

D Emperor 751

Chapter 751: The majesty of the ancient family

Seeing Lu Ming refuting, Jiang Taihong frowned slightly.

"Lu Ming, you are right. The King of Heaven monument does not prohibit killing. They are killed in battle, but they are incompetent, but I ask you, one person is an ancient family. Have you said this sentence?"

Wang Yan stood in mid-air, the purple flame shining, and the terrifying temperature, constantly diffusing out.

The people nearby are constantly retreating and can't stand the terrifying temperature.

"Sayed it!"

Lu Ming's answer is simple and clear.

"Hahaha, ridiculous, really ridiculous!"

Wang Yan laughed, his eyes bright, as if there were two rounds of small suns emerging, saying: "It's really foolish and ignorant, do you know what the ancient family stands for? It's a big deal to say that one person is comparable to an ancient family. "

"Yes, I think that I have a little fighting power, but my heart is higher than the sky. In fact, I am ignorant and the fighting strength is stronger, but it is just a king of war. The king of war, in the ancient family, can only fight. The ancient family can kill you, not know how many, just come out alone, you can suppress you with one palm."

Jiang Taichong also sneered.

"No, it doesn't mean I can't do it in the future!" Lu Ming's eyes were firm and persistent, and he was full of confidence.

"In the future? It's just Wu Wangjing's achievements. I tell you that the so-called battle of the Kings List is just a game for children in Donghuang's real arrogance. It's not worth mentioning. The competition is above the King of Wu, and the battle of luck more than a year later is the real battlefield of Tianjiao, and you, even intervening, are not qualified!"

Wang Yan's voice was full of slight disdain.

"Wang Yan, why not talk nonsense with them, I will let them know now, how small they are in front of the ancient family, and the ants are not as good!"

Jiang Taichong took a step forward, and his breath exploded, terrifying.

On his body, it seemed that there were countless sharp swords, filled with a sharp edge, and each sharp edge was a sharp sword, pressing down on Landing Ming and others.

At this moment, Lu Ming and others were physically shocked, and the body protection was totally useless. They were directly penetrated by the sharp hole, and the body seemed to be penetrated by holes.

Strong, too strong, Jiang Taichong is absolutely extraordinary Linghai Realm, in the realm of Linghai Realm, has gone a long way.

No matter how strong they are, Lu Ming is only a king of martial arts. The difference is so great that there is no way to resist.

"Wu Wang is stronger, in the face of absolute strength, it is also a ant!"

Jiang Taichong looked down at the crowd, standing high above him, his voice indifferent.

"The battle of luck, I will cut you off!"

Lu Ming Chang Xiao, surrounded by four-color artistic conception, tried his best to confront.

"The battle of luck cut me, joke!"

Jiang Taichong sneered and his breath was stronger.

Buzz!

At this moment, above Lu Ming's head, Wang Bei's phantom shook suddenly that day, emitting a bright light.

At the same time, Xie Nianqing, Airborne, and the virtual shadow of the three kings of Jianfeiliu also vibrated.

At the moment, behind the four people, opposite the abyss, the Heavenly King Stele was also filled with brilliance. A huge shadow of the Heavenly King Stele suddenly appeared on Lu Ming's head.

boom!

The shadow of the Heavenly King Stele was shocked, and Jiang Taichong's breath was directly dissipated. Jiang Taixu slammed back a few steps, looking at the huge Heavenly King Stealth ugly.

Their oppression caused a change in the monument.

On Wang Yan's body, a breath of terror erupted and pushed forward, but he immediately entered Jiang Taichong's footsteps and was shocked.

"Tianbei bodyguard, hum!"

Jiang Taichong snorted.

"Fortunately this time, Lu Ming, if you are really confident, go to Tianwuyu, Jiulong City, then you will understand that the real strength of the ancient family, you will also understand what is the real arrogance, how small you are, !"

Wang Yan glanced at Lu Ming and others, a faint voice came out, and he turned around, stepped out, and disappeared.

Jiang Taichong also turned away.

This time, they didn't really intend to deal with Lu Ming, just like the crowd around them guessed, with their cultivation behavior, they could suppress Lu Ming and others with one hand, which was a big difference.

When they shot, they would end up with a reputation for bullying.

They just want to deter Lu Ming from letting them understand and let everyone understand that the majesty of the ancient family and the strength of the ancient family.

At the same time, it also proves that they are strong. Wu King is stronger, and he is also the King of Martial Arts, and they are also under the age of thirty, but they have gone very far, far beyond the level of Wu Wang.

Now that the goal has been achieved, they will naturally leave.

"Huh, the top 100 in Qianjiao list, is it remarkable? Uncle Ben will soon surpass them one by one!"

The air groaned uncomfortably, and took out a leg of lamb to bite.

I don't know how much roast leg of lamb, barbecue.

Lu Ming did not speak, but in his eyes, he revealed a strong fighting intention.

Before there is no strength, it is useless to say, but as Air Jin said, sooner or later, they will surpass them, and Lu Ming believes that this day will not be too long.

One person is comparable to an ancient family. This is just Lu Ming's early goal, and it must be achieved. If this is not possible, how can he contend with the First Martial Emperor?

"Let's go, we will practice on the ladder of Heavenly King Stele!"

Lu Ming spoke, striding forward.

A group of four people headed towards the first Uranus monument.

When I came under the Heavenly Monument, there were already some people on the Heavenly Monument.

The corpse king sat cross-legged on the twenty-sixth ladder.

Wang Jue, a few ghosts, sat cross-legged on the twenty-fifth ladder.

There are twenty-seven ladders of the heavenly king monument.

The twenty-first to twenty-seven ladders, dark red, are the 108 prizes before the Battle of Utopia, and only they can go up.

The highest twenty-seventh ladder, only the first place can go up.

Twenty-sixth ladder, the second to fourth places can go up.

On the twenty-fifth ladder, the fifth to tenth places can go up.

Twenty-fourth ladder, from eleventh to twentieth

.....

The twenty-first ladder, the last thirty-eight can go up.

One hundred and eight places are distributed on seven steps.

Lu Ming rose into the sky and flew towards the uppermost ladder. Above his head, the ghost image of the Heavenly King Stele sprinkled down the road, and enveloped Lu Ming.

If there is no phantom bodyguard of the Heavenly King Stele, climb the dark red ladder, and there is only one way to die.

bump!

Lu Ming fell on the highest staircase. In an instant, Lu Ming felt extremely strong various moods, and even felt that there was a strong man fighting and practicing.

On the stele of the heavenly king, there is a mark left by the supreme strongman.

Heavenly King Stele, I don't know what year it was left, and it stands here for endless years. In history, there are many martial arts strongmen who want to move away and occupy it for themselves, but no one can do it.

So, stay here long.

Lu Ming immediately sat cross-legged, capturing all kinds of artistic conceptions, and began to comprehend.

The traces of various artistic concepts here are much stronger than the ladder below.

Lu Ming first caught a ray of fire's artistic conception. In an instant, the world changed. He saw a tall figure, practicing the artistic conception of fire, and raised his hands and throwing his hands.

Chapter 752: Super Linghai

Xie Nianqing, Kong Jin and others also flew up the stairs and began to practice.

Soon after, the top 108, all gathered, all sat cross-legged on the top seven steps.

They have half a month to practice, and half a month later, the Heavenly King Stele will revert to ordinary, losing its mysterious effect, and will not be reopened until three years later.

Time passes quickly.

Three days later, Lu Ming's conception of fire broke through in one fell swoop and reached the second level of entry.

Immediately, he turned to understand the mood of the earth.

The artistic conception of the earth is much more difficult to cultivate. It took Lu Ming ten days to break through and reach the second level.

Since then, Lu Ming's four heaven and earth moods have all broken through to the second level.

The conditions for crossing into the Linghai Realm have been met, and Lu Ming can enter the Linghai Realm at any time.

At this time, the time has passed 13 days, and there are still two days left.

In the past two days, Lu Ming intends to continue to comprehend the artistic conception of the earth. The artistic conception of the earth is the most difficult to practice. Lu Ming must grasp this opportunity.

In a blink of an eye, two days have passed, and the artistic conception of the earth has also made some progress, reaching the mid-level stage of second-level entry.

Seeing that half a month has come.

Buzz!

At this moment, a piece of information rushed into Lu Ming's mind.

Lu Ming was stunned for a moment, and he felt a little, then he was overjoyed.

The information that rushed into Lu Ming's mind was actually a secret technique.

The name of the mystery is: Super Linghai!

