Chapter 571: Lord of the Thunder Palace

"Lu Ming!"

"Little beast, are you?"

As soon as Lu Ming arrived, the Lord of Fire and Lord of Thunder exclaimed.

Lu Ming glanced at the Fire Palace Master and sighed.

Lord of the Fire Palace, the heart was pierced by the Lord of the Thunder Palace, and was raged by the power of thunder and lightning. It is already weak to the sky. If the Master of the Fire Palace is deep, I am afraid that it is dead.

"Lu Ming, go away! Go away!"

Cried the Lord of Fire.

"Go, where do you go? Lu Ming, you dare to show up, the last time you were lucky to escape, this time, you are still so stupid, come to the door, ha ha ha! Really looking for your own way."

The Lord of the Thunder Palace laughed, and he was very happy.

This time, he was not only able to get Xuanhuang silica, but also to get rid of Lu Ming's confidante. He was naturally very happy.

Lu Ming's eyes flickered and he didn't respond, but sent a message to Dandan.

"Dan Dan, you said you are a strong man in the world, can you slap this old guy now?"

Lu Ming said.

"Cough, didn't I tell you? I was just reborn and my strength has not recovered. I'm afraid...I'm not his opponent, but you have to believe me. During my victory, don't say such a thing. Even if it's in Linghai Realm, I can blow thousands of them with a single blow, and even the Emperor Wu Emperor can slap one piece with a slap."

Dandan stood on Lu Ming's shoulder and gave Lu Ming a triumphant sound.

"I..."

Lu Ming was speechless.

"kill!"

Suddenly, the Lord of the Thunder Palace snorted and thunder flashed, and he slashed toward the landing.

"Crazy Lion Burst!"

The Lord of Fire Hall roared, and a hot breath erupted throughout his body. A huge lion of flame rushed out to the Lord of Thunder.

"True Dragon Strike!"

Lu Ming stabbed with a shot.

boom!

With a roar, the Lord of the Thunder Palace retreated, and Lu Ming and the Lord of the Fire also retreated dozens of meters.

puff!

The Lord of the Fire Hall coughed up blood, his body tremble, and he could not float, and fell towards the ground.

"senior!"

Lu Ming waved his hand, and Zhenyuan rolled the Hall of Fire, falling to the ground together.

"Lu Ming, go away, you are not his opponent!"

The Lord of the Fire Hall roared, and blood spewed out of his mouth, and there was a trace of lightning in the blood.

"Hahaha, the fire old ghost, they are almost dying. They still want to shoot. They can only die faster. You don't need to tell him to run away. Do you think he can run away in front of me?"

Lei Zhidian sneered, his eyes cold.

"Old man, you died today!"

Lu Ming's eyes were extremely cold.

Here, there are no creatures, Lu Ming decides to take an adventure, use Lei Ding, and kill the Thunder Lord.

"It's me who died? Hahaha, this is the most funny joke I've heard in my life!"

Lord Lei Zhi laughed, and then his face sank, shouting: "Dead!"

Zizi...

Between heaven and earth, thunder converged to form a huge thunder sword, slashing towards the landing.

"True Dragon Strike!"

boom!

Lu Ming cultivated himself, completely broke out, the three-color artistic conception merged, and a shot was shot.

A huge three-color dragon flew out, roaring again and again.

boom!

With a violent roar, Lu Ming's body trembles and retreats at a rapid speed, but the Thunder Sword of the Lord of Thunder Palace is also blocked by Lu Ming.

"This..."

Not far away, the Lord of Fire was shocked, and he never expected that Lu Ming could actually block the attack of Lord Thunder.

"Impossible? How is it possible?"

The Lord of the Thunder Palace roared, incredible.

How long did it take for Lu Ming's cultivation practice to soar to the peak of Wuwang's sixth heavyweight, and its combat strength was also terrifying.

There was some trembling in his heart. He had lived for hundreds of years and had never seen such a terrifying genius, no, it was like a terrifying monster.

Even a hundred years ago, the genius who shocked Donghuang, Yan Fanatic, was not so scary.

"Kill, kill him, not kill him, I will die!"

In the heart of the Lord of the Thunder Palace, there was a sense of terrifying fear.

It was Lu Ming's fear.

"Sure enough, it is worse than Wu Wang Jiuzhong!"

Lu Ming's eyes flashed.

His combat strength, to kill the warrior of the peak of Wuwang Yazhong, has no problem, but there is still a gap between Wuwang and Jiuzhong.

"Lu Ming, I have a way to increase your strength and kill the old guy!"

At this time, Dandan's voice passed into his ears.

"any solution?"

Lu Ming asked.

"This seat is the head of the top ten fighting beasts. It has lived a very long time. Not only its own combat power is invincible, but also the invincible way is invincible. I now engrave an inscription formation on you to make your true moments Furious, double the intensity, so you can suppress the old guy, and this method has no side effects!"

Explained proudly.

"Nonsense, hurry up!"

Lu Ming cried.

"You support a few strokes first, let me inscribe!"

Immediately, Dandan's pair of front paws shone brightly, waving constantly.

Zi...

The thunder and lightning flashed, and the Thunder Palace turned into thunder and lightning, and immediately appeared in front of Lu Ming, slashing with a sword.

when!

Lu Ming resisted with a spear, his body flew back and forth.

"Thunder killed!"

The Lord of the Thunder Palace made a move.

The sword of thunder was punctured, and the air was instantly scorched by the power of thunder and lightning, forming a space zone.

"Strike!"

when!

Two fierce attacks blasted together, and where the point of the gun and the point of the sword broke out, a blazing light spot erupted, brighter than the sun.

Uh!

Lu Ming's body was violently shaken, his blood was tumbling, he was blasted for thousands of kilometers, and a trace of blood spilled from the corner of his mouth.

"Dan Dan, are you all right?"

Lu Ming asked.

"Cough, wait a minute, just failed!"

He coughed a few times.

"Nest!"

Lu Ming wanted to scold his mother. This product is too unreliable. Inscriptions and inscriptions failed. Isn't he fooling him?

"Nest, failed again!"

Whispered.

"I..."

Lu Ming was speechless and could only fight back to fight against the Lord of the Thunder.

The roar was constant, and five or six strokes were fought in a row, and Lu Ming was in pain all over.

"Ah, die!"

If the Lord of the Thunder Palace looks crazy, his breath becomes stronger and stronger.

"Dan Dan, are you all right?"

Lu Ming asked again.

No matter how bad, he intends to use Thunder Ding to kill the Thunder Lord.

"Haha, all right!"

Laughing.

At this moment, Lu Ming's body suddenly filled with his debut light, and brilliant inscriptions appeared on Lu Ming's body.

At this moment, Lu Ming felt that the real element in his body was running madly and violently.

Compared to before, it has improved a lot, more than doubled.

"So strong!"

Lu Ming felt that he was full of endless power.

At this time, the Lord of the Thunder Palace was killed again.

"kill!"

Lu Ming burst into roar and pulled out with a shot.

Buzz!

The space shook violently, and the spear completed an arc, which was heavily drawn on the war sword of the Thunder Lord.

bump!

The Lord of the Thunder Palace is like a cannonball. It was pumped out and flew tens of thousands of meters.

Chapter 572: Kill the Thunderlord

"So possible?"

The Master of the Thunder Palace cried inexplicably.

He wanted to break his head, but he couldn't understand how Lu Ming suddenly became stronger.

"Is it some kind of secret technique?"

Lord Lei's thoughts changed sharply.

Below, the Lord of Fire Palace was also dumbfounded.

"Nest, I almost forgot. Lu Ming, this kid, has a lot of practice skills. It bursts out with this inscription, and the improvement is more than double."

Whispered.

"kill!"

Lu Ming used his dragon to walk the sky and stepped out one step at a time, and appeared in the sky of the main hall of the thunder palace.

boom!

Under Lu Ming's violent truth, the guns were as thick as mountains, and they hit the master of the thunder palace.

The Lord of the Thunder Palace Chang Xiao, condensed a thunder giant, holding the sword of thunder, like the **** of heaven, wielding the sword upward.

boom!

Lu Ming's gunman, with an unstoppable momentum, detonated down, the Thunderbolt giant collapsed, and the violent power hit the Lord of the Thunder Palace.

Like a meteorite, the Lord of Thunder Palace hit the ground and blasted a huge crater hundreds of meters wide and tens of meters deep.

At the next moment, the Lord of the Thunder Palace rushed out of the giant pit.

At this moment, Lei Zhidian's hair was scattered, his clothes were ragged, and there was blood in the corners of his mouth, which was extremely embarrassing.

