

D Emperor 5101

Chapter 5101: Lianjie

An old man from Shengguang Universe yelled and asked Lu Ming to kill Lan Yuchen.

This makes the faces of the Styx universe pale.

The Yangjian and Yinjie have been hostile forces since ancient times, fighting each other and attacking each other, and they have never stopped. Once the two sides meet, most of them will never die.

Once in the hands of the opponent, there is absolutely no good end.

Moreover, the enchanting Tianjiao such as Lan Yuchen has too strong potential talent. Once he grows up, he will be a hegemon, and he will be a great threat to Yang Jian. If he can get rid of it as soon as possible, he will definitely not let it go.

However, Lu Ming did not intend to kill Lan Yuchen.

He has never left the primordial universe. He has no identity or sense of belonging with the so-called Yangjian. To put it bluntly, whether it is Yangjian or Yinjie, in Lu Ming's heart, they are the same. They are all people from the outer universe and come to plunder. People who are treasures of the prehistoric universe.

What's more, it is said that the primordial universe was destroyed by a strong man in the underworld. At that time, why was there no expert in the underworld to rescue it?

Also, Lu Ming and the Eight Clan of Forbidden Land were already mortal enemies, the kind that didn't stop dying.

The strength of the Eight Clan in the Forbidden Area was already terrifying enough, and he didn't have to go to offend a more terrifying Styx universe.

If Lan Yuchen was killed, Styx Universe would never let him go.

Therefore, Lu Ming thought a little bit in his heart, and then he made a decision.

"You go!"

Lu Ming waved his hand and Lan Yuchen flew out.

Lan Yuchen's eyes showed the expression of the rest of his life, very surprised.

Originally, he fell into Lu Ming's hands, and originally thought he was bound to die.

No money to read novels? Give you cash or point coins within 1 day to receive! Pay attention to the official account for free!

After all, before the war, he was so arrogant that he wanted Lu Ming to kneel and cry, and the two belonged to the Yin Realm and the Yang Realm. He originally thought he was dead and there was no suspense.

He was lamenting, he was really jealous of talents, such a wicked evildoer like him, he was about to die here before he was shining.

Unexpectedly, Lu Ming would let him go.

He hurriedly used the remaining energy and flew out of the stone platform.

"Thank you, this kindness, I wrote it down!"

Lan Yuchen clasped his fists.

"My son, are you okay!"

The people of the Styx universe gathered around.

"It's okay, let's go, let's go back, I want to adjust my state and prepare for the breakthrough."

Lan Yuchen said.

Although Lu Ming let him go this time, he was embarrassed. He didn't have the face to stay here, and he went back to adjust his state as soon as possible to prepare for the rush.

Although he stopped here, he had also been tempered four times, and he might not have the chance to succeed.

"Humph!"

The old man who spoke just now, the old man snorted coldly, his expression a little unhappy.

In this way, the four victorious people were Lu Ming, Sheng Wushuang, and Immortal Bone Returning to Ancestor. The remaining one was also from Yang Jian and was named Xu Feng.

"interesting!"

Returning Ancestor Xiang looked at Lu Ming, his eyes cold, with a strong sense of war.

And Sheng Wushuang just glanced at Lu Ming coldly.

As for Xu Feng, after looking at Lu Ming, he showed deep fear.

The four were separated from each other, facing away from afar, and then each mobilized the energy of the stone platform to perform the fifth tempering.

There is no doubt that the energy this time is stronger and more refined. After this time of tempering, Lu Ming found that his body and soul were stronger.

Hum!

When they finished the tempering, the two stone platforms moved and moved upwards.

One of them is Lu Ming, and the other is Xu Feng from Yang Jian.

Xu Feng's expression was a little ugly, he was not sure about Shang Lu Ming.

Among the three, Xu Feng didn't want to be against the immortal bones of returning to the ancestors, followed by Lu Ming.

"Brother Lu, you and I can learn from each other, please show mercy!"

Xu Feng clasped his fists, behaving very politely, and not superior.

Of course, this is all brought about by strength. If Lu Ming's strength is not enough, Xu Feng may not have this attitude.

"polite!"

Lu Ming clasped his fists.

Soon, the two stone platforms merged together. At the moment of fusion, Xu Feng moved, and the light of the sword was like opening up the world and killing it towards Lu.

Xu Feng's combat power is extremely strong, not at all weaker than Lan Yuchen, otherwise it would not be possible to defeat Tianjiao of the same level and get to this point.

Unfortunately, he met Lu Ming.

Once Lu Ming used the source technique, the offensive was extremely violent, completely suppressing Xu Feng, and Xu Feng's performance was no better than Lan Yuchen.

After just a dozen moves, Xu Feng quickly backed away, shouting: "Stop, I surrender!"

Xu Feng had tried various methods for these dozen or so tricks, and he found that he had no way to beat Lu Ming, so it was better to give up and not be embarrassed.

Lu Ming stopped, and did not continue to attack.

Xu Feng withdrew from Shitai.

In this way, Lu Ming won the victory ahead of time and was destined to get the sixth tempering.

Countless people envy and hate.

Others couldn't get the tempering once, but Lu Ming got the tempering six times. What else could he say besides envy.

After Lu Ming's victory, the last two stone platforms also flew upward.

Returning to the ancestors, immortal bones, and sacred.

Rumble!

The two stone platforms collided and merged quickly.

"Holy Wushuang, I will hit you crying!"

Returning Ancestor Immortal Bone spoke indifferently, and the soul fire in his eye sockets was beating, revealing the meaning of coldness.

"Speak big, don't be afraid of flashing your tongue, oh, sorry, I almost forgot that you don't have a tongue at all."

Sheng Wushuang sneered in response.

"kill!"

At this time, the stone platforms were fused together, and the Returning Ancestor Xian Bone shouted, like a golden lightning, rushing towards the holy Wushuang.

Returning to Ancestor Immortal Bone, without using any source-level magic weapon, he waved his golden palm and directly slapped the holy Wushuang.

Sacred and fearless, wearing a silver-white battle armor, holding a war sword with gleaming light, slaying towards the ancestral bones.

when!

The sacred and unparalleled war sword collided with the palm of the returning ancestor Xian Bone, bursting out a fierce roar, and energetic swept all directions.

However, the result was that Sheng Wushuang's body was shaken and he retreated.

"Unbearable!"

Returning Ancestor Xiang speaks indifferently, and continues to kill Wushuang. He completely ignores his own defenses, and his offensive is fierce and open.

The sacred Wushuang roars, the holy light rushes into the sky, runs the source magic big killer, and fights with all strength.

"This Sacred Wushuang Fighting looks like it really resembles the Celestial Race."

Lu Ming muttered.

It's not that the bloodlines are similar, but the powers that they control are similar, and they are both the power of the sacred family, and it can also be said that they are biased toward the light.

Power is divided into many types, such as the light one, the dark one, the hot one, the evil one and so on.

"Shen Wushuang is about to lose, he is not an opponent at all."

"Ancestral Immortal Bone is too strong. If he can't restrain his soul, he is invincible."

"You are right. In the Divine Master Realm, the souls of the creatures are not strong, and they lack the means to attack the soul. The Immortal Bone of Returning Ancestor is invincible and almost undefeated!"

Many people talked.

Lu Ming also had a solemn expression.

Chapter 5102: Divine Unparalleled Trump Card

Lu Ming secretly measured the combat power between him and the Returned Ancestor Immortal Bone, and he discovered that he was not an opponent of the Returned Ancestral Immortal Bone.

No matter how strong his origin technique is, he can't break the defense of Returning Ancestor Immortal Bone.

Moreover, he did not have the means to attack the soul, and he could not break the opponent's defense, so he could only be passively beaten, and sooner or later he would lose.

It can only be said that the universe is too big, and there are too many kinds of evildoers, beyond imagination.

This is just one kind, maybe there are even more terrifying evildoers in the universe.

Sacred Wushuang was completely suppressed. After more than a dozen moves, he has retreated to the edge of the stone platform, and may lose at any time.

"What holy Wushuang, I think you just changed your name to holy trash."

Returning to the ancestor Xian Bone is ironic, but the offensive is constant, trying to defeat Divine Wushuang in one fell swoop.

"The temptation is over, you can lose!"

At this moment, Sacred Wushuang actually spoke like this, and the next moment, a pair of Sacred Wushuang pupils burst out with a bright glow, and two sacred sword lights burst out of his pupils.

These two sword lights are not the power of the origin, but the power of the soul.

This is a soul attack, and it is extremely powerful.

Returning to the Ancestor Immortal Bone, he obviously did not expect that Sheng Wushuang could suddenly attack with a soul, unable to dodge, and was directly pierced into his eye socket by two sword lights, attacking his soul fire.