Yes, the name is Super Linghai.

According to the information in it, the spirit sea spirit warrior has practiced this mysterious technique, and the area of the spirit sea will be twice larger than others.

The area of the Linghai in the Linghai Realm is twice as large as the others, which means that the storage capacity of the True Yuan can be twice as strong as others, and the fighting power is naturally stronger.

I have heard before that winning the first place in the King's List will have special rewards that can be obtained from the Heavenly King Stele, some of which are martial arts, some are exercises, and some are mysteries.

What Lu Ming got was a secret technique.

This is why Jiang Taixu and others are determined to compete for the first place.

With the mysterious technique of Super Linghai, among the arrogance of Linghai Realm, innate will have the advantage.

"Haha, well, my true element is already much stronger than ordinary people. With the super spirit sea mystery, my innate advantage will be stronger."

Lu Ming laughed in his heart.

The six ancient aristocrats, although they are also practicing divine-level exercises, each of the divine-level exercises has a different direction.

Like the flames of the Wang family burning the sky, after cultivation, the true element is like a sky fire, and can burn everything, but the true strength of the true element is definitely not as strong as the true dragon.

The true tactic of War Dragon is partial, that is, True Yuan is strong.

Super Linghai and Zhanlong's true recipes complement each other.

Suddenly, Lu Ming felt that the ghost image of the Heavenly King Stele above him disappeared, and he could not feel any pressure or artistic conception. When the time came, the Heavenly King Stele became ordinary.

At this time, everyone on the ladder opened his eyes.

"go!"

Wang Jue and others looked at Lu Ming and hurriedly left, seeming to be afraid of Lu Ming's hands on them.

The corpse king and other corpses also got up and left.

"Lu Ming, how about the harvest?"

Xie Nianqing looked at Lu Ming.

"not bad!"

Lu Ming nodded, then asked: "Your artistic conception has all broken through?"

"Breakthrough, below, is to break through the Linghai Realm."

Xie Nianqing said.

"Haha, Uncle Ben is about to break through the Linghai Realm!" Kong Jin grinned.

"I also intend to break through the Linghai!"

Jianfei Liu also said.

This time, many people have made great progress. After the battle of the Kings List, many people may choose to break through the Linghai Realm, such as Wang Jue, Corpse King and others.

After all, the battle of luck is getting closer and closer, only one year and three months.

The battle of luck is the key.

"Okay, let's find a place to break through!"

Lu Ming smiled.

Now, the super-spirit crystals on him are almost accumulated. The spirit sea realm must be broken through.

Only by breaking into the Linghai Realm can you compete with the top arrogance of Qianjiao.

The four rose into the air, left here, and flew towards the distance.

The four did not fly towards the city, but flew towards the wild.

"I said brother-in-law, what good thing did you get on the top step?"

With a pair of eyes in the air, the thief glanced at Lu Ming.

"Fat man, you are not allowed to call his brother-in-law or my sister, otherwise, don't blame me for being unkind."

Xie Nianqing gritted his teeth, his eyes glooming into the air.

The air aggressive spirit shuddered and said, "Don't be like this! I call it that way, don't I just look kind, then call it that way, how is it called?"

"It's your name!"

Xie Nianqing gritted his teeth.

"Okay, okay!" The fat man entered into the air with a bitter face, then looked at Lu Ming, and said: "Lu Ming, haven't you said what good things you got?"

"It is indeed a good thing!"

Lu Ming smiled, and did not conceal, said: "A secret technique, after the practice of the Linghai Realm, the area of the Linghai can be doubled!"

"what?"

In the air, Xie Nianqing and Jian Fei Liu all showed shocked expressions.

"Haha, Lu Ming, look...you and I are a family, can you share it?" The airborne thief looked at the landing Ming Road.

"Okay, buy Lingjing!"

Lu Ming said.

"Ling Jing buy? I don't have many Ling Jing, so let me give you the original stone!"

Kong Jin thought for a while, a bag appeared in his hand, and threw it to Lu Ming, saying: "There are a hundred rough stones in it, do you see enough?"

"Original stones, do you have so many original stones?"

In addition to Xie Nianqing, Lu Ming and Jian Feiliu were surprised to widen their eyes.

The original stone is somewhat similar to the spirit crystal, which contains huge energy.

However, the energy in the original stone is not the heaven and earth aura in the spirit crystal, but the heaven and earth aura. The aura is purer than the aura, and it is many times higher.

The energy consumed by the warriors above the Linghai Realm is really terrifying. In the case of the best Spirit Crystal, the movement is tens of millions, hundreds of millions. The higher the realm, the more terrifying.

However, the original stone is different. The original gas is extremely advanced and can be quickly converted to the true yuan. A piece of inferior original stone is worth millions of excellent crystals.

The fat man gave Lu Ming a hundred pieces of inferior rough, which is worth hundreds of millions of top grade Lingjing.

It should be known that there is no original stone in the general Linghai Realm. Generally, only the warriors above the Linghai Realm in the advanced stage will have the original stone, and they will practice with the original stone.

"Okay, enough!"

Lu Ming put away the original stone, took out three jade cards, inscribed the information of Super Linghai into the jade cards, and then threw a jade card into the air.

This time, several people have experienced a life-and-death battle. Lu Ming has regarded airborne as a friend. Although Super Linghai Mystery is precious, he will not be stingy.

Then, two other jade cards were given to Xie Nianqing and Jian Feiliu respectively.

Chapter 753: Breaking through the Linghai

"Lu Ming, I... I don't have original stones!"

Jianfeiliu caught the jade card, and was a little dazed.

"Brother Jian, you don't need the original stone, you can take it to practice!"

Lu Ming smiled.

"No, it's too precious." Although Jian Fei Liu longed for it, he still refused.

"Brother Jian, you are so polite, did you not treat me as a friend." Lu Ming said.

"How could it be? It is an honor for Jianmou to be friends with Brother Lu!" Jianfei Liudao said.

"That's not enough!" Lu Ming smiled.

"Lu Ming, thank you!" Jian Feiliu clasped the jade card in the palm of his hand, revealing the moving color.

Even a friend can share such a valuable secret technique with him, and several others can do it.

As for Xie Nianqing, without saying a word, he put away the jade card directly.

"Hey, hello, why only I have to buy the original stone, they don't want it, it's not fair, it's not fair!"

Shouted into the air.

"Because you are rich in oil!"

Lu Ming laughed.

"Where am I rich? Not fair or fair!"

Airborne continued to shout.

...

Soon, they leaped hundreds of thousands of miles to a remote barren mountain.

The four landed, Lu Ming waved his hands, and inscribed a large array of inscriptions on the ground.

Breaking through the Linghai is not the same as Xiaoke, and cannot be disturbed. Lu Ming engraved the inscriptions in this area, if there are abnormalities, he can feel them.

After the formation of the formation, everyone chose a place to retreat and practice.

"Lu Ming, the energy you need to practice and break through the spirit sea is not trivial. You can use these original stones!"

Xie Nianqing walked to Lu Ming and threw Lu Ming a bag, then turned and disappeared into a mountain.

"Two hundred original stones!"

Lu Ming opened it and found that there were 200 pieces of inferior rough in it.

Lu Ming smiled slightly, put away the original stone, flashed in shape, and rushed into a large mountain. The next moment, he appeared in the Supreme Temple.

Dandan was lying in a corner, nibbling the elixir bit by bit, leisurely.

"Boy, are you ready to break through the Linghai Realm?"

Dandan gave Lu Ming a look and said.

"Good!" Lu Ming nodded.

"Your true element is extremely strong, and the danger of breaking through the Linghai will also increase greatly. Fortunately, you have cultivated four artistic concepts. It should be okay. Let this seat protect you!"

Dandan came over.

Lu Ming nodded, and then sat cross-legged, waving a handful of piles of superb crystals around him.

During this time, Lu Ming killed many adversaries and gathered all these spirit crystals together, exceeding 500 million pieces.

Lu Ming estimated that 500 million yuan should be almost the same.

bump! bump! ...

When Zhenyuan was shocked, a large pile of spiritual crystals burst, swallowed by the blood of the Kowloon, and then began to refinish.

Lu Ming is running the dragon dragon trick, constantly transforming energy into true yuan.

Rumble!

The cyclone spins frantically, a large number of true elements converge into the cyclone, and Lu Ming begins to compress the cyclone.

As time passed, Lu Ming's cyclone was compressed smaller and smaller, but Zhen Yuan also became more and more condensed, reaching the point of terror.

