Chapter 5051: There are people in ambush

"Pang Xiao, my grandson!"

The white-haired old man said, his eyes were cold, like two sword lights, he wanted to penetrate Lu Ming.

Sure enough, it was related to Pang Xiao.

He knew from the beginning that the backing behind Pang Xiao was no small thing. There were as many as five or six in the Origin Realm, and even an existence above the Origin Realm.

Even in the Cangqing Divine Realm, Pang Xiao's line is considered powerful, and now the existence of the original origin has awakened, and Pang Xiao's clan has also revived.

I just didn't expect to catch Lu Ming so quickly.

"Lu Ming, dare to kill Pang Xiao and die!"

The white-haired old man drank coldly, the power of the original source was running, and his whole body was enveloped by a layer of cyan energy, and the murderous intent was strengthened.

In fact, he had been eyeing Lu Ming a long time ago.

When Xi Tianteng broke through, he was there and he had seen Lu Ming.

It was just that at that time, he knew very well that it was not the time to do it, including when Lu Ming returned to the Cangqing Divine Realm later, it was not the time to do it.

Lu Ming's talent was too strong. He broke the extreme four times and ranked first in the human race. With such a talent, the origins of the Cangqing Divine Realm, it is impossible to watch Lu Ming be killed.

He knew very well that whether it was in the place of Xi Tianteng's breakthrough or in the Cangqing Divine Realm, it was not a good time to do it.

Therefore, he kept waiting secretly, and finally waited for the opportunity.

The land of the nine elements is an opportunity.

As soon as he entered the crack, he concealed around him, and finally saw Lu Ming enter, and then he secretly followed, looking for a chance to shoot.

However, he didn't expect that Lu Ming had such a keen sense of spirit, he only leaked a trace of vitality, and he was perceived by Lu Ming.

Now that it has been sensed and the sneak attack is unsuccessful, let's attack and kill it head-on.

What if it broke the pole four times, still dying.

Huh!

The white-haired old man suddenly started, too fast, like a cyan lightning, rushing towards Lu Ming.

A cyan palm blasted towards Lu Ming, the void collapsed, and the palm force rushed towards Lu Ming together with terrifying power.

On the cyan palm, he wears a cyan glove, exuding a metallic luster. There is no doubt that this is a source-level magic weapon.

The creatures in the forbidden area have a profound background, and there is no shortage of source-level **** soldiers. Almost all source-level **** soldiers exist in the source realm. They are not as poor as the Celestial Race and the Destroyer Army. They have most of their origins and lack source-level **** soldiers.

The origin of active-level magic soldiers is the true origin, and their combat power is strong.

Hum!

Lu Ming waved the God of War spear and blasted out, colliding with the cyan palm.

Where the two collided, the void exploded, turning into chaos and misty.

Immediately, the two retreated at the same time, and then quickly fought together.

"Qingluo is great!"

The white-haired old man displayed a terrifying trick. This was his original technique. Every move contained a terrifying murderous intent, and he wanted to break Lu Ming to his bones.

The white-haired old man is obviously not an ordinary source, he has long understood his own source art, and has source-level magic weapons, and his combat power is far from the worst source.

At the beginning, the three tribes of the Forbidden Land and Ye Immortal killed Xiang Mientian Army, and the origin of the Mientian Army was awakened as the source of Starfire.

But Xinghuo Yuanzun was the weakest among the origins, without comprehension of the source art, and no source-level magic weapon. At the beginning, he could only fight with an invincible divine lord.

A source such as Xinghuo Yuanzun is just equivalent to an invincible divine lord.

The white-haired elder, who had comprehend the origin technique and possessed a source-level divine weapon, was extremely powerful, far surpassing the invincible divine master, and for a while, Lu Ming was actually suppressed.

No wonder this old man has such self-confidence, no matter how strong the **** is, even if he breaks the pole four times, what is it, the foundation is too weak.

bump!

The two of them fought together with a dozen moves in a blink of an eye. Lu Ming was hit with a palm in his shoulder, almost torn apart, his bones were torn apart, flesh and blood flowed across the board, and blood was flowing.

Lu Ming retreated violently.

"Where to go, today is your death date."

The white-haired old man yelled, sprinting at full speed, and hurriedly chasing Lu Ming. Today, he was determined to kill Lu Ming.

Because he was also very jealous.

Lu Ming is so talented and terrifying. Once he breaks through his origin, his combat power will be astonishing. Like Xi Tianteng, once he breaks through the origin, he will be almost invincible in the early stage of the origin.

He didn't think that Lu Ming could, like Xi Tianteng, be able to break through under the catastrophe of the origin.

But don't forget, it's only a few hundred years before the end of the Great Tribulation of the Origin. After a few hundred years, using Lu Ming's talent to break through the origin is a sure thing.

Once Lu Ming breaks through his origin, his combat power will crush him, so if you can kill Lu Ming while he is now, you can't keep it for later.

Lu Ming tried his best to resist and tried his best to resist, but he was still invincible. He kept retreating. After more than ten strokes, he was hit again. Half of his body was torn apart, he kept coughing up blood, and his breath was lethargic.

"Hahaha, Pang Luo, don't hide it. Lu Ming is already seriously injured and dying. There is no need to attack him. Let's take action together. Quickly and completely kill him, so as not to attract other people, and the night is long and dreamy."

The voice of the white-haired old man came out.

Huh!

To the right of Lu Ming, a sword light rushed out, attacking Lu Ming, the sword light was cold, and it cut the space, very terrifying.

There is no doubt that this is another source.

There was a sneer at the corner of Lu Ming's mouth, and sure enough, there was a strong person from Pang Xiao's line in secret.

There are five or six origins in Pang Xiao's line.

Generally speaking, when it comes to the original state, the more difficult it is to break through.

Therefore, in the origin realm, the number is the largest at the beginning of the origin, and the number decreases later.

There are five or six origins in Pang Xiao's line. At the beginning of the origin, there shouldn't be only one.

Lu Ming had always wondered if someone was lying in ambush in secret, he really didn't guess wrong.

There was another person who lay in ambush in secret, preparing to make a sneak attack.

Seeing that Lu Ming was seriously wounded and dying and was about to be killed, he didn't need to lie in ambush. This person directly rushed out and wanted to join forces with the white-haired old man to completely kill Lu Ming in the fastest possible time.

However, Lu Ming didn't panic at all.

All of this is just an illusion, he did it deliberately.

Otherwise, with his vitality, how could he be seriously injured and dying so easily?

He can easily recover from this injury.

Now, his vitality is even more terrifying, and it can't be measured by common sense.

The power of the taboo's origin was operating, and every cell in his body was glowing, and Lu Ming's injury quickly recovered.

At the same time, his body quickly swelled up, and in an instant, it became a giant three feet tall.

Yuanshu!

Lu Ming finally performed the original technique.

In the previous battle with the white-haired old man, he had not used the source technique, the purpose was to deliberately show weakness, let the other party despise him, and deceive the hidden person by the way.

Now, Lu Ming's goal has been achieved.

The white-haired old man saw that Lu Ming was seriously wounded and dying, and he had a contempt for Lu Ming. He thought that Lu Ming could not have the power to counterattack. All his power was used for attack, and the power used for defense was almost zero. .

Chapter 5052: Yuanshu's first appearance

The white-haired old man used all his power to attack, and made a move with all his strength. The cyan palm glowed, and it surrounded the origin secret meaning, which was a manifestation of urging the origin technique to the extreme.

He wanted to join forces with Pang Luo to completely kill Lu Ming.

Lu Ming was fearless, his three-foot-tall body glowed, forming a thin film that stuck to Lu Ming's skin.

This thin film is the ultimate expression of Lu Ming's various defensive secret techniques.

Lu Ming had forgotten all the secret techniques he had previously mastered, but he hadn't really lost it completely. Instead, those secret techniques had penetrated into Lu Ming's body, merged with Lu Ming, and achieved Lu Ming's origin technique.

It can be said that Lu Ming now has his body transformed into three feet after he casts the source technique. His body is composed of countless kinds of secret techniques, and every inch of his body is a secret technique.

And all the defensive secret arts are turned into this layer of film.

Regardless of just a thin film, the defense is amazing.

Then, the top source-level battle armor also glowed, covering his body in it.

bump!

The cyan palm of the white-haired old man bombarded Lu Ming's heart without breaking Lu Ming's defenses. Lu Ming's body just staggered and blocked the palm.

