

D Emperor 5031

Chapter 5031: Phoenix

Two monsters were hit by a gunshot and smashed to the ground. Many bones were broken and severely injured.

Of course, Lu Ming's men were merciful and didn't kill them because it was unnecessary.

For one thing, the prehistoric monster race, that is also the creature of the prehistoric universe, is of the same origin with him, and has no grievances or enmity with him, why bother with him?

Secondly, by keeping them, you can also help find the Phoenix Spirit, which has the best of both worlds.

"how come?"

The other four demon races looked stunned. They didn't expect the two powerful helpers they had found to be defeated just like that, easily and completely crushed.

Then, they chilled.

That's it!

They are over, they are dead.

Lu Ming will not let him go.

They were stiff in place, neither daring to escape nor to speak.

Lu Ming landed next to Bai Hu and Flying Snake, using two taboo powers to break into the sea of knowledge between Bai Hu and Flying Snake.

The white tiger and the flying snake were dejected.

They understood that their life and death were already between Lu Ming's thoughts.

Then, Lu Ming showed the portrait of Huang Ling to Bai Hu and Flying Snake: "Have you seen her?"

"Hey, isn't this Phoenix Spirit?"

The white tiger let out a cry.

"Have you seen her?"

Lu Ming was shocked and couldn't help but blurt out.

He didn't mention the name of the 'Phoenix Spirit' at all, nor did he mention the monster races that he controlled before.

However, this white tiger said Huang Ling's name all at once, and there was only one explanation. The white tiger had seen Huang Ling and even knew him.

"Of course I have seen it, but it has been many years ago, maybe ten thousand years ago."

Bai Hu said.

"Ten thousand years ago, you met Huang Ling, how is she now? Where is she?"

Lu Ming asked several questions repeatedly.

"I said, I saw her ten thousand years ago, how is she now, how do I know? But where is she, I know."

Bai Hu said.

"Where is she?"

"Above Ten Thousand Demons Road!"

Bai Hu said.

"Ten Thousand Demons Road?"

Lu Ming was puzzled.

"Yes, Ten Thousand Demon Road is a forbidden area of Ten Thousand Demon Mountain. There are various legends, legends, there are anti-natural destiny in it, and there are legends, through Ten Thousand Demon Road, you can leave Ten Thousand Demon Mountain... Open Ten Thousand Demon Mountain and The passage of the universe..."

Bai Hu explained.

"Leave Ten Thousand Demon Mountain? Can't you leave Ten Thousand Demon Mountain?"

Lu Ming was surprised.

"Of course you can't leave, otherwise why should I ask where you are from?"

Bai Hu said.

Lu Ming's eyes moved, and it was true, not only Bai Hu had asked, but other demons had also asked the same question before.

"why?"

Lu Ming continued to ask, but he had to ask, it was very important.

If the Yaozu and others can't leave, wouldn't he also be unable to leave either?

"In the last epoch, a world-shattering war broke out in the Primordial Continent, and the Primordial Continent was blown up. At the last moment, the strong of the Ten Thousand Demon Mountain, with the supreme power of the immortal, strengthened the big treasure outside, sealed the Ten Thousand Demon Mountain. Inside the Demon Mountain, it is completely isolated from the outside world, and the passage is closed. I wait for the Demon Race and cannot go out."

"Until more than ten thousand years ago, Huang Ling suddenly came in. She came in from outside. This gave us hope. We thought we could go out along the passage where she came in. It's a pity..."

Bai Hu explained, sighing last.

"Can you tell me how you got in?"

The flying snake asked, hopeful in his eyes.

"I'm..."

Immediately, Lu Ming talked about the passage he entered.

"Unexpectedly, you and Huang Ling came in through the same passage, so we've checked it a long time ago. It's useless at all. You can only enter, not exit."

Bai Hu sighed, his face full of disappointment.

Lu Ming's face was also a little ugly.

Can not Go Out?

Do you want to stay here for a lifetime?

This was unacceptable to Lu Ming.

"Let's take one step at a time, at least you know the news of Huang Ling."

Lu Ming comforted himself like this.

"Where is the Ten Thousand Demon Road, you take me there."

Lu Ming said.

"Okay, we'll take you there, but there is no way out on Wan Yao Road. If you want to go in, be prepared to be trapped there forever."

Bai Hu reminded him.

"It doesn't matter, you hurry up and heal your injuries, I'll wait for you!"

Lu Ming said.

The other four monsters breathed a sigh of relief. It seemed that Lu Ming had no plans to deal with them.

The Yaozu's talent is indeed powerful. In less than an hour, the injuries of the White Tiger and the Flying Snake have been healed.

"You come with us."

Bai Hu said, flying into the air with Flying Snake, Lu Ming followed closely behind.

With the white tiger and the flying snake leading the way, naturally there was no monster to stop Lu Ming, and the road was unimpeded. After half a day, Lu Ming saw two peaks.

These two peaks are too majestic, like two sharp swords stuck in the earth.

The two peaks are very close, forming a canyon.

At this moment, a call came from one of the mountain peaks, and then, in that mountain peak, there was a fiery red figure flying towards this side quickly.

"One...Phoenix!"

Lu Ming's eyes narrowed.

This red light was clearly a fiery red phoenix, covered with scarlet flames.

This is a phoenix!

The speed of the fire phoenix was extremely fast, and in a blink of an eye, it came close to Lu Ming and stopped not far away.

"Sister!"

"Xiao Bai has seen the eldest sister."

Flying Snake and White Tiger hurriedly flew over and saluted the Fire Phoenix.

Big sister?

Lu Ming was speechless.

It seems that this fire phoenix is female.

Lu Ming carefully looked at the fire phoenix.

To be honest, this fire phoenix is very similar to the phoenix in the world of Xiaoqian, and looks almost the same.

However, there are some differences in temperament.

This fire phoenix gave people a powerful coercion, and its body was like a melting pot, containing an aura of horror.

The bloodline level is completely different.

This is the real prehistoric monster race, the monster race in the small thousand world or the universe starry sky, are all evolved from the flesh and blood of the monster race powerhouse in the last era after the death of the monster race. It has a shape, but it is only a mixed blood.

The appearance is similar, but the essence is completely different, not one level.

The Phoenix did not look at the White Tiger and the Flying Snake, her eyes fixed on Lu Ming.

"A human race, how did he get in?"

The fire phoenix spoke, with a clear and pleasant voice, like a seventeen or eighteen-year-old girl.

In fact, Lu Ming could also see through the aura of life origin that this fire phoenix was not very old, and was considered very young among the monster clan.

"Sister, we asked, he and Huang Ling came in through the same tunnel."

Bai Hu said.

"Are you coming in the same channel as Phoenix Spirit?"

The Fire Phoenix looked disappointed, but recovered quickly, saying, "What are you doing with him here?"

"Eldest sister, he is here to find Huang Ling, and he said he will also enter Ten Thousand Demons Road."

Bai Hu replied.

"He also wants to enter Ten Thousand Demons Road?"

[Reading book leads red envelopes] Follow public.. public accounts [Book Friends Base Camp], reading books can draw up to 888 cash red envelopes!

The Fire Phoenix's voice suddenly rose, and he continued to look at Lu Ming: "Boy, are you going to enter the Ten Thousand Demon Road?"

"Yes! Please be accommodating!"

Lu Ming clasped his fists.

Chapter 5032: Phoenix Combat

The fire phoenix showed a pensive color, and then said: "Boy, do you know the specific situation of Wan Yao Road?"

"do not know!"

Lu Ming shook his head.

"Okay, let me tell you, Ten Thousand Demon Road is the holy road of Demon Race Ten Thousand Demon Mountain. Inside, there are many levels, and every level has the unique knowledge of the Demon Race. If you can penetrate it, it will be a great opportunity. "

"However, if you can't penetrate it, you will always be stuck on the road of ten thousand demons, unable to advance or retreat!"

Fire Phoenix explained.

"You mean, you will either go through the entire path of all monsters, or if you don't go through, you will be trapped in it forever, maybe you can't even retreat."

Lu Ming asked.

"No. Therefore, Huang Ling has entered ten thousand years, and there is no movement at all. Ancient books record that there was a person who was amazing and brilliant. Entering it, he never walked out until he died of old age."

"But there is a legend. According to legend, if a creature can walk through the Ten Thousand Demon Road, the seal of Ten Thousand Demon Mountain will be opened, and the inside of Ten Thousand

Demon Mountain will be able to communicate with the outside world. Therefore, you have to enter the Ten Thousand Demon Mountain. I will not stop you, but I will try you first."

Fire Phoenix said.

"Try it? How to try?" Lu Ming said.

"Of course it is to try your strength. Are you qualified to enter the Ten Thousand Demon Road? If your strength is not enough, entering the Ten Thousand Demon Road is just to die."

The fire phoenix said, the voice fell, the aura on the fire phoenix soared, the flames soared into the sky, covering half of the void, and the temperature between the sky and the earth also rose sharply.

White Tiger and Flying Snake quickly backed away, avoiding them from a distance.

"bring it on!"

