Chapter 5231: Wushuang layout

After killing Fugang and the others, the jade flew out and absorbed the soul mark of Fugang, and gained 300 more combat exploits.

With three thousand battle exploits, only a hundred or so are left.

The gods flew up and absorbed the essence and blood of Fugang and others. A layer of red light was enveloped on his body. After a while, a powerful breath burst out.

Intermediate source root!

The source root of the gods has realized evolution and turned into an intermediate source root.

In the past, the roots of the gods were only low-level roots.

In fact, most of the creatures, after breaking through the original source realm, are low-level source roots.

Even in the Divine Master Realm, the existence of reaching the three extreme extremes, after breaking through the original source, not all of them can achieve intermediate source roots, and many of them are only low-level source roots.

Only those who have broken the pole four times, or even those who have broken the pole five times, can obtain the intermediate source root after breaking through the original source.

For example, Xi Tianteng should be the intermediate source.

That's still four times to break the extreme, and the breakthrough can only be achieved under the great calamity of the origin.

Of course, Xi Tianteng's situation, even at the intermediate level, is probably the pinnacle of the intermediate level.

As for Lu Ming, he had broken the pole five times before breaking through, and only by breaking through under the great calamity of the origin can he achieve the high-level origin root.

Among the people Lu Ming knew, there were only a few people, such as Xie Nianqing and Qiu Yue. After breaking through the origin, the origin reached the intermediate level.

The others are all low-level.

Now, the root of the gods has transformed into an intermediate level.

"If you have the opportunity, you must get some treasures that can transform the root roots for others to use. In the source realm, the higher the root root level, the greater the future achievements. Although they are more dangerous when crossing the immortal calamity, they all get it. It's the inheritance of the Immortal Dao, and I should be able to live it...

Lu Ming thought.

Acquiring the Immortal Dao Inheritance does not allow their roots to increase their level, but their background and potential have increased. When crossing the Immortal Tribulation, there are various means to guard themselves and increase the chance of crossing the Immortal Tribulation.

After the ten thousand gods stabilized, they left here and continued to roam the barren battlefield.

Then their main purpose was Xue Shenzang.

Three thousand battle exploits will be completed soon. The three evildoers have already killed two of them, and only one Xue Shenzang is left.

Once Xue Xue Shenzang was killed, the mission this time was successfully completed.

Mainly Tang Feng and Feihuang have completed the task, and the Great Universe will be able to re-enter the Sun Court, and then they can develop with peace of mind.

Soon, another year passed.

This year, they did not inquire about any news of Xue Shenzang.

Isn't Xue Shenzang not in this barren battlefield at all? Or already left?

probably not.

Tang Feng told them before that the tasks set by Yang Ting were difficult, but they wouldn't be arranged blindly.

They must be sure that Xue Shenzang is in this barren battlefield before setting up the task.

If Xue Shenzang leaves within a few years, Yang Ting will also change his mission at any time.

Don't give them tasks that are completely impossible.

"How about we return to the city, post tasks, give bounty, and let others help?"

Dan Dan proposed.

"Well, that's it."

Lu Ming nodded.

They headed towards the city at the entrance of the Yang Ting. After a while, they returned to the city and came to a hall.

This hall is the place where tasks are released.

Many people will post tasks here if they are difficult to accomplish by themselves, give bounty, and let others help.

They changed their appearances and released the characters looking for Xue Shenzang under other names. As long as someone could provide information about where Xue Shenzang appeared, he could get 10,000 fairy crystals.

After the mission was released, Lu Ming found a place to stay nearby and waited for the news.

.....

The station of Shengguangda Universe.

"Someone posted a mission to find Xue Shenzang?"

Sheng Wushuang frowned when he heard the news, but immediately let go, revealing a smile.

"The one who issued this task is sure that Lu Ming and others of the Primordial Universe, their first task is to kill Xue Shenzang."

Holy unparalleled way.

He had long learned from the immortal creatures of Shengguang Great Universe that Lu Ming and the others had returned to Yang Ting.

Therefore, as soon as I saw someone inquiring about Xue Shenzang, I immediately knew that it was Lu Ming and the others.

"Brothers Shan Xiong and Shan Ying, are they still on the barren battlefield?"

Holy Wushuang asked.

"Yes, and recently within the city."

A middle-aged report of Shengguang Universe.

"Very well, go and inform their brothers and say that I can kill Lu Ming."

Holy unparalleled way.

It was just a piece of news that Shan Xiong and Shan Ying came together and saw Sheng Wushuang.

"You said you have a way to kill Lu Ming, what way?"

Shan Xiong is straight to the point.

They really wanted to kill Lu Ming and the others. Unfortunately, Lu Ming and the others were too fast, and they came and went on the barren battlefield. The barren battlefield was so big, they had not locked Lu Ming and the others in these years.

I planned to not do it for the time being, and I will look for opportunities later.

Unexpectedly, Sheng Wushuang sent people to tell them that there was a way to kill Lu Ming, and they rushed over immediately.

"Someone posted a mission to find Xue Shenzang..."

Sheng Wushuang took a sip of tea and said slowly.

"You mean... the person who posted the task is Lu Ming."

Shan Xiong's eyes lit up immediately.

Tianjiao of their level, there are no fools, they are all of the most talented people, when the holy Wushuang said, Shan Xiong immediately thought of Lu Ming.

He also sent people to the immortal creatures of Yuqing Universe to inquire about the mission of the Great Universe to reenter the Sun Court.

"Not bad!"

Sheng Wushuang nodded and said, "Lu Ming and the others are looking for Xue Shenzang, then we can have people give them false news, and then set up a killing game there. When Lu Ming arrives, he will immediately start the lore."

Holy Wushuangdao, a ray of murderous intent flashed in his eyes.

Although he is extremely talented, his heart is not so broad.

The defeat in Lu Ming's hands has always made him worry about it.

What's more, in the last battle of the Cangqing Divine Realm, all the Nine Tribulations quasi immortals who went to the Shengguang Great Universe died.

How could he make Lu Ming and others feel better?

"Spread false news, do you think Lu Ming and the others will believe it?"

Shan Xiongdao.

"What if they don't believe it? Even if they don't believe it, they have to go. Do they have a choice?"

Holy Wushuang sneered.

"Hahaha, not bad!"

Shan Xiong laughed too.

Lu Ming and others had no choice.

Even if they doubt whether the news is true or false, they can't miss it.

Because if you can't kill Xue Shenzang, the Primordial Universe can't complete the mission, and if you can't complete the mission, you won't be able to re-enter the sun court.

Especially a big universe like the Primordial Universe, which was extremely strong in the past, is now weak, and has offended a large number of big universes in the Yin world. If it can't re-enter the Yang Ting and get the shelter of the Yang Ting, it will be destroyed sooner or later.

Therefore, even if Lu Ming and the others doubted, they still had to take a look.

Chapter 5232: Gathering halfway up the mountain

"However, none of us can come forward. If Shengguang Great Universe and Yuqing Great Universe come forward, then Lu Ming and the others will definitely know that we set the game. Then they will definitely not be fooled. They must use someone else to give them. Send news..."

Next, the two brothers Sheng Wushuang and Shan Xiong Shanying discussed and decided on a strategy.

.....

Lu Ming and the others did not wait long. Three days later, they received news that someone had Xue Shenzang's whereabouts.

In the hall where the mission was released, Lu Ming and the others met a young man.

The young man wore a purple robe and carried a saber on his back, with a cold and arrogant face.

"Are you looking for Xue Shenzang?"

The purple-clothed youth looked at Lu Ming and others.

Lu Ming and the others naturally changed their appearance.

As long as you haven't seen their real bodies before, remember their origin of life, and change their appearance, you won't be able to recognize them.

"Yes, do you have the whereabouts of Xue Shenzang?"

Lu Ming asked.

"Of course there is, otherwise I won't be looking for you."

Ziyi Youth Road.

"Where is God Xue hiding?"

Dan Dan couldn't wait to ask.

"Ten thousand immortal crystals, give it to me, and I will naturally tell you the whereabouts of Xue Shenzang."

Ziyi Youth Road.

"Who knows whether the news you said is true or not? What evidence do you have to prove that what you are saying is true?"

Dan Dan said.

"No!"

"No, then why should we believe you? Do you think we are stupid?"

Dan Dan was a little upset.

"If you don't believe me, then I can't help but say goodbye."

The purple-clothed youth clasped his fists and turned to leave.

"and many more."

Wanshen and Paobao spoke one after another, stopping the purple-clothed youth.

After finally getting the news of Xue Shenzang, I really don't want to miss it easily.

"Xiongtai, I don't know how to call it, from which universe?"

