

D Emperor 5071

Chapter 5071: Cosmic channel

This battle was too tragic, and both of them continued to suffer.

Lu Ming saw that the human body had been pierced many times, and even his entire body had been split once, but it was gathered again.

Dique is not better, Dique's soul body has been completely broken up several times, torn into many pieces, but reunited again.

The two sides have fought hundreds of moves, and the breath of both sides is getting weaker and weaker.

For this reason, the fighting spirit of the two sides has obviously changed.

Xuan Yuan Yi, the more he fought, the more bravery he fought, the completely desperate style of play, and the appearance of the same death.

Di Que's fighting spirit is weakening.

He was sealed off for countless years, and finally got out of trouble, where he was willing to die with Xuanyuanyi, he gave birth to a retreat.

boom!

After the two sides got the right move, Dique's body retreated sharply.

"Xuanyuanyi, today's battle is over, if you don't die, you will fight another day."

Dique's voice sounded.

"Where to go, die for me!"

Xuanyuanyi yelled, chased him wildly, with a vigorous imposing manner, but he missed one carelessly. He was hit, and his soul body was torn apart and shattered into a dozen pieces.

Xuanyuanyi's battle sword was slashed out, and countless sword lights condensed into a great cauldron, which wanted to absorb the lack of soul fragments and completely suppress and obliterate it.

At the moment of the crisis, Di Que also worked desperately, and directly abandoned some of the soul fragments.

These pieces of soul shards burned completely, burst into a brilliant glow, turned into a few black spears, suddenly pierced the big cauldron, and pierced the human king's body.

Even the human body was difficult to stop and was directly penetrated.

The human body retreated violently, blood flowing.

That is the blood of the King of Humanity, spilling into the void, directly tearing the space apart, and even splashing blood on the mainland debris, directly piercing the mainland debris.

The human king's body was wounded, and Dili took the opportunity to get out of the trap, and the remaining soul fragments were reunited.

It's just that the breath is sluggish and weaker than before.

Di Que's eyes were extremely cold, he glanced at Lu Ming, and finally returned to Xuanyuanyi.

"It seems that the passage of the primordial void universe was blocked by those people back then. I wanted to isolate the primordial universe from the world, wandering in chaos, and slowly recover. The idea is good. Unfortunately, I will not let them succeed. I will open the cosmic channel. When the time comes, Yang Jian will rank the eleventh largest universe. I believe that countless powerful people will be interested. The primordial universe wants to recover, dream, hahaha..."

Diqian turned into a ray of light, hurriedly away, and the indifferent voice echoed here.

The body of the King of Humanity was very badly wounded. He wanted to chase him down, and he was too weak to catch up.

In a blink of an eye, Dique's figure completely disappeared into the void of the universe.

"He wants to open the passage to the universe."

Below, the creatures in the forbidden areas have very ugly faces.

"But I, my clan named myself here, just waiting for this opportunity, the primordial universe is shattered, leaving behind infinite treasures, most of the treasures have not been opened yet, when the origin of the catastrophe is over, my clan can do everything possible. If the cosmic channel is opened, the powerhouses of other big cosmos will surely swarm, and there will be a chaos here, and we will have no chance."

An old man from the Primordial Realm of the Extremely Evil Race growled.

"How can my family be different!"

"Damn it!"

Other forbidden creatures also roared.

Today, the primordial universe is completely separated from the world, and it is a great opportunity for the forbidden creatures who are self-appointed here.

Back then, how prosperous the vast and empty universe was, with masters like clouds and celestial beings, how many treasures were left behind?

Many places, because of powerful restrictions, can't get in at all now, and can't get the treasures inside. Only when the origin is overwhelmed and the masters of all races can enter these places and get the real treasures.

However, if the passage of the universe is opened, the situation is completely different.

The vast and empty universe, ranked eleventh among the countless universes in the sun, with too many treasures, making countless universes jealous.

And now it's gone, and the master is almost dead. For people in other big universes, it is simply a treasure, and it will attract countless people.

Where is the opportunity for their major forbidden areas?

However, they cannot stop it.

Dique is too strong, even if their ancestors come, they may not be able to stop it.

Ahem...

At this time, the human body coughed, and a few more mouthfuls of blood were coughed out, but the human body was sucked back again by the human body.

Afterwards, the human king looked towards Lu Ming, with a ray of murderous intent in his eyes.

Lu Ming's body became tense involuntarily, and his heart felt cold.

Xuanyuanyi, don't you want to kill him?

After all, the human king's body can overlap, and Dique can be born, he has a lot of credit.

It was not impossible that Xuanyuanyi wanted to kill him.

Xuanyuanyi's gaze was like a sharp sword, as if to penetrate Lu Ming.

"Huh, that pool of blood..."

Suddenly, Xuanyuanyi seemed to have seen something, revealing an extremely shocked expression, and at the same time, revealing a deep thinking expression.

"Perhaps, there is hope in despair, and it can only rise in chaos. That's all, maybe all of this is predestined. This child contains the will of the universe, maybe it can bring hope, and I will fulfill him."

Xuanyuanyi whispered in his heart, and then, with a wave of his hand, the broken sword flew out through the air and flew towards Lu Ming.

The speed was so fast that nothing could be seen, not even Lu Ming himself. He just felt a flash of light and flew into his sea of knowledge.

After that, the human king's body tore through the void, and disappeared without a trace in a blink of an eye.

"It's the broken sword."

After scanning Lu Ming's spiritual knowledge, he found that it was the broken sword that flew into his mind.

The broken sword, floating in the sea of his knowledge, was simple and unpretentious.

Lu Ming's heart beat involuntarily.

This is the King of Human Sabre, even if it is broken, it is just a broken sword, and its value is unimaginable.

Originally thought that Xuanyuanyi would take it away, but he did not expect it to be left to Lu Ming.

Xuanyuanyi not only didn't kill Lu Ming, but instead left the sword to Lu Ming. Lu Ming couldn't figure out why.

Before, Xuanyuan Yi Mingming showed his murderous intent to him, and Lu Ming would never feel wrong, but why did he change his mind in a blink of an eye.

"Forget it, I don't want to. Although I have exhausted all the hard work and did not get the human body, but it is not bad to be able to get the human king's broken sword."

Lu Ming comforted himself like this.

It was originally rumored that if the human king's body could be obtained, he could cross the world and suppress the enemies in ten directions. Lu Ming was also full of expectations for this.

Unexpectedly, everything is a true lie.

Ordinary people, even if they get the human body, they probably can't control it.

The people of all major forces also sighed, especially the three tribes of the Forbidden Land and the Ye Immortal and others.

It seemed that they were all too busy working in vain, and in the end it was nothing and nothing.

Chapter 5072: Siege Lu Ming

In particular, the three tribes of the Forbidden Land and Ye Immortal, they were struck by their chests. They tried their best to pass through the void and came to the western universe. After hundreds of years, they finally found the heart of the king, but in the end, it was completely empty. Got nothing.

However, the three tribes of the Forbidden Land and Ye Immortal are also fortunate.

Although they didn't get the human king's heart, Lu Ming, or the Destroying Army, was even more miserable.

They just didn't get the human king's heart, and the Destroyer Heavenly Army had lost even the human king's body that had been acquired.

They no longer have to worry about the Heaven Extinguishing Army taking control of the human body to deal with them.

In the eyes of the three clans of the Forbidden Land, without the human king's flesh body, the Heaven Extinguishing Army is nothing at all. When the origin of the disaster is over, the three tribes masters will be able to easily defeat the Heavenly Destruction Army.

"Lu Ming is there. This time you just get rid of Lu Ming. Don't let him go."

Ye Immortal gave a low cry.

Now, everyone at the scene knows that the king's heart was born because of Lu Ming.

He was actually one step ahead by Lu Ming.

Ye Immortal felt even more jealous of Lu Ming.

"Yes, just get rid of him at this time."

Yuan Siji also growled.

When Xuanyuanyi fought against Dique before, people from all major forces had already gathered together, and people from the three tribes of the Forbidden Land had also gathered together with Ye Immortal.

Every power has a lot of losses, and naturally most of them died because of Ge Qian.

"Kill, this son, absolutely can't stay, seniors, please do it."

Ghost Sha King also roared, asking the Yin Sha clan's original realm powerhouse to take action.

"No need to say more, just kill it!"

The origin of the Yuanguang clan is very direct, coldly speaking, and directly shot.

The origin of the five-dimensional light clan turned into five rainbow lights and killed Lu Ming.

Lu Ming once went to the Yuanji Sacred Mountain and stole many of the Yuanguang clan's top source-level magical medicines, and even forced the Yuanguang clan's origin to wake up in advance. Therefore, the Yuanguang clan's origin wanted to kill Lu Ming even more.

