

D Emperor 621

Chapter 621: Rapid progress

"Wait a minute, Spirit Soldier, Elixir, isn't it the strongest top grade? How can there be a top grade, a top grade?"

Lu Ming suddenly thought of this problem.

"Fart, those Ming Masters are useless, they can only refine the top grade, so I said that your spear is a waste, let the old man refine, only the sixth grade top grade, if a sixth grade Zhenming Refining Master can refine at least the best."

Da Dan is full of disdain.

"It turns out so!"

Lu Ming nodded and suddenly looked, "Someone came down, we should leave!"

Lu Ming felt that someone came down from above.

Also, the heart flow inflammation was absorbed by Lu Ming, and the fiery meaning disappeared. The heaven and earth aura of the Diyu Cave was ten times thicker than before. It naturally aroused the curiosity of others. It is normal to look down.

Lu Ming didn't want to cause shock, had no plans to show up, his figure flashed into a ray of light and rushed upwards.

He passed by with several young people, who did not find them at all.

Soon, Lu Ming went out of Diyu Cave and came to the Royal Palace to find Huachi.

He talked to Huachi about Diyuandong.

Hua Chi was stunned, and then it was ecstatic.

Under the Diyuan cave, there is actually a spirit eye, with this as the foundation, the future masters of the raging empire will definitely be more and more, and the national strength will also be stronger and stronger.

Immediately, Huachi sent experts to block Diyuan Cave, and then considered how to use it.

Lu Ming had a chat with Hua Chi for a while, leaving some medicine and cheats for him, and then left the imperial capital and returned to the Lu family.

Next, Lu Ming's daily schedule was full.

Every day, apart from comprehending the artistic conception of thunder and practicing the three skills of the dragon and goddess, it is to practice inscriptions, to cultivate the idea of meditation, and to enhance the spiritual fire.

Time rushed, two months passed.

It has been almost three months since the battle with the Holy Star.

In the past two months, Lu Ming has made great progress in all aspects.

The three dragons of the Dragon God have been consummated and have reached the sixth level of cultivation.

And Jiulong stepped into the fourth step in one fell swoop, and became the fourth step in one fell swoop. Its power is equivalent to the sixth level of the high-grade martial arts of the heaven level, which is equivalent to the sixth level of the three dragons.

In addition, the three heaven and earth moods are all first-level perfection. Now Lu Ming's combat power is several times stronger than when he was fighting with the Holy Star.

Now facing the Holy Star, Lu Ming can easily defeat the Holy Star even if he does not help with the inscription formation.

Of course, the Holy Star will also progress and will not stand still, which is another matter.

Lei's artistic conception has also made great progress, approaching the second level indefinitely.

But it is extremely difficult to break through the second level, and it will not be possible in a short time.

There is a huge sky between the first-level artistic conception and the second-level artistic conception, which is difficult to cross.

The fastest improvement is still the way of inscription.

After two months of cultivation, Lu Ming successfully lit a spiritual lamp again. The spirit of seven yellow flames, burning, will soon light the eighth.

However, at each level, the more difficult it is to ignite the spiritual light, the more spiritual lights in the front are best.

The speed of Lu Ming's inscription has reached a terrifying point.

On a mountain hundreds of miles outside the City of Wind and Fire, Lu Ming was at this mountain during this time, practicing the way of inscriptions.

I saw that Lu Ming's body flashed, and his footsteps were continually stepping on the mountain peak. Every step he stepped on, there will be an inscription emerging, exuding a bright light.

"Perverted, perverted, in just two months, actually inscribed inscriptions to this step, this perverted!"

On a bluestone on the edge, he was lying lazily on the bluestone mountain to basking in the sun, chewing a elixir in his mouth, chewing, and howling in his heart.

In two months, Lu Ming finally did it. Between raising his hands and throwing his feet, he could inscribe the point of the inscription.

If it were someone else, it would be impossible to do so without more than ten or twenty years of hard work. No wonder how we are mourning.

"Boy, at this stage of cultivation, you are barely qualified. When you reach Level 5 Master Master, and your spiritual power can communicate the power of the world, then a terrorist attack will erupt."

Dan Dan's mouth will not admit Lu Ming's pervert, but also to hit him.

Otherwise, how to maintain its noble identity?

Although, it has never been sublime in Lu Ming's heart.

"Go, go back!"

Lu Ming walked over, squeezed Dandan's head, and threw it on his shoulder.

"Ah, boy, you dare to squeeze my head again, I will never finish with you, I will never finish with you."

Shouted hysterically.

Lu Ming curled his lips and rose into the air, preparing to return to the Lu family.

Just then, a strong sense of crisis emanated from his heart, and his skin tightened instantly.

嗤嗤...

Above the sky, endless wind blades cut through the air and shot down towards him, filled with incomparable sharpness.

boom!

Without the slightest hesitation, three kinds of artistic conceptions broke out, the true element roared, and hundreds of guns burst out, bursting out with those wind blades.

bump! bump! ...

In the sky, bursts of bursting sound were heard, and the energy was vigorous, destroying this mountain forest.

laugh!

At this time, a huge wind blade became black and fell from the sky.

Where the wind blade passes, the space shakes violently like a wave.

"True Dragon Strike!"

Lu Ming stabbed with a single shot, and a three-colored true dragon flew out, colliding with the huge wind blade.

Space shakes, the wind blade and the three-color true dragon disappear together.

"So strong!"

Lu Ming's eyes narrowed.

Although Lu Ming has not yet broken through the pinnacle king, there is absolutely no one among the kings who can be enemies. Now, the man above his head is actually not weaker than him.

Is it the power of the Linghai Realm?

No, he did not feel the vast breath of Linghai Realm, it should not be Linghai Realm.

"Who? Sneaky, get out of here!"

Lu Ming turned into a lance, thrusting upwards, spurting out with a shot, and a bright lance rising into the sky.

Buzz!

At this moment, when the space shook, Lu Ming felt a terrifying force, acting on him, as if the weight had suddenly increased tens of times, hundreds of times.

But there are some differences with gravity.

Lu Ming felt his body and was under tremendous pressure.

He seemed to be in a quagmire.

嗤嗤...

Around, the sound of breaking the sky violently sounded, and countless wind blades broke through the air, cutting towards him.

No, this is not a wind blade. Although it is very similar, it is more wonderful and more dangerous than the wind blade.

"interesting!"

There was a smile on Lu Ming's mouth, and the breath on his body was stronger.

Just now, Lu Ming did not exert his full strength at all.

The true Yuan is turning around very fast, and three kinds of artistic conceptions surround one's own body.

"Nine Dragons!"

Lu Ming turned over, stepped on his head and feet, stepped four times in a row, and rushed upwards.

boom! boom! ..

The sky and earth were violent, the space was shaking, and that terrible pressure was penetrated by Lu Ming. Lu Ming rushed into the sky and pointed a gun.

On a cloud, a slender figure stood against the wind.

Chapter 622: Goodbye Xie Nianqing

This woman has an extraordinary style, a beautiful appearance, and has the appearance of falling into the country.

She wore a black gauze skirt, revealing a pair of white long slender thighs, like the most beautiful works of art carved out of beautiful jade by gods.

She blinked her big eyes, staring at the landing momentarily.

"Little... Xiaoqing!"

Seeing this woman, Lu Ming's heart beat fiercely for a few moments, and then she was ecstatic.

This stunning woman actually disappeared for more than a year, Xie Nianqing for nearly two years.

She actually appeared here now, he almost thought he was dreaming.

"Nest, what a beautiful woman!"

Dandan Lingcao also forgot to chew and stared at him with wide eyes.

"Lu Ming, I thought you were far off by me. It's not bad. I haven't seen you for a while, but I haven't been left behind by me!"

A clear voice came from Xie Nianqing's mouth.

"Xiaoqing, where have you been during this time?"

Lu Mingfei passed by and was shocked.

He had just felt that Xie Nianqing's cultivation practice had actually reached the peak of the king.

This is too scary.

You should know that Lu Ming has encountered a lot of adventures, especially in the Heaven Realm, and obtained a large number of crystals of the Profound Truth. In addition to the anti-sky things such as the ancient trees of Tao, Lu Ming's cultivation ability has risen all the way to the Wu Wang Jiuzhong peak.

But Xie Nianqing is better, Xiu Wei is actually one heavier than him, and has reached the peak king, and the combat power is also extremely terrifying. It is a lot stronger than the Holy Star. Just a short time ago, Lu Ming did not explode his full strength, but Xie Nianqing It may not be the best effort.