Lu Ming clasped his fists and smiled.

"Purple Star Universe, on Luo Jiang!"

The purple-clothed youth said: "Although I am not on the original source list, I still have some bad names in the original source realm. How can I use fake news to deceive you these ten thousand fairy crystals?"

Luo Jiangshan did not lower his voice, the voice spread out, and many people heard it.

"It turns out he is Luo Jiangshang."

"It is indeed him. I have seen him. This person wanted to hit the source list. Although he failed, his talent is absolutely high. The Purple Star Universe is not a powerful universe. It is really rare to be able to give birth to such a character. "

"Envy, knowing the news of Xue Shenzang, 10,000 immortal crystals are in hand."

Many people around are discussing.

Lu Ming and the others couldn't help but believe a little.

Zixing is not a low-famous person, who can hit the original list, even if he fails, he is also a top enchanting evildoer.

Such people generally don't do things like fake news to deceive Xianjing.

Because once the news came out, the reputation was completely stinking.

For 10,000 fairy crystals, it's not worth it.

Luo Jiangshang sneered in his heart.

Yes, the information he provided was naturally false, and Yuqing Universe asked him to pass it on.

Once it spreads out, his reputation will indeed stink.

However, compared to the big tree that can indulge in the Yuqing Universe, its reputation counts.

He is very conceited and more confident about his talents.

He secretly hated that he was only born in a small universe like the Purple Star Universe, with too few resources to get much help.

With his talent, if he was born in a powerful universe, he would have already rushed into the source list.

He would be stronger if he fell in favor of the Holy Light Universe and obtained more resources.

Besides, he knew that Lu Ming and the others would not survive this time.

As long as Lu Ming and the others are dead, who knows that his news is false?

Why doesn't he do something that kills two birds with one stone?

"Ten thousand fairy crystals!"

Lu Ming waved his hand, and a storage bag flew over Luo River.

"Xue Shen hides in a retreat in Banshan Cliff."

Luo Jiangshang told Lu Ming them by means of sound transmission, and then turned and left.

"Lu Ming, can you trust this guy's news?"

Dan Dan looked at Lu Ming.

"It stands to reason that in his capacity, he should not lie to us for 10,000 immortal crystals. However, we have to guard against it. In case it is a game against us, we should be more careful..."

Lu Ming said.

.....

Half a mountain cliff is very famous in the barren battlefield. More than a hundred years ago, people excavated the opportunity to guard against the sky and shook the entire barren battlefield.

At that time, countless masters from the Yang and Yin world gathered here, and several tragic battles broke out, and the entire Banshan Cliff was stained red with blood.

After decades of searching, the treasures and opportunities of Mid-Levels Cliff have been scoured long ago, and the land has been dug three feet away. By now, the place is empty.

But now, a lot of figures have appeared here.

Mainly from the masters of Shengguang Universe and Yuqing Universe.

"Sacred Wushuang is in a critical period of breakthrough, so it didn't come?"

Shan Xiong's eyes are condensed to the master of Yuqing Universe.

"Yes, the holy Prince Wushuang was originally here to personally send Lu Ming a ride, but he is at a critical moment of breakthrough, this time he will kill Lu Ming, and he will all be under the command of Mr. Shan."

An old man with an immortal wind and bones in Yuqing Universe smiled.

"Sacred Wushuang is about to break through again? I remember that he has reached the late stage of the origin. Is this going to break through the peak of the origin? This speed is really amazing. It is worthy of the breakthrough under the catastrophe of the origin..."

Shan Ying spoke, jealousy flashing in her eyes.

Sacred Wushuang was originally an existence that broke the extreme five times, coupled with the breakthrough under the origin of the catastrophe, it was much stronger than him.

Future achievements will far surpass him, not necessarily worse than his elder brother Shan Xiong.

Thinking of this, he thought of the cosmic heart fragments of the prehistoric universe.

If there are fragments of the heart of the universe in the prehistoric universe, his future achievements may not be bad, but unfortunately, he flew away.

Thinking of this, his heart was bleeding, and his hatred for Lu Ming and others grew deeper.

"Okay, it shouldn't be too late. Let's set up a formation on the cliff of the mountain, this cliff is the place where Lu Ming is buried."

Shan Xiong commanded.

"Young Master Shan Xiong, then Lu Ming and others, who have been able to travel through the barren battlefield for so many years without problems, I am afraid that there is any ability to sense the formation. If the formation is sensed by them, what should they do?"

The old man led by Yuqing Universe.

"I've thought of this a long time ago. There are arrays around Banshan Cliff, and our two sides are hidden in the other two directions. Even if Lu Ming and the others discover the formation, it will be too late and surrounded by us. When the time comes, they can be surrounded by a combined attack and force them into the formation."

Shan Xiongdao.

"good idea!"

The old man of Yuqing Universe nodded.

Immediately, everyone began to arrange.

After Lu Ming and others learned the news, they immediately set off and headed for the Banshan Cliff.

In a barren battlefield, naturally you can't fly at full strength, you have to guard against the ambush of the masters of the underworld, so the speed will naturally not rise.

It took them seven days to get to the vicinity of Banshan Cliff.

Chapter 5233: Siege together

The half-mountain cliff is like a mountain peak cut in half, and the formed cliff is extremely steep. From a distance, it looks like a mirror.

Lu Ming and others slowed down and slowly approached Banshan Cliff.

According to the news from the Luojiang River, Xue Shenzang was retreating in the mid-level cliffs.

However, Lu Ming and the others would not believe it all.

From afar, Lu Ming lifted up the Demon King Monarch Pattern to watch Banshan Cliff.

In his eyes, on the cliff of the half-mountain, there are runes circulating and intertwined to form a huge formation.

The energy of horror is contained in it, once activated, it will be earth-shattering.

A top-level source-level formation, and there are many masters who control the formation.

"Sure enough, there is a problem."

There was a murderous flash in Lu Ming's eyes.

As soon as he saw this terrible formation, Lu Ming knew that he had been deceived, that Luo Jiang was lying and spreading false news.

Someone is playing here and want to kill them.

"Mad, that scumbag, actually lied to us."

Dan Dan also sensed the formation on the cliff of Mid-Levels, and suddenly cursed.

"Luo Jiang must have thought that we were dead, so he dared to spread the news. As long as we died, no one would know that what he was spreading was false news, ha ha!"

Lu Ming sneered a few times, with murderous intent in his eyes very cold.

On Luo Jiang, I am afraid I will be disappointed.

With his current combat power, as long as he doesn't step into the formation and self-protection is enough, who can kill him?

"Go, I want to see who made the game to kill us."

Lu Ming said, continuing to step forward and heading halfway up the mountain.

When they came to the edge of the big formation, Lu Ming and the others stopped.

boom!

Lu Ming suddenly made a move, and the power of the taboo origin condensed into a spear light and smashed down the cliff.

The spear light is like the Optimus Prime, extremely huge, covering the sky and the sun, covering the entire half-mountain cliff.

Under the pressure of the gun, the sky and the earth broke apart.

"Start the formation!"

The master hidden halfway up the mountain, knowing that he was exposed, suddenly someone shouted.

Suddenly, the half-mountain cliffs shined brightly, and a formation emerged, blocking the spear light.

Halfway up the mountain, a large number of figures emerged, at least more than 500 people, all of whom were masters above the mid-primary stage.

"Who am I? It turned out to be Shengguang Great Universe and Yuqing Great Universe..."

Lu Ming said coldly.

This is almost the same as his guess.

In Yangjian, there will be a game that wants to kill them. Yuqing Universe and Shengguang Universe have the greatest chance.

Now, these two universes are obviously joining forces.

"It's naive to think that one formation can kill us."

Pantheon.

"They tried their best, it is impossible to have only one big formation..."

Lu Ming said, looking around, his voice came out from a distance: "Anyone else, get out."

"Lu Ming, this place is your burial place."

As soon as Lu Ming's voice fell, a voice came out.

Behind Lu Ming and the others, a large number of figures appeared in two directions.

On one side, there are the masters of Shengguang Great Universe, and on the other, the masters of Yuqing Universe. On each side, there are more than two hundred masters, most of whom are at the pinnacle of origin.

There are more than a thousand masters used by the two universes.

On the Yuqing Universe side, standing at the forefront are naturally the two brothers Shan Xiong and Shan Ying.

The masters of the two universes and the large formation on the cliff of the half-mountain cliff formed a character shape, and slowly surrounded Lu Ming and the others, cutting off Lu Ming and their retreat.

"Sure enough, it's you guys, very good..."

Lu Ming smiled.

"Very good?" Shan Ying asked back.