To open up the Linghai, first of all, it is necessary to compress the cyclone to the extreme, and then explode.

Yes, it was an explosion.

At the moment of the explosion, it will produce terrifying energy. In the Dantian, a wave of spirit sea will be opened up.

The Linghai is an ocean of true elements, and the true elements it can hold are not much higher than the cyclones.

Cyclones, the true elements that can be accommodated, have their limits, and they can never break through without opening the Linghai.

However, this process is extremely dangerous. If the cyclone explodes, if one is not careful, it will burst Dantian, or even the entire body, and crush the bones.

Therefore, it is necessary to protect the body with artistic conception.

With artistic conception, the energy of explosion is blocked, and the energy of explosion is concentrated within a certain range, thereby opening up the spirit sea.

Lu Ming's true yuan is too strong and condensed, and the power of the explosion will naturally be stronger. If it is guarded by only one artistic conception, it can't be stopped at all, and it will be very dangerous.

Fortunately, Lu Ming has four artistic concepts.

Compress, continue to compress.

Half a day later, the cyclone mood was compressed to the extreme, forming a point, amazing energy, which diffused out from the inside.

"Success or failure in one fell swoop, burst!"

In Lu Ming's eyes, he was very determined, his thoughts moved, and was compressed to the extreme cyclone, bursting and bursting.

boom! boom! ...

Like the beginning of the world, amazing energy bursts out and destroys everything.

"Block it!"

The four kinds of artistic conception of heaven and earth are brought together to form a heavy defense in Dantian.

Rumble!

The violent energy raged, Lu Ming's Dantian, was torn open, forming a crack, this crack is increasing rapidly.

Slowly, this crack formed a water hole. The water hole became larger and larger, and the area became larger and larger.

Linghai, is opening up!

This process only happened in an instant.

At the next moment, the violent energy calmed down, and a pool of about ten meters in diameter was formed.

This pool is the Linghai.

At the beginning of the breakthrough, the area will not be very large, and it will become larger and larger as the cultivation practice is improved.

Ordinary people break through the Linghai, and the Linghai is still far from Lu Ming's. Lu Ming cultivated the true skill of the War Dragon, and only then opened up such a large area of Linghai.

Lu Ming, successfully opened up the Linghai, without danger.

This is normal. After all, Lu Ming has realized four kinds of artistic conceptions and successfully merged. Even if his real unit is strong, the defense of the four artistic concepts is enough.

A smile appeared on the corner of Lu Ming's mouth, and Linghai Realm finally broke through.

However, in the Linghai, only a thin layer of true elements underneath, and only when the true elements in the Linghai are filled up, can it be considered as truly entering the Linghai realm.

"Explode, explode!"

Lu Ming continued to explode the spirit crystal, devoured the refining aura, and turned into a true element.

With the continuous refinement of the Lingjing, more and more real elements in the Linghai are slowly filled up.

After three days, everyone's spirit crystals were exhausted, but the spirit sea was not yet full.

"The energy I consume and practice is still so scary."

Lu Ming smiled bitterly, and more than 500 million pieces of Needling Spirit Crystal were not enough.

Immediately, Lu Ming took out a bag, grabbed two pieces of rough stone, shattered it, and breathed out.

The blood of Kowloon opened wide and swallowed the original gas into the mouth.

The original Qi is much higher than the Reiki. In the Linghai, Zhenyuan quickly fills up.

Finally, Lu Ming refined another 50 pieces of rough stone before the Linghai was completely filled.

"So rich and true, so rich and true!"

Lu Mingyuan's real trick to switch to dragon, feels the tremendous true yuan, and feels comfortable.

The real element of the Linghai Realm is not as strong as the King Realm. Now, his combat power has also been improved.

As soon as his thoughts moved, Lu Ming came out of the Supreme Temple.

Xie Nianqing and others should still be making breakthroughs. Lu Ming has the blood of Jiulong, so the speed is relatively fast.

"I'm still practicing while I wait for them. First, I will take the super spirit sea and practice successfully."

Lu Ming re-entered the Supreme Temple and began to practice.

Chapter 754: The vast Kowloon City

One day later, the mysterious super spirit sea was successfully cultivated by Lu Ming. Lu Ming's spirit sea, on the basis of the original one, has doubled to accommodate more true yuan.

Of course, when Lu Ming refilled the Linghai, he used another two hundred original stones.

This time, if it weren't for taking out a hundred pieces of rough stones, Xie Nianqing gave him two hundred pieces of rough stones, and his spirit crystals were simply not enough.

boom! boom!

On the highest level platform of the Supreme Shrine, Lu Ming is practicing the prisoner of heaven.

Hands, feet, and even shoulders and waists seem to contain a prison monument. Raising hands and feet to suppress everything has unimaginable power.

After bombarding more than 100 strokes in a row, Lu Ming stopped.

"When you reach the Linghai Realm, the Prison of Heaven Prison can finally perform as you like!"

Lu Ming smiled on his face.

Prison prison power, half **** level bloodline martial arts, the consumed real element is too horrible, in the peak king, Lu Ming did not dare to show it at random, to control.

After breaking through the Linghai Realm, there is no such concern. In the Linghai, the True Yuan is extremely strong and completely enough. Plus, all four moods have reached the second level. Lu Ming does not know his current combat strength and how far he has reached. .

Next, Lu Ming comprehends four artistic concepts every day and practices martial arts.

In a blink of an eye, half a month passed.

Lu Ming estimated that Xie Nianqing and others should have practiced almost, and they came out of the Supreme Temple.

"Ok?"

As soon as he came out of the Supreme Temple, Lu Ming felt wrong.

He only sensed two breaths, and originally, there were three breaths.

Uh! Uh!

Seemingly sensing Lu Ming's breath, the sound of breaking the sky sounded, and Xie Nianqing and Kong Jin appeared in front of Lu Ming.

"Lu Ming, Jian Fei Liu seems to have left!"

Xie Nianqing said.

"Brother Jian has left?" Lu Ming was stunned.

The inscription formation he engraved, he can sense it when he breaks in from outside, but he does not feel it when he goes out from inside.

"This is the message he sent me!"

Xie Nianqing handed a piece of phonic jade to Lu Ming.

There is only one sentence in it: Xie girl, Brother Lu, I have to leave beforehand, don't miss it!

Lu Ming estimated that because he was in the Supreme Temple, the news of Jianfeiliu could not be transmitted, so he did not receive the news of Jianfeiliu.

"Brother Jian left so hurriedly, what the **** happened? How could he say goodbye?"

Lu Ming frowned.

Based on his knowledge of Jianfeiliu, he should not leave without saying goodbye, what must have happened.

"I speculate, maybe because of his sister."

Xie Nianqing said.

"Possibly, did Brother Jian go to Kowloon City?"

Lu Ming frowned, and this was the only possibility.

"Go, let's go back to the city and see if we can hear some news."

Lu Ming said.

Afterwards, the three men rose into the sky and flew towards the city near the King Monument.

Soon, they came to a city.

Now, most of the pinnacle kings from all over have left. Near the Heavenly King Monument, the previous depression has resumed. There are not many people on the street.

The three found a restaurant to see if they could find out the news.

Kongjin ordered fifty roasted leg of lamb directly in the restaurant. In his words, it was reserved.

"I heard that all the geniuses recently, Tianjiao, have gone to Tianwuyu, Jiulong City."

"It's normal, the battle of luck, and more than a year. Every time, Emperor Tianjin Temple will attach great importance to it. I heard that all kinds of cultivation holy sites in Kowloon City are now open, and all kinds of cultivation holy sites that were closed in the past are now. Open to those arrogant people, those arrogant people naturally swarm away."

"Not only the Emperor Heavenly Shrine, but also the Heavenly Demon Valley, Heavenly Corpse Sect, etc. Every time when the battle of luck is approaching, various holy places will be opened to enhance the strength of those arrogances as soon as possible. After all, the battle of luck, Regarding the luck of a force in the next 20 years, it is not a trivial matter, even Lord Wu Emperor attaches great importance to it!"

"Yes, those arrogances will naturally become stronger and stronger in those holy places. All the arrogances that are interested in the battle of luck will not be missed. They will go to it. Otherwise, they will only be surpassed by others. Now, Kowloon City is gathering together!"

In the restaurant, some people are talking about the latest news.

"Lu Ming, they are right. Before every battle of luck, the major forces will do everything to cultivate the arrogant figures of all forces and open up various holy places. This is also our opportunity to make our strength fast. The opportunity to improve and compete with those who are at the top of the Qianjiao list!"

Xie Nianqing said.