How did she practice?

"What? Miss me?"

Xie Nianqing stared at Landing Ming with a big smile on his lips.

"Of course, you, my husband and wife are gone, and you suddenly disappeared. Of course I thought. I can't think of tea or rice. I can't sleep at night!"

Lu Ming laughed.

"Go, who's with your husband and wife? Well, as soon as you meet, take advantage of me!"

Xie Nianqing gave Lu Ming a white look, and a smile flushed, but deep in her eyes, she was also very happy.

I haven't seen you for so long.

"Xiaoqing, seriously, where did you go? Xiuwei is so strong? If it wasn't for me to work harder, this time, I really want to be surpassed by you!"

Lu Ming asked curiously.

"Hey!"

Xie Nianqing sighed, and his eyes were a little complicated, saying, "I went to a place I didn't want to go, so I didn't find another chance to come out."

"Oh, do you miss me, come out and find me?"

Lu Ming smiled.

"Who misses you, thinks of beauty!"

Xie Nianqing's face was red again, and Lu Ming glared.

"Shameless, this guy is shameless, beauty, don't listen to him, this guy said so when he saw beauty."

At this moment, Dandan shouted, his eyes turned round and round.

"Huh? This little turtle? Lu Ming, when did you have a little turtle? Is it pretty cute?"

Xie Nianqing looked at Dan Dan with big eyes.

"Haha, beauty, you can listen, this seat is not an ordinary turtle, this seat is the head of the top ten fighting beasts, peerless combat power, proficient in astronomy and geography, the way of refining, what do you want, this seat I can give it to you. It just happens that this seat is missing a maid... Nest, kid, what are you doing?"

He carried his hands on his back and looked proud, and before he had finished speaking, Lu Ming slapped him back.

"Boy, do you dare to fan me? Is this justified, I... I bite, I bite!"

Dan Ming glared at Lu Ming, his teeth grinned, and suddenly rushed to the landing Ming, biting Lu Ming's finger.

Lu Ming pinched his fingers, pinched Dandan's head, and lifted him in the air.

Dandan's short limbs, struggling non-stop in the air, his eyes are about to burst into flames.

It was almost time before Lu Ming put down Dandan.

"Ah, boy, you are over, you are completely over, you actually dare to pinch the head of this seat, you are over."

The shouts endlessly.

"Hey, there is no cure for it recently, so save it!"

Lu Ming sighed.

The cries of Dandan stopped abruptly, staring at the eyes, and the turtle shell kept rising and falling, obviously angry.

Giggling...

Xie Nianqing's smiling flowers twitched.

"Your pet turtle, it's really fun!"

Xie Nianqing laughed.

"Beauty, this seat is not a pet, this seat is a top ten..."

Before the words were finished, Lu Ming took out a fifth-grade spirit grass and threw it to him, and then shut up.

"Xiaoqing, how did you find me?"

Lu Ming asked.

"It's not easy to find you. I went to the eastern part of the Emperor Tianshen Palace. I found the old man Mu Zheng and had a discussion. The old man was hard-mouthed and didn't say it at first. Later, the sword Fengyun recognized me and the old man I said you went back to the Sunshine Empire. I found it first. I found Huachi first. Huachi said you were in the Lu family. I came to the Lu family. I just saw you here."

Xie Nianqing explained.

Lu Ming smiled bitterly and silently for Mu Zheng. It seems that the Eastern Palace was definitely messed up by Xie Nianqing.

"Let's go back to Lu's house, my father and mother, but I'm worried about you!"

Lu Ming smiled slightly.

"Your father and mother are worried about me?"

Xie Nianqing's mouth was curled up, with a hint of smile, his eyes falling like autumn.

In the past two years, Xie Nianqing is almost 20 years old, more beautiful than before.

The body curve is amazing, it has faded a bit more green than before, it has a little more mature charm, and the beauty is amazing.

It seems that it is more beautiful than Moulin and Qiuyue.

The two walked side by side, heading towards the landing home.

Lu Ming's main house, Lu Ming and Xie Nianqing landed in the courtyard.

"Dad, mother, I'm back!"

Lu Ming cried.

"Naruto is back!"

In the room, two figures emerged, it was Lu Yuntian and Li Ping.

After more than two months, Lu Yuntian's cultivation practice has been completely restored to the state of the martial arts master, and has surpassed the past.

Stand up!

Lu Yuntian's talent is very high. After so many years of experience, the heart of martial arts is strong and unswerving. He also has a profound understanding of martial arts.

Cultivation, natural progress is amazing.

And, just a few days ago, Lu Yuntian also realized the fire.

Lu Yuntian and Li Ping's eyes swept over Lu Ming and then fell on Xie Nianqing.

The two began to stun for a moment, then rejoiced.

"Nianqing girl, it is Nianqing girl!"

Exclaimed Li Ping.

"Nian Qing has seen uncle and aunt, congratulations to uncle, repair for recovery!"

Xie Nianqing paid a courtesy, and he naturally saw at a glance that Lu Yuntian's cultivation practice had been restored.

"Hahaha, it doesn't take much ritual for Nianqing girl. It's been a long time since I was there. I'm calling someone to prepare a banquet to catch the wind and dust for Nianqing girl!"

Lu Yuntian laughed.

"Thank you uncle!"

Xie Nianqing said.

"Why, this time, how have you become so polite?"

Lu Ming looked at Xie Nianqing with some surprise.

She used to be less polite.

Xie Nianqing blushed slightly, glaring at Lu Ming, and said, "I want you to control!"

"Haha!"

Lu Yuntian laughed.

Li Ping looked at Xie Nianqing with a pair of eyes, a very satisfied look.

Soon, the banquet came up, and the four sat down and chatted while eating.

Chapter 623: Riot Xinghai

One day later, Lu Ming and Xie Nianqing stood beside Cuiyun Peak outside Fenghuo City.

"Lu Ming, what are your plans after that?"

Xie Nianqing asked.

"Going out of Tianxuan realm, going to the wider world to experience and cultivate, how about? With me?"

Lu Ming's eyes are deep, and he seems to be able to penetrate many spaces and look into the distance. His eyes are full of anticipation.

Tianxuanyu, after all, is too small, and the outside world is more exciting.

In Donghuang Qianjiao list, Tianxuan domain has only one holy star, and it is also ranked at the end.

What about the other arrogances? How powerful is it? What kind of grace is it? Lu Ming would like to see and collide with those peerless Tianjiao to make his body stronger.

Hearing Lu Ming's words, Xie Nianqing's mouth slightly raised, with a smile on his face, saying: "Okay, of course I will be with you. At the time, my promise to myself was not completed yet."

"Promise, what promise?"

Lu Ming asked curiously.

"Of course, to beat you and step you under your feet, you can't run away."

Xie Nianqing smiled.

Lu Ming smiled bitterly, this chick, remember this crop, how long has it been?

"It seems that women are really careful, this is too revengeful!"

Lu Ming muttered.

But he felt a sense of urgency in his heart.

Xie Nianqing's progress is amazing. If he progresses more slowly, he will really be surpassed by Xie Nianqing.

Moreover, during the time when Xie Nianqing disappeared, the martial arts practiced have changed again, which seems even more amazing.

"Where did she go? Did she break into a secret place or return to her own home? If it was her own home, then her family background was amazing."

Lu Ming looked at Xie Nianqing and thought about it.

But Xie Nianqing obviously didn't want to mention her family background, so he didn't ask.

"Look at what?"

Xie Nianqing gave him a blank look, and then his eyes flashed. He seemed to remember something, and asked, "Lu Ming, did you find the secret of the Emperor Wu Treasure that your father said back then?"

"Are you talking about this?"

In Lu Ming's hand, a jade sword with a finger length appeared.

Xie Nianqing's eyes lit up, and a jade sword with a finger length appeared in his hand, almost exactly the same as Lu Ming's.

Buzz! Buzz!

The two were injected into the true element at the same time, and the jade sword glowed, and each had a map, which was displayed on the jade sword.

On the map, there is a route leading to a destination.

The end point of the two is the same.

"It seems that there are many such jade swords!"

Lu Ming said.

"As far as I know, this jade sword should be the key to the Emperor's Treasure. There should be nine of them scattered across the land of the East Wasteland. Only when you have gathered nine can you find the Emperor's Treasure!"

Xie Nianqing said.

"Nine, then we only have two. It seems that the Emperor Wu Treasure is out of play!"

Lu Ming smiled bitterly.

"No, nine, eight have already been born."

Xie Nianqing said.