"This place is naturally good as your burial place."

Lu Ming answered very seriously.

"Hahaha..."

Shan Ying laughed, as if he had heard something extremely funny.

They gathered more than a thousand masters of the origin realm, among which more than 400 were at the peak of the origin.

In addition, there are three masters on the original list.

Among them is his elder brother, one of the top 100 masters in the original source list. Can Lu Ming even say such a thing?

"Lu Ming, the last time I was in the Primordial Universe, I was suppressed by the Primordial Universe, and I failed to exert all my combat power. This time, I will kill you myself."

Shan Ying's eyes were indifferent, and a powerful aura filled her body. She wanted to step out and forced her towards Lu Ming.

He lost to Lu Ming the last time in the battle between the heart and soul in the primordial universe, but he was unwilling to lose, thinking that he was suppressed by the primordial universe, otherwise, he would not lose.

During this period of time, his source technique has improved again, and he has to personally suppress Lu Ming and prove himself, so that he can pass through his ideas.

However, Shan Xiong stopped Shan Ying.

"Second brother, don't go there."

Shan Xiong said, he stared at Lu Ming, his expression a little dignified.

He was sensitive, and vaguely felt a hint of danger from Lu Ming.

Shan Ying looked at Shan Xiong suspiciously.

"He may have broken through to the peak of his origin, let others try him first."

Shan Xiong transmits sound to Shan Ying.

"Peak of Origin."

Shan Ying's eyes narrowed.

At the beginning, Lu Ming was only the late stage of the source, if he really broke through to the peak of the source, then he could not deal with it.

"Liao Xing, doesn't Sheng Wushuang really want to kill Lu Ming? Why don't you give this opportunity to you, and the person who lifted Lu Ming's head back, I guess there will be a great reward."

Shan Xiong said to the old man of Shengguang Universe.

"Let's send someone to shoot together, he can't escape anyway."

The old man of Shengguangda Universe said.

He is not a fool.

Just now, Shan Ying was clearly about to take action, but was stopped by Shan Xiong, and he saw the change in Shan Ying's expression.

Shan Xiong must have discovered something. He wanted to use them as pawns to test Lu Ming. How could he be fooled.

"Okay, let's send someone to shoot together."

Shan Xiong knew that the people of Shengguang Universe would not be easily fooled, and he didn't say more, waved his hand.

Suddenly, a total of 36 masters stepped out, forcing Lu Ming and the others.

Thirty-six masters, all of them at the pinnacle of origin, laid two 18-person joint attack formations.

The combined attack formation was transformed into two cyan war swords, and the sword energy was reversed.

From the Shengguang Great Universe, 36 people were also dispatched, and two 18 people joined together to attack the formation, turning into two giant eagles filled with holy light, and attacked Lu Ming.

Just when the two universes made their move, the three gods, Dandan, and Bubble turned into three rays of light and entered the Supreme Immortal City.

Next, there must be a big battle. With their strength, staying outside will drag Lu Ming on the contrary.

Lu Ming volleyed his palm, grabbed a long spear in his hand, and then used the source technique to stabbing four shots in a row.

Boom boom boom boom!

There were four consecutive roars, and the four combined attack formations made a huge shock, all of them retreated.

"The pinnacle of the origin really broke through."

Shan Ying's face changed.

As soon as Lu Ming took action, the aura of the peak of the origin was fully revealed.

Lu Ming, at the pinnacle of origin, is absolutely far superior to him in combat power.

"Shoot them all, and kill him together."

Shan Xiong gave the order.

Chapter 5234: That's it? That's it?

Shan Xiong gave an order to use all his strength to kill Lu Ming in one fell swoop.

The formations are arranged one after another.

The most numerous combined attack formation actually reached 27 people.

The power of this combined attack is already very strong.

"kill!"

Lu Ming roared, full of power, holding the gun in both hands, and slammed it out.

boom!

The sky-shaking spear light broke out, smashing an 18-person combined attack formation.

Lu Ming, with full combat power, was really amazing. This combined attack formation was directly exploded.

The eighteen masters of the pinnacle of origin all exploded and fell directly.

Lu Ming's offensive continued, and the spear turned, and then blasted towards another combined attack formation.

This combined attack formation was also exploded by a single shot, and all 18 people inside were destroyed.

In a flash, the combined attack formation of two 18 people was shattered.

what?

Shan Xiong, Shan Ying and others were shocked.

Being able to explode two 18-man combined attack formations like this, Lu Ming's combat power exceeded their expectations.

"Kill, kill!"

Lu Ming roared and attacked the remaining two combined attack formations with all his strength.

Without the slightest suspense, the remaining two combined attack formations were also exploded one after another, and all the people who deployed the formation fell.

too fast.

The other masters of Yuqing Universe and Shengguang Universe had just moved. Before reaching Lu Ming's position, Lu Ming exploded the four-seat combined attack formation.

Others are too late to rescue.

"Lu Ming..."

Shan Xiong shouted angrily and committed suicide. The speed was a bit faster than those of the combined strikes.

Shan Xiong's cyan battle armor covered his entire body, holding a broad giant sword, with an aura like a rainbow, he slammed towards Lu Ming.

The huge sword was cut out, the void was split into two, half of the sky was full of blue sword light.

"Good job."

Lu Ming greeted him with a gun.

Shan Xiong, 96th in the original source list, claims to be in the top 30 in the hands of the young generation of original sources. He wants to know how many ways he can defeat Shan Xiong.

when!

The attacks of the two collided, and the energy swept all directions, and Shan Xiong's body was shaken, like a broken sandbag, he retreated violently, vomiting blood in the process of retreating.

What?

Lu Ming was taken aback for a moment.

The top 100 in the origin list, the top 30 in the origin of the younger generation, that's it?

He originally thought that the other party could at least fight him with more than ten moves, but he was beaten up in one move, and he vomited blood.

At the scene, the hearts of other people were even more shocked.

Shan Ying, in particular, is unbelievable.

In his mind, the elder brother, who has always been regarded as an idol, was defeated by one move.

How can it be?

There was a deep fear in his heart.

"Second brother, go, go quickly, get out of here quickly."

At this time, Shan Xiong's shocked voice rang in Shan Ying's ears, using sound transmission.

Shan Xiong himself did not stay at all, turning into a blue light, rushing towards the distance.

With just one move, Shan Xiong knew that they had miscalculated, completely miscalculated.

Lu Ming's combat power was really terrifying.

He can be sure that Lu Ming's combat power is far above him, and he may already be able to compete with the top 20 perverts in the original source list.

If they don't leave, they will all die.

Shan Ying trembled in her heart, turned and left.

"It's decisive, but it's too late to leave now."

In Lu Ming's body, a figure emerged from the past.

The past body turned into a ray of light, killing Shan Ying.

Then, the future body also appeared, killing the old man in the Shengguang Great Universe.

At the same time, the ball also flew out, transforming into the form of a king of war sword, splitting the sky full of sword energy, and enveloping the masters of the two universes.

As for the present body, a pair of wings appeared behind them, under one flap, like a lightning bolt, chasing Shan Xiong.

Today, he wants to completely wipe out more than a thousand masters in the two universes.

With Lu Ming's current cultivation base, he used the Origin Spell to condense the shape of wings. The speed was too fast. Even though the speed of Shan Xiong was not slow, he was quickly overtaken by Lu Ming.

"Lu Ming, do you have to kill everything? I come here. Many people know that if I fall, I must know that it has something to do with you. I, Yuqing, the universe, will not give up. If you retreat, you and I will be cleaned up. "

Shan Xiong transmitted to Lu Ming.

He was really a little scared, so he could only lift out the Yuqing Great Universe behind him to shock Lu Ming.

"ridiculous!"

Lu Ming sneered, without any intention of stopping.

The spear skyrocketed and pressed down towards Shan Xiong.

Shan Xiong and the others planned in advance to kill Lu Ming, but now they find that they are invincible, but they want Lu Ming to let him go. How can there be such a reason in the world?

This is not ridiculous.

Yes, if you kill Shan Xiong and others, Yuqing Universe will certainly not give up, but what about it?

Can the two be cleaned up without killing?

Moreover, Lu Ming knew some of Yang Ting's laws, the immortal creatures of Yuqing Universe, and he dared not attack him on the bright side.

The immortal creatures, to deal with his non-immortal juniors, is a violation of the law, even the immortal creatures can't bear the consequences.

At most some secret methods were used, and Lu Ming followed.

boom!

When the spear was pressed down, Shan Xiong snorted, his body like a meteorite, and he smashed down toward the ground, smashing the ground into a big crater.

The armor on Shan Xiong's body was pitted and ragged.