"Go, go to Kowloon City. I was there. I just had friends I knew."

The air walker chewed the leg of lamb while saying.

Lu Ming thought quickly.

Tianwuyu, Jiulong City, is the main palace of the Emperor Tianjin Palace.

Emperor Yiwu Emperor, there, went to Kowloon City, and the distance from Emperor Yiwu Emperor was very close.

He was afraid that Jiulong Bloodline would be felt by Emperor Yiwuhuang.

"Senior Jiuyang has been sealed. He said that he will not be sensed within ten years. It should be okay. At that time, I should try not to use the Jiulong blood veins. It should be fine. If I am always afraid of shrinking and I have no chance, how can I do it? Quickly improve and repair?"

At this point, Lu Ming decided to go.

"Okay, we will set off in a moment!"

Lu Ming said.

After a while, the three of them finished flying and flew towards the west.

They have to travel to the neighboring big domain and take a cross-domain teleportation array.

...

Tianwuyu, Jiulong City, is known as the largest giant city in Donghuang.

Kowloon City, because it is called Kowloon City, is mainly composed of nine huge dragon veins.

Each dragon vein is actually a mountain range, vast and endless, which stretches for thousands of miles, winding and circling on the vast earth.

Among them, there are six dragon veins in different directions.

In the middle of these six dragon veins, there are three other dragon veins, the three veins converge, which is the core of the Emperor Tianjing Palace.

Around the nine dragon veins, there is a city wall.

But this city wall is not an ordinary city wall. They are all mountain peaks. Countless peaks rising up to 10,000 meters high, converging together, forming a circle, surrounding the nine dragon veins in the middle, thus forming the Kowloon City.

The area of Jiulong City is incredible. The size of a city is almost the same as that of Tianxuanyu.

Yes, a city is equivalent to a large area, which is incredible.

It can be seen how magnificent the wall surrounding Kowloon City is, and how many mountain peaks it constitutes. It is simply incredible. This is obviously not the result of heaven and earth. It is said that this time was built by the supreme power of ancient times.

Unexpectedly pulling out countless mountain peaks from the ground, surrounding the vast nine dragon veins in it, what a vast project at this time?

Lu Ming stood outside the city wall of Kowloon City, staring at it all in astonishment.

He can hardly believe that there are such shocking buildings in the world. Can this be done by humans?

Can't the Emperor Wu do it?

The Emperor Wu pulled a 10,000-meter peak from the ground, he believed, but how many were there?

Chapter 755: City-in-city

At a glance, he saw the peaks of tens of thousands of meters. All the peaks were side by side, and there was no end in sight at all.

Under some of these peaks, there is a huge city gate.

That is one of the gates that entered Kowloon City.

Xie Nianqing and Kong Jin, but the expression was quite calm.

"Haha, Uncle Ben is back, let's go, let's go in!"

Kongjin carried the axe, and held a leg of lamb in one hand, while nibbling and walking forward.

"I said fat man, why are you carrying your axe all day, not tired, don't you have a storage ring?"

While walking, Lu Ming asked.

Since seeing Kongjin, I saw him carrying his huge battle axe every day.

"I carried this battle axe to lose weight!"

Airborne answered.

The empty answer made Lu Ming and Xie Nianqing stagger, almost falling.

"To lose weight? Then you keep eating, eat!"

Xie Nianqing despised.

"How can I carry a battle axe without eating, and how to lose weight without carrying a battle axe? You don't know, carrying a battle axe every day is also very exhausting!"

Air Jin said seriously.

Lu Ming and Xie Nianqing were speechless and completely defeated.

The gates of Kowloon City are huge, at least hundreds of meters high and 100 meters wide.

At the gate of the city, people are coming and going, very lively.

You can see all kinds of warriors riding monsters and beasts, roaring past and rushing into the Kowloon City.

At the gate of the city, no one is guarding or checking, and can enter and leave at will.

This is emboldened!

Jiulong City, as the main palace of the Emperor Tianshen Palace, gathers the most powerful power of the Emperor Tianshen Palace. Over 80% of the entire Emperor Tianshen Palace and the strong men above the Lingtai Realm are in the Kowloon City.

Spiritual fetal realm, spiritual **** realm, even supreme.

In addition, Emperor Yiwuhuang also sits in it.

Whether it is Heavenly Corpse Sect or Heavenly Demon Valley, if you dare to break into the Kowloon City to make trouble, it is to find death, unless it is a strong emperor.

But if there are really strong emperors coming, even if there are more strong men in the city gate, it is useless.

The three of them walked into the city gate, and there were huge roads leading to all sides, and there were endless mountains.

In Kowloon City, there is a world. After all, its area is comparable to that of Tianxuan.

"What a rich heaven and earth spirit, and the mood of heaven and earth is also clearer than other places!"

Lu Ming marveled.

"Lu Ming, this is just the edge. In Jiulong City, the nine dragon veins converge. The closer to the dragon veins, the stronger the heaven and earth aura will be, and the mood of the heaven and earth will be clearer. Yes, that's a lot of money. Only a spirit tire or above is a master."

Airway.

Lu Ming lamented, mainly because the conditions were too good.

"Kowloon City is dominated by dragon veins. Nowadays, the cores of the six dragon veins in six directions are occupied by six ancient families, with the dragon veins as the core and spread outward. There are countless large and small families, sect gates, these The forces, from the big to the big, belong to the Emperor Heaven Shrine. From the small to the big, they compete with each other, each develops independently, and the continual expedition. Every day, there are forces that are destroyed and there are forces that rise, even the six ancient families. It is competing with each other. In this respect, the top management of the Emperor Tianjing Palace will not be in charge. Only in this way can more powerful people be born."

Kong Jin explained that he had stayed in Kowloon City before and he knew more about Kowloon City.

"We are now in the range of the dragon vein on the easternmost side. The strongest force here is one of the six ancient families. The Wang family, the Wang family occupy the core position of the dragon vein, and there are countless forces around the dragon vein."

Kong Jin then said.

Lu Ming nodded, and the three chose a direction, flying while chatting.

A few hours later, a city appeared in front of them.

The three flew in.

This city is called Juhao City, introduced by air, there are more than a dozen forces around Juhao City.

And here, the dragon vein that has not formally entered the east is just outside.

The closer it is to the dragon veins, the stronger the heaven and earth aura, and only powerful forces can occupy it.

Small forces can only be on the periphery.

The three of them strolled around the city.

This city is not particularly large, but there are many masters on the street.

Lu Ming glanced away, all of them were kings of martial arts. Fortunately, there weren't many spirit sea realms.

See a few, but not very strong.

Here, after all, it is just outside the dragon veins.

"Huh? Tingting, it's me, the big boy."

Suddenly, Kong Jin showed a bright smile and greeted a woman.

The woman, twenty-three or fourteen years old, was dressed in a long goose-yellow dress and was very beautiful.

The woman was coming here, heard the cry, followed the prestige, then glared at her, and walked towards the air.

"Fat fat man, are you a friend, did you say goodbye last time, why did you go? Won't you cheat the little girl again?"

The beautiful woman's beautiful eyes looked into the air, unhappy.

"Haha, Tingting, how could it be? With a beauty like you in front of me, how can other beauties get into my eyes? Last time I left, there was something to do, but no, I came back after finishing, hey! It's really not seen in a day, like every third autumn, you see, I'm all thin."

With that, he walked into his chest, and suddenly the fat fluttered like waves, which was spectacular.

"Humph, don't want to pat me off, your set is useless to me!"

The woman's small mouth rises, and then looks at Lu Ming and Xie Nianqing.

"Haha, Tingting, come, let me introduce you!"

Hang Jin laughed and said, "This is Ruan Tingting, my confidante!"

"Go, fat man, don't talk nonsense, I know you soon."

Ruan Tingting interrupted the air entry, and looked at Lu Ming and Xie Nianqing: "The two look handsome, are these fat friends? I advise the two, this dead fat man does not learn how to do it, eats lazily, and is obsessed. , Don't make two mistaken friends, and be damaged by this fat man."

"Hey, Tingting, how can you say that to me, we are friends anyway?"

Road into the air.

"Well, who made you so unreliable, say goodbye, and say goodbye next time, but don't say I don't recognize you as a friend."

Ruan Tingting sneered.

Seeing Kongjin fighting with Ruan Tingting, Lu Ming felt quite interesting and did not intervene.

"Yes, if you have such a beautiful friend, why would I not say goodbye? Haha, these two friends I know outside are called Lu Ming and Xie Nianqing. Have you ever heard of it?"