"Eight born? How did you know?"

Lu Ming asked curiously.

"Lu Ming, did you get this jade sword, didn't you usually study it?" Xie Nianqing looked at Landing Ming with some words.

"Cough, not much research!"

Lu Ming coughed awkwardly.

He really didn't study much. Before, he focused on improving cultivation practice, the purpose is to defeat the Holy Star, and then, he was dedicated to studying the way of inscriptions, and really did not study this jade sword.

Xie Nianqing glanced silently at Lu Ming for a few moments, and said, "Look, is there a few light inscriptions on the hilt of this jade sword!"

Lu Ming looked at it seriously, and really saw some faint inscriptions.

"There are a total of nine inscriptions, which represent nine keys, and now, there are eight flashing lights, which means that there are eight keys, which have been born and fell into the hands of different people."

"And this map, pointing to the end point, is in the riot Xinghai, I guess other people who get the key will definitely rush to the riot Xinghai, how? Directly to the riot Xinghai?"

Xie Nianqing said.

"Riot Xinghai?"

Lu Ming's eyes moved.

The riot Xinghai is very famous in the Eastern Wilderness.

It was an inland sea, vast and boundless, more than ten times larger than the Tianxuan domain.

In the riotous star sea, there are dotted islands, and countless martial arts strongmen perched in that sea area.

As the name suggests, it can be seen from the name that riots refer to this inland sea, where chaos is incomparable, and where countless fierce and fierce people converge.

Because here, it is neither the site of the Emperor Tianjing Palace, nor the site of the Celestial Sect, nor the site of the Demon Valley.

It is difficult for several major overlords to conquer this place.

Therefore, all the powerful men who offended these hegemonic forces hid in the riot Xinghai, and no one could find them.

In addition, there are countless large and small forces in the rioting Xinghai, which makes this area extremely chaotic, full of killings, inconsistent, and killing with a knife, it is commonplace.

"Aren't you afraid?"

Xie Nianqing seemed to be smiling, looking at Lu Ming.

Lu Ming smiled and said: "Riot Xinghai, just what I want!"

Lu Ming has the blood of Jiulong, which is the best place for him.

"Okay, when are you going to leave!"

"Let's go in two days!"

It has been months since I came back, it's time to leave.

Two days later, Lu Ming and Xie Nianqing greeted Lu Yuntian and Li Ping.

Although the couple was reluctant, Xie Nianqing and Lu Ming went out together, and they were also happy.

Only by rushing together can one quickly increase feelings?

Uh! Uh!

Two rainbow lights cut through the sky and disappeared at the end of the sky.

The speed of the two is incredible, and a few days later, they arrived in Tianxuan City.

With Lu Ming's current reputation, wanting to ride a cross-domain teleportation array is not a simple matter.

Two days later, Lu Ming and Xie Nianqing embarked on a cross-domain transmission array.

The cross-domain teleportation array formed a huge vortex. The two figures disappeared from the altar under the flash of light.

The Yunfeng area is a large area close to the rioting Xinghai, and the territory is extremely vast.

However, in this large area, the forces of Emperor Tianshen Palace are not covered by one hand. Several powerful forces have established forces here, such as Emperor Tianshen Palace, Heavenly Corpse Sect, and Heavenly Demon Valley.

Cross-domain transmission arrays have also been established.

To go to the riot Xinghai, only teleport here, and then fly to the riot Xinghai.

However, Lu Ming and Xie Nianqing had one more thing to do before going to the riot Xinghai.

To be precise, Xie Nianqing wanted to seize a treasure from a force in the Yunfeng region.

The cross-domain teleportation array in the Emperor Tianjin Palace in the Yunfeng domain flashed and two figures appeared.

It is Lu Ming and Xie Nianqing.

"Wo Chao, this cost is too expensive!"

Lu Ming shouted in pain.

The Tianxuan domain and the Yunfeng domain are separated by 23 large domains, and the cost of transmission is 1.5 million per person.

Two people, a total of three million Needling Crystals.

In order to show his masculinity, Lu Ming naturally took out his pockets and finally felt terribly sad.

Now, all his possessions are left with more than three million Need for Spirit Crystals.

"It seems that if you want to find a way to get some top-quality spirit crystals, otherwise, let alone hit the peak king, it will be used even if it is not enough."

Lu Ming thought.

Chapter 624: Yunhai Danyuan

The two went out of the site of the Emperor Tianjing Palace and turned into two rays of light, heading west.

Yunhai Danyuan is very famous in the Yunfeng area. It is an extremely famous force in addition to several major overlords such as Emperor Tianjing Palace.

This force is mainly dominated by alchemy. The technique of alchemy is very famous. The refined alchemy is also sought after.

The key is that Yunhai Danyuan's reputation and reputation are very good.

Every other month, Yunhai Danyuan will open the door of Danyuan, and those who like alchemy can enter Yunhai Danyuan and study for three months.

During these three months, there will be alchemy masters in Yunhai Dan Academy to teach experience, alchemy skills, all of these are free.

It is also because of this that Yunhai Danyuan can survive under the influence of several major overlords, and it has been very moist, and its strength is getting stronger.

And their purpose is to go to Yunhai Danyuan, to seize a treasure of Yunhai Danyuan, the magic fruit.

"Cough, it is not so good for us to seize other people's treasures for no reason at all!"

On the way, Lu Ming coughed a few times.

Lu Ming is more principled in his life. Unless he is an enemy, he will not take other people's treasures for no reason.

What's more, this force has a better reputation.

"I'm doing harm for the people, do you really think this Yunhai Danyuan is as good as rumored outside? That's just the trick of those people in Yunhai Danyuan deceiving the world, I have investigated it clearly, this Yunhai Danyuan, secretly It can be said that what people do is outrageous! It is outrageous!"

Xie Nianqing said, a cold light flashed in his eyes.

"How to say?"

Lu Ming said.

"Come with me, I will show you!"

Xie Nianqing said, the two flew all the way, a few days later, flew by.

Here, we have reached the sphere of influence of Yunhai Danyuan.

The two landed in a mountain range, and then walked forward on foot. In front of them, there was a small town where most ordinary people lived, and there were also a few low-level warriors.

The two strolled in the town.

"How did you see anything?"

Xie Nianqing asked.

Lu Ming glanced, his brows getting tighter and tighter.

"People in this town are very strange, most of them have weak blood, especially children, which has lower blood."

Lu Ming said.

"Yes, do you know why?" Xie Nianqing asked.

Lu Ming's eyes flashed. During this time, his way of cultivating has made great progress and his vision is naturally different. He thought of a possibility.

Lu Ming hasn't said that Xie Nianqing has explained: "That's because, people from Yunhai Danyuan often come here to secretly extract the congenital blood gas of the baby here. When the baby was born, the acquired turbid gas was not heavy, and the congenital blood gas was the most Useful, they just use these congenital blood qi to take alchemy, which leads to these babies who have been drawn with congenital blood gas. When they grow up, they have insufficient blood gas. Generally, they can't live to be thirty years old!"

"But living to thirty years old is enough for people in Yunhai Danyuan, because they have already married and have children, and their children will fall to the same end. Perhaps, people in Yunhai Danyuan In the eyes, these ordinary people are just some of the animals they raise, or some human-type elixirs!"

"Animals? Human-shaped elixir?"

Lu Ming shuddered in his heart, and in his eyes, the cold killer flashed by.

If so, Yunhai Danyuan is simply a group of greedy demons and scum.

"Not only this town, but within a million miles of Yunhai Danyuan, all the slightly remote towns and villages are the same. Most of these villagers are ordinary people, the strongest, In other words, the warrior of the warrior level has never walked too far in their entire life. They thought that the limit of people is about 30 years old."

Xie Nianqing smiled coldly.

Lu Ming's complexion is also very gloomy.

These people can obviously live to be 80 or 90 years old, but because they were born with congenital blood gas when they were babies, their life expectancy was greatly reduced, and they thought that everyone could only live to be 30 years old. How sad is this?

"Yunhai Danyuan's secret work is far more than that. They used these baby blood to refine the Elixir, and then sold it to some warriors in the Xinghai riots who practiced the evil gate exercises at a high price to earn great profits!"

Xie Nianqing explained that it seemed that he had made a clear investigation of Yunhai Danyuan.

"Let's go, I would like to see this Yunhai Danyuan for a while!"

The murder in Lu Ming's eyes has disappeared, but his tone is very cold.

Yunhai Danyuan is located on a magnificent mountain range. Here, it is magnificent and magnificent.

