

## Dan God 1011

## Chapter 1011

Heaven Thunder Devil Lord never thought that Chen Xiang would use this kind of move, to be struck squarely by the Great Void Star Seal. At this moment, not only did his body receive a heavy injury, his body was also suffering the same fate.

The Heaven Thunder Purgatory had shrunk by a lot. Right now, it looked like it was only the size of a city, and the remaining Heaven Thunder Purgatory s had all been destroyed without a trace, without any signs of life. Most of their energy had been lost, meaning that the Heaven Thunder Devil Lord no longer had any energy left to absorb.

Chen Xiang rushed over from the distance, like a bolt of lightning, waving his Green dragon demon-slain broadsword, releasing the profound meaning of the word "suppress" from the Holy Devil-suppressing seal. The two types of restraining the demon combined to form a huge word "Golden Dragon Town", which was like a treasure mountain smashing down from the sky onto Heaven Thunder Devil Lord's body.

"AA  
HHHHHHHHHHHHHHHHHHH!" The Heaven Thunder Devil Lord shouted in anger, using his withered black claw to break the character 'Golden Dragon Town' with all his strength. At the same time, his arm was shattered as black blood was flowing out from his severed arm.

"If you hadn't exhausted the power of Heaven Thunder Purgatory, I would have already squashed you to death! Don't be too complacent, the only time you can defeat me is when I'm at my weakest! " Heaven Thunder Devil Lord suddenly calmed down, giving Chen Xiang a bad feeling.

"There aren't so many 'ifs' in the world!" Chen Xiang let out a cold shout. The Devil-suppressing holy power and the Dragon Power intersected, forming a terrifying golden-white energy. In two steps, he arrived in front of Heaven Thunder Devil Lord and waved his fist at Heaven Thunder Devil Lord's body.

Chen Xiang mercilessly punched Heaven Thunder Devil Lord's body. With a pair of explosive fists that emitted a violent power, he continued to wreak havoc on Heaven Thunder Devil Lord's body, fist after fist.

"If you hadn't trapped us, you wouldn't have done that!" Chen Xiang's fist landed on Heaven Thunder Devil Lord's mouth and shattered his sharp teeth.

"You can't kill me!" Heaven Thunder Devil Lord's body suddenly turned into black qi and disappeared into the ground. "I will trap you to death, haha ..."

Chen Xiang stomped the ground and shattered the huge earthquake. After that, he floated into the air and took out Holy Devil-suppressing seal, making the Holy Devil-suppressing seal look like a huge mountain. Then, he controlled the Holy seal to smash everywhere, causing the air to tremble violently.

Every time Chen Xiang used his Holy Devil-suppressing seal to blast out a word, Heaven Thunder Devil Lord would let out a painful cry.

"I will definitely get my revenge!" Heaven Thunder Devil Lord's sinister voice drilled into Chen Xiang's mind. Chen Xiang suddenly felt a surge of spatial energy wrap around him.

This Heaven Thunder Devil Lord actually wanted to teleport him out!

"You're only letting me go now? "If you're too late, I'll kill you before I leave!" Chen Xiang made the Holy Devil-suppressing seal become bigger, enveloping this Heaven Thunder Purgatory that had become very small. If he were to smash it down, the consequences would be unimaginable.

"Subdue!" Chen Xiang roared out, the Holy Devil-suppressing seal shone with a holy light, and when the word Zhen landed, it looked like a symbol of devilish extermination. Under this slow pressure, the entire Heaven Thunder Purgatory was trembling, and all the rocks of various sizes were crushed by the pressure.

If Chen Xiang had not stopped them from leaving earlier, they would not have been able to come out safely. If Chen Xiang had entered the spatial gate with them, then the Heaven Thunder Devil Lord would have definitely used his strongest power to shatter the space, and all of them would have died by then!

At this moment, the place where they had landed was clearly visible to everyone. However, it was much smaller now. They knew what the size of the whirlpool meant!

There were many people watching Heaven Thunder City, especially the White Tiger. He felt something, and it was very shocking, because he didn't expect Chen Xiang to be able to fight evenly with the Heaven Thunder Devil Lord inside, and in the end, even seemed to have restrained himself!

"This vortex is quickly shrinking. Could it be that the Heaven Thunder Devil Lord is going to be defeated? What exactly happened inside? "

"Chen Xiang is inside. Maybe he is fighting a great battle with the Heaven Thunder Devil Lord!"

"Chen Xiang defeated Heaven Thunder Devil Lord? Didn't those old fellows from the ancient powers swear on their hearts that the Heaven Thunder Devil Lord had once injured the Ten Heavens Supreme Lord? That is a very powerful existence, how could he be defeated by Chen Xiang? "

There were many different opinions from the Heaven Thunder City, and many of the big shots of the big powers all stopped what they were doing and anxiously found the best spot, seeing the change in the Qi tornado, they were most worried about Gu Dongchen and the rest, and then the people who said that Chen Xiang was definitely going to die.

"That cyclone disappeared!" someone shouted in alarm.

The originally enormous cyclone that covered 10,000 miles began to shrink before, but now it suddenly vanished!

The moment the Qi tornado disappeared, a blinding gold light shot out, causing many people to feel pain in their eyes, they only felt a very holy Qi attacking them, following that, the ground started to tremble, and many parts of Heaven Thunder City were shaken to the point that they cracked open.

The golden light disappeared, and everyone immediately saw two figures appear in the distance. One was a handsome man with a ferocious green blade, and the other was a sinister looking Heaven Thunder Devil Lord who was badly mutilated.

Those who were able to clearly see this scene were instantly stunned!

Chen Xiang was really fighting with the Heaven Thunder Devil Lord, and was even forcing her to keep the Heaven Thunder Purgatory. This meant that the Heaven Thunder Devil Lord was forced into a desperate situation, and even the Heaven Thunder Purgatory was destroyed.

The Heaven Thunder Devil Lord gasped for breath, his body was releasing black Qi, he kept the last of the Heaven Thunder Purgatory, he increased his strength a bit more, but the situation was not looking good, he suddenly rushed towards Chen Xiang like a ghost, at the same time grabbing onto Chen Xiang's chest, he wanted to take out the Killing-god heart s that he was afraid of!

Shadow Shifter! Chen Xiang immediately used this move to change the position of a huge boulder on the ground. The Black Tortoise Divine Technique also had a Shadowshape Transformation skill, but it was not comparable to the Imperial Dragon Race's ability to consume it!

Heaven Thunder Devil Lord grabbed the stone, but Chen Xiang was already on the ground, a terrifying pressure was suddenly released from high in the sky, and the earth started to shake.

's body overflowed with a large amount of Devil-suppressing holy power. At this moment, he had fused with the Holy Devil-suppressing seal, and could be said to be borrowing the Holy Devil-suppressing seal's power. Although it was extremely harmful to his body, this was the only way he could kill the Heaven Thunder Devil Lord.

"I only have one last bit of strength left!" Long Xueyi was currently a little weak, and his voice did not have the same kind of anger as before. Chen Xiang naturally knew that letting Long Xueyi consume too much would not even benefit him.

"It's the last strike!" Chen Xiang's voice was heavy.

Heaven and Earth Devil Suppression Seal! Chen Xiang merged the Holy Devil-suppressing seal into his own energy and fused it into the Divine Sense Sea, releasing the divine power and Devil-suppressing holy power, executing the Triple Killing technique!

The power that had been brewing in the sky suddenly turned into a giant town, golden flames of lightning flashed and coiled around the huge town, while the trembling ground was also torn apart, and a golden town word appeared on the ground, it was as big as a city.

At this moment, Heaven Thunder Devil Lord was right in the middle of these two words. He was locked down by a terrifying pressure, and that kind of power seemed to have been formed naturally, specifically restraining the power of the demons. The Demon Empress, who was in the distance, was suppressed extremely badly by the pressure released by those two words. The other demons were no exception!

When the two words "town" appeared, it merged together with an extremely quick speed in the blink of an eye. Then the space shook and the two characters "town" and the Heaven Thunder Devil Lord disappeared with a burst of golden light!

Long Xueyi withdrew his power, and the Holy Devil-suppressing seal also separated from Chen Xiang's body. Chen Xiang placed a Relive Dan into his mouth, and then fell limply to the ground!

He had defeated Heaven Thunder Devil Lord, and the entire place was silent!

## [Chapter 1012](#)

The fact that Chen Xiang had defeated the Heaven Thunder Devil Lord was right in front of them, and before anyone could even discuss about it, a few rays of purple light flashed across the sky, and with a glance, one could tell that it was the people from the Purple Moon Imperial Land, and they were all experts. Chen Xiang had killed their Leader and the Son of Heaven, so the Purple Moon Imperial Land was definitely going to take down Chen Xiang in order to protect his reputation.

