

D Emperor 521

Chapter 521: Human face

Lu Ming took it and opened the wine jar. Suddenly, a strong aroma came.

"It really is good wine!"

Lu Ming laughed.

"Haha, of course it's good wine, come and drink!"

Han Man laughed, very bold, and lifted the wine jar, gurgling a few sips.

"Come!"

Mu Sen and Mu Lin also mentioned the wine jar and took a few big sips.

Lu Ming smiled, and also mentioned the wine jar, took a few big sips, only to feel the strong aroma of wine, could not help saying: "It really is good wine!"

Aside, Yao Xuan took a few sips, and a few blushes floated on her cheeks.

Then, the people ripped off the roasted monster meat, accompanied by fruit wine, and ate and drank.

Soon after, a bottle of wine bottomed out, and even Yao Xuan drank half a bottle of wine. His face was red and very cute.

He almost straightened Han Man's eyes, and there was a fiery light flashing in his eyes, and then turned his head hurriedly.

"You guys, when are you going to start?"

At this moment, Lu Ming put down the wine altar and suddenly asked.

He asked Han Han, Mu Sen and Mu Lin.

A few people were stunned, revealing a look of doubt, and said: "What to do? What does Brother Lu mean?"

"Of course you did it for me?"

Lu Ming smiled faintly.

Several of Han Man's faces changed wildly, and a trace of panic flashed in his eyes.

"Brother Lu, you are really kidding, how can we deal with you?"

Han Man smiled plainly.

Aside, Yao Xuan also showed his doubts, and his big eyes flashed to see Landing Ming.

"Up to now, still dress with me? You thought it was seamless, but you don't know that there are flaws everywhere!"

Lu Ming's voice slowly became indifferent.

"Brother Lu, have you misunderstood?"

Han Man's face is a little difficult to look at.

"Misunderstanding? Hey, you came to me as soon as I entered the scale demon plane, and invited me to join the team. This is still a coincidence."

Lu Ming said lightly.

"Brother Lu, this is really a coincidence. At that time, we just invited the girl Yao Xuan to join, and there was still no one. Just when I saw Brother Lu coming, I invited Brother Lu."

Han Man explained.

"Okay, this is a thing of the past, but you were too generous when you dig into the earth properties to taste the crystal."

"Middle-grade AoYi crystal, how precious is it, one thousand worth of the upper and lower AoYi crystal, but you are very generous, don't want to think about it, let me give it, the average person will definitely show up. , The fiery light, and you, but not, this is too abnormal, very simple, it is nothing more than you want to win my trust."

"Furthermore, the people you met with the Holy Family in the past are also the acts you played with the Holy Family. The people of the Holy Family have always been high and proud of each other. How can you retreat because of you a few words?"

"Ordinary people don't dare to fight against the Holy Family at all, but you did so, showing a fearless look, but the Holy Family people have retreated, ha ha, this is nothing more than you want to lower my defense, It's just to win my trust, but it's a pity that you have played too much."

Lu Ming explained lightly.

Han Man, Mu Sen, and Mu Lin are all unsightly.

At this moment, Yao Xuan suddenly shook his body, his face pale, and his body seemed to have no energy, suddenly softened and fell to the ground.

"What's going on? Why can't I feel exhausted all at once, and Zhenyuan can't mobilize."

Yao Xuan yelled in a panic.

At this time, Lu Ming's face also changed, pale, and his body fell back slightly, shouting: "You, poisoned in the wine."

"Poison, no, Brother Lu, don't talk nonsense."

Han Man denied.

"I haven't said it yet. I'm soft all over now and I can't mobilize it. This is obviously poisoned."

Lu Ming roared.

"I was poisoned too, why are you all right?"

Yao Xuan looked at Han Man three with some panic.

The three Han Man did not matter at all.

Han Man looked at Lu Ming carefully for a few times, and his eyes became brighter and brighter. Then, he laughed proudly: "Ha ha ha, Lu Ming, you are really poisoned. You have gotten ten fragrances, and your body is soft. , Zhenyuan can't move, now, you are the fish on the board!"

"You...you..., you really poisoned, why?"

Yao Xuan cried inconceivably.

"Why? It's not because this kid doesn't control himself, and even the Holy Family dares to offend. Isn't it death, you, but the tool we use."

Han Man glanced at Yao Xuan, his face was gloomy, and there was the same stern look before.

Mu Sen and Mu Lin had similar faces.

"You pull Yao Xuan, nothing more than to lower my alertness, but there is one more thing, I really can't figure it out."

Lu Ming said.

"Oh, what's the matter? I don't mind explaining it to you!"

Han Man smiled proudly.

He is not afraid of Lu Ming delaying the time, because the longer the Shixiang soft tendon disperses, the more powerful the effect.

"The Holy Family has to deal with me, just send a master to kill me. Why send you to come to me and secretly poison me. My cultivation is not strong enough to require the Holy Family to send people to harm."

Lu Ming said.

"Hey, Lu Ming, the Holy Family wants to kill you. It's easy to kill you, but it's not cheap to kill you like that. What the Holy Family wants is that you are in a state of disrepute, and you will be stinky for years."

"If you do something wrong with Yao Xuan and kill her afterwards, then we just arrived and took you down. In this way, how do you think the high-level of the Emperor Tianshen Palace thinks of you, and , What would Miss Muran think of you?"

Han Man sneered.

Lu Ming suddenly realized that the purpose of the Holy Family was this, and it was really bad enough to make him lose his reputation.

Yao Xuan's face was pale, his eyes flashed with horror, his body shivered, and he shouted, "I don't know anything. I beg you, let me go!"

"Leave you? How is it possible? Blame it, you blame you!"

Han Man sneered. His eyes swept over Yao Xuan, revealing a blazing light, and said: "Lu Ming, I will do this for you to help this chick**, haha."

Han Man looked kinky/smiling and walked towards Yao Xuan.

"No, don't come, you beast!"

Yao Xuan's body was trembling even worse, and tears were flowing down.

She never imagined that Han Man, who seemed to be honest and kind, was so human.

"Yao Xuan, a beauty like you, it's a pity to die. Then, before you die, let me make you feel better!"

Han Mankin is kinky/smiling.

On the side, Mu Sen and Mu Lin showed an envious expression.

"You scum, usually do not know how many people have been deceived by you. Living in the world is a waste of air!"

At this moment, Lu Ming sighed slightly.

"Lu Ming, you are dying, you are still squirming, looking for a fight!"

Mu Lin kicked directly at Landing Ming's face.

Chapter 522: Never let go

Snapped!

At the next moment, a round of applause sounded, very crisp.

With a scream, Mu Lin's body flew away from a distance, broke a large tree, and fell on the ground with a big mouthful of vomiting blood.

Han Man's steps forward stopped in the air, his face showing a horrified expression, his body stiffened.

Mu Sen was also horrified.

At this moment, Lu Ming stood up slowly, and his original pale face turned rosy, and his body was filled with real elements, and a strong breath radiated out.

Han Man's eyes widened like a ghost, and he cried out, "How is it possible? You have drunk a bottle of wine, and have already got Shixiang Ruanjin San, Shixiang Ruanjin San, even if Dacheng King eats it, You have to be soft all over, why are you all right?"

Han screamed incredibly.

"Forgot to tell you that the poison is not effective for me!"

Lu Ming said faintly, his voice was indifferent.

He has a Kowloon bloodline, and any poison can be swallowed completely.

Shixiang Ruanjinsan, although colorless and odorless, is difficult to detect, but when Lu Ming drank his first sip, the Jiulong bloodline was noticed, when Shixiang Ruanjin San was about to be swallowed.

Lu Ming pretended not to know, and deliberately finished drinking a jar of wine, just to see what Han Man and others were for.

Han Man, Mu Sen's body, shivered slightly.

Lu Ming's combat power, they had already seen the corpses of the celestial ancestors before, and they were not what they could resist.

"Go, go quickly and inform the Holy Family."

Han Man yelled, and at the same time, his body receded quickly.

On the other side, Musen also quickly retreated.

As for Mu Lin, they can't control that much.

"Want to go, how can it be so easy, die!"

call out!

A thunderbolt flashed through the ten-mile void, passing through Mu Sen's chest.

One move, kill.

Uh!

Immediately afterwards, Lu Ming took a walk in Kowloon, chasing toward Han Man.

"no no!"

Han Man's face changed wildly. With a wave of his hand, a beam of light rose into the sky and went straight into the sky.

This is a signal!

"Help, help!"

Han Man screamed and roared while running.

At this point, he was almost scared.

Usually, he relied on a simple and honest look, and did not know how many people won the trust and how many people were insulted. He watched those who began to trust him die in front of him, and he was extremely happy.