"Ha ha ha, old man Zheng, you also have today, ha ha, east of Tianxuan, since the wild fanatic of Yan was born a hundred years ago, a new arrogance was born."

The Lord of Fire Hall laughed, the laughter was very happy, and then the vitality in him slowly dissipated, and finally belonged to nothingness.

The Lord of Fire, left in a big laugh.

"Damn!"

The Lord of the Thunder Palace roared, then turned and ran.

He knew that he could no longer kill Lu Ming, and could only escape.

"Want to run, kill!"

Lu Ming stepped on Jiulong and walked up the sky, chasing after him, his spear shuddered and his gun burst out.

The Lord of the Thunder Palace was helpless and could only turn back to resist.

"Look at me!"

Dan Dan kicked his legs, bouncing off Lu Ming's shoulders, screaming, and then four heads retracted into the turtle shell. The turtle shell continued to rotate in the air and smashed into the face of Lei Zhidian.

The Lord of Thunder Palace hit countless thunderbolts, but had no effect on the turtle shell. The turtle shell directly passed through the heavy lightning and smashed towards the face of the Lord of Thunder Palace.

Lord Lei has already experienced, one hand quickly back to the defense, want to shoot Fei Dandan with a palm, but Dan Dan dribbled in the air, quickly avoided the palm of Lei Zhidian.

bump!

A turtle shell was stamped on the face of Lei Zhidian.

The Lord of the Temple of Thunder screamed and backed up again and again. On his face, there was a clear seal of the turtle shell, blood flowing.

"Strike!"

Lu Ming seized the opportunity and launched a tremendous blow. A shot pierced through the heart of Lord Lei.

The Lord of the Thunder Palace roared, his eyes full of unwillingness.

"Get on the road!"

The spear shocked and the violent energy exploded, tearing apart the heart of the Thunder Lord and the internal organs.

"I'm not willing!"

The Lord of the Thunder Hall roared and died in anger.

"Sinners do not live!"

Lu Ming snorted coldly, and the blood of Jiulong emerged, devouring the blood of Lord Thunderlord, and immediately took off the storage ring of Lord Thunderlord.

Stepping out, Lu Ming came to the front of the Lord of Fire.

The Lord of the Fire Palace was exhausted, but with a beaming smile on his face.

Lu Ming sighed, it is really sighable that the generation of the main hall of the east part of the palace is dying in the hands of the main hall of the thunder.

"Senior, go with peace of mind, the old man, Lord of the Thunder Palace, I have killed!"

Lu Ming whispered, Zhenyuan sucked and put away the storage ring of the Lord of Fire.

Then he dug a pit in the same place and buried the body of the Lord of Fire.

"Xuanhuang silica!"

Lu Ming looked at the mound.

"Hahaha, how is it? This seat is not wrong, there is mysterious yellow silica here, which can be regarded as your great fortune, but the seven roots and seven knots of grass belong to this seat."

The two front paws were carried on the turtle shell with triumphant glory, and a pair of dark eyes stared at the seven plants.

"No, Qijie grass can't give you!"

Lu Ming directly refused.

"What? Can't give it to me, Lu Ming, you white-eyed wolf, I've directed you to find Xuanhuang silica. Do you know how precious Xuanhuang silica?? Also, I also helped you deal with the Temple of Thunder just now. Lord, don't you know how to repay grace? This seat was seriously injured and needs to be restored by spirit grass, are you so stingy?"

As soon as he was angry, a tortoise claw finger landed, and there was a burst of words.

Lu Ming was speechless and said, "Give you a plant."

"No, two!" Dandan shouted.

"Okay, deal!"

Lu Ming agreed immediately.

"This seat..."

Dan Dan grinned as if being pitted by Lu Ming.

Immediately, Lu Ming dug up seven plants of seven knots and gave them two.

It's like eating radish when it's picked up, and it's like enjoying it.

Watching Lu Ming speechless for a while, I really don't believe that Dandan is a peerless powerhouse.

Later, Lu Ming took out a huge red furnace.

This red furnace was found in other people's storage rings. Lu Ming packed the xuanhuang silica into the red furnace.

One thousand catties, the mysterious yellow silica here has one thousand catties, and it is full of a red furnace.

Lu Ming's eyes brightened. If so many xuanhuang silicas are placed outside, they will definitely cause great shocks. Countless Ming Masters will be crazy.

Lu Ming enlightened the ancient trees and carefully planted them into the mysterious yellow silica.

After planting, Lu Ming waved his hand, and a lot of spirits and flowers appeared in the air.

These are all low-level elixir from other people. Most of them are first-level, second-level, third-level and fourth-level. For Lu Ming, it is not very useful.

When Lu Ming's palm was pressed, the majestic True Elemental broke out, and these elixirs instantly collapsed and were shattered into pieces. Then Lu Ming's True Elemental became two True Elemental hands, holding these spirit grass powders, and squeezed hard Pressing, a drop of spirit liquid appeared and dropped on the mysterious yellow silica.

Xuanhuang silica can transform such spirit liquid into its own energy, and nourish the spirit herb medicine planted on it.

Thousands of potions of various levels were squeezed, and Lu Ming closed his hands and collected the Xuanhuang silica into the Supreme Temple.

"Dan Dan, do you know where this is?"

Lu Ming looked at Dan Dan.

At this point, Dandan had already solved two Qijie grasses and was lying in midair, with his two front paws holding his head, tilting Erlang's legs, and a leisurely expression.

"I don't know. Although the atmosphere of this world makes me feel familiar, I was injured so badly and I forgot!"

Once and for all.

Lu Ming pouted, knowing this result, this guy, bragging up to heaven, speaks very unreliably.

As the figure moved, Lu Ming flew away in the same direction as before.

Continue to find your way out.

"Wait for me!"

Dan Dansa ran wildly, very fast, one person, one turtle, disappeared in the blink of an eye.

Chapter 573: An island

This land is extremely vast. Lu Ming flew three days in a row, flying millions of miles.

On this way, Lu Ming did not find any excavable veins of Aoyite crystal.

Although the Aoyi crystal is extremely rich in this land, it is also limited. Some areas are more and some areas are less. On the way, Lu Ming found that there were many traces of the excavation, which was obviously already dug.

During the flight, Lu Ming transformed all the blood of Lord Thunder Palace into the power of bloodline.

The power of Wu Wang Jiuzhong's essence and blood, although very strong, still did not allow the Jiulong blood to break through to the eighth level.

Bloodline promotion, the essential blood is more and more scary, so now, the sperm blood swallowed by Lu Ming is not used to upgrade the cultivation behavior, all used to upgrade the bloodline.

"Ok?"

At this moment, Lu Ming felt a salty and damp wind blowing, Lu Ming was stunned and accelerated.

Rumble!

Along the way, there were roars, such as huge waves sweeping, and at the same time, the salty and damp winds became stronger.

With Lu Ming's flight, the roaring sound became more intense and deafening.

Soon after...

"Is this the ocean?"

Lu Ming stood on a cliff, looking far away, stunned.

In front of it, there is an endless ocean, huge waves, violent violent, rolling up the turbulent waves.

The lowest wave can reach several hundred meters high, high waves can even reach more than 1,000 kilometers.

In the sky, the clouds were overcast, the thunder billowed, the wind screamed, and a picture of the end.

"Is this really the sea?"

Lu Ming has never seen the sea since childhood, but he has also heard of it, but he has never heard of it. The sea is so violent.

This ocean, let alone ordinary people, even the martial arts strongman, can't get a foothold.

Lu Ming looked at it for a while, and occasionally he could see a huge sea beast tumbling in the sea.

Lu Ming frowned, looked at it for a while, and then flew along the coastline at speed.

But all the way forward, the oceans you see are all the same, all violent.

Lu Ming flew for three days and it was the same.

"This coastline is round, is this an island?"

Lu Ming speculated.

"Lu Ming, from the experience of this seat, this should be an island, you are tied to an island."

Dandan said.

"Island, then rush out of the island, maybe you can see other people, maybe you can find your way back."

Lu Ming's eyes lit up and flew towards the sea.

boom!

Lu Ming swept the shore, and the gust of wind swept through Lu Ming's complexion.

He found that the wind on the sea was terrifying, like a handful of magic soldiers who kept chopping towards the landing. Lu Ming used the True Yuan to protect his body, but True Yuan was extremely depleted.

According to this trend, Lu Ming hasn't flown far, and Zhenyuan is about to consume it.

Helpless, Lu Ming can only fly back to the coast.

"I don't believe it. The oceans in all directions are so violent."

