

D. Hero 71

The Domestic Hero - Chapter 71

track?

My dad and dad were both stunned. Under Ji Wei, my mom hurriedly explained: “Director Guo, you misunderstood. I, we are here to buy a house.”

“Buy a house, hum.” Guo Youde looked around and sneered sullenly. “Even if you find an excuse, you have to find a more reliable excuse. The cheapest house here also costs four or five million. Can you afford it? “

Although Guo Youde is as fat as a pig, it does not mean that his IQ is also like a pig. In fact, I can stay in the position of factory director for more than ten years. He has also experienced strong winds and waves.

In just a few seconds, he calmed down from the horror and thought about the countermeasures. In his view, the situation is already obvious. The Wang Jianming and his wife must have known them in advance on the laid-off list. So they tried their best to secretly track themselves in an attempt to grab their handle.

It's simply abominable, insidious, and rogue.

They grasp their own handle, nothing more than two demands. First, strive for more buy-out money. Second, do not want to be laid off, or even want to change to a better job.

For Guo Youde, these two demands are nothing more than lip service. But he is very aware of the old traitor. Once he is easily threatened by them and tastes the sweetness, he will suffer endlessly.

To deal with such rogues who can't squeeze out three or two oils, they can only give them a ruth. They were afraid of the extreme, and then lost some sweetness, so they would kneel and lick like a dog.

I have to admit that Guo Youde's routines are sometimes very easy to use. He has solved the crisis for him several times.

Originally, the mother was still a bit guilty of Guo Youde, but as soon as he was ridiculed, he remembered that his family is now different than before. Why is he so low-eyed that he has a face with a poor ghost rolling away?

"Director Guo, why do you think our family can't afford the house here?" Mom said blushing, "Our family is here to buy a house."

"Buy a house? Hey, it seems that both of you husband and wife don't see the coffin and weep." Guo Youde yelled, the fat on his face shook, picked up the phone and dialed a number, "Lao Ma, bring Several security guards came. "

"Director Guo, what do you want to do?" The mother was angry. "You are used to being overbearing in the factory, do you think this villa area was opened by your house?"

"Wife, let's go." The old man pulled her sleeve and whispered.

"Why do you go?" As soon as my mother's temper got up, she jumped up. "I don't believe it anymore. There is no Wang Fa in this world. The surnamed Guo, do you dare to let those security guards touch us, the old lady and you Endless. "

"Oh." Guo Youde smiled, "You just want to go, do you think you can go?"

While speaking, a middle-aged man in a suit and leather shoes hurried to the house with several security guards breathlessly, nodded and said, "Secretary Guo, what happened?"

Guo Youde also served as the party secretary of the unit. Outside, he prefers others to call him the secretary, and he appears taller.

"Old horse, the security of your luxurious villa area is too ridiculous." Guo Youde asked the glasses frame and scolded with a solemn face, "How come all the cats and dogs are put in?"

Lao Ma squinted at Wang Yan's parents, and when they looked at their dress and temperament, they knew that they should be ordinary working people. Immediately his face yelled: "Who are you, do you know that this is a community free from idlers?"

It's been a long time since sales have been done, and it is natural for Lao Ma to see people and see things. Maybe there will be some people who are powerful, powerful, and rich, who like to be low-key, dress simple and restrained.

But that kind of person, because of being in the state of being held and respected for a long time, being respected and favored, usually has a strong psychological advantage. Even if you dress low-key, some basic tastes and confidence between eyebrows are hard to hide.

The couple, dressed in ordinary clothes, had a yellow complexion, rough skin, and premature gray hair. A pair of hands is obviously used to work, and it is obviously a look of overwork.

More importantly, although the man protected his wife, the guilty heart between the eyebrows was revealed.

And the woman, despite her eyebrows and erect eyes, looked angry. But the strength of this bluff reflects her inner self-confidence and lack of strength.

I have to admit that this old horse still has some skills to look at people. At a glance, I can see the fact that wearing Wang Yan's parents is at the bottom for a long time.

"What are you fierce? We are here to buy a house." Wang Yan's mother said uneasily.

"Director Ma, they did come to buy a house, and I was responsible for the reception." As a sales manager, Xiao Li cannot intervene in private disputes between customers. But in the face of interrogation from insiders, she naturally has an obligation to go up.

"Xiao Li, I think you are dizzy." Director Ma glared at her fiercely. "Any cat and dog are brought inside. Do you think this is a farmers' market? Come here and blow them out."

"Director Ma, you can't bombard my customers." Xiao Li was anxious and reached out to block Wang Yan's parents. "Their family has decided to buy a building king."

“The King of Returning Building, I think they can’t even afford a toilet.” Director Ma waved his hand, and several security guards rushed up like a wolf, and one of them grabbed Xiao Li.

The other few, rudely and arrogantly held Wang Yan’s parents.

“Let us go. The surnamed Guo, the old lady and you are endless.” Mom yelled angrily, “I’m sure you will know everything about the fox vibes you are outside.”

“My dear, that ***** scolded me for being a fox?” The voluptuous woman snuggled up against Guo Youde. “If people don’t follow, the Lun family really loves you.”

“Good. Baby, I must give you this bad breath. See how I clean them up.” Guo Youde turned back and smiled at the voluptuous woman, turned his head and showed a dignified look, the tone increased, “Old horse, I’m afraid things are not that simple. I heard that the Zhao Xiaoying couple bought a wedding room for their son, and they have been crazy about wanting money recently. This time, they used the name of buying a house and mixed into the villa area. I think they don’t have it. Pictured. “

In fact, there is no need for the woman to pick things up, and Guo Youde will not stop there. Without convincing the couple, looking back, the whole factory and outside the factory will tell him that Guo Youde bought the villa package **.

“Secretary Guo is right.” Lao Ma nodded his head and agreed with his waist. “Now there are already several families, so let’s move in first. I asked the security guards to catch them up and interrogate them carefully, and then look at which one. Lost something. “

Turn the black and white upside down and plant good people. Mother Wang Yan almost angered, and a spit of blood spurted out. Scolded and said: “Guo Youde, the old lady will not let you go when she is a ghost.”

“To be a ghost? Ha ha, you dare to fight against me. I have a way to make you impossible to do ghosts.” Guo Youde, the leader of a factory, who has always been used by the emperor of the soil, sneered. “Old horse, shut them up first, I will fight. The phone called the director of the Danghu Police Station. I want to see, where can you Xiao Xiaoying jump? “

“Director Ma, you can’t do this, they are my customers.” Xiao Li exclaimed to stop, but was slammed by the security guard. Screamed in exasperation, “This is going to happen.”

“What happened !? I’ll carry it if something happened.” Lao Ma obviously had a deep entanglement with Guo Youde’s interests, and shouted immediately. “If you don’t agree, let me fight first.”

“Asshole!”

All along, the honest father Wang Jianming broke out, and the blue muscles around his neck burst. Strenuously, he broke free of the two security guards who grabbed his arm.

He rushed up again and bumped the two security guards who were holding his wife.

Several security guards suffered a loss, and immediately became angry and rushed forward, punching and punching the father and mother. Dad roared, spread his arms to protect his mother under him, and let his fists hit him like a rainstorm.

“Yo, it’s quite affectionate.” Guo Youde’s eyes showed a hint of haze, and said sharply, “I won’t make your couple obedient, I won’t have a surname ...”

Suddenly, a swift wind-like silhouette swept through, blocking the last word back.

“boom!”

With a muffled sound, a security guard flew out for more than ten meters like a broken sack. “Boom” fell into the artificial lake.

“What fun ... art ~ ah!”

The foot of a security guard who had just kicked out was suddenly caught by someone.

I saw the man’s hands folded. “Click!”

One leg was severely broken.

The horrible screams screamed, and the ears stabbed with pain. Everyone stopped and looked at the person in shock.

Wang Yan's eyes were full of appalling scarlet colors. There was terrible anger on his face, and a smile of extreme anger hung on the corner of his mouth: "Okay, very good. Today, you all have to die!"

The voice, word by word, sounded like it blew in people's ears.

...

The Domestic Hero - Chapter 72

"Squeak ~" Little Ferret rushed like lightning and stepped on Wang Yan's shoulder, his eyes fiercely spreading his teeth and dancing claws.

Wang Yan threw the security guard with his broken leg on the ground and lifted up his parents. Tears burst into his scarlet eyes. He never imagined that he wanted to help a parent who had worked for most of his life to buy a house and coax them to be happy.

Instead, they were inexplicably beaten by a pass of humiliation.

Guilt in my heart is as painful as a knife cut.

"Xiao Yan, I, we are all right. You, you must not be impulsive." When my mother saw her son was coming, not only was she relieved, but she was so anxious that she collapsed all over the place. Silly things. "

"His ~"

The surrounding air suddenly dropped a few degrees. In order to speed up, Huangfu Nanlian who shed his high heels hurried to the scene with bare feet and supported his parents for Wang Yan. His voice was indifferent and cold: "Xiao Yan, your parents and I Come and take care of what you should do. Be careful, do n't kill yourself. "

“Thank you Sister Nanlian.” The words, as if squeezed from Wang Yan’s throat, were stiff and hoarse. Even when the rage and anger are full, he still misses the good of others.

Because the words of Huangfu Nanlian represent willingness to bear all the consequences with him.

“Squeaky ~” Little Ferret jumped into his mother’s arms, comforting her with cuteness.

Wang Yan saw that his parents were no big deal, only some skin injuries. Fortunately, he came over in time, otherwise ... he turned and stared at Guo Youde, and stepped forward step by step.

Guo Youde took two steps back in exasperation, and screamed inwardly, “You, what do you want to do? Do you know who I am? The security guard and the security guard took me.”

Director Ma brought a total of four security guards, one was bombarded in the lotus pond and was struggling to climb up. But he had barbed lotus roots, and he was screamed by the tangled plants.

Another security guard with a broken leg lay on the ground with a snot and tears, and wailed again and again.

It was so miserable that the remaining two security guards swallowed and dared not step forward.

