

Dan God 1141

[Chapter 1141](#)

Outside the door was a beautiful middle-aged woman. When she saw a man in the courtyard, she couldn't help but be surprised. However, upon closer inspection, she realized that this handsome and charismatic man looked very familiar.

Dragon Subduing School of the Dragon Subduing School, Chen Xiang!

Xue Xianxian was Chen Xiang's wife and Leng Youlan was Chen Xiang's recognized sister. Everyone knew that, so it was normal for Chen Xiang to be here.

"You Lan, calm down!" Xue Xianxian pulled Leng Youlan and said to the beautiful middle-aged woman: Sister Ci, send the people from the secret hall to investigate, and at the same time remove the people from there, then send a few experts to pretend to be normal disciples. See if we can lure those people out! If they discover the presence of the Ghost Killer, let the people of the Dark Hall kill them all, and do not leave a single one alive. "

Chen Xiang had also fought with the Ghost Killer before, so he was a group of people who used extremely strong hidden weapons with poison.

"Alright, I got it. I have the latest news. I will report back!" This beautiful woman called Sister Ci looked at Chen Xiang and quickly left.

"I have killed ten silver-masked Ghost Killer s before, do you want me to help? If you go against Divine Weapons Heavenly Country in Chen Martial Continent, it would be equivalent to going against Super Martial School and Dan Fragrance Pure Land. It should be a sect with a bit of power. " Chen Xiang said.

"Bro, bring me along!" Leng Youlan was extremely furious: "You actually dare to make a move on our Divine Weapon Sect members, I'll definitely let this group of fellows die a horrible death."

Xue Xianxian said: "You Lan, investigate who did this first! That place is so big, if you go there, you'll scare them away. Where are you going to find those bad guys? "

Chen Xiang patted her head and said: "That's right, we'll listen to Xianxian. When we can make a move, she'll definitely go with you."

"En!" Leng Youlan nodded, then said: "Big Brother, Senior Sister and I are busy with research on formations, you should go play somewhere else first, and come back tonight."

"Good girl!" Chen Xiang laughed.

Chen Xiang left the Divine Weapons Heavenly Country and came to the Super Martial School through the Transmission array. What surprised him was that the Super Martial School's Leader had already changed, and it was no longer Gu Dongchen.

The new Super Martial School was called Chen Jiutian. He looked like a middle-aged man, but he was a warrior who had just undergone the Nirvana tribulation. He recognized Chen Xiang, who had already entered the Super Martial profound Realm when he was still a little kid.

"Elder Chen, I never thought that you would become a Leader, haha!" Chen Xiang patted Chen Jia Tian's shoulder.

Gu Dongchen, Wu Kaiming and the others from the older generation were definitely going to ascend, so when they transferred the position of the Leader, the other sects were also going to ascend.

"Kid, you're Leader's, and you're much more famous than me." Chen Jiantian laughed.

After chatting with Chen Jia Tian for a while, Chen Xiang went into the Super Martial profound Realm.

Huang Jintian, Gu Dongchen and Wu Kaiming were currently cultivating in a forest. The moment Chen Xiang came in, he could feel their auras and then came over.

"Little bastard, your body smells like a woman. Where did you come from?" Huang Jintian suddenly appeared behind Chen Xiang and punched him heavily in the head, causing him to grovel on the ground and howl.

Although Chen Xiang's strength had increased by a lot, he was still struck by Huang Jintian's fist. It could be seen how strong Huang Jintian had always been.

"Master... "You old monster." Chen Xiang scratched his head and cursed. Originally, he thought that he was pretty strong after facing the Nirvana Tribulation. However, Huang Jintian's sneak attack was still unavoidable.

"Humph, without strength, how can I teach a little bastard like you a good lesson?" Huang Jintian stared at Chen Xiang and bellowed: "You made such a huge ruckus in the Sacred Dan Realm, you actually stole all seven Chaos Fire Tokens."

When Wu Kaiming and Gu Dongchen heard that Chen Xiang had arrived and came out of the forest, they couldn't help but laugh when they saw that their Junior Master had been taught a lesson by this old lunatic Huang Jintian.

"It's dangerous, you know?" Huang Jintian seemed to know some things about the Chaos Fire Token.

"Of course I know. Isn't it just summoning a Nine Heaven Devil Palace or something?" Chen Xiang stood up and muttered.

"Isn't the Nine Heaven Devil Palace powerful? Even the Immortal King and the Devil King had to die inside, this is a very harmful item, you know it, just don't get it out!" Huang Jintian reprimanded her in a serious tone.

Gu Dongchen laughed. "Junior Master, we will ascend very soon, and at that time, Master Ancestor will come with us as well. It's rare for you to come here, he will definitely seize every moment to teach you a lesson, in case you become too strong in the future, and lose to you."

"I guess so!" Chen Xiang laughed.

"Little bastard, we will be leaving soon. Can you hold on here? Is the Grand Elder by your side reliable or not? Did you spend a lot of money to get to the front door? And then he left? A guy with that kind of strength will definitely not stay for long." Huang Jintian said. He also felt sad to be leaving this land that he had stayed in for many years.

"No problem!" Chen Xiang said confidently. As the leader of the new generation, he wasn't afraid of being threatened at all.

Huang Jintian said, "The Great War between Three Realms will officially start after we leave. The Evil Demon devils can't endure it any longer and they all fought to the end, so it's hard to persuade them to return. All we can do is to eliminate them, our Chen Martial Continent's strength is still very strong, so you don't have to worry about that.

"After we go up, we'll all be a bunch of small fries. It's like starting from the beginning. Fortunately, your eldest senior brother has a pretty good foundation up there, so we'll be able to make a good living, so you don't have to worry about us. As for the matters of the Super Martial School, you don't need to care about it. You should properly stabilize your Dragon Subduing School, since I am very clear on the capabilities of your Dragon Subduing School.

Chen Xiang nodded: "Got it! I'll come and find you soon. "

After chatting with Huang Jintian and the others for a while, Chen Xiang left with a melancholy mood and came to the Dan Fragrance Pure Land. Right now, Wu Qianqian was the Leader, and he should be flying high in the Sacred Dan Realm.

Hua Xiangyue had given her quite a few high grade medicinal herbs, and she was also very rare, hence she did not dare to be careless. Furthermore, previously, even without Hua Xiangyue, Dan Fragrance Pure Land was still able to function normally, and Wu Qianqian did not have to meddle in too many matters either.

After Chen Xiang entered the Dan Fragrance Pure Land, he immediately went into the cave that only the Leader could enter.

Chen Xiang looked at the abandoned medicinal ingredients on the table and asked: "Are you planning to use the abandoned medicinal ingredients to refine your hands?"

[Chapter 1142](#)

"How rare, I didn't think you would come find me." Wu Qianqian invited Chen Xiang to sit, then poured tea for him with an extremely sweet smile on his face.

"There is a beautiful lady here, I will definitely come often." Chen Xiang laughed. The fragrance on his body was extremely strange, and every time Chen Xiang smelled it, he would feel an indescribable comfort. It made him want to hug Wu Qianqian and suck on that beautiful fragrance even closer.

As Chen Xiang helped Wu Qianqian organize those abandoned medicinal herbs, he asked: "Xiang Yue is no longer here, are you used to it? Or go and stay with Xianxian and the others, but they seem to be very busy all day. "

"En, we'll talk about it in the future. I will first raise my alchemy skills here, I can only refine high grade Ground level pills, and have not become a Dan King yet. Furthermore, my strength is relatively low, and I won't be able to make my appearance! In any case, if he wants to raise his power, he'll have to do it alone. "

However, after being taught a lesson by Chen Xiang, she had changed a lot. Now that she was in charge of the entire Dan Fragrance Pure Land, she seemed to be more low-key, and the people of the outside world almost didn't know that she was the Leader, as they didn't know her foundation.

Chen Xiang felt extremely moved in his heart as he looked at the beautiful woman in front of him who wore plain clothes, but did not lose her composure. He and Wu Qianqian had shared many things in the past, and he deeply knew that Wu Qianqian was a very strong woman.

Wu Qianqian saw that Chen Xiang was staring at her, and did not even blink, and laughed: "Don't you feel that it's embarrassing to look at others like that?"

Chen Xiang laughed: "You aren't shy now, anyway you're right here, and you look so nice, it's a pity that you won't come."

Wu Qianqian smiled sweetly, as she organized the ingredients proficiently.

