For more than a month, Lu Ming's cultivation base spanned two levels. This speed has been extremely alarming.

"This liquid here is highly toxic to others, but to me, it is a treasure. Unfortunately, this is an inexplicable encounter."

Lu Ming thought secretly, then opened his mouth gently, and a column of air formed, like a sword, shooting several meters away.

"Seventh layer of martial arts is really powerful, and it is more powerful than the fifth layer of martial arts. I don't know how much. Now I will fight Ning Feng again, and it's enough.

Feeling the endless dragon-shaped vitality in his body, Lu Ming showed a happy look.  
rustle...

Just then, there was a rustle.

The sound came from the pit. Looking closely, I saw a dark red bug crawling in the pit.

This worm is thicker than the thumb, more than a foot long, crystal clear like blood jade, and has a sharp fang.

Seeing Lu Ming at this time, he seemed to be taken aback, his body twisted, and quickly shot into the distance.

"This is...bloodworms!"

Lu Ming froze for a moment, followed by ecstasy.

The classics record that the blood blood insects are exclusively accompanied by dark blood stones, that is to say, the blood blood insects will definitely have dark blood stones where they live.

Unexpectedly, there was actually a blood worm in this pond.

Without any hesitation, Lu Ming rushed straight over, immediately behind the blood worm.

Seeing Lu Ming chasing, the blood worms twisted faster and rushed forward.

"Want to go, how can it be so easy?"

Lu Ming smiled slightly, and strode forward, chasing after the blood worm.

After about a thousand kilometers, the blood breather suddenly drilled on the ground and disappeared.

"No, the blood polyp can burrow."

Lu Ming jumped in his heart and rushed over, and the blood worms had disappeared.

Uh!

Lu Ming leapt up a large tree and glanced around.

Sure enough, a hundred meters away, the figure of the blood breather burrowed out of the ground and hurried forward.

"I can't chase too close, so it will disturb it, so that it will not run back to the place where it lives."

At the moment, Lu Ming flashed and jumped onto another big tree, so he jumped on the trunk, condensed the breath, and followed closely behind the blood breathing insect.

All the way across the mountains and across the mountains, has been traveling dozens of miles.

At this time, the blood breather stopped again, drilled down to the ground, and disappeared.

"Is this the place?"

Lu Ming thought, instead of rushing out, he observed.

After a while, there was still no movement, and Lu Ming determined that the place where the blood worms lived should be here.

Lu Ming's figure moved, and he came to the place where the blood breather disappeared.

"It seems that this is the place, the dark bloodstone should be just below this."

Then he took out the Heifeng sword he used before and used it as a shovel to start digging.

Taking Lu Ming's cultivation practice and the sharpness of Heifeng Sword, he dug up this rocky land and the speed was fast.

Soon, a deep pit several meters deep was dug.

At this moment, a red light blazed out, but it was a blood worm.

After the blood worms rushed out, they did not stay at all and ran away.

Lu Ming ignored it and continued to dig.

Soon, a faint scent came out, like sandalwood.

Lu Ming's spirit was revitalized, and the ancient books recorded that although the dark blood stone was called the dark blood stone, it did not have the slightest \*\*\*\* smell in itself, but instead carried a sandalwood fragrance.

This smell comes out, indicating that there must be dark bloodstone.

Lu Ming dug harder, and as a rock was dug up, a strong fragrance came out.

Below, a piece of fist-sized stone covered with blood-colored lines appeared in front of Lu Ming's eyes.

This is the dark bloodstone.

Lu Ming was overjoyed, took out the dark bloodstone, and looked at it carefully.

This is the third layer, even the fourth layer of the Zhanlong tactic.

After looking at it, I received it in the Supreme Temple.

But at the next moment, Lu Ming looked, because the sandalwood scent continued to emanate from below.

"Are there still dark bloodstones?"

Lu Ming was overjoyed and quickly digging up.

Sure enough, without digging deep, another dark bloodstone was found, still the size of a fist, exuding a rich sandalwood fragrance.

"Hahaha, good luck!"

Lu Ming was overjoyed and took out this dark bloodstone.

However, there is also a sandalwood scent below.

"Also...?" This time, even Lu Ming was a little dazed.

At this moment, Lu Ming looked, because he heard the sound of breaking the sky around him.

"Smell of sandalwood, dark bloodstone, hurry up!"

A loud noise sounded, and then five or six figures appeared.

Uh! Uh! ...

In the mountains and forests, six figures suddenly appeared, surrounding Lu Ming in the middle, the breath of his body was not hidden at all, and burst out, covering Lu Ming.

Four warriors are seven-fold, and two warriors are six-fold peak.

These six people, male and female, are very young, about 18 or 9 years old.

At this moment, the six people watched fiercely as the big hole was dug by Lu Ming.

"Sure enough, there is a dark bloodstone, boy, now you can roll, the dark bloodstone here belongs to us."

A young man with a hooked nose looked at Lu Ming coldly.

"Everyone, I discovered this first."

Lu Ming smiled faintly.

"What did you discover first? It's ours now."

The young man with eagle hook nose sneered, with an expression of shame and arrogance, very arrogant.

"It turned out to be a robbery, then see if you have this skill."

Lu Ming smiled faintly, Yun Danfeng light.

"Boy, you are looking for death!"

The young man with a crocodile nose drank coldly, and then clawed toward the landing.

Five sharp claws, straight into Lu Ming's chest.

boom!

Lu Ming punched directly.

bump!

Click!

There was a roar, accompanied by a clicking sound, and then, the young girl with a hooked nose screamed sternly, backed a dozen steps, trembling with one hand, and the blood kept flowing out.

His five fingers have been punched off by Lu Ming.

"Boy, you are so brave, do you know who we are? We are disciples of Xuanyuan Jianpai Qinglongyuan, you dare to hurt me, you are dead, ah! My hand!"

The eagle-nose youth screamed and roared.

"A disciple of Qinglong Academy? No wonder they are not young, and they are not weak in cultivation."

Lu Ming looked.

"You...I think of it, you are Lu Ming, this year's newcomer Wang Lu Ming! At the end of the last trial, I have seen you from afar."

Suddenly, a female disciple cried out.

"What? He is Lu Ming?"

Several other people exclaimed.

"I didn't expect any of you to recognize me."

Lu Ming touched his nose and smiled lightly.

"Lu Ming, although you are the newcomer king, I still advise you to let go, then leave, and today's things can be regarded as never happened, because this dark bloodstone is needed by Brother Yao Tianyu, and we are also blessed. At the death of Brother Yao Tianyu, looking for the dark bloodstone."

The woman said confidently, sentence by sentence.

She believes that as long as Yao Tianyu's name is lifted, Lu Ming can only obediently get away.

## **Chapter 72: Bronze Ranking Genius**

Who knows, Lu Ming's next sentence almost didn't let her hold back the internal injury.

"Who is Yao Tianyu? He needs the dark blood stone to deal with my bird affairs, and I still need it? Now you roll for me. For the sake of the same Xuanyuan sword faction, I let you go."

Lu Ming waved his hand impatiently.

"You... you are bold, Brother Yao Tianyu is the genius on the bronze list, the head of all the bronze class disciples, you are impatient to live."

The young woman snarled and her face flushed.

"It turned out to be a figure on the bronze list, no wonder so arrogant!"

Lu Ming was slightly surprised.

The Bronze List is a list among the four courtyards of the Xuanyuan Sword School.

Everyone who can make this list is the most talented among the bronze-level disciples, and each one is terrifyingly strong.

Standing at the pinnacle of bronze-level disciples.

But what about Guan Luming?

Whatever his disciple of the bronze list, the disciple of the bronze list can grab his dark bloodstone halfway?

The woman saw Lu Ming stupefied, thinking Lu Ming was afraid of the bronze list, her face showed a sneer, said: "Lu Ming, now hand over all the dark bloodstones, and then follow us to confess to Yao Tianyu. In this case, maybe Brother Yao Tianyu can blame the past."

"Hand over the dark bloodstone? Still kowtowing to admit the mistake?"

Lu Ming looked at this woman with a weird look, just like looking at a fool, and then said: "How can you be considered a bronze-level disciple of the Xuanyuan Sword School, and all of them have problems with their brains!"

The young woman froze for a while before reacting, and her whole body shivered and screamed: "Lu Ming, what are you saying? You are looking for death!"

"Whatever was wrong with him, we shot it together, abandoned him, and then brought him in front of Brother Yao Tianyu to let Brother Yao leave."