“What are you still doing? Give it to me, take this kid, and each person will receive a bonus of 10,000 yuan.” Director Ma screamed loudly. “Dozens of our security brothers, even if this kid can fight again, don’t think of this door. . “

He picked up the intercom and quickly called for support.

The two security guards glanced at each other, and drew the rubber stick around their waists and swooped up. Most of the security guards recruited in this luxury villa area have the background of veterans. They are strong and strong, Kong Wu is powerful, good at catching and fighting. To deal with ordinary little bastards, one or two or three is not a problem.

Unfortunately, they met Wang Yan.

I didn’t see any posture by Wang Yan, so I pulled out two whips.

Both security guards flew a few times like hot wheels, fell to the ground, and wailed with pain in their arms.

For Wang Yan, this kind of hands-on security is of course abhorrent, but it's just a stupid dog. Everyone cut off one leg, enough punishment.

Later, a group of security guards who hurried to Hula saw that the scene was miserable, and they all stood still. How dare they provoke the brutal star killer?

Those later security guards, Wang Yan didn't bother to bother, and swept them coldly.

As for the culprit, how can it be forgiven! ?

"You, what are you doing?" Director Ma, Guo Youde, and the voluptuous women were all scared, and they stepped back and forth.

This guy is so scary, it doesn't look like a human being. Especially when his eyes fell on him, it was like he was being stared at by a fierce beast.

"Kneel!"

With Wang Yan a cold voice sounded.

Director Ma, the weakest of bones, couldn't help but his legs softened and he fell down on his knees. He didn't dare to obey, and his long-lasting fire eyes reminded him. If he dares to provoke his anger, I am afraid he will actually kill him.

"Boy, kid, I warn you ..." Guo Youde's round head was full of sweat, and he cried with a white face, "I have notified the director of the Guzhen police station ... Ah ~"

With a scream of sorrow.

Guo Youde was caught by Wang Yan and fell to his feet. His head dived into the artificial lake, and the pig-like cry stopped abruptly. Guo Youde's weight of more than two hundred pounds is almost nothing in his hands.

"Xiao Yan!" When the mother saw this, she looked sad and worried. She didn't worry about anything, only that her son was in trouble and ruined her future.

"Auntie, let him vent to retaliate." Nan Lian said comfortingly, "It will be fine." Then she picked up the phone and dialed a number.

...

After a few minutes.

In the first car of the municipal party committee.

Tian Hongda is leaning on the seat, closing his eyes and raising the gods. In the past year, when Secretary Ren took charge of the party, he has been busy. It seems that there are thousands of threads waiting for him to go along one by one.

Fortunately, Emperor Tian did not live up to his heart, he Tian Hongda has already established a firm foothold in this land. Several projects have achieved initial results, and even been supported by the province as a typical project.

In his forties, he became a star, and his political future seemed to be smooth.

Sun Wise, the secretary in the co-pilot position, whispered to the driver to let him drive more slowly. Secretary Tian has worked hard for more than a month for a project that can benefit one side and did not take a good rest.

Suddenly, the phone that Sun Zhizhi helped to shake vibrated and picked it up. The caller's name was Feng Lao (1).

Sun Zhizhi was excited, because he had been with Secretary Tian for almost a year, and was familiar with his habit of recording phone names. The smaller the latter number, the more important that person is.

Over time, Sun Zhizhi also figured out some famous halls. Generally speaking, the number 5 represents colleagues with similar status. The number is 4, which represents some senior leaders with ordinary relations. The number 3 is a group of leaders with close relationships and similar political ideas.

The number 2 is a big leader with a high level of recognition and a very prominent status.

The number 1, except for Secretary Tian Gao, is two or three. Every one here is a great person who has the kindness to know Secretary Tian.

Secretary Tian explained that if the phone was in his hand. If it is a number 1 call, let him answer the phone no matter what he is doing.

Calling number 1 is extremely rare.

So Sun Zhizhi gritted his teeth and awakened Tian Hongda to answer the phone.

Sure enough, as soon as he saw the name, he sat upright and said politely and respectfully: "Hello, Feng, yes, I am Oda. Yes, I am going to visit Mr. Wang's family. What? ! "

Tian Hongda's face changed suddenly, and he listened there for half a minute with a somber face. Speaking of the last, sweat oozed out on his forehead, and Tie Qing said with a trembling face: "Relax Feng Feng, I will rush to deal with this matter right now. Yes, Comrade Xiao Wang will never be aggrieved. Well, I understand. This matter will be taken seriously and Comrade Xiao Wang will give a satisfactory explanation. "

After he hung up the phone, there was already sweat on his head, and his voice was cold and angry: "Xiao Zhang, redirect to the villa area of the wetland protection area, and advance at the fastest speed."

"Secretary Tian, what's the matter? Don't worry." Sun Zhizhi felt very bad. He had followed Secretary Tian for almost a year. He had never seen Secretary Tian so angry and gaffe.

"Little Sun, I remember what the developer of the villa area was called Zheng?" Tian Hongda took out the veil and wiped the sweat on his forehead, his voice was cold and angry.

“Yes, it’s Zheng Tiesheng.” Sun Zhizhi swallowed and foretold that this matter was not too small.

“Call him immediately and let him arrive at the villa area within 20 minutes.” Tian Hongda’s voice was cold and angry. “One minute later, let him not see me in his life.”

The sky is falling! Sun Zhizhi was so scared that he started calling in a hurry. Oh my god, what the **** is going on? Even Secretary Tian, who has always had a steady personality, has such a big temper?

“Hello, is Mr. Wu from the Municipal Public Security Bureau? I am Tian Hongda, please rush to the wetland park villa area within 20 minutes, I will take you one minute later to ask.”

The No. 1 car changed its usual low-key, introverted and uniform speed, and rushed out with a loud bang.

...

The Domestic Hero - Chapter 73

“Pap!” “Pap!” “Pap!”

Guo Youde, Director Ma, and the enchanting woman. The three of them were all wet, and obviously had been punished by flooding. The two men are better, just a little embarrassed. The heavy makeup on the woman’s face was all spent, and the red and purple pieces were unsightly to the extreme.

The three men knelt face to face in a circle and played the game of palms and palms together. Anyone who behaves differently from the other two will have to be slapped in the face.

In order to prevent them from favoritism, it is also stipulated that if the three of them show palms or palms at the same time, they will be slapped once in a row.

“Squeaky ~” Little ferret carrying two small paws, screaming while walking in a figure of eight. Whoever dare to fan lightly, jumped and scratched his paws, making them bloody, and as a result, the three men beat each other heavier and heavier.

At this moment, all three people were already swollen like pig heads. They were too afraid to stop, because Wang Yan said, whoever dared not execute the order, he suffocated people into the water and suffocated.

Looking at his scarlet eyes, his face full of anger, no one would think he was joking. Their only savior now is Director Liu of the Guzhen Police Station.

“Snapped!”

Guo Youde was slapped by a voluptuous woman with a slap in her eyes, and she was thinking about it violently. When Director Liu arrived with the police, did you dare to be arrogant? The sin suffered today must be recovered from him a hundred times and a thousand times.

Looking back, he slapped another hard face to Director Ma.

The minutes and seconds passed, and every minute seemed to the three people as long as a year.

As they became more and more desperate, the security guards who watched but did not dare to step forward suddenly had a commotion and gave way to each other. A middle-aged policeman wearing a black uniform hurried to the police with several policemen.

“Liu, Director Liu.” Guo Youde, who had several teeth cut out, saw the middle-aged policeman who saw the life-saving Guanyin Bodhisattva. He stood up and rolled, tears and snot ready to pounce.

“Snapped!”

Before he had time to go, Wang Yan kicked the floor and said coldly: “I let you kneel, are you still daring to get up?” Immediately carrying him, he went directly to the lotus pond.

“Help, let’s kill someone.” When the police came, Guo Youde’s courage suddenly grew a lot, screaming desperately, “Director Liu saves me, I’m Lao Guo, save me ... Um ~”

The next second, his head was already in the water.

When Director Ma saw the woman, he was so excited that he would dare to get up and continue to kneel honestly. It's just that there are fewer people, and they don't have to slapp.

When Director Liu saw the scene so miserable, he took a breath. Thinking of receiving the call from Director Wu halfway down, I suppressed all the anger in my disregarded heart, pulled out a smiley face, and stepped forward to say, "This little brother, we have something to say, let's put people first Carry it up. "

At the same time, he saw Wang Yan holding Guo Youde's feet with one hand. The relaxed look was really shocked. Straight in the heart, Lao Guo, Lao Guo, what's wrong with your mother?

This kid is not an ordinary person at a glance, and it can make Director Wu growl on the phone and absolutely can't move him half a hair, obviously the background is also deep and terrible.

Even if your mother doesn't open your eyes, I'll pull Lao Tzu into it.

"Why, you and Mr. Guo are in the same group?" After the vent, Wang Yan's impulsive anger also calmed down a lot, and he recovered some sense.

"How is it possible?" Director Liu hastily and sternly said, "I am a policeman, I have to perform official duties? Brother, I don't care what happened before, but I still ask you to carry him up. The lesson comes from the lesson, it's out of human nature It's different. "

"Humph!"

Wang Yan listened to him and was polite, deliberately reasoning, and understood that he obviously knew something. Otherwise, from the tone disclosed by Guo Youde before, it can be concluded that this so-called policeman is absolutely at odds with him.

"Xiao Yan, take the man up first, is it not cheap to suffocate him." At this time, Nan Lian said again, "This matter will not be so forgotten."

Wang Nan still respected Nan Lian's words. Just mention it, pick up Guo Youde and fall to the ground like a dead dog.

“You are the director of the police station?” Nan Lian glanced at him indifferently. “You obviously understand that your attitude is not something you can intervene in when you look at it. When will your leaders come?”

Director Liu was agitated by a chill, and hurriedly said, “We, Director Wu, will be here soon, which is estimated to be a few minutes.”

While talking, there was a group of people hurrying and hurrying over not far away.

Walking quickly at the forefront, Tian Hongda, with a gloomy face and a sullen look. I saw him striding through the security group with a large stride, his eyes swept around, and finally fell on Wang Yan.