Obviously, the soul of the returned ancestor fairy bone is guarded by treasures.

It is a soul defense treasure, like a piece of armor, enveloping the soul of the ancestral fairy bone.

However, the sacred and unparalleled soul attack was surprisingly strong, and the bombardment hit the soul defense treasure, and the soul defense treasure that was hit was shocking.

In addition, a powerful pulling force penetrated the soul defense treasure and attacked the soul of the returned ancestor fairy bone.

what!

Returning Ancestor Xiang let out a roar, his figure retreated violently, and the soul in his eyes trembled wildly.

"You actually master the soul attack, no, how can your soul be so powerful?"

The returning ancestor fairy bone roared.

It is not difficult to master the soul attack technique. How can a giant like Shengguang Universe lack the soul attack technique?

However, his own soul is not strong enough, even if there is a soul attack technique, it can't exert much power.

Returning Ancestor Xian Bone naturally knows his shortcomings, so when he is practicing, he deliberately spends more time to cultivate his soul, strengthen his soul, and also have soul defense

treasures to protect the soul, but he still suffered from the trick just now. After the wound, the soul was hit by the terrible sword aura, and there was a feeling of being torn apart.

This shows that the holy and unparalleled soul is exceptionally powerful.

"I forgot to tell you that I am born with a strong soul. My foremost combat power is not the power of the origin and the body, but the power of the soul."

Sacred Wushuang spoke indifferently, looking down at the Immortal Bone of Returned Ancestor with a sense of mockery.

His eyebrows were glowing, it was the light of the soul, extremely powerful, exuding a powerful aura, pressing against the immortal bones of the returned ancestor.

Si Si Si...

The people around were shocked.

Sacred Wushuang's original combat power was already terrifying enough, but he didn't expect that there were assassins that were useless.

The power of his soul is actually stronger.

This is too abnormal.

Combine the two, who else can be the enemy?

Even Lu Ming had to sigh, there are too many evildoers in the universe.

"Shoo!"

In the pupils of the sacred Wushuang, sword light broke out again, and the two sword lights were extremely huge, and they killed the Immortal Bone of Returning Ancestor.

This is a soul attack technique, even if the body of the Returning Ancestor Xian Bone is strong, it is useless, and it can directly pass through his body and attack his soul.

Returning to the ancestors Xian Bone shouted, his body flashed, faster than lightning, dodge the attack of the sacred and unparalleled.

However, the soul attacked directly ignoring the spatial distance. It was too fast. The Immortal Bone Returned to the Ancestor couldn't avoid it. He was hit again, his body retreated violently, and the soul seemed to be cut, and bursts of pain came out.

Roar!

Returning to the ancestor Xian Bone roared, extremely angry, and really a little aggrieved, so there was a body of power that could not be used.

It can be said that he has met the nemesis, the sacred and unparalleled soul, which is really amazing.

Returning to the ancestor Xian Bone deliberately cultivated the soul, and there are too few treasures that strengthen the soul.

It can be said that his soul is not weak. Among the strong people of the same level, there are not many souls stronger than him, plus there are soul defense treasures, but even so, it still can't stop the attack of the holy Wushuang soul, which shows that the holy How powerful is Wushuang's soul attack.

The people in other universes all looked solemn and exclaimed in their hearts.

His own combat power is unparalleled, and his soul is exceptionally powerful. This kind of person is too terrifying. In the future, Dacheng can really break the wrist with some of the ancestors of the Shengguang Great Universe.

"kill!"

The Returning Ancestor Immortal Bone roared and rushed towards the holy Wushuang.

He will take the lead in defeating Divine Wushuang with his powerful physical strength.

Shenshan Wushuang retreated violently, fought heavy defenses, and kept dozens of layers of holy light in front of him, blocking the Immortal Bone of Returning Ancestor, and at the same time he fully operated the soul attack.

Shoo!

A series of soul attacks turned into sword light, peerlessly sharp, slashing towards the ancestral bones.

Returning Ancestor Xian Bone roared, not dodge or avoid, letting the soul attack fall on him, his body was glowing, and his palm was like an eternal heavenly sword, split out with one palm, and smashed on the defensive light arranged by the sacred Wushuang.

Bang bang bang...

A heavy defense, the Holy Light was penetrated, and the body of the Returning Ancestor Xian Bone was like a magic knife, quickly rushing towards the sacred Wushuang.

However, the attack of the holy unparalleled soul has already fallen, slashed on the body of the returned ancestor fairy bone,

Let the returning ancestors roar, and the soul continues to suffer.

However, Returning Ancestor Xian Bone roared, attacking with all his strength, and suddenly penetrated the defense of Divine Wushuang, a terrifying edge swept across Divine Wushuang.

The power of returning to the ancestor Xian Bone was too strong, the holy Wushuang body retreated violently, and a terrible wound appeared on his body, with blood flowing.

"kill!"

"kill!"

Both of them yelled, not backing away, and continued to attack and kill.

Around, everyone held their breath and dared not breathe, for fear of missing the wonderful battle.

The war has entered a critical moment and has become a war of attrition. It depends on who can't hold on, and whoever can't hold on first will lose.

Next, the two attacked a few more moves in a row, and both suffered damage to each other.

Divine Wushuang was in tatters. There were multiple wounds.

But the Immortal Bone Returning to the Ancestor seemed to be even more miserable, the soul fire was swaying, and the light was much dimmer than before.

"Stop fighting, give up!"

A dog-headed skeleton in the skeletal universe transmits sound to the returning ancestor fairy bone.

Physical injuries are easy to heal, but soul injuries are much more troublesome, and it is much more difficult to repair.

Once the soul of the Returning Ancestor Immortal Bone is too severely injured, it will even affect future achievements. The people of the Skeleton Universe have to persuade the Returning Ancestral Immortal Bone to give up.

The returning ancestor fairy bone roared, extremely unwilling.

But he also knew that continuing to fight would be extremely detrimental to him.

Chapter 5103: Final showdown

In the end, Returning Ancestor Xiangü chose to admit defeat.

Physical injuries are easy to recover, but soul injuries are difficult to recover. If there is any hidden illness left, it will greatly affect future achievements.

Want to be detached, want to step into the immortal way, any creature must go through the realm of transition immortal calamity.

This realm, as the name suggests, is a calamity before becoming immortal, and it is not a single calamity, but a nine-fold calamity.

Only after many trials and hardships can one leap into a fairy and be detached.

However, this is too difficult. In this process, every catastrophe is extremely dangerous, it can be said to be a dead end. Every catastrophe can stop a large number of practitioners, and make them abandon their previous achievements.

To survive the many catastrophes, the body and soul are indispensable, and they must be strong enough to have hope.

Returning to the ancestor Xiangü surrendered, Sheng Wushuang won the victory and stood opposite Lu Ming.

An inexplicable smile appeared at the corner of Lu Ming's mouth.

He suddenly felt that his luck was really good.

Originally, he thought that the trip to the rooftops should stop here, and he couldn't step on the last stone platform, because if he faced the Immortal Bone of Returning Ancestor, he had no way to break the opponent's defense.

But I didn't expect that the winner was actually holy and unparalleled.

This is easy!

The sacred and unparalleled killer is the soul attack, which was completely restrained by Lu Ming.

boom!

Both of them mobilized the energy on the stone platform to temper themselves.

After this tempering, Lu Ming's soul and body have improved a bit, and by the way, the power of the taboo origin has also improved a lot.

Although the combat power has not improved much, the overall improvement is. After six consecutive tempering, the power of the taboo origin is still a bit stronger than before, and the combat power has also increased a lot.

In the process of refining the two, the people around them were also discussing.

"Do you think Lu Ming and Sheng Wushuang, who will win?"

"That's more to say, it must be Divine Wushuang, Divine Wushuang's strongest killer, but the soul attacks."

"Yes, although Lu Ming is very strong, if he doesn't use his soul attack, Lu Ming will probably win, but if he uses his soul attack, Lu Ming will definitely lose!"

"Under the origin, with such a powerful soul attack, it is invincible!"

Almost no one is optimistic about Lu Ming.

The main reason is that the sacred Wushuang is too abnormal, the cultivation base is not enough to have a powerful soul attack, and his own combat power is also extremely amazing, among the same level, it is simply invincible.

Unless you have a soul defense treasure against the sky, otherwise, you can't stop the attack of the holy Wushuang soul.

However, the defensive soul defense treasure is rare in the world.

In general, soul defense treasures are many times rarer than physical defense treasures.

Moreover, a powerful soul defense treasure also needs a powerful soul power to urge it, otherwise it will not be able to exert its due power at all.