The young man with a hooked nose also shouted, his face gloomy.

"Shoot!"

Six people shot at the same time and slammed towards the landing.

Jian Qi, knife light, claw strength, palm wind, instantly covered Lu Ming's body.

"court death!"

Lu Ming's eyes sank and his hand moved. The Star Sword appeared in his hand. With the sword light moving, he instantly cut out dozens of swords.

what! what! ...

Six screams in a row, the six young people of Qinglong Hospital quickly retreated.

Six people took a dozen steps back to stand firm. On each chest, there was a deep sword mark, blood flowing.

One sword wounded six people.

"How could it be so strong? How is it possible? I heard that he defeated Ning Feng more than a month ago, but it was only a difficult victory. This is more than a month. How could it be so powerful?"

The six youths had pale faces, without the slightest blood, their eyes were unbelievable.

"Go! Go! This person is invincible!"

The woman screamed and stepped back quickly, almost scared.

Uh! Uh!

The other five people did not dare to stay at all and ran desperately.

Lu Ming's eyes flashed a few times and did not chase.

Six people fled and fled, he was not sure to stay all.

Later, Lu Ming continued to dig up.

Next, Lu Ming dug two dark bloodstones in succession. There are four dark bloodstones in this place.

"Enough is enough!"

Lu Ming laughed.

After checking it, there could be no more dark bloodstones, Lu Ming turned around and left here.

"Blood Linghua and Dark Blood Stone have been found, it's time to return to Sect."

Lu Ming smiled.

Although there were some twists and turns in this trip, everything went smoothly.

The figure keeps going, heading out of the Dark Blood Mountain.

On the way, he came across a dark blood wolf who had been singled out and tamed directly as a mount.

The green-scale horse was left outside for so long, I don't know where it was going.

This dark-blooded wolf is a second-level double monster, extremely strong and infinitely powerful. It is not comparable to the blue-scale horse.

Over the mountains and the mountains, flat.

Soon, he went out of the Dark Blood Mountain and went in the direction of the Xuanyuan Sword School.

...

In the depths of Dark Blood Mountain, a figure sits cross-legged on a large rock on a mountain peak.

This figure looks only about seventeen years old, looks handsome, and looks cold, just sitting there casually, but there is a strong breath out.

On the edge, there were more than a dozen young people standing there, daring not to let the atmosphere out.

Among these dozens of youths, the former six youths are included.

"Brother Yao, this is how things are."

A young man with a hook nose reports.

This cold young man is the genius of the bronze list, Yao Tianyu.

In the world of martial arts, the strongest comes first. Although Yao Tianyu is not very young, others still respectfully call Yao Tianyu his brother.

Yao Tianyu frowned slightly, and said, "You mean, there might be more than one dark bloodstone there, but now it's all in Lu Ming's hand?"

"Yes, Brother Yao, that Lu Ming was so arrogant that he not only hurt us, but also gave Brother Yao no face, we reported your name, but... but Lu Ming said that Yao Tianyu is what... .."

The young eagle nose hurriedly answered, of course, many of them were added oil and vinegar.

The eyes of the other five flashed, and they did not refute the young man with a hook nose.

"Ha ha!"

After listening, Yao Tianyu gave a cold smile and said, "Are the newcomers all so arrogant? Lu Ming? The newcomer king? Dare to be arrogant with me, I will talk about it in a few years!"

Afterwards, he glanced at everyone and said, "Go, find Lu Ming for me. As long as he is still in Dark Blood Mountain, I can't let him go back to Suzakuin."

"Yes!"

A dozen young people responded loudly, and then their body flickered, and a dozen young people descended the mountain and disappeared into the forest of Dark Blood Mountain.

"Lu Ming!"

Yao Tianyu whispered a flash of murder in his eyes.

...

The dark-blooded wolf runs at a faster speed than the blue-scale horse.

Less than a seven days later, Lu Ming came to the Yuekong City again.

When passing by the Zhu family, it was found that the Zhu family had left the building empty, and even the door was covered with spider webs.

It seems that the Zhu family has been destroyed by the Zhou family.

Shenhuang Continent is just like that, with respect for strength.

Every day is full of killings, and every day, I don't know how many forces are destroyed.

Lu Ming shook his head, found a restaurant, ordered some dishes, and ate.

Unconsciously, his thoughts drifted to Fenghuo City again.

"Yuekong City is not very far from Fenghuo City, only three days away, I don't need three days to ride the dark blood wolf, it is better to go back and see the mother!"

Lu Ming thought.

It's been almost four months since I came out, it's time to go back and see.

After eating in a hurry, he went down to the restaurant and headed towards Fenghuo City.

Just a little more than two days, I returned to Fenghuo City.

Roar!

Walking in the streets of Fenghuo City, the dark blood wolf screamed, and the people on the street were frightened.

"What a terrible monster, go!"

"Go and invite the powerful Lu family to come to suppress, and the monster enters the city."

"Eh? No, you see, isn't that the Lu family's young master, Lu Ming?"

"It's him, really he!"

Nearby, there was an uproar, and the others left Lu Ming far away, fearing they would be bitten to death by the dark blood wolf.

bump!

Lu Ming slapped the dark blood wolf on the neck and almost slapped the dark blood wolf down.

"What's it called? Give me honestly."

Lu Ming scolded.

Woo...

The dark blood wolf cried like a domestic dog, honestly.

People nearby were dumbfounded.

The dark blood wolf followed Lu Ming like a puppy.

Soon, he came to the Lu family mansion.

"Who? Stop it... ah? Young Master, young Master."

The guard in front of the Lujia mansion shouted loudly, but immediately reacted and yelled.

"The young master is back. The young master is coming in quickly."

The guard said quickly.

Lu Ming smiled slightly, nodded, and walked into the Lu family with the dark blood wolf.

"Good young master!"

"Young Master is back!"

"Young Master is back!"

After entering the Lu family, people from the Lu family saw Lu Ming and greeted each other respectfully. Then, the news spread quickly to the Lu family.

"The young master is so powerful, actually carrying such a powerful monster."

"Yeah, I feel this monster is more terrifying than many elders. In front of the young master, it is actually honest."

"That's for sure, you don't have to look at it. Young Master is a disciple of Xuanyuan Sword School."

Some of the servants of the Lu family looked at Landing Ming from afar, especially the Dark-Blood Wolf.

Lu Ming touched his nose with a wry smile, he just grabbed a walking dark blood wolf, and did not expect to cause such a sensation.

Soon, Lu Ming came to the main palace.

At the door of the main house, Li Ping had already eagerly awaited, and apparently had heard the news.

"Naruto!"

Seeing Lu Ming appear, Li Ping's face showed a happy smile.

"Mother, I will come back to see you."

Lu Ming said kindly.

Then he patted the dark blood wolf's neck and said, "Give me honestly lying at the door, don't move, otherwise, I will kill you to drink."

Woo...

The dark-blooded wolf pitied a few times and lay prone on the ground.

Li Ping, as well as the few maids behind her, looked dumbfounded.

"Mother, let's go in and speak."

Lu Ming said.

"Good! Good!"

Li Ping said.

There is a stone table in the courtyard of the main house. At this time, Li Ping's maid has set up snacks and made tea.

"Ming'er, are you okay during this time?"

Li Ping asked with concern.

Looking at Li Ping's concerned eyes, Lu Ming was warm in his heart and said, "Mum, rest assured, I'm fine? Do you think I'm strong again?"

After that, I compared my arms.

"Look at your pride?"

Li Ping laughed and scolded. Then the voice changed and asked, "Minger, what about Qiuyue? Didn't you come back together?"

Lu Ming smiled and said: "Mother, Qiuyue is good? She is now a genius disciple of the Xuanyuan Sword School."

At the moment, Lu Ming briefly talked about what happened to them during this time.

Of course, all the dangers involved, Lu Ming skipped them all, and saved Li Ping from worrying.

"I didn't expect Qiuyue to have such a talent, I am really happy for her."

Li Ping was also very happy to hear Qiuyue actually joined the most mysterious and powerful Kirin Academy of the Xuanyuan Sword School.

Qiuyue has followed her for many years. She treats Qiuyue as if she were her own daughter. Now that Qiuyue has a good time, he is naturally happy.

Mother and son, you chatted me sentence by sentence.

Roar!

Suddenly, there was a roar outside the door, a dark blood wolf roar.

"Young Master, it's us."

Then, an old voice came.

"The core elder of the nursing home."

Lu Ming looked, and quickly got up and walked out of the door.