The Yunhai Danyuan is actually a family. For the Yun family, because it often opens the mountain gate and teaches others the alchemy technique, it is later called the Yunhai Danyuan. It is said that the owner of the Yun family is the power of a spirit sea. .

Lu Ming, they can't just go in like this, they plan to mix in first, check the situation and talk about it.

In the past few days, Yunhai City in front of the mountain gate of Danyuan in Yunhai became lively.

Because the Yunhai Danyuan opened its doors every month, and it was time to teach the alchemy technique. Warriors from all over the Yunfeng region who were interested in alchemy gathered together, and there were even people from other big territories.

The two came by coincidence. Tomorrow, when Yunhai Danyuan opened the mountain gate, they hang out in Yunhai City.

Along the way, caused passers-by to look sideways.

Mainly caused by Xie Nianqing's beauty, such a stunning woman is rare in the world.

"This girl, are you going to the Yunhai Dan Academy to learn the alchemy technique?"

A slender, handsome young man came over and asked with a smile, his eyes fixed on Xie Nianqing, revealing a glowing glow.

Xie Nianqing glanced at him, his face was cold, and he did not answer.

"This girl, under the ancient Huaxu, is the young master of the alchemy family, should this girl be the first time to come to Yunhai City? If you don't want to give up, I would like to take the girl to browse Yunhai City!"

The young man continued, reporting his family background, eyes staring at Xie Nianqing momentarily.

As for Lu Ming, he was directly ignored.

"roll!"

Xie Nianqing frowned and spit out a word coldly.

Gu Huaxu's complexion instantly gloomy, Xie Nianqing actually told him to roll?

No woman has ever dared to talk to him like this.

With a wave of his sleeve, Gu Huaxu left in a stride. Before leaving, Gu Huaxu gave Lu Ming a murderous glance.

Lu Ming smiled bitterly, completely speechless.

He didn't say a word, he was directly implicated.

But he also knew Xie Nianqing, and when the young man came to say hello, he knew it was the result.

The two went on shopping for a while, found a restaurant to eat a meal, and then found a hotel to rest.

The next day, it was time for Yunhai Danyuan to open the mountain gate. Lu Ming and Xie Nianqing left Yunhai City and headed towards Yunhai Danyuan.

Entering Yunhai Danyuan is easy, as long as you fill in the basic information, you can enter.

Lu Ming found that this time, about a few hundred people entered Yunhai Danyuan to study.

Chapter 625: Yun Haitang

"You, next, you will learn alchemy in Yunhai Danyuan for three months. All of you should have alchemy foundation. Then, there will be an advanced alchemy teacher in Yunhai Danyuan to explain to you, of course. , You can also communicate with your teacher!"

A middle-aged thin man appeared in front of everyone and introduced them loudly.

"It's still too early. I'll take you to visit the front yard of Yunhai Danyuan. There are also some refined elixir, you can learn from each other!"

Middle-aged man.

Then, with the crowd, headed towards the rear.

Everyone followed.

Lu Ming looked around and found that they were hundreds of people, men and women, young and old, very mixed, from all sides.

Everyone followed the middle-aged man and turned around casually to visit the front yard.

The front yard is very large. It consists of several huge mountains. There are palaces, pavilions, etc. everywhere, and a faint smell of medicine can be heard.

In some places, even medicine fields have been opened up, on which various elixirs are planted.

These medicine fields are guarded by specialized people. These people are either good at water or wood, and cultivate elixir.

"Lu Ming, there should be an assessment later, to test the alchemy technique, can you do it?"

On the edge, Xie Nianqing asked quietly.

"It might work!"

Lu Ming said.

In the way of inscription, the preferences are different, and they are divided into several major branches, such as those that favor the alchemy, those who prefer the alchemy, or those who prefer the inscription.

But they all have one thing in common, that is, to use the spirit fire, you need to use inscriptions.

During this time, Lu Ming's inscriptions were completely okay. The number of inscriptions from level one to level three, the number of masters he mastered, even those old monsters who have studied inscriptions for hundreds of years and thousands of years must be ashamed.

And alchemy, not only need inscriptions, but also need to identify elixir and know the prescription.

In the past two months, Lu Ming also learned from Dandan about a dozen of the most common methods of refining red medicine. He also took the time to refining, and the technology was okay.

As long as it does not test the immortality medicine that is too difficult to refine, Lu Ming believes it is okay.

"Really?" Xie Nianqing doubted her. In her impression, Lu Ming was a pure warrior, and did not have the help of practicing Taoism.

"Have you ignited the spirit fire?"

Xie Nianqing asked.

"Ignited, a few months ago!" Lu Ming answered honestly.

"Just a few months?" Xie Nianqing pouted.

But the good thing is that even if the alchemy is not qualified, you will not be kicked out. You can still stay and study, but the treatment will be different.

Everyone passed the small bridge and walked through the pavilions, and followed the middle-aged man to a large hall.

As soon as everyone came to the hall, they smelled the medicine.

In the hall, there are shelves, and on the shelves, there are some small jade boxes on which are placed all the pills.

"These elixirs are made by the disciples of Yunhai Danyuan. You can visit them and confirm with your alchemy!"

Middle-aged man.

The crowd watched randomly in the hall.

Lu Ming and Xie Nianqing also watched.

The panacea here, from the first to the fourth grade, are full of color, round, and fragrant, which makes people feel comfortable.

On the surface of many immortals, there is a thin inscription on it, which looks very beautiful.

Jinwu Wan, Pei Yuan Dan, Mu Huan Dan...

At least Lu Ming saw dozens of different kinds of panacea.

"These elixirs are full and round in color, and very high in purity. Unfortunately, the inscriptions are still a little bit worse, so that the fusion of the elixir has not yet reached the perfect point, and the efficacy of the drug will be worse!"

Lu Ming picked up a Pei Yuan Dan, looked at it, and whispered while watching.

"Is this bad? Really fake?"

On the side, Xie Nianqing is speechless, but Lu Ming has only been in contact with Minglian for a few months. Can he really understand the quality of these immortals?

"Huh, it's really big talk. Most of these immortals are made by the elite children of Yunhai Danyuan. They are full, and the inscriptions are very deep. Each of these immortals is a fine product, even if this master goes Refining is at best better than this, what do you know?"

An ironic voice sounded.

Lu Ming looked down at the sound and saw a young man in blue robe looking at him with a sneer.

This blue-robed young man was the Gu Huaxu who wanted to talk to Xie Nianqing yesterday and touch a gray nose.

Talking, Gu Huaxu turned to Xie Nianqing and said, "Girl, you friend, it's really not good. It's empty, it's just a boast, there is no real material, girl, I advise you to come soon It is wonderful to stay away from him!"

Xie Nianqing glanced at Gu Huaxu casually, and said lightly: "Who am I with, what are you doing with you?"

"Hum, I really don't know how good people are, a flower, inserted in cow dung!"

Gu Huaxun snorted and walked to the other side.

Lu Ming is a little speechless, this man is really sick.

The crowd watched the hall for a while. About half an hour later, the middle-aged man said: "Okay, it's almost time. Let's go with me!"

The crowd followed a middle-aged man to a square.

"Look, Miss Yun Haitang is here!"

Just then, someone pointed at the sky and shouted.

Lu Ming looked towards the sky. In the sky, three figures came from the sky.

In the middle, there is a young woman.

This woman, in her twenties, looks beautiful, with a tight red gauze skirt, which is a thrilling outline of a proud figure.

This is a stunning beauty. Most men see women who are excited.

Beside this woman, stood two old men, and these two old men exuded a strong breath.

"Great King!"

Lu Ming's eyes moved, and he saw the two elders, both of whom were kings.

However, among the three, the young woman was clearly the leader.

The three landed above the square, and there was a commotion in the crowd.

Most men, regardless of age, stared fiercely at Yun Haitang.

"I didn't expect that this time, it was actually Miss Yun Haitang who received us personally. Was this time she exchanged alchemy with us? That's really great!"

"It is said that Miss Yun Haitang is not only the first beauty of Yunhai Danyuan, but also the youngest alchemist in Yunhai Danyuan. She has an alchemy attainment that is extremely advanced and exceeds many old-time figures. This time, the old man must ask for advice Ask for advice!"

"Hey, I think it's fake for you to ask for advice. Is it true that you want to take the opportunity to get close to Miss Yun Haitang?"

"What's wrong with old age? Old age can still have spring."

The scene was noisy.

"These stinky men!"

At the scene, some women looked contemptuously at the men.