Then, the God of War spear in Lu Ming's hand swept out.

This gun seems to be simple, but it is surrounded by celestial clouds, which is an alternative manifestation of thousands of attacking secret techniques.

It can be said that Lu Ming's shot seemed simple, but it contained thousands of powers of offensive ancient mysteries.

This is Lu Ming's origin technique. After turning into a three-legged body, as long as his origin power can be maintained, his random attack is equivalent to someone else's origin technique attack.

The pupils of the white-haired old man enlarged sharply, revealing a frightened color, and it was too late to defend himself.

He didn't expect that Lu Ming was seriously injured and dying, and could fight back, and the counterattack was still so terrible.

The power of his whole body was used to attack, and the power used to defend was almost zero. How could he withstand Lu Ming's attack.

With a touch, the white-haired old man's body exploded directly, revealing the roots inside.

The old man's soul screamed, encumbering Yuangen, wanting to escape.

But how could Lu Ming let him escape, the God of War spear shook slightly, and the terrifying power of destruction exploded, bombarding the source of the white-haired old man.

when!

It was like a bombardment on a sharp weapon of a divine weapon. The hardness of the roots was surprisingly high, but unfortunately, it was difficult to withstand Lu Ming's attack. The next moment, the roots of the gray-haired old man was completely blown up and lived in the roots. The soul in the root is also completely annihilated.

Originally, with the combat power of the gray-haired old man, if it were to fight Lu Ming head-on, Lu Ming would not be able to kill the gray-haired old man so easily, even if he used the source technique.

After all, the white-haired old man has mastered the source art and also possessed the source-level magic weapon. Even in the early days of the source, he was considered a master. Lu Ming made a full shot, even if he was a little better than the opponent, it would be difficult to kill.

But Lu Ming showed weakness from the beginning, the opponent was careless and underestimated the enemy, so he was killed by Lu Ming in one fell swoop.

Another middle-aged man, named Pang Luo, was about to join forces with the white-haired old man to completely kill Lu Ming. Seeing this scene, his courage was almost shocked.

He got chills all over and retreated violently.

He hasn't comprehended the origin technique yet, and his combat power is far worse than that of the white-haired old man. How dare he compete with Lu Ming.

"I want to go now, it's too late!"

Lu Ming's indifferent voice sounded.

He previously showed weakness deliberately, one is to make the white-haired old man underestimate the enemy, the other is to draw out the person in the dark, just to catch it all at one go, how can he allow the other party to escape?

With the power of Taboo's origin running, behind Lu Ming, a pair of wings unexpectedly gave birth.

The wings are golden yellow, which is a concentrated expression of all the great ancient mysteries of speed.

Combining the essence of all the great ancient mysteries of speed, this speed is so terrifying.

Huh!

With wings flapping, Lu Ming's body, many times faster than lightning, caught up with Pang Luo.

It can be said that in Lu Ming's use of the Origin Art, the overall combat power has been improved terribly.

From this, it can be seen how terrifying the source art that Lu Ming has enlightened is so terrifying.

This is his unique source technique, which combines three thousand ancient mysteries and tens of thousands of common mysteries, combined with the power of his own taboo origin.

Lu Ming has no idea about how powerful it is.

Only with constant wars and constant use can Lu Ming himself continuously develop the various mysteries and powers of this source technique.

Almost just a breath, Lu Ming caught up with Pang Luo, the God of War Spear suddenly grew in size, and pressed against Pang Luo.

"Die together!"

Pang Luo saw that he could not escape, his eyes were blood red, and he roared, fighting back with all his strength.

After all, it was the origin, with a source-level magic weapon, and strong combat power. However, there was still a big gap compared to Lu Ming, who was doing his best.

when!

With just one move, Pang Luo's body shook wildly, retreated violently, blood overflowing from the corners of his mouth.

"How can it be so strong? It's just a god. Why is it so strong? The rumors do not match. It is impossible to have such strength. Is it five times..."

Pang Luo yelled in his heart, he was really shocked.

Five times to break the extreme, even if it is the primordial continent of the last era, it is very rare. It is the protagonist of an era, an invincible powerhouse who can sweep the same generation.

Why do such evildoers appear in this era.

The broken and wild universe, the heart of the universe is shattered, why can such evil spirits appear.

Pang Luo kept roaring in his heart.

"kill!"

Lu Ming roared and shot continuously, the God of War spear surrounded Shenxia, and with each blow, it seemed to penetrate the universe and knock down a string of stars.

Too strong, Pang Luo couldn't resist it at all. It was just a few tricks. His body was pierced by the God of War Spear. The terrifying power burst from Pang Luo's body, blasting his flesh to pieces.

The flesh exploded, leaving only the roots.

But Pang Luo is far inferior to the white-haired old man. There were several cracks in his roots, and the power of his roots kept leaking.

Lu Ming's sharp gun swept out again.

This time, Pang Luo's roots completely burst, and his soul was annihilated.

At this point, the two origins were all killed by Lu Ming.

This was the first time Lu Ming used his own combat power to fight the origin, and as soon as he shot, he killed two powerful origins.

The combat power of these two origins was not comparable to that of the original Starfire Source Venerable, much stronger than the Starfire Source Venerable, but both died in Lu Ming's hands.

With a wave of his hand, the storage bags of the two flew into Lu Ming's hands, and they were put away by Lu Ming. Of course, Lu Ming did not let go of the source-level magic soldiers of the two.

The appetite of the ball is very big, even if you don't give the ball to eat, you can get back to the destruction of the heavenly army, and the many origins of the destruction of the heavenly army, but they lack the source-level magical soldiers.

"My source art is more powerful than I thought." Lu Ming whispered.

Chapter 5053: Magic Medicine and Altar

Lu Ming was very satisfied with his original technique. The power was stronger and more mysterious than he had imagined. Combining all the advantages of the ancient mystery technique, it could be said that it was very strong in all aspects and had no shortcomings.

Other people's origin skills are either biased toward a single attack, or biased toward a single defense, or biased toward a single speed. It is amazing that they can have two of these characteristics.

However, Lu Ming's source technique and defensive attack speed are very comprehensive, and he even possesses other auxiliary methods, which are more powerful and much stronger than the previous great ancient secret technique.

There is no shortcoming at all, this is simply against the sky, if you want to be known by others, it is estimated that you will be shocked and stunned.

However, Lu Ming estimated that there is still a lot of room for improvement in his source technique, and there is still a lot of potential that has not been discovered.

In fact, the source techniques that have just been comprehended are almost the same, and they all have great development potential.

You, a person who has just enlightened the origin art, and an old monster who has stayed in the origin realm for hundreds of stellar years, can the origin art be the same?

Some people with high talents may only comprehend one form when they first comprehend the source technique, and later they will comprehend the second form and third form, etc., which can push the power of the source technique higher and higher.

Of course, not every source technique can be continuously improved and improved.

After all, it depends on the potential of this source technique, as well as the comprehension of the enlightened person.

Some source skills have limited potential, and no matter how much time it takes, it will not be possible to improve too much.

Unless the comprehension of the enlightened person is really against the sky, it can turn decay into a miracle.

Of course, there are very few such examples, but not all.

Lu Ming reflected on the previous battle and summed up his combat experience, then he shook his figure and left here and continued to move in the original direction.

For the next two days, Lu Ming found nothing.

This world is so big that Lu Ming has no direction. After searching for two days, he can't find anything.

In this world, there are only some ordinary plants and beasts, nothing else, and no clues to the human king's heart.

Even, I didn't bump into other people.

Obviously, this world is too big, with thousands of people scattered in it, it's not easy to come across.

However, Lu Ming estimated that there may be more than a few thousand people entering this world now.

Because, the masters of the six major forces in the western universe are still coming, and in the past two days, I am afraid that more masters have entered the crack of the Nine Elements Forbidden Land.

"That is..."

Suddenly, Lu Ming's eyes stared.

In the front, there is a red beam of light, straight into the sky.

The red beams of light reflected half of the sky, even if they were far apart, they could be seen.

Vaguely, you can see a magical medicine dancing in the red beam of light.

Top source-level magic medicine!

Lu Ming's eyes lit up.

He was too familiar with the top source-level magical medicine, and he could tell at a glance that it was a top-level source-level magical medicine.

Most of the beam of light was emitted from the top source-level magical medicine. The magical medicine in the beam of light was a ghost, and most of it was reflected by the top-level source-level magical medicine.

