

D Emperor 581

Chapter 581: Leave, Hongyu

But there are a lot of people coming from the Xuan family. Why are only Xuan Xiang and Xuan Feng appearing here? Lu Ming is very curious.

"Yeah, after being sucked into the door last time, I fainted. I woke up and appeared here, as well as Brother Xuanfeng."

Xuanxiang said.

Seemingly seeing the curiosity in Lu Ming's eyes, Xuan Xiang explained: "The ancestor said that the bloodline of Brother Xuanfeng and I was the richest, inheriting the bloodline of the ancestor the most, so the ancestor saved us both. Next time, it teaches us to practice."

Lu Ming suddenly, it turned out to be the case.

"Oh, Master Lu Ming, my father, how is it?"

Xuan Xiang asked suddenly, watching Landing Ming with hope.

Lu Ming sighed in his heart. Sure enough, Xuanxiang asked. For a time, Lu Ming didn't know how to word.

After pondering for a while, he decided to speak straight.

"Master Xuan Sect, he fell."

Then, the storage ring that Xuanlong handed over to him in his hand appeared and said, "This is before Xuanzong Lord died, let me hand it to you."

"father!"

Xuanxiang screamed mournfully, and her tears flowed downward.

When she was taken into captivity at the beginning, she saw that Xuanlong had been hit hard, and she was ready in her heart, but after it was confirmed, she was still very sad and kept crying.

Lu Ming didn't know how to speak, and could only stand aside.

"Heavenly Sect, **** it!"

Xuan Feng came over, clenching his fists, and growled.

When Xuanxiang stopped crying, Xuanxiang stopped crying and said, "Brother Xuanfeng said it well.

Lu Ming looked at Xuan Xiang and Xuan Feng.

How large is the Heavenly Corpse Sect and can compete with the Emperor Heavenly God Palace.

But Xuan Feng and Xuan Xiang had the middle-aged man's guidance, maybe it was really possible.

Immediately, Lu Ming and Xuan Xiang, Xuan Feng chatted.

Xuanxiang and Xuanfeng learned from middle-aged men that this is the Celestial Realm, and their realm is called Yuan Realm.

Then Lu Ming wanted to ask for more information. Xuan Xiang and Xuan Feng also shook their heads and did not know. The middle-aged man did not tell them more.

In a blink of an eye, a day passed.

"Buzz!"

The next day, the altar suddenly shone with dazzling light.

"Okay, the teleportation team has been preliminarily repaired. It should be enough to teleport the four of us back to Yuanjie."

"However, cross-border teleportation is inherently difficult, and this teleportation array was laid down by the strongest of the human race in ancient times. After the war, it has been destroyed. Although it is barely repaired, it can only be used. Once, after one time, it will destroy itself."

"Also, even if it is teleported to Yuanjie, the chance of being able to return to Tianxuan territory is very small, and most of it will be teleported to other places, and, due to instability, most of us will also be separated!"

The middle-aged man explained.

"What? Can't go back to Tianxuan domain!"

Lu Ming's face changed greatly.

It's about ten days before Mulan and Sacred Star become married. How can they rush back if they are sent to other large territories?

Although every large domain has a cross-domain transmission array, it does not necessarily come in a hurry.

"Master Lu Ming, are you going back to Tianxuanyu?"

Xuan Xiang asked.

"Yes, I do have something important!"

Lu Ming said.

"Okay, I will try to adjust the position as much as possible, but depending on where I can teleport, it depends on luck, let's go to the altar together!"

Middle-aged man.

The crowd boarded the altar together.

A strange breath filled the middle-aged man and poured into the altar.

Buzz!

The altar shook violently, emitting a dazzling light, and immediately, a vortex floated out from above everyone's head.

At the next moment, a powerful force applied to Lu Ming. Lu Ming's eyes were black, and he felt that he had entered into endless darkness again.

But after Lu Ming and others sent away, the altar burst with a bang and turned into powder.

...

Hongyu, in the west of Tianxuanyu, is separated from Tianxuanyu by 16 large domains.

The territory of Hongyu is boundless and vast, and its area is seven or eight times that of Tianxuanyu. It is an outstanding place, a genius is like a cloud, a strong man is like rain, and its strength is at least ten times stronger than that of Tianxuanyu.

Among the hundreds of large areas in the eastern wilderness, it can also be ranked at the upper middle level.

Hongyu also belongs to a large domain under the jurisdiction of Emperor Tianshen Temple.

In a remote mountain in Hongyu, there is a monument. At this time, a dozen young people are exploring this monument.

More than a dozen young people are all in their twenties, and their cultivation base is extremely powerful.

Five or six of them have even reached the king.

Headed by a young man in blue robe, he is immensely imposing, and he is the great king of King Wuzhong.

At this time, they are fighting with a group of yellow puppets.

"Quick, this is the remains of the puppet door of the ancient Zongmen. We quickly cleared these burly doors and opened the last door. The puppet door's treasure must be just after that last door."

"Never let Feixue's **** rob us!"

Blue robe youth shouted.

In front of them, there is a cliff wall, on the cliff wall, there is a stone gate, and their goal is behind that stone gate.

bump! bump!

A yellow puppet was crushed by them and turned into yellow stones.

Roar! Roar!

But in all directions, large groups of yellow puppets burst out.

"Damn it, die!"

The young man in blue robe drank coldly, his hand glowed, and a picture scroll appeared. He opened the picture scroll, and a war sword was drawn on the picture scroll.

When the young man in blue robe entered the true element, the picture scroll radiated a dazzling light, and infinite sword energy flew out of the picture scroll, striking the puppets.

Blockbuster puppets were wiped out.

Lu Ming fell into the darkness, not knowing how long it had passed, and suddenly a dim light penetrated into his eyes.

Lu Ming opened his eyes, slightly stunned.

He found that he appeared in an underground cave, and the walls around the underground cave were inlaid with luminous stones, glowing dimly.

At his feet is an ancient stone platform with Tao inscriptions engraved on it.

"Where is this and how did I get here?"

Lu Ming's thoughts turned sharply, and then he looked around.

The underground cave is empty and contains nothing. It seems that no one has been here for a long time.

"There is a stone door!"

Lu Ming saw at a glance that on a wall, there was a stone door.

Lu Ming walked over, pushed hard, and the stone door stayed still.

"There should be a switch!"

Immediately, Lu Ming looked up.

At this time, the blue robe youth and others have already crushed all the yellow puppets.

"Come on, open the stone door and grab it in front of Feixue's bitch!"

Cried the blue robe youth.

After saying nothing, he rushed to the stone gate and pushed hard without moving.

"What's going on? I couldn't open it, I started working together and smashed the stone door!"

Cried the blue robe youth.

Click!

At this moment, the stone door moved and then opened automatically.

What surprised the blue robe youth was that inside the stone door, a young man actually walked out.

Chapter 582: Feixue

The young man who emerged from the stone gate was naturally Lu Ming.

Lu Ming was also a little stunned. Unexpectedly, as soon as the stone door opened, he found a dozen young people, staring at him with wide eyes.

"Cough, borrowed, borrowed!"

Lu Ming coughed a few times before going out.

"Wait a minute, kid, who are you?"

The young man in the blue robe snorted coldly, staring at the land with some bad eyes.

"In Xia Luming, may I ask, where is this place? Uh, which big territory is it in?"

Lu Ming clenched his fists and said politely.

When I first arrived, Lu Ming just wanted to find someone to inquire about the situation.

Silent prayer in my heart, I hope it is best to be in the Tianxuan domain, even if it is not in the Tianxuan domain, it is best to be in the large domain near the Tianxuan domain.

The blue robe youth's eyes were even colder, and said coldly: "Boy, when I am a fool? Cut the nonsense, and hand over all the treasures you get inside."

"Treasure? What treasure?"

Lu Ming was shocked.

"Don't be stupid with Lao Tzu, hand over your storage ring and let me check, otherwise, today, I just want to leave here."

The blue robe youth said coldly.

Lu Ming frowned, too, and said, "I didn't take any treasures. There are no treasures in it. Now, if you let go, I'm leaving."

"Boy, toast without eating fines, Qin Shaoyan talks with you. You always push three and four, to find out if you are dead, give you three breathing time, and hand over the storage ring!"

On the edge of the blue robe youth, a thin young man stepped forward and shouted loudly.

"Go away!"

Lu Ming stared at him, as if there was a thunderstorm in his eyes.

The face of the skinny young man changed greatly, and he could not help but take three steps backwards.

Lu Ming sneered and strode forward.

"You... you die!"

