

Dan God 1381

[Chapter 1381](#)

Chen Xiang suspected that the people who were occupying this place must be the descendants left behind by those who entered this place many years ago, such as the people from the Bai Shan YUE.

If that was the case, then this place did not belong to them. Therefore, Chen Xiang could also go and take a look at the cliff where the Beast Slain Method was recorded.

"Elder, he destroyed my mid quality celestial sword ..." Han Chen wanted to continue, but the old man looked at him, making him not dare to speak.

If they had been able to reach this place according to the map, then it would not be impossible for them to be a bit weaker. Over the years, they had encountered many of these people.

We have been stationed here since the ancient times, so we do not allow outsiders to enter and destroy the holy land. Now that you, Ali, have come here, there is no way out. The old man said.

"Elder, if you want him to leave Samsara Valley, isn't that just courting death?" Mu Qianxiang's face changed as he asked anxiously.

In Chen Xiang's mind, the map immediately appeared. There was indeed a valley, and this valley would go past the place he wanted to go, which was the cliff where the Beast Slain Method was hidden.

"The Reincarnation Gorge will pass by the place he wants to go. According to the map, he came here to go to that valley." In his eyes, those who went to the valley would all be courting death.

That place was extremely dangerous, and Chen Xiang could tell from the words of the old man and Mu Qianxiang that many people had died there over the years.

These people have lived here for so long, they must know the Samsara Valley very well.

"That Samsara Valley is the only way to leave this place. Of course, over the years, many people have not been able to do so." The clan elder saw Chen Xiang meditating and said.

"Then I can only go that way now." Chen Xiang said softly. Since there was still a way out, then what about the jade bones in the forest outside? That person was so powerful, yet he did not choose to walk the Samsara Valley.

"Elder, can't we keep him here? It's not like we've never experienced something like this before." Mu Qianxiang said softly, looking at Chen Xiang with extreme sympathy.

"We can't, our family's resources are limited, we can't accept outsiders anymore, if not what happens to our children and grandchildren in the future." Han Chen immediately shouted.

Chen Xiang's eyes lit up. It was normal for these people to have problems with resources since they had been trapped here for so long, and he definitely could not go to the Reincarnation Valley to die for now. Even Dan Yan Jing did not dare take that route.

Chen Xiang stood up, looked at the old man and smiled: "Resources are ... If you let me stay in your clan for a period of time, I can provide you with some resources. What resources do you need?"

Chen Xiang's words made the old man's heart move. Although the old man had been trapped here the entire time, he still had his schemes, and if the person in front of him had a large amount of resources, then there would be room for negotiation. Rather than bringing those resources to die, it would be better to just hand them over.

"One day, ten thousand Spiritual crystal. We will arrange food and lodging for you. If you want to know more about the Rebirth Valley, we can also provide you with more details. This will require a few Spiritual crystals as well." The old man said.

Chen Xiang smiled and nodded, problems that the Spiritual crystal could solve, were not problems at all. Fortunately, he had gotten the ten million Spiritual crystal jade plates from Long Huishan earlier and exchanged them all.

Seeing that Chen Xiang agreed so readily, the old man regretted not offering a higher price.

"This is ten days rent." Chen Xiang tossed a Storage bag to the old man. There were a hundred thousand Spiritual crystals inside, if they were inside those immortal palaces, then ten thousand Spiritual crystals would be able to stay in those luxurious hotels every day.

"Alright, you can come in now." The old man nodded, causing Han Chen, who was at the side, to grit his teeth in anger. He hated Chen Xiang very much, because Chen Xiang had destroyed his Immortal Sword and Mu Qianxiang was very concerned about Chen Xiang too, which made him very unhappy.

Although Han Chen already had quite a few women, Mu Qianxiang was different from the other girls. Mu Qianxiang was extremely talented, so his strength was strong and he had a body of terrifying power that was not married yet, which was even stronger than his. Furthermore, he had a surname, which was unlike any other woman's power.

Chen Xiang laughed as he walked into the barrier, "I wonder what Senior's name is? I will be living here for a period of time, and I won't consume any of your resources. The reason I'm staying here is mainly to investigate that Samsara Valley from time to time."

I am Chu Jiang, an elder of the Chu Family. This year, it is my turn to inspect the perimeter of the barrier, to prevent anyone from sneaking in. As long as someone comes near our barrier, it will cause a commotion. Chu Jiang said.

Chen Xiang nodded, he had indeed felt a tremble earlier.

"Elder Chu, how many people do you have here in total?" Chen Xiang asked curiously.

"There are over 30 million people in total and they are controlled by nine different families. My Chu, Han, and Mu Clan are in charge of this area and we will send some disciples to watch over it every day." Chu Jiang said.

Originally, he thought that it would only be a few tens of thousands of people, but now, he understood why outsiders would not be allowed to enter.

There were a lot of people, and it was normal for there to be a shortage of resources. However, Chen Xiang could bribe an elder with just ten thousand Spiritual crystals.

"Elder, can you let him come to our Mu Clan? I will be responsible for his arrangements." Mu Qianxiang looked at Chen Xiang who had walked in and smiled at him.

Although Chen Xiang could stay here for the time being, it did not mean that he could wander around alone, so he had to send someone with strength to watch over him, making it safer for elder-class people to watch over Chen Xiang, but the elders were all rather busy and did not have the time to do so, while the young, who were strong, would definitely clash with Chen Xiang, for example, Han Chen.

Amongst the youths, Mu Qianxiang's strength could be considered relatively strong. And since she was a woman, she would definitely be able to get along well with Chen Xiang.

Right now, Chu Jiang did not want Chen Xiang to leave so early, because he wanted more Spiritual crystal. If he let Mu Qianxiang follow him, maybe he could stay for a longer time.

Mu Qianxiang looked at Chu Jiang with her watery eyes. She really hoped that Chu Jiang would agree to her request, because with this, she would be able to interact with Chen Xiang who came from the outside world everyday. She knew a lot of things about the outside world.

[Chapter 1382](#)

"Alright, no problem. As for the Spiritual crystal, I will give you twenty percent." Chu Jiang nodded.

This year was Chu Jiang's turn to be in charge of this area's boundary. The benefits that he had obtained were naturally all his Chu Family's, and for Mu Qianxiang to be able to obtain twenty percent, it could also be considered not bad.

Chen Xiang laughed inwardly. He had already seen that the strong in this place were extremely lacking in Spiritual crystal, so it wasn't hard to understand why. They could only stay in this area, it was much smaller than a continent.

Chen Xiang felt that as long as his bid was high enough, maybe even Mu Qianxiang would be able to buy it.

"Thank you elder, I will definitely settle this matter well." Mu Qianxiang's face revealed a happy smile.

"Hmph." Han Chen was furious, and said coldly: "You have destroyed my Immortal Sword, so you must compensate me."

Of course, Chen Xiang could afford it. He had many middle-grade and high grade Immortal swords in his hands, and even some high grade ones, of the best kind. Then, He Feng would have two top-grade Immortal swords.

But Chen Xiang would never give it to him, because Han Chen was the one who made the first move back then.

"Why should I compensate you? You were the one who tried to kill me first. At that time, I still hadn't stepped into the spirit formation. I was only defending myself." Chen Xiang said.

"Qianxiang, here are twenty thousand Spiritual crystal. Take it back to your Patriarch and properly entertain them." Chu Jiang gave Mu Qianxiang twenty thousand Spiritual crystal.

After Mu Qianxiang received it, he asked while grinning: "What's your name, I'm Mu Clan's Mu Qianxiang."

"Chen Xiang." In this kind of place, Chen Xiang was not afraid of exposing his name, he replied with a smile.

Han Chen saw that Chen Xiang and Mu Qianxiang were looking at each other and almost spat out fire. He snorted angrily and turned to fly away.

Mu Qianxiang looked at Han Chen's back and snorted: "Ignore him. If he wants to die and attacks you, I'll help you deal with him."

"That's not good... You may have to marry him in the future. "

Mu Qianxiang was very straightforward, there was no shyness that a woman should have. She grabbed Chen Xiang and said: "I won't marry that guy, now you must follow me back to the Mu Clan. The elder still has other things he needs to do."