He vomited a few mouthfuls of blood and rose into the sky like crazy.

"Lu Ming, you have to pay a price if you want to kill me."

Shan Xiong knew that Lu Ming would never let him go. At this time, his face was grim, and his body was covered with a layer of cyan flames, his original power was burning wildly, and he started desperately.

"kill!"

Lu Ming spoke indifferently, his spear was like a dragon, and he pierced Shan Xiong.

boom! boom! boom!

In the sky, there was a constant roar.

Shan Xiong's combat power is very strong, can be ranked in the top 100 of the source list, there is no weak, except that the source is advanced, all other aspects have reached the top.

The power of Yuan Shu was even stronger than Lu Ming.

Although Lu Ming's Origin Technique was powerful, his cultivation time was too short after all, and his comprehension of Origin Technique was far from reaching its peak.

Although Shan Xiong is also a younger generation, in fact, his age is much older than Lu Ming.

When it comes to the original state, the scope of the younger generation is very broad.

Cultivation for tens of thousands of years is also the younger generation, hundreds of thousands of years, millions of years, that is also the younger generation.

At this moment, Shan Xiong tried desperately to burn the power of his origin, and he was able to confront Lu Ming.

But it was just a barely clash.

After a dozen moves, Shan Xiong was still lost and was defeated by a terrifying spear.

puff!

The spear pierced Shan Xiong's dantian, smashing his roots.

what! ...

Shan Xiong roared, his eyes rounded, like a mad beast, about to swallow Lu Ming.

bump!

The spear shook, and a destructive force broke out, tearing Shan Xiong's body apart, and his soul was also wiped out under the destructive force.

This peerless evildoer, who was ranked 96 in the original source list, the young generation of the original realm who could rank in the top 30, was just assassinated.

Chapter 5235: Annihilation, Breaking the Formation

Shan Xiong is known as the No. 1 master of Yuqing Universe's Origin Realm, and he is also the No. 1 arrogant of the Origin Realm, so his death in Lu Ming's hands is a huge loss for Yuqing Universe.

Because with Shan Xiong's talent, it is very possible to become a fairy king in the future.

The fall of such a character, Yuqing Great Universe indirectly equals the loss of an immortal king, and he will definitely not stop.

But so what?

Keeping a single male is more harmful.

If this person becomes an immortal king in the future, he will be enemies with Lu Ming everywhere, and it will be even more dangerous, so it is better to get rid of it as soon as possible.

what...

On the other side, Shan Ying blasted Shan Ying with a punch in the past and completely solved this person.

There is also the old man of the Shengguang Great Universe, who is also a figure on the origin list, who is targeted by the future body, and at this time is also solved by the future body.

The remaining people in the two universes were so frightened that they wanted to escape, but they were blocked by the ball turning into a sky full of sword energy.

At this moment, Lu Ming went back to the three at the same time.

Now the body releases the gods, Dandan and Bubbles.

Without Shan Xiong, the masters on the original list, Wanshen and others would not be killed in seconds, and it was just right to honed and tempered at this time.

Lu Ming killed him three times, and the battle was completely turned into a one-sided slaughter.

Ordinary origin is too far away from them, even if it is the peak of origin, it can be easily destroyed.

Even the formation of a combined attack was useless, and the spear swept through and was blown out abruptly.

In a blink of an eye, more than two hundred people were killed.

Not far away, in the mid-levels of the cliff, the masters of the formation were pale.

"What to do? Do we want to go out for rescue?"

Someone speaks.

"Go to the rescue? With our strength, going out will not save them, but will get us in."

Someone shook their heads, their faces pale.

There are actually three Lu Mings, and the combat power of each one is extremely terrifying.

Especially Lu Ming, who was holding a spear, was even more shocking.

Such combat power has already surpassed the limit of the Origin Realm, and the ordinary Origin Realm can't be matched at all. Even if there are thirty-six players in a combined attack formation, I am afraid it is not an opponent.

This kind of person must be quasi-immortal, and cannot be a quasi-immortal.

"Then we flee?"

"No, they will catch up when you escape. We can only be safest if we hide in the formation. No matter how powerful they are, they don't dare to step into our formation."

In the end, these people did not act rashly, but continued to hide in the formation.

The ball turned into a sky full of sword energy, blocking all directions, and Lu Ming and the others started sniping and killing, and the remaining masters of the Origin Realm were quickly hunted down.

Huhu...

Wan Shen took a deep breath, his whole body glowed, wisps of essence and blood were absorbed by Wan Shen and melted into the source.

"It's somewhat similar to my earlier Jiulong bloodline."

Lu Ming smiled slightly.

When he first started to practice, because a drop of Nine Dragons blood awakened the Nine Dragons bloodline, he could swallow the essence and blood of living beings and improve his cultivation.

Pantheon cannot raise the cultivation base, but it can raise the source root level.

After that, Lu Ming and the others looked at the formation.

"I'll try, how strong this formation is."

Lu Ming spoke now, stepped forward with a gun, and burst out suddenly.

The spear light was so huge that it was so huge that it was pressed down.

"Running formation!"

Someone yelled, and dense runes appeared on the cliffs of the mountains, intertwined into a huge formation, blocking Lu Ming's spear light.

"broken!"

Lu Ming drank low, his spear vibrated, and the endless spear light flew out and pierced the cliff in the middle of the mountain.

"Lu Ming, let me help you."

The ball flew out, turned into a sky full of sword lights, and fell down.

But in the end, the formation was not broken and was blocked.

This kind of source-level formation is based on various precious materials and is extremely complicated. It cannot be deployed in a short time. It must take a certain amount of time.

After the deployment, with hundreds of Origin Realms as the eyes, the power is indeed powerful, far beyond the ability of the combined attack.

Lu Ming is now teaming up with the ball, which is actually not good.

"There are too many people in the formation. Although I can't break this formation, I can interfere with their operation with the formation. Lu Ming, you are waiting for your mobile hands."

Dan Dan flew over and said.

"I can also use the power of time and space to interfere with the operation of the runes, which can make their formations not run smoothly."

Bubbles also flew over.

Only the gods were a little embarrassed.

The path he walked was a pure power route, but pure power was no match for Lu Ming, and it was difficult to help him now.

"Okay, then we will join forces and break their formation. If we want to kill us, we must be prepared to be killed."

Lu Ming's eyes were as cold as a knife.

Immediately, Dan Dan turned into a phantom, rotating around the cliff of this mountain, and runs one after another, submerged into the ground and the void.

In the formation, the faces of the people in the two universes are even more ugly.

"What are they going to do? Do you want to break the line?"

She was timid and panicked.

"Impossible. We have more than six hundred people to maintain the formation. They absolutely can't break it. Don't mess around and maintain the formation with all your strength."

Someone yelled to stabilize the military.

It took two hours for Dandan to set up the formation this time.

"begin!"

Dan Dan shouted loudly.

"The power of time and space."

Bubble fully exerts the power of time and space.

Two ancient characters of origin, time and space, flew out, exuding dazzling brilliance.

In fact, with Paobao's current cultivation base, the original ancient characters are not very useful anymore.

The ancient characters of the original source contain only the power of the original source.

However, there is still some increase.

The power of time and space enveloped the half-mountain cliffs inside.

The power of time and space interferes with time and space.

Although this involves the time and space of other large universes, it is impossible to be completely controlled by Bubbles, but it is still somewhat disturbed, causing the rune to run less smoothly.

In this way, the power of the formation is somewhat affected.

Dandan took the opportunity to urge the formation, and the sky full of runes penetrated into the opponent's large formation and interfered with the operation of the formation.

"I cut!"

The ball was shot with full force, cutting out a shocking sword light.

And Lu Ming's three bodies appeared in the sky above Banshan Cliff at the same time.

They were performing the technique of the Trinity, and the power of the three bodies merged together, rushing into the spear together, turning into a terrifying spear light, and stabbing it against the cliff of the mountain.

The three bodies work together, the trinity is one, the power has undergone a qualitative change, and the power is amazing.

boom!

The formation was violently shaken, and it was sunken and almost torn apart.

Ahhhh...

After several consecutive screams, at least dozens of people with weaker cultivation bases were stunned to death by the force of the counter-shock.

"Make another move!"

Lu Ming shouted, and everyone shot again.

This time even the gods joined the battle group, blasting out hundreds of punches.

Rumble!

The entire half-mountain cliff was shaking, the formation was torn into a huge crack, and the endless force of destruction was rushing in.

All of a sudden, at least fifty people were killed.

The big array is disintegrating.

Chapter 5236: Xue Shenzang appeared

Under the siege of Lu Ming and others, the joint attack formation jointly deployed by Shengguang Universe and Yuqing Universe quickly disintegrated, and finally fell apart.