A kind smile was piled on his face, and he took the initiative to reach out: “Comrade Xiao Wang, I did not do well at work and made you wronged.”

His secretary Sun Wise, swiftly smoked to the edge of Wang Yan, and whispered to remind: “Brother Wang, this is Secretary Tian of our municipal party committee.” After a pause, he saw that Wang Yan continued to be expressionless and suddenly understood. The face of the secretary does not work. Quickly added a sentence, “Feng Lao called Secretary Tian.”

Feng Lao came out, and Wang Yan knew that Secretary Tian was his own. His face soothed, and He Tian Hongda shook his hand and said: “Secretary Tian is good, because the boy is ignorant, something has happened and Secretary Tian has been affected.”

“Where and where, it is my Laotian who is under strict governance.” Secretary Tian turned to Wang Yan’s parents and walked up with a guilty face, and took the initiative to apologize. You can rest assured that I will definitely find out about this matter and give you two a satisfactory account. “

In a word, it was very sonorous and powerful, and meant to be determined.

Sun Zhixing aside secretly, that old Guo was afraid that he was about to finish playing, and Secretary Tian was really angry.

Wang Yan ’s mother and father were also really fooled. I was a little worried before, if my son made things so fierce, would he destroy his future? Although Nanlian promised to be fine, she was still a little uneasy after all.

But he never expected that the secretary of the municipal party committee, who is a parent official, would be in such a short time. He also apologized to them, saying they would check it out.

This made them grateful to Secretary Tian for justice while being in the clouds.

“Comrade Xiaowang, let me deal with the next thing? I promise to give you a satisfactory answer.” Tian Hongda’s face was very serious, but the tone of discussion with Wang Yan was undoubtedly revealed.

Since Wang Yan knew that Tian Hongda was his own, and knew that he would never protect Guo Youde, he would not object, and nodded and said, “I believe Secretary Tian will deal with it impartially.”

“Who will explain some specific circumstances to me?” Tian Hongda shouldered his hand and said aloud, “I am Tian Hongda, and I will guarantee that the wicked will not hurt you.”

“Secretary Tian, I am old Guo. I was beaten up, and he wanted to kill me. You have to take the lead for me.” Guo Youde was beaten with confusion, thinking that there was another savior, tears and nose mixed. The crawling belt rolled over.

When he saw Guo Youde, Tian Hongda didn’t get angry. Today, I am going to visit Lao Wang’s house in good order. It was a good thing to have good ties, but it was turned into a field by Guo Youde.

You do n’t know how old Feng Feng is on the phone? If this matter can’t give Xiao Wang a satisfactory account, he should not be a secretary of the municipal party committee. Go to the National People’s Congress to retire early.

Others do not understand Feng Lao, but Tian Hongda knows Feng Lao very well. That is a person who is dedicated to the country. As long as it is good for the country and the people, he will do so at any cost.

He thought about it, and he felt terrified in his heart. What does this indicate? It shows that Xiao Wang’s position in Feng Lao’s mind far exceeds his Tian Hongda countless times.

In other words, Comrade Xiao Wang is far more important to the people of the country than he is an incorrupt and capable secretary of the municipal party committee.

“Come here, keep him under control.” Tian Hongda was originally unhappy with Guo Youde, a corrupted ground snake, but he just couldn’t free himself to clean him up. Now that he has hit the gun by himself, he certainly cannot let this opportunity pass.

Director Wu in the crowd took the lead and grabbed Guo Youde. Seeing that Secretary Wu has started, Director Liu naturally understands which camp he wants to stand in.

Take out the handcuffs, handcuff Guo Youde, Director Ma, and the enchanting woman.

Seeing such a situation, the sales manager Xiaoli took the initiative to stand up and said: “Secretary Tian, I see the whole thing in my eyes, I say.”

“Okay, you say.” Tian Hongda glanced at her. “It is true that everything is true, not biased.”

“I can swear that if I have half a nonsense, I am willing to pay legal responsibility.” Xiao Li said fervently, and then began to tell the story from beginning to end.

When he heard that Guo Youde had openly brought Xiaomi to buy a villa, Tian Hongda’s face was already very green. The state-owned machinery heavy industry unit he manages is losing money every year, crying every year for government relief, and owing so much money to the bank. The result is good, pack Xiaomi, buy a luxury villa!

This one alone is enough for him to die.

Then I heard all kinds of slander, bullying, and even screaming and beating on Wang Yan’s parents. Tian Hongda already wanted to personally strangle Guo Youde.

He was close to Feng Lao, of course he knew what unit Feng Lao was in charge of. Every one of them is a super soldier who defends the country. Each is a valuable asset for the country and the people.

Fortunately, this incident did not cause a major disaster. Otherwise, a superpower warrior who even valued Feng Feng very much was forced into the evil way. On the road to force the country to hate and fight against the country, it will be a disaster that will make loved ones hurt the enemy faster.

...

The Domestic Hero - Chapter 74

...

This kind of thing has not happened in history. With such serious consequences, Tian Hongda felt shudder at the thought. No wonder Feng Lao will say that kind of handling is not good, so don't be the secretary of the municipal party committee.

"It's a scumbag," Tian Hongda snapped on the spot. "Director Wu, I took Guo Youde back. You and the disciplinary committee jointly interrogated, and tried everything that he had done in his life. Come out. We can't injustice a good person, but never let a bad person go. "

"Yes, Secretary Tian, I promise to complete the task." Director Wu responded with a serious expression, and directed the police to say, "detain all three of them."

Secretary Tian didn't say how to deal with Director Ma and that **, but people with a clear eye know that Secretary Tian is only for his face, it is not good to directly target two small people. He is so hot for this matter, how can these two little people be forgiving?

Director Wu did not believe that they were so close to Guo Youde, and they could not dig out any faults in them.

"The hands-on security guards also buckled up and sent the treatment to the treatment first, the investigation of the investigation." Secretary Sun Zhizhi, who also helped the boss take the initiative to deal with minor matters, said sadly, "As a community security guard, it is to protect the residents Life and property are safe. Who gives them the power to beat others? The security industry is so confusing now. Many security guards have become the thugs of rich and powerful bosses. Dog secretary, Secretary Tian, this industry must be well rectified . "

Tian Hongda quickly dealt with the matter, and turned around and said politely to Wang Yan, "Comrade Xiao Wang, please be patient for a few days. Guo Youde, this big tiger, will definitely

have what he deserves to end. Those who act as tigers for the tiger, It will definitely pay a huge price. “

“Thank you Secretary Tian for your impartial handling.” In fact, Wang Yan also knew that this matter was already handled very well. Can’t you really kill someone?

If you do this, you will be fine, but it will cause trouble to Master Feng. In any case, Grandpa Feng has always taken good care of himself and maintained everywhere. He must not make it difficult for him.

Xiao Li was relieved when she saw that the matter was resolved successfully. Ran to take care of Wang Yan’s parents, and actively apologized. Among the crowd, a man in his 50s in a suit and leather shoes also wiped his sweat and ran over to appease Wang Yan’s parents.

“Xiao Li, you have done a good job and maintained the reputation of our company.”

“Zheng Zheng, I, I should be.”

“Zheng Zheng? Director Ma’s boss?” Wang Yan glanced past with a bad look.

“This, Comrade Xiao Wang.” Zheng Tiesheng smirked up and said with an apologetic smile, “I am the developer of this community’s real estate. I am extremely sorry for your family’s grievances.”

“If it wasn’t for Xiao Li, she kept maintaining my parents throughout the process.” Wang Yan glanced coldly at him, “I’ll smash all your real estate.”

What he said was really smashed literally. With his giant hammer, it wouldn’t take much effort to demolish a villa.

“Yes, yes, it’s all me under the impunity of Zheng Mou, I will give you a satisfactory account of this matter.” Zheng Tiesheng looked at Xiao Li gratefully and said, “From today, you are the sales office Director. “

“Really, really?” Xiaoli just felt like she was hit by a huge pie, full of happiness. At the same time, I am very grateful to Wang Yan. In one sentence, he let himself struggle for less than ten years!

If this is how good is his man? Unfortunately, she has self-knowledge. A male ***** like this who is extremely good in every aspect is simply not something he can get.

“Of course it is true.” Zheng Tiesheng said rightly, “You have maintained our company’s honor at a critical moment, and it is only good for me to promote such an excellent employee.”

“More, thank Mr. Zheng.” Xiao Li sighed deliberately, “Mr. Wang had already chosen the building king of Linhu, he wanted to buy it, but it was stirred up by an accident. appearance.”

During his speech, he squeezed his eyes at Wang Yan. It implies that if you really want to buy that building king, you can take advantage of the opportunity to suppress prices.

Who would n’t have asked Wang Yan to speak, Zheng Tiesheng said excitedly: “It turns out that Comrade Xiao Wang took a fancy to Zheng Mou ’s house, which really makes Zheng Mou very honored. Xiao Li, what was the original price of that house?”

“The price tag is 16 million.” Xiao Li blinked and said, “However, Director Ma said that it can be paid back to 15 million.”

“Then we will give you another 20% discount, 12 million. It will be wiped off and counted as 10 million.” Zheng Tiesheng can get to this stage today, maybe it is a fluke, but more is inseparable from his ability of.

Although he did not know the true origin of this “comrade Xiao Wang”, but even the secretary of the municipal party committee was so polite to him. It can be seen how deep the background is.

With a price of 10 million, Wang Yan is already very satisfied. If this level of house, if placed in Huahai City, I am afraid it will directly get hundreds of millions.

It’s just that others are polite, and Wang Yan can’t be stupid. Slightly frowned, said: “Zheng, you won’t lose money at this price?”

“Boy, I am a businessman. Businessmen have always been able to do head-to-head sales, but not losing money.” Zheng Tiesheng laughed heartily. “Relax, I have at least earned a skin in this house. As for profits , You can find a supplement in other houses. I was shocked by my uncle and aunt. “

This is also a personal thing, the real age is estimated to be older than Wang Yan's parents. But it was a mouthful of an uncle and aunt who screamed smoothly, and was contented to be a junior.