Lu Ming gritted his teeth and continued to fly along the coastline.

In ten days, Lu Ming flew for ten days. He estimated that he had traveled halfway around this island, but the sea he saw was all the same, violent, which made Lu Ming quite speechless.

Lu Ming was anxious. Now he is two and a half months away from Mulan's marriage, but he hasn't found a way out yet.

"Lu Ming, now can only practice with peace of mind, maybe one day, if someone can come to this island, then you can go out."

Once and for all.

"It can only be so!"

Lu Ming sighed.

In any case, the strength is the king.

Moreover, with his current cultivation practice, even if he can go out, he is not an opponent of Shengxing. Only when his strength is improved can he fight against Shengxing if he goes out.

Later, Lu Ming stopped at the seaside, entered the Supreme Temple, and felt the thunder of peace with peace of mind.

Lu Ming's artistic conception of thunder had already reached the limit of the first-level Xiaocheng, and five days later, Lu Ming's artistic conception of thunder broke through in one fell swoop and reached the first-level achievement.

This is a hurdle, the artistic conception of the first-level Dacheng, but the symbol of the Dacheng King.

"Lei Zhiyi's artistic conception is a great achievement. Now, use the Arcane Crystal to enhance the other two artistic concepts!"

Lu Ming first came up with a piece of middle-class wind attributed crystal.

Now, Lu Mingcai is very arrogant and he intends to break through directly with the Chinese Aoyi crystal.

A handful of smashing the middle-class wind attribute mystic crystal, Lu Ming closed his eyes to practice.

Two days later, Lu Ming opened his eyes. Around him, the wind screamed, forming a wind blade.

The artistic conception of the first-class wind is great.

Moreover, it is still in the middle stage of the first grade.

The middle-class Aoyi crystal is so powerful.

Generally speaking, the medium-quality Aoyi crystal is the spirit sea realm that can be used to cultivate and understand the second-level world-world conception. For the first-level world-world conception, the effect is naturally great.

This is also the reason why Lu Ming has an ancient tree of Taoism. Most people use Zhongpin Aoyi crystal in the Wuwang realm. I am afraid that it will waste 70% or 80% of the Zhongpin Aoyi crystal. Generally, no one will be so wasteful.

Lu Ming has the ancient trees of Taoism, and at most only wastes 10% to 20%.

"Now, it's the mood of fire!"

Lu Ming took out another medium-quality fire crystal, and crushed it, and began to understand.

Two days later, the concept of fire also broke through to the first-level Dacheng in one fell swoop, which was also the mid-level first-level Dacheng.

The great success of the three kinds of artistic conception made the power of Lu Ming's integration of the three kinds of artistic conception reach a terrifying point, completely surpassing the pinnacle of a single artistic conception.

Moreover, Lu Ming can now impact Dacheng King.

"Great King!"

Lu Ming's eyes showed a look of great expectation.

With a wave of hands, a bunch of top-quality spirit crystals appeared, with a total of 200,000 pieces.

When the True Elementary Shock, the Needling Spirit Crystals burst, and the Jiulong Blood Vessel opened its mouth to absorb the energy of these Spirit Crystals.

Soon, 200,000 Needling Spirit Crystals were refined, and Lu Ming took out another 200,000.

The true element in Lu Ming's body became more and more thick and powerful, and he began to attack the King of Wuqi, the King of Dacheng.

Rumble!

The real element in the body is as violent as the outside world.

"Not enough, not enough!"

When Lu Ming refined 1.4 million nephrite spirit crystals, he found that they were still far behind.

Lu Ming gritted his teeth and exploded 600,000 pieces of Needling Spirit Crystals in one breath, swallowing them all, and began to attack.

Three days passed by in a flash.

Three days later, Lu Ming suddenly issued a long roar, and a terrifying breath erupted throughout his body, rising into the sky.

If it were not in the Supreme Temple, I am afraid it would disturb the sky and clouds.

"The Seventh King of Wu, the King of Dacheng, has finally broken through!"

Lu Ming laughed.

Now, he is finally standing in the same realm of Holy Star.

Of course, the Holy Star had reached the peak of Wuwang Jiuzhong a few months ago, and it is only one step away from the peak king.

Lu Ming's pressure is still great.

But at least fast approaching.

As soon as his thoughts moved, Lu Ming came out of the Supreme Temple and appeared on the beach.

boom!

Lu Ming gripped in the air, a long gun condensed out, and a gun was drawn towards the ocean.

Chapter 574: other people

The lance turned into a three-kilometer-long giant gun, breaking through the violent wind on the ocean and pumping fiercely on the sea.

In an instant, a huge wave thousands of meters high was crushed, and in the middle of the ocean, a huge spear mark appeared, and the seawater collapsed into it, separating to both sides.

As if, the whole sea was split in half by Lu Ming.

boom!

After a few breaths, Wang Yangzhong made a roar, and the giant wolf turned over and submerged the traces of the long gun again.

"My combat power is at least five times stronger than when the six kings of Wuwang peaked!"

Lu Ming's eyes brightened.

Now, if he fights with the Lord of the Thunder Palace, he is confident that he can kill the Lord of the Thunder Palace with a single shot without the help of inscriptions.

"Now, in this ocean, cultivate Jiulong's three steps to the Dragon God!"

Three kinds of artistic conception have achieved great success, and the dragon **** has three skills, and they can also cultivate to the fifth level.

When the Triple Artistic Conception reaches its peak, it can cultivate the Dragon God's Three Wonders to the sixth level and reach its peak.

Later, Lu Ming concentrated on practicing two martial arts skills.

In a blink of an eye, the time flickered and another three days passed.

During this time, Dan Dan looked at the seaside in a daze every day and seemed to be thinking about something.

"Ok?"

On this day, Lu Ming was practicing, and suddenly heard a shout of killing from a distance.

And the sound of shouting is approaching the sea.

"Go and see!"

Lu Ming flew in that direction and flew in that direction, and Dandan hurriedly followed.

In front, there were five figures flying towards the sea. They were all covered in blood, and their faces showed horror.

Among these five people, three are masters of the Xuan Family in the Abandoned Ancient City, all of which are Xiaocheng Kings.

The other two are the two protectors of Emperor Tianjing Palace.

One of them, with a very strong breath, was actually the king of the seven kings.

The guardian methods of the Emperor Tianjin Palace are generally the kings of the six kings of the Wu King. Obviously, this guardian method has been broken through during this time.

However, there was still a panic on his face.

"Haha, you can't run away, die!"

Behind, dozens of bodyguards were chasing and laughing.

They are not in a hurry, like cats and mice.

Among them was a corpse guard, Xiuwei reached the peak of Wuwang Yazhong.

After running for a while, they were almost approaching the beach.

"The sea is ahead!"

The two protectors of Xuan Family and Emperor Tianshen Palace had a desperate face.

"Hahaha, now see where are you going?"

Some guards laughed.

"Don't run away. Today, you are all going to die. Obediently become our corpse refining. Didn't your Emperor Tianshen Palace, the palace master, turn into our corpse refining?"

The corpse guard at the peak of Wuwang's eightfold sneer.

"Today, it is you who died!"

Suddenly, in the direction of the sea, a cold voice came.

Ok?

Everyone was stunned, looking at the direction of the seaside, they saw a rainbow flashing away. At the next moment, a young man in his twenties appeared, his eyes cold like a sword, it was Lu Ming.

"Lu Ming, are you? Go away, you are not their opponent!"

A guardian wearing a green robe saw Lu Ming and shouted.

But Lu Ming stepped forward and greeted the body guard of the Heavenly Corpse Sect.

"Haha, here is another kid who died."

A corpse guard of the six kings of Wuwang Peak sneered, and manipulated two corpses to kill Lu Ming.

"dead!"

Lu Ming flicked his fingers, and three guns flew out, directly piercing the body guard of the six kings of the King of Wu and the eyebrows of two corpses.

The bodyguard's eyes widened, an incredible look.

He did not expect that Lu Ming's guns were so fast that he could not stop them.

"Boy, look for death!"

The corpse guard at the peak of Wu Wang's eighth peak shouted, and there was a lot of murder.

Other bodyguards also surrounded Lu Ming.

"How to do?"

The people of the Xuan family stopped in the distance with two guardians and had a complex complexion.

"In the other party, there are two great kings, the corpses of five great kings, Lu Ming is definitely not an opponent, we go up and die!"

A law protector.

"Yes, let's go quickly!"

A middle-aged Tao of the Xuan family.

The others hesitated in his eyes.

"Hurry up and wait for Lu Ming to die, we can't leave."

