Chapter 22 - Enjoyable meal

Although it hasn't arrived yet, let it be released in advance, thank you for the 588 reward for the life of Yunshuixin. "Sorry, there is no Rafi in 1982!" The waiter's professionalism made him disguise his disgusted expression very well.

"Let's order something else!" Yangyang hurriedly pushed Fu Wei. Girls always pay more attention to fashion. Fu Wei's ordering method is obviously unconventional.

Lv Qiuqian smiled and said nothing. In the summer of 1982, the climate in Bordeaux was hot and not dry, allowing the grapes to ripen earlier; the harvest coincided with sunshine and almost no rain- this is a perfect climate for grapes .

However, the annual production of Lafite winery is between 180,000 and 240,000 bottles. In order to exclude some private collection products, the number of Lafite circulating in the market is not enough to enjoy the novel protagonist one year, that will be everywhere .

Yang Yang took the menu and considered a relatively low-priced set meal, and then handed the menu to Lu Qiuqian; Lu Qiuqian ordered the appetizer, main course, dessert and meal as he saw in the book After drinks, choose Pinot Noir from Burgundy, and sweet and white wine from French Su Ding with red meat dishes and white meat dishes, respectively.

"You look so professional!", Yang Yang started to stare at the stars. For girls who think they have some taste, if they want to win their good light, they can't do it by smashing money. They must show his elegance.

Chef Michelin's three-star chef is really superb. The three people who ate this meal are full of heart, but Fu Wei alone suppresses his anger to cut the steak.

"How did you find the vacancy?" Lü Qiuqian whispered to Patrice while others didn't pay attention.

"I called the embassy, they often need to entertain guests on such occasions.", Patrice shrugged, it seems that such things as entertainment are not uncommon in that country's officialdom.

“Hello, I ’m the chef Buson of this restaurant. How many of you are satisfied with the dishes this time?” Just as they took a break, a fat figure wearing a tall white hat The cook came to them.

“It’s good, but the steak is a little bit undercooked and a bit chewy!” Fu Wei replied pretendingly.

“Thank you for your reminder, I will pay attention next time!” Chef Bousson replied politely, but he was roaring in his heart. This level of cooking can reflect the tenderest meat quality of the steak. At the same time, he drew a cross on Fu Wei’s head, and he might not be able to enter here next time.

“The fish skin is extremely crispy, and it is paired with just the right soft fish meat. The softness is crispy and the taste is very rich; and I also tasted a special fragrance, which should be used in the process of cooking. Isn’t it? “, His modified body allows him to perfectly use the cooking ingredients and procedures of this dish to rely on his tongue!

“Thank you for your compliments, it is our lifelong mission of the Busong family to deliver delicious food to our guests!” The smile on the face of the fat chef is very sincere. For the chef, there is no better customer than a gourmet.

He took a business card from the waiter and handed it to Lu Qiuqian. “Welcome to visit the shop again in the future. If you need to locate it, you can call this directly. If you want to go to other Michelin restaurants, you can also find me. Lao Bu Song is very happy to introduce You go to taste the cooking skills of those old friends! “

I am the one who obviously wants to pay! Fu Wei now burst into tears.

“Wow, can you still cook?” Invite me to taste your craft with you, I will not refuse! Yangyang became more and more curious about Lu Qiuqian. She learned well, she was tall, she had a good figure, and she might have good cooking skills. If she now knew the word male, she would definitely put it on Lu Qiuqian’s head.

“Yangyang, I will cook too! I will make fried noodles for you!” Fu Wei is often thrown by his parents at home, and the cooking skills are really good.

“Hey! The fried noodles are too greasy and fat!” Yang Yang looked at Fu Wei’s raised belly in disgust.

Girls' so-called appreciation of cooking is to see a handsome guy with a nice white figure wearing a white chef's uniform and fried steak. Who wants to see a black fat man with his shirtless sweaty noodles!

"Okay, you have time to go to our school, I remember the dormitory seems to be ready to cook!", The most exquisite cooking skills are selection of materials, knives and fire, which is not a problem for Lu Qiuqian now.

"Okay! Do you have time next weekend?" Yang Yang immediately climbed up the pole, "I've long wanted to visit Princeton!"

Amount, I don't necessarily have time! "I have recently completed a paper, and I am afraid that I will have to stay up all night next weekend!" Lu Qiuqian said regretfully.

"Oh! Then next week? Next next week?", Yang Yang is chasing.

"I will give you a call when it's free!" The things haven't been bought yet, can you offend the girl?

"Yes, then it's done!" Yang Yang shook his phone, "I'll call you next week!"

Fried noodles are really delicious! Fu Wei continued to burst into tears in the corner

Thank you, Patrice, I was very happy to eat this meal today! "After eating the last bite of dessert, Yang Yang smiled with satisfaction.

"It's my pleasure to serve such a beautiful lady!", Patrice nodded and responded, thinking he was an English gentleman if he didn't look at his skin color.

It was my suggestion to come here! Why doesn't anyone care about me?

"Okay, let's go now if we're full!" Yang Yang began to turn over his wallet. "Since you plan to invite me to dinner next week, this meal will be treated as if I will give you the wind!"

"Don't say good to me!" Fu Wei hurriedly stopped Yang Yang. Perhaps he felt that it was not appropriate for the public to pull and pull, and he pushed it a bit off. Yang Yang still gave Fu Wei the right to pay.

When the four people came out, Fu Wei burst into tears with the bill for the third time. The mother's egg had been exchanged for RMB 10,000, and she was not fully fed. The most abominable thing was that it was all done by others. !

The four people took a taxi to the computer store. Lu Qiu Jian walked between the various brand stores and reported the model names of the accessories around the mouth. Then Patrice was responsible for swiping the card to pay the bill. After a while, the box next to him Piled up into a hill.

Has been shopping for more than two hours, and the accessories needed by Lu Qiu Jian are finally purchased. A few of the accessories that are not available in stock have also been selected for other similar models.

But he couldn't wait for these things to be mailed to Princeton, and he simply called a car and put them all in the car; then he waved goodbye to Yangyang and Fu Wei, and got on a pickup with Patrice, and went directly to Princeton from here The town drove to
