didn't continue to explore and expand the area for exploration? It is because of this nihility zone.

It is not that it is impossible to cross, but it is too difficult to want to cross.

And this void zone is full of unknown dangers.

Therefore, this void zone not only isolates the Yuanguang Clan and others, but also isolates the major forces in the depths of the ruins of the universe.

No one can tell how this nihil zone was formed.

Some people speculate that it may have been formed by the great battle of the last era.

No wonder Zao Wou-ki is curious.

"I also came through that ancient teleportation formation. Senior Sister Mulan was right. In the past, the ancient teleportation formation was destroyed, but later, it was restored."

Lu Ming explained.

"That's it!"

Zao Wuji nodded.

When they were chatting, many human masters came to gather here, and the number of human masters gathered here was increasing.

Lu Ming observed secretly and found that there were really many masters inside.

Many people are strong and unfathomable, and they contain terrifying power. Once they erupt, they are absolutely amazing.

Although he didn't really do it and it was difficult to judge the true combat power, Lu Ming felt that there was absolutely no lack of one-time and second-time destruction.

Later, Zao Wou-ki introduced a young man to Lu Ming.

Lu Ming could tell that this young man was an extremely terrifying existence, probably not weaker than Zao Wou-ki.

And Zao Wou-ki and Wordless are the leaders of this group of human races.

"The people are almost there, the magic medicine in the divine veins has also been searched by all forces, we can return to the Cangqing Divine Realm."

Zao Wou-ki's voice spread throughout the audience.

Naturally, everyone had no opinion, the divine veins had been scoured, and it would be meaningless to continue to stay.

The crowd was about to leave when they suddenly discovered that there were a large number of figures in the void in the distance, rushing towards this side, the number was no less than thousands.

"Extremely evil people, people of extremely evil people!"

"What are the extremely evil people here for? The coming is fierce, and it seems that the visitors are not good. Beware."

There was a lot of discussion from the crowd, but the people of the human race were not afraid, but showed a look of alertness and prepared for the battle.

Hh hh hh...

A group of figures stopped not far away.

They are all masters of the extremely evil race, one by one, with evil auras, staring at everyone in the human race.

"Mosha, what are you doing here?"

Zhao Wuju yelled, staring at a young man from the extremely evil race.

This young man, named Mosha, had extremely evil eyes.

"What am I doing? Knowing the consultant, Mo Kun, did you kill it?"

Mosha drank coldly, with murderous in his eyes.

Magic Kun?

Lu Ming's heart moved, but his face remained unchanged.

"Devil Kun was killed?"

The expressions of Han Yue, Liu Weiyang and others changed.

Before they came, they passed a piece of mainland fragment and saw Mo Kun and others on that piece of mainland fragment.

How long has it been since Mo Kun was actually killed?

"Devil Kun is dead?"

Zao Wou-ki's eyes moved slightly, and then he showed a sneer, and said, "What's the matter with us when the devil is killed?"

Chapter 4989: Three races confrontation

The evil spirit in Mosha's eyes became stronger. Not only him, but the masters of other extremely evil races, their eyes were also extremely cold and evil, and their eyes swept across Zao Wou-ki and the few people who said nothing.

"This area, only you, who can be if you are not?"

Mosha continued to speak, and said: "Moreover, there are two top-level source-level magical medicines in Demon Kun. Did you kill Demon Kun and seized the two top-level source-level magical medicines from him?"

"I repeat, we didn't make a move."

Zao Wou-ki cut the gold and iron words.

"Hehe, if you have a shot, it's not you who have the final say. Hand over all your storage bags. I want to check them one by one to see if the two top source-level magical medicines of Demon Kun are on your body."

Mosha said coldly.

Hearing this, Lu Ming's expression remained unchanged.

Because he knew that Zao Wou-ki and others could not agree to such an unreasonable request.

"Check our storage bags? Hahaha, it's ridiculous, depending on you, are you qualified?"

Zhao Wu extremely laughed, his body is more burly, breath is like a mountain, long hair flying, like a **** of war.

The blood on his body seemed to be burning, a heavy breath made Lu Ming feel pressure.

This pressure does not come from the opponent's combat power, but from that kind of blood pressure.

The blood of the superior!

Fortunately, it was Lu Ming. If an ordinary human race faced the aura of Zao Wou-ki, he would be terrified and would kneel down involuntarily.