"Miss Mu, how old are you this year? Why are you so powerful at such a young age? This doesn't make sense." Chen Xiang flung Mu Qianxiang's hand away. He was a man, yet he was being pulled by a woman. It looked very outrageous.

Previously, Elder Chu Jiang had said that Mu Qianxiang would soon undergo her coming-of-age ceremony and that she would be getting married at that time. However, at her age, she had a very strong strength, even more powerful than that Han Chen. She was already a Immortal Monarch, and Chen Xiang believed that she must have had some sort of fortuitous encounter.

"I was born with it. How would I know?" Mu Qianxiang turned his head and stuck out his tongue at Chen Xiang, and laughed: "In short, I am stronger than you, do not look down on me, although you are older than me."

"How old are your adult standards?" Chen Xiang asked again, this Mu Qianxiang looked to be around eighteen to nineteen years old.

"Twenty, I am already twenty this year. But I will have to wait a while before the nine families can jointly hold the coming of age ceremony." Mu Qianxiang said.

"In other words, you're still a little girl." Chen Xiang laughed.

"So what? Some old guys aren't even my match. Do you want to see how powerful I am?" Mu Qianxiang rolled up his sleeves, exposing his jade-like arms. With a face full of smiles, he could tell that she was a very mischievous woman.

"Save it. If you injure a rich person like me, Elder Chu will certainly blame you." Chen Xiang immediately revealed a very scared look.

"Stop pretending, for you to be able to turn Han Chen's Immortal Sword into a waste, you must be very powerful." Mu Qianxiang pouted and said.

Originally, this place was a stone mountain, but after being remodeled, there were many trees planted here. Many stone mountains were leveled and constructed into cities and towns, and within this barrier, the immortal energy was very dense.

"Xiao Xiang, in all these years, has anyone entered that Samsara Valley before?" Chen Xiang asked: "You guys should know what is inside."

"Of course we know that there are divine arts left behind by the Beast God. Humans can also learn them and understand them from them, so we can create a few more powerful divine arts. However, that place is extremely dangerous, and many of our nine clans' experts have died over the years." Mu Qianxiang immediately replied.

"How about I give you some Spiritual crystal s in private, and you answer some more questions for me, this way you can earn some money." Chen Xiang said: "Name your price."

Mu Qianxiang snorted: "I don't want that stuff, but I have a question to answer, and you have to answer mine."

"No problem."

immediately agreed. In this kind of place, it would be good to be able to save a few Spiritual crystal s, but Chu Jiang probably never would have thought that Mu Qianxiang, who looked up to the outside world, would actually not care about Spiritual crystal s at all. What she needed more were the novel stories outside.

"Now it's my turn to ask you." Mu Qianxiang said: "Do you have a wife?"

"Oh, why do you ask?" Chen Xiang was a little surprised.

"That's also a question. I'll answer it first, then you'll owe me an answer." Mu Qianxiang laughed mischievously: "I am just curious, see if you can compare to that Han Chen in this area."

"So far, I have only one wife." Chen Xiang answered honestly.

"Only one..." Mu Qianxiang revealed a ridiculing expression.

"Do I need a lot of them?" Chen Xiang just said it out and immediately regretted it, because this was also considered a problem.

"You owe me another question." Mu Qianxiang giggled: "You're really stupid."

The more men there are, the more power he would have and his status would be even higher. For example, Han Chen, the young miss of a small family would have to pour out some medicinal ingredients to join the Han family.

Chen Xiang laughed: "But if he can't marry you, so what? If he wants to marry some girls who don't have much power, I have as much as I want. Even if it's a pretty strong girl, it's not hard at all."

"Tsk, boasting. Although you look pretty good, your strength isn't that great." Mu Qianxiang said with a look of disdain: "There definitely aren't many strong women, why would they all stay in your embrace."

"Then you're wrong. In the outside world, there are many strong women." Chen Xiang said.

"Now, it's your turn to answer my question. Tell me who is the most famous and powerful woman outside." Mu Qianxiang's eyes lit up as he asked anxiously.

Chen Xiang was unable to answer that question immediately. He had interacted with quite a few female experts, such as Long Peirong, Bi Xia Dan Immortal, Long Huishan and Liu Meng'er's mother, Song Ying ...

[Chapter 1383](#)

And among the Heaven Realm, although the number of Immortal Kings was the fewest, it was still only calculated compared to all the living beings in the nine heavens, and Immortal Kings were not the strongest existence in the Heaven Realm.

"At that time, there were people who said that she might become a Flower Emperor in the future. Amongst the women, she can be considered an existence at the top." Su Meiyao said.

"Hundreds of Flowers Immortal Country is probably the youngest, with only five very, very small immortal palaces. Furthermore, all of the palace masters are women, and all of the people who are in charge of the entire Immortal Country are also women. This Immortal Country is also considered the most peaceful one among all. Bai Youyou replied: "We went there to seek refuge all those years ago."

Back then, he had thought about going there to hide for a while, but he was still worried that the Devil-suppressing Divine Palace, Imperial Dragon Clan and the Fire Divine Palace were too strong, so even the Hundreds of Flowers Immortal Country wouldn't be able to protect him.

Chen Xiang answered Mu Qianxiang's questions according to what he and Bai Youyou said.

"How old is the Hundreds of Flowers Immortal Country then? She, a woman, is actually called the future Flower Emperor. She's really amazing." Mu Qianxiang yearned for more than anything, she also wanted to become a very strong woman.

"If I answer your question again, we will be even." Chen Xiang laughed. He could already tell that Mu Qianxiang yearned for the outside world.

"The Hundreds of Flowers Immortal Country is made up of five immortal palaces, and the main palace is at least three hundred million. Furthermore, each palace is governed by at least one Immortal King and ten Immortal Monarchs, and these Immortal King Immortal Monarchs all follow the orders of the future Flower Emperor. Of course, this is the minimum number." Chen Xiang said.

"What a formidable woman. I really want to go to the Hundreds of Flowers Immortal Country to take a look, I wonder if she will accept me." Mu Qianxiang gazed into the distance, as if he was looking into the distance.

With your innate talent, as long as you are willing to work hard, it might not be impossible for you to become a girl like the Flower Emperor in the future. Chen Xiang laughed.

Go ask around at the Mu Clan. We're going to enter the city soon. Mu Qianxiang said vigilantly, obviously the thing she wanted to ask about needed to be kept a secret.

Even though the buildings were simple, they were arranged in a very neat manner. The main street was covered with flat stone bricks, and on both sides of the street were trees. Moreover, there was a clear river in the city, and from time to time, boats would pass by.

Among them, ordinary people were the most common. Although this world was isolated from the outside world, it was still operating in a very orderly manner. For mortals, resources were not lacking, because they could support themselves by raising poultry.

Although this was the Heaven Realm, this kind of ordinary scene was very common in those immortal palaces.

There was a carriage outside the town, and Mu Qianxiang led Chen Xiang into the carriage. Then, the two spirit stallions dragged the carriage, and headed towards the inside of the town.

"Elder Brother Shen, you should stay here for a while longer, can you wait until I'm an adult before leaving?" Mu Qianxiang sat opposite to Chen Xiang and looked at him with a pitiful expression. Previously, she had looked very strong, but now, she had turned into a spoiled little girl.

"I only need to stay for one day to earn 10,000 Spiritual crystal. How long is it until the coming of age ceremony?" Chen Xiang said.

"There are still forty days." Mu Qianxiang lowered her head and sighed softly. This was four hundred thousand Spiritual crystal. Although she did not care about the Spiritual crystal, she knew that it was a huge amount, especially for the place that the Spiritual crystal was lacking in.

Four hundred thousand Spiritual crystal was nothing to Chen Xiang. He was just about to agree to it, but Mu Qianxiang suddenly raised his head and said in a low voice: "Elder Brother Shen, I can give you some good things, you can give them to the elders and then you will definitely be able to stay here for the long term. You shouldn't be in a hurry to go to that Samsara Valley right now, right?"

Chen Xiang's heart skipped a beat, and he asked: "What is that thing?"

Mu Qianxiang did not reply, but instead sent a sound transmission to Chen Xiang, "One Immortal Fruit."

Previously, Chen Xiang knew that this Mu Qianxiang definitely had some sort of fortuitous encounter, otherwise she wouldn't have been able to become a Immortal Monarch at such a young age.