Now, when he saw Musen killed, he felt cold and frightened.

"Dead!"

Jiulong is so fast that he catches up with Han Man in an instant.

"No, don't kill me, don't kill me, help!"

Han Man shouted wildly, hysterically, and ran desperately.

But everything is in vain.

The terrible lightning gun pierced the void and exploded Han Man's chest into a big hole.

"No, no, I don't want to die, save me, save me!"

Looking at the big hole in his chest, Han Man was not yet dead, and he roared in horror.

In his eyes, the color of remorse was revealed.

Knowing this earlier, he would never promise the Holy Family to deal with Lu Ming.

Unfortunately, there is no regret medicine to take.

Lu Ming looked at him indifferently.

"Haha, Lu Ming, if you offend the Holy Family, you won't be able to live. Sooner or later, you will come down to accompany me. I will wait for you below!"

Seeing that he couldn't live, Han Man issued a crazy curse.

Then the vitality dissipated, without the slightest breath, and the body fell down.

Lu Ming Zhenyuan rolls Han Man's storage ring, and then the power of swallowing explodes, swallowing Han Man's essence and blood.

His figure flashed and appeared beside Mu Lin.

In the frightened shout of Mu Lin, a shot stabbed Mu Lin.

Rumble!

At this time, in the distance, there was a violent rumbling sound, which was due to the sonic boom produced by the warrior flying too fast.

Someone came, and the number was quite large, there were dozens of people.

All are masters, with five or six breaths, unfathomable and extremely thick.

"People from the Holy Family come very quickly, and there are actually five little kings!"

Lu Ming's eyes moved, his figure flickered, and he removed Mu Sen's blood and storage ring.

"Save me, save me!"

Yao Xuan called.

Lu Min's expression appeared next to Yao Xuan, hugged his waist, his figure soared into the sky, and flew towards the distance.

Yao Xuan was involved because of him. If you leave her behind, this is not Lu Ming's style of doing things.

"Damn, it's Lu Ming, Han Man's waste, such a thing can't be done, catch up, catch up and kill him!"

A furious roar sounded.

"chase!"

Uh! Uh! ...

The sharp sound of breaking the air continued to sound, at least two dozen people chased to the landing speed.

"Shen Kong, Shengwei, Shengfeng, and Shengjiang!"

Lu Ming's eyes flashed, and in the crowd, he saw several acquaintances.

"I will not play with you now, and I will never let go of it until I am cultivated!"

Lu Ming snorted coldly, and then took the stage of Kowloon.

Jiulong walks in three steps, and in three consecutive steps, the speed is incredible, and you can fly a hundred miles in an instant.

A moment later, the people in the Holy Family behind him have disappeared after being dumped by Lu Ming.

Lu Ming did not stay, and continued to fly forward for about 100,000 miles, only to find an extremely secret underground cave, and drilled into it.

One hundred thousand miles away from Lu Ming, the Holy Family stopped.

Headed by, it is Shengyu.

At this time, Sheng Yu's face was extremely ugly, and he roared: "Sou, we must search out the miscellaneous pieces of Lu Ming."

"Yes!"

Immediately, more than twenty holy family geniuses were divided into five teams, and each team was led by a young king, dispersed and continued to pursue.

...

Lu Ming held Yao Xuan and entered an underground cave.

"Lu...brother, let me down!"

Yao Xuan called softly.

At this time, her little blushing is about to bleed, very cute.

Just now, she had been surrounded by Lu Ming, feeling the masculine breath of Landing Ming, which made her heart beat faster and her body was hot.

"Oh?"

Lu Ming nodded and put Yao Xuan down gently.

On his face, there was an expression of reluctance.

Yao Xuan's face was even redder.

"Cough, girl Yao Xuan, Shixiang soft gluten powder, after three days, the efficacy will pass, you stay here first, wait three days, leave by yourself!"

Lu Ming said.

"You... where are you going?"

Yao Xuan asked.

"Me? Of course I was looking for the holy family."

Lu Mingsen sneered.

"Looking for the Holy Family?"

Yao Xuan exclaimed, Lu Ming actually dare to find someone from the Holy Family? Now, don't you want to avoid the Holy Family?

She couldn't figure it out.

"Girl Yao, leave!"

Lu Ming clenched his fists, then came out of this underground cave and appeared on an ancient tree.

After a moment, Lu Ming thought, and appeared in the Supreme Temple.

"I don't know how many super-spiritual crystals, it should be enough for me to attack the King of Wu!"

Lu Ming took out the storage rings of Han Man three and whispered in his mouth.

Chapter 523: Kill Xiaocheng King

Immediately, Lu Ming sank into several storage rings.

Lu Ming didn't pay attention to other things. He first cleaned up the Needling Spirit Crystals.

Han Man, Mu Sen, and Mu Lin's superb spirit crystals on the body of three people, a total of about 100,000.

In addition to Lu Ming's original 60,000 yuan, Lu Ming now has a total of 160,000 Needling Spirit Crystals.

"One hundred and sixty thousand highest-quality spirit crystals are enough for me to break through the Triple King Wu!"

Lu Ming's eyes flashed, and then he waved his hand, and 20,000 pieces of the best spirit crystals were suspended in the air.

bump! bump! bump! ...

Twenty thousand Needling Spirit Crystals all burst, and Lu Ming controlled the Jiulong Blood Vessel, swallowing all the spirits in Needling Spirit Crystals, and began to attack the Triple King Wu.

Soon, 20,000 Needling Spirit Crystals were all refined, and Lu Ming took out another 20,000.

20,000 and 20,000.

Soon, Lu Ming refined a total of 120,000 Needling Spirit Crystals.

"Break me!"

The 120,000 pieces of super-spiritual crystals, transformed into true elements, are simply vast and extremely strong.

The majestic True Element, leaping endlessly, launched an attack on Wu Wang Sanzhong.

boom!

A moment later, with a roar, Lu Ming's breath swelled sharply.

Triple King Wu, Breakthrough!

After spending 120,000 nephews, Lu Ming's Xiuwei finally broke through Wuwang's triple, and his strength greatly increased.

"carry on!"

Lu Ming simply took all the last 40,000 Needling Spirit Crystals, devoured them all, and improved their cultivation.

Soon, the last 40,000 Needling Spirit Crystals were all transformed into Lu Ming's True Elements.

Lu Ming's cultivation practice reached the peak of the early period of Wuwang Triple, but did not break through the middle period of Wuwang Triple.

By the triple king of Wu, the need for breakthrough spirit crystals increased.

"Wu Wang triple early stage, I don't know how to face Xiao Cheng Wang, how?"

Lu Ming's eyes flickered, and the next moment, he came out of the Supreme Temple, soared into the sky, and flew towards the way.

Soon, tens of thousands of miles passed by.

Suddenly, Lu Ming stopped.

In front, there are six figures flying very fast.

suddenly--

"Lu Ming, Lu Ming in front!"

"Lu Ming is ahead, accelerate, don't let him escape!"

Several roars rang out, six figures, and the wind and electricity rushed towards the landing.

These six people are the six young men of the Holy Family.

Lu Ming stood in the void, motionless.

The space trembles, and six young holy families flew over to surround Lu Ming Tuan.

A surging atmosphere emerged from the Holy Family youth, without concealment.

"A young king who became a king in the middle of the fourfold, three kings, and two kings!"

Lu Ming's eyes swept away, and the repair of the six young men of the Holy Family was in order.

"Haha, this guy doesn't run, is he scared?"

"Anyway? This credit is ours!"

A few holy family youths laughed, looking at Landing Ming with a sad look, as if Lu Ming could be squeezed by them at will.

"Wait a bit more carefully, this guy, it's not easy!"

The little king became frowned.

"You're here with strong brother, this guy, can't turn over the storm."

Another young man laughed.

Lu Ming's combat strength is strong, but there is still a gap between him and Xiaocheng Wang, and they are very relieved.

"Have you finished talking nonsense, you can die!"

At this time, Lu Ming spoke.

"what?"

The six holy family youths were stunned.

boom!

Lu Ming's repair broke out, and a huge spear burst across.

The guns swept all directions.

"not good!"

The faces of the six young men changed greatly, and the head of the Xiaocheng King, Shengqiang, erupted in a breath of terror.

Five other youths also exploded in full force.

Because Lu Ming's shot made them feel dangerous.

boom! boom! boom! ...

Six roars in a row, the five holy family youths, like artillery shells, retreated backward.

Even Sheng Qiang was trembling, and stopped nine steps back in the air.

"How is your combat power possible?"

In Sheng Qiang's eyes, there was an incredible look.

Can Lu Ming actually blow him back with one shot? how is this possible?