For example, returning to the ancestors fairy bone, his soul defense treasure is definitely not weak, but because his own soul is not strong enough, it can't exert the power of soul defense treasure at all, and it is also infiltrated by the sacred and unparalleled attack, damaging the soul.

Hum!

In the end, the two stone platforms at the feet of Lu Ming and Sheng Wushuang flew towards the sky above the center, and then quickly merged.

"Lu Ming, surrender, you are not my opponent. For the sake of being a Yang Jian, I will not embarrass you, surrender!"

Sacred Wushuang spoke, and his words were full of strong confidence, standing at a certain height, looking down at Lu Ming.

"Sorry, since Lu Ming has practiced, there is no precedent for admitting defeat without fighting."

Lu Ming shook his head slightly.

"I have to say that your talent is rare, especially in this broken universe. It is really not easy to achieve this step. It is conceivable that you will be pushing all the way along the way, unstoppable, but ..."

"I want to tell you that it's because you were born in this broken universe, there is no genius at all, and the universe is vast and boundless, with countless geniuses, one mountain is still one mountain high..."

Yes, this meaning is obvious.

Lu Ming, you were born in a small place. You have too little knowledge and did not meet other powerful geniuses. In fact, the universe is very big, geniuses are like clouds, and there are not a few who can suppress you, such as me...

"I still want to try."

Lu Ming smiled.

"Humph!"

Sacred Wushuang snorts coldly, his eyes are cold, and he doesn't know how to raise him.

He was going to be very optimistic about Lu Ming and persuade him to give Lu Ming a good impression, and then look for opportunities to subdue Lu Ming.

That's right, he saw Lu Ming, and wanted to use it for his own use, to become a sharp blade for him, and to fight for him.

It's a pity that Lu Ming doesn't like him at all.

"Also, first teach him a lesson, let him know how strong I am, and then he will surrender to me obediently."

Holy unparalleled thinking.

During the conversation between the two, the two stone platforms completely merged together.

In an instant, the two moved.

Lu Ming directly used the Origin Technique and turned into a three-zhang giant. With his footsteps, the stone platform roared, and he rushed towards the holy Wushuang.

However, at the same time that Lu Ming used the Origin Technique, Sheng Wushuang also launched an attack.

He directly displayed a soul attack.

He had already seen Lu Ming's combat power. Without a soul attack, he was not sure, and he would even lose.

Therefore, he directly used his assassin to suppress Lu Ming in one fell swoop.

His eyebrows glowed, a pair of pupils exuded a bright brilliance, and then two sword lights rushed out, slashing Lu Ming.

However, Lu Ming ignored these two attacks and directly ignored them, and continued to rush towards the holy Wushuang.

"Unexpectedly, it does not dodge the soul attack!"

"Perhaps, he also knows that he can't avoid it at all. Didn't he see the fate of Returning Ancestor Immortal Bone before? He wants to resist the soul attack, seize the opportunity to attack Divine Wushuang, and wants to turn against the wind.

"It's ridiculous. He doesn't know how terrible the soul attack is. He wants to resist, so he won't be beaten as a fool later."

Many people are ironic.

The next moment, two sword lights smashed Lu Ming, ignoring Lu Ming's defenses, and rushed into Lu Ming's sea of knowledge, trying to chop Lu Ming's soul.

However, it cut a hole.

Lu Ming's knowledge of the sea was empty, without a soul at all.

"what happened?"

Holy Wushuang was stunned.

Under the origin, the soul generally dwells in the sea of consciousness. Only after reaching the origin realm, the soul will dwell in the origin, absorb the power of the origin, temper and strengthen the soul.

boom!

Lu Ming's attack broke out, and the God of War spear was like a mountain range, smashing at the holy unparalleled, with terrifying power.

Sheng Wushuang was shocked, his reaction was fast enough, and he mobilized a powerful force in an instant, and he couldn't put down heavy defenses in front of him.

However, when the God of War spear fell, these defenses collapsed.

Holy Wushuang coughed up blood and retreated.

Chapter 5104: Seven tempering

Sheng Wushuang coughed up blood and withdrew, the people around him were shocked.

What's the matter, Lu Ming was attacked by a holy unparalleled soul, and he was able to explode with such a powerful attack, like a okay person.

Could it be that Lu Ming's soul is also so powerful?

"Why doesn't your soul dwell in the sea of knowledge?"

Holy Wushuang roared.

The people around were shocked, and then suddenly realized.

It turned out that Lu Ming's soul did not dwell in the sea of knowledge.

It's no wonder that the Holy Wushuang's soul attack just now didn't have much impact on Lu Ming.

However, under the origin, the soul did not actually live in the sea of knowledge. This is indeed strange. Could it be that Lu Ming is gifted and able to transfer his soul to the origin seed early.

The vast universe is full of surprises, and some creatures are gifted and transferred their souls to the original seed early.

Lu Ming, maybe that's it.

Many people think this way, including Sheng Wushuang.

"cut!"

Holy Wushuang roars, his eyes are like two small suns.

Shoo...

This time, at least seven or eight sword lights burst out from the holy Wushuang's eyes, slashing towards Lu Ming.

The soul attack was extremely fast and difficult to avoid. Lu Ming was hit directly.

Soul attacks can ignore the defenses of the physical body and general source-level divine weapons, and directly penetrate the past, but again, there is no harm to the physical body, and it is mainly aimed at the soul.

This time, a few sword lights rushed towards Lu Ming's original seed, and a few sword lights rushed into Lu Ming's body and turned into tiny sword lights, which hit Lu Ming's body, including Lu Ming's internal organs.

Sheng Wushuang is very cautious this time. He knows that some people are very special, not only can inhabit the soul in the original seed, but also can hide in the internal organs and even other parts of the body.

This time, he took care of all these things. He was convinced that there was nowhere to hide Lu Ming's soul.

This time, Lu Ming's soul was indeed attacked.

However, Lu Ming's soul is scattered among the sixty trillion cells in his body, and each cell inhabits a small part.

Sacred Wushuang's attacks cannot be distributed in every cell, not to mention Sacred Wushuang, even people whose soul strength is ten times stronger than Sacred Wushuang can't do it.

Therefore, Lu Ming still had little effect in this attack.

Lu Ming's figure trembled slightly, and as if nothing had happened, he rushed past and continued to attack Sheng Wushuang.

"impossible..."

Sheng Wushuang yelled and couldn't believe it. His soul attack was also ineffective against Lu Ming.

Then, he tried his best to defend, but Lu Ming was still flying, coughing up blood.

The people around were dumbfounded.

This time, Sheng Wushuang obviously launched a stronger soul attack, attacking other places of Lu Ming, but it was still ineffective.

How is this going?

Is Lu Ming a soulless person?

Impossible, they clearly felt the breath of the soul on Lu Ming.

This book is organized and produced by the public account. Follow VX to read the book and get the cash red envelope!

Could it be that Lu Ming's soul is also inherently powerful, even stronger than Sheng Wushuang, so he is not afraid of the attacks of Sheng Wushuang's soul?

Everyone was thinking about it, and Lu Ming's offensive pours toward the sacred Wushuang like an overwhelming attack.

what!

Holy Wushuang roared, he was unwilling to fail.

He used to look down on Lu Ming and wanted to subdue Lu Ming for his own use. Now he is counter-suppressed by Lu Ming. This is really... a face-slap.

He confronted with all strength, the sword light in his eyes kept bursting, and the sacred and flawless holy light filled his whole body, covering half of the battlefield.

It has to be said that Sheng Wushuang is very strong, with physical attacks and soul attacks exploding at the same time, and there is almost no weakness.

In the same level, it is difficult for others to fight against him.

Unfortunately, he met Lu Ming.

Lu Ming was completely his nemesis, completely restrained him.

His soul attack was useless to Lu Ming. Lu Ming directly ignored the soul attack and urged his combat power to the extreme.

In the end, Sheng Wushuang knew that the soul attack was not effective on Lu Ming, so he could only abandon the soul attack and fully urge the power of the source to confront Lu Ming.

Unfortunately, without the soul attack, he was not much stronger than the other five-time-breaking existence. How could he be Lu Ming's opponent.

Without many moves, he was wounded, his injuries aggravated, and in the end he was blown out of the stone platform by Lu Ming and was completely defeated.

Lu Ming wins this battle!

The people around were stunned. They didn't expect that it would be Lu Ming who won the final victory.

"It can only be said that Lu Ming's luck is too good, and Divine Wushuang's luck is too bad. If Lu Ming meets the Returning Ancestor Immortal Bone in advance, then the final victory will belong to Divine Wushuang."

Some people sigh lightly.