"You want to touch my disciple? No way!" Huang Jintian shouted in anger, only to see a black light suddenly chasing after the few experts of Purple Moon Imperial Land.

The black light turned into two giant palms, emitting a mysterious and terrifying aura, as if it was about to tear apart the sky.

The pair of big hands made a gesture as if it was ripping something apart, when the sky suddenly cracked open, and a terrifying force flew out, striking the Purple Moon Imperial Land Warriors.

"Sky Spill Hand!" He instantly arrived beside Chen Xiang, grabbed Chen Xiang and immediately disappeared. Although there were many people staring at Chen Xiang, no one could see his figure, they all assumed that Chen Xiang used some kind of secret technique to make himself disappear!

"Huang Jintian, you covered up Chen Xiang, what do you mean by this?" Chen Xiang had already run away, and what's more, it was a once in a lifetime opportunity just now. If it wasn't for Huang Jintian stopping them, they might have been able to attack Chen Xiang from afar.

"He's my disciple, how can I watch him being bullied by all of you!? You bunch of bastards. Do you really think I'm afraid of you?" Huang Jintian was really not afraid, his move just now had shocked many people.

With Three Realms Talk at the brink of destruction, the people of the Purple Moon Imperial Land did not want to stand against him. They knew that if they angered the Super Martial School, it was equivalent to becoming enemies with the entire Chen Martial Continent, and the Chen Martial Continent had allied themselves with the Peach Blossom Imperial Land, it was said that the Devil-subduing College was also standing on the side of the Chen Martial Continent. Thus, the Purple Moon Imperial Land could only grit their teeth and endure.

In a small hut far away from Heavenly Thunder Chen, Chen Xiang had already recovered a lot, but his current physique was extremely strong, it was not something that a Relive Dan could completely recover.

Chen Xiang slept soundly. After waking up, he walked out of his room and saw the White Tiger sitting at a wooden table, reading a book.

"Strange, why would the Killing-god heart be inside the Heaven Thunder Purgatory?" When the White Tiger saw Chen Xiang coming out, it asked curiously.

Chen Xiang never thought that the White Tiger would come out on its own. Looking at this middle-aged man who looked so normal, he suddenly felt fear in his heart, even though he had already obtained the complete White Tiger Divine Weapon.

"At that time, I also felt very surprised, Senior did say that the other half of the White Tiger Divine Weapon was in the Emperor's Tomb!" Initially, he had felt that the Emperor's Tomb was not within the Ten Heavenly Sacred Mountain. However, the White Tiger had said that the Emperor's Tomb was within the Ten Heavenly Sacred Mountain and half of the White Tiger was within.

Chen Xiang now understood why the White Tiger said that the Killing-god heart would be in Emperor's Tomb. It was because this was also the heart of the Ten Heavens Supreme Lord.

"That's why I said it's strange! Looks like I don't really understand some things regarding Qi Shi. Emperor's Tomb might not be in the Ten Heavenly Sacred Mountain, or ... Emperor's Tomb can move! " The White Tiger was very mysterious.

White Tiger's face suddenly darkened. "You brat, why did you use my appearance to trick me earlier? What else have you done with my appearance? "

Chen Xiang laughed and said, "About that ... I only used it once, and then I stopped using it! "

"That's right, what happened to Sister Blue and Yanran?"

"Fortunately, their potential is great. I will do my best to stimulate their potential!" The White Tiger did not pursue the matter of Chen Xiang pretending to be him and asked curiously, "How did you defeat the Heaven Thunder Devil Lord? Although this fellow has been struggling until now, his strength is not worth it at all! "

Chen Xiang laughed, then told the story to the White Tiger.

After hearing it, the White Tiger let out a sigh, "In that case, this Heaven Thunder Devil Lord is asking for trouble. However, you have used too much Heavenly Alchemy!"

"Too much?" Chen Xiang told the White Tiger what happened because he wanted to see how much the White Tiger knew about the Heavenly Alchemy.

The White Tiger's tone suddenly became very strict, "Back then... It was because Qi Shi had used the Heavenly Alchemy excessively, that was why such a thing happened. You have to use it at your discretion. This is not a joke, because you are equivalent to stealing a lot of heaven's power! This is also why the Robbery power was especially strong when crossing Nirvana Doom! "

"It's fine if you refine some beasts, but if you refine the ocean, the mountain, the sky, and the stars ..." If you go too far, you will be in deep trouble, and at that time, I won't be able to help you.

Chen Xiang could hear the words of a god. He had already sensed that there was an existence in the world that could actually make a Divine Beast of the same level as Bai Hu become much stronger than him. If even the White Tiger seemed so powerless in front of them, then what about him? Wouldn't that be even smaller!

"Senior, I have a friend who came out from a dimensional door inside the Heaven Thunder Purgatory, but he ..."

White Tiger immediately understood what was going on and shook his head. "I have no other choice after entering the chaotic space. It's very difficult to find him in the chaotic space. The chaotic space there can instantly rush him to who knows where."

Duan Chong was not weak, he could only pray that Duan Chong could survive so he could think of a way to leave this chaotic space.

"I still need to stroll around. I will be in Pill City in a while. At that time, you should be able to find me." The White Tiger said.

"At that time, you don't have to go to Pill City, you can go to Dragon Subduing City!" Chen Xiang said.

After that, he slowly walked out of the small courtyard and disappeared into the forest. However, Chen Xiang had changed his appearance a bit and immediately went to the Heaven Thunder City.

Without Luotian Gate, Chen Xiang could not cross the space immediately, and could only step on the Shrinking step to travel.

On the way, Chen Xiang asked Long Xueyi: "Little Naughty Dragon, are you better now?"

Long Xueyi said in high spirits: "It's fine now, I just ate something and I'll be fine!"

"Did you eat something?" Chen Xiang curled his lips, in his mind, he could already see the big suckling dragon shaking its chest and sitting on the ground, wolfing down a large amount of spirit fruits.

"Yeah, I can fight another three hundred rounds now!" Long Xueyi laughed.

"Are you going to strip naked and fight me?" Chen Xiang teased.

"Hmph, even if it is, you won't be able to win! Little Scoundrel, I'll tell you solemnly, you're just my god, don't be too proud! Even if you truly obtain my body, it would be difficult for you to obtain my heart. Long Xueyi said seriously.

Chen Xiang gave a long "Oh" before asking, "How do I get your heart?"

Long Xueyi thought for a while, then said: "Give me a lot of delicious things, after a while, I might be able to fall for you!"

Chen Xiang laughed, this little gluttonous dragon already couldn't leave him, because he had many good things that he couldn't eat.

### [Chapter 1013](#)

When Chen Xiang arrived at Heaven Thunder City, he quickly found Yun Xiaodao and the others. They had secretly left some signals in the city, which Chen Xiang followed to find them.

At this time, the Heaven Thunder City was talking about Chen Xiang defeating the Heaven Thunder Devil Lord, and laughing at all the ancient powers. Back then, those ancient powers said that Chen Xiang was dead for sure, and there were even some old fellows who swore that if Chen Xiang could return, he would do whatever he wanted, but now, they were all silent and did not talk about those things.

Most of the rogue cultivators in the city hated those ancient powers, many of them were initially tricked into it, and were enslaved, robbed, and oppressed. Therefore, those ancient powers were now very unpopular, and a few powerful and prestigious rogue cultivators had already started their secret operations, planning to form a large number of alliances.

Chen Xiang and the others were in a luxurious room in a hotel, a few of them surrounding a table full of sumptuous dishes, but they had no appetite, because Duan Chong had not come back.

"Old Man Duan is very powerful. You all don't have to worry. Sooner or later, he will escape danger!" Chen Xiang said: "With our current strength, compared to the New Imperial Heaven World, we are nothing! Although I can defeat the Heaven Thunder Devil Lord, but that is only through luck. If it was a human old fellow, I might have died a long time ago! "

Chen Xiang possessed the power and treasures to restrain Demons. When dealing with Demons, he could cause heavy injuries to Demons, but if it was a human, they would be very difficult to deal with.

"We'll leave after we finish eating. Our Dragon Subduing City might already be built, let's go back and take a look! When the time comes, I will let you all receive my training in the Dragon Subduing School! " Chen Xiang had already arranged some cultivation plans for Yun Xiaodao and the others, so that they could follow the Earth's Core Race to cultivate.