Chen Xiang asked: "Qianqian, are you going to refine these ingredients into pills?"

Wu Qianqian nodded, and said: "Yes, this can increase my control over the pill furnace, if I succeed, I can still make use of the trash, which is one of the aspects that elder sister Xiangyue wanted me to focus on."

However, when I was with Big Sister Xiangyue, I learned a lot of things from her. Furthermore, she helped me to raise my flame, so my Blue Star Fire Soul will soon evolve into a purple Fire Soul. At that time, I'll be able to refine pills with twice the results and half the effort.

When Wu Qianqian talked about the Blue Star Fire Soul, he couldn't help but think back to that time when he was together with Chen Xiang.

"If you dual cultivate with me, it can allow your Fire Soul to evolve even faster!" Long Xueyi said, and it was even in Chen Xiang's voice.

It was not the first time Long Xueyi had embarrassed himself in front of her in this way twice. This made Chen Xiang have the urge to pinch her to death, repeatedly ruining his image.

Wu Qianqian raised her head and looked at Chen Xiang. Her face carried a faint blush, and she said in a low voice, "What a bad little scoundrel ... No wonder Big Sister Xiangyue and the others kept calling you that. You were always like that when we were still in Super Dan Imperial College. "

"Qianqian ... This... "I'm just saying that if ..." Chen Xiang didn't want to explain himself, and didn't know how to explain either. He only wanted to grab Long Xueyi out and give him a good beating.

"Little Naughty Dragon, f * ck you, be more obedient." Chen Xiang sent a sound transmission to Long Xueyi and roared loudly.

"I am helping you create an opportunity ..." If we don't go now, when will we? " Long Xueyi was very unsatisfied, he felt that he had been struck by lightning.

Wu Qianqian lowered her head and did not speak, the atmosphere was extremely awkward, she did not expect Chen Xiang to so boldly say such words, although she was already used to it.

"Little Scoundrel, hurry up and hug her, then kiss her! She likes you from the start, and you have your own ideas about her. Long Xueyi was very unhappy.

Chen Xiang's heart also suddenly had this kind of impulse, as he stood up and fiercely hugged Wu Qianqian!

Before Wu Qianqian could react, he felt his sandalwood mouth being blocked, and there was even a fierce tongue prying open her lips, entering her small and fragrant mouth, stirring wildly inside, grabbing onto her tongue.

"Ugh ..." Wu Qianqian struggled a little, but she did not dare to bite Chen Xiang's tongue hard. And the more she struggled, the harder Chen Xiang would hug her.

"That's right!" Long Xueyi laughed out loud, she felt that she had done a great thing, but was jealous enough to let Su Meiyao pinch her cheek.

Very quickly, Wu Qianqian turned soft, and under Chen Xiang's guidance, her soft and rough tongue was quickly wrapped around's hot tongue, the two of them tightly embraced each other and passionately kissed.

After half a cup of tea passed, Wu Qianqian suddenly remembered something. He hurriedly pushed Chen Xiang away and looked at him with a reddened face: "I still have things to do, I can't accompany you to continue messing around."

"How is this nonsense?" Chen Xiang hugged her slender waist, licked his lips, and laughed.

"I still need to concoct pills, I'm not as carefree as you!" Wu Qianqian let out a light sigh, leaned into Chen Xiang's embrace, and said gently: "Chen Xiang, thank you. You were the one who led me to this path.

"En!"

Chen Xiang embraced the beauty that was as beautiful as jade, lowered his head slightly, and once again embraced Wu Qianqian's sandalwood mouth. This time, he kissed her very gently, and Wu Qianqian was not that awkward either.

After a while, Wu Qianqian gently pushed Chen Xiang away, and said softly: Is that enough? "I have a goal today, and I need to concoct some pills. You can come back another day."

Chen Xiang laughed and said, "A lifetime is not enough! I'll help you get a blue Fire Soul right now and let you fuse it into a purple Fire Soul. "

Wu Qianqian anxiously pulled Chen Xiang and said: "No need, I can level up through the White flame heavenly horse, you don't need to take the risk! My physique is not like yours. It's not good for me to fuse too much, and it's also very painful! "

Wu Qianqian sent Chen Xiang outside and said, "Chen Xiang, you have to be careful. Di Tian is currently very restless, and many people have plans for you."

"I know!" Chen Xiang gently caressed Wu Qianqian's hair and then left the Dan Fragrance Pure Land.

"Little Scoundrel, quickly apologize to me and then thank me! This old lady has rendered a great merit! " Long Xueyi said proudly.

"Alright, thank you Heavenly Dragon Supreme Lord!"

When Chen Xiang returned to the Divine Weapons Heavenly Country, it was already night, but Xue Xianxian and Leng Youlan were not there.

After waiting for over an hour, he saw Leng Youlan return with a face filled with killing intent, while Xue Xianxian's expression was also ugly.

Chen Xiang asked anxiously: "What happened?"

Leng Youlan said angrily: "Isn't it that dogshit of a Ghost Killing School, actually causing such a ruckus? They knew that Master wasn't here, so they deliberately provoked our Divine Weapon Sect, and they even had some sects supporting them."

[Chapter 1143](#)

Many treasures were sold here and now that Liu Meng'er was no longer here, it was normal for people to set their eyes on him. But to dare provoke the Divine Weapon Sect, one would need to at least have a very strong power behind them, because the Divine Weapon Sect, Icy Wind Valley, Dan Fragrance Pure Land and Divine Weapon Sect were large alliances, even big powers would not dare to provoke them.

"Xianxian, do you need my help?" Chen Xiang was free right now.

"The people of the Ghost Killer and the Golden Sword Sect have come to us today to ask us to sell them the profoundgang's vein at a low price. That profoundgang's vein is the most valuable vein our Divine Weapon Sect controls, how could we give it to them?" Xue Xianxian's brows suddenly revealed a trace of killing intent, it was a rare sight.

"Are they that daring? Who lent them the guts? " Chen Xiang had already decided to help Xue Xianxian, he had long planned to exterminate this small force that was making a ruckus all day.

"Devil Race, those are the fellows from Devil Realm. Right now in that whatever Ancient Spirit Great Land, their strength is not bad, otherwise they wouldn't dare to do this to us. These bastards, they would bully our women. Leng Youlan said angrily.

"We have all learned good demonic techniques. If they chose to attack us, then they would be completely wrong." Xue Xianxian said.

Chen Xiang stretched his back and asked: "Are the people from the Ghost Killing School and the Jin Hao Sword Sect still in the city?"

Leng Youlan snorted: "Of course I am, I want to go and take care of this group right now."

Chen Xiang said: "Tomorrow morning, You Lan, bring me to negotiate with them. If they don't get along well, we can make a move, but if the Devil Race is involved, we can just start killing them directly. In any case, those fellows from the Devil Realm s and our own Human Realm s have a hard time getting along.

Leng Youlan was overjoyed. He looked at Xue Xianxian and said: "Senior Sister, what do you think?"

Xue Xianxian laughed: "We'll do as your brother says. If we don't show them some colors, how can we let them see? You think I'm not easy to bully? "

"Alright, I will go rest now and start a massacre tomorrow!" Leng Youlan left excitedly.

Before the sky brightened, Leng Youlan had already rushed into Xue Xianxian's room. Just as Chen Xiang and Xue Xianxian calmed their hearts, the bedding was pulled away by Leng Youlan.

Leng Youlan looked at the naked pair before him and said calmly, "Get up quickly, I'm worried that those guys will run away. We should go earlier!"

Xue Xianxian's face was flushed red as he scolded with a smile: "You Lan, be more polite next time. At least knock on the door!"

"Senior Sister, what are you shy about? I've touched your entire body and seen it before, what's the big deal? " Leng Youlan felt that this was not a big deal.

Leng Youlan stroke his white hair, looked at Chen Xiang who was huddled up in the corner, and laughed: "Brother, what are you shy about? "Are you worried that I'll steal your eggs?"

"Stupid girl, quickly turn around! Otherwise, today's operation will be cancelled! " Chen Xiang took out his clothes and quickly put them on.

Leng Youlan stared at him and said: "Even if I have to cancel it, I still want to go. What's the big deal? I don't want it even if you give it to me. It was said that when a man hung onto those two items and that item, didn't he feel it was a big hindrance when fighting? Will it hurt to be kicked? "

Chen Xiang said helplessly: "It will definitely hurt, and it will even hurt so much!"