Lu Ming volleyed his palms, and the God of War Spear appeared in his hands, his eyes bright and his fighting spirit was strong.

Honghuang Phoenix, he also wanted to know the strength of the opponent.

The prehistoric monster race has thousands of races, but there are only two strongest races, that is, the dragon race and the phoenix.

The strongest sacred place of the Yao Clan is called the Dragon Phoenix Immortal Palace, which can be seen from this.

The dragons and the phoenix sit in the dragon and phoenix immortal palace, command the ten thousand monsters, and the talent and combat power of the phoenix must be extremely amazing.

Cang Qiong once told Lu Ming that most of the dragons in the universe today are mixed blood, and only the nine-clawed dragons are the closest to the bloodline of the prehistoric dragons.

Even the nine-clawed dragon was just an ordinary dragon in the last era.

Lu Ming was shocked at the time.

You know, nine-clawed dragons, but the highest-level dragons, have very strong talents, and they are all top talents in the universe.

Of course, the general nine-clawed dragon, cultivating to the peak of the god, is at most only the combat power of the top heavenly monarch, and it is far from reaching the combat power of the strongest heavenly monarch, that is, it breaks the extreme.

But it's amazing enough.

Because, in the period of the Primordial Continent, it was only equivalent to the ordinary dragon clan. It can be imagined that the dragon clan of the Primordial Continent period must have a more talented dragon clan.

Where can the phoenix, who can be as famous as the dragon clan, go?

Lu Ming also wanted to know how powerful the top race of the Primordial Monster Race was.

"Be careful..."

The Fire Phoenix reminded him, flapping its wings, turning into a red light, and rushed towards Lu Ming.

A terrible heat wave rushed to the face, and the void began to twist and crack.

Then, Fire Phoenix opened his mouth and a pillar of fire rushed towards Lu Ming.

The temperature was even more terrifying, and even Lu Ming felt a burning sensation on his skin.

Hum!

Lu Ming held the God of War spear in his hand as a battle axe, and a huge spear light pushed forward.

Rumble!

The heat wave broke apart and collided with the fire pillar ejected by the fire phoenix. The two stood in a stalemate, and the fire pillar exploded with a hit.

"A little bit of strength, come again!"

The fire phoenix roared and its wings stirred, and seven feathers flew out of her body, all of which contained an aura of horror, like seven divine swords.

Shoo...

Seven feathers, to kill Lu Ming.

Lu Ming waved his spear, blocking all seven feathers.

"You only have this strength? The phoenix clan is nothing more than that!"

Lu Ming smiled lightly, his tone full of contempt.

Lu Ming wanted to stimulate the opponent to use all his strength, he knew that this fire phoenix hadn't used all his strength.

Sure enough, the proud fire phoenix was furious, and shouted: "You dare to underestimate me, I will burn you to ashes..."

The furious fire phoenix, the color of the flame on its body, unexpectedly began to change, from fiery red to purple.

With a long roar, the purple flames soared, and a new phoenix was formed.

This phoenix was formed entirely from flames, but it was lifelike, as if it were real.

The phoenix condensed by purple flames stirred by its wings, rushed towards Lu Ming.

The Fire Phoenix body also culled towards Lu Ming.

The two phoenixes formed a flanking attack.

"A kind of combined attack!"

Before the opponent's attack arrived, Lu Ming felt the terrifying wave of Fire Phoenix's attack, and the power was amazing.

A fire phoenix can actually perform the art of combined attack, which is really amazing.

"Break through the air!"

Lu Ming dealt with it intently, spears crisscrossed, and fought against the Phoenix. In an instant, the two confronted each other with seven or eight moves.

The fighting power of this fire phoenix is undoubtedly strong and amazing, definitely breaking the extreme three times.

Moreover, after performing such a combined attack, the combat power was absolutely top-notch in the three extreme breaks. Lu Ming judged that it should surpass Zhu Tian of the Nine Yin Demon Spider clan.

Lu Ming has never fought against the evil cicadas of the extremely evil clan, but according to legend, the fighting power of evil cicadas is above Zhu Tian, and he is one of the few people who have come close to breaking the extreme four times.

Lu Ming estimated that this fire phoenix was probably not weaker than the evil cicada.

Of course, he didn't break the pole four times, after all, he was not Lu Ming's opponent.

Lu Ming remained motionless as a mountain, constantly wielding the God of War spear, and knocked the Fire Phoenix away.

One reality and the other virtual, two phoenixes continue to surround and sing and attack, performing the combined attack technique.

The two are originally integrated, and the combined attack is naturally seamless, without the slightest flaw, and can bring the power to the extreme.

It's a pity that there is nothing to do with Lu Ming.

After continuously attacking dozens of moves, suddenly, two phoenixes retreated quickly, and the phoenix condensed by purple flames rushed towards the body and disappeared in the body.

"No more fight, no more fight..."

The Fire Phoenix screamed, and the aura on his body began to converge.

"It's done? Am I eligible to enter Wan Yao Road?"

Lu Ming said.

"You are a pervert."

Fire Phoenix said.

Lu Ming: "..."

"You are indeed qualified to enter the Ten Thousand Demon Road, but you should not be too proud. You should break the extreme four times. It proves your talent, but even if you break the extreme four times, you may not be able to pass through. Wanyao Road, in history, it's not that there is no existence that has broken the extreme four times to be trapped and die on Wanyao Road forever..."

Fire Phoenix warned seriously.

"Whether it is possible or not, I have to take a trip, I have no choice."

Lu Ming smiled, his expression complacent.

Chapter 5033: Find the weakness of witchcraft

The Fire Phoenix's eyes turned, as if thinking about something. After a while, there was a decisive expression in her eyes, as if it had decided something.

"Okay, but I want to enter Wan Yao Road with you."

Fire Phoenix said.

At one point, White Tiger and Flying Snake were shocked.

"Sister, no, if you don't get out of Ten Thousand Demon Road, you will die on Ten Thousand Demon Road for a lifetime."

"Yeah, sister, this is too dangerous, think twice."

Bai Hu and Flying Snake hurriedly persuaded them.

"You don't need to persuade. What is the difference between leaving the Ten Thousand Demon Mountain and not being able to go out, and being trapped on Ten Thousand Demon Road? Besides, my current cultivation has reached its limit, and I have been unable to comprehend the Origin Art. Entering the Ten Thousand Demon Mountain can help me understand the origin art, and thus achieve four times of breaking the extreme..."

Fire Phoenix said, ambitious.

However, Baihu and Flying Snake were still worried.

"Don't worry, this guy is more talented than me. Maybe he can cross the Ten Thousand Demon Road. Then, the inside of the Ten Thousand Demon Mountain will be connected to the outside world, and I will naturally be free. This is a good opportunity."

Fire Phoenix said.

According to her speculation, if Lu Ming really made it through the Ten Thousand Demon Road, the chance of the Ten Thousand Demon Road might disappear. Even if she wanted to enter the Ten Thousand Demon Road in the future, she would have no chance.

Seeing that the Fire Phoenix had decided, Bai Hu and Fei Snake stopped persuading each other.

"Boy, my name is Zhao Qing, what is your name?"

The Fire Phoenix looked at Lu Ming and asked.

"Lu Ming!"

Lu Ming answered.

"Lu Ming, let's go, the entrance of Wanyao Road is between the two peaks."

After the fire phoenix finished speaking, he flew towards the middle of the two peaks.

Between the two mountain peaks, there is a huge valley. When I came to the end of the valley, I found an ancient stone gate here. The Fire Phoenix told that through the stone gate, you would enter the Ten Thousand Demons Road.

Once you enter the Ten Thousand Demon Road, you can only move forward, not back.

"Let's go!"

Lu Ming's eyes were firm, he stepped forward and walked towards Shimen.

The Fire Phoenix hurriedly followed, one after another with Lu Ming, into the Shimen.

As soon as he entered Shimen, the surrounding scenery suddenly changed, and Lu Ming discovered that he had appeared on a small square.

He was alone in the square, and Zhao Qing was not seen.

Lu Ming was not surprised. On the way, Zhao Qing told him that even if two people entered at the same time, they would be separated after entering Wanyao Road.

They are all alone breaking through the barriers, alone in the road of ten thousand monsters, it is impossible to give you the opportunity to discuss each other.

If you want to get out of the road of ten thousand monsters, you rely on true ability.

"A stone monument!"

Lu Ming found that in the middle of the square, there was a stone stele standing upright. On the stele, a black wolf was carved.

The black wolf was about to rush, his eyes fierce.

Suddenly, the stone tablet glowed, and the black wolf on the stone tablet rushed out of the stone tablet.

Roar!

The black wolf in the stele roared, and its body traversed in the void, splitting into five black wolves, and rushing towards Lu Ming from five directions.

Lu Ming grabbed the palm of his hand volley, and the power of the taboo condensed into a long spear and swept it out.

The spear light swept across all directions, and the five black wolves were all ripped apart.

But after the black wolf collapsed, it immediately condensed and continued to pounce on Lu Ming, nothing happened.