At this time, the dark-blooded wolf stood at the door, standing with red hair, staring at the five elders.

These five elders are the core elders of the nursing home.

"What are you doing? Get me down."

Lu Ming slapped again on the Dark Blood Wolf.

The dark-blooded wolf whined and lay prone on the ground.

"Young Master, this is your war beast? What a strong strength, I am afraid it is a second-level double monster?"

A core elder said, looking at the dark blood wolf, his eyes flashed with fear.

The second-level double monster is equivalent to the second warrior.

At the Lu family, most of the elders are only martial artists.

Only a small number of elders, as well as the core elders of the elders elders, are only at the second level of martial arts.

This dark blood wolf, placed in the Lu family, can be considered a top expert.

Young Master can actually have such a beast as a war beast? It's really amazing.

Several core elders secretly said.

"Oh? Is this dark-blooded wolf? It's not my war beast. I caught it on the road. It's okay. It's faster than the green scale horse."

Lu Ming said casually.

"Ah? What? A mobility tool you can grab?"

The five core elders were stunned, and then looked at each other, looking at each other, some doubted.

"Several elders, come to Lu Ming, what's the matter?"

Lu Ming asked.

"It's nothing, but the young master hasn't returned for a long time. Come and take a look at the young master."

The five core elders looked at each other, one of them said.

Lu Ming frowned slightly, he always felt that the five core elders had something to hide from him.

"Elder, elder, something bad is going on."

Just then, a big man hurried over and yelled eagerly.

The faces of the five core elders suddenly changed, and Qi Qi asked, "What happened?"

The middle-aged big man glanced at the five elders, then at Lu Ming, and then said: "The sand snake robber and the dry bone robber came to raid again. This time the raid was the concentrate iron ore in the south. Now the concentrate iron ore Surrounded."

"What? It's an abomination to sneak attack on concentrates."

A core elder roared.

Several other core elders also appeared worried.

"Elders, what is going on?"

Lu Ming asked.

"Hey, young master, like this..."

At the moment, a core elder explained.

The Monster Beast Mountain Range, spanning thousands of miles, spans several cities. In the Monster Beast Mountain Range, there are also many robbers active.

Near Wind and Fire City, there is the sand snake thief.

The dry bone robber is a bandit gangster active near another big city, many times stronger than the sand snake robber.

About half a month ago, I dont know why, the sand snake thief suddenly colluded with the dry bone thief and began to raid some of the Lujias mines and caravans.

Lujia naturally organized master siege, but there are many masters among the dead.

The leader of the boneless robber is also a strong five-layer martial artist. A few days ago, the core elders of the Lu family were dispatched, but one of the strongest core elders of the Lu family, the four-layer training of the martial arts, was injured in the last few days. In the hands of the leader of the dead bone robber, he can't even get out of bed.

"Snake robber, dead bone robber?"

Lu Ming's eyes flashed.

He is very familiar with sand snake thieves. His first start-up capital was stolen from the sand snake robber's den.

"It's such a bold courage that I dared to attack my Lu family and leave. I will destroy them."

Lu Ming said coldly.

"Young Master, don't act rashly, the leader of the dry bone robber, but the five-strong strong of the martial arts master. I know that the young master is talented, but after all, after joining the Xuanyuan sword faction, we can't defend first, sand snake robber and dry bone After all, there are few thieves and it is impossible to break through."

Hearing that Lu Ming was going to kill the past, the faces of the five core elders all changed and hurriedly persuaded.

"Yes, Ming'er, don't act lightly."

Li Ping also persuaded.

## **Chapter 74: A sword**

"Ma'am, the five elders, you can rest assured that every two bandits will be exterminated. I don't need to worry about it. You need to send someone to lead the way without saying much."

Lu Ming smiled and appeared very confident.

"This...well, but we are going together."

A core elder.

Lu Ming smiled, knowing that several core elders were worried about his safety, and he did not refuse.

"Ming'er, be careful."

Li Ping worried.

"Mother, rest assured, I will be back soon."

Lu Ming smiled confidently at Li Ping.

Looking at Landing Ming's confident smile, Li Ping's expression of concern eased a little.

Soon after, the Lu family lit up the men and horses, led by several core elders, and headed towards the fine iron ore mine in the southern part of the Monster Mountain.

That concentrate iron ore is the main source of Lujia's income. Of course, there are also heavy soldiers.

Before it was placed, a single sand snake thief would never dare to attack this concentrate.

But now it's different.

Rumble!

The sound of horseshoes, the Lu family dispatched hundreds of people, and stirred up the dust.

In front, a big mountain appeared in front of us.

In front of the mountain, three or four hundred people surrounded the entrance of the mountain.

Two flags were raised high, with a snake on one side and a skull on the other.

"Hahaha, the Lu family really sent people to rescue."

Among the robbers, there was a loud laugh.

A strong man, riding a tall blue-scale horse, stood in front of them.

"Sand snake robber, bone robber robber, jumping beam clown, and dare to attack my Lu family, really looking for death."

Lu Ming rode the dark blood wolf, came out first, and sneered coldly.

"The young master can't be careless. This person is the second leader of the boneless thief, and he has reached the four levels of the martial arts master."

A core elder quickly reminded.

"Yep?"

The big man looked at Lu Ming for a moment, then froze for a moment, then turned his eyes to the dark-blooded wolf under Lu Ming's crotch, his gaze slightly fixed, and then, a hot flame flashed out.

"Haha, it seems that the Lu family is really no one, hitting the old one, and now comes a creamy kid, is it round to die?"

The leader of the Bone Stealer II scorned, and then said: "You have passed your mount is not bad, hurry up and give it, I can give you a happy."

"Give me pleasure?"

There was a sneer in the corner of Lu Ming's mouth, manipulating the dark blood wolf, and stepping forward step by step, said: "It's really ignorant!"

"I'm ignorant? Don't think that a demon mount with good strength can scare me, see how I kill you, drive!"

The leader of the boneless robbery shouted and manipulated the blue-scale horse, slamming toward the landing like a gust of wind, and the sword in his hand slamming toward the landing like a gust of wind.

Lu Ming sat on the dark blood wolf, motionless, as if frightened.

"Young Master, be careful!"

The five core elders were shocked and shouted one after another.

"Haha, die!"

The leader of Bone Bone Sneer sneered, and a murderous flash appeared in his eyes.

But at the next moment, the smile on his face disappeared, because he saw a sword light, which seemed to be faster than lightning, and cut towards him.

He was too late to dodge, let alone dodge, even the response was too late.

Then he felt his neck cool, and the next moment, he saw a headless body, riding a green scale and running forward.

Immediately, he fell into boundless darkness.

"One...one sword?"

Later, the five core elders of the Lu family, as well as the others of the Lu family, were there for a moment.

The second leader of the dry bone robber, the master of the four layers of the martial arts, is an unattainable existence in their eyes, but in the hands of Lu Ming, he was actually killed by a sword.

It's only a few months, has the young master's cultivation reached this level?

Such a thought poured out in the hearts of everyone in the Lu family, and then there was a fiery heart, with unlimited expectations in his eyes.

How long did it take for Lu Ming to be so powerful, and how many years Lu Ming could reach in those years, or even decades later.

They seemed to see the rapid rise of the Lu family.

"The second leader is dead, the second leader is dead."

There was a cry of exclamation among the boneless robbers.

"Who? Dare to kill my second brother."

There was a roar among the boneless robbers.

A strong man, riding a leopard, rushed out of the crowd and roared like thunder.

"Young Master, he is the leader of the boneless thief."

A core elder.

"It's killing!"

As Lu Ming's icy voice sounded, he rushed directly from the Dark Blood Wolf, spanning more than 20 meters, and landed on the ground, then stepped on the ground again, with a touch, the ground shook, Lu Ming's body was like Shells usually rush out.

In the blink of an eye, he reached the leader of the boneless robber.

"How come so fast?"

The leader of the boneless robber was shocked, and Lu Ming's speed was too fast to scare him.

"Die to me!"

The leader of the boneless roar roared, struggling with a knife, trying to force Lu Ming back.

But the next moment, he was desperate.

call out!

Lu Ming's Jianguang is so fast that he can't avoid it at all.

Poof!

A head flew high and fell into the middle of the crowd.

The audience suddenly fell into silence.

"kill!"

Lu Ming roared and awakened everyone.

"Kill, kill, follow the young master, kill all the bandits!"

"Rush together!"

The five core elders struggled to roar, and their old faces were flushed with excitement, riding a green-scale horse, and rushing towards the sand snake robber and the dry bone robber.