Leng Youlan said naively: "Then it must be very troublesome, so we might as well cut it off! If I cut it off, it should be able to make it a lot easier for you guys.

Chen Xiang was driven mad in his heart, while Xue Xianxian was smiling with his face flushed red.

Youlan, although you're not a man, you'll know sooner or later that a man's treasure is very important to both of you women. After Chen Xiang finished putting on his clothes, he kissed Xue Xianxian on the cheek and left the Imperial Palace with Leng Youlan.

The sun had not risen, the dark city was very quiet. Leng Youlan slashed the gigantic White Jade Dragon Sword on his shoulder while Chen Xiang followed behind disguised as a follower.

"Youlan, do you know where they are?" Chen Xiang sent a sound transmission to Leng Youlan.

"Of course I know. Last night, when you were having fun in the room, I sent people from the Dark Hall to determine the location." Leng Youlan said.

"So the secret hall is an assassination organization like your Divine Weapon Sect?"

"Yeah, assassinations, investigation news and the like." Leng Youlan said, "This was established by Master a long time ago.

Chen Xiang suspected that the people in this secret hall all had things like Death-haunting arrow. Back then, Liu Meng'er said that he would create a batch for them to use.

"The Gold Armored Sword Sect, the Ghost Killer is a small power recruited by the Devil Race, and there are people here from the Devil Race." Leng Youlan brought Chen Xiang to the outside of a large house.

Chen Xiang told Long Xueyi to use the Heaven tour method to check on the people inside, and lock on their locations.

Leng Youlan stood in front of the gate of the house and knocked on it very politely.

When the door opened, the old man saw that it was a white-haired beauty. His face was filled with fear, who in Divine Weapons Heavenly Country didn't know of Leng Youlan's name? And this white hair was her specialty.

"I'm here to negotiate with you. They will understand what I mean if you inform them." Leng Youlan said. Surprisingly, she did not barge in.

When Leng Youlan saw Chen Xiang's doubtful expression, he stuck out his tongue. "Senior sister had also said that you have to behave decently in your own territory and not cause any damage, don't underestimate me."

The butler brought Leng Youlan and Chen Xiang to a large hall and welcomed them. He had also instructed the servants to inform the people here.

"There are twenty in the Ghost Killer, thirty in the Gold Armored Sword Sect, and two in the Devil Race. However, the people from the Devil Race are relatively stronger, and the Devil Race should be the one directing them to do things here." Long Xueyi said.

Someone walked into the hall. It was two young men with dense demonic qi, one look was enough to tell that they were from the Devil Race. Behind them were two Golden Face Ghost Killers and three middle-aged men with golden swords by their waists.

"A fellow like the Ghost Killer can also be washed clean now. He dares to appear in broad daylight, aren't you afraid of being killed? Right now, Ghost Killer is someone who needs to be killed. It's one thing for you to not keep a low profile in my territory, but you guys still want to force us to sell you.

Although Leng Youlan was impulsive, it did not mean that she was stupid. Otherwise, she wouldn't have such strength now.

When the two young Devil Race s saw this mighty white haired beauty in front of them, they revealed looks that seemed to want to take her for themselves.

The number of silver-faced Ghost Killers were not many, and there were even fewer Golden Face Ghost Killers. Now that they were all working for Devil Race, it could be seen how strong he was.

"We lack profoundgang. As long as you give us half of the lode, we will pay you the corresponding Spar! And you will even receive the protection of our Devil Race! Honestly speaking, both the Ghost Killer and the Gold Armored Sword Sect are under my Devil Race's control. We sent them here to discuss with you guys, but we did not want you guys to think that your Divine Weapon Sect and the Devil Realm were

doing business. After all, Human Realm hates demons. " The man from Devil Race said. On his waist was a black jade pendant, it seemed to hold quite a high position.

[Chapter 1144](#)

Leng Youlan sneered: "We are not selling, you guys better hurry up and leave, I do not welcome people like you here. You are right, our Human Realm hates people like you, so how can we do business with you guys? As for the Ghost Killing School and the Devil Race, they had long since become extremely stinky, and now, the Jin Hao Sword Sect should be arriving soon! "

"The reason why I'm here today, is for you to quickly leave the Divine Weapons Heavenly Country, and never step foot inside again. If you discover me, you will be killed without mercy!"

Leng Youlan's attitude was very clear, he was definitely not going to let the profoundgang lode, and he was even going to expel the Devil Race and the Ghost Killing School.

"Don't think that your Chen Martial Continent's sect alliance is already the best in the world! We have good intentions to chat with you right now. That is because we think highly of you. " The young man's face suddenly turned cold.

"What is it? If you look down on us, are you going to just directly kill us? As expected of a fellow from the Devil Realm! " Leng Youlan stood up and shouted in anger, "Get the hell out of here, I'll give you one hour, get out of Divine Weapons Heavenly Country!"

With regards to the Ghost Killing School, Leng Youlan was already easy to deal with. If this thing appeared in the Dragon Subduing School, it would have been ordered by Li Baojun to kill it long ago.

"Haha ..." What a powerful Divine Weapons Heavenly Country, a mere arrogant little girl, actually dares to tell us direct disciples of the Devil Race to scram? Since you all do not accept our kind intentions, then we will have to use force, isn't it just a Chen Martial Continent? Are we still afraid that we won't be able to win? " The young man laughed.

The two Golden Face Ghost Killer s also suddenly took action at this time, only to see them quickly waving their arms, releasing a torrential rain of gold needles. The gold needles were glowing with a purple luster, and with a glance, one could tell that they contained a highly toxic poison.

"Bastard!" Leng Youlan swung his greatsword, and the ice wind and cold energy surged out like the waves of the ocean, freezing all the golden needles.

The two men from Devil Race immediately pulled out a black long blade, the three middle-aged men from the Golden Sword Sect pulled out their golden swords and pounced towards Leng Youlan. All of them were people who had experienced the five tribulations and six tribulations of the Nirvana Realm, they were all extremely powerful, at the same time, they unleashed a berserk Qi that shattered the entire house.

However, just as they flew away, just as they released their violent powers, they felt their bodies floating in the air, unable to move. They could see that there were quite a few water dragons coiling around their bodies, and these water dragons were even frantically devouring their powers.

Just as Chen Xiang released the water dragons to wrap around this group of people, Leng Youlan's large sword had already slashed out, chopping down Golden Face Ghost Killer's head first, then the two Demon Lord's men, and finally the three middle-aged men of the Golden Sword Sect.

was very familiar with decapitating, in just a few moments, all of their heads were chopped off by her.

"The secret hall, clean up this place. The rest should be some small fries!" Leng Youlan said solemnly, Chen Xiang only saw a few black lights suddenly flash, and with an extremely fast speed, they entered the house, and then he heard many miserable cries.

"Bro, it's so good to be with you!" Leng Youlan laughed and then took out all of their Storage magic treasure s.

"Hang the heads of these two Golden Face Ghost Killer s up, and let them know the power of our Divine Weapons Heavenly Country. If they enter, Golden Face Ghost Killer will definitely die."

Leng Youlan and Chen Xiang arrogantly left the house, but the sky had just started to brighten.

When he returned to the palace, Xue Xianxian saw the happiness on Leng Youlan's face and knew that the matter was progressing smoothly.

"We have already sent people to inform Super Martial School and the others of what the Devil Race has done to us. Furthermore, I just received news that Super Martial School's Gu Dongchen, Wu Kaiming and even Huang Jintian had flown up to Heaven Realm. Xue Xianxian said.

looked at the sky and let out a long sigh. Accompanied by the rise of Huang Jintian and the others, a new era was coming, and this era belonged to them, the youngsters. But today, the demons were rampant, and they were attacking Human Realm without restraint.

Xue Xianxian said: "You Lan, we need to quickly arrange a good profound Realm!"

Leng Youlan's eyes lit up. "Un, master and the profound Realm Sis have refined them, they are now of use. We have to hurry and finish them!"

"How should we arrange it?" Chen Xiang knew that Dongfang Xinyue and Liu Meng'er were refining the profound Realm before, but it seemed that they had succeeded.

"That array disc is currently absorbing energy, it will take around a month to finish. If it is done, we will have a very large profound Realm, as big as an entire city." Xue Xianxian said.

When the time comes, I need to go find some old friends. I will have them pay more attention to the Chen Martial Continent, I always have a feeling that the Chen Martial Continent will be very dangerous in the future. "Su Yun said in a low voice. Chen Xiang said. He regretted not asking why the ice dragon and Super Old Fire Beast chose to hide in the Chen Martial Continent, and why the secular world his father lived in never appeared.