"Zhao Qing is right. The demons appearing on Ten Thousand Demons Road are not real creatures at all, but are realized by demonic magic. It is impossible to defeat them. If you want to crack it, you can only find out the weakness of this magic. , But to find out the weakness of this kind of magic, you must be familiar with this kind of magic..."

Lu Ming whispered.

In other words, it is to understand this kind of magic.

It is easier said than done to understand a kind of magic and find out the weaknesses.

Besides, this is the first level, Wan Yao Road, but there are ninety-nine and eighty-one levels, one level is more difficult than the other.

It is as difficult as heaven to get through all of them.

However, no matter how difficult it is, we must overcome it.

Lu Ming's eyes were firm, and he stared at the five black wolves.

Swish!

The five black wolves continued to pounce, and every pounce was actually a change of magic.

Lu Ming flickered, avoiding the attack of the black wolf, dodge and observe.

Although Lu Ming had never been exposed to black magic.

But everything is inseparable from its origins.

Lu Ming controlled three thousand ancient secret techniques, and most of them were realized by himself, and he also created two unique secret techniques of his own.

Lu Ming has a strong understanding of all kinds of 'techniques', which is rare in ancient times.

By analogy, even if Lu Ming hadn't been exposed to black magic, he would realize his speed at an astonishing speed.

In just a few days, Lu Ming had some eyebrows. After ten days, Lu Ming had fully understood this secret technique and found his weakness.

Lu Ming fired five shots in a row and pointed them on the five black wolves. The five black wolves puffed, turning into a puff of black smoke, and returned to the stone tablet.

The next moment, an array pattern appeared under Lu Ming's feet.

At the center of the pattern, was a pitch-black vortex, and a strong gravitational force spread from the vortex, drawing Lu Ming into it.

The next moment, Lu Ming discovered that he had appeared in a new square.

This square looked similar to the one before, but Lu Ming knew that he had reached the second level.

Because there are two stone steles standing in the middle of the square.

One stone stele was carved with a tiger, and the other stone stele was carved with a green snake.

The stele glowed, and the tiger and the green snake flew out and rushed towards Lu Ming.

At the same time, it was transformed by magic.

As before, Lu Ming dodges and comprehends.

The two kinds of magic arts are naturally more difficult to comprehend. This time, it took Lu Ming more than 20 days to successfully comprehend and find the weakness. He passed this level and entered the third level.

In the third level, there is still a square, but there are three stone tablets in the square.

On a stone tablet, there is a ferocious pig, a lizard, and an octopus.

Three kinds of black magic come together...

In this way, Lu Ming was quietly comprehending the magic, and it was ten years in a hurry.

In ten years, Lu Ming passed 19 levels and entered the 20th level.

In the twentieth level, there are a total of twenty kinds of magic appearing.

As the Ten Thousand Demon Road goes to the back, not only does it become more and more mysterious, but it also becomes more and more mysterious. The magical arts that appear in manifestation are getting stronger and stronger, and it is more difficult to comprehend.

Twenty kinds of sorcery were shot together, dazzled, completely confused, and it was even more difficult to comprehend.

Here, Lu Ming finally encountered difficulty, unable to avoid it completely, and was attacked by black magic.

Suddenly, several wounds appeared on Lu Ming's body, blood was flowing, and bursts of tingling pain came from him.

"poisonous!"

Lu Ming discovered that the energy that the opponent attacked on him contained extremely poison. This poison was so powerful that even Lu Ming felt dizzy.

On the Road of Ten Thousand Monsters, the battle armor of the gods cannot be used, so the battle armor can not be used to resist these magic attacks, and it can only be resisted by its own real strength.

Therefore, the Ten Thousand Demon Road is very dangerous. If you accidentally cross the Ten Thousand Demon Road, your life may not be guaranteed.

Of course, Wan Yao Road also left a way out.

Chapter 5034: Have rewards

Wanyao Road also left a way out for every passer-by.

At the back of the square, there is a stone platform. If the trespasser feels that he can't stand it anymore, and retreat to the stone platform in time, the monster races with magical magic will not continue to attack.

This leaves a respite for the passer-by.

Otherwise, if the trespasser can't stand it, and can't retreat, wouldn't it be dead?

With a retreat, as long as you feel unable to hold on and retreat in time, there will be no life-threatening.

Of course, if someone is clearly unable to hold on, does not retreat, but still stands firm, then he is going to die.

However, Lu Ming was still able to withstand it now. Although he was a little dizzy, he used the power of taboo, and his state would soon be better.

He continued to fight with twenty monsters with manifestation of magic arts, and continued to comprehend these magic arts.

After holding on for another moment, when Lu Ming felt that he was approaching his limit, he quickly backed away, and twenty monsters chased him wildly, but after a step, Lu Ming retreated to the stone platform outside the square.

When Lu Ming retreated to the stone platform, the twenty monster races immediately stopped, and one after another turned into a glowing glow, they sank into the stone tablet and disappeared.

[Book Friends Benefits] You can get cash or credits by reading books, and iPhone12 and Switch are waiting for you! Follow the vx public account [Book Friends Base Camp] to get it!

"It's really difficult to comprehend twenty secret arts in a chaotic attack..."

Lu Ming sighed.

However, Lu Ming already had a way to deal with it.

That is, staring at one enlightenment, ignoring other monsters, waiting for this kind of magic to be fully understood, find its weakness, and get rid of this kind of magic. In this way, there are only ten monsters whose magic is manifested. Nine kinds, it will become easier to deal with.

Lu Ming sat cross-legged, using taboo power, and his injury quickly recovered.

Lu Ming's recovery speed was astonishing, even if he was poisoned, it was the same. It didn't take long before Lu Ming healed and recovered to its peak.

"It's time to refine the Yuanshen medicinal solution."

Lu Ming thought, and then with a thought, he entered the prey and began to refine the Yuanshen medicine liquid.

Refining the Yuanshen medicinal solution is a big deal, because you can refine one drop every month, but if you miss it, for example, if you refine it after a year, it is impossible to refine twelve drops at once, but you can only refine one drop.

Even if you have passed a hundred years, you can only extract one drop.

Therefore, every month, as long as Lu Ming is okay, he will refine Yuanshen medicine.

In the ten years since entering Wan Yao Road, Lu Ming would look for opportunities to retreat to the stone platform outside the square every month, waiting for the source of God's medicinal solution to be refined before continuing to understand the magic.

Even sometimes, he will absorb the Yuanshen medicinal solution, and he is comprehending the magic.

Otherwise, it won't take such a long time for him to get here.

After the Yuanshen medicinal solution was refined, Lu Ming left the stone platform and entered the square.

As soon as Lu Ming entered the square, the stele glowed, and twenty monsters with manifestations of magic rushed towards Lu Ming.

Lu Ming kept staring at one of the monsters, dodge the other monsters with all his strength.

In this way, after a while, Lu Ming was injured again, and he retreated to the stone platform to recover, but he had gained a lot, and he had gained a lot of insight into that kind of magic.

As he learned more and more witchcraft, the speed at which he learned witchcraft became faster and faster.

The same kind of magic, if Lu Ming took ten days at the beginning, now it takes six or seven days to comprehend it.

At the same time, he discovered that magic and ancient mysteries have similarities and similarities, and they have something in common with each other.

This allowed him to have a clearer understanding of his own source art while he was comprehending magic arts.

That's right, comprehension of the magic here can promote him to comprehend his own source art.

With the mutual confirmation of the magic and the ancient mystery, in my mind, the cognition of the source technique is getting deeper and deeper.

After he recovered, Lu Ming continued to comprehend.

After a few days, Lu Ming finally succeeded in comprehending this kind of magic and found his weakness.

call out!

The gun was shot like a dragon, and one shot was pierced on the weakness of this kind of magic, and defeated the monster race.

In this way, there are only nineteen types of 20 magic arts.

Lu Ming did exactly what he had done, and continued to stare at one of the magic arts for enlightenment.

A few days later, this kind of magic was also successfully comprehended by Lu Ming, and defeated the demons who manifested this kind of magic.

Next, with the reduction of magic arts, the speed of Lu Ming's enlightenment became faster and faster.

In this way, after several months, Lu Ming passed this level and entered the 21st level.

It has to be said that Lu Ming's talents in understanding all kinds of 'skills' are too strong, his speed is too fast, his experience is too rich, and there is a big ancient **** stone in the sea of knowledge.

When he was comprehending magic arts, various lines would also appear on the ancient **** stone, which could help him comprehend magic arts, and this could also greatly increase his speed of comprehension.

As someone else, the speed was more than a hundred times slower than that of Lu Ming.

Even if it is a genius and evildoer, it is far inferior to Lu Ming.

It is very likely to be stuck in a level, difficult to succeed, and be stuck for a lifetime.

Twenty-one levels, there are 21 kinds of magic, with ready-made monsters, attack together.

Moreover, the magic here is more mysterious and powerful, and the difficulty of comprehension is even more difficult.

Lu Ming repeated the old tricks, still staring at one of the magic techniques, and when he couldn't stand it, he retreated to the stone platform outside the square to rest.

When one month is up, start refining the Yuanshen medicinal solution, or absorb the refining and refining Yuanshen medicinal solution.