The thin young man reacted, and he was stunned by Lu Ming at first glance, suddenly lost his face, screamed, and grabbed his throat with a paw.

The skinny young man is the great king of the seven peaks of Wuwang. He is extremely powerful and placed in Tianxuan City. He is definitely a top genius.

But what he encountered was Lu Ming.

bump!

Lu Ming raised his foot and stepped out.

This foot contains the power of Kowloon.

The skinny young man screamed, his body flew away from a distance, fell a dog to eat shit, and could not get up for a while.

"Boy, you have some strength. No wonder you can go to the core of the puppet gate and say, who the **** are you? I haven't seen you in Hongcheng, who are you, and who dare to beat the genius of my Emperor Tianshen Palace. "

The young man in blue robe looked like electricity, and stared coldly at the land.

"Emperor Heaven Shrine!"

Lu Ming's eyes moved, and said: "My name is Lu Ming, from Tianxuan domain, and I am also Emperor Tianshenwei!"

"Bullshit, Tianxuanyu? How could the people of Tianxuanyu come here, when I was a fool, and dared to impersonate Emperor Tianshenwei, you are so brave, are you a spy sent by the Celestial Sect? , I can spare you a dog's life."

The blue robe youth scolded.

"It doesn't matter if you don't say it, hurry up and let me hurry."

Lu Ming waved his hand and strode forward.

Keng!

The sound of the sword sounded, and the young man in the blue robe shot.

Quickly ruthless!

What the blue robe youth cultivated was the artistic conception of gold, which reached the early stage of Wu Wang Jiuzhong and had extremely powerful combat power.

"Good words, really when I am a soft persimmon?"

Lu Ming looked cold, a spear appeared in his hand, and swept out.

One shot swept out, the whole world shook, and the attack of the young blue robe instantly collapsed.

"Not good, retreat!"

The young man in the blue robe's face changed wildly and retreated at a rapid speed, but he was still a step slower. After being swept by Lu Ming's gun, his body flew out like a cannonball and flew away for thousands of kilometers before standing firm.

puff!

The young man in blue robe spouted blood, his face pale.

Others' faces changed greatly, revealing a horrified look, watching Landing Ming.

The blue robe youth, Wu Wang Jiuzhong's cultivation practice, even in the genius-like Hongcheng, is also a top-notch genius, and now he is swept away by Lu Ming, spitting blood.

The young man who appeared suddenly was so powerful that he was shocked.

Uh! Uh! ...

At this moment, the sound of breaking the sky sounded, a dozen elegant figures flew towards this side, and at the next moment, a dozen beautiful women appeared in the field.

Yes, the newcomers are all young women, in their twenties, with a slim figure and beautiful appearance.

Especially in front of a woman in a white dress, in her early twenties, her skin is like jade, and she is beautiful and unparalleled.

She fluttered in a white dress, like the dust of the Nine Heavens.

"Cough, Qin Qingfei, it seems you have knocked down the iron wall?"

The woman in the white skirt swept her gaze, paused on Lu Ming, then looked at the blue robe youth, smiling.

"Hum, Feixue, you are late too. The puppet door's treasures were all taken by this kid first."

The young man in blue robe, Qin Qingfei, wiped the blood from the corner of his mouth and snorted.

"Oh?"

Fei Xue looked at Lu Ming thoughtfully.

"The treasure of the puppet door is not the same as Xiaoke, Feixue, don't you plan to take it?"

Qin Qingfei turned his eyes and looked at Feixue Road.

This is his intention to provoke Feixue to Lu Ming.

Feixue smiled slightly and said, "There are countless treasures in the world. If you want to get it, you should have chance and strength. Since the young man got it first, it means that I have no chance. Why should I force it."

How clear is Feixue's mind, where will she not know Qin Qingfei's mind? How could it be Qin Qingfei's suit.

Qin Qingfei was disappointed and gloomy when he saw that Feixue didn't fit in.

"Boy, no matter which force you are, dare to hurt me, you remember it for me."

Qin Qingfei looked at Lu Ming again, left a word coldly, and then turned around and left.

Those young people have kept up.

Lu Ming smiled and didn't care. Just now, he was already merciful. If the other party doesn't know what's wrong, don't blame him.

"This young hero, somehow?"

Feixue approached Lu Ming and clenched his fists.

"Under Xia Ming, may I ask the girl, which big domain is this?"

Lu Ming asked again.

"Ok?"

Feixue and a dozen young women were also shocked.

Feixue somewhat suspiciously watched Landing Ming and said, "This is Hongyu. Could the young heroes come from other big domains?"

"Hongyu?"

Lu Ming looked a little ugly.

After joining the Emperor Tianjin Palace, Lu Ming naturally studied the geographical distribution of the Shenhua Continent, and naturally knew Hongyu.

Hongyu, a distance from Tianxuanyu, is 16 big domains apart.

I don't know how many miles away, how can I go back?

"It's true that I am from Tianxuan territory and I am also an Emperor Heavenly Guardian. I accidentally came here because of an ancient ruin."

Lu Ming casually found a reason, if he said he entered another world, and then came to this place, most people did not believe it.

"Are you from Tianxuan domain, and also an Emperor Heavenly Guardian?"

Feixue et al. looked at each other with some disbelief.

Chapter 583: Cross-domain transfer array

"Yes, this is my guardian token, you can take a look!"

Lu Ming hands Fei Xue his token.

When I first arrived, Lu Ming urgently needed someone's help, and Fei Xue and others didn't look like Qin Qingfei, as if they were easy to get along with, Lu Ming had plans to make friends.

Feixue took a look at the Shenwei token, and his face was surprised.

"You really are the Emperor God Guardian from Tianxuan Domain!"

Although Feixue was extremely surprised, the news recorded by the Shenwei Token was irrefutable.

The guardian token is made in a special way, which is extremely difficult for outsiders to imitate.

Other women were also very surprised. Unexpectedly, the Emperor Heavenly Guardian of the Heavenly Profound Realm would appear here.

"Actually the Emperor Heavenly Guardian of other big domains. I grew up so big, haven't I seen anyone from other big domains?"

"Is Tianxuanyu fun? Is it the same as Hongyu? It looks like he looks like us, it's pretty handsome!"

"Hee hee, you're a **** again, can't you walk when you see a beautiful boy?"

...

More than a dozen young and beautiful women, surrounded by rumblings, chattering chats, dozens of beautiful eyes, surrounding rangs, looking up and down, as if looking at a rare animal.

Lu Ming was speechless and touched his nose with a wry smile.

"Okay, don't look at Brother Lu like this. They are all girls, and I'm not afraid of Brother Lu laughing."

Fei Xue's embarrassed opening, the women backed away, but a pair of beautiful eyes still aimed at Lu Ming.

"Brother Lu, since the chance came by chance, why not go to Hongcheng and browse?"

Fei Xue watched Landing Ming, and her eyes were full of curiosity.

Tianxuanyu, she naturally knew that it was a small domain, far worse than Hongyu, but just now it was obvious that Qin Qingfei suffered a big loss in Lu Ming's hands.

A person who walked out of the Tianxuan domain could easily defeat Qin Qingfei, not by any means idle. It is probably the best genius in the Tianxuan domain.

After all, one more friend and more ways.

"Flying Snow Maiden, I don't know where is the division of Emperor Tianshen Palace in Hongyu? Lu has something important. He has to go back to Tianxuanyu and want to use a cross-domain teleportation array."

Lu Ming asked.

Emperor Tianshen Palace has a cross-domain teleportation array in every large-scale branch palace, as well as the Tianxuan branch palace, which is in the Tianxuan city.

After all, every large area is too vast. If you fly alone, you don't know how long it will take.

It is much more convenient to have a teleportation array.

"Brother Lu wants to use a cross-domain teleportation array. It happens that Hongcheng is the division of Emperor Tianshen Palace in Hongyu. The cross-domain teleportation array is in Hongcheng. It is three days away from Hongcheng. Brother Lu just happened to be with us. Going to Hongcheng together, I arranged for Brother Lu to cross the teleportation!"

Feixue Road.

"Thank you Fei Xue Mai!"

Lu Ming was overjoyed and expressed his gratitude.

"However, Brother Lu just injured Qin Qingfei. This person has a narrow mind and will definitely not be willing to give up. It is best not to be touched by him on this trip, otherwise he will be in trouble."

Feixue reminded.

Immediately, Lu Ming followed them and flew towards Hongcheng.

Three days later, they came to Hongcheng.

Hongcheng is the grand palace of Hongyu.