"How? Is she beautiful?"

On the edge, Xie Nianqing looked at Lu Ming and asked.

"It's beautiful!"

Lu Ming smiled.

"Humph!" Xie Nianqing's mouth began to curl up.

"However, far worse than you!"

Lu Ming then said.

Chapter 626: Alchemy assessment

Xie Nianqing's face turned red, and there was a faint smile on the corner of his mouth.

"However, if this time she really is responsible for bringing us a group of people, you can start with her!"

Xie Nianqing continued.

"Oh? What do you say?"

Lu Ming was a little curious.

Both of them speak, and others cannot hear.

"I have inquired that some important treasures of Yunhai Danyuan are hidden in an underground cave in Houshan, but this underground cave is full of inscriptions. Only the inscription tokens refined by Yunhai Danyuan can be Go in, and this token, the entire Yunhai Danyuan, only ten pieces in total, all on some important figures in Yunhai Danyuan!"

"And most of those important people are in retreat and can't find it at all, but as far as I know, this Yun Haitang has a piece of inscription token, as long as we get the token, we can sneak into the hidden possession of Yunhai Danyuan Treasure land, take out the celestial fruit, of course, it is also good to bring some other treasures handy!"

Xie Nianqing smiled slightly and sent a message to Lu Ming.

"Oh?" Lu Ming nodded, thinking about how to get the inscription token.

"Quiet Please!"

Yun Haitang opened his mouth, and his voice was sweet. When he heard it, he felt sweet to his heart. For men, it is definitely a big killer. Sure enough, many people's eyes are even hotter.

Including that ancient Huaxu, the flame in the eyes, let Buddha burn the Yun Haitang.

"This time, you will have three months of study, mainly by me!"

Yun Haitang opened his mouth, and then said again: "Of course, I also know that some of you have alchemy skills, which are already very clever, and may be far more than Haitang, so I say that I don't dare to teach. In the future, we will exchange alchemy experience and share Progress is the most important thing."

Yun Haitang smiled lightly and said very politely.

"The girl of Begonia is humble, your alchemy attainment, who in Yunfengyu doesn't know, I hope to communicate with the girl of Begonia in the future."

"Miss Begonia, the descendant of the Liu family is below. I hope that Ms. Begonia will give me more advice!"

"Girl Begonia, I am..."

Some young men of extraordinary backgrounds introduced themselves one after another, hoping to attract Yun Haitang's attention.

But Yun Haitang just nodded with a smile, and did not say much.

After a while, Yun Haitang opened his mouth again and said, "Okay, according to the rules, there must be an alchemy test, and it means nothing else. I just want to see what your alchemy level is and what you are good at. Will be more effective, do you have any opinions?"

"No, this is of course necessary!"

Everyone cried out.

Some people have even started to rub their fists and get ready to show their performances to attract Yun Haitang's attention.

"Hey, these rubbish, but also want to attract the attention of the girl Begonia, really Toad wanted to eat swan meat, in my opinion, no one in this group of people alchemy can match the ancient brother."

"Good, wait a moment, Brother Gu will be able to blockbuster, and attract the attention of the girl of Begonia. In the future, even if Brother Gu holds a beautiful woman, it is possible. I wait, I really envy!"

On Gu Huaxu's edge, a few young people slapped a bunch of farts.

The ancient family's influence in the Yunfeng region is very large. Naturally, many people want to take pictures of Gu Hua's false farts.

Gu Huaxu looked proud, his face proud.

In his view, these people are now at the level of half hanging, and his ancient home is a professional alchemy. In the Yunfeng domain, his reputation is only a little worse than that of Yunhai Danyuan. He has absolute confidence in his alchemy. .

"The assessment is very simple, refining a Pei Yuan Dan, and then hand it to me!"

Yun Haitang introduced.

Then, a disciple of Yunhai Danyuan presented a revered alchemy furnace and placed it on the square, and each person made a elixir of Pei Yuan Dan.

The red furnace and elixir are the same. Next, it is time to test the alchemy technique.

Lu Ming and Xie Nianqing came to the two alchemy furnaces casually.

It was found that Gu Huaxu also came to the edge of the two.

This guy is definitely intentional. It is estimated that he wants to show off his hands next to Xie Nianqing and Lu Ming to show off.

"Okay, now, time, half an hour!"

After everyone selected the alchemy furnace, Yun Haitang announced.

As soon as Yun Haitang's words fell, everyone gathered their attention and began to refine them.

On the square, a ray of spiritual fire appeared and the heat began to rise.

"I didn't expect it to be Pei Yuan Dan, and my luck was pretty good!"

Lu Ming showed a smile.

Pei Yuan Dan is a very common elixir. It is a second-level elixir. Among the elixirs mastered by Lu Ming, there is just Pei Yuan Dan.

Lu Ming did not hurry to start refining, but glanced around.

It was discovered that everyone was concentrating on manipulating spiritual fire and refining the Elixir.

"Huh? This girl is actually a Level 4 Ming Lian Master, you can't see it!"

Lu Ming discovered that the green flame in Xie Nianqing's hand was passing by.

The green spirit fire represents the four-level Ming Master.

The practice of Ming Master is more difficult and slower than that of martial arts, and it is very good to reach the level 4 Ming Master at this age.

The key point is that the progress of Xie Nianqing's martial arts is even more terrifying.

Lu Ming found that there was also a green flame in Gu Hua's virtual hands, which flashed away.

He was actually a Level 4 Ming Master, no wonder he was so proud.

"Then, let me start!"

Lu Ming smiled, Zhenyuan rolled, the lid of the Dan furnace opened, Lu Ming patted the Dan furnace, a ray of yellow spiritual fire, flashed away, poured into the Dan furnace, and began to heat the Dan furnace.

When Lu Ming began to practice alchemy, Yun Haitang above the square suddenly moved, looking towards Landing Ming.

"Good spirit fire, pure spirit fire, although this person is only a third-level inscription master, but the kind of fire used is not trivial, and the number of spirit lights is also not trivial. Each level is definitely four. Above, even, reached five!"

Yun Haitang's thoughts turned sharply, a pair of beautiful eyes, staring tightly at the landing side, and splendid.

However, he did not think that Lu Ming might have ignited more than six spiritual lights at every level, because that was already the Zhenming Refining Master, and it was too difficult to reach the Zhenming Refining Master.

If you want to become a Zhenming Master, it does not mean that you are at a certain level and you can light six spiritual lights. You must light more than six spiritual lights at each level.

Lu Ming did not know that he had already attracted Yun Haitang's attention, and he began to concentrate on alchemy.

After a while, the furnace was heated, and he rolled into a roll and began to put a kind of elixir.

The order of putting in elixir is also very particular. The time and timing of each other need to be accurately grasped.

Lu Ming put them in one by one, and after all the elixir was put in, put on the lid of the Dan furnace, and continued to import the spirit fire to start refining.

After a while, a strong medicinal scent radiated out.

At this point, you can start condensing.

This is the most important step. Ningdan needs to be inscribed with inscriptions. The better the inscription control, the more elaborate, the better the elixir of fusion will be, the better it will fuse with each other, and the better the effect will be.

Chapter 627: Waste Dan?

Lu Ming's fingers began to inscribe inscriptions in the air, and the inscriptions flew into the Dan furnace and disappeared.

"What a superb inscription technique!"

Above the square, Yun Haitang's eyes brightened again.

Lu Ming concentrated on it, and an inscription flew into the Dan furnace. After a while, there was no medicinal fragrance in the Dan furnace.

It's done!

Lu Ming showed a smile.

Immediately afterwards, he opened the red furnace, took out the red medicine, and placed it on a jade pan.

Lu Ming looked around and found that others had started to take the lead.

"Haha, this is the panacea you made. What kind of dog/shit is this? No one picks it up on the road!"

At this moment, a mocking laughter sounded. On the edge, Gu Hua was holding a jade pan, and the jade pan was his refined panacea, and walked towards Landing Ming.

Contemptuously glanced at the elixir on Lu Mingyu's plate, he sarcastically said: "The color is uneven, the timing of putting the elixir is obvious, the timing is wrong, and what are you doing, there is no

inscription on the elixir. , And there is no hint of medicinal scent, you are clearly a waste pill, haha, you will not even inscriptions!"

Gu Hua laughed falsely, showing contempt.

His laughter aroused the eyes of others around him, and others looked at Lu Ming's panacea.

"Sure enough, there is no inscription, no medicinal fragrance, and it is indeed a waste pill. This person will not be alchemy at all. What are you doing here?"