"Kill! Follow the young master, kill all the gangsters!"

The others of the Lu family shouted, hundreds of people together, the voice was rolling and the morale was like rainbow.

On the contrary, on the boneless robber's side, the two chiefs were continuously killed by Lu Ming. They were already terrified. What courage to resist, they retreated one after another, a mess.

At this time, a group of people was also rushed out of the Lujia concentrate iron ore, making the two bandits more chaotic.

Lu Ming rushed into the bandits, the sword light flashed over, and rows of bandits were killed.

These robbers, with their hands covered with blood, were all \*\*\*\* people. Lu Ming did not have the slightest softness.

The robber was in his hands, without the slightest resistance, he was harvesting his life to the fullest.

Where Lu Ming passed, a large body of body fell. This is a one-sided battle, and the bandits have little resistance.

It didnt take long for this area to be full of corpses.

Three or four hundred robbers were slaughtered.

"Hahaha, the sand snake thieves and the bone robbers have been annihilated. Long live the young master!"

"The young master is invincible, long live the young master!"

The people of the Lu family shouted cheering.

It took a long time to calm down.

Subsequently, a group of people were left to clean the battlefield, and the five core elders took a part of them and returned to the Lu family with Lu Ming.

The news about the war quickly spread throughout the entire Wind and Fire City.

Countless people were shocked by this news.

The five chiefs of the martial arts master of dry bone robbers, and the second chief of the martial arts master of four dry bone robbers were not the enemy of Lu Ming's one move, but were killed by Lu Ming's easy sword.

It's amazing.

One of the happiest is Li Ping.

The stronger Lu Ming is, the happier she is naturally.

Later, the Lu family held a grand banquet, and the celebrities of Fenghuo City came to congratulate.

However, Lu Ming just dealt with it casually, and found an excuse to go back to the room to practice.

## **Chapter 75: Summoned by Yao Tianyu**

In an instant, Lu Ming spent seven days in the Lu family.

In these seven days, in addition to cultivation, Lu Ming was chatting with Li Ping.

Several times, he almost wanted to tell Li Ping that Lu Yuntian might still be alive, but in the end he refrained.

Seven days later, Lu Ming said goodbye to Li Ping, riding a dark-blooded wolf, and headed towards Xuanyuan Sword.

After five days, the Xuanyuan Sword School was already in sight.

"Go, for the sake that you have been carrying me for so long, let you be free."

Lu Ming patted the dark blood wolf's neck.

Woo..

The dark-blood wolf excitedly shouted, and then ran away with his legs, afraid of Lu Ming's regret, and disappeared in the distant forest.

Lu Ming smiled and walked to the Xuanyuan Sword School.

Soon after, Lu Ming returned to the Xuanyuan Sword School.

But instead of returning to the dormitory first, he went to the mission hall.

Turn in the task first.

Enter the mission hall and come to a counter.

"This younger brother, can I take the task or hand it in?"

On the counter, a pretty young woman asked.

"Turn in the task."

Lu Ming gave Xue Linghua a task card to the young woman.

As for the \*\*\*\* task of the Zhu family, since the Zhu family has all been destroyed, it is natural not to pay it.

"Blood Linghua mission? Don't know how many Blood Linghua the younger brother collected?"

The young woman asked.

She knows that this task is not easy to do, Xuelinghua is not so good to collect, not only to go to the Dark Blood Mountain, but also to collect one, only one hundred contribution points, one time and one time, too long, it is impossible to draw , So not many people picked up.

She was a little curious about how many flowers Lu Ming could collect.

"Sister, please count it."

Lu Ming waved his hand, and suddenly a lot of blood Linghua appeared on the counter.

"This... so much?"

The young woman looked at Xue Linghua on the counter and froze, a rosy little mouth opened wide.

She never expected that Lu Ming could collect so many blood Linghua.

This bunch of blood Linghua also attracted the attention of a large area nearby.

"So many blood Linghua, who is this person?"

"You don't know the newcomer king this year?"

"It turned out to be him, so good luck, actually found so many blood Linghua."

"Really good luck!"

All around, there was a voice of envy.

"That... can you help me count?"

Lu Ming reached out and shook in front of the young woman's eyes, asking.

"Ah, ah, okay."

The young woman reacted, and quickly helped Lu Ming count.

"A total of fifty-five blood Ling flowers, one hundred contribution points, a total of five thousand five hundred contribution points."

The young woman said with envious light in her eyes.

Five thousand five hundred contributions, she didn't know how long she would earn.

Lu Ming nodded and handed the identity jade card to the young woman. After a while, Lu Ming's identity jade card added 5,500 points of contribution.

After handing in the task, Lu Ming didn't stay and went away to the dormitory.

Lu Ming did not find that outside the mission hall, two young people had been watching Landing Ming leave.

"Lu Ming is back, hurry back and report to Brother Yao Tianyu."

"go!"

...

After a moment, Lu Ming returned to the dormitory.

Found that Pang Shi and Huachi are not there.

Lu Ming guessed that most of Pang Shi and Hua Chi were practicing elsewhere, or they were also doing tasks.

Without much thought, Lu Ming walked into the room, sat cross-legged, and began to practice the real trick.

After these days of cultivation, Lu Mings cultivation has already been fully consolidated, and now he is making full efforts towards the mid-term of the seventh division of the warrior.

Three hours later, Lu Ming ended his practice.

bump!

At this moment, there was a heavy collision sound from the gate in the outside yard, which seemed to be kicked open.

"Not Pang Shi and Hua Chi!"

Lu Ming moved.

If it is Pang Shi and Hua Chi, it is impossible to kick in like this.

Lu Ming got up and walked out of the room. When he saw two young men, he walked in from outside.

"Lu Ming, you are here, just right."

A young man in a red robe saw Lu Ming and smiled coldly.

"who are you?"

Lu Ming's eyes narrowed slightly.

"We are disciples of Qinglong Academy. Brother Yao Tianyu summoned you, and quickly took the dark bloodstone to the Qinglong Academy to meet Brother Yao Tianyu."

The young man in red robe said coldly, his voice filled with high, commanding tone.

"Yao Tianyu?"

Lu Ming raised his brow, and he remembered it all at once.

Isn't it just Yao Tianyu on the bronze list that the disciples of the Qinglongyuan said on the Dark Blood Mountain?

It's so anxious, Lu Ming just came back, so he went to the door.

And still summon? Want him to meet?

Lu Ming sneered in the corner of his mouth, and returned a few words: "No time!"

"What? No time? Brother Yao Tianyu summoned, even if there is something big, you have to put it down, and quickly take the dark bloodstone and follow us."

The young man in red robe scolded.

Still a high expression.

"What \*\*\*\* Yao Tianyu, I told you, there is no time, hurry and leave me."

Lu Ming's face was gloomy and said coldly.

"What? You die, you..."

"roll!"

The young man in red robe crackled, and to be said, Lu Ming roared, his figure rushed out, and his fists suddenly burst out.

bump! bump!

These two young men also had the training of Qizhong, but they were not Lu Ming's opponents. They were directly shot out of the door and fell heavily to the ground.

Lu Ming looked down at the two and said coldly, "I said, get out, never get out again, I don't mind throwing you two down Suzaku."

"Lu Ming, Lu Ming, don't be arrogant, you wait for me, offended Brother Yao Tianyu, you didn't end well."

The young man in red robe cried out loudly, and then fled in embarrassment with another person.

"Bronze list?"

Lu Ming's eyes flashed.

He doesn't know much about the bronze list, but he also knows that anyone who can make the bronze list is a super genius.

Bronze-level disciples, the highest cultivation level is the warrior Jiuzhong. Once they break through to the master warrior, as long as they do not exceed their age, they will be promoted to silver-level disciples.

Each of the geniuses on the bronze list is the pinnacle of the warrior Jiuzhong.

And it is not the peak of the ordinary warrior Ninefold, because they are all geniuses, and their combat power is extremely powerful.

It is said that the ordinary warrior Jiuzhong Peak, in the hands of the geniuses on the bronze list, can't do anything.

The geniuses on the bronze list are all invincible at the same level, and can even fight across levels.

For Lu Ming now, it is indeed invincible.

Lu Ming returned to the room and pondered.

"Now my martial arts are too weak, I must practice the gang gun tactics as soon as possible, but before practicing, I need to practice basic gun skills."

Lu Mingsi thought.