"Don't tell anyone. In this place, there is no importance attached to women at all. We women have very little resources when we cultivate, so if it wasn't for me displaying my shocking talent, I would be like other girls and serve a hateful guy like Han Chen. " Mu Qianxiang whispered to Chen Xiang.

"Xiao Xiang, if I find a way out, are you willing to follow me out?" Chen Xiang asked.

"Of course I'm willing. As long as you can bring me out of here, I can promise you anything." After Mu Qianxiang finished speaking, his face flushed red as he added, "That kind of thing is not going to work."

"What's wrong?" Chen Xiang pretended not to know and joked.

"Hmph, stop pretending. You must know." Mu Qianxiang angrily stomped her feet, and her face turned even redder.

Chen Xiang giggled, then asked her via sound transmission: "What is that immortal fruit, can you tell me how it looks like?"

"It's fiery red, and it looks like a little bird." Mu Qianxiang thought and replied.

Chen Xiang immediately told Su Meiyao this. Su Meiyao said in shock: "That's a Phoenix Fruit, that isn't from the Immortal Grade, but the Holy level, and is at the same level as the Holy level's dragon medicine. Good god, that's worthy of being the Sacred Beasts Ancient Realm's sacred ground, otherwise there wouldn't be such a thing."

Then there might even be other Holy Fruits, and they were not just these, because he discovered that there was no aura of fire on Mu Qianxiang's body. It seemed like she did not gain strength by eating the Phoenix Fruit, so she definitely had eaten some other things.

"I'll take you back first, and let my Mu Clan's Patriarch know about your temporary stay here. After that, I'll bring you to find that holy fruit, and when we get back to my place, you must behave a little better, and try your best to make those old fellows happy, so that you won't be troubled by some nice guys in my Mu Clan." Mu Qianxiang transmitted.

Chen Xiang nodded his head. In order to make those old fellows happy, he had to use some Spiritual crystal s and pills. This was indeed beneficial for his activities here.

Right now, he had already planned to let Mu Qianxiang lead him to search for some Sacred Fruit and Immortal Fruits first before going to investigate the Samsara Valley s.

"Xiao Xiang, what kind of status do your parents have in the Mu Clan?" Chen Xiang asked.

My father was the grandson of the family head, and my mother was my father's seventeenth woman. Because I accidentally offended some women who had a higher status than her, and because she was very beautiful and was envied by others, she was killed in the dark. But my father didn't care and didn't go investigate. Mu Qianxiang seemed to have already seen through it, but she was helpless. It could be seen that she had been through a lot since she was young.

[Chapter 1384](#)

Mu Qianxiang was considered an anomaly here, because she was a woman. With such a rare resource, she was able to give him a strong power at a young age, so even if she was in Mu Clan, she had a certain privilege.

Seeing Mu Qianxiang's carriage drive over, the doors of Mu Clan's mansion immediately opened. Mu Qianxiang could stop the carriage and directly enter her residence.

"Lil 'Xiang, looks like you're doing quite well." Chen Xiang laughed.

"Of course, if I want my family to value me, then I must become an irreplaceable person. Right now, I am the pillar of the young generation of Mu Clan, I have fought quite a few times for those old fellows, and from the looks of it, there is no one in this Mu Clan who can replace me." Mu Qianxiang said proudly.

"Even if you don't want to marry, the elders of your Mu Clan will not say anything."

"Of course, and I can marry whoever I want. If I don't want to marry, then I won't marry. No one can interfere." Ever since Mu Qianxiang gained the power of the Immortal Monarch, she had not worried about this matter.

"Get off the car and come with me to meet those old guys. I've helped them get a rich man, they'll definitely be very happy."

Mu Qianxiang pulled Chen Xiang and got off the carriage. She wanted to quickly settle this issue so that she could bring Chen Xiang to a rather secretive place. Then, she could continue to learn about the matters of the outside world from Chen Xiang.

followed Mu Qianxiang and walked quickly for a while before arriving in front of a small stone hut.

"Third Elder, something good has come knocking. Hurry up and bring the other elders over." Mu Qianxiang shouted from outside.

The wooden door of the stone house slowly opened, revealing a short old man. However, Chen Xiang did not dare underestimate him, because this short old man was the Immortal King.

"Wild girl, you've finally become enlightened. Do you know that you're going to get married?" The old man looked at Chen Xiang and laughed, "This brat is called Han Chen, right? "I remember that he doesn't look like that. After not seeing him for two years, he has changed so much."

Chen Xiang was extremely speechless.

Third Elder, what's with your gaze, he isn't that annoying Han Chen. His name is Chen Xiang, he ran in from the outside. Mu Qianxiang said snappily.

The short old man widened his half-opened eyes a little, "Didn't you say that you can't come in from the outside? You wild girl, aren't you being too reckless? I remember that you were supposed to be in charge of that area with Chu Jiang, and you sneaked him in. You have to hide him well, and don't let Chu Jiang know about it."

Mu Qianxiang sighed and looked at Chen Xiang helplessly. Using his eyes, he told Chen Xiang that this old man was just like that.

Chu Jiang charged him a temporary fee of ten thousand Spiritual crystal per day. After that, I told Chu Jiang to give this kid to me as my guard, and he gave us two levels of the Mu Clan. Here are twenty thousand Spiritual crystal. " Mu Qianxiang handed the Storage bag over to the short old man: "I will take care of his food and accommodation. I will take care of him and he has to pay a temporary fee of ten days."

"Twenty thousand Spiritual crystal, I have not seen so many of them in a long time. Wild lass, you sure have great abilities, to be able to get a decent job from Chu Jiang." The short elder looked at the Spiritual crystal and laughed.

"Alright, take him to play around. I'll talk to the other elders later." The short old man walked out of the stone room and transformed into a white figure that disappeared very quickly.

Mu Qianxiang anxiously pulled Chen Xiang and ran back to his own house.

"Xiao Xiang, you actually call me brat ... "You are much younger than me." Chen Xiang said.

Mu Qianxiang's house was located in a bamboo forest and was extremely quiet. There were two rooms and a small hall, and Mu Qianxiang was currently packing a room that no one had lived in for a long time.

"How about I sleep in the same room with you so you don't have to pack up." Chen Xiang sat at the side and laughed.

"No, I have to train tonight, you will disturb me." Mu Qianxiang originally wanted to refuse, but after she said this, she thought for a moment and then said: "Alright, I will sleep in the same room, but it is not the same bed."

Originally, Chen Xiang was only joking around, she did not expect Mu Qianxiang to actually agree, she was not tidying up the room, and was instead bringing the empty bed to her room, then putting on a clean, soft and fragrant bedding.

The two beds were snuggled together, making Chen Xiang feel that sleeping with her wasn't too different from before. In his eyes, Mu Qianxiang didn't seem to think of him as a woman, even though she had a lovely face.

"Wild girl, bring that guest to see the chief tomorrow morning. The chief will be back tonight." Chen Xiang and Mu Qianxiang heard the voice, but the voice came from afar. It was the short old man from just now.

Mu Qianxiang sighed, looked at Chen Xiang who was sitting on the bedside: "Are you hungry? Do you want to eat something?"

Chen Xiang shook his head: "No need, I just want to take a bath now, then have a good sleep."

"The bathroom is over there. There's a well outside. Get some water and boil it yourself. There's a bath in there. Do you need me to teach you how to wash?" Mu Qianxiang pointed to a corner in the large room, which was separated by a screen and a curtain.

"I gave you ten thousand Spiritual crystal. If it was in the outside world, I could at least enjoy two maids helping me scrub my back. Now, I even need to get some water to boil my own."

Chen Xiang purposely revealed a disappointed expression. Just as he was about to walk out, she snorted and stepped in front of him.

Not long after, Chen Xiang was bathing in the hot bath, but Mu Qianxiang did not come in to help him wash it, which made him feel a little regretful.

After Chen Xiang finished washing up, he wore a simple set of pajamas and pounced toward the soft and soft bed. He laid on top of it with his eyes closed, let out a long sigh, and had a face full of enjoyment.

"I'm sleeping, don't disturb me." After Chen Xiang said this, he closed his eyes.