The Xuan family urged in middle age.

"Okay! Let's go!"

Others gritted their teeth.

But at this moment, the abnormality protruded.

From Lu Ming, a huge dragon appeared, sucked in his mouth, and a few drops of essential blood flew out of the body of dozens of bodyguards, and then fell to the ground like raindrops.

Only the bodyguards of the two great kings did not die, but they also looked pale.

"This..."

The Xuan Family and the two protectors reveal incredible colors.

"Damn, you dare to kill the man of my corpse, find death!"

The corpse guard of Wuwang's Eighth Peak yelled, controlled three corpses, and rushed to the landing.

"That's... Lord of the Earth!"

Lu Ming found one of the corpses, very familiar, is clearly the owner of the Palace of Earth.

"Hahaha, this is a master of the Emperor Tianshen Palace. We were beheaded by our masters and rewarded me for sculpting corpses. Isn't it strong?"

Wu Wang's body guard sneered.

"dead!"

Lu Ming's spear swept away, and the corpses of the two kings of the eight warlords were swept away tens of thousands of meters like a shell and hit the ground.

Immediately stepped out, the strength of Jiulong's Heavenly Steps exploded, and another warrior of the Seventh King of Wu and his two seven-fold corpses exploded directly.

"Ah, how could this be?"

The bodyguard of Wuwang's eighth peak was screaming in shock.

Not far away, the three members of the Xuan family and the two protectors who were preparing to escape were stunned and watched all this.

Lu Ming, with no effort at all, killed the bodyguards who made them flee, so powerful that it was unimaginable.

Grunt!

The middle-aged man of the Xuan family swallowed a moment just now, sweating in cold sweat.

"Don't come over!"

The corpse guard screamed, and manipulated the refining corpse of the Lord of the Earth, who was standing in front of Lu Ming, and at the same time he ran to death.

"Humph!"

Lu Ming stepped out in one step, and his figure passed away. He passed the Lord of the Earth Palace and appeared behind the body guard. He speared out, stabbed in from the body guard's waist, and pierced through his Dantian cave.

When Zhenyuan broke out, Dan Tian of the corpse guard exploded and was completely destroyed.

After the repair was destroyed, the body of the Lord of the Earth stopped in the air and remained motionless.

"Don't kill me!"

The bodyguard screamed for mercy.

"Say, where are the rest of you?" Lu Ming asked.

"Just in a plain in front of 100,000 miles, I beg you, let me go!"

Corpse guard begs for mercy.

Buzz!

The spear shook, and the bodyguard was torn apart.

With a wave of hands, dozens of storage rings flew into Lu Ming's hands and disappeared.

"Lu Ming, I didn't expect to see you for a while. You have grown to this point."

At this time, the three members of the Xuan family and two protectors flew over, and one of the protectors smiled.

"Yeah, I have lived for hundreds of years, and Master Lu Ming is the strongest genius I have ever seen."

The middle-aged man of the Xuan family also smiled flatteringly.

Chapter 575: Come kill you

Lu Ming nodded lightly without saying much, and flew to the body of the Lord of the Earth.

Just now, the discussion between the three members of the Xuan family and the two law protectors was heard by Lu Ming even though they were separated by a certain distance.

The character of these five people is really not very good, Lu Ming does not want to say more.

The five looked at each other and followed Lu Ming.

Lu Ming waved it out, and the surging true elements covered the body of the Lord of the Earth, eliminating all the breath and inscription marks left by the corpse sect in his body. The Lord of the Earth turned into an ordinary corpse.

Then Lu Ming dug a pit nearby and buried the Lord of the Earth.

"Lu Ming, what do you plan to do next, why not join us?"

A dharma protector said, looking at Landing Ming with hope.

Lu Ming's combat strength is too strong, if Lu Ming can be with them, then they are much safer.

"Okay, I'm going to the corpse's gathering point to hunt the corpse, will you come together?"

Lu Ming looked at the three members of the Xuan family and two protectors with a faint smile.

"Go to the corpse gathering point to hunt the corpse guards, you are crazy, that gathering place has gathered more than three hundred corpse guards, and three martial corpses of the king of the nine kings, control the corpse of the dragon, and go to die. ."

The middle-aged Xuan family cried out.

"Oh? Then are you going?"

Lu Ming smiled faintly.

"Lu Ming, it's really too dangerous. You should go with us to see if we can find a way out."

A law protector.

"In this case, please do it!"

Lu Ming waved his hand.

He had no slight affection for these people.

"You...Lu Ming, don't think that there is some strength, you can ignore others, and I won't die with you."

The middle-aged man of the Xuan family finished, and turned and left.

The other four people's faces changed, and they followed the middle-aged man of the Xuan family.

Lu Ming smiled lightly and didn't care.

Fisting at the mound of the Lord of the Earth, Lu Ming turned around and went inland.

A hundred thousand miles later, there was a plain, on which was placed a huge coffin, filled with corpses.

This is the gathering point of the corpse guards.

"who"

Lu Ming was discovered as soon as he arrived, and a body guard appeared to control two corpses.

"The people who killed you!"

Bing Han's voice came out, a finger, a gun shot out, nailing the bodyguard.

"Someone attacked!"

A roar came and the whole plain was rioted.

Uh! Uh! ...

The sound of breaking the sky sounded, one by one bodyguard, one by one corpse, flying out of the coffin.

For a while, hundreds of corpses appeared in front of Lu Ming, and there were more corpses.

"A person? Why a person?"

"Dare to dare to attack alone, to death!"

"Shoot, kill him!"

Some corpses shouted, manipulated the corpses, and slammed towards the landing.

Lu Ming stood in the void, motionless, and waved a dozen shots.

The speed is so fast that those below Dacheng King simply cannot respond.

puff! puff! puff! ...

More than a dozen sounds of sharp blades piercing into the body sounded, and dozens of bodyguards were killed.

Among them, even including the two strong kings of the six kings.

"So strong!"

The other corpses were terrified and could not help but retreat.

"You give way, this person is the king of success, you are not opponents!"

A shattered voice sounded, and an old bodyguard appeared.

Beside him, followed by two middle-aged bodyguards.

Roar! Roar!

Two roars and two huge monsters appeared in front of the old guard.

In addition, there are two strange corpses, wearing armor and holding a spear, which is very different from other corpses.

But they all exhaled a strong and powerful atmosphere, all of which were the corpses of Wu Wang's ninth level.

Later, there are two ordinary corpses with iron chains, which also exude the powerful breath of King Wuzhong.

Three Wu Wang Jiu Zhong's body guards, six Wu Wang Jiu Zhong's powerful corpses.

This can be said to be the most powerful force in the bodyguard attacking the ancient city this time.

"It's all here, okay, and save me one by one!"

Lu Ming looked coldly.

"Little guy, in a big tone, look at your breath, just after breaking through the Dacheng King soon, dare to say that he wants to kill us, it's really not self-control, kill!"

The old corpse guard sneered, and then a huge monster roared and rushed towards the landing.

The corpse's eyes were red with blood, and the whole body was filled with aura, rushing out, bringing a gust of wind.

The wind and thunder gun appeared in the hand and swept out.

A huge spearman appeared, surrounding the three worlds.

bump!

The huge monster, the Buddha is just a doll, was swept away by Lu Ming.

Around them, those corpses could not escape, and were hit by a huge body of demon corpses, and some corpses burst directly.

"So strong?"

The bodyguards of the audience, including those of the three martial kings, Jiuzhong, all had wide-eyed eyes and a dumbfounded expression.

The monster corpse of King Wuzhong is stronger than the ordinary corpse of King Wuzhong.

The whole body is invulnerable and powerful, but now, Lu Ming is easily swept away with one shot, which is terrifying.

"Shoot together and kill this person!"

The old corpse guard roared.

Roar!

The roar sounded, and the three Wu Wang Jiu Zhong's bodyguards joined forces. The remaining five Wu Wang Jiu Zhong's corpses were rushed to the landing together, and they were terrifying.

At the same time, there are other corpses guards, who control the corpses to kill the landing.

"kill!"

Lu Ming Chang Xiao, Zhen Yuan roared, the momentum was soaring, the blood of Jiulong emerged, and his mouth was sucked. Suddenly, more than fifty corpses guarding at close distances were swallowed with essence blood and landed on the ground.

At the same time, he speared his long gun like an invincible warrior.

bump! bump! bump! ...

He was swept away by the five corpses of Wu Wang Jiuzhong.

Today, Lu Ming's combat power has surpassed Wuwang Jiuzhong and is approaching the peak king.

"Not good, control the dragon body!"