In the next month, Chen Xiang either condensed creation divine liquid during the day or went to find Wu Qianqian to get intimate with him. At night, he would be together with Xue Xianxian as they cultivated.

This month, Chen Xiang realised that Xue Xianxian and Leng Youlan were both very mature when it came to handling problems, it was obviously something he learned from Liu Meng'er, and now, the palace had

opened an entrance, which was specially used to enter the profound Realm, but it was empty inside, and required a few things to perfect, but they had already moved in, and the spirit qi was extremely dense.

In the morning, the new profound Realm absorbed the densest amount of spirit energy.

Xue Xianxian laid in Chen Xiang's embrace, and said gently: "Husband, you go back to busy yourself, your Dragon Subduing School is much more dangerous than us, your dragon fountain is being watched by many great powers, and your Dragon Subduing City's medicine industry is so flourishing, it will make many people jealous, we can handle this here."

"Hm!" We won't have much to do when we get to the Heaven Realm in the future. " Chen Xiang kissed Xue Xianxian's fragrant lips, then got up and put on some clothes.

"Brother, if your Dragon Subduing School needs any helpers, just call me. I will definitely rush over immediately." Leng Youlan laughed.

"Ha ha!" Chen Xiang kissed her forehead: "You Lan, be more obedient and don't let Xianxian meddle."

"I know, don't be so girly. I hate these things the most." Leng Youlan giggled.

"Are you chasing me away?" Chen Xiang scolded.

After bidding farewell to the two women, Chen Xiang came to Devil-subduing College from the Transmission array in the city. At this time, the pressure on Devil-subduing College was also great, because of the rampage of the demons, many sects had sent their disciples in to learn the Anti-Demon Arts, and this Devil-subduing College was also viewed as a thorn by many demon-like forces.

[Chapter 1145](#)

Chen Xiang had only come to the Devil-subduing College to take a look at Zuo Zhenxuan's current situation. This Devil-subduing College had more and more disciples, and their scale was getting larger and larger.

However, at that time, because of Di Tian, he did not choose to ascend, but chose to stay instead. Now, he continued to be the Principal of the Devil-subduing College, teaching him the Demon Subduing Martial Arts, and at the same time protecting the Devil-subduing College from the attacks of the demons.

"Elder Zuo, are you feeling a lot of pressure now?"

Chen Xiang and Zuo Zhenxuan were on a tree-lined path within the academy. At this moment, the entire Devil-subduing College was extremely tense, because every day, there would be a group of people leaving the place, heading towards the place where the demons had invaded the worst case scenario.

What I am worried about is that a powerful fellow will appear from the Demon and Devil Realms. Right now, the more powerful one might be the Great Clan Elder from the Dragon Subduing School, but everyone can guess that the Great Clan Elder would be very powerful, so he will not stay in Di Tian for too long. Therefore, your Dragon Subduing School will also be in danger.

Everyone knew what kind of strength the White Tiger had, and everyone knew that this kind of ranker would only come out to help the Dragon Subduing School temporarily, but would never be able to hold on for a lifetime, but currently, no one in the Dragon Subduing School dared to move, because no one knew if the Great Clan Elder was still around.

"This group of demons have all lost control, they are savage and savage, many of the big heads in the Demon and Devil Realms can't do anything about them, but the big powers in the Demon and Devil Realms are also very happy to see such a thing, because those big powers can fish in troubled water, and get a lot of benefits out of it!" Zuo Zhenxuan already knew that some of the powers in the Demon and Devil Realms were doing something.

Chen Xiang nodded his head: "That's right, Devil Race had sent people to attack Divine Weapons Heavenly Country earlier, and wanted to buy more than half of the Divine Weapons Heavenly Country's profoundgang mines with a low price.

Currently, all of the people who came to cause trouble in the Divine Weapons Heavenly Country had been killed by Leng Youlan, and their heads were hung on top of the city gates. Everyone in the south had heard of this matter, and they were extremely concerned about it as they thought that the Devil Race had openly attacked the forces of the Human Realm.

I will arrange for some time to gather some of the big shots of the big powers to discuss about this matter. Right now, the losses of the Human Realm are already very heavy, and although the fierce demons have suffered a lot of casualties, they do not care, as there are many brainless fellows in the Demon and Devil Realms. Zuo Zhenxuan was helpless towards such a thing, even the fierce demons were inciting him.

Chen Xiang said, "I will make a trip to the profound Cold Ancient Realm to find the Demon Empress and ask her about the situation. I will see if she has any way to control the Evil Demon s."

Chen Xiang was teleported from the Devil-subduing College to a large city that was relatively close to the profound Cold Ancient Realm. Although the large city was located in the Human Realm, it was established and managed by the Demon Charming Association because it was very close to the Demon Realm.

There were a lot of demons in the Northern Demon City. These demons were different from the Evil Demon, they were all the more kind. As long as they were not provoked, they could live in harmony with humans!

When the Northern Goblin City was attacked by the Evil Demon, the ones who contributed the most to the battle were the powerful Demons inside. When Chen Xiang was in the city, he could smell the strong smell of blood, and outside the city, a big fire was burning down the rotten corpses.

This place was closest to the profound Cold Ancient Realm, and was also rather cold. Many people who wished to enter the profound Cold Ancient Realm would either come here to make preparations, or to search for a group to enter.

And the reason why Chen Xiang came here, was on one hand to greet Lv Qinlian so that she could look favorably upon the Chen Martial Continent, and that Lv Qinlian had also promised Chen Xiang before.

Of course, Chen Xiang also came here to sell his Drunk god flower, he had condensed creation divine liquid for a month and brought out a lot of them, planning to trade with Lv Qinlian for some good things. Even if Lv Qinlian didn't have anything good, it would be good if he could exchange it with her.

The Demon Charming Association was a profound Realm. Although the profound Realm was very big, there were not many female Goblins in there. Chen Xiang had heard from Lv Qinlian that the Demon Charming Association would take out a large area of land to cultivate some Poison Flower, Poison Grass or even some pellets for alchemy. This profound Realm was a little special.

Lv Qinlian was a demon formed from a lotus, so he had a natural advantage over plants and flowers.

In the Northern Demon City, the most common things that came here were the things from the profound Cold Ancient Realm s. profoundbing were the most common, and the majority of the people that came here wanted to try their luck and get something out of the profoundbing s.

Other than that, there were also many other items of the icy attribute sold here, such as ores, exotic flowers, herbs, weapons ...

And Demon Charming Association's biggest business here was selling strange flowers and herbs. Although the Demon Charming Association Fey all used poison, they never sold Poison Flower Poison Grass, but they did sell antidote ingredients. Many Alchemist s who refined antidotes came to this place to look for some herbs.

At the same time, the Demon Charming Association also sold Primordial profoundbing, but the profoundbing they sold were all very expensive, because these profoundbing came from the depths of the profound Cold Ancient Realm, and their shapes were strange as well.

The Sky Demon Pavilion was the Demon Charming Association's shop in the Northern Demon City. It was huge, almost like a manor.

After Chen Xiang arrived at the Sky Demon Pavilion, he quickly discovered the reason why business was booming here. It was because there were many bewitching fairies here, and many people came to see these beautiful fairies.

Even though they were watching, no one dared to lay a hand on them, or else they wouldn't even know how they died. It was said that in the past, there were people who took liberties with these imps.

Previously, Lv Qinlian had invited Chen Xiang to the Demon Charming Association to take a look at some of the profoundbing, so he gave him an order badge.

Chen Xiang came to the front desk and displayed the order badge to the mature and charming woman, then said: "I have something to find her for, see if it's convenient for her now!"

"Please wait a moment, I'll go inform them right away." The lady anxiously said, she was extremely polite to Chen Xiang.

"I'll take a walk around here first!" Chen Xiang was extremely interested in these profoundbing, he came here to get some profoundbing to study, because these profoundbing contained a very terrifying and mysterious cold energy.

"That Golden Ape came again. This guy spends all his time here looking at profoundbing s, but rarely buys any. Even if he buys anything, he won't be able to get anything out. This guy can't be trying to seduce the spirit demon here, right?"

"Shh, lower your voice. The Golden Ape Clan is very powerful!"

After Chen Xiang heard the discussions of the Golden Ape, he looked towards the hall displayed by the profoundbing. Only the strong people could enter, otherwise they would not be able to resist the intense coldness inside.