Lu Ming's mentality was very stable, and he was not arrogant or impetuous, and he was treated as a retreat.

Anyway, every time I enlighten the magic arts, there are great gains.

In this way, Lu Ming was refining the Yuanshen medicine and absorbing the refining and transforming the Yuanshen medicine while he was comprehending the magic arts.

In a blink of an eye, another six years have passed.

Sixteen years have passed since Lu Ming entered Wanyao Road.

bump!

Lu Ming slammed a shot out, smashing a demon clan that had manifested magic arts.

"Twenty-seven levels have passed!"

Lu Ming took a long breath.

In 16 years, I passed the 27th level. This speed is very fast. If Zhao Qing knew about it, I would be shocked to drop his jaw.

But Lu Ming knew that it was not easy to break through the following levels.

Although as time passed, Lu Ming's enlightenment of the magic arts became faster and faster, but the enlightenment of the magic arts later became more difficult, and it was difficult to increase the speed.

It may even take longer.

Huh!

Below the square, a whirlpool appeared, sucking Lu Ming in.

Then, Lu Ming appeared in a stone room.

Yes, not in the square, but in a stone room.

Lu Ming himself was also slightly taken aback.

This situation is not right, how come it appears in a stone room.

On the wall of the stone chamber, a row of words suddenly appeared.

After Lu Ming looked at it, he was happy.

The above said that he should be rewarded.

There are three kinds of rewards, and he can only choose one.

Suddenly, the wall glowed, and a mini dragon appeared in the air.

"I am awarding you a reward."

Mini Dragon Road.

Lu Ming saw that the mini dragon was not an entity, but a condensed energy, like a kind of array spirit.

Chapter 5035: Second reward

"What's the reward?"

Lu Ming asked, looking forward to it.

Here, after all, it is the Road of Ten Thousand Monsters, who has gone through 27 levels with great pains, and the rewards given shouldn't be too shabby, right?

"There are three kinds of rewards for you to choose, but you can only choose one of them."

Mini Dragon Road.

"Which three, let's listen to them."

Lu Ming asked.

"The first type is a magic weapon!"

With a wave of his hand, the mini dragon floated out of the sky.

One of them is a flaming red spear.

The other one is a fiery red armor.

The breath of the two is particularly amazing.

Top source-level magic weapon!

Lu Ming knew at a glance that this was a top source-level magic weapon, both of them.

It is worthy of being a prehistoric demon clan, one shot is two top source-level magic weapons, and it is still a complete set.

Lu Ming fell in love at a glance.

"Are there two other rewards?"

Lu Ming took a deep breath, suppressed the greed in his heart, and asked.

Let's look at the other two rewards.

"The second reward is 999 drops of Origin God Medicine Liquid."

Pay attention to the public account: book friends base camp, pay attention to send cash and coins!

With a wave of the mini dragon, another jade bottle appeared.

"999 drops of Yuanshen medicine liquid."

Lu Ming's eyes showed a bright light, and his heart was hot.

To be honest, 999 drops of Yuanshen medicine liquid, he is very greedy.

"The third reward, 1,000 fairy crystals."

The mini dragon took out a small box and said, "These are three kinds of rewards. Which one do you want to choose?"

Lu Ming began to think about it.

To be honest, he wants all three.

But it is obviously impossible, the other party said that they can only choose one.

As for grabbing it, don't even think about it.

Wanyao Road was obviously arranged by the great demon clan, with such a good gun, it would have been shot down by the masters of the demon clan in the past.

If it is really taken to **** it, it is probably an act of seeking death.

Finally, Lu Ming gritted his teeth and said, "I choose 999 drops of Yuan Shen liquid medicine!"

Lu Ming's choice of Yuanshen medicinal solution was also after repeated consideration.

A complete set of top source-level magic weapons, although precious, Lu Ming is also very excited, but Lu Ming is not lacking.

The God of War Spear is itself a top source-level magic weapon, and he also has a top source-level battle armor.

One more set will not improve his own strength.

As for a thousand fairy crystals, the value is also very high.

The immortal crystal contains the imprint of origin, and the existence of the origin realm can directly absorb the imprint of the origin inside to improve cultivation.

However, Lu Ming was only in the Divine Master Realm now, and he couldn't absorb the original mark in the fairy crystal at all.

After much deliberation, it is still the benefits of Yuanshen liquid medicine.

The Yuanshen medicinal solution, after absorbing the refining, can immediately be transformed into strength, improve his cultivation base, and let him approach the origin as soon as possible.

He now has twelve top-level source-level magic medicines in his hands, and he can refine twelve drops of source-level magic medicine every month, which is 144 drops a year.

999 drops of Yuanshen liquid medicine is equivalent to Lu Ming's seven-year output.

To be honest, among the three rewards, 999 drops of Yuanshen Medicine Liquid may be the lowest value, but at present, it is the most useful to Lu Ming.

"Okay, here you are!"

The mini dragon waved his hand, and the other two rewards disappeared. The jade bottle containing the Yuanshen medicine liquid flew towards Lu Ming.

Lu Ming grabbed it in his hand and opened the jade bottle to take a look. Sure enough, he saw a bottle full of Yuanshen medicine liquid inside.

This kind of jade bottle doesn't look big on the outside, but the space inside is actually very large, each of them is dazzling with the brilliance of the source **** medicine liquid like pearls.

At this time, the surrounding environment immediately began to change, and Lu Ming disappeared into the stone room and reappeared in a square.

There are twenty-eight kinds of magic arts on the stele in the square.

Twenty-eighth level!

There are 28 kinds of magic in this level, which is more difficult and more mysterious.

Twenty-eight kinds of black magic have the ready-made demons, killing Lu Ming.

Lu Ming began to comprehend magic arts again.

In this way, time passed year after year.

Lu Ming also rushed through.

From the 28th pass to the 54th pass, Lu Ming spent 34 years on the 27th pass, which was twice the time spent on the previous 27th pass.

Enough to see how difficult the twenty-seven levels in the middle are.

Of course, Lu Ming's gains are also very great.

With the insight of various magic arts, Lu Ming's understanding of Yuan Shen became clearer and clearer.

Lu Ming felt that his comprehension of Yuanshu had reached a limit.

It seemed that as long as he pierced a layer of paper, he could immediately comprehend his own source art.

"Alright, soon, I should be able to comprehend my own source art soon."

Lu Ming whispered, looking forward to it very much.

He now has four times of extreme combat power. Then, when he has realized the origin technique, how strong will he have combat power?

Five breaks?

Four times breaking the extreme, they are already rare evildoers in the world, and now in the entire universe, except for Lu Ming, only two people have reached it.

Four times to break the pole, all claim to have the posture of becoming immortal.

What about the five breaks?

When he breaks the extreme five times, everyone in the universe will be taken aback.

Huh!

At this moment, Lu Ming appeared in a stone room again.

Another mini dragon appeared.

There are rewards again!

Lu Ming's eyes lit up.

It seems that every time you pass twenty-seven levels, you will have a reward.

Twenty-seven levels, fifty-four levels...

There are a total of eighty-one levels, and the last twenty-seven levels. It seems that when you pass all eighty-one levels, you can get a reward.

This time, how many rewards are there for him to choose?

Lu Ming was looking forward to it.

"Congratulations on passing the fifty-fourth level. This is a reward for you."

After speaking, the mini dragon waved his hand and a jade bottle appeared and flew towards Lu Ming.

Lu Ming subconsciously grasped it in his hand, and then a little confused.

Isn't there a choice of several rewards for him?

Why is there only one kind?

Lu Ming asked this question directly.

"You have chosen the type before, and after you choose it for the first time, the following rewards will be given to you based on your previous choices."

"You chose Yuanshen medicine liquid before, so this time, all Yuanshen medicine liquid will be given to you. Of course, there will be a lot more in quantity, with 5,000 drops."

Mini Dragon Road.

"Can this happen?"

Lu Ming was speechless.

However, with 5,000 drops of Yuanshen medicinal solution, Lu Ming was still very excited.

According to his own output, five thousand drops of Yuanshen medicinal liquid will take about 35 years.

In this way, he can directly save 35 years of time.

"Well, I want to ask, if I choose the top source-level magic weapon as a reward for the first time, how many magic soldiers will be rewarded this time?"

"Five sets of top source-level magic weapons."

Mini Dragon Road.

Lu Ming's heart trembled.

Five sets, that is, five magic weapons and five armors, Lu Ming's heart moved.

"So, choose Xianjing?"

Lu Ming asked again.

"Five thousand fairy crystals."

The mini dragon replied.

"Am I wrong?"

Lu Ming asked himself.

All are five times and five times improvement.

Chapter 5036: Yuan Shu, Cheng

Originally, the value of 999 drops of the source magic medicine liquid phase was low for 1,000 immortal crystals and a set of top source-level magic soldiers. The more the number, the greater the difference in value between each other.

The difference between the value of five thousand drops of source magical medicine god, 5000 immortal crystals, and five sets of top source-level magical weapons is even greater, and it is even more incomparable.

If there is a choice, Lu Ming might choose five sets of top source-level magic weapons.