The old corpse guard screamed, and quickly backed away with the other two corpse guards of Wu Wang Jiuzhong, and his hands flicked the seal.

Roar!

A dragon chant sounded, and a huge dragon body ran from the depths of the plain.

The corpse guards of the three martial kings, Jiu Zhong, flew up to the head of the dragon body, manipulated the dragon body, and drove to the landing.

At this time, Lu Ming's Jiulong bloodline erupted with a horrible force of devouring, and more than fifty bodyguards were killed by him.

Of course, Lu Ming didn't let go of the storage ring.

"court death!"

The old corpse guard roared, and the dragon corpse caught with a claw towards the landing.

The space seemed to be unable to withstand such pressure, shaking violently.

Where the dragon's claws had caught, the air compressed sharply and burst.

"Look how strong it is! Real dragon strike!"

Lu Ming broke out with all his strength and stabbed.

A three-color true dragon blasted with the dragon body.

There was a trembling roar, four volumes of strength, and some nearby bodyguards were torn apart by the strength and fell to the spot.

The earth shook and cracked a huge mouth, spreading like a cobweb on the plain.

Chapter 576: Three Eyes

The three-colored true dragon was defeated, Lu Ming's figure retreated sharply, and he stepped back for thousands of kilometers. His blood burst and a spit of blood spewed out.

"What a strong force, this dragon was definitely the ultimate existence of Linghai Realm during his lifetime!"

Lu Ming wiped the blood from the corner of his mouth, staring at the dragon body with some solemnity.

This dragon body is extremely powerful, invulnerable, and the three corpses did not exert much strength of this dragon body, but the blow just now should reach the level of the peak king.

Before, in the Old City of Abandoned, more than ten kings of the big city controlled together, then it was powerful, almost near the Linghai Realm.

This kind of powerful corpse refining, the more people it controls, the real strength can be exerted.

"So strong?"

On the dragon body, the three guards were also shocked.

"carry on!"

The old corpse guard roared, controlled the dragon body, and continued to kill Lu Ming.

"Do you think that I will be tough?"

Lu Ming's mouth showed a ridiculous smile, his figure flashed and rushed towards the other bodyguards.

The engulfing power of the Jiulong bloodline exploded in madness, and every corpse guard was devoured the essence blood, and fell here.

"Damn!"

On the dragon body, three corpses controlled the dragon body and could not keep up with Lu Ming's speed.

Lu Ming casts a step in the sky and walks out in one step. In ten seconds, large corpses of corpses were harvested by Lu Ming like weeds.

Soon, more than two hundred bodyguards were killed by Lu Ming.

A total of more than 300 bodyguards, how long? More than two hundred died.

The remaining bodyguards screamed and fled.

Uh!

Suddenly, Lu Ming took two consecutive steps, his figure flashed, appeared over the body of Jiaolong, and shot at a corpse guard of Wu Wujiu.

The bodyguard roared, bursting out of a body of corpse gas, forming a dozen corpse gas shields in front of him.

But it was useless, the guns were pierced, the shield burst, and the body guard's head burst like a watermelon.

At this time, the paws of Jiaolong's corpse caught Lu Ming.

Lu Ming swept across and blasted the Jiaolong claws, drifting backwards by force, and a trace of blood spilled from the corner of his mouth.

"No, let's go! Go!"

On the dragon body, there were two corpses guards of Wu Wang Jiuzhong. At this time, he was afraid to fight Lu Ming and manipulated the dragon body. He chose a direction without panic and fled wildly.

Three people manipulated Jiaolong's corpse, and all were killed by Lu Ming. Now there are only two people left. They control Jiaolong's corpse, and their power is weaker. They dare to fight Lu Ming wherever they are.

There were dozens of corpses guards, also following Jiaolong's body, fleeing frantically. That direction is exactly the direction of the sea.

There was a sneer on Lu Ming's mouth. Those people, who had no choice but to go, actually ran to the direction of the sea, almost to death, but instead of rushing to chase, he stepped on the foot of Jiulong and chased the bodyguards in several other directions.

After a while, dozens of bodyguards were killed by Lu Ming, and Lu Ming chased toward the sea.

He performed Kowloon's footsteps at a very fast speed. Soon, he was seen to be fleeing the corpse of the corpse and others.

"He came after, run away, run away!"

The old corpse guard's face is ugly, and he controls the dragon body madly to escape.

Rumble!

Ahead, there was a roar of deafening waves.

"The sea!"

The old bodyguard changed his face badly.

The other bodyguards are similar to him.

"Rush, rush into the sea!"

The old corpse guards roared. They had Jiaolong corpses and planned to rush into the sea to gamble.

As long as they hide in the dragon body, they may be able to survive in the sea.

They rushed towards the sea quickly, but when they reached the coast, they stopped.

ferry!

They saw the boat.

Deep in the sea, they saw three huge ships approaching this way.

Even Lu Ming stopped, showing shock in his eyes.

Having a boat means that you can leave this ghost place.

Lu Ming stopped the pursuit of the bodyguard.

The three ships drove towards this side very quickly, getting closer and closer, and Lu Ming and others were more and more shocked.

Where is the ordinary ship, clearly three sea battleships, each of which is huge and awl-shaped, and the deck is more than a kilometer high from the water.

The whole body is black, it seems to be made of a strange metal, and it is engraved with some strange creatures, which Lu Ming has never seen.

On the ocean, the terrifying waves and the raging winds have no effect on the three warships.

Three warships came by the wind and waves.

"Haha, we are saved, we can go out."

There was a bodyguard laughing, rushing towards the beach ecstatically, getting closer and closer to the sea.

"No, no!"

On Lu Ming's shoulder, Dandan's eyes were suspicious, and his mouth kept muttering.

"What's wrong? When someone comes, it means we can leave this island."

Lu Ming's eyes revealed a look of anticipation.

"Right or wrong, the breath on these three warships, I am a bit familiar, as if it is the breath of my enemy."

As soon as he whispered, he seemed to be thinking hard about some things.

But for a time, I couldn't think of it.

"Lu Ming, believe me, retreat, very dangerous!"

It's rare to say something dignified.

Lu Ming's eyes flickered, revealing a pondering color, and finally, he stepped back dozens of miles and appeared on a cliff, looking into the distance.

At this time, the warship was getting closer and closer, and the terror and coercion issued by the warship could be felt more.

The dragon body was big enough, but in front of this huge battleship, it was like a reptile.

Rumble!

The waves were broken and the three warships stopped dozens of miles from the sea.

Many bodyguards stared at him.

Uh! Uh! ...

At this time, a figure flew out of the battleship and appeared in the high altitude of the ocean.

"That is?"

Lu Ming's eyes snapped, revealing a shock.

Because those figures rushing out of the battleship are not human at all.

Although adult, each one is more than two meters tall, covered with black scale armor. It is similar to the scale demon clan Lu scale has seen before.

The difference is that these figures, with two sharp corners on the top of their heads, emit a sharp light, and actually have a third eye in their brows.

"The general is right, Tianya Island really has abnormalities, and some reptiles have appeared."

A burly three-eyed creature spoke, and what it said was exactly the same as Lu Ming's.

"How did these reptiles appear, did they come from Yuanjie?"

"Possibly, wonderful, really wonderful, the reptiles of Yuanjie actually ran to heaven, haha, take them down and give them to the general, they must ask how they came, maybe they can find the way to Yuanjie Of the entrance!"

Some other three-eyed creatures spoke one after another.

In words, there were about dozens of three-eyed creatures, moving in shape, rushing to the shore, and then waving their hands, their claws actually enlarged sharply, grabbing the crowds of the Celestial Sect.

"So strong!"

Lu Ming's pupils contracted sharply.

Chapter 577: Heaven? Original world?

He found that each of the dozens of three-eyed creatures was stronger than him, and most of them were definitely at the level of the peak king, and a small half of them were terrifying, with breath like the abyss, and they did not know how much stronger than the peak king.

Linghai Realm, those, are absolutely peerless powerhouses at the level of Linghai Realm.

It's terrifying that there are so many peerless strongmen in the Linghai realm.

"No, go!"

At this moment, the body guard of Tianzong Zong's face changed wildly, screaming again and again, and fleeing back crazy.

But where can I escape?

A huge scale armored palm grabbed the dragon body, without any resistance, was grabbed, including the two kings of the nine kings, like a small worm, was caught Was thrown into a bottle by the three-eyed creature.

The bottle was not big, but it threw the 200-meter-long Jiaolong into it.

"Stop, there is something to say, we are disciples of Heavenly Corpse Sect!"

There was a bodyguard yelling.