Chen Xiang, Yun Xiaodao and the rest of the six stepped onto the Transmission array, left the Heaven Thunder City, and arrived at the Pill City. Then, they walked from the Pill City to the vicinity of the Evil Dragon Graveyard!

"Our Dragon Subduing School is inside there. The place that suddenly appeared is the Dragon Subduing City!" Chen Xiang pointed to the large black miasma that was seeping out of the Evil Dragon Graveyard, it was released to allow the Earth's Core Race to safely establish a city. Under the cover of the black miasma, no one dared to step in.

Yun Xiaodao said excitedly: "Haha, in the future, I am going to be Elder Yun!"

Zhu Rong looked at him in disdain, "Don't even think about it, with your little strength, you want to be a Mountain Opening Elder? It's fine if I do it, but just call me Elder Zhu from now on! "

Xiao Chou clenched his fist and laughed: "I am not the Clan Elder, I am the one meddling in this mess. I prefer fighting, or being in charge of going out to beat people up, Clan Elder does not care!"

"I think so too!" Teng Ying nodded, although he did not say much, but his entire body was filled with the blood of battle.

"This is good, the position is not important to me, I can contribute to the Dragon Subduing School, or if there is something I can do, then it will be fine." Xv Weilong slanted his eyes as he looked at Yun Xiaodao and Zhu Rong.

"I think I can manage the accounts!" Lian Mingdong laughed, "Old Zhu and I will settle the score, why don't you four fight together! They will form four great King Kong! "

Xiao Chou said with a serious face, "I think we should all have the same hairstyle, for example, all of our heads should be shaved!"

Yun Xiaodao, Xiao Chou and Teng Ying immediately objected.

"All three of us have hair, why do you want us to shave our heads just like you?" Yun Xiaodao patted Xiao Chou's head, "You should have some hair on your head, your head will affect the image of our Four Great King Kong!"

Xiao Chou's face was filled with displeasure: Why don't you go and tell Elder Wu that his baldy affected the entire Super Martial School's image?

"Alright, alright, let's talk about this later!" Chen Xiang smiled and stopped them from arguing.

The black Qi immediately opened up a path for them. After walking a distance, they saw a city that was tightly surrounded by a huge black iron wall, the city gate was also made of black iron, there were two huge dragon heads on the door rings, and on top of the gate there were also two black dragon heads with big mouths, as though they could shoot out an extremely terrifying power at any time to destroy everything!

Although it was a bit dark, they could still feel the shock brought about by the city!

"I suddenly want to become a City Lord!" Long Xueyi muttered.

"Alright, you can stay here as City Lord!" Chen Xiang laughed.

"No, there's nothing to eat." Long Xueyi said: "I was just speaking casually."

Yun Xiaodao and the others looked at the city walls and gates, stunned for a long time.

"Although it is not as big as Pill City, it will definitely be more lively than Pill City in the future!" Zhu Rong said, "Pill City is being scolded badly right now, and many people have joined hands to stop buying those expensive pills. If Dragon Subduing City can rise in power and provide enough pills, it will definitely attract a lot of people.

Zhu Rong was already a businessman in the first place, and the first time Chen Xiang had met him, he had already been tricked by Zhu Rong.

"That's right, and I'm adding fuel to the fire. I did some small things in the Pill City and made the great pill shops' reputation worse. Now, we only need to open the city!" Li Baojun suddenly appeared. He had heard the news about Chen Xiang previously, and seeing that Chen Xiang was able to return, he felt a lot more at ease.

Chen Xiang and the others had long known that Li Baojun was a very powerful Dan King. They had a clear understanding of the matters of the Alchemy City Dragon Subduing Dan Hall, and they immediately bowed respectfully towards Li Baojun.

"What about Elder Iron and the others?" Chen Xiang did not see Earth's Core Race.

"He went back a long time ago!" Li Baojun walked to the door and the door slowly opened. The interior's layout was the same as that of the Dragon Subduing School, but many buildings had been converted into shops, and there was even a tall and majestic City Lord's Mansion. Some of the areas were even flat, and after someone rented out the land, they could build their own way.

"Elder Li, how are you preparing on the pills?" Chen Xiang asked.

"It's about time, the Alchemist s we invited are all very outstanding, and they have given us a lot of help. If we open the city, we can attract many small and medium-sized alchemist powers that have been oppressed by the Dan Alliance, and there are even large alchemy shops. I have investigated all of these!" Li Baojun said.

Chen Xiang nodded: "It's been hard on you!"

Yan Yanran and Lan Lan were no longer there. These things could only be done by Li Baojun alone.

"The great formation of this city has already been set up, and it is all made by the Earth's Core Race, and they even used the power of the dragon fountain, which is why they are so strong!" Li Baojun was also very excited: "Now, you only need to control the dragon vein to transfer the energy. At that time, the whole city's spirit energy will be extremely dense!"

#### [Chapter 1014](#)

Only Chen Xiang was able to control the dragon's vein. Now, Chen Xiang brought Yun Xiaodao and the others and entered the depths of the Evil Dragon Graveyard.

Coming to the center of the city, they saw a city even grander than the Dragon Subduing City. Yun Xiaodao and the others were deeply shocked.

walked towards the palace that led to the center of the earth. Inside, there was a place where Transmission array could enter into the depths of the earth, a place where the dragon veins were buried.

Chen Xiang came to the center of the earth, and greeted Tie Li and the others. Then, he entered the mouth of the dragon vein and summoned the dragon pearl, controlling the dragon vein to channel its power into the Dragon Subduing City.

The formation inside the Dragon Subduing City had long established a connection with the dragon vein. As the dragon vein provided a vast amount of energy, the spirit energy inside the Dragon Subduing City became denser, and all the formations inside were activated. The entire city was filled with a frightening aura.

At this time, Chen Xiang brought Li Baojun and the others deeper in. Tie Li had already agreed to it earlier, and there were still places below that were beneficial to people's cultivation.

The Earth's Core Race was very strong in itself, and only by eating Spar would they grow, and they would do some things here everyday to increase their own strength. Otherwise, they wouldn't be able to establish so many grand cities so easily.

"This is a dragon's vein, no wonder that group of fellows were so flustered and exasperated. They know that this kind of good stuff is here, but it's not theirs," Zhu Rong said with a smile as he looked at the gigantic dragon head that the Spar had turned into.

"You guys should learn some skills from Elder Iron. Back then, their ancestors were known as the Steel Lion Army by the side of the Ten Heavens Supreme Lord," Chen Xiang said to Yun Xiaodao and the

others. Although the Earth's Core Race was cursed and couldn't see the sun, they didn't throw away their inheritance.

Chen Xiang guessed that the Earth's Core Race was the same as the Duan Clan, they were proficient in multiple skills. Otherwise, they wouldn't be called the Army of God.

The people of the Earth's Core Race were all very gentle and easy to get along with, and was quickly accepted by the young men of the Earth's Core Race. Furthermore, they were very surprised that Teng Ying's identity was actually a Kylin thunder eagle, which greatly expanded their horizons. They had stayed here for a long time, and it was only because they heard of it that they had not personally seen it.

Chen Xiang and Li Baojun came to the surface, and started to discuss about the Dragon Subduing City.

"What are your plans regarding the Three Realms Talk? There's still more than a month's time," Li Baojun said.

"Most of the strong and powerful people are currently in the Heaven Thunder City, but there are still many people in the Pill City who want to buy pills, I feel that this will not affect the establishment of the Dragon Subduing City. You should arrange for the Alchemist and the good people to be there first, and open our shop in the Dragon Subduing City," Chen Xiang said.

"I will invite a few people to the Pill City to open a shop, we will mainly take over the middle and high tier realm, low tier or low tier pills, so that I won't compete with them," Li Baojun said. The high tier pill market was also very big, although there were not many people who bought them, the prices were high, and there was no need for so many of them to be refined.

"Leader, will you appear then?" Li Baojun asked.

When the time comes, Dragon Subduing City will appear again and stabilize, so it won't be that easy for the other forces to take this opportunity to suppress me. Right now, I have provoked another Purple Moon Imperial Land, "Chen Xiang said." I'll leave everything of Dragon Subduing City to you, at that time, I'll just watch from the shadows.

Earlier, Li Baojun had recruited a lot of Alchemist to help him refine pills. He was a Dan King with outstanding skills in alchemy, and would occasionally guide a few Alchemist s, thus many Alchemist s respected him greatly. This also allowed Li Baojun to contact some of the smaller forces in the pill business, and the majority of them were currently in Dan City while the majority of them were still alive, because the entire Dan Alliance was suppressing them.