I saw that eight huge and incomparable peaks towered into the clouds like a sword.

Eight peaks are located in eight different locations, separated by thousands of miles from each other.

The huge territory in the middle of the eight mountains is Hongcheng.

Some of the city walls around Hongcheng are directly based on the eight mountains, and the city walls are cultivated only between the peaks.

It's too big. This is the largest city Lu Ming has seen, just like a country.

One city is one country.

They followed Feixue and easily entered Hongcheng.

"Good aura of heaven and earth, and the mood of heaven and earth is extremely strong."

As soon as he entered Hongcheng, Lu Ming was amazed.

"Brother Lu, under the Hongcheng, is a Daoyan in itself, and is heaven and earth aura, because the powerful people of the Emperor Heavenly God Palace, based on the eight mountain peaks, arranged a huge gathering of spirits, so Reiki will be extremely rich."

Feixue introduced.

Lu Ming was amazed. The power of the Emperor Tianjing Palace is really generous. It was based on the eight mountain peaks and formed a large array of spirits. What a huge array of inscriptions?

Within the Hongcheng, the richness and intensity of the heaven and earth aura and the heaven and earth mood are not as high as those of the heavenly city.

However, Tianxuan City is too small, with an area of at most one thousandth of Hongcheng.

The streets of Hongcheng are full of people and lively, and there are all kinds of shops.

"Brother Lu, you might as well live in this inn today. I will arrange the cross-domain teleportation."

After a while, Feixue said to Lu Ming.

"Okay, trouble Snow Maiden."

Lu Ming nodded.

The cross-domain transmission array is not trivial, and it is very strict if you want to use it.

The identity needs to be investigated very clearly. Generally, it is not allowed to be used by people outside the Emperor Tianshen Palace.

The cross-domain teleportation array can be said to be the lifeblood of a force. For example, during the war, you can quickly mobilize master support, otherwise the daylily will be cold by flight.

Therefore, to make an appointment in advance, it is impossible for you to use it, you can use it at any time.

Lu Ming also knew this.

"Well, Brother Lu, you can keep this piece of Jade Talisman. You can call me at any time if you have any problems. At most one day, Brother Lu should be ready to go tomorrow."

Feixue handed Lu Ming a piece of phonic jade symbol, and Lu Ming took it and collected it.

Immediately Feixue and others left. Lu Ming now rented a house in an inn next to it, and then wandered around in Hongcheng alone.

Since the chance came to Hongyu by chance, just go shopping and have a long experience.

Hongcheng, there are really many strange things, which have never been seen in Tianxuan domain.

Lu Ming looked dazzled, and bought some strange materials.

Of course, there are not a few pieces left of Lu Ming's body. Some of them are cheap.

"Go get some Lingjing, otherwise there will be no cost to ride the cross-domain teleportation array."

Before hitting the realm, all the spirit stones were used up, and now Lu Ming has only tens of thousands of excellent spirit crystals.

Looking for someone to find out the location of Fangshi, Lu Ming walked towards Fangshi.

Soon after, Lu Ming came to Fangshi in Hongcheng and found a shop called Wanwuge and walked in.

Lu Ming sold all the unused spirit soldiers, refining materials, and some martial arts skills below the level of the body, and got around 800,000 superb spirit crystals.

For 800,000 Needling Spirit Crystals, the cost of riding a cross-domain teleportation array should be sufficient.

Then he wandered around for a while, and Lu Ming returned to the inn.

One night without words, at noon the next day, Feixue found Lu Ming.

"Brother Lu, the quota for the cross-domain teleportation array has been set for you, and you can start immediately!"

Feixue smiled.

As soon as Lu Ming's eyes lit up, he could book a cross-domain teleportation quota so quickly. It seemed that Feixue was in the Hongyu Division, and the energy was not small.

"Thank you Fei Xuegu, if there is a place where Lu Ming can help in the future, Lu Ming will never quit!"

Lu Ming thanked.

Chapter 584: Deliberately make trouble

Without Fei Xue's help, he wanted to get a place across the teleportation array, it was definitely not so easy.

"Brother Lu, do you want to set off immediately, or do you want to visit Hongcheng for a few more days, Feixue can be the east, and take Brother Lu to have a good tour!"

Feixue Road.

"No, Lu is in an emergency and needs to rush back to Tianxuan domain urgently. In the future, he will have a chance to nag Fei Xue Mai."

Lu Ming was indeed anxious, and now he is about half a year away. It's been a few days. I don't know what happened to Muran.

"Well, then I will take Brother Lu!"

Feixue smiled slightly.

Later, Lu Ming followed Feixue and walked towards the cross-domain teleportation array.

In the center of Hongcheng, there is an endless group of palaces, built with a tall and majestic high wall, blocking them.

Along the road, there are many levels.

Follow Feixue naturally and unimpeded, passing through seven levels continuously.

"Feixue, you are here, is this little brother going to use a cross-domain teleportation array?"

There was a middle-aged man waiting for the eighth scratch card. When he saw Feixue, he smiled.

"Deacon Liu, yes, this time I also want to thank Deacon Liu for his help!"

Feixue smiled slightly.

"Flying Snow Girl is polite and has been arranged, you come with me!"

Deacon Liu said politely.

Then, Feixue and Lu Ming followed Deacon Liu and continued to set off.

"It's you? Boy, stop for me!"

After passing through several levels, suddenly, a somber voice rang.

Lu Ming looked at it, his face sank slightly.

"Qin Qingfei!"

Feixue's face also changed slightly.

Qin Qingfei walked towards this side with a few young men, looking at the landing cry with a cold face.

"Deacon Liu, what's going on? You actually took an outsider and wandered around the ground of the Emperor Tianjin Palace, you are so bold!"

Qin Qingfei turned his eyes and landed on Deacon Liu.

Deacon Liu changed his face slightly, clenched his fists, and said, "Master Qin, this young hero is a friend of Fei Xue Mai, and he is also the Emperor God Guardian of Emperor Heaven God Palace."

"Fart, what Emperor Heavenly Guardian, why have I never seen it and said, what do you want him to do with him?"

Qin Qingfei scolded.

Deacon Liu's face was a bit ugly, and said: "This young man wants to ride a cross-domain teleportation array..."

"What? Take the cross-domain teleportation array? Deacon Liu, you are brave enough. The cross-domain teleportation array is the most important thing in the Emperor's Heavenly Palace. You actually take an unidentified person and ride the cross-domain teleportation array. If this person What if it is a spy? If something goes wrong with the cross-domain transmission, can you take it? You are not enough for ten lives."

Qin Qingfei shouted.

"This this..."

Deacon Liu looked even more ugly, and hesitated a little.

Before, Fei Xue came to him for help. Fei Xue's identity is not the same as Xiao Ke. He naturally readily agreed, did not think so much, nor did he doubt Lu Ming's identity. Now Qin Qingfei said that, he was scared out of cold sweat .

Indeed, if something goes wrong, he will be over, and Feixue will not be able to protect him.

"Qin Qingfei, Lu Ming is the Emperor Heavenly Guardian, not a spy!"

Feixue Road.

"Not a spy, come up with evidence!"

Qin Qingfei sneered.

Lu Ming said he came from Tianxuan domain, and he didn't believe it at all.

"You have to look at the evidence, right. This is my Emperor's God Guardian token. Take it and see it!"

Lu Ming took out his token of guardian spirit and threw it to Qin Qingfei.

Qin Qingfei took a look, his face suddenly changed, revealing a trace of incredible color.

Lu Ming, was actually Emperor Heavenly Guardian, or Emperor Heavenly Guardian of Tianxuan domain.

Earlier, Lu Ming had said that he was the Emperor Heavenly Guardian of Heavenly Profound Realm, but he didn't believe it at all.

How could a King Wu Jing, the Emperor of the Heavenly Profound Realm, come to Hongyu, and also appeared in the ruins of the puppet gate. He thought Lu Ming was fooling him before, but he never expected it to be true.

"Now I see it. I was originally the Emperor Heavenly Guardian. No matter which branch of the world, it belongs to the Emperor Heavenly God Palace. As long as it is the Emperor Heavenly Guardian, it is eligible to ride the cross-domain teleportation array. Now, you can 'Go away' Alright!"

Lu Ming Zhenyuan rolled the Divine Guardian token back, and said coldly, "rolling away" the last two words, especially bitten.

Qin Qingfei's face was ugly and changed sharply, and finally his eyes turned, revealing a sneer: "What if you are Emperor Heavenly Guardian? Unfortunately, the cross-domain teleportation quota has been completed, you need to wait for the next time."