"Yes, then Mr. Zheng will take care of me. I want this house." People respect me, and I respect people. Wang Yan didn't really care about everything, and he was impulsive and thoughtless. Immediately and politely said, "Sign a subscription contract. I will pay a deposit of one million, and the remaining funds will be paid within 15 days."

Although Wang Yan didn't reach 5 million on the books, it was still easy to get the remaining 5 or 6 million. Just like sister Nan Lian said, you can go to the unit for a loan or consider a loan. Too bad, I still have two C + grade inner essences.

The most important thing at the moment is to settle down the parents who have worked hard for themselves for half of their lives and let them live happily for the rest of their lives.

Although this time it was a lot of trouble, Wang Yan believed that his parents lived in this villa area, and no one would dare to bully them. Zheng Tiesheng will definitely explain the property and provide them like a Lafayette.

"The formalities must be done, but even if the deposit is down, can I still trust my brother?" Since he decided to be human, Zheng Tiesheng will naturally not give up halfway, "Xiao Li, go back and give the key directly to Brother Wang. The house belongs to Brother Wang. You can move in whenever you want. Xiao Li, do n't hurry to go through the contract formalities? You can rest assured that the sales of this house will be calculated according to 15 million yuan. "

Xiao Li shivered in excitement, not only was she promoted to director today. Even if this big deal is completed, it's really a joy. Quickly fix the contract and let Wang Yan sign.

When Wang Yan handed over the contract to her mother, her mother's tears fell off with excitement, which was a happy event that she couldn't even dream of.

"Although Uncle Wang said nothing, I still recommend going to the hospital for examination." Sun Zhizhi also made up his mind to please the Wang's family, and said, "I will call the People's Hospital and let them prepare in advance."

"Don't use it ~" The silent dad said blushing, "It's just a few punches, I'm strong and I can carry it."

“Dad, it’s better to check and check.” Wang Yan said, “Even if it’s not hurt, it’s always good to have a full-body check. Mom, you should make one by the way.”

As for their bodies, Wang Yan is not too worried now. With the super-health product D-Class Nedan Essence diluted, the body function will naturally return to a very good state.

...

The Domestic Hero - Chapter 75

...

“Old Li, where did Xiaojuan’s newly bought skirt go?” Aunt Li next door leaned out of the room and yelled.

Uncle Li, who is nearly fifty people, leaned on the sofa, drinking tea while looking at the newspaper while tilting Erlang’s legs, and said without looking back: “I put it in the storage box. You do n’t think that skirt is too flowery and wrapped Does he look like a face? “

“Why don’t you think I’m pretty good now?” Aunt Li hummed with a temper tantrum, “Bring me out and I will wear it today.”

“Isn’t it the first time to have dinner at the old Wang’s house next door, and it’s not the first time? As for you?” Li Guoqiang took off his glasses and looked back suspiciously, “I said the old lady, wouldn’t you have thought about it?”

Li Guoqiang didn’t think anything before, but as the online segment became more and more popular. The words of the old king next door were stuck in my heart like thorns.

You see, the other person’s body is so strong. But Li Guoqiang had bald hair and a big belly.

“Are there any fences on your dead man’s mouth?” Aunt Li ran over with a blush and died.

At this moment, the doorbell rang. Li Xiaorui, the son of the Li family, came back with his fiancée Xiaojuan, and said strangely as soon as he got home, “Mom, why do we have to go home for dinner today? Xiaojuan and I have an appointment to eat steak.”

“Xiao Yan, who is next door, is back, let’s have dinner at home.” Aunt Li said, “I haven’t seen your brother for a long time. I’ll tell you to come back together.”

“Hey, it turned out that Brother Yan was back? That’s fine. I asked him to have two drinks at night. He went away within two days of the Spring Festival this year. I haven’t seen him for more than a year.” He hugged his girlfriend, “Just introduced him to introduce Xiaojuan, let him envy envy.”

“Don’t make it there blindly.” Aunt Li glared at him angrily. “I think Xiao Yan is different now. I heard Wang’s aunt say that Xiao Yan became a civil servant. I still have some disbelief. This time when I came back, it was Shibe who took a look at him. He was tall and handsome, and he could hardly recognize him. The unit also allocated him a car. “

“The unit is also equipped with a car! Accord? I don’t think so. It is estimated to be a car of more than 100,000.” Li Xiaorui pouted and shook the BMW key in his hand. “At night I took him to the bar to take a walk and see. Let’s take a look at the flourishing nightlife in our hometown. “

“Just save it. His car is of a high grade. It was the kind of minivan that you liked the last time, with a series of English letters in the front of the car.” Aunt Li said enviously, “Just let me say Is reading okay? When Xiaoyan was admitted to Provincial University, you said that college students are useless now. “

“It’s Land Rover!” Li Xiaorui’s face suddenly felt a little uncomfortable. The two were about the same age. From childhood to age, Wang Yan was better, because he didn’t count on his mother. After graduating from high school, Wang Yan happened to be on the line and went to the university to go to the provincial capital. He was reluctant to go to three colleges and did a small business relying on his father’s relationship.

So he often said at home, what is the use of studying at university? It’s the last word to come out early and get in touch with society. Just like he is 300,000 a year younger, he is married to a spouse, and he drives a BMW. How many of his peers are comparable to himself?

But Wang Yan became a civil servant in such a silent way, and drove the Land Rover home. This made Li Xiaorui feel a little lost in his heart, lit a cigarette, and looked a little melancholy.

“Xiao Yan is a good mix. It’s a good thing.” Li Guoqiang took off his glasses and put away the newspaper. He said slowly, “That kid is sensible when he hits a child. It’s quite enjoyable. Xiaorui, it’s more like your family Brother Yan learns more, don’t play around with those who are not three or four days old. Old lady, I will take the two Chinese and two bottles of Maotai in the family, and congratulate the old Wang’s family. Old colleagues in the past 20 years , A ten-year old neighbor, it’s time to celebrate. “

Li Xiaorui was about to cry. It ’s really a tragedy that there is a great peer in the house next door. Those friends who can play with themselves have become second-in-two.

...

An hour later, more than four o’clock.

Wang Yan’s family returned to the house after some examination in the hospital. The good news is that my parents are still healthy, with only minor problems.

As long as the condition is slightly adjusted, and the diluted D-grade inner pill essence is used to repair the constitution, there is no problem at all.

The only thing that made parents a little uncomfortable was that Secretary Tian accompanied them throughout the inspection and sent them home with the secretary in person. You said that the parents who had a good deal of affairs in one place and left all official duties to accompany the two people to check their bodies, really made them a little worried and sincere.

And after seeing them sit down and drink tea, they wandered with Wang Yantian. It’s a posture that I don’t want to leave and prepare to rub dinner. In desperation, the mother had to say: “Lao Wang, Lao Wang. You go to the vegetable market and buy more vegetables. The son also called Lao Li, who is next door, to come and eat.”

Dad had to order, fart and fart went. As long as you do n’t ask him to chat with the secretary of the municipal party committee, you can do anything.

On this issue, Wang Yan does not exist. He chatted with Secretary Tian without any fear. No way, Mr. Feng has seen it at such a big level, can he still be a county-level city secretary?

What's more, he has also beaten the vixen, thrashed the werewolf, received the light of the Holy See, and killed the blood angel.

As for sister Nan Lian, I just received a call from the headquarters to invite her back. The mission of "blood angel leader" seems to have made new progress, and she needs to go back to sit down.

While Wang Yan was having a great chat with Secretary Tian, the doorbell rang.

After Wang Yan ran to open the door, the old Li family next door was all outside.

"Xiao Yan, you can change this fast enough." Li Guoqiang shyly had a big belly, and he smiled very kindly. "It's really tall and handsome. Listen to your aunt, you're still a fan." Civil servants, which is really gratifying. "He said that he also handed over two cigarettes and wine.

"Uncle Li, you come here, why are you so polite?"

"Yes, it should be. With such a great nephew you have, my old Li's face has light."

"Then thank you Uncle Li, Aunt Li. Come in, please come in." Wang Yan greeted warmly and politely, "Don't change your shoes anymore, the house is already messy. Xiao Rui, our brothers haven't seen each other for a long time That 's ... your fiancée, is n't it? It 's so beautiful, you kid is so blessed. "

In a greeting, Wang Yan led the guests to the living room.

"Brother Xiaoyan, what kind of Jinlua have you eaten in the past two years?" Li Xiaorui said dumbfoundedly, "How could it have changed so much? I remember you are a little taller than me ... And, your face, skin "

"Just exercise more." Wang Yan smiled and showed his biceps. "I'm a sportsman now."

"This muscle ... no girlfriend out?" Li Xiaorui blocked the fiancée's eyes, full of envy and jealousy.

“Cough, Xiaorui, you are not allowed to make trouble with your brother.” Li Guoqiang stared at his son with his hands behind his back, and then saw people sitting on the sofa. Just say, “Xiao Yan, are there any other guests at home?”

Tian Hongdaken came to Wang Yan’s house just to give face to him. Listening to Wang Yan calling people very affectionately, knowing that the other party and the Wang Yan family should be very close.

Simply put down the shelf of the secretary, got up and smiled and extended his hand: “Hello, my name is Tian Hongda. Visiting Xiao Yan’s house today, it is considered unsolicited, a little presumptuous.”

“Hello hello, this is Li Guoqiang. Tian ...” Li Guoqiang reached out and shook his hand and habitually greeted half, and the smile on his face was stiff on the spot. The eyelids blinked twice in a daze, the person with extraordinary temperament and kind attitude in front of him, how do they think they look familiar? Seems to have seen it somewhere.

and many more!

Tian, Tian Hongda!

Li Guoqiang felt that his breath had stopped suddenly, and his heart suddenly pumped up. Tian, Tian Hongda is not ...

After a few seconds. Li Guoqiang’s face was pale, and he quickly withdrew his hand and nodded with cold sweat, shaking his head and saying, “Tian, Secretary Tian. Sorry, sorry. I, I don’t know it’s you.”

Secretary Tian?