A set of top-level source-level magic weapons, which integrates attack and defense, handed over to a source, can make that source's combat power skyrocket.

A source will get a complete set of top source-level magic soldiers at all costs.

The attacking top source-level magic weapon can make the source's attack power soar, especially the top source-level battle armor, which can save life at critical moments, and can greatly improve the survivability of a source.

As the survivability improves, naturally there will be more opportunities to obtain other treasures, such as the source magic medicine liquid, the fairy crystal, the source level magic medicine, and even the top source level magic medicine.

Strength and life-saving ability are fundamental.

However, Lu Ming had no choice but to choose.

He had chosen Yuanshen Medicine Liquid before, but now it was too late to regret it.

"Fortunately, the Yuanshen medicinal liquid is what I need at the moment, it can quickly improve my cultivation level, otherwise, there will be no place to cry."

Lu Ming comforted himself and carefully put away five thousand drops of Yuanshen medicinal liquid.

Five thousand drops of the source-level magical liquid requires him to rely on twelve top-level source-level magical medicines to extract, and it will take decades.

In this way at least he can save decades of time.

After receiving the Yuanshen liquid medicine, the mini dragon disappeared, and Lu Ming reappeared in a square.

In the fifty-fifth level, fifty-five kinds of magical techniques revealed a powerful monster race, and they killed Lu Ming.

Lu Ming continued to fall into the process of comprehending sorcery and perfecting the source art.

Time is hurried, year after year passed.

Soon, Lu Ming entered Wanyao Road for 120 years.

Lu Ming has reached the eighty pass.

It was the penultimate level. As long as he passed the eighty level and the following eighty-one level, Lu Ming would even have completely passed the Wanyao Road.

"puff!"

The spear light skyrocketed, and another demon clan who manifested magic arts was defeated by Lu Ming.

On the field, there were only nine demons with manifestations of black magic.

Of the eighty species, only nine species have been broken by Lu Ming.

"It's coming, it's coming!"

Lu Ming's eyes were bright, and he had a feeling that his origin technique was about to take shape completely, and he was thoroughly comprehended.

There was only a little bit left, and he was already close to the door. Lu Ming felt that he could fully comprehend and succeed at any time.

Maybe, only a trace of inspiration is needed.

"Perhaps, I don't have to pass the eighty-one level, just at this eighty level, I can completely perfect the source technique."

A smile appeared at the corner of Lu Ming's mouth, his gaze turned to the monster clan with the manifestation of sorcery, and he had a meeting to comprehend it.

A few days later.

bump!

This kind of magic was defeated by Lu Ming again.

No way!

Still haven't realized it, it's almost.

carry on!

bump!

It's another kind, it still doesn't work.

Soon, at the 80th level, there were only three types of sorcery left.

"Right, yes, yes, yes..."

Suddenly, Lu Ming's eyes glowed like two big days.

He let out a low growl of excitement, and immediately, there were tens of thousands of cells in his body, emitting radiant brilliance, like tens of thousands of stars.

But tens of thousands of stars disappeared as soon as they appeared.

The power of taboo ran wildly, and sixty trillion cells quickly flowed through Lu Ming's body.

Then, Lu Ming's body swelled up quickly.

In the end, Lu Ming's body turned into three feet high, nearly ten meters, like a giant.

Huh!

The God of War spear in Lu Ming's hand swept out, and a dragon roared out.

Then, the gun power changed, and another phoenix flew out.

Then his figure flashed, disappeared from the place, and appeared on the side of the square in the next moment, as if teleporting, and like the Great Aurora in the Three Thousand Ancient Secret Art.

This wasn't over yet, Lu Ming continued to make successive moves, but none of the tricks were the same. There were a lot of changes and mysteries were endless.

These moves have the shadow of three thousand ancient secret arts and the shadow of magic arts. They are not limited to one pattern, but their power is amazing.

It was a lot stronger than Lu Ming's full use of the Primordial Style and the Breakthrough Style.

"Genius, this is my source technique, my source technique is different..."

Lu Ming's figure flashed and appeared on the stone platform outside the square, his eyes bright and full of excitement.

His origin technique was finally created by him.

However, his origin technique is completely different from other people's, such as Ye Immortal, Gu Changfeng, Xie Nianqing and others, are all different.

Other people's origin skills are similar to some special moves, combined with their own origin power.

And his source technique is also combined with the power of his own source, but there is no specific move.

To say that a specific move means that when it is performed, the body will become larger.

Because the direction of his enlightenment of source art is to start with his own body, with the body as the foundation, and the body and the flesh are the roots.

Once it is used, the power of taboo runs at a special frequency in the physical body, which will stimulate his body to swell.

This bulging body is actually the manifestation of Yuan Shu.

In this state, he himself is the Origin Art, he has already turned into the Origin Art, and his every move can explode with terrifying power.

In addition, there are many changes, random moves, and the move of the heart is the ultimate move, which contains the mysterious power of three thousand ancient mysteries and black magic.

"Sure enough, after studying the Origin Art, the previous great ancient secret art seems to have forgotten."

Lu Ming whispered, he found that he was in a strange state.

He clearly knew that he had realized three thousand great ancient secret arts, but he couldn't remember a certain kind of ancient secret arts carefully.

forgotten!

Feihuang once said that after cultivating, those secret techniques that have been comprehended will be forgotten, and they seem to be true.

However, although the Great Ancient Secret Art has forgotten, it has been deeply imprinted in his soul. Once he casts the Origin Art, his every move contains the shadow of three thousand Great Ancient Secret Art, and it is more powerful.

"This time, it didn't come in vain, a blessing in disguise..."

Lu Ming thought, still in a good mood.

The only regret now is that the Phoenix Spirit has not been rescued yet.

But in no hurry, as long as Huang Ling is still on the road of the Ten Thousand Monsters, and after he has passed the eighty-one level and passed the road of the ten thousand monsters, he will naturally be able to rescue the Phoenix Spirit.

"What is my origin technique, what is it called?"

Lu Ming pondered.

Everyone will give his source technique a name.

His origin technique is unique, what should be its name?

After thinking for a while, Lu Ming shook his head slightly.

Didn't think of a satisfactory name, let's think about it slowly later.

No hurry to go to the name anyway.

"I can clearly feel that once the source technique is used, the combat power will skyrocket. I don't know if it has reached the legendary five times."

Lu Ming had some expectations in his heart. He wanted to find a master to fight a battle to prove his combat power.

Chapter 5037: Demon King Monarch Pattern

Lu Ming eagerly wanted to find a master to fight a battle to verify his strength, but Lu Ming felt that if he was fighting Xi Tianteng at this moment, he could easily defeat Xi Tianteng after he displayed the Origin Spell.

He knew that in the Divine Realm, Lu Ming was invincible, and only his origin was his opponent.

"In the Divine Master Realm, my combat power has almost reached the point where there is no way to advance. If I want to improve by a large margin, I can only break through the origin."

Lu Ming thought.

This is not his exaggeration, but it is true.

The power of taboo has been sublimated, and the power itself has almost reached its peak.

Yuan Shu also realized it.

Of course, it's not that the source technique can't continue to improve, but it is too difficult, almost impossible, to make a breakthrough in the source technique in the **** master realm, and it is many times more difficult than the *** master realm to understand the source technique.

Only after breaking through the origin, can we continue to break through the origin technique.

Therefore, apart from breaking through the cultivation base, Lu Ming really couldn't think of any way to improve his combat power.

If Lu Ming really achieved five times of breaking the extreme, it was normal, because even in the period of the prehistoric continent, few people could achieve five times of breaking the extreme.

Four times breaking the pole, it is known as the hope of becoming immortal, and five times breaking the pole, as long as there are no accidents, it is sure to become immortal.

"In one go, cross the Ten Thousand Demons Road!"

With a thought in his mind, Lu Ming put away the Yuan Shu, his body quickly became smaller and recovered as before.

At the same time, Lu Ming discovered that the taboo power in his body had consumed half of it.

Casting the source technique, the consumption speed of taboo power is so amazing.

With his cultivation base, he can't hold on for long when he uses the source technique.

"Only after the breakthrough to the original source, then slowly improve."

Lu Ming whispered.

After all, his current source technique has only just come out of comprehension, and it is definitely not perfect in all aspects. As it is gradually improved in the future, the rate of consumption of taboo power will definitely gradually decrease.

Huh!

Lu Ming left the stone platform, rushed into the square, and continued to comprehend the magic.

The last few magic arts were quickly defeated by Lu Ming. Lu Ming successfully passed the 80th level and then entered the 81st level.

The difficulty of the eighty-one level has indeed increased sharply. Even Lu Ming feels a lot of pressure, which is much higher than the difficulty of the eighty-level.

It was very difficult for Lu Ming to break through this level. It took him a full ten years to successfully pass this level.

In this way, it took Lu Ming 130 years to cross the Ten Thousand Demon Road.

When Lu Ming passed the eighty-one level, he appeared in a stone chamber again.

There are rewards again!

A smile appeared on Lu Ming's face.

The previous two rewards have already given Lu Ming a taste of the sweetness.

The nearly 6,000 drops of Yuanshen medicinal liquid that Lu Ming obtained earlier had been refined by Lu Ming during the course of these years.