When the origin of the Yuanguang clan moved, the Yinsha clan and the Cangming clan had some origins, and they also moved, rushing towards Lu Ming like lightning.

Ok?

Lu Ming had a keen sense of spirit, and he felt it when the three tribe masters moved.

"go!"

Lu Ming was very straightforward and rushed directly in the other direction.

There are many masters of the three races, he has observed before, the origin alone, there are more than three hundred, although this place is not that big, but once entangled, the masters of the three races from other directions will surely quickly reach them. In trouble.

Although Lu Ming's combat power was strong, he was only a divine master after all, and he was not confident enough to fight so many masters at the same time.

"Lu Ming, don't go!"

"kill!"

Someone yelled. There were more than a dozen masters of the three clans, like a dozen electric lights, chasing Lu Ming, especially the origin of the Yuanguang clan, at an amazing speed.

[Reading benefits] Pay attention to the public.. [Book Friends Base Camp], and get cash/points for reading books every day!

This scene also alarmed the masters of other forces.

"That's Lu Ming!"

"People from the three races of the universe in the east are chasing and killing Lu Ming."

"I heard that Lu Ming also came from the Eastern Universe, so he seems to have a big feud with the three clans."

"interesting."

The people in the forbidden areas in the western universe hugged and watched the excitement one by one.

"Very well, I hope the three clans in the east can kill Lu Ming."

The extremely evil race Mosha and others gloated and even sneered.

The same is true for some of the masters of the Nine Yin Devil Spiders. They even wanted to attack together, uniting with Yuanguang Clan and others, to kill Lu Ming together.

But after seeing the Cangqing Divine Realm Human Race, his face sank.

"Lu Ming's talent is rare, and he is the first person in the younger generation of human race today, so he can't be troubled."

"Go, chase it, and have a chance to help Lu Ming."

Many masters of the Origin Realm in the Cangqing Divine Realm also chased them in the direction of Lu Ming's flight.

Lu Ming's speed was extremely fast, and the three clans in the eastern universe couldn't catch up with Lu Ming for a while, and the distance between the two sides was getting farther and farther.

"hateful!"

Some people growled, a little unwilling.

"He can't escape..."

A master of the Yin Sha clan looked indifferent.

boom!

Suddenly, the void in front of Lu Ming shattered, and a huge ghost king of Yin Sha appeared, roaring to Lu Ming.

Then, a figure emerged.

It is a master of the evil evil clan, holding a black flag, and the air of evil evil is rolling.

Lu Ming didn't even think about it, but just shot it out.

The spear light was like electricity, colliding with the evil evil ghost king, directly penetrated the evil evil ghost king, and then the **** of war spear stirred the evil evil ghost king to pieces.

However, Lu Ming's figure was also blocked.

Then, in the front, there are constantly figures emerging.

Yuanguang clan, Yinsha clan, Cangming clan.

There are masters of the three races, there are more than a dozen people, and it is obvious that they are all masters of the Origin Realm.

These dozen people were not those who were chasing Lu Ming from behind. Obviously, they came from another direction. They saw Lu Ming run away, rushing in front of Lu Ming, and intercepting Lu Ming.

"kill!"

Several Yuanguang clan's origins shouted, their bodies radiated bright light, and these lights converged into lightsabers and slashed towards Lu Ming.

The speed is amazing, the power is terrible, and the move is a killer move.

Lu Ming's sharp gun vibrated rapidly, and instantly stabbed a few shots to block the sword light.

But Lu Ming's figure flickered and drifted back.

Undoubtedly, the origins of the three tribes of the Forbidden Land were all in control of the source-level divine weapons, and among the people who attacked Lu Ming just now, one of them also understood the source technique and was very powerful.

Lu Ming didn't use the source technique, and fell into a disadvantage for a while.

"Lu Ming was stopped!"

"The master of the three clans in the east, Lu Ming is stopped, he will definitely die."

"Great!"

The Jiuyin Demon Spider, some members of the extremely evil clan were overjoyed, thinking that Lu Ming would definitely die if he was stopped.

Lu Ming broke the extreme four times. Although his combat power was strong, he was absolutely invincible when he encountered the existence of the original state where he had understood the source art.

Moreover, among the three tribes, there was more than one such existence, plus other origins who acted together, Lu Ming was dead.

Not to mention, there is even a stronger presence in it.

"kill!"

Several origins of the Yuanguang clan, after stopping Lu Ming, launched an even more fierce attack.

Subsequently, the masters of the Yin Sha clan and Cangming clan also shot together.

A dozen of Yuanyuan shot together, the power is extremely terrifying, a dozen attacks, shaking the void, giving people an overwhelming feeling.

Faced with this blow, Lu Ming had no other choice but to use the Origin Technique to confront him.

boom!

With the power of the taboo origin running, Lu Ming's body swelled up in an instant and turned into a three-foot-tall giant. Then, the **** of war spear swept out, a huge spear light traversed in front, and a dozen origins attacked. , Collided with the gunman.

Boom boom boom!

There was a shaking roar, and the gun light vibrated endlessly, and then it broke apart.

At the same time, Lu Ming's body shook wildly and retreated violently.

However, the dozen or so of the original attacks were also blocked.

This scene shocked everyone.

Many people were dumbfounded, their eyes widened, and they watched this scene in disbelief.

Chapter 5073: Shock everyone

"Lu Ming actually blocked the attack of a dozen or so Origins, how could it be possible?"

Someone yelled in shock.

More than a dozen Yuanyuan teamed up, and many of them realized the existence of Yuanshu. It was too strong and could not be resisted by a divine master.

At first, everyone thought that after eating this wave of attacks, Lu Ming would be seriously injured even if he didn't die.

But unexpectedly, Lu Ming blocked this wave of attacks, and he was just retreated, which was incredible.

"This is the source technique, it is the source technique!"

"Five times to break the pole, this is five times to break the pole, Lu Ming has broken the pole five times."

Many people yelled.

This time, even the Black Sky Warrior, Tianyin Vine, and even the human race of the Cangqing Divine Realm were not calm.

The ability to block the teamwork of so many Origin Realm masters definitely surpassed the four extreme breaks.

Beyond the four breaks, only five breaks.

Lu Ming was actually able to five times.

This is simply incredible.

The four times of breaking the extreme are already rare in the world, and there are only three major forces in the current primordial universe, plus Lu Ming before.

And five times to break the pole, it is just a legend.

Even in the period of the Primordial Continent, there are very few of them, and there may not be one in one era.

And now, in this dilapidated prehistoric universe, a five-time pole was born unexpectedly, which shocked everyone.

"How can it be?"

Someone in the crowd whispered.

This person is Xi Tianteng.

Xi Tianteng successfully broke through under the great calamity of the origin, confident and invincible, thinking that he had completely surpassed Lu Ming.

At the beginning, he said that if Lu Ming couldn't break through under the great calamity of the origin, he would not be qualified to be his opponent.

But he didn't expect that Lu Ming could break the pole five times.

Five times breaking the extreme, the significance is too amazing.

Looking at it from another angle, even if Lu Ming cannot break through the origin under the great calamity of the origin, after reaching the origin in the future, his potential and combat power will not be weaker than him.

This shows that Lu Ming's talent is too terrifying, even if he didn't get the blessing of the Great Tribulation of Origin, he would not be weaker than him.

[Reading benefits] Pay attention to the public.. [Book Friends Base Camp], and get cash/points for reading books every day!

His self-confidence was greatly hit.

"impossible!"

Mosha roared even more, unable to accept all this.

He had a great feud with Lu Ming. Lu Mingqiang was not the one who looked at him the most. Now that he found that Lu Ming had broken the pole five times, he really couldn't bear it.

"Death, even if he breaks the pole five times, he will die. With so many masters besieging him, he will undoubtedly die."

Afterwards, Mosha roared in her heart, as if she had seen hope.

"This son..."

Ye Immortal's pupils also shrank sharply, shocked.

In the Divine Master Realm, he was able to break the extreme five times, which was shocking to the world, and he was really shocked.

You know, Tang Feng didn't break the extreme five times in the Divine Master Realm.

However, after Tang Feng broke through his origins, he became stronger and stronger, expanding his path to an astonishing level.

But not everyone can do that. In general, the more the gods break the extreme, the higher the future achievements will be.

The people of the three clans of the forbidden area were also shocked, and their hearts were overwhelmed.

However, they quickly reacted.

"Kill, this child must be removed, not kept!"

"Yes, even if you desperately die, you still have to keep him."

The dozens of Essences in front of them roared, the power of Essence exploded, and they screamed towards Lu once again.

At this time, the dozen or so sources who originally chased Lu Ming were also killed.

Adding up before and after, there are a total of thirty sources.