Li Guoqiang’s reaction made his family feel a little strange. Who is Secretary Tian?

“Comrade Guoqiang, don’t be restrained.” Tian Hongda approached him with a pat on the shoulder, “Xiao Yan also mentioned it to me just now, and Uncle Li from the neighbor next to them helped a lot.”

“Yes, yes. I’m not restrained, I’m not restrained.” Li Guoqiang’s mouth narrowly squeezed a smile, “I, I just didn’t think of you, you will come.”

“Uncle Li, Secretary Tian and my current leaders know that they are my elders.” Wang Yan apologized, “Don’t you mind having dinner together today?”

Wang Yan had already spoken with Grandfather Feng before. The old man said that Secretary Tian is a good and good official. He cares for the people and works steadily and steadily. It deserves his study and respect. Based on the relationship between the old man and his wife, Secretary Tian also gave his face very well, and Wang Yan would naturally not be hypocritical.

“No, don’t mind.” Li Guoqiang said with a trembling heart, “This, this is my honor.” At the same time, a cold sweat was wiped out of my heart. This, what kind of international joke is this? Have dinner with the secretary of the municipal party committee, do I dare to mind?

The Domestic Hero - Chapter 76

During this meal, Li Guoqiang’s family was trembling and uncomfortable. But it was also the most valuable meal in Li Guoqiang’s life.

During the banquet, Secretary Tian cared about some working conditions of his workshop director and the operation of the plant. He was told to do things in a down-to-earth manner and make good contributions to the people of the country.

This made Li Guoqiang feel like he had hit chicken blood, and was ten years younger. After returning home, he and his wife tossed to twelve o’clock in the middle of the night.

...

The next day.

My mother just returned from a gleaming shopping, and there was a man in his thirties who held a gift and came to the door. He claimed to be from the Public Security Bureau, and took orders from Director Wu to console Wang Yan’s parents.

After a few sips of tea, after a few words of greeting, he got up and said goodbye.

After he left, my mother looked at the gifts, which were all expensive tobacco and alcohol, as well as nutrients such as ginseng bird's nest and cordyceps. His excited face turned red, and he was several years younger.

In her words, the family used to have a New Year's Eve, and some relatives sent back and forth some valuable gifts back and forth. Or wondering whether to send some gifts to the leader, but afraid of that.

This is good, the house turned over at once, and even Director Wu sent someone to send gifts. This made the mother's vanity meet unprecedented satisfaction.

The forefoot of the public security bureau had just left, and the people from the municipal party committee came.

Naturally, it was another hospitality, and then the other party left after leaving some fine gifts.

This whole morning began to flow continuously. What the tax bureau, education bureau, electricity bureau, street office, police station. This morning, the old Wang's family has never been broken.

In the end, even the family planning office came to join in the fun.

My mother is not tired of this, but how can Wang Yan stand it? On the pretext that I had made an appointment with my classmates and went to Danghu Ancient Town, I drove away in a car.

When Wang Yan went to the ancient town of Danghu, he first avoided the family's endless ups and downs to build a relationship. Secondly, the little demon in the Danghu Lake for more than a hundred years must solve it.

Otherwise, no matter how good the newly bought villa is, Wang Yan will never dare to let his parents live.

After spending an entire morning, Wang Yan visited some old farmers, fishermen along the lake, and inquired about the town.

It turns out that Danghu has always had the legend of a lake god. Especially in some fishermen groups, before the start of the summer fishing, the lake ***** is sacrificed.

This tradition has continued for hundreds of years.

For the fishermen, the lake ***** exists. There was even an old fisherman in his 70s who said that he went fishing with his father in the lake when he was a teenager. As a result, the typhoon landed, and the little fishing boat could withstand the strong winds and waves. Just before the ship was about to die, the lake ***** appeared.

A huge dark pack carried the small fishing boat and drove them all the way to a sheltered bay.

It has been almost sixty years now. When the old fisherman said this, he still remembered it and his new ideas were very clear. Wang Yan asked a few details, and he could answer them one by one, and the statement was very clear.

In the words of the old fishermen, it was a golden red tail carp seven to eight meters long. Because it jumped out of the water once when he left, he saw it really. The whole body was covered with shiny golden fish scales, and the tail was red as blood.

This makes Wang Yan a little strange. The black shadow he saw, which looked like three or four meters, looked like a carp at a glance. And the thing that happened to the old fishermen happened sixty years ago, the breath revealed by the dark shadow, that is, one or two hundred years of Daoxing.

The old fisherman said again that the legend of the lake ***** has lasted for hundreds of years. The old man of Lake God has been protecting the peace of this side of the water. Listening to his grandfather, during the war of resistance against Japan, a large group of little devils drove around the lake in a boat and swept around the villages along the lake.

As a result, the dozen or so speedboats of the little devil were enveloped by a strange wind, and then even the boat was disappeared. Everyone said that it was the Lake God manifesting spirits, and took the little devils.

Later, the little devil's base camp sent a large force to squat the lake and suppress it. Finally, I didn't know what happened, and I could not suppress it. Since then, dozens of villages along the Danghu Lake have never been persecuted by the little devils.

These stories, Wang Yan heard with relish.

The old fishermen 's words have also been verified in other information channels. The story of Liyu Lake God seems to be widely circulated. It is only in recent decades that there are fewer and fewer stories about the manifestation of the lake god.

The last time the lake ***** appeared more than ten years ago, a young man took a boat to go fishing and accidentally fell into the water. It was rescued by a huge carp, which spouted a water column, and put him back on the boat.

Wang Yan also specifically searched the name of the young man, and then obtained the contact information of the other party through the intelligence system in the bureau. The "lad", now in his thirties, was called by a phone call, and was very excited when he talked about it.

He told this story to many people, but no one believed that he was scared and stupid after falling into the water. In this world, how can there be a carp that is seven or eight meters long, two or three tons, and still sprays water?

Now the only one who still believes in him after hearing this story is his three and a half year old daughter.

After listening to him telling the whole story, Wang Yan expressed his gratitude. Then he squatted by the lake and thought about it. From the comprehensive information, there are indeed monsters in the lake, and it sounds like a kind and helpful monster.

It is indeed true to think that if evil things such as the loss of human life occur from time to time in the lake, the attention of the National African Bureau has long been noticed here.

Based on the capabilities of our National African Bureau, it is impossible to keep a harming monster going unpunished.

But Wang Yan also noticed another news. In the past two years, there have been five or six seven missing persons. The missing persons include some villagers, tourists and anglers around the lake.

Some fishermen also responded that they saw a huge black shadow three to four meters long in the lake. As soon as the dark shadow rose, a water mark on the water surface would be aroused.

This information is very consistent with the signs that Wang Yan saw.

This makes Wang Yan wonder if there is a demon besides the lake ***** carp in the entire lake.

The reason why Wang Yan wanted to inquire about intelligence everywhere was to find out the origins and heels of the other party. Secondly, according to the principle of peaceful coexistence between the ***** and the demon signed by the National African Bureau and the demon. The National African Bureau must have a certain process for handling monster life.

For monsters that haven't harmed people, they can be moved to the natural habitat of monsters by means of catching and inducing. However, if the other party does not agree to death, no forced relocation is allowed.

As for the monsters who have harmed others, the State African Bureau has the right to sentence, imprison, and even execute them.

Whether the monster has harmed people is something that Wang Yan must figure out. This also determines how intensely Wang Yan can use it.

Judging from Wang Yan's current information, Wang Yan decided to find the monster first. See if you can communicate, and then decide what to do with it.

Generally speaking, carps are more temperamental. And once the spiritual wisdom is turned on, the wisdom is not weak.

In the next few days, Wang Yan rented a speedboat in the ancient town of Danghu, pretending to be a fisherman, and wandering in the lake to search. It is a pity that nothing has been achieved.

...

On this day, Wang Yan came to Danghu Ancient Town early in the morning.

He wore a cap and a pair of sunglasses. Wearing a white T-shirt, loose casual shorts underneath, stepped on a pair of elastic sneakers.

Even after several days of exposure to the sun, Wang Yan's skin was only slightly darker and slightly textured wheaten. Instead of reducing his temperament, he made him more handsome and sunny.

Park your car. With a fishing tackle bag in one hand and a huge box over two meters long in one hand, he walked towards the dock easily. Little Ferret squatted on Wang Yan's shoulder, it was too lazy to move.

Huh?

Today's ancient town of Danghu is a bit different than usual. Early in the morning, a dense crowd gathered, many of them were a dozen or twenty girls.

"Wu Xiuxin, you are so handsome. Wu Xiuxin, I love you."

The shouting one after another made Wang Yan a little puzzled and strange. Which one is Wu Xiuxin?

...

The Domestic Hero - Chapter 77

...

At the same time, Wang Yan also looked up to the red banner hanging high.

"Welcome the" My Neighbor Is a Banshee "TV series film crew to come to my town to film the scene."

TV crew? Wang Yan suddenly realized that it was originally a TV series. The ancient town of Danghu has beautiful scenery and rustic charm, but it is a good place to shoot TV series or movies.

When Secretary He Tian had dinner a few days ago, Secretary Sun also talked about it. Dangkou Ancient Town was developed by the predecessor of Secretary Tian, but after it was developed, it was almost idle.

After Secretary Tian took office last year, he regarded Danghu Ancient Town as a key project for management and development. The plan is to build it into a comprehensive project integrating tourism and leisure, film and television base, ecological protection, and traditional cultural publicity.

At present, it still seems to be quite effective. Through the promotion of film and television shooting, it has added a lot of popularity to the ancient town of Dangkou, and the leisure tourism industry has also been driven.

However, this is not related to Wang Yan's business. The most important thing for him now is to deal with the event of the lake monster.

It was just empty on a weekday morning, a street more than ten meters wide. It is now very crowded. The crew of the crew of the crew formed a circle on the streets of the ancient town. A dozen shops facing the street were also temporarily requisitioned.

Outside the film crew, there were hundreds of people watching and shouting. Many girls were very emotional and shouted the name of Wu Xiuxin. Dozens of security guards formed a human wall, keeping enthusiastic fans out.