It's a little king.

"Little King, but so! Kill!"

Lu Ming drank coldly and stepped out.

Taking this step, Lu Ming's figure suddenly disappeared.

He did not kill Xiang Shengqiang, but killed five other people.

"Not good, retreat, you retreat!"

Sheng Qiang's face changed wildly, he roared, and flew to the landing Ming chasing.

call out! call out!

But Lu Ming's speed was too fast, and instantly appeared in front of the two young kings of the three kings of the martial arts. The two guns were sharp and sharp, and they were assassinated.

what! what!

The two shouted in horror, bursting out of strength, trying to resist.

But now that Lu Ming has reached the Triple King of Wu, how can they resist it?

The gap is too large.

puff! puff!

Two guns passed through the throat holes of the two.

The two were bleeding like blood and immediately died of anger.

The power of engulfment exploded, engulfing the blood of the two men, and at the same time, the volume of the true yuan, and the storage ring of the two were also included in the Supreme Temple by Lu Ming.

Immediately, the figure flashed and killed towards the remaining three.

The three men were frightened and dashed desperately, but Lu Ming was using Jiulong to walk the sky. The speed was so fast that they could not escape.

Three consecutive screams, and the remaining three Holy Family youths were all killed by Lu Ming.

Of course, Lu Ming will not let go of the storage ring and essence blood.

"Damn, damn, you dare to kill the hero of my holy family, Lu Ming, heaven goes to earth, no one can save you!"

Sheng Qiang watched as the five Holy Family youths were killed and shouted hysterically.

"Now it is your turn!"

Lu Ming looked at Sheng Qiang.

"Haha, do you still want to kill me? I admit that your combat strength is indeed strong, and it has surpassed me, but it is only beyond a trace. I want to go, can you leave me, Lu Ming, you just wait Take the revenge of my holy family!"

Sheng Qiang laughed coldly, and then moved away, then retreated.

"Dead! Extreme hit!"

Lu Ming's body swings like a big dragon, and the man and the gun are united into one.

This blow penetrated the void and appeared in front of Sheng Qiang instantly.

Sheng Qiang's pupil contracted sharply, and Lu Ming's shot made him feel a deadly threat.

"Block, block!"

Sheng Qiang roared in his heart, the earth's artistic conception of the first-class Xiaocheng turned to the extreme, the earth's spiritual power between heaven and earth came together frantically, forming a stone tablet, blocking it in front of him.

In an instant, Shengqiang planted ninety-nine stone tablets.

The conception of soil is best at defense.

but---

bump! bump! bump! ...

Under Lu Ming's guns, these stone tablets, like paper paste, instantaneously, there were ninety-nine explosions, and ninety-nine stone tablets were penetrated by a transparent hole.

puff!

The blood burst, Sheng Qiang's eyebrows, and a translucent hole appeared.

Chapter 524: Triple King of King Wu

"you..."

Sheng Qiang's eyes stared like a dead fish, and he was incredible.

He never imagined that his most proud defense was so fragile in the face of Lu Ming's attack.

Uh!

Upon receiving the spear, Sheng Qiang's vitality became extinct.

"Since you want to kill me, you must be conscious of being killed by me!"

Lu Ming whispered, swallowed the blood of Sheng Qiang, removed the storage ring, Lu Ming moved, and left here.

After a moment, Lu Ming appeared tens of thousands of miles away and entered the Supreme Temple.

Sitting cross-legged, began to refine blood.

During this time, Lu Ming's engulfed sperm blood was all used to ascend the Jiulong bloodline.

Because, with Lu Ming's current cultivation practice, cultivation cultivation is lower than him, or his martial arts blood is similar to him, the improvement of his cultivation practice is not very helpful, and it is better to try to upgrade the bloodline level.

The refined blood now refined is also used to upgrade the bloodline level.

The blood of Jiulong, suspended above Lu Ming's head and winding body, was filled with blood, six silver chakras, with silver shining and brilliance.

Half an hour later, the power of essence and blood has been completely refined.

It is a pity that the Jiulong bloodline has not yet been promoted and is still at the sixth level of the king level.

"Almost, it feels almost!"

Lu Ming's eyes were exposed.

He felt that the bloodline of Jiulong was almost the same, and he could be promoted.

"Look how many spirit crystals!"

Immediately, Lu Ming took out the storage rings of Shengqiang and other six holy family youths, and piled up all the top spirit crystals together.

180,000 yuan!

Among the six holy family youths' storage rings, there are a total of 180,000 superspirit crystals.

"Okay, continue to improve the cultivation base!"

Then, Lu Ming began to frantically refine the Needling Spirit Crystal to improve his cultivation.

After the Wuwang triple, the energy required for promotion is even greater.

Lu Ming fully refined 80,000 Needling Spirit Crystals before he was promoted from the early stage of Wuwang triple to the middle stage of Wuwang triple.

Another 80,000 pieces were refined, and then promoted to the late Wuwang triple.

There were only 20,000 Needling Spirit Crystals left on him.

"Holy Family, continue!"

Later, Lu Ming left the Supreme Temple and flew in the sky, intending to continue to hunt the Holy Family.

Since the holy family were hunting him, he hunted back.

Two hours later, above a mountain forest, five young holy families were killed by Lu Ming.

Among them, a small martial artist in the late period of the four kings of the martial king.

This time, Lu Ming got 150,000 pieces of top grade.

Finding a place, Lu Ming continued to refine the Needling Spirit Crystal.

Shortly after Lu Ming left, there were more than a dozen figures above this mountain forest, it was Sheng Yu and others.

At this time, in Sheng Yu's eyes, the extremely cold, full-bodied killing almost turned into substance.

"Damn, is that Lu Ming's little animal doing it? Damn it!"

There was a cold voice in Shengyu's mouth.

"No matter who does it, you are going to die. Now, call a team of people as bait to attract the other party to appear. You follow me in ambush."

Immediately, Sheng Yu ordered.

Subsequently, a dozen people dispersed and disappeared into the sky.

And at this time, Lu Mingzheng is fully refining and refining the Needling Spirit Crystal.

Soon after, another 80,000 Needling Spirit Crystals were refined, and Lu Ming's cultivation practice broke through to the triple peak of Wuwang. Afterwards, Lu Ming refined all the remaining 70,000

Needling Spirit Crystals and improved cultivation cultivation to Wuwang triple peak limit, the next step, you can hit Wuwang quadruple.

Once stepped into the four kings of Wuwang, it is the King of Xiaocheng.

However, if you want to impact the Xiaocheng King, you don't know how many Need Spirit Crystals you need.

"Holy Family, you need the super spirit crystals you need."

Lu Ming hung a sneer in the corner of his mouth, then went out of the Supreme Temple, flying in the sky, looking for the Holy Family.

After half an hour.

"Holy family!"

Lu Ming looked forward.

In front, there are five holy family youths, flying in the sky at speed.

"Lu Ming, that is Lu Ming!"

"Surround him, don't let him run away!"

Five holy family youths surrounded Lu Ming Tuan.

The one headed is still Lu Ming's acquaintance, Sheng Jiang.

"Lu Ming, now see where are you going?"

Sheng Jiang's face was gloomy.

"Run, why should I run? Why do you want to run when you have sent me Jingjing?"

Lu Ming said with a smile.

"What do you mean?"

Sheng Jiang's eyes were cold, and then the murderous opportunity flashed and shouted: "Did the two teams before you be killed by you?"

Lu Ming smiled and said nothing, it was the default.

"Damn, Lu Ming, you have eaten Jiao Longdan, and dare to kill so many heroes in my holy family. I tell you, no one can save you, even if the palace master comes forward, you will be dead!"

Sheng Jiang roared in exasperation.

"Huh, your holy family is going to kill me wholeheartedly, can't I fight back and wait for you to be killed? It's ridiculous, as long as you are all killed, who knows that I did it?"

Lu Ming snorted coldly, with a murderous flash in his eyes.

"Lu Ming, who killed you?"

At this moment, an angry voice rang in the sky.

Twelve figures appeared in the clouds above the sky.

It is Shengyu headed by him, and beside him, there is also a small king who is a master of the four peaks of Wuwang.

Behind, Shengkong, Shengwei, and Shengfeng are among them.

A group of people, distributed around, blocked all the escape routes of Lu Ming.

Lu Ming's eyes changed slightly and said, "So you guys led me out."

"Now I know, late, this time, I won't let you run away again."

Shengyu's eyes were full of murderous opportunities, and there was a terrifying breath in him.

"Wu Wang's five-fold peak state!"

Lu Ming's eyes became extremely dignified.