"Escape, escape, escape."

The people in the two universes were so frightened that they scattered and fled.

However, they can't escape at all.

The power of time and space enveloped them and greatly reduced their speed.

The sky is filled with runes, turning into huge formations, covering the sky and the sun.

There is also the ball, which turns countless sword auras and cuts all directions.

The way back was completely blocked.

After that, Lu Ming's three bodies began to take action, and launched a merciless killing.

These people, to Lu Ming's three bodies, are like ants. They are too small. If they go down, several people will be killed.

No one can stop Lu Ming's three moves.

Even if there is a strong person close to the source list, it is useless, and it is also killed by a single move.

"Ah, forgive me!"

"Lu Ming, if you dare to kill so many people in our two universes, you won't be able to die, the strong of my clan will not let you go."

The scene was full of wailing, begging for mercy, cursing, cursing...

After a while, it fell silent.

The two universes, thousands of origins, were all killed here.

"Unfortunately, there is no battle exploits."

Muttered every day.

Only by killing the creatures in the Yin world can you have a military exploit, and you can't have a military exploit when you kill the people in the Yang world.

In theory, Yang Jian cannot kill each other on the battlefield.

However, it was the first hand of the two universes, and everyone was killed. There is no evidence, even if the people who did not come to the two universes suspected that they did it, they can't help them, they can only swallow the bitter fruit. under.

The crowd packed up the spoils, and then dashed away and left.

Although there was no military exploits, the harvest this time was absolutely amazing.

Thousands of Origin Realms are all the origins of the Shengguang Great Universe and the Yuqing Great Universe. They are all rich in oil, and the source-level magic weapons on their bodies are all complete sets.

The top source-level magic weapons that are relatively rare in the great universe are not uncommon in the origins of the two universes. Everyone has at least hundreds of sets.

In addition, there are nine quasi-celestial soldiers.

Among them, the two brothers Shan Xiong and Shan Ying contributed six.

It's a pity that in this barren battlefield, the immortal masters placed a seal, and quasi immortal soldiers could not be used, otherwise, it would not be so easy to kill two people.

Now, these treasures are cheaper than Lu Ming.

"Unfortunately, there is no quasi fairy soldier of the spear type, otherwise it can be used."

Lu Ming thought.

It's not available here, it can be used if you leave the battlefield.

With Lu Ming's current cultivation base, although he has not yet overcome the immortal calamity, he should be able to exert a lot of the power of the quasi-celestial soldiers.

After that, Lu Ming and the others continued to look for news of Xue Shenzang on the battlefield.

They only have less than five years, and they must find Xue Shenzang and kill him.

In a blink of an eye, another six months passed.

An area far away from Lu Ming and the others.

Swish!

A few streams of light pierced the void as fast as lightning.

A total of four people, one escaped and three chased.

The one who was at large was a dark-skinned young man with a bald head and big earrings. At this time, he was covered in blood.

If there are people from the Underworld here, you will be surprised, because this is an evildoer in the Underworld, ranking 167 in the original evildoer list.

It was Dark Night Qiangwei, Di Jianyi and Lingheng who were chasing after him.

The three people's cultivation base had actually reached the peak of the origin, and their speed was astonishing. They slowly shortened the distance with the bald youth in front of them.

"hateful!"

The bald young man roared, his eyes full of killing intent, but when he looked back, he was full of jealousy.

The other two are okay, he is mainly afraid of Dark Night Rose.

This stunningly alluring woman has terrifying means and combat power, and she doesn't know where it came out, even he is invincible.

In addition, the other two guys are not weak, and assisting him is also a great threat to him.

Therefore, after only a dozen moves, he was injured and could only escape for his life in embarrassment.

"Transformation!"

Behind, the dark night Qiangwei drank softly and waved his hands. In the void, rose flowers appeared.

These rose flowers are dark like jade, but they are bright and eye-catching, just like real.

When they first appeared, they were buds, but in a blink of an eye, the buds bloomed, and the petals fell off, turning into extremely sharp soldiers, like rain, rushing towards the bald youth.

The bald young man shouted angrily, holding an iron rod in his hand, Wu couldn't let the water flow out, trying to block the petals.

However, water cannot enter, but petals can enter.

There were still petals passing through the shadow of the stick, cutting on the bald young man, breaking the power of the body protection, breaking the top source-level battle armor, and leaving a series of hideous wounds on his body.

This is not an ordinary skin trauma. Every petal has terrible power infiltrating through the wound, destroying it from the inside, and even attacking the root cause.

The bald young man screamed in pain, his face pale.

Is he going to fall here today?

Suddenly, his eyes lit up.

He saw a figure sitting cross-legged on a mountain peak in front of him, waking up the energy of heaven and earth.

Between this person's breath, the energy between heaven and earth, like a wave, rushes into this person's body.

This person's body emits immense sunlight, as if every cell in the body is glowing, as if every cell contains a treasure.

Xue Shenzang!

The bald youth was ecstatic.

He recognized who this figure was. It was the evildoer in the Yin world, Xue Shenzang.

Although he was unfamiliar with Xue Shenzang, he had only met once, and Xue Shenzang did not put him in his eyes, but Xue Shenzang, after all, came from the Yin Realm, and it was impossible for him to die.

"Brother Xue, save me, these people in the sun want to kill me."

The bald youth quickly flew over.

"That's... Xue Shenzang?"

The three dark night Qiangwei also discovered Xue Shenzang.

They had seen the detailed information of Xue Shenzang and also saw Xue Shenzang's appearance, so they recognized it at a glance.

They couldn't help but stop.

Even if the three of them entered the barren battlefield, their cultivation bases advanced and one after another reached the peak of the origin, but they were not sure that they could take down Xue Shenzang.

After all, Xue Shenzang is the 36th highest enchanting evildoer in the Underworld evildoer list, and his combat power is by no means comparable to the bald youth.

Moreover, the evaluation of other people by Xue Shenzang is that this person is very young, has amazing talent potential, and is constantly improving in combat power.

It used to be thirty-six, who knows if it has been promoted now.

Huh!

At this time, Xue Shenzang, who had been sitting cross-legged on the mountain, suddenly opened his eyes.

Two streams of light burst out from his eyes, like two sword lights, splitting towards the three of Dark Night Qiangwei.

The blade light whizzed, and the void was divided into two.

Keng!

The sound of swords rang through the sky, and as soon as the emperor sword shot, the sword light soared into the sky, and it split into two, slashing towards two sword lights.

Chapter 5237: Qiangwei escapes, sacred exit

The sword light collided with the blade light in the void, igniting a thousand energies, and flew in all directions, piercing the void in all directions, creating black holes.

bump!

The sword light shattered, but the emperor sword was shaking wildly, his body retreated violently, and the palm of his sword was trembling slightly.

Di Jianyi's face was very ugly.

At the same time as the pinnacle of the source, he was actually repelled by a single move.

The point is that the other party didn't make a formal move, just opened his eyes and burst out two streams of light, which repelled him.

This made Di Jianyi, who had always been arrogant and arrogant, somewhat unacceptable.

"You don't need to be discouraged, this is the enchanting evildoer who stands on the top in the entire universe, the evil evildoer who stands at the top of countless universes in the universe, naturally very strong..."

Dark night Qiangwei gave Dijian a voice transmission to prevent him from being hit and messing up his mind.

Emperor Jian nodded silently, and the palm of his sword became stable, and his eyes became firm.

"It's good to be able to catch the eye and the blade. It's a bit strong. No wonder the three of you can chase this waste everywhere."

Xue Shenzang slowly got up and spoke, although his voice was not hurried, he revealed a hint of coldness and pride.

On the side, the bald and swarthy young man had a darker face, very unhappy.

Obviously, Xue Shenzang's trash refers to him.

However, he dared not refute, and now he still needs to rely on Xue Shenzang to save his life.

Moreover, Xue Shenzang came from the third largest universe in the underworld, no matter his origin or talent, he was far above him. Although he was unhappy in his heart, he could only hold back.

Xue Shenzang carried one hand on his back, step by step, and walked towards Dark Night Qiangwei and the others, his eyes scanned Dark Night Qiangwei's body, and said: "You are not bad, stay as my maid, I can bypass you, as for the two of them. , Must die..."

"kill!"

The one who responded to him was the battle sword of Emperor Jianyi.

The sword light was extremely dazzling, illuminating Tianyu and slashing towards Xue Shenzang.

At the same time, Lingheng also took action, playing two different energies, entangled together, forming a terrifying force of destruction.