This scene caused Wang Yan's brows to wrinkle slightly. This was the only way to the ancient town's wharf. The back doors of the shops on both sides of the street are directly facing the lake.

The film crew blocked the passage. Wouldn't it be possible to fly by yourself? I have long heard that some film crews go to the countryside to shoot and often do the work of Fenglufeng Village, but I did not expect to come across them.

...

at the same time.

In a luxury RV. A handsome, handsome man is sitting in front of a makeup mirror. The hair stylist was carefully manipulating his hair, and the make-up artist was powdering his thrush little by little.

The dressy agent, who was pointing at her orchid finger, chattered and said: “Xiu Xin, many fans came from the surrounding area to visit the class. Or, let’s go out to meet?”

“I hate to die.” Wu Xiuxin waved impatiently. “I didn’t sleep well last night, and my bags under my eyes are still swollen. I want to see you myself. These country fans are really annoying. They are too loud to call, and they have no quality.

Perhaps his movements were too big, the makeup artist’s eyebrow pencil slipped, and a black mark was drawn at the corner of Wu Xiuxin’s eyes. She was scared to apologize and said, “Yes, I’m sorry. I, I didn’t mean it.”

“You don’t have long eyes, will you put on makeup?” Wu Xiuxin’s temper burst out and kicked the makeup artist. “Fortunately, you have an eyebrow pencil. If you take a brow trimmer, I won’t be disfigured! Do you know how much my face is worth? “

“Woo, me, I really didn’t do it on purpose.” The makeup artist fell to the ground and wailed and cried.

“Waste, don’t get out.” Wei Wei, the agent, pouted and yelled at Orchid. “Did you not see Xiuxin in a bad mood? Do you still make him angry, do you want to do it?”

“Woo ~” The makeup artist ran out crying.

Then he personally wiped the black marks of Wu Xiuxin’s eyebrows and helped make up while saying, “Xiu Xin, I see this fan, and I have to meet them. I don’t want someone to say that you are famous and play big names.”

“Let them wait, some things are more difficult to obtain and more precious.”

“Hee hee ~ You are so bad!”

...

“Ah ~ forget it, I’ll go swimming.” Wang Yan thought about it, or gave up his plan to squeeze past. These so-called fans are really boring, and they will run for the sake of a star.

Fortunately, for water work, the fishing bag and the box of the sniper gun are waterproof.

Wang Yan went to the little rocky beach, took off his hat and took off his T-shirt, and stuffed it into a waterproof fishing bag. He was just about to take off his shoes and pants. But I heard a dialogue from the big horn of the ancient town.

...

“Xiu Xin, many fans came from the surrounding area to visit the class. Or, let’s go out to meet?”

“I hate to die. I didn’t sleep well last night, and my puffy eyes are still swollen. I want to see you myself. These country fans are really annoying. They are too loud to call, and they are of no quality.”

“Yes, I’m sorry. Me, I didn’t mean it.”

“You don’t have long eyes, will you make up? Fortunately, you are using an eyebrow pencil. If you take an eyebrow trimmer, you won’t be disfigured! Do you know how much my face is worth?” ...

“Let the little ***** ~ wait for them, some things are more difficult to get and more precious. Hang their appetite.”

“Hee hee ~ You are so bad!”

...

This dialogue is only two or three minutes.

But the original fiery atmosphere at the scene suddenly fell silent. Those fans who shouted at Wu Xiuxin I love you all turned pale.

Wang Yan also stopped and shook his head in disdain. It was really a guy with a low quality. Now the entertainment industry is really impetuous. How come there are so many people who like this kind of unscrupulous guy?

At this moment, the scene was suddenly messed up.

Hundreds of female fans rioted, slamming forward and shouting the messy words: “Wu Xiuxin, you get out of the old lady.”

“Wu Gou, you are the little bitch, your whole family is ...”

“Woo, Xiuxin, you hurt your heart too much.”

The power of riots has always been terrible. Hundreds of people, you push me, I push you, can some security guards block it?

The failure of the security guards has also contributed to the arrogance of the female fan group. They surrounded the luxury caravan where Wu Xiuxin was, shoved and shouted, and went crazy to ask Wu Xiuxin to come out and explain.

But at this moment, how dare Wu Xiuxin come out? He was terrified by his pale face, scolding angrily at the person who put the recording in the big horn, and tremblingly commanding the hair stylist, costumer, and agent to draw the curtains of the luxury car tightly, and all the doors and windows locked.

“Wei, Wei Wei. Call the police, hurry and call the police.” Wu Xiuxin shrank his head when he heard someone knocking on the car window, screaming, “Did you not just have dinner with the police station yesterday?”

Wang Yan looked at this scene and frowned. He was not worried that the so-called Wu Xiuxin would be dragged out by female fans. In fact, this kind of group excitement is most likely to be a stampede.

Seeing this scene, Wang Yan felt that he could not ignore it. A sprint trampled, like an ancient martial arts master, flying on the roof of the tile house.

He was worried about the mass trampling incident that caused a lot of unnecessary harm. Second, the Danghu Ancient Town project is a project pushed by Secretary Tian. If something serious happened and was exposed by the media, Secretary Tian could not blame him.

What Wang Yan pays attention to is that there must be gratitude, and besides, Secretary Tian is a good official who serves the people with integrity.

Sure enough, some fans who were too sad and excited were shoving a few times and accidentally fell. But the density of the crowd is so great that everyone can't help themselves with their actions.

Stepped on one foot.

The screams of horrible screams made the scene more frightened and confused. Just as it was about to evolve into a group stampede.

“Boom!”

There was a loud noise.

Wang Yan fell from the sky and jumped **** the roof of the luxury car. A large cavity was smashed out of the roof under deliberate force.

This sudden deafening sound made the hundreds of fans who had been besieging this luxury RV for a second. The restless voice stopped abruptly.

Taking advantage of this, Wang Yan shouted loudly: “It is not allowed to move at all, whoever moves Laozi to kill him.”

His thick voice also shook the eardrum.

Wu Xiuxin, who was shrunk in the RV and did not dare to come out to resolve the incident, was struck by Venus with a loud bang, and fell to the ground. What the ***** happened? He lay on the ground in horror, daring not to move.

...

The Domestic Hero - Chapter 78

...

Wang Yan hasn't learned the sonic exercises of the lion roar, but by virtue of his strong comprehensive quality, this roar is really a bit powerful and loud.

Those tumultuous female fans, after all, are just ordinary people. Wang Yan was such a mighty descendant, with a domineering roar. Many people are terrified, how dare to move indiscriminately?

Some people who are at a loss have learned something, but they dare not move because of blind obedience.

Wang Yan is like pouring a scoop of ice water in a pot of boiling water.

The hundreds of female fans were shocked, and the excitement of blindly running away was dispelled.

Within a few seconds, a riot incident that could cause many people to be injured or even killed was stopped by Wang Yan's decisive attack.

"Now, slowly back away and evacuate. Leave a space for the locals." Wang Yan did not dare to relax his vigilance, looked around and shouted loudly.

It was only then that the female fans who had recovered their senses found those who fell in the crowd. He hurried and excitedly shouted to help people up.

"What's so quiet to me! You are not allowed to scream, you are not allowed to help people." Wang Yan shouted, "Slow back, slowly evacuate. Do not step on the injured."

Helping people looks good, but in fact if someone is injured. If you don't know how to first aid people indiscriminately, you may make your injuries worse.

Wang Yan's roaring voice seemed to have an invisible magic power. The female fans were quiet and backed away slowly. Some people are afraid, and some people start sobbing.

More than a minute later, there were more than ten female fans who fell to the ground.

"The film crew, yes, that's you. Are you calling the ambulance yet?" Wang Yan shouted at a group of people in the distance, "and the medical staff of your film crew, come and help."

Wang Yan knew that such a large production team would definitely have emergency medical staff.

Soon, several medical staff rushed to help check the physical condition of those female fans. Wang Yan also participated in the operation because of special training and emergency treatment.

"Little brother, I'm Zhao Qingtian, the TV producer. Thank you so much." A man in his forties, who came over and said gratefully, "Although these female fans are a little overwhelmed, they are just suffering. Some minor injuries. Fortunately, you stopped this riot in time, otherwise the consequences will be unimaginable. "

He was really grateful to Wang Yan. If it were not for him, this accident would definitely count on his head. If it is added to the ferment of the people with the intention, Zhao Qingtian will be unable to do anything in the future.

"Although emergencies are always inevitable, pay more attention to potential safety hazards in the future. Also, you are stationed and stationed, do not block the road to success?" Wang Yan glanced at him coldly, "I decided to block you Swimming went to the pier. "

"Sorry, sorry." Zhao Qingtian repeatedly apologized, "I must pay attention in the future, hey? Little brother, your image is really good."

His heart must have come down, only to find that this saving boy looks really handsome. One meter and eight meters tall, slender and well-proportioned, with smooth and flawless skin.

Especially his naked upper body now, that body full of explosive muscle lines, like a ferocious cheetah. Compared with the somewhat girlish Wu Xiuxin, he is more male-like.

Looking at his unscrupulous look on his body, Wang Yan couldn't help himself, and waved his hand and started to leave. It was an emergency just now, and he didn't have time to put on the T-shirt.

Fortunately, I haven't had time to take off my big pants. You should know that the following is just a pair of swim trunks that have been worn in advance.

"Little brother, don't go! Are you interested in developing in the film and television industry?" Zhao Qingtian farted and followed, persuaded and said, "I dare to guarantee that your image will definitely be bright and purple. You introduce powerful brokers and give you a tailor-made development plan to ensure that you will become a new generation of male gods within a year.

Zhao Qingtian looked more and more satisfied with Wang Yan, and he made sure that this guy was not an artist. The reason is very simple. If he is an artist, his image has already become popular. How could he not know him?

"Thank you, I am not interested." Wang Yan refused with a cold face. If he had such a chance before, he might be ecstatic and accept it. But working in his current capacity will naturally not be interested in becoming a movie star.