No matter what kind of weapon you cultivate, you need a foundation. Lu Ming has never practiced the marksmanship before. Without a foundation, it is impossible to practice the inferior grade inferior marksmanship as soon as you come up.

The foundation of marksmanship must be laid firmly in order to practice advanced marksmanship.

## **Chapter 76: Big husband does something, does something**

The basic usage of the spear is mainly divided into six types, called the six-character tactics of the spear: collapse, dial, press, cover, pick, and stab.

Only by mastering these six basic usages, can you practice higher marksmanship.

Immediately, Lu Ming picked up Zhu Bing's spear in the Supreme Temple and began to practice.

call out!

The spear turned into a little busy, stabbed forward, and then swept, the spear turned into a moon shadow, swept out...

In this way, Lu Ming practiced the six-character tactics of basic marksmanship again and again.

...

Qinglongyuan, a very large and luxurious courtyard, Yao Tianyu sat on the living room with a golden sword, and a few people reported the news below.

Two of them were the two who summoned Lu Ming before.

"Brother Yao, Lu Ming is so arrogant, he doesn't take Brother Yao at all."

That red robe said youth.

"Lu Ming, do you really consider yourself a No. 1 character? Dare to ignore me, I will make you regret it."

Above Yao Tianyu, his eyes were very cold.

"Brother Yao, this Lu Ming is a disciple of Suzakuin. If he has been hiding in Suzakurin, it would be difficult to deal with him."

Another young man frowned.

"Then do you have a way?"

Yao Tianyu asked.

At this time, a relatively savvy young man's eyes turned and said: "Brother Yao, I have a way to force Lu Ming, and even let him take the initiative, then we can just take Lu Ming... "

At the moment, the person spoke out his plan.

"Okay, hahaha, just do it."

Yao Tianyu laughed when he heard it.

...

In the Supreme Temple, Lu Ming has been practicing the six-character tactics of the spear.

Three days passed.

"It's still not stable enough to shoot. I have no foundation in shooting skills before, and the practice is too slow."

Lu Ming sighed.

"Also, although this spear is of the second-class quality, it is still not soft enough. It seems that it will need to buy another spear in the future."

Lu Ming looked at the spear in his hand and thought to himself.

Long guns are mainly divided into gun heads and gun barrels.

But the most important thing is the gun barrel, which needs to be rigid and soft.

It must be hard and heavy, and it must have a certain degree of softness and a certain degree of elasticity.

Only in this way can the true power of marksmanship be exerted.

Zhu Bing's long gun, called the fire pattern gun, is made of fire pattern iron, and the tip of the gun is made of black iron. It is a good second-class spirit soldier, but Lu Ming is not satisfied.

Fire iron also has some flexibility, but it is not enough.

At this moment, Lu Ming's expression moved, and he found a noise outside.

As soon as his thoughts moved, Lu Ming came out of the Supreme Temple, opened the door and went out.

In the courtyard, a group of people walked in, and Huachi was in it, but at this time he had a bruised nose and a swollen face, carrying someone in with others.

"Be careful, be careful!"

Hua Chi shouted.

Lu Ming frowned slightly, stepped forward, and asked, "Hua Chi, what's going on? And, who were you hurt?"

"Lu Ming, you are back."

Seeing Lu Ming, Hua Chi froze for a moment, then glanced away, saying: "It's okay, I just accidentally fell when I was doing the task."

"Fell?"

Lu Ming's eyes flashed, and then he looked at the man who was brought in by the crowd. At first glance, his eyes suddenly froze.

This person, not someone else, was actually Pang Shi.

At this time, Pang Shi's face was pale, his eyes were closed, and he had fallen into a coma.

"what happened?"

Lu Ming asked, his face sinking.

There was a silence on the field and no one spoke.

Lu Ming sullenly, groped on Pang Shi.

The more groping, the more gloomy Lu Ming's complexion.

The two leg bones were broken into several sections, the bones of both arms were broken, the ribs were broken three more, and more seriously, the internal organs were also damaged.

This was obviously wounded with heavy hands.

What a ruthless means, such a serious injury, and one carelessness will affect the future path of martial arts, and even more serious, even crippled.

"Say, what's going on?"

Lu Ming's voice was extremely cold.

"Lu Ming, it's really okay, it's all caused by ourselves."

Huachi gritted his teeth.

"How did it happen?" Lu Ming continued to ask.

"Hua Chi, don't hide it, you don't say it, I say it."

At this time, another young man shouted.

This young man is named Liu Qi.

In fact, these young people, Lu Ming are all impressed. They are all newcomers to Suzakuin this year.

"Liu Qi, can't say!" Hua Chi called.

"Hua Chi, shut up."

Lu Ming shouted, then looked at Liu Qi and said, "Say!"

Liu Qiyi gritted his teeth and said, "Brother Lu Ming, Pang Shi was beaten, and was beaten by the people of Xingyue League."

"Star Moon Alliance?"

Lu Ming frowned.

He had never heard of this Xingyuemeng.

"Brother Lu Ming, Xingyue League is a force formed by some disciples of Qinglong Academy. A Xingyue Building was built in the trading area to specifically purchase materials and items in the hands of some disciples. The price is higher than the direct exchange at the contribution point. some."

Liu Qi explained.

Lu Ming nodded.

The trading area is located in the central area of the four courtyards, where disciples of the four courtyards buy and sell things.

Although the exchange in the Contribution Hall is convenient, the price of the Contribution Hall is relatively low, so many disciples go out to do tasks and get some alchemy or refining materials during the trial. They will choose to trade in the trading area. Cost-effective.

Liu Qi continued: "During this time, Pang Shi and us went out to do tasks together, and also got some materials, they took it to Xingyue Building to sell. One or two silvers, Pang Shiqi, but with them, and then was beaten up like this, even us, also beaten up."

"Yeah, the most abominable thing is that they are only aimed at our Suzaku House, and the other several courtyards are fair transactions."

Another young man shouted.

"It turns out that it's just facing Suzakuin?"

Lu Ming whispered. At this time, he calmed down, but the cold light in his eyes was very cold. The other young people looked at it and shivered.

"Hua Chi, please invite Dan Master Zongmen to come. No matter how much money is spent, I will save Pang Shi."

Lu Ming said coldly.

"I've asked someone to please, and I will be there soon." Hua Chi said.

"That's good, Pang Shi asked you to take care of it first."

When the words fell, Lu Ming turned and walked out.

"Lu Ming, no, Xingyuelou master is like a cloud, you are not an opponent, go to die!"

Hua Chi shouted.

"Don't go, I'm upset!"

Lu Ming left only one sentence, and then strode away.

Although Lu Ming had only known Pang Shi for a few months, Pang Shi's character was hearty and honest, and the son of a hunter had already been recognized by Lu Ming.

Lu Ming regarded him as a friend, even a brother.

Now Pang Shi was beaten like this, he couldn't ignore it.

Although, he feels that this time things are very strange, there may be a trap.

But what about that?

Big husband, do something, do something.

Don't do it, it's uneasy!

## **Chapter 77: Arrogant**

Biquege , update the latest chapter of Emperor Long Dao as soon as possible!

Looking at the back view of Landing Ming's departure, Hua Chi flashed anxiously and thought to himself: "No, Lu Ming would definitely lose money if he went like this, and I heard that Xingyue Tower was relying on the bronze genius Yao Tianyu, Lu No matter how strong Ming is, he cannot be an opponent."

"I'm going to find Fengwu and ask her to find Elder Mulan, otherwise, Lu Ming is in danger."

At the moment, Hua Chi told others a few times, and then hurried away to the outside.

.....

Speaking of Xingyuelou, in the entire trading area, I am afraid that no one knows, very famous.

Because behind the Xingyue Tower is the genius on the bronze list, Yao Tianyu.

Therefore, the strength of Xingyue Building is also ranked first in the entire trading area.

Because silver-level disciples would hardly intervene in such ordinary trading venues.

They have more advanced places.

Xingyue Tower is a three-story building with a very large area.

Liu Wei is a little leader of Xingyuelou. He joined Xingyuelou for more than a year. Because he is flexible, good at business and hard-working, he has become a little boss for more than a year.

At this time, in front of the door of Xingyue Tower, he sat lazily on a Taishi chair and looked at the front.

Because in front of the Xingyue Tower, there are still some people around, who are all new disciples in Suzakuin.

These people, like Pang Shi, were all pitted by Xingyuelou.

At this time, they glared at Liu Wei one by one, but dare not to speak.

Because they just saw the misery of one of the disciples being beaten by the people of the Xingyue League, it was almost alive.