Lu Ming's cultivation base also increased extremely rapidly, quickly approaching the Origin Realm, and one step closer to the ultimate peak of the Divine Master.

In the body, the original seed is fuller, and the taboo original power contained in it is also more concentrated.

"This time, if the reward is five times the previous one, then I can really reach the limit."

Lu Ming showed expectation.

The reward in front was five thousand drops of Yuanshen medicinal liquid. If it was five times the previous amount, it would be 25,000 drops of Yuanshen medicinal liquid, which was enough to make Lu Ming's cultivation reach the limit and reach the limit of breaking through the original source.

When Lu Ming appeared in this stone room, suddenly two runes appeared in the void. These two runes rushed towards Lu Ming quickly, and when Lu Ming didn't react, he rushed in. In Lu Ming's eyes.

On the surface of Lu Ming's eyeballs, two small runes appeared. If someone else stood in front of Lu Ming and stared at him, they could clearly see it.

However, the two runes quickly disappeared.

"what is this?"

[Send red envelope] Reading benefits are here! You have up to 888 cash red envelopes to be drawn! Follow the weixin public account [Book Friends Base Camp] to draw red envelopes!

Lu Ming was a little dazed. Could it be that this is also a reward?

No, the reward I want is Yuanshen medicine, 25,000 drops of Yuanshen medicine.

Wouldn't it just pit me?

"This is your reward."

A voice sounded, and then the mini dragon appeared again.

"This is a reward for me? What about my Origin God liquid medicine?"

Lu Ming asked.

"What are you anxious about? This is your extra reward for breaking through the road of ten thousand monsters. This is the demon king's pattern, which can see through most of the rune formations in the world."

Mini Dragon Road.

"The Demon King Monarch Pattern, can you see through most of the rune formations in the world?"

Lu Ming became agitated suddenly, and his voice suddenly rose several degrees.

Excited!

"Yes, although it is impossible to see through all, but you can also see through most of the formations below the immortal level. As long as there are weaknesses, you can almost come and go freely, unless there is no weak formation. Of course, there is no weak formation. Very rarely..."

Mini Dragon Road.

Lu Ming was very satisfied.

According to the meaning of the mini dragon, although you can't see through the fairy-level formation.

But the immortal formations are mostly related to immortals. Once they have entered the realm of immortals, it is normal if they can't be seen through. If they can be seen through, it will be abnormal.

With this Demon King Emperor's pattern, his life-saving ability can definitely skyrocket, in this respect, it is simply better than Dandan.

Of course, it's just to see through, not to understand those rune formations, it's definitely impossible to use it.

"If Dandan knows about it, I am afraid that the envied eyes will turn purple."

Lu Ming smiled slightly.

He was quite satisfied with this extra reward.

Then, the mini dragon took out another jade bottle and flew towards Lu Ming.

"Inside, there are 25,000 drops of the Origin God Medicine Liquid, which is your reward for passing the eighty-first level."

Mini Dragon Road.

Here, it is really 25,000 drops of Yuanshen medicinal liquid.

Lu Ming was extremely excited, his eyes fiery.

Twenty-five thousand drops of Yuanshen's medicinal liquid were in hand, saving him more than 170 years.

Lu Ming carefully took it into the prey.

"Also, you carry this formation card, and transfer it to the powerful monsters of the monster race. With this formation card, they can freely enter and exit the Ten Thousand Demon Road, and even the restrictions outside the Ten Thousand Demon Mountain can be used by them. Free to go in and out."

Mini Dragon Road.

"That's it!"

Lu Ming understood.

This is a treasure for the Yaozu.

I heard from Zhao Qing before that as long as someone crosses the Ten Thousand Demon Road, the inside and outside of Ten Thousand Demon Mountain will be connected.

It seems that Wanyao Road will not disappear, Zhao Qing and others have mostly misunderstood.

The Ten Thousand Demon Road is still there, but the people of the Demon Race can rely on this formation card to enter and exit the Ten Thousand Demon Road at will.

"Well, the reward has been given, let's leave!"

Mini Dragon Road, the next moment, Lu Ming disappeared from the stone room and appeared on a mountain peak.

"This is the surface of Ten Thousand Demon Mountain?"

Lu Ming's eyes moved.

Here, there is a lack of great aura, it is indeed the surface of Wanyao Mountain, he really left the inside of Wanyao Mountain.

Behind him, the void is constantly twisting, like water waves.

This is the entrance to Wanyao Road.

Chapter 5038: Demon Racer

"go back!"

Lu Ming stepped out and rushed into this ever-distorting void.

Huang Ling hadn't been rescued yet, so naturally he couldn't leave.

As soon as his body got close to this distorted void, his body disappeared from this void.

The next moment, Lu Ming appeared in another void.

Standing in this void, a magnificent scene appeared in front of Lu Ming.

Densely dense, endless runes, all over the void, covering a large area.

I don't know how many runes there are, anyway, they are densely packed, like the sands of the Ganges, innumerable.

The infinite runes are intertwined to form a huge formation.

This huge formation is infinitely changing and extremely mysterious.

Wan Yao Road!

That's right, this infinite rune, the formation formed by interweaving, is the road of ten thousand demons.

On Lu Ming's eyes, two runes flashed with a strange luster, and the whole road of ten thousand demons appeared in Lu Ming's eyes, there was no secret.

Lu Ming suddenly saw somewhere in Ten Thousand Demons Road, a figure was fighting with some demons.

This figure is not a Phoenix Spirit, but who can it be?

Fifty-fourth pass.

Lu Ming discovered that Huang Ling had actually reached the fifty-fourth level.

Lu Ming was a little surprised.

You know, even in the history of the Yaozu, there are definitely not many and few that can break through the fifty-four levels.

From this it can be seen how good Phoenix Spirit's talent and understanding are.

Huang Ling and Mulan entered the jade pond of good fortune and got earth-shaking transformations.

"There are only a dozen kinds of magic arts left, and the Phoenix Spirit should be able to pass the fifty-four levels."

Lu Ming thought.

Therefore, he didn't come forward immediately to see Huang Ling.

He passed the fifty-fourth level, but there was a reward. Now he went to see the Phoenix Spirit and took away the Phoenix Spirit, but the reward was gone.

Although I don't know what reward Huang Ling chose, no matter what kind of reward, the value is amazing.

After watching for a while, Lu Ming's gaze turned to other directions on Wanyao Road.

In different directions, he also saw other figures.

There are seven people in total.

Among them, the six demon race Tianjiao should be the demon race Tianjiao who entered the Ten Thousand Demons Road before.

According to Zhao Qing, the monster clan has not entered the Ten Thousand Monster Road for many years. It is hard to remember how long it has been. It is definitely quite a long time ago.

Over the long years, the demon race has entered the Ten Thousand Demon Road Tianjiao, more than six people, some people, mostly because of the long past, either fell, or their mentality collapsed and destroyed themselves.

The remaining six people, the strongest one, also reached the fifty-fourth level.

However, compared with Huang Ling, this person was far from being defeated by a magical technique at the fifty-fourth level.

He was completely trapped here, in a dilemma.

The other Yaozu Tianjiao is similar, completely trapped in a certain gate, and is in a dilemma.

These people, even if they die of old age, cannot cross the Ten Thousand Demon Road.

Huang Ling still has some hope, but it takes a long time to cross the road of ten thousand monsters, don't think it took Huang Ling tens of thousands of years to reach fifty-four levels.

If you want to pass the next twenty-seven levels, it will take at least one hundred thousand years, or even longer.

The other person is naturally Zhao Qing, but she has only reached the eighteenth level.

In one hundred and thirty years, being able to break through the eighteenth level is already extremely talented.

"When Huang Ling has passed the fifty-fourth level and got the reward, I will go out to see her again."

Lu Ming thought, and then simply sat cross-legged on the spot, took out the Yuanshen medicinal liquid, and started refining.

Drops of the source ***** medicinal liquid were refined by Lu Ming, transformed into the power of the source, and gathered in the seeds of the source.

Lu Ming's original seed is constantly becoming fuller, and his original strength is constantly becoming condensed.

When the limit is truly reached, the taboo power in Lu Ming's body will all be transformed into the power of the taboo origin.

Now, inside Lu Ming's body, the power of taboo and the power of taboo origin coexisted.

Only when there is no taboo power in Lu Ming's body, all of which are the power of taboo origin, it means that Lu Ming can prepare to attack the origin realm.

This practice lasted more than sixty years.

It has been nearly two hundred years since Lu Ming entered Wanyao Road.

The 25,000 drops of Origin God medicine that Lu Ming had obtained had been completely refined by Lu Ming. Lu Ming's cultivation had finally reached the peak limit of God Lord, and the power of the taboo in his whole body had been completely transformed into the power of the origin of the taboo.

As long as it settles for a period of time, it can hit the origin.

But now it is the Great Tribulation of the Origin, and it is impossible to break through the origin, but now only about 300 years are left before the end of the Great Tribulation of the Origin.