"It is estimated which family's young children, lazy toad want to eat swan meat, want to pursue the girl of Begonia!"

"Cut, I've seen more people like this, girl Haitang, how can you be like this kind of person?"

The people around looked at Lu Ming's panacea and whispered.

"Gu Shao, this person is obviously a dude who can't make alchemy. How can he compare with Gu Shao?"

"Yeah, look at the ancient elixir made by Gu Shao. The elixir is round and full, the color is even and transparent, the inscription is exquisite, the fragrance is rich, and it is clearly the second-class elixir. No one in this group of people can Less than the ancients!"

On Gu Hua's virtual edge, several young people were clawing horses again.

Although they are patting horses, let's not say that what they said is true. Pei Yuandan, made by Gu Hua Xu, is indeed the best choice.

Others around me saw the ancient medicine made by Gu Huaxu and shook their heads, which was not as good as Gu Huaxu's.

"Lu Ming, ignore them!"

Xie Nianqing came over and looked at Lu Ming's immortality and whispered.

Her views are similar to others, but she knows that Lu Ming has only just been in contact with Ming Lian Dao for a few months.

After all, Lu Ming's main thought is to cultivate martial arts.

Lu Ming touched his nose and smiled without saying much.

"Okay, you take all your immortals and sign your name!"

Yun Haitang ordered.

Everyone took the refined elixir and put it in a jade bottle. On the label of the jade bottle, they signed their names.

"Okay, today, you will follow Deacon Feng and go to your dormitory. Let's gather here tomorrow morning!"

Yun Haitang Road.

Afterwards, everyone followed the middle-aged man to find their place to stay.

After everyone left, Yun Haitang took out a jade bottle for the first time. The name on the jade bottle was Lu Ming.

Yun Haitang poured out the panacea made by Lu Ming and observed it carefully.

"Begonia, this one is obviously a waste pill. What's so good about it."

Beside, the two old men said.

"Wait Dan? Two uncles, this time, you can look away!"

Yun Haitang smiled slightly, his eyes flashed with wonder.

"Oh?"

The two old men were a little puzzled and watched carefully the elixir refined by Lu Ming.

Upon closer inspection, the two old men's complexions changed, becoming dignified, slowly, from dignified to amazed.

"Good clever inscription technique, pure immortality!"

The two old men marveled in unison.

"The two uncles can see it. The elixir looks unbalanced on the surface. The timing of adding the elixir is not very precise. However, the elixir is very pure and there are almost no impurities. This represents alchemy. People, the fire of spirits is no small matter, all impurities are burned and extracted."

"Also, this person's inscription technique is very delicate, completely restrained on the surface of the elixir, but it can't be seen from the outside, but the ingenious fusion of the elixir has completely locked the effect, so there is no trace of medicine. The incense comes out."

After speaking, a cloud of blue flame appeared in the fingers of Yun Haitang. The blue flame represented the five-level Ming Master.

Yun Haitang's appearance in his twenties, has actually reached the fifth level Ming Master, it is amazing.

The blue spirit fire flowed from the surface of the elixir, and an inscription suddenly appeared on the surface of the elixir. The inscriptions were intertwined, extremely harmonious and beautiful.

The two old men's eyes widened, and the color of exclamation was stronger.

"This Lu Ming, interesting!"

In the corner of Yun Haitang's mouth, there was a trace of inexplicable smile, which seemed to bring a trace of greed.

As for other immortals, Yun Haitang did not go to see it at all, she was not interested.

Yunhai Danyuan is very large, each has a small courtyard, and the environment is not bad.

Entering the courtyard room, Lu Ming sat cross-legged, running the idea of meditation, and began to practice spiritual fire.

Now, Lu Ming's cultivation practice has reached a bottleneck, and the Dragon God's Three Musts have also been cultivated to completion, and Jiulong's step in the sky and wanting to cultivate into the fifth step are too difficult to achieve in a moment of.

The fifth step of Jiulong's heaven and earth step is equivalent to the sixth level of the demigods of martial arts. It is terrifying.

The martial arts, above the heaven level, is the semi-god level, and is divided into inferior and superior.

Above the semi-god level, it is the **** level.

Therefore, Lu Ming now spends more time on cultivation and cultivation.

In a blink of an eye, one day passed.

The next day, everyone still gathered in the square.

Lu Ming and Xie Nianqing came together, and soon, hundreds of people arrived.

In the sky, two figures came into the air.

One man and one woman.

The woman is naturally Yun Haitang.

The man, twenty-five or six years old, was very handsome. With a slight arrogance on his face, he came side by side with Yun Haitang and fell over the square.

"That's another peerless genius of Yunhai Danyuan, called Yun Congsheng. Whether it is alchemy or martial arts, they are extremely powerful. It is the genius of Yunhai Danyuan second only to Yun Haitang!"

"And, his father, but the head of the Yun family, the power of Linghai Realm!"

"It's so handsome. His life is good. He is handsome and talented. If I can marry him, my life will be worth it."

There are young women who say they are nymphotics.

"You guys!"

Yun Haitang screamed softly, and the scene was quiet.

"I have read all the elixir you refined yesterday. Sure enough, some of you are really brilliant, and Begonia admires it very much. When it comes to teaching, I dare not take it. This time, we Main communication, mutual improvement!"

Yun Haitang smiled briefly, and then said: "And this time Begonia decided that the best of alchemy among you can enter the Begonia House of Begonia at any time and discuss the alchemy technique with Begonia!"

Chapter 628: Shameful

As soon as this remark came out, it caused a commotion.

Among them, some people actually attracted Yun Haitang's attention. They could enter Yun Haitang's other court at will and discuss the alchemy technique with her.

What does this represent? This represents that Yun Haitang put this person in the same position as her.

More importantly, the other courtyard that can enter Yun Haitang at any time, the so-called Jinshuilou platform gets the moon first, and has more contact with Yun Haitang, maybe it can collide with emotions.

Most men, young and old, showed fiery expectations in their eyes.

Some have self-knowledge, secretly sighing, knowing that they will not be themselves.

"Haha, I think what Miss Haitang said, very often you are young."

"It's true, among this group of people, who has the alchemy technique that can be compared to the ancients. Envy, envy!"

Several people beside Gu Huaxu suddenly flicked their ass.

"Eh, it may not be me, maybe there are people with stronger alchemy skills. You know that one mountain is higher than the other!"

Gu Hua's modest and modest way, although the words are modest, but the smug look on his face can't be completely concealed.

"Girl Begonia, it must be me who said she secretly fell in love with me, otherwise would she let me go to his other courtyard to discuss alchemy, haha, it must be like this!"

Gu Hua thought humbly in her heart.

"Congratulations to Gu Shao, the beauty who hugs you as soon as possible."

Someone even whispered on Gu Huaxu's edge, making Gu Hua almost laugh.

"Begonia girl, who is this brilliant alchemy person you are talking about?"

Someone called out.

Yu Haitang smiled slightly and said, "This man is not very young and personable, but he is a young man..."

"The girl of Begonia is polite, Gu Mou is not ashamed."

As soon as Yun Haitang's words fell, Gu Huaxu stood up, pretending to be modest.

Many people also cast envious glances at Gu Huaxu. In their view, the person Yun Haitang said was definitely Gu Huaxu.

But Yun Haitang looked at Gu Huaxu in a daze, and said: "This Xiongtai, what are you doing? I'm not talking about you."

The smile on Gu Huaxu's face was directly stiff there.

The audience suddenly calmed down.

Boom!

Half-sounded, some people couldn't hold back and laughed out loud.

Gu Huaxu's look was so funny, some people suffocated hard, their faces flushed, and some people laughed.

The few people who just flattered on Gu Huaxu's edge were also stiff there, motionless.

Gu Huaxu's body trembled, a fairly handsome face, flushed red.

Shameful, really shameful.

It turned out that the person Yun Haitang said was not him at all, but because of his wishful thinking, he lost his face.

Moreover, what does Yun Haitang call him? Xiongtai? Dare to know what his name is.

Gu Hua eagerly wanted a crack in the ground and drilled into it. Finally, he sat down with a red face.

The few people beside him didn't dare to look at him at all.

"The handsome man I mentioned is called Lu Ming!"

Yun Haitang smiled brightly and continued.

"Lu Ming?"

As soon as this statement came out, the people around him looked at each other, who was Lu Ming? I have never heard of it.

There was only one person, his eyes widened in surprise.

"Lu Ming, won't she say you?"

Xie Nianqing's eyes widened, and she looked at Lu Ming incredulously.