"What Heavenly Corpse Sect, a group of sad Yuanjie reptiles, Yuanjie, will soon be captured by my family!"

A tall three-eyed creature laughed, and with a big grasp, several bodyguards were caught and thrown into a bottle.

"go!"

Lu Ming did not hesitate, turned and ran.

Being caught by these creatures, there is absolutely no good ending.

Lu Ming's heart sank.

From the conversation between the three-eyed creatures just now, Lu Ming obtained some information.

skyline? Yuanjie?

Does this place belong to heaven? What is heaven? Isn't it his original world?

How should I go back?

What are these three-eyed creatures?

Lu Ming has many doubts in his heart, but he can only run away. If he is caught by the opponent, there will be no good ending.

"Huh? On this deserted island, it seems that there are many reptiles from Yuanjie. We will take action in batches and catch all of them, one will not stay!"

A terrifying three-eyed creature commanded.

"Yes!"

The other three-eyed creatures lead their lives.

At this time, dozens of bodyguards had been arrested long ago, and dozens of three-eyed creatures were scattered and flew towards the island.

Not only that, from a battleship, dozens of three-eyed creatures flew out into the island.

Rumble!

A three-eyed creature flew at a speed behind Lu Ming. The speed was terrifying and the space shook.

However, he did not find Lu Ming.

Lu Ming did not fly in the air, but converged on the ground and continued to fly.

"I saw you!"

Behind the three-eyed creatures roared loudly, a palm shot, a huge palm print, not far from Lu Ming's right.

"Go, go!"

Suddenly, there were several frightening roars from that place, and five figures appeared and fled wildly.

"Well, it's them!"

The five figures are actually three members of the Xuan family and two protectors of the Emperor Tianshen Palace.

Obviously, the five also saw Lu Ming.

"Lu Ming, help, help!"

The middle-aged man of the Xuan family shouted and approached Landing Ming.

"Nest!"

Lu Ming roared in his heart. In order to survive, the other party wanted to pull him into the water.

Originally, the three-eyed creature did not find Lu Ming, this time, it was discovered.

"Damn!"

Lu Ming roared and rose into the sky. He exhibited in Jiulong, and his speed soared.

But in this way, the risk of exposure is also greatly increased.

"Lu Ming, you will not be saved if you die, you must not die!"

Seeing Lu Ming go away, the middle-aged Xuan family shouted in despair.

"Noisy!"

Grab it with one big hand, grab five people in the hand, and throw it into a bottle.

"Interesting reptile, it's running very fast, see if you can escape my palm!"

The three-eyed creature, a cold light flashed in its eyes, chased toward the landing Ming, the speed of the horror, was not slower than Lu Ming.

"Lu Ming, hurry, the other party is coming."

Hurriedly.

"I see! Don't be noisy!"

Lu Ming gritted his teeth and used Kowloon to step forward to the extreme. It was unbelievable that he stepped in three steps and was fast.

But in the rear, the three-eyed creature still followed.

"The three-eyed creature is extremely powerful, looking at the breath, and is infinitely close to the Linghai Realm. I am by no means his opponent. Once he is entangled with him and waits for the other three-eyed creatures, I will be dead."

Lu Ming's thoughts changed sharply.

"Dan Dan, aren't you a peerless rebirth? Is there a way?"

Lu Ming can only focus his attention on Dan Dan.

"Of course there is a way, I now engrave a large array of inscriptions of convergence on your body, so that your breath will completely converge, the other party will not be able to sense you at all, then you will find a place to hide, and I will help you again Engrave an inscription formation to isolate your breath."

Dandan's eyes turned around.

"Then hurry up!"

Lu Ming cried.

Immediately, Dan Dan's claws flicked, Lu Ming continued to chase and flee.

"Haha, Tanbu, you can't catch up with a reptile, do you want me to help you?"

Just then, there was a sound not far away, and another three-eyed creature appeared.

"Without your intervention, I am enough!"

The three-eyed creature chasing behind Lu Ming shouted.

"Oh, it's up to you!"

The other three-eyed creature smiled and flew to other places.

Lu Ming took a long breath and continued to flee.

Soon, it flew hundreds of thousands of miles.

"Dan Dan, why isn't it good?"

Lu Ming asked.

"Cough, just failed, just hold on!"

A few embarrassing coughs.

"My day!"

Lu Ming was speechless, and along the way, Dandan had failed five times.

Lu Ming seriously doubted whether Dandan could do it or not, fooling him.

"Hey, boy, what is your expression? Do you doubt this seat? This seat is the top ten war beasts, beasts, unparalleled strength, inscriptions, alchemy, refining tools, everything, everything, you dare to doubt me. If these seats weren't injured that year, these ants could blow to death."

Shouted.

"I believe in you, I believe in you, hurry up!"

Lu Ming is speechless and can only grit his teeth and run.

Another moment.

"Okay, haha, succeeded!"

Shouted.

I saw Lu Ming, filled with inscriptions, very beautiful.

"Really useful?"

Lu Ming expressed doubt.

"Nonsense, of course it works! You can't feel it yourself, but no one else can sense your slightest breath, even the Linghai Realm, unless it exceeds the Linghai Realm."

Dandan said confidently.

"Okay, I believe you."

As soon as Lu Ming gritted his teeth, he continued to fly. Soon, a lake appeared in front of him. Without thinking, Lu Ming plunged into the lake.

The lake is deep, reaching thousands of meters.

After Lu Ming rushed into the lake, he landed at the bottom of the lake very quickly. A spear was condensed in his hand. The spear spun quickly, like a drill bit, and drilled towards the bottom of the lake.

The bottom of the lake was drilled like a tofu, and Lu Ming rushed in.

Chapter 578: Massive crystal

As soon as Lu Ming rushed into the cave, the true element burst out. The cave entrance behind collapsed and was covered with mud at the bottom of the lake. It was impossible to see that there was a cave entrance.

Lu Ming rushed into the bottom of the lake, nothing else, just to obstruct the sight of the three-eyed creatures with the lake water.

boom!

Soon after Lu Ming got into the bottom of the lake, the three-eyed creature arrived and rushed directly into the bottom of the lake, which caused a huge wave.

But when he rushed into the bottom of the lake, he didn't find Lu Ming's trace. He couldn't even feel the breath even with the breath.

"Damn!"

The three-eyed creatures roared, radiating a completely different energy from the true yuan, raging unscrupulously at the bottom of the lake, the riot of the lake, countless aquariums in the lake were killed, and the blood stained the lake.

Under the ground, Lu Ming urged Zhenyuan, rotated Zhenyuan's spear, and continued to drill down.

Rumble!

Above, a deafening roar came, and Lu Ming knew that the three-eyed creature arrived.

Lu Ming was too lazy to bother to drill down with all his strength, and the speed was very fast. Soon, he drilled down a few hundred meters, then turned around and drilled forward in parallel.

After drilling for hundreds of miles, Lu Ming dug a cave underground, and Lu Ming intends to stay here temporarily.

"Boy, my inscription formation method is good, hey, now, I'm carving a large formation around this cave, keeping the other party searching the island, and I can't find you."

Very proud.

Then around the cave, began to inscribe inscriptions.

Lu Ming exhaled for a long time, frowning tightly.

This time, fortunately, it wasn't a three-eyed creature in the spirit sea realm chasing him, otherwise, he would never escape.

I thought I saw the hope of going out, but now I am desperate.

Also, how is Xuanxiang? With her cultivation practice, she landed on this deserted island.

"Xuan Sect Master, it seems that you have to bear your trust!"

Lu Ming sighed.

Later, Lu Ming put aside other thoughts and started to fight the dragon, and began to heal.

Earlier, he had a few moves with Jiaolong's body and suffered a minor injury.

About half an hour later, Lu Ming's injury has healed.

"Boy, the inscription formation has been carved, you can rest assured!"

Dan Dan appeared on Lu Ming's shoulder.

"Dan Dan, you said that you are familiar with these creatures, and think about it, are there any clues?"

Lu Ming said.

Now, I can only give hope to this unreliable little turtle.

"Hey, this seat was injured and memory problems occurred. I can't remember much, but I vaguely remember that they are my enemies. The place where I live should be in this world, heaven!"

Dan frowned and thought.

"Sky Realm, where is Sky Realm, is it a plane?"

Lu Ming said.

"Of course not. I vaguely remember that the heaven should be a main world, and the world you are in should be called the meta realm. It is also a main world. The two worlds are twin worlds. The two worlds complement each other!"

"Tianjie? Yuanjie? Twin World?" Lu Ming was confused.