"The quota is over. It's impossible. I asked about it yesterday. It's not over."

Feixue Road.

"Yesterday, sorry, just finished today."

Qin Qingfei sneered.

"Impossible, Qin Qingfei, you give way, I will go over and ask in person!"

Fei Xue shouted.

"What's the question? The elder who manages the cross-domain teleportation array is my eighth uncle, so I will give him a voice and let him come and talk to you."

Qin Qingfei snorted, took out a piece of voiced jade, and sent a message.

Soon, the rainbow flashed, and a middle-aged man appeared in the field.

"Qingfei, what's the matter?"

The middle-aged man looked at Qin Qingfei.

"Uncle Ba, Feixue brought a kid to take a cross-domain teleportation array. I told them that there were no more places, and they didn't believe it!"

Qin Qingfei said.

The middle-aged man looked at Feixue and said, "There are really no places."

"Impossible, there are obviously places available yesterday!"

Blizzard looked ugly.

"Feixue, your courage is getting bigger and bigger. Are you doubting me? I have been in charge for many years. Are there any places? I don't know yet. Please come back!"

The middle-aged man's face sank and waved.

Feixue bit her red lips tightly.

"Then I don't know the quota of the next batch, when will it be available?"

At this time, Lu Ming made a sound.

"The next batch, this is not easy to say. After using this time, the cross-domain transmission array needs to be repaired. It is estimated that it will take a year and a half to wait."

Middle-aged man sneered.

"A year and a half?"

Lu Ming's face is extremely gloomy. After a year and a half, where is there time?

Qin Qingfei and the middle-aged man clearly made things difficult.

But here is the Hongyu Division. There are countless masters. The behavior of this middle-aged man in front of him is unfathomable. He can't beat it. If he wants to break through, it's impossible.

But there was no place for the other party, and he couldn't help it.

"Hey!"

Qin Qingfei sneered again and again, seeing Feixue and Lu Ming look ugly, he was very comfortable.

"Flying Snow Maiden, let's go!"

Lu Ming turned around and left.

Now, only think of other ways.

"Brother Lu, maybe there is a way!"

Halfway, Feixue Road.

"Oh?"

Lu Ming's eyes lit up.

"Six days later, the largest auction in Hongcheng, the Tianji Auction held by the Tianji Chamber of Commerce, is about to be held, and every time, the Emperor Tianjing Palace will auction two places that are transferred across domains in the form of tokens. Known as the cross-domain token, the purpose is to allow people outside the Emperor Tianjing Palace to have the opportunity to cross-domain to other large domains."

"As long as the identity is innocent, you can buy cross-domain tokens. As long as you buy this cross-domain token, there is no problem with your identity. By then, Qin Qingfei will have no reason to block them."

Feixue explained.

Chapter 585: Post treasure

"Cross-domain token? Six days later?"

Lu Ming's eyes turned.

Six days later, it was too late, and it was the appointed day.

However, there is no other way.

"Okay, after six days, I must get a cross-domain token!"

Lu Ming whispered, his voice firm.

While walking and chatting, the two quickly walked out of the palace.

"Brother Lu, what do you need? Despite the opening, auctioning a cross-domain token is very valuable. If you need the help of Lingjing, Feixue can temporarily support some!"

Feixue Road.

"No, Flying Snow Maiden, thank you for your help this time. After six days, I will get the cross-domain token."

Lu Ming clenched his fists and then left.

"After six days, even if bidding for cross-domain tokens, it will take the second day to use, that is, after seven days, I hope it will be within time!"

Lu Ming sighed.

Lu Ming did not go directly back to the inn. He asked someone to inquire and walked towards the Tianji auction.

He doesn't have many Needling Spirit Crystals on his body now. Most of the 800,000 Needling Spirit Crystals are not enough.

According to Feixue, every time you cross two domain names, the price will be very high.

Lu Ming intends to take out some things and place them in the Tianji Chamber of Commerce.

"What do you bid for?"

Lu Ming thought while walking.

He has a lot of low-level things, but they are not very valuable.

Advanced, such as the secret recipes of the dragon's true recipe, the dragon god's three methods of cultivating, Jiulong's steps, the ancient trees of Taoism, these things cannot be taken out for auction.

Xuanhuang silica can be used to bid a little, but Lu Ming is reluctant.

There are also five top-grade seven-section grasses of the sixth grade, and Lu Ming cannot take it out, because Lu Ming intends to use it to break through the seventh-grade flesh.

As for heaven-level martial arts, Lu Ming now has seven or eight copies, all of which are inferior.

However, it is impossible to sell too high a price for the inferior martial arts.

"It seems that some Arcane crystals will be sold."

Lu Ming thought.

Aoyi spar, he is very much now, it is no problem to sell some unused aiyo spar.

Soon, Lu Ming came to the Tianji auction house.

The Tianji Chamber of Commerce is the first chamber of commerce in the mainland, and its credibility is naturally not said.

"This son, are you sending treasures?"

As soon as he entered Tianji Auction House, a beautiful girl came up and asked with a smile on her face.

"Not bad!"

Lu Ming nodded.

Lai Tianji auction houses usually send treasures.

"Son, please follow me. Your treasure needs to be appraised by an appraiser!"

The girl led the landing bell and came to a counter.

"Senior appraiser, this young hero, will send treasures!"

The girl said to a white-haired old man on the counter.

"Well, I know, go ahead!"

When the old man waved his hand, the girl retreated.

"Little brother, what treasure are you going to shoot?"

The old man smiled and watched the landing song, which was very kind and made people feel like a spring breeze.

Worthy of being the Tianji Chamber of Commerce, the quality is different.

"I'm going to shoot the Arcanite."

Lu Ming said.

"Oh? How many pieces do you want to send? According to the rules, no more than ten pieces can be sent."

The old man smiled.

Below ten pieces, the number is too small. The price of the treasures auctioned by the Tianji Chamber of Commerce is above 10,000 Needling Crystals.

"I sent two thousand pieces of inferior crystals!"

Lu Ming said, and then took out a storage ring and handed it to the old man.

"What? Two thousand dollars?"

The old man's voice was suddenly raised, his face amazed.

Gao Keng's voice attracted some people nearby to look over.

Some girls even speculate, is there any particularly valuable treasure, otherwise why the master appraiser is so surprised?

Aoyi crystal is a consumable item. The warrior gets it. As long as the attributes are met, it will be used. It will increase its strength. It can be taken out of 2,000 aoki crystals at once.

The old man's mind sank into the storage ring and his pupils suddenly widened.

"Two thousand pieces of metallic crystals are all metallic crystals."

The old man exclaimed.

He originally thought that even if Lu Ming took out two thousand pieces of Arcane Crystal, it was also a mixture of various attributes.

In that case, the price will be much lower. I didn't expect that all of them were metallic crystals.

The price of the same type of Arcane crystal will be greatly increased.

I am afraid that people who practice the artistic conception of alchemy will bid wildly.

The price of Aoyi Jingshi is one thousand Needling Crystals, but in fact, one thousand Aijinglings cannot be bought at all.

Can often fry thousands of pieces, or even more.

The smaller the amount of Aoyi spar, the cheaper the price.

If the quantity is large, the price will be higher if sold in groups.

One or two pieces of mystic crystal, the martial arts have been refined, can only accelerate the realization of the artistic conception.

But after more, continuous use will not only have a good effect, but also impact the realm of artistic conception.

For example, if the artistic conception has encountered a bottleneck, one or two pieces of Arcanite are useless, but a hundred pieces may break the bottleneck in one fell swoop.

Therefore, the greater the quantity, the higher the price of each piece of Arcanite.

Two thousand pieces of metal crystals will be auctioned together, and the price will be horrible.

"Little brother, let me register you!"

The old man quickly registered for Lu Ming, and then gave Lu Ming a proof of delivery.

"Little brother, according to the rules, after the filming is completed, there will be a 5% handling fee."

The old man laughed.

"I understand this!"

Lu Ming nodded, received the proof of delivery, and went out to the Tianji auction.

After turning around randomly in Hongcheng, Lu Ming randomly found a restaurant and walked up. At a window position, Lu Ming ordered some food and drink, and ate and drank.

"I heard that no, this time Tianji auction, there will be a treasure auction."

"Tianji Chamber of Commerce was publicizing a few days ago, I also heard about it, I don't know what is the treasure?"

"I don't know exactly what is the most precious treasure. An elder of my family is working in Tianji Auction House. According to him, it is a rare treasure that is rare in the world."

"Oh, look forward to it!"

In the restaurant, some other people chatted while eating and drinking.