Lu Ming had also glanced at the panacea that she had refined. How could it be possible?

"If there is no second person on the scene called Lu Ming, and the same personable, then this Lu Ming should be me!"

Lu Ming touched his nose.

"It's really beautiful!"

Xie Nianqing gave Lu Ming a white glance, but he was still very curious and said, "Doesn't there be anything famous about the panacea you made?"

"Hey, maybe it was Yun Haitang girl who fell in love with me!"

Lu Ming smiled.

"Shameless!" Xie Nianqing despised.

At this moment, Yun Haitang's eyes fell on Lu Ming and said, "Brother Lu, what do you think of Haitang's proposal?"

Lu Ming looked around and finally determined that Yun Haitang was talking about himself. He smiled slightly and stood up. He said, "Thank you Haitang girl, I think it's great!"

Yun Haitang's face showed a beam of joy, saying: "Brother Lu's alchemy technique, the little girl is admired tightly, and in the future, he will also ask Brother Lu for advice."

"Girl Begonia is welcome!"

Lu Ming laughed.

"Impossible, how could it be him, Begonia girl, are you mistaken!"

At this time, a gloomy cry sounded.

Lu Ming looked at it, but it was Gu Huaxu.

"Oh, what am I doing wrong?"

Yun Haitang asked.

"Girl Begonia, the immortal medicine made by this person yesterday is uneven in color and the fragrance of the medicine is not obvious. It is clearly a waste pill. This person's alchemy technique is a mess. Don't be deceived.

Gu Hua said loudly.

"Yes, Miss Begonia, I also saw that this person is basically not alchemy!"

"Yes, I saw it too!"

Around, many other people spoke.

"Oh? Do you believe my vision?" Yun Haitang asked with a smile on his face.

"Begonia girl, it's not that we don't believe your vision. I guess whether this guy used a temporary method to change the pill. The pill he gave you was not made by him at all."

Gu Hua shouted.

He had seen Xie Nianqing and Lu Ming together, he said hello, Xie Nianqing actually did not bird him, he was very unhappy with Lu Ming.

Just now, it was because of Lu Ming again that he lost his face. At this moment, Lu Ming can be embarrassed. He naturally wants to seize the opportunity and will not let it go.

"Oh!"

Yun Haitang nodded slightly, a jade bottle appeared in his hand, a pill was poured out of it, pinched in his hand, and asked, "Are you talking about this pill?"

Gu Huaxu froze for a moment, nodded and said, "It's this immortality!"

"Yes, this one!"

Others nodded.

"That's fine, I said that Brother Lu's alchemy technique is superb because of this immortality!"

Yun Haitang smiled.

"How could it be? This is obviously a waste pill!"

Gu Huaxu was stunned.

"Abandoned Dan? You guys look good!"

The blue spirit fire of Yun Haitang's fingers passed by. At the next moment, a line of inscriptions appeared on the surface of the elixir, intertwined with each other, and extremely beautiful.

"This... the inscriptions are hidden and invisible, and the drug effect is deeply locked. How is it possible? How is this possible?"

Gu Hua cried out inconceivably.

After all, he is a fourth-level Ming refining master. He was born in the alchemy world. His vision is still there. Naturally, at this time, he can see the reality of this immortality.

Others also widened their eyes and were shocked.

The inscription is restrained, which is not something the average person can do.

This can only be done if you have a very deep and proficient grasp of the inscriptions. This represents a certain level, and only master-level figures in the alchemy world can do it.

As far as everyone knows, in Yunhai Danyuan, no one can do this.

Chapter 629: Exotic logic

Yun Haitang took the immortal medicine refined by Lu Ming and explained: "This immortal medicine, under the influence of the inscription, the fusion of various elixir is extremely perfect, and it is very pure, the drug effect is deep, and it is better than the most top grade. The medicinal effect of the second-level Pei Yuan Dan is still more than 30% better. Now, is there anything you do not accept?"

Yun Haitang glanced at the audience.

No one speaks.

"How could this be? Damn it!"

Gu Hua shouted in a humbly manner, looked at Lu Ming's eyes, and the murderous chance struck.

Today, he is really shameful.

Shame before, now, even more shameful.

He sat down sullenly.

He was jealous of dying to Lu Ming.

Lu Ming's side, not only followed a rare beauty in the world, but now, he has the opportunity to contact Yun Haitang, his jealous eyes will burst into flames.

"You guys!"

Xie Nianqing is also speechless, she found that he can never see through Lu Ming.

"Brother Lu, this begonia flower, you hold it, you can enter my other courtyard at any time!"

Yun Haitang waved his hand, and a begonia flower flew towards the landing.

This is a begonia flower carved out of beautiful jade. It looks like real.

Lu Ming reached out and took it, laughing, "Thank you, Begonia!"

Immediately, sat down with a smile.

"Pervert, I can't move when I see the beauties, I really don't change my color!"

Xie Nianqing sneered, contemptuously said.

"Aren't you jealous?"

Lu Ming looked at Xie Nianqing with a smile.

Xie Nianqing blushed and said: "Who is jealous, don't be so stinky, who will eat your vinegar, hum, go find your Begonia girl, but I tell you, this Begonia flower, it can be very handy, don't I didn't eat tofu, so I put myself in."

"rest assured!"

Lu Ming smiled and said, "I will get her inscription token!"

"Everyone!"

At this time, the cloud that had never spoken was spoken at this time.

"I also want to learn Begonia, select a brilliant person of alchemy, and feel free to ask me to discuss alchemy."

Yun Congsheng's words came out, which made many women's spirits revive, especially some young women, who looked at Yun Congsheng with glaring eyes, hoping to attract his attention.

Yun Congsheng's eyes turned and finally fell on Xie Nianqing's body. His eyes flashed a hot light and a gentle smile: "Xie Nianqing girl, your alchemy technique makes Yun Mou admire very much. Come to my other courtyard and ask me to discuss alchemy, how?"

Everyone followed Yun Yunsheng's gaze and looked at Xie Nianqing.

"It turned out to be her, no wonder it will attract the attention of the clouds!"

A thought flashed in many people's hearts.

Xie Nianqing's fabulous resources have long been seen by everyone. In addition to Gu Huaxu, no less than ten other youths talked to Xie Nianqing, but they were all scolded by Xie Nianqing with the word "roll".

Many women looked at Xie Nianqing and showed jealousy, but they also sighed in their hearts, knowing that they could not compare with Xie Nianqing.

"Not interested in!"

Unexpectedly, Xie Nianqing's response was cold and uninterested.

The smile on Yun Congsheng's face stiffened.

He never imagined that Xie Nianqing would simply reject him, how did he get off the stage?

"Girl Xie, please also consider it!"

Yun Congsheng's face was a little cold.

"No interest is no interest!"

Xie Nianqing refused politely.

Yun Congsheng's face was completely gloomy, ugly to death.

He had heard other people say that there was a stunning woman among this group of people, so he would come out with Yun Haitang. Once he arrived, he saw Xie Nianqing.

Xie Nianqing's posture made his heart move, and his heart was hot. Originally, he wanted to learn Yun Haitang. Xie Nianqing had more contact with him. After a long time, he still ran out of his palm?

But I never expected that Xie Nianqing would reject him so blatantly.

"Good, good, good!"

Yun Congsheng even said a few good words, deep in his eyes, a vicious color, flashed by, then turned around and walked away.

Xie Nianqing didn't care about it at all.

Jade Begonia glanced at Xie Nianqing without knowing what he was thinking, and then said with a smile: "Okay, today, I will explain some alchemy knowledge. If Begonia talks about something wrong, you can come up with it and we will discuss with each other! "

After all, Yun Haitang sat cross-legged on a futon and began to explain.

Lu Ming also listened carefully.

Although he has mastered the inscriptions, he does have some scorches now, but for alchemy, he is still a bit rusty.

Otherwise, the immortality will not be uneven.

To be honest, Yun Haitang really has a deep understanding of alchemy. Lu Ming is like a sponge, madly absorbing alchemy knowledge.

Yun Haitang has been talking for three hours before ending this explanation.

The crowd also dispersed.

"Lu Ming, when are you going to start?"

On the way, Xie Nianqing asked.

"After two days, if you find an opportunity, you will start and win the inscription token." Lu Ming said.

"Hey, I said you, but don't stand the temptation of beauty!" Xie Nianqing stared at Lu Ming for a few moments, and was a little worried.