Three hundred years soon, Lu Ming intends to use these three hundred years to elevate his state to the extreme, so that as long as the origin of the disaster is over, he can immediately attack the origin.

Lu Ming still didn't know that there were peerless evildoers who could break through the origin under the great calamity of the origin. No one told him this.

At this time, Huang Ling was finally about to pass the fifty-fourth level.

There was only the last kind of magic technique left, and it seemed that the Phoenix Spirit had almost understood it.

After another half day, Huang Ling exploded with a killer move, attacking the weakness of the monster clan manifested in the magic arts, and defeating the monster clan.

Then, the Phoenix Spirit disappeared from the fifty-fourth pass and entered a stone chamber.

Of course, this stone room was also part of the formation, which was intertwined with a large number of runes. Lu Ming could see it clearly.

"Huang Ling chooses to be a divine weapon..."

Lu Ming's eyes flashed, he saw the mini dragon, and handed over five sets of top source-level divine weapons to Huang Ling.

Including five top-level source-level battle armors and five top-level source-level battle swords.

To be honest, this kind of reward has the highest value among the three rewards.

Huang Ling was rewarded and entered the fifty-fifth level.

After entering the fifty-five level, Huang Ling was ready to begin to comprehend the magic here.

She can't be trapped in Wanyao Mountain, she wants to go out.

No money to read novels? Give you cash or points, and receive it in 1 day within a limited time! Follow the public-public-number 【Book Friends Base Camp】 , get it for free!

She wanted to see Lu Ming again.

Back then, she accidentally entered the Ten Thousand Demon Mountain, but she couldn't get out of the Ten Thousand Demon Mountain. She was unwilling to stay trapped inside the Ten Thousand Demon Mountain all her life. When she knew that she could go out as long as she crossed the Ten Thousand Demon Road, she would not hesitate Entered the Wanyao Road.

Even if she knew it was difficult, she had to leave, no matter how long it took.

Ten thousand years is not enough, then one hundred thousand years, one hundred thousand years is not enough, then one million years, or even a stellar year...

Until she reaches the end of her life, she has to break out.

Fortunately, her talent is strong enough, only to pass fifty-four levels in about ten thousand years.

This is all thanks to good luck jade pond.

The jade pool of good fortune has allowed her to be turned against the sky, and the phoenix bloodline in her body has become extremely astonishing and extremely pure. Once it is displayed, it will be like a wild phoenix reappearing.

Phoenix, the king of the prehistoric monster race, has a unique advantage in enlightening magic arts, so she can be so fast.

In addition, the process of comprehending the magic arts was also a kind of learning for her, which made her battle power and cultivation level become stronger and stronger.

But at this moment, waves suddenly appeared over the square at the 55th pass, and then a figure appeared out of thin air.

Seeing this figure, Huang Ling was immediately stunned.

Chapter 5039: Phoenix Spirit

At the fifty-fifth level of Wanyao Road, the void appeared out of nowhere, naturally it was Lu Ming.

Huang Ling was stunned when he saw Lu Ming, with incredible colors in his big beautiful eyes.

She never dreamed that Lu Ming would appear here.

An illusion, it must be an illusion.

Huang Ling smiled bitterly, and whispered: "Huang Ling, Huang Ling, you are so useless, you have hallucinations. Is it because I miss Lu Ming too much?"

She thought it was because she missed Lu Ming so much that she had hallucinations.

However, the person in front of me is too real.

I saw Lu Ming step by step towards Huang Ling, his eyes full of tenderness and sweetness in his steadfast eyes.

"Huang Ling, it seems that your hallucinations are quite serious. How could Lu Ming show such a look at you? Don't dream."

Huang Ling continued to whisper.

She still firmly believes that Lu Ming cannot appear here, this must be an illusion.

Because this is the Ten Thousand Demon Road inside the Ten Thousand Demon Mountain in the depths of the universe.

Lu Ming was far away in the starry sky of the universe, with an infinite distance from the depths of the universe, not to mention entering the Ten Thousand Demon Mountain and stepping onto the Ten Thousand Demon Road.

After stepping back ten thousand steps, even if Lu Ming really entered Wanyao Mountain and stepped into Wanyao Road, it would be impossible to see her.

In Wan Yao Road, couples don't want to see each other.

It is even more impossible to step through the void like Lu Ming.

This is just a trace of unreal fantasy in her heart.

Which woman, does not want her beloved man, not far away for hundreds of millions of miles, stepping through the void to see her.

Lu Ming smiled bitterly!

Although Huang Ling was whispering, with her ears, how could it be impossible to hear it? He could hear it clearly.

Lu Ming felt very guilty in his heart. He had too many negative Phoenix Spirits.

Huang Ling didn't believe it anymore that caused him to show affectionate expressions.

Lu Ming still walked towards Huang Ling step by step, and soon fell in front of Huang Ling.

"Stupid girl, I used to be responsible for you, but I was wrong. From now on, I will not take you again, and I will not let you suffer any wrongdoing."

Lu Ming spoke affectionately, looking directly at Huang Ling's eyes.

"Hey, this illusion, why is it so real, like the real thing, it seems that I am really sick."

Huang Ling continued to mutter, staring at Lu Ming with his big eyes flashing, trying to imprint Lu Ming's appearance deeply in his mind.

Lu Ming: "..."

Then, Lu Ming stretched out his palm and hugged Huang Ling in his arms.

"Silly girl, this is not an illusion, I really came."

Lu Ming said in a low voice, then lowered his head and lightly nodded on Huang Ling's face.

Huang Ling was stunned. This time, she was really stunned.

Lu Ming's arms are strong and powerful, and Lu Ming's chest is full of temperature, and he can even feel Lu Ming's heartbeat.

Also, she could clearly feel the temperature coming from Lu Ming's lips, as well as the sound of Lu Ming's breathing.

Really, all of this is real, not an illusion.

The illusion cannot be so real.

Lu Ming, actually came here, stepped through the void and came to him.

Her delicate body trembled suddenly, and tears flowed down, as if she was about to flow out all the grievances and all the thoughts.

"Lu Ming, is that you?"

Huang Ling trembled.

"It's me, I'm Lu Ming, I'll take you away."

Lu Ming said softly.

Then, he hugged Huang Ling, stepped out in one step, and the void split open, and the figures of Lu Ming and Huang Ling disappeared here.

This is not just relying on the Demon King Emperor Pattern, the Demon King Emperor Pattern, it is impossible to be so mysterious.

The main reason was that Lu Ming had crossed the Ten Thousand Demon Road, and the Ten Thousand Demon Road had no obstacle to Lu Ming. Lu Ming walked on the Ten Thousand Demon Road as if walking on the ground.

The next moment, Lu Ming took Huang Ling and left Wanyao Road and appeared inside Wanyao Mountain, at the exit of Wanyao Road.

"This is... the entrance of Ten Thousand Demon Road?"

Huang Ling looked at the surrounding environment even more confused.

It took her all sorts of hardships to pass the fifty-four levels, how come she is back now.

The key is how Lu Ming took her back in one step. Didn't it mean that as soon as he entered the Ten Thousand Demon Road, he could only move forward, not back?

Could it be...

Huang Ling suddenly thought of a possibility, and his heart jumped wildly.

It's just this possibility, too incredible.

"Lu Ming, have you crossed the Ten Thousand Demon Road?"

Huang Ling still asked this incredible question.

"Yes, I crossed the Ten Thousand Demons Road."

Lu Ming nodded.

"Passed through, Lu Ming passed through, and sure enough, he is still him, still so amazing and stunning, no matter where he goes, he will not lag behind..."

Huang Ling was shocked at first, but soon calmed down.

Isn't it Lu Ming's usual operation? It's normal.

"Lu Ming, how did you come here? By the way, did you see Sister Mulan? Ah, you must have already met Sister Mulan, or you wouldn't know that I am here."

Huang Ling asked a few questions, and finally asked and answered herself. Seeing Lu Ming, she was really a little excited.

"Is such that..."

Immediately, Lu Ming briefly recounted his experience over the years.

"You actually passed the Ten Thousand Demon Road in just over a hundred years..."

Even though he was confident in Lu Ming, he had only passed the Ten Thousand Demon Road after hearing Lu Ming for more than a hundred years. Huang Ling still opened his mouth slightly, and was deeply shocked.

"Let's go, let's meet the Fire Phoenix first." Then, Lu Ming took the Phoenix Spirit and re-entered Ten Thousand Demons Road, and appeared at the nineteenth level of Ten Thousand Demons Road, the level where the Fire Phoenix Phoenix Spirit was located.

"Hey, Lu Ming, Huang Ling, why are you here?"

As soon as Lu Ming and the others appeared, they heard a shocked voice, naturally it was Zhao Qing.

She was sitting cross-legged on the stone platform outside the square, meditating and recovering. As soon as Lu Ming and Huang Ling appeared, she noticed it and asked subconsciously.

Then, she reacted immediately and was immediately extremely excited.

How could Lu Ming and Huang Ling appear here?

She knew too much about Ten Thousand Demons Road, once she entered, she couldn't retreat. It was not just talking, but it was true. No one has ever been special.