The three kings of Wuwang to the fourth of Wuwang were originally a small watershed, and the repairs seemed to be one difference, and the combat power was at least two different.

The five kings of Wuwang are undoubtedly more powerful, and they are no match for Lu Ming.

"You guys are joining forces to prevent him from escaping. I'll kill him...you...you're dead!"

Sheng Yugang ordered, but before he finished speaking, he shouted.

Because, Lu Ming suddenly shot.

call out! call out!

The guns smashed through the air, killing a dozen guns and stabbing a dozen young holy families.

Taking Lu Ming's current practice as the triple limit of Wu Wang, how fierce his shots are, and Xiaocheng Wu Wang has no power at all.

Even if the young people of the Holy Family are all prepared for defense, they still cannot.

Puff!

Blood spattered, screaming again and again, all of a sudden, ten holy family youths were pierced by guns, and screamed and fell to the ground.

Among them, there is the holy wind and holy prestige.

It was Saint Kong, who was standing at the end just because he was weak, so he escaped a disaster, but his face was pale and trembling all over.

Watching ten holy family geniuses stronger than him being killed, Sheng Kong almost scared and peed back.

"Ah, **** it, die, die!"

Shengyu shouted hysterically, a terrible breath erupted on his body, and a crystal and terrifying sword hurled towards the landing.

when!

Lu Ming resisted with a spear, but was struck by a blow.

"Kill, kill!"

Shengyu had the advantage with a knife, and the blade behind it, like a storm, swept away to the landing, completely submerging Lu Ming.

Lu Ming didn't even have a chance to escape.

Chapter 525: In a desperate situation

"True Dragon Strike!"

Lu Ming stabbed out, and a three-color true dragon flew out, but in a moment, he was dispelled by Shengyu's knife.

Shengyu, originally a genius of evil spirits, and the five kings of Wu, in terms of combat power, are three times higher than the triple of King Wu, and Lu Ming is completely invincible and falls in the wind.

"kill!"

"kill!"

Shengjiang and another master of the four kings of Wuwang Peak came together to the landing Mingwei.

Both of them are geniuses of the four peaks of Wuwang, and they exploded with all their strength. Their fighting power is also extremely terrifying, posing a fatal threat to Lu Ming.

The three joined forces, and Lu Ming was completely overwhelmed by the stormy attack.

"Kowloon Bloodline, swallow!"

"Second bloodline, burst!"

Lu Ming also desperately tried all the means.

Roar!

The Kowloon bloodline roared, and the power of engulfment exploded, making the faces of the three Shengyu slightly changed, because they felt that the power of the essence and blood in the body floated a little.

Naturally, their fighting power was also discounted. If not, Lu Ming couldn't resist it.

"What should I do? This is not the way to go."

Lu Ming's thoughts changed sharply.

At this time, if Lu Ming casts a pole hit, it is sure to kill one of the two martial princes, but to cast a pole hit, it takes a moment to explode most of the power, and there will be a moment of weakness.

It may only take a few breaths, but it is also fatal.

People like Shengyu will never miss any chance.

However, if he makes a terrific blow to Shengyu, Lu Ming is not sure that he can kill it. After all, the difference is too far.

"Dead, Lu Ming, die!"

In the distance, Sheng Kong growled in his mouth, showing a happy expression.

Dare to offend their holy family, even if they are geniuses, are they not going to die?

boom! boom! ..

Lu Ming fought hard to fight, continuously resisting more than ten strokes, he was shocked, his blood was tumbling, accidentally, he was hit with a knife on his back, and blood was flowing.

"Dandan, smash it!"

Lu Ming suddenly beat it up and down.

Uh!

As soon as the light shines, the speed becomes larger, and he flew out towards Shengyu and smashed it head-on.

Sheng Yu's face changed greatly, and with a wave of his hand, a large net appeared out of thin air, shimmering, covering the sky and covering the sky.

Obviously, Dan Dan did not expect that the other party would suddenly throw out a big net, and wanted to retreat, it was too late, and was directly taken in by the big net.

Once and for all, I couldn't rush out for a while.

Lu Ming's face changed, and he did not expect that the other party would come up with a large net, and Dandan was just restrained by this large net.

Dandan is not afraid of any kind of energy, but the real thing, Dandan can't pass by.

"Haha, see what you have to do, die!"

Shengyu laughed.

In fact, he was shocked in his heart.

It was incredible that Lu Ming could support so many moves under the siege of the three of them.

The most shocking is Shengjiang.

Before, when Lu Ming first arrived in Tianxuan City, he shot Lu Ming. At that time, although Lu Ming was not weak, there was still a long distance compared with him.

But now, Lu Ming's combat power has already surpassed him.

how can that be? How long is this? This is terrifying.

"Kill, you must have killed this little beast, this monster!"

Sheng Jiang shouted in his heart, and the offensive was even more fierce.

puff!

Lu Ming put a palm in his chest, blood spewing wildly.

"Want to kill me and dream!"

Lu Ming shouted, a fierce color flashed in his eyes.

Buzz!

When the spear shocked, Lu Ming's full force rushed towards the spear crazy. With a twisted body, the spine like a big dragon drives a spear, which turns into a spear and pierces towards Shengjiang.

Extreme hit!

Today, only desperately.

call out!

A blow at the extreme, through everything.

Sheng Jiang instantly felt cold all over and his hair stood upside down, as if death was approaching him.

"Back, back, back!"

Sheng Jiang roared, recklessly retreating.

He knew that if he did not retreat, he would die!

But at the next moment, he found that it would be useless to retreat, because Lu Ming's gunman was too fast, and he immediately caught up with him.

"Do not!"

Sheng Jiang shouted wildly, and his eyes would bleed.

But the next moment, pooh!

Peerless sharp guns penetrated through his eyebrows.

Shengjiang, die!

However, at this moment, Lu Ming took out a large number of true elements because of his extreme attack. In his body, he felt weak for a while. Although Lu Ming could recover some of the true elements quickly, it was too late.

"Die die!"

Shengyu madly attacked the landing.

The horrible swordsmanship seems to be able to split everything.

"Block it!"

Lu Ming's pupils glared round, mobilized few real elements, coordinated with the world's artistic conception, and placed heavy defenses in front of him. At the same time, the engulfing power of the Jiulong bloodline also diffused in front of him.

bump!

At the next moment, Lu Ming was still hit and flew, and at the same time he vomited blood, and a deep knife wound appeared on his chest. The bone could be seen deeply, almost splitting Lu Ming's heart.

The dreaded sword mania, madly drilled into the landing naming body, Lu Ming madly running the dragon dragon trick, mobilizing Zhenyuan to resist.

But as a result, Lu Ming spouted a few mouthfuls of blood continuously, his face pale.

Just that moment, he was hit hard.

"Lu Ming, I want to peel and cramp you!"

Shengyu roared.

The other young man of the four kings of Wuwang's peak had a pale complexion, and his face flashed with horror.

If, that shot was aimed at him just now, it might be him who died.

Thinking of this, he was afraid for a while.

"Haha, holy family cubs, want to kill me, not so easy, come on, next, kill you!"

Lu Ming laughed, pointed a long gun, and pointed at the other young man of the four peaks of Wu Wang.

This made his face paler, and his body stepped back two steps.

Not far away, there were also four holy family youths, who were all pale at the time, watching the landing song in horror.

Lu Mingzhi's strength exceeded all expectations.

This time, the Holy Family is too miserable.

When entering the scale demon plane, there were a total of 28 people, all geniuses and elites of the Holy Family, who spent countless resources to cultivate them, but now, only six people are dead.

It was really miserable. Even if Lu Ming could kill him, it would be a heavy loss. If they are known to the top of the Holy Family, they will all be punished.

No wonder Shengyu was furious.

"Small miscellaneous pieces, you can't kill any of them.

Shengyu shouted, and a horrible dagger burst out of his body.

At the same time, his body actually shrivelled, like his whole body with blood and energy, was all taken away.

And as his body shrivelled, the knife on his body was even more terrifying. The knife on the sword seemed to break through Tianyu.

The power is twice as great as before.

"Mystery, a strong secret!"

Lu Ming saw at a glance that Shengyu was performing a secret technique.

Obviously, this mysterious technique has powerful side effects and will extract the essence and blood of the human body, but its power is terrifying.

Chapter 526: reverse

"Retreat, retreat!"

Lu Ming stepped back crazy.

He felt a fatal crisis.

At this moment, even with his wounds, it would be impossible even to show off.

I'm afraid that Lu Mingyi exerted Kowloon's footsteps, and the terrible pressure between heaven and earth would burst his heart.

Because of the knife wound, the heart was almost exposed.

Only retreat!

"kill!"