Fringe back and forth, the offensive was like a rolling wave, pressing towards Lu Ming, as if he was about to squash Lu Ming.

Wow!

A pair of wings appeared behind Lu Ming.

This is the concentrated expression of all speed-type secret arts, which allowed Lu Ming to increase his speed to the extreme.

With his wings flapped, Lu Ming rose into the sky, avoiding the front and back flanks.

"Don't want to go!"

People have long been staring at Lu Ming to prevent Lu Ming from escaping. As soon as Lu Ming soared into the sky, there were beams of hair, densely packed, at least tens of thousands, like thousands of sword lights, stab Lu Ming.

"broken!"

Lu Ming drank low, and the God of War spear drew out like a war knife. The tip of the spear surrounded Shen Xia, and an arc-shaped light flashed and slashed on the beams of hair.

Puff puff...

One beam of hair was cut off.

However, the figures of other people also rose to the sky.

More than 30 origins, distributed in all directions, surrounded Lu Ming in the middle.

"kill!"

Another wave of offensive broke out.

A spear light, a battle knife, a sword light, and a finger strength attacked Lu Ming's four vital points respectively.

These four people have extremely strong combat power, but they are comprehending the existence of Origin Art.

In fact, among the thirty-odd people, there are not only four of them, but eight of them.

The other four were accumulating strength to give Lu Ming a fatal blow at any time.

"Be sure to rush out!"

Lu Ming's eyes were solemn, and he was very passive and dangerous when he was besieged by so many masters.

It was okay to deal with the origin of one or two insights into the source art, but there were a total of eight, plus other masters, which was too difficult to deal with, and Lu Ming felt tremendous pressure.

Wearing a battle armor, he shot with all his strength, the whole person turned into a spear light, rushing in one direction, wanting to break through.

However, he was still struck, and was hit by an original source art. Even though he was wearing a top-level source-level battle armor with a layer of defense on his skin, he was almost penetrated by the terrifying power through the battle armor. , Let his blood surge.

when!

Lu Ming waved his spear to block a war sword, and then shouted, the taboo origin broke out, the **** of war spear swept across the thousands of troops, repelling the five origins.

Two of the origins did not comprehend the origin technique, their combat power was weak, and Lu Ming spit out blood.

"Kill, kill, kill!"

Lu Ming's eyes were red, and he started to ignore the defense, staring at one direction and attacking.

His vitality is strong, as long as he blocks the offensive in a short time, he can rush out.

If he doesn't rush out of the siege and get trapped, he will be very dangerous, and no matter how strong his vitality is, he will be consumed to death.

Because, not far away, another tribal master rushed over.

He must rush out of the siege before the next wave of masters of the three clans arrive.

Next, regardless of defense, Lu Ming withstood more than ten consecutive attacks, coughing up blood in his mouth, and several bones were broken.

However, the results of the battle were also obvious, and he finally rushed out of the encirclement.

"Get out of here!"

Lu Ming yelled, and shot with all his strength to repel several origins.

Seeing that he was about to rush out, suddenly, a young figure appeared in front of Lu Ming.

This was a young man, at least he looked like a young man, in his twenties, with a dazzling glow all over his body.

"You are Lu Ming, die!"

An indifferent voice came, and you could see that there was a light in this young man.

A kind of fairy light!

Like Yuan Siji Yuan Wuji and others, they are the light controllers of Yuanguang clan.

But this person's cultivation is at the beginning of the origin.

"Wuji Fairy Light!"

The youth of the Yuanguang clan shouted, and the fairy light surrounded him, slashing a sword towards Lu Ming.

This sword is terrifying and as fast as lightning.

Chapter 5074: Wu Ji Xianguang

The youth of the Yuanguang clan, the fairy light surrounds himself, slashing out a sword of terror.

This sword directly caused Lu Ming's hairs to burst, and he felt a fatal danger.

Lu Ming had a feeling that if he was struck by this sword, even if he had a top-level source-level armor, he couldn't resist it.

when!

In a hurry, Lu Ming lifted the God of War Spear in front of him.

The sword slashed on the God of War Spear, causing the God of War Spear to vibrate violently. Lu Ming's figure retreated, his arms trembled, and he almost couldn't hold the God of War Spear.

At the same time, Lu Ming felt a trace of sword aura, and he wanted to rush into the battle armor to cut his body. Lu Ming madly used the power of the taboo origin to get rid of the trace of sword aura.

"What a terrifying combat power."

Lu Ming's face was solemn.

The youth of the Yuanguang clan in front of him was astonishingly strong, and he was stronger than the origin that Lu Ming had encountered before.

This is a Tianjiao with a martial arts fairy light, similar to the Yuansi Yuanwuji and others. It can be imagined that when this person is in the Divine Master Realm, he is also a three-time-breaking existence.

After such a person breaks through the Divine Master Realm, the source root is probably not a low-level source root, but an intermediate level.

There is no doubt that he also comprehended his own source technique.

Controlling the top source-level magic weapon, comprehending the source art, and possessing an intermediate source root, this kind of person is already a top expert in the early existence of the source, and it is not something that Lu Ming can handle now.

"Yuan Sanji!"

"Three-pole son!"

Some people cheered.

This person is the brother of Yuan Siji Yuan Wuji and others, their elder brother, Yuan Sanji.

"A little bit of strength, but in front of me, there is only a dead end."

Yuan Sanji's eyes were indifferent and full of killing intent.

Lu Ming's face was a little gloomy. He was about to rush out of the encirclement just now, but was repelled by Yuan Sanji's move and returned to the encirclement again.

And in the distance, a group of masters from the three tribes rushed forward. Once they joined the encirclement, Lu Ming was really hard to fly.

"Killing a Lu Ming, why so many people, I am enough."

Yuan Sanji was very conceited, stepping forward, his sword light soaring to the sky, he wanted to launch a fierce attack.

But at this moment, the void shattered, a terrifying blade light slashed across the head of Yuan Sanji.

Yuan Sanji's face changed slightly, and he swung his sword to resist.

when!

A shocking roar erupted, and the sword qi sword light cut the void into cracks.

The knife light was knocked back, and behind the knife's light, the void exploded, and a burly figure appeared.

This was a young man with a burly and strong figure, holding a giant knife comparable to a door panel, and his breath was astonishing, like a giant beast.

But this is a human race.

When this human race appeared, Yuan Sanji's figure also flickered, retreating back and forth.

Seeing this human youth, Yuan Sanji's face suddenly became gloomy.

Because, in this human race youth, he feels pressure, this person is a master at the same level as him.

The Human Race youth kindly nodded with Lu Ming, then glanced at Yuan Sanji and others, and sneered:
"With so many origins, it is shameful to join hands to deal with a divine lord. I will be your opponent."

"It's naive to save him by yourself, then die together."

Yuan Sanji drank coldly, the sword light flashed, and the two sword lights slashed towards Lu Ming and the human youth at the same time.

Wow!

The youth of the human race made a move, and a giant knife about the size of the door slashed out, splitting the space, and directly defeated the two sword lights that Yuan Sanji had slashed out.

Not only that, but the giant sword also slashed towards Yuan Sanji's face. Yuan Sanji was helpless, and could only fight with all his strength to fight against the human youth.

At the same time, not far away, a group of human masters arrived, blocking the group of three tribal masters who were coming.

boom!

Naturally, Lu Ming would not miss such a good opportunity. He shot with all his strength and rushed in one direction.

Bump...

There were several origins in a row, but Lu Ming spit out blood.

"Stop him!"

"Don't let him run away."

[Get cash red envelopes] You can get cash by reading books! Follow WeChat. Public account [Book Friends Base Camp], cash/coins are waiting for you!

Many people yelled and shot frantically, wanting to keep Lu Ming.

However, without the existence of Yuan Sanji's level, other people couldn't stop Lu Ming at all. Lu Ming didn't hesitate to pay some price and quickly broke through the encirclement circle.

Huh!

After that, Lu Ming was in the shape of electricity, and quickly distanced himself from the three clans of the Forbidden Land.

At the same time, Lu Ming took out several drops of Yuanshen medicinal liquid, swallowed it in his mouth, and quickly refined it. Lu Ming recovered at an astonishing speed.

At the same time as he recovered, Lu Ming's spiritual consciousness entered his own sea of consciousness.

He wanted to try to control the human king broken sword.

But, no, Lu Ming couldn't control it at all, and the king broke his sword and remained motionless.

At the same time, Lu Ming called for the ball, and the ball remained motionless.

Obviously, forcibly devouring Renwang's Broken Sword had a great impact on Lu Ming, causing the ball to fall into a deep sleep.

"Kill, don't let Lu Ming run away!"

People from the three clans of the forbidden area were still shouting, chasing Lu Ming.