"Is the so-called Tianmen of my world the gateway to this world?"

Lu Ming guessed and finally knew why Dandan sprayed from Tianmen.

"Hey, I don't remember much. Don't ask me anymore. When I remember it, I will naturally tell you, now, you will be hiding here for a while and practice well!"

Once and for all.

Lu Ming nodded, for the time being, this could only be the case.

Later, Lu Ming entered the Supreme Temple and waved a handful of storage rings beside him.

There are more than two hundred.

Lu Ming has not counted the storage rings obtained during this time.

Just when there is time now, just take a look at it.

With so many storage rings, how many Arcane crystals can there be? Lu Ming was full of anticipation, and immediately counted them one by one.

This inventory was roughly cleared after just over a day.

Lu Ming was completely ignorant.

Aoyi spar, too much.

Lu Ming counted a total of 18 kinds of Arcane crystals, the total number reached 230,000, plus 30,000 before him, a total of 260,000.

260,000 pieces of Arcanite, what is this concept?

Lu Ming's heart trembled.

Moreover, Lu Ming found that some people had very few Aiyi crystals in the storage ring, and some people had many.

This is normal. On this island, it is impossible to have all-or-nothing crystals everywhere.

The area that Lu Ming passed before is estimated to be relatively large.

Lu Ming estimated that more than 260,000 pieces of Arcanite had fallen into his pocket.

Among them, there are more than fifteen thousand pieces of Wind Profound Crystal, Fire Profound Crystal, and Thunder Profound Crystal.

There are also more than 20 pieces of three middle-grade Aoyi crystals.

So many Aoyi crystals are enough for Lu Ming for some time.

In addition, there is more than 10 million Jingpin Lingjing.

During this time, many people have improved their artistic conception, and they must have refined a lot of top-quality spirit crystals.

There are more other things, piled up like a mountain.

"I don't have to worry about so many mysterious crystals, wind and fire artistic conception. I have no problem with cultivation to the first level of perfection, but Thunder's artistic conception is a problem."

Lu Ming frowned.

Every time Lei Ding will devour the artistic filaments of Thunder's Arcane Crystal, which makes Lu Ming have a headache. Otherwise, with so many resources, Lu Ming can rush to the peak king in a short time.

Now, Lu Ming can only fully comprehend Lei's artistic conception. As long as Lei's artistic conception comprehends up, his cultivation can be quickly improved.

Afterwards, Shen Ming sinks into the sea of knowledge, and Lu Ming begins to fully comprehend Lei's artistic conception.

Time is running out like wind, and in a blink of an eye, it's a month.

This month, I can often hear the roar from the ground. Those three-eyed creatures have not left.

In a month, Lu Ming fully understood the conception of Thunder, and the progress was terrifying.

He practiced for a month, which is equivalent to the practice of ordinary people for nearly ten years.

For so long, Lu Ming realized the conception of Lei Zhi to the peak of the first-level Dacheng.

It is only one step away from the first level of perfection.

But this step is not so easy to break through.

Realizing here, Lei Zhi's artistic conception stopped, and Lu Ming stopped and began to attack the artistic conception of wind and fire with the crystal of Aoyi.

Lu Ming's direct-use amethyst crystal.

Seven days later, two pieces of middle-grade Austrian crystals were used, and the concept of wind and fire was also promoted to first-level perfection.

"Now, start to improve the cultivation base!"

When Lu Ming waved his hand, a large number of Need for Spirit Crystals appeared, and he began to use the Need for Spirit Crystals to improve his cultivation.

The seven kings of King Wu, the need for the highest-quality spirit crystal, is even more terrifying. To raise a level, it needs 800,000 yuan.

It took two or four hundred thousand pieces of Needling Spirit Crystal to rise to the peak of Wuwang Seventh Level, and used more than two million Needling Spirit Crystal to break through the eighth level of King Wu.

In this way, Lu Ming has been constantly improving, and the speed of improvement is enough to scare other martial artists alive.

In half a month, Lu Ming consumed all the top-level spirit crystals on his body, and Lu Ming's cultivation practice was finally promoted to the peak of Wuwang Jiuzhong.

One step away is the pinnacle king, this practice is no weaker than the previous holy star.

Chapter 579: Abandoned ancient city appears again

Then, Lu Ming spent another ten days to successfully cultivate the fifth level of the three dragons.

Lu Ming's combat power reached its peak.

At this time, Lu Ming stopped training, because recently, his mood became more and more anxious and he couldn't practice anymore.

It's only about ten days since the day when Mulan married Saint Star.

Lu Ming's mood is difficult to calm down.

"No, still have to find a way to get out and can't stay here all the time?"

Lu Ming thought about it and decided to go out and investigate.

With his current combat strength, as long as he does not encounter the power of Linghai Realm, there is absolutely no problem to get out.

"Boy, you finally have to go out. After a long time of meditation in this seat, this seat finally thought of a possible way out."

Dandan lay on Lu Ming's shoulder, tilting Erlang's legs, and said leisurely.

"Think of a way to go out, what way?"

Lu Ming's eyes were bright.

"When you came in, it should be because of the old city, then you can only rely on the old city. You only have to find the old city, and then I will study it and maybe I can find the way out."

Dandan explained.

"Abandoned ancient city?"

Lu Ming's eyes lit up, and then he frowned again: "Although the Old City has entered this world, but I don't know where it fell?"

"It should be on this island, it's up to you to find it."

Once and for all.

"it is good!"

Nowadays, we can only rely on this method.

A long spear was condensed in Lu Ming's hand, and the spear spun into the ground and went upward.

For a moment, Lu Ming got out of the ground.

Lu Ming condensed his breath and looked around.

There was no movement.

"Aren't the three-eyed creatures gone?"

Lu Ming thought, he would take off.

At this moment, Lu Ming's complexion changed, his breath converged, and he concealed.

In the sky, a tall figure flew into the island at a rapid speed.

Isn't that figure exactly the three-eyed creature?

Three-eyed creature, has not left.

The three-eyed creature did not leave, and Lu Ming was looking for the old city, which was a bit difficult.

Just then, in the distance, a few more figures flew.

Three-eyed creature.

"Quickly, deep in the island, the leader discovered an ancient city, most likely related to the presence of reptiles here. Let's hurry over!"

"fast!"

Several voices came from the sky, Lu Ming's face changed greatly.

"Ancient city? Not good. Was the ancient city discovered by three-eyed creatures?"

Lu Ming's face was ugly and he was going to die. If the ancient city was discovered by three-eyed creatures, it would be troublesome.

"Go, take a look!"

Lu Ming gritted his teeth, cast his body, leaned against the ground, and followed the three-eyed creatures as quickly as possible.

Flying all the way, the speed is extremely fast. In a day, it has flown a distance of two million miles.

In front, a huge mountain forest appeared.

"It's that mountain forest!"

Lu Ming recognized it at a glance. The mountain in front of him was the one that appeared when he first came in.

Lu Ming became more careful and condensed his breath.

Because of this mountain forest, there are extremely powerful monsters.

However, along the way, Lu Ming hardly encountered any powerful monsters, and all he met were extremely weak.

"That is?"

Soon after, Lu Ming passed through a place and found this place, a messy, ancient wood collapsed, with pits and pits everywhere, and even a huge palm print could be seen printed on the ground.

There were still some blood stains on the ground.

"Are the powerful monsters here already hunted by three-eyed creatures?"

Lu Ming's eyes moved.

Sure enough, going all the way, from time to time you can see some potholes, all traces left by the war.

After walking for another half day, a few three-eyed creatures suddenly stopped.

Lu Ming felt that there was a terrifying and powerful breath not far ahead.

At least two hundred shares.

There are dozens of breaths, terrifying, as unfathomable as Wang Yang.

Lu Ming did not dare to move forward and retreated a hundred miles.

"Dan Dan, engrave me the inscription of convergence breath!"

Lu Ming said.

"Okay, this seat will help you again, but in the future, when you encounter advanced elixir, genius and earth treasure, don't forget this seat, this seat needs to be restored!"

Every day, take advantage of the price.

"Don't be wordy, hurry up, or throw you out!"

Lu Ming glanced once and threatened.

"You... kid, you are ruthless!"

Once he gritted his teeth, he finally had no choice but to scold Lu Ming for his inscription.

After three unsuccessful attempts, it finally succeeded, and Lu Ming's inscription appeared on his body.

Lu Ming rushed directly into the sky and hid in a cloud, looking far away.

In front, a huge dark ancient city is located in the middle of the mountain forest.

"Huanggucheng, it is really Huanggucheng!"

Lu Ming's eyes lit up.