Airborne introduced Lu Ming and Xie Nianqing.

"Have not heard!"

Ruan Tingting shook his head.

Lu Ming moved, it seems that the Tianji Chamber of Commerce has not updated the Qianjiao list. With the battle of luck near, most people's eyes are on the top Tianjiao rankings in the Qianjiao list. There are not many people.

But this is fine, too many people are concerned, it is not a good thing.

Chapter 756: Feng Jianzong

"Girl Ruan!"

Lu Ming nodded to Ruan Tingting and said hello.

"Tingting, I first arrived with two friends. There is no place to live. See if you can go to your Fengjianzong for a while?"

He stared blankly at Ruan Tingting.

"Isn't there an inn?" Ruan Tingting said.

"There are inns, but cultivation is inconvenient. Where is the comfort of your stay? My two friends are geniuses. At ordinary times, we can also discuss martial arts, not better."

Kong Jin looked at Ruan Tingting expectantly.

Lu Ming despised it, this fat man definitely wanted to take the opportunity to get close to Ruan Tingting, and wanted to get a moon near the water tower.

"I said fat, Xiaoqing and her sister..."

Lu Ming opened his mouth deliberately and lengthened his voice.

"Ah, cough, what Xiaoqing her sister, don't know, Tingting, how about my proposal just now?"

Airborne instantly changed the subject.

Ruan Tingting pondered for a while, and said, "Well, my other courtyard is quite big, plus the three of you, it's okay, but fat, you can't make trouble."

Overjoyed in the air, immediately vowed to the sky that he would not.

Lu Ming shook his head, this fat man, really strange.

But there is a place to live, it is better than staying in an inn, Lu Ming will not refuse.

Immediately, Lu Ming and others followed Ruan Tingting out of Juhao City and flew west of Juhao City.

More than 10,000 miles away, there is a mountain range, and the aura is stronger than Juhao City. Above it, the builders have palaces and courtyards.

Here is the school where Ruan Tingting is located, Feng Jianzong.

The Wind Sword Sect, in Kowloon City, is just a small force. Within the Sect, there are no more than ten warriors in the Linghai Realm. The highest cultivation level is the Linghai Triple.

Such strength, if it is in the Tianxuan domain, it is absolutely unmatched, but in the Kowloon City, it is a real small force.

But listening to Ruan Tingting's introduction, Feng Jianzong is a good one among the dozen forces around Juhao City, which can be ranked in the forefront.

Ruan Tingting took it, and the disciples of Feng Jianzong Shoushan did not stop them. They entered Feng Jianzong and came to the other courtyard where Ruan Tingting lived.

There are five rooms in Ruan Tingting's Beyond, and it is convenient to live with a few people.

"Fat man, Brother Lu, girl Xie, you will live here in the future, but you should not go around in Feng Jianzong, there are some forbidden places, I dare not go, I was caught, but I will be punished."

Ruan Tingting said.

"Miss Ruan rest assured, we know this!"

Lu Ming smiled.

After that, Lu Ming and the three stayed here.

Jiulong City is too big, there are countless forces, and they are intricately intertwined.

In the next two days, Lu Ming also got a rough idea of the forces in this area.

In the central part of Kowloon City, the three dragon veins converge. It is the place where the Emperor and the Emperor and the high-rise of the Emperor Tianshen Palace live.

Around the six dragon veins, the six ancient families are dominated by countless forces.

And those cultivation holy places are basically above the nine dragon veins.

If you want to enter those holy places to practice, it is not so easy. You need to be recommended by the various branches of the palace, or recommended by the forces of Kowloon City to enter.

It seems that it is not so easy to enter those holy places to practice.

On the third day, a loud noise came from outside, and Lu Ming walked out of the room.

At the door of the other courtyard, a young man walked in with a big swing.

"Suluo, this is my other courtyard, what do you mean by breaking in, give me out immediately!"

Ruan Tingting stood in front of the youth, shouting.

"Your Beyond House? Don't forget, this is Feng Jianzong, you bring outsiders in without permission, can you be guilty?"

Su Luo coldly looked at Lu Ming and others.

"They are my friends. I let a few friends stay in my other hospital for a few days. It is reasonable and reasonable. Why do you guilty? Well, Suluo, you are guilty of breaking into my other hospital without my consent. , Now, hurry out to me!"

Ruan Tingting said.

"Well, a **** is a slut. She actually lives with a few men."

Su Luo said coldly.

"Nest, where are the wild dogs, screaming and shouting here, beware of your uncle tearing your mouth!"

Carrying a battle axe, Kongjin walked over and stared at Suluo with a bad look.

"Fat pig, what are you talking about? Looking for death!"

Su Luo's eyes were cold, and a strong breath rose, and he shone towards the air.

The breath of the peak king.

boom!

Ruan Tingting also had a strong breath. She was also the pinnacle king. She stepped across the block and stopped in front of him, blocking Suluo's breath.

In places like Kowloon City, it is not difficult to reach the peak king. As long as the talent is not bad, with the support of huge resources, reaching the peak king is basically not a problem.

Of course, most of them are ordinary peak kings, and they can't make a list of thousands of arrogance. Their combat power and potential are not enough.

"Ruan Tingting, do you want to fight me for a few outsiders?" Su Luo's face was somber.

"Get out!" Ruan Tingting sneered.

"Okay, okay, fat pigs, and you guys, it's best to be careful with me!"

Suluo glanced into the air, then Lu Ming and the others, snorted, turned around and backed out, seeming to be quite afraid of Ruan Tingting.

"Tingting, what are you doing blocking me? Let me tear the guy's stinky mouth!"

Kong Jin's eyes looked badly outside.

"Fat man, you don't have to brag. You don't learn and do nothing like you all day, and you want to beat Suluo. He is the pinnacle king, be careful to beat him into a dead fat pig."

"Also, Lu Ming, Xie Niang, if I am not here, you must not go around in the Wind Sword Sect. Su Luo's person is narrow-minded. If they are seen by you, I am afraid they will take action against you."

Ruan Tingting urged.

Looking at Ruan Tingting's serious expression, Lu Ming was speechless.

Are they so unbearable in her eyes that even a Su Luo can't deal with it?

It must be that the airborne impression in Ruan Tingting's mind is too bad.

"Tingting, why did that guy target you?" Kong Jin asked.

"He wanted to pursue me before, but was rejected by me, so he always targeted me later." Ruan Tingting said.

"Huh, just by his appearance, Toad really wants to eat swan meat, Tingting, your wishful prince, how can it be such an unpretentious, heroic hero like this uncle?"

Kongjin patted his chest, looking proud.

"shameless!"

Ruan Tingting stared into the air, and then said to Lu Ming and others: "I have something to go out, you must not go around Feng Jianzong!"

Once again, Ruan Tingting ran out.

"I said fat man, haven't you shown any practice before Tingting girl?"

Lu Ming asked curiously.

"No, my original idea was to subdue her with my handsome and uninhibited appearance, how about it? Do you think I have a play?"

Kong Jin stared at his small eyes, looking at Landing Ming and Xie Nianqing with hope.

"shameless!"

Xie Nianqing left a sentence and turned back to the room to practice.

"You still use Xiu to conquer her!"

Lu Ming patted Kong Jin's shoulder and turned and walked into the room.

"Hey, what do you mean? It's clear!" Ko Jin shouted.

Chapter 757: Level 6 Ming Master

Time passed, and two days passed.

In the room, Lu Ming sat cross-legged, his eyebrows filled with blue flames, and he kept beating.

"Break me!"

Lu Ming whispered and vigorously operated the Meditation Idea.

I saw that the blue flame jumped for a while, then contracted sharply, disappeared and disappeared. After a while, his brow suddenly had another flame, and the blue flame diffused out.

The blue spirit fire, representing Lu Ming's way of refining, has entered six levels.

"Six-level Ming Master!"

A smile flickered at the corner of Lu Ming's mouth. Through inner vision, there was a spiritual lamp in his knowledge of the sea, shining with blue spiritual fire, gorgeous and beautiful.

Lu Ming's way of cultivating has long reached the limit of level 5, after this period of cultivation, he finally broke through and reached level 6.

Level 6 Ming Lian Master, equivalent to Linghai Realm.

"Now, you can see the seal left by the Master."

Lu Ming manipulated the spirit fire, and left toward the seal left by Lian Cang.

Very easily, the seal left by Lian Cang was opened.

At the 5th level, the way of Ming Lian can't be opened, but when it reaches the 6th level, it is easily opened.