[Chapter 1146](#)

The golden ape was very tall and sturdy. It wore a golden robe and was caressing a humanoid profoundbing!

Chen Xiang was also immediately attracted by the profoundbing, because it was like a beauty meticulously carved out of white jade. It had an extremely exquisite oval face and extremely clear facial features, it was hard to believe that this piece of profoundbing was formed naturally, it was simply too miraculous.

Chen Xiang walked into the hall that displayed profoundbing s. Seeing him walk in, many people were secretly shocked, because those who could enter, had decent strength. They never thought that such an unassuming middle-aged uncle would be so powerful.

After changing his appearance, Chen Xiang looked extremely ordinary, but right now, he had attracted some people's attention.

"This big brother, what a great face!" Is this your first time here? This is the Jade Man profoundbing that our Demon Charming Association has just dug out, if you need to buy it, the price can be reduced. " A sweet-looking goblin said in a clear voice.

Chen Xiang looked at the price tag, it was actually 500 billion Spar, it was outrageously expensive!

However, in the last Golden Sun Saint Realm auction, the White Lotus profoundbing was already worth more than a trillion Spar, so it was still relatively cheaper.

Chen Xiang grinned and said: "If I can get a beauty like you out of there, I'll buy even one trillion."

The lady laughed lightly: "Big brother, you are so funny, if you buy this profoundbing, as long as you take something out from it, we will return it to you. That is to say, if you're lucky, you can get something for nothing. "

"If we're unlucky, we'll have lost five hundred billion Spar, and most of them are unlucky. We won't be able to get anything out of them ..." Chen Xiang shook his head as he looked at the Jade Man profoundbing with the Chaos Divine Eye.

The muscular man from the Golden Ape Clan looked at Chen Xiang with contempt and said disdainfully: "Hmph, if you think you can't take it, then stop playing with profoundbing. profoundbing s are not something that just anyone can afford to play with."

Playing with profoundbing? Chen Xiang snickered in his heart. He was an expert at playing profoundbing, he was afraid that in Di Tian, the person who could get the most out of profoundbing would be him. Philosophic stone s, Sky Stone and Rule spiritual bead, all of them were top-notch things.

Chen Xiang was very clear that the young people that were looking at profoundbing in the hall were mostly doing it for face. They thought that by staying here all day to look at profoundbing, they had sufficient understanding of them and could even play profoundbing.

As for the shops, they were tricked by this kind of people, who would only buy one or two of the cheapest ones if they spent two to three years here.

"Can you play? Why don't you open up all the profoundbing here? I also don't see you buying a few pieces." Chen Xiang sneered.

"Little Ape King, what did you say to this guy? One look was enough to tell that he was not playing with profoundbing!" At this time, a black clothed man walked over, swept Chen Xiang with his gaze, and continued to speak: "Playing profoundbing is not blindly buying, but watching, touching, smelling, and through careful observation, see if there are treasures inside!"

Chen Xiang laughed: "Then I would like to ask two experts in profoundbing games, have you ever driven a profoundbing with treasures before?"

The Little Ape King's expression changed slightly. In Northern Demon City, who didn't know of his reputation as the Little Ape King.

Chen Xiang felt that these fellows were here all day because they were bored, and then let others feel that they were very strong, very different from the masses.

The black clothed man said: "Opening profoundbing s naturally has a luck element, but observation is essential. It can allow the person to have a greater chance at opening treasures, and also remove some of the unprotected profoundbing s."

He came to the side of a red-purple profoundbing and said: "This piece of profoundbing is a more common four-sided profoundbing. The biggest characteristic of this piece of profoundbing is that there are carvings on the surface, and from our observations, we can see that it's a tree, and it's an old tree that's about to die, and its leaves are falling nonstop."

"Drop the leaf, old tree, die!" This is an unknown profoundbing, so there will not be anything inside. "

Chen Xiang really wanted to say fart, but he continued to laugh: "Then what about this Jade Man profoundbing?"

Little Ape King laughed coldly: "Brother Black Tiger, don't talk so much with this guy, he is trying to trick us. We are professionals in the profoundbing realm, we need to collect Spar to explain to others."

Chen Xiang couldn't help but laugh, and their argument also attracted many people who spectated. They all secretly felt that Chen Xiang was going to be unlucky, offending the Little Ape King and the Black Tiger was not a good thing.

did not want to cause trouble here, but since Lv Qinlian had not come yet, he decided to take a look at the profoundbing here. He wanted to see if he could find any treasures in there, and if he could get the treasures, he would be able to make the Sky Demon Pavilion sell even more profoundbing.

"You two, you said that this square of profoundbing does not have any treasures, right?" Chen Xiang asked.

"Of course, we all think so. Otherwise, this profoundbing would not be priced so low!" The black tiger said.

Chen Xiang used the Chaos Divine Eye to look carefully. He could vaguely see that there was something inside the profoundbing, but he was not sure if it was a treasure.

"Since there's only 60 billion Spar, let's give it a try!" Chen Xiang said to the sweet spirit demon: "Miss, I want this piece. My intuition tells me that there is something inside this piece of profoundbing!"

The Little Ape King laughed out loud: "You want to slap our faces, want to embarrass us, there's no need to waste sixty billion Spar s! You look like a mature and steady person, but I didn't expect you to be so impulsive, I really want to see what kind of thing you can come up with. "

"Little Ape King, I never thought that I would see such a dumb person today. He openly told me that there's nothing inside the profoundbing, but he insisted on buying it. "Hehe, he's doubting our eyes."

The sweet woman had been watching by the side the entire time. She hadn't expected this outcome either. She felt that this middle-aged man was a good man, seemingly simple and honest.

"Big brother, are you sure you want to buy it?" the sweet woman asked.

"If Xiao Tian could tell that the profoundbing did not have any treasures, wouldn't you know?" The Little Ape King mocked.

Xiao Tian frowned, and said: "I didn't see it, alright? If you did, why didn't I see you two open a profoundbing? Our King said, if anyone saw that the profoundbing had a treasure, that person would definitely buy all of the profoundbing in the entire Northern Demon City, it was purely through luck. "

Chen Xiang laughed foolishly, "Little miss, I'm sure I want to buy it. Isn't it just luck, and the same as gambling? I don't have the courage to place bets in a casino, and yet I'm coaching others. What a joke. "

[Chapter 1147](#)

Hearing this, Xiao Tian agreed in her heart, but she was worried that this honest looking uncle would be taken revenge by the Little Ape King. However, when she saw Chen Xiang straightforwardly giving her sixty billion Spar, she knew that this uncle wasn't easy to deal with. Even someone like Little Ape King wouldn't be so generous.

The Golden Ape Clan was one of the great powers in the Demon Realm. The demons inside were all Golden Apes, and they were not as barbaric as those in the Evil Demon. The Little Ape King was the son of the current Golden Ape King.

The faces of the Little Ape King and the Black Tiger were both ugly. This was because they had never been said in such a way by others, and this caused them to feel stifled anger in their hearts.

"Little girls, can you help me get rid of this profoundbing?" Chen Xiang asked.

"Of course you can!" Xiao Tian took out a very separated short blade and fiercely stabbed at the square shaped profoundbing.

When the profoundbing was attacked, it would immediately turn into powder, and at the moment, the hall was packed. They stared at the pile of powder, and their faces were filled with shock, because on the pile of powder, there was a black sunflower, although it was only the size of a palm, but it gave off a very dangerous feeling.

"Haha ... " Who said just now that the profoundbing did not have anything? This is so funny! " Chen Xiang laughed out loud, while the expressions of the Little Ape King and the Black Tiger were ugly to the extreme.

Just a moment ago, they said that this profoundbing would definitely not have anything, that kind of self-confident look, in front of everyone was just a joke, it was as if they were slapped twice by Chen Xiang!

"What flower is this?" Do you know Miss Xiaoxi? It seems like the poison is very strong! " Chen Xiang held the black Sunflower and looked at it carefully.

Xiao Tian's face suddenly changed, and shouted in shock: "Big brother, quickly let go of this flower, if I'm not wrong, it should be a Black blood magic sunflower, this is a highly toxic poison!"

"Little Ape King, let's go." Black Tiger's face turned pale and he quickly left the hall. The other people inside knew how powerful the Black blood magic sunflower was and ran out in fear.