At the same time that the two made their moves, Dark Night Qiangwei waved, and a huge rose flower appeared in the void.

This is the Sky Devouring Rose Flower, extremely huge, in the bud, it seems to be a black hole, to swallow Shenzang Xue.

The three of them joined forces, and the power was amazing. The previous bald youth was injured by a single move.

"Small bugs."

Xue Shenzang's cold and arrogant voice sounded, and a war knife appeared in his hand, swept out, the knife shattered the sky and cut everything.

Di Jianyi and Lingheng were the first to bear the brunt. Their attack was broken by the light of the knife, and the two of them retreated violently, and a deep wound appeared on their chests.

The body of the knife gas tank caused the two to vomit blood and suffered severe injuries.

At the same time, the knife light also slashed on the sky-devouring rose flower.

The Sky Devouring Rose Flower exudes a dazzling brilliance and wants to block it, but it only takes three breaths and is also divided into two.

"swallow!"

Dark Night Qiangwei spit out a word coldly, and when the voice fell, a rose flower suddenly appeared on Xue Shenzang's head.

Another sky-devouring rose flower.

This sky-devouring rose flower appeared abruptly, which obviously exceeded Xue Shenzang's expectations.

As soon as the Sky Devouring Rose Flower appeared, it looked like a piranha, and swallowed Xue Shenzang in one bite.

Then the petals began to close, rotating with full force, and the strange brilliance permeated it, as if to refine Xue Shenzang.

"Lian!"

Dark Ye Qiang swiftly pinched both hands to make seals, and the power of the original source rushed into the sky-devouring rose flower madly.

Promote the sky-sweeping rose flower, refining Xue Shenzang with all his strength.

Not far away, the bald youth's face changed.

Isn't even Xue Shenzang planted here?

At this moment, Dark Night Qiangwei's face changed drastically.

"Rewind!"

She gave a soft sip, and she backed away quickly.

Emperor Jianyi and Lingheng had cooperated with Dark Ye Qiangwei many times, and they were in a tacit understanding. When Dark Ye Qiangwei moved, they also retreated violently.

next moment...

boom!

The dark night rose flower burst into pieces, and a series of terrifying blade lights burst from it, stirring the surrounding void into a chaos.

The figure of Xue Shenzang was revealed.

At this time, Xue Shenzang was a little embarrassed, and the armor on his body was pitted and tattered.

There are also several wounds on his body, and blood is constantly flowing out.

However, his breath is particularly terrifying and tyrannical, and his eyes are full of cold murderous intent.

"You, can't escape, kill!"

Xue Shenzang roared, turned into a light of swords, and chased the three of Dark Night Qiangwei.

"kill!"

Immediately afterwards, behind the mountain where Xue Shenzang was sitting cross-legged just now, there was a cry of killing.

Behind the mountain peak was a valley, and a large number of figures rushed out at this moment.

All are masters of the universe.

It turned out that Xue Shenzang was not alone in cultivating here, but he also brought a large number of masters from the other side of the universe, depending on the number, no less than a few hundred people.

Most of them are the existence of the late origin or the peak of origin.

These people and Xue Shenzang also pursued and killed Dark Night Qiangwei.

The bald young man's face changed a bit, and then he chased him down.

.....

In the city, outside a palace, some people were waiting.

These people are all masters of Shengguang Great Universe, but their faces are not very good-looking.

"Prince Wushuang, he's about to leave the customs."

"With the talent of Young Master Wushuang, this time he will definitely be able to break through to the pinnacle of his origin."

"It was originally a happy event, but that happened with Lu Ming..."

At this point, everyone fell silent.

A few months ago, they sent hundreds of masters to follow the Shan Xiong and Shanying brothers to kill Lu Ming and others, but they never returned. There was no news.

Later, they went to look at the cliffs, but only saw corpses all over the floor.

Even Shan Xiong Shan Ying is dead.

This news shocked Shengguang Great Universe and Yuqing Great Universe.

It is incredible that so many masters died in the hands of Lu Ming and others.

In particular, there are masters such as Shan Xiong.

Can Lu Ming and others kill Shan Xiong?

Or did Shan Xiong and others die not in the hands of Lu Ming and others, but in the hands of masters in the underworld?

In short, more than a thousand masters are all dead.

The Yuqing Universe shook up and down, and it was said that even the immortal creatures were furious and ordered to thoroughly investigate the killing of Shan Xiong and others.

The spearhead was directed at Lu Ming.

If it were not for Yang Ting's law, Yuqing Great Universe would have sent a master directly to arrest Lu Ming.

But now, I can only hold back.

Sheng Wushuang, during this period of time, has been in retreat, and they didn't know that many masters were killed, they waited for Sheng Wushuang to exit and reported to Sheng Wushuang.

Click!

After a while, the gate of the palace opened, and Sheng Wushuang walked out from behind the gate.

He was enveloped by a strong holy light, and he looked even more extraordinary, and his aura was stronger than before.

The pinnacle of origin!

Sacred Wushuang passed this retreat and successfully broke through and set foot on the pinnacle of the source.

Enchanting evildoers such as Sheng Wushuang, after setting foot in the source, with the accumulation of massive resources, the improvement is very fast.

Chapter 5238: New calculation

Sheng Wushuang was shrouded in holy light, with a confident smile on his face.

In this retreat, he broke through to the peak of the origin in one fell swoop, and his combat power has skyrocketed. He is confident that he can definitely set foot on the origin list, and he is enough to rank in the top three hundred.

He had broken the extreme five times at the beginning, and broke through under the great calamity of the origin. His talent potential is amazingly strong. There are not many people who can compare with him in the origin realm of Yang.

Now, his combat power is far from reaching its peak.

First of all, the time he practiced was too short compared to the existence of other sources.

Therefore, his origin technique is far from reaching the peak of comprehension. As the origin technique continues to comprehend, his combat power will continue to improve.

The ranking will naturally continue to improve.

In addition, his roots still have room for improvement.

His current roots are high-level roots. In the future, he has to find ways to evolve to top roots. By then, he is confident that he can rush to the top 30 of the roots.

Five times of breaking the extreme, even in the entire universe, are rare, not to mention, breaking through under the origin of the catastrophe, his talent potential is extremely rare.

At this moment, he was naturally energetic.

"Congratulations to Young Master Wushuang for successfully breaking through!"

The people of Shengguangda Universe stand up to congratulate.

"Don't be polite!"

Sheng Wushuang waved his hand, and the smile on his face increased. He didn't think much about it, thinking that so many people were waiting here for him to leave the customs.

"Prince Wushuang, there is one thing to report about Lu Ming..."

An old man said.

"Lu Ming?"

Divine Wushuang frowned slightly.

He had a keen mind, and suddenly thought that so many people were waiting here, probably not all because of waiting for him to leave the customs, but also because of Lu Ming.

Was it an accident that killed Lu Ming?

If they were killed successfully, there would not be such a crowd waiting for him. It must have been an accident. These people could not be the master, so they would wait for him here.

"Isn't Lu Ming dead? Shan Xiong shot himself, with so many masters cooperating, wouldn't it be possible to kill Lu Ming?"

Holy Wushuang asked.

"The son sees that Lu Ming is indeed not dead, but the people who besieged him, including brother Shan Xiong and Shan Ying, are all dead."

The old man reported.

Sheng Wushuang's pupils shrank sharply.

The news really shocked him.

He never expected that the brothers Shan Xiong and Shanying would die.

Shan Xiong is ranked 96th in the original source list. In the original state, he has almost reached the peak, and there are not many opponents.

Even fewer can kill him, and even if he is lost, it is still possible to escape.

Unless the combat power is much stronger than Shan Xiong.

But does Lu Ming have such a strong combat power?

In addition, there are more than a thousand other masters, so many masters, even those who have set up a large array in advance, have been killed, can Lu Ming do it?

He really couldn't believe it.

Could it be that people from other universes made the move?

"Where is Lu Ming, is Lu Ming dead? If he is not dead, is there his whereabouts?"

Divine Wushuang asked, it was hard to calm down.

In his heart, there was a flurry of fear.

This time, fortunately, he was temporarily closed, otherwise he would go with him, and he would also die.

Even Shan Xiong is dead, he cannot be spared.

Thinking of this, he broke out in a cold sweat.

"Lu Ming was not dead. Someone found Lu Ming's trace behind him. They were still looking for Xue Shenzang on the deserted battlefield."

The old man reported.

This time, there were waves of fear in Sheng Wushuang's heart.

Lu Ming didn't die, but all the people who went to kill Lu Ming died.

Is it really what Lu Ming did?

Has Lu Ming's combat power reached this level?

Before, he wondered if a certain universe in the underworld had taken action and besieged Shan Xiong and others.