Shengyu shouted, and the man and the knife seemed to be one, turned into a terrible knife light, pierced through the heavy void, appeared in front of Lu Ming, and fell towards the top of Landing Ming.

Lu Ming blocked his head with a spear.

when!

The town demon gun jumped at a rapid speed, and Lu Ming felt a terrifying force, which blasted on the town demon gun, causing the town demon gun to vibrate at a rapid speed. The terrifying power made Lu Ming's arms numb and could not hold the town demon gun.

call out!

Zhenyao gun was flew out.

Shengyu's sword light continued to slash towards Lu Ming's head.

"Block it!"

Lu Ming roared, his eyes were bloodshot, and his strength exploded to the extreme.

His left hand contains the engulfing power of the Jiulong blood vein, his right hand contains the power of the second blood vein, and at the same time three artistic concepts are integrated into his hands.

bump!

Lu Ming put his hands together and clamped the sword of Shengyu.

boom!

The force of terror directly fell Lu Mingchi towards the ground.

boom!

Lu Ming stepped on the ground, and the ground made a violent roar. The ground was like a wave of water, shaking violently. Within a five-mile radius, it was swept by a powerful storm and moved to flat ground.

Lu Ming's palm still holds Shengyu's sword.

"Dead!"

Shengyu shouted, the blade of the gun soared, and the sword of war carried terror, slashing towards the landing.

Zizi...

Lu Ming's palms sandwiched the sword, and actually made a sizzling sound, Mars in four colors.

Unfortunately, the sword could not be caught in the end, and the war knife was still slashing to the head of Landing Ming.

"Could I die here?"

In Lu Ming's heart, a thought passed by.

"No, no, I can't die!"

Lu Ming shouted.

At this moment, Lu Ming's eyebrows suddenly gleamed with a ray of light, and there was a trace of thunder and lightning.

"This is...Lei Zhiding!"

Lu Ming passed a thought in his heart.

Lei Zhiding, since Lu Ming got it, has been dormant in the sea of knowledge without any movement.

Now, at the moment when Lu Ming faces life and death, Lei Zhiding has finally moved.

At this moment, Lu Ming seemed to be able to communicate with Lei Zhiding, his ray of mind seemed to be connected with Lei Zhiding, he could control Lei Zhiding at any time, and sent a fatal blow.

"kill!"

Without the slightest hesitation, Lu Ming manipulated Lei Zhiding and exploded outward.

Buzz!

Knowing the sea, Lei Zhiding made a concussion, as if the sound of heaven and earth was opening, and then flew out.

At the same time, a thrilling attraction broke out on Lei Zhiding. At this moment, all the real elements and essence in Lu Ming's body were absorbed by Lei Zhiding.

In addition to Zhenyuan, Jingqi, Lu Ming even felt that his life was absorbed by Lei Zhiding.

Life spirit, that represents Shou Yuan.

In other words, Lu Ming and Shou Yuan were absorbed by Lei Zhiding.

boom!

Absorbing Lu Ming's true element, essence, and life essence, Lei Zhiding flew out of Lu Ming's eyebrows.

when!

Saint Jade's war blade was hit by Lei Zhiding and turned into ashes directly, while Saint Jade was shocked all over his body, spraying blood violently in his mouth, and was shot for thousands of kilometers.

Buzz!

Lei Zhiding flew high into the mountains, turning into a mountain so big, the thunder rolled like Tianwei.

Then, Lei Zhiding suppressed it, and the infinite lightning struck all the disciples of the Holy Family at the scene.

"Run, run, run!"

Shengyu roared and fled in desperation.

"Run away, run away!"

Shengkong and others, too, flee desperately.

At this moment, they were terrified.

They couldn't even dream about it. How could such a horrifying Lei Ding suddenly appear in Lu Ming's body. They felt that they were ants in front of this Lei Ding, no, not even ants, it was dust, Very small.

At the moment, they were so terrified that there was only one thought in their hearts, and that was to escape.

At the next moment, Lei Zhiding suppressed, the thunder rolled, and the thick thunder roamed freely.

call!

After a breath, Lei Zhiding shrank quickly, flew back to Lu Ming's eyebrows, and disappeared.

At this moment, Lu Ming felt extremely weak, and his body was empty, with no trace of real elements. His entire body was seriously lost, and his body was extremely weak.

Not even vacating, he was directly paralyzed on the ground.

"This Lei Dingding is also terrifying, not only extracting the true element and ordinary essence, but even the essence of life."

Lu Ming smiled bitterly.

The king has a thousand years of Shouyuan, but Lu Ming felt that just a moment ago, it would have been drawn for fifty years.

For fifty years of Shouyuan, this loss is too great.

"Hey, my ray of mind seems to be connected with Lei Ding."

Lu Ming moved.

He found that his ray of mind could be connected with Lei Zhiding, that is to say, now, Lu Ming can control Lei Zhiding and launch attacks whenever he wants.

But at the next moment, Lu Ming shook his head bitterly.

Manipulate Lei Zhiding's attack and make fun of it.

Not to mention, Lei Zhiding attacked once, and then he could get all his true elements and traces of his essence out of it. He was completely weak and let anyone slaughter.

In addition, the loss of fifty years of Shouyuan all at once, even if Lu Ming is the king, it will not be used many times. Shouyuan will be exhausted and die.

"This Lei Ding can't be used unless it is absolutely necessary, but it also counts as a life-saving means."

Lu Ming thought.

Uh!

At this point, the sound of breaking the sky sounded, and Dandan flew back.

It was really amazing, just now, he was under the cover of Lei Zhiding, but nothing happened.

"Dan Dan, take me to see, to see the holy family, are all dead!"

Lu Ming said.

At this time, he was so weak that he couldn't even walk.

The whole body exudes a faint light, shaking slightly, and then the speed becomes larger, and it actually becomes the size of the water tank.

Lu Ming lay on top of Dan Dan, and Dan Dan brought landing to Ming and flew to the surroundings.

Within ten miles of the circle, there was a mess, and there were traces of being thundered everywhere.

On the messy ground lies a corpse.

The remaining youths in the Holy Family seemed to have all died under the blow of Lei Ding.

In one place, Lu Ming saw Sheng Kong's body.

"Ok?"

Lu Ming suddenly saw that there was a figure at the edge of the thunder covered, crawling desperately forward.

The figure was ragged, and his hair was chopped off by Thunder, but Lu Ming still saw it at a glance, it was Shengyu.

Shengyu, when Lei Ding flew out of Lu Ming's eyebrows, he collided and flew for thousands of kilometers, and then fled madly, almost escaped from the area covered by Lei Ding.

Therefore, he received the least power, and for a while, he was still not dead.

Chapter 527: Aoyite crystal vein

"go!"

Lu Ming shot Dandan, and Dandan flew towards Shengyu.

Seeing Lu Mingfei coming, Shengyu was terrified, his mouth kept roaring, and he crawled forward.

"Shengyu, who is dead now?"

Lu Ming was lying on Dandan and flew over Shengyu, looking down at Shengyu coldly.

"Lu Ming, you killed so many people in my holy family, and you too will die."

Shengyu shouted.

"Oh, this sentence, you people in the Holy Family don't know how many times you have said it, I'm tired of it."

Lu Ming smiled faintly.

"Wait, wait, Lu Ming, I beg you, I beg you not to kill me, I can swear, swear blood, I won't say a word about today's things, I beg you to spare I once."

Seeing Lu Ming revealing the murderous opportunity, Sheng Yu was afraid and actually began to beg for mercy.

"I still believe in the dead."

Lu Ming was unmoved.

"No, don't, Lu Ming, I know there is an Arcane crystal vein in the scale demon plane. As long as you let me go, I will tell you the location of that vein."

Shengyu shouted.

"Aoyi crystal veins?"

Lu Ming felt a shock in his heart, and his eyes shone brilliantly.

Aoyi crystal vein is different from Aoyi crystal pit.

A mysterious crystal pit may only produce a few pieces below, and dozens of mysterious crystal stones.

However, the Aoyi crystal veins are completely different. Even the smallest Aoyi crystal veins can produce more than one hundred Aoyi crystals.

This is the smallest, many, there is no top.

This is a huge temptation for anyone.

"Say, where is the Aoyi crystal vein?"

Lu Ming asked in a deep voice.

"As long as you promise me, if you don't kill me, I will tell you, otherwise, even if I am dead, I will not say it."

Shengyu shouted.

"you..."

Lu Ming's eyes flashed, and he seemed to hesitate.

Sheng Yu was so worried that Lu Ming killed him.

After hesitating for a while, Lu Ming said: "Okay, I promise you, I won't kill you, let's say, where is the Aiyi crystal ore vein?"