Chen Xiang headed for the Devil-subduing College. As the Principal, Zuo Zhenxuan could frequently contact the experts in the Heaven Realm. His own strength was not weak, and he had some prestige in the Human Realm.

"I thought you went to the Heaven Thunder City," Chen Xiang said as he snuck into Zuo Zhenxuan's house.

Zuo Zhenxuan was practicing his martial arts in the courtyard, when he saw that Chen Xiang had arrived, he was no longer surprised.

"You have done a lot of things in the Heaven Thunder City, but you will have a lot of trouble in the future. Some people saw that you were fighting with those Heaven Devil King s using Holy Devil-suppressing seal," Zuo Zhenxuan looked at the frowning Chen Xiang and continued: "The Devil-suppressing Divine Palace above have always been looking for Holy Devil-suppressing seal, and now that it is in your hands, I'm afraid that they will probably send people down here to ask for it soon."

"In that case, I want to become your enemy," Chen Xiang laughed.

Furthermore, I am only managing the entire Devil-subduing College, so there is no need for me to offend you for them to fight over the Holy Devil-suppressing seal, "Zuo Zhenxuan laughed," Only by obtaining the Holy Devil-suppressing seal can you become the hall master of the true Devil-suppressing Divine Palace, so you should be the hall master of the Devil-suppressing Divine Palace now. I also have to listen to your orders, but those guys up there will not recognize you.

"Old Zuo, I told you before that I want to join the Three Realms Talk. Do you still remember?" Chen Xiang came here to let Zuo Zhenxuan recommend me to join their Three Realms Talk.

"Remember," Zuo Zhenxuan nodded his head: "The sect you belong to has fulfilled the requirements."

Chen Xiang laughed: "Old Zuo, this sect is not very popular."

"Don't worry about that, I can still speak up for myself in Human Realm. Although Devil-subduing College doesn't have the history of those ancient powers, if we fight, we might not necessarily be weak," Zuo Zhenxuan asked: "Which sect?"

"Dragon Subduing School."

Zuo Zhenxuan was stunned for a moment, then sucked in a breath of air, "It is indeed very unpopular, and many ancient powers are planning to join forces to attack the Evil Dragon Graveyard, and then divide the dragon veins within."

Zuo Zhenxuan was not surprised at all that he had joined the Dragon Subduing School. Chen Xiang had always been fighting against the ancient powers, and the Dragon Subduing School was also the same. Back then, the Dragon Subduing Dan Hall had stirred up a huge commotion and offended a lot of powerful forces.

"Old Zuo, can you recommend the Dragon Subduing School to participate? Is the Dragon Subduing School qualified?"

I can give you a jade plate, but this jade plate can only allow three people to enter the competition, "Zuo Zhenxuan suddenly asked in a low voice," What kind of person is Dragon Subduing School's Leader, it is because I trust you that I trust your Leader, and at that time, if we fight, we can't kill any innocent people, no?

## [Chapter 1015](#)

The outside world agreed that the Dragon Subduing School was very powerful. Zuo Zhenxuan was worried that the city would be destroyed or something like that.

"Hehe, I promise you, Dragon Subduing School of the Dragon Subduing School will definitely not do such heinous things at that time. We are only planning to suggest some ideas that are more useful to the three realms.

Chen Xiang asked in confusion: "Elder Zuo, with that order badge, you can participate, do you not need anything else?"

"No need, this is the recommendation badge, you can take it and enter the auction, although the location is not very good, but it will be enough for you guys to cause trouble," Zuo Zhenxuan laughed.

Zuo Zhenxuan said: "Chen Xiang, I would like to ask you about the Devil Subduing Method."

Chen Xiang nodded: "Excuse me."

"The tenth level, the realm of great perfection!"

Next, Chen Xiang told Zuo Zhenxuan about the relationship between the tenth floor and the Devil-suppressing holy power, and also shared some of his experiences in comprehending the tenth floor, allowing Zuo Zhenxuan to benefit greatly. It had to be known that even the experts above Devil-suppressing Divine Palace did not have achievements like Chen Xiang when training the Devil Subduing Method, so Zuo Zhenxuan also thought that it was natural for Chen Xiang to have acquired the Holy Devil-suppressing seal.

After leaving the Devil-subduing College, Chen Xiang came to Pill City. Li Baojun had already spread the news that the Dragon Subduing City had been established, and there were still many small and medium-sized shops that had already started packing up, preparing to leave the Pill City.

Duan Sanchang was also in Pill City, and he had secretly encouraged many people to leave the city. Right now, the large pill shops in the city covered the entire sky, and the prices of the pills could not even be decided by themselves, there was no meaning in staying.

"Intestine, there's something I need to tell you. I hope you are mentally prepared."

Seeing that Chen Xiang's face was so serious, Duan Sanchang brought Chen Xiang to his living quarters.

"I found your grandfather," Chen Xiang said.

Duan Sanchang immediately became excited. He obviously knew of the things that Chen Xiang had done in the Heaven Thunder Purgatory, so he had always been eagerly awaiting Chen Xiang's return. Now that the Heaven Thunder Purgatory had disappeared, the Heaven Thunder Devil Lord had also been killed by Chen Xiang, and Chen Xiang had also returned, but his grandfather still had not returned.

"Your grandpa, he ..." Chen Xiang told Duan Sanchang what had happened, "Elder Duan won't die. He's so strong, so he will definitely be able to return in the future."

Duan Sanchang let out a long sigh: "I hope so. You don't have to worry about me, everyone in my Duan Clan is like this.

Chen Xiang patted Chen Xiang's shoulders and laughed: "Dragon Subduing City will soon crush this Pill City. Let's wait and see."

When the time comes, they might even find a reason to attack the Dragon Subduing City. I do want to see how powerful that Elder Tie's array is, "Duan Sanchang was not worried at all that the Dragon Subduing City would be attacked. He knew Chen Xiang was powerful, even a existence like the White Tiger could hook up with him.

A new city was bathed in the sunlight. It was grand and grand, filled with vitality, many people saw it from afar and couldn't wait to enter the city to take a look, especially the rogue cultivators who wanted to buy pills, they had had enough of the expensive pills in Pill City.

Currently, many small and medium-sized shops had already stayed in and started to establish their own shops, there were more than a thousand of them. These were all things that Li Baojun had tried to recruit over the past few days, moreover, their foundations were very clean, and he did not collude with any of the ancient powers.

If one wanted to open a pill shop in the Dragon Subduing City, they must obtain Li Baojun's permission to do so, so in this way, the ancient powers would be rejected. After all, the Dragon Subduing School was the one who built this city, they could do whatever they wanted.

Li Baojun had secretly spoken with the owners of the shops, telling them to lower the price as much as possible to attract more people. As long as they could do this, they would be exempt from paying taxes for a year, since the Dragon Subduing School did not lack Spar s right now.

Because the Dan Fragrance Pure Land had always been cooperating with the Dragon Subduing Dan Hall, the Dan Fragrance Pure Land could also stay here right now, becoming one of the few big shops. This did not affect the small and medium-sized shops, and the high level pills sold by the Dragon Subduing Dan Hall did not affect the small and medium-sized shops at all.

In just a few days, all the small and medium-sized shops that had been suppressed by the Dan Alliance left and moved to the Dragon Subduing City.

Although no one knew who the Leader of the Evil Dragon Graveyard was and no one knew of the specific situation in the Evil Dragon Graveyard, they all agreed that the Dragon Subduing School was very strong, and also very kind. At the very least, they would not be as powerful and deceitful as the Dan Alliance.

The Dan Alliance was currently controlled by the ancient factions, while the majority of the people who bought the pills hated the ancient factions, while the Dragon Subduing School was opposed to the ancient factions. The reason why the Dragon Subduing City was established was obviously to go against the Dan Alliance, so it was very popular with the people, many rogue cultivators came over to support them, causing the Pill City to become empty.

Most of the pills sold by the ancient powers were high level pills, and these Dragon Subduing Dan Hall s had them too. When the Dragon Subduing Dan Hall was in the Pill City, they could also use their own strength to fight against the large pill shops of the entire Dan Alliance. Therefore, right now, none of the large pill shops in the Pill City had any interest in them, and the pills in the Dragon Subduing Dan Hall were a little cheaper than those in the Pill City.

The sudden appearance of the Dragon Subduing City caught the big shots of the ancient forces off guard. They all went through the Transmission array and arrived at the Pill City, seeing an empty huge city, the big heads were furious. Someone actually dared to provoke them.