Chen Xiang was indeed sleeping, but he had slept for a short while before Long Xueyi woke him up: "Little Scoundrel, wake up quickly. That wild girl has already taken a bath, and didn't even use a bath, she was only washing herself.

"Little Pervert, did you peek at her while she was bathing?" Chen Xiang woke up. Although his eyes were still closed, he could still hear Mu Qianxiang humming a little tune and the sound of water splashing in the bathroom.

The thing that moved Chen Xiang the most was that waves of intoxicating fragrance from the flower, the fragrance on Mu Qianxiang's body was also very special. It turned out that she would use some strange flowers to scrub them when she was bathing.

The bathroom only had a screen and a screen, but Chen Xiang was a very obedient person, so he did not use the Heaven Tour to look at other people's baths like how Long Xueyi did.

Chen Xiang cleared his mind and wanted to continue sleeping, but suddenly he heard Long Xueyi shout: "She's out, she's not wearing any clothes."

[Chapter 1385](#)

After Chen Xiang heard this, he secretly cursed Long Xueyi in his heart. If she had not woken him up, he would have just woken up.

"She's just drying herself by the bed. Open your eyes and look. Don't waste it." Long Xueyi urged.

Mu Qianxiang thought that Chen Xiang had gone to sleep, so she did not mind at all.

"Her figure isn't bad. If she's really the tallest, I can give her nine points." Long Xueyi said.

Chen Xiang had already sealed off his five senses, and did not continue to listen to Long Xueyi's words, and quickly fell asleep.

"What's wrong with this little scoundrel? He doesn't look like him." Su Meiyao laughed tenderly: "He actually didn't peek, this wild girl is indeed not bad, I really feel pity for this little scoundrel, and miss such a good opportunity."

Mu Qianxiang had already put on his clothes and was wearing loose pajamas on the bed beside Chen Xiang.

"Elder Brother Shen, wake up." Mu Qianxiang lied down on her side and shouted at Chen Xiang.

Chen Xiang couldn't hear them, he had already sealed his sense of hearing.

Mu Qianxiang called out a few times, but seeing that Chen Xiang did not make any movements, he climbed onto Chen Xiang's bed and pushed his way through Chen Xiang's body.

Chen Xiang suddenly woke up from his stupor and looked at him with a big grin.

Mu Qianxiang had a head of long hair that hung down to her chest. She wore clothes that were extremely broad at the chest, revealing her beautiful collarbone.

This kind of spirit lying on his bed caused Chen Xiang's heart to thump, "Didn't I say not to disturb my sleep?"

It was already dark outside and the sound of insects could be heard. Inside the house was also very cool, but Mu Qianxiang saw that Chen Xiang had been woken up by her, and did not feel any guilt at all. Instead, her face was full of happiness as she laid beside Chen Xiang.

"I can't sleep. I'm very excited right now, so I can't calm down and cultivate." After Mu Qianxiang laid down, he also pulled Chen Xiang who was sitting up down down down down and placed him beside himself.

was somewhat unable to endure Mu Qianxiang's enthusiasm, especially when his arm was hugged and he touched Mu Qianxiang's soft and fragrant peaks through a thin layer of clothes ... "Lil 'Xiang, you're not young anymore. You should know that men and women shouldn't be intimate with each other. Aren't you afraid that I'll do something to you while you're in the same bed as me?" Chen Xiang calmed the restlessness in his heart.

"No, because I'm stronger than you, it won't be that easy for you to harm me. With your current strength, you cannot bully me. I can only bully you." Mu Qianxiang chuckled.

Mu Qianxiang held Chen Xiang's arm and said softly: "Can you tell me what the outside world is like? I asked the elders and the others, and that's all they have to say."

"Alright, actually, I just ascended to Heaven Realm, so I don't know much about Heaven Realm."

Chen Xiang then recounted some of the things he knew and told them in stories, causing Mu Qianxiang to be extremely interested in hearing them.

He was mainly talking about some very mysterious things, such as the Ten Heavens Supreme Lord, and then talking about the stories of the great powers outside.

Although she did not sleep that night, Chen Xiang was still very energetic, there was no need to mention Mu Qianxiang. After knowing how wonderful the outside world was, she became even more excited, and wished to immediately fly out.

"Go see my great-grandfather. He's the clan leader here, and he often goes out to hunt some powerful monsters for his clansmen to eat. Everyone uses this method to increase their strength."

Mu Qianxiang entered the bathroom and changed into a purple cheongsam behind the screen, giving her a dignified and noble temperament.

On one hand, it was to welcome the return of the Patriarch, and on the other hand, it was to look at the foreigner that Mu Qianxiang had brought over.

Mu Qianxiang brought Chen Xiang and walked into the great hall that had a few hundred people standing around. It immediately made Chen Xiang feel a little pressured, because many people were looking at him.

He saw that the people here were all in groups, and most of the women were in groups. Mu Qianxiang had previously said that the men here could marry many women, and now that the Patriarch had returned, they had to all come out.

There were quite a few boys and girls as well, and compared to Mu Qianxiang, the strength of those youths at Mu Qianxiang's age was indeed very far apart. No wonder Mu Qianxiang had such huge

privileges, and when she walked in, she did not even bother to look at the people on both sides of the hall. Her entire body was exuding an oppressing aura of arrogance as she walked into the hall and stood behind the few elders.

After everyone had arrived, a robust middle-aged man with a mix of black and white hair suddenly appeared at the entrance of the hall. When Chen Xiang saw him, the middle-aged man disappeared, and then reappeared on the big chair at the head of the hall.

"Very strong." Chen Xiang was overwhelmed with shock, he never thought that the patriarch of the Mu Clan would actually have the power to surpass the Immortal King.

At this time, everyone in Mu Clan bowed to greet the patriarch.

"Nothing big happened to our Mu Clan, right?" The patriarch swept his sharp eyes across the crowd, causing them all to feel a chill in their hearts.

"Chief, the little girl brought back an outsider. You should have heard about this." The short old man said.

The patriarch of the Mu Clan immediately looked at Mu Qianxiang, he nodded at him, and could tell that he valued Mu Qianxiang greatly, then shifted his gaze back to Chen Xiang.

"I heard that he is temporarily staying at our place, and after that, he will investigate the Samsara Valley. In the future, he will enter the Samsara Valley." The patriarch of the Mu Clan said.

They were actually going to the Samsara Valley, and when Mu Qianxiang brought Chen Xiang in, everyone felt that Chen Xiang's strength was not very high, like many of the other youths in the clan. He was only at the intermediate stage of the Worldly Immortal Stage, and Mu Qianxiang was even stronger than him.

However, everyone heard that he rubbed away Han Chen's middle grade immortal sword like he was rubbing mud.

"Great grandfather, you are the one who understands Samsara Valley the best out of the nine clans. Elder Brother Shen continues to know some things about the situation and he even brought a great gift ..." Mu Qianxiang pushed Chen Xiang away and pushed him out of the room. She had greeted Chen Xiang earlier and told him to prepare some gifts for him.

The patriarch of the Mu Clan shook his head: "I have been to the Samsara Valley twice, but have never found anything, and almost died inside. I do not understand much about it, I only know of the dangers inside, and I can let him look through some of our ancient books, they mentioned about it."

Chen Xiang took out a jade box and said: "Boy Chen Xiang, because you have obtained a map, you have to come here. I know that the Samsara Valley is very dangerous, so I plan to stay here for a long time.

Chen Xiang gave the jade box to Mu Qianxiang, and had him bring it over to the patriarch of the Mu Clan.

"You are too polite, you have already given the Chu Family 10,000 Spiritual crystal s a day, and our Mu Clan can also get two levels, so the faster people who come are the customers. If it were not for the rule

that was made many years ago, you would not be stopped outside the barrier today." The patriarch of the Mu Clan said while smiling.

As he spoke, he opened the jade box and saw a fruit filled with immortal energy. He was stunned. Although he had grown up in this sealed off place, he still recognized the fruit.

The patriarch of the Mu Clan took a deep breath and said: "Longevity fruit."

[Chapter 1386](#)

There were also Immortal fruits like Longevity fruit s here, but that had already become history. Now, even the fruit trees no longer existed, and most of the people here had heard of them.

Even in the past when they had Longevity fruit, Longevity fruit were still very precious, so Chen Xiang's courtesy was very precious to them. It could help those who were about to run out of oil to obtain new life, and if they could break through, it would also help their family gain another strong warrior.