Lu Ming's eyes flashed coldly. He really wanted to fight with the three clans of the Forbidden Land, but he knew that he couldn't do it today.

There are too many masters of the three clans in the Forbidden Area, more than 300 people, and only a few dozen people have come now. If they all come, it will be very amazing.

There is no doubt that there must be a master at the level of Yuan Sanji, even if the human race of the Cangqing Divine Realm helps him with all his strength, he will not be able to stop it.

Even Cangqing Divine Realm will be affected.

Moreover, the Nine Yin Demon Spiders, the people of the extremely evil race are also watching around, it is hard to guarantee that they will not take action.

Now, it's not the time to try to be strong, when it is the best policy, this hatred, there is a chance to repay.

"Everyone, thank you for your help. I have gotten away. Please leave."

Lu Ming communicated to the masters of the human race.

At the same time, the wings on his back were flapping, and the speed was faster than lightning, and he moved away quickly. The people of the three clans of the Forbidden Land could not catch up.

"go!"

Those masters of the human race also quickly left the battlefield and flew towards the distance.

when!

The Human Race youth and Yuan Sanji had a trick, and with the help of this trick, they quickly backed away.

"Boy, let's fight again in Japan!"

The human youth, carrying a giant knife, quickly went away, there was a blocking person in front, and he was directly slashed by him, almost slashing to death.

"hateful!"

Yuan Sanji roared, but he knew that it would be difficult for a master at the level of human youth to stop it.

He abandoned the human youth and quickly pursued Lu Ming.

He was wearing a martial light, turned into a fairy light, at an amazing speed, but Lu Ming walked a step earlier, he couldn't catch up anymore, he chased him for a while, and he didn't know which direction Lu Ming flew away.

The struggle for the human heart came to an end, but the waves caused quickly spread throughout the universe.

The enemy of the King of Humans got out of trouble, fought an astonishing battle with the son of the King of Humans, and then left.

And Xuanyuanyi, the son of the King of Humans, also controlled the flesh of the King of Humans and disappeared into the vast universe.

Especially the words that Di Que left before caused waves.

Chapter 5075: Yin Yang Universe Sea

When Dique left, he said that he would open the cosmic channel to allow the primordial universe to communicate with the outside world. At that time, there will be other powerful cosmos coming.

This incident made the forbidden places heavy and their faces ugly.

And Lu Ming was equally thoughtful and puzzled.

Universe channels, other big universes?

Although Lu Ming had known for a long time, the creatures in the forbidden areas, as well as the celestial races and demons, were not creatures of the primordial universe, or creatures of the outer universe.

But what is going on with the cosmic channel?

Was it closed before?

Moreover, before Di Que left, he also said that the Primordial Universe ranked 11th among the countless universes in the sun?

Yang Jian? What means?

There are countless large universes, are there countless large universes like the Primordial Universe outside the universe?

Lu Ming didn't know all of this.

"Now, the people in the early days of the origin have been able to recover. Perhaps, you can ask the elder origin of the Cangqing Divine Realm.

Lu Ming thought.

All of this definitely involves the secrets of the prehistoric cosmos period, and only the kind of elders who have lived for a long time can understand many secrets.

The Origin Realm exists with the universe and can live for endless years. In the Cangqing Divine Realm, there are most of these elders who can understand many secrets. Lu Ming plans to return to the Cangqing Divine Realm to find someone to ask questions.

After a while, Lu Ming returned to the Cangqing Divine Realm, reunited with Mulan and Huang Ling, and briefly talked about his experience during this time.

Although the second daughter had learned about what happened in the Nine Elements Forbidden Land this time, listening to Lu Ming's explanation still felt thrilling and worried for Lu Ming.

On the second day, Lu Ming found Han Yue and asked Han Yue about the passage of the universe and the outer universe. As expected, Han Yue had very limited knowledge.

Many things about her are also seen from those ancient books, but the ancient books of the Cangqing God Realm are seriously missing, and there are not many records of the previous era.

"Lu Ming, I know a senior, although he was only a cultivation base at the beginning of the origin, but he survived from the last epoch. He was one of the first 100,000 people who created the Cangqing Divine Realm. He must know many secrets. I can take you to visit him."

Han Yue said.

"Then thank you girl Han Yue."

Lu Ming clasped his fists.

Not long after, Lu Ming met this senior.

This is an old man who looks really old, with dry hair and wrinkles on his face. When Lu Ming came, he was watering the flowers in the yard.

That's right, it's watering the flowers.

This old man, the yard is full of various flowers and plants, some of them are precious medicines, and there are also ordinary flowers and plants.

On the way, Han Yue had already briefly introduced the old man.

The old man, named Xu Nian, can only say that his talent is average. After his cultivation reaches the initial stage of his origin, his potential is completely exhausted. After endless years, he has been unable to break through to higher levels.

Therefore, Xu Nian was disheartened about the practice, and turned his attention to other places, infatuated with flowers and plants, and fascinated by planting various flowers and plants.

"You are Lu Ming. You are a real hero. Although your bloodline level is not high, you can break the extreme five times. Even if you look at the prehistoric continent, there are only a handful of them. There are not many. In today's era, it is really a miracle."

Seeing Lu Ming, Xu Nian looked like he saw a piece of Kuibao.

The Nine Elements Forbidden Land had already spread throughout the universe on Lu Ming's way back to the Cangqing Divine Realm.

Not only the Xuanyuanyi and Dique incidents, but also the battle between Lu Ming and the three tribes of the Forbidden Land, which revealed five breakthrough events, which also spread throughout the universe.

This shocked countless people.

For many people, the incident of breaking the extreme five times is no less than the powerful recovery of Di Lai.

Because it is so rare.

"Lu Ming paid homage to seniors. Lu Ming was able to break the pole five times. It was just a fluke."

Lu Ming said modestly.

"Well, in front of the old man, don't be humble. Five times to break the extreme. It is not a fluke. In history, there are more than thousands of talents who have great luck, but they can break the extreme five times in the Divine Master Realm. Very few."

"However, young people should not be too complacent. Although some people are inferior to you in the Divine Master Realm, after breaking through their origins, they continue to go further and rise soaring. I am afraid that their achievements will not be weaker than you, or even stronger. You have to continue to work hard. That's fine."

Xu Nian warned.

Lu Ming nodded naturally.

"Little guy, you came to see the old man today, do you want to know something about the Primordial Continent?"

After all, Xu Nian is an old monster who has lived for endless years, with a clear mind, how can he not know Lu Ming's purpose here.

"Senior is really good at everything."

Lu Ming slapped a flattering, and then said: "When Dique left, he said that he should open the passage of the universe and let people from the outer universe come in. The juniors want to find out what is going on in the outer universe. Is it a cosmic universe? And, what does Yangjian mean..."

Lu Ming asked the question in his mind.

"As soon as the passage of the universe opens, this broken universe will become more chaotic."

Xu Nian sighed lightly, with a look of worry in his eyes, did not answer Lu Ming the first time, as if he was sorting out his words.

After a while, Xu Nian said: "The primordial universe, its full name is the primordial emptiness and no universe, it is just a big universe in the endless chaos, and in the endless chaos, such a big cosmos as the primordial emptiness and no universe, according to what I have learned I know, there are more than 30,000..."

"More than 30,000 universes?"

Lu Ming took a deep breath.

"These more than 30,000 universes are only the universe of the Yang, and there are also the Yin Realm, and there are at least 30,000 universes owned by the Yin Realm..."

Xu Niandao.

"Yangjian? Yinjie?"

Lu Ming was even more puzzled, why another underworld had appeared.

"All of this starts with the sea of cosmos. According to legend, the sea of cosmos is the source of all universes and the core of all universes."

"And in the endless chaos, there are two universes, called the Yin-Yang universe, and outside the Yang universe, there are endless chaos. In these chaos, one big universe is born, all with the Yang universe as the core. of."

"These big universes with Yang Universe Sea as the core are collectively called Yang Jian!"

"And those big universes with Yin Universe Sea as the core are collectively called Yin Realm. By the way, all the creatures in the forbidden areas in the universe today actually come from the Yin Realm."

Xu Nian explained.

Lu Ming was shocked when he heard it, and his heart was ups and downs, and it was difficult to calm down.

It turns out that the universe is the core of endless chaos.

And there are two universe seas, the Yin Yang universe sea.

The primordial universe, obviously belongs to the Yang universe sea, belongs to the sun.

What surprised Lu Ming was that the creatures in the forbidden areas actually came from the underworld.

"Yangjian and Yinjie have been opposed since ancient times, and they have been fighting constantly..."

Xu Nian said again.

"Could it be that the creatures in the forbidden areas stayed in the prehistoric universe because of the invasion of the underworld?"

Lu Ming asked.