But now, the ancient city is different from before. Now, the surrounding of the ancient city is full of light, and a layer of light covers the ancient city.

And around the barren ancient city, surrounded by tall figures.

There are more than two hundred tall figures, all three-eyed creatures.

More than two hundred three-eyed creatures, the weakest of which are all equivalent to the pinnacle king, gathered together in a terrifying manner.

"Okay, people are almost there. Now let's go together and break the mask on the city!"

A voice sounded.

"Yes, leader!"

All other three-eyed creatures answered.

boom! boom! ...

Then, a breath of terror erupted, more than two hundred three-eyed creatures, a terrible black light permeated on the body, various weapons appeared, and a terrible attack, bombarded on the mask of the old city.

boom! boom! ...

More than two hundred three-eyed creatures attacked at the same time, the scene was astonishing, the world was boiling, completely submerged by a powerful attack.

However, the mask was resisted and roared continuously, showing ripples like water waves, but it did resist and was not broken.

"carry on!"

A roar came out, and the three-eyed creature launched a crazy attack again.

Wave after wave of attacks fell on the mask, making the mask more and more trembling, as if it might collapse at any time.

"Attack with God's eyes!"

The voice issued a command again.

Then, Lu Ming saw that the third eye of each of the three-eyed creatures shone brightly, emitting a beam of light, like a magic sword blasting on the mask.

bump!

The reticle seemed to be finally overwhelmed and crashed with a bang.

"Haha, I finally broke through and rushed in to see what the secret is!"

A three-eyed creature laughed and rushed towards the deserted ancient city.

But as soon as he rushed into the old city, there was a horrified look on his face, screaming, and the burly body actually burst open.

This changed the face of other three-eyed creatures who wanted to rush in.

"what happened?"

Many of the three-eyed creatures stopped, stunned.

"Who is inside?"

One of the most burly three-eyed creatures roared, staring coldly at the deserted ancient city.

Chapter 580: Mysterious strong

"Hey!"

At this moment, a sigh suddenly came from the old city.

This sigh is full of desolation and helplessness, as if from the ancient times, extremely lonely.

"I can't think that after the long years, your God Eye Clan is still in Heaven Realm. Is Heaven Realm really defeated?"

In the old city, a long sigh came again.

"Who the **** is that? I still know a lot. I tell you that Heaven Realm is completely under the control of my God's Eye Clan, and only a few people are stubborn to resist. Soon, my God's Eye Clan will be able to get through to the Yuan Realm. The entrance, by then, the two realms of Tianyuan will be under the control of my God's Eye Clan."

The leader of the three-eyed creature said.

In the old city, the voice was silent, and for a long time he did not speak.

"Pretend to be crazy, rush in!"

The leader of the three-eyed creature shouted.

Suddenly, dozens of three-eyed creatures rushed towards the deserted ancient city.

Keng!

At this moment, a sword sounded and a sword gas flashed from the position of the ancient tomb.

puff! puff! ...

Dozens of three-eyed creatures were directly cut into two, including the powerful existence of two spirit sea realms.

This time, the three-eyed creature's complexion changed again.

Click! Click! ...

In the ancient tombs, the sound of low footsteps was heard, but the sound was not loud, but it was spread strangely far.

Then, three figures emerged from the deserted tombs.

Now, Lu Ming has excellent eyesight, even if he is hundreds of miles apart, he can see clearly.

At this moment, Lu Ming's eyes suddenly froze.

"Xuan Xiang, Xuan Feng!"

Among the three people who walked out, Lu Ming actually saw Xuan Xiang and Xuan Feng.

Xuanxiang and Xuanfeng have been in the ancient tombs, what's going on?

In front of Xuanxiang and Xuanfeng, there is a middle-aged man with his hair scattered and very handsome, but full of vicissitudes of life.

The clothes he wears are extremely weird, not by far the most popular ones.

"who are you?"

Three-eyed creature leader shouted.

"A lucky one who hasn't died!"

The middle-aged man sighed softly, then looked around and said, "Since I have been touched by me, it's bad luck for you, send you on the road!"

"It's a big talk, let's attack!"

The leader of the three-eyed creature shouted.

Then, the third eye of all three-eyed creatures glowed, emitting a divine light, and pierced towards the middle-aged man.

Especially the three-eyed creature leader, powerful and unimaginable, the divine light emitted directly shoots space into a big hole.

Keng!

At the next moment, the sword sounded.

I didn't see any movement of the middle-aged man. I only saw his eyes bright, and a sword light flew out of his right eye, sweeping in all directions.

Boom!

All the three-eyed creatures, like scarecrows, who had no resistance, were cut into two pieces by a piece around the ancient city.

Including the leader, a sword, and death!

In the distant clouds, Lu Ming was dumbfounded.

God, this is too strong, this middle-aged man, what is the beginning?

At this time, the middle-aged man looked at Lu Ming's side, and a faint voice came out: "Little guy, have you seen enough, see enough, come out."

Lu Ming smiled bitterly, glanced at Dandan once, and said, "You inscription, don't worry about it!"

"Nonsense, that man, it's not simple, it's not simple, how do I think he knows it well, I can't remember it, I can't remember it."

Dandan muttered.

Lu Ming ignored the occasion, flew out, and flew towards the deserted ancient city.

"Master Lu Ming!"

Seeing Lu Ming, Xuanxiang showed her ecstasy.

"Lu Ming!"

Xuan Feng's eyes flashed, and he was also surprised.

"Haha, Xuanxiang, Brother Xuanfeng, I didn't expect to meet here, this senior is?"

Lu Mingfei flew to Xuanxiang's three people and clenched his fists towards the middle-aged man.

"Master Lu Ming, you're fine. This one is my ancestor of the Xuan family. No, it should be the ancestor of the Xuan family. It was only after the blood of this predecessor was integrated into the Xuan family."

Xuanxiang hurriedly explained.

"It turns out so!"

Lu Ming moved.

"Uh!"

At this moment, a middle-aged man suddenly appeared in front of Lu Ming, his eyes were changing like the stars in the universe, staring at Dandan.

"Oh my god, what do you want to do? This is the head of the top ten war beasts. There is no match for it. You don't want to fight this seat."

Seeing the middle-aged man staring at it, he screamed in shock, four claws hugged Lu Ming's neck, and a *** drew into the turtle's shell.

"Unexpectedly, unexpectedly!"

The middle-aged man sighed several times in a row, then looked at Lu Ming, his eyes seemed to penetrate everything.

"There is also the Kowloon bloodline, the little one is lucky!"

Middle-aged man sighed.

Lu Ming's face changed wildly and his heart shook.

Middle-aged man, he could see his Kowloon bloodline at a glance. Didn't Jiuyang Supreme seal him? Judging from the breath, don't you see that it is the blood of Jiulong?

This person can be seen at a glance.

"Little guy, don't be nervous. Although the Jiulong bloodline is rare, it is useless to me."

Middle-aged man smiled.

"Master Lu Ming, the ancestor, he is repairing a teleportation team, ready to return to Yuanjie. You just happened to come, let's go back together!"

Xuanxiang walked over and said.

"Can you go back?"

Lu Ming's eyes lit up and he was ecstatic.

"Yeah, there was a large teleportation in the ancient tombs, but they were destroyed. During this time, the ancestors have been repairing."

Xuanxiang said.

"You are waiting for me here, there are a few ants, let me solve it!"

Middle-aged man said, as soon as the voice fell, the middle-aged man disappeared.

Lu Ming was by his side, but he did not feel how the middle-aged man disappeared, as if the middle-aged man was not there.

But at the next moment, the middle-aged man suddenly appeared again.

Before and after, there are not two breaths.

"It's solved, come with me!"

Talking, walking towards the ancient tomb.

"This...this is too fast!"

Lu Ming was dumbfounded.

Lu Ming guessed that the middle-aged man should have solved those warships, but this speed is too terrifying.

"Master Lu Ming, let's go!"

Xuanxiang pulled Lu Ming and walked towards the ancient tomb.

Xuan Feng kept silent and followed him in.

Entering the Huanggu Tomb, the gate of the Huanggu Tomb is closed.

The barren ancient tombs are large and very empty, like a large hall.

In the main hall, there was only a bronze ancient coffin that was open.

Behind the ancient bronze coffin, there was a small altar. The middle-aged man came to the altar, his hands sealed, and inscriptions did not enter the altar.

"Master Lu Ming, the teleportation team will be repaired in one day, let's wait!"

Xuanxiang said.

"Good! Xuanxiang, have you been here all this time?"

Lu Ming asked curiously.