Originally, Chen Xiang had only planned to take out a few Hunyuan Dan, but seeing that this Patriarch was so powerful and was so courteous, he immediately changed his mind and decided to take out the Longevity fruit. This way, he would be absolutely safe in the future by staying here.

"Great grandfather, just accept it." Mu Qianxiang said.

The patriarch looked at Mu Qianxiang, his stern and dignified face revealing a smile.

"You wild girl, don't bully others. Take good care of this guest who came from afar." The patriarch of the Mu Clan said meaningfully.

"Got it." Mu Qianxiang laughed as he walked to Chen Xiang's side.

"Wait a moment, bring him to the academy. Go there and flip through the ancient books." The patriarch of the Mu Clan put away the Longevity fruit, and then said to the people: "This time when I went out, my harvest was considered bountiful, but if you want to get more beast meat, then you all must display your strength well. Let me see how much you have improved."

"Second Elder, give the wild girl ten thousand catties of beast meat and let her properly entertain the guests."

Ten thousand catties of beast meat made many people in the audience extremely jealous. This was enough for a long time, and could increase a lot of power, especially the dozen or so women that were Mu Qianxiang's father, who looked at Mu Qianxiang with sinister eyes. They hated Mu Qianxiang to the bones because he was originally living in the same courtyard as them.

Mu Qianxiang's mother was killed because of that group of women. Mu Qianxiang knew clearly in his heart that they had wanted to kill her initially, but they did not succeed. At this time, the women were worried that Mu Qianxiang would take revenge.

Mu Qianxiang happily went to collect the ten thousand kilograms of beast meat, and then left the hall with Chen Xiang. As for the others, if they wanted to pick up the beast meat, they would have to display their strength in front of the Patriarch.

The clan head was very concerned about the progress of the disciples within the clan. Every time he came back from hunting, he would do the same thing. Moreover, he had a very good memory, so he could remember what level these people were at the last time.

Mu Qianxiang was naturally the one who got the most beast meat every single time, and this time, he got even more because of Chen Xiang.

Mu Qianxiang brought Chen Xiang back into the bamboo forest and sat next to a roasting furnace. They took out a large piece of beast meat and started cutting it into pieces.

"Hurry up and start a fire, I'll grill some meat for you to eat." Mu Qianxiang laughed and said: "I only got five hundred kilograms last time, I didn't expect I could get this much this time, I can eat enough at once."

She seemed to have forgotten that this beast meat was used to entertain Chen Xiang.

Chen Xiang realized that this Mu Qianxiang was also a big eater, just like Long Xueyi. If she was together with Long Xueyi, maybe every time she ate, it would be an extremely intense eating and drinking competition.

"How often does your great-grandfather go out to hunt?" Chen Xiang asked, and also helped cut the beast meat, he realized that the quality of the beast meat was actually very good.

He came back this time to rest for a few days and then went out again, probably three months later. There's no helping it, he lacks resources, so he can only go hunting for those giant beasts, but there are a lot of them. Great grandfather said that it should be enough to kill for hundreds of thousands of years.

Mu Qianxiang skillfully took the pieces of beast meat and placed it on the metal trident, but Chen Xiang had not lit a fire yet.

Chen Xiang took out some charcoal made from high grade wood and threw it into the furnace. Afterwards, he released the Heaven Flame from his palm and made the charcoal burn.

"You know how to set fire to people, that's great." Mu Qianxiang said excitedly: "I don't know how to use fire."

Chen Xiang looked at the meat carefully and asked, "What kind of beast is this, the quality is very good."

"Not only is it not bad, this is much better than the meat of the Small gold eagle, it contains a large amount of immortal elemental energy, remember to roast my portion." Long Xueyi said.

"Xiao Xiang, can I go hunting with your great-grandfather?" Chen Xiang asked.

"Are you sure you want to go? My great-grandfather told me to go last time, but I had other things to do, so I refused. If you want to go, I'll go with you. Mu Qianxiang laughed: "My great grandfather wishes for me to become the strongest Huntress in the entire Nine Nations in the future."

Chen Xiang took out some seasonings and made it into a few small bowls. Then, she used a brush to brush them on top of the roast meat, making people drool while she roasted them. When Mu Qianxiang saw this, she also did the same thing.

"I'll bring you to the academy after you've eaten your fill. I didn't expect you to be such a treasure. You can make the roast meat taste so good." Mu Qianxiang laughed happily.

"Elder Brother Shen, is your wife as beautiful as me?" As Mu Qianxiang ate the roast meat, her jade face became oily. When she ate, she was as fast and crazy as Long Xueyi.

"She's much prettier than you." Chen Xiang slightly smiled, "Maybe she's just as powerful as you right now. Furthermore, she knows how to refine formations."

After Mu Qianxiang heard this, he was shocked because she did not know how to refine or set up an array. "She's so amazing."

"You can't use fire, you can't learn it." Chen Xiang laughed.

"I won't do it now, but that doesn't mean I won't do it in the future." Mu Qianxiang was obviously very confident that he could use fire.

"If you really can go out, I wish you could go to Hundreds of Flowers Immortal Country and stay there with him. Although it's not to learn refining formations, you can still learn her skills. I heard that up until now, she still hasn't found a good candidate to pass on her absolute arts." Chen Xiang said, this was what Su Meiyao had told him.

"We'll talk about it after we get out. Over the years, the experts from the nine clans wanted to get out, but they were unable to do so. Furthermore, quite a few experts died." Mu Qianxiang sighed.

Chen Xiang really wanted to bring this wild girl, who had a special talent, out. If nothing unexpected happened, she would definitely become a strong female in the future, maybe it would make the Heaven Realm even more lively.

Chen Xiang roasted a lot of meat, and the majority of it was for Long Xueyi to eat. He himself also ate a lot, and after eating it, he accumulated a large amount of immortal qi in his body, and with a little refining, he could turn it into pure and rich Innate Qi.

[Chapter 1387](#)

Both Long Xueyi and Mu Qianxiang had a huge appetite, and in an instant, they had eaten several hundred kilograms of beast meat. Fortunately, Chen Xiang had hidden it well, and he did not find out that he had secretly brought away some of the beast meat for Long Xueyi to eat.

"I've eaten my fill. I should go to the academy to take a look. There are many ancient books there, but there aren't many records about the Samsara Valley. I should be able to finish them soon." Mu Qianxiang licked his lips and took a sip of the sweet fruit wine.

Chen Xiang was not in a hurry to go to the Samsara Valley.

The Mu Clan's Academy was a small house with six to seven large rooms and shelves filled with books.

Once Mu Qianxiang arrived, he immediately asked an old man. The old man seemed to already know that there would be people reading the ancient books about the Samsara Valley. He immediately brought Chen Xiang and to a study room and took out a book that was made from a thin layer of beast skin.

Fortunately, Chen Xiang could understand these ancient characters. When he was in the Ten Heavenly Sacred Mountain previously, after fusing with the stone tablets, he was able to learn these ancient characters.

"You can actually understand it? There are many ancient characters here that I don't recognize." The old man in charge of supervising the academy said.

"Yes." Chen Xiang nodded his head, and then quickly flipped through the pages of the ancient book, searching for something useful.

This ancient book was not really thick, only dozens of pages. Chen Xiang finished flipping through it very quickly, and not many things were recorded in it. Most of them were recorded from many years ago, including who and where they went to the Samsara Valley, and in the end, they did not return.

However, those who could still live after entering the Samsara Valley did not even enter the depths. They did not even reach the valley where the Beast Slain Method was located.

After a mysterious force stopped them at the entrance of the valley, they immediately retreated. However, just as they were about to leave the valley, they were pulled back by another wave of energy, and then they were met with all sorts of violent attacks. In an instant, their bodies were injured, and they had to use all of their strength to escape.

Most of those who were unable to escape must have died inside. This was also the reason why they didn't return after entering.

"Anything else?" Chen Xiang asked.

"Nope, it's just this book. The Samsara Valley has been here for many years, and all those who went in were recorded on it. Most of the people that did not come back are powerful warriors." The old man said.

Chen Xiang was very disappointed, and sighed helplessly.