Chen Xiang and Duan Sanchang were at the top of a tall building in the Dragon Subduing City, looking at the bustling streets below.

"Now that many of the leaders have left the Dan Alliance, their prestige in the Human Realm will definitely plummet. After a period of time, we will be able to recruit disciples from the Dragon Subduing City, but it must be very strict," Chen Xiang said.

Duan Sanchang looked towards the direction of the city gate, and suddenly exclaimed: "There's a group of people over there, could it be the old fellows of the Dan Alliance, I wonder what the Elder Li will do with them?"

"Hehe, why don't we let them change the location of the Three Realms Talk to here. With so many people here," Chen Xiang laughed.

Li Baojun immediately received the news, he who was in the City Lord's Mansion, suddenly shouted: "Dragon Subduing City prohibits flight, if you want to forcibly fly in, you have to bear the consequences."

Hearing Li Baojun's words, many people self-consciously landed on the ground. Of course, these self-aware people came to watch the show, and the people who planned to continue flying in were all here to cause trouble. This group of people's faces were all written: I'm going to fly in, let's see what you can do to me.

## [Chapter 1016](#)

Long ago, many ancient forces in the Heaven Thunder City were calmly plotting something against the Dragon Subduing School. Now that the Dragon Subduing City appeared, all of Pill City were destroyed in one go, which accelerated the implementation of this plan. This meant that the ancient forces would make their move against the Dragon Subduing School before the Three Realms Talk.

For those of the Xudu people, this was a grand show and they could not afford to miss it. They followed behind a large group of giants to watch the great battle that could go down in history.

No matter how strong the other forces were, they had no way of snatching it away. At most, they would just say some unfair words and not take action, since the Evil Dragon Graveyard was not a joke after all. The Demon Empress had almost died because of the Evil Dragon Graveyard.

When everyone saw the majestic and imposing Dragon Subduing City from afar, they knew why Dragon Subduing City could defeat Dan City. That kind of imposing manner, that kind of dense spiritual energy, was something many large cities couldn't even compare to.

The people who continued to fly towards the Dragon Subduing City were all from Dan Alliance. There were around ten odd Dan King, ten odd big shots, and dozens of elders from other powers.

Ever since Zhao Yiprofound had taken Zhao Yiprofound as his female slave, the entire White Sea Imperial Land had become extremely low-profile and secretly developed. Although they would occasionally say a few harsh words to deal with Chen Xiang, they basically did not take any action.

"Hmph, so what if we flew in, your Dragon Subduing School is really too much, disregarding all morals, snatching away our Pill City's business, causing our Pill City to be destroyed in an instant," The guy who spoke was Leader's Wu Xu. Dan Alliance's chief was related to him, so he was very angry, because he had obtained a lot of benefits from Pill City.

"Get down here," Li Baojun said angrily as he activated the Dragon Subduing City's formation. Instantly, the entire Dragon Subduing City trembled slightly, and a dragon's roar sounded as a terrifying pressure filled the skies above the Dragon Subduing City.

"Ahh ..."

Amongst those floating in the sky above Dragon Subduing City, many of the weaker elders were so shaken by the power that their internal organs were shattered and they were forced to the ground by the immense pressure. Only the powerful Great Leaders and some old fellows were able to resist the terrifying pressure, but they had no choice but to land on the ground.

In just an instant, more than half of these people were crippled, this scene made many of the people who came from far away, especially to watch the show, they were shocked, the Dragon Subduing School was now even more terrifying, doing so would undoubtedly anger the ancient powers, and instantly cripple half of the elders.

"Dragon Subduing City doesn't welcome you all, this group of impolite fellows, I have already warned you before that Dragon Subduing City is forbidden from flying, you all didn't listen, this is asking for trouble, all of you get the hell out," Li Baojun said as he activated a powerful array, which could actually teleport this group of people that had fallen outside of Dragon Subduing City.

There were many great formations in the Dragon Subduing City, which could clearly prevent others from flying in, but they had deliberately sent others in, and then used a great formation to cripple more than half of the people. In the end, they had swept them out like they were sweeping away trash.

"Elder Li is too evil, haha ..." "Deliberately allowing this group of arrogant fellows to enter the assessment formation, this group of idiots," Duan Sanchang laughed.

Li Baojun had already exited the Dragon Subduing City and activated the Great City Barrier Formation. This way, he wouldn't have to worry about the entire Dragon Subduing City being destroyed in a fit of rage by that group of people.

"Dragon Subduing School, you have guts. You will definitely pay the price for what happened today," Wu Xu said angrily as his fists surged with a truly berserk Innate Qi.

Oh, it seems that our Dragon Subduing School did not offend you, right? When we established the Dragon Subduing City, other people voluntarily came to my place to open a shop, so I am not going to bully others and force them to come in. "Li Baojun laughed coldly," What you have done in Dan City has already caused many people to grudge you for a long time, but you cannot keep them here anymore, and now you are blaming us for stealing your business.

Gu Dongchen laughed loudly: "What kind of ancient power is this, aren't they relying on their own strength to bully people all day? As expected of the traitors who betrayed the Ten Heavens Supreme

Lord back then, their descendants are all like that, why didn't you guys get eliminated back then, what a calamity, and a thousand years of calamity!"

"Junior, shut your dog mouth," Wu Xu shouted angrily at Gu Dongchen.

"You dog mouth, a lad, he is insulting you with his words, I allow you to beat him up, you are the Leader of the Super Martial School, how can you be insulted to this extent, you cannot use your fist to get back at him, immediately scram," Huang Jintian stroked his beard and said.

Originally, it was just a matter between the Dragon Subduing School and an ancient power, but now that the Super Martial School wanted to intervene, it meant that the Super Martial School was planning to ally with the Dragon Subduing School, but many people did not think that it was unexpected. The powers above the Chen Martial Continent, they had always been eyeing the ancient powers, thinking that they were all very stubborn, unlike the ancient powers, who had lowered their heads and were not weak, and dared to risk their lives.

Gu Dongchen received Huang Jintian's permission and immediately disappeared, causing everyone to immediately retreat and float to the sky. A battle between such powerful experts was not something to be trifled with.

"A little Super Martial School, isn't it just with the support of a Undead Race?" Wu Xu said in a disapproving tone, "When this father was dominating the Flying Immortal School, you still weren't even born yet, you little punk."

Gu Dongchen was indeed a young man in Wu Xu's eyes, but that did not mean that Gu Dongchen was weaker than him.

Gu Dongchen suddenly appeared and struck out with his palm. His palm was graceful and agile, looking extremely gentle and gentle. It didn't have any power, looking extremely illusory and intangible.

"Hmph, with just this bit of ability, you still want to teach me a lesson?" Wu Xu sneered, the killing intent in his fist surged as he punched towards Gu Dongchen.

'Pa!'

Not knowing why, when Wu Xu's fist struck Gu Dongchen's body, it directly passed through him and Gu Dongchen also slapped Wu Xu. As if swatting a fly, Gu Dongchen was smacked away, landing on the wall of the Dragon Subduing City not far away. Not knowing how, Wu Xu's fist passed through Gu Dongchen's body.

"The hollow spirits of the Ancient Spirit Race are powerful indeed. They can turn their own body into a hollow spirit, making it hard to injure with blades and spears," Yao Shumei praised.

Gu Dongchen belonged to the Ancient Spirit Clan, and it was not a secret since long ago, but Gu Dongchen's strength was astonishing, he had actually sent Wu Xu flying with a palm. Wu Xu was still a Leader, after all.

"This is the result of insulting my Leader. a lad, come back, if that guy dares to attack again, I will personally teach him a lesson," Huang Jintian said leisurely, then swept his eyes over the big shots of the

ancient powers. "I heard that you guys have always been against my Super Martial School, otherwise, use your fists to explain yourself.

### [Chapter 1017](#)

Just now, a few of their elders were injured by the great array of the Dragon Subduing City. There were not many who were still able to participate in the battle, although the Leader did not sustain too many injuries, it was not a joke when facing off against Huang Jintian.

Wu Xu was extremely furious in his heart, if he had known that Gu Dongchen had this move, he would not have let so many people get slapped. Although it did not harm his body, it did harm his dignity.

Gu Dongchen's strength was about the same as Wu Xu's. If they fought, it would be hard to determine the victor, but they couldn't fight anymore. Furthermore, the effect of Huang Jintian's attack had already been achieved, and that was to ruthlessly humiliate Flying Immortal School. This way, in the Three Realms Talk's territory, their Super Martial School would not be looked down upon, and would have a certain amount of authority to speak.