Lu Ming was surprised that there was a top-level source-level magical medicine in this world.

Moreover, Lu Ming was a little suspicious, why the top source-level magical medicine would emit such a beam of light.

The top source-level magic medicine has always been low-key, because it is too high-key, it will be taken away by other creatures.

The top source-level magic drug that has always been low-key, why is it so?

Among them, is there a problem?

However, the allure of the top source-level magical medicine was too great, and Lu Ming finally decided to go and take a look.

Huh!

Lu Ming rushed in that direction.

Soon, it was approaching the direction of the beam of light.

"kill!"

"Go away, the top source-level magical medicine is mine."

Many people had arrived earlier than Lu Ming and had already been fighting together.

Lu Ming saw a basin in front of him. In the middle of the basin, there was a blood-red altar, which looked old and vicissitudes of life.

Not far from the altar, there is a miraculous medicine growing, which is also blood red, half a meter high, and full of two fruits, emitting a strong medicine fragrance.

Even if Lu Ming was still some distance away, he could smell the scent of medicine.

It is a top-level source-level magic medicine, and there is nothing wrong with it.

In the field, there were more than a dozen people mixed together.

These dozen people came from three forces.

Jiuyin Demon Spider, extremely evil tribe, and Tianyin Vine.

However, there are no masters in it, none of the origins, and all of them are in the Divine Master Realm.

Moreover, the strongest combat force also broke the pole twice.

Lu Ming smiled.

It seemed that in this area, there were no masters, only some of the Divine Master Realm, so he was about to decide on this top source-level magical medicine.

Lu Ming no longer hides, and he steps directly out, with a powerful aura permeating out.

"Lu Ming, it's Lu Ming!"

A dozen people in the melee were shocked when they saw Lu Ming.

At the beginning, Lu Ming, but the evildoer who could compete with Xi Tianteng, how could they not be afraid.

"Go!"

Lu Ming shouted coldly.

The faces of more than a dozen people at the scene were suddenly hard to look.

However, they would never dare to ask them to do something with Lu Ming.

Adding up to a dozen of them, none of them were Lu Ming's opponents, and they would be easily killed by Lu Ming.

The gap between the second and fourth breaks is too great.

"go!"

Finally, the people of the Tianyin Teng Clan were the first to leave, and then, the Nine Yin Demon Spiders and the extremely evil clan also left one after another.

Lu Ming didn't stop him. If he made a move, he would naturally leave all these people behind.

However, Tianyinteng had no complaints with him. Xi Tianteng helped him at the beginning, and he had no reason to kill Tianyinteng's people.

If you don't kill the people of the Tianyinvine tribe, then, if you kill the Nine Yin Devil Spiders and the extremely evil tribe, the news will definitely spread.

Although he had a grudge with the Nine Yin Demon Spider and the Extremely Evil Race, he only had a grievance with one of the two races, and he had not died with everyone in both races.

However, if one sees the people of the two races and kills them, then they will truly be immortal with the two races.

Lu Ming has been immortal with the Yuanguang clan, Cangming clan, and Yinsha clan. It is already very unfavorable for the Heaven Extinguishing Army. There is no need. He does not want to provoke more enemies.

After all, the origin of the catastrophe is only a few hundred years away.

After the people of the three races retreated, Lu Ming rushed towards the top source-level magical medicine.

The strange thing is that this top source-level magical medicine does not escape.

This made Lu Ming very strange, he couldn't help but stop, observe carefully, and didn't act immediately.

"It's really disappointing, it's over without fighting, kid, you're good for me."

Suddenly, a cold voice sounded.

Lu Ming immediately caught the sound coming from the place where the blood-red altar was.

The blood-red altar, the red light became more intense, and then, a figure appeared in the altar.

The figure is adult, but it is obviously not an entity, it is illusory, as if it is a soul.

Chapter 5054: Remnant Soul Ge Qian

The blood-red altar, the figure that appeared, was blood-red, not an entity, but like a soul. His blood-red eyes stared at Luming, full of greed.

"I can feel that you have a powerful soul, very good, enough to make up for the loss of those people, die for me!"

The blood-red figure made a piercing cry, like a nine-nether evil ghost, and then rushed towards Lu Ming, with an astonishing speed.

Humph~!

Lu Ming snorted coldly, the power of the taboo was operating, the God of War Spear suddenly swept out, the void trembles and collapses, entrained with terrible power, it swept toward the blood red figure.

boom!

The God of War spear hit the blood-red figure, and the blood-red figure trembled and retreated back. However, the greed in his eyes became more intense, and the sharp corner said: "It's so strong, but it's still dying."

After that, the blood-red figure rushed towards Lu Ming again, with an even more shocking speed.

boom! boom!

Lu Ming continued to shoot, and the powerful force continued to kill the opponent, but this time the blood-red figure kept flashing, avoiding Lu Ming's attack at an astonishing speed, quickly approaching Lu Ming, slapped out with one palm, and with one palm. He whizzed out and rushed towards Lu Ming, so fast that even Lu Ming could hardly avoid it.

With a touch, Lu Ming hit the palm, causing him to retreat sharply.

"What a weird palm, it actually ignores the defense of the top source-level armor and hits the soul directly."

Lu Ming's thoughts changed sharply.

He discovered that the attack of the blood-red figure was not aimed at the flesh, but at the soul.

The palm power just passed through Lu Ming's defenses and attacked Lu Ming's soul. Unfortunately, Lu Ming's soul was scattered in the cells of his body. The opponent's palm power could not focus on Lu Ming's soul at all. It only attacked the souls in a few cells, and it had little effect on Lu Ming.

However, the blood-red figure didn't know it, and thought that Lu Ming had been recruited and his soul was severely injured.

He screamed and rushed towards Lu Ming, wanting to solve Lu Ming completely.

Lu Ming deliberately pretended to be injured. When the blood-red figure approached, Lu Ming used the origin technique to raise his combat power to the peak, and the God of War spear was like a mountain, and moved toward the blood-red figure to suppress it.

what!

This time, the blood-red figure screamed, and the body was directly shattered.

Lu Ming, who used the Origin Spell, had too strong offensive power, already exceeding the endurance limit of the blood-red figure, and this immediately severely damaged the blood-red figure.

The blood-red figure's body was torn apart, but it was not dead yet, the torn-up body quickly retreated, unexpectedly reunited again not far away.

However, it was obvious that he was seriously injured, and his body was a lot of illusion, as if a candle in the wind could be extinguished at any time.

The breath has also languished a lot.

"Damn, why is there no soul in your sea of knowledge? No, it's not that there is no soul, but it's just scattered, what's the matter?"

The blood-red figure howled, really can't figure it out.

Generally speaking, the souls of people under the origin live in the sea of knowledge.

Only after reaching the origin, the soul will dwell in the origin, and use the power of the origin in the origin to nurture the soul.

"Send you on the road!"

Lu Ming coldly shouted, striding forward, and the God of War spear shot down again, covering the blood-red figure.

The blood-red figure had been wounded and couldn't avoid it. It was hit again, and the body that had just gathered was crushed again and torn apart.

However, the blood-red figure's vitality is really tenacious. After being smashed again, it is still not dead, and they are gathered together not far away, but the breath is more wilted, the body is more illusory, and it seems to be able to collapse at any time.

"kill!"

Lu Ming's murderous aura rushed into the sky, and continued to kill the opponent. No matter how tenacious his vitality, he would be completely wiped out in the constant attacks.

"Don't kill me, let me go, I will help you..."

The blood-red figure was finally scared, begging for mercy.

But Lu Ming was unmoved, and the God of War continued to press down.

"I know you are here to find the King's Heart. I can help you find the King's Heart..."

The blood red figure continued to roar.

Lu Ming's offensive stopped immediately.

Lu Ming was uncertain in his eyes, staring at the blood-red figure, and said, "Can you help me find the King's Heart?"

"Yes, I entered here before endless years. I was originally looking for the King's Heart. I have found the location of the King's Heart."

The blood-red figure called.

"Do you think I will believe you?"

How could Lu Ming trust each other so easily.

"What I said is true, I am also a human race, how can I lie to you..."

The blood-red figure called.

On this point, the other party didn't lie, and there was no need to speak. Lu Ming could sense through the other's soul fluctuations that the other party was indeed a human race.

"Specifically, what is your origin? Why do you appear here?"

Lu Ming asked.