They could naturally see that Sheng Wushuang was restrained by Lu Ming.

If Lu Ming meets the Returning Ancestor Immortal Bone in advance, he will definitely not be the opponent of the Returning Ancestral Immortal Bone, and will be defeated, and then Sheng Wushuang will be able to win the final victory by defeating the Returning Ancestor Xiang.

Unfortunately, sometimes luck is also part of strength.

"hateful!"

Sheng Wushuang stared at Lu Ming, his eyes a little cold, then swallowed a few divine pills, sat cross-legged, and began to heal his injuries.

Some people have already started to leave.

The battle for stepping on the roof is over, there is no need to stay.

Some people have obtained the tempering of stepping on the roof, and the foundation has been solidified a lot, and they plan to go back and consolidate it in preparation for the impact of the original source.

No one is in a hurry to start a breakthrough.

Because there is generally only one violent violent in the universe, and later, it will not become more violent with other people's breakthroughs.

In other words, even if someone else succeeded in breaking through the Great Tribulation of the Origin in the future, the Universe Sea would not be more violent, and the power of the Great Tribulation of the Origin would not become stronger.

In the past, there has never been a continuous violent incident in the universe.

Perhaps this is the glimmer of life given by the universe.

Breaking through under the catastrophe of the origin is a kind of test.

If you can succeed, you will be able to get the gift of the Universe Sea, which shows that this is just a test, and the Universe Sea will not really cut off everyone's path.

If every time someone breaks through, the universe will become more violent, and the people behind will have no chance at all.

boom!

At this time, Lu Ming drew the energy on the stone platform and began to temper himself.

The last time he stepped on the rooftop, the energy was really too strong. Lu Ming could clearly feel that his soul and body were rapidly becoming stronger, constantly being tempered, and frantically improving.

In the pure energy, both Lu Ming's body and soul shone with a mysterious luster, free of dust and dirt.

When the tempering was over, Lu Ming felt full of power as soon as he moved his body a little.

"It's too strong, I now feel that with the power of the flesh, I can fight the existence of the pinnacle of God Lord!"

Lu Ming thought.

With the physical body alone, you can fight the pinnacle of the gods, which is simply incredible.

His soul is also shining brilliantly, and it is many times stronger than before.

Chapter 5105: At your own risk

Lu Ming now feels that if he breaks through the origin, he is already very sure, because before, he would have a strong sense of crisis as long as he thought of breaking through the origin.

But now, this sense of crisis has disappeared.

At least it shows that if you break through the origin, there should be no fatal crisis.

"Leave here first, find a place to get familiar with it and consolidate it, and then start to break through."

Lu Ming thought, and then stepped on his feet and left the stone platform.

Rumble!

The moment Lu Ming left the stone platform, the stone platform made a violent roar, and cracks appeared on it, and then it exploded with a touch.

The same is true for the huge octagonal stone platform at the bottom, completely bursting and turning into ashes.

Stepped on the roof, completely destroyed.

Many people sigh, this stepping on the roof is incomplete, it is only a part of the complete stepping on the roof, and it is so badly damaged that it can only be used once. After using it once, the energy is exhausted and it is ruined.

If it is a complete stepping on the roof, this is impossible. After exhausting the energy, at most self-confidence, and slowly continue to absorb energy, waiting for the day that it opens.

Lu Ming felt Gu Jing Wubo in his heart, but felt that this was better.

Anyway, the power of the creatures in the Primordial Universe itself is weak, and if they really step on the rooftops intact, they can't keep it, and in the end they will be cheaper than people in other universes.

It would be better to destroy it.

Lu Ming walked in the air and came to Mulan and Huang Ling.

Mulan and Huang Ling had always stayed by the people of Yuqing Great Universe before, avoiding being targeted by the Eight Clans in the Forbidden Land.

Now, the people of Yuqing Universe have already left one step earlier.

And the Eight Clan in the Forbidden Area did not take any further action.

"Lu Ming, congratulations!"

Mulan and Huang Ling walked towards Lu Ming, both showing joy.

Lu Ming got the chance to step on the top of the roof, and they were all happy for Lu Ming.

"Senior Sister, Huang Ling, let's go!"

Lu Ming said.

"stop!"

When the three of them were about to leave, a cold drink sounded, and a puff of breath rushed towards the three of Lu Ming, locking the three of them.

Then, the sound of breaking through the sky sounded, and the figure flickered, and a group of people surrounded Lu Ming.

Lu Ming's face sank.

It is a person from the underworld.

At first, Lu Ming thought he was a member of the Styx Universe, because Lu Ming had defeated the peerless Tianjiao Lan Yuchen of the Styx Universe.

However, if you look closely, it is not the people of the Styx Universe, nor the people of the Skeleton Universe, but the Karma Fire Universe, which ranks eighteenth in the Underworld.

In fact, the people of the Styx universe have already left, while the people of the Skeleton universe are still there, but they did not do anything, but stood in the distance, watching with cold eyes.

Dozens of powerhouses in the karmic fire universe surrounded Lu Ming and the others.

"What do you want to do?"

Huang Ling drank softly.

"What do you want to do? Naturally, I want to send this Lu Ming on the road."

An old man in the Karma Fire Universe said coldly.

"I seem to have no grievances and no enmity with you in the Karma Universe!"

Lu Ming said.

"Haha, no enmity, no enmity? The Yin and Yang have been fighting for many years, and there is no enmity or enmity. Your talent is too high to keep you."

The origin of the Karma Fire Universe sneered.

"Yes, a genius like him should be killed as soon as possible!"

Another master of the Yin Realm opened his mouth, coming here, not from the people of the Karma Fire universe, but from other universes in the Yin Realm.

In a blink of an eye, dozens of masters came again, all of whom had good relations with the karmic fire universe.

As for the others in the underworld, they either watched coldly or turned away.

In their opinion, Lu Ming is dead.

Lu Ming was just a human race who had broken the primordial universe, without a backing behind him, he was dead.

"Should we help Lu Ming."

Some experts in Yang Jian who did not leave secretly talked about it.

"Isn't the people who haven't seen the Bone Universe staring at the side? If we do it, it may arouse them. The people of the Shengguang Universe are still there. Let's see if they want to make a move."

The others spoke, their eyes all looking at the Holy Light Universe.

There are many masters from Shengguang Great Universe who come here, and they are very strong. If they do, Lu Ming might be saved.

In any case, Lu Ming is a person of the Yangjian, and he belongs to the same camp as Shengguang Great Universe.

"My son, what do you do?"

In the Shengguang Great Universe, some people look to the holy Wushuang.

"Lu Ming is arrogant and arrogant. Even if he grows up, it may not be good for Yang Jian. There is no need to help. Let's go."

Sacred Wushuang spoke indifferently, his eyes were cold.

Let him save Lu Ming, joking, how could it be possible.

If he could, he could not wait to kill Lu Ming himself.

After that, Sheng Wushuang took the person from Shengguang Great Universe and left.

Seeing the people of Shengguang Universe leave, even if some people in other Universe want to rescue Lu Ming, they have to weigh their own strength.

How could they be the opponents of the Karma Fire Universe? What's more, there is a skeletal universe in the distance.

Some people sighed, and finally left helplessly.

Lu Ming's expression remained the same.

He finally understood that when facing the Yin world, the big universes between the Yang belong to an alliance relationship and belong to the same camp, but they are probably fighting against each other openly and secretly, and the water inside is very deep.

Otherwise, why didn't the great universe come to the rescue when the great universe collapsed?

Lu Ming didn't believe that such a battle would not be sensed by the top powerhouses of other universes.

As soon as the cosmic channels of the primordial universe were opened, these cosmos sent people one after another, how could it not be sensed?

It's better to ask for yourself. Lu Ming has a Wang Broken Sword in his hands, and he is not afraid of these people.

These people want to die, then kill!

Back then, he fought alone against the Eight Clan in the Forbidden Area. Although he exhausted the energy at the hilt of the King's Broken Sword, more than ten years have passed, and the energy at the hilt has long been restored.

"Lu Ming, it seems that no one will save you, you can go to death."

An old origin of the Karma Fire Universe spoke indifferently.

"I have no grudges with you in the past, and I have no enmity in recent days. I didn't want to offend you. If you leave now, I can assume that nothing happened. If you are aggressive and have to kill me, then you have to be prepared to pay the price."

Lu Ming said.

His original intention was that he still didn't want to offend people more, he had enough enemies, and he didn't want to erect more enemies.

If he is alone, he is not afraid.

Mainly, behind him, there are family members, wives, friends, and confidantes. He has to consider their safety.

"Hahaha, pay the price? It's ridiculous, what price can you pay for killing you?"