However, if it were the Great Universe of the Underworld, then Lu Ming and others would definitely be killed. There was no reason for the people in the Underworld to let Lu Ming and the others go.

People who were not from the Yin world made the move, and that was Lu Ming made the move.

"Lu Ming, you must die."

Sheng Wushuang took a deep breath, his eyes flashed with dangerous light, and his mind began to flash conspiracies and tricks quickly.

"Where is Xue Shenzang, where, does anyone know the news of Xue Shenzang?"

Holy unparalleled way.

"We didn't deliberately investigate Xue Shenzang's news, so we don't know Xue Shenzang's whereabouts yet."

The old man answered.

"Go to check and find out about Xue Shenzang as soon as possible. If Xue Shenzang knows that someone has been looking for him and wants to kill him, with his character, we can't bear it. At that time, we might be able to join forces with Xue Shenzang and kill him. Lu Ming."

Divine Wushuang's eyes flickered with cold light.

Since Shan Xiong and others couldn't kill Lu Ming, they used Xue Shenzang's hand to kill Lu Ming.

Xue Shenzang, but came from the Big Universe, the Big Universe, ranked third in the Underworld, and his overall strength was much stronger than the Shengguang Great Universe and the Yuqing Great Universe.

Even the masters of the Origin Realm are much more than them, and there are many more masters.

For example, the number of masters comparable to the origin list, and the kind of masters close to the origin list, are not comparable in the general universe.

Believe that Bi'an Universe will be able to kill Lu Ming with a shot.

"Yes!"

Everyone led the way.

.....

In a blink of an eye, another month passed.

During this period of time, Lu Ming and the others have been fighting in the deserted battlefield, looking for the whereabouts of Xue Shenzang, but unfortunately, they have found nothing.

Seeing that the ten-year period is getting closer and closer, their hearts are also a little anxious.

If you can't kill Xue Shenzang, you won't be able to complete Yang Ting's mission, and you won't be able to rejoin Yang Ting if you can't complete the mission.

Cannot enter the Yang Court, with the current strength of the Primordial Universe, it may be destroyed at any time.

Therefore, this task is related to the survival of the primordial universe and must be completed.

"Xue Shenzang may be hiding in the city on the other side of the Yin World. If he never comes out, we can only hide in and kill him."

Lu Ming said.

Doing so is undoubtedly extremely dangerous. One carelessness will fall, but at the last moment, there is no way.

"Let's go to the area over the underworld to find out the news."

Dan Dan said.

They had been in the central area of the deserted battlefield before. This area had the most masters between Yin and Yang, but there has been no news of Xue Shenzang.

Now they decided to go deep into the territory of the underworld.

Over there, there will be more masters in the underworld, and it will be even more dangerous.

Take care, everyone set off.

The station of the Holy Light Universe.

"Prince Wushuang, there is finally news of Xue Shenzang."

Someone reported to Sheng Wushuang.

The Holy Light Universe, as the top ten Universe in the Sun, has many masters on the barren battlefield, and there are a large number of large Universes that have good relations with it. With this huge network of relationships, once it becomes operational, it is far from Lu Ming and the others. It can be compared by a few people alone.

Lu Ming and the others have not been able to find it. Shengguang Universe found it in a month.

"Oh, where is Xue Shen hiding?"

Divine Wushuang's eyes lit up.

"Xue Shenzang, is besieging the three arrogances of the prehistoric universe."

The man answered.

Chapter 5239: Meeting and layout

"The people who besieged and killed the Primordial Universe? Aren't they Lu Ming?"

Holy Wushuang was taken aback for a moment.

"No, the Primordial Universe, there should be two groups of people coming in, one bright and one dark, they should be prepared with two hands. The three Tianjiao are not weak, but they are far from Xue Shenzang's opponents and were chased by Xue Shenzang. Fleeing into a dangerous place, using that dangerous place to deal with Xue Shenzang."

"Now, Xue Shenzang is leading people to besiege those people."

The man answered.

"Very well, leave immediately, I want to see Xue Shenzang."

Holy unparalleled way.

.....

North of the barren battlefield, evil sinkholes.

Filling the pit with evil evil is a famous and dangerous place in the north of the barren battlefield.

Here, it is full of endless evil evil spirits, possessing terrifying power, which can corrode the power of the origin, the strong of the origin peak is very dangerous to enter, and if they move, they will die.

Some people speculate that the evil spirit tiankeng should have fallen here by a strong immortal Dao, and the evil spirit was condensed and not dispersed. Over time, such a dangerous place was formed.

The three of Dark Night Qiangwei escaped into the evil god's sinkhole, and barely escaped the pursuit of Xue Shenzang.

But Xue Shenzang obviously wouldn't let them go easily.

Dark Night Qiangwei made him so embarrassed, he didn't kill the three of Dark Night Qiangwei, it was difficult to get a sigh of anger in his heart.

He took the masters of the Great Universe, surrounded the evil spirit tiankeng, and constantly sent people into the evil evil tiankeng, trying to kill the dark night Qiangwei and others.

"Sacred Wushuang of the Shengguang Great Universe wants to see me, saying that he has important secrets to tell me, but I want to see what secrets he has."

Xue Shenzang said coldly.

The name of sacred unparalleled, in the original realm of the universe, has long been spread.

It broke the extreme five times and broke through under the great calamity of the origin, no one would underestimate it.

Even Xue Shenzang did not dare to despise it too much.

Soon, a group of people arrived.

It is Sheng Wushuang, and there are a large number of masters in Shengguang Great Universe.

Xue Shenzang came from the Great Universe of the Yin Realm. How could Sheng Wushuang not be prepared, and that would be an act of seeking death.

"Sacred Wushuang, you sent someone to tell me that there are important secrets. What is the secret?"

Xue Shenzang stared at Sacred Wushuang with a little surprise in his eyes. Obviously he did not expect that Sacred Wushuang would break through to the peak of his origin so quickly.

"You are besieging the people of the prehistoric universe. Do you know the purpose of the people of the predominant universe entering the barren battlefield?"

Sheng Wushuang did not answer Xue Shenzang's question, but instead asked.

"What is it?"

Xue Shenzang asked.

"kill you!"

Holy unparalleled way.

"Kill me?" Xue Shenzang was taken aback.

"Yes, the Primordial Universe wants to re-enter the Sun Court. One of the conditions is to take your life. The Primordial Universe is divided into two ways. What you besieged and killed was only one way, and there was another way that was the main force, led by Lu Ming. , The combat power is extremely strong, and I am looking for you everywhere."

Holy unparalleled way.

"Hahahaha..."

Xue Shenzang was silent at first, then laughed wildly.

"Funny, really funny, I didn't expect that Xue Shenzang will one day become the goal of others to complete the task, good, very good..."

Xue Shenzang's eyes were completely gloomy, and murderous intent flashed.

"You won't be so kind, come here to tell me about this, let's talk, what is your purpose."

Xue Shenzang stared at Holy Wushuang.

"I want to join hands with you to kill Lu Ming."

Holy unparalleled way.

"Kill a Lu Ming, why not join hands with you."

Xue Shenzang is very proud.

"Xue Shenzang, if you underestimate Lu Ming, you will suffer a big loss sooner or later, I tell you, Lu Ming is a very enchanting person. Before, the Shan Xiong and Shanying brothers led people to kill Lu Ming, but he died.. ."

Holy unparalleled way.

"You mean, Shan Xiong died in Lu Ming's hands?"

Xue Shenzang's expression finally became solemn.

He still knows how strong Shan Xiong is, and his combat power will not be weaker than him.

"It's very likely." Sheng Wushuang nodded.

Xue Shenzang's face was gloomy, as if thinking, and then asked: "How do you want to join forces?"

"Call up the masters, set up the formation, and lead Lu Ming to come and besieged him."

Holy unparalleled way.

"That's simple, just let out the news and say that I am here, then Lu Ming will definitely come."

Xue Shen hides the way.

However, Sheng Wushuang shook his head and said, "This method has been used by Shan Xiong before. If you use it again, Lu Ming may not be fooled. Even if he comes, he will be more vigilant. If he wants to kill him, he will not be so. It's easy, we should adopt roundabout tactics."

"What tactics?"

Xue Shenzang asked.

"such..."

Immediately, Sheng Wushuang spoke out the trick he had planned.

.....

Soon after, a message spread from the deserted battlefield at the speed of a hurricane.

Lu Ming from the primordial universe has obtained a treasure against the sky, which can allow the root of the root to evolve.

As soon as this news came out, the eyes of countless masters of Origin Realm were red.