Immediately, the blood-red figure spoke in detail.

The blood-red figure, named Ge Qian, belonged to the human race of the Primordial Continent. Later, the Primordial Continent collapsed. He luckily survived, and he and his companions found the land of

the King of Human Heart. They entered through a special method. Inside, and found the place where the king's heart was sealed.

According to Ge Qian, they are the human race, the human king's heart. For them, it is an opportunity against the sky, which can help them continue to transform, evolve, continuously purify their blood, and even help them break through the immortal way and smoothly transcend.

Unfortunately, greed blinded their eyes. He was betrayed by his companion. The two broke out in a tragic fight. In the end, although Ge Qian killed his companion, he himself was seriously injured and dying, leaving only one. The remnant soul has survived to this day.

Originally, it seemed that Lu Ming was also a human race, and wanted to swallow Lu Ming's soul to make up for his own. Unexpectedly, although Lu Ming is only a god, his combat power is beyond imagination...

Lu Ming carefully considered Ge Qian's words and found that everything was reasonable and there were no flaws.

"Lead the way, lead me to find the King's Heart, I can let you go. Of course, if you want to play any tricks, I will completely wipe you out."

Lu Ming said coldly.

"Don't worry, I won't play tricks, just ask you to let me go. Of course, it's best to take me out of here."

Ge Qiandao.

"Okay, lead the way!"

Lu Ming said.

Of course, Lu Ming couldn't completely trust the other party, and secretly, he was still on guard.

Although Ge Qian's attack has no effect on him, who knows what weird methods such old monsters will have to prevent, naturally they must be prevented.

"Okay, come with me, I'll take you to find the King's Heart."

After Ge Qian finished speaking, he turned and flew in one direction.

At the moment he turned around, Ge Qian's eyes flashed an icy murderous intent, and... a mocking smile.

Very cryptic, passing by in a flash, Lu Ming didn't notice it.

Chapter 5055: Fight the Nine Yin Devil Spiders Again

The direction of Ge Qian led the way, which was almost the same as Lu Ming's previous direction, which showed that Lu Ming had good luck and had not taken the wrong direction before.

After half a day, they have already travelled a lot.

suddenly...

Swish...

A powerful breath erupted, and several figures appeared in the sky, rushing towards Lu Ming, and there was still some distance away, and the strong breath had already locked onto Lu Ming.

"Nine Yin Demon Spider..."

Lu Ming's eyes moved.

The coming person is a master of the Nine Yin Demon Spiders, among them, there are two origins, and three **** masters, one of whom Lu Ming still knows is Zhu Tian.

It was Yuanjialuzhai who would actually meet here.

The two origins of the Nine Yin Devil Spiders had their Qi machine locked to Lu Ming a long time ago, and the speed was too fast, and they came close to Lu Ming in a flash.

The two origins, one on the left and the other on the right, surrounded Lu Ming.

Afterwards, Zhu Tian and other three **** masters came not far away and stopped.

"Lu Ming, can you hide from the first day of the new year, to the fifteenth, today is your death, and it is your good fortune to let you sleep in the land of the seal of the king's heart."

Zhu Tian said, his face was extremely cold, his eyes were full of cold murderous intent.

He hated Lu Ming. He was suppressed by Lu Ming and walked around the universe in a string. Not only that, he and the Nine Yin Demon Spiders were exchanged for two top source-level magical medicines.

He has long been a laughing stock.

Over the years, his demons have grown in numbers, and his cultivation is difficult to make progress. Only by killing Lu Ming can the demons be relieved.

"Two seniors, don't kill him yet. Abolish him completely. I will kill him by myself."

Zhu Tiandao, if he didn't kill Lu Ming with his own hands, his heart would be hard to get rid of.

"Don't worry, he will definitely die."

The origin of a Nine Yin Demon Spider spoke coldly, full of powerful self-confidence.

He has confident capital. He is not an ordinary source. He not only masters the source-level magic weapon, but also understands the source art. Even if Lu Ming breaks the extreme four times, he is confident to suppress it.

Moreover, the other origin has the strength not weaker than him.

Together, Lu Ming will undoubtedly die.

"kill!"

Lu Ming suddenly yelled, took the first shot, blasted out two moves, and then rushed in one direction.

Lu Ming didn't use the origin technique, he pretended to attack, and then broke through in one direction.

No one knows that he already has five times of extreme combat power. This is his biggest advantage. First let the opponent despise him, and then burst out suddenly, giving the opponent a fatal blow.

"Don't want to go!"

"Little thief, want to break through and dream!"

The two origins yelled, launched an attack with all their strength, and hit the strongest blow.

Both of them have comprehended the existence of Origin Art, and coupled with the power of Origin Level Divine Weapon, a full blow is very terrifying.

puff!

Lu Ming was defeated and suffered 'heavy injuries'. He coughed up blood and retreated violently.

"Peerless evildoer, but that's all!"

"Destroy him!"

The two origins sneered coldly, ruthlessly, and continued to attack, wanting to completely abolish Lu Ming.

"The opportunity is here!"

Lu Ming's eyes flashed.

The two origins of the Jiuyin Demon Spider saw that Lu Ming was severely injured, and regarded Lu Ming as a fish on the plate, and did not take Lu Ming into his heart.

Also, they had a clear estimate of the combat power that broke the extreme four times, and Lu Ming was indeed not afraid of it.

They would never have imagined that Lu Ming had broken the pole five times.

The main thing is that it is too rare to break the extreme five times. Even in the period of the Primordial Continent, few people can reach it. In many cases, there is not one person in an era.

Unless it is a great world, there will be several people in parallel.

That was the period of the Primordial Continent, far from what it is now.

Now, it is a miracle to be able to break the pole four times.

In fact, neither Xi Tianteng nor Wu Jue were from this era. They were all sealed up to the present after endless years.

In this era, before Lu Ming appeared, there was no existence of breaking the extreme four times.

Four times breaking the pole are already a miracle, let alone five times breaking the pole.

Therefore, they thought that Lu Ming had really been hit hard, and he had no power to fight back. Lu Ming's strength was counted dead by them.

In any case, the storm cannot be overturned.

This is exactly the same as the white-haired old man in the Pang family before.

"The ball..." At this moment, the ball flew out, and a beam of light shot at one of the origins.

It is the ball's trick, the illusion light beam.

The cultivation of the ball has reached the peak of the gods long ago, and has been accumulating over the years.

At the beginning, in Zixiao Cave, he swallowed a large number of broken magic soldiers, some of which were extremely high and unfathomable.

There are also a lot of metal materials. After leaving Zixiao Cave, Lu Ming will give the ball to the ball if he gets the broken soldiers that he can't use.

Had it not been for the origin disaster now, the cultivation base of the ball would have broken through and rushed to the origin realm.

The physique of the ball is extremely special, as long as there is enough metal material or the magic weapon to swallow it, it can continue to transform and make continuous breakthroughs.

Over the years, although Qiuqiu's cultivation base has not made a breakthrough, he is constantly accumulating, accumulating, and achieving qualitative changes through constant accumulation, and his strength is constantly improving.

It's just that Lu Ming has improved faster in recent years, and in many cases, there is no room for ball performance.

In fact, the current combat power of the ball is not weak, I am afraid that it has the strength to break the pole three times.

Especially the illusion light beam, the power is more mysterious, even if the existence of the origin is shrouded in it, it will be affected by a lot.

That origin, shrouded the illusion light beam, suddenly lost consciousness for an instant.

One moment is enough to decide life and death.

At the moment when the ball was shot, Lu Ming had already used the source technique, which turned into three feet high, shot by the guns together, and turned into a spear light, gorgeous and immortal, eternally immortal, piercing the source that enveloped the illusion light column.

This shot directly pierced the opponent's Dantian and pierced the opponent's root cause.

The origin of the Nine Yin Devil Spider never expected that Lu Ming would be able to explode such a terrifying attack. Therefore, it was too late for him to escape his soul into the roots of Origin Root.

Click!

bump!

The root of this source directly exploded, and even the soul was completely destroyed.

The physical body of the other party seemed to have only been pierced through a hole in the Dantian, but in fact, the other party had lost the slightest life traits, and the soul had been completely annihilated.

A shot pierced the person's soul, Lu Ming didn't stop at all, his body retreated quickly, rushed to another origin, and blasted out with a punch.

Lu Ming's fists were surrounded by gods and clouds, and they were all transformed by various secret techniques. They were terrifying. Even without the God of War Spear, Lu Ming's fist could burst the stars and destroy countless stars.