It is like an ordinary dragon facing a nine-clawed dragon, and an ordinary angel facing a twelve-winged angel.

Zao Wou-ki's human blood is extremely powerful, more powerful and pure than Han Yue, Liu Weiyang and others.

Not only Zao Wou-ki, but Yan Wu-Ki is also enveloped by a layer of gorgeous glow, permeating an aura no weaker than Zao Wou-ki

Other human masters also burst out with powerful auras, facing away from the extremely evil people, their auras collided in the void, and bursts of roar broke out.

There are many powerful humans in the human race, which is not like the eastern universe (after Lu Ming and the others have explored one-third of the area, called the eastern universe, the two-thirds of the deep universe is called the western universe), Completely forbidden to beat the creatures.

The strong human race here is not weaker than the extreme evil race at all. Therefore, although the two sides confronted each other, no big battle broke out for a while.

"Who killed Mo Kun? Could it be?"

Among the crowd, Han Yue, Liu Weiyang and others turned their minds, and then looked at Lu Ming involuntarily.

They all suspect that it is Lu Ming.

Before, Lu Ming had left for a while, saying that there was something to do. Could it be that he took the opportunity to go back and kill the magic kun and seized the two top source-level magical drugs from the magic kun?

However, Mo Kun is a master who broke the extreme for the second time, and there are other masters to assist him. With Lu Ming's cultivation base, can he do it?

Even Liu Weiyang, who wanted to tell the extremely evil tribe directly, was done by Lu Ming and wanted to rely on Lu Ming.

But in the end, he did not do so.

This is not the time of the Primordial Continent. The strength of the human race today is far from comparable to that of the last epoch. It is too weak, so the human race must be very united.

If he betrayed Lu Ming in a large crowd, he would be betraying his clan and would be hostile by all his clan members. From now on, he would be unable to do anything in the Cangqing Divine Realm.

At this moment, a large number of figures came in the other direction.

The masters of the extremely evil race and the human race were shocked at the same time, and couldn't help but converge their aura, concentrating on guard.

Soon, a large number of figures stopped in another void.

Nine Yin Demon Spider!

The figures that appeared later were all Nine Yin Demon Spiders, and the number was very large, at least several thousand.

These Nine Yin Demon Spiders stopped in another direction, forming a confrontation with the Human Race and the Extremely Evil Race.

"Hahaha, it seems that this area is not only us, but also the Nine Yin Demon Spider Clan, do you also want to search for the Nine Yin Demon Spider Clan's storage bags?"

Zhao Wu greatly laughed.

People of the extremely evil race, their faces gloomy.

Mosha's evil eyes swept back and forth on the body of the Jiuyin Demon Spider Clan, with unkind intentions.

"Zhu Xiang, said, did you kill Demon Kun and take away the two top source-level magical medicines from them?"

Mosha stared at a young man in the Nine Yin Demon Spider Clan and shouted coldly.

"fart!"

Zhu Xiang, a young man from the Nine Yin Demon Spider Clan, responded coldly.

"You...Zhu Xiang, you are looking for death!"

Mosha shouted.

"Just because you want to kill me, it's a bit close."

Zhu Xiang sneered, seemingly not afraid of Mosha.

This time, it was the turn of the Nine Yin Demon Spider Race and the Extreme Evil Race to confront each other.

People from the Nine Yin Demon Spider Clan were also in this area, and that Demon Kun could also be killed by a Nine Yin Demon Spider Clan.

Lu Ming looked on coldly, but he kept analyzing what he saw and heard in his heart.

It can be inferred from the current situation that the situation of the major forces in the western universe is completely different from that of the eastern universe.

In the eastern universe, the three tribes of the Forbidden Land, and even the Celestial Race joined forces to suppress the Celestial Exterminating Army, and the Celestial Exterminating Army is at stake.

But the western universe seems to be different.

The forbidden land creatures seem to have no intention of joining forces against the human race.

This can be seen from the confrontation between the Extreme Evil Race and the Nine Yin Demon Spider Race.

For example, the extremely evil tribe has an unfriendly relationship with the Nine Yin Demon Spider Race, which is similar to the relationship between the extreme evil tribe and the human race, and it is a gesture that will go to war at any time.

They are all hostile and competitive!

If the other creatures in the forbidden area are like this, then the situation of the universe human race in the west is countless times better than the situation of the universe annihilating army in the east.

In fact, after another thought, it was actually normal.