But seeing Lu Ming suddenly looked at her, her eyes did not blink, she suddenly approached her, and whispered: "Relax, the beauty of others, I must be able to withstand, it is your beauty, I can't bear it."

"You...you... pervert!"

Xie Nianqing blushed and kicked, Lu Ming smiled, flew back, avoided this foot, and moved forward.

"Hey, this guy, how lucky is it to be able to meet beautiful women wherever you go. I haven't encountered so many beautiful women in this place for nine days and ten days!"

After sighing again and again, he was "jealous" to Lu Ming.

Soon, it was close to the dormitory.

Several figures blocked the two's way.

Gu Huaxu, and several young people.

Lu Ming smiled faintly. It seemed that Gu Huaxu couldn't bear it finally.

"How many are you doing?"

Lu Ming smiled faintly.

"What's your job? Boy, you made the mistake yourself, don't you know?"

On the edge of Gu Huaxu, a young man froze.

"Yes, today, you made Hua Shao shameful. It was a terrible sin. Are you guilty?"

Another young man sang along.

"Am I embarrassing him? Haha, it's ridiculous!"

Lu Ming laughed.

"Boy, what are you laughing at? What is ridiculous?"

Gu Huaxu said coldly.

"Isn't it funny? Am I embarrassing you? Did you find it yourself? At first, the girl of Begonia did not finish, you stood up."

"There is the back, you stand up and say that my panacea is not good. Have I ever said a word from beginning to end? Isn't this what you asked for?"

Lu Ming smiled.

"Bold, all this, if it were not for you, why would I lose face in public? Without you, this time the first place, it would be me!"

Gu Hua shouted.

Lu Ming was speechless. He really didn't understand the logic of this man.

It's ridiculous to blame everything on someone else's own without skill.

It's like, if you can't pass the exam, and blame others for their good results, Lu Ming can't understand this logic.

Chapter 630: plot

Lu Ming shook his head, this kind of person, he was too lazy to say more.

"Boy, kneel down and kowtow to admit mistakes, and then self-defeating to repair, get out of Yunhai Danyuan, I can spare your life!"

Gu Hua said coldly.

"stupid guy!"

Lu Ming sighed.

"Boy, what are you talking about?" Gu Huaxu's complexion instantly became somber.

"I said stupid, get out of here! Good dogs don't block the road."

Lu Ming said coldly.

"Little bastard, you are looking for death, dare to talk to Gu Shao like this, I'll give you up!"

On Gu Hua's virtual edge, a young man rushed out, pointing his sword like a sword, and stabbed at the main points of Landing Ming.

This young man actually had Wu Wang's five-fold cultivation practice. If he was stabbed, Lu Ming would be considered a waste.

bump!

But before his sword spirit approached Lu Ming, he was kicked by Lu Ming and kicked out.

Hundreds of meters have been flying out, hitting a pile of mounds, suddenly filled with smoke.

At this moment, some people around were disturbed and stopped to watch in the distance.

"That Lu Ming, it seems that the fighting strength is not weak. A martial art king with five heavy weights was actually attacked and flew."

"I have never heard of it before, is it a genius from another big territory?"

Around, some people whispered.

Gu Huaxu's complexion became even colder, and said, "It turned out to be a little skillful, but this skill is nothing in front of me, die!"

Gu Hua's physique moved, and his palm slammed toward the landing.

The palm chopped, and the air made a thundering sonic boom. The palm power was like a row of mountains and sea, and it rushed towards the landing.

The King of the Seventh Peak of Wu Wang became the king, this is the strength of Gu Huaxu.

At this age, it is already very good to be able to achieve this step.

Unfortunately, he met Lu Ming.

A spear appeared in his hand and swept out.

bump!

The lance collided with Gu Huaxu's palm, and Gu Huaxu's figure receded quickly.

Lu Ming, Wei Ran did not move.

Of course, this is the result of Lu Ming's efforts to converge his strength. Otherwise, Gu Huaxu will be exploded with a single shot.

Lu Ming didn't want to show too much power, which attracted the attention of Yunhai Danyuan. Otherwise, if he wanted to seize the Devil Fruit, the difficulty would increase, and the other party would definitely increase his precautions.

Lu Ming suppressed the strength a bit stronger than Gu Hua.

"Damn, kill!"

Gu Hua roared with furious roar, and killed Lu Ming again. His palms turned into red gold, and all the palm prints kept falling towards the landing. The violent palm force made the space vibrate.

Lu Ming's long gun vibrated, stabbing a rifle, and blasted Gu Huaxu's palm.

Every time the spear pierced, Gu Huaxu's palms collapsed, and Lu Ming strode forward and pressed tightly.

"Defeat me!"

Finally, Lu Ming shouted and shot Gu Huaxu's body, striking him out.

puff!

Gu Huaxu struggled to get up, a spit of blood spewed from his mouth, his face pale, and he watched Landing with resentment.

"Boy, wait for me!"

Leaving a word, Gu Hua ran away in vain.

"This Lu Ming is so strong, not only the alchemy technique is brilliant, but even the cultivation is very strong!"

"This is a good genius at this age, and we are less likely to provoke him in the future!"

Others on the side looked at Lu Ming, and also showed fear, and left.

"I thought you would kill him in one stroke!"

Xie Nianqing said.

"It's easy to kill him, and I'm afraid to startle the snake."

Lu Ming smiled, and then the two returned to the dormitory.

As night fell, two figures were discussing things in a luxurious courtyard in Danyuan, Yunhai.

Here is Begonia Bieyuan.

These two people are Yun Haitang and Yun Congsheng.

"Cough, that Gu Huaxu actually shot, but saved us some effort, originally wanted to send someone to test the strength of Lu Ming."

Yun Haitang picked up a glass of fiery red wine, took a sip and smiled softly.

"Wu Wang Qizhong's Dacheng King, although good, does not pose a threat to us. The **** Xie Nianqing actually dared to refuse me in public, damn, a bitch/good, pretending, sooner or later I will let her beg for mercy on my bed!"

Yun Congsheng said coldly, and his voice was cold, revealing kinky/evil light in his eyes.

"That woman, don't move her for the time being. At least, you can't move him until I get it. Otherwise, what if I startled my prey?"

"This Lu Ming, I feel his spiritual fire is extraordinary, it must be delicious!"

As he said, Yun Haitang extended his tongue and licked his plump/run lips. The greed of red fruit was revealed in his eyes.

This action was extremely irritating, and Yun Tuosheng swallowed a spit in his eyes, a fiery eye, a burning flame in his abdomen, and a certain part directly reflected.

"Why? Want to come? I will accompany you!"

Yun Haitang licked his lips, looking at Yun Congsheng full of temptation.

But Yun Congsheng shivered with agitation, his body shrank back, and there was a trace of fear in his eyes, and he smiled and said: "Forget it, I still have something to do, let's go!"

After that, Yun Congsheng escaped and left Haitang Bieyuan.

"Lu Ming!"

Yun Haitang whispered, the greed in his eyes was more intense.

...

For three days in a row, each day, different people explained the alchemy technique to them. Lu Ming's understanding of the alchemy technique improved rapidly, and the alchemy technique also improved a lot.

During this period, Lu Ming also tried several times to make alchemy, and he could clearly feel that every time alchemy was successful, the rule of inscriptions would drop a trace of inscription power and strengthen his spiritual fire, but the elixir he made Lower than his inscription level, the lowered inscription fire is minimal and rare.

Only by refining high-quality elixir, or elixir higher than one's own inscription level, will the enlightenment fires lowered by the inscription law be more, and it will greatly help the cultivation of spiritual fires.

But wanting to reach that point is not something that can be done in a short time.

In these three days, Lu Ming did not go to Yun Haitang, and Yun Haitang did not send someone to find him.

On the third day, as night fell, a figure appeared in Lu Ming's dormitory, but it was Xie Nianqing.

"Lu Ming, take you to see an interesting thing!"

Xie Nianqing said.

"Interesting thing?" Lu Ming froze.

"Follow me! Be careful!"

Xie Nianqing said, then the two converged and left Yunhai Danyuan.

Soon, he saw several figures, dressed in black robes, leaping from the other side of the Yunhai Danyuan and leaping toward the distance.

"Go, let's keep up!"

Xie Nianqing whispered that the two followed behind the black robe and flew hundreds of thousands of miles all the way.

At this time, several black robe people suddenly landed in a small village.

"We must seize the time and we must collect ninety-nine innate blood tonight!"

One of them said, Lu Ming felt a little familiar with his voice.

"It really came to collect innate blood gas!"

Lu Ming looked cold.