And entering the Ten Thousand Demon Road, and suddenly appearing here, there is only one possibility, that is, breaking through the Ten Thousand Demon Road.

Can she not be excited?

This means that the monster race within Ten Thousand Monster Mountain can go out.

But, who broke through the Ten Thousand Demon Road?

Lu Ming or Huang Ling?

Zhao Qing's eyes turned around Huang Ling and Lu Ming, and he immediately made a judgment.

Phoenix!

It must be Huang Ling!

Lu Ming entered the Ten Thousand Demon Road for a total of only two hundred years. No matter how talented Lu Ming is, it is impossible to cross the Ten Thousand Demon Road in two hundred years. This is impossible.

What's more, Lu Ming is still a human race, not a demon race, and it is more difficult to cross the road of ten thousand demons than a demon race.

Ten thousand cannot be Lu Ming.

As for the Phoenix Spirit, it has been more than 10,000 years since entering the Ten Thousand Demons Road, and the Phoenix bloodline possessed by the Phoenix Spirit is so rich that it is no weaker than her own.

[Reading benefits] Pay attention to the public.. [Book Friends Base Camp], and get cash/points for reading books every day!

With such talent, plus more than ten thousand years, there is still such a possibility.

In the past, she didn't think that Huang Ling could cross the Ten Thousand Demons Road.

It is also an incredible thing to cross the Ten Thousand Demon Road for more than ten thousand years.

But now that the facts are in front of you, she cannot tolerate her disbelief.

"Phoenix Ling, congratulations for crossing the Ten Thousand Demons Road, you deserve to be a person with my Phoenix blood..."

Huang Lingdao.

Chapter 5040: Leaving Wan Yao Mountain

Zhao Qing stared straight at Huang Ling, his eyes full of admiration and admiration.

To be honest, it was an incredible miracle to be able to cross the Ten Thousand Demon Road for more than ten thousand years.

It is normal for many people to be trapped in a certain lock for tens of thousands of years or even longer.

"What?"

Hearing what Zhao Qing said, Huang Ling was a little confused, and then quickly realized that Zhao Qing had misunderstood and thought she had crossed the Ten Thousand Demon Road.

"Xiaoqing, you are misunderstood. It's not that I crossed the Ten Thousand Demons Road. I am ashamed. I have only passed 54 levels after more than 10,000 years."

Huang Ling quickly explained.

"Not you? Who is that? People?"

Zhao Qing's eyes turned round and round, looking around.

He thought it was someone else who had crossed the Ten Thousand Monster Road, then rescued Lu Ming and Huang Ling, brought Huang Ling and Lu Ming here, and left.

He still didn't think of Lu Ming.

Lu Ming had only been on the Wanyao Road for two hundred years, and he was still a human race. This was impossible at all. One hundred and ten thousand were impossible.

"The man is here, he is the one who crossed the Ten Thousand Demon Road, Lu Ming..."

Huang Lingdao.

Karma...

Zhao Qing, the fiery phoenix, had a long mouth, which was wide open, and he was directly stunned there, his eyes widening.

"You...what are you talking about? It was him who crossed the Ten Thousand Demon Road, how is this possible? He has only entered the Ten Thousand Demon Road for two hundred years, and he is still a human race, it is impossible to quickly understand the magic, how could it be him? "

Zhao Qing yelled incredibly and almost collapsed.

"But, it's really him!"

Huang Ling muttered, not knowing how to explain to Zhao Qing.

Lu Ming smiled bitterly and stroked his nose.

Is it incredible to have crossed the Ten Thousand Demon Road in two hundred years?

Why doesn't he think?

Also, in fact, it only took him about 130 years to cross the Ten Thousand Demon Road. I don't know what kind of expression Zhao Qing will look like when he knows about it.

"Hey, this is a reward for you to cross the Ten Thousand Demon Road. With this card, you can pass through the Ten Thousand Demon Road unimpededly and walk to the universe of Ten Thousand Demon Mountain..."

Lu Ming said, handing over to Zhao Qing the formation card he had obtained through the Ten Thousand Demons Road.

"This... is this true?"

Zhao Qing was stunned.

"If you don't believe it, you can give it a try with the formation."

Lu Ming said.

Zhao Qing showed a look of uncertainty.

Is what Lu Ming said true?

Lu Ming really cleared Wan Yao Road? Is this iron medal in Lu Ming's hand really a reward for clearing Wan Yao Road? Can it be unimpeded on Ten Thousand Demon Road?

She still felt unbelievable, but Lu Ming and Huang Ling clearly appeared here in a broken and empty space, and she couldn't help but believe them.

"Great."

In the end, Zhao Qing's body flashed light and turned into a young and beautiful girl in a fiery red dress. Then he picked up the line of cards and flew into the square.

Suddenly, the Ten Thousand Demons Road in front of her changed. It was different from before, and a path appeared.

She stepped out and disappeared in front of Lu Ming and Huang Ling.

Lu Ming and Huang Ling didn't wait too long, only half an hour before Zhao Qing's figure reappeared.

"Really, it is true, I can go in and out of Ten Thousand Monster Road freely..."

Zhao Qing's face was full of excitement and ecstasy.

So excited.

Since the prehistoric times were shattered, the demons of Ten Thousand Demons Mountain named themselves, isolated from the world, and had been endless years, and they could not go out.

Zhao Qing was born inside Wanyao Mountain. The little Wanyao Mountain, she has long been familiar with and can no longer be familiar with, and is tired of it. Her dream is to get out of Wanyao Mountain and go to the legendary wild and empty universe. .

Now, this dream has finally come true.

Can she not be excited.

After that, she looked at Lu Ming with hot eyes, but she didn't expect that it was Lu Ming who had crossed the Ten Thousand Demon Road.

A human race, it took only two hundred years to cross the road of ten thousand demons. What kind of talent is this?

Reincarnation of the King?

Ahem...

The old face that Zhao Qing saw blushed, Lu Ming coughed a few times, and said: "After this set of cards is excited, multiple people can be enveloped at the same time, and multiple people can pass through Wanyao Road at once."

"Okay, okay, okay!"

Zhao Qingmei smiled openly.

"But now, outside of Ten Thousand Demons Mountain, there are many forces, and forbidden creatures dominate. You have to be careful."

Lu Ming warned.

"The creatures in the forbidden area? The creatures in the forbidden area have appeared? Lu Ming, you can tell me in detail about the current situation of the universe."

Zhao Qingdao.

"Great..."

Lu Ming nodded, and immediately gave a rough overview of the situation and situation of today's prehistoric universe.

"So, I didn't expect that the Primordial Void Universe would actually become this kind of appearance, but now it is also a rare opportunity. If you grasp it properly, maybe my monster race can rise again."

Zhao Qing whispered.

She yearned for the outside world, so she was familiar with all kinds of classics that introduced the vast and emptiness of the universe, and she understood a lot of things.

"Well, what to do, you can discuss the arrangements yourself, and Huang Ling and I will leave here first."

Lu Ming said.

"Okay, then we'll see you another day."

Zhao Qing nodded quickly, and some eagerly wanted to discuss the matter with other masters of the Yaozu.

"Farewell!"

Lu Ming clasped his fists and stretched out his hand to hold Huang Ling, his figure flashed, and he walked out of Wan Yao Road.

With Lu Ming leading them, they flowed unimpeded and soon returned to the surface of Wan Yao Mountain.

Then flew towards the outside of Wanyao Mountain.

Now that two hundred years have passed, the prohibition around Ten Thousand Demons Mountain has become stronger again.

However, now that Lu Ming has the Demon King Monarch pattern, the prohibition of the Ten Thousand Demon Mountain is nothing to Lu Ming.

If the formations in other places are still difficult for Lu Ming, the formations of the Yaozu are really not difficult for Lu Ming.

The demon king's emperor pattern can easily see all the formations and restrictions of the monster race.

Soon, Lu Ming and Huang Ling passed through the prohibition of Ten Thousand Demons Mountain, and they saw a figure waiting outside anxiously.

This figure is naturally Mulan.

Mulan was outside the Ten Thousand Demon Mountain, and she had been waiting for two hundred years. She was really anxious.

Could it be that Lu Ming was also trapped in the Ten Thousand Demon Mountain?

Otherwise, how could it enter two hundred years and still not come out?

While waiting anxiously, he saw Lu Ming and Huang Ling flying out.

"Lu Ming..."

Mulan was overjoyed and flew over.

"Sister Mulan..."

Huang Ling blushed and withdrew the small hand held by Lu Ming.

She knew the relationship between Lu Ming and Mulan, and she was a little guilty of being caught by Lu Ming in front of Mulan.

Lu Ming naturally knew Huang Ling's mind and smiled bitterly in his heart.

It seems that he will spend more time on getting along with the girls in the future.

"Huang Ling, you are fine, by the way, what happened after that time?"

Mulan asked.

Huang Ling should talk about his experience over the past few years.

Her experience is actually very simple, that is, after entering the Ten Thousand Demon Mountain, and then entering the Ten Thousand Demon Road, she spent most of her time on the Ten Thousand Demon Road.

After Huang Ling talked about it, Lu Ming also briefly explained how he rescued Huang Ling.