"You swear, you swear blood, I believe it!"

Shengyu shouted.

"There's so much nonsense, since you don't believe it, go die!"

Lu Ming's killer struck.

"Wait a minute, I said, I said, in my storage ring, there is a blue jade plate that records the specific location of that spar vein."

Shengyu shouted loudly, then looked forward to the landing song, said: "I have already said, you only need to take out the jade card to see."

"Oh?"

Lu Ming nodded, then patted Dandan, said: "Smash it!"

Buzz!

Suddenly, he hit his head towards Shengyu's head.

"Ah, Lu Ming, you said not to kill me..."

Shengyu shouted, and before he had finished speaking, he was hit by dandan, and his entire head burst like a watermelon.

"I said, I don't kill you, but it doesn't mean that other things can't kill you."

Lu Ming whispered.

"Dan Dan, can you remove those storage rings."

Lu Ming patted again and again.

As soon as his body shook, there was a ray of light that rolled Shengyu's storage ring, and Shengyu's storage ring flew into Lu Ming's hands.

Lu Ming was overjoyed, and then made according to the law to get all other holy family youth storage rings into his hands.

It's a pity that their blood was completely chopped by Lei Ding and could not be swallowed.

Immediately, in a pile of stones, Lu Ming found the town demon gun.

"Dan Dan, we will leave here soon."

Lu Ming said.

Just now, there was a lot of movement here, and I might not attract other creatures.

Now, Lu Ming is so weak, he comes to a scale demon clan, or Emperor Heavenly Guardian, Corpse Guard, he is dead.

Immediately, he landed and drove towards the distance.

After flying for tens of thousands of miles and finding a rather remote place, Lu Ming entered the Supreme Temple.

In the Supreme Shrine, there are a lot of bottles and jars, all filled with higher-grade immortals, all of which are obtained from other martial artists.

Lu Ming picked up a medicine for healing wounds, and the whole bottle of medicine for a mouthful, a total of nine pills, was swallowed into the mouth and began to heal.

And Lu Ming's own flesh, as high as Liupin, is slowly recovering.

The medicine spreads all over the body, so that the body's recovery ability is greatly accelerated.

I saw that Lu Ming's muscles slowly squirmed. On the wound in front of his chest, the muscles squirmed and slowly grew new muscles, slowly covering the wound and finally blocking the heart.

Otherwise, from the outside, you can see the beating heart, terrifying.

After the healing power of the Elixir was exhausted, Lu Ming took out another bottle and swallowed it.

An hour later, Lu Ming took a long breath and was injured, and finally stabilized.

"This time, it's really dangerous!"

Lu Ming sighed.

To be honest, this time, something was beyond his expectations.

He originally wanted to wait to seize more of the top-quality spirit crystals, wait for the cultivation to be promoted to the four kings of Wuwang, and then kill Shengyu.

Unexpectedly, he was ambushed in advance by Shengyu.

Moreover, the key point is that Sheng Yu actually happened to be carrying a net-like spirit soldier, which just restrained Dandan and made Dandan useless.

Otherwise, Lu Ming can break through the encirclement.

Therefore, Lu Ming was caught in an unprecedented danger, almost cut in half by Sheng Yu.

If it were not for Lei Ding, this time, he was really dead.

Lu Ming guessed that Lei Ding temporarily regarded him as a dwelling place and did not want him to die, so it was at the critical moment that he helped Lu Ming.

"In the future, try to be more careful, not to be careless, or to underestimate others."

Lu Ming thought.

Afterwards, the War Dragon formula started to work and began to recover.

Now, Lu Ming's body is empty, there is no trace of real elements.

The cyclone in Dantian completely stopped running, motionless, Lu Ming's continuous operation of Zhanlong, the cyclone remained motionless.

But Lu Ming didn't stop and kept on fighting the dragon. One hour later, with Lu Ming's persevering efforts, the cyclone finally moved and slowly rotated.

Slowly, a ray of true element was born from the cyclone, flowing along the meridian, Lu Ming's body.

"it is good!"

There is a ray of true yuan, then it is easy to handle.

At the moment, Lu Ming took out a bunch of Needling Spirit Crystals and began to absorb the spirits in Needling Spirit Crystals to speed up recovery.

In this way, Lu Ming healed while recovering the true yuan.

In a blink of an eye, three days passed.

Three days later, Lu Ming's state returned to its peak.

The injuries on his body have also healed.

Of course, the lost fifty-year-old yuan cannot be recovered.

Lu Ming sat cross-legged, playing with a blue jade card in his hand, his eyes pensive.

This jade card, as Shengyu said, recorded the position of the Aoyi crystal veins.

Lu Ming has just looked at it. It is indeed a map that marks the location of the Aoyi crystal vein.

But Lu Ming didn't rush away immediately.

"Shengyu is really so kind, tell me the location of the Aoyi crystal veins? Even for my life, I have to guard against it. Be careful and cheat."

Lu Mingsi thought.

Chapter 528: Wu Wang Si Zhong

Lu Ming wondered whether there would be fraud.

But let him give up on this, but unwilling.

That is a vein of Arcane crystal, containing at least one hundred of Arcane crystals.

A hundred pieces of Arcane crystal are worth more than one hundred thousand Needling Spirit Crystal. Although the value is not very high, the price of Arcane Crystal is not measurable.

In the market, even if you take a hundred thousand Needling Spirit Crystal, you may not be able to buy a hundred Arcane Crystals.

There is no market.

Moreover, there is a great possibility in the Aoyite crystal veins that there will be a medium-grade Aoyite crystal.

Lu Ming definitely doesn't want to miss it.

"No matter, let's first upgrade the cultivation base and wait for my cultivation base to be raised to the fourth level of Wu Wang and enter the realm of the Xiaocheng King. Among the Xiaocheng Kings, there are not many people who can kill me."

Lu Ming's eyes shone brilliantly.

Immediately, all the seventeen holy family youths' storage rings were taken out, and the best spirit crystals in them were put together and tapped again.

Eighty-two thousand Needling Crystals.

In the seventeen holy family youths' storage rings, all the top-grade spirit crystals add up to a total of 820,000 pieces of top-grade spirit crystals.

Lu Ming was ecstatic. This was the first time he had so many high-quality spirit crystals. Shengyu alone contributed 210,000 yuan.

Lu Ming Xizi Zi put away the best Lingjing, Lu Ming temporarily did not count other things.

"Okay, now, start attacking the king of the fourfold realm!"

Lu Ming's eyes glowed, and with a wave of his hand, there were 50,000 pieces of the best spirit crystals.

bump! bump! bump! ...

Fifty thousand pieces of the best spirit crystals, all burst, the rich heaven and earth aura, all swallowed by the blood of the Kowloon.

The endless aura turned into true yuan, and Lu Ming began to attack Wuwang Sizhong.

From Wuwang triple to Wuwang quadruple, it is a watershed, a breakthrough, the strength will be greatly improved, but the difficulty of breakthrough is also very large.

Fifty thousand pieces of top quality Lingjing are not enough at all, and Lu Ming took out another fifty thousand pieces.

In this way, 50,000 followed by 50,000, Lu Ming swallowed 250,000 pieces of the best spiritual crystal.

boom! boom! ...

At this time, Lu Ming kept roaring inside, and the cyclones in his Dantian field turned wildly, and the solid and condensed true elements, like the water of the river, roared.

Two hours later, Lu Ming suddenly opened his eyes, and in his eyes, two guns burst out.

"Wu Wang Sizhong finally broke through!"

Lu Ming came out of his body, moved his heart, and appeared the Supreme Temple, appearing on a mountain.

boom!

Lu Ming Zhenyuan is running, suddenly stepping on it.

Zhen Yuan's foot stepped on the mountain. The mountain seemed to be bombarded by hundreds of millions of kilograms of heavy objects. It made a violent roar, and then burst suddenly.

The gravel splattered, the smoke filled, like the end.

A foot out, a high-kilometer mountain peak, directly shattered, terrified.

Lu Ming suspended in the air and felt the true element in his body.

"Wu Wang is fourfold, really powerful, and True Yuan is about seven times as powerful as Wuwang. However, my combat strength is not as exaggerated as it is."

Lu Ming whispered.

Generally, the king of the four kings of the Wu King is more powerful than the king of the triple of the King of Wu.

For example, before Shengjiang, the four kings of Wuwang peak, his combat power is two levels stronger than the ordinary warrior of the triple peak.

However, Lu Ming broke through Wu Wang's fourfold, and his combat strength did not rise to two levels.

Wuwang Sizhong, the reason why it is so strong, one is that Zhenyuan has a lot of solidification, and the other is the artistic conception.