One of the chunky youths said the loudest, with a smug face.

At this moment, the chunky young man's expression moved, and took out a piece of sound-transmitting jade symbol. His face changed at first glance.

Then he shouted: "The big news, the big news, I just received the news, this time the Tianji auction, there is another treasure to be auctioned, guess what?"

"How can you guess this, hurry up!"

Other humane.

"Haha, let me tell you, this time, it is the crystal of mystery."

Chunky youth said.

"Aoyi Jingshi? What's so strange, what is this treasure?"

Others disdain.

"Aoyi crystal is not a treasure, but after a large number, it is a treasure. It is said that this time it was a set of two thousand pieces of metallic amethyst crystal auctioned together, and the Tianji Chamber of Commerce has begun to promote it."

The chunky youth shouted.

"What? Two thousand metallic crystals?"

Others were taken aback, all shocked.

...

Chapter 586: The conference begins

Lu Ming on the side was stunned, but the news spread quickly.

The speed of the Tianji Chamber of Commerce is really fast.

In fact, Tianji Chamber of Commerce does this, it is not difficult to understand.

In this way, you can attract more people who need metallic crystals to go to auction, and the price will rise even higher, and the Tianji Chamber of Commerce will naturally earn more.

Lu Ming smiled, which was also a good thing for him.

With enough food and drink, Lu Ming walked out of the restaurant and returned to the inn.

There are still six days left, just to practice.

Today, Lu Ming's cultivation practice has reached the peak of Wuwang Jiuzhong. In a short time, it is impossible to break through.

The martial arts, dragon gods and three must have been cultivated to the fifth level.

As for Kowloon's sky-walking, although progress has been extremely rapid recently, it will take some time to become the fourth step in cultivation.

The fourth step of Jiulong's Heavenly Steps is equivalent to the sixth level of the top-grade martial arts, and it is extremely powerful.

"Now, only the flesh must be lifted."

Lu Ming thought.

As long as Lu Ming's flesh breaks through Qipin, his combat power can still be improved.

Qipin flesh is ten times stronger than Liupin flesh.

From Liupin flesh to Qipin flesh, it is a huge hurdle.

Lu Ming took out a seven-section grass.

Qijie grass was originally an ordinary first-level spirit grass, but it has been bred on mysterious yellow silica for many years and turned into the highest-grade spirit grass of the sixth grade. The medicinal essence contained in it is very rich.

Lu Ming exerted the spirit of Wanling, and slowly he transformed Qijie grass into the spirit of Wanling, and began to cultivate the flesh.

The highest-grade spirit grass of the sixth level, but it is a spirit grass that is very useful for the spirit of the Linghai Realm. The medicinal essence contained in it is too rich.

The rolling medicinal essence continuously transforms into a plume of spirits and penetrates into Lu Ming's flesh.

Lu Ming's muscles, bones, internal organs, veins and veins are all rapidly ascending and approaching to another level.

One day later, Lu Ming refined a seven-section grass, and Lu Ming took out another seven-section grass and continued to refine it.

Day after day, in a blink of an eye, five days and five baht and seven knots of grass were all refined by Lu Ming.

At this time, Lu Ming's body was filled with a layer of mist and a strong medicinal scent, radiating from Lu Ming's body.

Crackling...

The sound of fried beans came from Lu Ming's body.

Repeated gray mists are expelled from the flesh, all impurities in the flesh.

Lu Ming's flesh is filled with a layer of precious light, which looks like a supreme treasure.

After five days of cultivation, five strains of seven-section grass were refined, and Lu Ming's flesh finally broke through the seven grades, and the flesh's strength increased tenfold.

Click! Click!

Lu Ming's thoughts moved, and a sound came from Lu Ming's body. Immediately, he saw Lu Ming's body raised, and his muscles bulged.

After a few breaths, Lu Ming became a burly young man two meters tall.

This is the mystery of Qipin's flesh. When the flesh reaches Qipin, you can freely change muscle, bone density, size and shape.

After another explosion, Lu Ming changed back.

Taking out a fifth-level spirit sword and stroking on his arm, Lu Ming felt like he was scratching on the leather, and he couldn't even get in.

The fifth-level spirit sword is extremely sharp, and now it can't break Lu Ming's skin.

It can be seen how powerful Lu Ming's physical defense is.

The Qipin flesh, most of the power of the Linghai Realm, is unattainable.

Inject true element, and then draw a stroke on the arm, this is just a wound on the arm, but before the blood flows out, the muscles on the wound will wriggle at a rapid speed. After a few breaths, the wound will heal, leaving one Scar, and scars disappear quickly, I believe that within a few hours, the scars will disappear completely.

"The Qipin flesh is really powerful. In this way, my combat power has improved by at least 20%!"

Lu Ming's eyes flashed.

Don't underestimate the 20%. Lu Ming's combat strength is brought together by real elements, artistic conception, and martial arts. Lu Ming's combat strength is already amazing. Improving 20% at once is already terrifying. .

This is also because of the mysterious mystery of the spirits of the spirits, even if other people have the best spirits of the sixth level in hand, they are useless.

"There is still some medicine remaining in the body, and now it is one day before the auction starts, and it just happens to be refined!"

Immediately, Lu Ming operated the Wanling body and continued to refine his medicine.

One day, just blink.

The next day, Lu Ming received a message that Feixue had arrived and was waiting for her downstairs.

"Flying Snow Maiden!"

Lu Ming came downstairs and smiled.

"Brother Lu!"

Feixue smiled slightly.

She looked at Lu Ming with some surprise, but she didn't see it for a few days. She felt that Lu Ming's body had some changes, but there was no change in the specifics.

"Snow Maiden, are you going to the auction too?"

Lu Ming asked.

"The auction held by the Tianji Chamber of Commerce has only been held once every six months, and this time, it is said that there is a rare treasure that is rare in the world to be auctioned. Of course, it is necessary to go and see."

"And, this time, there is a group of two thousand pieces of metallic arcite crystal auction, I have an elder, who is also in the concept of alchemy. Soon, it is his birthday, I want to buy it and give him a gift."

Fei Xue laughed.

"Oh?"

Lu Ming nodded.

"I really don't know who it is. There are actually two thousand metallic crystals that can be sold together. This is very rare. I guess the competition will be fierce this time. I don't know if I can use it. Photographed."

Feixue sighed.

Lu Ming touched his nose with a smile.

The two walked towards the Tianji auction, and it was not long before they arrived.

"Fly Snow Maiden, you are here, please follow me to the VIP room!"

As soon as Fei Xue arrived, a beautiful young girl greeted her with a smile, and led her to Ming VIP and Fei Xue to a VIP room.

Like most auction venues, the first floor of the auction venue is a huge hall, above which is a high platform for hosting auctions.

On the second floor, there is a VIP room, which surrounds the entire hall. It has an excellent view and can see the scene below.

Lu Ming and Feixue came to VIP Room 10.

Lu Ming opened the window and looked out. At this time, there were already many people in the hall, and the number was increasing.

In the VIP room No. 5, Qin Qingfei sat with a middle-aged man.

"This time, I must get two thousand metallic crystals."

Qin Qingfei's eyes showed a fiery light.

What he cultivated was precisely the artistic conception of gold, and he also encountered a bottleneck. If he could get 2,000 pieces of metallic arcane crystal, he would be able to break through the bottleneck in one fell swoop, and the artistic conception of gold could also advance by leaps and bounds.

"Second young master, although the golden gemstone is precious, our purpose this time is that treasure."

The middle-aged man reminded.

"Relax, this time, my father transferred me a lot of Needy Crystals, and I can definitely take that treasure."

Qin Qingfei said confidently.

Later, he got up and opened the window, and at a glance saw Lu Ming opposite.

Chapter 587: Inscription Rune

"That kid again!"

Qin Qingfei saw Lu Ming, his eyes cold, a sneer in the corner of his mouth.

"This kid is here, mostly for cross-domain tokens. Hey, it's not that easy to get cross-domain tokens!"

Qin Qingfei sneered and closed the window.

There was also a gloom in Lu Ming's eyes.

There are more and more people in the hall. At last, there are at least 20,000 people.

You have to know that if you want to enter the Tianji Auction House, there are requirements, and you must have the cultivation ability above the Wuwang, lower than the Wuwang realm, and you are not allowed to enter.

In other words, more than 20,000 people on the scene were all martial artists above the Martial King Realm.

Lu Ming secretly marveled that the strength of Hongyu was really strong, and it was not comparable to Tianxuanyu.