Chapter 5076: Chaos is coming

"I'm not quite sure about this. I only know that the years of the existence of the forbidden areas, the long and terrifying, in the distant past, I don't know exactly what happened, after all, I am just the beginning of the origin. During the period of the Primordial Continent, even a cannon fodder was not as good."

Xu Nian smiled bitterly.

Lu Ming and Han Yue did not speak, knowing Xu Nian's cultivation base, endless years are difficult to break through, and there will always be grudges.

"Hahaha, it's been so many years, I'm still struggling, it seems that my mentality is still not good."

Xu Nian laughed at herself and continued: "However, although there are tens of thousands of universes in the Yangjian, at the end of the Primordial Continent, it flourished to the extreme. Among the tens of thousands of universes in the Yangjian, it ranked eleventh, which can be said to be the top. The universe is out."

"Is it the last stage of the Primordial Continent, which is the most prosperous?"

Lu Ming captured the meaning of Tao Xu Nian's words.

"Yes, at the beginning, the ranking of the Primordial Universe was far from that high, but by the end of the Primordial Continent, the human race, the witch race, and the monster race were all respected and the immortals stood side by side. The strength of the three races had reached the peak in history. It also allowed the Primordial Universe to rise rapidly in the ranking of Yangjian, and it has been promoted to the eleventh place."

Xu Niandao.

"The Great Universe, if it is so strong, why was it blown up? What happened back then?"

Lu Ming continued to ask.

Since the Majestic Universe is ranked 11th in Yangjian, it can be said to be the top-level universe, but it is still blown up. Who made the shot?

Is it the top ten universe?

"It should be a powerful force in the underworld. A terrifying powerhouse has invaded, and a terrifying battle has taken place. The truth is a master of the underworld."

Xu Niandao, his face solemn.

"The Yin Realm? If the Yin Realm invaded, wouldn't the big universe between the Yang help?" Lu Ming said.

"I don't know this. After all, my level is too low and I can't touch some big secrets. I am afraid that there are some very high-level secrets involved. It is not a fairy-tale person, and it is difficult to touch."

Xu Nian sighed.

Next, Xu Nian talked a lot with Lu Ming.

For example, every big universe has cosmic channels that are connected to the outside world.

For example, in the endless chaos, every big universe is not fixed forever, but can actually be moved.

In short, after having a chat with Xu Nian, Lu Ming opened up his horizons and broadened his horizons.

Originally, he was limited to the prehistoric universe, but now he knows that this world is countless times bigger than he imagined.

Outside the primordial universe, there is endless chaos.

In the endless chaos, with the Yin and Yang universe as the core, tens of thousands of large and small universes are extended.

Legend has it that the universe sea is the origin of all universes. Outside of each universe sea, there are more than 30,000 large universes that make up the Yang and Yin worlds.

The primordial universe, in its heyday, ranked 11th among the Yangs, and was finally invaded by the Yin world, causing its collapse and destruction.

Back then, the primordial universe was extremely prosperous, with a group of immortals crisscrossing, and finally being blown up. I don't know how many masters died in battle, leaving behind a lot of remains, even immortal soldiers.

However, Xu Nian and some of his partners also speculated that the masters of the Primordial Universe, perhaps not dead, have left. Before leaving, the cosmic channel connecting the Primordial Universe with the outside world was sealed, and the Great Universe was allowed to Wander in the endless chaos,

waiting for the recovery of the primordial universe itself, isolated from the world, resulting in endless years, no other large cosmos people have entered the primordial universe.

Today, Di Que is to open the sealed cosmic passage of the primordial universe.

Once the cosmic channel is opened, the breath of the primordial universe will be exposed to the chaos, and the powers of other cosmos will be able to capture the coordinates of the primordial universe.

The Primordial Universe, after all, is the top eleventh largest universe in Yang, and the characters of the immortal Dao have left a lot of treasures and opportunities. There are many relics in the ruins of the universe, which have not been mined.

It is not that the people of the major forces do not exploit, but that they are powerless.

Because among these ruins, there are often peerless great formations, or are shrouded in prohibition, full of danger and murder. Now the origin of the catastrophe, the masters are self-styled, and they have no ability to explore these ruins.

The major forces are waiting, and when the origin of the disaster is over, the masters of the major forces will be able to explore and mine these relics, and obtain treasures and opportunities.

This is why the major forces have repeatedly emphasized that, for example, the forbidden land creatures, and even the Celestial Race or the Subxian Race, are now a rare opportunity in the ages. If you grasp it, you can soar into the sky and let the entire ethnic group rise. This is the reason.

What has been mined now, or the chance of being obtained by others, is just a drop in the bucket.

Until now, I have never heard of the birth of a fairy soldier, that is the top treasure, the treasure of the immortal Taoist people must be crazy.

Therefore, once the passage of the primordial universe is opened and people in other large universes know it, it is strange not to enter madly.

"Hey, it's really eventful!"

After saying goodbye to Xu Nian, Lu Ming let out a long sigh.

Originally, the primordial universe was already chaotic enough, all the forbidden lands were vertical and horizontal, and the origin of the tribulation, there will be hundreds of years left, and by then there will be a master like a cloud.

Now, the passage of the universe may be about to be opened, when the masters of other big universes swarm in, and the primordial universe is going to be a mess.

It is conceivable that when the time comes, there will definitely be wars, and an era of incomparable chaos will usher in.

This is a great misfortune for all the creatures born in this age.

Destined to experience the tribulation of blood and fire, a careless one will fall.

Lu Ming felt a strong pressure.

He still has relatives and friends who need his protection. With his current combat power, it is far from enough.

Not to mention that there are only a few hundred years left from the Great Tribulation of the Origin. Even these hundreds of years will not be easy. Lu Ming, the strong at the beginning of the origin of the major forces, is not an opponent.

At that time, if a large number of powerhouses from the outer universe enter, his strength will be even more inadequate.

He must break through to the original state as soon as possible to barely have a little strength to protect himself.

He also has to break through the origin under the great calamity of the origin, and his combat power can reach a higher level.

Xi Tianteng can succeed, and he is confident that he can.

However, when he focused on breaking through the origin, he felt an inexplicable chill in his heart, and in the midst of it, he felt a great crisis.

It seems that once he wants to break through under the great calamity of the origin, he will definitely die.

"How is this going?"

Lu Ming frowned and thought.

People of his level, with this feeling, will definitely not be an illusion, most of it will come true.

"Could it be that my cultivation base has not been completed yet? Or is it that my cultivation base has been improved too fast recently, and the foundation is unstable, leaving some hidden dangers?"

Lu Ming thought.

Chapter 5077: Eight tribes join forces

He feels that his cultivation has reached the limit of the peak of the gods, and there is no way to make it, and he can attack the origin at any time.

However, during this period of time, his cultivation level has indeed improved too fast, especially in the past two hundred years, he has taken tens of thousands of drops of Yuanshen liquid medicine, and relied on Yuanshen liquid medicine forcibly, pushing the cultivation base to the limit of the **** master.

It is true that there is a lack of precipitation, and perhaps the foundation will be a little unstable, leaving some hidden dangers, which is also normal.

If you want to break through the origin under the great calamity of the origin, you must be perfect in all aspects, and the state must also be maintained at the true peak to be able to break through.

If the foundation is unstable, or there are a few hidden dangers, all previous efforts will be abandoned and death will disappear.

"Perhaps, I have to consolidate for a while before I can break through."

Lu Ming whispered.

Returning to the residence, Lu Ming sat cross-legged, running the taboo origin over and over again, condensing the taboo origin, consolidating the cultivation base, and eliminating all hidden dangers.

When Lu Ming was in retreat, some people weren't idle. That was Ye Immortal, and people from the three races of the Forbidden Land.

They wanted to kill Lu Ming and then hurry up, but Lu Ming hid in the Cangqing Divine Realm, leaving them with no choice.

It's not the three tribes of the forbidden land in the eastern universe. They are afraid of the Cangqing Divine Realm, mainly because of their foundation. Not here, their base camp is far in the eastern universe.

Although they had many masters in these people who came to the western universe, their existence at the beginning of the origin totaled more than three hundred, but they were obviously still not good at the God Realm of the Blue Sky.

The base camp of the Cangqing Divine Realm is here, with a steady stream of masters and a large array of support. Lu Ming is hiding in the Cangqing Divine Realm. It is impossible for them to kill Lu Ming.

However, they immediately thought of a trick, that is, the forbidden areas in the western universe.

"The five forbidden lands in the western universe also come from the outer universe. They have the same position as ours. Lu Ming is in charge of the power of the universe. The stronger his cultivation, the greater the suppression of us, and the tremendous suppression of them. ."