"That is something that cannot be helped. To be honest, not to mention you, even if our chief goes to that place, he will be courting death." The old man shook his head.

"That's the only way out of here." Mu Qianxiang said in a low voice. How could she not know that it was impossible to safely enter the Samsara Valley and leave the place after.

"I also know that there is a valley in the middle of Samsara Valley. Once we enter that valley, we will be able to see the Beast Slain Method, but we cannot go there." The old man said, "Young man, you will stay here for the rest of your life."

"There will definitely be a way. It's just that you guys are too stupid. You haven't thought that sometimes you won't be able to solve a problem just by relying on brute force. You need to rely on your brains instead." Seeing the disappointment on Chen Xiang's face, Mu Qianxiang immediately said to the old man, then pulled Chen Xiang out of the academy.

"Elder Brother Shen, you have plenty of time." Mu Qianxiang comforted him: "When your Spiritual crystal is not enough, tell me, I will do my best to help you, so that you can stay here for a long time. While raising your strength, think of a way to leave this place."

Chen Xiang revealed a smile, "The more impossible things are for others to accomplish, the more I want to challenge them, this is a situation that I often encounter."

Mu Qianxiang still did not know what kind of person Chen Xiang was now. If there was a day she could leave this place and go to Heaven Realm, she would understand what Chen Xiang was trying to say. Chen Xiang had done many things that others would think they would not be able to do.

Seeing Chen Xiang's smile, Mu Qianxiang was also very happy. "Let me bring you over to play, I'll familiarize myself with this place first."

There was a beauty sleeping and eating with him ... This made Chen Xiang feel comfortable, but he would not lose the strong desire to leave this place in the midst of enjoying it. On the contrary, he wanted to bring this wild girl who was dreaming about the wonderful world outside with him.

Chen Xiang giving the patriarch a Longevity fruit, this matter caused a huge stir in the nine clans. regretted it greatly now, he did not expect Chen Xiang to be a tycoon.

Now, everyone knew that Chen Xiang was in Mu Clan, and he was even accompanied by that famous wild girl from Mu Clan. However, people from other families all thought that Chen Xiang, that Longevity fruit, was equivalent to a betrothal gift.

Moreover, they never thought that women would be so valuable. Although Mu Qianxiang was a young Immortal Monarch, from their point of view, he still had a low status. From the looks of it, he was a young Immortal Monarch.

Mu Qianxiang brought Chen Xiang out for a stroll for a long time, and after hearing some gossip, he could only smile indifferently.

was very generous, buying a huge pile of pills whenever he saw something he could eat. He let Chen Xiang eat a lot, of course, most of the ingredients were for her and Long Xueyi.

In the evening, Mu Qianxiang and Chen Xiang returned to the quiet bamboo forest and sat next to the barbecue outside their house, ready to eat a beast meat feast.

"I am only worth a Longevity fruit ... Hmph, I had to put in a lot of effort to train myself. Mu Qianxiang mocked himself.

"Hehe, if you don't want to marry, then even a thousand Longevity fruit can't do anything to you, you wild girl." Chen Xiang chuckled: "If I were to marry you, the betrothal gift would definitely not only be that of a Longevity fruit, it would really be too unfair for you."

"How many would that be?" Mu Qianxiang asked with great interest.

Chen Xiang rubbed his chin, frowned and thought for a while, then said seriously: "At least I need two Longevity fruit."

"He deserves a beating." Mu Qianxiang was originally full of anticipation for a good answer, but didn't expect Chen Xiang to actually be joking.

Chen Xiang caught hold of her jade fists that were smashing towards him and said with a laugh: "If I wanted to marry you, I would not give you a single Longevity fruit, because at that time, I would already have gotten you out of here."

"Even if you take me out, I won't marry you." Mu Qianxiang scoffed.

A multicolored ray of light suddenly flashed across the dusky sky, and a gigantic multicolored ball of light streaked across the skies above the Mu Clan's Mansion, giving off a scorching aura. At this moment, everyone on the ground felt a wave of heat attack them.

"What's this?" Chen Xiang raised his head and looked at the seven-colored ball of light that was slowly moving across the sky: "Does this often appear in your place?"

When Mu Qianxiang saw the seven-colored ball of light, his expression became extremely serious. "This thing is big trouble.

[Chapter 1388](#)

That beautiful seven-colored ball of light, no matter how you looked at it, didn't seem like it could bring about misfortune to anyone. However, in Mu Qianxiang's mouth, it was a calamity.

"Do they appear often?" Chen Xiang asked.

"Of course not, if we were to appear often, we wouldn't be able to survive." Mu Qianxiang quickly finished the barbecue.

Suddenly, an urgent bell chime sounded. Mu Qianxiang stood up and said, "This is the bell chime for the entire clan to assemble."

"What kind of disaster will the Bane bring to us?" Chen Xiang asked curiously.

"This thing will appear once every few thousand or even ten thousand years and will sometimes be safe, but sometimes it will bring about all kinds of disasters." This thing will appear once every few thousand or even ten thousand years and sometimes be safe, but sometimes it will bring about all kinds of disasters, and once it will fall into the ground, it will explode and release all kinds of terrifying powers.

Mu Qianxiang walked quickly, with Chen Xiang following behind her, he asked: "This can't be a coincidence, after all these years, there must have been someone deliberately bringing them in."

"I don't know. No one knows where this thing came from." Since Mu Qianxiang was young, she had heard a lot about this Colorful Jinx, so her expression was currently very solemn.

"This means that every time they appear, many people will die." Chen Xiang felt that this matter must have some sort of secret behind it. He suspected that someone was actually trying to destroy the Nine Clan that was guarding this place.

If it really was made by man, then this person must be very powerful. Otherwise, it would be impossible for him to condense such a thing and send it here from a far away place.

Whether it is the nine clans or the other commoners, all of them will be affected by the calamity. That kind of power is extremely terrifying, and right now, Colorful Jinx has only just appeared. Legend has it that after it appears, a natural disaster will occur within the next seven days and seven nights.

Chen Xiang followed Mu Qianxiang to a large plaza of the Mu Clan's courtyard. Everyone here had as serious an expression as Mu Qianxiang;

"Xue Yi, do you know where that thing landed? Do you have any leads?" Chen Xiang asked. After the Colorful Jinx appeared, Long Xueyi immediately used the Heaven Tour to follow.

"It hasn't descended yet. This thing is very strange. It actually circled around the Spirit Formation and it seemed to be gathering its power." Long Xueyi said, "This Colorful Jinx is outside the barrier, he should be from very far away. I can't see what kind of energy is condensed inside, but the thing outside is definitely the Rainbow Sky Fire. Right now, it is circling around this huge Sacred Ground, absorbing a large amount of immortal energy to strengthen itself."

At this time, the sky had already darkened and from time to time, a rainbow light would flash across the sky. Colorful Jinx mischievously flew randomly in the air.

The patriarch of Mu Clan, Mu Tianhu, stood on a stage in the plaza and said loudly: "Everyone should have known about this since young, so I won't say too much. Furthermore, we have done the related training every once in a while, and now, we will do the training, the people below Immortal Monarch should go into the depths to take refuge first."

Very quickly, a large group of people walked out from the plaza, leaving behind a few hundred people with the strength of Immortal Monarch.

Mu Qianxiang was a Immortal Monarch, so she was also here. Only now did Chen Xiang realize that Mu Qianxiang was the only female in the Immortal Monarch, and it could be seen that female experts were very rare in this place.

"Qianxiang, take Chen Xiang to another place to seek refuge. The more than ten outstanding disciples are all at that place. You should know where it is." Mu Tianhu said.

"En, but do you really not need my help here? My strength should be able to withstand some of the power of the natural disaster." Mu Qianxiang asked softly, she also wanted to contribute a bit.

"No need, take him to that place to seek shelter as soon as possible." Mu Tianhu's voice became strict.

Mu Qianxiang did not dare to say more, he dragged Chen Xiang along as if they were flying and ran towards the back door of the Mu Clan, entering a gigantic stone mountain.

"The Colorful Jinx has landed, it's huge, as big as a city, and is pretty close to here. Should we go take a look?" Long Xueyi asked.

"What if that thing explodes? Wouldn't that be courting death?" Chen Xiang said. He never thought that the moment he came to this place, he would be met with such misfortune, one that was rarely seen in ten thousand years.