"Huang Jintian, don't push it too far!" Wu Xu was like an angry bull as he charged over from afar, stepping out of numerous craters in the ground.

Wu Xu was raging, full of killing intent. With a ferocious face, he roared while rushing towards Huang Jintian, his appearance was extremely terrifying.

"Martial Ancestor, you said that you would handle this!" Gu Dongchen suddenly felt a wave of pressure. If he and Wu Xu were to fight, even if he won, he definitely wouldn't have an easy time. At the most, it would just be a miserable victory.

Huang Jintian waved his sleeves, released a wave of energy and pushed both Wu Kaiming and Gu Dongchen, who were beside him, away.

At the same time, Wu Xu's fist came smashing over, the shockwave created fiery red ripples, the power was extremely astonishing, but Wu Xu's strength was still extremely strong.

Huang Jintian was calm, he stood where he was without moving, waiting for Wu Xu's fist to smash down. He held out his five fingers, and struck out with a palm, striking the fiery red fist.

Bang!

The sound was extremely shocking. It was as though dozens of thunderbolts had exploded at the same time, setting off a wave of flames and bringing boiling hot air in all directions, scorching a large patch of land!

As the Leader, Wu Xu's strength was already very strong. In that furious strike just now, he had used all of his strength, but Huang Jintian, like Feng Qingyun, calmly received the attack. Huang Jintian's strength had exceeded the imaginations of many people!

"Wu Xu is not weak, the reason why he was slapped by Gu Dongchen earlier was only because he did not expect Gu Dongchen to train in the Void Spirit Body. If Gu Dongchen were to fight with him, it would be difficult for him to win, but Huang Jintian seems to have easily received his punch!"

"Huang Jintian has restrained his power inside his body, and after striking out with his palm, there is a force, not like Wu Xu who is overflowing with fire energy. From this point of view, Huang Jintian is even more powerful, not to mention that Huang Jintian has cultivated the Taiji Dragon-suppressed kungfu and is proficient in the five elements, he only used fire just now!"

Many people were amazed!

When the mist surrounding Huang Jintian and Wu Xu dispersed, everyone was even more shocked. The arm that Wu Xu punched earlier, was actually filled with ice!

Just a moment ago, it was clearly two extremely terrifying waves of flame energy clashing against each other, but now, Wu Xu's arm was sealed in ice by a strong ice-cold power, which made many people exclaim in shock!

Ka-cha ...

Wu Xu's arm that was frozen in ice suddenly shattered, becoming pieces of ice and fell to the ground. His entire arm had disappeared!

"Huang Jintian..." Wu Xu's face turned pale as he shouted angrily. At the same time, the cold continued to spread from where he had lost an arm to half of his body.

Huang Jintian laughed coldly, "If you don't want to die, hurry up and expel that cold energy yourself. I have already shown mercy, and will spare your life, whether or not you can survive will all depend on yourself!"

Wu Xu's body trembled, and he immediately used his cultivation to dispel the frightening cold energy. But at this moment, a blue glow flashed, and streaked down from the sky, and pierced through Wu Xu's body!

Everyone was shocked, after Wu Xu's body was penetrated by the blue light, two big holes actually appeared on his stomach and chest. The Sky Pill and the heart in his Dantian were both destroyed, and without any power to resist the cold energy, Wu Xu's body was immediately sealed by ice, which then shattered and turned into a pile of shattered ice, melting on the ground.

"Who is it!" An elder of the Flying Immortal School roared towards the sky, but what responded was a terrifying blue light beam piercing through his forehead.

In another instant, the elder from Flying Immortal School was killed!

Many people were scared witless. This kind of terrifying attack that was difficult to defend against was very difficult to defend against!

"Lan Guang, come out!" Huang Jintian said lightly.

A ray of blue light suddenly flashed across the air. An old man wearing a blue robe with yellow hair hanging loose from his head appeared out of nowhere. The crowd found it difficult to connect this amiable old man with the blue light killer who had just killed the two of them.

Chen Xiang saw this old man from afar and knew that this old man must be Lan Lan's grandfather. If this old man were to find out that Flying Immortal School was bullying Lan Lan, it would definitely be very troublesome.

"Your master is really amazing, but this old man called Lan Guang is even more amazing!" Duan Sanchang's heart was thumping hard when he saw this, he was worried that a blue light would suddenly pierce through his body.

"That is Lan Lan's grandfather, the patriarch of the Blue Blood Race!" Chen Xiang laughed: "It can be said that they are one of us."

"Don't misunderstand, I'm not helping you. I'm just settling a personal grudge with them. These guys used to treat my granddaughter like that, but I gave them a quick death, that's already very generous of them!"

Lan Guang swept his gaze across the remaining elders of the Flying Immortal School, and lightly slapped them with his palm. A few rays of blue light shot out, and instantly pierced through their heads and dantians!

The people from Flying Immortal School were all annihilated, and it was not even the Dragon Subduing School who did this.

"You're so mean. His son lost to Piggy in the past." Huang Jintian chuckled.

"My granddaughter is still missing!" Lan Guangdi's face was a bit ugly. After he finished speaking, he turned into a blue light and shot off in a certain direction, disappearing without a trace.

Li Baojun watched on with satisfaction from the side, he did not expect that without even needing to take action, the people of the Flying Immortal School would be annihilated, but the Flying Immortal School's foundation was strong, and it was an ancient power. There would definitely be many substitutes in the Heaven Realm, so it would not be considered as total annihilation of the entire clan, unless the entire Flying Immortal School were completely destroyed, but that would require a considerable amount of strength.

Huang Jintian also returned to the crowd.

"Do you want to keep making trouble?" Li Baojun looked at the people of Purple Moon Imperial Land and Qian Xuan Mountain. They were strong and didn't have any injuries, so they wouldn't go and provoke an old lunatic like Huang Jintian. Hence, no one would help the Dragon Subduing School anymore.

"The Dragon Subduing School must give us an explanation today. He hurt my people, stole our business, and deliberately discredit the Dan Alliance!" Dan Alliance's Alliance Master Ye Heng shouted. m

## [Chapter 1018](#)

"These guys are really shameless. They clearly didn't do anything!" Originally, it would have been difficult for a normal Pill City to collapse, but now they were the ones playing with it! Previously, they had clearly been warned not to fly in, but now, they arrogantly flew in and were finally taken down by their great formation like flies. They deserve it! "

"If he really wanted to be shameless, he would not have done such an outrageous thing in the Pill City, much less say such words that would make me blush for him. If he did, he would not have betrayed the Ten Heavens Supreme Lord many years ago! This is the tradition of other people. "

"Could it be that they have some kind of thick-skinned god technique to train in!?"

Everyone mocked. At this time, there were not many members in Dan Alliance, so when they transferred to Dragon Subduing City, many of them left. Before long, the entire Dan Alliance would disband.

Li Baojun said helplessly. "Negotiating with you shameless fellows is really a very stupid thing to do. With regards to fellows like you, it seems like you can only use your fists to speak!"

"Attack!" An old man from the Purple Moon Imperial Land shouted in a low voice. More than ten Dan King s and a few experts rushed towards Li Baojun, actually wanting to fight against Li Baojun together.

Seeing that, Chen Xiang was enraged in his heart, and anxiously sent a sound transmission to Li Baojun: "Quickly retreat, leave it to me!"

With a wave of the Kylin fan in Li Baojun's hand, he released a few fiery Qilins, blocking the group of people charging over. After which, he retreated into the Dragon Subduing City and closed the city gates!

The two dragon heads above the city gates were not for show, but Chen Xiang was controlling the power of the dragon veins and pouring it into the two black dragon heads!

The group from Dan Alliance rushed over, it seemed like they were trying to break the great array of Dragon Subduing City, but when they rushed over, they saw that the two dragon heads had suddenly turned and were aiming at them.

They immediately thought that these two dragon heads might launch terrifying attacks, but it was already too late!

"Evil Dragon's Roar, go to hell!" Chen Xiang shouted angrily in his heart, but just as he did so, the two black dragon heads released a burst of black Qi, which abruptly shot out two thick black rays of light. In the blink of an eye, two huge black rays of light, carrying the same terrifying aura as the black Qi from Evil Dragon Graveyard, enveloped the entire group of Dan Alliance!

The black light disappeared. Originally, the group of Dan Alliance had about thirty people, but now, only a dozen people, eight from Dan King, three from Purple Moon Imperial Land and three from Qian Xuanshan were left. The rest had all disappeared!

Those who were able to survive were not much better off. They were all heavily injured, causing people to be extremely fearful of the two black dragon heads of the Dragon Subduing City!