Tianxuanyu, all the martial kings together, there may not be 20,000 people, but now, just an auction, there are more than 20,000 people.

There is no comparison.

At this time, a middle-aged man in a white robe and elegant appearance walked onto the high platform.

"Fengxiu Branch President is here!"

As soon as the middle-aged man came to power, the audience calmed down, as if there was a great deterrent.

The middle-aged man smiled and said, "I believe many people know each other, but there are also some new friends who don't know. I will introduce myself again under the name Fengxiu. It is the president of the Tianji Chamber of Commerce in Hongyu Branch. Host this auction."

"This time, a total of 218 treasures will be auctioned, and they are definitely fine products. I hope everyone can be satisfied. Well, time is limited. Let's bid for the first time today!"

Fengxiu was very straightforward and came to an immediate conclusion, announcing today's auction start.

Immediately, a beautiful young girl came up with a tray.

On the tray is a picture.

Feng Xiu called for a picture. I saw a lightning bolt on the picture.

"I believe everyone has seen it. This is an inscription rune. As long as the true element is injected, it will inspire the inscription in the inscription rune and launch a fatal blow. This lightning inscription rune, the power of attack, is equivalent to the seven peaks of the king of Wu. 'S strongest strike, the base price is now 10,000 Need for Spirit Crystal, and the price increase must not be less than one thousand Need for Spirit Crystal!"

After the introduction of Fengxiu, the reserve price was set.

"It's actually an inscription rune. This thing is very rare. When it's critical, it can save lives."

"And the power of the Dacheng King who is equivalent to the seven kings of Wuwang is a full blow, and if used well, he can even kill a warrior of the seven kings of Wu."

"I want it, I have 12,000 Needling Spirit Crystals!"

At the scene, there was a discussion, and immediately someone started to bid.

"It's actually an inscription rune!"

Lu Ming also moved.

The inscription rune is a rune made by the inscription master, but the general inscription master can't refine it at all.

To refine the inscription rune, the first condition must be a pure inscription master.

In fact, most of the so-called inscription masters are impure, mainly focusing on practicing martial arts, supplemented by inscriptions.

Most of the martial arts practitioners will practice some inscriptions to help martial arts practice.

These are not pure inscription masters.

If you are not a pure inscription master, you cannot refine the inscription rune. In the Heavenly Profound Realm, there is no pure inscription master.

Again, people's energy is limited. To become a pure inscription master, it takes a lot of energy. The martial arts practice is definitely not too high.

Moreover, the pure inscription master, before the fifth level, the combat effectiveness is extremely low, simply not comparable to the warrior.

However, once a pure Ming Master breaks through to level 5, it will undergo a qualitative change, the combat power will become extremely scary, and the fighting method will be extremely mysterious.

Therefore, the pure inscription master also has a name called true inscription master.

True Ming Master, true Ming Master.

These were all seen by Lu Ming in the classics before. I didn't expect to see an inscription rune made by a true inscription master.

In the process of Lu Ming's thinking, prices have been rising.

It has already broken through 20,000 Needling Spirit Crystals.

"It's really a group of country folks. Some people want such **** inscription runes. Some people wanted this one. They made a rune rune that was 100,000 times stronger than this one million times."

Dandan lay on Lu Ming's shoulder, tilted a Erlang leg, took a fifth-level elixir from Lu Ming's soft and hard foam, and gnawed it in his mouth.

Gnawing, whispering, disdainful.

"Oh, how about you make a picture for me?"

Lu Ming pouted.

"Huh, this seat is injured now, otherwise, it is not a matter of minutes."

Dangdan is not ashamed.

On the edge, Feixue looked at Dan Dan with interest.

"Brother Lu, your turtle monster is quite fun."

Fei Xue laughed.

When the monster reached the king level, he could speak, and Feixue didn't feel anything strange.

"This guy, apart from bragging, knows to eat and has no other use."

Lu Ming said casually.

Hearing this, he stopped jumping directly from Lu Ming's shoulders, his eyes widened, and he said loudly, "Boy, what are you talking about? I dare to say that this seat is useless. It is the head of the top ten fighting beasts, Megatron, in all directions, invincible in the universe, dare you look down upon this seat?"

Once a claw finger touched the landing, the old-fashioned way, but the voice was immature, such as a three-year-old child, causing Feixue giggling non-stop.

"Come on, stay me honest."

Lu Ming smiled and grabbed Dandan's little head.

"Why doesn't it matter, I bite!"

Once he had teeth, he opened his mouth and bit off at Lu Ming's fingers.

"Nest, dare to bite me!"

Lu Ming was caught off guard and was bitten on his finger by a single bit, which could not be shaken.

Finally, Lu Ming surrendered, took out a fifth-level elixir, and then he loosened his mouth angrily.

"I know how powerful this seat is!"

Once complacent, he hid aside to nibble away.

"Is this product a rebirth of a peerless powerhouse?"

Lu Ming was a hundred unbelievers.

At this time, the inscription rune has been taken away by 35,000 pieces of the best spirit crystal.

After all, the inscription rune, although powerful, is only a one-time use, it will be used up, and the price will not be too exaggerated.

Then, Feng Xiu took out the second auction item, which was an alchemy furnace of the fifth grade.

The alchemy furnace is extremely rare, so the price is several times higher than the general spirit soldiers.

This fifth-grade top-grade alchemy furnace sold a high price for 120,000 Needling Spirit Crystals.

Then, one item after another was taken out for auction.

Refining materials, elixir, spirit soldiers, cheats for exercises, even monster pets, etc. are all available.

However, although these treasures are precious, Lu Ming has nothing to behold.

The other VIP rooms on the second floor also had no one to speak.

Everyone knows that these people are waiting for the treasure behind.

The further back, the treasures that appear are more precious.

"The 156th treasure is a bottle of congenital original liquid, and it is a congenital original liquid of middle class. I believe that the role of congenital original liquid, I don't need to say more, everyone knows that it is the first holy product of the physical body! "

Fengxiu held a jade bottle in his palm, loudly.

Chapter 588: Deliberate price increase

"Zhongpin Congenital Liquid!"

Lu Ming's eyes moved.

He still remembers that when he was in the raging empire, he once bid for the congenital liquid, but that was the lower grade congenital liquid, and there were only nine drops.

But now, it is the Chinese congenital congenital liquid, and there is a whole bottle.

The congenital congenital liquid of Zhongpin, the price is higher than that of the lower grade.

"However, with my current physical strength, this small bottle of innate congenital liquid will not have much effect, but I still have to buy it and give it to my father and mother for their physical fitness. It is also good."

With a move in his heart, Lu Ming decided to buy it.

"Okay, this bottle of Chinese congenital congenital liquid, with a base price of 50,000 pieces of spirit crystal, every bid, not less than 5,000!"

Fengxiu announced.

"I have sixty thousand!"

"I have 70,000."

"My 80,000!"

...

As soon as Feng Xiu's voice fell, a bunch of people began to bid.

This bottle of innate stock solution has no effect on Lu Ming, it does not mean that it has no effect on others.

Ordinary warriors, where the flesh is as powerful as Lu Ming, the Qipin flesh, even though most of the spirit sea realm, the flesh does not reach the Qipin.

Unless it is specifically forged body exercises.

The ordinary king refines the flesh with the true yuan, and the flesh is generally only four grades.

A few can reach the fifth grade.

Zhongpin congenital liquid, for them, is still very useful.

The price is rising, and soon, it has climbed to 100,000 pieces of the best quality crystal.

"One hundred and fifty thousand!"

Suddenly, a clear voice came out.

This bidder is Lu Ming.

The audience suddenly calmed down, and Lu Ming added 50,000 breaths in one breath, demonstrating the will to win.

"160,000!"

There was another bid.

"Two hundred thousand!"

Lu Ming bid again, adding 40,000 at a stretch.

Many people shook their heads and sighed, giving up the competition.

Obviously, Lu Ming did not hesitate to increase the price, and the price increase was like playing, they did not have the confidence to compete with Lu Ming.

To be honest, the tens of thousands of top-quality spirit crystals are indeed not in Lu Ming's eyes.

He is now raising a level of cultivation, at least also based on millions of Need for Spirit Crystals.

His refined spirit crystals before and after refining have exceeded 20 million.

"Twenty thousand times, have you continued to bid?"

Feng Xiu asked.

"Twenty-one thousand and five thousand!"

At this moment, a lazy voice sounded from VIP room No. 5.

"Qin Qingfei!"

Lu Ming's eyes flashed.

That voice was Qin Qingfei.