Liu Wei was holding a cup of tea, drinking slowly, and looking at the newcomers below who dare to speak out, he felt refreshed in his heart.

"Damn, I'm worth three thousand and two silver materials. They only give three or two silver. What's the difference with a robber?"

One disciple squeezed his fists tightly and roared in his heart.

"What are you looking at? You owe it, don't you get away."

Liu Weiju's condescending scolding.

"You... you return the materials to me and I will leave."

Finally, a young man of about fifteen years old with a thin figure couldn't help but call.

"Yeah, dare to get the materials? Are you dreaming, did you figure out, your materials, we have bought them, and the silver has given this to be a fair deal, understand?"

Liu Wei hadn't spoken yet. A big mouth popped beside him, yelling loudly.

After screaming, he glanced at Liu Wei secretly and saw Liu Wei nodded secretly. He was overjoyed, and it seemed that Liu Wei was very satisfied with his performance.

Below, the skinny young man's face turned red, clenching his fists, and said, "Fair? My materials, worth more than five thousand two silvers, and you only gave me five two silvers, that was because I risked my life. You cant do this."

"Yeah! Dare to talk back, I think you are itchy bones, do you want to be like the big one before, was interrupted by the whole body bones, the previous one was shot by our allies in person, and now it is the same from me."

Big mouth sneer, go step by step.

The thin young man gritted his teeth, and he just got rid of it and called: "You do this in violation of the rules. I'm going to the Law Enforcement Hall to complain to you."

"Yeah, do you still want to complain to us about the law enforcement hall? I think you are really itchy."

With a big mouth, his face was somber, and he walked towards the thin boy step by step.

The skinny boy's face was scared and pale.

All around, the newcomers of Suzakuin gritted their teeth one by one, but none of them dared to speak out.

Farther away, there are many disciples in other courtyards watching the fun, one by one with a lot of interest, like watching a good show.

"do not come."

The thin boy shouted and slammed out.

But he is only the cultivation practice of the warrior Jiuzhong, and the big mouth is an old disciple. He has reached the triple of the warrior, which is simply not his enemy.

In one move, the thin boy was spitting blood on his mouth and backed up again and again, but his big mouth quickly followed and grabbed the thin boy's neck.

"Dare to shoot? Find a fight!"

The big mouth sipped coldly, and then the other hand was raised high, suddenly slamming toward the thin young man's face.

"He's going to be miserable!"

The new student at Suzakuin sighed, and couldn't even look directly, closing his eyes.

However, the imaginary applause did not sound, and the scene wanted to fall into silence.

They opened their eyes curiously, and saw that the arm with a big mouth was being held.

It was a young man about fifteen years old, about the same age as them, but in a blue robe and slender figure, just standing there, there was a feeling of being immobile.

The thin boy was already ready to be beaten once, but suddenly found that the arm with a big mouth was being held.

He turned his head and saw a beautiful face, but this face was very cold.

"Lu...Brother Lu Ming!"

Such a sentence came out of the heart of the thin boy.

"Who are you? Dare to block me and fail to find death?"

Big mouth yells.

"Am I? A new disciple in Suzakuin."

Lu Ming said faintly.

"A new disciple in Suzakuin?"

Hearing that Lu Ming was just a new disciple in Suzakuin, his mouth was bold and courageous, and he shouted: "A new entry disciple, dare to grab my hand? Don't let go, and then kneel down and kowtow to admit mistakes, and promise me I can spare you."

"is it?"

Lu Ming said with a sneer in the corner of his mouth, said: "Why do you still keep garbage like you?"

As soon as the voice fell, Lu Ming's palm slammed hard.

Click!

The sound of broken bones sounded.

Then, it was the scream of the big mouth.

"My hand, my hand is broken, let go of my hand!"

The big mouth screamed, and the arm that had grabbed the thin boy was also loosened, desperately trying to shake Lu Ming's arm.

"Release you, okay!"

Lu Ming sneered, then raised one arm high, and then fanned fiercely.

Snapped!

A very loud slap.

In the slap, the body of the young man with a big mouth was like a broken garbage bag rolled up by the wind, and flew out with a whine against the ground.

Everyone can also see that in the process of flying out, teeth are mixed with blood and sprayed from his mouth.

The face with that big mouth collapsed and deformed directly.

bump!

With a big mouth, he fell heavily on the wall beside the stairs, screamed, and passed out.

Cool! Cool!

The new entry disciples of Suzakucho shouted one by one.

This slap is really cool, too depressing.

The big mouth is arrogant and arrogant just now, but now it is drawn into that miserable state, which is really cool, and it is so cool that they want to transform themselves into Lu Ming and slap the young man with a big mouth.

But at this time, Liu Wei at the door of Xingyue Tower and other Xingyuemeng people looked downcast.

## **Chapter 78: Big mouth pumping**

"Where the dogs come from, you are the one who ate the ambitious leopard and dared to fight the Xingyue League? Today I will not abandon you, Laozi and your surname."

A dark-skinned youth came out.

He is majestic, with raised muscles, like black iron, and his eyes are cold, staring at Lu Ming below, murderous.

bump!

He suddenly jumped from above the steps, the person was in the air, the body was gleaming with blood, a huge black bear appeared, and there were two blood chakras on the black bear.

The four-layer cultivation practice of the warrior, together with the outbreak of the blood of the black bear, made the strong young people more powerful, like a mountain, pressing down towards the landing.

This strong young man is several times stronger than the former big-mouthed youth.

Above, Liu Wei sneered at the corners of his mouth and other people's faces. They believed that a strong young man would definitely let Lu Ming suffer a big loss.

How strong can a new disciple be?

But at the next moment, the smile on their faces froze directly.

Snapped!

Still a loud slap.

Then, everyone saw the imposing young man, flew back at a faster speed than he just flew.

His face was deformed, blood and water were flying around with his teeth mixed, his body hit the ground heavily, screaming, he stepped into the footsteps of the young man with a big mouth and passed out.

Sisi...

People such as Liu Wei and Xingyue Meng could not help but breathe.

This time, even if they were arrogant, Lu Ming was a master.

But when are the new entry disciples at Suzakuin?

Is it?

Liu Wei's face changed, and he slowly stood up from the chair and asked, "Say, who the \*\*\*\* are you?"

"Brother Lu Ming, Brother Lu Ming is good."

At this moment, the thin boy shouted with excitement.

Just now, although the new entry disciples at Suzakuin saw Lu Ming, all this happened too quickly. They haven't come to call Lu Ming's name yet.

"Lu Ming? Newcomer Wang Luming?"

On the steps, some other Xingyuemen's faces changed slightly.

The newcomer king still has some weight for some people, especially more than two months ago, Lu Ming also defeated Ning Feng.

It turned out to be him?

Not far away, some other disciples of the fourth courtyard suddenly realized.

No wonder, of this year's newcomers, only Lu Ming has this strength, but also the courage to dare to fly two people in the Xingyue League in front of the Xingyue League.

"Lu Ming, it really is you? But I tell you, although you are the newcomer king, but you want to make trouble in the Xingyue League, you are still tender."

Liu Wei's eyes flashed coldly.

With a cold smile on Lu Ming's lips, step by step, he climbed the steps and walked towards Liu Wei.

"Lu Ming, what do you want to do? You really dare to fight against Xingyue League in the end, you have to think clearly, my Xingyue League leader Chen Yuexing, but will soon reach the strongest of the martial arts ninth heavyweight, and may wish to tell you, behind the leader, But Brother Yao Tianyu on the Bronze List, if you dare to mess up, you will surely lose everything."

Liu Wei cried ugly.

Lu Ming stopped, and his steps stopped.

"Yao Tianyu, it really is Yao Tianyu."

Lu Ming's eyes flashed with an astonishing murderous opportunity.

At this time, on the third floor of Xingyue Tower, there are several young people under observation.

One of them, wearing a robe with Xingyue, is the leader of Xingyue League, Chen Yuexing.

"Master, don't you shoot now?"

One of the youths asked.

"Why don't we let it go, let Lu Ming do it as he pleases, Liu Wei and their waste are beaten up, it is also worth it, and immediately the man who led the law enforcement hall by Brother Yao Tianyu will come, and when the time comes, he can take the land. Ming."

Chen Yuexing smiled faintly.

In his eyes, those of Liu Wei were nothing more than pawns available.

"The leader has a high opinion."

Several other young people took advantage of the situation.