In the eastern universe, why the three tribes of the Forbidden Land would join forces to deal with the Celestial Annihilation Army is actually because of the Taboo Body.

Whether it's Tang Feng, Feihuang, Lu Ming, Gu Changfeng, they are all taboos, and they control the power of the universe.

The stronger they are, the greater the suppression of the three clans of the Forbidden Land.

It can be said that the forbidden body is the common enemy of the three races of the forbidden area.

In particular, Ye Immortal was lobbying in the middle, and it was the result of the major forces joining forces to deal with the Heaven Exterminating Army.

In fact, when the three clans of the Forbidden Land were first born, they all fought separately, but they didn't have the slightest idea of joining forces to deal with the Celestial Destruction Army.

And the western universe, if there is no forbidden body, then there is no need for the forbidden creatures to join forces against the human race.

Today's human race is not as powerful as the last era, and requires the cooperation of various places.

With Lu Ming's cleverness, he quickly figured this out.

Although the Extreme Evil Race and the Nine Yin Demon Spider Race were facing each other, they didn't really do anything.

There are three major forces here, and no one dares to take the lead.

For example, the extremely evil clan would act on the Nine Yin Demon Spiders, and the Human Clan would wait for an opportunity to attack them, then they would not be in danger.

vice versa.

Although the people of the extremely evil race suspected that the Demon Kun was killed by the Nine Yin Demon Spider or the Human Race, they couldn't get any evidence, nor could they be completely sure, even if they were angry, it wouldn't help.

Chapter 4990: Lu Ming's doubts

"Hmph, sooner or later I will find out who killed Demon Kun. I swear indifferently, I will never let the person who killed Demon Kun, I will abolish his repair base and skin cramps."

Mosha is a very evil way.

Mosha said that he planned to retreat.

He knew very well that continuing the confrontation like this was not a solution. It was impossible to find the murderer who killed the demon Kun.

Nine Yin Demon Spiders and Human Race can't really check their storage bags. The reason why he said this is just to cause psychological pressure on the other party.

"Go slow, don't send it!"

Zhu Xiang coldly said.

Zao Wou-ki and Words also sneered at Mosha.

Humph!

Mosha snorted coldly, took the extremely evil people, turned and left.

In a blink of an eye, people from the extremely evil race walked away completely.

"Zao Wou-ki, speechless, Mo Kun, you killed it."

After the extremely evil people left, Zhu Xiang looked at Zao Wou-ki and the two of them with no words.

Because Zhu Xiang knew very well that their Jiuyin Demon Spider did not kill Demon Kun.

They didn't kill it, isn't it the Human Race?

It just so happened that Zao Wou-ki, Wordless and others thought the same way.

"Zhu Xiang, you are a thief calling to catch a thief."

Zao Wou-ki sneered.

"Ha ha!"

Zhu Xiang sneered, and then stopped saying much, with the people of the Nine Yin Demon Spider Clan, moving on, and soon disappeared here.

"I didn't go!"

After the people of the Nine Yin Demon Spider left, Zao Wou-ki also gave a soft drink, leading the people of the human race on the road, towards the Cangqing Divine Realm.

"Senior Sister Mulan, here I am!"

Lu Ming's heart was a little excited.

I haven't seen him for more than 10,000 years, and I don't know what expression Mulan would look like when he saw him.

Lu Ming is looking forward to it!

.....

Just when Lu Ming followed Zao Wuji and others to the Cangqing Divine Realm, there was also a major adjustment in the eastern universe.

Ye Immortal, once again brought together the three tribes of the Forbidden Land to join forces, planning to deepen the ruins of the universe ahead, which is the universe to the west.

Their purpose is the human king's heart.

Ye Immortal explained that the human body has fallen into the hands of the Heaven Extinguishing Army. Once the Heaven Extinguishing Army gains the human king's heart and the human body is perfect, it will be invincible.

Pushing the human king's body is really sweeping invincible, even if there are ancestor-level existences hidden in the three clans of the forbidden area, it is probably not the opponent of the human king's body.

Therefore, the human king's heart must not fall into the hands of the Exterminating Army.

Without the Human King's heart, the Human King's physical body would not be able to mobilize, and once the origin of the disaster is over, the destruction of the heavenly army will no longer be a threat.

Regarding the King of Humanity, the three tribes of the forbidden area did not dare to be careless, so they sent most of the top masters to go to the western universe with Ye Immortal.