"Now, the five forbidden lands in the western universe do not know that Lu Ming is responsible for the power of the universe. As long as we tell them this news and tell them the powerful relationship, the five forbidden lands will definitely not let Lu Ming go, and will not let him continue to grow. Come and suppress them."

Ye Immortal said, his eyes were extremely cold.

He had a sense of urgency and wanted to kill Lu Ming as soon as possible.

Lu Ming was too terrifying, far beyond his imagination. How long it took him to break five times, it was incredible. When he saw it, his heart burst in shock.

He is the strongest ancestor of the Celestial Race. Only by chance and success in reincarnation can he have the power to break the extreme three times.

When he was in the Divine Realm in the previous life, he did not break the extreme three times.

He knows how difficult it is to break the pole three times.

The talents of their Celestial Race were still incomparable to the major forbidden lands, and they were too far apart.

Those peerless arrogances in the forbidden areas can break the extreme three times by relying on their own talents alone.

But their Celestial Clan can't do it. For example, Ye Qiuxian, no matter how good the power of the perfect heaven is, it is impossible to break the pole three times, and can only stop at the second pole.

It was so difficult to break the pole three times, let alone break the pole four times, and Lu Ming actually broke the pole five times.

Such a character makes him sleepless.

He always wanted to get rid of Lu Ming.

"You're right. As long as you know that Lu Ming is in charge of the power of the universe, and the major forbidden lands in the western universe, you will not let Lu Ming go. What's more, Lu Ming and some of the forbidden lands have enmity, then we will go to the extreme first. The evil race and the Jiuyin Demon Spider started, as long as they agree, the other three forbidden areas will be easy to handle."

"Okay, just do it!"

Everyone negotiated and decided to go to the extremely evil race first.

As a result, it was simpler than they expected. When they said about Lu Ming's cosmic power, the Extreme Evil Race immediately agreed and planned to dispatch a master to get rid of Lu Ming.

Afterwards, they went to the Nine Yin Demon Spider, and the Nine Yin Demon Spider also agreed very happily.

Afterwards, the Black Sky Warriors, Ice Fire Clan, and Tianyin Vine Clan all agreed one by one, planning to get rid of Lu Ming together and eliminate future troubles forever.

Even after they plan to get rid of Lu Ming, they will have a chance to go to the western universe and destroy the Heavenly Army.

Because besides Lu Ming, there are other people in the Celestial Extinguishing Army who control the power of the universe.

In fact, the five forbidden places in the western universe were all shocked. I didn't expect that in the eastern universe, so many people would control the power of the universe.

They didn't know before.

They only knew that the primordial universe was suppressing them all the time, and there was even a tendency to become stronger and stronger. They originally thought that this was an instinctive resistance to the will of the universe, but they did not expect the reason to come from the power of the universe.

This is actually a manifestation of the resistance of the universe, with the help of other creatures in the universe.

As long as the people with the power of the universe are excluded, their pressure will be greatly reduced in a short period of time.

Xi Tianteng, a member of the Tianyin clan, had a good affection for Lu Ming and felt a sense of sympathy, but it was related to the life and death of the entire clan, and he was unable to stop it.

Just like the original Zi Xuan.

Soon after, a total of eight forbidden areas were dispatched to the Cangqing Divine Realm.

The Cangqing Divine Realm shook, and countless masters rushed to the entrance of the Cangqing Divine Realm, guarding the Cangqing Divine Realm.

Outside the Cangqing Divine Realm, there were more than 800 strong men in the Origin Realm lined up in a line of shocking scenes, making the faces of the Cangqing Divine Realm pale.

In the early stage of Dandan 800 Origin, they were fearless, the entrance to the Cangqing Divine Realm, but with heavy arrays and powerful restrictions, they were enough to resist each other.

However, the meaning is extraordinary.

The eight forbidden lands came together, which represents the attitude of the eight forbidden lands. Are these eight forbidden lands to join hands to destroy the Cangqing Divine Realm?

If so, it will be a catastrophe.

In the past, the five forbidden lands in the western universe were fighting each other, and never meant to join forces against the Cangqing Divine Realm. This allowed the Cangqing Divine Realm to compete with the five forbidden lands, competing for cosmic resources, and constantly rising.

If the other forbidden areas join forces, people in the Cangqing Divine Realm can only shrink in the Cangqing Divine Realm, and dare not go out at all.

Now, what's going on?

"Everyone join hands to come to my Cangqing Divine Realm, what's the so-called?"

An elder of the human race asked, he was a strong man at the beginning of his roots.

"It's very simple, let's ask someone, hand over Lu Ming, and we will leave immediately."

A young man from the Yuanguang clan spoke coldly, but it was Yuan Sanji.

"Their goal is Lu Ming!"

There was a commotion in the people of Cangqing Divine Realm.

"What's going on? Lu Ming has an enmity with the three forbidden lands in the east. We know that the three clans in the Nine Elements Forbidden Area still want to kill Lu Ming, but why are the five forbidden lands in the west also coming together?"

"In the western universe, Lu Ming only offended the Jiuyin Demon Spider and the Extreme Clan, but did not offend the Tianyin Vine, the Black Sky Warrior and the Ice Fire Clan. Why did they come too?"

The people of Cangqing Divine Realm couldn't help talking.

Chapter 5078: People have different hearts

"What are you doing with so much nonsense? Hand over Lu Ming quickly, otherwise, this little blood of the Primordial Human Race will be completely wiped out."

A source of the extremely evil clan sneered coldly. This person was Mosha's elder. After waking up, he knew what happened to Mosha. He was so angry that he wanted to kill Lu Ming.

In fact, the extreme evil race has at least half of its roots and wants to kill Lu Ming.

After all, at the beginning, Lu Ming killed the extremely evil race, defeating the seven invincible **** masters of the extreme evil race, and let the extreme evil race face disgrace.

His meaning was obvious, if the Cangqing Divine Realm did not hand over Lu Ming, they would destroy the Cangqing Divine Realm.

"My Cangqing Divine Realm, I don't accept threats."

"Hmph, wanting to destroy us, it was not done at the end of the great famine, now it's up to you, don't think about it."

Some masters in Cangqing Divine Realm responded coldly.

The human races of the Cangqing Divine Realm are not the human races of the eastern universe. They are all the legacy of the primitive human races, with strong bloodlines, and at the same time carry the arrogance of the primitive human race.

During the period of the Primordial Continent, the human race was so powerful, and it was the strongest race in the primordial universe. Not only that, but in the entire tens of thousands of universes in the sun, they were all famous and honored.

Although it is not the past, the arrogance still remains in their bones, not accepting threats, let alone being killed.

If this were in the prehistoric continent, who would dare?

Even the same powerful Monster Race and Witch Race, in front of the Human Race, have to lower their arrogant heads.

Moreover, the human race in the Cangqing Divine Realm did not want to hand over Lu Ming.

Although Lu Ming's human bloodline is not high, it is a pure human race after all, and his talent is unimaginable.

Five times to break the pole, this is five times to break the pole.

Even in the period of the Primordial Continent, how many human races were there?

This kind of person has the appearance of becoming a king.

Now, Lu Ming has been regarded by some older people in the Cangqing Divine Realm as the hope of the rise of the human race, how will they hand over Lu Ming?

"If you don't hand it over, it will be destroyed!"

"Do you really think that you are still a prehistoric human race, a group of losers, just linger!"

"kill!"

The people in the forbidden areas were very indifferent. They had a desire to kill Lu Ming. Since the Cangqing Divine Realm did not cooperate, they would be destroyed.

There is no need for the human race to remain in the prehistoric universe.

The eight forbidden areas, directly started.

More than eight hundred sources worked together, the scene was too terrifying, this piece of void was directly blown up and returned to chaos.

But in the end, the forbidden places were disappointed, and they found that they couldn't break the entrance of the Cangqing Divine Realm at all.

Several entrances to the Cangqing Divine Realm all had powerful restrictions, and their defenses were astonishingly strong. More than 800 origins joined forces, and these restrictions remained motionless.

The master of the Eight Forbidden Lands stopped and backed away, his face gloomy.

"Legend, Cangqing Divine Realm was originally sealed by a powerful seal, separated forever, and the dilemma of entering and exiting, it seems to be true, their entrance, there is a powerful restriction."

Someone speaks.

The human race of Cangqing Divine Realm also breathed a sigh of relief.

Indeed, the Cangqing Divine Realm originally had a terrible seal. In the past, even they could not get out from the inside, and it was even more difficult for the outside to want to get in.

Later, it was Mulan who brought a strange gem and opened the seal.

However, these entrances still have the power of the seal remaining, except for people from the Cangqing Divine Realm to open it from the inside, and it is extremely difficult to enter from the outside.

"You Cangqing Divine Realm, it seems that you really want to perish. Although we can't break it, when the origin of the disaster is over, I will wait for the masters to come out. At that time, every Taoist and Taoist priest will make a move. You think you can stop it. ?"