"You won't die easily, the profoundwu diamond armour on you should be able to protect you." Long Xueyi replied: "If it's not possible, I can use some of my power to help you withstand it."

If he wasn't confident, Long Xueyi wouldn't have sent Chen Xiang to die, and for Long Xueyi to send him there, it was obvious that she was very curious about the Colorful Jinx.

Chen Xiang, who was being pulled away by Mu Qianxiang, suddenly stopped, and pulled Mu Qianxiang over to his side.

"What are you doing?" Mu Qianxiang frowned.

"The Colorful Jinx landed on the ground, and has not exploded yet. They are obviously gathering their power, I want to go and take a look." Chen Xiang said.

"You knew that the Colorful Jinx had landed." Mu Qianxiang's face was filled with suspicions, but she still said resolutely: "You cannot go, if you go near that thing, you will die. There are records in the ancient books that someone once tried to get near to the Colorful Jinx to destroy it, but if you go near it, you would mysteriously die.

"That Colorful Jinx has a very powerful devouring force. As long as you get near it, no matter how strong you are, your entire body's power will be devoured. But you're not afraid, your power is in that mysterious dantian of yours, it's very hard to devour it." Long Xueyi said.

"I'm not afraid. I need to go take a look. You go take refuge there first." Chen Xiang said as she released Mu Qianxiang's hands. Stepping on the Shrinking step, she traveled through space and space and in a few moments she was already gone. This speed caused Mu Qianxiang to be extremely surprised, even if she wanted to chase after him, she did not know where he had gone to.

"This brat, don't die." Mu Qianxiang scolded, she was angry in her heart, Chen Xiang actually did not listen to her and went to do such a foolish thing.

Mu Qianxiang was helpless, he could only run to the place of refuge.

The closer he got to that place, the more familiar Chen Xiang felt that power.

"Wasn't this the aura of my super strong Robbery power that I tried to kill several times when I was at the Nirvana Doom?" Chen Xiang said in shock: "But this kind of Robbery power is extremely terrifying, people with Nirvana Doom definitely cannot trigger it."

"Xue Yi, do you know what's going on?" Chen Xiang asked.

"This seems to be a Scattered Immortal Tribulation. If it's really like this, who knows how many people this guy killed." Long Xueyi seemed to have thought of something, and shouted: "Wait a moment, quickly enter the rainbow colored tribulation cloud and take the Robbery power Holy Core away."

[Chapter 1389](#)

Chen Xiang had already seen the seven-colored ball of light. It was as tall as a huge mountain and extremely huge, from afar, it looked as if it was formed, and released waves after waves of bright, seven-colored light. The waves of the terrifying Robbery power made it hard for people to breathe.

When Chen Xiang saw this seven-colored ball of light, he couldn't help but think of retreating. He felt that if this seven-colored ball of light just one hit him, it would be able to blast him into pieces.

"What's with the Scattered Immortal Calamity?" Chen Xiang braced himself, endured the intense feeling of fear, and continued to rush towards the rainbow ball of light.

"This thing is not some calamity fiend, it's a bunch of calamity clouds, mainly aimed at people like the Scattered Immortal." Long Xueyi said, "Scattered Immortal formed a heaven pellet at the same time as failing the ninth Nirvana tribulation. His soul and strength were all inside the heaven pellet, and then he used the heaven pellet to absorb the spirit energy of the heaven and earth to rebuild his body."

"Isn't Yan Zilan the same as well?" Chen Xiang thought about the elegant and noble Zilan Immortal Fairy.

However, her soul is very special, she can gather energy, she can use her soul to cultivate for ten thousand years, then reconstruct her body, cultivate the Heavenly Pill once more, and then mysteriously become an Immortal. Therefore, she cannot be considered a Scattered Immortal, and situations like that rarely occur to her.

"The situation in Scattered Immortal is also very rare, but it is much more than the situation with Yan Zilan." Long Xueyi said, "After the Nine Nirvana Tribulations fail, the Heaven Pellet condensed at the same time meant that he did not die. As long as he succeeded in reconstructing his body, he would become a Scattered Immortal."

"Scattered Immortal is very scary, especially the tribulations that they encounter every so often. It is said that there are a total of forty-nine of these tribulations, and every time they cross this tribulation, they would gain a lot of strength. If they fail, they would die, and the Robbery power would increase again and again."

"However, this fellow seems to be experiencing at least thirty tribulations. He hid here to cultivate, causing the nine clans to suffer."

After Chen Xiang digested all of these things, he said in shock: "Then how strong is this guy?"

"He's very, very strong. The Bai Shan YUE probably isn't his match, the three tribulations of the Scattered Immortal is equivalent to the Late period of human immortal, the six tribulations are equivalent to the late stage of the Immortal Monarch and the nine tribulations are equivalent to the late stage of the Immortal King ... Think about it yourself." Long Xueyi said: "No wonder every time he appears, he would cause a large group of people to die. This guy is truly guilty."

Chen Xiang was extremely surprised. The Nine Tribulations of the Scattered Immortal was equivalent to a late stage Immortal King, and these thirty tribulations had already far surpassed the level of a late stage Immortal King.

"What if the Scattered Immortal is able to overcome the seventy-nine tribulations?" Chen Xiang asked again.

"Then I can directly become a saint. Very powerful." Long Xueyi said.

Previously, Chen Xiang had heard from the White Tiger that there was some Holy Demon Beast, who was a powerful existence which far surpassed the Immortal King. What realm after the Immortal King was, even the Immortal Kings did not know, only knowing that the Immortal King still had a long way to go before they could enter the Holy Palace.

"So this guy is a human?" Chen Xiang slowly approached the rainbow colored tribulation cloud. He wanted to go in and take the Robbery power Holy Core inside away.

"Of course it's a human. The demons in the Scattered Immortal form are even fewer than humans, and it's not a seven-colored tribulation." Long Xueyi sighed somewhat sorrowfully, "In the future, I will also face this kind of annoying tribulation."

"You too." Chen Xiang had thought that the Imperial Dragon Clan's Emperor Dragon would be able to grow to its peak without any calamity.

"Of course, when our Imperial Dragon Clan grows up to a certain stage, he will face the heavenly dragon tribulation, and only after crossing it will he become a heavenly dragon. For example, the current Imperial Dragon Clan has never crossed the heavenly dragon tribulation, otherwise he would be even more powerful." Long Xueyi disdainfully said: "Seeing that guy's cowardly look, he does not have the guts to try. He planned to boil a Sky Dragon, in any case, he is considered relatively strong in the Heaven Realm."

"Don't look at how easy it was in front of me, I'll have to work hard at the later stages, especially when I'm transforming into a Heavenly Dragon. It's as hard as becoming a Scattered Immortal Tribulation, there are many times a Heavenly Dragon Tribulation." Long Xueyi muttered. From the looks of it, she hated the Sky Dragon Tribulation.

Chen Xiang released his profoundwu diamond armour and entered the rainbow colored tribulation cloud. On normal days, it would look like a ball, but when he got closer, he realized that it was indeed just clouds and mist.

"What's the use of the Robbery power Holy Core?" Using a spatial travel, Chen Xiang arrived at the center of the space. He had already seen a fist-sized, rainbow-coloured bead.

The Rainbow Saint Force is inside. Although it's only a little bit, it's enough to increase your strength by a lot, and it's also enough to give you a good foundation for entering the Saint realm in the future. Furthermore, this piece is so big, it should have been condensed with immortal energy for a long time. Long Xueyi said: "Back then, some Ancestral Dragons often did this as well, and often followed a few Scattered Immortal s. When they encountered the tribulation in the Scattered Immortal, they would steal their Colorful sacred core and give it to a few small dragons to use.

"Of course, this is very dangerous, your luck is good, many of the Colorful sacred core that went to Scattered Immortal were fighting for it, fighting to the death, and during the battle, all of them died, so the one that does not get affected will be the, which is better than Nirvana Doom." Long Xueyi said.

Chen Xiang grabbed onto the Colorful sacred core, only feeling that it was a little warm. After he picked it up, he immediately placed it inside his Youyao ring. "Xue Yi, how about I give it to you?"