In the VIP room No. 5, Qin Qingfei sneered from the corner of his mouth, and said in his heart: "Boy, you want it, I don't want you to get it easily."

"250,000!"

Lu Ming directly increased the price to 250,000.

"255,000!"

Qin Qingfei's voice sounded again, but it was only a symbolic addition of 5,000 yuan.

"That seems to be Qin Qingfei!"

"Yes, I don't know who is in VIP room ten? It seems that offended Qin Qingfei. Qin Qingfei didn't want to bid at all, but deliberately raised the price with the other party!"

At the scene, many people saw the intention of Qin Qingfei.

"Three hundred thousand yuan, if you increase the price, it will be yours."

Lu Ming's voice spread.

"Haha, since you bid 300,000 and buy a bottle of more than 100,000 innate liquid, how can I be so embarrassed to fight with you, let it be you!"

Qin Qingfei's playful voice sounded.

"300,000 times, is there anyone else bidding?"

Feng Xiu asked.

No one said anything.

Just kidding, a bottle of Chinese innate congenital liquid, more than 100,000 Jingpin Lingjing, is already the top of the sky, 300,000, too expensive, who would bid?

Feng Xiu even asked it three times, and no one bid. This natural bottle of natural liquid naturally belongs to Lu Ming.

In a few moments, a girl sent the innate original liquid to the VIP room No. 10.

"This son, the chairman said, your spirit crystal, can wait for the settlement after the auction!"

The girl said softly.

"Okay, thank you girl!"

Lu Ming nodded and collected the innate original liquid.

"Brother Lu has treasures here to shoot?"

Fei Xue flashed her eyes, said.

Only when there are treasures posted here, can you wait for the checkout after the auction is over.

"Well, there is one!"

Lu Ming nodded.

Feixue didn't ask too much, just a hint of curiosity.

The auction continued, and soon, dozens of other auction items were taken away.

"Today's 198th auction item, I believe everyone has heard of it, that is the cross-domain token, which is a quota for riding the cross-domain transmission array!"

"I believe everyone knows that the start of the cross-domain teleportation array consumes terrifying energy, so the cost of riding the cross-domain teleportation array is also high terror. Even if it is sent to the nearest large domain, it will cost 100,000 Needs Spirit Crystal. , And the farther away, the more expensive the cost of transmission!"

"Originally, this time there were two quota auctions, but the Emperor Tianjin Temple temporarily transferred one quota back, and the last quota was left. This quota can go far beyond 20 large domains. Now, the reserve price is ten. Wanji Pinjingjing, each price increase cannot be less than 10,000 Lingjing, start bidding!"

Fengxiu announced.

"There is only one left? This one, I must get it!"

Lu Ming's eyes flashed.

"I have 110,000 yuan!"

"I have 120,000 yuan!"

...

As soon as Feng Xiu's voice fell, someone immediately started bidding.

After all, every time only one or two places are given to Emperor Tianjing Palace, and how many people are there in the whole Hongyu?

There are always people who want to go to other big domains, and there are naturally more bidders.

It didn't take long for the price to climb to 200,000.

"I have 250,000 yuan, you guys, the old man has something important to go to Feixu domain, I also ask you to let the old man, the old man is very grateful!"

An old voice sounded.

"Are you okay? Am I okay? I'm going to Liutianyu, and I'll have 280,000!"

A thick voice sounded without giving way.

"Three hundred thousand."

"Three hundred and twenty thousand!"

Soon, the price climbed to a height of 400,000.

The bidders are all those who are above the Dacheng King, and below the Dacheng King, generally they can't get so many high-quality spirit crystals.

"I have six hundred thousand!"

Suddenly, a voice sounded, shaking the audience.

All of a sudden, 200,000 pieces of super-spirit crystals were added, demonstrating the ambition to win.

"It's VIP room ten!"

Someone looked at VIP room ten.

The bidder was naturally Lu Ming.

He is determined to get this quota.

At the scene, there was a sudden silence, 600,000 yuan, too much.

Moreover, who knows whether Lu Ming will continue to increase.

"Haha, this kid finally couldn't help but increase the price. Six hundred thousand people wanted to buy it, which was too low."

Qin Qingfei sneered in the VIP room No. 5, and then spoke.

"Seven hundred thousand!"

Qin Qingfei called out 700,000 pieces of Needling Crystals.

Lu Ming's eyes were cold, and he looked at VIP Room No. 5.

"It's this guy again, and I knew he would make trouble!"

Feixue gritted his teeth.

Chapter 589: Raise the price, I will

"800,000 yuan!"

Lu Ming did not hesitate to continue to increase the price.

"80,000!"

Qin Qingfei immediately added another ten thousand.

Lu Ming's eyes flashed a thick murder, and continued to say: "One million yuan!"

"One hundred and ten thousand!"

Qin Qingfei, continue to add ten thousand.

Wow!

There was an uproar in the audience, and a fierce discussion sounded.

"People in the VIP room on the 10th seem to have offended Qin Qingfei, otherwise how can they always be targeted at him!"

"Qin Qingfei is obviously intentional."

"Interesting!"

There are various expressions on the scene.

Some people who are not angry with Qin Qingfei are others, while others are gloating and holding a lively attitude.

"Damn it! Qin Qingfei, what do you mean? Did you raise the price on purpose?"

Fei Xue opened the window angrily, and yelled angrily at the VIP room No.5.

"That's Feixue, no wonder, that Feixue's vein, and Qin Qingfei's vein, were originally opposite, hostile to each other, no wonder Qin Qingfei would deliberately increase the price."

Someone immediately recognized Feixue.

"Hey, Feixue, you don't want to spit out people. I am bidding normally. Why? You are allowed to bid for the treasures, but you are not allowed to bid? Tianji Auction House, there is no such rule.

Qin Qingfei opened the window, sneered, and deliberately gave Lu Ming a provocative look, with a mocking look on his face.

"hateful!"

Fei Xue closed the crystal window angrily, biting her silver teeth.

"Anyway!"

Lu Ming spoke lightly, his face calm, and he continued to bid: "1.2 million!"

Anyway, the price of two thousand pieces of metallic arcite crystals is the least, and there are also two million top-quality spirit crystals. This is the least.

"1.21 million!"

Qin Qingfei continued to increase prices.

"1.3 million!"

Lu Ming continued to bid without any hesitation.

In the VIP room No. 5, Qin Qingfei's face flashed with a proud smile, and he was about to continue to bid.

"Second young master, it is still the treasure behind. If you increase the price again, if the other party doesn't want it, we will spend more than 1.3 million Needling Spirit Crystals. I am afraid it will affect the plan behind it!"

The middle-aged man persuaded.

Qin Qingfei glanced a few times, and finally did not continue to increase the price, the playful voice came out: "1.33 million places, hey, let me give you!"

Qin Qingfei withdrew from the auction, and naturally no one else bid, and the quota fell on Lu Ming's hands.

After a while, a girl took a token and gave it to Lu Ming.

With this token, Lu Ming can use the cross-domain transmission array.

Lu Ming collected the token.

His face has always been calm, but under the calm, there is an endless storm.

Next, the auction continues.

The farther back, the more precious treasures.

Especially after the 210th treasure, each of them is a fine product, and the price of each auction is more than one million Needs Spirit Crystal, there are several pieces, and even rushed to two million pieces. The sky-high price of Need Spirit Crystal.

"Okay, now, there are only the last two treasures left. The next to be auctioned is a set of Arcane crystals, metallic Arcane crystals, a total of two thousand pieces!"

After a pause, Fengxiu continued: "Aoyi crystals, everyone knows that the market price is about a thousand pieces, but in fact, a thousand pieces of aoise crystals are absolutely unavailable, and, aoise crystals The more the quantity is, the higher the price will be. Now there are two thousand pieces of Arcanite crystals with a base price of two million Needling Crystals. Each price increase cannot be less than one hundred thousand."

"2.1 million!"

"2.2 million!"

...

As soon as Feng Xiu's words fell, someone immediately started bidding, and most of the bids were in the VIP room on the second floor.

After all, for more than two million Need for Spirit Crystals, for most people, it is simply astronomical.

The Tianji Chamber of Commerce started publicizing five or six days ago, and many people came for two thousand metallic crystals.

Therefore, there are many bidders and the competition is fierce.

Feixue also showed his interest and joined the competition.

In the VIP room on the 5th, Qin Qingfei's eyes were gleaming and extremely hot, saying: "Don't want to compete with me, two thousand pieces of metallic crystals are mine."

He did not rush to bid, waiting for the opportunity.

The prices have risen steadily, and they have quickly reached the three million mark, and are still rising rapidly.