Some people laughed.

"These two women are not bad, don't kill them first, take them first, and have a good time tonight."

A middle-aged man's eyes rolled around Mulan and Huang Ling, filled with fiery light.

Lu Ming's expression went completely gloomy, and his murderous intent flashed.

Chapter 5106: Fairy soldier

"Dare to show murderous intent, why, want to do it, kneel down for me!"

In the karmic fire universe, an old man spoke indifferently and took the lead.

He sacrificed a purple gold pagoda, and a terrifying flame filled the purple gold pagoda, which grew sharply and suppressed it towards Lu Ming.

This old man is very strong. Knowing that Lu Ming has the power to break the extreme five times, he can make such a confident shot. Of course, his combat power is amazing.

This old man, in the early days of the origin, was extremely powerful, and the Purple Golden Pagoda was also a top source-level **** soldier.

Lu Ming suddenly felt tremendous pressure, and Mulan and Huang Ling's bodies trembled even more, their faces pale.

If relying solely on his own combat power, Lu Ming would really not be the opponent of this old man, after all, the huge gap in realm lies there.

Therefore, Lu Ming did not hesitate to use Renwang Broken Sword.

Hum!

The king's broken sword trembled, and the sound of the sword rang, resounding through the void of the universe.

Then, a sword light soared into the sky, it was too bright, and many people who stabbed in an instant closed their eyes subconsciously.

Huh!

Lu Ming held the sword, soaring into the sky, slashed out with a sword, and slashed on the Purple Golden Pagoda.

With a puff, it was like cutting on a piece of rotten wood, and the Purple Gold Pagoda was directly split in half.

After that, Jian Guang kept slashing towards the old man, too fast, and the old man was obviously stunned. He didn't expect Lu Ming to split the Purple Golden Pagoda with a single sword.

That is the top source-level magic weapon, indestructible, how can it be destroyed so easily?

By the time he reacted, it was too late.

The sword light entered the body, directly splitting him in half, destroying all of his roots and soul.

what happened?

On the side, the others were shocked.

"He killed Old Hu, and shot him together!"

A genius from the karmic fire universe roared.

This person is a genius who has broken the extreme four times, and is already considered a top genius in the karmic fire universe.

As for Tan Ye, who broke the pole five times, after being defeated, he has left, looking for a place to break through, and he is not here.

Suddenly, dozens of masters of the Origin Realm of the Karma Fire Great Cosmos took action together, and launched a terrifying killer move to drown the three of Lu Ming.

"Enter the prey!"

When Lu Ming started his hand, he had already urged the Precious Precept, and sent Mulan and Huang Ling into the Precious Precept.

"You forced me."

Lu Ming roared, his eyes cold.

He doesn't want to offend people, but others are pressing hard. That's only killing.

Keng!

The sound of the sword sounded through the void, and the light of the sword ran across the sky, breaking through the surrounding attacks and slashing towards the crowd in the Karma Fire Universe.

Blood splattered, and in an instant, three masters of the origin were killed and fell on the spot.

However, Jian Guang kept on changing the position and cut out.

Puff puff...

The King of Broken Sword urged, too strong, these people were not opponents at all, no matter what attack, source technique, or source level magic weapon, they were all split by a sword.

Soon, more than a dozen origins were beheaded by Lu Ming.

The others were finally shivered.

"That's a fairy soldier, no, at least it's a quasi fairy soldier!"

"He can actually mobilize quasi-celestial soldiers, no, let's retreat!"

The remaining people dispersed in a rush, and fled in all directions.

In addition to the people in the Karma Fire Universe, there are dozens of masters from other universes in the Underworld, who were originally surrounded by the periphery, but at this time they also dispersed in a rush.

They were really scared to death, never expected that Lu Ming had such a big killer in his hands.

Fortunately, they didn't have time to do it just now, and they were far away from Lu Ming, otherwise it was them who died.

Not only them, but also the people of the Skeleton Universe, were also shocked.

Returning to the ancestor Xian Bone, with bright eyes, staring at the broken sword in Lu Ming's hand.

"It's probably a remnant weapon of an immortal soldier. I have seen a real immortal soldier. The aura is too similar."

Returning to the ancestors fairy bone opened.

The others took a deep breath, and then looked at Lu Ming's eyes, full of heat.

The fairy soldier is actually a fairy soldier, this is definitely the ultimate weapon in the universe.

As the name suggests, immortal soldiers are the exclusive weapons of immortal figures.

However, not every immortal figure has immortal soldiers.

Because immortal soldiers cannot be built.

No matter how strong the refiner is, he can only create quasi fairy soldiers at best, not real fairy soldiers.

The true fairy soldiers must be conceived by the universe itself.

Some of the immortal soldiers known today were bred from the beginning of the universe, and some were bred from the chaos. The number is limited. Each of them destroys the power of heaven and earth, and the value is immeasurable.

However, ordinary people can't motivate immortal soldiers at all, unless they are immortal figures, can they truly motivate immortal soldiers.

Lu Ming is just a divine lord, can he actually mobilize immortal soldiers?

"This broken fairy soldier should have been left by the powerful human race in the primordial universe. After being sacrificed by the strong human race, Lu Ming can barely use it, but I don't think it will take long for him to truly control it."

An analysis of the ancestral bones.

The skeletal universe, ranked seventh in the sun, is a group of immortals, and there is no shortage of immortal soldiers.

As a peerless evildoer in the skeletal universe, he has always been focused on training, and he is regarded as a future immortal figure. He has been in contact with the fairy soldiers and knows some of the secrets of the fairy soldiers.

He didn't believe that Lu Ming could really control the fairy soldiers, it was impossible.

Don't say that Lu Ming is just a **** master, even a super master of crossing the immortal catastrophe realm, can't really control the immortal soldiers.

Only immortal figures can fully control the immortal soldiers.

"Master, do you want to **** it over?"

The master of the skeletal universe asked.

Their eyes are extremely hot.

This is an immortal soldier, even if it's just a remnant weapon of an immortal soldier, it is of infinite value.

To be honest, Sheng Wushuang also had fiery eyes, but in the end, he still shook his head.

He wasn't sure, he didn't know how long Lu Ming could use it.

As long as Lu Ming can still use the remnants of the fairy weapon, they can do nothing about Lu Ming.

At this moment, Lu Ming held the Human King Broken Sword and looked at the people in the Skeleton Universe coldly.

If these people don't know what's good or bad, he won't be merciless, so he kills.

Anyway, offending one is also offending, and offending a group is also offending.

"In this way, there are indeed a lot of treasures left in the great universe. There will not be only one broken fairy soldier, but there will even be a complete fairy soldier. Let's leave first and deal with this Lu Ming. There will be opportunities in the future."

Return to the ancestors of the immortal bones.

In the end, the people of the Skeleton Universe did not do anything and left here.

After the people in the Yin Realm left, Lu Ming put away the Renwang Broken Sword, his figure flashed into a rainbow light, and he moved away from here.

He did not go in the direction of Cangqing Divine Realm, but in another direction.

Because he was afraid that people from the eight races of the Forbidden Land would ambush him on the way back to the Cangqing Divine Realm.

Although he is in charge of Renwang Duanjian, the eight clans of the Forbidden Area are too deep. Who knows if there are any special methods to deal with him.

For example, there are also some terrifying weapons.

After he fought with the Eight Clan of the Forbidden Land that year, he heard that the Eight Clan of the Forbidden Land was going to sacrifice a big killer to deal with Lu Ming. Later, because of the invasion of the outer universe, he shelved it and had no time to be distracted.

Chapter 5107: Slaying Tribulation

Lu Ming flew quickly, planning to make a detour first, and then returning to the Cangqing Divine Realm.

But after flying some distance, he stopped immediately.

Two lines appeared on his eyeballs, which were the Demon King Monarch lines.

He saw that in the void ahead, a striped road emerged, which was a powerful formation.

These lines are hidden in the void, if he hadn't been in control of the Demon King Monarch lines, he would not have found them.

This book is organized and produced by the public account. Follow VX to read the book and get the cash red envelope!

This is a source-level formation. Someone is laying a source-level formation here. If it weren't for the demon king's pattern, Lu Ming would have rushed in.

Huh!

Lu Ming's figure flashed, intending to bypass this source-level formation.

But as soon as Lu Ming's figure moved, the surrounding void split, and a large number of figures appeared, forming an encirclement, enclosing Lu Ming in the middle.

Forbidden Area Eight Races!

Lu Ming's face sank.

Unexpectedly, this source-level formation was arranged by the Eight Clan of Forbidden Land.

It can be seen that many elders of the Eight Clan in the Forbidden Land are holding different bones, each of which is filled with runes.