"I really don't know if this guy's luck is good or bad. He could get something out of the profoundbing, but he just foolishly took the Black blood magic sunflower in his hands. He's dead for sure!" Little Ape King said while gloating outside.

If he were to sell this Black blood magic sunflower to the Demon Charming Association, he would definitely be able to make a huge fortune out of it. " The Black Tiger sneered.

Although Xiao Tian was a Demon Charming Association Spirit Demon and was good at using poison, she did not dare go close, because the Black blood magic sunflower's poison was very strong!

"Black blood magic sunflower is known as the Hundred Poison Gentleman, and is ranked eighteenth on the Hundred Poison List. Because the top ten were all Super Old poison. Therefore, the poison in the top ten of the Hundred Poison List, is a highly toxic poison that would cause immortals to tremble in fear! " Xiao Tian hurriedly said: "Big brother, quickly put down that Black blood magic sunflower. Who knows, maybe you can still be saved!"

The poison flower that was ranked eighth below the Super Old poison, and it was even one that was not restricted from use. It was indeed incomparably precious, and Chen Xiang knew that the person who used it would definitely like it a lot.

"What are the symptoms of poisoning?" Chen Xiang asked, he gently pinched the Black blood magic sunflower, and saw it actually tremble, and release a burst of black Qi.

Xiao Tian was so scared that her beautiful face paled. She could not care less about her foolish big brother as she quickly ran away.

"The symptoms of poisoning is that your entire body's blood will turn black. After your blood turns black, it will quickly expand, causing your body to explode." The Little Ape King shouted, "Idiot, you're dead for sure!"

Chen Xiang really wanted to throw this Black blood magic sunflower into the Little Ape King's mouth, but he only curled his lips and said: "If I'm not it, how about you kowtow three times to me?"

This was unmistakable for the Black blood magic sunflower. Most of the demons in the Demon Realm knew about this poison, because the Demon Realm was rich in poisonous flowers and poisonous herbs. They often went out to avoid being poisoned, so they had to learn to recognize this poison.

"Everyone, no need to panic." Lv Qinlian's clear voice came out, as everyone opened up a path for her, allowing her to enter the hall.

When Lv Qinlian heard that someone had shown her an order badge, and that they had urgent matters to discuss with her, she knew that Chen Xiang had come. Previously, she had also heard about the affairs of the Divine Weapons Heavenly Country, so she thought that Chen Xiang should be in the Divine Weapons Heavenly Country.

Of course, this was a great thing for Lv Qinlian. First, she had taken out a treasure from the profoundbing, which could make her profoundbing sell quite a lot. Secondly, the treasure she had taken out was actually the Black blood magic sunflower, causing Lv Qinlian to be extremely happy.

Chen Xiang kept the Black blood magic sunflower well, and told Long Xueyi to be more careful and copy one of them using the creation divine liquid. He was definitely going to sell them one by one to Lv Qinlian, and he was going to keep a single one for himself.

Even if he were to openly use this thing against others, he wouldn't be wanted by the nine heavens.

"I imagine that your esteemed self is also a congested person. I wonder if you will be willing to part with me?" Lv Qinlian pretended not to know Chen Xiang and asked.

Chen Xiang packed away those profoundbing and laughed simple-mindedly, "It's really an honour to see the Demon Empress' beautiful face! Can we find a convenient place to talk? "

"Please!"

Lv Qinlian made a gesture, then brought Chen Xiang out of the hall. At the same time, he ordered the hall to be temporarily sealed, seemingly to prevent the Black blood magic sunflower's poison from leaking, but in reality, the Demon Empress wanted Chen Xiang to carefully look through all the profoundbing inside, taking away the profoundbing with the treasures, leaving no treasures to be sold.

Little Ape King and the black tiger gritted their teeth because not only was Chen Xiang still alive, he had even befriended the Demon Empress. One must know that the Ape King of the Golden Ape Clan wanted to curry favor with Lv Qinlian, but in the end, he did not succeed.

Arriving at an elegant small hall, Chen Xiang crossed his legs and drank the fragrant flowery tea as he smiled: "Big Sis Lu, you're becoming more and more black-hearted, your profoundbing probably will

make your move even if you double! I'm afraid that in the entire Northern Demon City, only you have produced such a good item. "

Lv Qinlian chuckled: "Your Little Fairy's wife has already been bullied by others, yet you still dare to cause trouble here with me? You're too heartless!"

Chen Xiang took a sip of the scented tea and said: "I just left the Divine Weapons Heavenly Country not long ago, I've been there all this month! Xianxian is also very powerful, there's no need for me to worry, but Sister Lian, those delicate Spirit Demons around here are always showing their faces, it makes one's heart ache. "

Lv Qinlian scoffed, "You playful little scoundrel, don't try to be naughty here, all the demons in my Demon Charming Association are very pure."

Chen Xiang took out the Black blood magic sunflower, and laughed: "Sister Lian, I will take out a treasure from the profoundbing, you guys must return the sixty billion Spar."

"Of course. How are you going to sell it to me?" Lv Qinlian looked at the Black blood magic sunflower with a fixed gaze, as if he had seen his lover for a long time. That deep feeling also caused Chen Xiang to be a little dazed.

[Chapter 1148](#)

Chen Xiang looked around vigilantly and whispered, "Sister Lian, is it safe to stay here. "I love your mouth."

Seeing Chen Xiang being so cautious, Lv Qinlian must have something important to do, so she anxiously set up a barrier, isolating the hall from the outside.

"I really need this Black blood magic sunflower. Name a price." Lv Qinlian was a little worried that Chen Xiang would not sell it to her, because Chen Xiang also liked using poison.

However, Black blood magic sunflower could be used in public. At the very most, he would just be scolded by others, and wouldn't be hunted like how the Magical corruption gas was used.

"Sister Lian, it's so unpleasant to hear whether or not you're selling it. I'll just give it to you." Chen Xiang laughed and directly handed the Black blood magic sunflower over.

Lv Qinlian anxiously took out a jade box and placed it inside, she was extremely happy, and revealed a sweet smile: How can I take your things for nothing, how do you want me to thank you, as long as I can do it, I will agree to it.

Chen Xiang licked his lips and gathered up his courage to say, "Kiss me ..."

"Little Scoundrel, stop messing around." Lv Qinlian spat out lightly.

Chen Xiang laughed, "Sister Lian, how about you give me some of the powerful Poison Flower Poison Grass that you have mastered and we can exchange it on the same level ... Sister Lian's kiss is so precious, how can Black blood magic sunflower be exchanged with it, right? "

Lv Qinlian scoffed, "Little scoundrel ... "Take it."

Chen Xiang borrowed a jade box from Lv Qinlian and opened it. Inside the jade box, there was a Plum Blossom that looked like it had been grinded out from a red crystal.

"What is this?" Even though Chen Xiang had the impenetrable, he did not know that these poisonous flowers and poisonous grasses, if it was anyone else, would have probably been poisoned long ago.

"Raging Flames of the twentieth rank on the Hundred Poison List." Lv Qinlian leisurely said: "This is the best poisonous flower that I have right now. I have a few, but it's very difficult to grow."

Chen Xiang closed the box and asked, "What will happen after I get poisoned?"

Lv Qinlian said: "As long as you touch it, the Fire Poison will enter the body, and through devouring the energy in the body, it will spread throughout the body, and if you do not quickly expel the poison, the poisoned people will feel as though they are in a furnace, their entire body will feel hot pain, and then their body will slowly turn into ashes."

"Of course, they are definitely not as powerful as the Magical corruption gas. As long as the Magical corruption gas enters the human body, it would be very difficult for even the Immortal King to quickly get rid of it. Although it can be controlled immediately, it will be very difficult to expel it from the body and it will take a very long time to force out the poison.

Chen Xiang laughed: "Then it's because so many people are afraid of your Demon Charming Association's Spirit Demons, so there are actually so many powerful poisonous creatures. Even if they don't die, they will not be able to live a comfortable life for the rest of their lives."

Lv Qinlian smiled sweetly and nodded: "Now we have the Black blood magic sunflower, it is the eighteenth ranked poison on the Hundred Poison List. I didn't expect it to actually be obtained from the profoundbing, I am truly grateful to you."

Chen Xiang rubbed his nose: "So what if you're ranked eighteenth on the Hundred Poison List, and you can't exchange it for Sister Lian's sweet kiss, what's so amazing about that?"

Lv Qinlian rolled his eyes at Chen Xiang: "You little scoundrel, you're getting more and more dishonest, to think that you would keep having these bad thoughts about me, Big Sister. This is not good."