This origin resisted with all his strength, but couldn't resist, his body retreated violently, he vomited blood, and his arms exploded.

Chapter 5056: Another Ge Qian

kill!

Lu Ming yelled, shook his palm in the air, and the God of War spear flew back into his hand and swept out.

The power of the taboo origin poured into the God of War Spear, causing the God of War Spear to tremble, as if there was a terrible power to recover.

In fact, the origin of the taboo is really no trivial matter. Although Lu Ming has not broken the origin, the power of the taboo origin can already make the God of War Spear a little bit more powerful.

boom!

Under the pressure of the God of War Spear, the second origin of the Nine Yin Demon Spider was directly exploded, and the flesh was torn apart, even if it was the origin, there were many cracks.

"Do not..."

From Yuangen, the horrified roar of Yuan Yuan came out.

But it was useless, Lu Ming's forbidden power was operating, the God of War spear shook, the violent power rushed out, the source of the opponent, completely burst, and the soul disappeared.

In the distance, Zhu Tian and the three were stunned.

What did they see?

The two powerful origins of the Nine Yin Devil Spiders were just killed.

These are the two sources who have comprehended the origin technique. They are powerful. In the early days of the origin, they were definitely masters, but in an instant, they all died in the palm of Lu Ming's hand.

Their eyes widened, unbelievable at first, and then endless fear.

"Huh!"

Zhu Tian's reaction was the fastest, turning around and leaving.

He did not greet the other two, the only thought in his heart at the moment was to run away and stay away from Lu Ming.

The other two couldn't react the best, and they could delay Lu Ming for a while to give him a chance to escape.

Zhu Tian, raised the speed to the highest level ever.

Unfortunately, it's useless.

Lu Ming smashed a shot out, and the God of War Spear suddenly became bigger, like a pillar of the world, squeezing the sky, pressing against Zhu Tian and the other two Nine Yin Demon Spiders, and enveloped the three of them under the God of War Spear. .

Zhu Tian roared and tried their best to resist.

Zhu Tian has even increased his combat power to the strongest in history. Under this life-and-death crisis, Zhu Tian actually has a tendency to break the limit and step into four times.

But everything is too late.

The difference in combat power between them and Lu Ming was too great.

Two divine masters, one broke the pole twice, and the other only broke the pole one level. The combat power of Lu Ming was completely different.

bump! bump!

The two gods burst into pieces one after another, and their form and spirit were destroyed.

Immediately afterwards, Zhu Tian.

His body also burst open, and his soul did not emanate for a while, and he let out a stern roar: "I'm unwilling, I'm unwilling..."

Zhu Tian was extremely unwilling. He already had a tendency to break the pole four times. Given time, he would surely be able to break the pole four times.

If you have broken the pole four times, and then learn from Xi Tianteng, and break through the origin under the great calamity of the origin, what is in front of you is a broad road. In the future, you will be detached and become immortal. It is just around the corner.

But now, he was about to die, and there was nothing left.

Break five times!

Now, he already knew that Lu Ming had broken the extreme five times.

He couldn't figure out why Lu Ming was able to break the pole five times, how could he be so enchanting?

He wanted to inform the rest of the Nine Yin Devil Spiders of this news, so that the Nine Yin Devil Spiders would use all their strength to kill Lu Ming, and completely kill him before Lu Ming had fully risen.

Unfortunately, he has no chance.

boom!

The God of War gun was depressed, and Zhu Tian was wiped out in ashes.

Lu Ming stretched out his hand and grabbed the storage bag of Zhu Tian and others, as well as the source-level magical soldiers.

After checking, Lu Ming showed joy.

Make a lot of money.

The set of Zhu Tian's body is all top-level source-level magic weapons, and there are also six ordinary source-level magic weapons.

The forbidden land has a profound background of life, and it's unreasonable to be wealthy.

"Ball ball, here you are!"

Lu Ming casually threw a source-level magic weapon to the ball, and opened his mouth to swallow the ball.

It was just an ordinary source-level magic weapon, and Lu Ming didn't care.

And the more **** you swallow, the stronger you accumulate, and your strength will become stronger and stronger, which will benefit Lu Ming a lot.

Just now, without the help of the ball, Lu Ming could not solve the two origins so easily.

If there is no ball, even if the opponent is careless, it is impossible for Lu Ming to kill a source with one move.

If it takes a few moves to kill one source, another source will react and put away the contempt.

The other party didn't care about it, fighting with Lu Ming with all his strength, it was impossible for Lu Ming to easily solve the other party.

In that case, Zhu Tian and others could take the opportunity to escape.

On the ground in the distance, Ge Qian came out.

In fact, before the people of the Nine Yin Demon Spider hadn't arrived, Ge Qian went straight into the ground, showing Ge Qian's amazing sensitivity.

The people of the Nine Yin Demon Spider did not find Ge Qian.

"Lead the way!"

Lu Ming spoke indifferently.

"Okay, follow me!"

Ge Qiandao, continue to lead the way.

However, not long after Lu Ming and the others left, another figure appeared on the ground.

This figure, blood red, like a soul, actually looks exactly the same as Ge Qian.

The only difference is the soul breath.

The breath of this 'Ge Qian' is actually very similar to the breath of the Nine Yin Demon Spider, perceiving it from the breath of the soul, the other party seems to be the person of the Nine Yin Demon Spider.

"Boy, no matter how talented you are, you won't be fooled by this seat. Sooner or later this seat will devour your soul and draw your blood, hehehe..."

Ge Qian sneered at the back, surrounded by strands of invisible energy, converging towards Ge Qian.

This invisible energy was the souls of the masters of the Nine Yin Demon Spiders who had been killed by Lu Ming just now.

The souls of these people have been torn apart by Lu Ming, but the energy of the remnant souls will not dissipate in a short time. At this time, they were all swallowed by Ge Qian.

Ge Qian turned the remnant soul into his nourishment. His body, radiating radiance, was slowly becoming solidified, and his aura became stronger.

"Boy, keep hunting for tonics for me..."

This Ge Qian sneered, then went underground and disappeared.

Before, Lu Ming met Zhu Tian and others entirely because of Ge Qian.

Ge Qian deliberately led the way, let the two meet, let the two fight, and he profited from it.

Then, not long after, Lu Ming ran into another group of people.

The master of Yuanguang clan.

"Lu Ming, why are you here?"

Some of the Yuanguang clan shouted, unbelievable, and seeing Lu Ming was like a ghost.

This person is Yuan Siji.

He never dreamed that Lu Ming would appear here.

Isn't Lu Ming in the eastern universe? When did he arrive in the western universe?

"He is Lu Ming, kill him!"

Next to Yuan Siji, someone spoke indifferently, killing Ling Ran.

This is a source!

In fact, there are dozens of people around Yuan Siji, among them, there are at least a dozen strong people in the Origin Realm.

At this moment, the dozen people all exploded, staring at Lu Ming, and howling murderously, rushed towards Lu Ming.

These origins of the Yuanguang clan, after waking up, they heard Lu Ming's name.

Chapter 5057: Ge Qian's Conspiracy

Lu Ming once killed the Yuanguang clan and took away many top source-level magical medicines from the Yuanguang clan, and forced the Yuanguang clan to have the origin and spare his life to wake up, and only then dragged Lu Ming.

A divine lord in a small area actually made a forbidden land and suffered such a big loss. It can be said to be a face scandal. Even in the prehistoric continent of the last era, the Yuanguang clan rarely suffered such a loss, let alone being beaten. Go to the door.

Do you think you are the king of men?

Therefore, these origins had a deep sense of killing Lu Ming. As soon as he heard that this person was Lu Ming, he immediately killed Lu Ming.

"With so many masters, it is not advisable to fight head-on. It is the best policy to go."

Lu Ming's heart moved, and his figure resembled a flash of lightning. He retreated violently and rushed in the other direction.

In the Yuanguang clan, there are more than a dozen origins, forbidden creatures, and no source-level magical soldiers. Needless to say, most of these origins have source-level magical soldiers, and their combat power is by no means comparable to that of the Starfire Origins.

If a few of them had realized the origin technique, their combat power would not be much worse than him.

In case, there is a stronger existence.

Facing so many origins, Lu Ming is mostly not an opponent. He really wants to be surrounded by the opponent. If the opponent has a Tianjiao character, he will most likely be killed.