This is the original skeleton, and the formation just now was created by these people with the original skeleton.

"Lu Ming, today is your death date!"

A middle-aged member of the Yuanguang Clan, looking at Lu Ming, looked very cold.

"It seems that you are all around you and you have laid out a formation. In order to deal with me, it really took great pains."

Lu Ming said.

Lu Ming didn't believe that the other party could tell the prophet. Knowing that he was going to fly in this direction, he could only explain one thing. Forbidden Land Eight Clan, most likely, had deployed formations in all directions, waiting for him to enter the urn.

"The people in the Karma Fire Universe just wanted to kill me, but the result was heavy losses, and you won't get any better."

Lu Ming's eyes were cold, and he sacrificed Renwang Broken Sword.

"Lu Ming, do you think you can do whatever you want with broken fairy soldiers? I tell you, foreign objects are foreign objects after all..."

A source of the evil race sneered, then waved.

Eight elders of the tribe walked out, offering a big flag respectively.

A total of eight flags rose in the wind and turned into a giant, inserted in the void. Suddenly, a mysterious and powerful force covered this area.

Lu Ming, in it, was naturally shrouded in it.

This is like an invisible 'domain', blocking all directions.

After Lu Ming was enveloped by this 'domain', he suddenly felt that he had lost contact with Renwang Duanjian.

Lu Ming's face changed.

He had already initially refined the Renwang Broken Sword. Although he was limited to his cultivation base and could not exert the true power of Renwang Broken Sword hidden in the blade, he was still able to condense the strength of the formation at the hilt of the sword. Manipulative.

But at this moment, he broke the sword with Ren Wang and completely lost contact.

"It's forbidden territory!"

Lu Ming's expression moved.

The so-called banned soldiers field is to isolate the connection between the practitioners and the **** soldiers.

He once encountered similar realms in the universe and starry sky, and even in the world of Xiao Qian.

However, when his cultivation base became stronger later, this kind of banned troops became invalid.

Even the most powerful forbidden domain in the universe and the starry sky is not valid for the Divine Master Realm.

Unexpectedly, here, he encountered this field again, but it was much stronger than the one he had encountered before.

"The God of War Gun!"

The next moment, Lu Ming called the God of War Spear, only to find that the God of War Spear could still be contacted and used.

"Haha, do you feel that the broken sword can't be used anymore? With your cultivation level, it is estimated that you can barely control the broken sword. Once it is interfered by the forbidden field, it can't be used!"

The extremely evil race sneered.

"In the field of forbidden soldiers, only treasures that are worthy of life can be used reluctantly. The more powerful the treasure, the harder it is to control. Lu Ming, without the broken sword, it depends on how you die."

A master of Yuanguang clan also spoke indifferently.

Insufficient cultivation, it is difficult to control a powerful weapon. Normally, it is almost impossible. Even if it can, it is barely possible. It is impossible to use it freely.

Just like Lu Ming.

Therefore, in this case, it is also very good to isolate.

Unless it is a treasure of life and death, it is more difficult to isolate.

However, how can a person of a low level have the life of an extremely powerful weapon?

This is impossible.

After several attempts, Lu Ming couldn't control Renwang Broken Sword, knowing that Renwang Broken Sword had been completely isolated.

Obviously, in order to deal with Lu Ming, the eight clans of the Forbidden Land have made sufficient preparations. Otherwise, knowing that Lu Ming is in charge of Wang Duanjian, they dare to besiege him?

"Lu Ming, I will kill you personally, kill you!" The old man of the extremely evil clan shouted and killed Lu Ming.

This old man's combat power is very amazing. He is a magic weapon, has complete source skills, and even source roots are intermediate. Obviously he has obtained the opportunity, source roots have evolved, and he is a top expert in the early days of source roots.

Holding the extremely evil blade in his hand, the old man cut out an astonishing light blade and grabbed Lu Ming's eyebrows directly.

when!

Lu Ming didn't hesitate to use the Origin Art, and wielded the God of War Spear, colliding with the opponent.

Hum!

The God of War spear vibrated violently, and Lu Ming felt a terrible force used to make his body retreat involuntarily.

Facing this kind of top master at the beginning of his origin, even Lu Ming, who had broken the pole five times, was not an opponent.

"Shoot together to avoid accidents!"

Some people from other races also yelled at Lu Ming.

Those who dared to make a move were definitely top masters, all of them existed at the level of extremely evil clan elders.

There are seven people in total.

As for the surroundings, there are more than two hundred Origin Realm existences, surrounding all sides.

Among them, some people came with a joint attack formation, and many others were holding the origin bones and laying down the origin formation.

With heavy back-hands, the water trapped in this area was almost blocked, ensuring that Lu Ming had no chance of escape.

They were sure that Lu Ming was dead.

Not to mention those top masters and combined attacking formations, the source-level formations alone were enough to kill Lu Ming.

These source-level formations, but the original source realm's existence is laid down by the original bones, and the power is extremely amazing.

Don't say that Lu Ming is just a divine lord, even if he is trapped in the middle and late stages of the source, it is dangerous.

Facing the siege of the seven masters, Lu Ming was completely passive and completely invincible.

Even if it was one, its combat power was stronger than Lu Ming, let alone seven.

Even if Lu Ming tried his best, it was still useless. He was injured very quickly, and his body was almost split in half by a knife.

Fortunately, his vitality was amazing, and he quickly repaired it.

He tried to rush out of the siege several times, but he blocked it.

"Lu Ming, you don't have any chance today, you don't have any chance, die!"

The old man of the extremely evil tribe is quite cold, killing like a knife in his eyes, and the extremely evil blade slashes madly.

"Want to kill me, you are still far away!"

Lu Ming showed a cruel expression.

Today, it is indeed quite dangerous. The other party has prepared too well. It also shows from the side that the background of these forbidden areas is too deep.

Today, there are only two ways to avoid killing and robbery.

Chapter 5108: Shock origin

Lu Ming thought about it, but in the end he only thought of two ways to avoid killing and robbery.

The first is to enter the prey.

Hong Huang Jie, I don't know if it was made by soul and fate. Anyway, it is indestructible. Lu Ming tried it. Anyway, with his current combat power, there is no way Hong Huang Jie can be.

As long as he enters the prehistoric ring, he is temporarily safe.

However, it is only temporary.

Once he enters the prehistoric ring, the prehistoric ring will definitely fall into the opponent's hands, and it will become a turtle in the urn.

Therefore, unless absolutely necessary, he will not enter the prey to avoid danger.

The second way is to break through!

That's right, break through the origin!

Originally, he wanted to find a place, make a good adjustment, and make a breakthrough. That way, he would be more confident.

But now, there is no way.

Breaking through the original source under the great calamity of the original source, no one else can interfere.

Not being able to interfere means that no matter whether you want to help or interfere, it won't work. Once you interfere, you will be attacked by the universe.

No one can withstand the attack of the universe.

boom!

Without time to hesitate, Lu Ming immediately began to break through, with a powerful breath rising to the sky, breaking through the sky.

Hum!

Void vibration, a terrifying pressure, diffused down from the eternal unknown heights, covering everyone in it.

Hundreds of masters of the eight races in the forbidden area, their expressions changed wildly.

"This kid is breaking through!"

"He wants to hit the origin!"

"Damn it, retire!"

Many people yelled. People of the Eight Clan in the Forbidden Area did not dare to delay, and quickly backed away, leaving Lu Ming far away, and distanced from Lu Ming.

As long as there is no intervention in Lu Ming's breakthrough, the origin of the catastrophe will not be directed against them.

However, they didn't really leave, they just backed away, separated from Lu Ming, still surrounded by a distance.

"Huh, let's not say whether he can break through successfully, even if he breaks through successfully, he will die."

The old man of the extremely evil clan said coldly.

In fact, they were not too surprised about Lu Ming's breakthrough, because it was also in their estimation.

This time Lu Ming got the chance to step on the roof, with a solid foundation. If he encounters a crisis, he will probably break through desperately to fight for himself.

However, even if Lu Ming succeeded in breaking through, they still had the confidence to kill Lu Ming.

A successful breakthrough is only an early stage of its origin. No matter how strong it is, where can it be strong?

They are well prepared.

"Want to retire, kill!"

Lu Ming roared, the wings on his back stirred like a flash of lightning, and he rushed to one side, the God of War spear swept across, and drew towards the masters of the Eight Clan in the Forbidden Area.

"Damn, this guy is crazy!"

"Break through the great calamity of the origin and dare to attack us, lunatic."

Many people roared and their faces changed.

Lu Ming would desperately break through, which was what they expected, but Lu Ming dared to attack them during the breakthrough, which was completely unexpected.