Inside, there are all the experiences of the six-level Ming Lian master left by Lian Cang.

Lu Mingru, as a treasure, began to comprehend and cultivate.

Two days later.

"Fat, Lu Ming, Xie Niang, how many days do you live here, I have something to do, how many days do I have to go out?"

Ruan Tingting said to Lu Ming three people.

"Tingting, what are you going to do for a few days?" Kong Jin asked.

"It's nothing too much? It takes a few days for me to complete a mission posted by the martial arts!"

Ruan Tingting said.

"Do the task? Bring me, Lu Ming, do you want to go?"

Airborne looked at Lu Mingdao.

"Okay!"

Lu Ming nodded. It has been several days since he came here. Lu Ming just wanted to go out and learn more.

"Do you want to go together? I told you that this task is dangerous!" Ruan Tingting said.

"There is danger, then we are going to go, Tingting, rest assured, I will protect you."

Airborne seized the opportunity to offer diligence.

Ruan Tingting pondered for a while, and said, "You can go as long as you want, but don't run around, but follow me."

"Okay, okay, no problem, I must follow you!"

Airborne immediately agreed.

Lu Ming and Xie Nianqing did not say much, followed Ruan Tingting out of Feng Jianzong, and came outside the city of Juhao City.

This time, the main task was to hunt a monster of the fifth-level peak, the black ghost poisonous scorpion, located in a dark swamp more than 300,000 miles away from Juhao City.

According to Ruan Tingting, the dark swamp, covered with highly toxic substances, was very dangerous, so she called some friends to go together.

Some of her friends are not from Feng Jianzong, but from other forces.

Outside Juhao City, Lu Ming saw two other young people, one male and one female.

A woman, she looks very beautiful, and her age is similar to that of Ruan Tingting. The man is also quite handsome.

According to Ruan Tingting, Lu Ming knew that the woman's name was Qiao Xuan, and he was a disciple of Haizong Zong, another sect near Juhao City.

The man, named Shi Kai, is also a disciple of the Shi family, one of the forces of Juhao City.

"Tingting, who are they?"

Qiao Xuan looked curiously at Lu Ming, Xie Nianqing, and Hejin.

"Haha, hello beautiful, my name is Kongjin!" Kongjin took the lead in saying hello, a pair of small eyes swept up and down on Qiao Xuan's body, and he shining his eyes.

"This fat man, be with you!"

Xie Nianqing whispered in Lu Ming's ear.

Lu Ming immediately grimaced.

Injustice, Tianda's injustice, when did he squint like an air in, when he saw a beautiful woman, he stared straight at him?

"Humph!"

Ruan Tingting stared into the air, ignored him, and introduced to Qiao Xuan: "This one is Lu Ming, and there is the girl Xie Nianqing."

"Lu Ming?"

Qiao Xuan suddenly squinted.

"Xuan Xuan, do you know Lu Ming?"

Ruan Tingting asked.

"I don't know, but the name is familiar, as if I heard it some time ago."

Qiao Xuan frowned slightly.

"It's about the same name and the same surname. There are many people with the same name and surname in the world!" Ruan Tingting said, not caring.

Qiao Xuan glanced at Lu Ming and nodded, then the group flew in the direction of the dark swamp.

More than 300,000 miles, not long, everyone arrived.

In front, is the dark swamp.

"Wait carefully, don't lose it."

Ruan Tingting reassured again.

Lu Ming smiled bitterly. The girl's heart was quite good, but it seemed too naive to look at it.

The three Lu Ming naturally nodded.

Immediately, the crowd flew in with 'carefulness'.

Soon after flying in, there were a lot of poisonous insects coming to the crowd, but the level was not high, and Ruan Tingting was easily killed by several people.

Qiao Xuan, Shi Kai, and Xiu Wei are all at the peak of the king, quite powerful.

The dark swamp is large, and the people have traveled tens of thousands of miles.

"The place where the **** poisonous scorpion is coming is coming, we are careful!"

Ruan Tingting said, everyone converged and moved on, a few hundred miles later.

"That's the **** poison scorpion, kill!"

In a swamp, a huge black poisonous scorpion was found, covered in black, made of steel.

This is the goal of their trip, **** poison scorpion.

Ruan Tingting sipped, and immediately slayed towards the nigger, the blue sword light, crystal clear, and enveloped towards the **** poison scorpion.

Sisi...

The **** poisonous scorpion made a scream, and its black tail, like a black lightning, pierced towards Ruan Tingting.

when! when!

Several sounds of intersecting gold and iron came out, the blue sword light collapsed, and Ruan Tingting's figure could not help but retreat.

"Go together!"

Qiao Xuanjiao drank and rushed up with Shi Kai.

Qiao Xuan used a soft whip and Shi Kai used a big hammer. The two teamed up with Ruan Tingting and continually bombarded the niggas.

Although the **** poisonous scorpion is strong, it is still invincible in the face of the joint of three warriors of the same level. Soon, the black carapace on his body was cut by Ruan Tingting's long sword, and black blood oozed out.

During this process, Lu Ming and the three have not intervened.

Sisi...

Seeing no match, the **** poisonous scorpion turned and ran, running wildly in the swamp.

"chase!"

Ruan Tingting and the three of them chased towards the **** poison scorpion.

"Let's go and see too!"

Lu Ming said, the three followed.

After chasing and escaping, he ran thousands of miles in a blink of an eye.

bump!

Just when the **** poisonous scorpion fled to a mound, the mound suddenly filled the light of the apotheosis, forming a war sword, and the **** poisonous scorpion chopped off and split in half in the air.

"what happened?"

Ruan Tingting was shocked and stopped.

"Formation? Interesting!"

Lu Ming whispered.

Chapter 758: Treasure, Miao Family

"Tingting, there seems to be a formation here."

Qiao Xuan looked at the mound carefully and frowned.

"How can there be a formation here? Is it a predecessor's cave?"

Shi Kai's eyes lit up.

Ruan Tingting collected the body of the black ghost poisonous scorpion in the storage ring, and also looked at it, saying: "This mound looks like it has been covered with weeds for some time. This is a cave mansion left by a predecessor? What remains?"

"possible!"

Qiao Xuan and Shi Kai's eyes lit up.

In Jiulong City, it is not known in history how many strong men were born. Some strong men have no successors. After death, they will leave caves, ruins, etc. If someone encounters it, it is a great chance.

Now, have they encountered such a chance.

Several people were ecstatic.

"How can this formation be broken? If we inform the elders of Zongmen, then we will lose our share."

Ruan Tingting frowned.

"This formation is quite powerful. The **** poison scorpion was just killed at once. I just learned a few ingenious ways a little, and I couldn't break it."

Qiao Xuan sighed.

You look at me three people, I look at you, can only hurry.

The chances that were finally met, are they really going to be handed over to the elder Zongmen? They are a little unwilling.

"I know some inscriptions, let me try it!"

Lu Ming smiled and stepped forward.

"Lu Ming, do you understand the way of refining?"

Ruan Tingting looked at Lu Ming with surprise.

"Well, understand!"

Lu Ming nodded, looked at the mound, and said: "The owner of this mound should be a sixth-level inscription master, and the formation under the formation is a six-level formation."

"Six-level array? How do you break it..."

Ruan Tingting spoke, but before he finished, he stopped, and then his eyes widened.

I saw that Lu Ming's fingertips were waving in the air. In an instant, dense inscriptions appeared in the air, constantly flying towards the mound.

"So fast?"

Ruan Tingting and Qiao Xuan were stunned. Lu Ming inscribed the inscription at a speed that was too fast.

Hundreds and thousands of inscriptions appeared in the wave of hands.

Buzz!

On the mound, the light was dazzling, and the mysterious inscription appeared.

Rumble!

At the next moment, the mound actually cracked, split in half, revealing a dark channel.

"opened?"

Ruan Tingting several people, stunned, half a bang, before reacting.

"Lu Ming, I didn't expect that your way of cultivating was so advanced, and it was still hiding from us before."

Ruan Tingting blinked his eyes in amazement.

"Ah, ah, **** it, got robbed by Lu Ming, **** it!"

The fat man walked into the air, howling and uneasy in his heart.

"Let's go in!"

Lu Ming smiled.

"Okay, let's hurry in!"

A group of six people walked toward the cracked passage of the mound.

The passage is very long. After a few kilometers, the front is suddenly bright and a fairly spacious underground space appears.

This is an underground chamber, which should be artificially excavated and has a large area.