Therefore, Lu Ming left very simply.

Faced with so many masters of unknown strength, it is a fool not to go.

"Where to go?"

"Fight me!"

"coward!"

In the rear, the origin of Yuanguang clan roared.

"Have the ability to fight at the same level!"

Lu Ming's disdainful voice sounded, his body shape never stopped, faster than the electric light, tens of thousands of miles in an instant.

Today, Lu Ming's speed is astonishing. Although the Yuanguang clan members are also extremely fast, they still can't catch up with Lu Ming, and Lu Ming successfully escaped.

"Damn, this kid's strength is getting more and more terrifying. If he has a chance, he must get rid of it."

Yuan Siji's face was gloomy.

"When we get the King of Human Heart, it will be his death."

A gloomy face from the source.

Finally, the people of the Yuanguang clan left here helplessly.

After these people left, another figure appeared on the ground, it was the 'Ge Qian' with the same breath as the Nine Yin Demon Spider.

"Damn it, I didn't even fight, it's really damn."

Ge Qian roared, his face gloomy.

Needless to say, it was Ge Qian's 'credit' that Lu Ming was able to meet the Yuanguang clan.

What they didn't expect was that Lu Ming, who looked awkward and fearless, ran away directly after seeing the Yuanguang clan, and his plan to devour the remnant soul fell through.

"I ran the first day of the junior high school, did you run the 15th?"

Ge Qianyin said coldly, and then went underground again.

"I have been investigating alone for a few days before, and I haven't met anyone. Why do I repeatedly run into it now?"

Lu Ming thought to himself.

This is strange.

People from all forces only amount to a few thousand. Entering this vast place, they are too scattered. Lu Ming has searched for a few days before, but he hasn't encountered anyone else. Why now, he will encounter the Nine Yin Demon Spider soon, I will meet Yuanguang Clan in a while.

Could it be a coincidence?

Perhaps it was because it was close to the place where the human body was sealed?

For a while, Lu Ming didn't figure it out.

Under Ge Qian's guidance, he continued to move forward, but not long after, Lu Ming met a group of people who belonged to the Yin Sha clan.

This time, the Yin Sha clan didn't have too many masters, and there were only about four or five people in the origin.

But Lu Ming didn't fight with the opponent either. He turned around and left, leaving the Yin Sha clan away.

"There is really a problem. I will encounter it at every turn. In other words, since I got to that Ge Qian, I have repeatedly encountered powerful enemies..."

Lu Ming's thoughts changed sharply.

"It's not really this old guy who is doing the trick, but he is near me, not far from me, how can I do it?"

Lu Ming couldn't figure it out.

However, he was more on guard against Ge Qian.

Later, as expected, he encountered people from other forces again and again, but regardless of the strength of the opponent, Lu Ming turned around and left, too lazy to fight with the opponent.

He vaguely felt that something was wrong, and he was fighting with each other, maybe he was fooled.

"This kid is really cunning like a fox, but if you don't fight, naturally someone will fight."

Ge Qianwang, who had the breath of the Nine Yin Demon Spider, looked away at Lu Ming, her eyes cold.

In fact, it is true.

During this period of time, people from all major forces have repeatedly run into battles, and in every war, people have died in battle.

When the war is over and the killers leave, a figure will emerge from the ground to absorb the remnants of the soul between heaven and earth.

This figure is exactly the same as Ge Qianchang's.

It's just that the soul breath is different.

The soul aura of some figures is like the extremely evil race, some are like the Yuanguang race, and some are like the Yinsha race...

He constantly absorbs the energy of the remnant soul, and constantly strengthens himself.

Everyone is kept in the dark.

Because these Ge Qian all said that he knew the sealed place of King King's Heart, and he wanted to take them to find King King's Heart.

Many powerful masters have a Ge Qian beside them.

Of course, this is because these masters are strong enough that Ge Qian can't deal with them, and those Ge Qian can deal with, Ge Qian shot them directly and swallowed his soul.

A terrible conspiracy was slowly unfolding, but no one noticed it.

Lu Ming just felt suspicious.

"Ge Qian, where is the land of the King of People's Seal, and when did it arrive."

Lu Ming stared at Ge Qian with bad eyes.

"It will be here soon, not far ahead."

Although Ge Qian cursed Lu Ming in his heart, he said with a deliberate smile on his face.

"You'd better not play tricks, otherwise, I will completely wipe you out."

Lu Ming threatened, and then let the other party continue to lead the way.

Sure enough, not long after, Ge Qian stopped and said that the land of the king's seal has arrived.

In front, there are endless mountains, huge peaks towering into the sky, and at a glance, they are all straight peaks, like a divine sword, sticking upside down on the ground.

"This is the place where the human king's heart is sealed. The human king's heart is sealed in the center of this mountain range, but this mountain range is shrouded by a terrible sealing formation. This formation not only seals the human king's body, but also isolates everything. It is difficult for any creature to enter."

Ge Qian explained.

Lu Ming ran the Demon King Emperor's pattern, and he saw that this vast land was full of runes.

Dense runes, intertwined with each other, stretched forward, covering this land.

On this point, Ge Qian was right. This land was indeed sealed, isolated from everything, and it was difficult for any creature to enter.

However, due to the long passage of time, this seal formation still had problems and loopholes.

Lu Ming turned the Demon King Emperor's pattern, and the loopholes in the seal formation appeared in Lu Ming's eyes.

A smile appeared at the corner of Lu Ming's mouth.

This seal formation can't stop him, he can enter through these loopholes.

Chapter 5058: Absorb soul energy

Lu Ming was sure that he could find those loopholes with the Demon King Emperor Pattern and enter this seal formation.

"Lu Ming, let me tell you that before endless years, my companion and I spent endless efforts to finally crack this seal formation. It is because of this that my companion became greedy and acted on me. , If you want to swallow the king's heart, hey..."

Having said this, Ge Qianchang sighed, and then continued: "So, only if I lead the way, can I take you through this seal formation and get the King's Heart."

The implication is obvious, that is, you have to rely on me, otherwise, you would never want to get the heart of the king.

Lu Ming didn't point it out either, he wanted to see what tricks Ge Qian would play.

Anyway, he has the Demon King Emperor pattern, and the risk can be observed at any time.

Moreover, even after entering this seal formation, I don't know what to face later, maybe it will be useful to Ge Qian.

Therefore, Lu Ming still didn't want to kill Ge Qian, so he kept it for the time being, maybe it was still useful.

"follow me."

Ge Qian glanced at Lu Ming, then flew forward and rushed to the mountain range in front of him.

Lu Ming swept across with the demon king's pattern and found that there was nothing wrong with Ge Qian's path, so he immediately followed.

Just when Lu Ming and the others reached this mountain range, many people also arrived in the surrounding area.

Yuanguang clan, Yin Sha clan, Cangming clan, Nine Yin Demon Spider, extremely evil clan...

Almost all the big forces have people coming.

These people are not gathered together, they are all scattered.

There are three or five people together, seven or eight people together, and the most are dozens of people together.

The world is huge. When all the forces enter, they don't know the direction. They don't know where the king's heart is. They will naturally spread out, in groups of three or five, looking in different directions, so that it's easy to find the king's heart. .

Around these people, there is one thing in common, that is, they all have a 'Ge Qian'.

Moreover, this Ge Qian's breath is the same as them, and it seems to be of the same race as them.

For example, Ge Qian next to several masters of the extremely evil race, his soul aura, looks like a member of the extreme evil race.

Ge Qian's words to these extremely evil tribes are very similar to what Lu Ming said, except that he changed a little bit, and changed that he was a predecessor of the extreme evil tribe. He entered here

with his companions to look for the King's heart. Leaving the remnant soul can lead them to find the human king's heart.

In front of people from other forces, it was naturally changed a bit, and the same applies.

"Come with me. I have thoroughly studied this seal formation. Only I can take you through this seal formation and find the human king's heart."

Ge Qian said this one by one, and then immediately entered the seal formation.

The others followed Ge Qian into the seal formation.

For example, the extremely evil race has a group of people who follow a Ge Qian and enter the seal formation.

This group of people, there are six strong people in the early origin, and there are a dozen of other gods, and they are considered to be powerful.

They followed a Ge Qian and entered the seal formation. Of course, they did not dare to be careless and guarded.

Ge Qian, who led the way in front of him, had a cold look in his eyes, and the murderous intent in his eyes flashed away.