How could a beauty not like him, especially a Spirit Demon Empress like Lv Qinlian. However, Chen Xiang was only joking right now, but Lv Qinlian had taken it seriously, because when she was in the Sacred Dan Realm, she knew that there were many girls who had a good relationship with Chen Xiang. Furthermore, they were all extraordinary, especially girls like Yan Zilan and Long Huishan who could compare to her, who could even maintain a good relationship with her.

Previously, Lv Qinlian had viewed Chen Xiang as his number one enemy, but he never thought that their relationship was so close.

"Sister Lian, how did you get the profoundbing outside?" Chen Xiang wanted to go to the profound Cold Ancient Realm to see where all the profoundbing were.

Lv Qinlian smiled slightly: "In the depths of profound Cold Ancient Realm ... To be honest, they were snatched by us Spirit Demons. In profound Cold Ancient Realm, they were surrounded by a group of very

strong people, but after those Spirit Demons used poison to counterattack and killed those guys, they casually brought them over. "

Chen Xiang said: "So that's how it is. Sister Lian, what's the rank of the Magical corruption gas on the Hundred Poison List?"

Lv Qinlian said in a low voice: "Rank 7, the top 10 poisons on the Hundred Poison Rankings are all prohibited. Those are all called Super Old poison s."

Chen Xiang took out the snow-white Drunk god flower and smiled: "This."

When Lv Qinlian saw the Drunk god flower in Chen Xiang's hands, he was not very sure at the beginning. However, after seeing the smile on Chen Xiang's face, he immediately confirmed it was one of the Super Old poison s, the Drunk god flower s.

"This is ..." Lv Qinlian's face changed, and he immediately shut his mouth, because the Drunk god flower had another name, the Drunk god scent s, and it would be extremely toxic just by smelling the fragrance, and even if it was not absorbed into the body, the fragrance would seep into the skin, causing people to be poisoned.

"Sister Lian, don't worry, the Drunk god flower will only release its power when it is burned. However, the effect will be even better if the Drunk god flower is refined into powder."

Looking at Lv Qinlian's nervous expression, Chen Xiang knew that Lv Qinlian was inferior to him in terms of poison use.

Lv Qinlian heaved a sigh of relief. At the moment, her face was filled with excitement, although this was a prohibited item, but she was extremely passionate about it, she never thought that Chen Xiang could not only get a large number of Magical corruption gas, he actually had a Drunk god flower too.

One person possessing two kinds of strange poisons, if word of this got out, all the Rankers in all of the Nine Heavens and Ten Earth would catch Chen Xiang even if he were to bombard the heavens.

"When did you get it?" After Lv Qinlian confirmed that the Drunk god flower would not poison, he immediately moved closer to Chen Xiang and carefully looked at the Drunk god flower in its hands.

Right now, Chen Xiang was greedily sucking on the intoxicating fragrance of Lv Qinlian's body. Just as he was greedily sucking in the fragrance of Lv Qinlian's body, he suddenly felt that he was in a daze, and his body was extremely hot. He felt that there was an extremely violent flame in his body, if he did not release it, he would probably explode.

"Crap."

Lv Qinlian's face changed, he immediately controlled himself, and did not let the rich fragrance escape, following that, he took out a small lotus flower petal and placed it into Chen Xiang's mouth.

At this time, Chen Xiang's body was completely red, his eyes were swollen and bloodshot, and from his pores, blood was seeping out waves after waves of terrifying heat, burning his clothes.

After eating the petals that Lv Qinlian took out, Chen Xiang gradually returned to his original state. He became much more clear-headed, but he was still in a daze.

When he woke up, he found himself lying on a soft bed. He could smell the fragrance that almost killed him.

Only now did he know that the fragrance that was being released by Lv Qinlian's body was definitely capable of being ranked in the top ten of the Hundred Poison List.

[Chapter 1149](#)

Chen Xiang pulled off his bedding and realized that he was completely naked. He anxiously took out his clothes and put them on.

Lv Qinlian walked over and sat on the side of the bed. With a guilty look, he looked at Chen Xiang and said gently, "You should have rested well. I am truly sorry. "I love your mouth."

When he thought about the feeling that he was about to die, Chen Xiang no longer had any vicious thoughts towards Lv Qinlian. After cultivating in the Devil-suppressing Golden Body, neither the Magical corruption gas nor the Drunk god scent could do anything to him, but he was almost killed by the spirit demon's aroma.

"Sister Lian, you are much stronger than any Drunk god scent." Chen Xiang laid down. His body was still soft at this moment, and when he thought of the frightening feeling from before, he couldn't help but break out in a cold sweat.

Although Lv Qinlian had such a powerful Poisonous scent, he also had something like a Holy Lotus Seed, which was difficult for Chen Xiang to understand.

"You're very strong too. I thought I wouldn't be able to save you, but your body is much stronger than I imagined. I really don't know how you managed to refine it ... In my opinion, I should reach the realm where my Immortal Devil Body reaches large success. "

After this matter, Lv Qinlian realized even more clearly just how powerful Chen Xiang was.

"Your body is hiding endless fire energy, but I can't see what exactly your Fire Soul is. The fragrance that is being released from my body is able to make the stable fire energy in one's body become many times more violent."

Chen Xiang now understood why he was unable to control his own body previously. Whether it was the Divine Sense Sea or his dantian, the various energies in his body were all berserk, losing control, constantly releasing energy. At that time, he tried his best to control his own body, and it was also like that, which allowed him to regain his life.

"I'm so sorry, I didn't do it on purpose ... "When I get excited, I will release that fragrance, but if it's not strong enough, it will have no effect on people, and I was too close to you then ..." Lv Qinlian said in a low voice.

"Aren't I fine now? It's all in the past ... And it taught me a lesson. " Chen Xiang didn't dare to have any more thoughts about Lv Qinlian in the future.

Seeing Chen Xiang's frightened expression, Lv Qinlian could not help but laugh, "Are you afraid of me now? You don't dare to have any other thoughts."

Chen Xiang nodded honestly: "I won't, it's deadly."

Now, he didn't dare bring up the matter of kissing Lv Qinlian to him. If Lv Qinlian became excited and spat out that kind of Poisonous scent, it would be a kiss of death.

Lv Qinlian let out a faint sigh, "You have the Devil-suppressing Golden Body, yet you're unable to suppress this poison. It seems like no one will want it in my lifetime."

Chen Xiang said anxiously: "Who said I can't control myself right now, but that doesn't mean I can't in the future."

Lv Qinlian chuckled and said, "You're the first one to survive after being infected by this poison. Now that you're fine, I'm relieved."

"Where did you get that Drunk god flower? Is there more in that place?"

Chen Xiang took out another one, and said: "I've taken out all the Drunk god flower at that place. I have quite a few here, so I can refine many of them."

As he said that, he took out a Storage bag, and inside was the Drunk god flower that he had previously installed. In the future, the safety of the Chen Martial Continent would depend on Lv Qinlian's protection, so Chen Xiang spent a lot of effort on it.

Lv Qinlian spat out a lotus seed that was shining with a green light from her mouth. "Now, I can only use this to exchange for it."

It was another Holy Lotus Seed. It had been ten thousand years for Lv Qinlian to be able to bear a single one.

"Sister Lian, you should keep it for yourself. I still have the one you gave me last time." Chen Xiang had the creation divine liquid, he could reproduce a lot of them.

"You are a Alchemist, so you will need it sooner or later. This is the best thing I can take out, I am a lotus flower myself, I do not lack this kind of thing." Lv Qinlian grabbed Chen Xiang's hand and placed the holy lotus seed on his palm. "Although the Poisonous scent that I release is very powerful, I still can't control it;

Lv Qinlian looked at the Storage bag and saw the number of Drunk god flower inside. He was shocked, there were actually three hundred of them, one or two of them being a rare poisonous flower, it was already considered good.

She kissed Chen Xiang's cheeks and said gently: "Rest well. After you've recovered, go and take a look at those profoundbing."

After Lv Qinlian left, Chen Xiang's back was still feeling cold. Although Lv Qinlian kissed his face, it made him feel like his life was at stake.

"I almost died. This seductress is so powerful. Where did she come from? At the same time, she has such a powerful poison on her, but she also has a Holy Lotus Seed. What a contradictory woman." Chen Xiang muttered.