Below, Liu Wei saw that Lu Ming stopped, thinking that Lu Ming was afraid of Yao Tianyu's reputation, and suddenly showed a smug look, shouting: "Lu Ming, you slapped me in the Xingyue League. This is equivalent to its a big sin to smash my

Xingyuemengs sign. So, you take out 2,000 contribution points, no, 5,000 contribution points as medical expenses, and apologize in public, I can consider forgiving you.

"Really? You are really confident."

Lu Ming went on step by step and went on.

Liu Wei's complexion changed again and shouted: "Lu Ming, what do you want to do? I warn you and stop me quickly."

But Lu Ming did not intend to stop at all, still walking step by step toward Liu Wei.

Liu Wei started to sweat coldly on his face and suddenly shouted: "Go on, go on together and abolish him."

Uh! Uh! ...

Suddenly, behind Liu Wei, more than a dozen young people rushed towards them, and the blood was shining. These young people chose the blood outbreak without hesitation.

"Get me back."

Lu Ming waved directly to shoot.

Suddenly, there was a series of loud slaps in the air.

The members of the Xingyue League that rushed over, flew back at a faster speed than when they came, and all screamed and fell to the ground.

The blood with teeth was sprayed to the ground.

Lu Ming waved only one hand from beginning to end, flying out the members of the Xingyue League like flying flies.

Sisi...

A series of cold breaths sounded.

As long as the disciples of the four courtyards who saw this scene were stunned.

Especially the new entry disciples at Suzakurin, all shaking with excitement.

"So strong, Lu Ming, getting stronger again."

"This is a genius, the real super genius, Xuan Jianzong, has only seen for a few years."

Some old disciples complexly said.

All of a sudden, only Liu Wei was left at the gate of Xingyue Tower.

His scared face was pale, and he was shaking and staring.

"Lu Ming, I... I warn you... Dont mess up..."

Liu Wei said with a trembling voice.

But Lu Ming did not look at him, but looked up at the entire Xingyue Tower and whispered: "Xingyue Building, there is no need to exist."

boom!

Afterwards, Lu Ming punched and hit a pillar next to him.

boom!

The pillar was made of extremely hard black iron wood, but under Lu Ming's fist, it burst into pieces directly, sawdust flew and splashed everywhere.

bump!

Afterwards, Lu Ming moved, and blasted to another pillar.

With the same roar, the pillar was smashed into pieces.

Kaka...

Two consecutive pillars were shattered, and the entire Xingyue Building shook slightly, making a clicking sound.

"Lu Ming, Lu Ming, you are crazy, what are you going to do? You stop me, stop it."

Liu Wei's face was pale, shouting wildly, crying.

At this time on the third floor, Chen Yuexing could no longer remain calm, screaming wildly: "Damn, hate, what does this guy want to do?"

However, Lu Ming didn't mean to stop his hand. The sword sounded, and the long sword came out of the sheath, cutting out several sword qi continuously, and chopping towards the pillar on the side of Xingyue Tower.

The sword gas roared, and it was extremely sharp. It cut off a total of four pillars on the left and right sides.

## Chapter 79: Demolished Xingyue Building

Biquge , update the latest chapter of Emperor Long Dao as soon as possible!

Eight pillars were shared before and after the Xingyue Tower. At this time, Lu Ming cut off six consecutively, leaving only two behind.

Even if there are walls on both sides, Xingyue Tower also began to shake violently, constantly making a clicking sound.

"Lu Ming, you damn, \*\*\*\* it."

A roar came from the third floor, and then jumped a few figures.

"It is Chen Yuexing, Chen Yuexing, the leader of the Xingyue League, has finally come out."

Someone called.

At this time, Chen Yuexing's face was distorted, and he stared at the land, yelling, "Lu Ming, you dare to ruin my Xingyue Tower. Today, I will break the bones of you, one by one, and cut the The veins are picked one by one, making you a waste person, a waste person who is not as good as a pig."

Lu Ming's method was completely beyond his expectations.

He originally thought that even if Lu Ming was stronger, he would have to work hard to fight Liu Wei and others. At that time, Yao Tianyu had arrived with the law enforcement hall.

But I never imagined that Lu Ming's combat power far exceeded his expectations. At the same time, the ruthlessness and courage of his means were completely beyond his expectations.

Lu Ming actually wanted to demolish the Xingyue Tower.

This is his hard work, he had to show up.

Lu Ming didn't say anything, just looked at Chen Yuexing coldly.

"Lu Ming, I might as well tell you that your friend, named Pang Shi, was the one who broke his bones. Now, I will let you go with your friend."

Chen Yuexing's face was distorted, flashing an astonishing killer, and his breath burst out like a mountain.

Martial Master Yae later.

This is Chen Yuexing's strength. It is extremely powerful. Compared to Ning Feng, it is not as strong as it is. Otherwise, it is impossible to open Xingyue Tower and control a Xingyue League.

Under the ladder, those new students at Suzakuin were squeezed by this breath, their faces pale, and they all backed away.

"Lu Ming, I admit that you are very strong, but now you want to challenge me, you are still a bit early, today, I will teach you the truth about life for free, that is, you must be low-key, meet the invincible people, must To be a man with his tail stuck."

boom!

While speaking, the breath of Chen Yuexing's body was strong again.

Bloodline broke out, and Chen Yuexing's bloodline was level 4.

At this moment, Chen Yuexing's strength is extremely extreme, directly reaching the limit of the martial artist's eightfold.

"Lightning Claw!"

Uh!

Chen Yuexing stepped on the foot, and with a sharp sound, he directly came to Lu Ming.

Sharp claw-like claws, crazy to the landing Ming scratching.

In an instant, at least two dozen claws.

But Lu Ming was faster, and the sound of Jianyin sounded. In an instant, dozens of sword lights bloomed from Lu Ming's hands, which was extremely gorgeous.

...

The sword gas roared, and the claws ran in length and breadth, and strong winds poured out in all directions.

The new disciples in the nearby Suzakuin retreat again and again.

bump! bump! ...

Some energy flew, hitting the wall of Xingyue Tower, making Xingyue Tower shake more severely.

what!

Suddenly, there was a scream and a figure backed up again and again.

It was actually Chen Yuexing.

There was a deep sword mark on his shoulder, and he almost chopped off one of his arms.

The people who watched the battle all around were shocked.

This was only a ten-shot trick, and Chen Yuexing was defeated and retreated with serious injuries.

"Shoot!"

Chen Yuexing shouted, at this moment, he felt his heart twitch, that was afraid.

Uh! Uh!

Several young people with him rushed towards the landing.

And Chen Yuexing himself, actually ran to the side.

He wanted to escape.

"Chen Yuexing, do you want to run!"

Lu Ming shouted, the sword light flashed, peerless sharp.

call out! call out! ...

The youths were hit and flew in an instant, and they flew far away, hitting heavily on the wall of Xingyue Tower.

Rumble!

This time, the Xingyue Tower could no longer withstand, and the rumbling collapsed.

"Come back!"

Some of the disciples from the four courtyards who were near were shocked and retreated.

Rumble!

The entire Xingyue Tower collapsed, stirring up the dust.

Lu Ming was as fast as lightning, rushing towards Chen Yuexing quickly.

Chen Yuexing had been seriously injured and his speed was greatly reduced. After a few breaths, Lu Ming was chased behind him.

"Lu Ming, wait a minute, everything is negotiable, what do you want? I can give it to you."

Seeing that he could not escape, Chen Yuexing stopped, and begged a little, at the same time, he also wanted to stabilize Lu Ming with profit.

At the same time, he kept thinking in his heart: "Almost, soon, Brother Yao Tianyu, they will come soon. When Brother Yao Tianyu comes, Lu Ming, I think how do you die? I want revenge, I want ten times A hundredfold revenge."

"What do I want?"

Lu Ming's cold smile on his lips became stronger, saying: "What I want is very simple is that everything you use on my brother Pang Shi can be doubled on you."

boom!

A fist blasted directly, slammed heavily on Chen Yuexing's stomach, and Chen Yuexing's ribs were broken several times, and his body flew out heavily, coughing up blood.

"Next, your limbs!"

Lu Ming's eyes were cold, and he walked over to Chen Yuexing step by step.

"no, do not want!"

Chen Yuexing yelled.

"stop!"

At this time, a roar of roar suddenly came from afar.

Simultaneously--

Uh! Uh! ...

One figure after another came hurriedly towards this side.

"The Law Enforcement Hall is the person in the Law Enforcement Hall."

"The leader is Yao Tianyu."

"It's over, this time, Lu Ming is over."