Breaking through under the great calamity of the origin is inherently extremely dangerous. In ancient times, many arrogances have been difficult to succeed, and they have fallen halfway.

Anyone who breaks through the Great Tribulation of the Origin is attentive and fully coping with the Great Tribulation of the Origin. Where can they dare to attack other people? Is that not fast enough?

However, Lu Ming dared to do this.

escape!

The people of the eight races in the forbidden area did not dare to fight back, so they could only escape.

Because once they fight back, they will be the ones who interfered with the breakthrough, and they will be implicated in it.

Breaking through the great calamity of the origin is like a kind of training, a kind of training given to people by the universe. Although it is dangerous, the benefits are endless.

Therefore, no other people are allowed to interfere.

what!

In the Eight Clan of the Forbidden Area, some people screamed, but after all, some people did not avoid it. After being hit by Lu Ming, his body burst open, and his soul disappeared under the force of destruction.

"Damn it!"

Someone roared, furious.

"Are you angry, hold it back for me."

Lu Ming spoke indifferently.

Rumble!

In the depths of the void, there was a fierce roar and terrifying pressure, crazily pressing down.

Even Lu Ming's body trembled.

He is breaking through, and the power of the Origin Great Tribulation is crazily strengthening, and he wants to crush his body.

Not only that, this power also acts on the soul, and Lu Ming's soul is also greatly affected.

Even if his soul is scattered among different cells, it is inevitable.

However, Lu Ming is not what he used to be. After seven times of tempering on the rooftop, his body and soul have been improved many times. He only trembled and stabilized.

"The Great Tribulation of the Origin has erupted, and he will have no time to look after him immediately, don't be afraid..."

A big man of Jiuyin Demon Spider yelled.

But the next one, he yelled in horror, because Lu Ming stared at him, turned into lightning, and rushed towards him. The God of War spear emitted a brilliant glow and pierced this person.

He couldn't wait to smoke himself a big mouth, why did he yell to provoke Lu Ming.

He tried his best to dodge, but Lu Ming was too fast, he couldn't avoid it at all, and the spear took his roots directly.

"Fight with you!" The person roared and burst out with all his strength. Eight spider legs appeared behind him, like eight spears, and they stab Lu Ming.

However, he hasn't stabbed yet, in the void, a terrifying roar broke out, a terrible swallowing power enveloped the back of the Nine Yin Demon Spider.

"Oh no..."

This master of the Nine Yin Demon Spider struggled crazily, but it was useless. His Origin Root flew out of the body directly, flying to the depths of the void, flying halfway, and with a touch, the Origin Root burst, dwelling in the Origin. The soul in the roots was also wiped out.

A master of the origin realm died instantly under the catastrophe of the origin.

Others are terrified.

Sure enough, it is absolutely impossible to interfere with other people's breakthrough under the original source, otherwise, they will instantly die tragically.

Seeing this, Lu Ming became more courageous, and continued to kill the people of the Eight Clan in the Forbidden Land.

How can you miss such an opportunity?

Lu Ming's speed was too fast, like a flash of lightning wandering. People of the Eight Clans of the Forbidden Land would be killed by Lu Ming as long as they could not avoid it.

"Ah, I'm not willing!"

"Damn, **** choppy."

Many people roared, vomiting blood in anger.

They can only be beaten passively and can't fight back at all. This is really frustrated.

"Fleeing, fleeing to a farther place, the power of the Great Tribulation of Origin is increasing, and the mess will not last long, and it will soon be unable to attack us."

The Yin Sha clan called.

"Then kill you first."

Lu Ming drank coldly, and killed the Yin Sha clan.

"Worri..."

The Yin Sha clan wanted to yell at him and tried his best to escape, but his speed was no better than Lu Ming, and he was quickly overtaken.

He roared unwillingly and was killed by Lu Ming.

Lu Ming's eyes were cold, while resisting the Great Tribulation of Origin, he chased and killed the Eight Clan in the Forbidden Area.

It didn't take long, at least there were more than 20 Origin Realms who died in Lu Ming's hands.

Chapter 5109: Step into the source

The people of the eight races in the forbidden area are going crazy.

It's been so long, how can Lu Ming actually resist?

What kind of evil is this, what kind of perversion is this?

At this time, Lu Ming's expression became more and more serious.

He found that he couldn't make a move right away, because the power of the Great Tribulation of Origin became more and more terrifying, even he felt great pressure.

"Kill one more person!"

Huh!

Lu Ming rushed into the crowd, assassinated a master of the Yuanguang clan and shot it down with the God of War. Then, he sat in the void and tried his best to fight against the Great Tribulation of Origin.

Rumble!

In the depths of the void, there was a roar, like a stormy sea.

Then, a huge vortex appeared in the depths of the void, where the void was constantly distorted, and through the void, the vast sea of universe could be seen.

In this vortex, there was a terrifying devouring force acting on Lu Ming.

This force is extremely terrifying and extremely special. It will corrode Lu Ming's body and soul, and it must also strip out Lu Ming's roots and swallow it into the universe.

Lu Ming used the power of the origin with all his strength, the cells of his whole body were glowing, and the whole person was shrouded in a dim light, fighting against the great calamity of the origin with all his strength.

Lu Ming could feel that the current Primal Tribulation was indeed very terrifying, and it was a lot stronger than when Xi Tianteng broke through.

If he breaks through before stepping on the rooftop, he may not be able to resist it.

At that time, his body and soul were far from being so strong, I am afraid that he will be wiped out under the catastrophe of the origin.

But now, he resisted.

The people of the eight races in the forbidden area were relieved.

"The choppy has finally reached its limit, don't panic, we surround it, arrange a source-level formation, and wait for him to break through, then kill him as usual."

The old man of the extremely evil race said.

The person who ran the fastest just now slipped away from under Lu Ming's hands, and stood up again at this time.

The people of the eight races in the Forbidden Area began to arrange them, and at the same time spread news in other directions, summoning masters from other directions to come and kill Lu Ming together.

Lu Ming's breakthrough was in their plan, and they were prepared in their hearts. Even if Lu Ming broke through to the initial stage of the origin, they would still be able to solve Lu Ming.

The source-level formation was arranged by a number of masters of the source realm, and the power was not comparable to the formation arranged by the existence of the peak of the gods, and it was very different.

Unless it is the kind of powerhouse who stands on the peak of the source, he is not afraid of the source-level formation. The general source, facing the source-level formation, dare not stun the front.

Lu Ming had no distractions, and was focused on making breakthroughs.

Anyway, he broke through under the great calamity of the origin, no one can interfere, he didn't need to separate his mind and pay attention to other things, and all the spirits and spirits were concentrated to fight the great calamity of the origin.

In the sky, the whirlpool had one eye, staring at Lu Ming, and at the same time, a terrifying devouring force burst out, trying to wipe out Lu Ming.

Lu Ming's body glowed and resisted with all his strength.

With the passage of time, the power of the Great Tribulation of Essence became stronger and stronger, but Lu Ming could feel that the power of Great Tribulation of Essence had not increased infinitely, which was about the same as when the conflict of the sky was broken.

Lu Ming resisted abruptly.

Moreover, the original seeds in his body began to take root, and the roots began to spread to all parts of the body.

Soon after, the original seeds also began to grow, and the original roots appeared.

At this time, Lu Ming's breath became even more violent, and it rose crazily.

Breakthrough!

He officially broke the bottleneck and stepped into the original state.

The roots spread rapidly, taking root everywhere in the body, and the root roots also grow rapidly. Inside, there is a strong source of taboo power.

Looking inside, Lu Ming discovered that his roots were cast like metal, exuding a special metallic luster, giving people an indestructible feeling.

It's definitely more than low-level.

Lu Ming thought that his roots were definitely not only low-level ones, they surpassed the low-level ones.

Intermediate source root!

At the next moment, Lu Mingfu had a spiritual heart, and he knew clearly that his source root level was an intermediate source root.

"Is it only intermediate? What a pity!"

Lu Ming sighed. He was expecting that after he broke through, his source root level could reach advanced level. After all, his taboo origin was not trivial. Unexpectedly, after breaking through, he would still be at intermediate level.

It seems that it is really difficult to increase the level of Yuan Root.

However, he still has a chance. As long as he successfully breaks through and survives the great calamity of the origin, the universe will have a gift, and his origin should be able to improve.

He now feels that his root roots should have reached the limit of intermediate root roots, and he is only one step away from reaching advanced levels.

boom!

At this moment, in the depths of the void, there was a more terrifying roar, the cosmic sea was violent, like a stormy sea, and even more terrifying swallowing power broke out in that vortex.