One of the extremely evil clan spoke indifferently.

"Yes, hand over Lu Ming as soon as possible, this matter has nothing to do with you!"

Yuan Sanji also followed.

Although the people in the Cangqing Divine Realm looked solemn, they were still unmoved.

"If they don't hand over Lu Ming, don't they think we can't do anything about it? We just need to send people to block here and block them in the Azure God Realm, so that the opportunities of the primordial universe will be missed from them and see if they can bear it When."

Ye immortal proposal.

"Good idea, just do it!"

The masters of the major forbidden areas nodded one after another.

Afterwards, the masters of the Eight Forbidden Lands guarded the outside, blocking the entrance and exit of the Cangqing Divine Realm, making it impossible for people in the Cangqing Divine Realm to enter and exit.

"hateful..."

Many people in Cangqing Divine Realm were very angry.

Today's universe can be said to be filled with opportunities, with a large number of ruins of the prehistoric continent, sacred mountains, caves, etc., which can be said to be filled with opportunities.

The major forces occupies a vast area, and people are always exploring.

The same is true of Cangqing Divine Realm.

Now that they are blocked, how can they explore those ruins and get a chance?

They can only watch the opportunity being taken away by others, but they can do nothing.

They rely on Cangqing Divine Realm's restraint, defense is OK, but offense is not enough.

Moreover, once they launch a master attack, they will surely attract more masters from the Eight Forbidden Areas. A Cangqing Divine Realm alone cannot be an opponent of the Eight Forbidden Areas.

Time passed day by day, and people in the Cangqing Divine Realm had no choice but to stay in the Cangqing Divine Realm and could not go out.

In a blink of an eye, a year passed.

The number of masters of the eight races guarding outside the Cangqing God was much less, about a few hundred.

It is impossible for them to stay here all year round, and they have to manually explore various relics.

However, hundreds of sources, guarding the Cangqing Divine Realm, are enough.

Once the Cangqing Divine Realm changes, other people can quickly support it.

After being blocked for a year, the dark tide was also raging inside the Cangqing Divine Realm, and there were various sounds that were unfavorable to Lu Ming.

People's hearts are different after all. Some people support Lu Ming, but naturally some people don't.

"Are we going to be stuck here for a lifetime, watching our chances be taken away by the forbidden areas, watching them getting stronger and stronger, and we getting weaker and weaker?"

"Our human race, how strong it was back then, has actually ended up in this situation now."

"It's all Lu Ming. He is a divine lord who is too overwhelmed. He actually offends the eight forbidden places at the same time. He hides, but we are implicated by him."

"Yes, in my opinion, simply hand over Lu Ming. The Forbidden Land Eight Clan also said that as long as Lu Ming is handed over, we will live in peace with us. It is completely worthwhile to use Lu Ming alone to exchange the entire Cangqing Divine Realm."

"Yes, hand over Lu Ming!"

Many people talked secretly and released this kind of argument.

Of course, there are also many people who oppose the handing over of Lu Ming and are unwilling to compromise.

The two sides argued endlessly, and with the passage of time, this kind of dispute became worse and worse. Later, many strong people from the original realm joined in.

In a blink of an eye, another two years passed.

The eight forbidden areas besieged the Cangqing Divine Realm for three years.

Inside the Cangqing Divine Realm, undercurrents were already raging, and more and more people supported the handing over of Lu Ming.

Chapter 5079: Harsh means

Lu Ming naturally knew about the eight forbidden areas besieging the Cangqing Divine Realm.

Although he was angry, he was helpless.

His strength is still too weak, and to take the initiative to get out is undoubtedly a self-inflicted trap.

He urgently needs to break through his origin.

However, after three years of cultivation, he clearly felt that the foundation was already very solid, and there were almost no flaws, but whenever he had the idea of breaking through the origin, a sense of horrible crisis would come. .

He has a feeling that if he chooses to break through the origin, he will undoubtedly die.

what happened?

Lu Ming couldn't figure it out, could it be that there was still a fatal flaw in himself?

Apart from this, he really couldn't think of other reasons.

If he can't break through the origin, he will be unable to fight the eight forbidden areas.

"By the way, there is also Renwang Broken Sword. If you can control Renwang Broken Sword, the eight forbidden areas are all chickens and dogs..."

Lu Ming's eyes flashed.

Then, his spiritual consciousness entered the sea of consciousness.

Ren Wang Broken Sword, suspended in Lu Ming's Sea of Knowledge for three years, motionless, without any abnormalities, as if immovable in ancient times.

Lu Ming tried to control the Renwang Broken Sword, but found that the Renwang Broken Sword was like an ancient sacred mountain, motionless.

"Let's refining first..."

Lu Ming entangled Ren Wang Duanjian with his spiritual sense and began to refine it, but after a while, Lu Ming gave up and made no progress.

"The villain Wang Xuanyuanyi gave me the broken sword of the human king. It's impossible to be completely unable to refine it, right? Is it because my cultivation base is too low?"

Lu Ming thought.

In fact, up to now, why the villain Wang Xuanyuanyi gave him the broken sword to him, he feels puzzled.

Dique was out of trouble again, and he couldn't get out of it, although he was unintentional.

Originally, he thought Xuanyuanyi would kill him.

At that time, he really felt murderous from Xuanyuanyi.

But in a blink of an eye, Xuanyuanyi changed his mind. Not only did he not kill him, but he actually gave Renwang Broken Sword to Lu Ming.

Lu Ming couldn't figure it out at all.

Do you think he is unparalleled in talent and will surely rise in the future, invincible in the world?

Lu Ming shook his head, he was not so narcissistic.

Although his talent is good, in the eyes of people like Xuanyuanyi, it is probably not a big deal. In the Primordial Continent Period, although there were few existences of five times breaking extreme, there should be a lot of accumulation over the long years.

But there are only a few who become kings.

The villain king, but it is very possible that he will become the second person Wang Xuanyuan. This kind of talent is unimaginable. Because of Lu Ming's talent, he will cut the sword to Lu Ming. Lu Ming himself does not believe it. .

What's the reason for that?

This problem has troubled Lu Ming for three years, but he still can't figure it out, and he doesn't have the slightest eyebrows.

But since the King of the Little Man gave Lu Ming the Broken Sword of the King of Man, he shouldn't be able to refining it.

"Try a drop of blood first..."

Lu Ming intends to start with this oldest and most traditional method.

He first forced out a drop of blood, then wrapped it with the power of the forbidden origin, flew into the sea of knowledge, and dripped on the King of Human Broken Sword.

When the blood dripped on the King's Broken Sword, the King's Broken Sword immediately absorbed the blood. In the next moment, a faint light of blood appeared on the surface of the King's Broken Sword.

At this moment, Lu Ming had a feeling. He felt that he had made some contact with Ren Wang Broken Sword.

"Yes, I didn't expect it to be that simple."

Lu Ming was taken aback at first, then ecstatic.

Then, Lu Ming wrapped Human King Broken Sword with spiritual sense and began to refine.

This time, Lu Ming really felt that he had made great progress. Although this progress was very slow, it would take some time to refine Renwang Broken Sword.

But as long as it takes some time, it will definitely be able to refine, and then Lu Ming will be able to control Renwang Duanjian.

Lu Ming was looking forward to it.

Outside the Cangqing Divine Realm, there are still nearly four hundred origins guarding here. There are eight forbidden places, and they are also among them.

"Inside the Cangqing Divine Realm, it has split, divided into two factions, and contradictions have arisen. Very good. If this continues, I am afraid that someone will take the initiative to hand over Lu Ming without us."

"It's best to have another infight within the Cangqing Divine Realm, a battle, and it will save us from doing it."

Some forbidden creatures are chatting.

"I think you can add fire to it."

At this moment, Ye Immortal interjected.

"Add fire? How to add fire?"

Someone looked at Ye Immortal.

Although Ye Immortal is only the realm of the gods, some people don't dare to take him too lightly.

"Cangqing Divine Realm, isn't there a lot of people scattered everywhere, our various races worked together to capture all these people, in front of the Cangqing Divine Realm people, beheaded some people, threatening them to hand over Lu Ming. You said, will it exacerbate their conflicts?"

Ye Immortal's understatement, as if to say a little thing.

So ruthless!

Many masters in the Eight Great Forbidden Areas muttered, this trick is really too cruel.

However, it is definitely effective.

"Miao, Miao, then use this trick."

"The news came out to let people catch the human race in the Cangqing Divine Realm."

News came out of the five forbidden areas in the western universe.

The three clans of the Forbidden Land in the east, after all, not many people came here, and there were no more people.

Suddenly, all the great forbidden areas started to act, and the masters were all out. Many people in the Cangqing Divine Realm were captured and taken outside of the Cangqing Divine Realm.