"Five from the Dan King died just now, and only two from the Purple Moon Imperial Land are left. There is only one from the Qian Xuan Mountain, and that Dan Alliance's chief also lost an arm!"

"This Dragon Subduing School is indeed not easy to mess with, but now it's good, the ancient powers like the Purple Moon Imperial Land will definitely let the experts from the Heaven Realm step in, when that happens, will the Dragon Subduing School have even more powerful methods?"

"The Three Realms Talk has not even started, and such a conflict already happened. This is truly unexpected!"

Just now, this group of people wanted to join hands and tear him to shreds, but they didn't expect that not only was the Dragon Subduing City's defense strong, the attack was also so strong. This made them suddenly think of the records they had read in some ancient books, in the era of the Ten Heavens Supreme Lord, there were also terrifying cities similar to the Ten Heavens Supreme Lord.

"Dragon Subduing School, we are not finished with you!" An old man from Purple Moon Imperial Land said coldly.

"Oh? That is to say, regardless of whether I kill you or not, you will all take revenge? "That's good too. I was still hesitating about whether I should kill all of you. You all have given me a very reasonable excuse!" Li Baojun waved his Kylin fan, and the five colored flames that had turned into many light swords shot out, like a wave of dense sword rain, they pierced holes into the bodies of the group of people!

Five elements heavenly fire s, this made many experts who were watching from afar emotionally moved. Furthermore, it was released using a fire attribute holy weapon, its power was unimaginable!

"Don't provoke Dragon Subduing School in your next life!" Li Baojun waved his Kylin fan, conjuring a gust of wind and blew away the group of people whose holes were pierced by the fire swords!

The eight Dan King s and three Innates were smashed into dust by the fan and were blown away by the wind!

"Sigh, I am just a pill refiner. I don't want to kill nor do I want to fight. You are forcing me to do this!" Li Baojun withdrew his Kylin fan and slowly walked into the Dragon Subduing City.

"Be careful, he's a Heaven Realm Ranker!" The Little Demon Empress, Lv Qinlian, suddenly shouted. Li Baojun reacted quickly and immediately sped up, charging into the Dragon Subduing City!

Just as Li Baojun entered the city gate, a streak of scorching purple light turned into a purple phoenix and followed closely behind him. If Li Baojun had been even slightly slower, he would have been struck!

The phoenix transformed from purple fire smashed into the great defensive formation of the Dragon Subduing City, causing the entire city to shake violently, but it was not really a problem!

"Ling Feng, you are also someone with status. To think that you would be able to deal with a junior whose strength is so much weaker than yours!" Lv Qinlian said with a tone of ridicule. It seemed that she recognised the person who struck earlier.

"Hmph, so what?" Hearing this voice, he knew it was an old woman. As expected, a purple-robed old woman suddenly appeared at the Dragon Subduing City's door.

This old woman was a bit short. She had a camel's back, and the wrinkles on her face were very frightening. Her eyes were like those of a cat's eyes in the dark night, making one's hair stand on end. She was leaning on a walking stick that was carved with a phoenix.

"Is that all your Dragon Subduing City can do? Are you guys not planning to come out and stay in there for the rest of your lives? " Ling Feng shouted. At this time, another group of purple robed elders

appeared and stood behind her. One look at them was enough to tell that they were strong experts from the Heaven Realm.

"We were a step too late, and all of them died. This Dragon Subduing School sure has a trick up its sleeve!" A white Qi suddenly appeared beside Ling Feng and a tall and skinny old man dressed in a white robe appeared. He looked at the gigantic signboard on top of the city gate expressionlessly, and the three words "Dragon Subduing School" emitted a very ancient Qi. Although it was not an ancient character, it gave off the feeling that this signboard had been there for a very long time.

"It's a city built by the Iron-Lion Army!" Ling Feng's expression sank, and said with a serious tone.

"How could it be them? With the dragon fountain here, and the city built by them, isn't this too much of a coincidence!" The old man's expression suddenly changed.

Chen Xiang paced back and forth inside the city gate tower. These two old fellows who suddenly appeared had strength similar to the Purple Moon that he had killed before. They might even be stronger than that Purple Moon.

#### [Chapter 1019](#)

The old lady and the old man who suddenly appeared were all Rankers from the Heaven Realm. Currently, the space in Di Tian's body was becoming more and more sturdy, and it would be difficult for him to leave or come down in the future. Therefore, when he appeared here, he had a certain amount of awareness and even planned to stay for a long time.

"That old man is from the Feng Clan, he is a very prestigious clan elder in the Heaven Realm. His name is Feng Quan, and his strength is very strong, just like that Purple Moon!"

"Ling Feng is also an elder of the Purple Moon Imperial Land, and a fighter, his strength is even stronger than the Purple Moon!"

Lv Qinlian told the matter of the two to Yao Shumei, Gu Dongchen and the others.

"Then how is it compared to yours?" Yao Shumei asked.

"They don't dare to attack me, so I can kill them, but that will also cause the Demon Charming Association to have a deep grudge against them." Lv Qinlian said.

Huang Jintian sent a sound transmission to Chen Xiang at the side, telling him the identity of the two old fellows inside the Dragon Subduing City. Amongst this group of people, only he knew the background of the Dragon Subduing School.

However, this Dragon Subduing School was actually made up of a wet behind the ears brat. He had then coaxed a rather strong Dan King from who knows where and pulled his friends from the Super Martial School to make up for it.

Huang Jintian had to admire Chen Xiang from the beginning to end, he had never shown himself in the Leader, but had made people think of him as a powerful sect, and this was also because of the Dragon Bloodline that Chen Xiang had obtained.

Right now, the defense of the Dragon Subduing City was very strong, so Huang Jintian was not worried that the two Heaven Realm Rankers would be able to break through it. Furthermore, he was looking forward to how Chen Xiang would be able to solve this difficult problem, as many people were watching now.

"Leader, use those two dragon heads and attack them directly." Li Baojun urged as he saw Chen Xiang walking around.

"That won't do. You ran away too unsightly just now and you've already exposed yourself a bit. If we just rely on some array formation or something now, others will be able to see that we have no foundation." Chen Xiang suddenly laughed: "We cannot use that move again. Those two dragon heads cannot handle the two old fellows, and you can take it all on yourself after seeing the Dan King!"

"Could it be that you are ..." Li Baojun also laughed, he understood what Chen Xiang was trying to do, "Then why are you still not making your move!"

Chen Xiang said, "I also want to take action now, but there aren't enough people here. The old granny of the Purple Moon Imperial Land has brought a few old men, but there's only an old man from the Feng Clan, and if we wait, there might be some from the Flying Immortal School and the Qian Xuan Mountain. Elder Li, you have to know, if I use the power of the Evil Dragon Graveyard, it will be very difficult for me!"

"Has there been anyone stronger in Dragon Subduing School who came out to fight?" Ling Feng's voice carried incomparable ridicule.

I can't be bothered to fight with you guys, you guys had already planned to attack me together, and now you guys want to do this, there's no way, I admit that I'm not as strong as you guys, of course, this is only because our Leader and Great Clan Elder are out, and when they return, you guys won't even know how you died. Li Baojun replied.

"What a coward." Feng Quan mocked.

"It's still better than being despicable, despicable, shameless, cheap." Li Baojun laughed coldly: "How shameless were your people just now? Everyone present has seen it!"

Ling Feng was furious, no one had ever dared to talk to her like that, she waved the walking stick in her hand, and the purple phoenix carving on it flickered with a purple light, purple phoenix cry out loud, flying towards the city gate with a burst of purple flame, as if it could burn the entire city.

Boom.

However, when Duan Sanchang told the people of the city about the situation outside, it allowed many people to relax. After they found out that the Dragon Subduing School had the upper hand against many ancient powers, and had even killed all the important figures of the ancient powers, many people were filled with admiration towards the Dragon Subduing School.

Boom! Boom! Boom!...

Afterwards, Feng Quan and Ling Feng joined hands and crazily attacked the Dragon Subduing City, and furthermore, they flew high up in the sky, releasing many purple phoenixes, pouncing towards the

Dragon Subduing City, but they were all blocked by the defensive formation. Only now did Chen Xiang feel shocked by the defensive formation, and many people felt the same way, as this level of defensive ability caused many ancient powers to feel powerless.

"Leader, they are so powerful, if we were to participate in the Three Realms Talk, we would be courting death." Li Baojun had seen how powerful the Heaven Realm Warriors were. Although they were safe now, they were still scared.

"Don't worry, our Grand Elder is quite formidable." Chen Xiang was not worried at all. At that time, with the White Tiger by their side, whoever attacked them would be courting death.