"Ah! Why would you not be interested?" Zhao Qingtian didn't expect that he had packed the ticket to make people red, and the other party would still reject himself. I don't know how many people are asking for this opportunity every day.

"No interest means no interest." Wang Yanchao said in front of him, "Trouble everyone, let me, I want to go."

A group of female fans blocked in front gave them a passage. But that group of female fans is not blind, they all found that the hero who had just arrived like a hero, and the heroic rescuer turned out to be a handsome guy.

The handsome and tough face makes the woman's bones soft and hot, look at the eight abdominal muscles, look at the corner of the looming mermaid line ...

The female fans seemed to forget the panic all at once, and paid attention to Wang Yan one after another. Some of them are out of character and even run up to get a touch.

Faced with the drooling eyes, Rao was Wang Yan's powerful, and his heart was faint. Fortunately, I didn't have time to take off my trousers just now, otherwise it is estimated that this group of women will pounce on and put themselves on the spot.

Seeing these female fans, it seems that there are signs of starting to squeeze themselves around. Wang Yan stopped and said aloud, "I said, what have you done?"

Those female fans were stunned.

"I like idols, nothing wrong." Wang Yan said loudly, "we can like and can support. But first of all, we must have a degree. Go back and think about your family. If you love idol stars far more than family, I suggest you fan A few slaps of my own are sober and clear-headed. "

"Squeak ~" Little Ferret came over and lay on Wang Yan's shoulders, spreading his teeth and dancing around. It seems that you are declaring your sovereignty, you vulgar vulgar fans Ying Yanyan, are not allowed to rob with Miss Ben.

"Also, like the kind of scumbag just now. Treating fans who like you as a tool, called the little ****~ the guy who smashed them. When their fan base is in crisis, they dare to hide in the car. "The mother cannon." Wang Yan shouted, "Please cherish life, maintain self-esteem, stay away from him."

Wu Xiuxin and his agent saw through the window that the incident outside was resolved. When he was about to leave the car door to appease the fans and reduce some bad influences, he suddenly heard Wang Yan's words.

Wu Xiuxin's face was almost black, and he almost fell off the door of the car. He shouted in his heart that you are scum, and your family is scum.

Fortunately, he didn't scold directly, and Wang Yan didn't have the ability to read mind, otherwise it would probably make him go to Danghu sober.

At this time, female fans shouted excitedly: "Wu Xiuxin, scum. Wu Xiuxin, Niang Cannon. Handsome guy, I love you. Handsome guy, you are the real idol."

"Handsome guy, I've decided you in my life."

“I must listen to your advice and be a rational powder.”

“You are the true male god, Wu Xiuxin is going to die!”

“I am mentally disabled, I am mentally disabled, I love you, handsome guy.”

Those female fans have started to take various pictures with their mobile phones.

Wang Yan turned black and hurriedly walked a few steps to avoid being blocked. Then a smoky cigarette ran to the beach. The clothes, hats and sunglasses stuffed in the fishing bag are put on one after another.

“Little brother, don’t be too busy to refuse, think about chanting more?” Zhao Qingtian whispered behind him, “Why don’t I personally be your agent to help you customize various TV shows, movies, and delivery You go to the hottest reality show. You do n’t want to worry, I will give you a guaranteed annual salary of 10 million. As long as you sign a contract with me, you will be billed in three days. “

Ten million? Wang Yan was dumbfounded. Although he said that after several times of transformation and evolution, he did grow up to be a male god. But I didn’t expect to eat by the face, and I could eat such a realm!

It is a pity that I am not interested in becoming a big star. The life of the National African Affairs Bureau is the most suitable for you.

“Mr. Zhao, you can stand up to me.” Wang Yan wore sunglasses and patted his shoulder coolly. “But I am very satisfied with my current job. And I am not short of money.”

The money is still lacking, after applying for interest-free loans to the unit and paying off the purchase price. There are hundreds of thousands of cash left in Wang Yan’s body, and by the way, he owes six million to the unit.

However, Wang Yan firmly believes that, with his own strength and efforts, he will soon be able to pay back the arrears.

With Zhao Jingtian left dumbfounded, Wang Yan once again crossed the group of female fans and walked towards the town's pier. Unexpectedly, the enthusiasm of that group of female fans is far beyond his imagination, all kinds of follow along, chat up and show love.

Fortunately, they listened to Wang Yan's persuasion, and their behavior was considered sensible. Wang Yan just quickened some steps and followed them.

"Boy, which company are you an artist?" Wu Xiuxin's agent Wei Wei, whispered with a sharp voice, "Do you still understand the rules? Even use this mean and shameless method to trample our family's Xiuxin reputation? Our fans! Believe it or not, I can't let you get mixed in minutes. "

...

The Domestic Hero - Chapter 79

...

Uh.....

Wang Yan stopped and looked at the voluptuously dressed man who pointed at the orchid and scolded, and touched his nose a little funny. Regardless of risk, I helped resolve their crisis. Even dare to injustice attack the Xiuxin by means of their own means?

To be honest, if it were not for today's affairs, Wang Yan had not even heard the name Wu Xiuxin.

"Little fat man." Wang Yan patted his face lightly and said angrily, "Before you speak, use your brains first. Not everyone likes to be an entertainer. In addition, I really don't believe you can let me mix Don't go on. If you can really do it, please come soon. "

After finishing talking, Wang Yan was carrying a big box and a fishing gear bag, just when he was about to flash people. However, the police in the Guzhen police station hurried to the scene. Taking the lead, Mr. Liu, who had had an intersection with Wang Yan, was awesome.

“Director Liu, you may be here.” The agent Wei Wei shouted sharply that the wicked first complained, “This little villain trampled on our RV and provoked the masses to attack our family Xiuxin. Just now, he, he Still hit me in the face! “

puff!

Wang Yan’s old blood almost spewed out. Just shot your face twice and called it slap? If it weren’t for watching the girly little fat man, he couldn’t help but fight, maybe he kicked him to feed the fish in the lake.

When Director Liu just frowned, he suddenly saw Wang Yan. After stunned for two seconds, he was dumbfounded on the spot. The heart was cold and trembling, and I couldn’t help but cursed. I was so **** up. Why did I hit this little ancestor again?

I heard that Guo Youde’s ending is miserable, and it has been officially dual-regulated. There are really many problems explained. It is estimated that at least one sentence of life imprisonment is required, and even the seizure of assets is inevitable.

If it was not Director Wu who came forward to save him, maybe his old Liu would also be involved, and these two days are being frightened.

What is all this for? Isn’t Guo Youde provoke this little ancestor without opening his eyes?

Director Liu really wanted to kick the girly little fat man on the ground and shot a hundred directly. He gritted his teeth in a white complexion, and scolded his face in a huff: “What a roar, do I know you well?”

Scared Wei Wei back two steps, patting his chest more than once.

Director Liu walked in front of Wang Yan with a guilty conscience, and carefully accompanied his smiling face and said, “Brother Wang, are you here to go fishing in the lake? How can I know my old Liu, I can arrange a boat for you A little boat. “

“I just play around casually, so sorry to nag Liu Da’s director.” Wang Yan replied nonchalantly. He didn’t have any favors for this director of Liu.

These words directly stunned Director Liu and wiped his cold sweat to please: “Brother Wang’s words are so out of your sight. It is an honour for me to be able to go fishing in the lake.”

“Come on, don’t flatter yourself.” Wang Yan replied lightly, “I will do my job in a down-to-earth manner and work hard to serve the people.”

After talking, Wang Yan carried the big box and walked towards the dock.

“Yes, someone from Liu will definitely work hard.” Director Liu said with a sweaty face, and promised loudly, “If I don’t do well in the future, I take off this hat on my head.”

Wang Yan didn’t look back, he just reached out and said he heard.

Hush!

Director Liu was relieved. This probably indicates that the young ancestor will not pursue himself anymore. Secretary Wu said that he only temporarily saved him from Secretary Tian, and he would have to see whether the Wang Zuzu ancestor would hold back. If the younger brother of the Wang family is determined to pursue him, it is estimated that Secretary Tian, who has been out of touch, will not be weak.

“Director Liu, you ...” Wei Wei was dumbfounded. When he was drinking with the place last night, Director Liu patted his chest and said that everything would help and gave the green light.

“Don’t recruit him!” Director Liu glared at him fiercely, “He is not something you can afford.” Then he called another policeman and said, “You go and talk to Brother Wang’s family to see if he has What is needed, help run errands before and after the saddle. “

The policeman led his life away.

This scene completely fell in the eyes of Zhao Qingtian who came after. He’s also dumbfounded. What is this handsome boy goddess?

Even the director of a police station was so awesome to him! This identity background is really extraordinary.

Alas, it's a pity. What a pity. If you can sign this brother named Wang, it means you have signed a gold mine. You say you don't want to develop in the performing arts industry, why are you so handsome? Waste is really too wasteful.

...

Wang Yan here hastened his pace, got rid of those passionate female fans, and got rid of the police. Then he boarded a speedboat that had been rented for many days and went straight to the center of the lake.

The speed of the boat was getting faster, and the sharp tip of the speedboat beat the clear lake rhythmically. In the roar of the rear engine, a long wavy water mark was pulled.

It was almost September and the weather was getting cooler.

Especially in this morning, while the sun is not poisoned, the morning breeze is cool. Driving a speedboat on the lake and feeling the coolness brought by the abundant water vapor is a great joy in life.

But Wang Yan did not come to enjoy, but to search for the D-class demon. This matter is not resolved, he can not end this holiday.

He patted the head of the little ferret and said, "You little lazy guy, get up and we're going to work."

Speaking of little ferret, this time is really getting lazier, relying on their own money, picking a variety of food to enjoy. Recently, I also learned to use a mobile phone to surf the Internet, drink two glasses of red wine before going to bed

The little ferret squeaked lazily and started sniffing east and west. Trying to find the monster. However, the surface of this lake is wide and the water vapor is heavy. With a thick water surface, its nose is not as good as the land.

One morning, it passed unconsciously.

Wang Yan found nothing.

At this moment. The sun gradually became poisoned, and Wang Yan was hungry. In desperation, I thought of going to a small bay not far away to catch a few big fish and grill them.