In the middle of the Chamber of Secrets, sitting cross-legged with a skeleton, there is a space ring on the skeleton's finger.

"It's really a predecessor's cave, this predecessor should have fallen for many years."

Ruan Tingting's eyes glowed.

Qiao Xuan and Shi Kai are also shining in their eyes, a Linghai Realm capable of laying a six-level array, and how many treasures should be left in the storage ring left? For the pinnacle king like them, the temptation is huge.

"Six of us, evenly? How about it?"

Qiao Xuan proposed.

"Equal share? If Lu Ming didn't open the formation this time, we wouldn't get it at all. I think Lu Ming should have more points."

Ruan Tingting said.

"Well, this is also true!" Qiao Xuan nodded.

"Lu Ming has more points, I have no opinion, but the fat man and the girl didn't make any effort to share with us, I'm afraid it's not good!"

Shi Kai's eyes flashed.

"Hey, kid, what do you mean by this, and look down on this uncle." Kong Jin suddenly felt uncomfortable.

"Hey, hey, you don't have to fight, everything inside is ours."

At this moment, a sneer came and two old men in green robes walked in through the passage.

Ruan Tingting, Qiao Xuan, and Shi Kai all changed their faces suddenly.

Especially when they looked at the clothes of the two old men, their faces became even more ugly.

"Miao family, you are from the Miao family."

Qiao Xuan exclaimed.

"Hey, yes, we are the people of the Miao family. In fact, we have long discovered this cave house, but the formation outside is quite tricky. During this time, we have been trying to find a way. Cracked, haha, really help us!"

One of the old men laughed.

"Two people, there is no justification. You said that you discovered it first, and no one knows, but this cave house is opened by us. This is a fact. According to the Tao, the treasures inside will belong to us!"

Shi Kai argued.

"To you, hey, kid, you really say it!"

An old man sneered, with a cold smile in his eyes, and the breath of his body also filled out, horror, powerful, and mighty.

"Linghai Realm is Linghai Realm!"

Shi Kai exclaimed, his face pale, while Ruan Tingting and Qiao Xuan also paled.

"Senior, since you first discovered this place, it should belong to you. Let's leave immediately, let's go!"

Ruan Tingting was quite decisive. Seeing the situation was wrong, he immediately gave up.

"Go? Hey, where are you going?"

One of the old men's footsteps blocked the passageway.

Another old man's eyes swept over Xie Nianqing, Qiao Xuan, and Ruan Tingting. His eyes were extremely fierce and sneered: "Our luck is so good today. There are three such beautiful little girls. , Hey, you stay, wait for the old man and two!"

"Well, how about the chick who belongs to me and the other two to you?"

The old man who blocked the passage pointed Xie Nianqing with fiery eyes.

"You really will."

Another old man pouted.

And Ruan Tingting, Qiao Xuan's face, already pale without any blood.

"Two seniors, my father is the Sect Master of Haiyun, and I also asked the two seniors to let us go."

Qiao Xuan's face was white and trembling.

"It turned out to be the daughter of Sect Master Haiyun, haha, that's more fun to play with!"

An old man laughed without fear.

Ruan Tingting and others showed despair.

The Miao family is not a force near Juhao City. The Miao family is located above the Dragon Vessel and is qualified to establish forces on the Dragon Vein. It is not comparable to these forces near Juhao City. It is much stronger than these forces.

The Miao family did not take the power near Juhao City into consideration.

Chapter 759: First-hand suppression

"Lu Ming, this time, don't rob me, and Xie girl, calm, calm, I'll solve it!"

Suddenly, Jinjin voiced Lu Ming and Xie Nianqing.

"what?"

Lu Ming was shocked.

Xie Nianqing's eyes exuded a cold light, and it was also a moment's surprise.

At this moment, the air stepped in and stepped out, shouting, "I said, you two old guys, treat Uncle Ben as air? Here, weirdly, now, hurry to give some girls a kneel and admit their mistake, Uncle Ben can consider Falling lightly!"

This abrupt comment made Ruan Tingting, Qiao Xuan, and Shi Kai a little stunned.

"Fat pig, what are you talking about?"

An old man's face gloomy.

"Old man, is your ear deaf? I told you to kneel and admit your mistake!"

Kong Jin said with a cold face.

Lu Ming smiled slightly and didn't step forward. This fat man wanted to show off in front of the beauty, let him go.

Anyway, these two old Miao families, in Lu Ming's heart, were dead.

Xie Nianqing snorted, but did not shoot.

"Fat man, you... you are dead."

Ruan Tingting's face was white, and she walked to Kongjin's side and whispered.

"Tingting, don't worry, no one can hurt you with me. These two old guys, Uncle Ben can suppress it with one hand!"

Kongjin straightened his waist bar and shouted.

He was telling the truth, the two old men, both of whom were the top performers of Linghai, he was confident and he could suppress it with one hand.

"It's over, it's over!"

Ruan Tingting, Qiao Xuan and others thought that the fat man was bragging and lamented that he must have finished playing today.

Even they have decided in their hearts that they would rather die than fall into the hands of the two old men.

"Fat pig, if you want a hero to save the beauty, you don't have to see if you have the ability, now I will hack you!"

An old man's face showed a cold smile, his figure moved as fast as a lightning bolt, and a hand clawed towards the fat man.

Fast, too fast, and the huge pressure spread out, pressing on Ruan Tingting and others, they only felt a heavy mountain on their bodies, and they could not even resist.

The ordinary peak king, compared with Linghai's one-peak peak power, is very different, and a slap can be a fan.

Ruan Tingting three people, desperate in their hearts, they found that in the hands of two old men, they may not even be able to commit suicide.

But at the next moment, their eyes suddenly widened.

I saw the fat man stretched out a hand and accurately grasped the old man's wrist.

Click!

At the next moment, the old man's wrist made the sound of a broken bone, and then, the old man's screaming was fierce.

"Dead fat pig, let me go!"

The old man roared, his body was filled with green real elements, and his whole body broke out, and the other palm threw into the air.

bump!

The air intake is very direct. When the arm is lifted, the old man's body is like a broken sack. It is thrown heavily on the ground. With a bang, the ground vibrates. The old man's body hit the ground out of a big pit. What mood does the body have? , Zhenyuan, disappeared without a trace.

bump!

Airborne was another flick.

The old man rammed the ground into a big pit, and even the secret room rumbling and shaking.

I saw that the old man was lying in the big pit, vomiting blood in his mouth, his body was like a pool of mud, and his eyes showed incredible and terrified colors.

Taking his spiritual cultivation at the peak of Linghai as an example, in the hands of air, there is no resistance.

Kong Jin said to suppress him with one hand, and suppress him with one hand.

"Demon, this is a demon!" the old man shouted.

Ruan Tingting, Qiao Xuan, and Shi Kai have been petrified, and their eyes widened, looking at the air-lifting of "straight posture", full of dementia.

Especially Tingting Ruan, she has known Airborne for some time. She has never seen Airborne in and out of her hands. She never dreamed that this delicious and lazy fat man was so terrifying.

The power of a spirit sea with its peak weight is as fragile as a baby in the air.

This is simply incredible, as if dreaming.

"Jiaoliang Liang, dare to speak to Tingting badly, to death!"

Skywalker straightened his chest hard, making himself look as mighty as possible.

"Cut, I will really pretend!"

Xie Nianqing despised.

Lu Ming touched his nose with a wry smile.

"Go, go quickly, bring the Miao masters to kill this fat man, I want them to die, all die!"

The muddy old man shouted.

The old man at the aisle suddenly reacted, turned and ran.

But the moment he turned around, he suddenly saw a figure standing at the entrance of the passageway, looking at him with a smile.

It was Lu Ming, but he did not know when Lu Ming appeared there.

"Boy, get away!"

Without much thought, he roared and drove towards the landing.

The terrifying truth and artistic conception condensed a sharp blade and slashed towards the landing.

He wanted to slash Lu Ming at the fastest speed, and then escaped. He must never be caught up by the fat man. The fat man was too scary.

He secretly vowed that as long as he escaped, he must bring the master of the Miao family, kill the fat man, and shovel that Haiyun Sect.

Then he saw Lu Ming stretched out a palm and slapped him towards him.

bump!

The light of the knife he sent out with all his strength fell like a tofu on Lu Ming's palm. When the palm was over, all his attacks, defenses, and bubbles turned into bubbles. Then, Lu Ming's palm fanned **** his face. .

Snapped!

The crisp sound rang, and the old man felt a whirl of the sky, his body flew away from the distance, fell in front of the air inlet, blood sputtered in his mouth, and his face was dumbfounded.