The old disciples who watched all around exclaimed when they saw these hurried people.

Of course, some people are surprised and a few worry, but more is gloating.

The so-called law enforcement hall is jointly established by the four courtyards, and each courtyard will select some people to join the law enforcement hall to jointly maintain the order of the Xuanyuan sword faction.

"Brother Lu Ming, the man from the Law Enforcement Hall is here, go away."

The thin boy who was rescued by Lu Ming shouted before.

"Hahaha, the law enforcement hall is here, Brother Yao Tianyu is here, Lu Ming, you are done, you dare to break my ribs, I want to give you back ten times."

As soon as the people in the Law Enforcement Hall came, Chen Yuexing completely recovered his arrogant arrogance, and then shouted coldly.

"Is the law enforcement hall? Ha ha, no one can save you today."

Lu Ming's eyes were still cold, unmoved at all, raised his feet, and stepped heavily towards Chen Yuexing's legs.

The arrogance on Chen Yuexing's face disappeared and instantly turned into endless panic, howling: "No, don't..."

Click!

Lu Ming's feet were heavily stomped on, and Chen Yuexing's bone in one leg was blasted by Lu Ming's true anger and was broken into several pieces.

"Ah, ah, my leg, Brother Yao, save me."

Chen Yuexing wailed.

bump! bump!

Lu Ming stretched his legs like electricity, and stepped on his feet.

These two feet were stepped on Chen Yuexing's other leg and one arm.

Immediately, Chen Yuexing's leg and hand bones were broken into several pieces.

At this time, the people in the law enforcement hall finally arrived and surrounded Lu Ming Tuan.

## **Chapter 80: Why fear a battle**

Biquge , update the latest chapter of Emperor Long Dao as soon as possible!

"I told you to stop, didn't you hear?"

The person headed, about seventeen years old, casually fought, immobile like a mountain, impressed by the force, the murderous sight in his eyes, like a wolf like a tiger.

"Really Yao Tianyu, he came in person."

All around, a deep exclamation spread.

Lu Ming raised his eyebrows. It turned out that this young man was Yao Tianyu.

His face was still calm, and said lightly: "I heard, but why should I stop?"

"Bold, arrogant, how dare you talk to Brother Yao this way?"

"Lu Ming, what's your attitude?"

As soon as Lu Ming's voice fell, there were several young people from the law enforcement hall shouting.

Lu Ming pouted, too lazy to ignore.

"Lu Ming, you shot against the same door for no reason, and the means were fierce and malicious. It was simply maddening and a serious violation of the door rules. Now you are self-binding the chain, follow us back to the law enforcement hall, and accept the punishment!"

A young man in red robe walked out, shouted loudly, and then threw a thick chain to Lu Ming in front of him.

"Yes, Lu Ming, hurry up and catch, and obey."

The youth in other law enforcement halls also shouted.

"Am I violating the door rules?"

Lu Ming sneered and said, "Why don't you ask why I shot?"

"This is no need to ask, anyway, we saw that you shot and seriously injured your partner, and also destroyed the Xingyue Tower. This is a big sin."

The young man in red robe made a direct conclusion.

"Oh, I tell you now, I am not guilty, I just punish the ancestral worms. Xingyuelou uses extremely low prices to force the purchase of materials for the newcomers. Unconscious, why don't you check it?"

Lu Ming said coldly.

"Nonsense, he spurted blood, there is no such thing at all, Brother Yao, you have to decide for me."

Chen Yuexing was profound, and did not faint, at this time he called out injustice loudly.

"Blood-spitting people? Do you think everyone else is blind?"

Lu Ming said.

"Oh?"

The young man in the red robe turned his eyes to those in the Suzakuin, and said, "Who do you see Xingyuelou buying materials? Did you even hurt someone? But I warn you, before you speak, it's best to think clearly, don't talk nonsense, Watch out for trouble."

Threats, this is a naked threat.

Those new students at Suzakuin originally wanted to tell the truth, but when they heard this, their faces changed a lot.

And Yao Tianyu was on the side. Although he didn't speak, his breath was compelling and his eyes swept at random, making those disciples' faces even more ugly.

For a time, no one dared to speak.

Yao Tianyu sneered in the corner of his mouth, and other disciples in the law enforcement hall also sneered.

Hongpao Youth said: "Lu Ming, no one seems to be witnessing for you. Now, what else do you have to say? Even if you don't have a hand, you can catch?"

"Ha ha!"

Lu Ming sneered and glanced at those new entry disciples at Suzakuin. Those disciples looked at Lu Ming's eyes and turned their faces flushed in shame and bowed their heads in shame.

However, no one still spoke.

"Lu Ming, what do you want to see? Do you want to threaten them? There is our law enforcement hall here, do you think about it, even if you don't have to fight? Do you want to resist? Brothers, prepare to shoot!"

The young man in the red robe yelled, and there was a fierce color in his eyes.

A few days ago, he went to summon Lu Ming and was blasted out of the door by Lu Ming.

"Law Enforcement Hall? What \*\*\*\* law enforcement hall, I know a lot today, do you want to shoot it? Get me to catch it, impossible! I Lu Ming, why fear a battle!"

Holding a long sword, Lu Ming stood proudly, and his slender figure stood like a tall mountain, full of unyielding and perseverance.

Before he came here today, he had thought that all this might be a ghost of Yao Tianyu, although he knew that with his current cultivation practice, there was almost no chance of winning the bronze list.

But he still came and did it. This is his original intention. What he wants to do and what he should do, then do it.

It's a big battle.

Seeing Lu Ming's posture, those new entry disciples at Suzakuin are even more ashamed.

"Wait... wait a minute!"

Suddenly, a voice came out.

The thin boy who was rescued by Lu Ming now clenched his fists, flushed, trembling, and strode out.

"I can testify that Brother Lu Ming is telling the truth. Xingyue Louqiang bought the materials of our new disciples from Suzakuin, a thousand or two things, and only gave one or two silver. If you don't follow, it's a beating."

"There was a brother who didn't follow before. After a few words of theory, Chen Yuexing broke his bones and seriously injured his coma. Brother Lu Ming only shot for us. He didn't violate the rules at all, don't you..."

The thin boy shouted loudly, and his voice spread far away.

"Shut up, be bold!"

The young man in red robe shouted suddenly, interrupting what the thin young man said next.

Then staring at the skinny boy coldly, Shen said: "Boy, you are so brave, I think you are Lu Ming's accomplice, actually helping Lu Ming to work together as a culprit, and also want to deceive our law enforcement hall. Forgiveness, together with Lu Ming, it is impossible to escape the guilt!"

The thin young man's face suddenly turned pale, without some blood, and his voice trembled: "No, you can't do this, I'm just telling the truth."

"No need to talk nonsense, shoot!"

At this point, Yao Tianyu finally spoke, decisively and directly.

"Brother, you step back!"

Lu Ming waved his palm, and his true energy poured out, and the thin boy retreated back and forth into the crowd.

Lu Ming, alone against the law enforcement hall.

He didn't speak, but his unyielding fighting spirit explained everything.

Fight, fight to the end!

"Shoot, go together, take Lu Ming, as long as he doesn't hurt his life."

Red robe youth shouted.

Uh! Uh! ...

At the moment, around a dozen youths from the law enforcement hall rushed to Lu Ming.

Jian Qi, palm wind, and fist strength immediately enveloped Lu Ming's body.

The disciples of these law enforcement halls are very strong in cultivation, and the worst are the cultivation practices of the martial artist Liuzhong.

"Extreme streamer!"

Keng!

The sword sounded, the sword light burst out, and the sword gas burst out.

Lu Ming went directly into the crowd.

when! when! ...

boom! boom! ...

The clashes and roars sounded intensively, and then several silhouettes retreated.

They are children of the Law Enforcement Hall. They all had a sword in their chests. The wounds penetrated the bones and fell heavily on the ground. They coughed up blood.

The disciples in the four courtyards were shocked.

Lu Ming is also too strong, not only broke out with the people in the Law Enforcement Hall, but as soon as he started, he hurt several experts in the Law Enforcement Hall.

Strong, too strong.

You know, in the law enforcement hall, there are not many masters of the martial artist Yazhong.

"Go together, go together!"

The young man in red robe yelled aside.

Uh! Uh! ...

More disciples of the law enforcement hall rushed towards the landing.

There are more than 30 disciples in this time.

"kill!"

Lu Ming shouted, his momentum was like a rainbow.

He stared at the red robe disciple and rushed in that direction.