After half an hour, they had crossed one mountain after another.

Just when they passed a big mountain again, a mountain peak suddenly burst into light, and several terrifying rays of light, like a divine sword, were killing the people of the extremely evil race.

"Not good, dangerous!"

"Get out of the way!"

The strong man with the Origin Realm roared and backed away quickly, but it was still too late.

The light flashed, too fast, and the power was infinite. The dozen or so gods were directly cut off, their souls were also split, and they fell on the spot.

Even if the origin, there are two origins that retreat untimely. They are cut by the light. With their strength, they are useless. No matter how they explode, it is useless. The light directly splits them in half, and then stirs their origins. broken.

In an instant, the two origins plus a dozen divine masters fell.

Only when the four origins reacted promptly and exited the mountain area dangerously and dangerously did they avoid this blow.

But they also broke out in a cold sweat.

"Damn it!"

"What's the matter? Ge Qian, didn't you say that you lead the way, there is no danger, why would the big array attack us?"

The remaining four origins of the extremely evil race glared at Ge Qian.

"It's a pity, it's a pity that you escaped, but you have already entered this formation. Even if you don't get strangled, you won't find a way out. Stay here forever."

Ge Qian sneered, his fierce light was revealed, and his eyes flashed with appalling killing intent.

"You are deceiving us, you have been deceiving us,"

A source roars.

Up to now, how they don't understand, they have been fooled by Ge Qian.

Obviously, it was Ge Qian who deliberately led them to a dead end just now, triggering the lore of the Seal Array.

Obviously, this seal formation is no small matter. It not only possesses the power of a peerless seal, but also contains the power of killing.

This is also normal, this is the big formation of the heart of the seal king, the level is amazing, even a pure seal formation, as long as it involves a little attacking power, it is extremely terrifying, and it is not something that people like them can resist.

"Just you people, you also want to get rid of the king's heart. You deserve to die, and you should be my nourishment."

Ge Qian drank coldly, his face grim, his body glowed, and the remnants of the extremely evil races around him who had just died were constantly converging towards Ge Qian and being absorbed by Ge Qian.

"He is absorbing the remnant soul energy to strengthen himself."

"kill him!"

The roots of the remaining four extremely evil races roared and killed Ge Qian coldly.

These four origins are all very powerful, and they all control the origin-level gods. It goes without saying that, and three of them have understood the origin art.

The four people work together, and the power is terrifying. If it is in the starry sky of the universe, it can destroy a galaxy and destroy one star after another.

However, Ge Qian's figure flashed and stepped back ten thousand meters.

Afterwards, dense runes appeared on the ground, which actually blocked the attacks of the four great masters of the extremely evil tribe.

"This is within the seal formation, you also want to kill me, it's ridiculous."

Ge Qian sneered and continued to absorb the remnant soul energy.

The strands of remnant souls were absorbed by Ge Qian, his body gradually became solid, and his aura became stronger and stronger.

"Damn..."

The four great masters of the extremely evil race roared, but Ge Qian couldn't help but they couldn't break the seal formation, they couldn't find the loopholes in this seal formation, they couldn't do anything.

They are trapped.

After a while, Ge Qian absorbed all the energy of the remnant soul.

"Hahaha, you can stay here forever, the king's heart is mine, whoever dares to **** me, I will kill whoever, that guy still wanted to split with me back then, not die too, hahaha... I have thousands of clones, and you will all die when all of my clones grow and come together."

Ge Qian laughed, his body flashed, and left here.

Chapter 5059: Gangbang

Ge Qian left. The origin realm masters of the four extremely evil races were furious, but they were difficult to pursue. They were trapped. There are runes everywhere. As long as they move, there will be runes flashing, trapping them. live.

Except for that mountain, although there is no danger or murder in other places, they can't move.

They understood that they had been deceived, and Ge Qian told them that he was a predecessor of the extremely evil race. Soon after the collapse of the prehistoric continent, he came here to search for the King's Heart, and was finally betrayed by his companions.

But listening to Ge Qian's words before leaving, it is clear that he betrayed his companion.

They wanted to pass the news to other members of the extremely evil race, but found that the sound transmission jade talisman was completely ineffective here.

The same scene happened everywhere in the seal formation.

Many people were taken and entered the land that contained lore in the seal formation, a large number of masters were beheaded, and some people died under the big formation even if they were the top source.

After these people were killed, there was a Ge Qian who was devouring the energy of the remnant soul and strengthening himself.

In the great seal formation, it was like purgatory for a time.

However, the scope of the Seal Array was very wide. Ge Qian deliberately led the way and spread the crowd apart. They were far apart. In addition, in the Seal Array, the spiritual sense was extremely limited, and no one else knew about it.

Lu Ming and Ge Qian continued to move forward.

The two climbed one mountain after another, and it was Ge Qian leading the way. Lu Ming found out with the demon king's pattern that Ge Qian really cracked the formation, and all he walked was the newcomers or loopholes of the formation.

"Through this gorge, you will be halfway through, and you will soon be able to reach the land of the heart seal of the king."

Ge Qian smiled and pointed to a canyon road ahead.

"Cross the gorge ahead, are you sure?"

Lu Ming remained calm, as if asking casually.

However, in the depths of Lu Ming's eyes, a ray of murderous intent flashed through.

With the pattern of the Demon King Emperor, he can see clearly that the gorge in front is not a life gate at all, nor is it a loophole in the formation. It contains murderous intent, and the formation is densely packed. It is clearly a dead place, a dead end of the formation.

It was also Lu Ming who had the Demon King Emperor's pattern, so if he changed to someone else, unless he was a master of formation, he would definitely not be able to see it.

Ge Qian felt a little bit in his heart, but his face remained unchanged, and he smiled and said, "Of course, the gorge in front is the weakness of the formation."

"Oh, I just ask casually, let's go!"

Lu Ming calmly stepped forward. When he was approaching Ge Qian, he suddenly shot his hands, protruding two big hands, and grabbed Ge Qian.

The big hand suddenly grew bigger, and the fingers were surrounded by the power of the forbidden source, terrifying, and capable of penetrating the starry sky.

Ge Qian didn't expect Lu Ming to make a sudden move, and was immediately struck. He was held down by two big hands and suffered a heavy blow.

His body trembles, black smoke diffuses out, dissipates in the space, and his soul body becomes dim for a while and becomes a little illusory.

"Ah, what are you doing? You are crazy."

Ge Qian roared.

"Still acting stupid, do you think I can't see it? That gorge is clearly a dead gate, a Jedi, and it contains terrifying murderous intent. If I step in, I will definitely die. If you want to kill me, then I can only kill first is you."

Lu Ming spoke indifferently, the root of the taboo continued to operate, suppressing Ge Qian, and completely obliterating him.

"you..."

Ge Qian didn't expect that Lu Ming could actually see the truth and futility of this seal formation.

His cultivation was extremely advanced back then, and he and his companions were all proficient in formations. They were both masters of formations. They worked together and spent a long time to gain insight into this sealed formation.

But how could Lu Ming easily see through the reality of this formation?

Even a master of formations proficient in formations, it is not so easy.

Is it a coincidence or is it cheating him?

If it is cheating him, how can there be such a coincidence, other places are not cheating, and it happens to be here?

Rumble!

The power of Lu Ming's taboo origin was too terrifying. He kept suppressing Ge Qian, obliterating his soul, and trying to defeat him completely.

Ge Qian panicked, and if this continues, he will really be wiped out.

"Go around me, go around me, I won't dare next time."

Ge Qian shouted.

"Do you want to have another time?"

Lu Ming said indifferently, Ge Qian, with vicious mind, would be a curse to keep.

Anyway, this seal formation can't help him, why keep Ge Qian?

"I'm still useful. We are only halfway through this seal formation, and I still need me to lead the way for the remaining half."

Ge Qiandao.

"I have the Demon King Emperor's tattoo on my body, and this big formation has nowhere to hide in my eyes. Why do you need to lead the way?"

Lu Ming sneered.

Lu Ming didn't know that Ge Qian was in many avatars, and that Ge Qian's life and death were completely under his control, so he didn't even conceal the Demon King Diwen.

"What, you actually have the Demon King Monarch tattoo on your body."

Ge Qian was shocked. He never expected that Lu Ming was actually carrying the Demon King Emperor's pattern. This was the supreme treasure of the prehistoric demon tribe.