As soon as he adjusted the bow, he galloped away and reached his destination within five minutes.

Wang Yan did not set up a fishing rod, but jumped directly into the water wearing a pair of swimming trunks. A swing of these feet flew out like a fish. Look at him like this under the water, it is not inferior to the fish.

And his heart and lung function is very strong, holding his breath can stay for ten minutes underwater, has far exceeded the limits of ordinary humans.

At a depth of a few meters, the sun was already very light, and there was a gray area everywhere. A large snail green with a length of 5 meters is wandering at the bottom of the lake, arching the mud with his mouth, and eating the snail of the river clam inside.

In the dark, Wang Yan's vision is still very clear. With both hands gently twirling the water, approaching from behind it in the softest position, the big herring did not notice the danger.

Suddenly, Wang Yan squeezed his hands violently, and caught the head of the big herring.

This Mi Xu long herring weighs at least thirty kilograms, and its power under water is far beyond human imagination. As soon as the tail flicked, he wanted to break free.

In fact, even an experienced fisherman can't catch such a big herring with bare hands underwater. Not to mention dozens of pounds of fish, even a few pounds of fish have terrible power in the water.

Wang Yan also learned the know-how after these few days of practice. It is just by the power of terror that he catches big fish directly.

“Wow!”

Without much effort, Wang Yan grabbed herring's head and drilled into the water, letting it use its strong herring's tail to slap the water desperately had no effect.

Wang Yan threw the fish into the speedboat and allowed it to lap.

Swimmed it to the shore with one hand. After buckling the boat on the stump, he packed up the big herring.

His waterproof fishing gear bag is actually a guise. It contains knives, iron brazing, and seasonings such as salt, oil, cumin and pepper. In the past few days, he has solved lunch in this way.

After a few days, I have developed a good grilled fish skill for him.

He roasted the fish, even without the fire. Two hot flames erupted directly in his hands, wrapping the fish inside. This is also a way of practicing flame abilities, mastering the flame size, temperature, and the range of flames.

Just a few minutes, the spicy barbecue herring is just fine.

The little ferret could not bear the temptation of this smell, and he bit off a tail with a whine, and was not afraid of being hot. His claws were holding the fish tail.

"Hey, you don't have to be so cruel every time!" Wang Yan took a bite of the fish, the outside was tender and tender, and the taste was very delicious. He glanced back at the little ferret white angrily, "Snack goods, grab the best herring tail every time."

As the saying goes, the tail of the silver carp and the head of the silver carp are all excellent and delicious.

Clear blue sky, clear lake water, and empty wilderness. Wang Yan and Xiao Ferret were enjoying the delicious food they caught with their own hands. They also felt comfortable for a while, and they were at ease in their hearts.

The Domestic Hero - Chapter 80

...

A large herring with a length of more than one meter and a net fish of more than 20 pounds was eaten by Wang Yan and Xiao Ferret in less than ten minutes. Little ferret smashed it, smashed his mouth, and touched his round belly, looking satisfied.

Wang Yan also stretched out comfortably, and the dishes made by his mother at home did meet the taste. But the amount is too small, and a full rice cooker is not enough to give yourself a meal.

Every time he only ate a few big bowls of rice, he was afraid that he would eat too much, which scared his mother.

It's still good in the wild. You can eat half full if you catch a big fish. Moreover, there is no factory pollution source around this lake, the natural environment is good, the water quality is clean, and the fish meat is tender and tender.

Wang Yan wore sunglasses and naked upper body, lying on the grass under the shade of trees for a little rest. Erlang's legs were raised, a dog's tail grass was in his mouth, his eyes looked at the blue sky and white clouds, and his ears listened to the rustling sound of the lake waves against the shore. The oncoming lake wind blows on people's faces and skin. It's very cool and cozy, and it's quiet and peaceful.

There are all kinds of little ferrets lying on the edge of Wang Yan with their belly exposed. With two claws staggered in the back of the head, the two short legs also stretched Erlang legs, a relaxed and happy look.

This sleep, more than three hours of sleep.

When Wang Yan woke up and stretched his waist, he felt comfortable and full of energy. The feeling of fatigue in mind and body was swept away. Looking back, I saw little ferret snoring and slept soundly. Just picked a thatch, and after two breaks, revealed a thin tip of hair.

Twisted thatch, confusing in its ear nest.

“Squeak ~”

The little ferret screamed and jumped three feet high. He flew up the tree, pulled his ears desperately with his paws, and his cute eyes looked around cautiously. When it saw Wang Yan holding thatch in his hand, he was showing a smirk that made him laugh. The little ferret jumped into his arms with watery eyes, and twitched itchy in his armpit with his claws.

“Okay, okay, let’s not be angry, and amuse you to play.” Wang Yan laughed and grabbed it and hugged, “I see that you have become lazy and fat recently, so I will help you train vigilance. . Lest you fall asleep in the wild in the future, give some jackals and tigers or something. “

“Squeak ~”

The little ferret lifted his chubby jaw arrogantly, squeaking twice, indicating that the sister was not afraid of those weird wild animals.

“Just talk about it.” Wang Yan flicked his forehead with a finger, “I don’t know who it was, so I was caught so easily and almost sold to a foreign country to make a test product.”

“Squeak.” Little ferret protested, saying that it was a sister’s carelessness.

...

While Wang Yan was half-casual and half-caught.

In the morning, the Internet has already started.

The incident first broke out in the Wu Xiuxin Fan Base Camp Forum. Those active female fans posted a set of photos on the forum, and spoke out the story with emotion.

Afterwards, many main posts appeared.

“Who is the male god”, “How to distinguish the male **** from the mother goddess”, “The first intimate contact between me and the male god”, “In that second, I am only 0.11 meters away from the male god”.

Wu Xiuxin's Xiuxin fan base suddenly boiled. Many people initially thought that the so-called male gods were all about Wu Xiuxin. It turned out that all of them were stepping on Wu Xiuxin and holding a new male god.

In the event of Danghu Ancient Town, Wu Xiuxin's performance formed a sharp contrast with the new male god. Under the strength of the new male god, Wu Xiuxin is simply a leapfrog clown.

It stands to reason that the quality of netizens is now high, and ordinary water stickers and black stickers will be ignored. However, those who are willing to spend money and spend time to go to the ancient town of Danghu to cheer for Wu Xiuxin are already **** diehards. They are high-ranking and have many speeches in the forum.

Normally they posted posts that supported Wu Xiuxin, and now they have posted black posts, and suddenly set off a wave of huge waves. The detailed process, the exact audio and photo evidence. All indicated that they were not bullshit.

A large number of fans who did not participate in the Danghu Ancient Town incident also posted posts expressing their condemnation of Wu Xiuxin.

Forum administrators and fan executives constantly delete posts, ban speeches, and post various front-facing posts to fill the page. However, this kind of action even provokes public anger, and some who maintain neutrality can't pass it. Obviously Wu Xiuxin did something wrong. Doesn't he even have the courage to stand up and admit the mistake?

Of course, the reason why the incident is so big is inseparable from the photos of Wang Yan's handsome explosion. The sunshine is handsome, the angular handsome face, the slender and sturdy body makes people drool.

Jump off the roof and step out of the big pit on the luxury RV. And when he rescued the injured female fans, he sometimes wrinkled and sometimes soothed his eyebrows.

All of them let those female fans have heated discussions.

So the flames of war were getting fiercer, and the fan camp supporting Wu Xiuxin quickly collapsed. The Xiuxin Base Camp had to be temporarily closed to prevent the expansion of the disorder.

However, the top of the fan group obviously did not realize that the gaffe has exceeded the controllable range. In the absence of emotional venting, female fans burned the war to irrelevant forums, Weibo, Weixin, etc.

As long as they have a place to speak, they can see footprints everywhere. A few hours later, hundreds of female fans on the scene had organized dozens of groups and shouted the slogan of Wu Xiuxin's unstoppable and endless war.

This iron powder action against Wu was quickly sniffed out by major entertainment media. In order to attract clicks and attract attention, they actively participated in it.

As soon as a large number of professional entertainment media intervened, the incident quickly heated up. By nearly four o'clock in the afternoon, the entire Danghu ancient town incident had fermented to the top three in the hot news search list.

...

"Uh....."

In the office, Feng Yuande rubbed his temples, some headaches, and some looked at the computer in front of him with a smile. Wang Yan's photos on the computer are very handsome, the sun is clear, and he is upright.

This kid is really not a fuel-efficient lamp. Let him take a vacation home to relax and relax. Did n't you come this week? So much trouble happened, and I was too late to wipe his **** every day.

"Feng, Director Feng." Little Rabbit asked timidly, "Do you want to contact the relevant departments to suppress this wave of news hype?"

"Now that the media is so developed, it has become a wildfire, how can it be suppressed?" Feng Yuande shook his head and said, "Let them go. Anyway, these propaganda are positive images for Xiao Wang, if it is not our unit It's quite special and needs to be kept secret. I want to push him out as an image facade. This kid is really getting more and more handsome. No wonder it makes those female fans so crazy."

There was a stinky kid in his mouth, and he was in trouble all day. However, Feng Yuande is still somewhat proud of himself. Wang Yan is a future pillar that he values very much, and it is good to

erect more positive images. Look at the boy's decisive handling of emergencies, his outstanding character and his handsome look. Where is the sissy little white-faced star comparable?

Worthy of being Feng Yuande's person, I am capable.

"Also, there are some negative news." Little Rabbit said weakly. "The public relations department of Wu Xiuxin Company has started to try to discredit Brother Wang Yan. He said that he deliberately designed speculation and vicious competition."

"What !?" Feng Yuande's face was black, and he was violently thunderous. "Immediately notify the relevant departments to severely crack down on the unhealthy media that created rumors and smears. What's the name of that entertainment company? Please ask the comrades of the relevant departments to console. Unwilling to stop rumours, I asked him to close the door within three days."
“

"Yes, I'll do it immediately." Little Rabbit secretly sweated, and Master Feng is really a famous protector. Especially for the big brother Wang Yan, it was a little spoiled.