"3.5 million!"

Feixue bids.

Lu Ming looked at Fei Xue with some surprise. It seemed that Fei Xue's status was unusual. For the sake of a senior's birthday, he could come up with 3.5 million Needling Spirit Crystals.

But the price that someone immediately shouted out exceeded Feixue.

"3.6 million!"

"3.7 million!"

...

"four million!"

After a while, the barrier of four million was broken.

"Hey, forget it, this price is too high!"

Feixue sighed slightly and quit the competition.

At this time, about a dozen people are bidding.

These dozens of people have absolutely extraordinary identities, and some have very old voices. They are definitely predecessors who have lived for a long time.

"five million!"

Suddenly, a voice rang through the audience, making the audience suddenly quiet.

All of a sudden, a million Needling Spirit Crystals were added, which was terrifying.

"Qin Qingfei!"

There was a sneer in Lu Ming's mouth, and he could hear that the person who had just bid was Qin Qingfei.

"Five million, does anyone else bid?"

Feng Xiu asked.

"5.1 million!"

After being silent for a while, finally someone bid again.

"5.2 million!"

Qin Qingfei did not hesitate to increase the price.

"5.3 million!"

Someone continues to bid.

Prices continued to rise again, and soon, more than six million.

At this amount, most people withdrew from the auction, and only one person is still bidding with Qin Qingfei.

"6.8 million!"

Qin Qingfei shouted out this horrible high price.

The man was silent for a while, and finally sighed, not speaking.

Qin Qingfei's face was overjoyed, and two thousand pieces of metallic arcane crystal finally came to him.

With two thousand pieces of metallic Arcanite, his artistic conception can quickly break through, reaching the limit of the first-level success in one fell swoop, and further, it can impact the first-level perfection.

Just when he was thinking about it again and again, a voice interrupted him.

"Seven million!"

Someone called out 7 million.

"Brother Lu!"

Feixue whispered, looking at Landing with some surprise.

It was Lu Ming who called out 7 million.

"Damn, Lu Ming!"

Qin Qingfei's eyes were cold, and he naturally heard Lu Ming's voice.

"7.2 million!"

Qin Qingfei directly added 200,000 Needling Spirit Crystals.

"7.3 million!"

Lu Ming smiled and added 100,000 pieces of the best spirit crystal.

"7.5 million!"

Qin Qingfei added.

"7.6 million!"

Every time Lu Ming adds 100,000 yuan.

Chapter 590: water of life

"Damn, damn! Damn little beast!"

Qin Qingfei roared.

Where did he not know, Lu Ming raised the price with him, this was the means to raise the price before he retaliated against him.

"Eight million!"

Qin Qingfei roared out a high price of eight million.

"8.1 million!"

Lu Ming continued to add 100,000.

"Damn, boy, you are deliberately raising prices and disrupting the auction order!"

Qin Qingfei finally couldn't help but shouted.

"Oh, it's really ridiculous. Who said I bid up the price, I'm bidding normally, I'll let you bid, I won't let me bid?"

Lu Ming sneered.

Qin Qingfei said this to Lu Ming and Fei Xue before, and now Lu Ming has given him back.

"Damn it, 8.3 million!"

"8.4 million!"

...

"Nine million!"

Qin Qingfei hysterically called this number.

This is already all his own possessions, no matter how much, he can not add.

Although he still has a lot of spirit crystals on his body, they were transferred to him by his father and used to bid for that treasure.

"Nine million? Qin Gongzi is really rich and wealthy, Lu admires it, then let you Qin Gongzi!"

Lu Ming smiled and quit the auction.

Nine million is already a very high price. If you continue to increase the price, Lu Ming is afraid Qin Qingfei will not.

In the end, 2,000 pieces of metallic arcane crystal were photographed by Qin Qingfei with 9 million Needling Lingjing.

"Okay, time is fast. It's the last auction item today. This auction item is a rare treasure all over the world."

Feng Xiu's voice spread throughout the audience, and everyone on the scene was refreshed.

Most people know that they are not eligible to join the final auction, but look at the lively, knowledge, and bragging with acquaintances in the future, but also a bragging capital.

Many people widened their eyes and waited for Feng Xiu to come up with the final treasure.

Lu Ming also watched with interest, to see what this last treasure was.

At this time, Feng Xiu's palm glowed, and a jade bottle appeared in Feng Xiu's hands.

"Jade bottle? Is it a panacea, or a spirit solution?"

Everyone guessed.

"Haha, I'm not selling guanzi with you, this bottle is...water of life!"

Feng Xiu glanced at the audience and said word by word.

Wow!

As soon as Feng Xiu's words fell, the audience suddenly exploded.

"What? Water of life? The kind of water of life that can bring the dead back to life in the legend?"

"Water of life, Peerless Treasure, any injury, no matter how many injuries, will quickly heal the water of life?"

"How is it possible? My God, really fake?"

...

At the scene, there were countless exclamations and shocks.

bump!

In the VIP room on the 10th, Lu Ming also stood up suddenly, looking out, his eyes glowing hot.

The water of life is actually the water of life, he must get it.

With the water of life, Lu Yuntian's muscles and veins can definitely be healed and re-enter the path of martial arts.

He has long vowed to find the treasure that healed Lu Yuntian, but he has never encountered such a genius and treasure, but now, he has.

"The water of life is actually the water of life, haha, or the father has the foresight. This time, we must get it!"

In the VIP room No. 5, Qin Qingfei also stood up, his eyes very hot.

Everyone was boiling, and his eyes were hot.

"Everyone, dissatisfied with you, this bottle of water of life is not pure water of life, but diluted, and its concentration is only about one tenth of that of pure water of life."

"What's more, if you want to bring the dead back to life, it's just a rumor. Even if you use more pure water of life, you can't do it, let alone diluted water of life, but one thing, I can be sure, even The diluted life water can be cured as long as it is a physical injury. Even if your arm is cut off, you can reconnect it as long as you connect it immediately and drip the diluted life water on the wound. Perfect cure!"

Feng Xiu said loudly.

Even so, everyone's enthusiasm is still high.

The diluted water of life is also the most precious.

"Okay, bidding now, the base price, five million Need for Spirit Crystal, each time the price increases, not less than 200,000 Need for Spirit Crystal!"

Fengxiu announced.

"5.5 million!"

"5.8 million!"

"Six million!"

.....

In an instant, someone bid.

The Tianji Chamber of Commerce has long publicized the fact that there is a supreme treasure to be auctioned this time. Although it has not been clearly stated before, it still arouses the interest of many people.

Many wealthy people have prepared the Spirit Crystal long ago, waiting here.

Like Qin Qingfei.

There was no bid before, and now as soon as the water of life comes out, some people have bid.

The water of life, even if it is diluted water of life, if used well, it equals one more life.

Who doesn't want to move?

With the water of life, you can go to some more dangerous forbidden places and ruins to find more precious treasures.

Prices are soaring at a terrifying rate.

Soon after, it broke through the nine million skyrocket price of the two thousand metallic crystals and surpassed 10 million.

"11 million!"

Qin Qingfei shouted.

"11.5 million!"

Someone immediately added half a million without giving up.

"Deacon Wu, you quickly whispered to your father and asked him to transfer me another 20 million Needling Jingjing to me. Today, we must take pictures of the water of life!"

Qin Qingfei said to the middle-aged Dahan Dao.

"Yes, second master!"

The middle-aged man quickly took out a piece of sound-transmitting jade, and began to pass the sound.

Prices continue to rise.

Soon, the terror price of 15 million was rushed, but there are still many people competing.

"Five and a half million!"

Qin Qingfei shouted.

"16 million!"

Prices continue to rise.

When the price reached 20 million, the bidder was finally much less.

Many people sighed, 20 million, this price is too horrible, even if they are willing, they are unable to compete.

And many people who do not have the financial resources to compete are also excited to watch.

For most people, the 20 million Need for Spirit Crystal is completely astronomical.

However, it is extremely rare to see many people paying this price for a treasure. It is also a kind of show-off capital to see it with their own eyes.

At this time, there are only three people still competing.

Qin Qingfei is one of them.

"Twenty-three million!"

When Qin Qingfei shouted a high price of 23 million yuan, another person withdrew.

When Qin Qingfei shouted out 25 million, the last person also quit.

"Haha, the water of life belongs to me. You alone want to compare the financial resources of my Qin family. Dream!"

Qin Qingfei laughed.

"Twenty-six million!"

At this moment, a clear and firm voice sounded.

Lu Ming finally began to bid.