The real catastrophe has just begun.

After breaking through the origin, the origin will be the strongest.

At first, Xi Tianteng was hit hard after the breakthrough, and he almost fell on the spot without carrying it.

And that day, after breaking through the origin, he didn't resist the great calamity of the origin, and died.

The terrible swallowing power acted on Lu Ming, and even Lu Ming felt the pain of cutting.

The swallowing force seemed to strip his flesh and blood, not only his flesh and blood, but also his soul.

Of course, the source he had just condensed was under the most pressure.

This devouring power is mainly aimed at the root of the cause.

"Block it!"

Lu Ming roared, his body glowed. Each of his cells was like a star, filled with dazzling brilliance, and one could vaguely see that in each of his cells, there was a figure sitting side by side, resisting the power of swallowing.

In the distance, the people of the eight races in the forbidden area were shocked.

"This kid, what kind of technique is he cultivating, so evil, there is a figure in every cell."

"Is it some kind of avatar technique?"

People of the Eight Clan in the Forbidden Area guessed that this kind of exercise was simply unheard of.

Lu Ming's body glowed like a powerful defense, resisting the swallowing force, making the swallowing force acting on the root of the source smaller.

At the same time, he madly operated the taboo source power, and a layer of glow appeared around his body.

This is an alternative use of the source technique. This layer of glow is the concentrated expression of various defense secret techniques, and the defense is amazing.

Breaking through the great calamity of the origin, all kinds of foreign objects, all kinds of magic weapons, are not available, and can only rely on their own strength.

The cosmic sea was violent, the stormy waves, and the terrifying devouring power continued to erupt, trying to completely wipe out Lu Ming.

However, Lu Ming finally resisted it.

Of course, some price was paid, and the flesh appeared cracks, like porcelain, as if to be broken.

Even on the root of the source, there were several cracks.

Lu Ming was secretly frightened, the power of the Origin Great Tribulation was really terrifying, and it was much stronger than when Xi Tianteng broke through.

Chapter 5110: Advanced Root

Lu Ming felt that if he hadn't gone through the seven times of tempering on the rooftop, he might not be able to resist it.

Even if Yuangen resisted, the body and soul would not be able to hold it, and would be stripped away by the powerful swallowing force of the universe.

But now, after all, I resisted it. After the rain, the sky was clear, and the rainbow was visible after the storm.

The energy in the cosmic void rushed towards Lu Ming frantically, from his pores all over his body, into Lu Ming's body.

"Block the heaven and the earth to prevent him from absorbing the energy between the heaven and the earth."

The people of the eight races of the forbidden area began to block the world with a big drink. Suddenly, the energy of the universe was blocked, and it did not continue to converge towards Luming.

At this time, it is not the time to start, because the origin of the catastrophe has not completely passed away, and the vortex in the sky has not completely disappeared, and they are afraid that they will be robbed by doing it.

Lu Ming's eyes were cold, and with a wave of his hand, a large number of immortal stones appeared, bursting into pieces, turning into billowing energy, which was absorbed by Lu Ming.

The origin of Lu Ming's slaying was more than one hundred. The storage bags, storage rings, etc. of these people fell into Lu Ming's hands. The fairy crystals and stones on Lu Ming's body were too many.

Even if the people of the eight races of the Forbidden Land block the void, he still does not lack energy.

Massive amounts of energy are constantly pouring into Lu Ming's body, permeating every cell in Lu Ming, his whole body's cells are like countless little suns, shining brightly, and constantly becoming stronger.

Originally, both his soul and body had reached a limit, but at this moment, they were actually still strengthening.

Of course, the most enhanced is the power of the taboo origin. Most of the energy is transformed into the power of the taboo origin. Lu Ming's taboo origin power is increasing crazily.

At this time, the vortex in the sky was getting smaller and smaller. In the end, a burst of energy flew out of the vortex and penetrated into Lu Ming's body.

The gift of the universe!

As long as every creature breaks through under the great calamity of the origin, it can be gifted by the universe. This is the most precious good fortune.

People from the eight races in the forbidden area saw their eyes red, and they were envious and hated.

This energy was too pure, in other words, too high level, as soon as it rushed into Lu Ming's body, it dispersed into Lu Ming's body.

Cool!

At this moment, Lu Ming felt extremely refreshed. His whole body, including his soul, was bathed in this energy.

His body and soul are increasing at a speed visible to the naked eye.

And the power of Taboo's origin is increasing at an astonishing speed, constantly becoming stronger and stronger.

Click!

He seemed to hear Yuangen's clicking sound. From Yuangen, a crack appeared on Yuangen.

This crack was not left by the previous breakthrough, the crack left by the previous breakthrough, after his breakthrough, has completely recovered.

This crack just appeared, and after the first crack appeared, more cracks followed, and most of all, a lot of debris fell off.

Yes, it is debris, just like molting, the outer layer falls off, exposing a more metallic root.

A more mysterious, more astonishing breath came out.

"Advanced Root!"

Lu Ming's eyes were extremely bright.

He understands that his roots are finally sublimated to a higher root.

The metamorphosis of the source and roots shows that the power of the taboo's origin is also changing, becoming stronger and more pure.

Now, Lu Ming can be sure that after Xi Tianteng's breakthrough, the source root level is definitely not advanced, but intermediate.

The origin of his taboos was already extremely powerful. After breaking through, he received gifts from the universe, but they were only capable of being promoted to a high level.

Yes, Lu Ming could feel that his roots were just capable of breaking through to a high level, and there was still a long way to go from the peak.

It can be seen that if Yuan Gen wants to improve, it is as difficult as reaching the sky, and Xi Tianteng should not be able to achieve it.

The ascent of the source root is just one of the good fortunes. The body and soul have also been upgraded several times compared to before, reaching an astonishing height.

It seems that a certain limit has been reached.

Because Lu Ming felt that his body and soul seemed to have encountered a bottleneck.

At the same time, Lu Ming felt that his mind was very clear, and he felt that thinking about problems was much faster than before.

"My understanding has also increased."

Lu Ming smiled.

The gift of the Universe Sea improves all aspects, not only the physical soul but also the cultivation. The main thing is to enhance the potential and expand the road for the future.

"The cultivation base is still improving."

Lu Ming's eyes flashed.

He found that his cultivation base had been skyrocketing since just now, and at this time, he had actually reached the peak of the original origin.

However, he didn't mean to stop, he was still improving, and soon it was about to break into the middle of the roots.

This is simply incredible.

It is extremely difficult to improve the original state.

Regardless of the promotion from the initial stage to the middle stage, it is only a small level of improvement. The general origin requires a long time, and requires a huge amount of resources, and a lot of treasures containing the imprint of the origin are needed.

Such as fairy crystals, source-level magical medicine, etc.

But how long did Lu Ming actually reach the peak of the initial stage of his origin, in just a few minutes, surpassing the accumulation of other people's long years, and, before the end, he can still improve.

"it is good!"

Lu Ming was overjoyed.

The eight clans of the forbidden area are going to besiege him, this time, I will give you a surprise.

However, it is not possible to break through for the time being, and we must stabilize.

Breaking through now may scare the people of the Eight Clans in the Forbidden Area. What should I do if these people run away?

"Suppress me!"

With a thought, Lu Ming suppressed the energy remaining in his body, and was not continuing to transform it into the power of the original source. His cultivation was suppressed at the peak of the initial stage of the original source.

Of course, he can rush into the middle of his roots at any time.

Because this energy is a gift from the universe, it is too pure and hardly needs refining, and in a flash, it can be transformed into the power of the forbidden origin.

Soon, Lu Ming's breath calmed down.

"He actually reached the initial peak of the origin."

Around, the people of the Eight Clan in the Forbidden Area felt Lu Ming's breath, and their eyes widened and shocked.

This speed is too fast.

How many years have they cultivated, measured in stellar years, but their cultivation base is still in the early days of the origin, and many people have not yet reached the peak of the beginning of the origin.

But Lu Ming, how long is this, just a few minutes.

It's really maddening that people are better than people.

"Even if he reaches the beginning of his origin, he is not going to die."

The old man of the extremely evil clan sneered coldly.

"Yes, what about the initial stage of the source, kill it as usual, start the source-level formation."

A master of Jiuyin Demon Spider shouted.

Hum!

Around, the original skeleton glowed, and at least dozens of masters urged the original skeleton. In the void, runes filled the void and a terrifying array emerged.

Source-level formation.

"kill!"

Dozens of people in the formation shouted, urging the source-level formation, condensing a terrible sword light, and cutting it at Lu Ming.

Now that the whirlpool has completely dissipated, Lu Ming has completely passed the Origin Tribulation, and is ready to do it.