Just when Chen Xiang was getting impatient to wait.

A voice came from the horizon, "You two are really fast!"

"Han Kang, you must have come late on purpose, but your Flying Immortal School's and your bunch of people have all turned to dust." Ling Feng taunted coldly.

Everyone knew that this Han Kang person should be a Flying Immortal School Ranker from the Heaven Realm, he was a long bearded middle age man, when he heard Ling Feng's words, he did not get angry, but from his perspective, the Flying Immortal School was as much as they could get, there were no longer any Heaven Realm's to call down from there, the most important thing was the Flying Immortal School's foundation, as long as the foundation was still there.

Just because he was not angry did not mean that he would not make a move against the Dragon Subduing School.

Right now, the experts at a distance could guess, that they were here for the dragon vein, which could only provide Spirit Qi, but the dragon vein would grow, and in the future, it would become an existence that could turn into Spiritual crystal, the Immortal Jade, the Heaven Realm would place great importance on it.

Although they were not the strongest in the Heaven Realm, but they felt that they were more than enough to shock Dragon Subduing School who came from the Mortal Realm. After all, they had sent a strong individual from their respective Heaven Realm.

Li Baojun anxiously said: "Leader, we are almost there. If they were to gather their power and attack, will they break the great array of Dragon Subduing City?!"

"If another ten come, I won't be afraid. I'm just afraid that they won't come." Chen Xiang closed his eyes and began to mobilize the power of the Evil Dragon Graveyard in the distance. That kind of black aura was the most terrifying.

"You ancient powers have gone too far. Since that is the case, we shall not be courteous." Seeing Chen Xiang taking action, Li Baojun immediately shouted coldly.

Hearing Li Baojun's voice, everyone became excited, the Dragon Subduing School was about to make a move.

[Chapter 1020](#)

The Evil Qi protecting the dragon vein was released through a large natural formation, forming a gigantic and terrifying dragon sitting there. It released waves of Evil Qi, looking like the Evil Soul of an evil dragon, thus it was named Evil Dragon Graveyard!

After Chen Xiang fused with the dragon vein, he could control a portion of the dragon fountain's power, but he had not complete control of the Evil Dragon Graveyard, so he could be used to deal with these people who came to cause trouble. The reason why he built this place was so that when there were people who could attack the city in the future, he could borrow the power of the Evil Dragon Graveyard to retreat.

Dragon Subduing City was still quite a distance away from the Evil Dragon Graveyard, but from afar, they could see that the Dragon Subduing City was right below the gigantic black dragon head. It made them feel as if the entire Evil Dragon was protecting the Dragon Subduing City.

Suddenly, the black aura from Evil Dragon Graveyard surged, a deep dragon roar came out, it was as if it came from hell, gloomy and terrifying.

Sensing that there was a change in the Evil Dragon Graveyard, all of the experts' faces changed, the giant black dragon made of black Qi suddenly moved, the gigantic black dragon in the sky opened its mouth and roared, the entire sky started to tremble, a violent force was pressuring down on the sky, causing the sky to buzz, waves after waves of tremors came from it, the Qi was pressuring down from the skies, the might was extremely strong.

The two huge eyes of the Black Dragon flashed with a red glow. Under the scorching sun, that kind of light could dye the entire ground red. The killing intent was extremely strong.

Everyone looked at the angry Evil Dragon in fear, especially the targeted Heaven Realm Rankers. They were so intimidated by the aura that they were unable to move, and the fear in their hearts made them feel extremely powerless!

Along with a loud explosion, everyone was shocked, but then a burst of black Qi surged out of the dragon's mouth, shooting out towards the group of people outside the Dragon Subduing City, it shot out a huge black light, a vast and berserk energy rushed out like a tsunami, in an instant, it struck the ground and caused cracks to appear on the ground, the shock wave created was like a flood, causing the Qi waves to surge out, causing the people of those powers to be drowned in the vast and terrifying power!

The Dragon Subduing City was surrounded by the black mist, and within the black mist, there were a few gold lights flashing, the Rankers in the sky could see that a few of the Rankers from the Heaven Realm were bleeding from their mouths, and that their bodies were protected by a glittering immortal equipment, allowing them to escape from death.

The Feng Quan of Feng Clan, the Han Kang of Flying Immortal School, and the Ling Feng of Purple Moon Imperial Land, these three extremely strong Heaven Realm Rankers did not die, and they could even protect one of them to follow the old man, but they were all heavily injured!

Chen Xiang had used up all his energy just now and collapsed to the ground. Although he couldn't kill the three super strong Heaven Realm Rankers, he still killed more than a dozen of them.

There were a total of seventeen or eighteen people sent down by the three forces, and now, there were only six people left, which made them very angry, they wanted to destroy the Dragon Subduing City into ruins, this kind of loss could be said to be very heavy, even if they were to annihilate a force in the Heaven Realm, at most, a lot of them had been severely injured, but more than ten people had died today. These people were among the top of the Heaven Realm's forces, although they could not be considered experts, they still had some strength, and their status was quite high.

Li Baojun hurriedly helped Chen Xiang up from the ground, then said loudly: "You guys hurry up and scram, I'll tell you what's up with you later, don't provoke the Dragon Subduing School anymore, if not we will definitely remove your foundation in Di Tian, and keep it to the truth!"

It was just the defensive power of a city, but it was already this terrifying. Those people from before who wanted to get the attention of Dragon Subduing School, did not dare to have any other thoughts!

"Just you wait!" Ling Feng was currently in a very sorry state, their immortal equipment had already been broken, that strike just now was simply too powerful. If their reactions weren't fast, they would have been completely annihilated.

After the three Heaven Realm s from the Flying Immortal School, Purple Moon Imperial Land and Feng Clan left, the rest also left. In the hearts of many people, the strength of the Dragon Subduing School s had already far surpassed those of the ancient powers. Even the experts from the three ancient powers were unable to shake a city of theirs, let alone the mountain gates of the Evil Dragon Graveyard s.

"Seems like I need to leave a person here to guard the Dragon Subduing City to prevent myself from being attacked!" Chen Xiang recovered some of his strength. Although he did not use the power of the Evil Dragon Graveyard too much, the effect of the attack was extremely great, almost exterminating that group of people.

After a few hours, the Evil Qi had dissipated outside, the big doors of the Dragon Subduing City opened once again. It was a mess outside the city, but the inside of the city was filled with cheers!

Duan Sanchang rushed over, and laughed: "Those people will not be coming back for a while, if they come again, I will go and dig their graves thoroughly."

"I need to go into closed door cultivation for a period of time. If anyone comes to find me, then I'll arrange for him to stay in City Lord's Mansion. The White Tiger had said that it would come find Chen Xiang before the Three Realms Talk.

Chen Xiang entered the deep dragon vein. After going through the Four Nirvana Tribulations and obtaining the Killing-god heart, he had not been able to calm down and stabilize his cultivation.

The last time he had obtained the Killing-god heart, he had suddenly comprehended the terrifying Celestial Slain Method, the Great Void Star Seal. He believed that the Killing-god heart might contain the Ten Heavens Supreme Lord's insights into the Heaven Earth Killing Method, so he wanted to take a good look at this powerful Killing-god heart now.

"What a strong heart. It seemed to have been cultivated through some sort of special method. It could very possibly be the heart of that big white cat, but it doesn't seem to be a real heart at all." Long Xueyi was suspicious: "This heart did not grow in a human's body, but was formed by nature!"

"Naturally formed?" Chen Xiang shook his head: "When I ask White Tiger next time, he should be the clearest about the Killing-god heart."

Chen Xiang calmed his heart and peeked inside the Killing-god heart's body and discovered that it was a vast expanse of white space inside. What he found inconceivable was that the pure white energy inside the Killing-god heart was actually condensed from killing intent! The killing aura was already quite evil, but it had now become abnormally pure and holy!

His mind was immersed in the Killing-god heart's vast space, and just as he was exploring, he suddenly discovered that inside the Killing-god heart, a golden light curtain had appeared, as if it had cut off the vast expanse of space. Just as he wanted to rush over, he was blocked by a resistance, and it even caused his entire Divine Sense Sea to tremble violently, which gave him a splitting headache.

"There's something inside this Killing-god heart!" Chen Xiang withdrew his spiritual will and gasped for air: "It's a very powerful thing, what is that?"

"When your Killing heart shattered, the Killing-god heart was drawn out by that murderous aura. This should be your heart now, what's inside, what can't you see?" Long Xueyi was also very surprised.