Treasures that can evolve the roots are more precious than treasures that can temper the body and soul.

It is rare and extremely rare in the world.

All those who are interested in proving Taoism and becoming immortal want to evolve their roots.

The higher the source root, the greater the power of the immortal calamity, the greater the harvest after passing the immortal calamity, and the greater the chance of becoming immortal.

"Where is Lu Ming?"

"Find him, the treasure on his body is mine."

Soon, Lu Ming and the others were found, and a large number of masters killed Lu Ming and others.

People in the underworld, kill them with integrity, and those in the underworld, hide their identities to kill.

In just three days, Lu Ming and the others suffered dozens of assassinations.

Of course, all died in Lu Ming's hands.

In a mountain range, a few streams of light flashed, and a few figures appeared on a mountain peak.

It is Lu Ming and others.

"Made, I don't know any **** who said that we have treasures that allow Root to evolve. So many people chase us and let me know who it is. I will let him die."

Dan Dan cursed, very upset.

"It is mostly Yuqing Universe and Shengguang Universe. Their people died in our hands, so they wanted to use the hands of other people to kill us."

Lu Ming said, his expression gloomy.

You can't explain this kind of thing at all.

You tell others that he doesn't have the treasure to let Roots evolve. The key is that others don't believe it.

Unless you let others search for their souls.

But is it possible.

"These two big universes, when we rise, we must level them up."

Dan Dan said viciously.

Swish...

Suddenly, the nearby mountain cols burst out, bursting out streams of light.

They were all arrows, like streamers, shooting towards Lu Ming and the others.

"Time and Space!"

Bubbles drank tenderly, and the power of time and space exploded, and the speed of these arrows slowed down.

Lu Ming swept out with a shot, all these arrows exploded.

But in the surroundings, dozens of figures had already appeared, killing Lu Ming and them.

"Really looking for death."

Lu Ming's eyes were cold.

Chapter 5240: Evil Sink

Dozens of masters, from all directions, killed Lu Ming and the others.

Among them, there are those in the Yin world and those in the Yang world.

The difference is that those in the Yin world do not hide their identities, they are upright, while those in the Yang world hide their identities.

Dozens of rays of light shrouded Lu Ming and the others, murderously.

Hum!

The long spear hummed, and dozens of spear lances shot out violently.

Puff puff...

The blood was splashing, the screams were endless, and every spear light could take a life.

The combat power of these players is not weak, at least they are at the peak of the origin, and many combat powers are considered strong in the peak of the origin, but facing the current Lu Ming, they are completely vulnerable.

In the end, only one of dozens of people was still alive.

This is a young man from the underworld. A big hole was pierced in his body, but he was not dead, and fled into the distance in a panic.

"Huh? It's a bit of strength to be able to catch me without dying."

Lu Ming's eyes flashed.

This person's strength is definitely close to the evil evil list of the underworld, and he is an extremely talented genius.

Lu Ming stepped out and pursued the young man in the underworld. The spear went from top to bottom and drew it down.

The spear was enlarged and turned into the Optimus Prime, covering the youth of the underworld under the spear.

what...

The young man screamed, tried his best, exuded immeasurable light, used the means of pressing the bottom of the box, trying to resist the spear light.

With a boom, the light on the young man's body dissipated. He vomited blood and fell to the ground, exploding a towering mountain.

However, this person's vitality is really tenacious, he is not dead yet, but he has been hit hard.

Lu Ming stepped down, about to take his life.

"Don't kill me, kill me, your companions will die too, they are in our hands now."

The underworld youth roared.

Ok?

Lu Ming was a little puzzled.

Dandan, Paobao and Wanshen are beside him, what other companions does he have in the hands of each other?

Seeing Lu Ming stop, the youth of the Yin world continued to yell: "I know that you have two groups of people. The other group wanted to assassinate Xue Shenzang some time ago. They were suppressed by Xue Shenzang. They are not dead yet. You kill them. For me, your companions are dead."

"It's the dark night rose and them."

Lu Ming immediately thought of Dark Night Qiangwei and others.

Dark Night Qiangwei and others, also from the prehistoric universe, were naturally regarded as their companions by the other party.

Also, Dark Night Qiangwei and others found Xue Shenzang unexpectedly.

"Say, where is Xue Shenzang now?"

Lu Ming asked, murderously, staring at the other party, as long as he found that the other party was lying, he would solve it with one move.

"After I tell you, you have to let me go, otherwise, I would rather die than tell."

The youth stared at Lu Ming with firm eyes.

This was his bargaining chip to survive, and if Lu Ming didn't agree, he would rather die than say it.

"Okay, I promise you."

Lu Ming nodded.

Compared with Xue Shenzang, this person is dispensable, and it doesn't matter whether he kills or not.

"And you..."

The young man stared at the three of Dandan, Paobao and Wanshen, obviously thinking very carefully, afraid that Lu Ming and the others would play tricks.

"I won't kill you."

"Speak up, I won't kill you."

Dan Dan and others spoke up one after another.

"The evil spirit tiankeng, Xue Shenzang and your companions are all in the evil spirit tiankeng, now some of your companions are trapped in the evil spirit tiankeng by Xue Shen, I have already said, now you can let me go Right."

Youth Road.

"No, you can't go yet."

Lu Ming shook his head.

The youth's face changed drastically and became ugly, and said, "Lu Ming, are you going to regret it."

"We just said not to kill you, but didn't say we want you to go. You should stay here for a while."

After Lu Ming finished speaking, he stretched out his hand and pointed out a burst of energy, which entered the young man's body, sealing off his power.

The other party can't move for at least ten and a half months.

Then, Dan Dan set up a formation, trapping the youth in the formation, and then Lu Ming and others headed to the north of the battlefield.

Lu Ming did not expect that what the young man said was actually the game between Sheng Wushuang and Xue Shen Zangbu.

Lu Ming is extremely clever, but he can't predict things like a god.

During this time, many people wanted to kill them. He just thought that Yuqing Great Universe and Shengguang Great Universe deliberately preached that they had treasures, and wanted to kill them with the help of others.

I didn't know that all this was just an illusion, and it was the true purpose of Sheng Wushuang and Xue Shenzang to lead them to the evil tiankeng.

Not long after Lu Ming and the others left, several figures appeared, breaking through the formations laid down by Dan Dan and rescuing the young man in the underworld.

"Lu Ming, this time, you are dead."

A cold light flashed in the youth's eyes.

This time, he was very adventurous, and he might die if he moved, but in the end, he succeeded.

After the event is completed, Xue Shenzang's attention will be given, and the future will even be favored by the Great Universe. This adventure is completely worthwhile.

"Let's go, send back news and tell Master Xue that Lu Ming and the others have gone to the evil gods Tiankeng."

Youth Road.

.....

Lu Ming and others, all the way to the north.

On the road, there were still people who wanted to snipe them, but they were too lazy to fight. With the help of the power of Bubble Time and Space, their speed was astonishing. In a flash, they threw away the enemy and hurried to the evil sinkhole.

Of course, sometimes they will kill some people in the underworld and gain military exploits.

Three days later, Lu Ming and the others approached the evil spirit tiankeng.

The evil evil tiankeng is a huge pit with a large area, and it is filled with infinite evil spirits, like black mist.

Lu Ming didn't come close for the first time, but stood in the distance, Lu Ming turned the Demon King Emperor Mark to watch.

"A huge source-level formation."

Lu Ming's eyes narrowed.

Outside the evil tiankeng in a certain direction, Lu Ming saw a huge source-level formation.

Although I didn't see any figure, it goes without saying that there are definitely a large number of masters hiding in this formation.

In the evil spirit tiankeng in the direction of the formation, from time to time, you can see the rays of light rising into the sky, and there are vaguely roaring sounds.

"Dark Night Qiangwei, they should be there, they seem to be under siege."

Lu Ming whispered.

"On the periphery of the evil spirit Tiankeng, there is actually a huge formation. Is it to prevent the dark night Qiangwei and others from escaping?"

Once he spoke, he could naturally sense the formation in front of him.

"Not necessarily, it is also possible that this is a game, waiting for us to get the bait."

Lu Ming said.

Dark night Qiangwei and the others were all blocked in the evil spirit tiankeng, in fact, there is no need to lay a formation outside to do so.

This formation is mostly useful for another.

Lu Ming's mind turned rapidly, and thoughts flashed through, and some of his eyebrows were inferred.

"Lu Ming, what shall we do now? Do you want to save Dark Ye Qiangwei and others?"

Pantheon asked.

"If Xue Shenzang is really here, most of it will be hidden in this formation. This time, he can only break through, and rescue the dark night Qiangwei and others by the way."

Lu Ming said.