The old man, like a pool of mud, was also dumbfounded.

Ruan Tingting, Qiao Xuan, Shi Kai and others, their eyes almost burst out, and looked at Lu Ming with a stunned look, and then looked at the old man who was turned by a slap in the head, and rubbed his eyes vigorously, almost thinking himself Dreaming.

"Lu...Lu Ming!"

Ruan Tingting did not speak fluently.

They had no idea what to say.

First came in air, then Lu Ming.

The power of the two Linghai's peaks, in their hands, is simply rubbish, dolls, without the slightest resistance.

Birds of a feather flock together.

They thought of this sentence.

That fat man is so strong, how can Lu Ming be weak? And Xie Nianqing.

They looked at Xie Nianqing, whose face was still scornful, and he was speechless.

Who are these people? Is it the top person in the Qianjiao list?

"Lu Ming, are you robbing me again?" Airborne glared at Lu Ming.

"Aren't I afraid he ran away?"

Lu Ming smiled bitterly.

"Huh, with my shot, where did he run, solve these two rubbish, minutes of things, well, Tingting, how to solve them now?"

Kong Jin looked at Ruan Tingting.

"Kill, you must kill, otherwise the Miao family will not let us go after they go back!"

Before Ruan Tingting spoke, Qiao Xuan said, quite decisively.

Chapter 760: Baizun Mountain

"No, no, I beg you, forgive us. After we go back, we promise that we won't say a word. Today's things shouldn't happen, just forget it."

"Yes, yes, just forget it!"

The two Miao elders shouted.

"Unfortunately, I don't believe you!"

Ruan Tingting was cold, and the bright sword light poured out. The two poor old Miaos, who had nothing but strength, were dispelled by Lu Ming and Kong Jin. They were completely without resistance, and were penetrated by Jian Guangdong.

Taking a deep breath, Ruan Tingting's eyes turned around Lu Ming's body, and then fell into Kongjin, saying: "Fat, I'm so bitter to hide, obviously so strong, but don't tell me!"

"Tingting, didn't you not ask me?" Kong Jin smiled.

"This time, thanks to you, otherwise, we would be in danger, so, the storage rings here belong to you, we don't want it at all!"

Qiao Xuan said.

"Should be so!"

Ruan Tingting nodded.

Although Shi Kai was a little reluctant, this time it was indeed thanks to Lu Ming and Kong Jin that he did not split into this face.

"This is where everyone finds it together, so split it!"

Lu Ming stepped forward, unknowingly devouring the blood of the two old men.

Two warriors with a heavy weight in Linghai, and that skeleton, Lu Ming estimated that he did not exceed Linghai's triple at most during his lifetime. Lu Ming's current state is not too tempting, so he proposed to divide it equally.

Qiao Xuan, Shi Kai, and several of them are ground snakes. Although the cultivation is not strong, it may be useful to have a good relationship.

"Well, Lu Ming is right, just share it, you count it!"

Suddenly sucking into the air, he attracted several storage rings to his hand and gave it to Ruan Tingting.

"Thank you Air Brother, Brother Lu!"

Shi Kai immediately expressed gratitude, and his face showed a happy look.

In this way, Ruan Tingting and Qiao Xuan did not resign, and they began to count up. In the end, the six people were evenly divided.

"The task has been completed, then let's go back first. Thank you very much this time. After two days, I will be the host. Please have a good meal!"

Ruan Tingting laughed.

Qiao Xuan and Shi Kai are also happy, this time, they are making a big profit.

They went out of the underground chamber, and it was all right. Soon, they returned to Juhao City.

Qiao Xuan and Shi Kai first left and returned to their respective forces. Lu Ming and Ruan Tingting returned to the other courtyard.

After returning to the other courtyard, Ruan Tingting left first, she was going to hand over the task of **** and poison scorpion.

Ruan Tingting finished the task at the mission hall, but was ready to go back, but was blocked by a figure.

"Ye Qing, is something wrong?"

Ruan Tingting's eyes fell, looking at the figure blocking her.

It was a woman who was standing in front of her. It was okay to be long, but the mean eyes were ruining the beauty.

"Ruan Tingting, my dad is looking for you, go to the meeting hall!"

Ye Qing coldly said.

"Sect Master looking for me?" Ruan Tingting frowned.

Ye Qing's father is the master of Feng Jianzong.

Whether it is talent or beauty, Ruan Tingting is above Ye Qing. In the past, Ye Qing had been jealous of Ruan Tingting and found her troubles every time. The relationship between them was very poor.

"Go!"

Ye Qing turned and walked out, the sneer in the corner of his mouth was thicker, and there was a faint smile.

Ruan Tingting frowned, she had a bad hunch, but the suzerain wanted to find her, she had to go.

It didn't take long for Ruan Tingting and Ye Qing to come to Feng Jianzong's hall of deliberation.

The deliberative hall, not only Ye Fa, the Sovereign of the Wind Sword Sect, but also the elders with the most powerful power of the Sword Sect, are powerful men above the Linghai Realm.

"Sulu!"

Ruan Tingting saw Suluo behind an elder.

Suluo's father is an elder.

At this time, Su Luo looked at her, his eyes cold.

I don't know why, Ruan Tingting has a bad hunch in her heart.

"Disciples meet the Sect Master and the elders!"

Ruan Tingting bowed and saluted.

"Free gift!"

Ye Fa, the Sovereign of the Wind Sword, smiled slightly.

"Thank you Gongzhu!" Ruan Tingting said.

"Well, Tingting, your Ruan family has been favored by Fengjianzong for generations, and Fengjianzong has also nurtured you. Now there is one thing that is related to the rise and fall of Fengjianzong. It needs you to do it. You will not refrain?"

Ye Fadao.

Ruan Tingting groaned in her heart, knowing that she was about to get to the point, and said: "Sect Master, please say that as long as Tingting can do it, he will do everything he can!"

"Tingting, you should know Baizun Mountain?" Ye Fadao said.

"Bai Zun Mountain? Has it already opened?"

Ruan Tingting was startled.

"Bai Zun Mountain, but an extremely mysterious cultivation holy place. According to legend, in the 100 Zun Mountain, there are marks left by more than one hundred spirit gods, even inheritance. Usually, it is not opened at all, and there is only a battle of luck. It will only be opened before, and the geniuses of the big family can naturally enter at will, but I have a fixed quota for such small forces."

"This time, around Juhao City, Juxing City, Jufeng City, and around the three cities, there are a total of thirty-six forces, only a total of thirty places, and only the six strongest forces are eligible to be allocated to places. So, after ten days, thirty-six forces will send the strongest to compete for the first six seats!"

Ye Fa explained.

"Sovereign, this kind of contention is definitely the strong man of the Linghai Realm. Let me cultivate a low profile. Where can I help?"

Ruan Tingting puzzled.

"Yes, naturally, the strong man in the Linghai realm will play, and my ancestor of Fengjianzong will also go out of the war, but with the strength of my Fengjianzong, I can't enter the top six at all. To enter the top six!"

"This opportunity must not be missed. At that time, Feng Jianzong will be able to enter a few geniuses and rise in the future."

Ye Fadao.

Ruan Tingting remained silent, and she still did not know what she needed to do.

"Tingting, let me tell you the truth. Qingheshan, two seniors, fancy you. As long as you promise to marry them, they will help me Fengjianzong. Then, Fengfengzong will seize the first six. Most likely!"

After Ye Fa finished speaking, he stared at Ruan Tingting.

Rumble!

Thunder burst into Ruan Tingting's mind.

After talking for a long time, Ye Fa's true purpose was finally revealed, and he was asked to marry Qingheshan Shuangguai.

Qinghe Shuangguai, they are two old monsters who have lived for more than a thousand years. They have a strange temper, and they are famous in Juhao City. Ye Fa actually wants to use her as a condition to marry two old monsters. In exchange for their shot.

Yes, it is to marry two old monsters at the same time.

Ruan Tingting never expected that such a thing would happen.

"I disagree!"

Ruan Tingting clenched his fists tightly, took a deep breath, and looked at Ye Fa firmly.

Ye Fa frowned, as did several other elders.

"Tingting, you need to know how important this opportunity is for Feng Jianzong, and the two predecessors of Qinghe Mountain, one is Linghai Sizhong's cultivation, and the other is Linghai Sanzhong's peak. With their help, we If you can win the top six seats, even the sixth place, you can have three places. This is related to the rise and fall of Feng Jianzong!"

Ye Fa said aggravatedly.