"It's not much use to me, you keep it." Long Xueyi was secretly moved. Even the Ancestral Dragon from back then thought of this as a treasure, but Chen Xiang wanted to give it to her for her to use.

"Hurry, let's go find that wild girl. I've already used my divine soul to follow her. The tribulation cloud that has its Colorful sacred core harvested will still need some time to condense." Long Xueyi said.

Chen Xiang quickly distanced himself from the seven-colored tribulation cloud, and at the same time, heaved a sigh of relief. Following Long Xueyi's guidance, he went to find the place where he had hidden Mu Qianxiang.

"Now that the Colorful sacred core has been taken away, even if it has been newly condensed, it would still be very small, probably the size of a grain of rice. As a result, the Robbery power is very weak. Long Xueyi said.

"How about I go back and squat on the side? Maybe if he fails, I can go pick up something." Chen Xiang said.

"Don't go, he can survive until around thirty cycles, his strength is extremely terrifying, and the second time Colorful sacred core's Robbery power is very easy for him." Long Xueyi said: "Right now, I do not know if that guy is good stuff, but from the looks of it, he is hiding here to harm people, he is probably not a good person."

Chen Xiang felt that this place was becoming more and more unfathomable. To think that there would actually be such a powerful fellow hiding in this place, he had ran for more than six hours and finally arrived at the bottom of a huge mountain. There was a stone door in this place, and Mu Qianxiang and a few Mu Clan geniuses were hiding inside.

[Chapter 1390](#)

Chen Xiang forcefully pushed at the stone door, but was unable to open.

"It seems like it's impossible to enter using a normal method." Chen Xiang could only use the power of the spatial laws to pass through the stone door.

The stone door was very thick and Chen Xiang was almost unable to pass through it. He was now inside the door, it was a pitch black tunnel, he released his divine power to check ahead and quickly knew that he had reached the bottom.

"The rocks on this mountain are very sturdy, and there is even a formation. It seems like those people were really afraid of the Scattered Immortal's tribulation. In order to protect some good seedlings, they would not hesitate to build such a place of refuge." Long Xueyi said.

The divine power that Chen Xiang and Chen Xiang had released to investigate was suddenly blocked by a powerful force.

"It seems like there's a layer of spirit formation inside. The protection is very thorough." Long Xueyi said.

The place to seek refuge was deep under the mountain in the middle of the mountain. When Chen Xiang arrived at the center of the mountain, he saw a vertical hole leading downwards into the depths.

Chen Xiang jumped down, and in a moment he was at the bottom, and there was some light, shining through from the cracks of a stone door.

"They are inside. There are quite a few of them. It seems that this is the joint establishment of the nine clans." Long Xueyi said.

Chen Xiang walked to the door and easily pushed it open. He immediately saw the huge underground room, which was filled with warm rays of light, and a few tents at the side of the underground room. There were also some people walking around or chatting in groups of three or five.

The moment the door was pushed open, everyone inside looked over and saw an unfamiliar face.

"Elder Brother Shen." Mu Qianxiang shouted in shock.

Originally, no one recognized Chen Xiang, but hearing Mu Qianxiang's shout, they immediately understood that he was the outsider, and even gifted the Mu Clan Patriarch a Longevity fruit.

Although he was temporarily staying here to prepare to enter the Samsara Valley, everyone thought that he would probably stay here forever, because it was impossible for him to leave the Samsara Valley.

Mu Qianxiang was very curious as to why Chen Xiang would come here. Previously, Chen Xiang had said that he would go and take a look at the Colorful Jinx, but he didn't expect him to return so quickly.

She did not ask anything, because there were a lot of people here. The young elite disciples of the nine clans were all here, and including some important young elders, there were also several hundred people.

Mu Qianxiang said in a low voice: "That guy is also here, ignore him, follow me."

Chen Xiang had already seen Han Chen, and Han Chen was staring at him angrily. His strength and talent could also be considered to be at the top, and was only slightly inferior to Mu Qianxiang's, but before this, many people thought that Mu Qianxiang would very likely marry him after he matured.

Mu Qianxiang was worried that Chen Xiang would clash with him, and immediately pulled him towards his own tent.

"Ah Chen, this is the guy that destroyed your celestial sword. Do you want us to help you get it back?" A tall young man walked over and patted Han Chen's shoulder.

It's just that he's relatively rich. Who knows, maybe he rubbed the Immortal sword away from you because he had some sort of treasure, seeing that he casually took out the Longevity fruit s, he should be able to give you a middle grade Immortal sword as compensation. They were all Han Chen's friends.

"Let's go." Seeing Mu Qianxiang holding onto Chen Xiang's hand, Han Chen's eyes turned red, his heart was filled with an indescribable rage.

Chen Xiang squeezed Mu Qianxiang's hand with a bit of pressure, then looked towards the approaching Han Chen: "It's up to you, this is your territory, it's not good for an outsider like me to do anything here."

When the young elders of the Han family saw this, they did not stop them, because when Chen Xiang came here, the only benefits were the Mu Clan and the Chu Family.

Those experts were all outside preparing to deal with the seven colored tribulation clouds' Robbery power, and the strongest in this place were only the young elders. The late stage Immortal Monarch did not even have a single Immortal King.

"Han Chen, are you targeting him?" Mu Qianxiang immediately stood in front of Chen Xiang with a stern expression.

"He destroyed my celestial sword, you should know that I want him to compensate me." Han Chen looked at Chen Xiang viciously. He had already forgotten that he was the first one to make a move and Chen Xiang had merely counterattacked.

"You attacked him first. You attacked him for no reason at all. You were the one who brought harm to the Immortal Sword." Mu Qianxiang said coldly.

Some of the spectators had already surrounded them. They also wanted to see how Chen Xiang had actually destroyed that person's immortal sword.

Han Chen did not dare to provoke Mu Qianxiang, since Mu Qianxiang's strength was at least on his level. Even he and the dozen or so helpers behind him were not her match.

"You want to stand behind a woman? Don't you have the dignity a man should have? If you have the guts, then stand up and don't hide behind a woman." Han Chen purposely said it out loud, trying to embarrass Chen Xiang, because this was indeed a very embarrassing thing.

However, Chen Xiang was born with thick skin. Even if the number of spectators increased by ten to a hundred times, he would still not feel any pressure.

Everyone originally thought that Chen Xiang would immediately stand up, but who knew that he actually had a thick smile on his face: "If it's only a verbal exchange, I'll accompany you at any time, but if you want to fight, then I'm sorry, I can't beat you guys by myself."

"I solemnly declare here that I will never compensate you for that immortal sword."

Han Chen was enraged, and shouted: "Coward, quickly come out."

Chen Xiang shook his head: "I gave them a protection fee. The Chu Family took my eighty thousand Spiritual crystal and the Mu Clan took twenty thousand. They all promised me that they wouldn't be troubled here."

Mu Qianxiang immediately said: "That's right, his cultivation is not as high as yours, you just have to let people fight with you, aren't you clearly picking on him?"

"I'm currently in Immortal Monarch, if you dare touch him, then don't blame me for being impolite. If you have the guts, come at me."

"You are a woman. If you were a man, even if you were an immortal king, I would still fight you to the death." Han Chen sneered.

"Xiao Xiang, get out of the way." Chen Xiang suddenly sighed, causing him to be secretly happy.

Mu Qianxiang frowned, he was unwilling, but he still stood at the side.

Chen Xiang took out a Immortal Sword. It was a middle grade sword, and much better than the one that Han Chen had.

"You should have done that long ago." Han Chen's heart became excited, he could tell that the middle grade immortal sword in Chen Xiang's hand was much better than his, he felt that he had earned a lot more.

Just as Han Chen walked over and extended his hand to receive it, Chen Xiang suddenly groaned. One hand grabbed onto the sword tip, while the other grabbed onto the sword hilt, using all his strength to break it.

Hearing the loud and clear cracking sound, everyone was stunned, they previously did not believe that Chen Xiang's strength could destroy a mid grade immortal sword, but they had never expected that they would see it with their own eyes, and that mid grade immortal sword was even better.

Han Chen's face froze, his entire person frozen in place, and he even extended his hand out to catch it.

Chen Xiang laughed coldly: "I've said it before, I will never compensate you. Even if I had it, I wouldn't give it to you. Even if I were to dispose of it as garbage, I won't return it to you."