He finally knew why Lu Ming knew that the gorge was full of murderous intent, it was a dead end, because of the Demon King Emperor's pattern.

He was completely making an axe at the door of the class. He wanted to use this seal formation to kill Lu Ming, which was completely wishful thinking.

"I was wrong, I was obsessed for a while, please forgive me."

Ge Qian shouted.

"ridiculous!"

Lu Ming responded indifferently, taboo the power of the source, and continued to frantically suppress Ge Qian to destroy him.

Ge Qian screamed, and his body became more illusory. If this continues, he will not last long and will be refined.

"I'm still useful. Even if you pass through this formation, the human king's heart, and the last seal, that seal, even if you have the Demon King Monarch Pattern, it can't be broken. You must join hands with me to break it. open..."

Ge Qian roared.

Lu Ming couldn't help but take the taboo. He didn't continue to refine Ge Qian, and said in a condensed voice, "What you said is true. If it is false, I will let you die."

"It is true, whether it is true or not, as long as you pass through this seal formation, you will know at a glance. If there is a false one by then, it will not be too late for you to obliterate me."

Ge Qian cuts the gold and iron road.

Lu Ming knew that this was mostly true, because as long as he passed through this seal formation, whether it was true or false would be known at a glance and could not be deceived from him.

If there is a fake, Ge Qian will still die.

"I ask you, why are you killing me, do you want to devour my soul?"

Lu Ming asked coldly.

"Yes, indeed!"

Ge Qian didn't hide it, and couldn't hide it when he knew it.

"You are not a human being."

Lu Ming continued to ask, watching Ge Qian's reaction.

Ge Qian's thoughts turned sharply, and Lu Ming had an incomprehensible feeling in his eyes. This young man gave him an unpredictable feeling.

He didn't know if Lu Ming had seen anything.

"It's better to tell him something, so that he doesn't doubt it again, and a major event is broken. Anyway, when the king's heart is born, it will be difficult for him to fly. There is only a dead end..."

Thinking of this, Ge Qian said: "I am indeed not a human race."

Chapter 5060: Team up to break the seal

Hearing Ge Qian's words, Lu Ming's eyes flashed murderously.

This Ge Qian is really not a human race, but Ge Qian's soul breath is clearly the breath of a human race, what's the matter?

Lu Ming asked this question.

"Because of my special physique and technique, several human races have been killed by me before you. I swallowed his Amen's soul and can imitate the soul aura of other doors."

Ge Qian explained.

Lu Ming was a little shocked, but he could still be like this.

If Ge Qian is like this, wouldn't it be possible to pretend to be countless races?

As long as it swallows the soul of a certain race, it can pretend to be that race, which is really unpredictable.

However, Lu Ming believed that this physique and cultivation technique were definitely not omnipotent. It was because his cultivation base was not high enough. If his cultivation base was high enough, he would probably be able to see the reality.

"Before, I kept meeting other people, is it your trick?"

Lu Ming continued to ask.

"Yes, I have been here for endless years. I have deployed surveillance formations in many places. I know where people are, so I can lead you over and meet those people."

Ge Qian explained.

Naturally, he wouldn't say that it was because he was in thousands of avatars that he could lead Lu Ming and them to meet.

This question, he would not say if he was killed, it was related to his future plan.

Lu Ming didn't doubt it, because it was completely explained.

"Let's go, continue to lead the way."

Lu Ming said.

The two continued on the road.

Next, Ge Qian did not play tricks, nor did he dare to do tricks. Lu Ming possessed the demon king's pattern, so even tricks were useless.

After a while, they successfully passed through this seal formation.

Lu Ming was safe and sound, but people from other forces were not so lucky.

Whenever there was a 'Ge Qian' around him, they were all harmed by Ge Qian, a large number of masters fell, and their souls were swallowed by Ge Qian, each Ge Qian continued to grow stronger, and his aura became stronger and stronger.

"this is..."

When Lu Ming passed through the seal formation and saw the scene in front of him, his heart was shocked.

Surrounded by eight peaks, there is a flat land between the eight peaks.

In the center of this flat land, there is a blood coffin.

At the same time, there are eight chains around the blood coffin, and the other end of the eight chains is immersed in the surrounding eight mountains.

These eight chains, neither gold nor silver, nor even physical, are completely intertwined by rune formations.

Above the blood coffin, a broken sword was suspended.

Most of the broken swords are hilts, with only a small section of the sword body. It seems that only one-fifth of the full sword body, and the other four-fifths of the sword body are missing.

The broken sword exudes powerful fluctuations, and there are also chains of runes intertwined extending from the broken sword, entwining the blood coffin.

Boom! Boom! ...

Vaguely, Lu Ming heard the sound of 'dong dong' in the blood coffin, like a war drum beating, and like a heart beating.

Lu Ming's breathing became heavy.

King's heart!

He was sure that the human king's heart was in this blood coffin.

But obviously Ge Qian was right. There was still a seal on the human king's heart.

Those chains are seals.

Lu Ming twirled the Demon King Emperor's pattern and watched carefully. In Lu Ming's eyes, these chains had changed and turned into tiny runes.

The size, strength, and energy fluctuations of these runes were clearly visible in Lu Ming's eyes.

"How? Can you see the flaws and weaknesses of these chains?"

Ge Qian asked.

"It does!"

Lu Ming nodded.

"That's great, let me tell you, these rune chains are very special. They can't be broken by your source power alone, and you need to combine the power of your soul to break them."

"So, we must work together to break open."

Ge Qiandao.

"That's it!"

Lu Ming nodded.

It seems that Ge Qian is right. If you want to break the seal here, you really have to rely on Ge Qian.

Because Lu Ming hadn't practiced the method of soul attack, he tried slightly before, but it was embarrassing to use it.

"You tell me where the weakness is, we two join forces to attack that weakness."

Ge Qiandao.

"Well, there, let's shoot together."

Lu Ming explained a position, and then sacrificed a divine sword.

This divine sword was a source-level divine weapon. The power of the taboo origin poured into the divine sword, and it was cut down towards a certain position of one of the sealed chains.

At the same time, Ge Qian also shot.

His body glowed, flashing a light of soul.

The light of the soul, transformed into the appearance of a war sword, hit the same position on the chain at the same time as the divine sword that Lu Ming sacrificed.

Keng! ~

The sound of gold and iron clashing sounded, the chain of runes shook, and the divine sword that Lu Ming sacrificed was bounced off.

The light of Ge Qian's soul also shattered.

"How is it, is there any effect?"

Ge Qian asked.

"effective!"

Lu Ming discovered with the Demon King Emperor's pattern that a small gap had appeared at the position of the rune chain.

It's hard for ordinary people to see, but it can't hide the Demon King Emperor's pattern.

Lu Ming's confidence increased greatly.

As long as it is effective, it can be completely cut off sooner or later.

"carry on..."

Lu Ming shouted and continued to control the divine sword to slash it down.

Ge Qian also continued to shoot.

Keng!

After another attack, Lu Ming found that the gap in the chain had become larger.

carry on.....

The two shot continuously, constantly attacking that weakness.

The gap in that weakness is getting bigger and bigger.

When the two were tired, they meditated on the spot and adjusted their breath, and when they recovered, they continued to attack.

In a blink of an eye, a month passed.

After a month of continuous attacks, the gap has become very large, as if the entire rune chain could be cut off in the next moment.

Of course, this is also because the years have passed, and the power of the rune chain has long been at its peak, otherwise, with the strength of Lu Ming and Ge Qian, it would be impossible to break it, even if it took a long time, it would be useless.

In the past month, no one has come here except for them.

Without Ge Qian leading the way, and others without the Demon King Monarch pattern, it is impossible to pass through that seal formation in a short time.

Even a big boss who is extremely proficient in the formation, it is impossible to pass through that sealing formation in just one month.

Don't say it's been a month, if you can pass it in a hundred years, it's amazing.

This is still not good enough for the seal formation now, it can only be done if there are loopholes.

You know, it took Ge Qian and his companions millions of years to gain insight into this formation.

Of course, the seal formation of the year was still at its peak.

No one bothers, Lu Ming and Ge Qian can break the seal with peace of mind.

Keng!

The two teamed up again.

bump!

This time, the seal chain was completely cut off.

One place was cut off, and the entire seal chain was touched, collapsed, turned into a shower of light, and dissipated between the sky and the earth.

A seal chain was broken.

However, there are seven more.

Continue to shoot, attacking a weakness of the second seal chain.