Xiaocheng King, the world's artistic conception has entered the first-level Xiaocheng, and its combat power has increased greatly.

However, Lu Ming's artistic conception has already entered the first level of Xiaocheng, and now he has entered the four kings of Wuwang. The artistic conception has not been improved. Therefore, Lu Ming's combat power has not been upgraded to two levels, and he has raised a multi-level. .

Lu Ming estimates that he is now fighting with all his strength, because he should not be weaker than the warriors in the early stage of Wuwang Liuzhong.

Faced with the warrior at the peak of Wuwang's sixfold, there should be no problem in escaping.

"When my artistic conception of fire condenses artistic runes, my combat power will be greatly improved."

Lu Ming thought.

"There are still 57,000 Needling Spirit Crystals, please keep them for the time being, there are many places where you need to use Spirit Crystals after going out!"

"Now, go and see that vein of Arcanite."

As the figure moved, Lu Ming turned into a streamer and flew towards the address marked in the jade card.

It flew about a million miles, and all around it were boundless mountains, among which there were many scale demons.

However, the scale demon tribes here are all large tribes, and the number of people is more than 10,000. There are many powerful existences in them. Lu Ming is alone, so he dare not pay attention to these large scale demon tribes.

In case there is a scale demon clan in the big king, he will die.

"This is the area."

Lu Ming's eyes flashed.

According to the map sign, it should be in this area.

Lu Ming flew into the sky and hid in a cloud, converging the breath, letting himself merge with the cloud, and then Zhenyuan spewed, and the cloud slowly flew towards the front.

Lu Ming glanced down.

After a while--

"It's there!"

Suddenly, Lu Ming's eyes lit up.

Among the mountains below, there is a small mountain peak, which is very peculiar.

Other mountain peaks are covered with green grass and big trees.

And on this small mountain peak, all the plants are fiery red, like the whole mountain is wrapped in flames.

This small mountain peak is what the Holy Jade called the Oryxite vein.

Lu Ming did not rush out the first time, but continued to hide in the clouds and observe the surroundings.

After a while, it turned out.

On a nearby mountain peak, Lu Ming found a figure passing by.

Later, Lu Ming carefully sensed that, as expected, there were a large number of martial artists on the surrounding mountains, at least a hundred people.

These people have a breath of convergence, and if Lu Ming doesn't feel it carefully, he can't feel it.

"Sure enough, these people, most of them are people from the Holy Family. That Saint Jade, really didn't feel well-intentioned, and deceived me to come here. If I rushed out like this, I must be bombarded."

"However, these people of the Holy Family, ambushing on the surrounding mountains, what are they trying to do? Who are they waiting for?"

Lu Ming's eyes flashed, and various thoughts kept flashing in his mind.

Immediately, he tried his best to converge his breath, trying not to emit the slightest breath, so as not to be discovered by the Holy Family.

Lu Ming controlled the clouds, just circled in the sky in this area and waited.

One of the peaks and mountains, under an ancient tree, there were several young figures sitting cross-legged.

"What the hell? That guy, Shengyu, hasn't arrived yet. It's already an appointment."

One of the tall young people said uncomfortably.

"I got the news. That guy is chasing and killing a guy named Lu Ming, rushing to make merit in front of Young Master Xing?"

Another young man with a pale face sneered.

"That guy, Shengyu, is thinking about patting the stars of Master Xiaotian every day. Forget it. There are dozens of people on his side. It's not a big deal. He doesn't like to come."

The tall young man sneered.

Immediately, a few people whispered about other things.

Chapter 529: Dogfight

Time passed quickly, and in a day, I blinked without any movement.

When night fell the next day, there was a burst of sound in the distance.

"That's the man from the Celestial Sect!"

Lu Ming's gaze narrowed, and in the distance, a coffin flew, at least as many as fifty.

"It seems that these people of the Holy Family are the people who ambush the corpse of heaven here, interesting!"

Lu Ming's eyes flashed.

Uh! Uh! ...

More than fifty coffins went straight to the vein of the Aoyi crystal deposit.

At the next moment, they were all suspended above the Aoyi crystal vein.

Kaka...

A bush opened, and several bodyguards wearing black robes came out.

"Hey, it seems that the news is correct. There are indeed Arcane crystal veins here."

A bodyguard gave a cold laugh.

"Let's start digging!"

The other bodyguard spoke.

It was at this moment that the abrupt change occurred...

Around the Aoyi crystal stone veins, an inscription suddenly appeared, shining brightly.

In the blink of an eye, a huge light mask was formed, covering the corpses of the celestial body.

"No, it's a large inscription, withdraw!"

A corpse guard shouted and manipulated the refining corpse to rush out.

call out! call out! ...

On the mask, a lightsaber suddenly appeared, stabbing towards the guard and the corpse.

boom! boom!

The crackling sounded, and the guards and corpses were blasted back.

Uh! Uh! Uh!

At this time, the surrounding forest rushed out of the figure.

There are more than one hundred figures, surrounding the bodies of the Celestial Sect.

"Emperor Heavenly Guardian! Damn, are you from the Holy Family? We've calculated."

A bodyguard shouted.

"Now I know that it's too late. The debris of the Celestial Sect, obediently become my reward."

In the Holy Family, the tall young man laughed.

Obviously, the Holy Family is headed by several of them.

"Rush, rush out!"

A bodyguard shouted.

Kaka...

Among the more than fifty coffins, a total of more than fifty corpses appeared, and the iron chain was empty, blasting toward the mask in all directions.

"Manipulate the large formation and kill the debris of the Celestial Sect!"

In the Holy Family, the slightly pale young man gave orders.

Immediately, thirty-six people flew to the inscription formation in all directions, and the true elements spewed out, manipulating the inscription formation, and attacked.

The inscription war, the light is even more radiant, and a sword spirit is formed, and it is assassinated towards the Heavenly Corpse Sect and many corpses.

boom! boom! ...

For a time, the roar continued.

"wrong!"

At this moment, the slightly pale young man spoke.

"What's wrong?"

Asked the tall young man.

"The number of body guards is not correct. There are only twenty or so body guards in the large formation. Although there are fifty coffins, only one coffin appears in each coffin just now."

The slightly pale young man frowned, and then the flash of light in his eyes suddenly shouted, "No, the corpses of the celestial sect only went in part."

"what?"

The tall young man was taken aback.

"Hey, Holy Eagle, your mind is still so flexible!"

At this moment, a cold laughter suddenly came from the sky.

Uh! Uh! ...

In all directions, the sound of breaking the sky came, and bodyguards wearing black robes appeared.

There are at least thirty body guards in each side, and each body guard is followed by two or even three corpses, forming a siege, encircling the Holy Family in the middle.

Everyone in the Holy Family suddenly paled.

"Hey, hey!"

A corpse guard with a black mole in his heart, sneered, looked at the Holy Family, and said, "I felt a little weird before I got the news. Just in case, just let some people go first. Sure enough, this is your saint. The bureau under the house wants to kill us, hehe, it's not that easy."

"Huh, even if you know what? Some people are trapped in the large formation, and a small number of people are still dead!"

The young holy eagle with a slightly pale face said coldly.

"Really? Today, it's you who died, kill!"

The eye of the corpse guard with moles flashed in the eyes of tyranny, the killer was cold, and there was a roar.

"kill!"

"kill!"

The corpses shouted one after another, and a corpse smelt brandished an iron chain and killed them at the Holy Family.

"kill!"

The holy eagle also shouted, and his body was filled with a violent breath. His arms were shocked, like a goshawk, and he was killed towards the body guard with a mole on the eyebrow.

A strong strength is revealed, and Wu Wang's six-level cultivation in the mid-term.

"kill!"

The corpse guard with a mole on his face drank coldly. On his side, two corpses were slayed towards the holy eagle. Both corpses were the strength of Wuwang Liuzhong in the mid-term.

At the same time, young men with brows and moles were also slain towards the holy eagle, and the fighting power revealed was also terrifying. It was also the middle period of the six kings of Wuwang.

boom! boom! ...

With several roars, the holy eagle alone fought against two corpses and a corpse guard of the same level.

In terms of combat power, the genius of the Holy Family is dominant.

The advantage of Heavenly Corpse Sect is corpse refining. The number of corpse refining is large.

boom! boom! ...

The roar was constant, and the two sides were in a fierce battle together.

The corpse guards in the inscription formation also control the corpse refining and attack the inscription formation in a frenzy.

But the inscription war is very solid, and for a time, it can't be attacked at all.

"Unexpectedly, I was caught up in a war."

Lu Ming condensed his breath, motionless, watching quietly.

bump! bump! ...