Little Scoundrel, let's see if you still dare to be so dishonest in the future. Su Meiyao and Bai Youyou who were inside the ring had almost appeared before, they were too worried about Chen Xiang, and only after seeing that he was fine did they feel more at ease.

Chen Xiang said: "sister Meiyao, this is none of my business, I just caught it the moment I smell the fragrance, there's one thing that I think is weird, it's Sister Lian. She said that the poison can make the energy in a person's body go berserk, but I think it isn't just that."

"Indeed, it's not only that. At that time, the power in your body was rapidly increasing. Although that power was very violent, you were several times stronger than before." Bai Youyou's ice-cold voice came out.

"That's right, so I feel that Sister Lian's Poisonous scent can either release all the hidden powers in the human body, or increase its power by multiple folds. If I can control her poison, my strength might suddenly increase by several folds."

"No, this is dangerous, don't act recklessly." Bai Youyou said in a serious tone.

Chen Xiang only thought about it, because it was different from the other things. In the past, his cultivation would be more painful, but it would not be fatal, but this almost caused him to die.

Two days had passed and the hall where the profoundbing were sold was still sealed. This caused many people who wanted to buy the profoundbing to be very anxious, but they knew that the poison aura of the Black blood magic sunflower had appeared in this hall before.

There were many people outside waiting for the hall to open so that they could buy profoundbing s to break through. This was because Black blood magic sunflower s were the best things that could be obtained from profoundbing s in the Northern Goblin City. Although this was a matter of luck, many people still believed that the Heavenly Demon Pavilion profoundbing s had a higher chance of dropping a treasure.

Chen Xiang had already completely recovered. Right now, he and Lv Qinlian were in the sealed up hall, wanting to see through all of the profoundbing here.

[Chapter 1150](#)

Lv Qinlian said: "We'll first take a look at the profoundbing here and then head to the Demon Charming Association. "Haunted jaw */*"

"What you think is good is just judging by the appearance. That's not accurate."

Suddenly, an eye opened up from between Chen Xiang's brows and shot out a beam of golden light, looking at a gigantic white profoundbing that was as tall as two people. The reason why this piece of profoundbing could be placed here, was because there were many natural patterns on the surface of this profoundbing.

Lv Qinlian shook his head: "That's not it, because the outer layers of profoundbing are transparent, and there are even some flowers and herbs sealed in the transparent outer layers. However, those are all low level spirit herbs, and there are a few transparent outer layers of profoundbing, as well as some frozen demon beasts' limbs.

"Then why don't you drive over and take a look?" Chen Xiang was suddenly curious.

I've opened a few, but none of them had any treasures, so I guess the other powers have one too, but up until now, they have yet to show it to us. It should be because they once obtained some treasures from these transparent profoundbing, and after knowing that you have the Chaos Divine Eye, I didn't touch them again, so when you confirm that the profoundbing s don't have any treasures, we can take them out to sell. Saying that, Lv Qinlian revealed a mischievous smile.

Chen Xiang laughed: "Sister Lian, you are so evil."

Lv Qinlian laughed: "I learned all these from you."

Chen Xiang changed to another profoundbing and directly used the third one. When he looked at it, it was much faster, and there were more than ten of them in a row, but he still did not find any treasures.

After working for more than two hours, Chen Xiang had finished looking through all of them. Only one of the profoundbing had anything inside it.

"Not bad, one of the dozens of profoundbing has a treasure." Lv Qinlian said happily.

"Sister Lian, I only said that there is something inside, but not necessarily a treasure." Chen Xiang spread out his hands and said: "Don't blame me for not being able to see the treasure."

Lv Qinlian gently wiped the perspiration off his face and laughed: "Why would I blame you? You must be very tired from using the Chaos Divine Eye, I still need to thank you."

At this moment, Chen Xiang held his breath, and said in his heart: "This demon is so close, is she trying to kill someone?"

Once bitten by a snake, Chen Xiang would be afraid of grass ropes for ten years. After the previous lesson, Chen Xiang was extremely fearful of this delicate Queen of Banshees, especially when she approached him, he felt like there was someone holding a sharp sword at his throat.

When Lv Qinlian saw that the more she wiped off Chen Xiang's sweat, the more Chen Xiang kept on staying. She quickly understood why, and couldn't help but giggle, then walked over to the profoundbing's side.

Chen Xiang felt a sense of relief and said: "Sister Lian, hurry up and break this profoundbing."

Lv Qinlian extended her jade finger, her finger suddenly flashed with a dazzling light, it was as though a star was shining.

Her jade-like fingers lightly touched the profoundbing and it immediately shattered, turning into a small pile of ice crystals on the ground, shining with a sparkling and translucent light.

This profoundbing was very big, so there were a lot of ice crystals. Lv Qinlian waved his hand to let the ice crystal float in the air, and instantly saw a cyan stone the size of a watermelon.

"What is this?" Lv Qinlian controlled the limestone as he floated over and asked curiously.

"It looks like a demon beast egg, could it be an ancient beast egg?"

Chen Xiang put away the ice crystals. These conditions were treasures to him, and as long as he controlled the method to refine these ice crystals, he would be able to concoct a pill of high quality that could raise the power of ice, or a pill that could explode with a very strong power of ice in an instant.

"I will use the Chaos Divine Eye to look around."

Lv Qinlian nodded and placed the cyan oval rock on the ground.

The Chaos Divine Eye between Chen Xiang's brows opened and shot out a beam of golden light.

"Can you see anything?" Lv Qinlian asked anxiously, she was very curious about the thing inside the stone, because this was the first time she opened up the profoundbing, and gave out such a strange thing.

Hugging the stone far away from Lv Qinlian, he said with lingering fear: "Sister Lian, you have to control your emotions."

Just now, Chen Xiang had smelled that fragrance again.

"I'm sorry, I'll stay away from you. After that fragrance flips away, the poison is gone." Lv Qinlian also felt that this rock was like a beast egg.

Chen Xiang looked at it for a long time, his brows knitted tightly: "Strange, there is something inside, but this thing is very strange, why would there be such a thing inside, could I have seen wrongly?"

"What is it?" Lv Qinlian asked anxiously.

"A person, a very small person, only the size of a palm... Furthermore, it's a woman. From the contours of her body, her figure seems to be protruding from the front and back, and her figure is very good. Is there really such a small person?" Chen Xiang felt that this was unbelievable.

"I don't know. Can you move it away? Will you hurt her?" Lv Qinlian asked.

"Probably not, this stone should be there to protect the little guy. Moreover, there's a Spiritual Array inside the stone, it can absorb the energy from outside, and it can maintain the little guy's life while he's asleep. It might even be able to help her increase her strength."

Chen Xiang took out the Green dragon demon-slain broadsword, shrunk it to the size of a dagger, and then carefully cut into this rock.

The stone was not very strong. Under the divine knife, it was cut open very quickly. As he cut it open, the green stone flashed with a green light.

Chen Xiang immediately felt the incoming danger and quickly teleported through space, distancing himself from the rock.

Bang! With a loud muffled sound, the stone exploded. A small ball of green light shot towards Chen Xiang.

Chen Xiang's Chaos Divine Eye was still watching, and with a glance, he could tell that the ball of azure light was the little person inside the stone. Moreover, this little person even had a pair of translucent wings on his back, just like the pair Lan Lan had used before.

"Little guy, don't be arrogant." Chen Xiang reached out his hand and grabbed the little person.

Chen Xiang grabbed onto the lower half of the little person. Upon closer inspection, it was indeed a little beauty with an extremely good figure. Her body was only wrapped in a simple piece of cloth.

"Yiyayaya ..." The little fellow struggled in Chen Xiang's hands as he glared at Chen Xiang and shouted.

This little person was very small, was only the size of a palm, and could be held with one hand. It had an exquisite little face, jade-like skin, soft body, and Chen Xiang felt comfortable holding it in his hand. Furthermore, it was very cool.

"This ..." Lv Qinlian's body flashed over as he said anxiously, "Hurry and give her to me. This seems to be a little demon fairy from the Primordial Era."

When the little demon girl saw Lv Qinlian, she immediately quietened down. Chen Xiang placed her in Lv Qinlian's palm and the little demon girl immediately danced on his jade palm, chattering away.

But when she saw Chen Xiang, she immediately stuck out her tongue and grimaced. She still held onto her small fist and waved it at Chen Xiang.

"What exactly is a little demoness?" Chen Xiang asked.

Lv Qinlian was very happy, with a sweet smile on his face, he played with the little demon girl on his palm with his fingers.