"Yes, one after another, he was caught."

"And Han Zijian, **** it, also fell into the hands of the eight clans in the forbidden area."

Those guarding the entrance to the Cangqing Divine Realm were in chaos.

Moreover, the news soon spread throughout the Cangqing Divine Realm.

Countless people rushed to the entrance and exit, and you could see that there were at least hundreds of people in the Cangqing Divine Realm. There were all in the Divine Emperor Realm and the Divine Main Realm. Obviously, they had been sealed in their cultivation base, kneeling in the void, and lined up a row.

hateful!

Many people were so angry that they wanted to rush out.

"People from the Cangqing Divine Realm listen. If they want to save these people, they will hand over Lu Ming and give you three days to consider. After three days, these people will all die."

Yuan Sanji's indifferent voice spread everywhere.

"Yes, if you still don't pay people, it doesn't matter, there is the next batch of people in the Azure God Realm distributed all over the universe, at least tens of thousands, hehe, kill them all by then."

An old man of the extremely evil clan also sneered. He is the uncle of Mosha. Although he is not young in his grade, his combat power is very terrifying.

Although he is not a peerless evildoer, with the accumulation of a long time, he has also realized his origin technique, and once by chance, he has obtained a great opportunity to let his origin root evolve into an intermediate level.

After breaking through the origin, the level of the origin is not constant, but there is a chance to improve.

It's just that the chances are very small and the difficulty is very high. There is no big chance, and there is no need to think about it.

But some people are not talented, but they get great opportunities, and they can also transform the roots.

The uncles of Mosha belong to this category.

Chapter 5080: Successfully refined the broken sword

There was a chaos inside the Cangqing Divine Realm, and some people who did not support the handing over of Lu Ming were also shaken.

Because many relatives of people are still outside.

"Hand over Lu Ming, for everyone to be safe!"

"Yes, although Lu Ming's talent is high, he is too knowing how to do things, he doesn't understand and forbearance, sooner or later he will die, no matter how talented he is, it is useless."

"That's right, no matter how talented you are, it's useless if you can't grow up. You can't let so many people sacrifice because of Lu Ming."

Many people yelled.

More and more people supported the handing over of Lu Ming.

Mulan and Huang Ling became more anxious when they heard such a voice.

"The human race is weak, and now Lu Ming is the only chance. If he grows up, our human race can rise, otherwise, even if it lingers now, it will sooner or later be wiped out by the forbidden lands."

"Only by keeping Lu Ming now can there be a future."

This is the person who supports the preservation of Lu Ming. The two sides hold different opinions. The argument is endless, becoming more and more fierce, and full of gunpowder.

In a blink of an eye, three days passed.

"It's really stubborn, then kill, and kill them to be terrified!"

Outside the Cangqing Divine Realm, Yuan Sanji gave orders indifferently.

"kill!"

Some people shouted, the light flashed, and the heads of each person flew up, and the blood spilled into the void.

Hundreds of people in the Cangqing Divine Realm were immediately beheaded.

"Ah, **** it!"

"Big Brother!"

"Uncle Master!"

Many people yelled and their eyes were blood red.

"Continue to take people!"

Outside the Cangqing Divine Realm, someone coldly drank, and then, hundreds of Cangqing Divine Realm human races were brought in, also sealed in their cultivation base, and knelt in the void.

"I will give you three more days. After three days, if you don't hand over Lu Ming, then kill another batch!"

Mosha's clan uncle's voice was extremely cold, and his eyes were full of evil light.

"Ah, Senior Sister is inside!"

"And my third brother!"

"Handing over Lu Ming, handing over Lu Ming, can't let more people die in vain!"

"I want to hand over Lu Ming, whoever wants to block me is my mortal enemy!"

Some people yelled, two groups confronted each other, the smell of gunpowder was full, and a war was about to break out.

"I propose to consult the ancestor. If the ancestor says to make friends, then he will pay, and if the ancestors don't, then he will not."

Someone suggested.

"Okay, go and ask the ancestor!"

The people in the Cangqing Divine Realm all agreed, and then sent some representatives to go in a certain direction.

Now, even though it is the great calamity of the origin, any existence above the mid-primary period will have to self-appoint physical bodies and cannot be born.

But some top masters, although self-proclaimed physical bodies, their consciousness can be manifested.

For example, the ancestor of the Yaxian tribe, didn't he manifest consciousness at the beginning?

Several ancient and powerful ancestors in the Cangqing Divine Realm had named themselves flesh, and their consciousness could also be revealed.

Soon, news spread throughout the Cangqing Divine Realm.

The consciousness of the ancestors of the Cangqing Divine Realm was Bao Luming.

"why?"

Many people are unwilling, but no one dares to disobey the meaning of the ancestors.

"Damn it, forbidden land eight tribes, all damn..."

Lu Ming growled low.

Although he is in retreat, he also has spiritual consciousness outside, paying attention to everything outside.

In fact, Lu Ming knew what happened outside.

Seeing hundreds of human races being killed, heads rolled and blood spilling into the void, made Lu Ming extremely angry and murderous.

Especially the meaning of the ancestors of the Cangqing Divine Realm made Lu Ming a little guilty.

All this happened because of him, and he wanted to kill him immediately to solve all of this.

"It's almost, it's almost..."

Lu Ming felt that Renwang Broken Sword was about to be refined, just a little bit, it felt like it was separated by a layer of paper, it could be completely refined at any time.

Soon, two more days passed.

Many people became more anxious.

Hundreds of people will be killed as soon as three days arrive.

"Lu Ming, if you are a man, stand up by yourself and ask someone to die for you. Will your conscience be at ease?"

Someone yelled.

They did not dare to go against the wishes of the ancestors, did not dare to take Lu Ming, but wanted to force Lu Ming to take the initiative.

In a blink of an eye, another long day passed.

Suddenly, in Lu Ming's retreat, a terrifying sword aura spread out, but it immediately converged, and not many people felt it.

"It's done!"

Lu Ming's eyes lit up.

After so long of refining, Lu Ming finally refined Renwang Duanjian.

With a thought in his heart, Ren Wang Broken Sword flew out of Lu Ming's sea of consciousness, appeared on Lu Ming's palm, and made a slight sword sound.

At the same time, Lu Ming felt that only one-fifth of the sword body contained this terrifying energy.

Lu Ming had a feeling that if this energy could be exploded, all the peaks of the origin would be killed in seconds.

But Lu Ming was quickly disappointed. He couldn't use this power at all. It was like a silent sea, standing still, no matter how hard he tried, he couldn't reach it.

Lu Ming understood that this was the reason his cultivation base was too low.

It's like a magic sword, if you let an ant take it, he can't pick it up at all, nor can it exert the power of the magic sword.

Lu Ming is now facing this dilemma, but Renwang Broken Sword is not completely inoperable.

Lu Ming discovered that under the hilt, there were densely packed runes. These runes were intertwined to form an arcane formation.

This formation is constantly absorbing external energy and storing it in the hilt.

Lu Ming discovered that he could spur this energy.

He used the power of the taboo origin and injected it from the hilt to provoke this power. Suddenly, a ray of sword air appeared on the sword body.

Damn it!

Lu Ming swung his sword, and the void was suddenly cut into a crack.

"It's so powerful, it's easy to kill the origin with this kind of power."

Lu Ming's eyes lit up.

Ren Wang Broken Sword, finally did not let him down.

He couldn't attract the vast energy in the sword, but the energy at the hilt could be used.

Although this energy cannot be compared with the energy in the sword body, it is currently enough for Lu Ming.

"Forbidden Land Eight Clan, this account should be settled!"

A cold light flashed in Lu Ming's eyes, then he ended his retreat and strode out.

"Junior Brother Lu Ming!"

"Lu Ming!"

Seeing Lu Ming, Mulan and Huang Ling walked over immediately with concern.

"Senior Sister, Huang Ling, you are waiting for me here, and you will come as soon as I go."

Lu Ming smiled.

"Junior Brother, are you going out to face the Eight Clans of the Forbidden Area? That is very dangerous."

Mulan's face changed.

"Don't worry, I won't make fun of my life. I have refined the sword of the king of humans."

Lu Ming informed.

He didn't conceal the fact that the king broke the sword from Mulan and Huang Ling. He believed in Mulan and Huang Ling and would not say it.

"Refined?"

Mulan and Huang Ling were both overjoyed.

"Yes, so don't worry, I have the power to protect myself."

[Reading benefits] Pay attention to the public.. [Book Friends Base Camp], read books every day and draw cash/points!

Lu Ming said.

"Junior Brother, then I will go out together!"

"I will go out with you too."

Mulan and Huang Lingdao were obviously still a little worried.