At this moment, the ground of the Oriite spar was undulating, and black monsters like black panthers were drilled from the ground. These monsters waved their claws, and the ground kept bursting.

"No, these corpses, destroy the formation."

Holy Eagle shouted.

"Attack those corpses!"

The tall young man of the Holy Family shouted.

Originally, the thirty-six young saints who were controlling the Great Array did not care to control the Great Array, and attacked the demon corpses.

However, because the formation has been destroyed, the power of the inscription formation is greatly weakened.

In the large formation, those corpse-refining attacks are even more crazy, and the large formation shakes violently, as if it is about to collapse at any time.

"Damn!"

Holy Eagle growled.

"Dead!"

The corpse guards with moles in their hearts, control the corpses, and attack the holy eagle frantically.

Two bodyguards stood in front of him, daring not to attack.

The holy eagle's attack fell on the corpse, leaving only minor scars, while the corpse guard himself hid behind and let his cold hands.

what!

At this time, someone screamed, Holy Family, someone was killed.

"Attack those guards, don't fight with corpses!"

The eagle yelled.

boom!

At this moment, the inscription below the big formation, completely collapsed, the guards and corpses in the big formation rushed out frantically and joined the war.

For a time, everyone in the Holy Family fell completely down.

From time to time, some masters of the Holy Family were killed.

However, the Celestial Sect is also uncomfortable.

The corpse guards of the Celestial Sect are relatively weak, and are prone to black hands during scuffles. Therefore, the corpses of the Celestial Sect are killed from time to time.

Chapter 530: Lu Ming shot

As long as the corpse guard of the Heavenly Corpse Sect dies, the corpses he controls will become useless.

Therefore, the holy family, desperately attacked the bodyguards.

kill! kill! kill! ...

Both sides have killed their eyes.

The energy burst, the chain was empty, and the blood was filled.

People were constantly killed and fell to the ground.

But in general, the holy family are completely in the doldrums.

Soon, dozens of people were killed.

There are a total of more than 100 people in the Holy Family, and the Heavenly Corpse Sect, although there are more than 50 body guards, each body guard carries two or three corpses, and the total number is close to two hundred.

"kill!"

The holy eagle wore a pair of spirit soldier gloves, and his claws shook the sky, and his claws kept coming out, seeming to be able to tear everything.

But the two corpses were entangled with him, and behind them, the corpse guards with moles kept launching sneak attacks.

"Damn!"

The holy eagle killed his eyes, looked up at the sky, and rushed past regardless of the iron chain hitting him.

Boom!

An iron chain passed through his shoulder.

The holy eagle roared, and at this opportunity, rushed past, and finally avoided two corpses, rushing towards the brow guard.

"Dead!"

The holy eagle was as fast as electricity, and his two claws penetrated the void, grabbing towards the heart of the bodyguard.

There was a trace of horror in the eyes of the corpse guard with a brow and a mole, and the sword in his hand sprang out, trying to resist the holy eagle.

As long as he can block the holy eagle, two corpses can arrive.

However, the fighting power of the bodyguard itself is not high, and it is no match for the genius of the holy eagle.

The brow-guarded body guard did his utmost, and still did not block it. With a splash, blood spattered, and one of his arms was torn by the holy eagle.

At this moment, two corpses arrived.

"Kill, kill, kill him!"

There is a mole roar on the brow.

The two bodyguards rushed towards the holy eagle without fear of death.

The holy eagle was just pierced by an iron chain in the shoulder just now, and his strength was weakened a little, and he could only resist it.

what!

At this time, a screaming shout came.

"San Chong!"

Holy Eagle roared.

This time, among the Holy Family, there were three people who reached Wuwang Liuzhong.

Holy Eagle, the tall young man, and Sheng Chong.

However, there are three corpses guarding the six kings of Wu Wang on the side of Heavenly Corpse Sect, and there are as many as seven corpses.

At this time, Sheng Chong was besieged by the corpses of three martial kings and six heavyweights, and eventually lost, and was pierced by a chain into a sieve.

With the fall of Wuwang Liuzhong, the popularity of the Holy Family has greatly diminished.

People are constantly being killed.

Before and after, more than 50 people had died on the spot.

"Retreat, retreat!"

The eagle yelled.

If this continues, the holy family will probably be wiped out by the whole army.

"Want to go, it's not that easy!"

There are moles in the eyebrows and the corpse guard is furious.

The corpses guard constantly controlled the corpses and killed the holy family, and the remaining fifty people in the holy family gathered together desperately and rushed in one direction.

The Holy Family gathered together to retreat, and the celestial ancestors could not stop it.

After leaving a few corpses in the Holy Family, they successfully broke through and drove towards the distance.

"The debris of the Heavenly Corpse Sect, this account, I holy eagle remember."

The voice came, and the person had disappeared.

"Humph, you're running fast."

There were moles in the eyes of the mole corpse guards, and then said: "Hurry up to collect these corpses of the Holy Family and bring them back to refining corpses. Also, seize the time and excavate the mysterious crystal in this mountain peak."

The young man with a brow in his heart cried out loudly that everyone in the Holy Family would go back and they would definitely rescue the soldiers. Now we must seize the time.

The remaining bodyguards moved quickly.

The eyebrow-shaped mole corpse stands in the air, running exercises to heal wounds.

He was torn off his next arm by the holy eagle just now, and he was seriously injured.

He didn't even notice that a cloud of clouds was slowly floating above his head.

Lu Ming, hidden in the clouds.

In Lu Ming's eyes, a chilling murderous opportunity flashed.

Yes, he has to do it.

These corpse guards, just a few Wu Wang Liuzhong's are dangerous to him, as long as they kill several Wu Wang Liuzhong's corpses by thunder, other corpses are not afraid.

In particular, Lu Ming will miss such a good opportunity now.

Silently, the town demon gun appeared in his hands.

next moment--

"Strike!"

Lu Ming was transformed into a lance, and he was assassinated from the cloud towards the brow with a mole guard. The speed was terrifying.

"Ah, no!"

There was a mole on the brow, and the body guard was suddenly frightened, but it was too late.

Boom!

The head of the corpse guard with a mole on his head exploded directly and was killed by Lu Ming's move.

"Not good, enemy attack!"

The other bodyguards responded one after another, shouting in excitement, manipulating the corpse refiner, and slamming towards the landing.

However, Lu Ming took the stage in Kowloon, stepping out of the sky, stepping out, and rushed into the sky, waving with one hand, the thunder of the sky gathered.

"Let me die!"

Lu Ming sent him down with a palm, and the thunder of the sky split towards the body guard below.

Whether it is a corpse guard or a corpse refining, they are very afraid of the thunder.

Zizi...

The corpse guard below the Xiaocheng King was hit by thunder and screamed. A large amount of corpse gas was split from his body and fell to the ground, where he was killed.

The corpse guards above Xiaocheng King, although not dead, were injured to varying degrees.

"kill!"

Lu Ming, armed with a spear, was killed in the bodyguard group.

He deliberately avoided the bodyguards of the two Wuwang Liuzhong and their refining corpses, and killed the four-fold and five-fold corpses of the Wuwang specifically.

puff! puff!

Lu Ming casts a long walk in Kowloon, which is too fast. He easily avoids a corpse and kills those guards.

This makes the corpse refining of corpses useless.

"Damn, **** it!"

The bodyguards of the two Wu Wang Liuzhong jumped like thunder.

"The corpses of Heavenly Corpse Sect, die."

In Lu Ming's eyes, there were murders.

He thought of Laozhuang and forty-nine people from the east with him. He had vowed to avenge them.

call out! call out! ...

Two people were killed when the guns stabbed.

"Retreat, you retreat, let's kill him!"

A Wuwang Liuzhong corpse shouted.

The two corpse guards of the Six Kings of Wuwu, controlled five corpses, surrounded by the landing Ming, waving the iron chain, trying to block Lu Ming's retreat.

And there are three other bodyguards of the kings who retreated quickly.

As for the bodyguards below the King Xiaocheng, all died.

In the battle with the Holy Family just now, there were only a dozen bodyguards who died in battle, and there were more than thirty people.

But now, in a blink of an eye, only five people were left to be killed by Lu Ming.

Lu Ming is simply their nemesis.

The main thing is that Lu Ming's bodyguard was killed by Lu Ming in one fell swoop. No one could contain Lu Ming, so Lu Ming killed so many people like chopping melons and vegetables.

"Kill you now!"

Lu Ming stared at the bodyguards of the two Wuwang Liuzhong.

The rifle swept out, breaking apart the chains around it one by one.

"Dandan, smash it!"

At the next moment, Lu Ming took a shot.

Uh!

Dandan flew out directly, rushed through the chains and smashed at the head of a bodyguard.