They naturally don't know the ancient teleportation array, they are going to cross the void and head to the western universe.

The reason they want to go to the western universe is because the eastern universe has been explored a lot, and they have not found the slightest clue about the human king's heart.

Then there is only one explanation, the human king's heart is not in the east universe, but in the west universe.

Although crossing the void is difficult and very dangerous, as long as there are fewer people and be careful, it shouldn't be a big problem. It just takes a long time.

.....

After several days of rushing, Lu Ming and the others finally returned to the Cangqing Divine Realm.

"Is this the Cangqing Divine Realm? It is very different from other continent fragments. Why does it feel a bit similar to the world in my prehistoric ring?"

After arriving at the Cangqing Divine Realm, Lu Ming looked at it carefully, very surprised.

The Cangqing Divine Realm is actually a continent, but most of it is hidden in the void, only a small part is exposed outside the void, but there are also powerful restrictions.

It seems that the Cangqing Divine Realm should also be part of the Primordial Continent, and ordinary people are terribly difficult to distinguish the difference.

But Lu Ming was able to distinguish a slight difference. The main reason was that the Cangqing Divine Realm was somewhat similar to the Honghuang Ring.

The breath is thick, ancient and wild, as if carrying a universe.

This is fundamentally different from ordinary continental fragments.

Lu Ming once felt this feeling in the halo world.

In the halo world, the human king's torso was once sealed.

The prehistoric ring, the halo world, and the heavenly realm all have similarities. Is there any connection among them?

Unfortunately, Lu Ming had too little information. He wanted to break his head, but he couldn't think of a reason.

"Lu Ming, sister Mulan, lives in Tianlan Garden, I will take you there?"

Han Yue said to Lu Ming.

This was exactly what Lu Ming meant, and Lu Ming nodded quickly.

Immediately, Han Yue led Lu Ming towards Tianlan Garden, and while flying, introduced Lu Ming to some important places in the Cangqing Divine Realm.

"Humph!"

Liu Weiyang looked at Lu Ming's departure from the back, gave a cold snort, and then left with the other youths who had been close to him.

Soon, Lu Ming and the others came to a lakeside, and there was a courtyard beside the lakeside.

This is Tianlan Garden, where Mulan lives.

"Miss Han Yue, are you here to see Miss Mulan? Unfortunately, Miss Mulan was closed some time ago. I'm afraid I won't be able to see you for the time being."

In front of the door, a woman dressed as a maid smiled.

"Retreat? Is it an important retreat?"

Lu Ming asked quickly.

Is it going to be a trip for nothing?

"Yes, Miss Mulan has made a major breakthrough. I am afraid that she will be able to break through this time."

Maid said.

Second break!

Lu Ming's eyes lit up.

In this way, Mulan's cultivation level has also reached the peak of the gods, because only the peak of the gods has the theory of breaking the extreme.

Without reaching the peak of God Lord, there is no such thing as breaking the extreme.

Lu Ming really did not expect that Mulan would have achieved such an achievement after not seeing him for more than 10,000 years.

The second breaking extreme, even if placed among the creatures in the forbidden area, it would be considered a peerless genius.

Putting it among the tens of thousands of races in the universe, it is even more invincible.

With Mulan's previous talent, it was impossible to do it.

In fact, with the rise of Lu Ming, the gap between Mulan and Lu Ming has widened.

Not to mention the creatures in the Forbidden Land, even among the cosmic races, Mulan's talent is actually very average, even bad.

But now, Mulan is about to break the extreme twice, this talent is no worse than Xie Nianqing.

You know, Xie Nianqing's current combat power is only a second break.

Xie Nianqing was a person of reincarnation, and his previous life was in the original state, and he had obtained a series of opportunities to achieve such an achievement.

Mulan was also coming soon. To be honest, Lu Ming was really surprised.

There is only one explanation, that is, over the years, Mulan has gotten a chance against the sky.

Lu Ming thought of the mysterious existence in the stone house on the ancient transmission road, the opportunity left by the ancient transmission road, and the good fortune jade pond...

Lu Ming still remembered that it was Mulan who let Cangqing Divine Realm be born early.

Originally, the Cangqing Divine Realm was sealed in the depths of the void of the universe, and could not be broken inside or outside.

And Mulan, with a gem, opened the seal of Cangqing Divine Realm.

That gem is definitely a peerless treasure.
